VOLUME XX

MUENSTER, COOKE COUNTY, TEXAS,

FEBRUARY 3, 1956

NUMBER 11

With the date of the general election more than nine months away, Austin tells us that Texans will not finish their voting on that day. They'll be expected to come back to the polls a week later to OK or scratch a constitutional amendment which was improperly worded to call for a vote on the second Tuesday of November.

It is estimated that the boner will cost the State of Texas an extra \$200,000 . . . besides, of course, the inconvenience to all its citizens of coming back to mark a single little slip of paper.

The absurdity of this situation is not that the amendment's author made the mistake, but rather the official attitude that nothing can be done about it. Anybody can slip up on a date. Likewise it's understandable that the mistake can be overlooked as the document passes through its channels before being submitted to the public. But something is wrong when a simple error like that cannot be corrected.

Are we so tied down by red tape that we have to spend \$200,000 needlessly and ask more than a million voters to make a needless trip to the polls just because we don't have some person or persons with the authority to correct an obvious mistake?

In this column's judgment there ought to be somebody in the state government who is able to make such a correction. Certainly it would not be unreasonable for the governor to do it. Let's hope for our sake as well as the budget's that some person or persons will be found with the power to change that date.

If not, the next best hope is that another amendment will be submitted along with this one . . . empowering someone to correct such errors and avoid the recurrence of another ridiculous situation like this.

After President Eisenhower's proposal of the soil bank plan to relieve the strain on America's farm economy it did not take cattlemen long to come forward with a reminder that another serious problem is in the making if soil bank land is to be used for grazing.

Representatives of the Texas and Southwest Cattle Raisers Association point out that the estimated 30 million acres, if used as pasture, could support an additional 10 million cows producing about 8 million calves. Such an increase would be disastrous to the cattle market. Before long the surplus of meat would become as much of a problem as the present surplus of grains.

Furthermore, the practice would tend to nullify one purpose of the proposed program. Switching to grass would reduce consumption of corn, leaving a surplus of it in spite of reduced acreage.

Another beef voiced by the cattlemen is that grazing soil bank land is equivalent to a subsidy. Farmers who run cattle on it after receiving payment for taking it out of cultivation in effect reduce their feed bill by the amount of the payment. It would amount to subsidizing one group of cattle raisers but not the other.

Cattlemen don't want that to happen, especially in view of the fact that they want no subsidies for themselves. They are justly proud of their record of getting along while the going was tough, without benefit of supports or the annoyance of official interference, and they don't want to see their ideals shattered in the process of correcting other conditions.

At the same time they realize that they are making a big request of Uncle Sam. It will be no small job for farm program administrators to keep cattle off the lush legumes and grasses that grow on soil bank land. An accepted fact is that cattle and good grazing somehow manage to get together.

All of which complicates the proposed farm program considerably. In principle there can be no question about the merits of the soil bank plan. Obviously it is better to hitch our subsidies to a program of conservation rather than to one of depletion. Likewise it is better to work toward a balance of supply and demand than to continue pres-

## Celebration Sunday Observes Golden Anniversary of Mr. and Mrs. J. H. Otto

Fifty years ago, in an open surrey with a fringe on top, a happy young couple drove several miles over snow-covered roads to Sacred Heart church to be married. It was on Feb. 21, 1906, when Miss Emma Seyler became the bride of J. H. (Joe) Otto.

The couple celebrated that anniversary Sunday with a renewal of vows at a solemn high mass in Sacred Heart church at 4 p.m. followed by a reception and dinner in the Muenster High school dining room. More than 250 relatives and friends, many of them guests at the wedding a half century ago, joined them in the joyous observance.

Rev. Louis Deuster, pastor, officiated at the anniversary mass assisted by Rev. Patrick Hannon and Rev. Henry Felderhoff of Denison as deacon and subdeacon. Father Louis also directed the renewal of the vows and delivered the jubilee sermon.

The men's choir sang the mass with Anthony Luke at the organ. He played the traditional wedding processional and recessional and accompanied Mrs. Norbert Walterscheid, soloist, who sang before and after the service. Grandsons served as acolytes. They are Jerry and David Klement, Jimmy Fette and Billy Ray Otto.

Attending Mr. and Mrs. Otto as best man and bridesmaid in 1906 were his brother A. A. (Tony) Otto and her sister Lena Seyler who later became Mrs. Charles Bernauer. They were present again as attendants Sunday.

Mrs. Otto wore a lovely dark

## NEWS OF SICK AND INJURED

Miss Agnes Esker, a patient at Gainesville Sanitarium since she underwent major surgery on Jan. 20, was taken to Dallas Tuesday for examination by a specialist. She has another appointment there on Feb. 14. Treatment at the sanitarium is almost completed but she will need further treatment in Dallas.

Sid Otto of Gainesville is a patient at Gainesville Sanitarium where he is receiving treatment for a back injury sustained in an oil field accident near Whitesboro Thursday of last week. He will be hospitalized two or three weeks, his mother Mrs. Tony Otto, said Monday.

