

3rd Order Triduum Plans are Complete

Program plans are complete and a schedule of services and conferences has been arranged for the annual triduum for the Third Order of Saint Francis which opens here Tuesday morning, Feb. 28, in Sacred Heart church.

Rev. Elias Koppert, provincial of the Order from Chicago, will direct the three-day services and deliver the conferences.

Mass at 8:20 a.m. will open each day's program and the first conference by Father Elias will follow immediately in church. The afternoon sessions will be held in the parish hall at 2:30.

A part of each day will be devoted to visiting the sick, and Father Elias and local members will visit the Gainesville confraternity of St. Mary's parish on the evening of Monday, Feb. 27, and will meet with the Lindsay members of St. Peter's parish on March 2.

Plans for the triduum were completed at the local confraternity's meeting Sunday afternoon in the parish hall following recitation of the office in church.

J. W. Hess, prefect, conducted the session and led the opening and closing prayer. Forty members attended.

Three members of the Muenster public school faculty are working on master's degrees by attending Friday evening classes at NTSC. They are Lawrence Saye, Weldon Holland and Miss Betty Stewart.

Parochial Seniors Begin Rehearsals On 3-Act Comedy

"Bolts and Nuts," a three-act comedy by Jay Tobias, is the choice for the Sacred Heart senior class play which will be presented in the Muenster High school auditorium Sunday, March 11, at 8 p.m. Production is under the direction of Sister M. Patricia, class sponsor.

The play opens at a health resort somewhere in Missouri. Manager of the Bolt Sanitarium for Mental Hygiene at the resort is Veronica Koelzer. Carol Voth is her niece, Benita Bolt. Caroline Hesse is cast as Lutie Spinks, the maid who winks, and the cook, Martha Grubb, is Beatrice Zimmerer.

Charles Felderhoff plays Twink Starr, Benita's fiance, with delusions of grandeur. Dr. Hippocrates Joy, played by Basil Reiter, is a psychiatrist. Melvin Schoech plays Henry Goober, a colored porter, afraid of lunatics. Ervin Henscheid portrays Phineas Plunkett, a lawyer with a humility complex.

Other characters in the play are: LaVerna Hess as Miss Prunella Figg, a patient with claustrophobia; Rodney Walter, Cad-walleder Clippy, afraid of cats; Nelda Bayer, Mrs. Gerti Glosop who fears contamination. Portraying her darling child is Clifford Endres (the only character not a senior).

Georgia Ann Owen is Ava Gale Silverspoon, who brings her sister, Gale Silverspoon to the Sanitarium. Portrayed by Donna Hofbauer, Gale thinks and acts as if she has returned to her childhood days and is afraid of eye glasses. Also in the cast is Jack Gordon, a young interne, played by Thomas Hesse.

(Kent Bellah Photo)

Lt. and Mrs. Warren Harvey Crump are making their home in Alexandria, La., following their recent marriage in Forestburg. She is the former Miss Dama Louise Jones, daughter of Mr. and Mrs. Casey Jones of Forestburg. Lt. Crump's parents are Mr. and Mrs. Warren Crump of St. Louis, Mo.

The double ring ceremony was performed in the Forestburg Methodist church at 3 p.m. February 4. Rev. Jim Yarbrough, pastor, officiated. The couple repeated their vows beneath an arch covered with greenery. The altar was banked with white gladioli and candelabra.

Mrs. Gordon Hill, pianist, and Miss Virginia Hudspeth, soloist, provided traditional wedding selections.

The bride, given in marriage by her father, wore a white wool jersey street-length dress trimmed with pearls. Complementing her attire was a white satin hat with a nose veil. She carried a white carnation bouquet on top of a white Bible.

Miss Gretchen Sue Bell of Wichita Falls was maid of honor. She wore a light blue faille and jersey dress with black accessories and carried pink carnations.

Diana Jones, the bride's sister, and Gordy Lunch were candle-lighters.

D. N. Harris of Alexandria was best man. Following the ceremony a reception was held in the annex of the church. Miss Jackie Miller presided at the punch bowl, and Miss Helen Ellzey served wedding cake. Mrs. Russell Fenaligo registered the guests.

