DONLEY COUNTY FAIR FRIDAY & SATURDAY

Bronchos Meet Powerful White Deer At Broncho Stadium Friday Night

The first football game of the season at Broncho Stadium will be staged Friday night when the local team meets the powerful White Deer Bucks of District 1-A.

White Deer will bring a group of experienced boys to Clarendon. They are returning eight of their starters from last season plus a boy who was ineligible last year that is considered one of the fastest boys in the district despite the fact that he weighs 135 pounds.

The Broncho hopes suffered a severe jolt this week when Keith Hudson, starting guard and one of their outstanding defensive boys, came down with a high fever and may be out of the lineup on Friday night. Also, Derrell Leffew, one of the better prospective linemen who missed the Stinnett game because of an injured knee, is still limping and may not be ready for this game.

College Enrolls Record Number For First Day

The Clarendon Junior College, according to an announcement by Dean R. E. Drennan, enrolled 107 students on Monday of this week. This is the largest number of students ever to enroll in the college on the first day of registration.

The college is operating three buses this year serving the communities of Silverton, Quitaque, Turkey, Lakeview, Memphis, Hedley, Lelia Lake, Shamrock, Sannorwood, Wellington, Quail.

Local FFA Members Plan Large Entry In Swine Division At Amarillo Fair

Donley County and the Clarendon F.F.A. will be well represented at the Tri-State Fair in both the barrow and breeding divisions of the Swine show. Milton Mann, James Mahaffey, and J. D. Duggins will have entries in the open breeding show.

Fifteen Clarendon F. F. A. youths will take their barrows to Amarillo Saturday and will spend Saturday and Sunday fitting the barrows for the show which will open Monday morning. The barrows will be returned home Monday, but the breeding stock must remain on display during the entire week.

Lion District Governor To Visit Here Tuesday September 17th

The Lions Club of Clarendon will welcome W. L. "Bill" Smith, District Governor District 2-T-1, Lions International, which includes 87 clubs in this section of the state.

Lion Smith is in the cotton and cotton gin business in Ralls and has been active in civic and state affairs for many years. He is the present mayor of the city of Ralls. Governor Smith, BILL SMITH, prior to becoming district governor, was president of the Ralls Lions Club for 2 years, and has served as zone chairman and deputy district governor of this district.

District Governor Smith will visit the Lions Club of Clarendon at 12:00 on Sept. 17. The purpose of his visit will be to advise and assist President Homer Estlack, Secretary A. R. Henson, and the Officers, Directors, and members of the Club on matters pertaining to Lions administration and the Lions' great program of humanitarian service.

Lion Smith is one of the 306 District Governors who supervise the activities of the 13,220 Lions Clubs. Lions International was formally founded in 1917 in Dallas, Texas, and during the past 40 years has become the largest, most active, and fastest growing service club organization in the world.

The Lions Clubs' special mission is the promotion of good government and good citizenship, the development of civic, educational, social and moral welfare of the community and nation, and to help create and foster "a spirit of generous consideration among the peoples of the world." The slogan of The International Association of Lions Clubs is "Liberty, Intelligence, our Nation's Safety." Its motto is "We Serve."

Clarendon is an active unit of The International Association of Lions Clubs, which is dedicated to community betterment in all its aspects; to national and economic, social and cultural progress; and to the promotion of international understanding and amity.

Hail Damages Several Hundred Acres of Crops

A hail storm which was freakish and spotted, left a trail of damage which amounted into the thousands of dollars last Friday afternoon about five o'clock. Approximately 1200 acres of cotton and many, many more of feed were damaged to some extent. A number of farmers in the Hedley area reported a total loss along with farmers south of Clarendon.

One heavy streak of the rain passed over the west part of town and moved to the south and southeast. Another started at the river in the vicinity of Leo Luttrell's farm and moved to the southeast leaving another trail of destruction north of Lelia Lake and to the south of Hedley. Other spotted hail was reported on each side of the main storm. The cold spell which accompanied the storm has retarded recovery of damaged crops as well as new growth. Warm weather would be most welcome at the present time.

JOHN MORROW, Co-Captain

KEITH HUDSON, Co-Captain

Archery Instruction At Country Club

Archery instruction will be available at the Clarendon Country Club Sunday afternoon, September 15, from 2:00 to 5:00 P. M. under the supervision of Don and David Pitts. Members are encouraged to come out and try their hand on the new archery range that has just been equipped with four bows and two targets, and plenty of arrows.

In the interest of safety, the archery range will be available only when qualified instructors are on hand. Until the Board of Directors has approved other instructors, Don and David Pitts will be the only instructors to supervise the range and the range may not be used unless one approved instructor is on hand.

Clarendon is an active unit of The International Association of Lions Clubs, which is dedicated to community betterment in all its aspects; to national and economic, social and cultural progress; and to the promotion of international understanding and amity.

Clarendon is an active unit of The International Association of Lions Clubs, which is dedicated to community betterment in all its aspects; to national and economic, social and cultural progress; and to the promotion of international understanding and amity. In all these fields, Lions International has won strong influence and prestige, because of its countless constructive services.

Services Held For Polio Victim

Funeral services for Melvin Eugene Barnes, 14, who died of infantile paralysis Thursday in an Amarillo hospital, were conducted Friday in the First Methodist Church at Hedley with the Rev. J. S. Tipton, pastor of the Hedley Baptist Church and the Rev. Melvin R. Mathis, pastor of the Methodist Church, officiating. Burial was in Rowe Cemetery, Hedley.

Melvin was born May 30, 1943 in Hedley and at the time of his death was a student at Elizabeth Nixon Junior High School in Amarillo.

"GET-ACQUAINTED" SOCIAL AT LELIA LAKE SCHOOL TUESDAY EVENING

J. H. Spires, Supt. of the Lelia Lake Schools, has announced a "Get-Acquainted" social at the Lelia Lake school building next Tuesday evening, September 17 at 7:30. Everyone is invited and a special invitation is extended to the parents of students enrolled in the school there. Refreshments will be served.

Limited Car Parking Inside Stadium

There will be a limited number of spaces for cars to be parked inside the stadium at Friday night's game. The West end of the field has been sodded for a practice field and cars will not be allowed to park in this area as they have in the past. Cars may park on both the North and South sides of the field but there will be room for only about 40 cars.

FARMERS STATE BANK REPRESENTED AT BANKERS CONFERENCE

Some six hundred bankers from over Texas convened on the University of Texas campus at Austin last week for the 16th Annual Texas Bankers Conference sponsored by the Texas Bankers Association.

Among those in attendance were Emmett O. Simmons, Vice President and Joe T. Lovell, Asst. Cashier of The Farmers State Bank of Clarendon.

The conference is held annually and is a three day affair during which time outstanding speakers appear on the program to lecture and discuss the latest trends and ideas in the field of banking and economics.

Exhibits, Flower Show & Horse Show Expected To Attract Many Visitors

First Baptist Revival Now Continues

The Revival services of the First Baptist Church will continue through this coming Sunday. Bro. Van says that if you have not afforded yourself of the privilege of attending these meetings you have missed one of the great hours of your life. The attendance has been record breaking. The response has been beyond expectation with many souls making decisions of faith unto living, decisions of specific nature, and everyone expressing an enlarged vision and knowledge.

The preaching and singing has been so supported by God's Spirit that no one has mentioned anything but the highest regard for these men of God leading in this revival. Bro. Van emphasized.

The pastor stated that you will be made to feel welcome and not be embarrassed regardless of your church affiliation. He said that if you had never been converted and come into the church, you were invited to hear this unique presentation of God's plan for you and then it was up to you without further pressure to accept God on His terms.

Local GOC Takes Part In 5 State Alert

On September 3rd at 11:30 p. m., the Clarendon Ground Observer Corps was called upon to participate in the five state alert.

During the sixteen and a half hours that the stand-by alert lasted, fifteen members of the local GOC gave their time to report a total of 40 aircraft. Those in charge of the local corps have expressed their appreciation to members who laid aside their other duties and desires to man their posts.

Members participating in the alert were Basil Smith, post supervisor; Clyde Price Jr., Chief Observer; Tommie Saye, Asst. Chief Observer; Mutt Graham, E. C. Wood, Billy Jack Land, Mike McCully, Carl M. Bennett, Carl W. Bennett, J. B. Melton, Ruth Melton, Letha Smith, Edith Barnes Speed, Opal Messer, and the Sheriff's Department stood by and furnished radio contact which helped locate the aircraft during the night.

Mr. and Mrs. Milton Dunn and Joyce of Goodnight visited Mr. and Mrs. A. M. Moss Saturday.

All committees and people setting up exhibits will be at work this Thursday, Sept. 12th, setting up their exhibits, getting ready for the opening of the Donley County Fair on Sept. 13-14th.

The horse show will be held on Saturday afternoon at 1:00 P. M. at the Rodeo grounds with John Stotts of Matador doing the judging. The judging of the community agriculture exhibits will be done by Mr. Kenneth Porter, agronomist of the Amarillo Experiment Station. The home economics department and the home-made cake department will be judged by Miss Helen Dunlap, home demonstration agent of Gray county. The committee on poultry is now securing the judge and his name is not available at this time.

H. M. Breedlove, secretary and manager of the show says that all committees are at work and every thing will be ready for the opening of the show.

Remember that all exhibits and displays must be set up on the twelfth so that they will be in place on the opening day of the show. Judging of the poultry, agriculture exhibits, home economics department and home-made cakes will start at 10:00 A. M. on the morning of the 13th.

The flower show, sponsored by the Les Beaux Arts Club, will be judged by a committee selected by the officers of the club and the judging will be at 1:00 P. M. on the 13th.

Remember the county fair and bring all the family and have a good time.

"Meet Your Teacher" PTA Picnic Scheduled At City Park Tuesday

Like fun? Like picnics? Let's Get Acquainted! Tuesday, September 17, the Parent-Teacher Association is sponsoring a "Meet Your Teacher" night. The picnic is to be at the park at 6:30. If bad weather prevails, the picnic will be moved to the Elizabeth Stevens school gym. The Hospitality committee is making festive plans for the teachers tables where parents may become acquainted with their child's teacher. Parents are requested to bring a basket supper for their family and FREE drinks will be served by the P.T.A.

