

MUENSTER ENTERPRISE

VOLUME XVIII

MUENSTER, COOKE, COUNTY, TEXAS,

APRIL 9, 1954

NUMBER 20

The resignation of Samuel Sears as special counsel for the senate investigation of the Stevens - McCarthy squabble brings up a very significant question. Just what are the chances of finding any man of considerable stature who has not expressed an opinion, pro or con, about Senator McCarthy in recent years?

From the looks of things now this sordid molehill that has been blown up to mountainous proportions seems destined to stand as an eyecore on the horizon of American consciousness a long, long, time. No matter who agrees to take over the job left by Sears, he will be subject to criticism by one side or the other. Selecting a suitable man now appears next to impossible.

Despite the abundance of comment that has supported Sears in his decision, this column ventures the opinion that he is guilty of a distinct dis-service to his country. Not a malicious dis-service, understand, because, as he expressed it himself, the point is not whether he is biased but whether he is believed to be biased. He displayed a commendable standard of fairness in declining to proceed under the shadow of a doubt.

His dis-service rather lies in bending over backward to be fair to a pack of unscrupulous wolves whose first objective is to stack the case in their favor. He was appointed in the first place because he was believed to be a man of integrity who would conduct a fair and impartial hearing, which he was quite capable of doing in spite of any complimentary remark he made about one of the principals a year or two ago. He had every right to stand up in defense of his integrity regardless of the howls put up by reds and pinks and sundry other McCarthy haters.

Doesn't the man realize what a blow he has dealt to justice? In his ultra fairness he has set a precedent which will be used by the reds and their frontiers as an axe to cut down every appointee who does not please them. No matter who is named, the same gang will be hurling the same charges, unless they feel certain he is biased in their favor. That's the way they play. Their policy is to break up the game unless they can use their own marked cards.

Of course there is one other development that might possibly trip them in their schemes, and this column is optimistic enough to hope for just that. In keeping with that old bit of advice not to underestimate the average man's intelligence, yours truly sees possibilities of the public wising up to the ugly anti-McCarthy plot. If and when that should happen the ADA mob and their publicity hatchet men will become the most discredited gang of scandal mongers in the land. Which is as it should be. When that outfit is known in its true light as a menace to national welfare the real Americans like Joe McCarthy can go on a lot more effectively with their job of making this a better country.

After all, the real absurdity about this affair is that it is based on such a trifle. A tempest in a tea pot, as the Senator himself has called it. Remember, he is not being charged with disloyalty, embezzlement, graft or any other kind of civil or moral wrongdoing. He is being linked with a subordinate's alleged efforts to exert improper influence in behalf of a GI in the army, to prove that this or that statement in his verbal conflict with Secretary of the Army Stevens was false. So What? Suppose they prove he was wrong somewhere in the course of heated argument? How many persons can honestly say they have never been tripped by their own remarks at one time or another? The object of the frame-up is to catch the man in a contradiction and then start beating the anvil chorus proclaiming that he is an incurable and confirmed liar.

Did you ever happen to consider the real measure of a man's integrity when his political foes have to go to such an absurd extreme to nail him down? Think of it. For four long years the tribe has been after his scalp.

State School Head To Appear Here on Program April 20

L. P. Sturgeon, associate commissioner of education in the Texas Education Agency, Austin, will be the principal speaker at a dinner and meeting of the Cooke County rural teachers association to be held here on Tuesday, April 20. The subject of his speech is "Our Public Schools in the Atomic Age."

The occasion of the program is a regular meeting of the association which is composed of teachers from all rural schools of the county. It will be held in the public school lunch room.

Another group to attend is the Muenster Lions Club, which is due to have its regular meeting the same night in the same

(Continued on Page 2)

WITH THE MEN IN SERVICE

Retired After 23 Years

Chris Fette, now retired from the Air Force, his wife Alma and their sons Joey and Tommy visited relatives here last Thursday enroute to Groveland, Ga., where they will make their home on a farm. Chris had received his retirement papers earlier last week at Lowery AFB, Denver, Colorado, after 23 years of service.

North Sea Coast Duty

Pvt. Maurus Rohmer, stationed in England near Langham, writes this week that he has moved over about sixty miles for duty on the coast of the North Sea. His address is: Pvt. Maurus R. Rohmer, US 54139190; Btry B, 60th AAA AW Bn.; APO 179 c-o P.M.; New York, N. Y.

A Son And Heir

Major and Mrs. David Bright of Patrick AFB, Cocoa, Florida, announce the birth of their son, weight six and one half pounds, on Saturday, April 3. Mr. and Mrs. J. M. Weinzapfel are the baby's grandparents.

Get Together In Germany

Pvts. Neil Fisher and Johnny Morris met accidentally in Germany recently, discovered they are located only a few miles apart, and planned visits with each other in the future. Persons with Neil's address in their address books can change the APO number to 633. He hasn't been moved and that's the only change.

Ends O'Seas Maneuvers

Pvt. Mike Driever writes from Germany that his outfit ended 15 days of maneuvers on March 31 and they're back at "home" at Augsburg. The field exercises, somewhat rugged, were interesting and competition in shooting among the various batteries was keen. Mike's battery was second, missing top spot by only a few points. Here's his address: Pvt. Mike Driever, RA 54119893; Btry. "C", 103rd F.A. Bn.; 43rd Inf. Div.; APO 112, c-o P.M.; New York, N. Y.

Have First Leaves

Six Muenster boys have completed eight weeks of army basic at Fort Bliss and since Saturday are here on leave with family members. The young men, Pvts. Larry Walterscheid, Damien Hellman, Roger Wolf, Johnny Jones, Donald Lehnertz and Willard Hartman will report back at camp on April 17 for advanced training.

April 19-24 Set for City Wide Clean-up

The week of April 19 to 24 will be clean-up week in Muenster, members of the city council decided at their meeting Monday.

During that week all residents are urged to gather the non-burnable trash on their premises, to put it in bags or boxes and place it on curbs for collection by a truck which will make the rounds on the last day. People are asked not to include rubbish that will burn because it requires unnecessary handling and hauling besides causing unnecessary clutter at the city dump.

Sicking, Wimmer Re-elected, Biffle As County Trustee

B. J. Sicking and J. J. Wimmer, uncontested candidates for re-election to the Muenster school board, coasted back into office in Saturday's election. Not a single write-in vote was cast on the total of 156 ballots. However, one voter apparently thought the election was a choice between the two, and decided in favor of Wimmer. So the final count was Wimmer 156 and Sicking 155.

Balloting in the race for county trustee at large was heavily in favor of the incumbent, J. G. Biffle of Myra, the percentage running about the same as in the rest of the county. In the local box Biffle led C. T. Martin of Callisburg 131 to 24 whereas the county total was 724 to 165.

The vote for Precinct 1 representative on the county board was fairly close, Leroy Conway of Dexter winning over Dave Tupman of Gainesville 298 to 240. The other three precincts did not have elections for representatives on the county board.

Results in districts adjoining Muenster are as follows.

At Myra Lester Bridges was re-elected and Roy Townsley becomes a new member on the board. Low men in the balloting were Carr Tucker, incumbent, and R. E. Murray.

Pete Block was unopposed for re-election to the one place on the Lindsay board.

R. A. Bentley and Paul Yarbrough were unopposed for re-election to the two places on the Era board.

Catholic League to Meet in Pilot Point

Program plans are complete for the Spring district meeting of the Catholic State League to be held at Pilot Point on Sunday afternoon, April 25, according to Frank Heitzman, district president.

His Excellency Bishop Thomas K. Gorman will be present for the meeting which will begin at 1:30 with benediction of the Blessed Sacrament.

The business session will include election of a district president and secretary and selection of a host parish for the Fall meeting.

The Catholic Day program will begin at three o'clock and will feature addresses by Miss Charlotte Kubala who will speak on "Dare to be Different," and Miss Mary Ann Nortman whose subject will be "True Christian Education."

Other addresses and short talks will follow as time permits. Refreshments will be available in the parish lunch room.

Rev. J. H. Untereiner, pastor of St. Thomas church, and officers of the parish societies, join the district president in extending a general invitation to members and friends of the League's Northern District to attend the meeting.

MHS Juniors Give Class Play Friday

"Amazing Gracie" a three-act comedy will be presented by Muenster High Juniors Friday night, April 9, in the high school auditorium. Curtain time is 8 o'clock.

Included in the cast of characters are Louise Butler, Corina Vogel, Ronnie Hallmark, Donnie Whitt, Rita Cain, Margaret Myrick, Ruby Wimmer, Don Ray Moon, Wendell Richey, Wayne Schmitt and LuRose Henscheid.

Mrs. Ann Searcy directed the play and the class invites everyone to attend. Admission will be twenty-five and fifty cents.

Holy Saturday Set As Date to Occupy New Parish Church

The Muenster Sacred Heart Parish will occupy its new church at the Resurrection Services Holy Saturday night. The date, set last Sunday by Father Louis Deuster . . . depending on timely delivery of the pews . . . seemed definite Thursday morning upon arrival of the furnishings from Waco. The pastor's opinion is that installation of the furnishing will require only a few days and the building can be ready in ample time for the scheduled opening.