Mrs. Crump is a graduate of Forestburg High school and attended North Texas State College. She had been employed by Lone Star Gas company in Wichita Falls. Lt. Crump was graduated from St. Louis High school and has been in the service since 1952. He was stationed at Sheppard AFB in Wichita Falls before his transfer to the Alexandria air base.

Walterscheid Family Has Reunion Sunday

Honoring Mr. and Mrs. Carl Allison and daughter Carla Sue visiting here from El Paso, her mother Mrs. Joe Walterscheid and members of the family gathered Sunday for a reunion in the parish hall.

Everyone brought covered dishes for a bountiful dinner at noon and spent the afternoon visiting and listening to music. Mrs. Allison, the former Katie Mae Walterscheid, joined the music makers with an accordion. She played with them before her marriage. Others in the group were Denis Walterscheid, guitar, Norma Jean Walterscheid,

piano; and Sonny Walterscheid accordion.

About 70 members of the family were present. Joining them in the late afternoon for a surprise visit were Mr. and Mrs. John Henscheid of Norman, Okla., their son and daughter-in-law, the Harry Henscheids and children Linda and Harry, also of Norman.

Mrs. John Henscheid and Mrs. Joe Walterscheid are sisters. The Oklahomans later visited other relatives here.

Mr. and Mrs. Allison and daughter left Monday evening to return to their home. They had been here a week.

Attending in addition to the girls' parents were Mrs. Mary Schmitz of Valley View, Rufus Henscheid, Misses Gretchen Hellman, Colette Hellman, Juanita Wieler, Florence and Janie Henscheid, Emma Fisher and Betty Bierschen.

Church Service and Social Sunday End Scout Week Program

As a climax to the observance of National Boy Scout Week members of Troop 664 and their parents attended evening Mass Sunday at 7 o'clock and received Communion in a body.

Father Patrick Hannon officiated at the services and directed a part of his sermon to the Scouts. He reminded them of their obligations and urged them to live up to the Scout code and law.

After services the group gathered at the parish dining room for a covered dish supper brought by the boys' mothers. Fifty persons were present.

Mrs. John Felderhoff Has Birthday Surprise

A birthday surprise greeted Mrs. John Felderhoff Saturday at her home when her children and grandchildren gathered there bringing covered dishes for dinner at noon, a decorated birthday cake and birthday gifts.

The group spent the afternoon visiting and playing games. Present from out of town were Mr. and Mrs. Aubrey Jennings and children of Wichita Falls.

Mrs. Felderhoff's birthday is on Feb. 12, and the celebration coming a day early, made it a complete surprise.

Sunday, guests of the H. L. Jacksons were Mr. and Mrs. Joe Parker of Fort Worth.

Talk on Annuals Features Program At Garden Meeting

"The Indispensable Annual" furnished an interesting subject for the program of the Civic League and Garden Club's February meeting Monday night and Mrs. R. N. Fette, as principal speaker, presented an informative discussion on the topic.

The meeting was held in the home of Mrs. Lee Toothaker with Mrs. Byron Sears as co-hostess. Nineteen members attended.

Mrs. Fette explained how to make a yard a pretty picture by planting annuals according to height and color, listed those which are hearty and gave hints on how to plant and care for them. Members had answered roll call by telling what they plan to plant this spring and summer.

Also on the program was a short reading by Mrs. Joe Luke. It was entitled "George Washington First to Study American Roses."

During the business session Mrs. Tony Gremminger presided and committee chairman gave reports. The Park committee told about replacing five Live Oak trees, living memorials to Muenster's gold star service men. There are 14.

It was announced that the District II meeting will be held in Fort Worth at the Texas Hotel on March 20.

In planning their next flower show members tentatively decided to make it an Iris Show. Mrs. Toothaker's conservation report was given by her husband, a member of the local soil conservation work unit.

Floral displays in the home consisted of a table arrangement of white chrysanthemums and fern, and elsewhere several unusual and attractive dried arrangements done by Mrs. Toothaker, and a unique arrangement by Mrs. Joe Luke. This consisted of bleached drift wood, white carnations and pink succulents.

