PARENT-TEACHER TALK

The Sims Parent-Teacher Association enjoyed an excellent program on "Safety" Thursday evening, Feb. 16th at 7:30 in the Jr. High auditorium.

Frank Phelan Jr. opened the meeting with a pledge to the U. S. flag.

In the business meeting the following were elected to serve on the nominating committee for officers for the coming year. They were Mrs. Herschel Heath, Mrs. Ray Palmer and Mrs. W. W. Sandifer.

Mrs. Jim Guy's room received a dollar for having the most parents present.

Cecil McNeal was first guest speaker of the evening and he spoke on "Safety". Mr. W. W. Pinkerton gave an interesting talk on "Driver Education."

A splendid talk was given by John Forbis of Childress on "Building Safe Citizens."

Mrs. T. M. Caldwell Jr. read a poem "On Founders Day." She then called attention to the fact that Feb. 17th was the 59th anniversary of P.-T.A. She also stated that Texas ranks 4th in Parent-Teacher membership.

A social hour was enjoyed after the meeting. Refreshments of hot chocolate and cake were served. The parents were invited to visit the school rooms of their children. Mrs. Jim Guy's room had a special display of work recently completed by the children.

The next parent-teacher meeting will be March 15, at 3 p. m. in the Junior High auditorium.

Stationary engine delivers

UP TO 60 HP...

POWER-CRATER

The same 226-cu. in. Allis-Chalmers POWER-CRATER engine that gives such outstanding performance in the WD-45 Tractor is now available as a stationary power unit.

With this engine you get up to 60 hp at 1,800 rpm; more than 50 hp at 1,400 rpm, the standard engine speed of the WD-45 Tractor.

Concave cylinders, "center-fire" combustion, removable "wet" cylinder sleeves help develop more brawn with less bulk in Allis-Chalmers engine design.

If you want an engine good for thousands of trouble-free hours . . . pumping, grinding, any work requiring stationary power . . . why not investigate the Allis-Chalmers W-226 POWER-CRATER engine?

Craig - McKee Vows Read In Formal Church Service

The First Methodist Church, Clarendon, Texas, was the scene of an elaborate wedding February 19, 1956, when Miss Gail Jean Craig, 4705 "D" Tremont, Dallas, Texas, the daughter of the late Mr. and Mrs. James B. Craig of Los Angeles, California, became the bride of Mr. James Offie McKee, 4720 Junius Street, Dallas, Texas, the son of Mr. and Mrs. George O. McKee of Clarendon, Texas.

The formal double-ring ceremony was read by the Reverend Conrad Ryan, Minister of the First Methodist Church. The church was decorated with a variety of white floral arrangements. Music was presented by Mrs. Millard Word, organist, and Miss Mary Jo Hester, Waco, Texas, soloist. The musical selections chosen by the bride were "Always", "I Love You Truly", and the traditional processional and recessional marches. During the ceremony "Dearly Beloved" was played.

The bride, given in marriage by Mr. John H. Jones, uncle of the groom, wore a gown of exquisite starlight white Chantilly lace and tulle. The gown was fashioned with a figurine stem bodice of lace, set in tulle portrait neckline edged with lace petals, embroidered with iridescent sequins; this was repeated on the yoke of the gown. Long lace sleeves tapered to petal points

over the bride's hands. The beautiful skirt, composed of layers of misty tulle, was defined with lace insets, and was a formal floor length. The bride's headpiece was white sequin flowered with French imported illusion drifting to a finger tip length. The bride carried a bouquet of white carnations, lily-of-the-valley, and white satin bows and streamers.

The matron of honor, Mrs. Harvey Spence, Dallas, Texas, wore an aqua formal floor length nylon tulle covered taffeta dress. Her headpiece was of aqua velvet and not fashioned after a coronet. She carried a bouquet of white carnations. Candle-lighters for the ceremony were Miss Carol Ann Evans, Clarendon, Texas, and Miss Kathy Humphrey, Pampa, Texas, who were dressed identically in formal floor length yellow nylon net covered taffeta dresses. They wore matching gloves and their headpiece was fashioned of yellow net and taffeta.

Master James Raymond McKee, Pasadena, Texas, and Master Ronnie Harold McKee, Borger, Texas, nephews of the groom, acted as ring-bearers in the processional, and carried white slipper satin pillows on which rested the gold wedding rings used in the ceremony.

The Groom's brother, Mr. Thomas Raymond McKee, Pasadena, Texas, acted as best man. Groomsman for the ceremony were Mr. G. Harold McKee, a brother to the groom, Borger, Texas, Mr. Charles E. Evans, Dallas, Texas, and Mr. Charles D. Murphy, Amarillo, Texas.

The mother of the groom chose for the occasion a navy blue crepe dress with black accessories, as her costume. Her corsage was of pink carnations.

MRS. JAMES OFFIE MCKEE

Immediately following the ceremony, a reception was held at the Fellowship Hall. Presiding at the Bride's Book was Mrs. Helma Bell, Dallas, Texas; Mrs. Thomas Raymond McKee, Pasadena, Texas, presided at the cake; and punch was served by Miss Christine Bell of Dallas.

The bride chose as her traveling costume a tailored navy blue suit with white and navy blue accessories. Her going away corsage of white carnations was taken from the bridal bouquet.

The bride and groom will be at home at 4705 "D" Tremont, Dallas, Texas, after their wedding trip along the Southern Gulf Coast.

The out-of-town guest list included Mrs. Helma Bell, Miss Christine Bell, Mr. and Mrs.

Harvey Spence, and Mr. Gene Evans, Dallas, Texas; Mrs. S. C. Smith of Blythe, Calif.; Miss Mary Jo Hester, and Mr. Raymond Rutherford, Waco, Texas; Mr. and Mrs. Raymond McKee and James, Houston, Texas; Mr. and Mrs. J. C. Humphrey, Jerome and Kathy, Mr. and Mrs. C. L. Wallace, Mr. Tommy Auwing, and Mr. and Mrs. Bert McKee, Marjory and Billy, Pampa, Texas; Lucille Jenkins, Mr. and Mrs. Troy Hamblen, Miss Sheryl Earl and Mr. Charley Murphy, Amarillo, Texas; Mr. Loyd McKee, Mr. Oscar McKee, Memphis, Texas; Mr. and Mrs. Jack Babcock and Billie, Groom, Texas; and Mr. and Mrs. Roy McKee and Helen, Hedley, Texas.

REHEARSAL DINNER HONORS CRAIG-MCKEE WEDDING PARTY

Mr. and Mrs. George McKee were hosts at a rehearsal dinner Saturday evening, February 18, at the Donley Hotel honoring their son, James, and Miss Gail Craig.

