NUMBER 43

Simultaneously the country has two big issues cooking, one on giving the Panama Canal to the Torrijos dictatorship, the other on confirming Bert Lance as head of the Office of Management and Budget.

At times it is hard to determine which is the hotter issue, a circumstance which may be food for thought. There can be no doubt that the Panama problem is vastly more important than the selection of a person to head a political office, even one that is involved with our budget. If Lance isn't acceptable there are other qualified persons available. To take him or leave him really would not make a great difference.

**On the other hand** the canal deal involves the security and very existence of this country. If it turns out to be wrong it could bring on serious economic and political hardship. Definitely it is the subject that should be receiving public attention but it continues to be overshadowed by the Lance affair.

The situation brings back memories of red herring charges in President Truman's time. The red herring method of deflecting an ugly and smelly charge was to concentrate on another ugly and smelly subject.

Now we have occasion to wonder whether the Lance publicity is intended as a cover-up for the Panama Canal hassle. It does seem likely because the comments keep going on and apparently to no good purpose... except possibly to take people's minds off Panama. The President and his supporters are favored by such distraction because it takes attention away from the subject they don't want discussed... because it helps crowd out reports on widespread opposition to the treaty.

**The current issue of Human Events** throws revealing light on public opinion concerning the controversy. It names the offices of 66 US Senators who participated in a survey by American Conservative Union on the subject.

The over all poll showed that well over 100,000 pieces of mail received by the senators from folks back home were strongly opposed to the canal treaty. Percentages generally were from 90 to 100 percent in opposition to the giveaway and the strongest favorable report was a 50-50 tie. The President and his staff are aware of the figures and they are fully aware that they are violating public trust by trying to ram the treaty through regardless.

**Governor Ronald Reagan**, who fought out this issue in last year's presidential primary, is fighting for the cause again. He has been on the radio and TV, will appear before a senate inquiry on the subject. Hopefully he'll be able to influence the voting of enough legislators.

The whole situation seems like a big absurdity. We're being bugged by loud mouth communists all over the world who say that US stole the canal zone and it is perpetuating colonialism by holding it. What an attitude! The reds, whose boasted intention is to take over the world, point the accusing finger at us! When it comes to right-of-ownership we have the valid claim whereas the reds themselves acquired by conquest and they are now sponsoring and directing the world's worst kind of colonialism.

**As Reagan points out**, the treaty supporters are worried about terrorist threats in case US fails to give in, but they do not look forward to our problem when Reds tell us later to pack up and get out. The official attitude on this detail makes us ashamed. Imagine being pushed around by a two-bit dictator, the US which once enjoyed world wide respect. Furthermore the matter is ludicrous. Panama with 2 million people has an army of about 7,000. This is the outfit which threatens us, and our State Department cringes. A pitiful contrast to the time when our country demanded respect for its men and property.

**Brushing aside lots of details**, there are really only a few vital facts involved in this issue. Our country bought the zone and built the canal. It's our fair and square, as surely as building a house on

## Golf Association To Organize Monday

Golfers of the community are specially invited to an organizational meeting of a local golfers' association next Monday night at 8 in the K of C Hall. Originally set for 7:30, the time was changed to 8 to avoid conflict.

## Hornets Will Meet Tom Bean Friday

Muenster High's Hornets will hit the road this week seeking their second win of the season at Tom Bean, a Class B outfit that has looked good against a pair of Class A opponents. The Tomcats were nudged 10-3 by Bells and 20-0 by the rugged Sanger Indians.

They are rated as a good team with good size and their main asset is a 195 pound fullback who runs with authority. Another guy to watch is a slick quarterback who does well with the options. Passing is not a strong point, but also not something to be taken for granted.

The Hornets rate as the favorite, based mostly on their annihilation of Valley View's Eagles last week. And they did not exactly hurt their reputation in a 39-16 loss to the classy Bridgeport Bulls. The Hornet performance in that case was considerably better than the score... not a bad showing in the Class AA adventure.

Encouragement for MHS is the improvement of two injured Hornets, either of whom may be allowed to return to the lineup this week. Bryan Sicking's rib fracture is doing well. So is Kevin Klement's collar bone fracture.

