IS GUARDED FAMILY WHERE STRIKERS HELD

Y. W. INGOLDSBY, Staff Correspondent
COUNCIL BLUFFS, IOWA, Aug. 25.—The first five alleged farm picketers to face Justice of the DeWitt today on charges of unlawful assembly and blocking a public assembly and blocking a public assembly and blocking a public assembly were released. They had been picked up by a Council Bluffs police officer who was unable to prove that they were picketers, or had anything to do with the farm strike. A second group tried were from Iowa.

MRS. PUTNAM MAKES CROSS COUNTRY HOP

NEW YORK, N. J., Aug. 25.—Mrs. Amelia Earhart Putnam landed at Newark Airport at 11:30 a. m. (EDT) at the end of her transcontinental airplane flight. She left the Los Angeles Municipal Airport at 4:27 p. m. (EDT) yesterday. Her elapsed time for the cross-country flight was approximately 19 hours, 3 minutes. She is the first woman ever to fly non-stop across the country. The speed record is 11 hours, 11 minutes, established by Major James Doolittle. Before departing from Los Angeles, Miss Earhart said she was not seeking to break the record, but merely attempting to prove that a woman could fly non-stop from coast to coast.

2 RALLIES TO END CAMPAIGN FRIDAY NIGHT

One of the most heated campaigns for Governor in recent years is drawing to a close. Brownwood has been one of the political centers of the run-off campaign. Brown county gave Tom Hunter a plurality in the first primary and both Governor Ross Sterling and Mrs. Miriam A. Ferguson, the two candidates for Governor, have made a strong bid for the vote of this county and surrounding section in the second primary. Both candidates have had strong organizations functioning in this section with headquarters in Brownwood. The whole area has been flooded with speakers for both sides. Hundreds of talks have been made, yet crowds have attended all the political speaking and rallies anxious to hear what each speaker has to say.

Fortress in Chicago's "Milk War"

Fearing an attempt by racketeers to seize control of Chicago's milk wagon drivers' union by force, union officials have armor-plated their headquarters in the old brownstone residence pictured above. Callers are inspected through peepholes and union officials are carried about the city in an armored car. Across the street, police have set up a machine gun. The precautions were taken after union officials reported that five armed gang leaders, including Klondike O'Donnell, South Side beer baron (right), visited the headquarters and said they were "muscling in."

HIGHWAY NO. 7 BROWN COUNTY DUE BE PAVED

AUSTIN, Aug. 25.—Work on more than 1,000 miles of Texas highways with an estimated construction cost of more than \$10,000,000 will be let by the State Highway Commission in September and October, the Highway Department engineers estimated here today. There are also stretches of paving announced totaling about 700 miles. Contrary to the usual form in announcing paving projects, there is no announcement this time whether the paving will be of concrete or bituminous. The work already listed is scattered over 84 counties. Part of it is grading and drainage structures preparatory to paving. There are also stretches of paving announced totaling about 700 miles. May Get Post In German Cabinet

ERIC VON HASEL, German minister of foreign affairs and son-in-law of the late Admiral von Tirpitz, is mentioned prominently as a candidate for the post of foreign minister in the German cabinet if Baron Constantine von Neurath, the present foreign minister, resigns. The change is one of several cabinet shifts regarded probable before its personnel is presented to the new Reichstag late this month.

WOMAN KILLED WHEN CAR IS HIT BY TRAIN

WICHITA FALLS, Texas, Aug. 25.—Mrs. Bessie Findley, 40, was killed almost instantly last night when the automobile she was driving was struck by a Wichita Falls & Southern railway train at the gates of the Wichita Falls state hospital here. She died in an ambulance en route to a hospital. The accident ended tragically an automobile ride with Mrs. R. L. Hall, wife of Dr. Hall of the state hospital staff. Mrs. Hall was opening the hospital ground gates when the train was struck. It rolled over and caught fire. Force of the blow threw Mrs. Findley from the automobile. She died of burns about the neck, face and arms and internal injuries.

Prospects for Good School Year Seen

BUSINESS OFFICE OF DANIEL BAKER GETS MANY INQUIRIES FROM PROSPECTIVE STUDENTS

Daniel Baker College will open for its second term as an independent college on September 12 for the 1932-33 term, the term last year being the first since the college became locally controlled independent of the Presbyterian Synod. The 1932-33 term will be the forty-fourth annual session of Daniel Baker.

Recently it was announced that the college was in better condition financially at the present time than it had been in thirty years and members of the faculty and board say prospects are good for a successful term this year, according to it is thought, will be up to average, or above, judging from many inquiries being received at the college business office at this time.

Entrance Examinations
Entrance examinations will be given at the college September 9 and 10. Monday, September 12, will be taken up with matriculation and classes will begin Wednesday, September 14.

The pre-primary and first grade work, which was begun last year after the term started, under the direction of Mrs. J. W. Trapp, head of the Educational Department, will be carried on at the college again this year. The work last year proved very successful and efforts are being made to make the department even better this year, according to announcements. The work will be under the direction of Mrs. Trapp and in charge of two of her graduates, Miss Leilla McCulley and Miss Eugenia Crabtree. Children below public school age are trained in these classes.

Through joint arrangement with Howard Payne College in fine arts departments, the following faculty is announced to teach in both Daniel Baker and Howard Payne this year: Miss Katherine C. Watson, expression; Miss Mae Branon, violin and Mrs. Charlene B. Underwood, voice. These teachers will have fine arts studios at both colleges and will teach students at both.

The Faculty
The faculty remains practically unchanged from last year and members have been commended publicly a number of times for loyalty and devotion to the college.