Attending were, Rev. and Mrs. Conrad Ryan, Mr. and Mrs. Millard Word, Mr. and Mrs. John Jones, Mrs. N. L. Jones, Mrs. S. C. Smith, Mrs. Jean Hester, Mrs. J. C. Humphrey, Mr. and Mrs. Kermit Evans, Kathy Humphrey, Carol Evans, Charlie Murphy, Miss Mary Jo Hester, Mr. Raymond Rutherford, Carl Evans, Gene Evans, Mrs. Helma Bell, Miss Christine Bell, Mr. and Mrs. Harvey Spence, Mr. Marvin Hamblen, Mr. Loyd McKee, Mr. Oscar McKee, Mr. and Mrs. Harold McKee and Ronnie, Mr. and Mrs. Raymond McKee and James Raymond, the honorees, Jim McKee and Miss Gail Craig, and the hosts, Mr. and Mrs. George McKee.

HOSTS AT DINNER

Mr. and Mrs. Harold McKee and Ronnie were hosts at a dinner in their home Sunday noon. The table was laid with a beautiful crocheted cloth, handmade by the hostess. Pink napkins and cake decorated in pink and white added to the decor.

Enjoying this courtesy were Mr. and Mrs. Raymond McKee and boys, Mr. and Mrs. George McKee and Jim, also Mrs. S. C. Smith and Gail, Mr. and Mrs. Harvey Spence, Mrs. Helma Bell and Christine and the hosts.

LES BEAUX ARTS CLUB

Les Beaux Arts Club held a Guest Day Tea Friday afternoon at Patching Club House. Mrs. John Head, president, introduced Mr. Tom Owens, artist of Interior Design from the Amarillo Art Gallery as speaker. His subject was "Pictures, Why and How to be Used in the Home."

Mr. Owens showed several paintings of famous artists, also silk screen paintings. Approximately 75 guests and members attended.

Hostesses were Mesdames C. T. McMurtry, W. H. Patrick, Pete Kunz and Frank Bourland.

GARDEN CLUB

Garden Club met Thursday afternoon, February 15, in the home of Miss Etta Harned with Mrs. Floyd Lumpkin assisting hostess. The usual order of business was taken care of with the secretary's report and roll call. The Lord's Prayer was repeated in unison.

The program was presented by Mrs. O. C. Watson and Mrs. Joe Goldston. Mrs. Watson's subject was "Geraniums." She mentioned the fact that there were many species such as the "fish geranium" and the pelargonium, one of the most common house plants; many are of the centered variety and many are non-blooming. She also discussed the growth and culture of these plants and how to start plants. Adding to the interest of the discussion was a picture of the Geranium, painted by Mrs. Watson and displayed. Mrs. Joe Goldston's subject was "Peonies." Mrs. Goldston stated that there were many "Peonies" in flower gardens over town. She gave interesting facts regarding their culture, including color, growth, etc.

Refreshments of cake, coffee, nuts and mints were served to Mesdames Lena Antrobus, Loyd Benson, John Goldston, Bill Greene, Joe Goldston, Carrol Knorpp, Pete Kunz, Frank Phelan, M. C. Rumpy, W. W. Taylor, H. T. Warner, O. C. Watson, John Potts, and Miss Ida Harned by the hostesses, Miss Etta Harned and Mrs. Floyd Lumpkin.

MIDWAY CLUB

Club met Feb. 21st with Eva Allgren. An enjoyable day and delicious dinner were enjoyed by Eddie Williams, Ellen Moreland, Marjorie Hensley, Delia King, Eula Butler, Nell Land, and the hostess. We were especially proud to have as our guests Mesdames J. I. Spurgeon, H. T. Warner and C. M. Ryan.

A quilt top was pieced by the members and donated to the club by Mrs. Allgren. The Club is to have a call meeting Tuesday, Feb. 28th at Nell Land's and quilt the top which is to be sold later. Everyone bring a sack lunch.

Our next regular meeting will be with Eula Butler, March 6th.

KAPPA KAPPA THETA

Kappa Kappa Theta met on February 20, in the home of Jo Anne Davis with Shirley Blackwell acting as hostess.

The meeting was called to order by president Jeannie McAnear. There were four members absent.

We discussed our sweaters. The sizes were taken and each member ordered a sweater.

Next we discussed helping the Muscular Dystrophy. We would like for all of you who are interested in contributing to this fund to please turn on your porch light, on the night of March 23. The members of Kappa Kappa Theta will begin collecting at 7:00 o'clock, but if we don't get to your house early, just be patient, because we will come to every house with a porch light on that night. Every contribution large and small will be appreciated.

We also talked about the Easter Parade which will take place on March 30, in the High School auditorium at 7:00 o'clock. An admission of 50c and 25c will be charged. It promises to be a very good program of the pre-school age children in their Easter frocks, so be extra sure to attend.

After other unfinished business the meeting was adjourned. Refreshments were served by Jo Anne Davis and Shirley Blackwell to the members of Kappa Kappa Theta and their sponsor, Mrs. Tom Jinks.

The boxes of food and clothing were arranged and all of the members along with Mrs. Jinks delivered the boxes to the needy family which the club chose to help at a previous meeting.

H. D. CLUB

The senior H. D. Club will meet Thursday afternoon, February 23, in the home of Mrs. Lena Antrobus, with Mrs. O. C. Watson co-hostess. Meeting time is 3:00 p. m.

The Donley County Leader, \$2.50 a year.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met Feb. 16th for a regular meeting in the Club Room with Mary Bell DeBord serving as hostess. She had the room cheery with pot plants, and a centerpiece depicting a hatch scene on the long covered table. The officers table was decorated by a colonia planter filled with ivy. Mrs. Ivan Tolleson, president, opened the meeting with a prayer. Mrs. Laura Mahaffey read minutes, and several thank you cards, and called the roll with which every one answered a hint on gardening or raising flowers.

The program for the afternoon was landscaping and gardening. Mrs. Ivan Tolleson gave a paper complete with sketches and photographs entitled "Plan and Plant for a Double Reward." Mrs. Laura Mahaffey's informative article was "Shrubs and Trees in the Home Yard". Since both of these ladies have a "Green Thumb", their interesting talks carried lots of weight and everyone enjoyed their presentations, and later joined in roundtable discussions.

At our next meeting March 1, Mrs. Charlotte Word will bring the Patriotic Program with a unique angle on Texas Independence. Mrs. Isla Mae Marshall will be hostess.

The hostess served a refreshment plate of pastry and cheese hatchets, cherry pie and whipped cream, coffee and cocoa to ten members and two guests, Mrs. Lefa Graham from Vernon, and Mrs. Gussie Mothershed from Parnell.

Mr. and Mrs. L. H. Spurlock and family of Amarillo spent Monday night in the Pete Borden home. Mrs. Spurlock and Mrs. Borden are sisters.