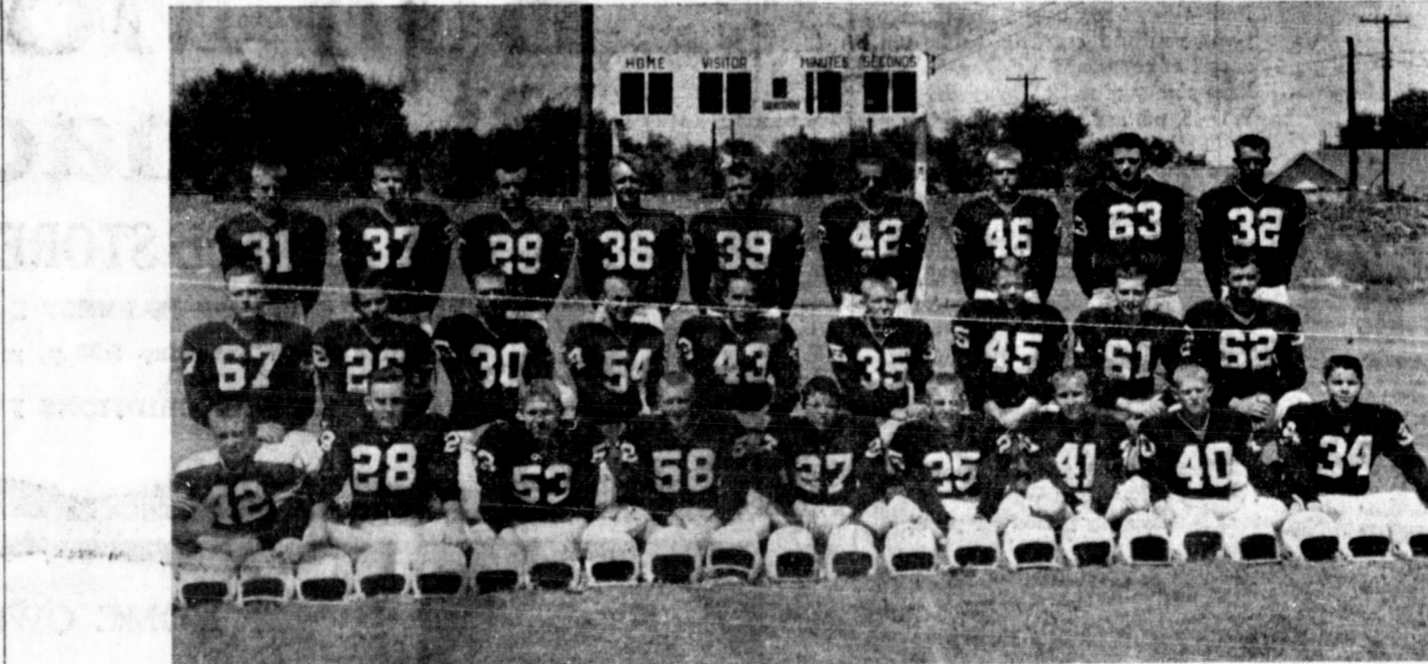

Alfred McMurtry, president of the school board, will welcome the group and Supt. W. W. Pinkerton, will introduce the teachers.

Mrs. H. A. Green, membership chairman, will be present at the membership table for your convenience to join the P.T.A.

The P.T.A. had its first meeting of the year Thursday, August 29th with a luncheon in the school cafeteria, honoring Mrs. Frank Ogle of Borger, who is the outgoing district president of the Parent-Teacher Association. She explained the need for the P.T.A. and helped our members on problems which they would be working on during this year. The meeting was called by the local P.T.A. president, Mrs. Carroll Hudson. There were 15 members present and plans were made to beautify the Elizabeth Stevens school grounds. Grass has been planted; and our thanks to those who leveled the grounds and helped in any way. Further plans are underway to complete the project.

Now that you know what your P.T.A. is doing, come on. Let's get acquainted! Remember to come meet the Teachers Sept. 17 at 6:30 in the City Park or the gym if the weather is bad.

HEDLEY NEWS

Mrs. Paul Duncan

Hail hit our community Friday evening. Hard wind, rain and hail did damage to crops. Roy Jewell Loyd Leggett Roy Alexander and DeWitt Ray, Harold White crops were left bare. Cotton stalks were switches, ground covered in balls. Others hit were Hurley Moreman, Bill Wiggins, Walter McCracken, Otis Owens, W. B. Wiggins, Paul McCarty, Bill Bain and possibly others. Crops were very good. Some insects on cotton; most farmers had sprayed. Where hail did not damage, crops are still looking fine.

Mr. and Mrs. Walter DeBord and Slatas DeBord left Sunday for Los Angeles, Calif. in response to a message that Mrs. Calbert was seriously ill. The ladies are sisters.

Mr. and Mrs. Chas. Wilson, Mr. and Mrs. Joe Thomas of Amarillo spent the week end with the lady's parents, Mr. and Mrs. John Dixson.

Our community was shocked and grief stricken Monday when word came that Melvin Barnes had passed away in an Amarillo hospital with polio. He has spent the summer in Hedley for nine years in the home of Mr. and Mrs. Jay Hunt. He was Mrs. Hunt's nephew. He had a wide circle of friends here.

Funeral services were held Tuesday afternoon from Methodist Church. Rev. Tipton of Baptist Church officiated, assisted by Rev. Melvin Mathis, pastor of the Methodist Church. Sympathy is extended to the bereaved family.

Mr. and Mrs. Si Woods of Los Angeles, Calif. are visiting Mr. and Mrs. J. B. Pickett. Mrs.

Woods will be remembered as Miss Pauline Pickett.

Mrs. Tops Hall and Gordon Hamilton returned to LaGuna Beach, Calif. after visiting several weeks in the Malcolm Glass home.

Mr. and Mrs. A. T. Simmons made a business trip to Amarillo Wednesday.

The Don Keith Wells family have moved to Amarillo where he is employed.

Mr. and Mrs. Soak Sargent left Monday for Albuquerque, N. M. where they will be employed.

Mrs. Roy Jewell left Tuesday for Colorado Springs. She took her grand-daughter home, Susan Hopson who has been visiting here.

Mrs. Odell Duggins has been visiting in Houston a few days last week.

Mrs. Iva Harris of Rotan visited her mother, Mrs. Reeves and Myrtle last week.

Mr. and Mrs. Bill Scales, Mesdames W. I. Rains and Paul Duncan attended the Carson County Fair in Panhandle Saturday. Some fine exhibits were on display. A barbecue was served on the beautiful court house lawn at noon to 2000 people.

Mr. Charley Darnell suffered a stroke last Monday. He is improving in Odams hospital in Memphis.

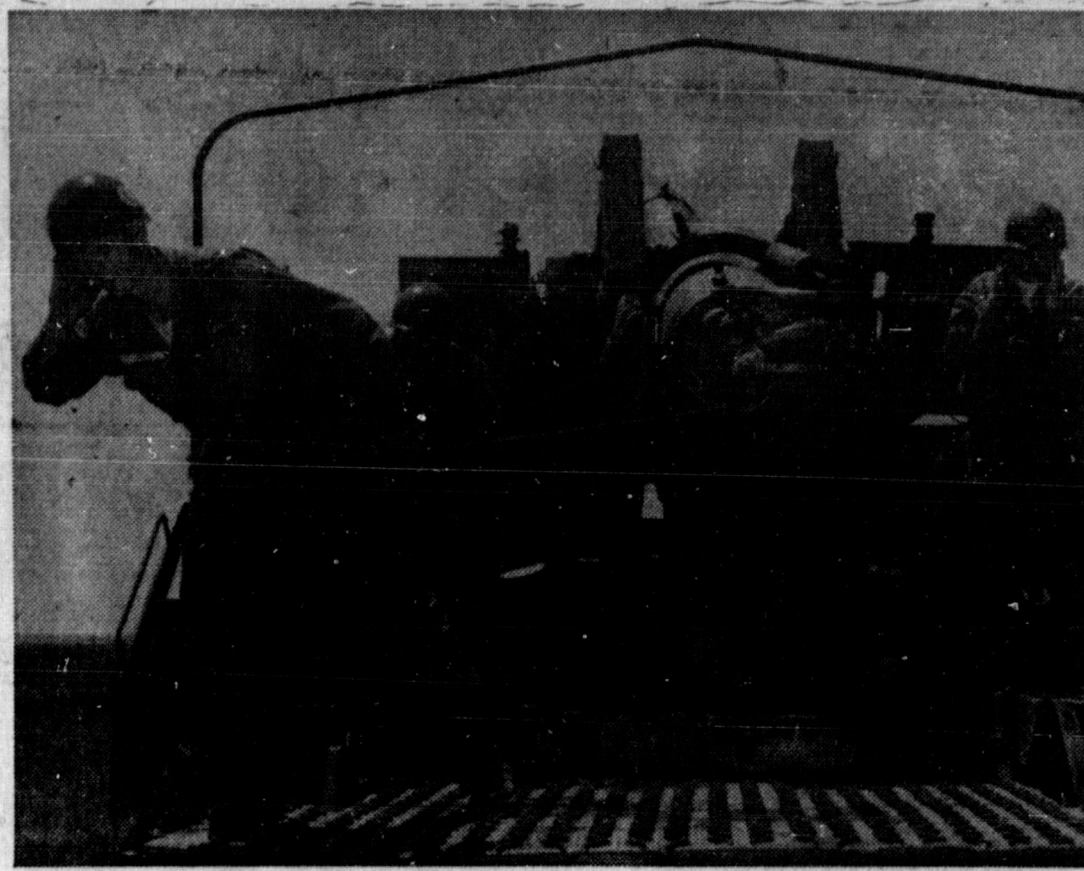

Larry and Karen Owens are spending the week with their grandparents, Mr. and Mrs. Tode Hill.

Mr. and Mrs. Johnny Myers are in Ringgold due to the illness of his father, Charley Myers.

Little Miss Debbie Carson of Wellington is visiting her grandparents Mr. and Mrs. Joe Miller.

Mr. and Mrs. Clay Plunk of Los Angeles, Calif. visited Mr. and Mrs. Bill Scales Friday.

Mrs. Carl Gerlach, Jon and Jo

SUMMER TRAINING—PFC Kent Wilson triggers the shell from a 155mm gun on its 10-mile flight over a Fort Carson range. Also on the platform are Sgt. Ronald Togashi (left rear) and SP-3 Douglas Fletcher, all of a National Guard unit from Fort Collins, Colo.

Ella left Wednesday for Perth Amboy, New Jersey to join Carl who is with Kellogg construction Co.

