

MUENSTER ENTERPRISE

VOLUME XXII

MUENSTER, COOKE COUNTY, TEXAS

MARCH 7, 1958

NUMBER 15

John Kathman, 72, 64 Year Resident Claimed by Death

John Kathman, 72, a resident of Muenster for 64 years, died suddenly Thursday, Feb. 27, at 4:45 p.m. at Gainesville Sanitarium following a brief illness. He had entered the hospital for medical care the day before his death after becoming ill the preceding night.

Funeral services, held Monday, awaited the arrival of his daughter from Puerto Rico. Father Christopher Paladino officiated at the requiem high mass in Sacred Heart church at 9:30 a.m., gave the funeral address and conducted graveside rites. Nick Miller Funeral Home was in charge of arrangements.

Rosary services were held at the funeral home Friday, Saturday and Sunday at 8 p.m. and Saturday and Sunday at 4 p.m.

Bearers were nephews F. A. Kathman, Herman Stoffels and Dan, Frank, Bernard and Walter Haverkamp.

John Kathman was born March 30, 1885, in Bow Valley, Neb., and came to Muenster with his parents when he was eight years old. He had lived here continuously since. As a young man he worked in the Crawford Dry Goods store, later he was a grain buyer for the Farm Labor Union, and when the FMA cheese plant went into operation he was one of the first employees. He quit work about 2 years ago.

He was married to Miss Tessie Haverkamp on July 18, 1933, and she survives with the one daughter, Mrs. John Caughey. (Continued on Page 10)

St. Anne's Society To Select Parish Mother of the Year

A committee composed of members of the Sacred Heart parish St. Anne's Society will select Muenster's "Catholic Mother of the Year."

The contest, sponsored annually by the National Council of Catholic Women on a parish, diocesan and national level, was one of the principal topics on the program at the March meeting of St. Anne's Society Sunday afternoon. This is the first time Muenster is participating in the contest.

Results of the selection here will be announced after the committee makes its choice. Her name, along with a report on qualifications, will then be entered in the diocesan contest and will compete there for entry in the national contest.

In other business at the meeting members volunteered to help the local court Catholic Daughters of America in sewing Communion dresses and slips for the Holy Father's store-room. The CDA court will buy bolts of the required materials. (Continued on Page 10)

WITH THE MEN IN SERVICE

Settled On Guam

Rodney Walter, naval airman, writes from Guam now. His parents, the Oscar Walters have heard that he's settled at his new station. The whole outfit that Rodney is with made the trip from San Francisco to Guam by plane. It was a 34-hour flight with a lay-over in Honolulu, Hawaii, where Rodney enjoyed a visit with his uncle S. Sgt. Alfred Walter who is based there with the army. The new address is: Rodney J. Walter ATR3, 4905730; VW-3 Navy No. 943, Box 83; care of Fleet Post Office, San Francisco, Calif.

Two Week Leave

Airman and Mrs. John Caughey of Ramey Air Force Base, Puerto Rico, who came home for the funeral of her father, John Kathman, are on a two-week leave until March 15. Since the middle of the week Mrs. Caughey is confined to bed suffering from influenza.

Leaves For Korea

Lt. C. C. Blanton left here Tuesday for Dallas and from there by plane to San Francisco where his army outfit is gathering for a trip to Korea. While he is overseas his wife Eva will remain here with her parents, the Matt Mullers. Mrs. Blanton and Mrs. Muller took Lt. Blanton to the airport at Dallas and saw him off.

3 Trustees Will Be Named April 5 In School Election

Three positions on the Muenster school board are to be filled in the annual district election on Saturday April 5. The election was officially ordered by the school board at its regular meeting Wednesday.

The board also specified that the deadline for filing one's candidacy will be Wednesday, March 26, ten days before the election. Names submitted after that date cannot be printed on the election ballot.

Trustees whose terms expire this year are Norbert Klement, Herbert Meurer and R. N. Fette. Others on the board are Dr. T. S. Myrick and Albert Fleitman, with another year to serve, and B. J. Sicking and J. J. Wimmer with two more years to serve.

Local FFA Chapter Plans Parent-Son Banquet March 12

Future Farmers of America of Muenster High and their Adviser Glenn Hellman have everything in order for their annual chapter banquet to be held next Wednesday, March 12, at 7:30.

For the first time the event will include ladies as guests. This year's party is a parent-son affair. In former years it was a father-son banquet.

In making their program plans the members decided to keep it as informal as possible. There will be no featured speaker and entertainment after dinner will consist of colored slides and moving pictures of the chapter's educational trip last summer and of the boys' projects.

Billy Otto, chapter president, will be master of ceremonies and Jolene Carlton, FFA Sweetheart, will be a special guest. Future Homemakers of America will serve the meal which will be prepared by Mrs. Joe Lehnertz. It will feature fried chicken. The fryers are those from the chapter's poultry project.

With banquet plans behind them, the Future Farmers are putting extra effort into caring for their animals and grooming them for the annual project show, also this month, on March 29.

NEWS OF SICK AND INJURED

Mrs. George Lutkenhaus entered Gainesville Sanitarium Sunday for treatment of virus pneumonia.

Herman Kathman has been confined to his home for the past six weeks on account of a siege of flu. He was 80 in January.

Little Carol Grewing, daughter of Mr. and Mrs. Richard Grewing, was a patient at Gainesville Sanitarium Monday to Wednesday for surgery on her right hand. A cut on her little finger some months ago left the finger stiff and surgery is being done to correct it. One more operation at a later date will be necessary.

Gary Dale Dickerson has been dismissed from Gainesville Sanitarium and is recovering rapidly from an appendicitis operation. He's up and around his home and will return to school Monday. Gary Dale says many thanks for the cards, flowers and other kindnesses while he was in the hospital.

Bill Otto was dismissed from Gainesville Sanitarium Tuesday and is convalescing at home from surgery performed Feb. 26.

I. A. Schoech is back in Medical Arts Hospital in Dallas for treatment and observation. Family members are visiting him almost daily. Doctors haven't said how long Mr. Schoech will have to be hospitalized.

Walter Eberhart who was hurt in an oil rig accident last week Thursday and received treatment at Gainesville Sanitarium entered Baylor Hospital in Dallas this Thursday for nose surgery. Drilling equipment hit him inflicting head and facial injuries. One of the most painful injuries was a crushed nose and surgery is necessary. Other injuries were a deep gash in his forehead, a bruised jaw and several loose teeth. Accompanying Walter to Dallas were family members including his parents, Mr. and Mrs. Ed Eberhart.

Program, Displays Thursday Feature School Week Here

An elaborate stage program followed by displays from practically every department of the school will make up the main event in the Muenster observance of Public School Week.

A previous event observing the special week was the special day Tuesday. About forty visitors joined the students in the cafeteria and the classrooms.

Still another event identified with Public School Week is the all awards banquet Saturday night honoring members of the athletic teams, the band and the pep squad.

Thursday night's stage program, beginning at 7 o'clock, is the elaborate ceremony associated with the crowning of the 1957 Valentine queens. The program had been postponed twice because of sickness in school.

Original plans were to charge admission to the program, but the charge has been omitted since the ceremony has become a part of Public School Week... in order to encourage greater attendance, Superintendent Homsley said.

Promptly after the stage program interest will shift to the gym where eleven displays will show specimens of work done by the students and some of the teaching aids in use. Those now preparing displays are the four elementary rooms and the Science, Math, Shop, English, Commercial, Agriculture and Homemaking departments of high school.

Also in the gym will be a refreshment stand serving coffee, punch and cookies.

Mrs. C. Hoedebeck Dies After Three Years of Illness

Death Monday in a Dallas hospital claimed Mrs. Cleus Hoedebeck and ended three years of suffering. She was 37.

The body was brought to Gainesville for funeral services which were held Wednesday morning at 9:30 in St. Mary's church followed by burial in Rest Haven Memorial Park. George J. Carroll and Son Funeral Home was in charge of arrangements. Rosary was recited at the Carroll Chapel at 8 o'clock Tuesday night.

Bearers were Reynold Reiter, Kenneth Hoedebeck, Phillip Hoedebeck, Frank Mosman, Leroy Metzler and Wallis Holley.

Mrs. Hoedebeck, the former Mildred Krebs, was born at Lindsay on July 15, 1920, and was married to Mr. Hoedebeck in Tishomingo, Okla., in 1937. At that time the Frank Krebs family and the Fred Hoedebeck family lived in Tishomingo. The Cleus Hoedebecks moved to Dallas 10 years ago.

The husband survives as do two sons Jerry and Jimmy and one daughter Carolyn, all of the home; the parents Mr. and Mrs. Frank Krebs of Gainesville; four brothers, Dillard Krebs of Los Angeles, Calif., Eugene Krebs of Dallas, Leon and Frank Krebs Jr. of Gainesville, and three sisters, Mrs. Darlene Wolf of North Carolina, Mrs. Eunice Wolf and Mrs. Doris Kuhn of Gainesville.

Among relatives and friends at the funeral were the Ray Hoedebecks of Denison, Mrs. John Howell of Ennis, Mr. and Mrs. Joe Zipper of Dallas and others from Muenster, Lindsay, Dallas and Tishomingo.

SH Exes Schedule 2 Volley Matches

The Sacred Heart Alumni volleyball teams, eliminated from last week's invitation tournament at Saint Jo by the Caps Corner teams, promise lots of action Thursday night when they will make another attempt to dump the two Saint Jo outfits. The games, in Sacred Heart gym, will start at 7:30.

The local men lost a heart-breaker in the tourney. After running up a 13-2 lead in the deciding game they got panicky and allowed themselves to be nosed out 16-15. In the ladies' contest the Saint Jo team took two straight, one an easy game, the other ending 15-13.

Since then both alumni teams have had a practice session. The men entertained a group of Lindsay fellows and the ladies divided their squad into two teams.

Kaderli and Trachta Are Unopposed on City Election Ticket

Two candidates are unopposed on the ballot of the city election to be held here on Tuesday April 1. They are M. D. Kaderli and David Trachta both candidates for re-election to another two year term on the council and the only persons who announced before last Saturday's deadline and qualified for having their names printed on the ballot.

The city election will be held during the usual hours on April 1 at the city hall.

Council members with another year to serve are Mayor Urban Endres and J. A. Fisher, Rudy Hellman and Herbert Meurer.