826 BOOK CLUB

Mrs. Bea Antrobus and Mrs. Clara Gillham were hostesses to the 1926 Book Club members Tuesday afternoon at Patching Club House. They served delicious George Washington cherry pie and coffee.

Mrs. Chas. Lowry gave an appropriate devotional, and then Mrs. Carrie Porter, the club president, conducted an important business meeting.

Mrs. Naomi Phelan reviewed "Atoms in the Family" by Laura Fermi. Mrs. Phelan gave a sympathetic interpretation of the lives of Laura Fermi and her husband, Enrico Fermi, the great Italian physicist.

Mesdames Ellen Bryan, Carrie Porter, Bea Antrobus, Clara Gillham, Ruby Bromley, Mary Thornberry, Vena Hudson, Lena Morris, Chas. Lowry, Evadne Cox, Thelma Bairfield, Viola Bones, Anna Ballew, Virgie Johnson, Marguerite Goodner, and Mrs. Ryan, a guest, attended the meeting.

MARTIN QUILTING CLUB

Martin Quilting Club met Feb. 16th with Margaret Waldrop. Eight members and one visitor was present. One quilt was finished. Those present were Lela Bulman, Linnie Cauthen, Eunice Land, Lois Stevenson, Blanch Higgins, Dorothy Sullivan, Veda Elliott, Margaret Waldrop and Annie Waldrop visitor.

The next quilting will be with Linnie Cauthen March 1st.

CHAMBERLAIN CLUB

The Chamberlain Club will meet in the home of Mrs. A. O. Hott on March 1st.

Mr. and Mrs. Perry Beach spent week end with his mother, Mrs. Mattie Beach.

Mrs. Meadows of Houston is visiting in the home of her daughter, Mrs. Leon Foster.

Our community had anxious moments when word was received by Mrs. Quincy Chessier that her son Allen Cope was a passenger on the plane which crashed.

Allen called his mother before the war department found the wrong passenger list was issued. Like many things it was bad, but it could have been worse. Three of our Texas boys did lose their lives in the crash.

By VERN SANFORD Texas Press Association

AUSTIN—US Trust and Guaranty creditors can expect first payments about mid-July, Liquidator J. D. Wheeler told the Senate investigating committee.

Liquidation process was set in motion when a Temple firm was appointed to collect notes owed US Automotive Service, a US Trust affiliate.

Insurance Com. Chmn. J. Byron Saunders would not say that Texas is "over the hill" yet with insurance problems. But he did say that companies which pass the solvency test and get licenses after May 31 "will be entitled to public confidence."

If sound management had been instituted, US Trust might have been saved as late as last fall, according to a Dallas CPA who made a partial audit. Felix Einsohn said he found inadequately trained clerks handling million-dollar operations. He quit work after refusing to prepare for A. B. Shoemaker, president, a "certified financial statement inconsistent with my evaluation of facts."

Continuing its "clean-up" drive the Insurance Commission:

1. Granted leaves of absence to four examiners named in a suit alleging conspiracy to commit fraud, but indicated they would not be re-employed.

2. Ordered the following companies to "show cause" why their permits should not be revoked: Trans-Mutual Life Insurance Co. of Dallas; American Home Mutual Life Insurance Co. of Dallas; Texas Union County Mutual Insurance Co. of San Antonio; and Merchants National Life Insurance Co. of Denton.

3. Announced plans to cut rates for insuring crops against hail

damage.

4. Reminded companies that all advertising of insurance securities must be approved by the commission before publication.

Hart Back With Governor
Return of Weldon Hart to his old job as Gov. Allan Shiver's first assistant is causing much speculation.

Hart has been serving as chairman of the Texas Employment Commission since 1953. Before that he was the governor's top political and public relations strategist.

His return to the Capitol is variously interpreted as (1) girding for the battle to control the Democratic state convention, (2) priming for new political campaigns, or (3) an aid in clearing up criticism resulting from insurance developments.

Democratic Leaders Exchange Fire

Early skirmishes by rival leaders in the Texas Democratic party indicate a real brawl for state convention control in May.

Executive Committee Chairman George Sandlin charged the Liberals are planning to bolt the convention if they don't win out. He proposed a "winner-take-all" agreement to avoid sending competing delegations, to Chicago as in 1952.

Liberals Byron Skelton and Tom Moore Jr. countered with predictions that the "Shivers Executive Committee will control the party machinery, in particular the credentials committee — depriving legally elected delegations of their votes."

As each faction held schools and sent out literature to bolster its strength, the sniping continued. Samples: Conservatives said Liberals were bringing in out-of-state union organizers; Liberals said Conservatives would use machine tactics and tricks.

Amendments Listed

A drawing for positions on the Nov. 6 ballot gives first place to the constitutional amendment providing for financial compensation to prisoners later found innocent of a crime.

Tom Reavley, Secretary of State, conducted the drawing, assisted by Sibyl Dickinson of the same office.

Second on the ballot will be the amendment relating to re-alloc-

MYSTERY FARM NO. 40 — Truett Fields place located approximately 4 miles southwest of Jericho. There are 664 acres in the place with 609 under cultivation. Wheat is the main crop.

tion of county funds; third, an amendment broadening the University of Texas investments and the college building program; fourth, one expanding teacher retirement; fifth, a \$100,000,000 veterans' land bond issue; sixth, revising the constitutional oath of office; seventh, providing waiver of jury trial in lunacy cases; and eighth, authorizing a judge to deny bail in a felony case to a person twice previously convicted of felony.

Because of a legislative error in the context of the ninth amendment, authorizing aid to the totally disabled, it will have to be voted upon at a special election on Nov. 13.

"Right-to-Work" Decision Due

Texas Supreme Court reports it will make a decision soon on the validity of Texas' "right-to-work" law. Previously the court had set the case aside pending U. S. Supreme Court action on a similar Nebraska case.

An early decision by Texas high court might permit the issues involved to be considered by the federal tribunal before it rules on the Nebraska case.

LELIA LAKE NEWS

Mrs. H. R. King

1955 Cash Income Of Texas Farmers Shows Decrease

AUSTIN-Cash income of Texas farmers fell 4 per cent in 1955 from the 1954 level, from \$1.89 billion to \$1.82 billion, the University of Texas Bureau of Business Research reports. "While national and state economies were bursting at the buttons in a mounting wave of prosperity during 1955, many farmers grimly chalked off the year as a losing one," the Bureau's monthly publication, Texas Business Review, points out. "Despite strong demand for agricultural products, prices sagged under the weight of huge surpluses. "Yet, factory-made farm implements and machinery continued to increase in cost," the 1955 review notes.

FARM NEWS

from the County ASC Committee

WHEAT UNDER LOAN MUST MEET SANITATION STANDARDS

Farmers who have farm-stored wheat from the 1955 crop under price support are responsible for maintaining the quality and quantity of the wheat placed under loan.