Mrs. T. Miller is back at home recovering satisfactorily from a major operation performed at Gainesville Sanitarium last week.

Herbie Otto is a patient at Veterans Hospital in McKinney for treatment and will be there for several weeks. He is in Ward 63 and cards will reach him with that address. Sunday, Gene Walter and Douglas Reiter of Gainesville cheered him with a visit.

Douglas Otto, 6, son of Mr. and Mrs. Ray Otto, received medical care at Gainesville Sanitarium during the weekend.

Albert Klement of Gainesville is recovering normally from major surgery performed last Thursday at Gainesville Sanitarium. His wife, the former Veronica Fuhrmann, a registered nurse, is nursing him.

navy outfit with matching accessories and Mrs. Bernauer wore light navy with rose and navy accessories. Both had corsages of gold carnations.

The altar and sanctuary space were adorned with yellow snapdragons and greenery and these were used also in decorating the dining room.

The honor couple's table held the beautiful three-tier anniversary cake decorated with gold sugar roses flanked by dainty statuettes of the Sacred Heart and the Blessed Virgin which were gifts at their wedding.

## County Poll Taxes Short of '52 Total

Cooke County apparently will not have as many qualified voters this year as it did in 1952, the last general election year.

According to an estimate Wednesday by Tax Assessor Collector Rafe Piper this year's total of poll taxes and exemptions will be about 7800. In 1952 the total topped 8000.

That figure, however, does not represent the full voting strength. In addition there are several hundred county residents living outside of Gainesville who no longer have to pay a poll tax but are not required to get exemption certificates.

## Big D Team Nudges Tigers for Second In SAL Standing

Southwest Academic League district competition for the Sacred Heart Tigers ended Tuesday night with a 2-4 record and a current standing of third place in the league. However, other games still on schedule can change the final standing.

Laneri, Buckner and Catholic High of Texarkana each has played four games for current records of 4-0, 2-2 and 1-3 respectively. Laneri is a strong favorite to win over both and take the loop title, but the crucial game that is all important to other standings is the Buckner-Texarkana tilt. If the Eagles repeat their former win over Buckner the race will likely end in a 3-way tie for second spot. Otherwise Buckner will be second, Sacred Heart third and Catholic High at the bottom.

The Tigers barely missed replacing Buckner in second spot in a tense tussle at Dallas Friday night. It was an unusual game in that Buckner, with an early 8 point lead, played a ball-freezing game through more than three quarters. The Tigers gradually trimmed down the lead to 1 point and might have won if technical decisions in the closing minute had not nullified 3 of their points. Desperation efforts to get the ball and score in closing seconds resulted in a foul and two more points for Buckner. The final count was 28-25. Fleitman and Herr, with 9 and 6 each, led Sacred Heart's scoring.

Equally tight but not featured by the ball control policy was the Tigers' game at Thacker-Sooners 8-6 at the first quarter and trailed at the close of other periods by scores of 25-24, 46-36 and 56-53. Fleitman and Walter, with 23 and 21, led the Sacred

The workshops to be featured are: Family Life; Public Relations; Civic and Social Action; Press, Radio and Television; Religious Activities, and one for officers of parish societies.

## Water Main Repair Ends 30,000 Gallon Daily Loss for City

A loss of about 20 per cent of the city's water came to an end Tuesday when workmen stopped a big leak at the corner of Main and Second.

According to Steve Mosler's calculations from pumping records before and after, about 30,000 gallons per day had been escaping through the break in the line. Total pumping from the wells now amounts to about 150,000 gallons daily.

The water commissioner has no idea how long the line was leaking before it was discovered.

Water in the ditch a block west of Main indicated a leak somewhere and city employees had been looking for it for more than two weeks. Tuesday morning water broke through the pavement near the Variety Store and the men tested the main in both directions, then decided on the most likely location of the leak. They hit the right spot and stopped the leak in a few hours.

Finding leaks in the water line is normally difficult because water follows crevices before breaking out of the ground. After the approximate vicinity is located the leak has to be found by means of delicate listening instruments.

One of the principal causes of local leaks is the improper fill following original installation of the line. Rocks put back into the trench transmit the pressure and vibration of heavy Main Street traffic directly to the pipe. Mosler said the leak just repaired was caused by a large rock resting on the collar which was broken. Pressure from heavily loaded trucks passing less than four inches above the top of the rock had passed through and pounded the pipe joint for years.

## WITH THE MEN IN SERVICE

### Home From Service

Larry Joe Walterscheid is back at home after receiving his discharge from the army. He was issued his separation papers at Fort Hood where he had been on duty for the past year.

### Has Army Discharge

Willard Hartman returned to Muenster Monday as a civilian after serving in the army two years. He received his separation papers Friday at Camp Hanford, Wash., where he was on duty. He and three other soldiers, also discharged, made the trip to Texas by car and it was a rough and hazardous trip he said. Snow and ice covered the highways most of the way and they very often had to push the car. His drive took him as far as Denton where he spent Sunday night with his sister, Mrs. Keith Tompkins and family. She and the children brought him here Monday and he left with them again in the evening to make arrangements for enrollment at NTSC at the opening of the new semester.