Opening Events of Interscholastic Meet Set for Next Week

Opening action of this year's Interscholastic League spring meet is due to get under way on Monday of next week when most of the schools concerned will play the first of their softball games. Winners of those games will go to semifinals on the 17th and finals will be played on the 24th.

Muenster's four teams will meet Saint Jo here in their preliminary games. The teams are Junior Boys, Junior Girls, Senior Boys and Senior Girls.

Next action to begin is in volleyball, with preliminaries next Tuesday night. Again Muenster and Saint Jo will meet and the latter team is the host. Semifinals and finals are dated for the 18th and 25th. Muenster will have two volleyball teams, Senior Boys and Senior Girls.

Next in athletic competition is tennis, with preliminaries dated for Thursday and semifinals and finals the next two Thursdays. Muenster teams will go to Saint Jo for their opening tussles.

Entries here announced up to now are James Wolf and Butch Hudspeth in senior boys doubles, James Harris and Jimmy Cain in junior boys doubles, Carolyn Cain and Jean Wieler in senior girls doubles, and Tommy Sue Hamilton and Mary Lee Dennis in junior girls doubles. Singles entries have not been named.

Dates and places are also set for the track meet and literary events. The track meet will be held on the NTSC field at Denton on March 21.

Saint Jo, official host of this year's meet, will have the declamation contests on March 25, the one act play on March 31 and the literary events on April 1.

Big D Coach Will Be Speaker at MHS All-Awards Dinner

Thurman "Tugboat" Jones, head coach of Highland Park High School, will be the guest speaker at the annual all-awards banquet to be held at Muenster High Saturday night beginning at 7:30 o'clock.

Jones, whose "Scotties" won the state 4-A football championship last fall, is as well known for his speaking ability as his coaching record. He is one of the favorites of this area as a speaker at athletic banquets. He was a Little All-American while playing for Abilene Christian College. Since then he had several years of professional football and coached at Shamrock, Electra, Wichita Falls and Midland before going to Highland Park.

The all awards banquet, which will be the closing event in an active public school week, will be directed by Dan Hamric as master of ceremonies. Miss Dolores Reiter will give the invocation and L. B. Bruns will close the program with benediction. (Continued on Page 2)

Rain Measures .86

More unwanted rain came to this community this week, causing continued delay to any efforts at preparing ground for spring planting and also preventing grazing on lush grain fields.

Farmers are agreed that the moisture is more than ample and that crop prospects could be improved wonderfully by a few weeks of sunshine.

This week's total moisture measure was .86 inch on the city's official rain gauge. Wednesday morning the reading was .56 and showers during the rest of the day added .30.

Moisture totals up to now are 5.02 for the year and .86 for the month. February's total was 1.26.

Muenster Retains Maximum Credit On Insurance Rate

The maximum insurance credit of 25 per cent for the city's good fire record continues in effect here, according to a report received last weekend from the state insurance commissioner. The favorable rating is based on the previous year's record of fire losses as compared with the city's total insured valuation.

This makes the twelfth consecutive year that residents of Muenster are receiving top credit on their insurance premiums. For five years before that they received a credit of 20 per cent. In the city's early days the rate was subject to a penalty of 15 per cent.

The cash value of this fire insurance credit is estimated at \$6,000 a year. That is the amount of discount people here receive from the standard charge as determined by the state insurance commission. Compared with the penalty which used to be in effect, total savings on premiums now amount to about \$10,000 a year.

Still more savings can be credited to fire protection facilities within the city. Because of the volume and pressure of available water, the size of water mains, and the fire fighting equipment, the key rate for insurance has been cut to 51 cents. Without the protection the city's rate would be \$1.00.

Joe Meurer, Former Muenster Resident, Dies at Windthorst

Funeral services were held in St. Mary's church at Windthorst Monday at 10 a.m. for Joe Meurer, 76, brother of Mrs. J. M. Weinzapfel and relative of other Muenster residents.

Joe Meurer, a prominent dairyman and rancher and resident of Windthorst since he left Muenster in 1904, died Friday night after a prolonged illness in a Wichita Falls hospital.

Msgr. Anthony Daly of Wichita Falls officiated at the requiem mass and at burial in the Windthorst cemetery.

Meurer lived in Muenster as a youth. He is survived by seven daughters and one son.

Attending the funeral from Muenster were Messrs. and Mrs. J. M. Weinzapfel, Herbert Meurer, Ted Gremminger and G. H. Hellman and Father Martin Fischer, former pastor at Windthorst. Mr. Gremminger was one of the pallbearers.

Lions Club Offers To Sponsor Child At Kerrville Camp

For the third consecutive year the Lions Club of Muenster offers to sponsor a crippled child for a week of recreation and entertainment at the Lions Crippled Children Camp in Kerrville. Members voted their decision in their regular meeting, held Tuesday in the school lunch room in connection with Texas Public School Week.

Eligibility is limited to crippled children up to 16 years of age, and all expenses for the child's encampment are paid by the Lion's state organization, which maintains the camp out of the annual donations of its membership. The local club's only responsibility is to bring the child to the encampment. Children previously sponsored by the Muenster club are Dennis Koessler and Margie Knabe.

SCHEDULE OF COMING EVENTS

THURSDAY, March 6, Displays and program for Public School Week, 7 p.m.

THURSDAY, March 6, Volley Ball, SH Alumni vs N. Saint Jo, here, 7:30.

FRIDAY, March 7, County Class B track meet, Leeper Stadium, Gainesville.

SATURDAY, March 8, MHS All Awards banquet, Lunch room, 7:30 p.m.

MONDAY, March 10, Interscholastic League Softball, MHS vs Saint Jo, here.

TUESDAY, March 11, Interscholastic League Volley Ball, MHS vs Saint Jo, there.

WEDNESDAY, Mar. 12, FFA Chapter banquet, at the school, 7:30.

Oil men of Texas are convinced that there is more than idle talk in the current reports of a recession. All they have to do is look at their own business, the daily outback of a half million barrels of crude in their allowable, at a cost of about a million and a half dollars a day.

That kind of a drop in the state's principal industry is certain to have its unpleasant effects. About 200,000 men lose their jobs and the effects are felt far and wide.

The cause of all this grief, the oil men claim, is the country's policy of allowing cheap foreign oil imports to enter this country. Produced at a mere fraction of the cost of domestic oil and allowed to come here at a very low import tax rate, the foreign oil finds a ready market and Texas oil has to be left in the ground awaiting a more favorable time.

This is only one case among the dozens which are coming to public notice nowadays, especially in relation to the Reciprocal Trade Agreements Act, which the Administration is trying to extend to its sixth year. Cheap imports in other lines have seriously crippled many business firms and have driven some completely out of business.

U. S. News and World Report this week tells the story of several such firms, makers of dinnerware, cameras, watches, optical goods, plywood, textiles, sewing machines and many other items. The story is always the same. Goods produced by the cheap labor of Japan, Germany, Italy and other countries and imported to this country on a very low tariff are taking the market away from the American made products. The inevitable result is that thousands of American workers are losing their jobs.

Champions of the trade agreement are convinced that they are doing a marvelous job in promoting trade and winning new friends for our country, but they seem unaware of the serious problem they are causing here at home. While helping people abroad they are hurting their own countrymen.

In solving this problem it's obvious that neither extreme should be adopted. It calls for real statesmanship, along with wise and patient economic readjustment, to save as many as possible of the jobs and investments of all countries concerned.

The happy medium, it seems, is to allow foreign imports to keep coming but to make them come over a tariff wall that gives our products at least some chance to compete.

Meanwhile, it's up to industrial and labor leaders over here to go at least part of the way in providing a solution. If those in the firms concerned were willing to reduce both wages and profits, while Uncle Sam meets them half way with a protective tariff, they might possibly succeed in protecting jobs and investments.

Cases we hear of are all very similar. Japanese products are made with labor costing about 25 cents an hour whereas American labor costs \$2.50 an hour. There isn't a chance to compete. In the cases listed, however, there was no mention of offers to work for less. We Americans have developed an attitude of sacredness toward our high wage scale. To many it is unthinkable to accept less. They'd rather be out of work.

Still, it stands to reason that trade problems in this shrunken world will not be approached until the wage levels of competing nations come a little closer together. That doesn't mean that we have to come down to their wage level. Considering such factors as added transportation cost, protective tariff and possible advantages in American productive efficiency and quality of product, American wages can be considerably higher and still allow its products to compete.

Labor bosses who are clamoring for higher pay would do well to consider what can and may happen. Unless something is done to change the situation, still more products can be expected to crowd ours out of the market and more Americans will lose their jobs. The solution will have to come from Labor and Industry as well as from the Congress.

It should be apparent to American workers that such a drop in wages, if accomplished orderly, would be the best thing that has happened to them in (Continued on Page 10)

Local News BRIEFS

Father Jason Kommer, a Franciscan from Chicago, arrived here Tuesday to conduct a Lenten retreat for students of Sacred Heart High school Thursday and Friday.

Mrs. Tony Gremminger week-ended in Pilot Point with her daughter Mrs. Robert Mayer and family.

Paul Wilfred Mark Reiter, infant son of Mr. and Mrs. Wilfred Reiter, was christened Sunday afternoon in Sacred Heart church with his uncle and aunt, Mr. and Mrs. Mark Kuta of Crockett, as godparents. Father Bruno officiated. The Kutas and their daughter Kathy Ann, Frances Spaeth of Denison and Mrs. George Spaeth of Lindsay were Sunday dinner guests in the Reiter home.

Mr. and Mrs. Harry Caughey, visiting here since Saturday with Mrs. John Kathman while their son and his wife, Airman and Mrs. John Caughey are here, plan to leave Friday to return to their home in Peoria, Ill.

Talk on Roses to Feature Club Meet

Members of the Civic League and Garden Club will meet Monday night at 8 for their March meeting in the home of Mrs. H.

H. Homsley with Mrs. Victor Hartman as co-hostess.

The program will feature a discussion on Roses for Color and Design in the Garden. Mrs. R. N. Fette is in charge.

Imogene Vogel is Birthday Honoree

Imogene Vogel celebrated her eighth birthday Sunday afternoon with a party for her classmates at the home of her parents, Mr. and Mrs. Theo Vogel. Indoor and outdoor games were played, pictures were taken and refreshments of birthday cake, ice cream, and soda pop were served. Balloons were favored.