Meanwhile erection of the altar is nearing completion. By Wednesday afternoon the only parts remaining to be installed were the marble slabs at each side, the tabernacle, and whatever trimmings are intended for the top of the altar.

According to procedure planned by the pastors, the move to the new church will become a part of the customary procession. The usual procession, with the Blessed Eucharist in the lead, will end in the new church instead of returning to the old church.

Father Louis said that the occasion is especially preferred for the move because Easter is the most important feast of the ecclesiastical year and the Resurrection service is actually beginning of the Easter season.

Clinic Sets Monday For Immunizations

Next Monday, April 12, is annual immunization day at the Muenster Clinic.

Announcing the date this week Dr. T. S. Myrick urged all parents to take advantage of this opportunity to bring their children up to date on immunization. Hours at the clinic will be from 8 a.m. to 5 p.m.

The treatments, given in cooperation with the state and county health departments, are available at only a fraction of the usual cost, and will include the Schick test for diphtheria, shots for typhoid, vaccination for smallpox and "booster" shots for typhoid.

Persons who start their typhoid shots next Monday have opportunity on Tuesday, April 20, of the next week and Monday of the following week, April 26, to finish the series.

This service will not be available here at the low-cost price before school opens next September, Dr. Myrick said. He therefore reminds parents to bring in all children who will enter school at the beginning of the next term.

Joan Klement, Reynold Reiter, Henry Weinzapfel and his roommate Ed Speed of Abilene, all students at NTSC, spent the weekend here with homefolks.

Mission Group to Ship More Clothing

Mrs. Joe Swirczynski, chairman of mission work in the parish, announced this week that she is preparing clothing for shipment to needy missions and to the Central Bureau for redistribution among war sufferers.

She asks those who have items to contribute to get them to her this week if possible so they can be included in the shipment to leave here before Easter.

Paper Printed in Enterprise Plant Awarded Top Honor

The Leopard Tale, newspaper edited and published by journalism students of Gainesville High School under the direction of Miss Layuna Hicks and printed by the Enterprise staff, has received the top honor awarded to a high school publication in this year's nation wide contest conducted by the Columbia Press association.

The "All Columbia Award" gold certificate presented signifies that the paper measured up to the highest standards prescribed by the association, but does not necessarily mean it was judged the best in the contest. Miss Hicks stated that usually ten or twelve papers in the nation are judged as worthy of the top rating.

A letter accompanying the award commended the Leopard Tale on its unusual completeness of news coverage, its versatility, and the excellence of its grammatical structure, makeup and printing.

A file consisting of a full year's papers, from February 1953 to February 1954 was submitted for the contest.

In past years the Leopard Tale has received several state and national awards. It has been printed in the Enterprise plant since January 1950.

NEWS OF SICK AND INJURED

Ben Luke underwent an operation for appendicitis Tuesday at Gainesville Sanitarium and is recovering normally.

Charlie Morris of Gainesville is recovering from surgery performed at the Sanitarium last week.

Janie Daffern was absent from school last week on account of mumps.

Bobby Mundy, grandson of Mrs. Frances Wilson, was absent from classes in the ninth grade public school several days after bruising his left foot last Thursday during play in the gym. One of the benches fell on his foot.

Mrs. John Furbach arrived Wednesday for a few days' stay—to tend to business matters and to visit relatives and friends.

350 Members Hear Progress Report At Co-op Meeting

Some 350 members and about as many visitors were informed Tuesday night that the Cooke County Electric Co-op enjoyed another year progress in 1953.

At the annual general meeting held in the high school auditorium Manager M. D. Kaderli presented a report showing that sales of electric energy had increased by \$37,233 during the past year, also that the co-op has energized an additional 40 miles of line and added 77 members.

In the annual election of directors J. C. O'Brien of Gainesville, a member of the board since it was organized in 1939, was replaced by Doye Doty of Valley View. O'Brien and J. A. Klement had both been recommended by the nominating committee for re-election to the board and their names appeared on the ballot. In accordance with the organization's by-laws, Doty was nominated at the meeting. The balloting that followed gave Klement 301, Doty 210 and O'Brien 173.

Meeting in a brief session after the general meeting the directors named their officers as follows: Jack Crownover succeeds O'Brien as president, Al Wiesman and J. A. Klement continue in their former offices of vice president and secretary-treasurer.

Removal of O'Brien from the board leaves the Co-op with only two of its original directors, R. M. Felty and Joe Bengfort. The other charter directors were Barney Voth, Henry Fette, J. H. Otto, Casey Jones and O'Brien. The present directors are Crownover, Wiesman, Klement, Bengfort.

(Continued on Page 2)

Forty Eight Vote 'Er Straight for Wieler, Mollenkopf

Wear and tear on pencils was down to a minimum at Muenster's city election Tuesday. Forty eight persons signed their ballot stubs, and that was the extent of the ballot marking as John Wieler and George Mollenkopf were re-elected to two year terms on the city council.

Both candidates were unopposed on the ticket and got 100 per cent support from the voters. And the council membership remains as it was: Mayor Urban Endres and Aldermen John Wieler, George Mollenkopf, Rudy Hellman, Herbert Meurer and J. A. Fisher.

Roller Rink Due to Open This Week End

A skating rink now being erected on the 300 block of Main Street will be open for business the early part of next week, and possibly during the weekend. The opening date depends on progress in building foundation and fitting the floor sections together, according to the owner, J. S. Hollingsworth. The tent was erected Monday.

The rink moves here from Whitesboro, where it has been operating since the first of the year.

Hollingsworth, whose permanent home is in Duncan, Okla., says he expects to operate here about two or three months. During his 15 years in the business he has found that patronage normally begins dropping off in eight or ten weeks. After that it's better to look for another location.

The operator and his wife are living in a trailer house parked near the back of the tent.

SCHEDULE OF COMING EVENTS

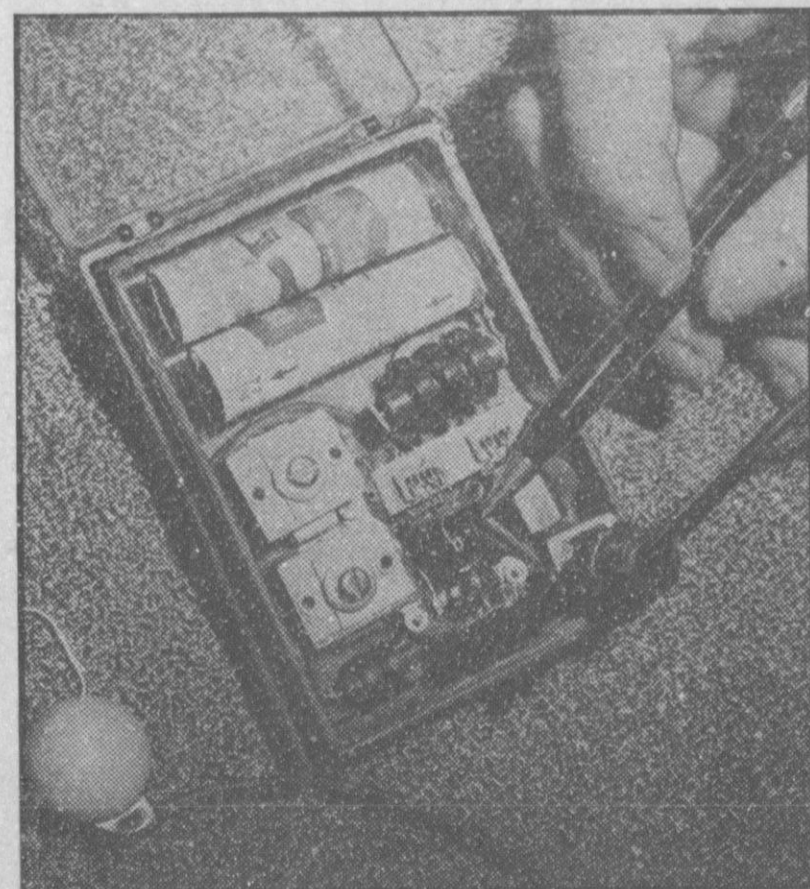

FRIDAY, April 9, MHS vs. Callisburg, here, 1.30.

FRIDAY, April 9, MHS Junior class play, in the auditorium, 8 p.m.

SUNDAY, April 11, SHHS vs. Boys Ranch, there, 2 p.m.

MONDAY, April 12, Civic League and Garden Club meeting, in the home of Mrs. T. S. Myrick, 8 p.m.

TUESDAY, April 13, SHHS vs. Laneri, here, 1 p.m.

CIVIL DEFENSE DEVICE—Not yet ready for mass production, the miniature radio above is being developed by a Syracuse, N. Y., manufacturer primarily for civil defense use. To be worn like a hearing aid, the radio will be tuned to a single frequency that will carry civil defense messages to the public. Pencil in picture points to germanium devices, which are used instead of conventional tubes. Circular object at lower left serves as an earphone.