After adjournment the hostesses served heart-shaped chicken salad sandwiches, Hawaiian banana bread, cranberry bread, pecan fingers in heart shape, carrot cookies, Valentine heart candy and coffee.

The March meeting will be held in the home of Mrs. L. A. Bernauer with Mrs. F. J. Yosten as co-hostess. Program theme will be "Pollination of Plants" and Mrs. John Mosman will be principal speaker.

The George Letsons had as guests Sunday their mothers, Mrs. S. D. Varner and Mrs. H. E. Letson of Weatherford.

Right-To-Work States Doing OK

Eighteen states have passed right-to-work laws. While they differ in detail, in broad principle they are all the same. They guarantee that a man has a right to join or not to join a labor union or any other legitimate private organization, and still get and keep a job. In short, they protect him against coercion by either the employer or the un-

ion. One argument against these laws is that they hurt the economy generally. But a survey made of the 12 states which have had the laws since 1947, and so have had a chance to see just what results have been, belies that absolutely. These states have matched or outstripped national average gains in such important barometers of economic health as non-farm employment, business in operation, population growth, per capita earnings, retail sales, new construction and bank savings accounts. In some cases the differences are spectacular — business and personal savings, for example, increased 34 per cent more in the right-to-work states than in the others.

No one claims that the laws alone are the reason for such improvement. But the facts certainly prove that the laws in no way hurt workers or others.

Going beyond the statistics, the truth is that the right to work is as fundamental as religious freedom and the right of free speech, free assembly, and free press. Where the right to work does not exist, there is no real freedom.

Punctuality is the art of being no later than anybody else.

Lent is the Time to Take Up Your Cross

By Bishop Fulton J. Sheen

LENT IS the time of the great drama. It is the season when all attention is focused on you and what you will do about suffering.

All year long you are confronted with suffering. But Lent is a special "suffering" season for it is the prelude to the greatest suffering of all time: Christ's death on Calvary.

OUR LORD told us, "Take up your cross and follow me." He did not say, "Take up My Cross." Each one of us has his own cross, his own suffering, tailor-made and custom-built to fit the bearer. Lent is the time to recognize and embrace that cross.

Sheen

The size of the cross does not matter; it's your willingness to accept it that counts. There is the cross of death, for instance, when God takes some loved one home to eternal happiness. Don't fight God over this death. Accept this suffering as a means of turning your thoughts to life after death.

ALL OF US have the cross of sickness, either in our own lives or in others. The tragedy of sickness is not the pain it brings, but the great amount of pain that is wasted. Willingly accept your pain, and find the love of God in your sorrow. It is typically American to feel

that only "big" things count. But from the Christian point of view, things become "big" in the way that our wills utilize them. Hence, mopping an office for the love of God is "bigger" than running the office for the love of money.

SUFFERING ITSELF won't bring you to God, of course. A baker and a monk may both get up at two o'clock each morning. Both may not be happy about it. But one may curse God, or at least be annoyed, while the other offers it up for the love of God.

So it is with all suffering. We can use it or waste it—this is the drama of Lent.

THE REASON WHY most of us are what we are, mediocre Christians, "up" one day, "down" the next, is simply that we refuse to let God work on us. We want to control the process. Lent is the time to bend our wills to God's; to let Him work on the canvas of our souls.

Since God is a better artisan than you, the more you abandon yourself to Him, the happier He can make you. It is good to be a self-made man, but it is better to be a God-made man. Try it — by spending a Holy Hour a day during Lent in prayer and meditation.

YOUR HEART is in your hands. Only you have the freedom to give it away. To whom will you give yours; to your moods, your passions, your egotism, or to God? Lent is the time to decide.

Free Nations Are Like Gardens

A well-kept garden is beautiful and may appear free of pestilence. But every gardener knows the garden's beauty will soon decay and fall into ruin without constant care and protection from weeds, rodents, insects, fungi and its other enemies.

A free nation is like that garden. It must be everlastingly guarded against enemies within as well as without who would gradually eat our freedoms away, until the stage is set for the final destruction of representative government dedicated to maximum liberty and opportunity for all.

Courageous and Sound Approach

There has been so much criticism of Secretary of Agriculture Benson than an inadequately-informed person could readily believe that he and his policies suffer the virtual unanimous opposition of the farmer.