## Hornets Pluck Eagles 47-0

MHS Hornets had an easy time Friday night in their 47-0 decision over Valley View's Eagles. They had to overcome a few problems before they could start rolling, but from then on it was a picnic with reserves participating in almost all of the second half. The win had its sad note, however. Kim Hale, a Junior tackle, sustained a severe leg fracture and is expected to be out of action for the rest of the season. He is in Muenster Hospital.

A fired up gang of green clad Eagles, apparently miffed by their underdog rating, gave a good account of themselves in the opening period and stopped the Hornets twice before they were able to sustain a drive. After a first down the second series had a penalty and a busted play and MHS ended with a kick. And shortly after that the Eagles, with help of a penalty stopped the Hornets on the 25. However, Nick Walterscheid's recovery of a fumble two plays later seemed to change things. The next seven plays gained 34 yards to the end zone and Nick Walterscheid followed with the first of five kicks for extra point.

The first TD came with 1:03 remaining in the first period and four more were made before the half ended. With Gary Hermes as the Number 1 runner and Nick Walterscheid, Todd Richey, Neil Walterscheid and Greg Wilde as alternates, the Hornets kept busy crossing the goal line.

Next drive started along with the second quarter and MHS was 40 yards from the goal. Eight plays made the distance and Hermes made the final two yards. The score was 14-0 at 7:58.

Just 20 seconds later the count was 20-0. On first play after kickoff Valley View's Vowell threw a pass which Nick Walterscheid intercepted and returned 40 yards for a TD.

The next drive was another quickie. The Eagles had to punt on first series and the Hornets started from their 46. Six plays and 15 free yards gained 29 to the 25 and Richey got loose there on a scoring ramble. The time was 3:45.

Following kickoff Valley View made its first first down of the evening and had to

Dan Hamric, organizational chairman, said that the purpose of the meeting is to convey all possible information about the proposed golf course... its location, expected cost, method of financing, and later the method of operation. Will it be managed by the city or an association?

If an association will have charge it needs to be organized and able to negotiate during planning and construction stage. Also, it can possibly cut the cost considerably by volunteering help in the construction.

All of those considerations present reasons to establish the club soon, even though there is no course to play on. Those are the subjects to be aired at next Monday's meeting, and hopefully questions will bring out any other details that need to be told.

Another purpose is to elect directors, a n/d/or officers. Persons attending are urged to come with suggestions for nominees.

**Whoppers**  
Bobby Dale Walterscheid and sons, Mike and Duane, had about 100 per cent fisherman's luck Sunday at Lake Texoma. Especially Duane, who caught 13 and 10 lb. stripers. The three of them got their limit of nine stripers and six of them weighed 8 pounds or more.

## Weather Dry But Slightly Cooler

Wednesday night's stormy weather turned out to be more bluster than moisture and the result was a measure of only .47 inch. Combined with .13 earlier, it brought the day's total to .60 inch, and the month's total to only 1.10.

The year's measure to date is 25.59 inches, which is near normal for this time even though vegetation is suffering. The trouble is that there has been too little rain lately.

However there has been an improvement of temperature as Fall approaches. High low readings of the week by Steve Mosler are: 7th, 88 & 69; 8th, 89 & 69; 9th, 93 & 70; 10th, 93 & 69; 11th, 98 & 73, 12th, 94 & 70.

**Whoppers**  
Bobby Dale Walterscheid and sons, Mike and Duane, had about 100 per cent fisherman's luck Sunday at Lake Texoma. Especially Duane, who caught 13 and 10 lb. stripers. The three of them got their limit of nine stripers and six of them weighed 8 pounds or more.

## Volleyball Season Starts with Win

A short volleyball season for girls of Muenster High School started on a happy note with three wins Monday night at Nocona. In regulation two out of three matches, the MHS Varsity barely won 15-13 and 16-14. Then the Junior Varsity was at the big end of 15-8 and 15-12 games, and finally varsity reserves took a third contest by counts of 15-13 and 15-9.

The Hornets, coached by Faye Hamric, have a non conference season of about a month before going into a quickie showdown for the 13-A title. Matches booked now are Nocona here Monday and Frisco here on October 17. In addition, Coach Hamric is scanning the area in search of other schools that will have teams, hoping to arrange more practice matches.

Members of the 13-A volleyball district are Muenster, Callisburg, Holliday and Petrolia.

