

MUENSTER ENTERPRISE

VOLUME XIX

MUENSTER, COOKE COUNTY, TEXAS;

JULY 22, 1955

NUMBER 35

Public Relations Class Welcomed by Strong Attendance

During the past few weeks the Enterprise has had the pleasure of telling about five new business buildings in the city, all likely to be either completed or well under way before the end of the year.

Preparations for construction on the new Variety Store and the new Charm Shop are taking shape this week. Similar preparation for the new Farmer's Store was finished last week. The Electric Co-op's new home awaits only the formality of final approval by REA authorities in Washington followed by the interval needed to get a contractor on the job. Work on the new Sinclair station is started and will speed up when more labor is available.

Another project that ranks along with those under the general heading of city improvement is the swimming pool. It's going ahead nicely, sustaining a hope that it will be ready for at least a little use before the swimming season is over.

Still more indication of progress stands out in the current projects of extending waterworks and sewer facilities. When those two jobs are finished the city will have the pumping arrangements to meet a much larger peak water demand, more extensive fire protection, available sewer connections for all homes in town, and a disposal plant adequate for a population of 2,500.

In addition, of course, we have the usual activity of residential building and remodeling besides the occasional improvement touches to business houses.

A person might say that the town is booming, although those of us who are familiar with the circumstances are more likely to consider the suddenly accelerated pace of progress more as several separate developments that have been anticipated for some time. To us, it's just a coincidence that a number of things are happening at the same time.

Nevertheless, we can still derive a great deal of satisfaction from all this. Our civic pride gets a wonderful lift as we realize that Muenster is going a long way all of a sudden in its persistent advance along the road of progress. Perhaps it will also create greater enthusiasm and increased momentum in attaining some of the other things that contribute to a happier and more abundant life.

One of the popular recommendations in last week's community clinic was improvement in the town's business district. Present activity is meeting much of that need in a hurry, and it can also serve as an inspiration to speed activity on some of the other needs. The ball is rolling. Inertia has been overcome. Now is the time to pick up the spirit and start pushing toward the other goals we have in sight.

For some of those we can refer again to our civic want list as expressed at the community clinic. More pavement. Beautification of homes and city property. Park improvements.

We've had reason for years to be proud of Muenster's residential area. We know that the general appearance of homes here is a credit to our people. But we can make it even better. A few more touches of beautification at every house, lots of touches in the park, and another paving project would add wonderfully... and they are all within our reach.

We can't ignore the old saying that "we buy by the eye." The neat package is always more appealing and it's known to sell better. Likewise our town will sell better, to ourselves as well as visitors, when we do it up more attractively.

While congratulating the fellows who are behind the present improvement program down town let's be aware also that we can add a lot to the good impression they are creating.

Attend First Mass

All members of the Joe Starke family, except LaVerna of Denver, were in Sterling, Okla., Tuesday attending the first solemn mass of Mrs. Starke's nephew, Rev. Charles Schettler, the first native priest in the 53 year history of the Sterling parish. Father Schettler completed the last four years of his studies in Rome.

This community's public relations course, sponsored by the Lions club and conducted by E. A. Willeford of the University of Texas Extension Service, got off to a good start Tuesday night with an attendance of 63.

Most business establishments in town were represented, some by several persons. In addition there were a number of representatives of the rural area.

Willeford started the meeting by commenting on the exceptionally good attendance, saying that the interest shown is an indication of the community's lively interest in business and civic advancement. The only reason for coming, he explained, is a desire to improve our relationship with other people, to make a better impression for our stores and for our town.

He emphasized the importance of good public relations by reminding those present of their own reaction to unpleasant situations. A sales person will be more impressed by one cranky customer than by ten pleasant customers. The same applies the other way. Customers too are more impressed by inferior and unpleasant clerks. Such impressions hurt both the business and the community.

The secret of getting along, Willeford said, is to make the customer feel he is appreciated. If he receives cheerful, kind and helpful attention he will be more inclined to return to the store for his future needs.

Qualities listed as making up a good public relations personality are cheerfulness, resourcefulness, enthusiasm, orderliness and preparedness. Of those cheerfulness ranks the highest.

Stroke is Fatal To Ed Merzbacher, VA Service Officer

Edward Merzbacher, 65, Cooke county veterans service officer, died in a Gainesville hospital Sunday morning following a stroke Saturday at his home.

Funeral services were held Tuesday at 9:30 a.m. in St. Mary's Catholic church with Rev. Michael Gormley officiating at the requiem mass and at graveside rites in Fairview cemetery. George J. Carroll and Son Funeral Home was in charge of arrangements and rosary was recited at the Carroll chapel Monday night.

Merzbacher was a veteran of World War I. He was born in Gainesville in a house at the same location where he resided at the time of his death.

He is survived by two brothers, William of Gainesville and Charles of Wichita Falls, and a niece Mrs. Douglas Brewer of Gainesville.

H. C. Pagel Breaks Leg in Mis-step

Henry C. Pagel, division assistant superintendent for MK&T Railroad company, Muskogee, Okla., and a former Muenster resident, broke his right leg about four inches above the knee last week when he stepped into an eight-inch hole while checking derailed cars early Tuesday morning 10 miles south of Atoka.

Twenty-three cars of the train were derailed at about 5 a.m. and Pagel was checking and recording numbers, walking along the track, when he stepped into the hole. He was taken to the Katy hospital at Denison and is reported resting satisfactorily. The fractured leg is the one broken above and below the knee in a similar mishap two years ago.

Pagel is a brother of Mrs. Henry Luke and Jacob Pagel of Muenster.

Messrs. and Mmes. John Wielep and R. P. Cain and Mrs. J. C. Trachta were in Wichita Falls Sunday to attend a banquet, band concert and twirling exhibition at Midwestern University where Jean Wielep, Pat and Carolyn Cain and Virginia Otto are taking a two-week course in baton twirling. Norma Klemment was there for the first week's classes. Friday night will be closing exercises and parents of the local girls will attend the program and bring them home.

Salk Polio Shots For Muenster Kids Will Be Postponed

The second series of Salk polio vaccine shots in Muenster will be postponed for several weeks, probably until September, Dr. T. S. Myrick disclosed this week.

His reason for waiting is the same as that of other members of the county medical association, he said. Remembering the big flare up following first shots with the vaccine county doctors prefer to be cautious. They will wait and see what happens after the second series is given in other parts of the state.

The county's second quota of free vaccine is available now. It was received from Dallas last Saturday but will remain in the custody of the county health officer.

Bomber-Chicks Win Trophy and Qualify For State Tourney

A tournament championship trophy and eligibility to enter a state tournament in August are the prizes won by a Chick-Bomber softball combination in a district tourney at Decatur last week.

The Chicks entered the contest under their name and organized a special team including Norbert Mages, Melvin Herr, Alvin Hartman and Joe Felderhoff of the Bomber squad along with Sid and Bob Felker of Era and several of their regular Chick roster.

In true Bomber fashion the Cooke County outfit came up from behind to win two games in the seventh. In another thriller the fellows managed to cut off an opponent's last inning rally in time to save their game.

Playing their first game the Chicks entered the last inning trailing First Baptist of Mineral Wells by a count of 3-2. A rally paid off with two more tallies and a win of 4-3.

Air tight support behind Sid Felker's pitching saved the second game for the Chicks. A strong first inning for 4 and 1 each in the fourth and fifth accounted for their 6. Meanwhile snappy fielding was robbing the fly boys of a chance to register on the scoreboard. Finally in the seventh the airmen's efforts got results, but fell short by 2. The final count was 6-4.

The Chicks' most sensational comeback was in the champ final with Texas Cafe of Decatur. In that they entered the seventh trailing 4-1 and put on a hot rally for the 4 needed runs.

Van Cleve took first on an error and advanced on Wiesse's single and both scored on Hartman's double. Bezner's sacrifice sent Hartman to third and Richard Mosman's double brought him in. Mosman then took third on Mages' single and brought in the winning run on his brother Nick's sacrifice fly.

When the team enters the state tourney at Wichita Falls on August 10 it will be under the joint sponsorship of Rufus Bezner and Johnny Schmitz.

Parish Is Set for Catholic League State Convention

Program plans have been completed for the 56th annual state convention of the Catholic State League of Texas to be held here August 29-September 1, and the pastors and parishioners of Sacred Heart Parish are extending invitations to affiliated groups, the Men's Section, Women's Section, Youth Section and the Catholic Life Insurance Union. It will be the third time in the history of the community that this parish is host to the League's state meeting.

Convention theme this year will be the promotion of Youth and Rural Life program and, under the leadership of the hierarchy and clergy, there will be discussions to intensify works of Catholic Action to check socialistic trends and assist in Christianizing society.

Speakers for the "Catholic Day Program," always a highlight of the convention, will be Father Michael P. Dineen of Des Moines, Iowa, executive secretary of the National Catholic Rural Life Conference, whose subject will

(Continued on Page 10)

Ground Observer Post to be Set up In Muenster Area

Muenster has been selected as one of five locations in Cooke County for the organization of a system of ground observer posts, according to a report received Wednesday from Tom Hickman, county supervisor. Other places chosen for posts are Gainesville, Era, Valley View and Bulcher.

The purpose of establishing the posts is to assist the Air Force in watching for hostile aircraft in case of a war, and the intention is to get them into operation as soon as volunteers are available.

First steps in setting up the system were taken Tuesday by County Judge Shelby Fletcher in cooperation with M.Sgt. Glen Grace of the Air Force, who describes the observer posts as a "vital step toward building an effective air defense."

He also said that workers should come from the local areas in order to be reasonably close to their respective posts. Volunteers do not need special previous training. The only requirement is that they can see, hear, and speak distinctly.

Local applicants are asked to leave their names with the Enterprise. Later Mr. Hickman and an Air Force representative will call for the names then interview the applicants. Persons selected will receive special training under supervision of the Air Force.

An observer's job is to report observations to the filter center, which in turn tracks the aircraft on a large map of the area and relays the information to a unit of the Air Force defense command.

The Air Force provides fighter interceptor planes in answer to warnings sounded by radar installations and the Ground Observer Corps.

NEWS OF SICK AND INJURED

Terry Jane Lehnertz is recovering from a tonsillectomy performed Tuesday morning at the Muenster Clinic. She is the daughter of Mr. and Mrs. Jimmy Lehnertz.

