MUENSTER, COOKE COUNTY, TEXAS,

JULY 20, 1956

NUMBER 35

## Pool Shows \$400 Profit for June; To Close Mondays

For the rest of this summer the city swimming pool will be closed every Monday.

Members of the city council reached that decision Monday night after noting that Monday attendance is usually small, seldom justifying the extra cost of relieving the supervisor and his assistant on their days off. The extra help plus the daily bottle of bromine and other expense adds to about \$20. Monday revenues are usually little if any above that figure.

The council also favored giving the water a day of special chemical treatment to remove algae and improve its quality generally. Considering that angle along with a probability that attendance on other days would increase slightly, the council decided a Monday shut down would be good for the budget as well as the pool.

Councilmen were more than pleased with an operating report showing that the pool so far has not only paid its own way but has earned a profit besides. According to their attitude it is a worth while civic investment if it just pays its way, or even loses.

## NEWS OF SICK AND INJURED

Since Saturday Mrs. Mike Kleiss, 81, is a patient at Gainesville Sanitarium where Tuesday she underwent surgery to place a pin in her broken right leg. Last week Wednesday she tripped on a rug at her home and fell. At first it was thought she had injured her hip but X-rays showed the bone just below the hip socket fractured.

Victor Hartman had the cast removed from his broken left leg last Thursday and was back in Gainesville Sanitarium Monday after severe pain from burns on that leg persisted. The doctors didn't say how long he would be hospitalized for treatment. He received the burns and fracture in an accident at work on May 27.

Conrad Walterscheid, 12 year old son of Mrs. C. M. Walterscheid, has a cast on his right arm. He fell from a pickup last Tuesday and broke the bone just below the shoulder.

Jim Caddell is back at home following surgery at Gainesville Sanitarium last Thursday. He had a growth removed from his spine.

Johnny Rohmer was resting comfortably Sunday when his wife returned home after being with him since the preceding Tuesday when he underwent surgery on his right eye. He'll have both eyes bandaged for the next two weeks. At that time the doctors will be able to tell more about the operation's success. They have some hope of restoring sight to the eye but could say nothing definite yet. Johnny has been moved to another room and his new address is: Alfred Rohmer, Ward 3-A, Room 321, V.A. Hospital, Lisbon, Dallas, Texas.

Mrs. Gene Hoedebeck entered Gainesville Sanitarium Tuesday morning for observation and medical care.

Johnny Streng has his right ring finger in splints since he broke it in an oil field accident last week.

David Spaeth, six year old son of Mr. and Mrs. Henry Spaeth of Gainesville, has returned home from Dallas where he underwent a third operation for eye correction. He had surgery once on his right eye and twice on his left eye and is said to be improving satisfactorily. He will start school this fall.

Harry Sicking received a badly mangled left elbow in a car accident at about 12:45 a.m. Sunday when his 1950 Oldsmobile collided with a 1955 Chevrolet driven by Donald Ray Hurst of Gainesville. The crash occurred near Curtwood Village. Sicking was taken to Gainesville Sanitarium. Two other Gainesville men were with him. One was hospitalized, the other escaped injury. Hurst was the most seriously injured.

Harry Sicking received a badly mangled left elbow in a car accident at about 12:45 a.m. Sunday when his 1950 Oldsmobile collided with a 1955 Chevrolet driven by Donald Ray Hurst of Gainesville. ## Catholic League Picks Hallettsville For '57 Convention

The adoption of resolutions, election of officers and selection of Hallettsville as the 1957 convention city were highlights of the closing sessions of the Catholic State League of Texas meeting in Nada for the 57th annual convention, July 9-12.

More than 300 delegates representing the four sections of the League — men, women, youth and insurance union — and a large number of visitors were present for the Catholic Day program, traditionally the big event of the convention, on July 11. Speakers included Mrs. Henrietta Galle of San Antonio, immediate past secretary of the National Catholic Women's Union, Section Texas, who spoke on the modern-day role of Catholic women; John P. Pfeiffer, San Antonio, state legislative chairman of the League, and J. W. Hess, Muenster, state chairman of the Rural Life committee.

Spiritual highlight of the convention was the solemn high mass celebrated Wednesday by Father Albert G. Henkes, spiritual advisor of the Youth Section. Bishop John L. Morkovsky, auxiliary bishop of Amarillo, delivered the sermon. Father Patrick Hannon of Muenster assisted at the mass as master of ceremonies.

When awards were presented in the League's Rural Life Program, Mary Jane Block of Lindsay received a plaque as first place winner in the state. Francis Rainosek of Hallettsville and Rose Fuchs of Olen were in second and third place. There were (Continued on Page 10)

## 2 Men Wanted for Local Burglaries Nabbed at Dallas

Confessions made by two Dallas men to the Dallas sheriff's department apparently solved the burglaries at the Sinclair and Humble Service Stations here last Friday night.

Charges were filed Tuesday by County Attorney L. V. Henry Jr. shortly after the two suspects were returned to Cooke County by Deputy Sheriff Buck Anderson. The men were identified as Richard A. Martin and Ernest L. Standfor, both 30 and residents of Dallas.

Sheriff O. E. Whisnand reported that both men had made statements in Dallas admitting the Muenster burglaries and that some of the stolen merchandise had been recovered.

The burglaries were discovered at both of the service stations at opening time Saturday morning. Reported as missing at Ferd Luttmr's Sinclair Station were \$30 worth of cigarettes, a cigarette lighter and 75 cents in cash. Additional loss resulted from damage to the cash register which was carried to the grease room and broken.

At W. J. Miller's Humble Station, some 100 feet away, the burglars took \$22 in cash and \$40 worth of cigarettes. The cash register there had been left unlocked, so it was not damaged.

Both places were entered by breaking the glass of the front door.

## Paving Projects Are Still Possible

For the time being paving is finished in Muenster, but paving projects definitely are not dead. Lea-Far Paving Company has moved out after finishing three parking lot jobs and one street block but will return for two other jobs and any others that develop soon.

The contractor has work in Saint Jo and Bowie. Meanwhile curbing is to be completed on a block of West Seventh and a block of Cedar to prepare for the two coming jobs.

Accordingly, says Mayor Endres, other jobs can still be developed if the persons concerned will get the curbs and submit their escrow money soon.

## Pee Wees Lose to Gainesville and Saint Jo Teams

Muenster Pee Wees ran into too much power in their two practice sessions last week Wednesday and Thursday with visiting kids from Saint Jo and Gainesville.

The first contest, in which the VFW Red Sox took on the Saint Jo team, was a massacre as the more experienced visitors made a slugfest of practically every inning. Meanwhile good pitching and air tight support held the Muenster lads helpless in their try at the bat.

Playing the Rotary kids of Gainesville the next night the Lions team fizzled the game away on errors in the last inning. Leading by a count of 8-6 they muffed two chances that could have salted the game away. The Gainesville boys, enthused with their breaks, then put on a hitting spree which netted 6 runs for the final lead of 12-8.

Breaks favored the Muenster kids in the early innings and accounted for their comfortable early lead. Hits and walks and the few Rotary errors were grouped just right for the Pirates. After that the visitors trimmed down the lead little by little and capped their performance with the last inning barrage of hits.

In the pitching department Owens held a clear advantage until relieved by Mullins in the final frame. Rotary used three hurlers. However the visiting pitchers had better support in exceptionally good fielding.

## FFA Chapter Plans For Texoma Outing

Final plans for the chapter's annual encampment at Lake Texoma will be the business under discussion at a special meeting of Future Farmers of America Tuesday night, July 24, at 8 o'clock in the vocational agriculture department of the public school.

As in a previous meeting prospective members of next year's class are invited to participate in the planning because all of them, along with former members, are eligible to attend the outing.

The meeting will also give final attention to plans concerning the FFA state convention in Dallas, starting Wednesday. Delegates are David Walterscheid and Jerry Wimmer and Instructor Glenn Hellman.

## Little Leaguers Receive Uniforms, Adopt New Names

Little Leaguers of Muenster have finally received their long awaited new uniforms, and have adopted new team names in accordance with the names on the new suits.

Specifications on uniforms received before the season stated they were available with names of all major league clubs. So local teams selected the names of Red Sox, Yankees, Braves and Tigers and ordered accordingly. When the shipment arrived, during the past weekend, the names were Pirates, Red Sox, Orioles and Giants. Changing names was easier than changing suits, hence the new identifications are as follows: VFW, Red Sox; KC, Orioles; Lions, Pirates; St. Joseph, Giants.