The varsity roster includes Shirley Monday, Clara Knabe and Thelma Lewis as co-captains, plus Sandy Schneider, Robin Walterscheid, Linda Endres, Ruth Walterscheid, Lou Dyer, Karen Walterscheid, Toni Dittfurth and Brenda Walterscheid.

JV members are Barbie Walterscheid, Sherri Wolf, Lisa Trubenbach, Cathy Flusche, Renee Wilde, Judy Walterscheid, Tami Fanning, Wanda Schneider, Judy Dittfurth, Beverly Trubenbach, Jamel Lutkenhaus and Carla Otto.

## Tigers Confident Facing S&S Rams

Coach Eddie Stock and his Sacred Heart Tigers are looking forward confidently to their game Friday night with the Rams of Sadler Southmayd.

According to comparative records the odds are stacked in their favor. S & S was a big loser in its scrimmage with Era after which the Tigers dumped Era 22-12 in the season opener. Also S & S has sustained one sided losses to Aubrey and Callisburg.

However Sacred Heart has a few problems to iron out as a result of last week's injury to Roger Haverkamp. Joe Bartush is coming out of the line to succeed Haverkamp at fullback and Chris Stoffels replaces Bartush at guard.

On defense Haverkamp was a linebacker, where he'll be replaced by Fred Koessler. Also involved in the scramble are Glenn Walterscheid taking Koessler's place at end and Lloyd Reiter succeeding Walterscheid at tackle.

The Tigers have been practicing since Monday in their new positions and hopefully will be familiar with their jobs in time for the Rams.

In spite of their heavy loss in last week's injury, the Tigers are going strong offensively and defensively. Coach Stock is highly pleased with them, rates them as the best since he has been at Sacred Heart.

Kickoff time will be 8 p.m. at S & S.

## Rev. Rick Cox of Ft. Worth Named Baptist Minister

The Reverend Rick Cox of Fort Worth is the new pastor of Muenster's First Baptist Church succeeding Tom Briscoe who has joined the faculty of Southwest Baptist Theological Seminary. Along with his duties here the new minister continues as a student at the seminary working on his master degree in theology. He and his wife, Vivian, also continue their home in Fort Worth.

The Reverend Cox accepted the pastorate here and conducted service on August 21 and was ordained the following Sunday at his home church in Corpus Christi.

Rev. Cox's background includes music as well as study for the ministry. He sings gospel songs to his own guitar accompaniment and occasionally includes a number with his services. He entertained last Sunday at the local nursing home.

## Water Clouded by Air in City Lines

People who have been wondering lately about cloudy water from their taps are assured by Steve Mosler, water superintendent, that they have nothing to worry about. The white stuff is tiny bubbles of air that do not affect quality or flavor and clear away quickly if the water is allowed to stand.

The trouble results from a break when a main line pulled away from a connection in the east part of town allowing some 250,000 gallons of water to flow away. In the process some 1468 were emptied and air was trapped in them as they were re-filled after repair work.

The cloudiness has decreased and is expected to disappear completely in a few more days.

## Tigers Crush Alvord 39-6

The Tigers won their second straight Friday night by overwhelming the outmanned Alvord Bulldogs 39-6. The outcome was not surprising considering that the home team had only 15 players and two of them were lost by injury.

However the Sacred Heart boys had to pay for their victory by the loss of Fullback Roger Haverkamp with a knee separation. Present estimate is that he will likely be out of action for the balance of the season. It will be a tough loss for the team, in view of the fact that he gained 115 yards before leaving the game in the third period. He was taken to Muenster Hospital.

The game was a run-away for the Tigers. They picked up a total of 495 yards including more than 150 by Joe Sicking and 115 by Haverkamp. Meanwhile Alvord made only 138. Also SH made 16 first downs and Alvord 5.

The Tigers made a bad start by fumbling on their first offensive play. However their defense allowed Alvord only one yard on the next four plays and they took possession on the 30. A penalty gave them five yards for free then Haverkamp made a fine run of 65 to pay dirt. Nice blocking gave him a start and his own good football kept him going. Ken Felderhoff's PAT made the score 7-0. The time was 7:37.