Mr. and Mrs. R. W. Alewine attended the Rural Carriers meeting at Childress Sat.

Mr. and Mrs. Neil Tibbits of Gainsville spent week end with the C. R. Hunsuckers.

Mr. and Mrs. Horace Cooper left Monday for Seattle, Washington for an extended visit with their son Cecil and family.

Among the out of town guests here for the Mireman-Whitmore wedding were Mrs. Cleo Shultz of Oklahoma City and her daughter, Mrs. Ross Doyle Merriman of Kansas. Mrs. Shultz will be remembered as Miss Cleo Moreman.

Visitors in the Sam Owens home over week end were Mr. and Mrs. T. E. Naylor and children of Dumas, Mr. and Mrs. Bob Hamilton and baby of Amarillo, Mr. and Mrs. Frenchie Goffard and baby of Amarillo.

Rev. James Walker and family of Hawthorne, Nevada arrived here Friday. He is the pastor of the Nazarene Church. We txend a welcome to this new family and hope their stay in Hedley will be

a happy pastoral charge.

Mr. and Mrs. Henry Owens of Childress are visiting the Otis and Sam Owens families this week.

Mr. and Mrs. Jess Ivey and Merlene of Chamberlain visited Mr. and Mrs. Jim Rappy Sunday.

Mrs. Quinn Aten visited Mr. and Mrs. Mike Mooney of Lockney Friday.

Mr. and Mrs. Gene Moore visited friends in Amarillo Saturday evening.

Mrs. Earl Fox went to Wichita Falls last Tuesday for a medical check-up and visited with relatives until Thursday. Her son, Leroy Fox of Wichita Falls brought her home.

Mr. and Mrs. Gwan Wilkinson and children of Clarendon visited his parents, Mr. and Mrs. Oscar Wilkinson Sunday.

Iceland is ruled by the King of Denmark.

Welcome to the Fair!

SEE... ALLIS-CHALMERS

SALES AND SERVICE

Want a Fast, Clean, Fall Harvest?

Sure you do when a year's work... and profit... ripens, and waits in your field. Sorghum... beans... seed crops? Regardless of seed size or crop condition you can depend on an ALL-CROP HARVESTER.

WIDE-FLOW feeding assures better shelling... reduces slugging... takes less power.

RUBBER-ON-RUBBER shelling is gentle, but thorough.

AIR BLAST separation and **SAW-TOOTH** wind valves assure better cleaning from heavy beans to tiny grass seed.

See us... we'll show you why your dollars go further in the 6-foot field with a BIG-BIN 66 ALL-CROP Harvester. You can't afford to settle for less.

* All-Crop is an Allis-Chalmers trademark.

PROFIT. Farming calls for WD-45 Power

Four-plow, 4-row equipment often gives you the capacity to keep ahead of crops and weather. You have plenty of work power with a WD-45 pulling a 4-bottom plow or 12½-foot double disc harrow. This is the big-acreage equipment to swing YOUR crop production to the profit margin. TRACTION BOOSTER system cuts wheel slippage, saves fuel, can give you up to 25% more work capacity per day. Power-Shift rear wheels and SNAP-COUPLER hitch offer minute-quick job change over. Two-clutch power control gives crop-saving PTO operation.

* When crop and weather say GO... be ready with a WD-45 Tractor. It's sensibly priced for profit farming.

* SNAP-COUPLER and TRACTION BOOSTER are Allis-Chalmers trademarks.

FROM WARM SPRINGS
FACT & FANCY
by W. H. Richter

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

I see by the papers that the high and mighty continue to fall in the land of the hammer and sickle. Such erstwhile Russian luminaries as V. M. Molotov, Georgi Malenkov, and Lazar Kaganovich are getting their lumps after all these years of operating from the other end of the stick.

As a member of the great masses they have termed the capitalistic swine of these decadent, imperialistic United States, I am, naturally, deeply moved by their discomfiture. And since they were always gentle and kind to their enemies when they were on top, I do hope that any punishments meted out to them will be equally merciful.

I would like to suggest that at the opening of their trial it would be appropriate for the court to sing that old revolutionary favorite, "Who's Tsar-ry Now?"

Of course, despite my deep personal concern for the well-being of these extinguished leaders, I must admit that the charge against them seems to be extremely grave indeed. They are accused of "violation of revolutionary legality" which the enlightened bolshevik and vodka set, I am advised, simply cannot tolerate.

Just what the term "violation

	Border Conf. Game	
	Home Game	

The two big guns in West Texas State's powerful ground attack last year will be back in action this fall. Ron Mills (top), White Deer halfback, was the team's top rusher with 569 yards and was named "most valuable" player in the Tangerine Bowl Jan. 1. Charlie Sanders, Gruver fullback, made All-Border Conference after leading the league in scoring with 72 points. Together, they gained 1095 net yards and scored 120 points.

of revolutionary legality" means, I am not certain, but I rather suspect it implies that one is supposed to observe certain niceties in political intrigue — like wiping the blood off one's knife between murders. Or removing one's hat before shooting a woman.

As I see it, these situations arise because the Soviets simply take life too seriously. I say they need to spend less time worrying about world politics, how to patch holes in the Iron Curtain, and how to watch one another effectively. They should take more

time to relax, loosen up, take it easy, and play games.

Like Russian roulette, for instance.

Lorraine Barnes, prize-winning feature writer for the Austin American, recently visited the Gonzales Warm Springs Rehabilitation Foundation and prepared a series of two excellent articles about car accident patients at the Foundation.

Miss Barnes timed the articles to serve as a pre-July 4 reminder that a spinal injury received in an accident can make life pretty rugged for you — provided you

survive in the first place. Some amazing results are achieved through the Warm Springs treatment program, but an accident prevented is still the desired course.

While polio victims predominate in the patient load, more and more non-polio, particularly car accident victims, are now being treated.

Miracle Kitchen Will Be Demonstrated At State Fair of Texas

A remarkable remote control kitchen which electronically takes over housekeeping duties at the wave of a hand will be demonstrated in the Electric Building at the 1957 State Fair of Texas, Oct. 5-20.

The RCA Whirlpool Miracle Kitchen will show possible future mechanical kitchen innovations being developed in the Whirlpool-Seeger engineering and research laboratories.

The kitchen's master control panel makes meal planning and preparation, and the tiresome chore of cleaning up afterwards, as easy as twisting a dial.

In the spotless, filtered, air-conditioned kitchen, a self-propelled serving cart detaches itself from a dishwashing mechanism in the wall, moves to the dining table, delivers complete table service or receives soiled dishes, then returns to its nest in the wall to dispose of waste and do the dishes.

A "mechanical maid" mobile floor cleaner scrubs, dries, waxes or polishes the floor, functioning automatically on its own.

At the wave of a hand, a refrigerator moves down from a

ATTACK ON THE GROUND—Furnishing high-speed mobility for the rifle platoons of the Army's 1960 pentomic infantry divisions will be even better versions of this armored personnel carrier. Capable of transporting 13 fully-armed and equipped soldiers over all types of terrain, they are also amphibious. In addition to furnishing protection from mortar and artillery shell fragments, they also shield the soldiers from atomic heat, blast and radiation.

wall cabinet to convenient reach level. The frost-free unit dispenses an inexhaustible supply of clear ice, in sizes from large cubes to fine powder.

Meal preparation is simplified by self-cleaning, automatic cooking facilities. A completely automatic meal maker activated by a menu selection control moves selected foods from cold storage to cooling, warming or cooking compartments. A canned food dispenser delivers a can intact or opens it automatically, releases contents and destroys the can. Combination cooking and serving utensils

are made so the exterior remains cool while food heats.

The planning center, which is the heart and brain of the Miracle Kitchen, has touch controls for food selection, recipe selection, the mobile dishwashing cart, the floor cleaner and the automatic meal maker. Here a rotating TV monitor shows at a glance activity at the front door, nursery, game room or any other location in the house.

Benjamin Franklin was the first American ambassador to France.

"Veto" comes from the Latin meaning "I forbid."

ABOUT YOUR HEALTH

Texas State Dept. of Health
Henry A. Holle, M. D. Com.

AUSTIN—An epidemic of Asian influenza will almost certainly lay siege to Texas this fall and winter.

It is possible to make this pre-

diction because the State Health Department laboratory has already isolated the specific virus in throat washings from several patients. Many more specimens are being studied and some of them will undoubtedly yield the virus.

A vaccine against this type of influenza is being rushed into production and will probably be ready in limited quantity by mid-September. A goal of 60 million doses is expected to be

reached by February. Looking at the national picture, it is clear that the disease has already made serious inroads. More than 11,000 cases have been diagnosed in the various states. Seven persons have died of flu or its complications. Surgeon General Leroy Burney has publicly announced the strong probability of a large-scale outbreak within the next few months.

This appears to be a brand new member of the family of influenza viruses, perhaps closely related to the type which caused the world-wide epidemic at the close of World War I. It started first in Hong Kong in the early spring, and by June had spread over the Orient and into India.

It entered the United States through a West-Coast port. The first case in Texas was diagnosed in a Boy Scout who had attended the Jamboree in Valley Forge last month. Since then sporadic cases have cropped up at various points throughout the state.

Like all influenza, this is a highly communicable strain. Symptoms include a sudden fever lasting from one to six days, chills, aches and pains in the back and joints, sore throat and a cough.

In the Far East the attack rate has been extremely high—about one of every five persons being affected. The death rate so far has been comparatively low—two deaths per 1000 cases.

Cases experienced in Texas thus far have been relatively mild. But there is no assurance that the virus will not become

increasingly virulent as it spreads from person to person. Military experience indicates that the vaccine is 70 per cent effective. Therefore, thoughtful people will get themselves immunized as soon as possible after vaccine is available.

The State Department of Health will be unable to offer influenza vaccine for general distribution. Physicians will be able to purchase the material directly from commercial drug outlets.

In fact, Lt. Vahldiek suspects his dogs welcome burglars open mouthed—for a handout.

Vahldiek reported that burglars attempted to loot his home, but failed at three entry tries. They placated the dogs by feeding them with Vahldiek's dog food, and then left the feed box

Cyrus K. Holliday Recalls Pioneer Days of Railroading

Famous Antique Train To Be Shown In Dallas At State Fair of Texas

An antique train reminiscent of the pioneering days of railroading will be exhibited by the Santa Fe Railway at the 1957 State Fair of Texas, Oct. 5-20.