Action in the local loop during the past week was limited to two teams and resulted in two one sided wins for VFW at the expense of St. Joseph. Last Friday night the VFW kids, still known as the Red Sox walloped the Giants 28-8 in a five inning session. The 18 hits and 12 walks allowed by Knabe made the job easy for the Sox. Leading Sox hitters were Hellman, a homer, a double and a single; Hess, a triple and 2 singles; and Grewing, a triple and a single. Top Giant hitters were Hess with a triple and a single and Pagel with a triple. Hellman, pitching for the Sox allowed 7 hits and 2 walks and fanned 6.

Tuesday's game also lasted five innings, ending with VFW ahead of St. Joseph by 22-8. The game was fairly close except in the third when the Red Sox scored 12 on 8 walks, 3 hits and 2 errors. Hellman's pitching record showed 6 strike outs, 7 walks and 7 hits. Knabe's showed 10 strike outs, 15 walks and 7 hits. Heavy hitters for the Sox were Reiter with a triple, a double and a single, and Vogel with two triples. Giant leaders were Bayer with a double and a single and Hess with a double.

The Pirates, sponsored by the Lions Club, are still leading the league with a perfect record of 5-0. Others in their order are Red Sox, 4-2; Orioles, 2-3, and Giants, 0-6.

## WITH THE MEN IN SERVICE

### Has 30 Day Leave

David Endres, ATAN, is visiting his parents, Mr. and Mrs. R. R. Endres, while he is on 30 day leave from navy training. He had been at Memphis, Tenn., and his new assignment will take him to Gulfport, Miss., for two weeks, then to Biloxi where he will enter a specialized radar training school.

### Back In The USA

Ernest Sicking who spent the past seven months with his air force squadron on the Azores Islands is back in the states since Friday. He's at Charleston AFB, South Carolina, where he is taking six weeks of specialized training. He is an airplane mechanic. His parents are Mr. and Mrs. Ben Sicking.

## Polio Vaccinations Available Monday At Muenster Clinic

Next Monday, July 23, will be polio vaccination day at the Muenster Clinic . . . as long as the vaccine supply holds out.

Dr. T. S. Myrick said Wednesday that he has received enough Salk vaccine for 225 shots, which will be given on a first come, first served basis. He also pointed out that there is no official restriction on the distribution of this vaccine. Anyone over 6 months of age can receive the shot. The price per shot will be \$1.00.

Polio treatment will consist of a series of three shots, the second to be one month after the first and the third six months after the second.

Myrick also reminds parents that children who received the free polio shot provided by the government shortly after the Salk vaccine was introduced will have to start over with their series. The original shot is so old now that it can no longer be figured in a series.

## Muenster Schools To Open August 28

Opening day—at both Muenster schools has been set as Tuesday, August 28.

Father Christopher Paladino and H. H. Homsley, superintendents of Sacred Heart School and Muenster Public School, have decided to start earlier in order to have spare days available to make up for lost time in case schools have to dismiss for bad weather during the winter. They agreed that providing a safe margin of time in advance is more satisfactory to all concerned than making up for lost time near the end of the school year. If no days are lost by bad weather the schedule can be adjusted later.

As in previous years, the two schools will follow the same schedule all the way through. That arrangement fits in with their cooperative policy of coordinated courses and a common bus system.

## Wilde Completes Thirty Years as Chevrolet Dealer

Another big milestone in the history of the J. B. Wilde garage was reached this week with the completion of thirty years as local Chevrolet dealer. Ranking with the older business firms of this city, the business also enjoys the distinction of being listed with the old timers in Chevrolet circles of the Southwest. There are a few older agencies, says Wilde, and they have only a few years of seniority.

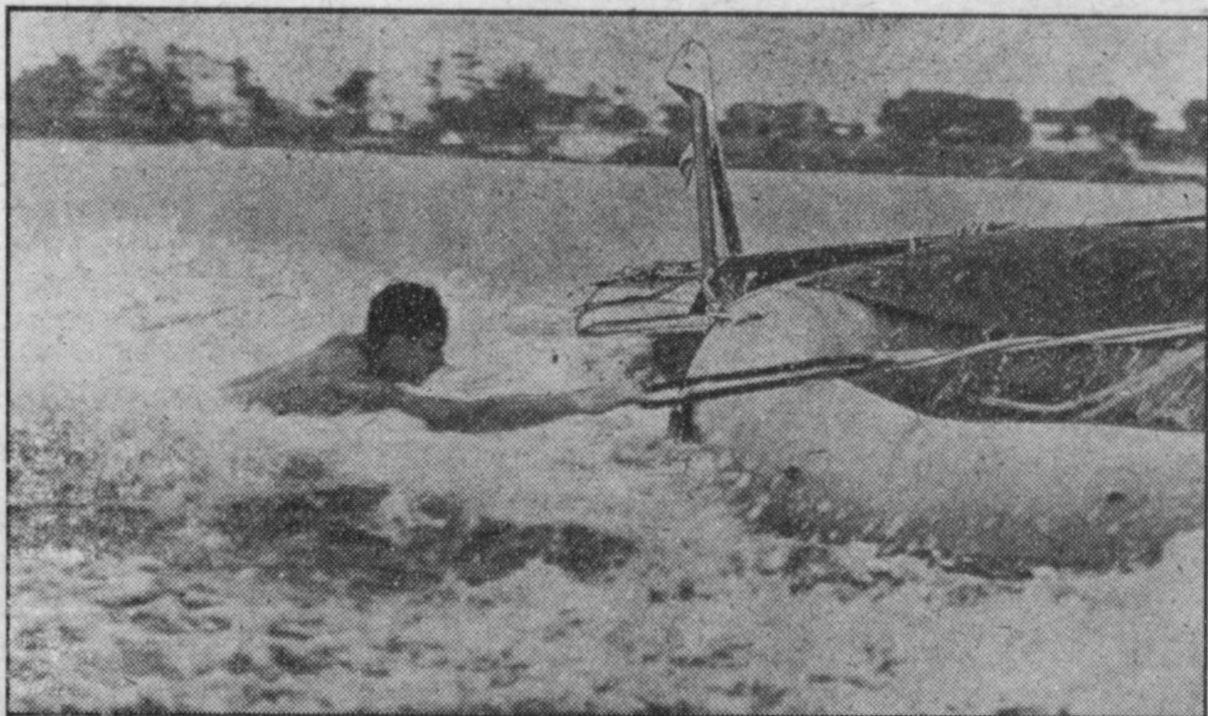

The agency originated in July, 1926, he recalls, when he and his brother, H. S. Wilde, received their contract and their first car load of Chevies. They took on the car agency in connection with a tractor and implement dealership they had operated for several years from their homes on their respective farms. Later in 1926 they started construction on the building which is still in use. It was occupied early in 1927.

It did not take long for the car agency to replace farm machinery as the firm's leading line of business. At the beginning Model T Fords were the popular cars, but the gear-shift Chevrolets were gaining in sales. Only a few years later Ford gave up its old design, and the competition between the cars got keener. In 1937 Chevrolet took over sales leadership and has held it ever since.

Meanwhile the firm continued to implement and tractor agency, which again came to the front during the war years when cars were scarce and farm equipment was vitally needed.

## SCHEDULE OF COMING EVENTS

FRIDAY, July 20, Little League, Lions vs KC.  
TUESDAY, July 24, Little League, St. Joseph vs KC.

AQUATIC SLINGSHOT—The Navy has a new-method slingshot device, which drags soggy frogmen from the water into fast-moving boats. The secret of the swimmer pick-up assembly is a spring-loaded bungee cord, attached to a boat boom suspended over a rubber boat. As the boat races by, the swimmer grabs onto a spare at the other end of the tensioned cord. The acceleration, stretching the cord, pulls the swimmer into the boat, above. Frogmen can be pulled in at the rate of 25 per minute—2.4 seconds per man; Designed by All American Engineering Co., in cooperation with the Office of Naval Research, the assembly is said to be safer and faster than other methods of retrieving men from the water.

DINNER SUNDAY OBSERVES FIVE ANNIVERSARIES

A wedding anniversary and four birthdays were observed Sunday at a dinner party given in the home of Mr. and Mrs. Hank Walterscheid.

The Waltersheids were observing their fourth wedding anniversary and birthday honorees were Hank and Debbie, Bud Swingler and daughter Charlotte. All received gifts.

Mrs. Walterscheid prepared the chicken dinner, complete with a decorated cake and ice cream.