Kickoff return plus a roughing penalty following the score gave the Bulldogs good field position on the Tiger 46. And they followed with one of their better offensive efforts which got to the 13 before they fumbled and Joe Bartush recovered. Sacred Heart returned almost to midfield before fumbling the ball away. And three plays after that Angelo Nasche's interception put SH back in possession with 72 to go. Five tries were enough for the job, which included 40 by Sicking and 22 plus the 13 yard scoring crash by Felderhoff. The point after missed.

Following the score Bulldogs kicked on first series and SH started from its 20. Third play after that was a double turnover, a fumble to Alvord then back to Sacred Heart resulting in a gain to the Tiger 41. A scamper by Sicking gained to the Alvord 18 and a 5 yard penalty plus four plays reached pay dirt. A pass from Bob Hartman to Fred Koessler made the score 21-7 with 4:17 remaining in

Progress was reported on the proposal to have a seminar for retail people on the attitude and procedures of customer relations. Pagel said that contacts are being made and studied in choosing the most desirable course.

V. Grant; Housing, Henry Weinapfel. Still to be named is the Ways and Means chairman, whose job will include supervision of the Germanfest. The chairman select their own committee members.

## ENERGY MANAGEMENT IS A FAMILY AFFAIR

**AIR LEAKAGE** - can be stopped or greatly reduced.

**WEATHERSTRIPPING** - is a must; doors and windows should be weatherstripped with metal strips or vinyl cord. Air leakage can amount to as much as 3%.

**CAULKING** - Ceiling and other frame openings in the home as well as where two different materials meet, may need caulking. Significant savings can be derived with minimum cost and effort.

**Christa Cler, Walter Schmidkofer United in Double Ring Ceremony**

Miss Christa Jo Cler became the bride of Walter Anton Schmidkofer on Saturday, September 3, during a nuptial Mass with double ring ceremony celebrated by Father Stephen Eckart in Sacred Heart Church at 5 p.m.

The bride is a daughter of Mr. and Mrs. Ed Cler. She

attended Sacred Heart School, graduated from Muenster High School and from Lynnwood Beauty College and is employed in Fort Worth by Radio Shack-Atlanta Region in the Bookkeeping and Accounting Department.

The groom is a son of Mr. and Mrs. Herbert H. Schmidkofer of Lindsay. He attended school in Lindsay and graduated from Gainesville High School and is employed by Proffer-Wilson Tractor Co. Inc.

Gladioli, ferns and candles decorated the altar where the couple exchanged wedding vows. The bride was presented for marriage by her father. She wore a formal bridal gown of French organza over taffeta, designed with an Elizabethan neckline, a bodice enhanced by myriad rows of tiny pin-tucks and Chantilly lace appliques. A deep ruffle encircled the hemline of the skirt and swept to a chapel length train. The full length illusion bridal veil was banded with matching lace and was held in place with an Elizabethan cap.

She carried a cascade of daisies, rose buds, feathered carnations and tiny blue forget-me-nots. For sentiment she also carried a family treasure, an ivory-covered prayerbook which was a wedding gift to the bride's maternal grandmother, Mrs. Bertha Hoehn from her mother Mrs. Eller Donnelly on her wedding of August 1, 1917. The prayerbook was carried by the bride's mother and sisters and cousins of the Hoehn families at their own weddings. Something blue

was the traditional blue garter.

**Attendants**

The matron of honor was Mrs. Tony Cler of Lindsay, the bride's sister-in-law and bridesmaids were Mrs. Joe Walterscheid of Muenster, the bride's cousin and Kathy Schmidkofer of Lindsay, the groom's sister. They were identically dressed in long floral gowns made with long full sleeves and square necks edged with lace, and tie belts. The matron of honor carried blue feathered carnations and wore daisies and blue feathered carnations in her hair. Mrs. Walterscheid's flowers were similar in pink and Miss Schmidkofer's were yellow.

The flower girls were Cindy Youngblood of Blue Mound, a niece and god-child of the bride, and Jennifer Fuhrmann of Myra, also a niece. Their dresses were identically made of white on white print, with A-line skirt, ruffled sleeves, and bodice trimmed with tiny blue flowers and tie belts. The flower girls wore daisies and feathered carnations in their hair and they carried white baskets with blue, yellow and pink daisies.

The ring bearer was Doug Voth of Gainesville, a cousin of the groom.