Wheat put under loan since last July 1st must meet the sanitation standards of the Food and Drug Administration. At the time the loan was made by the Commodity Credit Corporation the wheat was examined to be sure the sanitation standards were met. If the loan is not repaid by the maturity date and the CCC accepts the wheat to satisfy the loan, the grain must meet the same sanitary standards.

MORE CATTLE AND CALVES ON FEED

The number of cattle and calves on feed for market on January 1, 1956 was 1 per cent larger than 1 year ago, according to the U. S. Department of Agriculture. The year's 5,823,000 head compared with 4,788,000 head on January 1, 1955, and the 1950-54 average of 5 million head. The number on feed in the North Central States was about the same as a year ago. In the 13 Western States it was up 3 per cent.

VETCH AND WINTER PEA VARIETIES FOR TEXAS

Tests of vetch and winter pea varieties for dry forage production have been conducted at several locations in Texas since 1950. The importance of these crops is indicated by more than 26 million pounds of seed planted in the State in 1950. They are used for forage, land cover, green manure and seed production.

Week end guests in the home of Mrs. Joe Terry and Mrs. Jim Frye were Mr. and Mrs. Bob Goodson of Darrouzett, Mr. and Mrs. Earl Albright of Dumas, and Mr. and Mrs. D. W. Hudgins of Amarillo.

Mr. and Mrs. Darell Harper of Panhandle announce the arrival of a son, Alan Dwayne, who was born January 28th.

Senator Price Daniel Introduces Important Legislation

Senator Price Daniel today introduced legislation to amend the Criminal Code and enlarge the prohibition against false advertising by banking or investment companies. Daniel's bill would prohibit the use of initials "U.S." in the firm or business name of such companies and the use of pictures of the Capitol or other public buildings in the advertising when it would be reasonably calculated to convey the impression that the company had some connection with the United States Government. In addition, the penalty for violation is increased from a possible \$1,000 fine and not more than one year in jail to a possible \$10,000 fine and not less than one year imprisonment.

In recent months, a company operating in Texas, The U. S. Trust and Guaranty Company of Waco, Texas, was found to be insolvent. This company, in addition to using "U.S." in its firm name, also advertised on its stationery, in the newspapers, and on television with pictures of the United States Capitol in the background and the slogan "You can put your trust in the U. S. Trust".

"Many persons in Texas, I am informed, invested their life savings in the U. S. Trust & Guaranty Company, at a very desirable interest rate. These investments, in many instances, were made upon the erroneous conclusion, induced by the type of advertising used by the company, that the deposits would be insured or guaranteed by the U. S. Government," Daniel said.

At present, Sec. 709 of Title 18 of the U. S. Code prohibits use of the words "national", "Federal", "United States", "reserve", and "Deposit Insurance" in the firm or business name but the initials "U.S." have not been prohibited, nor has the use of pictures of public buildings. The purpose of the bill is to prevent banking, investment, or other companies of a fiduciary nature, from misleading the public into depositing money on the basis that the deposits are with a company either insured by or con-

nected with the United States Government. This would prohibit in the future organizations such as the U. S. Trust and Guaranty Company from securing deposits by use of advertising on television, in the newspapers, and on the stationery of the company with a picture of the U. S. Capitol and the initials "U.S."

When he introduced the bill, Daniel said: "I want to make absolutely certain that the citizens of Texas and the nation are not again subjected to such misleading representations, and that should this same situation exist in other parts of the country, it will be stopped before other innocent victims are injured severely. The people who are misled by circumstances such as this are the small investors who need protection, since they are not in a position to investigate all the facts for themselves. We have an obligation to prevent the use of the confidence which the people have in the financial security of our government in such a manner reasonably calculated to convey the impression that the United States Government is protecting their private investment when that is not the case."

PIANO PUPILS PRESENT RECITAL

Piano pupils of Miss Mantie Graves were presented in a studio recital Friday evening, February 17th. The recital was originally scheduled for the evening of January 27, commemorating the two-hundredth birthday of the composer Mozart. The program featured a Mozart ensemble of chamber music.

Appearing on the program were Robert Moss, Dennis Stewart, Jerry Bones, Carol Cornell, Barry Hudson, Dianne Moore, Jonna Lee Blocker, Mary Louise Caldwell, Mellie McMurtry, Betty Dever, Schellon Barker, Karen Knopp, Sue Yankie, Glynell Hoggatt, Gayle Bones, Jeannie McAnear, Connie Williams, and Margie Fraser.

Mr. and Mrs. A. D. Estlack and Dana spent the week end visiting their daughter, Mr. and Mrs. Kenneth Sams and children near Brownfield, and another daughter, Mr. and Mrs. Benny Edens and son Bobby, in Midland.

People, Spots In The News

SUSPENDED? Illusion of mid-air "levitation" created as these gals sun-bathe on inflated pallets on crystal-clear water of pool on island of Jamaica.

GHOST-RIDING over rooftops is illusion as skier passes judges' stand at St. Paul tournament.

CHAMPION yam grower Cliff Saverance, 15, of Lamar, S.C., netted \$1,000.72 from one acre in better farming-better food contest sponsored by A&P, and wanted to "see his profit in quarters" (until recently his weekly allowance was: 1 quarter!)

THEY'RE IN—Newest "rookies" in baseball's Hall of Fame, Joe Cronin and Hank Greenberg—now general managers of Boston Red Sox and Cleveland Indians respectively—exchange congratulatory hugs at American League conclave.

Mr. and Mrs. J. W. Butler and family of Borger were weekend guests in the home of their parents, Mr. and Mrs. Clyde Butler.

Those visiting in the Ben Nelson home over the week end and helped celebrate Ben's birthday were Mr. and Mrs. Delbert Thomas, Wayne and Jerry of Groom; Mr. and Mrs. Charles Brown and Gerry, Clarendon; Ben says he isn't getting old, he has just been here a long time.

LOCAL PEOPLE STUDY WITH FAMED ARTIST

Dr. Leo Podolsky, concert pianist, teacher, lecturer and editor was in Amarillo Saturday and Sunday to give private lessons and to coach pianists at the Musical Arts Conservatory. This appearance was his fourteenth as guest artist at the Conservatory. Miss Mantie Graves, teacher of piano and organ, and one of her pupils, Miss Dianne Moore, were in Amarillo Saturday for private lessons. Both had the pleasure of studying with Dr. Podolsky in Chicago last summer.

FIVE GENERATIONS PRESENT FOR BIRTHDAY DINNER

Mr. Henry Simmons of Texola, Okla. was honored with a birthday dinner at the home of Mrs. Opal Brewer in Amarillo Sunday. Five generations were present for the occasion. Included were Mr. and Mrs. M. E. Hopkins and girls of Clarendon. Mrs. Hopkins is the granddaughter; Mr. and Mrs. S. J. Smith and children of Clarendon. Mrs. Smith is the great granddaughter and the Smith children, Stevie, Janis and Jerry are the great, great grandchildren.