This is not the case. Large, important and far-sighted farm groups respect and support the Secretary and his objectives. For example, the American National Cattlemen's Association, at its recent annual convention in New Orleans, passed a formal resolution commending the Secretary for his "courageous and sound approach" in trying to maintain a free agricultural economy.

The wording is significant. A so-called "solution" to the farm problem which reduces agriculture to bureaucratic domination is far worse than no solution at all. It is to the credit of the cattlemen and other livestock producers that they have long understood this and have been leaders in opposing proposals which would take away their

freedom and independence in return for federal handouts. And they have held that position during periods when meat prices have been seriously depressed.

Regardless of who heads the Department of Agriculture in the future, regardless of what changes for good or ill take place in the agricultural economy, the maintenance of the farmer's freedom within our free enterprise system should be the basic goal of all.

From where I sit ... by Joe Marsh

She Knew It All The Time

Chances are, long ago your grandma knew how to keep you from catching cold. Mine did. "Stay out of drafts," she'd warn. "Bundle up. Don't get wet."

Then, maybe, when you grew up you found that the old lady's theories were considered old fashioned. Germs were the thing — and the way to avoid a cold was to avoid infection by somebody who already had one.

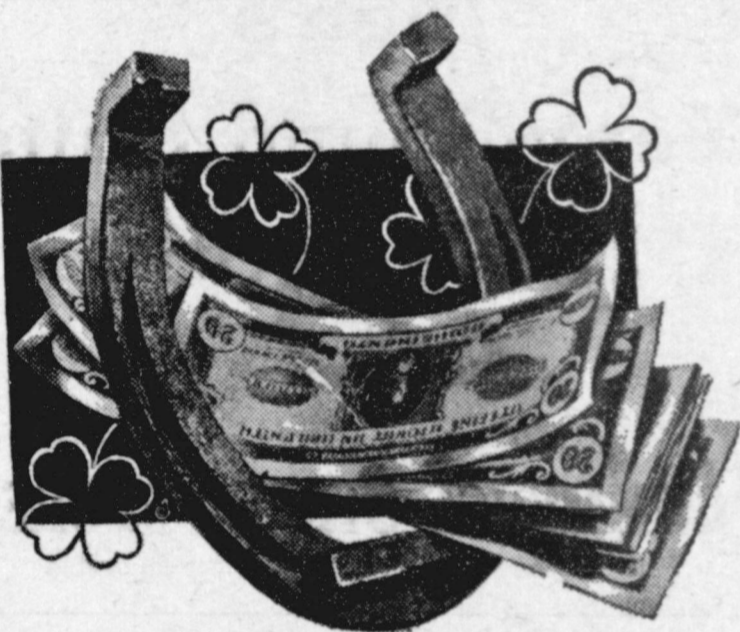

Now I read where scientists aren't so sure. Germs carry a cold, of course, but they now believe something else "sets it off" — something like drafts, wet feet

or going without your muffler. Grandma, take a bow!

From where I sit, there's liable to be sound reasoning behind the old customs people believe in. "Early to bed, early to rise," for instance — or the practice of drinking hot milk or a glass of beer at bedtime. I'm not saying you ought to hold with these beliefs yourself ... but you'd better get the facts before giving them the "chill."

Bulcher News

By Mrs. R. J. Samples

BULCHER, Feb. 15 — Guests of the Calip Cannons for the weekend were their daughter, Clela Sue of Denton and Mrs. Cannon's sister and husband, Mr. and Mrs. Ullis Burns of Wichita Falls.

Robert Cannon who was a patient at Veterans Hospital in McKinney for several weeks on account of a leg ailment was dismissed Friday and is back at home.

The Dexter Dowds had as guests Sunday her brother, Wayne Dennis and family of Nona.

Mr. and Mrs. Baitey Dennis are rejoicing over the arrival of

a granddaughter, Vickie Lynn Dennis, infant daughter of Rev. and Mrs. Justin Dennis of Dallas. The six pound eight ounce girl was born Feb. 9. Mrs. Dennis visited her son and daughter-in-law for three weeks returning home Sunday.