Mr. and Mrs. Bud Swingler and children Charlotte, Becky and Ronnie who had been visiting here on their vacation returned to Enid, Okla., Monday.

Swimming Pool - -

a little, so they welcomed the news of a profit along with the very evident recreational value.

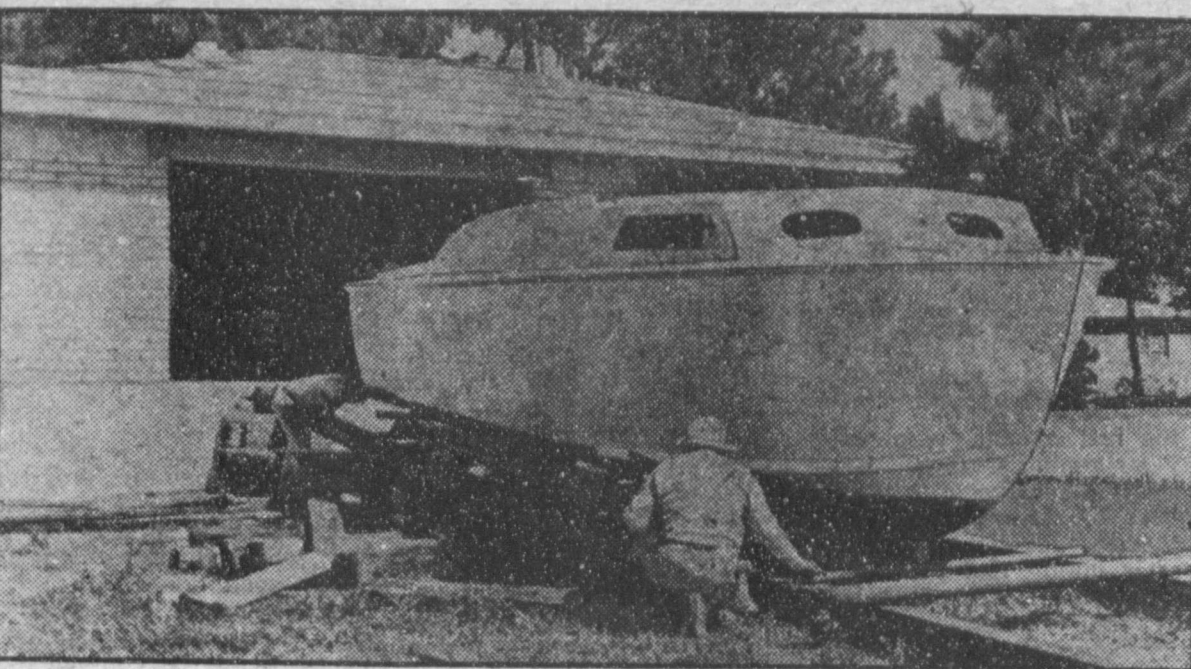

Pool Supervisor L. B. Bruns said that the pool cleared slightly more than \$400 during June, also that a few of the expense items were permanent fixtures figured in with the operation cost.

Average week day revenue is slightly over \$30 and average Sunday revenue is between \$70 and \$80. Principal expenses are the supervisors' salaries adding to \$475 a month and a daily bottle of bromine (2 on Sunday) at \$3.60 a bottle.

According to the estimates of Supervisors Bruns and Saye the average crowd at the pool is 30 per cent adults and 70 per cent children. Considering that high school children pay the adult fee the number of actual adults could be estimated at nearer than 10 per cent.

A report on behavior at the pool was also pleasing. Kids are generally cooperative, as indicated by compliance with a recent request to stop "cannon ball" dives . . . doubling up and hitting the water with a splash.

A problem which the management wishes to bring to parents' attention is running. Wet concrete is not good footing for wet feet and quite a number of kids have tumbled. If parents will caution their children to slow down they can help prevent possible injuries.

NO BOO-BOO, THIS—It was done on purpose. A switch on the classic "I forgot about the size of the door" theme, this 26-foot craft was built inside the nearly completed house with intent aforethought.

crete is not good footing for wet feet and quite a number of kids have tumbled. If parents will caution their children to slow down they can help prevent possible injuries.

Blessed Events

Mr. and Mrs. Glenn Hellman are rejoicing over the birth of Dwayne Arthur, their first child who arrived Monday, July 16, at the Muenster Clinic at 10:20 a.m. weighing eight pounds.

Mr. and Mrs. Bruno Zimmerer of Lindsay welcomed a daughter Sunday, July 15. The seven pound seven ounce girl arrived at Gainesville Sanitarium at 5:17 a.m.

Mr. and Mrs. Emmett Sicking announce arrival of a seven pound three ounce daughter at the Muenster Clinic Saturday, July 14, at 9:45 a.m.

Mr. and Mrs. James Bayer of Gainesville are the parents of a six pound eight ounce daughter born at the Sanitarium on Thursday, July 12, at 3:38 p.m.

Mr. and Mrs. Frank Bayer of Muenster and Mr. and Mrs. Joe J. Neu of Lindsay. She also has great-grandparents, Mr. and Mrs. John Walter, Muenster, and Mrs. John Neu, Lindsay.

Health Department Issues Warning on Tetanus Infection

AUSTIN — A disease 2000 years old is still with us according to Dr. Henry A. Holle, Commissioner of Health. The disease is tetanus or lockjaw and is caused by bacteria found in earth, garden mold and manure.

Tetanus bacteria thrive where there is no free air or oxygen. That is why a puncture wound such as that caused by nails, splinters, or gunshot is the most dangerous. Especially is this true when the injury occurs in a barn yard, cow pasture, or where field manure has been used.

All such wounds should be taken seriously. They should be opened, cleansed, and dressed by a physician.

If tetanus develops, such signs as restlessness, stiffness of the neck, a tight jaw and beginning stiffness of the arms and legs may be observed. Usually such

symptoms develop about five to eight days after the injury. Children may have convulsions and there will be fever.

It was not until late in the 19th century that a preventive measure was developed. At first, this protection against lockjaw was given separately. As years passed and research continued, doctors perfected a vaccine or preventive measure to protect the person early in life.

Now this protection is given at the same time that immunization is given for diphtheria and whooping cough, and the combination is known as the "triple vaccine." It is given to a child in the last half of its first year of life, or earlier. Booster doses should be given at intervals to keep up the protection and especially after any puncture wound.

How quickly can you find what is so unusual about this paragraph? It looks so ordinary that you would think that nothing was wrong with it at all and in fact, nothing is. But it is unusual. Why? If you study it and think about it you may find out, but I am not going to assist you in any way . . . you must do it without coaching. No doubt, if you work at it for long it will dawn on you . . . who knows? Go to work now and try your skill. Par is about half an hour.

Anna Grace Fette of Fort Worth was here Wednesday for a visit with homefolks.

A violinist stopped in a London music shop and asked for an E-string. Placing a large bunch of strings before the customer the storekeeper remarked. "Ere they are, sir. Select what you want—I cawn't tell the 'e's from the she's."

Judicial, Not Political Bill Boyd for District Judge A REASONED CHOICE

The people of Denton and Cooke Counties are called upon to elect a person to one of the most important offices in our government — District Judge. We all have a stake in that office, for upon our right to life, liberty and property the man we elect may be called upon to sit in judgment. A District Judge should be reserved, deliberate, and possess a judicial temperament. He must be fair, and a continuing student of the law. We think experience as a practicing attorney is essential, because the District Court has broad jurisdiction to try many types of cases. Bill Boyd has the qualifications for District Judge. His temperament is judicial, not political. Bill Boyd is not asking for a promotion up the political ladder, but is ambitious only for a judicial career. He will never use the office to build up political strength. Bill Boyd will devote all his time and energy to discharging his duties and responsibilities faithfully and impartially. He will have no friends to favor and no enemies to punish. The other candidate is now holding an office the term of which has 2 1/2 years remaining at a salary of \$7200.00 per year. Bill Boyd promises that he will never campaign for another office at mid-term. Bill Boyd has the qualifications to make a District Judge in the best tradition of that great office.

Judicial, Not Political Written and paid for by the COMMITTEE FOR BILL BOYD FOR DISTRICT JUDGE.

**Completes Physics Course at A and M**

Mrs. John Mosman has returned from A&M College where she has completed a six-weeks summer training institute for Texas high school physics teachers sponsored by industry and Texas A and M College. She was one of 30 students enrolled.

The institute was operated by the Department of Physics of Texas A and M College from June 4 to July 13, and expenses of students enrolled were underwritten by 16 industrial organizations. These firms provided cash fellowships of \$250 to each student. This covered fees and allowed a margin of compensation for loss of earnings during the training period.