## 3 Hour Break in Electrical Service Due Next Sunday

A three hour interruption of electrical service can be expected in Muenster next Sunday, between 1 and 4 p.m.

Fred Lynn, manager of TP&L disclosed Thursday that the company plans to make needed repairs on power lines of the area, unless the weather is too severe for line work. He said the company decided on that period because it will probably cause less inconvenience than any other time.

## More Moisture and Cold Wave Arrive

More welcome moisture to supplement the 2.39 inches received during January arrived with the new month, accompanied by another siege of severe winter weather.

Rain measured .10 inch on Steve Mosler's official rain gauge Wednesday morning and melted ice and sleet measured an additional .28 on Thursday morning. More moisture along with a continued drop in temperature were forecast at that time.

Another indication then was that the mythical long range weather prophet, the ground hog, has little chance of seeing a shadow, if he has the nerve to venture out of his den.

## El Paso Hoodlums Set Fire to Home Of Virgil L. Welch

Virgil Lee Welch, former local teacher and more recently superintendent at Callisburg, was the intended victim of an arson attempt at El Paso Monday night.

An incendiary bomb consisting of a bottle of gasoline with a flaming handkerchief stuffed into the neck was smashed against the side of his new home starting a fire which caused about \$350 damage. The fire was discovered immediately and was quickly brought under control by Welch.

A principal in one of the El Paso high schools, Welch had encountered a problem with rival "gangs" a few days before. He told the boys that gang sweaters would not be tolerated at the school and also notified police of an impending gang fight.

The gasoline bomb apparently was aimed at a living room window but hit the screen of another window and exploded outside the house.

## MHS Teams Bow to Sanger and Alvord; Wallop Callisburg

Muenster High's standing in district basketball took a tumble during the past week as the teams closed their first half of the schedule with losses to Sanger and Alvord and wins over Callisburg. At the present time each team has a record of 4 wins and 4 losses in loop competition, and they have four more games to play.

Both MHS teams came out a very poor second at Sanger, the boys losing 65-38 and the girls 46-34.

Sanger's femmes had it easy all the way, usually holding a comfortable 2 to 1 ratio on the scoreboard. Pick and Klement led Muenster scoring with 14 and 9.

Sanger boys did almost as well, posting a 36-20 lead at the half and the 65-30 final lead. Harris paced Muenster's efforts with 14 points and Richey and Kaderli added 8 each.

Games at Alvord were practically a repetition of those at Sanger, and both MHS teams lost by decisive scores. Final counts were 43-25 in the girls game and 54-36 in the boys game. Homsley and Pick shot 12 and 8 respectively in the opening tilt. Harris hit 20 and Richey and Kaderli 6 each in the second contest.

Games were one-sided again when Callisburg came here Tuesday night, but Muenster had the satisfaction of being in front. Visiting girls were practically helpless as Saye's charges maintained a 3 to 1 ratio and

## Red Gordon Show Sunday Will Close Local Polio Drive

The last event in Muenster's 1956 Polio drive is set for Sunday night at 8 in the school auditorium where Red Gordon will present his annual variety show.

Following his custom of previous years, Gordon will have several local performers appearing with his group of regulars who present the polio benefit program wherever invited in the county. Those who will join his troupe for Sunday's show are Lu Rena and Charlotte Wolf, Norma Jean and Sonny Walterscheid, Henrietta Owen and Billy Dean Owen.

Acts will consist of songs, dances and instrumental numbers in solos and groups along with several specialty numbers.

No admission charge will be made at the show, but the audience will be invited to donate at a special collection for the polio fund.

A dance jointly sponsored by the two high schools in the parish hall Wednesday night added 61.05 to the community polio fund in spite of bad weather. That figure brings the total to date to \$314.70.

A collection of polio banks in town after the variety show will complete the '56 drive.

## Scholastic Census Expected to Show Another Increase

Another increase in the scholastic population of the Muenster school district was indicated Wednesday as Superintendent H. H. Homsley made his first count of names submitted during the past month.

The total will pass 650, he said, but he declined to give a definite figure, explaining that he will first check the current list against previous records to be certain that the new list is complete. Every previous name not found on the new list will then be checked individually before the final census report is prepared.

The expected gain follows the trend of former years. Last year the count was 643, the year before it was 627.

Homsley had no figures available on the unofficial pre-school census which was taken along with the scholastic count.

Proceeds of the dance will benefit the school's commercial classroom. The alumni's project this year is raising enough money to retire the debt on typewriters, etc., in the commercial department.

Plans for the dance were completed Sunday night during a regular meeting of the alumni. Henry Yosten is dance chairman. Teddy Gremminger, president, conducted the business session in the presence of Father Christopher. Twenty-three members were present.