Mrs. John Richey underwent surgery Monday morning at Gainesville Sanitarium.

Mrs. Emil Rohmer was in Dallas Monday for dental surgery.

Since Sunday Miss Genevieve Noggler is up and around her home following an illness of virus pneumonia that sent her to the hospital for treatment.

Bombers Meet VFW In First Round of Softball Play-off

Action in the County softball league goes into high gear this week as the four top teams enter a play-off to decide which will receive the loop title and the \$100 prize posted by member teams at the beginning of the season.

League Commissioner J. C. Sluder called a halt to the regular schedule last Friday when it became apparent that four teams had cinched their respective places and standings could not be changed by continued playing.

The leaders are B-29, Bezner, Lindsay and VFW. By previous agreement the play-off semi-finals will be between first and fourth place teams and the second and third place team, each series to be three out of five. Games started Wednesday with the Bombers and VFW playing first and Chicks and Lindsay playing the nightcap. Thursday night the Bombers play second and Friday they will play first again. If more than three games are needed the dates will be announced after Friday's games.

League finals between the two semifinal winners will be played next week. That series will be four out of seven.

The B-29 Bombers, sponsored by Johnny Schmitz, ended their regular season with a sizzling

(Continued on Page 10)

FFA Boys Attend State Convention

Dickie Cain and Jimmy Jack Biffle are the Muenster chapter's delegates attending the 27th annual state FFA convention in Houston Wednesday, Thursday and Friday. They are accompanied by Glenn Hellman, chapter adviser.

More than 3,000 boys from all over Texas were expected for the convention in the completely air-conditioned Sam Houston Coliseum, home of the Houston Fat Stock Show.

Convention headquarters is the Rice Hotel, located in downtown Houston.

Many varied activities are on the program for the Future Farmers. Tours of industry, visits with leading business men and industrialists, banquets, plenty of entertainment, as well as the regular business sessions are on the agenda for the three day convention.

WITH THE MEN IN SERVICE

Moved To Germany

Pvt. Raymond Hoenig was recently transferred from Austria to Germany. He is the son of Mr. and Mrs. Joe Hoenig and gives his new address as follows: Pvt. Raymond J. Hoenig, RA 18472820; Co. C, Eng. Bn. (C); A.P.O. 35; New York, N. Y. At his new station Raymond met up with Pvt. Donald Reiter, son of Mrs. Hilda Reiter, who is on duty in that part of Germany. The Hoenigs' other son in the service, Marine PFC Jerry Hoenig is stationed at Camp Pendleton, Calif.

Enroute To Camp

Pvt. and Mrs. John McGaughey stopped here Monday afternoon for a brief visit with his former co-workers at the Soil Conservation Service office. The couple was enroute to Baltimore, Md., where he will spend the next 13 weeks in Intelligence school. John was inducted in the army on May 5, completed eight weeks of basic training at Fort Ord, Calif., and spent a leave with homefolks in Knox City and Munday. While he was in California his wife stayed with her parents at Munday.

Travels On Leave

Pvt. Maurice Rohmer writes his parents, the John Rohmers, that he recently had a leave and spent it sight-seeing. He is stationed in England and went from there to Scotland and Ireland. Then he flew to Italy with a few hours' stop-over in Paris, France. In Vatican City he was among pilgrims who saw Pope Pius XII when he made a public appearance in St. Peter's Square. From Rome he took a train to Munich, traveling through Northern Italy, Austria and Southern Germany, then returned to Lakenheath, England, by plane. According to present reports at camp, Maurice will be returning to the states the latter part of August or early September.

Leaving France Aug. 15

Capt. and Mrs. Hal Falck, writing her parents, the Jake Pagels, tell them they will be leaving France on August 15 for their return to the states. They'll come home by plane. They didn't know at the time just what they'll do or where they'll go first after reaching the U.S. His new station will be in Georgia and they hope to see his and her family before they get settled there.

B-29 Wins Opener In Play-off Series

By a 4-1 count the Bombers nipped VFW in the first play off game Wednesday night.

A walk, two errors and two sacrifices accounted for two tallies in the second. A single followed by a 2-bagger added 1 in the fifth and the very same procedure added another in the seventh. A walk followed by a 3-bagger produced the veterans' lone score in the sixth.

As pitchers Coffman allowed 3 hits and 2 walks and fanned 3 while Cain gave up 8 hits and 2 walks and fanned 2.

Melvin Herr led Bomber hitting with a single and 2 doubles in 3 trips. Becker hit 2, Felderhoff, Henscheid and Mages hit 1 each.

Plans Announced To Clear Sites for Two New Buildings

Construction of two more new buildings for this city, became practically certain this week as J. M. Weinzapfel and Anthony Luke both announced plans to clear locations for the new structures.

One of the buildings is to be the new home of the Charm Shop, the other is to be the new Variety Store.

Weinzapfel said work on moving the present Charm Shop building would probably start Thursday. It will be taken to a temporary location on the corner of Main and First, across the street from Scott's.

Luke expects to do his clearing job about August 1. It will consist of moving the front section of his building, occupied by Main Cafe, across the street to the location beside the Charm Shop. The other section, suitable for living quarters, is offered for sale and is to be moved about the same time, either by a purchaser or by Luke.

Neither Luke nor Weinzapfel has a definite idea when he will start building. Present shortage of cement and labor is the big problem on both of the jobs. However each is getting ready to start with the least possible delay as soon as conditions are more favorable.

The two buildings will have one important feature in common. They will be constructed by the "Liftslab" method, the concrete roof being poured at the ground level then lifted by hydraulic jacks and secured to supporting pillars at the desired level. Walls are built after the roof and floor are finished.

A special concrete will be used in the roof in order to make it comparatively light in weight in spite of its 8 inches of thickness. A volcanic stone will be used instead of the usual gravel or crushed rock in mixing the concrete.

Luke's building will have a 68 foot front and will extend back 100 feet. It will have room for another occupant besides the Variety Store.

Weinzapfel's building will measure 50x90. It too will have room for two occupants.

Deadline Near for Korean Veterans To Get GI Courses

Hugh Barnhart, vocational agriculture instructor for veterans, announced Wednesday that F. E. Carson, coordinator of Cooke county vocational schools, will be in Muenster next Tuesday to discuss ways and means for veterans of the Korean war to take advantage of GI educational benefits.

Since the time is running out for Korean veterans to benefit from this program, Barnhart urges all those who are interested to attend the meeting. It will begin at 8 p.m. in Muenster High school auditorium.

Three classes are offered: agriculture, automobile mechanics and cabinet making.

Weinzapfel Wildcat Opens New Field Of Oil Production

Another new oil producing area in the Muenster field was tapped last Sunday when Hill and Hill's wildcat on the J. M. Weinzapfel farm 3 1/2 miles south of town came in as a flowing well. Drillers were Trachta and Grewing.

In a drillstem test from lime formation at 2070 to 2096 gas appeared in three minutes and oil started flowing in 10 minutes. Bottom hole pressure was measured at 725 pounds and the oil gravity is judged at 40 or 41.

Pipe was cemented in the hole Sunday and the well is to be completed Friday or Saturday.

Local News BRIEFS

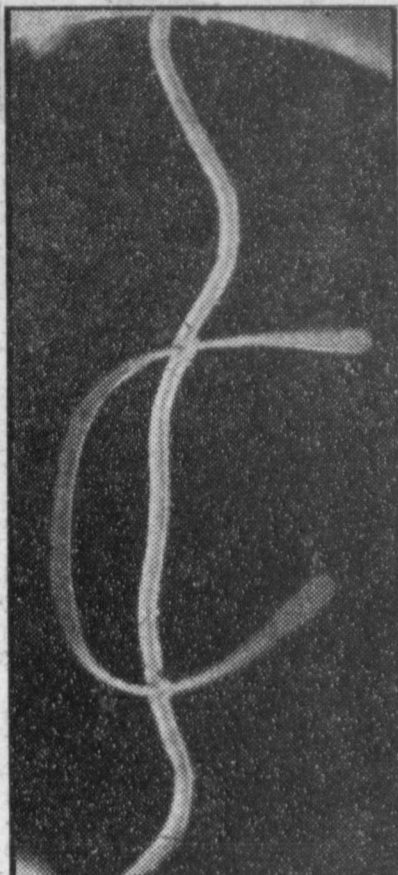

The Bill Searcys have been postcarding to friends here from places of interest enroute to California and from Santa Paula where they visited relatives. According to recent cards they're back at Eagle Lake now and plan to visit here next week.

The Walter Rawleys had as guests Monday through Wednesday his parents, Mr. and Mrs. W. M. Rawley of Dallas.

Miss Olive Haverkamp of Dallas spent the weekend with her parents and family, the Alois Haverkamps.

Mr. and Mrs. Victor Koelzer spent two weeks in Madill, Okla., where he substituted for his dad, Pete Koelzer, while the Koelzer family went on a vacation trip. They visited his mother, Mrs. John Koelzer and other relatives in Hereford, and stopped here to see relatives and friends on their way back home.

The Walterscheid families—children, grandchildren and

STEADY HAND—Threading a needle is elephant's play compared to the feat pictured above. Through the eye of the microscope you see a piece of wire, one-thousandth (.001) of an inch in diameter, threaded through a strand of nylon stocking material. Feat is more than a stunt, as the tiny drills which made the holes are used in manufacture of ultraprecise equipment at General Electric's Schenectady, N.Y., laboratories.

great-grandchildren of the late William Waltersheids—gathered at the parish picnic grounds Sunday for a reunion. Mr. and Mrs. Joe Walter and family of Gainesville were present from out of town. Other family members live here. Fathers Louis and Christopher joined the group for the affair.

Mr. and Mrs. C. J. Rucker and daughters Darla Jean and Theresa Marie and Mr. and Mrs. Edwin Luke and son Joey, all of Fort Worth, were Sunday guests of Mr. and Mrs. W. H. Endres.

Mr. and Mrs. Jim Cook and grandsons Jimmy and Albert Copeland spent the day in Wichita Falls Saturday. It was the little boys' first train trip. This weekend the Cooks will take the youngsters back to their home in Mexia. They have been visiting here two weeks.

The Dinks family who had been living in Mrs. Ben Hellman's house moved during the weekend to occupy Bruno Fleitman's farm house northeast of Muenster.

Mr. and Mrs. Henry Sprengel and daughters were in Pilot Point Sunday to spend the day with her uncle and family, the Fred Fangmans. Jo Ella Fangman who had spent a week here returned home with them.