The faculty is announced as follows: S. E. Chandler, president, Bible and religious education; Thomas H.

Hart, senior dean, philosophy and social sciences; C. W. McClelland, dean of classification, mathematics and physics; John Power, history and social sciences; Robert E. MacKay, secretary of the faculty, French and Spanish; Miss Helen M. Post, head of English department; Mrs. J. W. Trapp, head of education department; Sam R. McInnis, chemistry and biology; Miss Janie Peavy, home economics; Mrs. Kate Allen Horn, assistant in Spanish; Miss Katherine C. Watson, expression; Mrs. Charlene B. Underwood, voice; Miss Mae Branon, violin; Mrs. Ruby Eggleston Wiley, art; R. E. Blair, director of athletics and student activities; Miss Alta M. Craig, registrar; Mrs. Dora Hunter, matron of girls dormitory.

Supt. C. H. Hufford And Family Home After Mexico Trip

COLEMAN, Tex., Aug. 25—Superintendent C. H. Hufford of Coleman city schools, Mrs. Hufford and Miss Mary Hufford, have just returned from a tour of old Mexico and Mr. Hufford is now preparing for the opening of schools Sept. 5. They entered the southern republic at Laredo and came out at Brownsville. "It is a great trip," Mr. Hufford said, "that can be made at little expense." The Hufford family formerly lived in Brownwood.

Sessions 1932-33 Will Open Sept. 12

Inquiries being received by the business offices of Howard Payne and Daniel Baker colleges indicate that there are many young people planning to attend school this year. The advantages offered by the Brownwood educational institutions are again recognized and the local schools will get their share of the school enrollments of the state for the coming session.

The colleges and the public schools of the city will all open September 12. Brownwood and the schools welcome all students, and the people generally look forward to a year of good school attendance and good school work.

Democrat Program For Texas Will Be Announced Tuesday

HOUSTON, Texas, Aug. 25—The program to be staged in Texas in behalf of the national democratic party ticket of Franklin D. Roosevelt and John N. Garner will be announced next Tuesday in Austin, according to Mrs. Clara Driscoll Sevier, national committeewoman.

Mrs. Sevier conferred here yesterday with Jed C. Adams, Dallas, national committeeman; W. O. Huggins, chairman of the state democratic executive committee; Roy Miller, Corpus Christi, Texas, manager of the Roosevelt-Garner campaign; State Senator Margie Neal, Carthage, and W. A. Thomas, state democratic manager in 1928. Proceedings of yesterday's meeting were not made public but Mrs. Sevier said it had been decided by the conferees to hold a final meeting in Austin next Tuesday before making final decisions.

ABOUT 3,000 PUPILS TO ENTER CITY PUBLIC SCHOOLS SEPT. 12

Some 3,000 students will enter Brownwood public schools on Monday, September 12. These students will be divided among the eight schools in the city public school system.

The last scholastic census showed 3,159 children of school age in Brownwood. Attendance in the schools is not expected to be lower than last term and attendance at the high schools may increase slightly from rural transfers, according to present indications.

RED CROSS FUNDS ASKED

Public contributions are being asked by Brown County Chapter of the Red Cross to be sent for use in aiding people in the Gulf coast section which had their homes and property destroyed recently by storm. O. E. Winebrenner, chairman of the Brown county chapter, has received a message from F. A. Winfrey of the Red Cross at St. Louis, asking that an appeal be made locally for contributions.

Mr. Winebrenner says contributions would be greatly appreciated and points out that Brown county people, who find themselves more fortunate than others, might do well to contribute to this cause since the national Red Cross has been very liberal with this section in the past few years.

The message received by Mr. Winebrenner is as follows: "National Red Cross representatives surveying area of destruction in recent hurricane in Brazoria, Fort Bend, Matagorda and Winneton counties report situation requiring organization of major relief by Red Cross. Following figures from survey, not yet completed, reflects situation: Brazoria and Fort Bend counties, 17 dead, 26 seriously injured, 700 homes completely destroyed and 1,700 homes seriously damaged. Your chapter should immediately make appeal for public contributions, sending collections to St. Louis office.—F. A. Winfrey."

HOME TOWN EDUCATION

BY MRS. J. W. TRAPP
The Ex-Students' Association of Daniel Baker College under the able leadership of its president, Mrs. J. L. Cross, has taken active measures during the summer to impress upon students and friends of the college the good that may result from their influence and aid in securing students for the coming year. To this end emphasis has been placed upon the benefits which the community receives from the schools.

Have you stopped to think what our colleges mean to us in a financial way? We complain, sometimes, of having to support the colleges, when the truth of the matter is that the colleges are helping to support us. One thousand students in a town mean that food must be supplied to these thousand persons. If the students are the children of Brownwood people and no colleges were in this town, in order to receive an education these young people would be sent to some other town to school, and board money would be spent there. If board costs twenty dollars per month, one thousand students would call for an expenditure of twenty times one thousand dollars, or \$20,000 per month, resulting in a total of \$240,000 in a year. If each student buys only two pairs of shoes each year at five dollars a pair, it means \$10,000 to our shoe merchants. If each student buys only ten dollars of books each year, it means \$10,000 in circulation for the booksellers. If each student drinks only a pint of milk each day, it means 45,000 gallons in a year, an item of some importance to the milkman. If each student spends one hundred dollars a year for suits and hats, it means another \$100,000 in trade; one thousand students would call for an expenditure for the butcher and a market for the stock-raiser. Even the doctors, nurses, and dentists are kept busy part of the time with appendix and tonsil operations and with extracting, filling and cleaning teeth. Mr. Bruce Francis is kept busy during the school term reporting athletic events in The Bulletin and our churches and Sunday schools look to our young people for aid and support in their activities. Take away our colleges and who can count the loss to our trade? In addition to the financial loss, picture in your imagination our churches, our theaters, our ice cream and cold drink stands, our streets with the young faces absent. Would it not take a great measure of joy and color from our daily lives?