The Ground Observer Corps of Bulcher was in action Sunday afternoon following an alert and gave a creditable performance. It was a practice drill. Those on duty with C. V. Crabtree, head of the group, were Mrs. J. M. Shields, Mr. and Mrs. Paul L. Tracey, Mrs. R. J. Samples and Belva Samples, E. Newby, Dick Harris and Bill Harrel.

Noah Pittman, R. J. Samples and O. W. Cannon were Bowie visitors Monday.

Mrs. Bill Harrel and Mrs. Paul L. Tracey represented the Bulcher Home Demonstration club at the county council's regular monthly meeting in Gainesville Tuesday.

Two inches of wet snow here Thursday morning added welcome moisture to farms and pastures.

Jim Dennis of Wichita Falls is here with his daughter, Mrs. Calip Cannon, after attending the funeral of his brother, Cleveland Dennis.

Mrs. Gid Prather and Mrs. R. J. Samples are taking turns, with ladies of the First Baptist church in Saint Jo, in relieving the family of Mrs. J. H. Lauderdale at her bedside. She is ill in Gainesville.

PROGRESS CLUB PLANS SOCIAL FOR MARCH MEET

The Bulcher Progress club, meeting February 10, tended to routine business, heard committee reports and planned a social as an added feature of next month's meeting.

At that time Mr. and Mrs. Henry Schmidt of Sanger will show colored slides of their latest travels. Everyone is invited and is asked to bring a basket lunch. The business session will feature the election of officers.

After adjournment those present enjoyed hot dogs, chili and coffee served by hostesses for the evening.

Homemaking Hints

by Mrs. H. H. Homsley
For the busy homemaker that wants her salads to be crisp and tossed at the table or just before placing them on the table, here is a tip. Pour your dressing in the bottom of the salad bowl before you put your chopped vegetables or salad mixture in the bowl. Tossing then is quite simple when you're ready to serve. You'll find that you crush your salad mixture very little when tossing from bottoms up.

Make a tasty cookie by dipping the tips of jelly-filled cookie strips in chocolate, then in chocolate shot or nuts.

Crisp cookies need a dry atmosphere. A loosely-covered container will keep them crunchy. If cookies do become soft, place in a moderate oven for a few minutes.

When freezing baked cookies—nothing is better than a shorten-

ing can or coffee can. Be sure the cookies are thoroughly cooled, place in the can that has been lined with wax paper—use wax paper between layers and fill in air spaces with crumpled paper to prevent breakage. Seal can with a friction-type lid (use original can lid fastened with freezer tape).

To use these frozen cookies thaw at room temperature. Bar and crisp cookies are best if thawed in their sealed container.

If you wash by hand, fill your washbasin with hot water and add detergent. For white nylons, a bluing detergent can be used. Immerse items and let them soak for a least ten minutes. By this time the water will have cooled down and most of the soil will have been removed by the detergent. For extra-soiled spots rubbing may be necessary. Rinse clothes thoroughly, then hang to dry.

Grapefruit is such a good buy now, try broiling them for breakfast, sprinkle them with a bit of brown or maple sugar. Broil slowly until heated (15-20 min.). Serve hot.

Billy Whitt of Decatur who conducted the Youth Revival at Muenster Baptist church the past week was the guest of his parents, the W. B. Whitts. Their other son, Donny, of Arlington spent the weekend at home.

Farm Bureau Meets In New Building

Cooke County Farm Bureau directors, meeting Monday night, faced a full evening's work that kept them busy until almost midnight. The business concerned a schedule of office hours, planning a budget and furnishings for the new office building.

The group also heard reports by Charles Gibson, district insurance agent, William Bezner, membership chairman, and Melvin Dansby, district supervisor.

It was the first regular monthly meeting held in the new office on west highway 82. A formal opening will be announced after furnishings are installed. The date will be announced.

Office hours will be from 10 a.m. to 4 p.m. on Mondays, Wednesdays, Thursdays and Fridays.

Dansby gave advice on office management and told directors to keep it strictly a Farm Bureau office. He also suggested a full-time secretary be hired.