Guests present and showering Imogene with gifts were Charlotte Tempel, Debbie Cler, Susan Yosten, Shirley Klement, Rita Fette, Beverly Koelzer, Sandra Sicking, Rosalee Eckart, Mona Voth, Karen Vogel, Mary Koesler and Debbie Russell.

Reunion Observes 15th Anniversary

A reunion in their home in Dallas Sunday observed the 15th wedding anniversary of Mr. and Mrs. Clarence Albers.

Attending the all-day celebration were Fred Herr, Catherine and Herbie Herr, Mr. and Mrs. Harry Scoggins and children, Mr. and Mrs. Francis Wiese and family, Mr. and Mrs. Albert Herr and daughters, all of Muenster; Mrs. Clara Mosman, Mrs. C. L. Mosser, Mr. and Mrs. Freddie Dullock and family, Mrs. Leroy Case and daughter, all of Gainesville

and Mr. and Mrs. Eddie Jakubec and children of Dallas.

Mrs. Albers is the former Ernie Herr. She was married to Mr. Albers in Houston while he was stationed there with the army. The couple has three sons Jerry, Robert and Doyle.

CARD OF THANKS

We desire to express to kind neighbors and thoughtful friends our heartfelt thanks for their many expressions of sympathy in our sorrow. For the spiritual bouquets, the flowers and every comforting deed we are sincerely grateful.

Mrs. John Kathman
Mr. and Mrs. John Caughey

3rd Order Triduum Ends; J. W. Hess is Re-elected Prefect

The annual triduum for members of the Third Order of Saint Francis of Sacred Heart parish came to an end Wednesday morning with the papal blessing following the 8 o'clock mass. Rev. Elias Koppert, provincial from Chicago, directed the three days' special services.

In the final business session Tuesday afternoon, J. W. Hess was re-elected to serve a third term as prefect of the fraternity. This is an exception to the rule. Ordinarily an officer in the Franciscan organization serves no more than two terms.

Elected to other offices were R. R. Endres, vice prefect, Mrs. Edd McGannon, secretary; Mrs. J. B. Wilde, treasurer; Miss Mary Becker, chief promoter; and Mrs. Leo Henscheid and Miss Lena Kleiss, mistresses of novices.

During the triduum each morning there was a mass and sermon and in the afternoon at 3 there was a conference. Subjects of Father Elias' talks included Faith, Hope and Charity, Conscience, Confession, Perseverance, and the life of St. Francis of Assisi. Between 65 and 70 members attended each session.

Wednesday afternoon Father Elias met with St. Peter's fraternity at Lindsay. He will also meet with the Gainesville Third Order and with prospective members at Valley View and Windthorst before he leaves here Saturday.

Blessed Events

The Koeslers, Elizabeth and Norbert, announce arrival of a nine pound son at Muenster Clinic at 7:40 a.m. Wednesday, March 5. They have three boys and three girls now. The grandparents are Mr. and Mrs. August Walterscheid and Mrs. Alfons Koesler.

CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and every kindness, we are deeply grateful. May you be so blessed when sorrow comes to you.

Mrs. Byron Sears and Family

There may be a destiny that shapes our ends — but our middles are of our own chewing.

All-Awards Dinner - -

All students who participated in football, basketball, band, pep squad or track will be honored on the program. They will be presented by the faculty members in charge of their respective activities, Coaches Boze Ansley and Lawrence Saye, Band Director Jim Harris and Pep Squad Director Mrs. H. H. Homs-

ley. Superintendent Homsley will introduce the guest speaker and Mrs. Rody Klement will give a vocal solo.

Because of the large number of students attending the program the number of adult guests has been limited to 100. That is the number of tickets available, on a first come first served basis, at Hamric's, Fisher's and the Superintendent's office.

To Get Nurse Caps

Four girls from Muenster will receive their nurse's caps Sunday and family members will attend the ceremonies. Three of the students, Emma Fisher, Marcy Klement and Mary Pick, will be capped in a program at St. Joseph's School of Nursing in Fort Worth, and Janice Klement will be in the capping ceremony at St. Paul's Hospital in Dallas.

FFA Chapter Awaits Results of Judging

While results of their standing in the judging contests at the Houston Fat Stock Show won't be available for about two weeks, members of Muenster High's Future Farmers of America chapter feel they did all right against stiff competition and have hopes of getting a place among the top ten teams.

The local chapter entered two events, livestock and dairy judging. On the team in the livestock contest were Jerry Sicking, Kenny Klement and James Walterscheid. Competing in dairy judging were Charles Wimmer, Ferd Haverkamp and Jimmy Sicking.

Chapter Adviser Glenn Hellman who coached the boys took them to Houston Friday for the contests Saturday.

After the day at the show, the group went to Galveston for sight-seeing and a ferry boat ride and to A&M College for an educational tour and a visit with Claude and Gene Walter. They also stopped at Bryan to see Glenn's sister Mrs. John Aytes and family. In Houston they had a brief visit with Doyle Hood of Bridgeport, formerly of Muenster, who was in that city for a meeting of athletic coaches.

CDA Members Sew As Lenten Project

As their special Lenten charity this year members of the local Court Catholic Daughters of America have assumed a sewing project — making Communion dresses for Europe's needy. These dresses for little girls will go to the Holy Father's storerooms for distribution.

Members decided on this activity for Lent during their regular February meeting.

Other business for which Mrs. John Mosman, grand regent, presided consisted of voting a contribution of five dollars to defray freight charges on a shipment of used clothing to an Indian mission. Mrs. Joe Swirczynski, mission chairman, had the articles ready to go and got them on their way.

The two boxes of clothing weighed about 150 pounds and went to St. Anne's Indian Mission at Belcourt, N. D.

In other discussions members decided to continue selling "hot rods" — baking aids — as a means of increasing treasury funds. They are still collecting old nylon hose which they send to blind veterans who make them into useful articles. Mrs. C. J. Kaiser will accept old nylon hose at the Bank.

Father Bruno, chaplain of the court, was present for the meeting and in a brief talk urged members to attend the discussion clubs organized for religious study during Lent.

St. Joseph Society Plans Observance Of Patron's Feast

Plans for the observance of the feast day of their patron was the principal business at a meeting of members of St. Joseph's Society Sunday night.

Scheduled for March 19, the feast of St. Joseph, are an evening mass at 7 o'clock, by special permission, with corporate Holy Communion in Sacred Heart church followed by a communion supper and ladies night in the parish hall. Also on the program will be a business meeting for members featuring the annual election of officers.

Other business at Sunday's session consisted of making plans to participate in a membership drive sponsored by the Catholic State League.

The League annually presents a plaque to the society securing the most members during the drive and this year will, in addition, give a plaque to the society with the largest increase in membership on a percentage basis. Last year the local society received the award for enrolling the most members.

Announcements included one on dues and one on rosary services for deceased members.

Membership dues for 1958 have advanced from \$1.50 to \$2.00 and are payable on or before April 1. For a deceased member, the society will conduct the 8 o'clock rosary service on the night before the funeral.

Ed Endres, president, was in charge of the meeting and after adjournment ladies joined the members for a social hour. Refreshments were served to about 100.

Visiting Mrs. Dick Cain last Thursday were Mrs. J. E. Lane and her daughter Mrs. Bud Razor, both of Denton. Mrs. Lane, formerly of Muenster, is 73 and said she's feeling better now than she has for several years. She had been through a period of very poor health. Mrs. Lane also said her sons Wesley and Harry both live in Wyoming. Both are married and both have four children.

Mrs. John Huchton Is VFW Auxiliary President for '58

Mrs. John Huchton heads the roster of new officers for the Ladies Auxiliary to Muenster's Veterans of Foreign Wars Post No. 6205. She was favored in the annual election at the organization's meeting Monday night and went into office by acclamation.

Other new officers elected to serve with her for the coming year are Mrs. Ray Swirczynski, senior vice president; Mrs. Richard Swirczynski, junior vice president; Rosa Driever, chaplain; Mrs. Francis Wiese, conductress; Mrs. Frank Felderhoff, guard; Mrs. Richard Grewing, three-year trustee. Mrs. Steve Mosler, treasurer by re-election, is the only hold-over officer.

Mrs. F. A. Kathman was appointed secretary. Other appointive offices will be filled before the next meeting on April 14 when formal installation will take place. The April meeting has been postponed one week so as not to conflict with Easter Monday activity on April 7.

In other business at the meeting honor roll requirements for the month were approved. These are contributions from the Auxiliary's treasury to the VFW National Home and to the Memorial Arch in the new Department Headquarters building in Austin. Contributions to the arch are given in memory of a deceased serviceman whose name is inscribed in the arch. The Muenster Auxiliary's donation honors the memory of Ensign Robert Weinzapfel, this community's first serviceman to make the supreme sacrifice.

A report was given on the recent annual meeting of the Cooke County TB Association attended by Mrs. Clarence Hudspeth. She reported that the Auxiliary has been asked to be in charge of details connected with chest X-rays to be given when the mobile unit visits Muenster the afternoon of April 9 and all day on April 10. Members agreed to take over this work.

Activity this week Saturday for members will be serving the all-awards banquet at Muenster High School.

It was announced that Muenster will host the next district meeting of the Veterans and Auxiliaries of District I in May.

Mrs. Ray Swirczynski volunteered as refreshment hostess for the next three months replacing Mrs. Frank Felderhoff.

Chara Fisher, student nurse at St. Joseph's Hospital in Fort Worth, visited her parents, the Charlie Fishers during the weekend.

Two Cousins Share Honors at Party

Two little cousins shared honors at a birthday party Sunday afternoon in Lindsay when Mrs. Harold Schmitz and Mrs. Johnny Schmitz were co-hostesses for their children Joey and Mona at the Harold Schmitz home.

Joey, son of Mr. and Mrs. Johnny Schmitz of Thackerville, was celebrating his second birthday and Mona was five.

Twenty-two cousins and friends and their mothers attended the party. Whistles and balloons were favors and birthday cake, ice cream and drinks were refreshments. Outdoor games furnished entertainment.

The attractive large cake, shared by the two honorees, was actually two cakes connected by a bridge on which tiny figurines of a boy and girl were standing surrounded by a nursery scene of animals and flowers. It was made and decorated by Joey's aunt, Mrs. Al Horn, and fascinated the children.