Auxiliary Outlines Coming Activities

Installation of recently elected officers, plans for Buddy Poppy Day, arrangements to hostess the District I meeting, and a discussion on sponsoring the Red Cross Disaster program here were on the agenda at the regular meeting of the VFW Auxiliary Monday night.

Mrs. F. A. Kathman Jr., retiring president conducted the business session and received a

past president's pin before turning the meeting over to Mrs. Ray Swirczynski new president. Recently elected officers were installed by Mrs. Maurice Pagel, past president, during the first part of the session.

Mrs. David Trachta accepted chairmanship of the Buddy Poppy sale to be held the latter part of May and Mrs. Maurice Pagel accepted chairmanship of the committee in charge of arrangements for the district meeting. It will be held here May 1 and 2 and will feature election of district officers. A coffee was planned as a part of district convention activities.

Members voted donations to the Red Cross and to the Cancer Research fund.

Nothing definite was decided on the disaster program but plans are getting under way with a committee in charge. Progress on the undertaking will be announced at the next meeting.

Mr. and Mrs. Fred Hoedebeck and family had as guests Monday Mr. and Mrs. John Howell and children Mary Frances and Donna of Ennis. Mrs. Howell is remembered as the former Philomene Hoedebeck. On Saturday the Alfred Hoedebecks and children of Denison were here for a visit with family members.

Co-op Meeting

fort, Felty, Doty and T. P. Skinner.

Along with his report on the past year's business Kaderli also gave a comparison with the other \$8.94 for 200 KW. It also has the 18 rural cooperatives in the Brazos Electric Power Cooperative. Eleven, he said, have a larger membership but the Cooke County Co-op leads them all in the volume of current used. It purchased 15,192,889 KW of electric service for 3084 members, the next high purchased 12,843,818 for 5526 members. He also said that this Co-op has the lowest rate in the group. It charges \$7.00 for 200 KW, the next lowest charges lowest minimum charge, \$1.75 for 19 KW. The next best is \$2.45 for 26 KW.

Other figures in the report revealed that the 1953 total operating revenue was \$318,907.79 and the total cost of operation was \$258,684.38. The gross obligation to REA was \$1,802,206.48. Payments, including \$54,786.54 of advance payments, have reduced the present debt to \$1,504,038.70. Figuring a reserve of \$106,980 in government bonds along with the advance payments, the organization is more than \$160,000 ahead of its current obligation.

The meeting again followed its long established custom of giving away about \$400 worth of electrical appliances as attendance prizes. Winners of the 23 prizes were J. F. Zimmerer, John Sicking, Leo Hesse, Roy Townsley, Charley Hellman, B. D. Franklin, Clem Hofbauer, Ferd Luttmier, F. J. Gruber, Lee Rue, Everett Kyle, Tony Wimmer, John Fleitman, Robert Knabe, Sonnie Durham, George Bayer, Robert Lewis, Henry Henscheid, Gregory Hundt, W. J. Anderson, Quinton Conyers, Albert Stoffels and F. F. Fife.

Preceding the official opening of the meeting the Gainesville High Choral Club directed by Carl Jeldy, gave several vocal selections. President J. C. O'Brien opened the meeting and presided. Father Louis Deuster gave an invocation and Mayor Urban

School Head Talks

place. At their meeting Tuesday night the Lions decided to bring their wives and consider the event as one of their social meetings.

Because Mr. Sturgeon's speech will be one of general interest, Superintendent Weldon Cowan said that visitors are welcome, as many as space will allow. He suggests that those who wish to come make reservations in advance. The charge is \$1.00 per person.

Mr. Sturgeon, a native of New Boston, Tex., received his BA and MA degrees at ETSC, Commerce, in 1933 and 1941. He has been a classroom teacher, a high school principal and a superintendent before taking up work in the state school headquarters.

He was a member of the Advisory Finance Committee of the Gilmer-Aikin Commission and also served as director of the Foundation Program Division in setting up the Gilmer-Aikin school program in Texas. He is now Associate Commissioner of Education.

A prominent school man before he joined the state Education Agency staff, Sturgeon has served as a member of the executive committee of the State Teachers Association and as a director of the Texas administrators association, also as president of the Texas Association of Equalization Schools.

BIRTHDAY CLUB MEETS

Mrs. Ray Evans and Mrs. Ray Swirczynski shared honors at the March get-together of the Dizzy Dozen Birthday Club when Mrs. Ray Stewart entertained in her home with a birthday dinner. The honor guests received gifts from the club. Eleven members were present.

The General Science class of MHS and instructor Mrs. John Mosman took a field trip through the NTPA cheese plant Friday.

Endres welcomed the group. J. A. Klement read the official notice of the general meeting and also the minutes of the previous year's meeting.

Arrangement Clinic On Club Program

With "Questions and Answers on Flower Shows" as the Garden Club's program next Monday night, Mmes. Joe Luke and T. S. Myrick, flower show co-chairmen, Wednesday asked members to bring flowers and containers to the meeting for an arrangement clinic.

Mrs. Myrick and Mrs. A. A. Otto will be hostesses in the Myrick home. The meeting will begin at 8 p.m.

ONLY Firestone
at Tractor Sales and Service in Muenster
CAN offer you and your family all around
TIRE PROTECTION
IN A TUBELESS PREMIUM TIRE

ONLY The Firestone Supreme gives you:

BLOW OUT PROTECTION—not just a double wall inner tube but an actual 2 ply tire with its own steel beads fastened within the heavy duty 4 ply tire to support you in safety in case of a blow out.
(sounds more like a truss than a tire, doesn't it!)

PUNCTURE PROTECTION—Seals small punctures and holes automatically—
No more flat fixing out on the road.

TUBELESS CONSTRUCTION—less initial investment, less flat troubles. Will positively stay in balance.

35% MORE TREAD RUBBER—Means more than 1/3 more mileage than in ordinary tires.

AND ONLY at the Tire & Tractor Emporium out on the highway can you get a real trade allowance on your old tires.

We can install these New Beautiful White Wall Supreme Family Protectors even if you have nearly new tires now and give you your money back on your present old fashioned orphan-maker type inner tube tires.

Why! these tires are better than an insurance policy. The whole family enjoys these easy riding super balloon trouble free tires, but only the survivors benefit from your insurance policy.

Come in and see for yourself and let us make an appraisal of those old rags you're intrusting your life to now.

Special Notice to New Car Owners

If your new car is equipped with Firestone tires, as most are, and you are unable to obtain satisfactory warranty adjustment from your dealer; we will stand behind these tires for you. In fact the only thing we sell that we won't stand behind is our manure spreader. We don't guarantee that you can't tear up Firestone tires but we do guarantee to replace the remaining service in any Firestone tire that is defective.

ENGAGEMENT, WEDDING PLANS REVEALED SUNDAY

Mr. and Mrs. John Rohmer have announced the engagement and approaching marriage of their daughter, Miss Dorothy Rohmer, to Morton Wright of Dallas.

The couple's engagement and marriage plans were revealed at a dinner honoring Miss Rohmer and Mr. Wright in the home of the bride-elect's parents Sunday.

The wedding will be solemnized in Saint Edward's church in Dallas on May 29.

Miss Rohmer attended Sacred Heart school and is employed as a cashier at Harris Department Store in Dallas. Mr. Wright is employed at an aircraft plant in Grand Prairie.

ETHEL SCHMITT TO MARRY IN WALLA WALLA MAY 8

Charles Schmitt of Bonners Ferry, Idaho, has announced the engagement and forthcoming marriage of his daughter, Miss Ethel Schmitt, to Leonard Raschko of Walla Walla, Wash.

The wedding will be solemnized on May 8 at Walla Walla in Saint Patrick's church. A reception for forty guests will be held in Marcus Whiteman Hotel after the nuptial service.

The bride-elect, a former resident of Muenster, graduated from high school in Wastucna, Wash., and from business college in Spokane. She is employed as a secretary in Walla Walla.

Mr. Raschko was recently discharged from the Air Force after serving in Korea. He is a graduate of Saint Patrick's High at Walla Walla and is associated with Pacific Produce Company in that city.

The best way to show that a stick is crooked is not to argue about it, or spend your time denouncing it, but to lay a straight stick alongside it.—Dwight L. Moody.

GET A HORSE!—The trotting oxen cover the track at Aising, Bavaria, at a speed of five mph as number 5, who seems to be bucking for last place, puts on a last-minute spurt to win. The "Oxen-Derby" has been a tradition there since 1850.

BIRTHDAY DINNER PARTY HONORS ROGER FLEITMAN

Roger Fleitman was honored guest at a party celebrating his twelfth birthday on March 31. His mother, Mrs. Albert Fleitman, entertained at their home with a roast turkey dinner at 6 o'clock.

Fourteen classmates of the fifth and sixth grades, Weldon Holland, teacher, and the honoree's brothers, Douglas and Glenn, were guests.

A decorated cake, gifts for the honor guest, and games made the party a gay affair.

Classmate guests were Patricia West, Linda Lee Dickerson, Mary Alice Dickerson, Linda Hammer, Mary Lee Dennis, Dick Embry, Johnny Williamson, Billy Frank Richter, Billy Owens, Jimmy Ray Cain, Jimmy Myrick, Gary Whitaker, James Harris and Dolphy Joe Hellman.