CARD OF THANKS

We wish to thank our friends for their many expressions of kindness and interest in her welfare during Katherine's recent illness. Your flowers, gifts, cards and letters are greatly appreciated.

Mr. and Mrs. Harold Bugbee
Mrs. W. H. Patrick

CARD OF THANKS

Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Their comforting expressions of sympathy, thoughtfulness, food and beautiful flowers will always be remembered.

Mr. and Mrs. R. R. Partain

Some time ago we used some town slogans or signs at the outskirts of some of our cities. We received this one that you see on the approaches of Hondo, Texas; "This is God's Country don't drive thru it like Hell."

Send us the town sign that you consider the most unusual and we will share it with our readers.

One of our good friends sends us the following from her scrap book:
It's a heap of satisfaction
When a helping hand you lend;
Just to know someone's happier,
'Cause you paused to be a friend.

"It is surprising to find that great heights can be attained just by remaining on the level."
"The main difference between stepping stones and stumbling blocks is in the way we use them."

The above along with the following short poem was sent to us by Maurine Seale of 2703 S. Taylor St. Amarillo. Maurine is starting a scrap book so please send her something to put in it. She is a member of our Shut-In Club and one of the most wonderful persons we have ever met. The poem; THE QUITTER by Robert Service—
It's easy to cry that you're beaten and die,
It's easy to crawl and crawl
But to fight and to fight when hope's out of sight,
Why that's the best game of all.
And tho' you come out of each gruelling bout
All broken and beaten and scarred—
Just have one more try; it's dead easy to die,
It's the keeping on living that's

hard.
"You'll never get indigestion from swallowing your pride once in awhile."

We have been told time after time that anyone could have more friends by just keeping quiet on the liquor question. I guess we just can't and will have to suffer the consequences. We have listened to all the argument about free enterprise, right to advertise and all the other statements put out by the wets and the damps, but we just can't be sold on the ideas.

The record speaks for itself; the brewers are not out so much to sell their product over some competitive brand but their aim is to get new customers for their poison; and you can get the doctors record that it is a poison and a drug if you want it. Neither do they stop with trying to get the wets and the sippers to try their product but 90% of all their advertisement is angled at the youth of our country, and at the home. Watch this; they won't try to prove that liquor doesn't hurt you; that it won't get you into trouble and things like that, but all their efforts are bent on the task of teaching our boys and our girls that it is the smart and the socially accepted thing; that everybody is doing it.

Several foreign nations have crumbled because of the drink addiction, yet we stand by and let the brewers sell our children

down the river and never object; some times we innocently argue that the revenue has helped. God pity the nation that tries to profit from this blood money.

Just remember these facts: Anything that contains alcohol is a poison, and every time you drink any amount of it you die a little. This is based on medical findings in an article published in last months Pageant Magazine.

Also, when a young person takes his first drink these odds confront him.

One chance out of nine becoming a hopeless alcoholic.

One chance out of three of becoming a problem drinker.

One chance out of four having your marriage fail due to liquor.

One chance out of four having a fatal accident due to liquor.

Just remember young people; your chances for becoming a Man of Distinction are much less, if you drink (Liquor ads not withstanding)

Your chances to become the Man of Extinction are much better if you drink.

We were told in the Terrible Thirties when we were ready to try anything that Prohibition was the cause of some of our troubles; too many good people fell for this. We are waking up, and many of you will see prohibition again and you might see it work; it will if just the Christian people will get behind it.

Roger Babson predicted in his column recently that we would

see Prohibition again and that the automobile industry would get behind the move to bring it about. Governor Gary of Oklahoma offers proof that it has work there. Pensions have been raised and many other liberal benefits have been passed along due to the saving because liquor is not sold on every corner.

Anyway, we seem compelled to always speak up and cast our lot against this evil and poison. If we ever have cause to believe that we helped one young person to never drink the stuff we will feel like our efforts were for good.

U. S. TREASURY DEPARTMENT INTERNAL REVENUE SERVICE

Thousands of farmers have not paid their 1955 self-employment tax in filing their 1955 income tax return, according to Mr. Ellis Campbell, Jr., District Director of the Dallas District of Internal Revenue Service.

Farmers became subject to paying the self-employment tax during 1955 for the first time. Mr. Campbell stated that it appears that many farmers feel that self-employment tax coverage is optional for farmers. This is not true. Under the provisions of the new self-employment tax law, the farmers become subject to this tax on the same mandatory basis that they are subject to income tax. Farmers should care-

fully review the self-employment tax instructions before filing their tax returns. These instructions require careful study before the farmer can determine whether he is subject to self-employment tax and, of course, whether he will eventually be eligible for Social Security benefits under the law.

SOCIAL SECURITY INFORMATION

Farmers should keep adequate records in order to be able to file complete tax returns, John R. Sanderson, District Manager of Amarillo Social Security Office announced today.

"By all means keep a complete record of all your income, and all your expenses from your farming operation," Mr. Sanderson continued. "Keep your records up to date by recording daily each sale of a farm product and each expense for feed, fertilizer, and other farm expenses. Personal living expenses, such as your own

food, clothing, and the like, are not considered farm expenses. This record of your farm expenses and income will make the job of filing tax returns at the end of each year easy."

"Many more tax returns from farmers will be received this year," Sanderson added. "This is true because the coverage of farm operators by social security will require a tax return from every farmer who nets as much as \$400 from his farming, even if no income tax is payable. Tax return forms for farmers may be secured by writing the District Director of Internal Revenue.

"If you are a farm operator, whether you raise peanuts, popcorn, pigs, poultry, or other farm product, you are obligated to pay self-employment tax and thereby earn social security credit, provided, of course, that you net \$400 from your farming in the taxable year," Mr. Sanderson said.

A Message From Your Chamber Of Commerce

C of C Advertising Committee

Dear Citizen: We realize that our first letter has surely raised some questions in your mind about what the Chamber of Commerce has done in the past and what the Chamber of Commerce is going to do in the future. We feel that we must depend on you for our future pro-

jects and knowing that you are interested in what is being done, we want to take this opportunity to remind you of things your chamber of commerce has accomplished in the past and to give you a basic outline of our proposed future work program.

The following is a list of just a few things that your chamber of commerce has accomplished.

1. Applied for water rights on the Salt Fork Basin and kept them for this area for our future development.
2. Brought highway 70 into Clarendon, thereby bringing more traffic and trade into our city.
3. Purchased Christmas decorations for the streets, Christmas tree and the star on the water tower.
4. Stage a Christmas tree each year with sacks of goodies for the youngsters given out by Santa.
5. Help put on the stock shows, county fair, fourth of July Celebration and various clinics held in Clarendon.
6. Established a sound solicitations control program.