Mothers present with their youngsters were Mmes. Ray Wilde, Nick Dieter, John Louis Hess, Melvin Schumacher, George Schmidkofer, Anthony Klement and the hostesses. Other adults present were Mrs. Al Horn and Theresia Loerwald. Theo Schmitz, Mona's grandfather, stopped in to view the party scene. Mr. and Mrs. Leonard Schmitz and family of Dallas brought their son Bobby to the party, then spent the afternoon with Mr. and Mrs. Freddie Schmitz at Gainesville.

Gets Nurse's Cap

Helen Fisher was one of 53 nursing students who were capped Friday night in capping ceremonies at St. Anthony's Hospital in Oklahoma City. She is one of the top five in the class.

Attending the service to see Helen get her cap were her mother Mrs. Paul Fisher and children David, Linda and Herbie and Helen's grandmother Mrs. Frank Kathman. The Muensterites were overnight guests of relatives in Oklahoma City and brought Helen and her roommate Karel Rainwater home with them for a weekend visit.

LOOKING AHEAD

by Dr. George S. Benson
 DIRECTOR — NATIONAL EDUCATION PROGRAM
 Sturgis, Arkansas

LET'S NOT STAMPEDE

On any western cattle range the cowboys can tell you that sometimes a very small and insignificant thing can cause cattle to stampede. Sometimes a little thing that would not have harmed the cattle catches the eye of one or two, causing them to bolt through the herd and set off the stampede. If the cattle had reasoning power wouldn't a little investigation of the situation calm them down and prevent the destruction of a stampede? Sometimes reasoning power works and sometimes it doesn't. When a person yells, "Fire!" in a crowded theater, often there is a great upheaval and rush of human beings and some get trampled to death.

The stampede psychology needs to be examined today in the light of two recent developments bearing on the welfare and security of American citizens. The Russian Communists shot a satellite into orbit, and some Americans in some ways acted like stampeding cattle. And now, to add to the excitement of the panic-stricken, we have what some people are calling "a recession." All kinds of urgent emergency measures are

being talked about to meet these two developments.

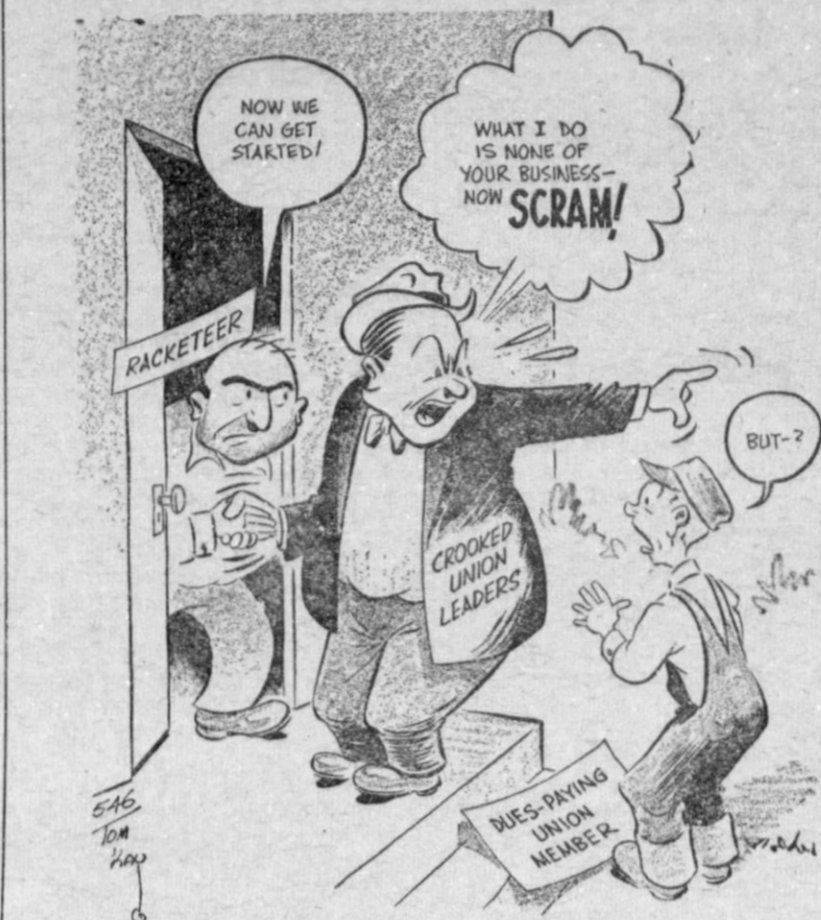

Calm Thinking Needed

Let's not be cattle. Let's not stampede. Let's do a little calm thinking. Unless Communist dictator Khrushchev loses his hard-headed reasoning power he will not strike against the United States while the scales are so obviously weighed against him. The Soviet satellite launching proves that their crash program with missiles and space satellites has achieved notable progress. But this assumption must be weighed against the unquestionable array of facts which show that Soviet production capability for all the sinews of war is no match at all for the U.S.A., and never will be so long as we keep our free system and they keep their slave system.

Even if Khrushchev should go berserk and strike at us he could not knock us out with one offensive splurge, however gigantic it might be. And from our ring of bases much closer to Russia than Russia is to us, we could devastate her war-making capability in a short time. Khrushchev knows this. And for a sustained followthrough after the initial splurge Russia couldn't come close to matching America's staying power. Khrushchev also knows this.

Soviets Want Centralization

The Soviet dictators are counting on infiltration, propaganda and the undermining of the strength of nations outside the Iron Curtain to topple them one by one into their grasp. Their favorite prescription for weakening nations is — through infiltration and propaganda — to subtly turn them toward "democratic" Socialism, central planning and control. They have succeeded in many European coun-

Dirty Work Afoot

tries. More than ever before, Americans need to understand all the elements in our system, their advantages, and how they work, so that we can safeguard them from calculated undermining and inroads.

We mustn't go overboard in coping with the well-advertised "recession." What's happening is a readjustment in the supply and demand mechanism. For more than 10 years the productive capacity of American industry has been running nearly full blast to meet consumer demands abnormally stimulated with billions of abnormal defense spending. In spite of the relative abundance of money, a great many people have over-bought; many industries have over-produced. For at least two years most economists have been predicting a "re-adjustment."

Supply and Demand

If not interfered with too much, the natural law of supply and demand will adjust the economy in the direction of soundness and there will be no protracted dislocation. Necessary consumer production, augmented by the continuing defense production, will absorb most of the present temporarily unemployed. Our only real danger would come from the development of a stampede psychology or the adoption of quack remedies.

In the readjustment period we clearly see at work the law of supply and demand. Automobile manufacturers were among those who overproduced in the face of a tightening market. An oversupply forced down prices and curtailed production. An auto dealer near my home advertised in this morning's paper that he is selling 160 brand new 1958 model cars at dealer's cost plus \$58. Healthy, normal auto production will resume when the surplus supply is exhausted. Our system will ride out little ups and downs if we don't hamstring its basic principles and dynamic impulses.

RIGHT-TO-WORK SACRED

The racketeering in some of the labor unions, brought into focus by the searchlight thrown on the unions by the McClellan Committee, has shocked the nation — including rank-and-file union members. But there's a silver lining to the black cloud — it should result in Federal legislation to outlaw the Closed Shop.

Under the Closed or Union Shop, union members, no matter how inept or crooked their leaders may be, must maintain membership in order to hold their jobs.

The Taft-Hartley Act gives the individual States the right to outlaw the Closed Shop. Eighteen states have already enacted right-to-work laws. Similar legislation is to be considered this year by several more states.

Those are steps in the right direction, but Congress has an obligation to enact a Federal Law to emancipate all the workers of the nation at one fell swoop from the slavery of closed shop unionism.

U. S. Senator Frank Lausche (Dem., Ohio) stated the case most aptly when he said: "I think the right to work in our country is just as sacred as the right to a jury trial. I don't believe any organization in our country should be vested with the right and power to say to an American: 'You shall not work unless you join my organization.'"

The majority of union labor members in Ohio apparently goes along with the Lausche labor philosophy. Before sending him to the U. S. Senate, they elected him Governor of Ohio five times.

DENVER, COLO., MINING RECORD: "Paper-money inflation continues to penalize the pocketbooks of hundreds of millions of Americans. The question is being asked if it pays to save. The paper-dollar is now only worth about 50 cents in terms of what it would buy in 1940. Those who are hurt by inflation include over 100 million holders of life insurance policies, holders of savings, owners of U. S. Savings Bonds, securities of all kinds and holders of pensions."

FIVE "R's" FOR A HAPPY HOME

By Isabelle P. Buckley, Director of the Buckley Schools, Los Angeles

The head of a family I have long admired has written me his "secret" for the happy family. I am happy to pass it on to you.

THIS FATHER writes: "A happy home has a magic sound to the peoples of all nations. Peace on earth can at least reign in that most important social unit of all—the family. The home is the best place of all to learn to live with people. The three R's of citizenship must apply to a home—Rights, Respect, and Responsibility. To these should be added, Relaxation and Religion."

A CHILD Mrs. Buckley should have some special rights such as a particular plaything which is his alone—the right to be heard in his turn with full consideration—and the right of receiving consistent treatment from his parents.

"Respect should be demanded from children. To get true respect, parents must earn it by respecting their children and treating each member of the family with courtesy. Too often, good manners are left at the doorstep."

"RESPONSIBILITY is necessary for young ones to become molded into the family group. Family duties and tasks are necessary for character building. Family responsibility

is the beginning of social responsibility.

"Relaxation promotes serenity. Children need regular rest and sleep or they become fretful and peevish—as do grownups. Serenity is a scarce commodity and a valuable one, yet we cannot expect serene children unless we ourselves are serene."

"RELIGION has many indispensable effects in family life—morality, humbleness, a sense of order. Faith is blended with the baby's first food. Our children learn that Rights, Respect for our fellow man, and our Responsibility for others, stem from the fact that God has made all men in his image—that we are all God's children—meant to enjoy eternity with Him if we keep His commandments."

"The normal family lives and moves and has its being in a climate of mutual trust, and cannot be separated from religious faith. In this country the currents of the church, the home and the school converge in community life. The belief in God is in the air we breathe at birth."