The famous old Cyrus K. Holliday locomotive, a replica of the original engine which hauled the first freight and passengers over the Santa Fe line in Kansas in 1869, will be brought to Dallas along with its two ancient wooden coaches.

The diminutive locomotive has the famous "diamond stack" with a brass eagle figurehead gracing the engine head, a big oil-burning headlight, brass fittings and other paraphernalia of the early days of railroading.

Although the locomotive is but a replica of the original, the present Cyrus K. Holliday ranks as a museum piece in its own right. Built in 1880, the old engine was subsequently downgraded to a switch locomotive and finally withdrawn after 60 years of active service.

Restored to its original appearance, the train has been used many times in movies of the old West. The engine still operates under its own power.

With the Cyrus K. Holliday, the State Fair will have an exhibition trains spanning nearly 90 years of rail progress. The Texas & Pacific Railway Company will exhibit its old retired steam locomotive No. 909 and one of its crack modern Texas Eagle streamliners. In addition, the Fair's Monorail line, only such system operating in the U. S., offers a sample of yet another type of rail transportation said to hold great promise for the future.

Nuptial Vows Exchanged In Church Service

Nuptial vows were repeated Monday morning, September 2nd, at St. John the Baptist Episcopal Church, Clarendon, Texas, by Miss Joan Ray Moreman, daughter of Mr. and Mrs. Ray S. Moreman of Hedley, Texas, and Dr. Clifford Sims Whitmore son of Mrs. C. M. Whitmore, Houston, and the late Mr. Whitmore.

The Rev. J. Vega, rector of St. Margaret's in Richardson, read the double-ring ceremony.

Mrs. W. H. Cooke III of Quail played traditional wedding selections.

White daisy mums were arranged in the altar vases and white satin bows marked the family pews.

Attending the bride as maid of honor, Miss Gloria Seaman of Denton, wore a waltz length dress of light turquoise crystal-line with matching half hat. She carried a bouquet of yellow daisy mums.

Don Bartay of Houston was best man. Serving as ushers were Jack and David Moreman, brothers of the bride, Charlie Jordan, Spurgen, Texas, and Dr. Jack Collins of Hitchcock, Texas. Lawrence Neece of Clarendon served as acolyte.

The bride, given in marriage by her father, was attired in a gown of French silk brocade, designed with a crescent neckline of

aleon lace re-embroidered with pearls, and a fitted bodice extending into a bouffant skirt. Her elbow length veil of illusion was held in place by a matching hat. She carried a bouquet of red roses and white daisy mums.

Immediately following the ceremony, the bridal party was honored at a reception at the Sims home in south Clarendon with the bride's parents as hosts. Assisting in the house party were Misses Nettie Sims, Clarendon; Susan Cox, Kathleen Spalding of Hedley; Jean Sims of Pampa and Mesdames Carril Deahl, C. L. Johnson, James Evans, Hedley, Texas, and Mrs. Neil Tibbett of Gainesville.

For the wedding trip to Colorado, the bride wore a black sheath, knitted dress with red abbreviated jacket and black accessories. Her corsage was of white gardenias.

After September 20, the couple will go to Fort Lee, Petersburg, Va., where Dr. Whitmore will be stationed.

Mrs. Whitmore was graduated from Hedley High School and received both her Bachelor and Master of Music Education degrees from North Texas State College, Denton, where she was a member of Sigma Alpha Iota, National Music Sorority. She has assisted Dorothy Brin Crocker, Music Therapist at Shady Brook Schools, Dallas, for the past three years and was secretary of Southwestern Music Therapists.

The bridegroom attended Texas A&M College where he received his Doctorate of Veterinary Medicine and Bachelor of Science degrees. He is a member of the A.V.M.A. and Texas V.M.A. While in college he was on the staff of the Southwestern Veterinarians.

Mrs. C. M. Whitmore was hostess at a rehearsal dinner at the Donley Hotel, Clarendon, Sunday

evening. The affair concluded a series of pre-nuptial parties honoring the couple.

Gammons - Ham Nuptials Read

Miss Elaine Gammons and Carroll H. Ham, who were married at 7 p. m. Friday, August 30, in Rolling Hills Baptist Church, will reside at 3427 Millet after a wedding trip to Lake Murray, Okla.

Parents of the couple are Mr. and Mrs. Roy Gammons, 1238 Hammond, and Mr. and Mrs. Hubert H. Ham, 2933 Dunford.

The bride was attended by her cousin, Miss Kay Lane of Amarillo, maid of honor, and Miss Kay Bingham and Miss Nancy Ham, sister of the bridegroom. Kathi Spradley was flower girl and Larry Bingham ring bearer.

Steve Alexander was best man. Groomsmen were Pat Derden and Don King. J. D. Ashley ushered.

Given in marriage by her father, the bride wore a gown of white nylon sheer over taffeta designed with a round neckline etched with Venise lace. The bouffant shirt, which was decorated with motifs of the same lace, extended into a chapel-length train. She carried a cascade of gemellias and miniature mums.

A reception was given in the garden at the home of Mr. and Mrs. R. H. Robinson, 1225 Hammond. Mes. R. C. Brister and Ted Black, and Miss Delores Czajkowski were in the house party.

Guests included Mr. and Mrs. Dalton Ford of White Deer, Mr. and Mrs. A. G. Lane, Jr. of Gruver, Mr. and Mrs. Maurice Lane of Amarillo, and Mrs. A. G. Lane of Clarendon.

CHAMBERLAIN CLUB

The Chamberlain Club met Thursday, Sept. 5th at the Community Center with Mary Mann as hostess. We made plans for the fair and worked on parts of the exhibit. Cake and punch were served at refreshment time.

THOMAS—SHORT

Miss Vola Maxene Thomas, daughter of Mr. and Mrs. R. T. Thomas of San Benito and A/2c Thomas Dexter Short son of Mr. and Mrs. John Short of Clarendon, were united in marriage in the bride's parents home at San Benito, Texas, Friday, August 30th at 8 o'clock.

After a wedding trip through Texas, they will be at home in Harlingen, Texas where he is stationed with the Air Force.

LES BEAUX ART CLUB

Les Beaux Art Club met Friday morning at Patching Club House for a breakfast. Hostesses were Mesdames W. W. Taylor, Lloyd Benson, J. D. Swift, and Will Word.

The Hawaiian theme was carried out in decoration using the red Hibiscus for the floral decoration.

Mrs. W. W. Taylor gave the Historian's report reviewing the work of the club last year.

The immediate project of the club is the Flower Show to be held September 13-14 in conjunction with the County Fair. Everyone is invited to contribute an arrangement or a specimen, or both.

Attention was called to the purchase of a painting by Harold Bugbee for the Club House. Members are happy and honored to have bought this painting, the first to be done by a home town artist and hung in the club house.

The City Beautiful committee plans to contribute more to the Day Lilly Garden, a memorial to Mrs. Joe Goldston.

Present were Mesdames Lee Bell, George Benson, W. K. Hardin, C. T. McMurry, Forest Sawyer, Emmett Simmons, J. D. Swift, W. W. Taylor, Frank White, Jr., Lloyd Benson, Will Word, and Misses Katherine Ross, Anna Moores, and Mary Howren.

SOCIAL HELD AT CHAMBERLAIN COMMUNITY CENTER

Not many attended the social at the Chamberlain Community Center Sept. 8th. Guess the hail storm made everyone feel sorta blue. The next social will be Sept. 20th.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met Sept. 5th in the Club room with Ismanell Grey the President in the chair. The meeting was opened with a prayer by Mrs. Belle Jones.

Crops being late, we decided to not to sponsor a booth at the Donley County Fair. Ruby White had charge of the program.

Next meeting will be Sept. 19 when we will have a hobby show. Each person bring their hobby and show it and give a history of it.

The hostesses Isla Mae Marshall and Lena Mae Graham served frosted Cokes to 13 members and several children.

BRONCHOS ENTERTAIN WITH PICNIC

The annual picnic for the Bronchos sponsored by the Broncho Mothers was held Monday evening at the Country Club. Since the weather was so cold the group didn't try the swimming but the good meal was everything that could be asked for.

Attending were the football squad, Mr. and Mrs. Tom Jinks, Mr. and Mrs. Roy Young, Mr. and Mrs. W. W. Pinkerton, and Mr. and Mrs. K. D. Vaughan.

The Broncho Mothers would like to take this means of expressing their thanks and appreciation to all of those who donated food and drinks for this picnic.

M. Y. F. MEETING

Meeting was held Sept. 8, at 7:00. We had 10 present. The M.Y.F. had the service that night so we practiced on that. Lucy Lee Noble was moce. Talks were made by Carolyn Castner and Roddy Seago. Jean Fox led us in prayer. Roddy Seago led the singing. Lucy Lee Noble read a poem, "Praying For Others." Jeanie Castner read the Scripture and Larry Thurman read a poem. Judy Castner played the piano. Bro. MacDonald gave a talk at the close of service. We were dismissed by the M. Y. F. benediction.

Mrs. and Mrs. Jimmy Traylor

Mr. and Mrs. Jimmy Traylor, Karen and Stevie of Farmington, N. M. visited last week with Mr. and Mrs. A. M. Moss.

HUDGINS CLUB

Club met on Thursday afternoon to finish two quilts for the hostesses, Mae Perdue and Pauline Koontz.

Refreshments were served to members: Ruby Parker, Mary Lee Noble, Cora Elliott, Virginia Smith and Cheryl, Dorothy Helms and Eddie, Veda Goad, Martiel Webb, Floree Webb, Agnes Allee, Ruth Lindley, Roxie Coper, Pearl Self, and Marilee Smith and Koontz and Self girls. Next meeting will be on Thursday, Sept. 19th when Ruth Lindley and Cora Elliott will be hostesses.

GOOD NEIGHBORS CLUB

The Good Neighbors Club met in the home of Lida Warren, September 6, for the first fall meeting. A covered dish dinner was served at the noon hour to one guest, Mrs. Evelyn Pence and to ten members: Nova Barker, Rosie Bingham, Eula Butler, Bennie Crabtree, Emma Davis, Florence Harp, Bessie Helton, Ruby Jordan, Carrah Mixon, and the hostess, Lida Warren.

One quilt was tacked and quilted. Eula Butler and Emma Davis received pollyanna gifts. The next meeting will be with Nova Barker, September 27.