Below is the basic outline of our proposed future work program.

1. Assist the hospital board as needed in reactivating the hospital.
2. Sponsor a clean up program in the city of Clarendon.
3. Assist with the continued paving of all streets in Clarendon.
4. Sponsor a campaign to get metal street signs on all streets in Clarendon.
5. Work toward getting an enlarged phone system and enlarged rural phone service.
6. Work toward expanded park facilities.
7. Work with civic clubs and other organizations in formulating a well rounded youth program.
8. Work for expanded retail trade promotion.
9. Assist and support highway and farm to market programs affecting our county.
10. Continued efforts to build

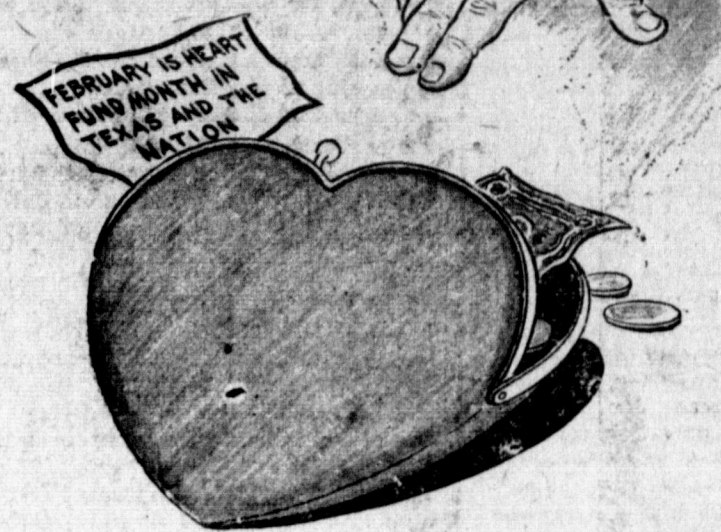

HOW TO GET DEPENDABLE TV SERVICE

Depend on dependable Connie's Quality and Know How. Just Phone 54-J or 466-W for fast, efficient service you can rely on. All work and parts positively guaranteed for 90 days.

CONNIE'S RADIO & TV SERVICE

DIG DEEP FOR THE HEARTS OF TEXAS

a dam on the Salt Fork River.

11. Work with farmers and ranchers in developing an agricultural program to further their interests.
12. Lend support to present industry and work toward obtaining additional small adaptable industries for our community.
13. Lend our support to the city, county and schools in obtaining new school and college facilities as needed.

Some of us are prone to look back and say why didn't they do this or that—if we would only stop to think, we would realize that this "they" everyone talks about is ourselves. It is the wise person who realizes the past is gone and cannot be recovered and that we must plan for the future and profit by our past mistakes.

Do you want to see Clarendon and Donley County grow and progress?

Do you want to see each individual and each business to grow likewise?

Do you want your children to have the opportunity of making

their living in Clarendon?

Will you work on the various chamber of commerce committees?

The only way we have of finding out what you would like for your chamber of commerce to do is to ask for your help and advise. If you would be so kind as to write your suggestions and mail them to your chamber of commerce office it will enable your board of directors to formulate a work program based on your desires.

We are asking for your help in building a larger and better community. Will you do your part?

Bacteria Warfare On Texas Cotton Pests

John C. White, Commissioner Texas Dept. of Agriculture

The dread pink bollworm, Texas' most destructive cotton pest, may fall prey to a kindly new-found "bug" that thrives on insects—especially serious ones.

A bacteria-carrying type nematode, discovered about a year ago, has so far proved deadly to some of our worst crop pests, including the codling moth, the corn earworm, and the two scourges of Texas cotton—the boll weevil and pink bollworm. The nematode is harmful neither to man, plants, nor animals.

If preliminary findings are upheld in research projects now underway, the disease-carrying bug may have broad-scale application and value to American agriculture in controlling insect pests.

The bacteria-carrying nematode releases its disease by piercing the intestine of the insect larvae or adult. The bacteria multiply rapidly and quickly kill the insect—usually in less than 24 hours. They also serve as a source of food for the nematodes, permitting them also to multiply rapidly.

60-70 Per Cent Control Possible

The parasitic nematodes have been produced in early tests by using larvae of other insects as hosts. Each larvae, can produce about 150,000 nematodes, which can be maintained in the body of the host or in jars of pure water that are refrigerated or aerated.

Limited field tests indicate that 60 to 70 per cent control of some insects may be possible with the nematode-borne disease. The dis-

ease-carriers have proved hardy to unreasonably hot and cold temperatures, but are most active when temperatures are moderate.

Moist conditions are also important because the nematodes move about in a film of water and cannot survive drying. However, they can live through long periods without rain by remaining in the host insect, in the soil, under the bark of trees, or in the stems of plants where moisture is available.

The nematode in its infective stage can survive long periods without food. This permits survival when hosts are not available.

They are resistant to most insecticides in common use and can be applied through high-pressure spray nozzles without too great a degree of mortality. This makes it likely that both the nematodes and insecticides could be used simultaneously for insect control.

Despite the promise of a successful "bacteria war" on serious insect pests, a lot more research must be done before it can become of real value to farmers. Much remains to be learned about the best time, mode of treatment and eventual effectiveness of the parasitic nematode in protecting our crops.

What we do today determines the destiny of the next generation

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN — An Austin district court has cleared the way for liquidation of the assets of US Trust and Guaranty Co. This means that creditors may get back at least a part of their investments from the defunct concern.

Judge Charles O. Betts ordered the company and two subsidiaries, US Automotive Service and Arkansas Fire and Marine Insurance Co., into permanent receivership. What exact percentage creditors will recover is not yet known. Rep. Bert McDaniel of Waco, US Trust attorney, filed a petition for certified draft holders asking that they be given priority. If the petition is granted,

said an Insurance Commission attorney, they will get all their money back.

Some 5,600 draft holders put in an estimated \$5,800,000.

State testimony on US Trust operations cited many examples of unorthodox bookkeeping, annual statements bolstered by borrowing, blown-up real estate values, and minutes of board meetings never held.

Judge Betts released personal assets of six company directors from an injunction banning disposal. But he made it clear they were not dismissed as defendants or freed from liability as directors.

Refund of attorney's fees by members of the Texas Legislature is helping to increase the

assets of the defunct US Trust and Guaranty Co. Two state senators started the ball rolling by announcing they were sending to the liquidators all legal fees received from US Trust—to be divided by creditors. Senators William Shireman of Corpus Christi and Carlos Ashley of Llano said they had not been given an opportunity to earn their retainers. Shireman received \$3,000; Ashley, \$10,000. Both were paid in cash.