SOCIETY NAMES DELEGATES FOR PILOT POINT MEETING

Members of Saint Anne's Society, meeting Sunday elected Mrs. Victor Hartman and Mrs. Frank Herr as delegates to attend the Spring district meeting of the Catholic State League in Pilot Point on April 25.

During the meeting committee chairmen gave reports and members voted to contribute five dollars from treasury funds to the Red Cross.

Mrs. Tony Gremminger reported on discussion club activity and the women agreed to start regular weekly sessions again after Easter.

Father Louis gave a short talk on prayer observance requested by the Pope on Palm Sunday for the church suffering behind the Iron Curtain.

Thirty-eight members were present for the meeting and Mrs. Tony Hoening won the attendance prize.

TIPS FOR OWNERS OF HOME FOOD FREEZERS

COLLEGE STATION—What to do in case of a long-time power interruption is a big problem confronting owners of home food freezers.

A new bulletin prepared by foods and nutrition specialists of the Texas Agricultural Extension Service says, 50 pounds of dry ice in a 20 cubic foot freezer will hold temperatures below freezing for three or four days.

The bulletin which contains 35 pages of helpful information on freezing foods at home goes on the say that foods in a loaded freezer will remain frozen two or three days, even in summer, when the power is off. Foods in a freezer filled to less than half capacity however, may not remain solid more than a day.

When the power fails or the unit fails to refrigerate properly, it's advisable not to open the freezer door unnecessarily, it points out.

Copies of "How to Freeze, How to Cook Frozen Foods", B-175, are available from county extension offices or from the Agricultural Information Office, College Station, Texas.

Walters Celebrate Silver Anniversary

Mr. and Mrs. Joe B. Walter of Gainesville observed their twenty-fifth wedding anniversary with a family reunion and dinner party in their home Sunday.

Their daughters prepared and served the noon meal.

The table held a decorated cake and an arrangement of mums. Gladioli and mums were used throughout the home-in decorating.

In the afternoon the family posed for group pictures and then went to the Gainesville Airport where Jimmy Walter took part in the Cub Scout kite flying contest, and won two blue ribbons.

Present for the dinner party were Father Herman Redder, pastor of Saint Mary's Church, Mr. and Mrs. John Walter, Martin Walterscheid, the Ed Sickings and children, all of Muenster, Mr. and Mrs. Barry Blevins, Jimmy and Miss Mary Jo Walter of Gainesville.

Friday, April 2, was the anniversary date and the Walters began the day by attending an early Mass at St. Mary's church. During the day they received long distance calls from their daughter Rita who is attending Our Lady of the Lake College in San Antonio, and their son Johnny, a student at Subiaco Academy, Subiaco, Ark.

In the early evening the family had dinner at the Curtwood and spent the evening together at home.

Mrs. Walter is the former Miss Anna Walterscheid of this city. The couple married here. Both are natives of Muenster and made their home here while he was employed at Waples Painter Lumber Company. He transferred to Gainesville with the company and later went into business for himself in the Joe B. Walter Lumber Company.

Wife—Do you have a good memory for faces dear?
 Husband—Of course I have.
 Wife—That's good, I just dropped your shaving mirror.

DINNER FOR VISITORS

Mr. and Mrs. Frank Kathman entertained with a family dinner in their home Sunday honoring their son-in-law and daughter, Mr. and Mrs. Pete Hawthorne and children of Greggton, who visited here this week while they were on vacation. Others at the get-together were the F. A. Kathmans and family, the Paul Fishers and children, and Mrs. Charlie Morris and children of Gainesville. Charlie was still a patient at Gainesville Sanitarium following surgery.

Grover Cleveland's picture is on a one thousand dollar bill.

SUNDAY DINNER HONORS SOLDIER HOME ON LEAVE

A family dinner in the Victor Hartman home Sunday honored Pvt. Willard Hartman who is at home on leave after completing eight weeks of basic training at Fort Bliss.

He arrived Sunday morning from Fort Worth in company of his sister and family, the Teddy Gremmings, with whom he spent Saturday night. He went from camp to Fort Worth with a group of army buddies.

Also here for the family gathering were Mr. and Mrs. Keith Tompkins and daughters Sharon and Judy of Denton.

BECLUDING THE ISSUE

The Republican high command is allowing the McCarthy critics to steal bases by its bungling manner of meeting the criticism.

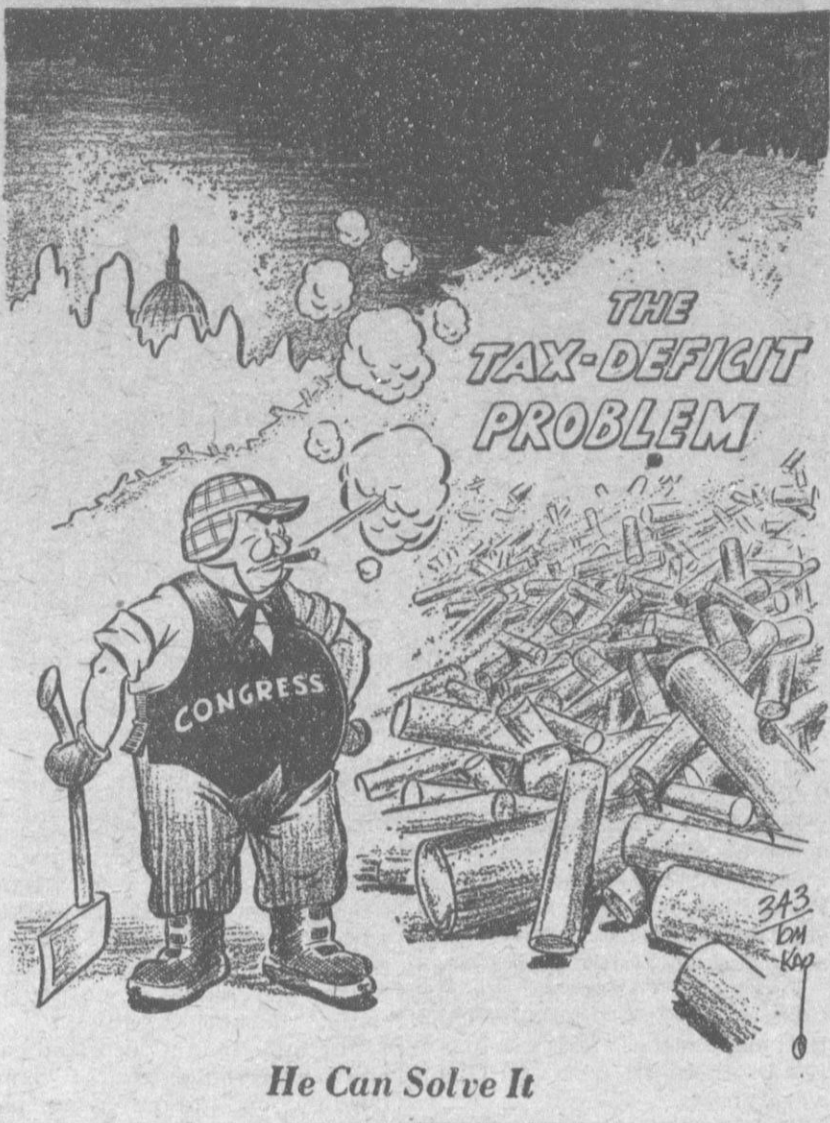

Just why there should be any difference of opinion between the Wisconsin senator and the administration is not quite clear. McCarthy has done a good job flushing out communists who are seeking to destroy the Republic and certainly the administration is not supposed to object to that commendable and desirable objective. Spokesmen for the administration sometimes sound as if they are half-heartedly apologizing for the Senator because of the exposure of the termite enemies of government.

Stress seems to be placed on the methods used in handling certain witnesses appearing before the investigating committees and the committee procedure generally. From high places comes the cry of foul tactics. Verbal brickbats are thrown at the investigators rather than at the traitors on whom the spot-

light has been turned.

Some of the yelping has been done by sympathetic comrades of the witnesses and some comes from sources which hope to make political capital out of a situation over which there should be no difference of opinion among true Americans, and which are trying to prevent the searchlight from falling on and exposing the perfidy of those who were placed on guard to protect our citadels of freedom.

From a distance the facts seem to be that no innocent witnesses have been hurt by the committees investigating subversives. When witnesses, called to give information, take on a clam-like attitude and hide behind the fifth amendment, they place themselves under suspicion and deserve a genteel grilling. Any citizen of America who is afraid or unwilling to come out boldly and say he is an American and proud of it deserves little sympathy if the questioners undertake to ferret out the cause of his reluctance.

He Can Solve It

Most grass-root citizens have a right to expect the administration spokesmen to come out flat-footed and declare its intention to cooperate fully with all committees seeking to correctly label the Kremlin stooges, whether the Socialists of England and the pinks and political shysters in the United States like it or not.

