

President Ford and Secretary of Agriculture Butz have the support of Texas Farm Bureau President Chaloupka in that dispute with the labor unions over selling wheat to Russia.

In Chaloupka's opinion the maritime union's refusal to handle the grain is a "self-serving gesture that stabs American farmers in the back". He also charges that the unions are not as concerned about protecting American consumers as they are with forcing exporters to use American ships and sailors.

As concerns the storming George Meany has done on the subject, it seems that he has a combination of motives. He doesn't want to see price increases triggered by the grain deal, but he's likely influenced also by his intense dislike for the Russians.

This last motive probably needs him more than the other. Many of us agree that he's fully justified in resenting detente, fast deals, broken agreements, spying, support of aggressors and revolutionaries — in fact, the many raw deals we have had in practically all deals with the Soviets.

Meany is right in assuming that every negotiation by the Russians is regarded by them as a step toward eventual mastery over us, so his insistence on non-cooperation is understandable. Actually, it makes a person wish that we could cancel those deals and have all of our business with countries that have respect for human beings and for obligations. Besides, there's the fact that Russia would not be able to cause as much world turmoil if US refused to pull it through its problems.

However, that's where this column's agreement with Meany comes to an end. The charge that higher wheat prices will lead to higher bread prices conveniently ignores the fact that the cost of farm products is a very small part in the price of food. The American buying public will have no problems if increases in grain price will be the only addition to the grocery store price. Wages demanded by labor unions, not the value of grain, is the big strain on everybody's food budget.

Next consideration is the farmer's and the country's right to convert its surplus grain to cash. The union people ought to understand that the producer of any surplus, farmer or factory man, needs an outside market to sell the surplus. If not, that producer's income will shrink drastically. Obviously we need foreign trade to create the demand which allows the farmer a profit — just as we need foreign sales for the things made by factory workers.

Likewise on the national level. If US has a surplus it needs to sell to other countries, to raise the money needed for buying other things. The Farm Bureau president pointed out that farm exports of \$21.6 billion last year produced an agricultural trade surplus of \$12 billion, which enabled US to have an over all favorable balance of \$2.2 billion. If we don't export grain, how will we be able to import the oil needed in the energy crisis?

Chaloupka brought up a few statistics on grain export, which few people were aware of while hearing the howl put up by union leaders. He said that the controversial grain sale amounts to less than 10 per cent of the amount of grain available for export. Also that grain sales to Russia the past four years averaged only 3.2 per cent of all US farm exports, and the big deal in 1972, which triggered the export dispute, amounted to only 7 per cent of that year's US farm exports.

Total export figures he quotes are amazing to us average people. "In the past year we exported about two thirds of our wheat and rice, more than a third of our cotton and about one fourth of our feed grains." That was above the national average, in which one fourth of all our land produces for sales abroad. And now we have reports that this is an extra good farming year. Wheat is 19 per cent over last year, corn is up 26 per cent and feed grains up 25 per cent. Obviously we'll have more for export than usual and, unless someone goofs ter-

Election Okays Gainesville Hospital District and Bond

Residents of Cooke County, exclusive of those in the Muenster Hospital District, voted by a majority of slightly more than 60 per cent to ratify creation of Gainesville Hospital District, which had been authorized by the state legislature.

At the same time the voters approved by a somewhat smaller majority a \$4.9 million bond issue to improve current hospital facilities.

In what has been termed as a heavy turnout, the voting was 2,731 to 1,789 favoring creation of the hospital district, and 2,462 to 1,979 favoring the bond issue for improvements.

In general the outcome was a matter of strong urban support overcoming the less numerous rural opposition with ease. The city of Gainesville and Lake Kiowa were strongly in favor of the district with a combined vote of 2,193 to 1,012. Meanwhile the rural

precincts of Callisburg, Woodbine, Valley View, Era, Lindsay and Sivells Bend all opposed it and their combined count was 386 to 428. On the improvement issue the city and Lake Kiowa voted 1,981 for and 1,165 against and the rural areas were 339 for and 758 against. Absentee voting was 152-49 favoring the district and 142-56 favoring the bond issue.

Directors of the newly created Gainesville Hospital District are Dr. Harry Roark, chairman; L. V. Henry, vice-chairman; Lambert Bezner, secretary-treasurer, Dr. James Cole, Junior Hudspeth, Joe B. Hundt, Robert Evans, W. W. Weems and E. E. Wright.

Yard of the Month Award Presented To Herbert Miller

Herbert Miller's home has been selected as the location for September of the "Yard of the Month" marker, according to an announcement Wednesday by Roger Taylor of the Muenster Garden Center, which is cooperating with the Muenster Garden Club in sponsoring the monthly selection and award.

A committee of three Garden Club members chooses the best yard on the basis of both arrangement and upkeep and the Garden Center erects the marker and awards a gift certificate for \$15.

This selection is the last of the 1975 season. Other yards selected were those of Leo Henschel, Herbert Meurer, Richard Grewing and Henry Weinzapfel.

Funeral Held for Gordon Ramsey, 87 Marysville Native

Gordon Ramsey, 87, a native and long time resident, of the Marysville community, died Sunday afternoon in Arlington Memorial Hospital.

In recent years he lived on the Old Denton Road outside Gainesville. He was born in Marysville on August 17, 1888.

Services for Mr. Ramsey were conducted Tuesday at 2 p.m. in First Baptist Church, Gainesville with Dr. Harry Roark and Rev. Leon Turner officiating and burial was in Fairview Cemetery under direction of Geo. J. Carroll and Son Funeral Home. Pallbearers were Don Holleman, Bill Sullivan, Ed Little, R. D. Morris, Glenn McElreath and Joe McElreath.

Survivors are one son, Sid, of Arlington; one daughter, Imogene Murrell of Arlington; one brother, H. E. Ramsey of Gainesville; and two granddaughters.

Bake Sale

The Junior Class of Sacred Heart High will sponsor a bake sale on Saturday, August 30, beginning at 9 a.m. Home made bread, rolls, pies and cakes will be offered for sale at Fishers, Pagels and Hofbauers.

Moisture Lags Behind Normal

Rain for August has been scarce in Muenster, but the community probably got the most possible benefit from the limited amount. Showers were soakers with minimum runoff and they were spaced to bring relief before crops were badly hurt.

Readings according to Steve Moster's records were .08 on August 9, .11 on the 16th, .50 on the 17th, .11 on the 22nd, .95 on the 27th and .19 on the 28th. That adds to 1.94 for the month to date and 25.47 for the year.

The area is slightly behind normal in its moisture measure to date. Two thirds of the year is gone but the current total is less than two thirds of a year's average.

"4-Country" Will Visit Wednesday

A return visit to Muenster by the 4-Country TV reporter is on schedule for next Wednesday. Arrangements for the appearance were made through the Chamber of Commerce according to word this week from Bertha Hamric, president.