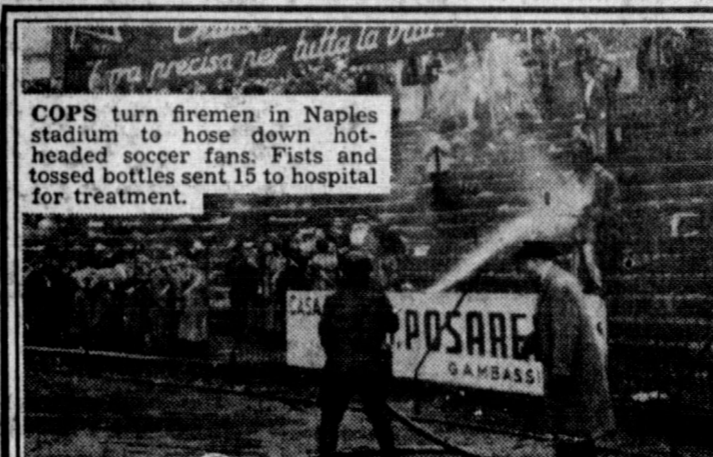

A four-pronged investigation is under way by committees from both the House and the Senate to: (1) check functions of the Insurance Commission, (2) study circumstances surrounding operation and collapse of US Trust and Guaranty Co., (3) determine if remedial legislation is needed, and (4) investigate lobbying practices.

A. B. Shoemaker, US Trust president who shot himself through the head Jan. 7, was moved from a private hospital in Waco to the Veterans Administration Hospital in McKinney. Family spokesmen said they were no longer able to pay heavy hospital bills. Doctors would not comment on whether they thought Shoemaker, apparently the only person who knows, or ever knew, the ins and outs of US Trust, would ever recover sufficiently to testify.

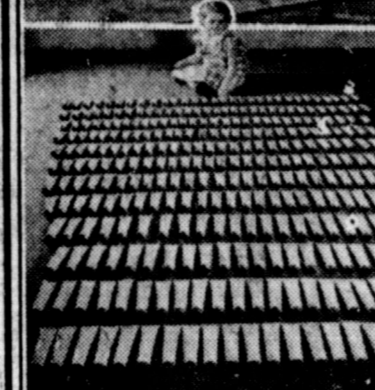

Insurance Commissioner Garland A. Smith, hospitalized with a stomach ailment two weeks ago, has resigned. His doctor recommended indefinite rest. Smith said he felt he had been made the "whipping boy" in the current controversy. Critics of the administration had sought to strike at the governor through him, he said.

Gov. Allan Shivers and Com. Chmn. J. Byron Saunders refuted "scandal" charges in luncheon

professional fields.

Workers in agriculture include editors of publications, soil conservationist service fieldmen, county agricultural agents, vocational agriculture teachers, home economics teachers, workers in farm organizations such as Farm Bureau and Grange, agriculture field representatives for business and commercial concerns, directors of farm radio programs, Chamber of Commerce agriculture workers, forestry workers, and any other types of professional people who may be eligible.

He said that equal consideration will be given to all persons engaged in research supporting

agriculture irrespective of creed, color, nationality, or professional and scientific affiliation.

Shaw said that anyone who wishes may nominate an agricultural worker for the award. The nominee may live either within or outside the region in which he is nominated. These nominations are to be forwarded not later than April 1, 1956, to the chairman of the regional committee, together with a full description of the achievement of the candidate and with any available clippings and publications.

Among the counties included in this Region is Donley County.

speeches last week. "Whenever there is a violation of the law and the commission takes action against a company, there seems to be a 'scandal,'" said Saunders. He predicted results of the "solvency call" due by May 31 will reveal only about 5 per cent of Texas 1,400 companies to be unsound.

Taking a similar tack, the governor said that in the past six years only 15 out of 29,000 state employees had been fired, suspended or indicted for dishonesty. It is unfair, he contended, to smear the honest majority, because of the actions of a few.

Every day brings with it evidence of the commission's new "get tough" policy.

Hearing was set for April 3 to consider revising credit insurance rates. These have come in for sharp criticism recently as providing a legal means of greatly increasing charges on small loans.

Blunt warnings were issued to persons violating the new securities law. "Although bona fide personal investments are not subject to registration," said a letter to insurance company executives, "securities owned by officers, directors or salesmen cannot be sold unless registered."

The 1956 Hoblitzelle Achievement Award To Be Made In May

The 1956 Hoblitzelle Achievement Award for the Advancement of Texas Rural Life this year will go to the professional worker in the field of agriculture who has made the most worthwhile contribution to agriculture in Texas during the past three years.

The award is a \$5,000 cash prize and a gold medal. It will be made through the Karl Hoblitzelle Agricultural Laboratory of Texas Research Foundation at Renner in May, 1956, Dr. C. L. Lundell, Director of the Foundation, announced.

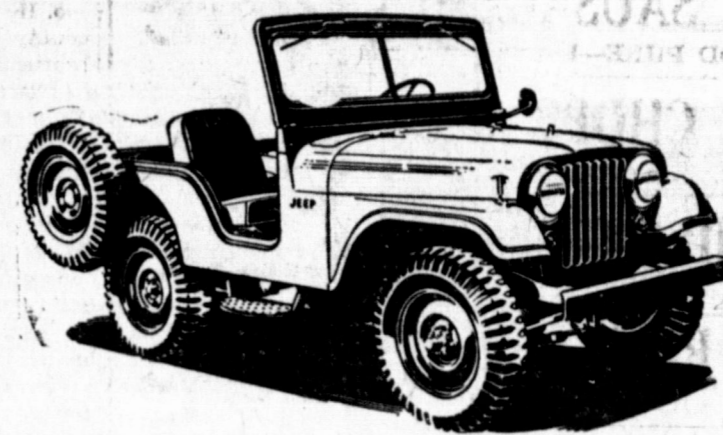

Regional committees throughout the state have been named to receive and to make nominations of the candidates for the Hoblitzelle Award. In the Panhandle-Plains area, the regional committee is headed by Mr. A. B. Slagle, Editor of Southwestern Crop and Stock, Lubbock. Other members of this committee are: Mr. Walter Labay, Area Supervisor of Vocational Agriculture, Plainview; and Mr. Knox Parr, District Agent of Extension Service, Amarillo.

The Hoblitzelle Agricultural Awards were established in 1950 by Karl Hoblitzelle, Texas theatre man and philanthropist, to recognize out-standing contributions to agriculture and to the

sciences which serve agriculture.