Mr. and Mrs. Joe Luke had as their guest Thursday and Friday her cousin, Mrs. Oliver Stone of Robstown.

Mr. and Mrs. Gene Gieb and children Gloria, Gary and Glenda spent Sunday in Denison with her folks, the H. L. Herrons, in whose home Mrs. Gieb's sister and family, the Byron Blacks of Perrin AFB, were also visiting.

Carla Rose is the name the infant daughter of Mr. and Mrs. Ray Owen received at her baptism Friday afternoon. Father Christopher officiated assisted by Miss Margaret Owen and Jim Hermes of Lindsay as sponsors.

Mr. and Mrs. Frank Sprengel and daughter Marilyn of Fort Worth spent Sunday with his twin sister, Mrs. Albert A. Knabe and family, and the Ben Knabes.

The M. D. Kaderlis have as their guests Mr. Kaderli's nieces, Misses Linda and Annette Tixier of Houston.

Mr. and Mrs. O. W. Griffin had as weekend guests their children, Mr. and Mrs. C. D. Mathis and son Gregory of Fort Worth and Mr. and Mrs. W. A. Griffin and family of Nocona.

Weekend guests of Mr. and Mrs. Walter Rawley were her brother and wife, the Joe Jensons of Dallas.

Rufus Henscheid has returned from a vacation trip to Colorado, Washington state and Canada. Harry Fisher, who went with him, remained to work during the harvest season in the northwest.

Return From Trip

Mr. and Mrs. Emmitt Yoder and children returned Saturday from a three-week trip that took them sight-seeing through eight states, covering 3,826 miles. They visited nine state parks, two national parks and an Indian Reservation, went sight-seeing in Milwaukee, at Lake Michigan and Green Bay; stopped with her parents, Mr. and Mrs. Robert Barnwell in Madison, Wis., saw other relatives in Lenexa, Kansas, and visited his parents, Mr. and Mrs. S. E. Yoder in Magnolia, Ark. They carried their own camping equipment and slept out in nice weather. States on the tour were Texas, Oklahoma, Kansas, Missouri, Wisconsin, Iowa, Illinois and Arkansas.

Dry hair (human) will stretch 20 to 25 % without breaking and wet hair even more. Try it!

A Texan heard that a factory in Ohio was interested in buying bullfrog skins. He wired that he could supply any quantity up to 100,000 on demand. Needing the skins badly, the factory wired him to send the entire 100,000.

About ten days later a single dried frog skin arrived through the mail, with this notice: "Gents: I'm sorry about this but here's all the frog skins there were. The noise sure fooled me."

Blessed Events

Mr. and Mrs. Clyde Fisher announce the arrival of Dickie Joe, a brother for Chuckie. The new boy weighed in at ten pounds four ounces at the Muenster Clinic Friday at 1:30 p.m. He is the grandson of Mr. and Mrs. John Fisher, Muenster, and Mr. and Mrs. R. J. Grill of Midlothian, Ill. His great-grandparents are Mr. and Mrs. Ed Schmitt and Joe Fisher Sr. of Muenster and Jacob Grill of Midlothian. Young Richard Joseph was christened Saturday with Father Christopher officiating. The John Fishers were sponsors by proxy for the maternal grandparents, Mr. and Mrs. Grill.

Mr. and Mrs. Paul Hellinger of Lindsay are parents of a nine pound boy born at 12:45 p.m. Monday. They have two other boys and three girls. Mr. and Mrs. Gus Knabe of Muenster are great-grandparents another time. Mrs. Hellinger and the infant have been dismissed from the Muenster Clinic and are back at home.

Airman IC and Mrs. Byron Black have announced the birth of a seven pound six ounce daughter, their second girl, at Perrin Air Force Base. The new-comer, named Pamela Sue, arrived on July 7. She is the granddaughter of Mr. and Mrs. H. L. Herron of Denison and Mrs. M.E. Black of Chicago, Ill. Mr. and Mrs. Gus Knabe of Muenster are the great-grandparents.

CARD OF THANKS

I want to say thank you to all who remembered me in prayers, with cards, visits and other kindnesses while I was ill with virus pneumonia.

REVERE'S SPIRIT RIDES AGAIN

The steeple of Old North Church, symbol of American alertness and preparedness that was crashed to the street by Hurricane Carol last August 31, has been restored. The new steeple, made possible by public contri-

butions totalling \$150,000, is actually the third to grace the old church. But it retains the original 20 foot weather vane—and most important of all—the original window where those lanterns were hung ("two if by sea") that started Paul Revere on his ride.

Even though the job wasn't quite finished for the Fourth of July, the restoration should provide a lift to American spirit and fresh hope that defenders of the nation may still be counted on "from every middlesex, village and farm."

COMPLETE FUNERAL SERVICE

Miller Funeral Home

LET'S REST, FIRST—That rabbit-chasing habit and a built-in desire to hop for the nearest bramble bush when a pooch appears are put in the shade by sizzling midsummer weather, and a little rest in a hammock is indicated before taking up the chase, or so it would seem. Actually, the critters are pets of the DeLorenzo family, of Brooklyn, N.Y.

with the station since its beginning seven years ago and is well known throughout the area for his Farm and Ranch program, his radio interviews with farmers, and his country music program, "Odel's Opry." All persons connected with the radio station, and their wives or husbands, attended the party at Leeper Lake. The supper menu featured charcoal broiled steaks and there were parting gifts for Jerry, his wife Rita, and their little daughter.

Mrs. Charlie Fisher, her daughters Misses Clara and Emma and Miss LuRose Henscheid accompanied by Miss Mary Margaret Hermes of Lindsay were in Fort Worth Monday to attend the program dedicating the new educational building at St. Joseph's Hospital. Miss Mildred Fisher is a student nurse there. Mrs. Fisher and Emma returned home the same day and Clara, LuRose and Mary Margaret remained overnight as Mildred's guests.

Mrs. L. P. Horton, the former Miss Mary Barker, and her two sons, and her mother, Mrs. Henry Barker of Bonham, visited old friends here last Wednesday. Mrs. J. T. Barker and daughter of Gainesville were here with them. The Barker family formerly resided here. Mr. Barker died about a year ago at Bonham.

Bob Cooke of Abilene returned home Monday after weekending here with his brothers, Don and Reeve Cooke, and tending to business matters.

J. J. Haverkamp accompanied his son-in-law and daughter, the Johnny Sturms of Gainesville, to Wink for a weekend visit with his daughter Ceal and husband, the Troy Coopers. While they were away the Sturm children stayed here with their grandmother.

Local News BRIEFS

Mr. and Mrs. Henry Wiesman and family have as their guests Mr. and Mrs. Melvin Fisch and sons Donald and Steven of Chicago, Ill., who are on a two-week vacation. Mrs. Fisch is the former Miss Henrietta Wiesman. The visitors arrived Sunday and all the family got together for the afternoon and supper at the Wiesman home. Others present were Mr. and Mrs. L. J. Yosten and children, Mr. and Mrs. Henry Stewart and family, Mrs. Ray Frances Binz.

On an outing at Lake Texoma Sunday were Mr. and Mrs. Ray Evans, Mr. and Mrs. Leo J. Haverkamp and Gloria, Mrs. Richard Grewing and Mrs. L. J. Roberg, joined by Mr. and Mrs. Charles Tate of Gainesville.

Mr. and Mrs. Herman Fette were among guests at a party Thursday night given as a farewell tribute for Jerry Talley who left Radio Station KGAF, Gainesville, this week to become farm editor of a Wichita Falls Television station. Jerry had been

campment were Charlene Otto, Becky and Tommy Mosman, Karen and Patsy Endres, Nelda and Patsy Bayer, Sara Fleitman, Betty Ann Dangelmayr, Joann Hess, Judy Yosten, La Verna Hess, Regi Bayer, Cynthia Wimmer, Carol Wimmer, Judy Lutkenhaus, Jeanette Muller and Harold Flusche.

County Agents Gerald York and Miss Bernice Puckett and their assistants Gene Sears and Miss Maurine Kavanaugh were among the 15 adults from Cooke county accompanying the county club groups to camp.

Daniel Luke and Dolores Henzler To Marry August 6

Mr. and Mrs. Henry Henzler Sr. of Pilot Point have announced the approaching marriage of their daughter, Dolores, to Daniel Luke, son of Mr. and Mrs. Ben Luke of Muenster.

The couple has set Saturday, August 6, as the date for the wedding. It will be solemnized in Saint Thomas church, Pilot Point, during an evening mass at 5 o'clock.

Attending the bride will be

her sister, Miss Diann Henzler of Pilot Point; Mrs. Alfred Kuhn, sister of the groom, of Fort Worth, Miss Alice Riney of Dallas, a close friend of the bride; and Miss Martha Strittmatter of Pilot Point, her niece.

The groom's attendants will be his brother Bernard Luke, and Alfred Kuhn, Robert Henzler brother of the bride, and Herbert Yosten of Muenster.

David Fette and Frank Luke, nephews of the groom will be ring bearers and the bride's niece Miss Glenna Hollar will be flower girl.

Miss Henzler is a graduate of Pilot Point High school and has been employed in Dallas. Mr. Luke was graduated from Sacred Heart High school and is employed in oil field work. After their marriage the couple plans to live in Oklahoma where he will have charge of an oil lease.

4-H Clubbers Have Fine Time at Camp

Eighteen local 4-H clubbers and Mrs. Paul Fisher, adult leader, returned Friday afternoon from annual 4-H camp at Lake Trinidad reporting "a fine time."

The three days at camp featured short meetings, lectures, crafts, and a tour through the TP&L Company plant. Evenings provided entertainment with square dancing, folk dancing and sing-song sessions as favorites.

Talks, given by authorities on their subjects, were on Farm Electricity, Farm Safety, Wildlife, and Nature Study.

During the crafts period the local group made attractive jewelry boxes of wood, some ornamented with shells, others initialed with burnt-in letters. Local youngsters at the en-

The American Way

IN ROME'S FOOTSTEPS?
 By George Peck

It is 165 years since Edward Gibbon, English historian, published the fifth volume of his celebrated work, "The History of the Decline and Fall of the Roman Empire." Gibbon listed five chief reasons as to why the Roman Empire, the greatest civilization of its era and up to that time in history, came to an ignominious and catastrophic end. It might be well for America, without doubt the greatest civilization of this era or any other, to ponder over those five reasons.