Mrs. Hamric said that no hint was given as to the areas of town or the items of interest which will be featured on the program. She suggested being prepared, as if expecting to find ourselves suddenly on candid camera. Mowing the lawn, trimming the shrubs and getting one's place in order generally will be remembered as a good idea if the camera happens to point that way — a credit to the owner as well as the town.

The film is booked for showing on the regular 4 Country program on September 10.

2 Scouts Attend Camp on Survival

Two boy scouts of Muenster returned last week from an interesting combination of vacation, scout advancement and survival adventure.

Sam Bright and Jack Endres were two of fourteen boys sponsored by the Longhorn Council of Fort Worth under direction of Scoutmaster Jack Boyd at the Pioneer Training Center, a scout camp in Oregon. They went in an old school bus, leaving Fort Worth on July 27 and returning home August 19. Boyd drove the bus. The boys prepared their own food and slept outdoors beside the bus.

They went to Oregon by way of the Grand Canyon and Las Vegas and returned through Colorado seeing lots of sights and making interesting stops along the way.

Activity at camp stressed merit badge work and included survival training in which the boys learned about surviving in the wilderness by eating wildlife, edible plants and insects. According to schedule the grand final was three days of solo survival with only a knife and matches and the usual camp clothing, however it was cut down to 36 hours because time was running out. The Muenster boys got along principally on the bulbs of water lilies — and returned to camp with good appetites.

The bus load of kids arrived about 3 a.m. last Tuesday at the Urban Endres home and sacked-in on the lawn until about 8, when they were guests for breakfast in the Endres home. Then the Cowtown boys returned home.

Lindsay School Enrollment Is 399 3 Under Last Year

Enrollment at Lindsay Public School, which had been gaining consistently for the past several years, came up with a net loss of 3 in last week's registrations. Superintendent Glenn Hellman stated this week that the present count is 399 as compared with 402 last year.

Registrations by grades were reported as follows. Kindergarten, 20; Gr. 1, 29; Gr. 2, 25; Gr. 3, 25; Gr. 4, 31; Gr. 5, 25; Gr. 6, 33; Gr. 7, 33; Gr. 8, 35; Gr. 9, 39; Gr. 10, 37; Gr. 11, 32; Gr. 12, 34. Total for elementary and junior high is 257, and the total for high school is 142.

3 Brothers Attend VMI

Effective Tuesday, three sons of the David Brights are students at Virginia Military Institute. Tom Bright is a freshman joining David Jr., a senior, and Joe, a sophomore. The three of them arrived there Monday of last week and Tom remained for a week of orientation while his brothers visited at a former home town, Goldsboro, N.C., and saw sights along the East Coast.

Quarterback Club Will Help Enlarge Hornet Press Box

Assistance toward a building project, which will include enlargement of the football press box and addition of space for movie cameras, was adopted Monday night by the Muenster Quarterback Club in its regular meeting in the MHS gym. The new press box is intended to accommodate the announcers plus reporters and representatives of both teams, and the filming station likewise will be adequate for both cameras.

Among sources of funds for the project are the regular dues of \$5 per person per year plus the profits realized after printing expense from listing Hornet boosters on the football programs at \$5 each. In addition, the programs will be sold for 15 cents each.

Collection of those dues and sponsor fees will be the principal activity of the club at Friday night's scrimmage with the Nocona Indians. Members will be there making all possible contacts, especially for the program list, which already is crowding its deadline. The programs must be ready for the first game on September 6.

The club also called attention to "towel and soap" night at Friday's scrimmage in order to stock the showers for the school year. Students will be at the gate to accept the donations.

Tigers Dominate Practice Tussle With Pottsboro

The signs were encouraging last Friday night as Sacred Heart's Tigers out-performed the Pottsboro fellows in every phase of a practice scrimmage on the SH field.

They were ahead 3-2 in the count of touchdowns, 16-9 in first downs, 4-2 in interceptions, 5-0 in completed passes and 9-3 in recovery of the opponent's fumble.

Dubbed a controlled scrimmage, it started with allowing 20 offensive plays to each team. The team started on its 20 and was permitted to keep going if it gained 10 yards in 3 plays. If not it started over on the 20. In their 20 play possession the Tigers went 17 in 3 plays and two plays later Roger Endres got away for a 61 yard scoring gallop. In other efforts they were stopped once by an interception and once by a fumble and almost scored on a 59 yard pass to Bruce Fuhrmann. They had five first downs in the 20 plays.

The visitors gained 12 on their first play and had first down distance in the next 3 but were stopped by George Luke's fumble recovery. Later they were stopped by an interception. Total progress of the 20 plays was three first downs.

Next came the same kind of action by second stringers of the teams. The Tigers in their turn completed 2 passes, lost a fumble, made two first downs. Pottsboro reserves made one first down and lost possession four times on fumbles.

Then another Tiger outfit almost put together a scoring drive. Runs of 15 and 10 by Bob Hartman plus a pass for 10 were big plays in five consecutive first downs. The drive bogged down at the 20. Visitors in their turn had two fumbles and one first down to feature the 20 plays.

Next possessions were for 10 plays each in which SH got a first down and the visitors got two and sustained a fumble and an interception.

Finally the teams were allowed to try scoring drives of 25 yards and 10 yards. Neither made the longer distance but each scored twice when given 4 downs from the 10. Mark Hess went over for both of Sacred Heart's.

All in all the Tigers dominated the evening's tests. That applied especially on defense, where rugged tackling caused most of Pottsboro's fumbles and alertness recovered them for Sacred Heart, and on pass defense where SH stole 4 of the 6 passes. The Tiger pass record was five completions, two interceptions and 10 incompletions.

The big people of this world usually leave off the big titles.

Fisher Store Passes To Next Generation

One of the older business firms of this community will come under second generation ownership and management slightly more than a month from now.

Effective October 1, Fisher's Market and Grocery will be taken over by Johnny and Francis (Butch) Fisher, succeeding J. A. and J. W. Fisher who have been partners in the business for about forty

Local Teams Will Scrimmage Here Thursday, Friday

Both of the local football teams will be at home for this week's action, which will be the final scrimmages before going into the regular schedule next week.

Sacred Heart will meet Alford's Bulldogs in a practice event for both the varsity and junior varsity teams, beginning at 7 o'clock on the Tiger field. The boys will be back in their own class this time after last week's session with Class A Pottsboro, in which Sacred Heart came out at the long end of all statistics. Coach Ed Stock is happy with their progress so far and hopes to find some of last week's mistakes corrected.

The Hornets will get their test Friday night with their former district rivals, the Nocona Indians, now classified as AA. They did a good job last week against Jacksboro, another AA opponent. The tussle begins at 6 with junior varsity teams getting the first workouts and first stringers taking charge about 7 or 7:15.

SH School Offers Ceramics Course

A beginners course in ceramics will become available at Sacred Heart School in mid-September, according to an announcement this week by Sister Mary John Seyler, principal.

The instruction, given by Jerry Boyd, ceramics teacher at Sacred Heart, will last 6 to 8 weeks, meeting once a week in the evenings. The cost, including supplies and firing, will be about \$60.00.