Mrs. Mosman, on the faculty at Muenster High school, will teach physics next term. Her fellowship was furnished by the Magnolia Petroleum company.

**Kathy Hoedebeck Observes Birthday**

Kathy Hoedebeck, daughter of Mr. and Mrs. Leo Hoedebeck, of Gainesville, celebrated her birthday last Wednesday afternoon with her mother as hostess at their home.

Gifts, games, birthday cake, pink ice cream in rabbit shape, and fruit punch, made it a happy occasion for the honoree and the guests. Shirley Hoedebeck assisted her mother with the serving.

Present from Muenster were Mrs. Gene Hoedebeck and children Paul, Linda and Terry, Mrs. Ed Pels and daughters Carol, Delores and Joannie, Mrs. Arnie Hess and sons Steve and Francis.

Other guests were Pat, Carolyn and Mike Schniederjan, Barbara, Peggy and Johnnie Schumacher and their mother Mrs. Richard Schumacher.

Mr. and Mrs. Alvin Hartman were back at their jobs Monday after a two-week vacation trip. They visited in Eureka Springs, Ark., stopped for sight-seeing in other Arkansas cities and in Jonesboro visited Mrs. Hartman's aunts, Sisters Mildred and Lutgardis. They also saw Sister Eymard who is recovering from an ailment that left her partially paralyzed — she's getting around with a cane now — and exchanged greetings with other nuns at the convent.

Jerry Hellman of Portalis, N.M., is visiting his uncle and aunt, the Ervin Hamrics, this week. From here he'll go to San Antonio to visit his brother Dale.

**BAPTISM CEREMONY FOR JANE ELIZABETH JACKSON**

Jane Elizabeth, infant daughter of Mr. and Mrs. Hugh Jackson, was baptized Sunday afternoon in a four o'clock service in Sacred Heart church with her uncle, the Rev. Thomas Weinzapfel of Dallas, officiating. Mr. and Mrs. Henry Weinzapfel of Denton were sponsors for their niece.

For her christening Jane Elizabeth wore the traditional dress that has been worn at baptism by all babies of the Weinzapfel family. The dress was J. M. Weinzapfel's and all his children and grandchildren have worn it.

Present for the ceremony were

all members of the Jackson family and Don Miller of Dallas who accompanied Father Weinzapfel to Muenster. The Jacksons were hosts in their home for a supper party after the christening.

## "IN THE SWEAT OF THY FACE SHALT THOU EAT BREAD"

Society reporters overlooked the arrival at New York's Idlewild airport the other day of Mr. and Mrs. Giovanni Ghersinich, their daughter Irma, 20, and their sons Giuseppe, 27 and Mario, 25. But it could well be one of the big stories of 1956 in social progress.

The Ghersinichs are the first of 75 Italian farm families to be brought to America by Catholic Relief Services of the National Catholic Welfare Conference for resettlement in Rock Hill, S.C. There, they are presently settled

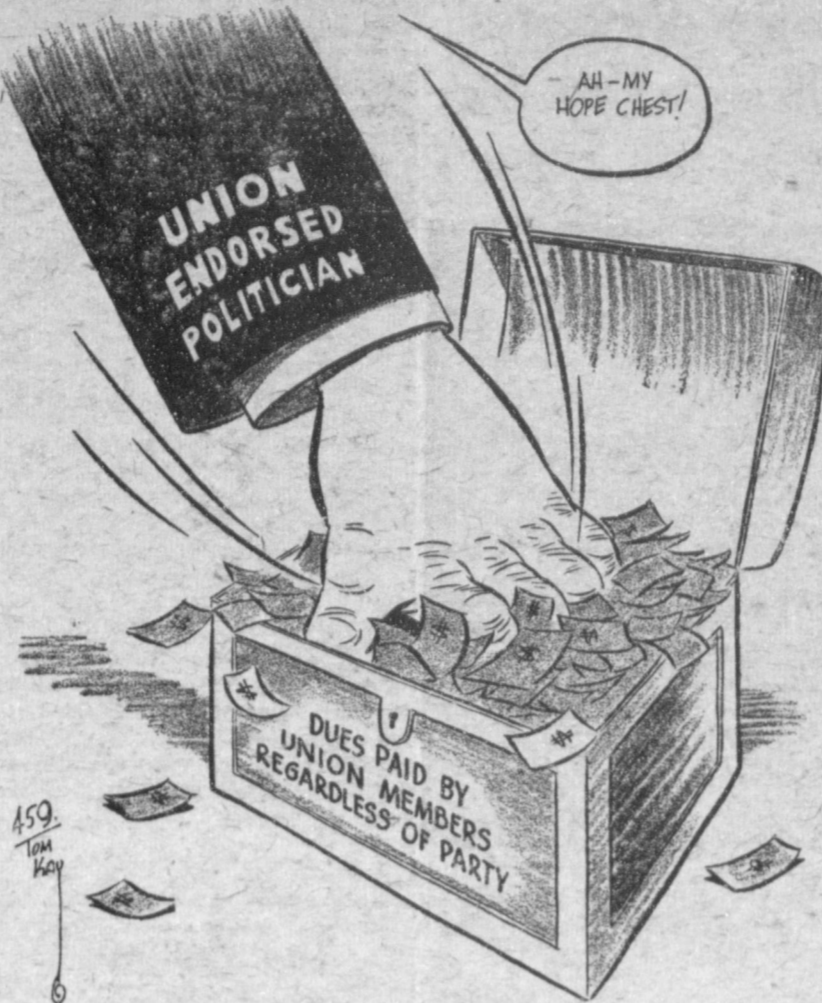

on 40 acres of the 2,000 acre tract of the York County Farm Produce Co. along the Broad River.

In this unique and ambitious project, worthy and landless Italian families will have full opportunity to improve their economic, social and spiritual lives through the sweat of their own brows. The refugees find the company-prepared farm "ready to go." Equipment, livestock and operating capital, as well as land, are available to each new farm family, and balanced against the full use of existing family labor. As returns from their efforts exceed operating costs, these families are expected to start buying their land, and may expend their holdings where their needs, abilities and ambition's outgrow the basic 40 acre units.

The Big Grab

Thus, there is nothing Utopian or communal about this operation, which is a part of the Hickory Grove project of the Farm and Family Foundation, the latter made possible by the donations of interested Americans, and which is under the direction of Very Rev. Maurice Shean, C.O. Provost of the Oratorian Fathers and of this new community. Christian charity provides the way, supplies the initial needs, purchasing and marketing systems. These advantages must be earned by the selected families through their own good character and reputation for industry. From there on, their destiny is in their own keeping.

Here, it would seem is the epitome of what America means: Give a man a chance — and expect him to make good on it. Balanced against their blessings, the Ghersinichs, and those who will follow them, have the responsibility of living up to the tradition of freedom.

### OUR-WEAK AND FLABBY YOUNGSTERS

Writing in The American Magazine, John B. Kelly asks a startling question: Are we becoming a nation of weaklings?

Mr. Kelly — who was U. S. Director of Physical Fitness during World War II and was a famous athlete in his own right — says that "American youngsters today are weaker and flabbier than those in many other countries, and they are growing softer every year." He cites the results of a scientific study of more than 7,000 children, aged 6 through 16, in this country and in Europe. Almost 58 per cent of the American youngsters failed in one or more of six basic strength and flexibility tests, as against 8.7 per cent for the Europeans.

Why should this be the shock-

ing case when, as Mr. Kelly says, our children "get better nutrition and medical care than those of most other countries?" The answer seems to be that our children are leading increasingly sedentary lives. They ride instead of walking — they devote more time to the TV set than to sports. So, in this case, the blessings of "the more abundant life" can be a danger.

The problem is soluble. Mr. Kelly believes that schools should grade students in physical fitness just as in other subjects — and insist on passing marks. To quote him again, "Our pioneer forebears made this nation what it is because they possessed great physical strength as well as mental and spiritual hardihood. We can become just as strong if only we try."

### 19 "PROFIT MINUTES"

Anyone who thinks typical businessmen devote much or most of their time to counting the profits would do well to read a report made by the National Association of Manufacturers.

The average manufacturing company, this report shows, spends most of the working day paying off the costs of doing business — materials and supplies, wages and salaries, taxes, etc. Only about 19 minutes of that 8-hour day are left in which to earn profits. And only about half of those 19 minutes result in dividends for the owners — the rest of the "profit minutes" are used for reinvestment in the business.