And there is another gain from our colleges which should not be forgotten, the good citizens who move here each year to send their children to school and the young men and women who come here as college students, learn to like our town, and remain here, the substantial citizens and home builders of the future.

We have the cure for depression here in our midst, if we have only enough energy and loyalty to find and apply it. The Ex-Students' Association of Daniel Baker College urges the merchant who preaches trading with home people to think twice before he sends his boy or girl to another town to school. Let us practice what we preach. Let us remember that it is no idle boast when the statement is made that our colleges rank with the best in the land. It is a statement of simple fact; they are so accredited. Larger schools may offer advanced work which our colleges can not give, but in all work leading to the degree of Bachelor of Arts, our local colleges have the highest rank which can be given, that of a Class A senior college.

Help us keep our young students where they belong, at home, and help drive out depression and bring better times to our colleges and our town by using your influence to secure paying students for our Brownwood schools.

TEXAS RICE FIELDS IN PATH OF STORM BADLY DAMAGED SAYS REPORT

AUSTIN, Aug. 25—Rice fields south and west of Houston, in the path of the tropical storm on August 13 and 14, sustained a damage of 38 percent, J. E. McDonald, Texas Commissioner of Agriculture, said Thursday in a final report on crop damage in the stricken area. He recently made an extensive survey of the area to determine the amount of damage.

The rice area affected comprises 116,000 acres, of which 51,300 acres was not headed on the date of the storm and received little or no damage. The 65,000 acres that was headed, being in different stages of maturity, sustained a damage of 38 percent.

"The estimate of 38 percent damage is based upon favorable weather conditions for harvesting the rice in the damaged area," McDonald said. "Should there be excessive rains or unfavorable climatic conditions during the harvesting period, the damage will be greater than the present estimate."

PIONEER IS BURIED
DALLAS, Texas, Aug. 25—Fred Bowlden, 86, retired grocer and Texas resident for 74 years, will be buried here today in the uniform he wore at the age of 16 as a member of the twentieth Texas cavalry, Confederate army. He died yesterday. Bowlden was born June 5, 1847, near London, England. A year later his father emigrated to the United States and settled near Kaufman. There the elder Bowlden opened a combination store, post office, and stage stand used as a horse-changing station for coaches between El Paso and Marshall.

PRESIDENT THOS. H. TAYLOR PREDICTS GOOD SCHOOL YEAR FOR HOWARD PAYNE COLLEGE

Dr. Thomas H. Taylor, president of Howard Payne College, believes the local colleges are going to have a good school year in spite of general conditions. Many students who in ordinary times would have jobs, are out of work and will make every effort to raise the money to attend school this year. Brownwood people are showing a fine spirit of co-operation with the local schools this year and Dr. Taylor is optimistic.

Howard Payne will open Monday, September 12th. Entrance examinations will be given Tuesday and after the formal opening exercises on Wednesday morning, classes will begin.

Students Here
The college business office has been almost filled every day for the last week with prospective students, making arrangements to enter college this term. Many of the students have difficulties which they have to work out in the matter of finances, and other things, but Dr. Taylor says the number of inquiries is very encouraging.

Miss Cleo McChristy has been elected dean of women and will be in charge of the girls dormitory. Miss McChristy will remain head of the English department.

I. A. Hicks, who thought for a time he might give up his place as head of the Academy, has definitely announced he will remain. Other academy teachers are: Mrs. W. F. McDavid, Mrs. Hattie Price Baker, and Harvey Smith. The academy

not only offers all high school subjects, but a complete business commercial course as well.

The college will co-operate every way with the county-wide revival to be held in the campus September 18 to 22. The college chapel will be open with the morning services revival during the two weeks.

Fine Arts Faculty
The fine arts faculty has been announced as follows:

Mrs. Pearl Talbot McCulley, of fine arts and professor of music; Mrs. Charlene B. Underwood, Miss Katherine C. Watson, violin; Mrs. Mae Branon, voice; Mrs. Ruby Eggleston Wiley, art; Miss Frances art and public school director; Howard Payne and Daniel Baker fine arts departments are working co-operation under a joint arrangement.

Miss Lucille Neely of Waco, formerly assistant secretary of the Chamber of Commerce, secretary of the Retail Merchants Association there, is office secretary at the college.

Don't Blind Yourself
To Opportunity

THOUGHTFUL BUSINESS IS TAKING ADVANTAGE OF THE ECONOMIC CONDITIONS TO PREPARE FOR THE YEARS TO COME—AND THOUGHTFUL BUSINESS IS TAKING ADVANTAGE OF ALL THE SAVINGS WHICH GOOD BUSINESS JUDGMENT OFFERS.

For instance—If you knew of an article you could buy for \$150 you would not go two or three hundred miles to buy the same thing for \$600. You'd not brand as very brilliant the boy or girl who would adopt such an economy program in a year such as this.

Brownwood has prepared for its own people and for the people of the nearby surrounding territory a place where young men and women and high school graduates can secure college training at not only the greatest advantage to the student . . . but at a great advantage in cost. We urge all young people in Central West Texas to not only go to school, but to go to school where they can be of the most help to their parents by cutting the cost of education to the minimum.

Brownwood's ideal location and wonderful facilities for entertaining . . . with it's good roads leading in and out of the city towards most any direction . . . offers you every advantage for college training and most economical costs.