The man in the street who believes in America stands back of McCarthy and others in their fight on traitors and the big wigs in the Army and other high places who offer interference, whether it is condoning the promotion of a fifth-columnist or a Methodist Bishop for being found in bad company, will find that sooner or later they have been guilty of pursuing a blundering policy, for which they will be held accountable.

If McCarthy slays rattle-snakes with spears and dynamite instead of using a lady's parasol and softballs, who should complain and why?—South Charleston Journal

"It is true," said the famed specialist, "that exercise kills germs. However, up to the present time, we have been unable to discover how to make them exercise."

HEAR THIS

At long last, a House Judiciary subcommittee is actually at work on a bill to outlaw Communism as a political movement in the US! Chairman Louis E. Graham (Rep) of Pennsylvania, assures us that his group is going to frame a comprehensive bill that will settle the confusion "once and for all", and that the bill will be passed by this session of Congress.

Among the 11 Congressmen who have presented their versions of such bills before the committee is Rep. Martin Dies, (Dem) of Texas, probably the original Red-hunter of the Capitol, and chairman twenty years ago of the first Un-American Activities committee.

President Syngman Rhee, of Korea, in writing to an American friend, Eugene R. Guild, a retired Army Captain of Glenwood Springs, Colo., recently said: "We should, I believe, deal with Communism as we would a

Holy Week Changed History

By John W. Mulhall, PFS Staff Writer

JERUSALEM'S tentmakers and fishmongers, did not intend to open the week which changed history. They turned out that Palm Sunday only to welcome Jesus Christ as their king. They did not know that in five days many of them would call for His blood.

The intervening days saw unprecedented intrigue, hatred, betrayal, and yet a love unknown to men. Christ's preaching increased the hostility of the leaders. Despite their plot to kill Him, Christ continued to expose their hypocrisy to the people.

FOR THIRTY COINS a close friend, Judas Iscariot, agreed to betray Christ. His chance came Thursday night as Christ celebrated the Last Supper with His Apostles. While Christ pleaded for love and unity among men, Judas slipped away to the enemy. Christ retired to a garden. Judas returned with troops at his back. He indicated by a kiss the One to seize. The Apostles fled.

Friday morning Christ underwent several illegal trials. At two of them His enemies asked Him if He was the Son of God. He replied that He was.

JESUS' CLAIMS to be God brought the charge of subversive

activity. Pontius Pilate, time-serving Roman politician, tried Him and found Him innocent. But Pilate feared he would lose his job if he freed Christ. So he crucified his God.

That Friday is the only day of the year called "good." On that day Christ hung nailed to the cross for three hours. These three hours changed history.

BY SACRIFICING His life, Christ reunited God and men. He opened heaven's gates. He made it possible for men to find eternal happiness. He established His Church, which still exists and with which He promised to be "all days, even unto the consummation of the world."

But Christ's friends only knew He was dead. Sadly they buried Him and sealed the tomb with a great stone. Soldiers guarded it so no one could steal His body. But Sunday morning—Easter—an angel rolled back the stone. Christ left the tomb. The soldiers investigated and found it empty. Indeed, Christ proved His claim to be God.

THAT SAME DAY the risen Christ visited several people. He was very much alive. People saw the scars of the nails in His hands and feet, and the scar of a spear near His heart.

Easter evening, Christ greeted His Apostles, "Peace be to you!" God had accepted the offering of His Son's life for the sins of men.

SO ENDED THE WEEK which changed history.

† Paulist Feature Service, Washington 17, D. C.

John Mulhall

contagious disease. It is the most dangerous epidemic man has ever known . . . Those who have become infected with the Red virus are no longer fellow-citizens of yours or mine. They are diseased tools of a world-wide conspiracy and must be exposed and isolated.

Certainly a whooping majority of the Congress will agree. It should be unanimous.

Three cellmates in a Red prison were talking things over. The first factory hand said he was accused of "absenteeism" for being late to work. The second told how he was five minutes early for work and was charged with spying. The third one said, "I came to work on time, and they accused me of buying a Western watch."

THE DEADLIEST KILLER

Every American was horrified at the ghastly death toll of the Korean War.

Yet last year alone accidental deaths accounted for three times as many victims as that war. Some 95,000 people died unnecessarily—traffic accidents being the Number 1 killer with 38,000—and 9,600,000 were injured. The economic cost to the nation is estimated at more than \$9,000,000,000.

The president of the National Safety Council made a memorable commentary: "We do not believe that any civilized nation can long endure this tragic and disgraceful waste of manpower and resources from accidents that are avoidable."

Fear is the only thing that multiplies faster than rabbits.

From where I sit... by Joe Marsh

Easy Does It—Again!

Ladies Aid Society had their rummage sale the other night—and as soon as the doors opened, "Easy" Roberts was inside.

Without a word, he headed straight for the coat counter, picked out a shabby old tweed jacket, and paid for it. "Easy" told me a little later that buying his jacket back was getting to be a regular habit.

"That's been my favorite smoking jacket for years," he said. "And my wife talks me into giving it away regularly. Then I get to thinking how much I like

it and hurry down to buy that jacket back. This is the third time I've done it!"

From where I sit, everyone's entitled to his own likes—whether it's a sports jacket, a baseball team, or the beverage he likes for dinner. For example, the wife likes coffee along with Saturday night spaghetti while I like a glass of beer. We never try to "sell" each other on our personal preferences.

ORIGINAL DESIGN for the Service Station and Restaurant Facilities to be located along the Sam Houston Turnpike Corporation's Dallas to San Antonio toll road was by the Capitol Engineering Company with offices in Dallas. Located at strategic points on the toll road, the service facilities will be the first to ever be placed in the center of the two double lane highways. The nation's other turnpikes all feature such facilities on one or both sides of the roads while the new design will permit service for motorists in both directions. Deceleration and acceleration lanes with adequate advance signs will permit traffic to enter and exit from the service areas without hazard. Present plans of the \$139,000,000 turnpike corporation, which is a non-profit organization, are to locate such facilities at some three locations on the Dallas to Waco segment of the 246-mile super safe highway Roy G. Baker, Turnpike President, said. The Dallas to San Antonio toll road, which will be constructed and operated through the sale of revenue bonds, will be given to the people and the State of Texas once the project becomes debt free.

Marysville News

Marysville HD Club members are reminded of their regular meeting this Friday, April 9, in the home of Mrs. Lawton Moon. The meeting will feature a bulb, plant and seed exchange.

Mr. and Mrs. Foster Davidson visited the J. C. Davidsons in Valley View last Thursday.

Mrs. Bill Moon returned Tuesday from Sherman where she visited her daughter Mrs. Max Harrell for five days.

Mr. and Mrs. Douglas Robison of Bryan spent the weekend with their parents, the Earl Robisons and George Hammers. Saturday the Robisons visited Mrs. Harrell Cheany and infant son at M&S Hospital in Gainesville. Mrs. Cheany is Mrs. Earl Robison's niece.

Ralph Cole of Texas A&M College spent the weekend here with his parents, the J. T. Coles.

Mrs. Charles Davidson spent Monday night at Hood with her parents, the O. B. Seigmonds and family.

The John Richeys and little Donna Barnes were guests in the Coy Fite home at Ringgold Tuesday.

Mr. and Mrs. Bill Sparkman and children of Valley View visited her sister, Mrs. Herman Richey and family Sunday.

Mr. and Mrs. Duffey Davison and sons, Jay and Don of Spaberry, Texas, visited his parents, the W. J. Davisons during the weekend.

Rev. and Mrs. Stanley Daniels of Fort Worth were here for the regular church services Sunday and were dinner guests in the home of Mr. and Mrs. John Richey.

Revival services are being conducted at the Methodist church this week by Rev. Pollard.

DR. L. B. COLE OF DALLAS TALKS AT MARYSVILLE

Dr. L. B. Cole of Dallas was the principal speaker at the Baptist church here Monday when the Cooke County Baptist Association workers' conference was held.

Theme for the evening's program was "These Two Go Together." Others taking part were Rev. Stanley Daniels, Rev. Roger M. Baxter, and S. D. Pettijohn.

Churches represented included Myra, Bear Head, Calvary, Grand Avenue and Harvey Street.

Supper was served in the club building to about 90 persons.

The proper function of a government is to make it easy for the people to do good, and difficult for them to do evil.—William E. Gladstone.

Roman J. Klement, Mgr. Muenster

**IT HAPPENED
15 YEARS AGO**

April 7, 1939

Ben Seyler wins in race for city mayor; write-in campaign for P. J. Rollman fails. Sewer application gets approval from WPA in Fort Worth. No. 3 Voth gusher regarded better than No. 2 discovery. Civic League chooses Dorothy Fette as duchess at queen's coronation during circus roundup at Gainesville. Muenster observes Holy Week with traditional services. Quiet trustee election returns Albert Henscheid to school board. John Tempel is up and around after a six-week siege of sciatic rheumatism. Next week is clean-up week for Muenster. Announcement is made of the engagement of Caroline Streng to Frank Schilling.