Gibson congratulated board members on progress made in the county during the past three years and commended Bruno Zimmerer of Lindsay, local insurance agent, on his outstanding record. He has led the entire northeast district of Texas in selling casualty insurance. He

was elected agent for another year and was authorized to employ an assistant.

Bezner reported that 55 new members have been added bringing membership to 421. The drive will continue until March 1.

All members of the county are invited to a meeting on March 12.

FEB. 22 IS U. S. ARMY RESERVE DAY IN TEXAS!

UNCLE SAM needs young men for his peacetime Army of Reservists. YOUNG MEN need what Uncle Sam has to offer.

Strong nations seldom are attacked. It is only when a nation becomes weak, when its military strength is at a low ebb . . . when its men are untrained for battle . . . that an enemy strikes. To keep peace—keep strong. For a nation to maintain military might it must have a large, well-trained Ready Reserve—well versed in the latest in military know how and equipment.

It is up to the young men of America to provide this manpower. Under the Reserve Forces Act of 1955 American youth may continue in school with a minimum of interruption, while serving in the U.S. Army Reserve.

George Washington, First in Rose Study

George Washington — first in the hearts of his countrymen — lays claim to another "first" and deserves a vote of thanks from millions of gardeners who enjoy roses. Mrs. Joe Luke told members of the Civic League and Garden Club Monday night at their February meeting.

Mrs. Luke pointed out that General Washington was the first one to adopt a program of scientific observation of roses under actual growing conditions, according to All America Rose Selections.

In his garden at Mount Vernon, the general experimented with hybridization, tried to develop improved varieties, and carefully recorded all his findings as a guide for future use and reference.

While not too much is known of Washington's actual experiments, his work contained the germ of the idea of pre-testing roses, Mrs. Luke said.

Saint Mary's NCCW Hosts Deanery Meet Of Catholic Women

With Saint Mary's parish of Gainesville as host, some 100 members of the Sherman Deanery National Council of Catholic Women met Thursday afternoon, Feb. 9, for a quarterly meeting in St. Mary's school. Representatives were present from Muenster, Lindsay, Pilot Point, Sherman, Valley View, Denison and Greenville.

The program was themed on "The Catholic Press" and Mrs. Charles Ingram of Denison was the principal speaker. February is Catholic Press Month and a message was read from Bishop Thomas K. Gorman.

Assisting on the program were four sophomores from St. Xavier's Academy, Denison. They presented a display of newspapers and magazines and Miss Peggy Ingram read "The Bishop's 1956 Press Message."

Very Rev. John Duesman, deanery moderator, of Sherman opened the meeting and Mrs. T. L. Anderson extended welcome. Rev. Michael Gormley introduced visiting clergy: Rev. Fathers John Untereiner of Pilot Point, Anthony Gajda of Valley

View, William Lane of Gainesville and Louis Deuster of Muenster.

Fifteen women from Muenster attended the session.

The president's message by Mrs. A. J. Koriath of Sherman urged that each parish affiliate in the deanery make special effort to have representation at each meeting; and committee reports included those of Mrs. Ben Moore Jr. of Sherman, head of the Social-Charitable Welfare committee, and Mrs. J. M. Weinzapfel of the Rural Life committee.

Students of Saint Mary's school under the direction of Sister Rupert presented a pleasing program of vocal and instrumental numbers, a recitation, and a short skit. Saint Mary's girls' choir sang.

Benediction of the Blessed Sacrament concluded the program and afterwards ladies of the host parish served refreshments.

The next meeting will be held in Greenville in May with the women of St. William's parish as hostesses. The program theme will be "Confraternity of Christian Doctrine."

INCOME TAX FACTS No. 1 How to Save on Your Income Tax

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Accountants and the Texas Society of Certified Public Accountants.)

The eve of April 16 will see a mad scramble in many households to put together the necessary facts and figures for the federal income tax returns due on that date. (April 15 falls on a Sunday this year, making April 16 the deadline.)

The last minute rush produces not only long lines at Internal Revenue Service offices, but also many careless mistakes by taxpayers.

Most of the errors are very simple. For example, about one million returns are filed every year with signatures missing. (This includes joint returns with only one signature and individual returns with no signature at all.)