By contrast, wages and salaries take two hours and 19 minutes, taxes a trifle more than 43 minutes. The workers and the tax collectors do a lot better than the owners when it comes to dividing up the money business takes in.

## What Do People Need To Hear?

By Msgr. John S. Kennedy, Editor of HARTFORD TRANSCRIPT

WHEN I WAS younger I preached a series of Lenten sermons in a neighboring parish. Filled with learned references from men like Cardinal Newman and Christopher Dawson, the sermons, I thought, were pretty good. But when I was finished the pastor coldly told me, "You tried to be intellectual and didn't even mention sin and repentance, the things the people really need to hear." He didn't ask me back to preach the following year.

The criticism that wise old pastor made of my sermons Kennedy years ago applies to much of the peace-of-mind religion that flows like after-shave lotion from books, pulpits, and TV today.

THIS NEW RELIGION represents God as a big pal. Give Him a little break and He'll see that you break the bank of happiness, health, good looks, success, wealth. Be decent, cheery and constructive and you can't miss the celestial bonanza of material prizes.

Certainly the crucified Christ has no place in such religion, the Christ of the scourging, the Christ of the mob's rejection, the Christ of the awful cry, "My God, my God, why hast Thou forsaken me?"

YOU CAN'T FIT the great

saints into this rosy frame decorated with dollar signs. So many of them were despised and mistreated and suffered willingly for Christ. Their concern, like Christ's, was with sin and repentance. The first had to be conquered, the second fostered. To this they devoted their lives.

But as true Christians, the saints were not gloomy, defeatist specimens. The wellspring of their being was the love of God. With Him they were at peace, at one, doing His will. Hence, in them the true Christian life flourished.

THE LAWS of the true Christian life differ radically from those of worldly living. The true spiritual life is costly and embraces much more than the success and good-feeling which the peace-of-mind people seem to have for their chief goal.

No genuine peace of mind is possible until one sees reality whole and accepts it. Sovereign in reality is man's relationship to God. That must be recognized as it is—as God has arranged it.

THE WHOLE OF REALITY includes the fact of sin, original and actual, the offense sin gives God, the injury it does man, the requisite means of getting rid of it and doing penance for it. Without this element, the search for peace of mind is bound to be fruitless. It would be tragic to mistake such superficialities and and sophistries for eternal wisdom.

## \*BONUS HEAT

. . . or the heat that's still cooking, although the current is turned off.

That's one of the many advantages offered by a modern electric range. Its top elements retain some heat which is usable for a short time after the switch is turned off. Its oven with insulation on all six sides, cooks three-fourths of the time with the electricity off.

## TEXAS POWER & LIGHT COMPANY

**BLOW TO SPEED**  
 PHOENIX, Ariz. — When two state legislators introduced a novel proposal to cut the auto accident rate, their colleagues called it a sound idea.  
 They proposed that all cars be equipped with a device to sound a car's horn after it reaches the 70-mile-an-hour mark. The horn would keep on blasting until the car slowed down.

**Social Security Schedules Dates For Conferences**

A schedule of time and dates when representatives from the social security administration bureau of old-age and survivors insurance will be in Gainesville has been released by the district manager of the administration.

Persons can meet with a representative at the court house between the hours of 9 a.m. and noon on Tuesdays, July 24 and 31, on each Tuesday in August and in September.

Services are free to those wanting a social security card, information for persons over 65, for those who used to work but have been totally disabled for more than six months and for survivors of a working person.

 If not pleased, your 40c back at any drug store. Instant-drying ITCI-ME-NOT deadens itch and burning; kills germs ON CONTACT. Use day or night for eczema, insect bites, foot itch, other surface hashes. Now at Dixie Drug Store.

**Bob Rylee States Policy in Race for State Legislature**

As an announced candidate for State Representative from District 49f (Grayson and Cooke Counties), I am taking this opportunity to present to you some of my background and political views. I am twenty five years old; a life-long resident of Denison; a veteran of three years with the U.S. Army during the Korean War; a graduate of the University of Texas with a major in government; and at the present time am a student at the University of Texas School of Law.

Although I have not previously served in the Texas Legislature as a member, while attending the University of Texas I was employed on a part-time basis by

the legislature as a Committee Clerk. This experience coupled with my college studies of government has given me a familiarization with legislative proceedings and problems, and a working knowledge of the various administrative offices of our state government. This experience will make it possible to better serve the people of Grayson and Cooke Counties.

In political views I am conservative as regards taxation and spending; and I am liberal as regards human rights. On specific issues my views are as follows: I am opposed to a state sales tax; I am in favor of stiffer penalties for narcotics violations; I want to pass legislation that will stop influence peddling; I favor expansion of our school facilities, and higher salaries for teachers, I favor a continued expansion of our farm-to-market road system; I want a return of honesty in our state government and will make special efforts to prevent a reoccurrence of the Insurance and Veteran's Land scandals, both of which were brought about by failure on the part of our state representatives and senators.

If elected, I shall represent the people of this district to the best of my knowledge and ability by making decisions that are guided by the will of the people and my conscience.

Respectfully,  
 Bob Rylee

**Marysville News**  
 By Mrs. Herman Richey

MARYSVILLE, July 17 — Freddie King and Hubert Richey have returned from a visit with Mr. and Mrs. Wendell Richey in Sweetwater.

A revival is being held in Marysville Baptist church this week with Rev. J. I. Clinton doing the preaching. Services began at 8 p.m. Sunday, are being held at that hour every night, and will close this Sunday at 8.

Mr. and Mrs. Robert Pourah and daughter Sandra of Mesquite and Mrs. Louise Mathews and son Gary of Dallas visited the Jim Shiflets during the weekend.

Billy Whitt of Decatur was with his parents, the W. B. Whitts, for a weekend visit.

Mrs. Mattie Davidson of Gainesville spent several days of the past week with her daughter and family, the Earl Robisons.

Mrs. S. L. Duffey and daughter Freddie of Fort Worth are visiting her parents, Mr. and Mrs. Reeve Cooke.

Tom Sears of Orange visited the Foster Davidsons Monday.

Guests in the Jess Davison home Wednesday were their son-in-law and daughter, Mr. and Mrs. Owen Almon of Gainesville, Sunday Rev. and Mrs. Howard Bigham visited the Davisons.

Wanda and Deanna Richey have returned from a vacation visit in Oklahoma City where they were guests of Mr. and Mrs. R. B. Clement.

Mr. and Mrs. Foster Davidson spent Thursday and Friday in Wilson, Okla., with the Monroe and Ambrose Bakers.

Sandra and Paula Shaw of Gainesville visited their grandparents, the J. N. Shaws several days last week.

Mr. and Mrs. Bill Moon had as guests Thursday M.Sgt. and Mrs. Roy L. Tipps and family of Little Rock, Ark., and Mr. and Mrs. Max Harrell and daughter of Sherman.

Youth is that brief period between childhood and middle age when the sexes talk to each other at a party.

**DARI-KOOL**  
 BULK MILK COOLER  
 The Bulk Cooler that's 10 Years Ahead

Cuts Work and Handling Costs Improves Milk Quality -

Dari-Kool cools faster because it has a larger cooling surface than any other cooler. The milk cannot freeze because the coolant is ice water. Dari-Kool units are complete—ready to operate—nothing else to buy or install. All tanks are stainless steel inside and out. Get the cooler that leads in sales—leads in value—leads in performance!

**DARI-KOOL MEETS ALL 3-A SANITARY STANDARDS**

- ... Cools Faster
- ... Easier Cleaning
- ... Ready to Operate
- ... Complete Service Available
- ... Milk Cannot Freeze
- ... Stainless Steel Tank
- ... Lower Bacteria Count

**The DARI-KOOL will pay for itself in use. HERE'S HOW...**

The cost of hauling milk in cans is 40 cent per 100 pounds as compared with 25 cents per 100 pounds for hauling tank milk, thus a saving of 15 cents per hundred.

Elimination of wastage of milk spilled or left in the can at the plant is 7 cent per 100 pounds.

Improved butterfat test gained by selling all the cream instead of leaving some of it sticking to the can and lid account for another 6 cents per hundred.

THIS GIVES A TOTAL SAVING OF 28 CENTS FOR EACH 100 POUNDS OF MILK HANDLED. THIS 28-CENT A HUNDRED SAVING WILL PAY FOR YOUR DARI-KOOL.

A producer with an average of 10 cans of milk (86 pounds each) a day will sell 25,800 pounds per month. At 28 cents per hundred saving, he will be ahead by \$72.24 each month.