"MY WIFE and I have mixed the five R's together with three children of our own and eight foster children, stirred with one more precious ingredient—a saving sense of humor. The end product has been a happy, thrilling life for all in the family group."

Sophisticated Food May Offer Less in Nourishing Quality

by John C. White
Agriculture Commissioner
When the American housewife reaches to the grocery shelf for two cans of food — one for her children and another for her dog — chances are the dog is getting the better end of the deal.
The reason? When the dog's food is packaged, the manufacturer has one primary selling

point to consider — the nutritive content of the product. The dog's owner and the dog care for nothing except good taste and good health in the dog's diet. In contrast, the food for the family "sells itself" in several ways in to which food value is not too apt to enter.

The family food product attracts the housewife through its appearance and its advertised ease in preparation as often as through its palatability — and much more often than through its nutrition-giving qualities.

As a result, America today is

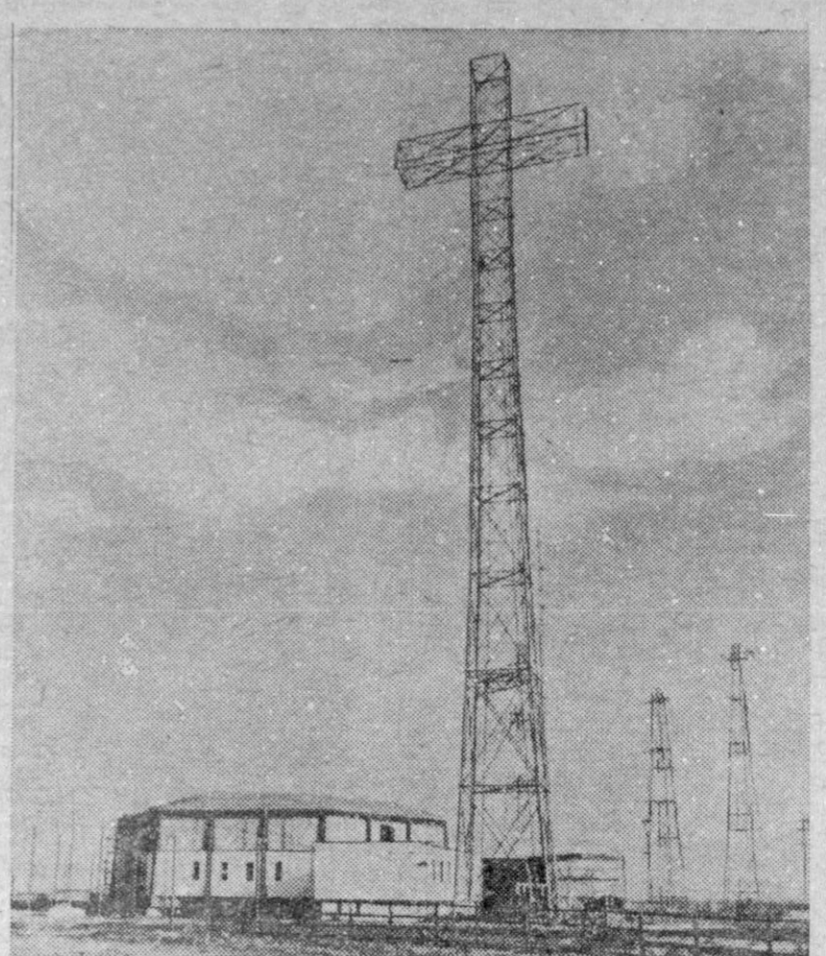

the land of plenty — plenty of sophisticated foods and, consequently, plenty of undernourished people. In fact, there are some 25 million Americans suffering from deficient diets. This in spite of the fact that food resources in our nation are unequalled in quality, available in abundance, and priced lower than in any other country in the world.

This false sense of values evidenced in family food selection is no one's personal fault. It is a reflection of the tension-packed, aspirin-eased world in which we live. We Americans are notorious among other nations for always being in a hurry. And this mania for getting things done in a hurry is reflected in our food habits.

We have become a nation of "the skipped breakfast," the "quick lunch," and the "pre-cooked supper," and the food industry has geared itself to the tenor of the times: emphasis on ease in preparation, at all costs. And the cost is high, both in lost nutrition, and in cash money as well.

As the housewife comes to rely on special services in food preparation, it is inevitable that her food costs will rise. In many cases, the various steps taken to process a staple food item from its original form to the "instant" product adds up to a cost 500 percent in excess of the food's original cost.

This leaves us with a paradox of the times — paying much more for food that we are likely to get less out of. Think of it the next time you go grocery shopping.

VOICE OF THE VATICAN — A 250-foot-high cruciform transmitter dominates the site of the new 2½-million-dollar Vatican radio station at Santa Maria Di Galeria, Italy. The station, one of the world's most powerful, is designed to beam the voice of the Pope all over the world. There are 21 steel towers in the installation which covers an area 10 times larger than all of Vatican City. The station was dedicated and opened by Pope Pius XII.

CDA Court Asked to Denison Reception

Members of the Muenster court Catholic Daughters of America have a general invitation to attend reception ceremonies in Denison Sunday.

The team from Immaculate Conception church in Dallas will be in charge of the initiation which is scheduled to start at 2 p.m.

Mrs. John Mosman, local grand regent, hopes to have a good representation present from Muenster and those who can attend are asked to let her know by Saturday morning so transportation arrangements can be made.

National Federation Of Small Business Forms Chapter Here

The appointment of Herbert Meurer as chairman of the National Federation of Independent Business was announced Tuesday by Giles E. Bennett, district manager.

The NFIB, which is soliciting membership here this week, is a non-profit organization designed to help small business men help themselves through their congressmen.

Members have an opportunity each month to vote on five important legislative issues dealing with small business. Ballots sent out by the headquarters of the federation are marked and submitted to the local chairman who tabulates results then submits his report along with the ballots, to Congressman Frank Ikar. The purpose is to familiarize congressmen with grass roots opinion on important issues before they come up for legislative action.

Nocona CC Banquet Speaker Announced

Marshall Formby, chairman of the Texas Highway Commission will be the guest speaker at the annual Nocona Chamber of Commerce banquet to be held next Tuesday night, March 11, in the Nocona High School gym.

In announcing the event this week Grant Hoover, president of the Nocona CC, stated that the public is invited and tickets are available from any CC member.

Persons attending are urged to come early and see a special display of pictures in the high school lobby reviewing Nocona activities over the past 20 years.

Fertilizing Pond Ups Pounds of Fish, Aids Weed Control

College Station — Applying fertilizer to the farm fish pond not only increases the amount of food in the water but also is one of the best practices for controlling submerged mosses in the pond, says Ed Cooper, extension wildlife specialist.

The first application of fertilizer should be made immediately, he says. Since the pond water is usually deficient in the same nutrients as is the soil over which the water flows into the pond or tank, Cooper suggests the use of the same commercial mixture as is used for crops on the farm. An initial application of 100 pounds for each surface acre of water is suggested. This amount should cause a change in the color of the water. This is due to the development of a great amount of plankton which is used for food by the fish and

organisms upon which fish feed. Bloom is another term used to describe the water in a properly fertilized pond.

Cooper advises periodic checks of the pond to determine when additional fertilizer applications are needed. He says to submerge the arm into the water to elbow depth and if the thumb can be plainly seen, more fertilizer should be applied. Only the amount required to get the desired bloom should be applied and this may be about half of the first application.

Pond fertilization should be stopped during the hot summer months. The fertilizer can cause a shortage of oxygen in the water, especially during the periods when the wind is not strong enough to cause wave action. Fish will die when their oxygen supply is depleted.

Finally, Cooper emphasizes that all of the fertilizer to be used during the year should not be applied at one time. Start now and make enough applications to maintain the desired bloom. The shading from the bloom will also control submerged mosses and make fishing and swimming in the pond more enjoyable.

Possibly Not

Little Billie was practicing his violin lessons, while his sister played with the dog. As the boy scraped dismally back and forth with the bow, the dog set up a plaintive wail. Finally, his sister stuck her head into the room where Billie was practicing. "My gosh!" she exclaimed. "Can't you play something the dog doesn't know?"

Overheard: "Gosh, I sure wish I could combine them. Frank is tall, handsome, amusing and rich — and Ed wants to marry me."

Future Homemakers Hear Steve Moster As Speaker on GOC

Guest speaker for the regular meeting of the Future Homemakers of America for February was Steve Moster and the subject of his talk was "Sky Watch."

Mr. Moster, who is post supervisor of the Muenster Ground Observer Corps, explained the part GOC plays in civil defense and invited FHA members to join the local group of sky watchers. Moster said some of the post's most enthusiastic members have been FHA girls but they were lost when the young women left Muenster to attend college. He urged others to replace them.

Chapter members have planned a joint meeting of students from both Muenster high schools to discuss the subject further and to recruit sky watchers from both groups.

After adjournment, Mrs. H. H. Homsley and hostesses for the evening served cookies and hot chocolate.

Mr. and Mrs. Pat Stelzer of Commerce and Mrs. Arthur Bordeaux of Galveston were weekend visitors with homefolks.

Marysville News

By Mrs. B. G. Lyons

MARYSVILLE — John Marcus Duffey of Fort Worth was a business visitor here Saturday and was a dinner guest in the Bill Moon home.

Little Donna Barnes, 4, of Gainesville is visiting this week with her uncle and aunt, the John Richeys.

Rhonda Kim Harrell of Sherman is visiting her grandparents, Mr. and Mrs. Bill Moon. Rhonda's parents, the Max Harrells, and the Moons visited in Gainesville Sunday and the little girl accompanied her grandparents home.

Jesse Wright of Dallas and his brother Cecil Wright of Chickasha, Okla., were Tuesday guests of Mr. and Mrs. B. G. Lyons. Visiting Mr. and Mrs. Lyons Sunday were Mr. and Mrs. W. C. Erwin and her sister Miss Wayne Martin of Gainesville and the Erwins' son W. C. Erwin Jr., his wife and their son Clayton of Fort Worth.

Mrs. Lawton Moon spent Saturday in Gainesville with her mother Mrs. Janie Craddock and her brother Walter.