1. The rapid increase in divorce which undermined the sanctity and dignity of the home which is the basis of human society.

Let's take a look at the divorce statistics of the U.S.A. — they

are certainly cause for alarm. In 1890, there was a divorce for every seventeen marriages; in 1900, one marriage in every four-teen ended in divorce; by 1910, one marriage in every 11 went on the rocks; in 1920, one in every eight; in 1930, one in every six; and in 1952, the last year for which complete statistics are available, one marriage in every four foundered on the divorce shoals.

As Gibbon so truly stated, the home is the basis of human society. With one marriage out of every four now culminating in divorce, in many cases causing broken homes, the basis of our American Society is being dangerously undermined. With so many disrupted homes, it is small wonder that juvenile delinquency is running rampant. On the divorce issue America follows the dangerous course pursued by Rome prior to its fall.

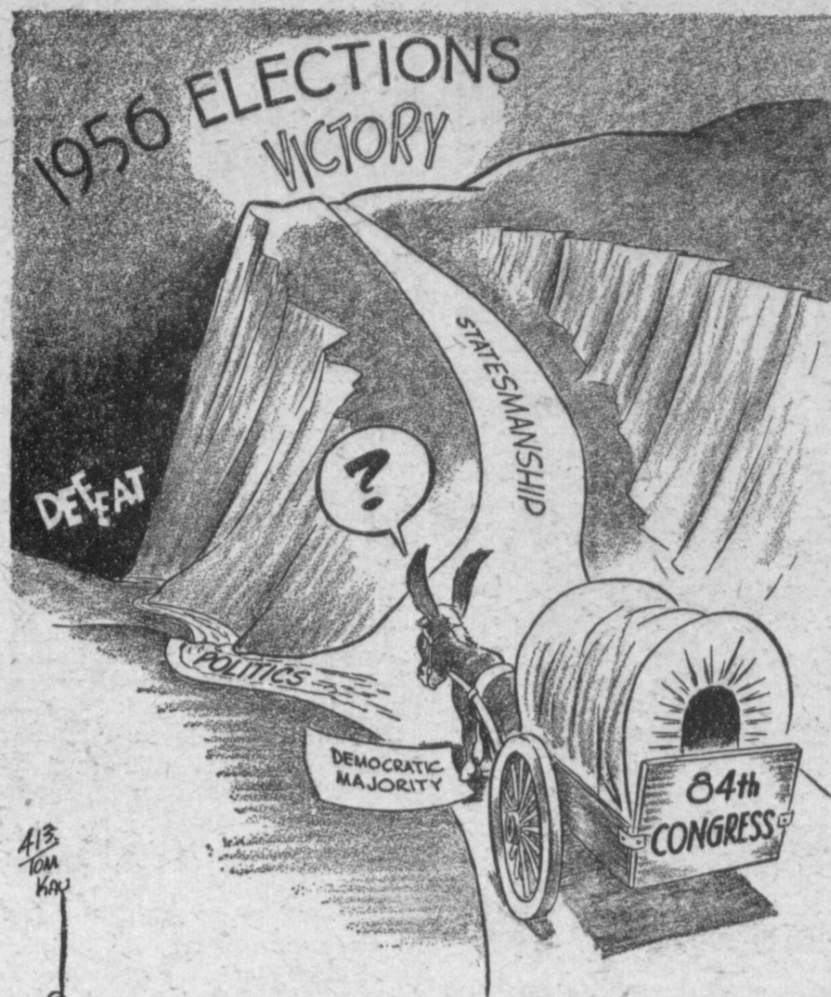

2. Higher and higher taxes—the spending of money for free bread and circuses.

It is hardly necessary for me to state that in this category, the United States is emulating the tax situation that existed in Rome's halcyon days before the bubble burst. Our Federal, State and local Governments have been on a spending binge that inevitably must end in a severe financial headache.

The Great White Father at Washington for the past twenty five years has made the Roman Emperors look like pikers, when it comes to free handouts. Paternalism, Roman style, is the order of the day along the banks of the Potomac. Initiative, self-reliance and thrift are rapidly being replaced by sloth, dependence on government and waste. On the tax and wasteful spending issues, we are outdoing the worst efforts of the Romans.

3. The mad craze for pleasure; sports becoming every year more exciting and more brutal.

On this issue it can be said we follow the sad example of Rome only in part. As a nation we are fanatically pursuing pleasure. The shorter work week has given most of us an opportunity to indulge ourselves in that respect. However, we are not engaging in more brutal sports—the re-

Better Take The High Road

verse is actually the case.

4. The building of gigantic armaments when the real enemy is within—the decadence of the people.

Well, America is building gigantic armaments to protect us from enemies abroad, the while we permit the enemies within—the Commies, the Fellow-Travelers, the Socialists and the so-called liberals to undermine the "American Way" which has been the chief source of our national strength and well-being. Here again we follow closely the pattern set by Rome.

5. The decay of religion; fading

into a mere form, losing touch with life and becoming important to guide the people.

Here, America seems not to be traveling the primrose pathway trod by Rome. During the past few years, there has been a re-awakening to the spiritual values on which America was founded. Increased church membership and attendance are two evidences that our motto "In God We Trust" has been reinstated in the minds and hearts of the American people.

To sum up, America dangerously parallels the sad example of Rome on four of the five

Your Neighbor Is God's Image

By Rev. Wilfrid Diamond

IS THERE ANY difference between the love of God and the love of neighbor? Essentially none. Love of neighbor means love of God, as He is in our neighbor.

The command of Christ to love our neighbor is not just an afterthought or a whim of Christ to make life burdensome for us. Far from it. It is essentially the same as the love of God. You cannot love God and hate your neighbor. That is a contradiction.

IN THE STRONG words of Saint John, "If a man say, 'I love God,' and hateth his neighbor, he is a liar." You cannot say a face is beautiful when you see it directly, and then say it

is ugly when you see the same face clearly reflected in a mirror.

So it is with God and neighbor. Our neighbor is made to the image and likeness of God—a spiritual, not a bodily likeness—because every man has a spiritual and immortal soul, which is made to the image and likeness of God.

THIS SPIRITUAL likeness I must try to see, even though it is sometimes hard to see, like a

lily in the dark. I may not like the way my neighbor walks or talks or combs his hair. I may not like his taste in clothes. I may not like his actions or political convictions. I may not like the things he said about me behind my back.

In short, I just do not like him (nor he, me, perhaps for the same reasons). But I must try to see in him the spiritual likeness of God, and love that godly side of him. I must love God as He is in my neighbor.

I MUST ALSO SEE in him a person who has the same eternal destiny as I have. He is trying to achieve an eternal union with God, whether he knows it or not. So am I. We are fellow pilgrims trying to live out the same days and hours on this same little earth. We should do it together for our mutual advantage.

I must also see him as a person redeemed by Christ, Who died for all men of all times and places. If Christ thought enough of him to die for him, I should think enough of him to be kind to him.

PIOUS NONSENSE? Try it for five minutes and see what a difference it makes. Try it for a week, and those people who now think of you as a beast, will look upon you as an angel. What a difference it would make if everyone tried to see in his neighbor—not a nuisance, not a bore, not an enemy—but a creature whom God thought enough of to make in His own image and likeness.

† Paulist Feature Service, Washington 17, D. C.

counts listed by Gibbon as having caused the decline and downfall of that once great Republic. This columnist hopes and prays that America, having started to reverse its course on the fifth count, this now great Republic will awaken to the grave danger inherent in the other four.

HE MILKED HIS SOIL

This is the way the fence around his farm looked — all blown over with sand eroded from his fields. He was milking a good herd of dairy cows, but he was also milking his soil of every bit of plant nutrients without putting anything back.

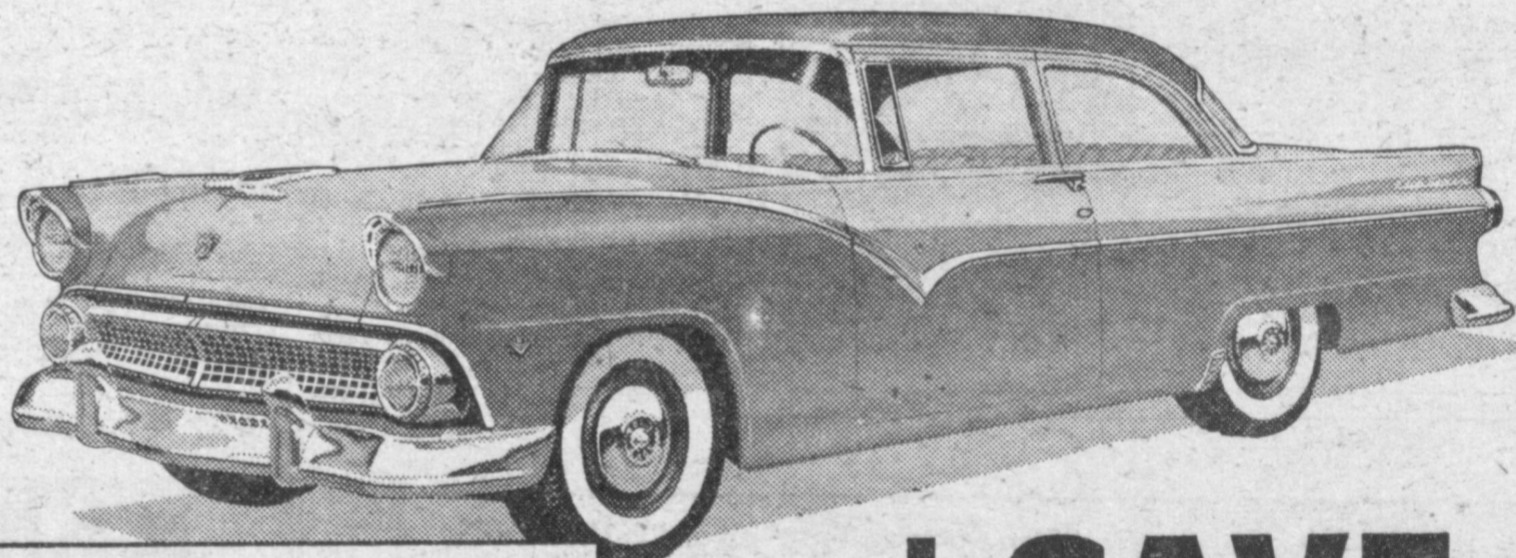

Then one day, his county agent made some suggestions at a meeting; things he could do to stop sand from blowing and rebuild his soil. He terraced the land and he planted cover crops. He plowed under legumes to rebuild his soil. Now he milks only the cows, and because his soil is better he gets more milk.