Brownwood offers real relief to parents who have children who want a real college education. "Come on" Let's have a little home relief—let's all save money this year and attend a college in Brownwood.

Colleges Of Brownwood Offer

Brownwood offers all students the greatest advantage in four full years of college work by competent and efficient instructors. If the universities of the state and nation recognize it as acceptable—certainly the students should accord the same recognition. Let's make this a "Brownwood College Year."

Yellow Jackets to Have Most Of 1931 Grid Players Back

Eleven letter men, a number of good reserves from the 1931 squad and a flock of recruits from the freshman team of last year will greet Coach Joe Bailey Cheaney and McAdoo Keaton when the initial practice session of the 1932 season is held either on Monday, September 12th, or the preceding Saturday, September 10th. Coach Cheaney is looking over prospects for rapidly approaching grid campaign, believes that he will have as strong a team, if not stronger, than was the 1931 team that came from behind after a bad start to tie with Simmons University for the championship.

One year ago the Jackets were awarded only an outside chance to have a look in at the 1931 title and after the three-time champions started the season off by dropping a hard fought game to the Austin College Kangaroos, their title chances were all but blasted. This season was followed by hard fought games over Trinity and St. Edwards. But while the defending champions were doing this, the powerful Simmons University outfit had won four conference games in as many starts. The Cowboys were due to polish off the Jackets and win undisputed claims to the title. But they were badly defeated by the Brownwood Baptists in conference history as is the Jacket's easy win over Southwestern on Thanksgiving, this last triumph giving the Howard Payne boys a tie with the Cowboys for the title, each boasting four wins and one defeat.

Loss Three Veterans
This history is repeated as a preliminary to the statement that of the 1931 letter men, only three are missing when the Jackets assemble for the 1932 campaign. These three, Captain Sylvan Gloninger, an end; Ted Edwards, another end, and W. Schuhman, a back, were valuable men but all will be more or less easily replaced.

Budget Hearing On 1933 Expenditures For County Is Held

Proposing a cut in expenditures of \$5,377.45 over expenditures of 1931, a tentative budget for Brown county was discussed by the commissioners' court and a small group of citizens at a public hearing at the court house Monday afternoon. The hearing lasted about four hours. The total proposed expenditures, not including the road bond interest and sinking fund of \$92,025 for 1933 is \$1,222,759.95 as compared with \$1,217,382.00 for 1931, which also does not include interest and sinking fund on road bonds.

The budget was not adopted at the public hearing and final adoption was postponed until the commissioners' court meets next Monday. Items in the proposed budget, as given in this report, are only tentative and are subject to change either by the commissioners on their own motion or on suggestions of citizens. The court is open to further suggestions during the week and at the adoption meeting Monday.

The budget is for the calendar year 1933 and after adoption will go into effect January 1.

On request of Governor Ross Stripling the county has not set the road bond rate and will not set it until after the special session of the Legislature which has been called. The counties are given relief by the state on road bond interest and sinking fund, the road tax rate in the county will be reduced, the court states. The road bond rate will take care of the \$92,025 which the county must pay in 1933 on road bond interest and sinking fund.

Total Proposed Expenditures
Total proposed general expense and indebtedness to be paid in 1933 is \$1,222,759.95. General proposed expense: General fund, \$30,390; jury fund, \$5,500; road and bridge, \$1,186,869.95; total, \$1,222,759.95. Indebtedness: Road bond interest and sinking fund, \$92,025; court house warrants, \$5,800; general fund warrants, \$4,600; court house and jail improvements, \$3,340.95; total, \$105,765.95. The total of general expenses and the total of indebtedness give a combined total of \$228,759.95.

The budget proposes a cut of five cents in the county tax rate, making the rate for all purposes, besides road bonds, 60 cents instead of 65 cents. This rate on an assessed valuation of approximately \$15,000,000 would give a revenue of \$90,000 if there were a 100 per cent collection.

The advisability of this cut in the rate was discussed at the hearing at some length. The rate probably cannot be cut, the court and citizens agreed, unless relief on the road tax is given by the state.

The rate with the cut would be divided as follows: General fund, 25 cents; revenue \$37,500; road and bridge, 20 cents; revenue from tax \$40,000 and estimated amount from auto license fees \$60,000 making total \$90,000; special road and bridge, .05 cents, revenue \$7,500; jail and jail improvements .09 cents, revenue \$9,000; total tax rate, 60 cents, total revenue, \$150,000.

In 1931 the county rate was 65 cents and the road bond rate was 60 cents, making a total rate of \$1.25. This was on an assessed valuation of \$16,353,433, which has been reduced to approximately \$15,000,000 for 1933.

Of course, there would not be a 100 per cent tax collection, but the commissioners and County Judge Courtney Gray figure on payment of

BIG FERGUSON RALLY PLANNED

The county Ferguson forces are planning a big rally to be held in Brownwood Friday night as well as a speaking to be held here Wednesday night as the final drive in the gubernatorial race before the second primary, which is Saturday.

Hon. Arthur Eldson of Hamilton, formerly a member of the commission of appeals of the supreme court and a former member of the legislature, will be the principal speaker at the Friday night rally. A number of other speakers will appear on the program in behalf of the candidacy of Mrs. Miriam A. Ferguson.

The rally Friday night will be held on the court house lawn at 8 o'clock. The speakers will talk through loud speaking equipment and seats will be placed on the lawn and in the street in front of the court house for the crowd. Announcement of the rally is being sent to the 30 precinct committees in Brown county and one of the largest crowds to be assembled at a political rally in Brownwood this year is expected Friday night, according to Ferguson supporters.