The best man was Pat Hacker of Muenster, groom's friend, and groomsmen were Mark Cler of Muenster, bride's brother and Mark Helling of Gainesville, groom's friend.

Ushers were Tony Cler of Lindsay and Doug Cler of Muenster, bride's brothers and Kenny Koelzer of Electra, groom's cousin.

The Offertory gifts during Mass were presented by Donna Fuhrmann and Diana Youngblood, bride's nieces and

Richard Fuhrmann, bride's nephew and god-child and Charlene Schmidkofer, groom's sister.

Wedding music was provided by organist Linda Flusche, guitarists Diane Yosten and Vickie Fisher, also joined in vocal selections by Cheryl Martin. They sang "Hear, Oh Lord", "Wedding Song" "Color My World". The traditional processional and recessional were used.

The couple presented a blue carnation at the Blessed Virgin Mary's altar and white roses to their mothers.

**Reception**

A reception and dinner hosted by the bride's parents followed in Sacred Heart Community Center. Joyce Schmidkofer and Connie Voth, groom's cousins, were at the guestbook. Serving champagne were Tommy Youngblood and Weldon Schmidkofer and serving the four tiered wedding cake were Debbie Randolph, Darline Schmidkofer and Terri Martin. An arrangement of flowers, in the bride's chosen colors, was placed between the pillars separating the lower and second tier and white bells were placed atop the cake.

The bride's mother wore a green crepe full length dress with empire waist, and long sheer loose sleeves. Her corsage was of aqua tinted daisies and feathered carnations. The groom's mother wore a pink full length dress, with empire waist and long full sleeves with tight cuffs. Her flowers were white, tipped with pink.

The couple will be at home in Lindsay.

Among pre-nuptial courtesies was a rehearsal dinner in the home of Mr. and Mrs. Herbert

Schmidkofer on August 27, attended by members of the wedding party, and the parents and grandparents. The following day Mrs. Leon Fuhrmann hosted a display shower and tea with Mrs. Eric Randolph and Mrs. Tommie Youngblood assisting.

Among out-of-town guests were Mr. and Mrs. J. D. Proffer of Gainesville. Also Dr. and Mrs. J. W. Truitt, Jr. Miss Terri Martin, Mr. and Mrs. Wayne Cler, Mr. and Mrs. James Dennison all of Gainesville; also Mrs. Jay Carnline of Austin, Mr. and Mrs. Jack Hoehn and Miss Leann Hoehn of Nocona; Mr. and Mrs. Dean McMahon of Lewisville; Mrs. Donald La Rue of Graham, Mrs. C. D. McClaffin of Fort Worth; Mr. and Mrs. Victor Koelzer and Ginger of Iowa Park; Mr. and Mrs. Kenny Koelzer of Electra; Mr. and Mrs. John Klyne of Fort Smith, Arkansas and Airman Brian Hoehn of Sheppard Air Force Base, Wichita Falls.

Also, Mr. and Mrs. Eric Randolph of Thackerville, Mr. and Mrs. Bob Blessings, Jr. of Mesquite, Mr. and Mrs. Allen Lusk of Dallas, Mr. and Mrs. Jack Sims of Garland, Dot Hague of Arlington, Mr. and Mrs. T. A. Youngblood and family of Blue Mound and a number of friends from Gainesville.

### Program on Bulbs Features Meeting Of Garden Club

Mrs. Arthur Endres presented a program on bulbs following the September business meeting of the Muenster Garden Club in the home of Mrs. Leonard Endres. She detailed planting procedures for both common and exotic bulbs and led a discussion among members concerning more extensive bulb planting project next year.

Mrs. Paul Endres conducted the business meeting, reviewing committee activity during the summer months when the club holds no meetings. She reported on official correspondence and called for reports from standing committees.

Mrs. Arthur Endres reported progress on the new yearbook. Mrs. King Koch will present the completed yearbooks at the October meeting. Mrs. John Mosman, parliamentarian and Sister Mary John, scrapbook chairman gave routine reports.

Mrs. Paul Endres reported on attendance and use of the

Mini-Park and urged increased awareness of the Mini-Park's unique usefulness. She also told of college scholarships to be offered to high school seniors by the Texas Garden Clubs of District II.