Money management like soil management can bring success. Let us assist you with any money problems you may have.

4-H'ers Eliminate "Accident Havens"

How many hazards can you find?*

SAFETY, a crop to be harvested on every farm and in every home, is receiving special attention from more than one-half million 4-H Club members taking part in the 1955 National 4-H Safety Program.

As a part of their 4-H Club work, members in all 48 states are correcting hazards such as those seen in the above drawing. They are attempting to reduce the Nation's annual farm toll of 14,500 lives, 1,250,000 injuries, and an economic loss of about a billion dollars.

4-H'ers, working as individuals or in groups through their local clubs, conduct surveys to locate hazards, then correct the unsafe conditions. They give demonstrations on hundreds of topics pertaining to farm, home and highway safety. Members present talks before group meetings and over radio and television; put displays in store windows; and build booths at fairs.

To assist the Cooperative Extension Service in conducting the 4-H Safety Program, General Motors has just published a new "4-H Safety Handbook for Local Leaders," which provides how-to-do-it ideas for carrying out successful safety programs. Copies of the manual will be distributed to volunteer 4-H leaders through County Extension Offices.

In addition, GM provides incentives in the National 4-H Safety Awards program which is arranged by the National Committee on Boys and Girls Club Work. Medals are made available to four county winners; an all-expense trip to the National 4-H Club Congress in Chicago is given to the state winner; and \$300 college scholarships are presented to eight national winners.

*In the drawing, there are more than 45 accident hazards or unsafe practices shown. Don't let them occur on your farm or in your home.

Stainless Steel Skyscraper

New York's newest tourist attraction, now reaching toward the heavens, will be the "stainless steel skyscraper." Occupying a full block on 42nd Street, in the Grand Central area, the gleaming 42-story steel and glass facades of the new Socony-Mobil Building are expected to reflect new architectural light over the 48 states.

More impressive, even, than its shiny magnificence will be its impact on most every type of building, public and private. By its example, commercial buildings, court houses, schools, hospitals, town halls—perhaps even the pokey and disposal plant—man gain new luster and, through newly attainable economics, generate new enthusiasm among tax-payers.

The stainless steel panels to enclose the new building provide a weatherproof, wind-tight, fire-resistant sheathing that weighs about two pounds per square foot, as compared with 48 pounds for a four-inch brick exterior wall. Such panels—when erected as a true "curtain wall"—provide drastic weight reduction that means lower costs for the structural skeleton, from the ground up. Thinner walls mean more square feet of productive floor-space, and panel construction means faster erection, earlier occupancy.

Nor is there any guesswork

here. Directly across the street from the "stainless steel skyscraper" is the famous Chrysler Building with its stainless steel needle-spire and stainless steel ornamentation that is as bright and sound as when it was erected more than 25 years ago.

If you go to New York this summer—or any time in the foreseeable future—the "stainless steel skyscraper" has something for you to bring home—a bright picture of more and better building per dollar. And, after you have looked over its 11 acres of deeply-embossed metallic elegance, you can decide for yourself whether it's pretty.

THE REASON WHY

In America, it is impossible to draw a sharp line and place people in two groups, "capitalists" on one side, "laborers" on the other. This, no doubt, is the reason subversive elements have had such an uphill struggle. There are too many laborers among the capitalists and too much capital among the laborers of America for the communist doctrine ever to be convincing.

The average family today has more than twice as much insurance and four times as much personal savings now as 25 years ago. Seventy per cent more kids are in high school, more than two and a half times as many go on to college now as then. Life expectancy is up 12 years—we're living longer, eating better, earning more!

IT HAPPENED 15 YEARS AGO

July 19, 1940

Mrs. William Henscheid of Idaho, formerly of Muenster, dies. Civic League and Garden Club re-elects Mrs. T. S. Myrick president. New arrivals reported: Ann to the Henry Lukes, Giles to the Andy Trubenbachs, Judy to the Alois Trubenbachs, Mary Ruth to the Herman Fleitmans, and Junior to the William Flusches. Local Mission Circle completes 26 altar linens and vestments for mission churches. Creditors reject refiner's plan to resume operations at Muenster Refinery. Rev. Richard Eved of Corpus Christi is here to assist with parish work while Rev. Francis Zimmerer is taking charge of the Windthorst parish.

10 YEARS AGO

July 20, 1945

Two veterans of European war are back at home: Jimmy Lehnertz, who spent three years in overseas combat and has a discharge from the army; and Herman Stoffels, who will train after furlough here, to fight the Japanese. Mrs. Mary Cauley announces hotel and dining room opening at Wolf building. Muenster Post Office gets stamp cancelling machine. The Joe Horns announce the arrival of Diana. Rufus Bezner breaks left wrist in a fall from a grain drill. The Leonard Yostens announce the birth of Kenneth. Earl Koelzer, Arthur Hellman and Thomas Gremminger were among a group of county inductees to go to Dallas Tuesday for army physical examinations. F. E. Schmitz is elected grand knight of Gainesville KC council. Gerald Stelzer will open electric shop here next week. Val Fuhrmann has arrived at his overseas destination on Luzon. Joe Starke Jr. left this week to begin training for the army. T. Sgt. Charlie Wimmer, stationed in Bavaria, writes that he is waiting for passage to return to the states. Ration Stamp 4 good for one pair of shoes Aug. 1.

5 YEARS AGO

July 21, 1950

VFW launches big project for city park improvement, Doyle Hood is named project chairman; plans call for concrete slab for dancing and roller skating; children's play ground equipment, barbecue pits, lights and

water. Recorded voting strength of Muenster is 603. Rev. Mother Walburga, 77, dies in Jonesboro. Lindsay will be host for Catholic State League convention next week. Henry Weinzapfel wrecks motorcycle but escapes serious injury. Mrs. Herman Dangelmayr is recovering from surgery performed in Dallas. Joseph Felderhoff tells Boy Scout troop about national jamboree he attended at Valley Forge. T. A. Hunt of Saint Jo will open a dry goods store here next week.

Fisher Herd Among Leading Producers In DHIA for June

Paul Fisher's cows were among the top three high producing herds in the County Dairy Herd Improvement association for June according to a summary for the month released by Carl Kemplin, supervisor. Leading the 21 county herds in both butterfat and milk production were H. H. Moody's Holsteins and Jerseys with averages of 40 and 1190 pounds, respectively. Runner up honors in butterfat production went to Hi-Lo Farms animals with an average of 37 pounds, but the cows dropped to fourth place in milk production with 970 pounds.

Fisher's herd was third in both butterfat and milk production with averages of 36 and 984 pounds, and Johnny Masten's cows were second in milk production with 986 pounds.

Kemplin's report reveals that 21 herds consisting of 528 cows were tested in June. Of these 119 produced 40 or more pounds of butterfat with the overall average per cow at 29 pounds. The average pounds of milk per cow was 726.

Among cows in the 40 or over butterfat bracket and their owners are J. W. Fleitman with four averaging 41 to 51 pounds; Alfred Bayer, two, 42-52; John Knabe, eight, 49-52; Paul Fisher, six, 43-55; Martin Bayer, two, 40-46; Paul Fetsch, two, 44-45; Ben Sicking, one, 50; and Peter Prescher, five, 46-62.

Individual high butterfat producers for the month came from the Hoedebeck and Meyers herd. The champ ran up an 85 pound average; the next in line accounted for 71 pounds. Moody's herd contained the individual high milk producer which piled up an average of 1980 pounds.

Moths like paintbrushes.

Needlegrass land can be put to profitable use by seeding vetch which has been properly inoculated and fertilized.

Bulcher News

By Mrs. R. J. Samples

BULCHER, July 18 — Mr. and Mrs. J. M. Shields who were in Austin to attend the wedding of her niece stopped at Hearne to pick up his mother, Mrs. J. M. Shields, and she is their guest here. Joining them for a week-end visit were the Charles Dickermans and family of Myra.

Mr. and Mrs. Bill Blakely visited recently with their son and family, the Buster Blakelys at Waco who brought them back home.

Dexter Dennis is recovering normally from illness and is back at his home after being a patient at Gainesville Sanitarium a few days for treatment.

Miss Janice Milburn is vacationing here with her cousin, Linda Ann Dennis.

Jay Jones who suffered a stroke on July 4 remains in a serious condition at a Gainesville hospital. Mrs. Jones who was also a hospital patient, has been dismissed and is back at home. Men from here are taking turns sitting up with Mr. Jones nights.

Mr. and Mrs. Gid Prather and daughter Jo Ella have returned from a vacation trip to Colorado and Mexico. Accompanying them were Mr. and Mrs. Lucian Vaughn and daughter Audette of Saint Jo.

Mrs. E. Newby who was dismissed from Baylor Hospital in Dallas on July 9 following major surgery on July 1 was in Dallas for a checkup last Friday.

The R. J. Samples who spent

the first part of their vacation with her brother and family, the W. S. Cannons at Nacogdoches and his brother O. H. Samples and family at Mexia, and their son and wife the Bob Samples at Denton, returned home for a short stay, then left to visit the C. D. Johnsons at Archer City, the Selby Johnsons at Andrews and the J. A. Samples family at Lubbock.

Bulcher Clubs Have Joint Picnic Supper

The Bulcher Home Demonstration Club and the Bulcher Progress Club combined their meetings Thursday night, July 14, and had a picnic supper at the community park.

A highlight of after supper entertainment was the showing of movies taken by L. E. Mangel of Healdton, Okla., district superintendent of Kewanee Oil Company. The pictures were taken at a recent safety meeting for employees of the Bulcher area and included shots of almost everyone in the community who had a chance to see how they looked in colored moving pictures.

Other films that followed included several reels of the Blackwell, Okla., tornado where many people lost their homes, 17 lost their lives, and some 500 were injured. Another set of pictures shown was taken while the Mangels were in Colorado.

Among guests were Mr. and Mrs. Mangel, their niece Patsy Hull, Mr. and Mrs. Buck Pickett and their nephew, all of Healdton, and Mrs. J. W. Shields of Hearne, Texas.