Rev. Manning Bishop of Denton conducted the regular services here at the Baptist church Sunday and after the morning service had a church conference. Rev. Bishop, Mrs. Bishop and their son Billy were dinner guests of Rev. and Mrs. C. W. Luster. Among those at church services were Mr. and Mrs. Ivan Davidson and daughter Glenda Kay of Muenster.

BUYS FARM BY THE GALLON—Dodgeville, Wis., farmer, Merle Drager, 41, left, signs a contract to buy a 310-acre farm from Prof. Henry Bakken, right; University of Wisconsin economist. Terms: 70,000 pounds of milk annually for 30 years, to pay for the farm. In center is Drager's wife, Gale. The Dragers have 10 children.

Biggest Year Ever Expected in Sales Of Boating Items

A Gainesville dealer in boats, outboard motors and marine supplies doesn't think it is too early to beat the drums for all family boating during 1958.

He is William Pulte of Schad and Pulte in Gainesville, and he anticipates the biggest year ever for boating in the Gainesville area. To help kick things off, Schad and Pulte will conduct an "all Family" boat show at its store starting next Sunday afternoon and running all week. The latest in boats, motors and supplies will be on display.

Pulte quotes national and local figures to show the growing impact of boating. "More than 35,000,000 persons participated in recreational boating last year, making it America's number one way to relax and have fun. More than 7,000,000 pleasure boats are now in use in the United States, over one-half of which are outboard powered. Spending for boat equipment and services reached nearly two billion dollars in 1957, up sharply from the previous year" he said.

Pulte stated that there are several hundred pleasure boats in the Gainesville area, and said the state-wide population of outboard motors is about 279,000.

The last figure was supplied by the National Association of Engine and Boat Manufacturers.

A great many reasons have been advanced, some backed by surveys, as to why Americans have taken to boating with increased vigor in recent years, but Pulte sums them up:

"One, the trend has begun to snowball. The manufacturers have designed their products to suit the average person — not just the 'yachtsman' type. The prices involved in boating are suitable to the majority of the people who look upon boating as a good way to spend leisure time.

"Two, mother is getting into the act, and the ladies are finding that boating not only is fun, but that it is a great way to share pleasant experiences with hubby and the kids."

"Three, it is social and it is fun. People get along well in boating, and there is a world of things for everyone involved in it to discuss and get excited about."

"Although fishing still is the

major reason offered for the purchase of an outboard motor, increased family participation in boating has led to larger boats with a corresponding increase in power," Pulte said.

"The kids want to learn to water ski and mother likes to tie in a cruise with some picnicking activity. The answer is for dad to provide the family with a rig that can handle all functions" he said.

Suppliers have moved into the lucrative boating field and a great variety of new and improved supplies are offered to make boating easier and more fun.

"Trailers are better than ever for boatmen who want to, or have to, cover sizeable distances to launching areas. These and many other improvements are introducing more people to the greatest source of fun and relaxation in the world."

Cows Don't Go for Rock 'n' Roll Music

ST. LOUIS — Walter Faeth of St. Charles, Mo., played soothing music such as Strauss waltzes to his cows for a month. Milk production jumped 227 pounds over the corresponding period a year ago.

Milton Hitz of Highland, Ill., with a herd of equal size, used jazz and rock 'n' roll. There was no appreciable effect on the amount of milk. Hitz noted the rock 'n' roll appeared to make his cows jittery.

Both farmers stopped the music for eight milkings. No change in milk production, Hitz reported. But without the aid of Strauss Faeth's cows gave 40 pounds less milk.

The experiment was promoted by disc jockey Jim Butler of Station KMOX of St. Louis and the Sanitary Milk Producers.

Ford Led County in Car Sales in 1957

More people in Cooke County, bought Ford passenger cars in 1957 than any other make, according to final and official registration figures just released by R. L. Polk and Company, the automobile industry's statistic-gathering agency.

The figures show that 181 Fords were registered in Cooke County during the year, compared to 155 for Ford's closest competitor.

Nationally, Ford outsold all other makes of cars in 1957. Figures released by R. L. Polk and Company, the automobile industry's statistic-gathering agency, show Ford obtained a 37,329 unit lead in cars over its closest competitor and a lead of 23,670 when cars and trucks are combined.

Who's Who Revealed At Sacred Heart Hi

Who's Who at Sacred Heart High for this term has been revealed.

Students made their selections for this year's outstanding boys and girls by secret ballot.

Ideal Boy and Girl of the school are Howard Mollenkopf and Patsy Bayer. Most Courteous are Judy Trubenzach and Melvin Kaiser. Best Athletes are Howard Mollenkopf and Suzanne Hesse.

Jeanette Haverkamp won the vote for the prettiest girl and Gene Hartman scored highest for the handsomest boy.

Class favorites are: Seniors Loretta Mages and Bernard Hesse; Juniors Virgilla Schilling and Roy Swirczynski; Sophomores Janie Hesse and Herbie Cunningham; Freshmen Betty Ann Dangelmayr and Anthony Knabe.

They've all been photographed and will have their pictures in the new edition of the Sacred Heart High annual "Cordis."

The clam, crab, snail and worm all have blue blood.

Safety Inspection Deadline is Near

With less than two months left in which to have motor vehicles inspected, Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, urged motorists to obtain their 1958 inspection stickers immediately. In doing so, he said that 64 per cent of the registered vehicles in Texas have not been inspected for the current year.

"At the present rate of inspection it looks as though the usual ten per cent who wait until the deadline for inspections will be waiting in line on April 15. With crowded inspection stations on this deadline date immediate service cannot be rendered and car owners will suffer an unnecessary loss of time and inconvenience."

Nearly half of the vehicles already inspected have required some adjustments or repairs which require more time for both the owner and the inspection station and can be handled better when not rushed.

The state police director said much time can be saved if car owners obtain their 1958 inspection stickers early.

Glasses do strange things to a person's vision . . . particularly after they're drained and refilled a couple to times.

Local News BRIEFS

Mr. and Mrs. Frank Yosten drove to Tours Saturday to join other relatives in celebrating her mother's birthday. Mrs. Julius Filer was 82. Sunday Mr. and Mrs. Yosten went from Tours to Fort Worth to visit the Ferd Yosten family.

Joe Pels of Madison, Minn., is visiting relatives here. He's the house guest of his brother Henry Pels. He came here with cousins, Mr. and Mrs. John Shindler of Red Lake Falls, Minn., who went on to visit in South Texas and Old Mexico. The Shindlers will visit here on their return from that trip.

Andy Yosten of Fort Worth was here Sunday to spend the day with family members.

Mr. and Mrs. J. W. Fletcher drove to Denton to spend Sunday with their son and family, the Jack Fetters.

Marcy Klement and two classmates from St. Joseph's School of Nursing in Fort Worth were weekend guests in the home of Marcy's parents, Mr. and Mrs. Norbert Klement. Mary Pick, another student nurse, spent the weekend with her parents, Mr. and Mrs. Henry Pick.

Mr. and Mrs. John Herr and daughter Alma accompanied Mr. and Mrs. Leonard Bengfort of Lindsay to Kaufman Sunday to spend the day with their daughter and sister, Mrs. Q. D. Pettigrew and family and to get acquainted with the Pettigrew's new son Ronald Dean. Also there for the day were Mrs. Pettigrew's sister and family, the Earl Shephards of Dallas.

Family gatherings honored Lt. C. C. Blanton Sunday before he left Tuesday for 18 months of service in Korea. At noon Mr. and Mrs. George Gehrig entertained in their home and at night Mr. and Mrs. Matt Muller were hosts in their home for an all-family reunion with supper. Among guests were friends of Lt. and Mrs. Blanton who spent the day here. They are Lt. and Mrs. Paul Jackson and baby of Fort Sill, Okla.

Visiting Mrs. Byron Sears the past week was her son Tom Sears of Orange. Additional guests during the weekend were her brother and sister-in-law Mr. and Mrs. R. A. Gillette of White-wright.

Arriving Wednesday for a visit with the Edd McGannons was their sister-in-law, Mrs. Leo McGannon and her granddaughter Kathleen, of Parsons, Kansas.

Muenster Boy Scouts spent most of Sunday on a hike to the Dangelmayr Ranch where they had their outdoor cooking tests for advancement and merit badges. They were accompanied by Scoutmaster Nick Miller and Maurice Pagel.

Harriet Otto of Dallas week-ended with her family, the Harry Ottos.

Father Louis Deuster was back in Muenster during the latter part of last week to visit the pastors and his former parishioners. Since leaving Sacred Heart parish Father Louis is pastor at St. Edward's church in Little Rock.

Miss Theresia Koelzer has returned to her home in Hereford after a week's visit with family members. She was the house guest of her sister, Mrs. Lena Streng.

Mr. and Mrs. Walter Smithey of Dallas — she's the former Edna Lea Carter — were recent visitors with her parents, the Tom Carters and with friends and bought a new Chevrolet Bel Air sport coupe here before returning home.

MODISSETT-HALL WEDDING PLANNED FOR JUNE 7

Mr. and Mrs. R. H. Modisett of Crane have announced the engagement of their daughter, Patricia, to Wilburn Hall, son of Mr. and Mrs. W. L. Hall of Myra.

The rites will be solemnized at the First Baptist Church of Crane on June 7 of this year. Patricia is a junior in Crane High School and Hall has just been discharged from the Air Force.

FHA Group Attends Meeting in Denton

Representing the Muenster High FHA chapter at the annual Area V meeting in Denton recently were Kathy Pagel, president, and Marilyn Horn, Jean Wieler and Carolyn Cain. They went with Mrs. H. H. Homsley, chapter adviser.

Kathy, the voting delegate, and Marilyn attended the general business sessions while Jean and Carolyn who are working on their homemaking degrees met with the degree committee.

The meeting began at 9 a.m. in the new Denton Senior High School with a coffee. The girls had their luncheon in the new Pat Boone Inn which was reserved for FHA members during the noon hour.

America's only car with a hideaway hardtop—the Ford Skyliner shown here with the fabulous new 4-passenger Thunderbird

It's like getting back 15¢ on every gas dollar!

Here's the biggest savings story of the year! And here's why.

It all starts with Ford's new dream of a drive called Cruise-O-Matic . . . the newest, most versatile, most automatic of them all. Two new driving ranges let you choose your starts for the road conditions that exist. For example, in most of the driving you'll do, you can take off lively as a spring lamb if you wish. And on snow, ice or any slippery road surface, with the extra driving range you can get sure-footed starts that are steady and silky-smooth.