After the meeting the group played volley ball and had refreshments.

Cooke County Farm Bureau's annual membership drive was kicked off Monday night with a meeting in the community center building at Gainesville. Speakers were Ben Davis, president, L. G. Gentle, Melvin Dansby, field representative, and Neal Tibbits, county agent.

Davis said the Farm Bureau membership goal for 1956 is 500. Present membership totals 351. Also through organization they become strong and can make themselves heard and get their problems before the public, he said.

Gentle gave a report on the F. B. Institute he attended in San Antonio and Dansby cited the accomplishments of the local bureau during the past year. These included: securing wheat storage, obtaining telephone service in rural areas and setting up a rodent control program.

It was announced that an office for Farm Bureau members will be open after Feb. 2. It is located on West Highway 77 just outside the Gainesville city limits. The next meeting on Feb. 6

finally ended on a count of 50-16. Homsley was the hot shot with 25 as Pick added 11 and Klement 8.

Callisburg boys made it a better game but they were still definitely outclassed 56-30. A good record at the foul line for 17 points helped the Hornet cause along, and Swirczynski hit for 8 of those. Top scorers were Harris with 23 and Swirczynski with 16.

Two stiff contests face the MHS teams for the coming week. They play Era here Friday and Saint Jo there Tuesday.

"Well, it's all right, I guess," was the reply, "but it's too bad that Jim and his girl aren't good enough for each other."

The other man put his cup of coffee down in surprise. "Not good enough for each other?" he questioned. "What in the world makes you say a thing like that?"

"Well," smiled the other, "I've been talking to both families."

"How dare you come home at six o'clock in the morning?" screamed the woman to her errant mate. "What possible excuse have you?"

"I'm hungry," he said.

**Mrs. Pierce Lauds Women at Mother-Daughter Banquet**

Contending that women can take their places beside men in the world and do equally well in careers, Mrs. Oneta Pierce of Denton brought a heart warming message to more than 80 women — mothers and daughters — assembled Monday night for the annual Mother-Daughter Banquet given by the local chapter Future Homemakers of America.

Program theme was "It's a Woman's World" and Mrs. Pierce's subject was "Women in America."

Mrs. Pierce pointed out that while American women are highly successful in careers, basically they are homemakers at heart and that most of them put a husband, a home and children above all other desirable things in life.

She emphasized that tremendous responsibility rests on the shoulders of women because they set the culture pattern for their families, for society and for future generations. "We have to be sure we have the ability to set those standards," she said, "We have to try to be the finest homemakers in the world." In this connection she praised the work of the FHA chapters which help girls prepare for their all-important career as homemakers and mothers.

Mrs. Pierce listed a number of things unique about women in this country among them the fact that women hold 52 per cent of the votes and could swing elections and clean up politics if they got together. However, in this particular field women prefer to let the men take the lead, she said.

Her address followed short talks by members on women of other lands, how they live and their contributions to humanity. On the program were Mary Trubenbach who spoke on Mexico; Marilyn Miller, Australia; Virginia Otto, Norway; Queenie Homsley, Scotland; Norma Klement, Germany; Ginger Wolf, the Orient; Colette Hellman, Russia; Carolyn Reed, Italy; Wanda Richey, England.

Juanita Wieler, chapter presi-

dent, emceed the program. She introduced speakers, presented members who in turn introduced their mothers, paid tribute to Mrs. H. H. Homsley, chapter adviser, acknowledged honorary members, introduced women faculty members and the school cafeteria's staff, who were among guests. And she introduced Wylie Lewis Corbin, FHA Chapter Sweetheart.

The evening began in the school library where the girls pinned red rose corsages on their mothers and served them tomato juice cocktails. Decorations in the dining room carried out the chapter colors of red and white with the chapter flower, the red rose, as a floral complement.

In keeping with the theme of the banquet, maps of countries the world over were suspended above tables which held dolls dressed in the native costumes of those countries. The American flag and a map of the United States formed a background for the speaker's table and smaller flags of countries around the globe were on display elsewhere.

There was a gift for each mother and special gifts for Mrs. Pierce, Mrs. Homsley and Wylie Lewis Corbin. Mrs. Pierce was accompanied to Muenster by Mrs. Dorothea Harvey.

Girls of the chapter — there are 38 — and Mrs. Homsley prepared the meal and tended to all pre-preparation for the banquet. Mrs. Joe Lehnertz supervised the serving done by Future Farmers of America and their chapter adviser Glenn Hellman.

**Kay Chandler Wed In Dallas Saturday**

Miss Kay Chandler became the bride of Kenneth A. James in a ceremony Saturday night at Blessed Sacrament church in Dallas. Rev. Odo Egres was officiant.

The bride is the daughter of Mr. and Mrs. John Chandler of Dallas formerly of Muenster. The groom, who attends Arlington State College, is the son of Mr. and Mrs. Dennis Bratton of Portland, Oregon.