Marysville News

By Mrs. Herman Richey

MARYSVILLE, July 18 — Guests in the home of Mr. and Mrs. J. M. Shiflet Saturday overnight and Sunday were the Regan Shiflets and son Larry Gene, Mr. and Mrs. Ed Mathews and son Gary, and Mr. and Mrs. Robert Pourah, all of Dallas.

Mr. and Mrs. Henry Hobbs and daughters Pat and Jean of Gainesville visited here Sunday with relatives and Wanda Richey returned home with them.

Ronnie Hallmark and Donny Whitt left Monday for Arlington where they will work the rest of the summer and attend Arlington State College. They are sons of Mr. and Mrs. Darrell Hallmark and Mr. and Mrs. W. B. Whitt.

Mr. and Mrs. Foster Davidson attended funeral services for A.R. Needham at Addison Thursday.

J. N. Shaw made a business trip to Canadian Monday.

Wendell Richey who works in Jacksboro spent Saturday night with his parents, the Herman Richeys.

Mr. and Mrs. W. O. Grant and family of Alta Loma spent the past week with Mr. and Mrs. B. G. Lyons and they all went to Gainesville for a visit with Mr. and Mrs. Clyde Stiles.

Rev. and Mrs. Gene Hawkins and Nancy of Fort Worth were Sunday guests in the John Richey home.

Giles Doughty of Glen Rose and Leo Doughty of Grand Prairie were visitors in the B. G. Lyons home Saturday.

Mr. and Mrs. Herman Richey had as guests Saturday Louis Glenn Henly of Houston, Chester Henly of Dallas, and Doyle Hammon of Fort Worth.

Deanna Richey is vacationing with her uncle and aunt, the R. A. Sparkmans at Valley View.

Mr. and Mrs. B. G. Lyons attended a family gathering at

Leonard Park in Gainesville Sunday. Other family members present were Mrs. E. L. Young and Wayne Young of Tyler, the W.O. Grants and family of Alta Loma, the T. B. Halls and daughter Kathleen and Lucian Bone of Dallas, Mr. and Mrs. R. A. Sapp, Mr. and Mrs. W. M. Welch and family, Mrs. Queenie Bone and Mr. and Mrs. Jack Butts and family of Gainesville.

LINDA GRACE WHITT HAS BIRTHDAY PARTY SUNDAY

Linda Grace Whitt, daughter of Mr. and Mrs. W. B. Whitt, celebrated her birthday Sunday with a party in the afternoon. She was 8 years old and received a shower of gifts from the guests.

Mrs. Whitt directed games and contests and presented prizes to Nancy Hawkins, Jimmy Don Robison and James Whitt. Other guests were Linda Richey, Joe and Kathy Hallmark, and Linda King. Refreshments of birthday cake and ice cream were served by the hostess.

"In these modern times it seems that everything in the home is controlled by a flick of the switch, except the children."

HE'S A SEW-AND-SEW—Ticketed motorists who mutter "so-and-so" as Tennessee Trooper Marvin D. Walker walks away from their cars have the right phrase in mind, but the wrong spelling and meaning. The 215-pound six-footer fills the ticket as a top-notch dressmaker in his Memphis, Tenn., home, where he has made more than 40 frocks for daughter Barbara Jo, 6, at right. He also mends uniforms for fellow troopers.

JOE WALTER LUMBER CO., INC.

Local News BRIEFS

Mr. and Mrs. John Fisher and children Jeanette, Francis and Rosemary left Monday morning on a ten-day vacation trip to Colorado and California. They'll visit John's sister Ida and her husband, the C. H. Fladungs in Longmont, Colo., and their daughter Ruthie and her husband, the Max Rummelharts in Alameda, Calif. Jeanette, a student nurse at St. Joseph's Hospital in Fort Worth, has a month's vacation.

Miss Joan Roberg returned to Fort Worth Sunday after a two-week vacation with homefolks. She had as her guests for about a week her roommate, Miss Colleen Karst, and the two girls drove to Amarillo to spend a few days with friends. Before Colleen returned to Fort Worth Joan entertained with an outing at Turner Falls in her honor.

Mrs. Joe Wimmer and family had as a recent guest, Mrs. Henry Pittman of Ardmore who came to Muenster especially to make the acquaintance of the Wimmers' new daughter Karla Kay.

Mr. and Mrs. Gleen Coffman and daughters Janet and Judy have been vacationing with their parents, the C. M. Coffmans at Madill and Mrs. Fanny Pickens at Durant; and Glenn's been doing some fishing at Lake Texoma while he's on vacation from the NTPA milk plant.

Mrs. Irene Newton left last Thursday to return to her home in Syracuse, N.Y., after a 10-day vacation visit with her parents, Mr. and Mrs. George Lutkenhaus and family. Joining her on the trip to Muenster and also guests of the Lutkenhaus family were Miss Charlotte Wilson and Joe Witherell of Parishville, N.Y., and George Witherell of Syracuse.

Miss Ann Luke is a new employee at the Relax Theatre.

Father Louis officiated at christening services Thursday evening for Robert Joseph Hermes, infant son of Mr. and Mrs. Julius Hermes Jr. The little boy's grandparents, Mrs. J. P. Flusche of Muenster and Julius Hermes Sr. of Lindsay, were sponsors.

Mr. and Mrs. Joe Swirczynski left Monday for a visit in Woodman, Colo., with their daughters and families, the Alex Knaufs and the Clarence Erpeldings.

They made the trip with Mrs. Knauf and son Alvin and Mrs. Erpelding and daughter Diane, who returned home after a visit here. Mr. and Mrs. Ed Swirczynski of Fort Worth, on their vacation, went with them, in their own car. The two cars traveled together. Ed and his wife will be in Colorado about a week. The Joe Swirczynskis will stay longer. While they are away, the George Swirczynski family is living on their farm. In the meantime George's house will get a new roof and other improvements.

From Oklahoma City comes word from the Joe Wilps, formerly of Muenster, that Mr. Wilp is able to work again though he will never be able to do heavy work on account of his leg which was broken three years ago. He is employed as an elevator operator at the Biltmore Hotel. The couple's son Robert is a baker at another hotel and their other son, Walter, is working on a ranch at Masterson, Texas. The Wilps sent regards to all their friends here.

Guests of Angela Laake and Rosa Driever Friday overnight were their niece and cousin, Mrs. Angela Demmer and daughter Miss Angela Ann of Union, Okla.