As announced Monday, Rube Loftin of Wichita Falls, former member of the legislature, will speak in interest of Mrs. Ferguson's candidacy for governor at the court house here Wednesday night at 8 o'clock. Loftin, who is an independent oil operator, is anxious to talk to independent oil operators of this county and to lease and royalty owners, it is announced.

E. M. Davis of Brownwood will speak for Mrs. Ferguson at Blanket tonight and James McCartney, also of Brownwood, will speak at May tonight at Goldthwaite Wednesday night.

The complete schedule follows:
Oct. 1—San Marcos Teachers at San Marcos.
Oct. 7—School of Mines at El Paso.
Oct. 14—Austin College at Sherman.
Oct. 21—McMurry in Brownwood (night).
Oct. 28—Trinity University in Waxahachie.
Nov. 4—Abilene Christian in Brownwood (night).
Nov. 11—Simmons University in Abilene.
Nov. 18—St. Edwards University in Brownwood (night).
Nov. 24—Southwestern University in Brownwood.

VOTE 710 TO 645 AGAINST SUNDAY SHOW

Brownwood voted to close Sunday picture shows in a special election held Monday. The vote was 710 to close shows on Sunday to 645 to keep them open, a 65 vote majority against Sunday shows, according to unofficial returns assembled by The Bulletin Monday night.

In spite of a great deal of interest shown in the Sunday show question during the past few weeks, the total vote was light, only 1,355 votes being cast in the four city wards. The vote for governor in these four wards in the July primary was 2,211.

The vote by wards:
Ward 1: For closing 150, against closing 174.
Ward 2: For closing 223, against closing 133.
Ward 3: For closing 196, against closing 202.
Ward 4: For closing 141, against closing 136.

Sunday shows had the biggest majority in ward 1 and also had a majority in ward 3. The biggest majority against Sunday shows was in ward 2 and there was also a majority against the shows in ward 4. The referendum was set by the council after a petition was filed asking that an ordinance be passed prohibiting Sunday shows and the council had passed such an ordinance to the second reading and after another petition was filed asking that the shows be kept open. For almost two years picture shows have been running in Brownwood from 1 o'clock until 6 o'clock.

Campaigns Made
Both sides of the question put on organized campaigns last week. Those favoring Sunday shows organized at a mass meeting at the court house Tuesday night and those opposing Sunday shows organized a week or so before.

Sunday picture shows were not allowed in Brownwood until about two years ago. Picture shows opened up on Sunday at that time and the owners or managers were fined by the city until finally city council repealed an ordinance prohibiting Sunday shows, agreeing with the show men that the theaters were to be operated only in the afternoons on Sunday. The vote Monday indicates that the majority of people want the shows closed all day on Sundays.

Farmers May Now Peddle Produce On North Side Square

The peddlers rule which has in the past kept Brown county farmers from selling their produce on the court house square was revised Monday by the commissioners' court.

In the past no peddling has been allowed on the square but under the new ruling of the court, farmers will be allowed to sell their produce from parking places on the north side of the court house. However, only Brown county farmers, selling Brown county produce, will be granted this privilege.

Arrested Here On Swindling Charge

J. D. Moore, registered in a Brownwood hotel under a Nebraska address, has been arrested and charged with swindling in connection with a \$7.50 check given Piggy Wiggly No. 1. The charges against Moore have been filed in county court.

He was arrested Monday afternoon by Sheriff M. H. Denham and is being held pending disposition of the charges against him. He is being investigated by other officers.

These ladies are friends of many years and had not met each other in seven years.

Mrs. McCreery had not left anything undone to make this a day of pleasure. A very bountiful lunch of fried chicken, cream potatoes, salad, pickles, slaws, cakes and lemon tea was spread on the ground in the pasture where all did ample justice to same.

Mrs. Maggie Martin was accompanied by her mother, Mrs. Laura Anderson.

A large concourse of sorrowing relatives and friends were here Sunday afternoon to attend the funeral of Claud O. Jenkins who was fatally injured Saturday morning about 10 o'clock while working at his grist mill.

His death occurred Saturday afternoon after being carried to a Brownwood hospital. Funeral services were held at the Baptist church here at six o'clock. His pastor, Rev. W. H. Rucker, officiated, assisted by Rev. E. R. Swindall. Mr. Jenkins went to his work Saturday morning as was his usual custom but soon the accident occurred which cost his life.

All was done that could be done to alleviate his suffering, but God called and he was ready to answer. He was a devoted member of the Baptist church, a regular attendant of the men's prayer meeting on Monday nights, a member of the I. O. O. F. Lodge.

His early demise cast a shadow of sorrow over our entire citizenship. He is survived by the following children: Mrs. Tom Bailey of Cross Cut, Mrs. Juanita Langford of Brownwood, Mrs. Otis Read, Hobbs, New Mexico; Mrs. Elsie Knight, Mrs. Lloyd Pruitt, Clara Rachel, Seth, Sam, and David of Bangs; one brother, Tom Jenkins, of Sweetwater. All were here for the funeral. Interment was made in Bangs cemetery with W. A. Forman funeral director in charge.

RISING STAR MEN TALK OF ROAD BENEFIT

The completion of a paved highway between Brownwood and Rising Star will mean a great deal to both places and the benefit will be mutual, believe M. S. Sellers, editor of the Rising Star Record, and Frank Robertson, secretary of Rising Star Chamber of Commerce, who were in Brownwood on business Friday afternoon.

Brownwood and Rising Star have been neighbors all these years, yet poor roads impassable in winter weather, have separated them by a seemingly great distance. A distance of a few miles seemed miles farther over the roads that the citizens of each city have had to travel over to visit one another.