MISSIONARY SOCIETY MEETS

The Christian Women's Missionary Society of First Christian Church met in the home of Mrs. Charles Darling Sept. 4 for their regular monthly meeting. They conducted their business meeting, then had a missionary lesson on Africa directed by Mrs. E. C. Herd. Mrs. Royce Wood led the singing from memory like they do in the African missions. Bro. Royce E. Wood brought a devotional on Acts 8: 26-40 where the story of the conversion of the Ethiopian is recorded. Light refreshments were served to all those present.

Mr. and Mrs. Herman Cross and Annette visited Sunday in Amarillo with Mr. and Mrs. M. H. Lemons and family. Other visitors were Mr. and Mrs. E. F. Lemons and Mr. and Mrs. Zeno Lemons and family of Memphis and Mr. and Mrs. Scott Lemons of Pueblo, Colo.

MOVE TO S. CAROLINA

S/Sgt. and Mrs. John F. Brucker and family left Sunday for Shaw Air Force Base, Sumter, South Carolina. Mrs. Brucker and children, Steven and Cynthia, have been making their home with her parents, Mr. and Mrs. W. F. Durham for the past year while Sgt. Brucker was stationed in England and Germany. Upon return to the states he was assigned to Shaw AFB as an instructor on the B-66 aircraft. He served at Amarillo AFB as an instructor for nearly five years prior to his overseas duty.

I wish to thank all my friends for the cards, gifts, flowers, visits and other kindnesses extended me during my stay in the hospital. May God bless each of you.
Cordia Thompson

I want to take this method to thank all my friends for all the cards, flowers, phone calls and visits while I was in the hospital and since I came home. May God bless everyone of you and remember I love you all.
Mrs. W. E. Gregory

We wish to thank each and everyone who helped with the flowers, the food and many, many other kind deeds shown us during our recent sorrow. May Gods blessings be bestowed upon each of you.
The family of Mark Taylor.

I wish to thank all my friends for the flowers, cards and many other kindnesses during my illness and stay in the hospital. May God bless each of you.

American National Red Cross Spent \$55,227 In Briscoe County
 ST. LOUIS, MO.—The American National Red Cross has spent a total of \$55,227 in Briscoe County, Texas, in relieving distress and suffering and in assisting families to resume a normal way of life. This figure was released today by Palmer Simpson, director of Disaster Services, Midwestern Area Office, American National Red Cross.
 The largest portion of the money, according to the final breakdown released by Simpson, went for medical and nursing costs—\$24,055. Other needs met by the organization and accounting for large sums include home furnishings, \$10,192; building and repair of structures hit by the tornado, \$8,540; occupational supplies and equipment where needed to provide sole income of affected families, \$3,819; food, clothing and maintenance, \$1,482; emergency mass care, \$900; and other needs which accounted for the balance of the total.
 It is not unusual in a disaster of this type for the medical expense to be high. Because of death and serious injuries resulting, often times it necessitates Red Cross expenditures over a prolonged period of time, Simpson said. Although the public often thinks of Red Cross as providing emergency care, which is true, rebuilding and other operations termed "rehabilitation" usually account for about 80 percent of total costs to the organization.
 It was pointed out that the assistance given by Red Cross at Silverton was an outright gift from the American people who have contributed to the organization across the country. "None of the money given to the Silverton Relief Fund was turned over to Red Cross," Simpson stated.
 The final Red Cross report shows that 46 persons were injured at Silverton, in addition to the 20 killed, 30 homes were destroyed, and 42 homes were damaged.
 William Henry Harrison was the oldest U. S. president to take office. He was 68.
 William Henry Harrison held the shortest term of any U. S. president. He died one month after taking office.

Dr. J. Manly Bryan Joins Canyon Hospital Staff
 A recent addition to the staff of the Neblett Hospital and Clinic in Canyon, is Dr. J. Manly Bryan. Born and educated in Clarendon, the son of Mr. and Mrs. Allen J. Bryan, now of Amarillo, Dr. Bryan attended the local high school and Jr. College. He received his Bachelor of Arts degree from the University of Colorado, Boulder, Colorado, in 1949 where he was a member of the Phi Kappa Tau fraternity. Upon graduation, he attended the University of Texas Medical Branch, Galveston, Texas.
 Prior to moving to Canyon, Dr. Bryan was stationed in Washington, D. C. and the National Institutes of Health at Bethesda, Maryland, as a commissioned officer in the United States Public Health Service.
 After receiving his Doctor of Medicine degree in 1954, Dr. Bryan interned at Denver General Hospital, Denver, Colorado.

POOL SPONSORING DANCE SATURDAY NIGHT
 The I.O.O.F. Lodge is sponsoring a public dance at the Lodge Hall Saturday night, Sept. 14th. The Caprock Valley Boys will furnish the music and free coffee will be served. Admission will be \$1 per couple. Proceeds from the dance will go into the lodge building fund.
 Mr. and Mrs. Walter Mars Warner are the proud parents of a baby girl born August 9th at Wichita Falls. She was named Rowena LeAnn. When she was two weeks old, the Warners moved to Athens, Ohio where Mr. Warner is attending the University of Ohio. The grandparents are Mr. and Mrs. H. T. Warner.

Clarendon FHA - FFA Picnic At Country Club
 Approximately 100 members of the Clarendon Future Homemakers and Clarendon F.F.A. organizations met Tuesday afternoon at the Clarendon Country Club for their annual fall picnic.
 The group gathered at the club after school dismissed and enjoyed a period of swimming and a watermelon feast. The outing was under the direction of Mrs. Fred Bourland, vocational home economics instructor, and J. R. Gillham, vocational Ag. instructor.
 The two organizations hold three meetings together each year. The fall picnic, a Christmas party, and the annual chicken barbecue in the spring are the three jointly sponsored undertakings. Each is usually attended by a majority of all members of both organizations.

Pool Was All Wet
CARTHAGE—Having your car in the garage can cause a lot of car trouble Lewis Pool found out. Pool, president of the Carthage Savings and Loan Association, got permission from a friend to borrow his car while Pool's was being repaired.
 The friend gave Pool the keys and described his automobile.
 Two hours later Pool was stopped by an officer for driving a stolen car.
 The auto Pool had been driving belonged to Mrs. Richard Sharpe. That car and Pool's friend's car were the same make, model and color and the same key fit the switch of both cars. The cars had been parked in the same area and Pool took the wrong one.
 Mrs. Joe Bownds went to Mineral Wells this past week end to return her parents, Mr. and Mrs. C. E. Killough to their home in Clarendon.
 The average weight of the human brain is 48 ounces.

Better Quail Season Looms For This Year
 AUSTIN—Right now conditions point to the best quail season Texans have known for years, according to the Assistant Executive Secretary of the Texas Game and Fish Commission. He has just returned from a trip through East Texas, studying first hand the effect of the hatchery program now under way.
 At the same time wardens all over Texas are reporting to the Austin office of the Commission that the quail crop this year has been exceptionally good. Favorable weather conditions and improvement of habitat by land owners is given credit for the increased crop, according to the Assistant Executive Secretary.
 The Commission hatchery at Tyler has some 19,000 quail on hand to be released by clubs or individuals. More than 11,000 birds already have been released this year.
 "There are still some birds available to land owners with proper feed and cover," the Assistant Executive Secretary said. These birds are sold at 50 cents each to land owners who can qualify. Applications should be sent to the Austin office of the Commission. Wardens then will be sent to inspect the land area and conditions. After his approval the birds will be shipped out for release.
 The state is producing three different types of quail this year. One is the North East Texas bird, for release in the East Texas area. The other is the Southwestern Bob, to be released in the more arid areas. The other is the Coturnix, the new Oriental quail that is now being introduced in the state on an experimental basis.
 Guests in the home of Mr. and Mrs. Frank White Sunday were Mr. and Mrs. Glenn White of Shamrock and Mrs. Dorothy Campbell of Amarillo.

BRINGING IT IN—Using a light gun, Master Sergeant Earle L. Oakie of Phoenix, Ariz., gives landing instructions from the bridge of the Army airfield control tower at Fort Polk, La., where he is a tower operator. Similar to a traffic light at a street intersection, the gun flashes red and green signals to incoming aircraft that do not have radio communications.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Our book list of announcements begins with Faith Baldwin's "Face Toward Spring." This is the first work of non-fiction, and is a book club edition. The comment says this book reveals the kernel of her philosophy—a personal vision of life that has given her strength. Its treatise is compared to Anne Morrow Lindbergh's "Gift From the Sea." This book was given in memory of Mrs. Joe Goldston.

The Ft. Worth Star-Telegram's Book Section Sunday possessed

a discussion of the contents of the August issue of American Heritage, magazine of history which we receive. The lead article is an account of the Battle of New Orleans by C. S. Forrester. Then there is an account of "A French Visit to Civil War America," "The Clothes Lincoln Wore" and many others giving variety to the collection. This is Vol. VIII.

We have some excellent reading material for every age, so come and choose something. Please see that your children return their books and bring their fine money. We can use the books and the money.

GOLDSTON NEWS

Mrs. Roy Roberson

Grandma Honored Again At Morgan Reunion

The second annual Morgan family reunion was held at Mackenzie State Park, Lubbock, on Sunday, September 1st. It was again given to honor Mrs. W. B. Morgan of Hedley—grandmother of the group. Mrs. Morgan, age 76, has 13 children—11 living; 24 grandchildren, and 40 great-grandchildren.

Officers elected to serve for the Morgan reunion during the 1957-58 term are: Wilson Morgan of Hobbs, N. M., president; Mrs. Simons of Deming, N. M., vice-president; Nelda Tims of Lockney, secretary-treasurer; and Mr. and Mrs. George Haskins, Jr. of Muleshoe and Mr. and Mrs. Cecil Haney of Levelland, entertainment committee.