The approximate cost of a 250-gallon tank installed is \$2,400 with interest of \$216 for a total of \$2,616. This can be divided into 36 monthly installments of \$72.11 each. **THUS YOUR SAVINGS MAKE YOUR PAYMENTS FOR YOU.** This estimate is without down payment or trade-in, which would cut the principal and monthly payment substantially.

All sizes of good USED CAN COOLERS for sale.

### Local News BRIEFS

Mr. and Mrs. Joe Linn had as guests Friday to Tuesday his sister and husband, the W. B. Parkers of Dallas.

Mr. and Mrs. Marvin Morrison and sons Eddie and Warren of

Chicago arrived Tuesday to spend a few days here visiting old friends. They are houseguests of Mr. and Mrs. Ed Schneider. Before coming here they visited relatives in Anona and Fort Worth. From Muenster they'll go to Wichita Falls, Vernon, Borger and Lubbock to see other members of his family.

Norma Klement spent the weekend here with her parents and family, the Norbert Klements. She is enrolled at Southern College of Commerce in Fort Worth, taking a business course.

Mr. and Mrs. Herbie Miller and children drove to Lubbock to spend the weekend with Mr. and Mrs. Ronnie Herr.

Mr. and Mrs. Charles Denny and family of San Antonio arrived Monday night to spend their vacation with her parents and family, the Ben Lukes.

The Don Wiesmans are living in Farmington, N.M., now where he is a driller in the oil fields. They write his parents, the Tony Wiesmans, that weather there is never hot and folks sleep under blankets every night.

Joyce Haverkamp spent the weekend in Gainesville visiting her sisters, Mrs. Leroy Wiesman and Mrs. Richard Schumacher.

Mr. and Mrs. Melvin Schu-

macher, Mr. and Mrs. Leroy Wiesman and Mr. and Mrs. Lee Wolf spent Sunday at Turner Falls and Lake Murray, Okla., picnicking, taking pictures and swimming.

Sunday guests of Jim Walker and his mother, Mrs. Ada Walker, were Mr. and Mrs. Emmett Weed of Saint Jo and their daughter who is visiting them from Mexico and Mr. and Mrs. C. W. Luster.

#### CARD OF THANKS

Many thanks to everyone who remembered me with cards, visits, flowers and other kindnesses during my illness and long stay at home.

Mrs. J. B. Wilde

### L. V. Henry Solicits Support on Basis Of Current Record

To the People of Cooke County, Texas:

I hereby respectfully solicit your vote and influence in my re-election as County Attorney of this county at the Democratic Primary on July 28th. I am now serving my first two year term in this office.

I have endeavored to conduct this office on the basis of honesty, efficiency and service rendered to the public and I sincerely pledge to continue such policy. The cost and expenses of the conduct of my office are now being borne entirely from the earnings of the office and without cost to the taxpayer.

I will appreciate serving you in this capacity for another term. Yours respectfully, L. V. Henry

#### Citation by Publication THE STATE OF TEXAS

TO: James Johnson  
GREETING: You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 13th day of August, A.D., 1956, at or before 10 o'clock A.M., before the Honorable District Court of Cooke County, at the Court House in Gainesville, Texas.

Said plaintiff's petition was filed on the 19th day of June, 1956. The file number of said suit being No. 17067.

The names of the parties in said suit are: Eula Lee Johnson as Plaintiff, and James Johnson as Defendant.

The nature of said suit being substantially as follows, to wit: A suit for divorce from bond of matrimony by plaintiff against defendant for the reasons of cruel and harsh treatment, and for the care and custody of the minor children, Johnny Warren Johnson and Jerry Wayne Johnson and for the unborn child, and for \$75.00 per month to aid with the support of the said minor children, and for cost of suit and general and special relief.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved. Issued this the 29th day of June A. D., 1956. Given under my hand and seal of said Court, at office in Gainesville, Texas, this the 29th day of June A.D., 1956.

Woodrow U. Clegg, Clerk District Court Cooke County, Texas By Anna Mae Shorter, Deputy (35-36-37-38p)

### Plans and Program Complete for 4-H Rally Day, Aug. 31

Plans are complete for the county wide 4-H rally to be held Tuesday, July 31, at Leonard Park in Gainesville.

The day's program will begin at 10 a.m. with registrations and swimming; study groups and recreation will take up the afternoon, and a barbecue supper and recreation for the entire family will be held at night. Parents are urged to attend with their 4-H clubbers.

Swimming will be twenty-five cents a person. Those wishing to rent a suit will pay an extra quarter. This fee is paid at registration time. Everyone will bring a sack lunch for the noon meal. Drinks will be furnished.

The evening meal will be a barbecue supper served by Richard French at a dollar a person. It will be necessary for him to know in advance how many to expect so that he can make his preparations. Club members and their parents have been provided with a blank to fill out indicating how many will be present. This information must be in the county agent's office by Thursday, July 26, with a check to cover. Checks are to be made payable to Cooke County 4-H Club Fund. Barbecue tickets will be given out on the day of the rally.

This year county wide rally day is taking the place of county camp. In previous years one delegate to the county camp paid six dollars. Now, six members of a family can participate in the rally for the same amount of money.

Let's Elect

## Olan R. VanZandt STATE REPRESENTATIVE COOKE AND GRAYSON COUNTIES

OLAN R. VANZANDT

The membership of the Legislature should be of interest to every citizen, especially their own Legislator because the legislature establishes by law our State policies, levies taxes and appropriates more than five hundred and fifty million dollars biennially for the support of our State Government, schools and colleges, institutions and other state services.

VanZandt served eight years as Grayson County Representative and eight years as State Senator from Grayson, Cooke and Fannin Counties.

Olan R. VanZandt made no elaborate promises when he first asked the people of his district to elect him to public office. In seeking the office of State Representative from Grayson and Cooke Counties, Olan R. VanZandt advances only a record of service and experience as his principle qualification. His platform has always been economy, integrity, ability and fairness to all.

Olan R. VanZandt is qualified by education and experience. He is a graduate of the Texas School for the Blind, the University of Texas, member of the Grayson County Bar Association, State Bar of Texas, and an honorary member of the Texas Supreme Court's Advisory Rule making committee.

VANZANDT opposes levying a state income tax. VANZANDT is against a general sales tax.

Whether or not a black cat depends partly on whether you crossing your path is bad luck are a man or a mouse.

**Prescher Cows Lead County DHIA Herds For Honors in June**

Peter Prescher's Holsteins were out in front for milk and butterfat production when averages for the Cooke County DHIA were totaled for the month of June.

The cows averaged 1100 pounds of milk for top spot on the list and also accounted for 36 pounds of butterfat to be high herd in a tie with Henry Frasher's Holsteins.

Frazer's cows were second in milk production with 980 pounds and the Hoedebeck and Myers herd was third in butterfat with 35 pounds. Hi-Lo and Richard Frasher's cows tied for third place in milk production with a 930 pound average.

The June report compiled by DHIA Supervisors Carl Kempfin and Bob Fuhrmann shows that the average butterfat production in the association for the month was 29 pounds per cow and the average milk production was 760 pounds.

Twenty-three herds were tested, there were 539 cows in milk, and 106 cows produced 45 pounds or more of butterfat.

Listed among the high producing herds were those of Paul Fisher, John Knabe, Martin Bayer and Alfred Bayer.

**Cooke DHIA Is On Top for Milk, 2nd In BF During May**

Cooke County Dairy Herd Improvement association again came up in first place in the state, tying with Mission county, for milk production during May, according to the state summary for that month. Both groups posted an average of 870 pounds of milk for the honor.

Cooke and Dallas counties tied for second spot in butterfat production with 33 pounds, being outdone by Mission and Parker counties who were one point ahead. Wichita Valley was second in milk production with 830 pounds. There are 24 counties in the Texas association.

**OPEN SEASON ON "SITTING DUCKS"**

Come January first, New York State will put into effect new regulations for commercial vehicle lighting that will bring Empire State requirements for truck safety equipment from below the national average to a new high for all the states to emulate.

But a New Jersey act, approved May 8th and effective immediately, already points up what is perhaps the single weakness of the New York regulations. Patterned generally on the recommendations of the American Trucking Associations, New York will require turn signals on all trucks, large or small, new or old. But New Jersey goes one step further and suggests that turn signals be so wired that they may be switched on to flash simultaneously when the truck is disabled on the road.