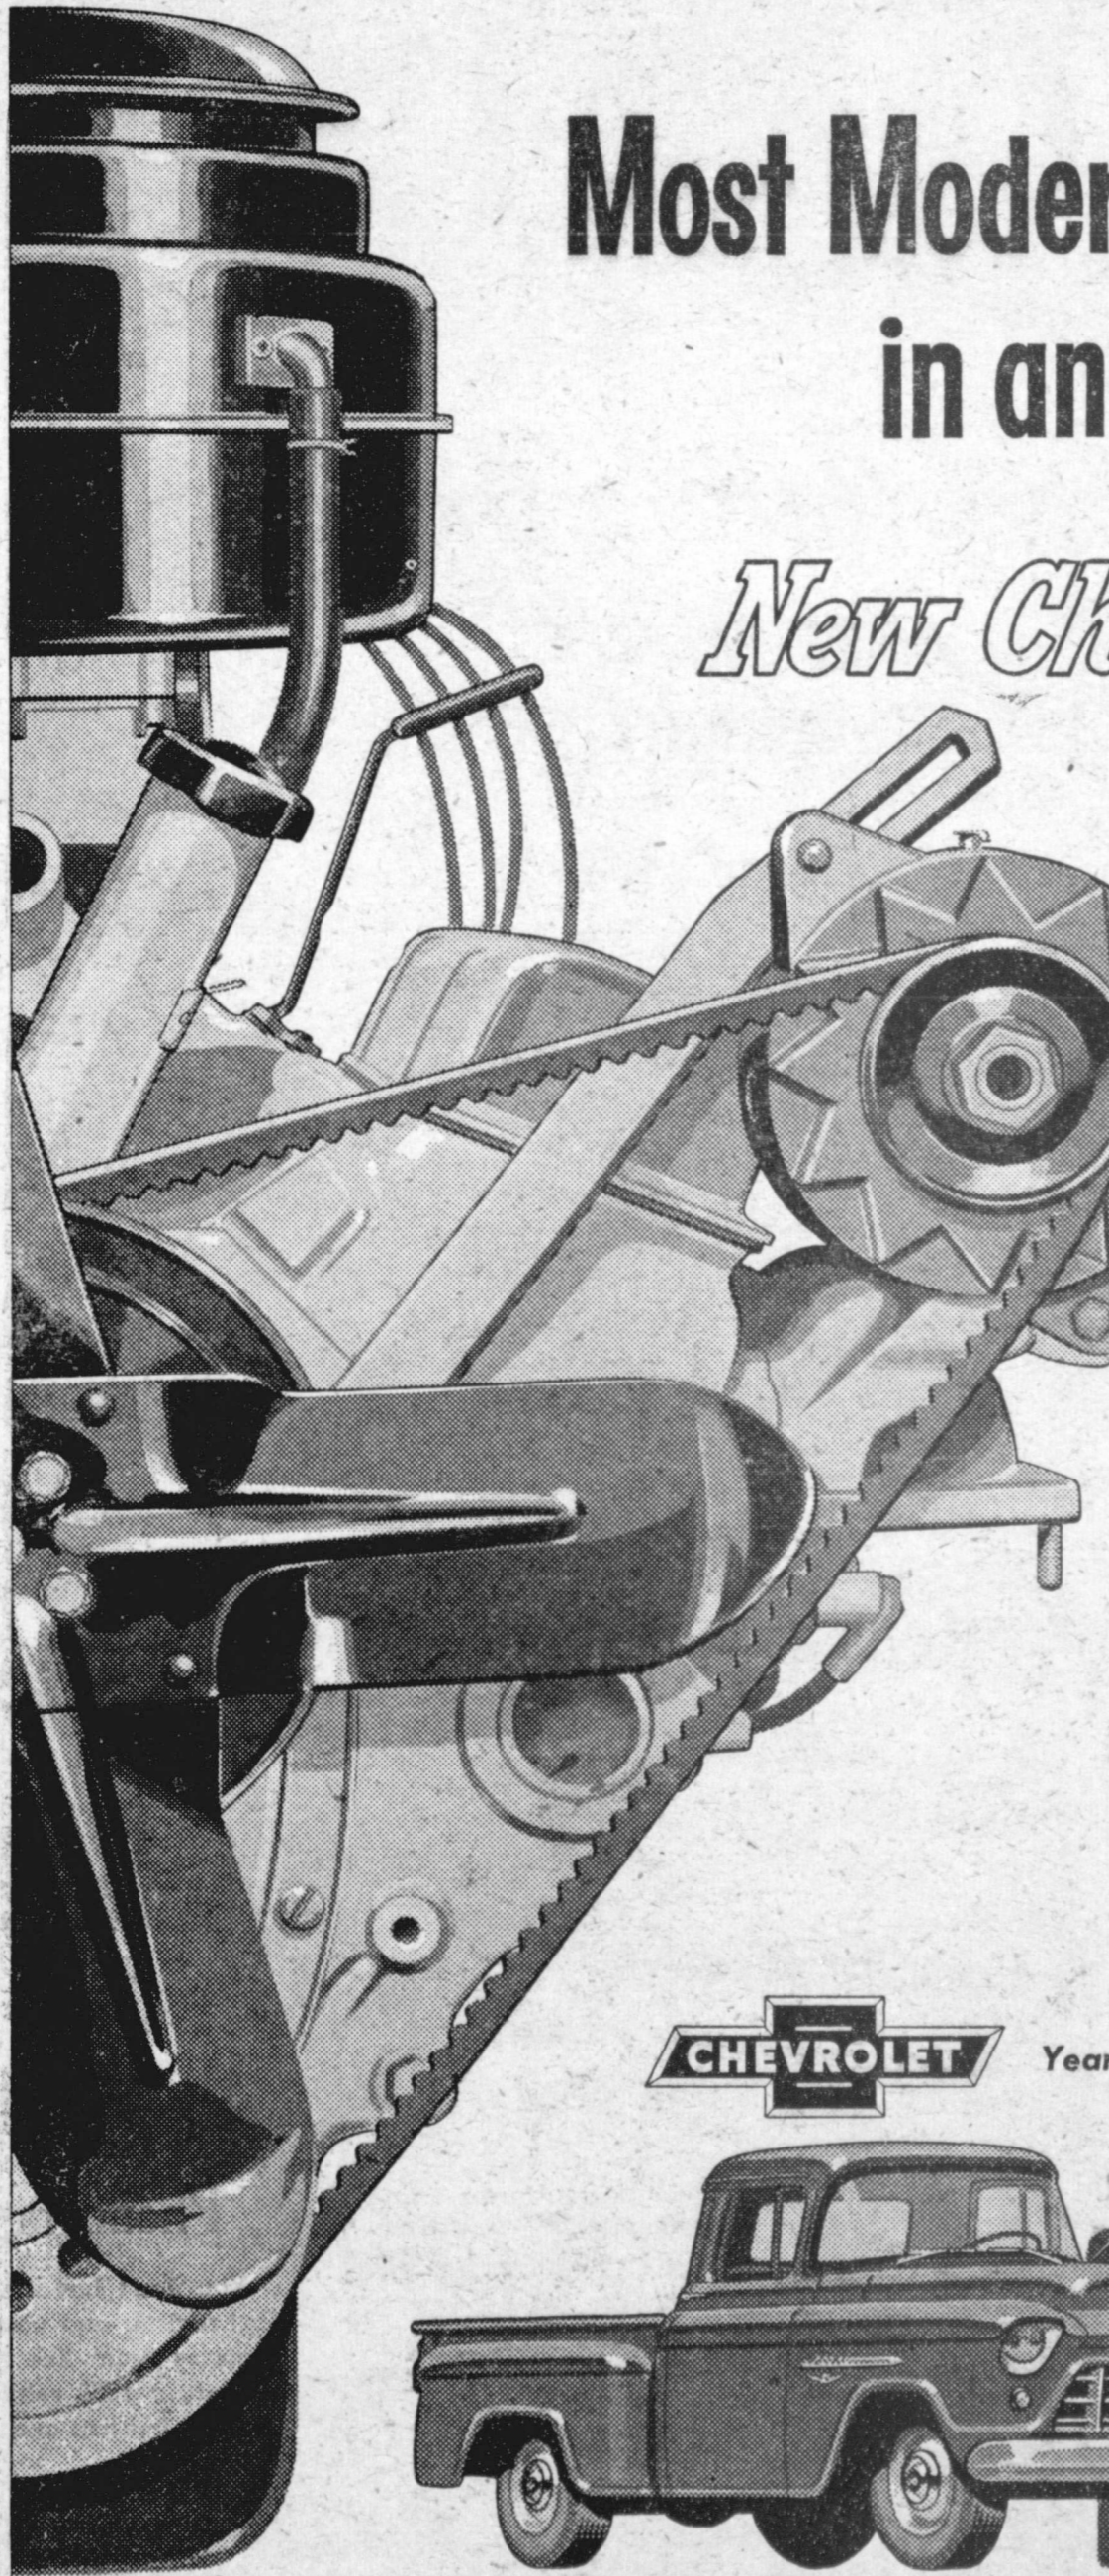

They were on their way home after a week of visiting with relatives and friends in Temple, Galveston, Corpus Christi and San Antonio. Mrs. Demmer had visited here 34 years ago and was amazed at Muenster's growth and progress since that time. It was her daughter's first visit here.

Miss Anna Grace Fette, a student nurse at St. Joseph's Hospital in Fort Worth, has a month's vacation and is visiting here with homefolks. She plans to spend part of the time working at a Gainesville hospital.

Mrs. Fred Hoedebeck returned Friday from Subiaco, Ark., where she spent a month sewing at the Benedictine Abbey.

Most Modern, Shortest Stroke V8's* in any leading truck!

New Chevrolet Task-Force Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction . . . longer engine life!

Here are more dollar-saving reasons why new Chevrolet trucks offer you the most modern V8's* your money can buy!

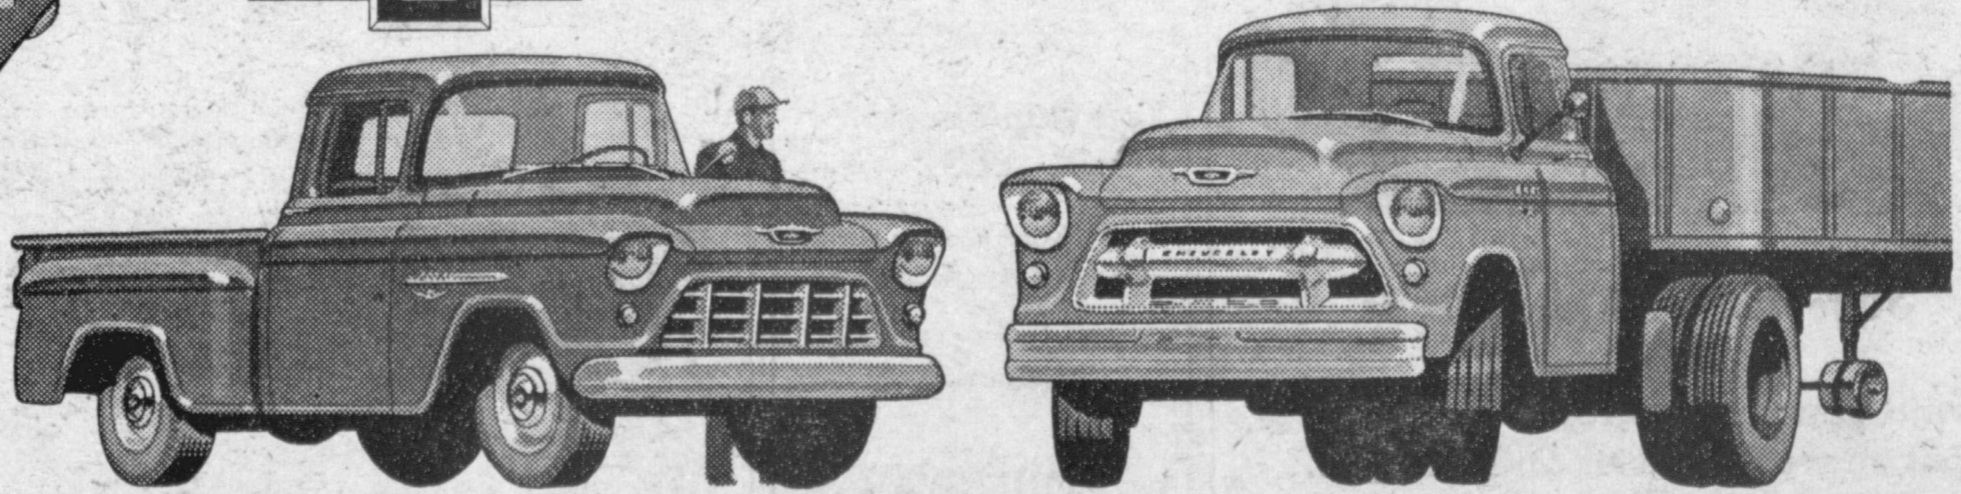

- MODERN 12-VOLT ELECTRICAL SYSTEM**
You get double the punch for quicker starting (up to 30 percent faster cranking speed) and a hotter, fatter spark for more efficient ignition.
- GAS-SAVING HIGH-COMPRESSION RATIO**
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of every tankful of gas.
- EXTRA-HIGH POWER PER POUND**
Since these V8's deliver high power per pound of engine weight, more of the power is actually available for hauling.

- ADVANCED AIRCRAFT-TYPE VALVES**
Valves function independently, as in modern aircraft engines. Valve action is more positive at all speeds for finer, smoother performance.
- FLOATING OIL INTAKE . . . FULL-PRESSURE LUBRICATION**
New floating oil intake selects the cleanest oil for engine lubrication. Full-pressure lubrication system provides positive protection for vital engine parts . . . extends engine life.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Year after year . . . America's best selling trucks

Soil Conservation Notes

Terraces that will make water "walk" instead of "run" off of sloping fields are being built by cooperators of the Upper Elm-Red Soil Conservation District in the Muenster area. The terraces break up the length of slopes and slow down water movement so that precious top soil and fertility will not be removed from cultivated fields.

Gary Hess is building one mile of field terraces on his farm south of Muenster. They are the broad channel type terraces that are easy to cross and easy to work. They will outlet onto a Bermuda grass waterway that was sodded several years ago to provide a safe outlet for terrace water. This completes terracing on the Hess farm. All fields now have the protection of terraces to prevent soil and water losses.