Little slips in arithmetic last year resulted in overpayments by taxpayers of \$18,000,000. Taxpayers got back these overpayments eventually, after the government discovered the mistakes, but the taxpayer cannot rely on the government to save him from all his errors.

The mistakes of arithmetic favoring the taxpayer were even larger—perhaps not entirely by coincidence. All returns are checked, and when an underpayment is discovered the government not only collects the difference, but also charges interest.

Opportunities Overlooked
Apart from obvious mistakes, many taxpayers overlook opportunities to claim exemptions and deductions, and other ways to reduce their tax.

In order to help you avoid such pitfalls, this newspaper is publishing a series of articles prepared with the help of the national and state organizations of certified public accountants. These articles — if you save them and use them along with the official instructions that come with your tax forms — may save you money.

Your first step is to consider whether you should file at all, and then what kind of a return to file. For income tax purposes you are

not required to file a return if your gross income in 1955 was less than \$600, or if you are 65 or older and had less than \$1,200 gross income. But if you had income from self-employment of \$400 or more, the return must be filed for social security tax purposes.

Don't forget that tax on salary or wages may have been withheld during the year by your employer, even if your income was less than \$600, and the only way to get it back is to file a tax return.

Advantage of Joint Returns

A common mistake is the filing of a separate return by a wife who had a small income. If the wife files a separate return, she is not permitted to file another return jointly with her husband, nor is her husband allowed to claim an exemption for the wife on his separate return. Most married couples will save money by filing a joint return, as this "splits" their income to put them in the same bracket as though each of them had received half the total income.

There are unusual cases, however, such as those involving capital losses, in which separate returns might result in a saving. If this is a possibility, it is best to figure both jointly and separately before deciding which way to file.

The instructions that come with your tax forms give further information. Help is also available from the Internal Revenue Service, which urges you to consult a properly qualified advisor if you need outside assistance.

Gratifying Progress Noted in Treatment Of Heart Diseases
Emphasizing that although "heart diseases take more human lives in Texas annually than all other causes combined," Governor Allan Shivers in proclaiming February as "Heart Month in Texas" declared:
"Medical science feels that the gate is just being opened upon far broader and more effective fields of treatment and cure" and that "the people of Texas are privileged to join in a national campaign to further these benefits through voluntary work and contributions."
Governor Shivers joined Senator Lyndon Johnson, Texas Heart Fund chairman for 1956, and President Dwight D. Eisenhower, both heart attack victims within the past year, in urging support and "wholehearted response" to the 1956 Heart Fund now in progress.
President Eisenhower, in a recent statement, termed Heart Month "an endeavor which commands the understanding, the sympathy and the admiration of every citizen." The president's statement, presented through Dr. Paul Dudley White, eminent Boston heart specialist, also said:
"Especially gratifying to me is the fact that hope, rather than fear, is the keynote of the (Heart Month) program. Optimism is fully justified by the recent achievements of heart research, which foreshadow even more dramatic advances in the days ahead."

RED CHAIN CHICK STARTER
A Complete Feed • Mash or Granules

ONLY A LITTLE NEEDED SO IT MUST BE TOPS!

Baby chicks have a very small capacity for feed but when growing normally they attain 20 times their hatching weight in eight weeks. This means that the feed you give them must be high in nutrient levels . . . and every particle of feed must contain the right quota of the various ingredients. Only by using the most modern weighing, blending and mixing machinery can this be assured. For example, when 10 grams of antibiotics is provided in a ton of feed each 100 pounds of finished feed must contain 1/2 gram. This is equivalent to 1/2 teaspoon of antibiotics. Very small amounts of vitamins and minerals are also needed . . . but these amounts also must be present for fast, healthy growth.

When you feed your chicks RED CHAIN Chick Starter you provide them with the very best feed we know how to make. SEE YOUR RED CHAIN DEALER TODAY.

and losing only one during the season.

The big event of the program was the presentation of awards by Father Christopher to lettermen of the three teams. Football players received blankets, sweaters or jackets, depending on the number of years they had lettered. Girls received certificates indicating that their awards are ordered, and basketball boys received monograms.