Attending Sunday's reunion and picnic were: Mr. and Mrs. B. F. Tarver of Thalia; Mrs. Ruby Garrison and Danny of Eunice, N. M.; Mr. and Mrs. Frank Price of Eunice, N. M.; Mr. and Mrs. Carl Dotson of Levelland; Mr. and Mrs. Tom Morgan of Muleshoe; Colleen Baker, Donna and Kaye of Lubbock; Mr. and Mrs. Odell Osburn, Brenda and Judy of Clarendon; Mr. and Mrs. Toots Madlock and Linda of Odessa; Mr. and Mrs. W. G. Tims and Nelda of Lockney; Mr. and Mrs. J. B. Haskins, and Carol of Levelland; Mr. and Mrs. H. L. Morgan, Rhonda and Danny of Hedley; Mr. and Mrs. Cecil Haney, Allan and Lynn of Levelland; Mr. and Mrs. J. W. Tarver, Barbara, Janice, and Janell of Wellington; Mrs. Carl Abel and Deborah Ann of Amarillo; Mr. and Mrs. Delogan May and Denise of Vernon; Mr. and Mrs. Dwain Dotson, Nancy, Carl Lee, and Jeanie of Abilene; Mr. and Mrs. Rob Simmons of Deming, N. M.; Mr. and Mrs. Raymond Martin and Kay of Lockney; Mr. and Mrs. George Haskins, Jr., Jerry and Jean of Muleshoe; Mr. and Mrs. Edwin Haskins, Gary and Pam of Lubbock; Rebecca Ann Harkroade and Mr. and Mrs. Joe Tarver and Sallie of Wellington; Mr. and Mrs. Milbern Gibbs, Sheri, Nancy, Clinton, and Charlotte of Wellington; Mr. and Mrs. Wilson Morgan, Dick, Ronnie, and Carroll of Hobbs, N. M.; Mr. and Mrs. Alfred Jackson and Donny of Levelland; Mrs. Horace Vines of Quitaque; Mrs. Hattie Scivally of Odessa; Mrs. W. B. Morgan of Hedley.

Mrs. Cora Gillaspie of Ft. Worth, Mrs. Delia Duckett of Lelia Lake, Mrs. John Short and Clifford returned home last Wednesday from a weeks vacation at Abilene, San Antonio and Graham where they visited relatives and friends.

Bronchos Lose Opening Game To Powerful Stinnett, 21 to 7

The Clarendon High School Bronchos put up a spirited battle last Friday night but it was not enough to stop the powerful Stinnett Rattlers. The Rattlers, 1956 State Class A Champions, continued their winning ways with a 21 to 7 victory over a small band of inexperienced Bronchos at Rattler stadium.

The Bronchos showed a crowd of approximately 1,200 that they came to play when they stopped the first Rattler drive on the Clarendon 20-yard line. The Rattlers were deep into Broncho territory by virtue of a blocked punt early in the first quarter. However, Stinnett dented the score column a few minutes later when their fine fullback, Roy Riger, broke through left tackle for 25 yards and a touchdown. The Rattlers ran the extra point over to make the score 7-0 in their favor. Stinnett's second touchdown came early in the second quarter when halfback Tommy Herring went 16 yards for the score. Again the Rattlers ran the extra point over for a 14 to 0 lead.

The Bronchos came to life midway of the second quarter but failed to score. With the ball on their own 32 yard line, Richard Vallance slipped through left tackle, headed for the sideline and went 65 yards before finally being knocked out of bounds on the Rattler 3-yard line. The Bronchos missed their scoring opportunity when, on fourth down, quarterback Jerry Behrens shot a pass to Vallance which the little halfback failed to hold and it went incomplete.

The third quarter saw both teams fighting almost to a standstill. The Bronchos started a drive near the end of the period that took them to the Rattler three yard line as the quarter ended. On the second play of the fourth period, Broncho halfback John Tom Morrow bruised his way over the Rattler goal from one yard out. Behrens passed to Vallance for the extra point that brought the score to 14-7 in favor of the Rattlers. The Rattlers ended the scoring for the night late in the fourth quarter when, after a costly 15-yard penalty against the Bronchos, Roger McFarren went over from the one yard line. Riger ran the extra point to make the final score 21 to 7 in favor of Stinnett.

Clarendon fans had cause to be proud of their team even in defeat. The boys put up a great battle and refused to accept defeat until the final whistle sounded. Considering the fact that Stinnett has their line back from tackle to tackle that swept them to the State Championship last year and returning lettermen for all other positions, the Rattlers rated the role of heavy favorite in this game. However, the Broncho line fought them toe to toe throughout the battle. The entire Broncho line stood out on defense although only two lettermen, center John Richerson and guard Keith Hudson, were in the line-up. Also, Jerry Behrens, playing his first game at quarterback did a commendable job considering his experience at the position.

Dusters Lose Series To Amarillo Coors

The Clarendon Dusters put up a stiff fight last Sunday afternoon to stay in the Caprock series play but lost the second of the three game series to Amarillo Coors by a score of 8 to 5. The Dusters moved ahead in the sixth but a second Amarillo homer put Coors back in the lead again and the Dusters were unable to muster a rally.

HORACE GREEN ATTENDS MEETING IN NEBRASKA

Horace Green, local Galloway Cattle Breeder, returned home last week after attending the American Galloway Breeders Association meeting in Lincoln, Nebraska.

While there he attended the Nebraska State Fair where he saw seven head of Galloway cattle imported from Scotland which had just arrived in this country. He also had the opportunity to see Patricia Anderson's undefeated bull from Bosman, Montana. Horace purchased a bull to head his herd which was sired by the same bull that sired Patricia Anderson's Champion. This new bull was bred by Charles Burnitt of Codell, Kansas.

FARM NEWS

from the County ASC Committee

MARKETING CARDS

Cotton marketing cards are now available for all producers whose farm is in compliance with marketing quota allotment regulations. Each producer is asked to pick up his marketing card at the ASC office in which his allotment records are maintained.

ELECTION FOR COMMUNITY COMMITTEEMEN

All ballots in the Community Committee Election will be counted today, Thursday, September 12th. Mr. Pete Land, Mr. C. P. Hamilton and Mr. Ray Altman make up the tabulation committee appointed by the Election Board of our County. We hope that every eligible farmer and his wife have voted in this election. Those men, selected by vote, will represent you in all the programs, including cotton allotment and marketing quota, wheat allotment, price support programs, ACP programs, and the Soil Bank program. This office will furnish you a complete result of the election returns in our next week's

News Article.

1958 ACREAGE RESERVE

An amendment with reference to instructions concerning the application of the \$3,000.00 limit on compensation under the 1958 acreage reserve agreements states "The total amount of compensation payable to any one producer under all 1958 acreage reserve agreements for the same farm shall not exceed \$3,000.00."

1957 ACREAGE RESERVE

We have disbursed some \$105,000.00 to the 128 signers of acreage reserve contracts who have complied with all phases of the program. Only a few have not completed compliance on cotton measurement acreages. If you are one in this class please make an effort to meet requirements relative to such acreages.

YOU CAN NEVER TELL

You can never tell how important or how unimportant a letter coming from this office may be. We would suggest that you keep a careful check to see what your mail contains, for who can tell, sometimes there may be a check payable to yours truly.

Mrs. A. M. Moss and Mrs. Jimmy Traylor shopped in Amarillo Wednesday and visited Mr. and Mrs. Billy Hill.

THE LIONS DEN

The Roar of the Lions

By the Liontamer

The program, chairman, Lion Drennan, came up with a contribution to the club which should assure him an easy election for another term.

A vocal solo by Harry M. Scaggs, Music & Educational Director for the local First Baptist Church, and a brief but timely message by Rev. Tom K. Sims, Evangelist currently engaged in conducting the revival at the Clarendon church, commanded unusually good reception.

"Oops!" Hold those spit balls.

Rev. Sims, who while studying at the University of Oklahoma set an unofficial world indoor record running the low hurdles as a member of OU's track team, very convincingly compared the necessity of like qualities of an individual to become a winner in athletic events and a winner in the game of Christian living. He pointed out the need for preparation, determination, endurance, and keeping an eye on the goal

to become a winner in either event.

The club members were inspired and gained much from having been present to hear Rev. Sims' message.

Attending the weekly luncheon meeting of the Club as guests were: Ray Parks, Dallas; Charles Lane of Murphy's Funeral Home, Clarendon; John White, Ashtola, and Paul Nettles of Amarillo.

Boss Lion Homer Estlack announced a Board of Directors meeting scheduled for next Monday night at the Dixie Cafe and invited reports from the various committees.

Lion Breedlove called the members attention to the Fair which is scheduled for this week end, and invited the Clarendon merchants to seize the opportunity to secure booths for display of their wares at the Fair Barn during the Fair.

Until next week the Liontamer signs thirty.

Mr. and Mrs. Duane Naylor of Thalia announcing the arrival of a son, Richard Carl, September 6th. The proud grandparents are Mr. and Mrs. C. B. Morris of Clarendon and Mr. and Mrs. Royce Hall of Hedley.

Open House Held At Field House Sunday

The new Field House at Broncho stadium was open to the public at an Open House Sunday afternoon with many favorable comments being made regarding the new structure.

The house, in use for the first full football season, is one of the nicest in the area, and is another reminder of the improvements in our local schools.

Sponsoring the Open House was a project of the Broncho Mothers. Leaders of the Pep Squad presided at the registrar and served punch and cookies throughout the receiving hours. Approximately 62 registered.

HOSPITAL NOTES

Patients as of September 11th: Cleo Hubbard, Nancy Jones, Mrs. Wilma Thomas and baby son, Kenneth Michael.

Dismissals: Mrs. Lee Leek, Johnny Grady, Grover Heath, Mrs. O. L. Williams and baby daughter, Pamela Jean, and Miss Emma Ashcraft.

A Common Paper for Common People

PLOWIN' Out the CORNERS

By Uncle Zeb

Stamping into the Boss's office the following conversation took place:

"Either I get a raise, or else."
"Or else, what?"
"Or else, I keep working for the same pay."

"Self-made men usually have a lot of working parts."

"Natives who beat drums to ward off evil spirits accomplish just about as much as the fellow who starts blowing his horn in order to break up a traffic jam." Isn't it just about the most provoking thing in the world to be trying to get through a traffic jam and have some fellow start honking his horn back down the line? Me, I always get fum-duzzled in a traffic jam anyway.

"Compliments are like perfume, they should be inhaled and never swallowed."

There are a lot of things ahead of us which we know nothing about and a lot of things behind us that we might just as well forget, but the most important to us right now is the things that lie within us.

Driving our car is a lot like playing baseball; it's the number of times that we get home that counts.

We saw this sign:
Is he lonesome, or just blind;
The guy who drives so close behind.

Someone has said that a few drinks makes one see double and think single.

Our temper improves the more we don't use it.

One of the best things one can have up his sleeve is a funny bone.

It's alright to take life as we find it, but it's bad to leave it that way.

Pretty soon we plan to accumulate all the sayings and other things from our column that would seem to be worth keeping into a little Scrap Book. If you have something that you would like for us to consider using please send it to us real soon.