Now, team this all-new automatic with Ford's new Thunderbird-powered V-8

(with up to 300 hp) and you get as much as 15% better gas mileage, too! That's because a special gas-saving rear axle ratio is used to give you all the savings of "built-in" overdrive economy.

And based on factory suggested retail delivered prices, a Cruise-O-Matic Ford is priced lowest of the low-price three with comparable equipment.

So, with Thunderbird go . . . down-to-earth gas savings . . . plus Ford's traditionally low prices and high resale return . . . you have the best reasons in the world to make yourself a deal on a beautiful new Cruise-O-Matic Ford!

COME IN, ACTION TEST A

School ticket still awaits candidates. Third Order has annual triduum. Wilbert Vogel is named airman of the month at Bergstrom AFB, Austin. Felix Becker has major surgery. Msgr. J. B. Gleissner, 88, dies at Bryan. Nineteen Band members receive sweaters. Program Sunday will observe 4-H Week. Richard Hermes is spending an overseas leave with his parents at Lindsay. City council sets local tax rate same as previous years, \$1.50 per hundred of assessed valuation. Dan Haverkamp and Johnny Morris took their army physicals this week.

CITATION BY PUBLICATION
The State of Texas
TO: Richard Hussfeldt, Defendant.
Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Cooke County at the Courthouse thereof, in Gainesville, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of April A.D. 1958, to Plaintiff's Petition filed in said court, on the 18th day of February A.D. 1958, in this cause, numbered 18289 on the docket of said court and styled Katy Hussfeldt, Plaintiff, vs. Richard Hussfeldt, Defendant.
A brief statement of the nature of this suit is as follows, to-wit: A suit to annul marriage by reason of fraud and fraudulent representation on part of defendant same to cause said marriage to be null and void, as is more fully shown by Plaintiff's Petition on file in this suit.
If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.
The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof and make due return as the law directs.
Issued and given under my hand and the seal of said court at Gainesville, Texas, this 18th day of February A.D. 1958.
(SEAL) Woodrow U. Clegg, Clerk District Court, Cooke County, Texas

**TP&L Will Spend
Almost 30 Million
For Improvements**

The Board of Directors of Texas Power and Light Company at its regular quarterly meeting in Dallas Wednesday authorized construction expenditures of \$29,800,000 in 1958 for expansion and improvements of the Company's facilities. The program includes a new power plant, the addition of a large generating unit at an existing plant, the construction of some 70 miles of heavy duty transmission lines, and various substations, and improvements in facilities at many points throughout the area served.

The two power plants under construction at the present time are the Stryker Creek plant in Cherokee County, which will be placed in service this summer, and the addition at the Lake Creek plant near Waco of a new generating unit, which will be placed in service in 1959.

"Although the Company has made large capital outlays in 1957 for continued expansion of facilities," W. W. Lynch, President of the Company, said, "its business in 1957 showed only a nominal increase over 1956 due to adverse agricultural conditions brought about by excessive rainfall, and also due to a slow-down in industrial activity. However, there is a small increase in new housing starts, and other developments seem to be pointing to the beginning of an up-turn in business generally in the Company's service area during the latter part of 1958. We look for substantial further growth in the area served by the Company during the next few years."

**Danny Fleitman is
Birthday Honoree**

Danny Fleitman celebrated his birthday Sunday with a party for boy classmates of the fifth grade of the parochial school. He was 11 years old. His mother, Mrs. J. W. Fleitman, was hostess. Assisting her with party plans were her daughter Doris Lee and Alice Walter.

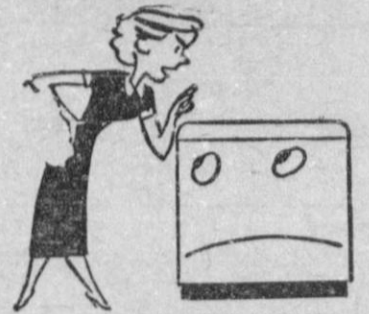

Outdoor games and indoor contests entertained the youngsters with prizes going to Dennis Koessler and Jimmy Klement. Balloons were party favors. Guests remembered Danny with a shower of gifts.

Refreshments were birthday cake, ice cream, soda pop and pop corn.

Good health is the thing that makes you feel that now is the best time of the year!

IT'S A FACT!
Federal grants-in-aid annually are adding about \$5 billion to our national budget; they amount to one dollar for every four spent by our states. Every time the Federal government "gives" a city \$1 for slum clearance, it costs taxpayers more than \$1.22. A Federal dollar for low-cost housing costs the taxpayers nearly \$1.40.

How can a woman with one twist of her dainty wrist put a cap on a fruit jar that will take a strong man 20 minutes to get off?

25 Million Adults In America Need Visual Correction
In the interest of National "Save-Your Vision" Week, March 2 through 8, one of our state's most prominent Doctors of Optometry, Dr. N. Jay Rogers, points out the need of early care of eye and visual defects. Dr. Rogers is a Director of Texas State Optical, a state-wide firm with fifty-eight offices in thirty cities.
"Fewer than 2% of all adults enjoy so-called perfect vision," Dr. Rogers relates. "And even that 2% will lose it as they become older. It is estimated that approximately 25,000,000 Americans need visual correction and are doing absolutely nothing about it. These persons may be depriving themselves of better and more efficiently handled

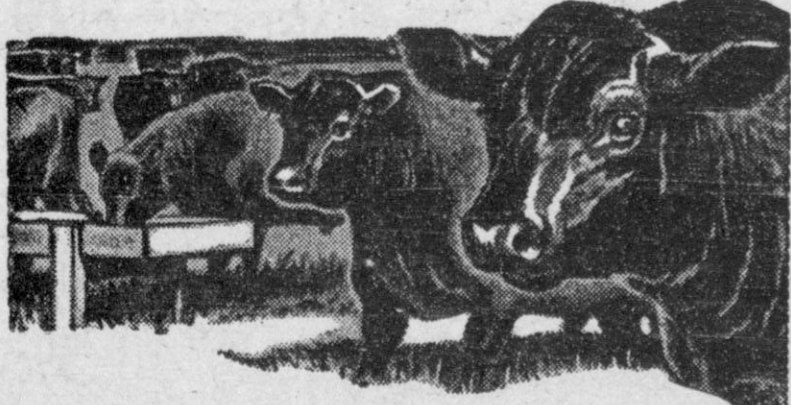

jobs, more enjoyable and safer living, and better health.
Most persons with defective vision suffer from warning symptoms such as persistent headaches, burning or itching eyes, fatigue, nervousness or blurred vision. This is the way nature warns us of eyestrain, the same way other symptoms warn us of other degenerate organs. When these warning signals are experienced, and go unheeded, the sufferer is needlessly torturing himself and is headed for further visual imperfection.
A thorough eye examination to determine whether an eye disease is present... whether a condition of near-sightedness, far-sightedness, astigmatism or muscle imbalance exists... can open up a whole new world for those who suffer from such defects. Corrective lenses, prescribed and fitted with accuracy is most times the answer to relief and, thus, good visual health and comfort.
Vision is priceless and since 98% of us have some imperfection in our sight organs, during National "Save-Your-Vision" Week everyone should make it a point to have his eyes examined... make it a point to safeguard his priceless vision."

Tin Cans
We were fascinated by the news that: "If all the cans made in one year were laid end-to-end they would circle the earth almost 100 times."
Granted that more than 40 billion cans are produced annually in the US, it still gives one pause for thought over the notion of a 2 1/2 million-mile belt of metal cans circling our poor old globe. If such a thing came to pass, the matter of launching earth satellites would present even graver problems in getting through the armor belt of billions of cans.
Fortunately, however, there are a good many other things to do with them. More than 135 different industries demand cans for packing over 2,000 different products — 58 percent of them edible. In 1956, the brewers alone used almost eight billion cans.
For 1957, they're still counting. The cans that we carelessly throw away — unless we are saving them up to tie on the bridal car after a wedding — cost the people that fill them nearly two billion dollars a year! If we were thrifty like the Chinese, we would unsolder them, flatten out the metal and build our houses of them. If we had a large family it wouldn't take long, since we use 237 cans apiece every year — and you can allow one or two more if there's a tennis player in the family.
One reason that food processors and sundry other use about twice as many cans as glass containers is that cans can be filled and sealed faster than any other type of package — as fast as 1,200 per minute — and at lower cost. The other reason is that shoppers are always knocking things off the shelves in the supermarket.
But, if you say "tin can", smile. Last year, according to the Can Manufacturers Institute, the industry used about four-and-a-half million tons of steel and only a dollop (orso) of tin. Anyway, millions of cans have no tin coating whatever, and in the others, four tenths of one percent is tin.
This growing independence from tin is one of the results of the industry's continuing research program for which it sets aside about 40 million dollars every year. Out of the perennial curiosity of these researchers has come the modern miracle that brings the foods of the world to the American pantry, that protects the health of the nation as it safeguards its nutrition and good appetite, and no miracle was ever more completely taken for granted.
And, people with can "know-how" say, in effect: "You ain't seen nuthin' yet!" It's all very hush-hush, of course, but they hint of new conveniences and uses for metal cans as being just over the horizon.
Apparently, the all-around workhorse of the packaging field is still ready to take on all comers — winner take all!

SHADES OF JULES VERNE—USS Gudgeon, flagship of the U.S. Pacific Fleet Submarine Force, gets an all-out welcome as she makes port at Pearl Harbor after traveling around the world in a sailing time between ports of 80 days. She's the first American sub to make such a journey. Everyone not needed at the controls is topside to get a fireboat-squirting, whistle-tooting welcome as a helicopter overhead drops 30 pounds of blossoms over the sub. Elapsed time of the cruise was 150 days, including time out to participate in various maneuvers. Total mileage for the round-the-world portion of the trip: 23,111 miles.

"Some minds are like concrete — all mixed up and permanently set!"

No Matter When... Here's WHERE

It's seldom easy to decide WHEN to sell cattle, but it's a cinch to decide WHERE.

Just go by the record. We consistently pay higher than the current market price. Our customers consistently save on less shrinkage, lower hauling expense and lower commission.