Persons wanting more information are invited to phone 759-4121.

Mike Jaska Gets Degree from A&M

Michael Jaska was among 508 graduates receiving bachelor degrees at the summer commencement at Texas A&M University. He earned his degree in agronomy. A member of the TAMU cadet corps and company commander in his senior year, Mike has accepted a commission in the US Army.

He is a son of former residents, the Ernest Jaskas, who now live in Waco and a 1971 graduate of Muenster High School.

Texas Hospitals Have Plan to Beat Rip-off Insurance

Muenster Memorial Hospital is included in the list of about one third of the state's hospitals which are considering an insurance plan sponsored by the Texas Hospital Association as a way of evading the exorbitant premiums charged by some companies for professional liability (malpractice) insurance.

David Bright, hospital administrator, said he has sent a letter of intent to the Texas Hospital Association indicating that the local hospital will participate if the THA rates are competitive. He added that the hospital is not a victim of the much publicized rip-off charge, but the rate it pays may still be higher than THA's. That rate will be decided as a part of the organizational procedure.

The association originally stated that it needs 40 hospitals representing 4000 beds to make the company feasible and asked its 600 member hospitals to tell if they are interested. Early responses indicated 18,190 beds, and more were expected.

The big people of this world usually leave off the big titles.

eight and a half years. The new owners, also partners, are sons of J. A. Fisher.

Butch Fisher has been associated with the store since his early teens, helping after school and weekends, and has been a regular employee since graduating from college in 1964. Johnny also worked there as a youngster but did not return after finishing college. He has been in Houston for the past 20 years, in recent years the owner-manager of an Exxon service station. He sold his home and business lately to move to Muenster.

The store was started by Joe and John Fisher on St. Patrick's Day, 1927, in the Farmers' Union building, which now is a part of the milk plant. After eighteen months it was moved to the location beside that now occupied by Koessler Jewelry, and on August 13, 1962 it moved to its present location. Originally it was only a meat market, groceries were added several years later.

Essay Contest on Abortion Sponsored By Texas K of Cs

Students of Muenster on both high school and college levels are invited to participate in an essay contest on abortion sponsored by the state and the local councils of the Knights of Columbus.

Announcing the contest this week, Grand Knight Dan Hamric pointed out that there are actually two state wide contests, for high school and college entries, with a first prize of a \$750 US Savings Bond in each. Second and third prizes will be savings bonds of \$200 and \$100 in the college division and \$100 and \$50 in the high school division.

Hamric indicated that the local council is participating by offering prizes for the best local entries, the nature of the prizes to be determined in an early meeting of the council's officers.

Rules of the contest have been listed as follows. All Texas students age 14-25 in high school or colleges of the state are eligible. Essays, to be submitted before October 1, should be typed, double spaced, or written legibly in ink, noting the number of words at the end. Length must be 500 words or less and the essay must be titled "Adoption, Not Abortion."

Research is permissible and special reference books will be available in a few days at the Muenster city library and SH School library. Students are honor bound to write the essays themselves, without help.

Essays should start with the title "Adoption, Not Abortion" at the top and the author's name immediately below. And at the end, following notation of the number of words, the author should give full name (Mr., Mrs. or Ms.), age, complete address (street, city and zip), telephone number including area code, class (freshman, sophomore, etc.) name of high school or college and address with zip, school phone number with area code, name of school principal or president, name of parents or guardian along with complete address and phone number.

Local entries will be accepted by Dan Hamric or William Koerschner.

Hospital Auxiliary Joins Planning For Bicentennial

Muenster Hospital Auxiliary members made plans during their August meeting to change the time of the annual benefit to coincide with events sponsored by the Chamber of Commerce to observe the Bicentennial in the spring of 1976.

The auxiliary-sponsored dance, usually held in the spring will be rescheduled for December 6, 1975.

Mrs. Arthur Bayer accepted chairmanship of the Bicentennial talent event and Mrs. Gerald Hess will be dance chairman. Mrs. John Pagel, first vice-president presided and Mrs. Roy Monday won the door prize.

Robert Knauf Weds Michele Bauer In Double Ring Nuptial at La Feria

In a Nuptial Mass with double-ring ceremony in St. Francis Xavier Church in La Feria, Miss Michele Marie Bauer became the bride of Robert John Knauf. Fr. Joseph Murray was celebrant of the Mass and officiated at the exchange of vows on Saturday, August 23 at 4 p.m.

Parents of the couple are Mr. and Mrs. Albert L. Bauer of La Feria and Mr. and Mrs. Ed Knauf of Muenster.

Presented at the altar by her father, the bride was wearing a designer gown of antique ivory Alencon lace fashioned in the empire silhouette. The classic simplicity of the gown was enhanced by the exquisite pearl and crystal beading centering each floral lace applique. Triple satin

bands cuffed the wrists of the bishop sleeves and were repeated near the hem of the skirt, which dipped into a sweep train, highlighted by three satin French bows. She wore a pearl encrusted Guipure lace headpiece which held her three tier imported illusion veil. The bridal bouquet was a cascade of mixed summer flowers and baby's breath with Nile green satin streamers tied in lovers knots. For sentiment she borrowed the handkerchief carried by her mother at her own wedding and she had the traditional blue garter.

Attendants

Bridal attendants were her sister, Miss Karen Bauer of La Feria maid of honor, and bridesmaids Mrs. Buster Wilkes groom's sister of Austin, and bride's friends Miss Janet Wolf of La Feria and Mrs. J. H. Weynand of San Antonio. They were gowned in princess style pastel rainbow colors of printed dotted Swiss designed with sheer puff sleeves and a full flounce and tied at the waist with a bow and long streamers at the back. The maid-of-honor wore Nile green; the bridesmaids wore blue, pink and yellow and each carried a long stemmed white carnation encircled with fern and tulle and satin streamers to match their dresses.

Don Knauf, groom's brother from Muenster was best man and groomsmen were Paul Bauer, bride's brother of La Feria, Buster Wilkes, groom's brother-in-law of Austin and John Mason, groom's friend from Houston.

Ushering guests were Tommy Felderhoff, Jr. and Jerry Fleitman, both groom's cousins of Muenster and Dan and John Bauer, both bride's brothers of La Feria. Mass Servers were Joey Bauer bride's brother and James Bauer, her cousin.

The sanctuary was decorated with arrangements of mixed summer flowers, and ascending candelabra, en-

twined with greenery stood to either side of the altar. Also white religious banners representing marriage in Christ were on each side of the altar. These banners were made by Mrs. I. F. Bauer of La Feria and Mrs. Jim Garza of Houston. Fern tied with white satin bows marked family pews.

Charles Bauer of La Feria was head lector of the Mass and Mrs. Jim Garza of Houston assisted. Both are cousins of the bride.

Wedding music included organ selections by Mrs. John P. Cholick of Rio Hondo aunt of the bride.

During the ceremony, Mrs. Paul Steiner friend of the couple from Corpus Christi played contemporary guitar music. Vocal selections included "Wedding Song", "Wherever You Go", "Prayer of St. Francis", "Follow Me", the "Lord's Prayer" and "Pre-face Acclamation".