Ray Sicking of Myra is also building nearly a mile of terraces. He is building them with farm equipment using his tractor and three-disc plow and the island method of construction to get them properly built. These terraces also empty onto a Bermuda grass waterway sodded for that purpose.

A diversion terrace over 2000 feet long has been built by Johnny Bayer on the old Wilson farm. The terraces will divert hill water from running across a bottomland field. They'll carry some 40 acres of pasture run-off water to a grassed waterway that was shaped and sodded last year.

Wayne Thompson at Dye Mound has also recently completed a 1200-foot diversion terrace to protect a bottomland field from outside water.

A pond to furnish water for livestock has been completed on the Dangelmayr Brothers south ranch. The extra water will enable better distribution of grazing and better grass management in the pasture.

Alois Trubenbach has just finished combining King Ranch Bluestem seed from the grass nursery plot on the Wilde farm. The seed will be used to plant the grass on additional acres next spring.

THE STATE OF TEXAS
County of Cooke

In the Name and by the Authority of The State of Texas. To: J. A. Arthur, whose residence is unknown. Heirs and representatives of J. A. Arthur, whose residence is unknown, the heirs and legal representatives of J. A. Arthur, deceased, whose name and residence are unknown, and the respective heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 16th Judicial District, Cooke County, Texas, wherein State of Texas & County of Cooke are plaintiffs; and J. A. Arthur and his heirs and legal representatives are defendant, by the filing by said plaintiff of a petition on the 12 day of July, 1955 and the file number of said suit being No. 584 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to wit:

A lot 50 x 150 feet out of the Thos. Toby Survey, Abstract No. 1059 in City of Gainesville, more fully describes as follows:

Beginning at a point 50 feet south of the NW corner of a tract of land sold to D. W. Carnham by J. J. Curtis;

Thence East 150 feet;
Thence South 50 feet;
Thence West 150 feet;
Thence North 50 feet to place of beginning, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:

State of Texas and	\$113.54
County of Cooke	\$104.78
City of Gainesville	\$218.32
TOTAL	

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgement, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 29th day of August, A.D. 1955 (which is the return day of such citation), before the honorable District Court of Cooke County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Gainesville, Cooke County, Texas, this 12th day of July, A.D. 1955. Woodrow U. Clegg, Clerk of the District Court, Cooke County, Texas, 16th Judicial District. By Anna Mae Shorter, Deputy (35-36-37)

July 24-30 Named Farm Safety Week

COLLEGE STATION — The week July 24-30 should be for every Texan on and off the farm a practice period in prevention of accidents. The period has been designated as Texas and National Farm Safety Week.

The Texas Farm and Ranch Safety Committee believes that accidents on farms do not occur because farmers and their families are more careless than other citizens. But with excess work and fatigue they often neglect necessary precautions in working with power equipment and edged tools, and in keeping in good repair articles which are used frequently.

Prevention of accidents has a deeper importance than merely keeping people fit to do their work. The waste of human lives, the pain and sometimes permanent crippling resulting from accidents, and the disruption to family life when a member is injured are of even greater consequence. The distressing thing, points out the committeemen, is that so large a part of accidents which are happening daily could be avoided by caution and common sense safeguards.

Hazards to life and limb in homes and farm buildings are many and obvious. A systematic check will reveal them, and knowledge of them is an urge to remove them. Falls cause more injuries in the home than any other type of accident. Looking before stepping could reduce such accidents, suggests the Safety Committee.

Finally, the Committee suggests that these seven days should take on special significance. It is time that farmers and their families and neighbors pooled their efforts toward making their industry as safe as any other in the nation. And as stated in the theme for Safety Week... "Your Safety is in Your Hands."

N. Texas Dairymen Receive \$5.16 Base Pay for July Milk

Producers supplying milk for the North Texas fluid milk market (Dallas and Tarrant Counties and 14 surrounding counties) are to be paid a minimum of \$5.16 per hundredweight for base milk sold in June 1955, according to an announcement by Byford W. Bain, Market Administrator. Excess milk sold during the same period is to be paid for at not less than \$3.10 per hundredweight. These prices are the same as those paid for the month of May. For each point (0.1%) that the average butterfat content varies from 4.0%, a butterfat differential of 6 cents applies.

This price was computed from reports submitted by milk handlers regulated by the North Texas milk marketing order. The June base price this year is 68 cents above a year ago and the June 1955 excess price is 26 cents above a year ago.

"While it may be difficult for a rich man to enter heaven, it's also very difficult these days for a poor man to remain on earth."

Bids Invited for 3 More Reservoirs On Elm Watershed

Bids for construction of three more flood prevention reservoirs on Elm Creek are now being received, according to J. W. Hess, chairman of the board of supervisors of the Upper Elm-Red Soil Conservation District.

The three sites are on the north watershed of Big Elm Creek about three miles south of Muenster. One is on the Ben Voth farm the other two are on the farm operated by Theo and Ray Voth.

The reservoir on Ben Voth's will have a permanent pool of 5 acres and a watershed of 625 acres. The other two, with permanent pools of 8 acres and 4 acres will have watersheds of about 575 and 500 acres respectively.

The three dams, officially designated as 6-M, 6-N and 6-O, are the eighth, ninth and tenth to be built in the Upper Trinity flood control program. Five are already completed and two more are under construction. The five completed reservoirs have already been credited with preventing a flood on Big Elm.

Bids for construction of the reservoirs will be received until 2 p.m., August 9, 1955, then will be publicly opened and read. Major items of work consist of the following, all being approximate:

Clearing and grubbing, 33.5 acres; excavation, 57,500 cubic yards; placing and rolling embankment, 222,500 cubic yards; placing of topsoil in earth spillway, 17,000 square yards; Concrete, Class A and B, 131.85 cubic yards; furnishing and installing 600 feet of reinforced concrete pipe and 160 feet of bituminous coated, galvanized, corrugated sheet metal pipe; and furnishing and installing 8,086 feet of wire fence.

SCS specifications also call for all work to be completed within 190 calendar days from date of receipt of notice to proceed.

Lindsay News

August Schmidkofer of Lindsay was taken to Gainesville Sanitarium at 1:15 Wednesday afternoon for a checkup and treatment after his car and a truck crashed on Throckmorton and Harvey Streets. Schmidkofer, driving his 1931 Ford was reportedly going south on Throckmorton when his car was struck in the left rear fender by a foods truck traveling west on Harvey. The crash is said to have thrown Schmidkofer, 84, from his car to the pavement. No report on injuries received by Mr. Schmidkofer was available Thursday morning but it was believed that he was not seriously hurt.

Mrs. H. P. Stoffels is settled in her new home in Lindsay. She had been living on a farm north of town. The family's move to the new house came while Marine Cpl. Billy Stoffels was at home on leave and they had a family reunion housewarming with all nine children and 17 grandchildren present. Mrs. Stoffels' home is just south of her son's Pete Stoffels.

be "Land and the Spirit" and Mrs. E. T. Noyes, vice president and members of the board of directors of the Dallas-Fort Worth diocese National Council of Catholic Women who will talk on "The Catholic Woman as an Example and Leader of Our Youth."

Registrations for delegates will begin August 29 at 1:30 p.m. and meetings that day will be for secretaries of the Life Insurance Union.

Official opening of the convention is slated for 10:30 a.m. On August 30 with welcome addresses and appointment of committees. Sectional meetings will be held in the afternoon, and at 7:30 p.m. there will be a Youth Rally with Father Albert Henkes, moderator of the Youth Section as keynote speaker.

On Wednesday, August 31, a solemn pontifical mass will be celebrated by the Most Rev. Thomas K. Gorman, Bishop of the Dallas-Fort Worth diocese. The Rt. Rev. Abbot Paul Nahlen will deliver the sermon. The Catholic Day program will begin at 7:30 p.m.

A final general meeting of all sections at 9:15 a.m. Thursday and Benediction will conclude the convention.

Sacred Heart High school gym will be the general convention hall. Dinner will be served at noon on Tuesday, Wednesday and Thursday in the parish lunch room where supper will be served Monday, Tuesday and Wednesday.

Added attractions will be a mission exhibit, a press exhibit and a souvenir stand.

Showers Add Inch Of Moisture and Drop Temperature

Welcome showers during the past weekend broke three weeks of hot, dry weather and helped the farming situation in general besides bringing much more pleasant working conditions. Temperature after the rains dropped to highs of about 90 after topping the hundred mark for several days in a row.

As usual pasture grasses, brightened and hay crops started putting on growth for the next cutting. However corn, in general, was too far along to get any help. A few scattered fields are still green and have a chance of using the moisture to fill out better quality kernels, but most fields are too near to maturity.

Possibly as important as crop benefits was the improvement in plowing conditions. Before the showers farmers were leaving their fields one after another because of the hard ground. The soaking has prepared their land for a better and easier job.

The rain was spread over three days of drizzles and light showers, all fine soakers. However it was not at all uniform. Some parts of the community report as much as three inches, others less than one inch.

The measure in Muenster, according to Steve Moster's official gauge was .46 Saturday morning, .25 Sunday morning and .35 Monday morning.

"HOT" LAUNDRY—Hottest laundry operation in the United States, perhaps, is at the Atomic Energy Commission's Hanford, Wash., plant. Water absorbs dangerous atomic radiation coming from handling equipment which is being repaired. Hooded and masked "laundresses" are actually male technicians and scientists employed by General Electric, which runs the plant for the AEC.

record of 18-1. Their one loss was early in the season when Era put on a 3-run rally in the seventh for a 3-1 decision.

A summary of the team's season record indicates that the achievement is due mainly to the consistently good performances of the individuals. Of the 12 players on the official roster, 7 had batting averages of .300 or over. Joe Felderhoff tops the group with .450, however he had a short season, batting only 20 times. Next best is Randy Bayer's

.400 out of 10 times at bat. Others in the steady hitting group batted 50 times or more. They are Norbert Mages, .380; Gene Hoedebeck, .358; Leo Becker, .327; Melvin Herr, .314; and Glenn Coffman, .300.

Other summary figures show the Bombers leading their opponents 128 to 47 in hits and 171 to 41 in runs. They got 58 walks and opponents got 41. Coffman's pitching record was 111 strike outs, 47 hits and 41 walks. He pitched every loop game of the Bombers' season.

The above statistics, except in