The distance between the two places will be the matter of only a few minutes drive in an automobile when paving of state highway 129 is completed. People can visit back and forth any time and in any kind of weather, for highway 129 when completed will be one of the best highways in the state, wide and topped with the finest paving material known.

Good progress is being made on the highway and present plans are to have it completed by October 1. The pouring of asphalt has been started. In fact, Mr. Sellers and Mr. Robertson when they came over the road Friday were almost in time to see the first asphalt spread on the road at Owens.

"Rising Star and the people of Rising Star feel kindly toward Brownwood and its citizens. A friendship which has long endured between the two places will be further cemented when the highway is completed," the two Rising Star men stated.

In the past where people of Rising Star have gone to other cities to do their trading, when they had to do trading outside of their own city, have gone to other towns where there were good roads. Now when highway 129 is completed they will come to Brownwood, Rising Star citizens believe.

Mr. Robertson said he and the committee of pecan men appointed to arrange for the pecan show and exhibit planned by the West Texas Pecan Growers' Association in Brownwood recently to be held in Rising Star in December were depending on Brownwood for a lot of assistance in making up the exhibit, which will be sent to the World's Fair in 1933.

SEVERAL MATTERS UP FOR DISCUSSION TODAY BY C. OF C. DIRECTORS

Taxation, cotton bagging, conventions, the post office and fire department questions were discussed by directors of Brownwood Chamber of Commerce at their weekly luncheon today.

Report of the taxation committee's attending the public hearing on the county budget Monday afternoon was made by W. Lee Watson, president. R. E. Holloway, Chester Harrison, Hilton Burks and Mr. Watson, members of the committee, attended the hearing. Mr. Watson reported that the budget had not been adopted by the commissioners' court yet, but would be adopted next Monday.

The discussion Monday afternoon brought out no material changes in the budget as proposed, he stated. Hilton Burks, secretary, reported writing the West Texas Chamber of Commerce and receiving a reply relative to getting gins in west Texas to use more bagging material for cotton made of 60 per cent cotton and 40 per cent jute, instead of second hand sugar sacks, etc., now used by most gins. The West Texas chamber assured cooperation in the move.

The matter of asking the Heart O' Texas Press Association to hold its next meeting in Brownwood was referred to the entertainment committee. The last meeting of the association was held here and directors indicated they would like to see the next meeting also held here.

Post Office Closing Hours The industrial committee was instructed to investigate further the matter of Brownwood post office closing on Saturday afternoons. Some of the citizens had been discussing this question with the idea that maybe the post office could close some other afternoon in the week, according to reports received at the luncheon.

Brownwood fire insurance rates, Brownwood fire department and other matters relative to fires were discussed to some length. The chamber as a body took no action on suggestions made at the meeting, but recommended that any questions relative to fires be referred to the Fire Prevention Board of the city, whose duty it is to look after these questions.

In the discharge of his duty, DENMAN has no favorites. (Pol. Adv.)

RED CROSS IS ASKING 10,000 YARDS CLOTH

The Brown County chapter of the American Red Cross has made application to national headquarters for 10,000 yards of cotton cloth to be used in Brownwood and Brown county, according to O. E. Winebrenner, county chairman. Word has not been received yet as to granting of the request.

The cloth would be a part of the various kinds of cloth being made up from 500,000 bales of cotton which the Cotton Stabilization Board turned over to the Red Cross. The cloth is being prorated by the Red Cross to counties where needed on an average of 20 yards to the family.

Request from Brown county is for: Print and gingham, 6,000 yards; shirting and overall cloth, 2,000 yards; outing, 1,500 yards; and muslin, 500 yards. Later the Red Cross will have available ready made jumpers and overalls and possibly some dresses, but at present only the cloth is available.

Sewing Centers Planned If the request is granted and the Brown county chapter receives the cloth, local Red Cross workers plan to organize sewing centers for making the cloth into garments. Every center will have an experienced superintendent to supervise the work and will have volunteer workers. There will be one big sewing center in Brownwood or several small ones and there will be a center in every consolidated school district in the county. The cloth will be made into garments at these centers.

In the last two or three years, the Red Cross has done a great deal of work in Brown county through the active county chapter. Back in 1931 the Red Cross alone spent \$6,500 in this county for drought relief. This amount does not include the money loaned by the government to individuals and that which was raised and spent by local relief organizations which was a considerable amount.

This year the local Red Cross chapter has secured and distributed through the help of Brownwood Employment Bureau for Relief, 1,760 twenty-five pound sacks of flour, which is 44,000 pounds of flour distributed free in this county. Three consignments of flour have been received here, two consignments of 200 barrels each and the last of 440 barrels. This flour was made available by the giving of millions of bushels of wheat by the Grain Stabilization Board which was made into flour.

Food Stuff Canned Other work of the Red Cross this summer has been the canning of more than 1,900 cans of food stuffs. The Red Cross has furnished the cans and the people of the Bangs community have donated vegetables and the work of canning. More than 1,000 cans have been filled to date and Chas. B. Palmer, who is in charge of the work at Bangs, reports to Mr. Winebrenner that the work is still going on.

Pouring Asphalt On Highway 129 Will Start Soon

Pouring of asphalt on highway No. 129 from Brownwood to a point about two miles north of Owens is due to begin within the next day or two, according to officials of the highway engineers' office.

A car of asphalt arrived Saturday and as soon as the material to be used in the asphalt surfacing is dry enough to use, the actual work will get under way. About three or four weeks' time will be required to complete this section of highway No. 129, if no further delays are had.

Sunday Fire Loss Estimated \$3,000

Damage estimated at \$3,000 was done by fire to the home of Claude Collier, 1611 Eighth street, at 4:45 o'clock Sunday afternoon. No one was at home at the time of the fire and the blaze had gained much headway before Brownwood Volunteer Fire Department received the alarm. The house and furniture were almost totally destroyed. The loss is covered by insurance.