Reception

Following the religious ceremony, a reception and dinner were held at the Knights of Columbus Hall of Harlingen where Mrs. David Garza, bride's friend of San Antonio was at the guest book.

The bride's table held the four tier angel cake, decorated with pastel spun sugar flowers and bells, feathered doves and topped with a gold Cana cross and two doves in a circle of flowers. The cake was baked and cut by Mrs. Henry Voth, Jr., groom's aunt of Lindsay. Assisting in serving the cake was bride's aunt, Mrs. I. F. Bauer of La Feria.

The punch and coffee services were also on the bride's table which was covered with white satin overlaid with white lace. Arrangements of mixed summer flowers, candelabra and a pair of alabaster doves decorated the table.

The groom's table was covered with yellow satin with yellow lace overlay and decor-

ated with summer flowers and silver candelabra. The groom's cake, a single layer carrot cake made by the bride's grandmother, Mrs. Mary E. Bauer of La Feria, was topped with flowers and greenery and served by the bride's cousin, Mrs. Jim Garza of Houston. Also assisting in serving were Mmes. Edward Bauer, Steve Phillip, Don Schreiber, John P. Cholick, Ed Wolf, and Earl Walter-scheid, and Debbie Wolf, Therese Bauer, Lisa Bauer, Susie Mitch, Connie Walter-scheid, Terri Steiner and Kathy Gunn.

When the couple left on a wedding trip to New Orleans, the new Mrs. Knauf was wearing a melon colored two piece dress with white accessories. When they return they will be at home in Muenster. The bride is a graduate of Durham College in San Antonio and the groom graduated from Texas A and M University and is engaged in farming and ranching with his father and brother.

Former Resident Greeted at Coffee

To honor a cousin of the Henscheid and Hesse families who is visiting here from Westphalia, Iowa, Mrs. Ed Endres entertained with a coffee in her home Monday morning for Mrs. Clyde Schomer, the former Verena Henscheid, daughter of the Joe Henscheids. The Schomers are vacationing in Texas several days.

The hostess served homemade fresh apple cake and coffee to Mrs. Schomer, Mrs. George Mollenkopf, Mrs. Virgil Henscheid, Mrs. Werner Cler, Mrs. Dora Henscheid, Mrs. Herb Miller, Mrs. Henry Pels, Mrs. Norbert Koessler and Mrs. Walter Klement.

Hesperian Invites Applications for SS Direct Deposit

Hesperian Savings has begun accepting applications for the direct deposit of Social Security checks, according to Robert Welch, president of the association.

"This is a new program, in which we are participating with the U.S. Government whereby the Treasury Department will deposit Social Security checks, directly with us, for anyone requesting it," said Welch. "The purpose is to stop thefts or accidental loss of these checks, and to speed up the receipt of the funds by the recipient."

Welch said there are several additional advantages with the plan. "The recipient of Social Security can actually earn more interest because the checks reach us earlier for deposit and we pay interest from the date we receive the check until any of the funds are withdrawn. And, of course we continue to pay interest on money left on deposit," Welch said.

The Direct Deposit Plan offered by Hesperian Savings, will allow the recipient to have his check deposited to either a passbook or any of the various certificates of the association, all earning the current interest rate which Welch states is the highest in the State. "And, of course, each depositor's accounts are insured to \$40,000 by the Federal Savings and Loan Insurance Corporation, an agency of the Federal Government. Hesperian Savings also offers free Notary Service and will waive the service charge on the purchase of Travellers Checks for these customers," Welch said.

The Direct Deposit Plan is easy to initiate. "The recipient of the check should bring his next check to Hesperian Savings office so we can get the necessary information from it," he said. "Then, the customer simply fills out a brief form required by the government, and that's it."

Welch said the new program will go into effect immediately.

WEEKLY Health TIP
from BOB PELS, R. Ph.
Can we learn from rabbits? Yes, says Prof. Robert F. Borgman. He observed that diets high in fats of almost any kind have produced gallstones in rabbits, and the stones disappeared when the animals ate less fat. The fact that rabbits on a low-fat diet didn't develop gallstones seems to point a lesson to human beings.

IN THIS WORLD
ENERGY FROM COAL THAT CAN'T BE MINED... WHERE COAL SEAMS ARE IMPRACTICAL TO MINE, WHY NOT BURN THE COAL IN PLACE AND SIPHON OFF THE GAS FOR POWER PLANTS?
USING OIL INDUSTRY TECHNIQUES, THE IDEA IS TO DRILL HOLES TO COAL SEAMS, IGNITE THE COAL AND FORCE AIR DOWN THE SHAFTS TO KEEP IT BURNING... THEN COLLECT THE RISING GAS AT THE SURFACE AND PIPE IT TO ELECTRIC UTILITIES AS CLEAN BURNING FUEL.
THE PROCESS WILL BE TESTED IN WETZEL COUNTY, WEST VIRGINIA, BY THE U.S. BUREAU OF MINES AND CONSOLIDATION COAL COMPANY, A UNIT OF CONTINENTAL OIL. THEIR FINDINGS COULD BE A BIG STEP TOWARD GREATER USE OF COAL, AMERICA'S MOST ABUNDANT ENERGY SOURCE.

Forestburg News

By Myrt Denham

FORESTBURG: Merle and Clifford Hudspeth left early Wednesday a.m., August 13 for Denver, Colorado, to visit with their youngest daughter Paula Hanes and husband Richard. On August 17 they departed Denver for Sutherland, Nebraska, where they visited with Dave and Letha Roberts, former Forestburg residents. They spent Sunday night with the Roberts and headed Texas way on Monday spending that night at Scott City, Kansas. On Tuesday they visited with Mr. and Mrs. D. W. Ensey of Altus, Okla-

homa — she is Clifford's sister — and by 10:30 p.m. Tuesday Merle and Clifford were safe in their own little home once more.

A fish fry and patio party took place at the Howard Sockwell residence Monday, August 18 at 7 p.m. Enjoying the party were Mrs. Cleo Lanier, Mrs. Gladys Barclay, Bennett Reynolds, Mrs. Eula Moore, Mrs. Wanda Perryman, Mrs. Becky Scott, Mr. and Mrs. Barney Brogdon, the W. T. Reynolds, and the H. W. Perryman family.

Mrs. Cleo Lanier entertained relatives with a cook-out supper at her home Wednesday evening, August 20 honoring Mr. and Mrs. Buddy Lanier who are here from California. Also present were Mr. and Mrs. Willie Orrell, Hannan and Caton Orrell, the Charles Montgomerys, Mrs. Gene Lanier, Charles, Johnnie and Janice, Mr. and Mrs. Gerald Lanier, Wally, Jeff and Tracey. Buddy Lanier is a brother of Mrs. Willie Orrell and brother-in-law of Mrs. Cleo Lanier.