For her wedding the bride chose a gown of white lace and tulle over satin designed with a double yoke of lace in a deep V, matched by panels extending into the skirt. Her fingertip veil of illusion was caught to a crown of tulle petals and pearls. She carried a bouquet of orchids.

Miss Jan Chandler was her sister's maid of honor and another sister, Miss Carol Chandler was junior bridesmaid. Kenneth Sims of Perrin AFB was best man. Misses Joanne Zimmerman and Patsy Van Winkle were bridesmaids.

A reception in the home of the bride's parents at 1115 Forrester followed the wedding.

The newlyweds will live at 610 Opera in Dallas. She is a graduate of Our Lady of Good Council Academy in Dallas and is well known locally through frequent visits in Muenster with relatives. Her mother is the former Miss Olive Stelzer.

Mrs. Ray Evans and Mrs. R. P. Cain were in Dallas during the past week buying merchandise for the Charm Shop.

**Birthday Surprise Greet Mrs. Monday**

Mrs. Andy Monday was greeted with a surprise party at her home Friday night when friends and relatives gathered there to help her celebrate her birthday.

Her mother, Mrs. Andy O'Connor and Mrs. Johnny Streng planned the event. The group enjoyed card games and birthday cake with other refreshments. Present were Messrs. and Mmes. Tom Sicking, Joe Hoenig,

Joe Luttmr, the honoree and her husband and the hostesses.

**AT NEPHEW'S WEDDING**

Mrs. Jos. Fleitman was among guests at the wedding of her nephew, Leonard Rowe to Miss Madonna Berger in Pilot Point Saturday. ## What Schools Owe the People

There has been a great deal of talk about what we, the people, owe to the schools. It's a pretty big debt, figure it any way you like. The schools have done a pretty good job on the whole in handling our children. The great majority of the teachers really give their best—and many of them earn more than they receive. There are others, it must be confessed, who do not earn their salary and are

no real help to the schools. No organization has a full quota of efficient workers.

Just what have the people a right to expect from their schools? What is the duty of the schools to the people?

In the opinion of this humble editor, the duty of the schools is to prepare the children under their care for their life as American citizens. It is their duty to teach Americanism in every way possible every hour of the day, by precept and example. To do this, they must strive to inculcate the story of America, its founding, its struggles, its triumphs and its defeats. It must give these pupils a solid foundation of love for their country, appreciation of what it is, how it was built, what it has done and is doing for the world.

The schools must build solidly on the rock of the Bible. It is as much the duty of the school teacher to instill the solid truths of Holy Writ as to teach the natural laws that control the tides. This is not saying that any sectarian religion should be taught. The fundamental idea of God, the Creator and Supreme Ruler of the Universe, together with the laws as laid down in the Ten Commandments and the Golden Rule should be stressed — because this nation is founded on the Rock of God.

With that foundation all else is simple. Readin', 'Ritin' and 'Rithmetic must not be neglected. Good literature should be a big factor in education. Give pupils a fundamental knowledge of sciences, civil government, economics and the like. He and she should be taught that they owe a debt to society—that they must be givers as well as takers. "The Other Fellow" must always be taken into consideration, and that we cannot live to ourself alone. Money is a medium of exchange — it is not the end for which to labor.

Much is said about increasing teachers' salaries. But that will not make better schools. The same teachers will be there — and a teacher who is not giving his or her best efforts now, will not give it if the pay is increased. It is probable that teachers should receive more — they should be given enough to enable them to live according to American standards. However, no teacher is compelled to teach. They are not drafted, as are the boys who give even their lives for the country they love.

Now, as always good teachers make good schools. We demand good schools. The people always have shown a willingness to pay for good schools. They are aroused today as never before on the school question. From the President to the humblest parents they are talking about schools. It is a good sign, because when the American people take real hold of a question they solve it.

They will solve the school question — and it may bring some changes in fundamentals and in methods.

Our schools must build AMERICANS, knowing what America means to them and to the world. With that accomplished, the other details will look small.

## New Future For Your Present

How many ties did you get for Christmas? For once I didn't come up with any—could have used a couple this year, too. Instead I got three wool mufflers. Never wear a muffler.

Some people are determined to do something about the Useless Gift Problem—they're holding a "White Elephant Party" Saturday at the Community Hall.

Handy Peterson's the chairman. "Bring any presents you'd rather give than receive," he says. "Chances are you'll swap them off for something even worse—but it ought to be fun."

From where I sit, it's sometimes pretty hard to give a man exactly the present he wants. Other people so often have tastes and preferences that differ from our own—for example, think of all the people you know who claim coffee's the beverage, and all the others (like me) who'd rather have a glass of beer. Being able to make your own choice is the greatest "gift" of all.

## The Struggle Is Religious

We tend to think of communism as a menace to our material well-being and to our national security. But the danger goes even farther — as no less an authority than J. Edgar Hoover points out. The head of the FBI says: "Our struggle with

communism is more than that of a differing political system. The struggle is essentially religious. Communism attacks all forms of religion that base themselves on belief in God... Religious people must realize that communism is their great enemy."