Fred M. Shaw, secretary for the Awards, reports that the specific award to be made this year is given every third year to the Texan who has made the most outstanding contribution to the advancement of agriculture in the

FARM SURPLUS HOGGABOO—EXPOSED

What has caused the present plight of the American farmer? The generally accepted answer in this country to this question is "farm products surplus". This is not true. If it was true, the answer to the farm problem would be very simple. Simply destroy the surplus. Many would say that it would be criminal to destroy food products. I would agree. But if I was confined to a choice between destroying some food products or destroying farm families all over this country, the choice would be an easy one for me and for you. The truth is that the destruction of such surplus would not solve the farm prob-

lem. If it would, you can rest assured that the surplus would have been destroyed long ago and the farm problem settled.

The farmer is simply going through another post war era as he has in the past history of this country and is being victimized by the same identical methods and by the same group of tricksters as in the past. The "farm products surplus" song and dance is nothing more than a smoke screen behind which the same kind of sharpies that followed World War I are hiding. It is simple to see that if the surplus was causing the trouble, you could kill two birds with one stone by destroying it. First, it would do away with the trouble and thereby solve the farm problem. Secondly, by destroying the surplus products, you would save the amount of money that it costs to pay storage and rental thereon.

I am not guessing about this because I know that in economics if surplus depresses the market in one phase of the economy, to wit, farm products, it should have the same identical effect in another segment of the economy, to wit, automotive equipment. To find the answer that farm surplus is not causing the problem all we have to do is to look at the figures that have been compiled as to both types of products. Using the year 1947 as the beginning year we find that automotive equipment enjoyed an increase of 37.8 per cent by November, 1955. Yet there has been a continual increase in the production of auto-

motive equipment and great surplus have accumulated. The retail automobile dealers recently had a meeting in Washington and one of the great complaints was the fact that the surplus cars that were being produced were being forced on them by the manufacturers. I think it could be taken as a fact granted that there is a tremendous surplus of new cars and used cars. Yet according to the index a car that could have been bought in 1947 for \$1,800.00 would have cost you \$2,800.00 in 1955.

Now let us look at the farm products. Using the same years 1947 to 1955 we find that cotton also in surplus decreased 3 per cent which made an overall differential in value between a bale of cotton and an automobile of over 40 per cent. In wheat we find a greater differential. A bushel of wheat during this period decreased 8.1 percentage points making a differential between the value of wheat and the value of an automobile of over 45 per cent. Looking at cattle, we find a like picture except greater. A cow decreased in value during that period of time 21.4 per cent. This created a differential between the cow and the automobile in so far as value was concerned of almost 60 per cent. And then let us look at hogs, which have suffered a tremendous drop recently. Here we find a greater differential during the same period of time. We find that hogs dropped 57.5 percentage points or a differential between a hog and an automobile on the value scales of 85 plus per cent.

The next question is as follows: "If surplus is the cause of the depressed market on cotton, wheat, cattle, hogs and other farm products, how can the 37 per cent increase in the value of automotive equipment which is also in surplus be accounted for?" The answer is simple. The truth is that the farmer has not been subsidized. In fact, he has been subsidizing the automobile manufactur-

ers. That is, the farmer has again been victimized by the market manipulations that have been the bugs under the chip in all past farm depressions. The farmer is charged with every conceivable charge being tacked on to any manufactured product that he buys. While, at the same time, he is also being charged with every price, fee, tax, freight charge and everything else that is tacked on to the products that he sells before they reach the consumer. In addition to this, he is criticized by consumers in every instance for being the cause of high prices whereas in truth and in fact he is getting less out of the final price of a bushel of wheat than any other segment in the assembly line between the planting of the wheat and the completed loaf of bread.

I have been taken to task several times by letters and by word of mouth because of my stand on the farm situation. And because I want to see the family farms in this country protected and perpetuated. Let us all remember one thing, and that is when the time comes that the farmers and their families are driven off of the family sized farms they must move to the city where they are going to be hunting for jobs in competition with the people who are presently employed there. This movement from the farms into the cities will also create the congestion of human beings from which has always flowed the social problems that in turn create the demands for social legisla-

tion. It is my feeling that these people want to stay on the farm and will do so if they are given the opportunity to live the kind of life and have the standard of living and enjoy the dignity to which they are rightfully entitled. It is my belief that this type of family life is one of the basic pillars of the greatness of our country. I could be wrong but that is the way it looks to me.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week we have for adults, "Summer Range" by Holmes, "Mascarada Pass" by William Colt McDonald, and "Marriage for Three" by Elizabeth Seifert. There are about twenty children's editions ready to issue. Mrs. Ermine Blair was considerate enough to work three entire afternoons and get these ready to issue. A vast amount of written work accumulated the last of December and during January. It was practically impossible to catch up without outside help. Another friend will help some next week, so I can get my work adjusted again.

We have quite a few memorial books ordered that have not come from the publishers.

The students in both history and English have been busy securing material for theme work. We have been fortunate to possess numerous histories and Literature books to supply information. Please donate to us all your children's used copies of these subjects as they are very helpful.

We have the use of 28 periodicals at the Library. Some are contributed while current by friends, some subscriptions given direct, others subscribed by Library funds and I take quite a few personally. We are happy to let you use these.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Start your own soil bank. That's the advise of local Soil Conservation Service personnel assisting the Donley Soil Conservation District.

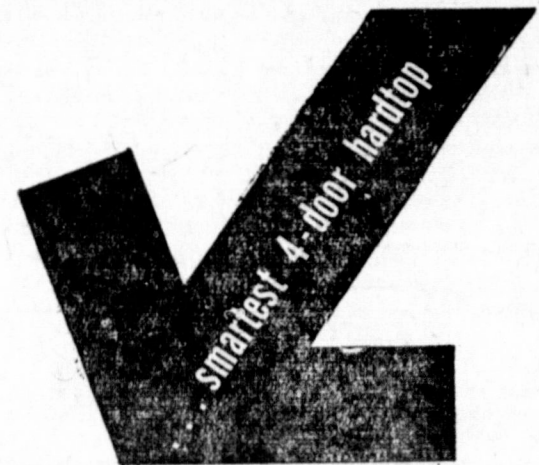

Every landowner can begin making deposits in his own soil bank by adding fertility in the form of organic matter, nitrogen, and improved soil condition this spring by growing a crop of sweet clover on a part of his land.

Sweet clover is an excellent crop for building up the organic matter content in the soil when it is left to mature seed and when all the crop remains are returned to the soil. Clover also protects the soil with lush green foliage

from erosion. The deep roots of sweet clovers also open up tight soils and allow more water to soak into the soil to be stored for future plant use. The nitrogen fixing bacteria in the root nodules of clover can add up to 15 pounds of nitrogen per acre to land and will greatly increase the yields of following crops.

This coming spring will be a good time to open an account in that soil saving bank by making a fertility deposit by growing a legume. Assistance for this practice is a part of the Donley County ACP program, and with the present price of clover seed, the cost to the farmer should not be very great. With favorable growing conditions, this small investment can be multiplied several fold by future increased yields.