Wesley Reynolds, son of Mr. and Mrs. K. J. (Wassie) Reynolds celebrated his 10th birthday August 21. His grandmother Cleta Reynolds baked his birthday cake, made ice cream and punch which was enjoyed by his parents, grandparents, Mrs. Vesta Carter and son Jeff.

Mrs. Bess Orrell celebrates her birthday August 29. What number this is for Bess is her secret.

The 42 club met at the Howard Sockwell home, August 21, for an evening of 42 and chatter. Present were Mrs. Cleo Lanier, Mrs. Grace Scott, Mr. and Mrs. Barney Brogdon, the Blake Freemans and Bill Forrester.

Perryman Denham went after some apples at the Alvie Riddles place Tuesday, August 19. Alvie's son Johnny helped with the picking — when Perryman asked him if he was all fired up and ready to go to school on the 25th Johnny replied "No Way!"

A. C. Blankenship is in the Veterans Hospital in Okla-

homa City. According to A. C.'s mother, Mrs. Regina Blankenship, he suffered a stroke about three weeks ago from which he is improving slowly.

Hal Hays is a patient in the Gainesville hospital since the latter part of last week.

Mrs. Decie Ellzey is in Temple these days with her daughter, Mr. and Mrs. Sam Wright and children. Decie will not be able to resume duties in our school lunch room for awhile.

Wonder when Mabel Covington will resume her duties as a "hair twigger" in her hair house. Goodness, some of us gals are sure needing Mabel's tender loving care on our tresses.

Messrs. and Mmes. Clifford Hudspeth and Dale Hudspeth and children attended the Berry family reunion held at the Ross Point Community Center Sunday, August 24.

Ross Littell returned home August 24 from New Braunfels where he spent several

days visiting his mother, Mrs. Minnie Littell, who is a patient in McKenna Memorial Hospital. Mrs. Littell is in intensive care following major surgery on her hip — which she broke when she fell out of her wheel chair. Ross says his mother is not doing well at all. She is a sister to Mrs. Eula Moore and Mrs. Vera Mae McGee.

Have an up-date on the wandering — traveling Betty Reynolds. Husband Bennett says she reported in August 18. She had made it back to Ventura, California after traveling in Idaho, Montana and Canada. Still no word though when she will return to Texas.

Have you folks noticed that Jack Gresham is making the rounds by himself these days? Well, that is because his sidekick, Bernard Pool is a business man now. He has purchased the Longhorn Cafe in Forestburg and has Mrs. Mary Wilson employed as cook. Forestburg has the potential for a cafe if you have the potential and dedication to make it a success.

'Tis very good to see Mrs. Faith Sandusky up, about, and out these days. She looks well and says she is doing fine.

Was told that Meb Dunn took wife Roxie to the hospital in Bowie, August 21, and that she has been mighty sick for several days.

Miss Debra Steadham, daughter of Mr. and Mrs. Jimmy Steadham and bride-elect of Larry Dill, son of Mr. and Mrs. Jack C. Dill, was honored with a bridal shower Saturday p.m., August 23, at 8 o'clock in the Forestburg Community Center. Hostesses were Mmes. Clifford Hudspeth, Howard Sockwell, Hal Hays, Homer Shears, Doyle Lynch, Al L. Knox, W. R. Colwell, Donald Steadham, Charles Spicer, Larry Brown, Jim Penton and Perryman Denham.

Presiding at the registration book was Miss Diann Steadham, sister of the bride-elect, another sister Donice and Miss Vaton Dill, sister of the groom-to-be, presided at the refreshment table.

The bride-elect's colors of green and yellow were carried out in the decorations in yellow candles and green punch.

The young couple was showered with many gifts. Refreshments of cookies and punch were served.

Debra and Larry will be united in marriage Friday, Sept. 5 at 8 p.m. in the Forestburg United Methodist Church. All their friends are invited to attend.

On August 24 the family of the late I. C. and Fannie Harris held a family reunion at the Forestburg Community Center. 49 folks ate dinner and six came later on. The families came from Duncan, Okla., Lubbock, Wichita Falls, San Antonio, Dallas, Irving, Denton, Hurst, Gainesville, Saint Jo and Henrietta. There was music, singing and visiting.

Homemaker Hint: An easy way to prevent water from running down your arm when you're washing walls and ceilings is to wrap a washcloth around your wrist and secure it with a rubber band. Wring out when needed.

Two Austin historians at the Aztec pyramids in Mexico have finally deciphered the last words of the famous emperor Montezuma, found inscribed upon an ancient scroll: "Will someone tell those Marines to stop singing in the halls?"

A tire changing check now may save you time and trouble when you need your car in an emergency, says the Tire Industry Safety Council. Make sure your jack works and your spare tire is properly inflated. Then make sure you know how to put it on.

Ice Pack Better For Snake Bites Than Cut'n Suck

When a rattlesnake strikes, pack the bite with ice.

Contradicting presently recommended methods, this snakebite first aid advice for laymen comes from a San Antonio physician and surgeon, who has studied the causes of venomous viper bites for the past 15 years.

Based on his own experiences in treating more than 200 snakebite victims, Dr. Thomas G. Glass, Jr. contends cold ice packs and constriction bands are far safer and more practical first aid measures than the more drastic "cut and suck" method, which has been widely used in Texas since early frontier times.

A clinical professor of surgery at San Antonio's University of Texas Medical School, Dr. Glass claims the presently advocated one-quarter inch long and one-eighth inch deep cross cuts are ineffective when the venom has been deeply injected into the muscle, and unnecessary when the victim receives no venom at all, which occurs in three cases out of ten, according to his studies.

Dr. Glass doubts cutting is beneficial in any case, except with professional guidance, and argues that the laymen's chances of cutting a nerve, artery or tendon are too risky to be undertaken at all, and can cause greater harm than the snakebite itself.

Instead, he suggests that for any venomous bite, whether from a rattlesnake, cottonmouth, copperhead or coral snake, the layman should (1) apply constriction bands lightly both above and below the bite, where possible; (2) place crushed ice in plastic bags over the bite area to cool the venom and slow down its movement to other parts of the body, and (3) remove the victim to a medical facility in a rapid and safe manner.

San Antonio's Emergency Medical Services was among the first to adopt Dr. Glass' first aid techniques with EMS technicians now carrying constriction bands and chemical ice packs in their ambulances as standard equipment.

Based on his recommendations, San Antonio's Amerex Laboratories has developed a first aid kit, appropriately named, "Snakebite Freeze",

which can be stored and used where ice is not always readily available.

The kit contains two plastic bags of non-toxic, non-caustic chemicals, that are activated by squeezing an inner bag, producing "instant" cold down to an estimated 18 degrees. The kit comes with two constriction bands and a neoprene insulated wrapper for holding the ice pack in place.

2 Parties Honor Samuel Fleitman

Six year old Samuel Fleitman was honored twice on his birthday Wednesday, August 20, when his mother, Mrs. John Dave Fleitman, entertained.

During the afternoon she took cupcakes and party favors to school for his 30 first grade classmates and their teacher Sr. Lillian Marie. Samuel's little brother Jon went along to school.