Lindsay News

Jere Friske of Dallas University was a weekend visitor with his parents, the Martin Friskes, and on Sunday joined them on a trip to Fort Worth where they helped Mr. and Mrs. Barney Sandman celebrate their first wedding anniversary. In the evening Mr. and Mrs. Friske took Jere back to school.

Mr. and Mrs. Leo Cutaia and daughters Margaret and Carol and Mr. and Mrs. Bob Bezner and children Debbie and Stevie, all of Dallas, spent Sunday with their mother Mrs. Joe Bezner and also visited the Joe Bezners Jr. and the Bruno Zimmerers.

Herbie Bezner of Dallas and Ralph Bezner of Fort Worth stopped for visits with their mother, Mrs. John Bezner, during the week.

Mr. and Mrs. Mark Kuta and daughter Kathy Ann of Crockett and Miss Frances Spaeth of Denison were weekend guests of their mother, Mrs. George Spaeth. Saturday they all drove to Wichita Falls to visit the Joe Spaeth family and Sunday they were dinner guests in the home of Mr. and Mrs. Wilfred Reiter in Muenster. Mr. and Mrs. Kuta were baptismal sponsors for their nephew Paul Wilfred Mark Reiter Sunday afternoon.

Margaret Gruber will soon be leaving Germany to return to the states and will have a vacation to spend with her parents, Mr. and Mrs. F. J. Gruber at Lindsay. Margaret, who works under civil service, spent the past two years in Germany. She will return to work in Washington, D.C., after her vacation at home.

Mrs. Ben Bengfort is up and around some now following a two-week illness of pneumonia.

The Parent-Teacher Club of Lindsay school held its regular meeting in the parish hall with Joe Bezner, chairman, presiding. Following a discussion period the group voted for the mothers of the school to sponsor the Junior-Senior Prom. Joe Hundt, member of the Hale-Aiken committee gave a report of the preliminary survey.

Dawson-Sandman Rites Set May 3

Mr. and Mrs. Robert N. Dawson of Dallas, announce the engagement of their daughter, Catharine, to Max J. Sandman of Dallas, son of Mrs. Ben Sandmann and the late Mr. Sandmann of Lindsay.

The future bride is a graduate of St. Edwards Academy and of Draughon's Business College in Dallas. Miss Dawson was formerly the organist for St. Thomas Aquinas Men's Choir in Dallas and is presently the organist at St. Thomas Aquinas Church.

The future bridegroom is a graduate of Subiaco Academy, Subiaco, Arkansas, and attended Subiaco College.

The wedding will take place May 3 in Dallas at St. Thomas Aquinas Church.

St. Anne's

for this project. In communications presented at the meeting were letters from Father Louis Deuster and Father Patrick Hannon, former pastors, an appeal from the Central Bureau for a donation to Catholic Charities to which the society contributed fifteen dollars, and a letter in regard to a student exchange program in the diocese. Homes are needed for 116 foreign students who will spend two years in the diocese attending high school. Further information in this regard may be obtained from the local pastors.

It was announced that reception ceremonies for new members will be held Sunday, April 13, and candidates are welcomed.

Mrs. Victor Hartman, president, was in charge of the business session following the prayer service and Father Martin Fischer conducted a Question Box before adjournment. Sixty-five members attended.

John Kathman

Other survivors are four brothers, Herman, Joe and Bill Kathman of Muenster and Clem Kathman of Portalis, N.M.

Mr. Kathman was a member of the Muenster Knights of Columbus and the parish St. Joseph's Society.

Airman and Mrs. John Caughey arrived by plane from Puerto Rico late Saturday. Clem Kathman was among out of town relatives at the funeral and others attending were Airman Caughey's parents, Mr. and Mrs. Harry Caughey of Peoria, Ill., Mr. and Mrs. Harry Dennis of Gainesville and Dr. Monte Hellman of Dallas. A niece, Mrs. Pete Hawthorne and her family of Corsicana, were here during the weekend.

Hornets Will Play Six Home Games In 1958 Football

The next football season will be a convenient one for Muenster High School fans. Their 1958 schedule, released this week by Coach Boze Ansley, shows six home games and four out of town. And only one of the trips will be a long one. It's to Newcastle on September 26.

Another unusual fact about the schedule is its three Saturday night games, with the Wichita Falls Rowdies, the Valley View Warriors and Era. The first two were changed to avoid conflicts with Sacred Heart home games and the Era game, designated the homecoming game, was set for Saturday because that is a more convenient night for out of town ex-students to be here.

The homecoming date is also much earlier than it has been in the past. The reason is that the early season game is more likely to be favored by good weather.

The schedule is as follows: Sept. 5, Pilot Point, here; Sept. 13, W. Falls Rowdies, here; Sept. 20, V. View (Wichita), here; Sept. 26, Newcastle, there; Oct. 4, Era, here (Homecoming); Oct. 10, Sanger, there; Oct. 17, Alvord, here; Oct. 24, V. View (Cooke), there; Oct. 31, Callisburg, here; Nov. 14, Saint Jo, there.

Sacred Heart 4-H Entry Wins First In County Contest

Sacred Heart junior 4-H club girls entered the Cooke County "Share the Fun" festival Monday night and walked off with top honors in junior division competition.

By taking first place in the county contest the local team set the stage to enter the district contest in Denton in May.

The nine-girl singing entry consisted of Carol Henscheid, Charlotte Wolf, Judy Walter, Joanie Kaiser, Patsy Klement, Patsy Endres, Bernadette Yosten, Rosemary Fisher and Janice Vogel. They sang "Capetown Races" and "Catch a Falling Star." Carol played the piano accompaniment.

The group, coached by Sister Carmelita and assisted in other details by Mrs. Paul Endres, adult leader, presented a pretty picture as they sang. They were all dressed alike in their school uniforms consisting of navy blue jumper dresses and white blouses.

In district competition, another 4-H member will replace Patsy Endres. She's already a blue ribbon winner in the county dairy foods demonstration and will represent Cooke county in that event at Denton.

Parents taking the group to Gainesville for the show were Mr. and Mrs. Lou Wolf, Mr. and Mrs. Leo Henscheid and Mrs. Paul Endres.

Tigers Have Nine Home Games on '58 Football Schedule

The kind of football season that fans dream about is on schedule for the Sacred Heart Tigers next fall. All but one of their 10 games will be played on the home field, according to the schedule released this week by Coach George Petrus.

The situation is a result of two factors . . . lots of travel by the Tigers in '57, after which they are entitled to lots of return games, and the fact that three teams which played here last year do not expect return games. Those are the three B teams, Sherman, Jesuit and Gainesville. The one out of town game will be with St. Mark's at Dallas.

Games listed on the schedule are as follows.

Sept. 12, Windthorst, here
Sept. 19, Ryan, Okla., here
Sept. 26, St. Mark's, there
Oct. 3, Ladonia, here
Oct. 9, Sherman B, here
Oct. 16, Jesuit B, here
Oct. 24, Waco Catholic, here
Oct. 31, Laneri, here
Nov. 6, Gainesville B, here
Nov. 14, Greenhill, here

Kassen-Kuhn Rites Scheduled April 19

Announcement has been made of the engagement of Susie Kassen of Gainesville to Willard J. Kuhn, son of Mr. and Mrs. Jake Kuhn of Lindsay. Parents of the bride-to-be are Mr. and Mrs. Frank Kassen on Conroe, formerly of Gainesville.

The couple has set April 19 for the wedding date. The marriage will take place in St. Peter's church at Lindsay at 4 p.m.

Miss Kassen was graduated from Carrolton, Mo., High School and Mr. Kuhn attended Lindsay High. After their marriage they will make their home in Gainesville where he is employed by National Supply Co.

Homsley Is Speaker At Two Programs

Superintendent H. H. Homslay was the guest speaker headlining two special programs this week.

Monday morning he addressed the student body and faculty of Rosen Heights High School, Fort Worth, in the assembly program which officially opened Public School week. His subject was "The History of Public Schools in America."

Tuesday night he spoke in Goldthwaite at the annual Lions and Ladies banquet. His subject for that occasion was "Your Third Name," the name which every person makes for himself as distinguished from the first name and family name he receives at birth.

Confetti

years. Price would come down to their level just as it has always gone up to their level. The current ratio of earning and living would be practically unchanged, but savings would start recovering their lost value. Workers would be better off than before.

Another factor . . . as wages and prices decrease here, people abroad can buy more of our products. We could possibly enjoy an increase of both domestic and foreign business.

For quite a number of years now we've been allowing the so called champions of Labor to price the American working man out of the market. Now let's see whether they have the courage to work toward a solution of their mistake.

17 MHS Athletes Will Compete in County Track Meet

Seventeen eager members of the Muenster High School track team are toughing through rough weather this week in preparation for their first test of the season when they line up Friday afternoon in the annual Cooke County Class B track meet.

The boys, coached by Boze Ansley, will be striving for points in every event of the meet . . . with three entered in most of the events.

Their big opponent will be Valley View, the champ of the two past seasons and the favorite of this season. Other schools participating will be Era, Callisburg and Saint Jo.

Other track activity in sight for the Hornets is the annual Interscholastic League meet to be held on the NTSC track on March 21 and the North Texas Relays on March 25. Ansley is also considering a few entries for the Cowtown Relays on April 5.

Probable entries in Friday's county meet have been announced as follows by Coach Ansley.

100 Yard Dash: James and Truman Wolf, James Harris.
Broad Jump: Larry Wimmer, Doug Hellman, Dolphy Hellman.
440 Yard Run: Larry Wimmer, Gilbert Knabe, Johnny Fette.
Discuss Throw: Butch Fisher, Butch Hudspeth, Billy Otto.

Shot Put: Butch Fisher, Butch Hudspeth, Billy Otto.
180 Yard Hurdles: Dan Hamric, Doug Hellman, C. J. Hellman.
880 Yard Run: Dan Hamric, Ken Klement, Butch Fisher.
440 Relay: James and Truman Wolf, James Harris, Larry Wimmer.
Pole Vault: Johnny Fette.
Mile Run: James Wolf, Milton Fette, Billy Otto.
220 Yard Dash: Larry Wimmer, James Harris, C. J. Hellman.
High Jump: Dan Hamric, Larry Wimmer, Doug Hellman.
Mile Relay: Dan Hamric, Leonard Vogel, John Reiter, Gilbert Knabe.