Mrs. Joan Larsen, English teacher at Sacred Heart accepted chairmanship of the Speech and Poster contest. Mrs. King Koch will be chairman of a project urging all residents to plant Crape Myrtle shrubs.

The Garden Club will plan a pilgrimage in April to the Dallas Arboretum and Botanical Society. Members also voted to accept 3 amendments

to by-laws. The executive board suggested an anniversary tea observing the club's 40th anniversary. The Muenster Garden Club has been federated for 40 years — only 10 years less than the Texas State Garden Clubs. A tentative date set will coincide with National Garden Club Week. Mrs. Arthur Endres and her assistants will compile a history of the club.

Sister Mary John suggested reserving a 5 minute period during each meeting as a Plant Clinic when members may seek solutions or answers to plant problems. Also a brief time for exhibiting unusual specimens or arrangements.

The October meeting will be in the home of Mrs. John Mosman. Ronald Herring, Soil Conservation technician of the Muenster office, will present a program on Birds.

Mrs. Leonard Endres was hostess in her home for the September meeting. She served dessert and coffee or tea to eleven members and nine guests. Mrs. Ronnie Herring, Mrs. Herb Miller, Mrs. Joan Larsen, Mrs. Johnny A. Eldred, Mrs. Alfordean Winn, Mrs. Cunningham of Saint Jo, Mrs. Ed Knauf, Mrs. David Flusche and Mrs. Corinne Qualls.

New members include Mrs. Winn, Mrs. Miller, Mrs. Larsen, Mrs. Knauf and Mrs. Flusche.

### Hoagland Guests Return to Mexico

A pool party Saturday, September 10 at the home of Mrs. Ronnie Hoagland was a farewell event and special treat for Luisa Gonzales, sister of Mrs. Peter McCoy. Luisa and her mother, Mrs. Henrietta Gonzales are returning to their home in Mexico City after an extended visit with the McCoy's.

Attending were Carol, Lloyd and Vickie Walterscheid, Susan and Sandra Walterscheid, Laura, Janell and Mark Flusche, Jean Pagel, Brian and Danelle Reiter, Tammie and Janet Reiter, Sandy and Scott Taylor and Connie Bayer.

### The Hornets

View 5 times. David Felderhoff was the quarterback replacing Nick Walterscheid. Richey and Wilde did most of the running. And the game took on a trend to turnovers. While possession changed 8 times on fumbles it changed only 4 times on punts. Wayne Wimmer recovered two of the fumbles for Muenster. Neil Walterscheid, Mark Klement and Eddie Serna each recovered one.

The Hornets last score was sparked by Klement's recovery on the Eagle 31. A short gain plus a penalty advanced to the 14. Felderhoff and Richey pounded the line to a first down on the 3. Next play Richey scored but an offside penalty nullified the TD and moved the ball back to the 8. Three tries later Wilde went over from the 4 on the second play of the last quarter.

Promptly after that MHS had a fat opportunity from the 6 after Wimmer's recovery and a 12 yard gain by Richey. But the ball went the other way on penalties and busted plays.

**YOU CAN BANK ON IT!**

An early American writer once defined banking: "The business of banking, in its widest sense, is to collect in banks the capital of a community, that which is either money or can readily be turned into money, and upon the capital so collected to build up, by proper management and machinery, a credit which will extend and enlarge its usefulness to the community." This definition of banking holds true to this day. We perform many services here at the bank, but our basic functions may be reduced to three: (1) Accepting funds for safekeeping, (2) Providing the public with a mechanism for making payments, and (3) Putting depositors' money to work by lending or investing it. It truthfully can be said that the economy of the United States never could have reached its present magnitude if it had not been for the development of ways of lending and investing money "to extend and enlarge its usefulness to the community."

**SAVING TIPS  
on electric  
air conditioning**

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

**Central Systems**

1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.
9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.

10. Keep windows closed. Open outside doors as little as possible.

**Window Units**  
Follow above suggestions, plus these:

11. Buy units with highest "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doorway for recooling, recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

The Rev. Rick Cox is the new pastor at Muenster Baptist Church. Sunday afternoon he conducted a prayer service at St. Richard's Villa and

later played the guitar to lead a sing-song among residents. Three hostesses entertained

residents of St. Richard's Villa last week Wednesday afternoon. Mrs. Ray Hess, Mrs. Joe Fisher and Sister Theresina brought, and served

lemonade and home made cookies, and directed games. Hostesses this week were Mrs. Joe Vogel, Lu Vogel, Sisters Agnes and Theresina.