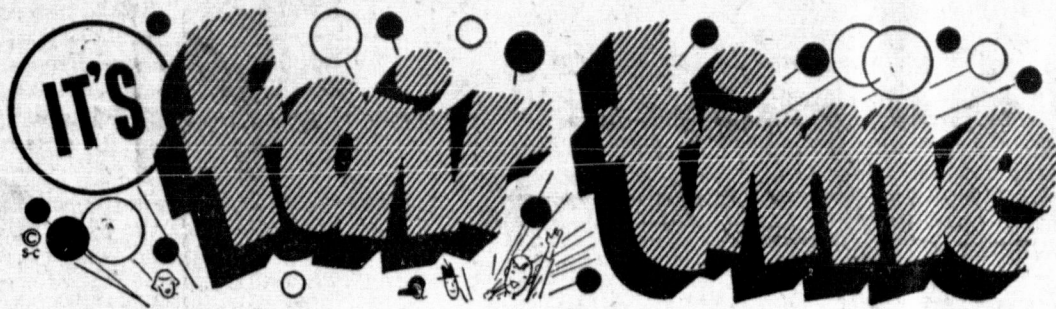

Also, we plan to have a small edition published and offer them for sale. Almost better than the above would be that if you would like your name put down on a list for one of the first copies we would sure do that. The cost will likely be about in line with the usual book. We plan on having something further on this idea this winter some time.

INTERNAL REVENUE SERVICE UNITED STATES TREASURY DEPARTMENT

TAX-MAN SAM SEZ:

Not many of us want to give money to anybody. The Federal gift tax regulations allow a husband and wife in a community property state to give \$3,000 each tax free during any one year. If you happen to have more money than you can use and you have a son who has a wife and five children, Mama and Papa together can give the son and family as much as \$42,000 per year without owing any gift tax. Maybe the would-be givers should see a good tax practitioner on this!

Because pigs especially white ones, can get sunburned, agricultural authorities recommend the use of sunburn lotion on them.

**Tri-State Fair Opens
September 16th**

AMARILLO—All pupils of the Clarendon Schools will be guests of the Tri-State Fair which opens September 16th for six days and nights of fun and competition in livestock, farm and home departments.

This year's fair, featuring the glamorous productions of Holiday on Ice of 1957, free acts twice daily and the largest railroad show in the south, is expected to set new attendance records. Fair officials say there are two reasons for this prediction—the best year for Golden Spread agriculture since 1950, and the most attractive entertainment program in the exposition's 34-year-old history.

Among the unusual attractions at this year's fair will be the appearance on the two last days of the U. S. Air Force Thunderbirds, the world-famous jet acrobatic team, stationed at Nellis Air Force Base in Nevada. This will make the first performance by the Thunderbirds in this part of the nation.

Holiday on Ice performances will be staged each night, Monday through Saturday, September 16-21, and Saturday afternoon, closing day of the fair. Night performances begin at 8 o'clock. The matinee will begin at 2:30 p. m.

Thirty-thousand free tickets to the fairgrounds were mailed recently to those school superintendents who accepted the invitation of fair officials to participate in this year's exposition. The invitations were mailed last April. A total of 58 schools in the area are to take part in the new program. The free tickets may be used on all except the last day.

The 1957 Fair will open with a gigantic parade at 11 o'clock Monday morning, September 16, featuring 26 bands, including the nationally acclaimed U. S. Army unit from Fort Sill, Oklahoma, Ice show stars, floats, and many dignitaries.

State Fair of Texas To Present "Ceremony Of The Flying Pole"

AWE-INSPIRING RITUAL PERFORMED BY "THE BIRDMEN OF TEOTIHUACAN"

One of the world's most remarkable spectacles will be featured as a free attraction at the 1957 State Fair of Texas, Oct. 5-20.

The mysterious rituals of the Aztecs and Mayans of ancient Mexico will be faithfully recreated by actual descendants of those long-vanished races.

The Aztec-Mayan Spectacular will be presented twice daily on the Magnolia Stage, climaxed by the dangerous "ceremony of the flying pole."

This awe-inspiring ritual is performed by "The Birdmen of Teotihuacan." Dressed in feathered, birdlike costumes, these "flying Indians" climb to the top of a 100-foot pole. To the weird music of a flute and drum, the four fliers one by one go through an intricate dance on a tiny platform atop the pole.

They then leap into space, spinning head down, hanging by their heels from ropes wound around the pole. As they glide gracefully to earth, the ropes unwind in ever-widening circles.

Seldom seen outside a few remote villages in the jungles of Mexico, the strange ceremonial of the flying pole is among the oldest of the surviving native rites of that country, dating from the times before the Spanish Conquest. Fliers are trained from the age of 9 for this daring feat.

The colorful dances of the Aztec-Mayan Spectacular are performed by a troupe of 20, attired in authentic costumes. In addition to the daily appearances on the Magnolia Stage, they will be featured in three big free Cotton Bowl shows during the fair. The first will be on Mexico Day, October 7.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Great Plains Conservation Program Activated:

Activation of the Great Plains Conservation Program, authorized by Public Law 1021 enacted by Congress last year, was announced today by the U. S. Department of Agriculture. A Congressional appropriation of \$10 million for the first year's operations became available August 2.

Secretary of Agriculture Ezra Taft Benson issued regulations and operating procedures for the program, and designated 221 counties in 10 Great Plains States as eligible to receive program assistance.

Purpose of the program, the Secretary said, is to assist farm-

ers and ranchers in carrying out conservation plans through long-term cost-sharing contracts that will help to minimize climatic hazards and protect their lands from erosion and deterioration by natural causes.

The program is a new tool to help speed up objectives of the overall Great Plains Program recommended to Congress in a message by President Eisenhower January 11, 1956.

The new program, Secretary Benson emphasized, supplements existing programs and activities and does not replace any of them. It establishes no new agency. Administrative responsibility has been assigned to USDA's Soil Conservation Service. The program will be carried out in cooperation with local and State governments, the Great Plains Agricultural Council, soil conservation districts, and farm organizations.

BACKGROUND

INFORMATION

The Great Plains Conservation Program, Public Law 1021, was enacted by the 84th Congress August 7, 1956.

Limited to Problem Areas

Assistance is limited to farmers and ranchers in counties in the 10 Great Plains States designated by the Secretary of Agriculture as susceptible to serious wind erosion. Great Plains States are Colorado, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, and Wyoming.

Plan of Operations Required

To participate in the program a farmer or rancher must have a workable plan of conservation operations that incorporates needed land use changes, needed cropping and grazing systems, and needed soil and water conservation practices in proper combinations. The plan also includes a time schedule for doing the planned jobs.

The plan must be technically sound, and acceptable to the Secretary of Agriculture. USDA soil and water conservation technicians will help a farmer or rancher make his plan, on request. Soil and range site maps and other information will be provided.

Contract Provisions

A farmer or rancher who develops an acceptable plan may enter into a contract with the Secretary of Agriculture to carry it out. The contract provides for a plan, a time schedule, and obligates the amount of needed cost-shares guaranteed by the Federal Government.

The contract can not run for less than 3 years nor more than 10 years, ending not later than December 31, 1971.

Cost-Sharing

The amount of cost-sharing depends on the cost of doing the needed work and the rates established at State and county levels. The maximum cost-share rate will not exceed 80 percent of the average estimated cost of install-

ing each eligible practice.

A farmer or rancher may receive a cost-share payment when he has carried out a practice or an identifiable unit of his plan.

There is no limitation on the amount of cost shares an individual may earn under the program except a limitation of \$2,500 for cost shares for improving dams or ponds for irrigation.

The law provides that total cost shares paid under the program shall not exceed \$25 million in any one program year.

Eligible Practices

Practices eligible for cost-sharing include: Establishing permanent plant cover, field or contour stripcropping, contour cultivation, improving range cover, trees or shrubs for windbreaks or shelterbelts, establishing waterways, building terrace systems, chiseling or pitting range land, improving dams or ponds for irrigation, constructing wells for livestock installing pipe, fencing, and controlling brush.

FACTS ABOUT THE PROGRAM

At the national level an inter-agency departmental group develops and recommends policies and procedures.

State and County Program Committees have been established by the Secretary of Agriculture to help coordinate the program.

Farmers and ranchers may apply for assistance at any USDA county office.

Cropland acreage allotments of those who participate in the program will not be decreased during the period of their contract by any actions they take in carrying out their plan of operations.

Participants may use for grazing or other purposes, consistent with good management, land established in vegetative cover under their contract. The contract, however, supplements and does not cancel other contracts or agreements that may be in effect, such as the Soil Bank.

Donley County is included among the Texas counties designated as eligible to receive assistance under the program:

FROM THE OFFICE OF
LYNDON B. JOHNSON
U. S. SENATOR FROM TEXAS

"Never promise more than you can perform."

Dear Friend:
This is the last of my newsletters for this year. They will be resumed with the next session of Congress in January. Meanwhile, I am returning to Texas for rest, relaxation and some visits with old friends.

But since this is the last of my newsletters for the time being, I think it is time to take a look at the first session. It did not accomplish everything. No session can do that. But it delivered what it promised.

ECONOMY?

The people called for economy and they got exactly that. The budget was cut by \$5,600,000,000—3.7 per cent. A Democratic Congress saved that much money out of the proposals of a Republican President.

CONSERVATION?

Important water projects were advanced. New ones were launched. Surveys were started on the Texas rivers. Most important of

all, the Bureau of Reclamation and the Army Engineers agreed to work together and produce an overall water plan for Texas.

MILITARY?

Military construction is important to Texas. Our State is a key part of the defense system. Congress appropriated \$72,375,000 for further construction and expansion of facilities in Texas.

MUTUAL SECURITY?

The Congress shifted from the "giveaway" concept of Foreign Aid to a sound respectable program of loans. It has been our experience that gifts create ill will and bad feeling. But nations to whom we have lent money have a good record for repayment and feel better about the whole transaction.

The closing days of the session

were featured by the debate over the civil rights bill. It was necessary to accept an amendment approved by the House. But this amendment did not touch the Senate jury trial provision to any practical extent.

It represented primarily a method of coming to an agreement. But the conditions of the compromise are such that no prudent judge will hold a criminal contempt trial without a jury.

I want to thank all the people of Texas. You have been very understanding. It is a great pleasure to work for such wonderful people.

For the time being, so long. I hope to see you while I am in Texas this Fall. Meanwhile, goodbye, good luck and God bless you.