A dinner party at home that evening included his grandparents, Mr. and Mrs. Julius Hermes, Sr. of Lindsay and Mr. and Mrs. Bruno Fleitman, and his parents and brothers Douglas and Jon.

The Merchants Say:

The following item, taken from a recent Ann Landers column, presents a situation that is well known to the business firms of this community. It is quoted here by the Muenster Chamber of Commerce in behalf of the Muenster merchants.

"Dear Ann Landers: I'd like to ask the American people a few questions. It's a matter of economic survival to me as well as millions of other "little people" who have small stores.

"Who do you ask to cash your checks? Who do you ask for credit when things are tight? Who do you ask to take ads for your organizations, yearbooks and programs? Who do you ask for contributions for your church suppers, raffles, etc? Who do you call after hours when you need a special item? Who do you ask to put up posters for special events?"

"It's your local, hometown small businessman. After all, he's your friend, your neighbor.

But when you want to make a purchase, how often do you drive past his place of business and go to a giant store thinking you might save a few cents, without giving your local merchants a chance or even comparing his prices?"

"We are competitive with the biggest stores price-wise and our services are often better. But we can't survive much longer. When we go, you'll miss us. — Too Many To Name

"Dear Too Many: Your letter reflects one of the major social and economic problems of our times. It's becoming more and more difficult for the small, independent businessman to survive. I wish I knew the answer."

Cain and Richey Host Cattlemen

Mr. and Mrs. Wendell Richey, Mr. and Mrs. Dickie Cain and Mr. and Mrs. Chris Cain hosted the annual cattlemen's barbecue and patio party in the Cain and Richey home.

Two hundred and fifty attended including executive auctioneers, cattle buyers, ranchers and guests from a wide area. Among guests were Mr. and Mrs. Jack Frazier of Lubbock who visited the Dickie Cains and were in Muenster for the first time and left from here for Denver to attend a convention.

The Wayne Trachtas and children of Norman, Oklahoma, drove in Friday to visit and their guests Sunday were Mr. and Mrs. Terry Gibson, also of Norman. Other guests came from Dallas, Fort Worth, Denton, Pilot Point, Waxahachie, Wichita Falls, Gainesville, Muenster and towns in Oklahoma.

The Cherry Rhones of Wichita Falls provided music for the festivities.

Ceramics, Pottery Classes Promoted At MAP Meeting

At Tuesday's MAP meeting plans were made to offer a ceramics or pottery class taught by Jerry Boyd, art teacher at SHHS. He attended the meeting and spoke briefly.

Sponsors stress that anyone interested must notify either Sr. M. John, Mrs. Hilda Self or Mrs. Rose Hofbauer by Friday, August 29.

The regular monthly activity schedule at the Community Center has been announced as follows: September 2 — lunch at 12:30. A quilt and quilting frame will be set up for those preferring an afternoon of quilting instead of other MAP-sponsored activities.

September 9 — birthday party at 2:00 p.m. Table games.

September 16 — short film at 2:00 p.m. Table games.

September 23 — table games of choice.

September 30 — table games at 2:00 and blood pressure check 3-5 p.m.

Bowlers are reminded to meet at the Community Center each Thursday afternoon at 2 for a car-pool to 77 Bowl.

Group Attends La Feria Wedding

Among out of town relatives at the Bauer-Knauf wedding in La Feria on Saturday, August 23, in addition to family members were Messrs. and Mmes. Ray Voth, Mark Fuhrmann, Tommy Felderhoff, August Felderhoff, Hubert Felderhoff, Tim Hartman, Earl Walterscheid and daughter, Connie and Jerry Fleitman and Tommy Felderhoff, Jr., of Muenster.

Also Mr. and Mrs. Vincent Zimmerer, Rudy Zimmerer and Miss Claudia Hunt, Mrs. Henry Voth, Jr., and daughter Mary Ann, all of Lindsay; also Mr. and Mrs. Herbie Herr and Mr. and Mrs. Norb Felderhoff and daughters Lynn and Amy.

Reunion Honors Lambert Beyers on 25th Anniversary

The 25th anniversary of Mr. and Mrs. Lambert Beyer of Lindsay, delayed until their children could be present, was the occasion for a reunion of relatives of the Herman Lutmer and Adam Beyer families, held Sunday in Muenster City Park.

Children of the honorees hosted the evening event and served dinner to eighty five, including brothers and sisters of the Beyers, aunts and uncles, nieces and nephews in the Muenster-Lindsay-Gainesville area.

Mr. and Mrs. Lambert Beyer cut their anniversary cake, which the children served to the guests. The Beyers' children are Mr. and Mrs. Dean Smith who recently moved to Sherman, Mr. and Mrs. A. J. Beyer of Gainesville and Miss Glenda Beyer of the home.

The silverweds opened a shower of gifts and family pictures were made. During the evening Mrs. Raymond Sandman of Lindsay was surprised with a decorated cake to observe her Sunday birthday. And children in the group took advantage of the last opportunity to swim in the city pool this summer.

Vacation Ends for Walterscheid Kin

Mrs. H. A. Walterscheid enjoyed children and grandchildren during vacations this summer. With the opening of schools approaching, they have returned to their homes.

Mr. and Mrs. Rainard Walterscheid and Paula and Tommy flew to Iran last week Thursday following a six weeks stay in Houston and Mr. and Mrs. Jim Harris and Jimmy Lyn and Dana returned to Las Vegas Friday.

Starla will remain here to attend Cooke County College. She will live in the dorm there and spend weekends with her grandmother.

Auxiliary Honors Former Officers

Members of the VFW Auxiliary, during their meeting Monday, August 18, honored former officers for many years service to the organization and presented charms to Mrs. Arthur Bayer, past president, and Mrs. Wilfred Bindel, past secretary and Mrs. Norbert Walterscheid, past treasurer.

Plans were made to provide refreshments for Bike-a-thon riders in September. Mrs. Raymond Walterscheid was elected trustee replacing Mrs. Andy Phillips who is moving to Wichita Falls.

Mrs. Leo Hesse presided for the business meeting; Mrs. Ray Voth won the door prize and Mmes. Bernard Hesse and Henry Pels served a lunch to 16 members.

Mr. and Mrs. Johnny Fisher are new residents, since moving to his former home town from Houston last week. They are at home on their farm south of Muenster.

Mr. and Mrs. Martin Friske of Lindsay were happily surprised on their 52nd wedding anniversary when their daughter and family, Mr. and Mrs. B. A. Sandman and children took them to Lion Country Safari and later out to dinner.

Early Application Not Required by Social Security

"It has come to the attention of the Sherman Social Security Office that those approaching retirement age in Cooke County have two misconceptions about applying for social security," according to Gus Jones, District Manager. "They mistakenly believe that they should apply six months in advance of retirement, and they do not think it is necessary to bring any evidence when filing a claim."