Such a traffic hazard is known to the truckers as a "sitting duck," and unless and until all vehicles have the protection authorized by New Jersey, the pile-ups they cause are bound to increase — with a mounting toll of fatalities, bloodshed and property damage. Last year there were 1,280 "sitting duck" deaths and 151,060 were injured in rear-end crashes. This year, these figures are bound to be larger.

But, as the new law in Jersey indicates, something can be done about it — and right now. In fact, nearly a million vehicles, both commercial and private, are now equipped with a special switch that converts the standard turn lights into four blazing disabement flares that flash their warning unmistakably by day or night. If your car has turn lights, any competent mechanic can install a switch for about the cost of a tank of gas. Or, if you like that kind of recreation, you can buy a disabled vehicle warning switch for yourself and install it Saturday instead of watching the ball game. Maybe it will only take you a couple of innings at that.

At least this will provide food for thought next time you have to change a left side tire on a busy highway at night.

**BUS SEGREGATION STILL LAW** — Texas citizens still have the right to file criminal complaints against anyone violating bus segregation laws.

All Merchandise Guaranteed . . . Monthly Terms Available on Larger Purchases!

## Local News BRIEFS

Mr. and Mrs. J. J. Haverkamp have returned from a vacation trip to Wink where they were guests of their daughter and son-in-law, the Troy Coopers, and at Carlsbad, N.M., where they visited her sister Mrs. A. H. Lueb and family. The Coopers moved during the weekend from Wink to Crane where he was transferred by Sinclair Company. It's a promotion for Troy. He is assistant production foreman now.

Mr. and Mrs. Richard Trachta and sons Glenn and Wayne and Mr. and Mrs. Martin Trubenbach have returned from a 12 day vacation tour, visiting and sight-seeing in Mississippi, Louisiana, Georgia, Alabama and Florida. They enjoyed stopping at all the resorts and in Jacksonville, Fla., visited Mr. and Mrs. J. N. Pappas — she is the former Florentine Trubenbach — and their new baby daughter. In Pembroke, Ga., they were guests of Mr. and Mrs. Chris Fette and two children.

Mrs. Arnold Rohmer and Donnie and Mrs. Norbert Rohmer

were Friday visitors in Fort Worth where Donnie had a dental appointment.

Mr. and Mrs. Steve Moster and Mr. and Mrs. Larry Yosten were among those attending an outing and barbecue supper last Wednesday evening at Lake Grapevine. The event was given for members of the North Texas Waterworks Association and their guests with Briggs-Weaver Company of Dallas as host. It is an annual affair given by the company. The men's business session followed the outing.

Mrs. Herbert Meurer had as her guest Friday, Mrs. Lucy York of Oklahoma City, who is vacationing with her sister, Marie Geray at Gainesville. Mrs. Meurer and Mrs. York hadn't seen each other in about 25 years. At that time they were doing nursing together. Mrs. York as Lucy Geray was on the staff at Dr. Maxwell's Hospital in Myra, and Mrs. Meurer as Evelyn Fette was doing private duty there.

Ruby Wimmer and Ginger Wolf, both employed in Dallas, spent the weekend here with their families, the Tony Wimmers and Bernard Wolfs. Mr. and Mrs. Wimmer drove to Dallas Friday to bring the girls home. Going with them was Julia Wolf who was on vacation. She returned to work at the Muenster State Bank Monday. While she was off duty Julia spent about ten days in Houston with relatives.

Mr. and Mrs. Lee Toothaker spent several days of last week in Fort Worth, Crowley and Handley. In Fort Worth they were guests of their son, Wallace Lee Toothaker and family, and in the other two towns they visited Mrs. Toothaker's sisters.

Joan Roberg has returned to Fort Worth following a week's vacation here with homefolks.

Ed Schmitt and the Joe and John Fishers had as guests Saturday and overnight their nieces and cousins, Mrs. William Roberson and four children of Santa Fe, and Mrs. John Peddy of Farmington, N. M. They are remembered here as the former Katherine and Marie Adams and were on their way to visit in Dallas where they formerly lived. From there Mrs. Roberson and children are to go on to Omaha, Neb., to join Mr. Roberson to make their home.

Miss Marie Dietz of Gainesville spent a few days of this week here as the guest of Miss Anna Hellman.

Mike Luke flew in Saturday from Albuquerque to spend a few days with his family, the Henry Lukes. He came in a plane that belongs to a flying club of which he is a member. The Paul Lukes drove to Gainesville airport to meet him. Sunday the family was together for a birthday observance, three of them having anniversaries this month. Ann Luke was 16 Sunday, Mike's birthday was on the 12th and Henry's is on July 21.

Theresa Mae Felderhoff is on her vacation from work at the Muenster State Bank since Monday.

**KNEEDED: SHOCK ABSORBERS**—Knobby knees of Air Force personnel, left, attract a quizzical glance from Airwoman 2/C. Pat Pickett, right, at Manhattan Beach Air Force Station, N.Y. The three stalwarts model the new, abbreviated summer uniforms intended for base-or-duty station wear only. The men are, from left: Lt. Allen Claire; Lt. Larry Rappaport; M/Sgt. Vincent Anderson.

### Betty Lue Buckley Receives MA Degree

Betty Lue Buckley, daughter of Mr. and Mrs. E. P. Buckley of Grapevine, formerly of Muenster, will this month receive a Master of Arts degree in speech correction from St. Louis

University. She took a B. S. degree there in 1953.

Betty is a graduate of Sacred Heart High where she received the Sedes Sapientiae award on the basis of leadership, scholarship, service and loyalty.

Save the thin layer of soil in which living is rooted.

### Growing Pains

"I hope you don't think me too young for marriage with your daughter," said the young man anxiously.

"That's all right, my boy," was the cheerful reply. "You'll age fast enough!"

### So What! Life Ain't Perfect

"Every woman waits for the right man to come along. However . . ."

"However what?"

"However, in the meantime, she gets married."

### DIPLOMAS MAY COME HARDER

If the State Board of Education adopts its study-committee's proposals, future diplomas will come a little harder for Texas high school students.

Suggestions included (1) two years, instead of one, of laboratory science, (2) a half unit more of government or history, (3) making physical education and health non-credit courses and (4) limiting athletic practice during school hours.

QUALIFIED BY EXPERIENCE

Re-elect

Jesse James

STATE TREASURER

PROVEN HONESTY  
PROVEN EFFICIENCY  
PROVEN ABILITY

JESSE JAMES has properly handled and fully accounted for over \$8 Billion of the people's money, as proven by State Auditor's reports.

JESSE JAMES, through efficient administration during a period of constantly rising prices, has reduced costs per dollar handled by 46.9%.

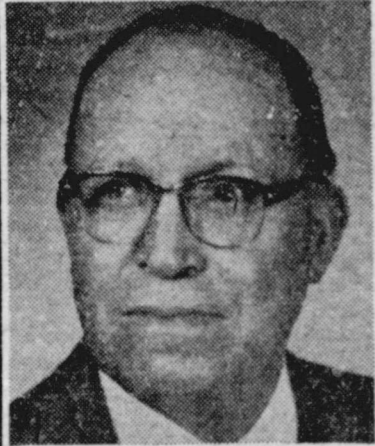

JESSE JAMES has increased income on depository interest earned on current funds by almost 2000%. This income was \$105 Thousand per year when he became Treasurer; now it is over seven times the cost of operating the State Treasury — a profit of almost \$2 Million annually for the people of Texas.

Chevy beats own Pikes Peak record . . . and tops all rivals including cars in every price range!

Last fall, Chevrolet broke the Pikes Peak record in a history-making pre-production test.

Chevrolet takes first, second and four of the top six places! Beats its own stock car record by a full minute and 16 seconds!

Running against the hottest competition in the land, Chevrolet won the Pikes Peak climb—a towering challenge open to all makes of cars.

This is unquestionable proof of Chevrolet's supreme roadability—the accuracy of Ball-Race steering, the solidity of outrigger rear springs, the traction "bite" of balanced weight distribution.

There is no greater test of a car's road safety qualities than Pikes Peak climb. Come in and drive the car that's won the "crown" twice in a row!

Ellis Haller tells a new version of the classic about a newly ordained minister in the Ozarks who was going out for the first time to call on some members of his flock.

As he approached one tumble-down shack he saw a little girl sitting on the porch.

"Hello there," he said brightly. "Is your father home?"

"Nope—he's in jail."

"Well, may I speak to your mother?"

"Maw's at the sanitarium. She got to seein' things."

"I see. Well, have you any sisters or brothers?"

"I got a brother, but he's away at Harvard College."