10 YEARS AGO

April 7, 1944

Vote favors Muenster and Bailey school merger. Mayor Weinzappel issues proclamation asking observance of Good Friday. Arthur Endres is elected grand knight of Muenster council Herr Motor Company loses \$160 cash in Saturday night robbery. Holy Name Society organizes ball team with Fat Swirczynski as captain. Late gifts send local Red Cross total 12 per cent over quota. Small vote returns Lawson and Pierce to school board. Ray Otto and Willie Fuhrmann leave for Washington state to farm. Mrs. Fred Herr observed her 74th birthday Sunday. Muenster's scholastic census shows 376 children this year. McNelley and Schoech are aldermen as result of quiet election. F. A. Kathman Jr. and H. L. Tuggle will leave Monday to report for induction in the army. Mrs. Anthony Klement is recovering from a tonsillectomy. Saint Anne's Society enrolls nine new members.

5 YEARS AGO

April 8, 1949

Hottest election in city history favors John Hoffman for mayor;

20TH CENTURY BETSY ROSS — Sewing instructor Ann Necchi has embarked on the mammoth task of sewing the Constitution of the United States on a 70-yard piece of blue felt. Shown in New York City, the instructor plans eventually to give her work to the Library of Congress. It will take more than 124,000 yards of thread to complete the lettering, which will be sewn in red and white.

votes cast: 109 for Hoffman, 90 for J. M. Weinzappel. Good local support puts Ben Seyler on county school board. Muenster reaches 82 per cent of quota in Red Cross drive. Stockholders okay new stock issue for Telephone Company. Final tally puts scholastic count at 521. Muenster faces choice of good school or no school. Leonard Walterscheid has completed eight weeks of basic training at Camp Chaffee and is here on leave. Parochial music class dedicates radio program to Rev. Herman Laux on patron saint's feast. VFW elects Joe Hess as district advocate during the annual election of District I officers. Lindsay raises \$126 to pass Red Cross quota by one dollar.

When a pound of beef crosses the counter other costs are added to the final product, he says. There's labor, paper, string, rent, plant maintenance and the necessary utilities and equipment. Such costs are higher than ever before.

Also, he says, the highest price tag is attached to meat cuts in greatest demand. The economy minded housewife buys the cuts other people do not want. At present, such cuts come from the forequarter.

However, Snyder concludes, forequarter cuts usually require careful and skillful preparation in the kitchen.

**A&M Man Explains
High Cost of Beef**

COLLEGE STATION — Why the wide gap between farm and over the counter prices of beef?

That's the \$64 question these days and a Texas Agricultural Extension Service meat specialist blames it on a sharp drop in the use of animal by-products and higher costs of delivering the final product to customers.

Actually, says Roy W. Snyder. The price of beef is "down", but perhaps not as much as we think it should be.

He explains that prices for inedible products from the meat packing industry—hides, fats and bone—have slipped in recent years from \$28.00 to the present \$12.00 or \$13.00 per 1,000 pounds of live beef animal. These by-product profits formerly paid the major part of dressing and processing costs.

... A delightful and appreciated way to say "Happy Easter"

Dixie Drug

Ever wonder about the meaning of the pyramid and the eye above it, on the back of a dollar bill? The pyramid symbolizes the strength of the union of the states which make up our land. The top of the pyramid is unfinished, meaning there is still work to be done to make our system ever better. The eye stands for the all-seeing God, Supreme Builder of the Universe.

Future Demands on Our Water Supply

John C. White
Agriculture Commissioner

Water is our most precious mineral. It is an indispensable part of living. But in terms of present and future needs, it is growing alarmingly scarce.

The demand for water increases with each passing year. Water consumption records are set at an all-time high one month, only to be broken and surpassed the next month. It is a sobering fact we are using our available supply much more quickly than it is being replaced by nature.

According to W. P. Webb, author of "More Water For Texas", the population is doubling every half-century. If the consumption of water per capita remains uniform, the demand will double in the same period.

Actually, Webb points out, as the standard of living rises, as people move from the rural areas to the urban ones, consumption of water per capita will increase enormously.

For example, Texas in 1953 was consuming 34 times as much water as it did in 1890, although the population has increased only 3.2 fold. Texans were consuming 2.5 times the amount in 1950 that they did in 1940, though the population in that decade increased by only one-fourth.

In other words, each Texan is consuming 10 times the amount of water he did in 1890 and about twice the amount of 1940.

The ever-expanding industries in the state also are accounting for a terrific amount of our water—and will in years to come. They use many thousands of acre-feet of water.

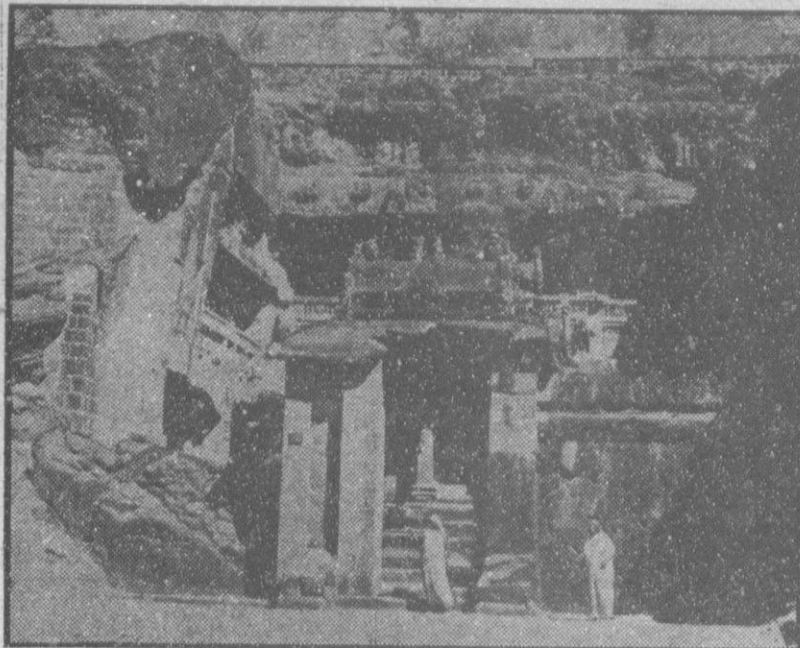

An acre-foot of water equals an acre of land covered to a depth of 12 inches, or 43,560 cubic feet, or 325,800 gallons. Industry can make 22 tons of chlorine from one acre-foot, or 40 tons of sulphur, 36 tons of synthetic chemicals or 15 tons of rubber.

A surprising fact is that it takes 325,800 gallons of water to produce 200 pounds of beef or veal, or to grow 10,000 oranges or to raise only 200 pounds of cotton.

The estimated population of the nation by the year 2,000 A.D. is expected to be some 227 million persons, as compared with 151 million in 1950. It is obvious that a vast water conservation project is needed if our water supply is to meet the demand.

"Everyone in town is talking," remarked the wife, "about the Jones' quarrel. Some are taking her part and some his."

"And," replied her husband, "I suppose a few eccentric individuals are minding their own business."

TEMPLE IN THE ROCKS—Pictured above is one of the 32 fabulous Cave Temples of Ellora, India, which were cut from the solid-rock hillside more than 2000 years ago. Reflecting the three distinct religious periods of Indian history—the Buddhist, Brahman and Jain—the temples are covered with mythological and historical figures, and some have "stupas," or shrines, within them. These rock structures have been partially restored to preserve them.

family. Mrs. Bob Yosten who had been visiting in her son's home since the arrival of infant Michael on March 25, returned to Muenster with the Larry Yostens and Mrs. Miller remained there for a visit. Other guests of Paul and Bernice Sunday were his sister and her husband, the Curtis Hollands of Cleburne.

Mrs. Kyle Waggoner had as guests Thursday her mother, Mrs. Burl Williams and her grandmother, Mrs. Lester Phillips, both of Saint Jo, and an aunt, Mrs. Bill Roberts of Gainesville.

Allan Hoffman of Wichita Falls and Mr. and Mrs. Billy Mayer of Pilot Point, spent Sunday with their parents, the John Hoffmans.

The Monte Elliots, enroute to their home in Fort Worth, stopped here for a weekend visit with her mother, Mrs. John Felderhoff. The Elliots had visited in Illinois

while he was on leave from duty at Carswell AFB. Another guest in the Felderhoff home for the weekend was Celine Felderhoff of Dallas. Earlier in the week Mrs. John Ladd and two children of Wichita Falls visited her mother and family.

Mr. and Mrs. Clyde Fisher had as weekend guests Misses Lou Kin of Cleveland, O., and Nancy Roberts of New York City. Mrs. Fisher and the girls were together in the Womens Marine Corps at Santa Ana, Calif. Lou and Nancy recently received their discharges from service and were enroute to their homes by car making the trip a vacation tour.

Bernice Henscheid is on a three-week vacation from St. Paul's school of nursing in Dallas. While she is here she is working at M&S Hospital in Gainesville.

Mary Weinzapfel of OLV Academy returned to Fort Worth Sunday after spending the weekend at home.

Make your own "proving ground" test

The new 1954 Chevrolet Bel Air 4-door sedan. With 3 great series, Chevrolet offers the most beautiful choice of models in its field.