Jones pointed out that three months in advance of attainment of retirement age is the earliest that a social security claim can actually be filed. Also, when applying it is essential to bring a copy of the previous year's tax return (including Schedule SE if self-employed and copies of all forms W-2 if an employee), evidence of date of birth, social security numbers of all applicants, proof of military service since 1937, and any dependents in the family who will be applying should accompany the applicant if possible. "We welcome questions about retirement in advance, and we can advise you what proofs will be needed when you do file," Jones added.

Mr. and Mrs. Clarence (Dutch) Albers of Lewisville were guests of relatives here Saturday and Sunday and also attended the Reiter-Wiese wedding Saturday night and 25th anniversary of Mr. and Mrs. Lambert Beyer of Lindsay on Sunday.

Birthdays Observed
 Visiting, gifting, picture taking and refreshments made it an early birthday celebration for Miss Angela Laake at Hillcrest Manor and her brother Dr. E. W. Laake of Dallas, Thursday. He was accompanied by his wife, and their

niece Rosa Driever was with them for the afternoon. Dr. Laake will be 88 on Sept. 22 and Miss Laake will be 93 on Sept. 28. Each year the Laakes drive to Muenster to keep the birthdays some time near the dates, and the four have a little party.

had revolted against her tyranny, and Texas began her revolt against being subjected to a law which forbade the settlement of people of the United States in the territory. This law, passed by the Mexican government started a chain of events which ultimately led to Texas independence.

The Poles congregated in small, rural communities in Texas. They cultivated farms and engaged in farm trade and were generally quite successful, despite the differences in climate and terrain of Texas from their mother country.

In 1854 Reverend Leopold Moczyzemu brought over to Texas more than one hundred families. They settled in and near Panna Marie, named in honor of the Blessed Mother. The loyal parishioners brought with them the cross and bells from their original village in the old country. Panna Marie is the oldest Polish parish in the United States.

After nine weeks on the ocean the weary though undaunted band of liberty-seeking Polish immigrants landed at Indianola in December of 1854. They succeeded in securing Mexican carts into which they piled their possessions. At once they set out for San Antonio in search of Father Leopold. Immediately after that happy meeting, Father Leopold took his people to Karnes County. On arriving at this destination they camped as best they could until they were able to provide for themselves with temporary shelter. They constructed houses out of pickets; the roofs were covered with straw. These poor immigrants lacked food and sufficient clothing and were fearful of Indian raids in the wilderness.

The colonists arrived in their new home on Christmas Eve. They held their traditional service under a giant live oak which still stands as a living monument to the first public act of worship of these brave people.

The first winter would indeed have been a terrible experience had not Mr. Twohig sent loads of corn and W. G. Butler had a herd of beef cattle driven over for winter meat. This was true Texas hospitality.

During Father Leopold's time three groups of immigrants arrived. They found the church the center of parish life, the school where the children learned the truths of their holy faith.

Panna Maria was the first strong Polish settlement in the United States. Other settlements soon developed in south and central Texas, each having a rich heritage of suffering, privation and genuine contribution to the growth of Texas. Holy Cross Parish in Yorktown, Texas, was established in the early 1850's; St. Stanislaus Parish in 1855 in Bandera, Texas; St. Hedwig in Martinez, Texas in 1855; St. Michaels in San Antonio, Texas, in 1855; St. Anna in Kosiusko, Texas, in 1892; Holy Trinity in Falls City, Texas, in 1902.

2 Couples Vacation In Motor Home

Traveling in a motor home for a week of sightseeing in New Mexico, Utah and Colorado was vacation time for Mr. and Mrs. Larry Kostyniak of Fort Worth and Mr. and Mrs. Leon Klement.

Their first stop was in Cortez, New Mexico where they toured Mesa Verde National Park and saw the cliff dwellings. They spent two days in Moab, Utah with their uncle and aunt, the Leonard Walterscheids and family and with them saw Arches National Park and Dead Horse Point and enjoyed hiking and picnicking in the La Sal Mountains.

Later they were in Denver for several days and toured the Denver Mint, the Coors Brewing Company and Elitch Gardens and Amusement Park. In Colorado Springs they went through the Cave of the Winds.

Leaving here on August 15, they returned on August 22.

A sidewalk interviewer asked an old timer what he thought of the two candidates for an election.

"When I look at them, son," he replied, "I just thank the Lord that only one of them can get elected."

Overinflated tires tend to wear faster in the center of the tread surface. Underinflation can cause the outer edges of tire tread to wear down more quickly.

Savings Tips On Operation of Air Conditioners

Conserving electricity, and at the same time saving money, is something everyone can do with a minimum of effort, Bill Bedrick, TP&L manager said.

Hot weather is here. Already, several 100-degree days have been recorded and more are probably on the way. That means increased working days and nights for air-conditioners. In hot, summer months, the cost of operating an air-conditioner represents a sizeable part of the monthly electric bill.

Here are a few suggestions to keep your air-conditioner costs as low as possible:

Replace and clean filters frequently. Clogged filters make the air-conditioner work longer and result in higher operating costs. Filters are an essential part of air-conditioners because they remove dust from the air and prevent it from clogging the cooling coil. Disposable filters probably need to be replaced monthly. If the filter is permanent, it should be cleaned regularly according to manufacturer's instructions.

From the standpoint of savings, 78-degree is the ideal setting for an air-conditioner's thermostat. A thermostat set on 72 degrees results in about

a 46 per cent cost increase compared to one set on 78 degrees.

Homes short on insulation are big energy users in hot months. So it's a good idea to make sure your house has proper attic insulation and ventilation. A TP&L customer service representative can advise you of your particular needs.

Make sure your air-conditioning equipment is operating properly by having it checked at least once yearly by a qualified serviceman. Equipment which is used without being in top working order may be using more than normal amounts of electricity and may need expensive repairs later on.

If you're considering buying a window unit, choose one with the highest energy efficiency ratio. One of these units uses less electricity to cool. If the EER is not on the sales tag, you can figure it yourself by dividing wattage into BTU capacity. Most air-conditioning units have an EER ranging from 6 to 10. High-efficiency units are those which have an EER of 8 or more.

Other ways to save on air-conditioning costs are by keeping return grills clean and free of obstructions; keeping fireplace damper closed; weatherstripping doors and windows, and keeping drapes, blinds or shades closed.

Exchange Vows in 2-Ring Ceremony**

Mr. and Mrs. Joe Swirczynski are at home in Gainesville since returning from a wedding trip following their marriage August 1 at 7:30 p. m. in Hillcrest Church of Christ Chapel, Gainesville with Don Clayton, minister, presiding for the double ring ceremony.

The bride is the former Sheila Gail Mazingo, daughter of Mrs. Sallie Swirczynski of 1306 Hillcrest, Gainesville and Dan Mazingo of Route 2, Gainesville. The groom is the son of Mr. and Mrs. B. J. Swirczynski of Muenster.

Vows were repeated under an arch of pink daisies and greenery before an altar holding candelabra, pink candles, bouquets of pink daisies and greenery.