Johnnie French was dismissed from Muenster Memorial Hospital last Friday following medical care and is improving steadily.

**First PTO Meeting Booked for Monday**

The Muenster Public School PTO will meet Monday, September 19, at 7:30 p.m. in the High School Auditorium. The program will include installation of new officers and introduction of new teachers. Included on the agenda will be a request for suggestions for new projects and a discussion of the new lockers provided by the PTO for the junior high school. All parents are urged to attend.

**Juniors Lose Two Games at Nocona**

The future Hornets were victims of a double loss in their games at Nocona last Thursday. Junior High was turned back 6-0 and Junior Varsity by the more decisive count of 27-0.

To make matters worse the JVs lost their quarterback, Phil Wolf, early in the game. Apparently stepping into a sunken area he went down without being touched and was brought to Muenster Hospital with a torn ligament in the knee. He's lost for several games at least, possibly all season.

The injury was an immediate blow to the team as Richard Winn, freshman and inexperienced, took over the quarterback job.

The home team scored early on a blocked kick that was recovered for a score in the end zone, and Wolf was injured on the kickoff following the TD.

Remaining three scores of the Indians were almost as easy. All were short yardage touchdowns following two fumbles and another blocked kick.

Otherwise Nocona was not able to keep a drive going and MHS could not get one started.

The junior high game also was a defensive standoff except a 60 yard scoring scamper by the home team on first possession. From then on Nocona's best advance was to the 15; and Muenster's was to the 20.

**Public School Happenings**

F.H.A. officers hosted a supper for new and old members, in the city park on September 7 at 6:30 p.m. There were hot dogs and roasted marshmallows. Mrs. Joni Sturm is the F.H.A. sponsor.

The Muenster Public School Civics Class will hold a mock trial of Son of Sam on Monday, September 12.

The Junior Class of Muenster Public School held a bake sale at the Jr. Elite dress factory on Friday, September 9. This was one of their projects to raise money for the Junior-Senior prom.

Several shop classes toured many of the new homes now being built. They noted the different types and styles of houses and one with only the foundation built, another with the framework up, another at the sheetrock stage and one in the final stages of completion.

The Speech Class of Muenster Public School has been working on group projects. One is working on air-conditioning the entire school, and another group is working on student social needs. They are writing to other schools to inquire about student social needs and air-conditioning in particular areas, and are polling the students.

In a meeting on Thursday, September 8 the Senior Class decided on fund-raising projects. They are hoping to raise money for the Junior-Senior prom.

The Muenster F.F.A. Chapter met on September 8 at 7:30 p.m. to elect officers. Leading the chapter for the '77-'78 school year will be Nick Walterscheid, president, Charlie Switzer vice president, Gary Walterscheid secretary, Wayne Wimmer treasurer, Bert Walterscheid reporter, Lenzy Dyer sentinel. Mr. Dyer is the F.F.A. advisor.

The Muenster Hornet Annual staff has assigned six students to a group and named several groups to begin securing ads for this year's annual. During a meeting last Wednesday, the staff also made plans to sell candy and nuts during the next few weeks, as one of their fund-raising projects.

## Straight Talk to Men Without Hair

I was bald for 20 years.  
 Now, I wear a CROWN Hairpiece!

My business partner had talked to me about getting one. "In our business," he said, "it pays to look younger." I had thought about it but was afraid of ridicule. Finally, I made an appointment to try a CROWN hairpiece.

I made an appointment with a qualified CROWN consultant, and in complete privacy the CROWN hairpiece was placed on my head and styled. The exciting self-confidence that comes from knowing that you not only look your best but years younger was astounding. Three hours later, I went to a party. Four people complimented me on my "new" hair style, not realizing I was wearing a hairpiece. The only person who did, asked why I hadn't gotten one before! If you're losing or have lost your hair, call for an appointment to discuss your hair replacement. You'll wish you had done it years sooner. I do. And that's the truth!