Communism destroys and denies every spiritual value. No church and no church member can temporize with it.

## Alcoholics, You, and Christ

By Rev. J. R. Brockman

SKID ROW—every large city has one. A stranger in town recognizes it the first time he sees it. Here gather the derelicts of the city—bums, we call them. Men who never work, or seldom anyway. You see them leaning against the wall, and maybe sidling up to ask for a dime.

They come from everywhere, the bums of Skid Row. How did they get there? Many of the Row's inhabitants are just bums—loafers, panhandlers, professional barflies, petty thieves. But most of them are suffering from a social malady which is eating at the heart of America. Most of them are alcoholics.

IT'S HARD to define an alcoholic. Is his trouble physical, psychological, or moral? Probably it's all three. The important fact is that the alcoholic is a special kind of person with problems peculiar to himself. He needs help badly.

Not every alcoholic is in Skid Row. Millions are living in various walks of life in the United States. They are doctors and businessmen and teachers and even housewives. Many are out

of work and many have lost their families. Alcoholism for years has been the principal cause of divorce in the United States.

THE ALCOHOLIC is not just a drunk. He is the image of God and the brother of Jesus Christ. Indeed to the Christian he is Jesus Christ Himself, who will one day say, "I was sick and you cared for me."

Few of us do not personally know some alcoholic. All of us will meet them at times. If we really believe that Jesus Christ lives in His members, then we cannot say, "Am I my brother's keeper?"

BUT ACKNOWLEDGING his responsibility, what can the ordinary person do for the alcoholic? We all know the splendid work being done for millions by the Alcoholics Anonymous. In a limited way, the ordinary man can share in their work by giving the alcoholic the encouragement he needs. He can sympathize and try to understand. He will remember that the alcoholic is enduring indescribable torture, and he will have compassion for him.

The Heart of Jesus opens to all men its streams of pity and comfort and love. Jesus says to the alcoholic, "Come to me, you who are burdened, and I will give you rest." We can aspire to do no less than Christ.

## Billionaires!

Chemistry teachers used to astound their students by saying that the chemical content of a human body was worth just about 98 cents—a rather humiliating thought. But today, in the

atomic age, we're informed that the atoms in the body of an average person contain a potential energy of more than 11 million kilowatt hours per pound, making the most of us worth something like \$85.5 billion apiece!

**Sr. Benedict Tells Of Visit in England**

Sister Benedict, the former Anselma Knabe, has written her parents, the Albert Knabes, an interesting account of her recent visit in England. She is spending two years in Belgium at the motherhouse of the Sisters of Saint Mary in Namoor and some of them made the trip with her. Excerpts from her letter follow:

"We spent one day in London and saw all the things one always reads about — Westminster Abbey, Buckingham Palace, the House of Parliament, London Tower (where St. Thomas Moore was prisoner), Big Ben, the mounted guards, etc. "Westminster Abbey is one of the most beautiful pieces of arch-

itecture I have ever seen — and huge! It was at one time Catholic. We saw the stairway where the monks came down at night to say their office. But all that is changed now. The kings and queens are crowned there and all the famous ones of ages past are buried there. So is Saint Edward the Conqueror. We prayed at his tomb. They have mass at his altar once a year as the original altar stone is still intact.

"Going across the English Channel we were on the boat about three hours and I enjoyed it tremendously. We had a rough trip going, one of the roughest they've had in some time. Talk about riding the waves; our boat seemed like a little stick. There was plenty of wind but we spent most of the time on deck, at the risk of losing our veils. It was as good as a roller coaster.

"Our return trip was just the opposite; very calm. So we had plenty of time to admire the White Cliffs of Dover."

**Family Fun Night Is Just That for Farm Bureau Group**

Family Fun Night, sponsored by the county Farm Bureau for members and their families, was just that — lots of fun and laughter — for some 300 persons who attended the program in the Community Center building last Thursday night at Gainesville.

Highlight of the evening was a style show presenting "beauties" in a wide array of the latest fashions. Directors of the organization, dressed in women's clothes, modeled everything from lingerie to a bride's outfit with wreath and veil.

Mrs. Leroy Hay acted as commentator. By acclaim Herman Schniederjan won the prize for being the best dressed model. He had on pedal pushers.

Others and their costumes were Gus Lutkenhaus in a mid-riff beach outfit, Tony Sicking in a white linen suit, Jake Bezner in a sun dress, Frank Neu in a maternity dress, Hollis Berry in a tailored suit, Ben Davis in a bathing suit, Joe Hundt Jr. in a nylon gown and robe, Paul Fisher in a long sleeved outing gown and chenille robe with night cap, and the bridal group, L. G. Gentle, the bride; Leroy Hay, the flower girl, Bill Bezner, maid of honor; Rueben Hassenplug, mother of the bride and Jay Pybas, sister of the bride.