... and we know this is what you'll find

Chevrolet is out ahead in powerful performance

You can easily tell the difference between engines when you drive—and the difference is all in Chevrolet's favor! That's because Chevrolet's great engines deliver full horsepower where it counts—on the road. What Chevrolet promises, Chevrolet delivers!

Chevrolet is out ahead in economy

There's new power, new performance and new economy in both 1954 Chevrolet engines—the "Blue-Flame 125" in Powerglide models and the "Blue-Flame 115" in gearshift models. And they bring you the highest compression ratio of any leading low-priced car. That's why they can deliver a big gain in power, acceleration and all-around performance, along with important gasoline savings!

Year after year more people buy Chevrolets than any other car!

Your test car's ready now... We'll be glad to have you compare the smooth, quiet performance of this new Chevrolet with any other car in its field. Come in and put it through any kind of "proving ground" test you care to, and judge its performance for yourself. Your test car's ready now and we hope you are, too.

Bulcher News

Mr. and Mrs. Bailey Dennis honored their son, Justin, on his 19th birthday with a dinner party in their home Sunday. All members of the family were present for the occasion.

The Bill Harrels and children sent the weekend visiting their parents, the Arthur Harrels and the C. J. Hinkes at Pernell and Foster, Okla.

Mr. and Mrs. Alex Cannon have returned from Fletcher, Okla., where they attended funeral services for Mrs. Cannon's sister, Mrs. Orville Kinkade, who passed away suddenly as the result of a heart attack.

Mrs. Mattie Jones of Saint Jo spent last week with her daughter and family, the Gid Prathers. She is suffering from a leg ailment and spends most of her time in bed. Sunday afternoon the Lucion Vaughns and Audette of Saint Jo visited in the Prather home.

Mr. and Mrs. R. J. Samples and Belva visited her brother and wife, the Guy Cannons at Caps Corner Thursday.

O. A. Huggins who underwent surgery for the removal of a lung at Baylor Hospital on March 26 has been moved to the home of his daughter, Mrs. W. B. Yancy in Fort Worth where he is reported convalescing nicely and is up and around part of the time.

BULCHER HD CLUB HAS BAKING DEMONSTRATION

Members of the Bulcher Home Demonstration club, meeting on Thursday afternoon, had a demonstration on making meringue shells and cheese sticks. Mrs. E. Newby and Mrs. Johnnie West gave the demonstration, explaining each procedure as they mixed the ingredients and then handed out recipe sheets.

During the business session Mrs. Gid Prather, president, presided and members answered roll call by naming the pastery they make best. They also decided to take part in the bake sale being sponsored by Cooke County clubs to raise county council funds. Sheets on tornado information were distributed.

Mrs. Charles Crabtree had charge of the recreational hour after which the hostess, Mrs. Dexter Dowd, served the meringue shells filled with strawberry ice cream, the cheese sticks and iced punch to 13 members and one guest, Mrs. Don C. Cooke.

NEAT FEET—Alicia Markova, one of the greatest ballerinas of our time, appears graceful as a swan at this point of a new ballet, "Pas de Quatre." She is currently with the Marquis de Cuevas company in Paris.

Soil Conservation Notes

Legume crops are still playing a leading role as forage producing plants in spite of the dry weather. Clippings made by technicians of the Soil Conservation Service during the past week prove the point.

The clippings were taken on ungrazed fields. Here's how the different legumes stacked up in green weight per acre. Vetch, 20,500 pounds; peas in three-foot rows, 7,312 pounds; sweet clover, 13,500 pounds; alfalfa on upland, 7,500 pounds.

The average of all these legumes shows that they have produced 12,000 pounds of green weight forage as of March 31. Figuring the average cow consumes 120 pounds of green forage a day, these fields of legumes would furnish 100 cow days of grazing an acre. This means that one acre produces enough forage to feed one cow for a hundred days or thirty-three cows for three days.

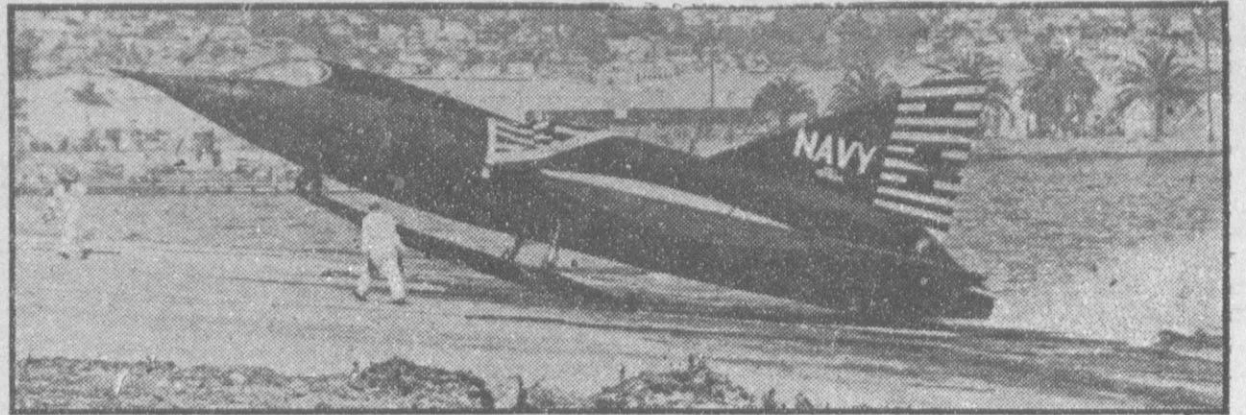

In addition to their forage producing merits these legumes serve as cover crops to prevent erosion, add nitrogen through the action of root bacteria, increase organic matter content and water intake

and water holding capacity of the soil.

Joe and John Kleiss took another step toward completion of their soil and water conservation plan on their farm west of Muenster. They seeded a wide natural drain to King Ranch blue-stem. When this erosion resistant grass is established the area will be used as a safe disposal outlet for terrace water.

The KP was seeded with an especially adapted drill furnished to cooperators by the Upper Elm-Red Soil Conservation district.

The Amaryllis bulb can be grown indoors in the winter and will bloom six to eight weeks after planting.

ON LAND AND SEA—Something new in the blue is the Navy's XF2Y-1 Sea Dart experimental jet fighter. Capable of land and sea operations, the needle-nosed jet is the world's first delta-wing seaplane and the first in U. S. aviation history to employ hydro-skis for improved rough water take-off and landing operations. The Sea Dart is shown above moving onto the beach at San Diego Bay, Calif., after a test run.

FOR PARENTS ONLY

Thinking that three hours of any movie are harmless for the child, but that two hours of Church and Sunday School are too much for his nervous system is just bad thinking.

Giving him a nickel for the collection and 50 cents for movies not only shows a parent's sense of value, but is also not likely to produce a proportionate giver.

Letting him listen to several hours of radio thrillers a day with no time for one short prayer and a few Bible verses is spiritual illiteracy.

Saying that a child must make his own decision as to whether or not he should go to church,

or as to what church, is shirking parental responsibility.

When father spends Sunday morning in mowing the lawn, cleaning the garden, or playing golf, his sons are left to walk alone.

When parents idle away Sunday morning in reading the paper or listening to the radio, while brother and sister are sent by themselves to church, something happens to the children's evaluation of the church attendance.

7,000 HOURS
—and Not a Strike!

Do you know any motor that gets a harder pounding than that tractor that has to stand up and take it all through the long harvest season, when it's 110 in the shade and about 150 in the sun? SEVEN THOUSAND HOURS of that kind of pounding—and she still runs like a cat purring on a soft rug. Well, Clarence Ellis, farmer near Maypearl, Texas, tells why:

"I farm a lot of land in cotton, grain, and clover. Combined over 400 acres of grain and clover last season. I have a Farmall I bought September 1, 1942. I have driven it over 7,000 hours. It has never had the cylinder head or pan removed. It doesn't use any more oil than when it was new. It runs just as smooth as when it was new. I have never used anything in it but AMALIE (100% pure Pennsylvania Motor Oil). I have owned several tractors and used a lot of different oils; but AMALIE is the best I have ever used."

Is that the way you want YOUR motor to last? Then change to AMALIE—and change today! At—

Tigers Play Boys Ranch, Then Laneri

The Sacred Heart Tigers, winners of last year's district title in the Southwest Academic League have visions of a repeat performance in mind as they get set for their first conference tussles Sunday and Tuesday.

The first opponent will be Boys Ranch on the Ranchers diamond Sunday afternoon at 2. Two days later they will be hosts to Laneri's Micks on the local diamond, starting at 1 p.m.

Players likely to see action in the game according to Father Christopher Paladino, are Denis Hofbauer, William Walterscheid, James Mollenkopf, Carl Walterscheid, Jerry Henschel, Albert and Gilbert Knabe, Ernest Bayer, Sylvan Walterscheid and Tommy Herr.

Hornets, Callisburg Start Season Friday

Coach Bob Williams and his Muenster High Hornets will have their first test of the 1954 baseball season Friday when they take on the Callisburg boys on the local field at 1:30.

After a week of practice Williams is still undecided, however, about a few spots on his lineup and his biggest problem is the pitching assignment with Fleitman, Richey, Noggler and Fisher as the best prospects.