Lettermen who are graduating from the team this year received red blankets with a tiger head and 1955 in white. They are Charles Felderhoff, Tommy Herr, Rodney Walter, Melvin Schoech and Ervin Henscheid. Frank Fleitman, the only three year letterman received a pull-over sweater.

Two year lettermen, who received cardigan sweaters, are Leo Hess, Claude Walter, Herbie Walterscheid, Jere Friske, Howard Mollenkopf and Kenny Otto. One year lettermen, receiving jackets as awards, are Basil Reiter, Virgil Henscheid and Tommy Hesse.

Basketball letterman are Frank Fleitman, Virgil Henscheid, Tommy Herr, Howard Mollenkopf, and Rodney Walter.

Members of the girls' basketball team receiving awards are Caroline Hesse, LaVerna Hess, Nelda Bayer, Patsy Bayer, Delphine Derichsweller, Jeanette Haverkamp, Edna Mae Hoenig, Ethel Mae Knabe, Carol Miller, Loretta Mages, Virgilla Schilling and Norma Jean Walterscheid.

Father Christopher also introduced other members of the teams, cheer leaders, and royalty of the 1955 homecoming program.

Father Patrick, toastmaster, added spice to the program with his usual flow of humor, however his big moment was the surprise presentation of a blanket to him in recognition of his work as coach of the Sacred Heart Cubs.

Another surprise was a gift to Julian Walterscheid, assistant coach of the Tigers. Tommy Herr made the presentation and Walterscheid responded by praising players for their efforts and thanking fans for their support and cooperation.

Other students appearing on the program were Charles Felderhoff, Caroline Hesse and LaVerna Hess. They expressed their appreciation and presented gifts to Fathers Christopher and Louis. As pastor and former girls' coach Father Louis spoke briefly expressing congratulations and appreciation.

Decorations featured the school colors of red and white in streamers and also in hand made programs cut out in shapes of footballs and basketballs. A display with a large silver tinted football and a basketball and "Tiger-Tigerettes Athletic Banquet" superimposed, served as background for the head table. The meal was prepared by lunch room personnel and served by eighth graders.

not running, he encounters more than adequate rebuttal on every point. In addition there is one factor that neither he nor the nation should overlook. During these strained times, which are appropriately referred to as a cold war, a president as well as draftees in private life should be subject to the call to duty. If the nation thinks that Ike is the man for the office, if it has confidence in his leadership, and is willing to take the chance on his health, he has little choice but to carry on. He knows what it means to face responsibility on the battlefield. Most likely he is aware of a somewhat similar responsibility here.

Lehnertz said all units are urged to recruit a fairly large membership so that an adequate number will be available to handle the job without asking any to take a long shift of duty. Anniversary Dinner Honors Couple Wed Fifty-eight Years

Mr. and Mrs. Frank Mages, Lindsay's longest married couple, observed another wedding anniversary on Feb. 8. It was their 58th. As has become customary in the family, children and grandchildren joined them for a celebration.

This year's affair was a covered dish dinner followed by card games and visiting. Family members from Muenster, Lindsay and Gainesville were present and Mr. and Mrs. Charlie Berend and son Phil came from Hereford.

Mr. Mages, 84, and his wife, 79, are still enjoying good health and are active around their home. They have lived at Lindsay for the past 42 years, coming from Westphalia, Iowa, in 1914.

They farmed until 1942 when they quit active work on their farm south of Lindsay and moved to town to reside near the church.

Mr. Mages was born in a village in the Kingdom of Bohemia on June 22, 1871, a son of Mr. and Mrs. Wencelous Mages. He came to America, landing on his 17th birthday, in 1888, and settled in Westphalia, Iowa. He met his future bride there — Miss Annie Rueschenberg — who was a native of Westphalia. She was born March 31, 1876. They were married there Feb. 8, 1898.

Eleven of their 12 children are living. They are: Joe Mages and Mmes. Henry Grewing, John Fleitman and Felix Yosten of Muenster; Frank Mages Jr. and Mrs. Ewald Berend of Gainesville; Eddie and Leo Mages of Fort Worth, Mrs. Charlie Berend of Hereford, Mrs. Lavel Kinsley of Corpus Christi and Carl Mages of Waco.