Mrs. Pybas directed a sing song with Mrs. Houston Howell at the piano, and the Bill Bezner family gave a humorous skit, "Waking Up Father."

Games of 42 and canasta and square dancing followed and the evening concluded with the serving of refreshments by the committee of Mmes. Joe Hundt Jr., Hollis Berry, Roy Robinson, Ben Davis, Gus Lutkenhaus and

Paul Fisher.  
Mrs. J. B. Schmitz won the door prize, a set of ivory dominoes.

Complimenting Miss Rita Cain, bride-elect of Wendell Richey, Mrs. Walter Rawley and Mrs. John Hoséa were co-hostesses in the Rawley home Thursday afternoon for a pre-nuptial coffee from 3 to 5.

Guests enjoyed a game relating to the bridal theme and wrote advice on "How to Keep a Husband Contented." Married guests brought their favorite recipes for a scrapbook.

The hostesses presented the honoree with a gift and presided at the prettily appointed table which held the coffee service at one end and the pink iced cake at the other. The centerpiece was an arrangement of pink blossoms and ivy.

Present were Mrs. Richard Cain, mother of the honor guest and Mmes. L. J. Roberg, Tony Trubench Jr., H. H. Homsley, J. M. Weinzappel, John Mosman and Maurice Pagel and Misses Betty Stewart, Queenie Homsley, Pat Cain, Wanda Richey and Norma Klement.

**Soil Conservation Notes**

Coastal Bermuda grass has been added to the list of plants used to prevent soil erosion and improve pastures in the Muenster-Saint Jo area.

This grass has been tried and has met the test. It is now being grown on waterways and in pastures of some of the cooperators of the Upper Elm-Red Soil Conservation district in this area and landowners who have planted it have come to the conclusion that it will grow anywhere that common Bermuda grass will, and it will grow faster and produce much more forage.

Coastal is a giant growing strain of Bermuda. It is very aggressive and has a tendency to grow upright. It reaches a height of two to three feet on fertile soils. It has the ability to use large amounts of fertilizer and produce a high tonnage of high protein forage.

Coastal Bermuda soddied in 1954 on the farm of Albert Duesman at Pilot Point produced six and a half tons of hay last year. An analysis of the hay showed that it was 11.3 per cent protein. Clippings on John Cunningham's farm east of Gainesville showed hay yields at 7,606 pounds last year.

Coastal Bermuda has given

landowners of this area a new ally in the battle to halt the forces of erosion. Here is a willing tool to put to work on the land. A tool that will more than pay its own way and at the same time prevent soil and water losses.

Albert Duesman will sell Coastal Bermuda grass roots this spring so a source of fresh roots is available. A good seed bed is necessary before planting. The roots should be planted so that one end is left above ground.

Several successful plantings of Coastal have been made in this area. Landowners who made plantings include Paul Sicking, Eddie Fleitman, Buddy Reiter, Hubert Felderhoff and sons and Ike Fulton. Claude Cannon at Bulcher and Roy Kingery of Saint Jo also have a planting of this grass.

Weldon Dennis of Saint Jo went another step toward installing a complete soil and water conservation plan on his farm at Bulcher by building a pond for livestock water. The pond will aid in better distribution of grazing and make it possible to rotate grazing so that grasses will improve and produce seed to thicken the stand. Dennis also plans to re-seed parts of his pasture land to improved grasses as soon as seed is available.

### Lindsay News

Mrs. I. A. Zimmerer, 73, is a patient at Gainesville Sanitarium where she last Wednesday submitted to amputation of her left leg above the knee. Members of her family are attending her bedside. During the past week her son, Rev. Francis Zimmerer from Lafayette, La., and her daughter, Sister Dorothy Therese of Pilot Point, visited

her. Also another son and his wife, the Paul Zimmerers of Lawton, Okla., have been visiting her and Paul's wife has been helping with nursing duties.

Walter Nortman and Nick Block were in Rhineland Sunday attending the Catholic State League district conference on rural life. At Windthorst they were joined by Andrew Roewe and Robert Wolf, who attended as representatives of their parish.

Mrs. Bill Flusche says many thanks to all who remembered her with get-well wishes, visits and other kindnesses during her recent illness. She wants her friends to know that she's doing fine and is up and around again after being out of circulation for about two months.

### ANNIVERSARY SURPRISE GREETINGS THE HENRY KUHN'S

Mr. and Mrs. Henry Kuhn enjoyed a surprise last Friday night when Mr. and Mrs. Henry Pick and Mr. and Mrs. Norbert Klement of Muenster visited them, bringing an anniversary gift and eats and drinks for refreshments. It was Mr. and Mrs. Kuhn's 25th wedding anniversary. The three families were neighbors for several years when the Kuhns lived northeast of Muenster.

Mrs. Kuhn is the former Miss Ollie Loerwald. The couple was married at Lindsay on Jan. 27, 1931.