Leading contenders for places on the team are Wendell Richey, Alvin Fleitman, Jimmy Fisher, Joe Noggler, Clifford Swirczynski, Jimmy Harris, Lloyd Trubenschach, Dick Cain, Eugene Walter, Dee Kaderli, Wallace Dougherty, Donny Whitt and Don Moon.

Building And Improvement Notes

New home construction continues to dominate Muenster building with three jobs currently under way following the completion of four other homes. William Becker, Rudolph Zipper and Carl Schilling are building. Joe Fisher, Joe Swingler, Frank Schilling and Community Lumber Company have finished.

Concrete was poured Thursday for the foundation of Becker's two-bedroom home with attached garage in the west part of town.

Outside work is practically finished on the three-bedroom house with attached garage being built by Zipper just north of the public school. This house occupies one location in an area of some 40 lots being developed by Zipper for home sites.

Schilling's house, started several weeks ago is nearing the finishing stage. It is on North Main occupying the location of the old John Schilling home, materials of which were salvaged for this job.

Something new out of town is a 50 x 60 hay barn nearing completion on J. A. Klement's farm.

Remodeling work has been finished at Rudy Hellman's. It consists of a general kitchen change-over and a redwood fence for the yard. Rudy has also had remodeling work done in his office at the cheese factory. The one large room has been partitioned into three separate offices.

Another improvement recently completed is the curb and gutter at Leo J. Haverkamp's. It fronts both his home and his shop.

First Farm Bureau Dividend Check.

William Bezner, president of the Cooke County Farm Bureau presents a check to C. W. (Charlie) Randall of Myra as his 50-per cent dividend from the Farm Bureau automobile insurance service. With them is Bruno Zimmerer, insurance agent of the County Farm Bureau.

Randall is the first member of the county to receive the dividend since it was announced by the company, effective April 1, 1954. Bezner said other members will receive dividends as their policies come up for renewal. The president added that there would be about 100 farmers and ranchers in the county sharing in the \$1,700,000 set aside for Texas Farm Bureau Automobile insurance carriers during the next 12 months.

"This dividend announcement is good news to members as never before has a legal reserve stock insurance company ever returned such high dividends in Texas to my knowledge."

The other Farm Bureau insurance services include legal reserve Life, Polio, Farmer's Comprehensive Personal Liability, Equipment Floater and Fire insurance. "Policyholders of these programs are also receiving large dividends," Bezner said.

This insurance program is available to all Cooke County Farmers who are Farm Bureau members or to any farmer or landowner who wishes to become a member. Membership in this organization is available anytime.

...When So Little DOES SO MUCH...

WHY TAKE CHANCES?

Feed **RED CHAIN CHICK STARTER**
A Complete Feed

The feed capacity of baby chicks is very small, but the feed they get must be highly nutritious to get them off to the right start. By feeding RED CHAIN Chick Starter you provide all those nutritional factors needed by chicks for rapid, healthy growth. This reduces the chances of loss and builds the ground-work for rugged pullets that mature early and lay more eggs in their first year. The extra fortification of Vitamin B-12 and Antibiotic Feed Supplement speeds up growth and aids in improving intestinal health. That's why you get faster chick growth per pound of feed with RED CHAIN Chick Starter.

Lindsay News

Sgt. Joseph Schmidkofer has received his discharge from the Marine Corps at Camp Pendleton and is spending a week in California before returning home. He is the son of Mr. and Mrs. J. C. Schmidkofer and was in the service three years, spending one year in Korea.

Michele Marie is the name of the infant daughter of Mr. and Mrs. Albert Bauer Jr. of LaFeria. At the baby's baptism Mr. and

Mrs. Paul Arendt, visiting their daughter and family, were sponsors by proxy for Mr. and Mrs. Vincent Zimmerer.

Pvt. Walter Hermes who arrived in Korea recently has been assigned to duty and is stationed near Taegu. His address is: Pvt. Walter D. Hermes, US 54125758; Co. "A" 822 E.A.B.; APO 901 c-o P.M.; San Francisco, Calif. His brother, Richard Hermes, was recently advanced to corporal at Camp Crawford, Hokkaido, Japan, where he serves with Headquarters Company, First Cavalry division. The boys are sons of Mr. and Mrs. Julius Hermes.

Knights of Columbus, Council 1169 of Lindsay and Gainesville, attended the 8 o'clock mass and received corporate Communion at St. Mary's church in Gainesville Sunday. After services the knights had breakfast at the Curwood. Seventy-three members were present for the occasion. It is an annual event.

Mrs. Frank Mages was honored on her 78th birthday last Wednesday with a covered dish dinner at home. Her daughters, Mmes. Henry Grewing, John Fleitman, Felix Yosten and Ewald Berend, arranged the anniversary party. The honoree received a shower of gifts from members of her family present and those unable to attend sent gifts and greetings.

Mr. and Mrs. James A. Leggett of San Antonio are visiting relatives in Lindsay, Muenster and Valley View this week. They came to Cooke County Monday in company of her brother and wife, Mr. and Mrs. F. A. Rausch, Mr. and Mrs. F. A. Rauschuber who visited in San Antonio and the Rio Grande Valley while they were on a two week vacation. In San Antonio they were guests of Mr. Rauschuber's mother, and his eight sisters and two brothers. In LaFeria they visited another sister, and in Beeville they were guests of old friends whom Mr. Rauschuber hadn't seen for 40 years.

4-H CLUB GIRLS DISCUSS COUNTY DRESS REVIEW
Lindsay 4-H club girls held

THE THUNDERBIRD, a new kind of car combining high performance with the comfort, convenience and safety of a conventional model, has been added to the Ford line. The Thunderbird has a powerful 160 h.p. Y-block V-8 engine and its low, graceful body is of all-steel construction. Equipped with a convertible cloth top which folds completely out of sight behind the rear seat, the Thunderbird can be purchased with a special composition hardtop, making it a complete all-weather car. Its overall height is 51.5 inches—nearly a foot lower than the 1954 Ford sedan—yet it has only slightly less road clearance. Most of its major parts are interchangeable with Ford's regular line of cars. The Thunderbird is scheduled for production by Ford Division next fall.

their regular meeting on Thursday morning, April 1, with Margaret Mary Hermes presiding and Miss Bernice Puckett present.

Miss Puckett and the girls discussed final plans for the county dress review to be held on April 10, and Miss Puckett urged members to work hard on their record books reminding the group that club boys and girls who receive outstanding awards and honors are those who have kept a record of activities which made them outstanding members.

Adult leaders Mmes. Joe Bengfort and Ben Hermes were present for the meeting.

Zimmerer is Agent For FB Insurance

Members and prospective members of the Farm Bureau Federation who are interested in the organization's insurance plans can now get full details from Bruno Zimmerer, who has been named the group's insurance representative for the county.

Types of insurance offered are

life, automobile, fire and hospitalization.

Zimmerer welcomes an opportunity to explain the advantages of the several Farm Bureau insurance plans, especially that on car insurance, which, he reports, is currently paying 50 per cent dividends.

Labecah Watson and Charles Tucker Wed

Miss Labecah Watson and Charles Henry Tucker exchanged marriage vows Saturday afternoon in the home of Rev. C. M. Thomas, officiating minister, in Gainesville.

The bride is the daughter of Mrs. Martha Watson, Lacerter, Ky., and the bridegroom is the son of Mr. and Mrs. Carl Tucker of Myra.

Mr. and Mrs. James Tucker attended the couple at best man and matron of honor.

The bride wore a navy blue linen suit. She attended Wetcliff college in Kentucky and met Mr.

Tucker while he was stationed in Kentucky during the time he was serving in the army. He attended school at Myra and is employed by Felderhoff Brothers Drilling Company.

Confetti - - -

and the best they are able to do in all that time is to charge him on a technicality growing out of a trifle that they themselves blew up beyond its real significance. It seems hardly necessary to state that a man's record is mighty good if four years of alert fault-finding can dig up no more than this.

Of course, the real cause behind the fuss, as all of us know, was the senator's effort to do something about a freakish army regulation which permits a man to be promoted and to receive an honorable discharge after he has refused to take the loyalty oath. Harsh words with the army brass followed and left wingers promoted the rest of it. In plain words McCarthy's troubles originate with the fact that he was being a good American. Regardless of what will be done about the technicality, lots of us will remember that.

Since the ADA is so obviously trying to fix this case, we'd like to see the committee make just one change in its rule . . . to let McCarthy cross examine the witnesses. Then let some pink shyster be the special investigator, and compare the evidence brought out by him and McCarthy.

IT'S EASY TO OWN 1954'S NEWEST, FINEST TIRE!

See us...we'll pay top price for the tires you trade on new 1954...

ALL-NYLON CORD Super-Cushions

by **GOOD YEAR**

You get extra safety, more mileage, greater skid protection and all around superior performance! Yet the 1954 All-Nylon Cord Super-Cushion costs but a few dollars more than standard tires — AND our extra big trade allowance pares THAT down! You'll be S-A-F-E-R riding on it — and you profit on the trade.