A light roadster owned by Tom Deely was practically destroyed by fire at his home, 1307 Avenue E, at 11:30 Saturday night. The automobile, which was in the garage, is thought to have caught from a short in electric wiring. Although the car was almost totally burned, the garage was only slightly damaged, the blaze being extinguished by Brownwood Fire Department. The car was not insured.

The department answered a call to the corner of Brady avenue and Second street this morning to fight a grass fire. No damage was done by the fire.

STARK STATES HE WAS KIDNAPED AND ROBBED BY COUPLE OF BANDITS

EL PASO, Aug. 24—Fear of death at the hands of two bandits who kidnaped and robbed him near Ballinger a week ago last Saturday night kept J. C. Stark, San Angelo coffee salesman, from reporting his arrival to police here a week ago, he said last night.

"I was returning to San Angelo from Coleman," Stark said, "when two men forced me to stop a few miles west of Ballinger. I reached for my pistol and one of the two men shot at me.

"When I saw the man raise his gun to shoot I ducked. The bullet passed through my hat knocking it off my head, and I think it tore through the top of the car.

"The bandits forced me into their car. One of them got into my automobile and we returned to Ballinger, then we came on to El Paso."

Stark said the bandits robbed him of about \$200, representing the weekly collections for his company, the Duncan Coffee Co., of Houston.

El Paso officers who arrested Stark today said they were holding him at the request of San Angelo police who had conducted a search for the man since his automobile was found abandoned at Ballinger.

Wife Leaves For El Paso SAN ANGELO, Texas, Aug. 24—Mrs. Stark, who had anxiously awaited word about her husband since his bullet pierced hat and car were found near Ballinger, left immediately for El Paso with relatives Tuesday night when notified by police of the detention of Stark. She intimated they would return to San Angelo today.

San Angelo police, although interested in solving the mystery of Stark's disappearance, said last night that they did not plan to ask for detention further for questioning.

As was stated in The Bulletin a few days ago, J. C. Stark is a former citizen of Brownwood and during his residence at San Angelo has visited this city often as salesman for the Duncan Coffee Company. He was here only a day or two before his disappearance.

Mrs. Young was well known here and at Brady and had a great host of friends. She was loved and respected by all who knew her and the many friends join the family in their sorrow. Mrs. Young was a member of the Presbyterian church. She is survived by her husband and two daughters. The daughters are: Mrs. D. A. Sumpter and Miss Kathryn Young, both of Pecos.

The pall bearers will be: W. W. McCulloch, C. A. McCutcheon, S. F. Adams, Guy L. Jones, J. J. McCulloch and Emmett Evans.

RETURNING GUARDSMEN TELL OF PRECAUTIONS AGAINST STORM

Over 100 Brownwood young men returned to their homes here over the week-end after having spent 15 days in the Texas National Guard camp at Palacios, Texas.

All members of Company "A," commanded by Captain E. M. Davis, and Service Company, commanded by Captain Rex Gathers, returned to the city on special trains Saturday and Sunday nights.

The most exciting hours of the camp were spent by the soldiers when the hurricane swept the gulf coast section of Texas, a little over a week ago, the men report. Although several persons were killed at various points away from Palacios, many were injured and much property destroyed, there was not a single person injured at the camp.

Every precaution was taken by the camp officers toward the protection of the soldiers. All tents and other government property were placed in the permanent buildings at the camp and the officers from each company remained with their men during the period of the storm.

A storm warning had been issued by the government. All officers were notified and given instructions by the commanding officers of each regiment. In turn, those officers gave orders to their men. Within 15 minutes most companies in the 142nd Infantry had "struck" tents and were prepared for the worst.

All of the men and officers went to the mess shacks where the officers gave explicit instructions on how they should spend the night and how they were to act in the event the storm became terrific.

The company was divided into platoons, with each platoon in one end of the building. One platoon was to leave the building by one door with all men holding hands and the other platoon was to leave the other door in a similar manner.

A strong wind and a heavy rain were about the only things in the storm witnessed by the soldiers. Most of the men used their packs as pillows and slept through the storm. Others, due to the excitement, remained awake all night.

Along about dawn the storm subsided, breakfast was served and the soldiers went to work opening the drainage ditches.

STATE COLLEGE BUYS HERD DAIRY CATTLE IN BROWNWOOD

Stephen F. Austin State Teachers' College at Nacogdoches has bought from the Shelton Bros. Dairy of Brownwood sixteen cows and one bull to be used as the foundation stock for a herd, which the institution will maintain. The cattle purchased are all registered stock and this will probably be the only herd in the state, it is said, ever started like this.

Eleven of the cows bought by the college are cows with records of 450 pounds or over at two years of age. The other five are two year old heifers now making good records.

The purchase was made here by representatives of the college after they had inspected many herds in Texas and in other states.

The cattle will be shipped to Nacogdoches Monday. Joe Shelton, manager of Shelton Bros. Dairy, will accompany the shipment to its destination.

MORTUARY

O. D. MALMSTROM BRADY, Texas, Aug. 24—Funeral services were conducted Wednesday morning for Oscar D. Malmstrom, prominent farmer of the Melvin community. Malmstrom underwent an emergency operation Sunday morning at the Brady sanitarium for an acute gall bladder trouble complicated with gall stones. He died Tuesday.

INJURIES FATAL TO C. O. JENKINS

C. O. Jenkins, about 60, of Bangs, died Saturday afternoon in a local hospital as a result of injuries received in a grist mill explosion at Bangs Saturday morning. Mr. Jenkins suffered internal injuries and fractured left arm in the explosion and was rushed to the hospital here after being given first aid treatment in Bangs.