### SHHS Basketball - - -

Heart attack. Tuesday night's game was just a fair workout for the loop leading Laneri hot shots. After starting slow, for a first quarter lead of 10-8, the Micks spread their lead steadily for the final 60-30 count. Fleitman and Walter led the way for Sacred Heart, hitting 12 and 10.

Appearing on double header programs with the boys, Sacred Heart girls offset the three Tiger losses with three wins.

At Buckner they got away to a 10-1 first period lead and coasted to their 40-23 win. Hess looped 15 and Derichsweller 14.

Leading off in the Thacker-ville double header they had plenty of trouble edging ahead 39-35 after a third period tie of 29-29. In the first two periods Sacred Heart led by scores of 12-6 and 23-16. Again Hess and Derichsweller led Sacred Heart scoring, with 16 and 15.

Another thriller was with OLV, as a preliminary to the Tiger-Mick game. The visitors led 6-5 in the first period. Sacred Heart went ahead 16-11 at intermission and remained in front the rest of the way for a final count of 40-35. Hess looped 20 and Derichsweller 16.

Next action for Sacred Heart is Monday night when Thacker-ville teams come to the parochial gym. The following Friday Greenhill will play here.

ent surpluses. But creating a beef surplus while eliminating a grain surplus only swaps one problem for another.

The big question now is how to apply a good idea in a good law. It seems as though our national legislature has run into a first class brain teaser.

### Golden Wedding - - -

Gold candles along the board cast a soft glow over the dinner scene. Other tables were likewise festive with snapdragons and candles.

Among guests was Mrs. Bob Yosten who as Miss Angeline Swirczynski waited on the honorees' table 50 years ago. She served the honor couple again Sunday before taking her place as a guest. Mrs. Joe Lehnertz did the catering.

Misses Colette Hellman and Harriet Otto registered the guests and Mrs. Norbert Walterscheid presented background piano music during the meal.

### After Dinner Program

Miss Joan Klement, another granddaughter, was mistress of ceremonies for a short after-dinner program during which she gave a life history of the couple after extending congratulations from all the family. Arthur Endres and Rev. Henry Felderhoff spoke briefly and Jerry Klement and Della Fette, grandchildren, presented a humorous skit. A dance in the school gym concluded anniversary festivities. Jim Harris and his band played.

Mr. Otto, a hale and hearty 74 — he'll be 75 on March 21 — was born in Saint Paul, Iowa, and came to Muenster with his parents, Mr. and Mrs. J. M. Otto, when he was 12 years old, making Muenster his home for 63 years. Mrs. Otto, a native Texan, was born in Westphalia in Falls county. She is five years younger than her husband.

After their marriage the couple set up housekeeping on a farm northeast of Muenster. They lived there 39 years and reared their family of five daughters and one son. In November 1944 they retired from active farm work and since then live in town.

Their children are Mrs. Joe Fette, Mrs. Arthur Hellman, Mrs. John A. Klement, Mrs. Isabel Fette and Harry Otto, all of Muenster and Miss Lorraine Otto of Amarillo. They were present for the celebration along with the honorees' 19 grandchildren and three great-grandchildren.

Mr. Otto was second oldest of a family of 11. Eight are still living and all were here for the golden wedding, bringing them together for the first time in over 20 years.

Mrs. Otto was fifth in a family that also numbered 11 children. Her parents were Mr. and Mrs. Conrad Seyler. She was five years old when they moved to Muenster.

**Active In Community**  
The anniversary acknowledged a half century of busy living during which Mr. and Mrs. Otto did a lion's share of work for their church and their community. Reminiscing with friends they recalled many early day events making light of the hardships and trials of yester-year and accounting principally joyous occasions and humorous happenings. And always they did things together. This sharing stands out as the principal factor making 50 years of married life a happy and successful adventure.

Mr. Otto, recalling their wedding day, mentioned how cold it was. Heating facilities in the old church were primitive and although the furnace had been started the day before the

church was still chilly. The fringe top surrey in which they rode to their wedding was the fanciest one of its kind in those days, and the first one in this community.

Mr. Otto, like all pioneers, worked hard on projects to better the community and was especially active in organizing the Rural Electric co-operative here. He served as a member of the original board of directors. He is a long-time member of the Knights of Columbus and has served the council as trustee.

### Out of Town Guests

Among out of town guests at the celebration were the Steve and Ed Ottos of Wichita Falls, the Ben Ottos of Gainesville, the Henry Ottos of Weslaco and the J. G. Wolfs of Lawton, Okla., brothers and sister of Mr. Otto; the Bill Seylers of Valley View, Janie Hellman of Commerce, Mr. and Mrs. Cecil Aytes and daughter Mona of Wichita Falls, the Edward Giebs of Fort Worth, Rev. Thomas and Rev. Joseph Weinzapfel of Dallas, the Joe Schnitkers of Denison, the Elwyn Hopes and son of Fort Worth, the Terrell Johnsons of Dallas, David and John Otto of Wichita Falls, and others from Gainesville and Lindsay.