## Marriage Vows Exchanged by Laurie Wimmer, Tom Valliere

Mr. and Mrs. Thomas W. Valliere are at home in The Colony, near Dallas. They were married on Saturday, September 10 in Sacred Heart Church, Muenster, in a nuptial Mass at 5 p.m. with Father Pat Hanser of Holy Trinity Church of Dallas officiating.

The bride is the former Miss Laurie Wimmer, daughter of Mr. and Mrs. Lawrence Wimmer. The groom is the son of Mr. and Mrs. Don Valliere of Shreveport, Louisiana.

Presented at the altar by her father, the bride was wearing a formal wedding gown of white organza with empire bodice. A band of Venice lace defined the neckline and center front and was repeated from the shoulders to the wasteline. Narrow rows of Venice lace trimmed the

long, full, sheer pleasant sleeves gathered to close fitting lace cuffs. Matching Venice lace encircled the hem of the skirt and its chapel train. Her tiered illusion veil was attached to a close fitting, lace appliqued caplet. The bridal bouquet was of yellow roses, accented with rust cushion mums, apricot feathered carnations and white baby's breath.

In keeping with tradition the bride wore a diamond pendant borrowed from the groom's grandmother; something blue was a blue garter.

### Attendants

Attending the bride was her sister, Mrs. Thomas Gressett of Carrollton as matron of honor and her sisters-in-law, Mrs. William Wimmer of Muenster and Mrs. Ray Wimmer of Keller as bridesmaids. They wore identically designed knit dresses with wrap-around tiered skirts. Their silk hats matched their dresses and each had an apricot flower choker. Mrs. Gressett was in rust and the bridesmaids were in apricot. They carried apricot carnations ringed with rust cushion mums and accented with apricot satin ribbons.

The best man was the groom's father, Don Valliere of Shreveport, La. Groomsman were the groom's brother-in-law William Wimmer of Muenster and a friend, John McConnell of Houston.

BY: Lynn Morder, Deputy

Ushers were Tommy Gressett, a brother-in-law, Tim Wimmer, bride's brother and C. O. Horn, Jr. of Dallas, a friend.

Carrying out the brides chosen colors, the altar was decorated with a background of apricot gladioli and rust cushion mums. Floor candelabra with pyramid lighted candles stood to both sides of the altar, which also held the memory candle, lighted by the couple following their vows.

Presenting wedding music were Linda Flusche, Lynda Klement and Doug Yosten with organ and guitar accompaniment. "Evergreen" was sung as the couple lit their memory candle.

### Reception

Following the church service, a reception with cocktails, dinner and dancing were held in the Community Center. Gayle Gressett and Sondra Hess, nieces of the bride, registered 225 guests in the bride's book. Guests danced to music by Corky and the Del Rays.

Brenda and Barbie Wimmer served the wedding cake. It was three tiered, separated by arrangements of rust colored flowers. A hand-blown crystal heart shaped ornament adorned the top of the cake.

For her daughter's wedding Mrs. Wimmer chose a cream colored knit formal. The groom's mother also wore a cream full length gown. Their corsages were of yellow rosebuds and bronze cushion mums.

The bride is a graduate of Muenster High School and Grayson County College and is a registered nurse at St. Paul's Hospital of Dallas. The groom graduated from C. E. Byrd High School and from Centenary College, both of Shreveport, La. He is employed by Carl Zeiss, Inc.

The rehearsal dinner was held in the Lawrence Wimmer home following rehearsal.

one's own lot. If that title is not valid no title is.

Also our big concern is to keep it in our control and be able to use it when we need it as well as deny it to enemies in time of war. If we give it to Torrijos and the other reds they'll be in control and they can deny our use of it.

Of course we have assurances that our use of the canal is guaranteed until the year 2000, and our naive negotiators appear to take them seriously. Along with this proposal we need to remember that reds have never been known to keep a promise unless it served their purpose. In other words, they can't be trusted.

Another thought on the subject. If we give in to the Panama demand what's to keep Russia from claiming Alaska or Cuba from claiming Guantanamo? After all, our title to those two places is no more valid than our title to the canal.

Stephen Hammond left Tuesday to return to his home in New York, N.Y. after a several weeks visit with his grandparents, Mr. and Mrs. Lou Wolf. He is the son of Mr. and Mrs. Christopher Hammond. Mrs. Hammond is the former Lu Rena Wolf.