TO THE PEOPLE OF THE 18TH DISTRICT
By Congressman Walter Rogers

STATEHOOD FOR ALASKA

AND HAWAII

Many people have asked, "What happened to the Alaska-Hawaii statehood bills?" The answer is that the forces advocating the admission of Hawaii and Alaska as the 49th and 50th states in this Union have not relaxed their efforts. In fact, they have

been vigorously prosecuted during this session of the Congress and will, no doubt, continue to be so prosecuted in the future. These people are deeply sincere in their desire to have these two territories granted the status of full statehood. May I say that, although I have the most profound respect for them, I must continue to disagree with the result they seek. I have pointed this out on numerous occasions in previous newsletters and will not burden you further at this time with argument on the subject. However, I did want to point out to those interested in these measures that they both are very much alive.

The bill concerning Alaskan statehood was passed by the Committee and sent to the House of Representatives; however, no action was taken on the bill during this session because the proponents felt its chances of passage would be much better in 1958, an election year. The proponents of

Hawaiian statehood felt their chances of success would be enhanced if they waited until 1958 and took their chances in an election year. They have not pressed for passage of their bill by the Committee, but will no doubt ask that it be one of the first matters of business when Congress convenes in January, 1958.

Those of us who have opposed the statehood status of these two territories feel that the action of the proponents in this particular case points up one of our best arguments. It shows very clearly that so many people consider this strictly on a political basis. We have discussed this at length many times and have pointed out that the history of this country will reflect that the admission of many states in the past has been a matter of political expediency, and the determining factor was something political, such as control of the House or the Senate, or the admission of states as slave states or free states.

We have not criticized the admission of these territories simply for the purpose of obstructing statehood. We have tried to approach the problem on a sound basis and have introduced legislation to effectuate the result sought by these territories, but on a different basis than that of politics alone. A number of us have recently introduced H. J. Res. 443 proposing an amendment to the Constitution with respect to the admission of new states as sovereign states of the United States. This proposed amendment would provide that whenever two-thirds of both Houses or two-thirds of the several states should propose that a new state be admitted to the Union, the Congress should call a convention for proposing the admission of the new state to the Union; that in either case, the proposal by the convention, if ratified by the legislatures of three-fourths of the several states or by conventions in three-fourths thereof as the Congress might direct, would result in the said territory becoming a state.

Incidentally, the proposed amendment has a provision that would protect the right of Texas to divide itself into five states should it so desire. Certainly, none of us Texans believe this would ever happen, but we felt we should protect any rights which we had.

It has been our feeling that the question of whether or not new states are to be added to the Union should be a decision to be made by the states themselves rather than by the Congress.

The Agricultural Picture

It is not necessary to tell you that the agricultural picture is still very, very dark. Why the Department of Agriculture has not undertaken to relieve the situation, in view of the continuing rise in the cost of living index, is a mystery to all. To give you some idea of the beating the farmer has taken on the economic scale since 1952, we have only to

FROM CHAIR TO FOXHOLE—Although these soldiers are headquarters clerks of the First U.S. Cavalry Division in Japan, their combat potential is kept ready and able with vigorous training.

examine the information released by the Department of Agriculture to find out that in 1952 it took 96 cwt of grain sorghum at \$2.65 to buy a two-row tractor-cultivator at \$253. In 1957, it takes 173 cwt at \$1.70 in order to buy the same cultivator, which now sells for \$294. In other words it takes almost twice the amount of grain sorghum today to buy the cultivator than it did in 1952. In 1952, 65 cwt of cattle at \$22.10 would buy a power-take-off combine at

\$1,460. In 1957, it requires 104 cwt at \$16 for the same combine, which now lists for \$1,660; or, 38 cwt more in 1957 than was required in 1952. Let us sincerely hope and pray the powers that be will awaken to the situation before all is lost.

It took Washington and the members of the Constitutional Convention 96 days to frame the Constitution.

Electric Cooking is COOL

It's truly an exciting song when you have an electric kitchen. You feel so thoroughly modern with electricity to help with every task. Electricity keeps and cooks the food, does the dishes, makes the toast and coffee and even stirs the cake. It's dependable too! Night or day, whenever you flip a switch, you know electricity is there, ready and willing.

Cool, of course it's cool, because the heat cooks the food and not the cook. Electricity is so inexpensive you can use a lot of it.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN—Students are trooping back to school for another year of readin', writin' and 'rithmetic.

But the knottiest school problems are not in the math books.

For parents the problem is the high-cost of practically everything. Tuition at state colleges has doubled. Even the parents of

first graders are wincing as they add up the "outfitting" bills. Cost of blue jeans, plus crayons, plus lunch money, takes an ever growing bite out of most family budgets. Many mothers will go back to work this fall to help balance the income-outgo equation.

On a bigger scale Texas school agencies and administrators have the problem of the "old woman who lived in the shoe." They have so many children they don't know what to do. Their problem of trying to balance school facilities against school needs is complicated by the fact that one side of the equation — needs — keeps on growing.

Some 1,885,640 children are expected to enroll this month. That is 70,000 more than last fall. To keep the education mills grinding, Texans will spend an estimated \$526,000,000 this year. It's twice as much as was spent eight years ago. Local districts are pouring some \$40,000,000 into new buildings this year.

SHOWDOWN ON WATER

It's now or never for Texans to solve their water problems in an orderly manner.

This, in effect, is the attitude of Gov. Price Daniel as he sets the wheels in motion for a "big push" this fall. First attack will be by a 100-person statewide water planning committee appointed by the governor. It is to meet in Austin beginning Sept. 9 to develop planning and leadership for a master plan for water conservation and flood control over the state. Committee members include civic leaders and persons interested in and acquainted with water problems from all parts of the state.

They'll also be asked to help plan future water legislation and develop support for the proposed constitutional amendment that would provide a \$100,000,000 bond issue for water projects.

Second phase of the governor's plan is the special legislative session to pass needed additional laws. Target date for the session still is October the governor has indicated.

Two pieces of water legislation are proposed by Governor Daniel: (1) Creation of a state water planning division to draw up a master plan and (2) a law enabling the state to purchase water storage space in federal reservoirs (a measure which failed last

session). Planning division probably would cost from \$500,000 to \$1,000,000 says Daniel. This can be obtained, he says, from special funds appropriated, but not used, for other purposes.

If Texas doesn't face the responsibility for its water planning itself, declared the governor, the federal government will take over with a "take it or leave it" plan.

GREENHILL APPOINTED

Joe R. Greenhill of Austin will become an associate justice of the State Supreme Court on Sept. 30. Greenhill was appointed by the governor to replace Judge Few Brewster, who is resigning because of ill health. A former Houstonian, Greenhill, 43, will be the youngest judge on the high court.

He is a former assistant attorney general to Daniel and was the governor's campaign manager in '56. Daniel termed him "one of Texas' ablest lawyers."

COTTON CROP SLOW

Ginning of Texas' cotton crop is lagging behind 1956, but a larger yield than last year is still expected.

By mid-August only 365,504 bales had been ginned, reports the U. S. Dept. of Agriculture. Last year at this time almost twice as much had been ginned.

But crops in many areas are late due to prolonged rains. USDA still predicts the '57 crop in Texas will be 3,775,000 bales compared to 3,615,000 last year.

MORE ERRORS FOUND

All the excitement over moving the State Insurance Department out of the International Life Insurance Co. building in Austin was for naught.

Atty. Gen. Will Wilson has ruled invalid that part of the reorganization bill which ordered a new building.

Wilson says the bill was improperly drawn.

MOST ARE SOUND

Most Texas insurance companies are strong. So said Judge Penn Jackson in his first public speech since becoming chairman of the Board of Insurance Commissioners.

But, he added, "a smaller number are losing ground and may or may not be able to survive."

Divers Study Fish Habits Under Surface

AUSTIN—Underwater research has told biologists of the Texas Game and Fish Commission a great deal about the habits of bass, according to the annual report of diving activities just released by the Director of Inland Fisheries.

Most of the underwater operations were carried on in the lower part of Lake Travis. Other tests, for comparative purposes, also were made in Lake Buchanan, Granite Shoals and Lake Austin. According to John E. Tilton, assistant project leader, the tests were made in both summer and winter months at depths ranging to 50 feet.

Varying degrees of visibility were encountered, depending on the time of day and intensity of the light, according to the report. "Although little measurable difference in visibility is noted between bottom and intermediate depths, fish and other objects are more easily seen on or near the bottom," the report says. This is because bottom material in the lower end of the lake is composed of light colored materials.

Fish counts are said to be extremely difficult, however, because of their rapid movement. They also dart in and out of hiding places.

The divers found that sunfish, bass and the Rio Grande perch

are easily approached and show little fear of the divers. They saw many other species, such as carp, buffalo, river carpsuckers, fresh water drum, leg perch, channel cats and white crappie. These fish are not approachable, however, and soon move out of sight.

The underwater boys work in pairs. This offers more safety and they are also able to use one another as "yardsticks" to measure distances.

Because of water magnification, they judge distance by the height of one another. They also are able to estimate the size of fishes by the size of equipment carried on their buddies.

The underwater work has many other disadvantages, too. For instance in the winter months it is difficult for the divers to stay down over a few minutes. Under the best conditions the diver is completely fatigued after two hours of underwater work.

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

New Chevrolet Bel Air Sport Coupe with trunk to spare!

Great to have — and only Chevy's got 'em!

Chevrolet's the only leading low-priced car with any of these advances — the only car at any price with all of them!

BODY BY FISHER. You get more to be proud of in Chevrolet. No other low-priced car is quite so beautifully or substantially built down to the last detail.

SHORTEST STROKE V8. This helps explain Chevrolet's smooth and lively V8 ways. Short-stroke design also means less piston travel, longer engine life. Here's

super-efficient power with plenty of vim and vigor!

STANDARD BALL-RACE STEERING. Chevy's Ball-Race steering gear mechanism is virtually friction-free! That means easier parking, surer control, more relaxed driving.

POSITRACTION REAR AXLE.* When one rear wheel slips in mud, snow or ice, the wheel with the traction grips for sure going!

TRIPLE-TURBINE TURBO-GLIDE.* The silkiest automatic drive anywhere! You move from

standstill to top cruising speed in one gentle stream of motion. Special "Grade Retarder" position saves braking on hills.

P.S. Chevy's got the big "details," too! See all the exclusives at your Chevrolet dealer's!

*Optional at extra cost