"Harvard?" exclaimed the minister, amazed. "What is he studying?"

"Nuthin'," said the girl. "They're studyin' him."

It's strange but men will drink about anything put before them, but check very carefully the oil put in their car.

**WORLD'S ONLY REALLY MODERN REFRIGERATOR**

'57 Servel ICE-SERVER gas REFRIGERATOR

**3 great appliances in 1!**

**TURN LITTLE PIGS INTO BIG HOGS**

**Get them to Market FASTER ... and with LESS FEED COST**

RED CHAIN Wa-Mo, Hog Feed supplement furnishes the proteins, vitamins, and minerals that are lacking in corn and grains. In other words it adds nutritional balance to the ration. That's why 50 pounds of RED CHAIN Wa-Mo and 6 bushels of corn makes 100 pounds of pork. A saving of 6 bushels over the old way of feeding corn alone... and less time. Now, RED CHAIN Wa-Mo is extra fortified with Vitamin B12 and Antibiotic Feed Supplements to still further speed up growth and improve intestinal health. This all adds up to—Bigger Profits.

Gainesville

Mrs. Joe Schmitz is back at home after spending about two weeks in Muenster with her grandchildren while their parents, Mr. and Mrs. Martin Trubebach, were on a vacation trip.

Mr. and Mrs. Richard Arend have returned from a trip to Memphis, Tenn., where they visited her brother, and in Little Rock, Ark., where they were with his sister and her family, the Eddie Rauschubers. Mr. Rauschuber was in the hospital having undergone surgery. They brought Charlotte and Donna Rauschuber home with them. The little girls are also visiting their grandmother, Mrs. Lena Arend, and their aunt and family, the Larry Yostens in Muenster.

Mr. and Mrs. Bill Arend and two sons moved recently from Garnett, Kansas, to Liberal, Kansas, where he was transferred by Halliburton Oil Co.

Susan Bengfort returned Monday after spending a week in Muenster with her grandparents, the John Herrs. Patsy Herr accompanied her to spend two weeks in the Bengfort home.

#### Mary Jane Block Wins State Award

Mary Jane Block, daughter of Mr. and Mrs. Nick Block of Lindsay, was state winner in the Catholic League's Rural Life program and was in Nada to receive her prize, a handsome plaque, when winners were announced and awards presented last week during the League's annual convention. She had previously been a district winner at the Windthorst convention. There were seven district entries.

Mary Jane won state honors for her written report on what she had done in her parish, her school, her church and her community.

At the convention with her were her parents and sisters Rita and

Carolyn. Mrs. Block was a delegate from the Christian Mothers' Society, and Mr. Block, president of the North Texas district, was a delegate at large.

After the convention they drove to Victoria, San Antonio and Fort Hood to see relatives. They returned home Friday night.

Others representing Lindsay at the convention were Rev. Father Mark, acting pastor of the parish, William Fleitman and Joe Bengfort, delegates from the men's society, and Irene Block and Clara Mae Haverkamp from the youth group.

#### Reunion Draws 125 Of Fuhrmann Clan

The Fuhrmann families gathered Sunday night in the Lindsay hall for their annual reunion with about 125 members present. It was the 48th year of the traditional observance.

Everyone brought covered dishes for the evening meal.

Since 1908 this gathering has been a festive occasion every year — with the exception of a very few times — on or as near as possible, July 15, Saint Henry's Day. It originated as a homecoming for family members and was held, in earlier years in the home of Henry Fuhrmann. Although Mr. Fuhrmann died 22 years ago, his children and grandchildren have kept the tradition alive.

Eleven of the Fuhrmann children are living and ten of them were present for the reunion, along with their children and grandchildren. Only Mrs. Max Koesler of Vinita, Okla., was prevented from being there.

In attendance were Father Joseph Fuhrmann of Fort Worth, Matt, Mike, Joe, Tony, Henry S. and Willie Fuhrmann and Mrs. Charles Loerwald, all of Lindsay. Mrs. Alfons Koesler of Muenster and Mrs. A. C. Flusche of Denison.

Joining the relationship from Lindsay, Muenster and Gainesville were Brother Michael Fuhrman of Subiaco, Father Fred Mosman and Father Aloys Fuhrman of Dallas, Father Ignatius of Fort Worth, A. C. Flusche of Denison, Mrs. Charles Curran of Dallas and Mr. and Mrs. Bill Dankesreiter of Pilot Point.

#### Chevrolet Dealer - -

After the war, when cars again became plentiful, the implement agency was discontinued.

The partnership of J. B. and H. S. Wilde in the Chevrolet agency lasted until 1934. At that time H. S. withdrew and opened another agency handling cars and implements. A few years later he moved to Gainesville.

After the war, the Chevrolet agency again became a partnership. Ray Wilde joined his father

in the business shortly after his return from the armed services.

Through the years the firm has grown steadily as its sales kept pace with the ever increasing demand for cars and the continued popularity of Chevrolet. From a start of two partners and one employe it now has the partners and seven employees, four in the service department and three in the office.

Wilde estimates that the agency has sold more than 2500 cars during its 30 years, and considerably more than half of those were sold since World War II. Sales of 253 of last year's model set the record to date and sales of the present model now stand at 165.

Along with the Chevrolet agency Wilde had a Piper airplane agency for several years after the war. He qualified for a pilot's license in spite of having only one arm. He lost his left arm in a car accident in 1935.

#### Catholic League - - -

seven district entries. Another award went to St. Joseph's Society of Fredericksburg for showing the largest percentage of increase in membership.

Resolutions passed by the delegates dealt with Feminine Fashions, Parental Authority, Sunday Observance, Family Allowances, Education, Co-Existence and Objectionable Literature.

The election of officers retained Maurice R. Hafernick of San Antonio as president, Walter L. Zimmerman of Selma as secretary and Frank Hoelting of Nazareth as treasurer. Andrew Roewe of Windthorst is the new vice president.

The women's group re-elected President Mrs. S. J. Martuarano of Jarrell, Vice President Mrs. Frank Scheffe of Windthorst, and Secretary Mrs. Frank Herr of Muenster. Mrs. Henrietta Galle is a new vice president and Mrs. Leo Stippich of New Braunfels is the new treasurer.

The Youth Group's election placed all new officers except that of secretary. They are Johnny Kubula of West, president; Aline Schuelte of Nazareth and Mary Ann Korenek of Nada, vice presidents; Eva Vrba of Temple, secretary and Harvey Mikulik of Wall, treasurer.

The Life Insurance Union re-elected Ben Schwegmann Sr. as president; Martin Ebest, vice president; John P. Pfeiffer, secretary — all from San Antonio — and Felix G. Stehling of Fredericksburg as treasurer. Theo P. Magott, San Antonio, and Mike Smith, D'Hanis, are new trustees serving with Maurice R. Hafernick of San Antonio.

Saint Mary's parish of Nada

with its 222 families was host for the four day meeting. Walter Gold was general chairman. A youth rally, a dance and social hours were also on the program and mission and press exhibits were arranged in the convention hall.

#### Confetti - - -

al times during the dry summer months.

In the event, however, that another prolonged drought comes along the law can provide for the city's needs simply by stipulating that the farmer must quit irrigating as soon as the city quits. Let's share evenly in rights and responsibilities, applying the principle that a farmer has as much right to water his crop as city people have to water their yards... that rationing, if and when it becomes necessary, will be shared alike by farmers and city folks.

That kind of adjustment in the law will be fair to everyone concerned. What's more, it will be pleasing to everyone as soon as we get out of the strain of the present drought. As a matter of fact Big D's trouble right now isn't so much the drought as the fact that its present reservoir was not built in time. If it had been there to hold some of the surplus that used to gush over the Lake Dallas spillway and roar down the Trinity the town would not be hurting today, nor bothering about H. D. Fields' irrigation ideas. The attitude will change after a few old time rains.

Another point those Dallas guys might consider is that they are beneficiaries in a big way of the many detention dams built in these parts. Flood control here will stop most and perhaps all of the devastating damage they used to get from the rampaging Trinity. Likewise it stops the silt damage which had a disastrous effect on Lake Dallas.

The men up here who signed easements for reservoir construction are Big D's benefactors, and they deserve consideration from Big R. Now that the city has prevented Fields from taking critically needed water it could

well afford to lend influence toward changing the law so he and other farmers can get water when there is enough of it for irrigation.

Always begin somewhere. You can't build a reputation on what you are going to do.

Life is ten per cent what you make it and ninety per cent how you take it.