Mr. Jenkins was operating an old fashioned grist mill with granite grinding stones at Bangs. Those who have seen this type mill say the stones become hot when ground too fast and some times explode with the force of dynamite.

Mr. Jenkins was well known in the Bangs section and had lived there for many years. Funeral services were held at Bangs Sunday afternoon.

Negroes Lose Fight For Right To Vote In Second Primary

HOUSTON, Texas, Aug. 25—Defeat in posting a deposit of \$18.54 for serving subpoenas today cost Harris county negro voters their chance for a hearing on a motion for a temporary injunction restraining state and county democratic executive committees from barring negroes from the runoff primary Saturday.

Federal Judge T. M. Keough had set the case for hearing today, saying the United States marshal's office had advised him the deposit had been posted only a few hours earlier.

The law requires that the deposit be posted in time to allow the plaintiffs to get service of subpoenas. Chairman W. O. Huggins of the state executive committee, secretary Charles E. Kamp of the county committee and attorneys for both committees had appeared in court in answer to the late subpoenas.

The suit was filed by Julius White and W. M. Drake, negroes, who sought to win suffrage rights for members of their race.

SEYMOUR MAN FACES THEFT CHARGES IN COUNTY COURT HERE

C. J. Casselberry is in jail charged with the theft of \$31 in cash from J. A. Blankenship at the Blankenship home Monday night. The charges against Casselberry are on file in county court.

Casselberry gave Seymour as his address when arrested by officers. He had been in Brownwood only a few days and was at the home of Blankenship, his brother-in-law, when the theft is alleged to have occurred. Casselberry said he came to Brownwood after his wife who was staying with the Blankenships.

County Attorney A. E. Nabors stated this morning that Casselberry had sent word to him from jail that he desired to plead guilty to the charges but Judge Gray was not in his office this morning, hence his plea could not be heard.

Endorsing Jack Hallmark For County Sheriff

To the voters of Brown County who are not personally acquainted with Jack Hallmark or his qualifications for Sheriff—will say—he has spent his entire life amongst us and to show the confidence in which we hold him we refer you to his vote in first primary at his home box. He received 232 votes while his two honorable opponents received only 24 votes—of the 30 voting boxes in Brownwood Hallmark received a plurality in 20 boxes and a majority in 9 boxes.

Hallmark is an upright honest Christian gentleman leading a chaste life, not addicted to drink or profanity, capable of cool deliberation before action, but with courage enough for any emergency—this is the man that we ask you to consider when you go to the polls next Saturday—feeling assured that he will discharge the duties of Sheriff with courtesy to all but with a firm determination to see that the laws are enforced, without favor.

(Submitted and paid for by the friends and supporters of Jack Hallmark of Zephyr without his solicitation or knowledge.)

WAR DRUMS OF POLITICS ROAR

War drums rolled today in the camps of opposing forces in the democratic second primary election Saturday calling for a last 24-hour drive for votes.

Hundreds of shock troops, stump speakers and precinct workers were marshaled for last big drives.

Activity along the election front centered about the gubernatorial race, where Mrs. Miriam A. Ferguson and Gov. Ross S. Sterling were striving for the party's highest honor in Texas.

Each moved into northeast Texas tonight. The Governor came to Dallas from San Antonio and the Fergusones, James E. Ferguson and his wife, were en route to Denton and to Greenville where they will close the campaign.

The Governor in a last minute bulletin told commiseration of Ferguson's attack of him for calling a special session of the legislature.

"This is a typical piece of Fergusonism, a bold attempt to deceive and mislead the people. The repeal of the Robertson insurance law occurred. Casselberry said he came to Brownwood after his wife who was staying with the Blankenships.

County Attorney A. E. Nabors stated this morning that Casselberry had sent word to him from jail that he desired to plead guilty to the charges but Judge Gray was not in his office this morning, hence his plea could not be heard.

Unemployed Army Dispersed Today In Philadelphia

PHILADELPHIA, Aug. 25—Motor patrolmen and mounted police swung riot clubs freely today in breaking up a gathering of unemployed men on Rebyurn Plaza near city hall.

A score of persons, including some women, were struck with the clubs as the mounted police charged through the crowd. At least a half dozen men, leaders of the gathering, were arrested.

Five injured were taken to a hospital. Approximately 1,500 had gathered near the Plaza preparatory to a march to city hall, where a meeting of City Council was called for 2:00 p. m.

Shortly after that hour a group of men pushed through the Plaza and a half dozen leaders formed a human platform atop which one man attempted to address the assembly.

WARN AGAINST FAKERS DALLAS, Texas, Aug. 24—Police today warned citizens to beware of men who approach them begging a small sum in exchange for a pawn ticket entitling the holder to redemption of a valuable diamond ring.

The men usually tell a story of reverses and say they were forced to sacrifice the ring, and represent it as being of great value. The ring is in reality a brass trinket, and the pawnbroker is usually a partner in the scheme, police said.

NOT GUILTY My attention has just been called to the political advertisement in The Bulletin Wednesday in which statement is made that "It has been told during this campaign that he (Chas. B. Palmer) is a user of liquor, is a bootlegger, and consorts with bootleggers. I wish to emphatically deny ever having made such a statement, nor have I ever heard any such statement before. I have tried to conduct my campaign for reelection as Com. Pre. 4 on a high plane; and have sought your votes and influence on my merits and past record alone. If the voters approve me and my record by the votes Saturday, I shall do my dead level best to make a good commissioner—as I have always done in the past. (Pol. Adv.)