The bride was given in marriage by her uncle Mickey Hunt. She wore a formal dress of beige organza over acetate trimmed in beige lace and tiny pink flowers and a pink picture hat trimmed with pink ribbon. She carried a bouquet of pink roses and white daisies.

For sentiment and "something old" she wore a wedding ring belonging to her grandmother Mrs. W. O. Hunt of Vallejo, California, worn in her wedding 43 years ago. For "something borrowed" she wore the wedding dress belonging to her mother and chose her mother's birthday as her own wedding day. And for "something blue" she had a traditional garter made by her Grandmother Hunt. Adding sentiment, she paused to present her mother and the groom's mother a pink rose.

Attendants
Lou Ann Swirczynski, groom's sister was maid of honor, wearing a sheer pink formal with pink picture hat, and carrying white daisies with pink trim.

Dickie Fisher was best man. Ushering guests were Jeff Mazingo, bride's brother of Gainesville and Keith Hunt, bride's uncle of Era.

Wedding music was presented by vocalists Dr. Don Stafford, Don Clayton, Mrs. Eursilee Moser and Mrs. Don Johnson who sang "Faithful and True" and "Oh, Perfect Love" and Dr. Stafford sang "Twelfth of Never".

Reception
Following the ceremony a reception was held in the home of Mr. and Mrs. Donny Swirczynski at 1306 Hillcrest, Gainesville. Miss Cathy McKinney was at the guest book.

The bride's table, covered with white net over pink, held the three tiered wedding cake and the bride's bouquet and crystal appointments. Serving at the bride's table were Mrs. Charles Bayer, Mrs. Helen Beasley of Dallas and Mrs. Linda Hunt of Era. When the couple left on their wedding trip, she was wearing a beige pant suit with pink and beige accessories.

The bride attended Gainesville High School and is employed by Dairy Queen No. 3, Gainesville. The groom is a graduate of Muenster High

**DPS Predicts 42
Will be Killed in
Labor Day Traffic**

State Public Safety Director Wilson E. Speir today estimated that Labor Day Weekend traffic in Texas will claim 42 lives.

The holiday period extends from 6 p.m. Friday, August 29 through midnight Monday, September 1. During a comparable period last year, Texas traffic killed 51 persons.

"Traffic will be particularly heavy near recreational areas such as beaches, lakes and campgrounds. Actually, in these situations, motorists need to be extra watchful for children playing and other pedestrians. Also, persons towing recreational vehicles and boats should be mindful of extra stopping distances and other problems unique to trailers," Speir said.

The DPS director called on motorists to cooperate in law enforcement efforts to hold speeds down during the holiday, noting that "excessive speed is still our top accident problem."

He also urged motorists to work with officers to eliminate the serious threat posed by drunk drivers.

In an effort to reduce the toll, Speir said extra DPS troopers will be on duty statewide. He said troopers and local officers will be especially watchful for speeding, reckless and drunk drivers.

SCS Brochure on Needs and Habits Of Birds Available

People who enjoy having birds around their homes will find a new Soil Conservation brochure, "Invite Birds to Your Home," a big help in planning and landscaping for birds.

The brochure, written by Olan W. Dillon, Jr., SCS biologist, tells the birdlover how to satisfy habitat needs of nesting and wintering birds with trees, shrubs, and food. It tells how a conservation landscape plan used in the selection of trees and shrubs will beautify your yard and attract the kinds of birds you like.

"A conservation landscape plan will guide you in placing bird-attracting features near a window, patio, or terrace so you can observe the many varieties of birds that accept your invitation," Arlin Naegeli, SCS soil conservationist at Muenster states.

Even birdlovers in dense residential areas can attract birds by providing water for drinking and bathing and living fences and other shrubs for cover. "A single plant, the elderberry, is used by 51 species of birds and will dress your yard nine months out of the year with its white flower clusters and red-black berries," Naegeli said.

"Invite Birds to Your Home" will tell you the kind of food preferred by different kinds of birds, and how you can provide for them during food-short winter months.

Single copies of "Invite Birds to Your Home," Program Aid 1093, are available free at Soil Conservation Service offices. The booklet can also be purchased for 75 cents from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Nuptial Saturday Unites Kim Reiter and Don Wiese

Mr. and Mrs. Don Wiese are on a wedding trip to Colorado following their marriage Saturday morning at 10:30 in Sacred Heart Church. Fr. Stephen Eckart was celebrant of the Nuptial Mass and exchange of vows.

The bride is the former Miss Kim Reiter, daughter of Mr. and Mrs. Wilfred Reiter. Parents of the groom are Mr. and Mrs. Francis Wiese of Gainesville.

A graduate of S.H.S., the bride is presently a junior at North Texas State University, majoring in home economics and the groom, a graduate of Gainesville High, holds a degree in Forestry from Stephen F. Austin College at Nacogdoches and is employed by the

Army Corps of Engineers at Benbrook Reservoir in Fort Worth.

The groom escorted his paternal grandmother, Mrs. Frank Wiese, his own mother and the bride's mother to their places in church.

In a setting of white glad-loli and pyramid candelabra, holding votive candles, and entwined with greenery and stephanotis, the bride was presented at the altar by her father. For her wedding she chose a gown of sheer organza and lace. The bodice and long full sleeves were done in tiny, close tucks with exquisite rose-point lace forming fitted cuffs and defining the high ruffled neckline where the bride wore an antique gold cameo brooch. The full skirt, scattered with lace appliques and finished with a wide bouffant bias ruffle edged in matching lace, swept to an aisle-wide chapel train.

Adding to the loveliness of her bridal dress was the finger-tip length triple tiered illusion veil edged in matching rose-point lace caught to a small lace cap embroidered with pearls. Bridal flowers were pink roses, white carnations, stephanotis and baby's breath in a colonial cluster.

Traditionally, the bride wore a birthdate penny in her shoe and a blue garter and "something old and borrowed" were the gold cameo brooch formerly belonging to her late great-grandmother, Mrs. Henry Sandman and a ruby and

pearl engagement ring formerly belonging to her late grandmother, Mrs. George Spaeth.

Attendants

Miss Sandy Reiter, bride's sister was maid of honor, Mrs. Tom Kopenhofner of Hurst, also a sister of the bride was matron of honor.

Mrs. Paul Hoedebeck of Gainesville, groom's sister was bridesmatron and Miss Janet Knabe, a friend was bridesmaid. Flower girl was bride's niece Julie Ann DiStephano of Houston and ring bearer was groom's nephew Jeff Hoedebeck of Gainesville. The feminine attendants were identically gowned in baby blue dotted Swiss floor length dresses. Their empire design featured pinafore effect ruffles with eyelet insert. They wore blue velvet ribbon with baby's breath in their hair and each carried a single, long stemmed pink rose. Their jewelry was a gold heart shaped necklace a gift from the couple.

The bride paused before entering the sanctuary to give her mother a rose and upon leaving the altar, presented a rose to her husband's mother.

Hal Wiese of Quitman was his brother's best man and Larry Davenport and Bob Bauer, both groom's friends from Gainesville and Paul Reiter bride's brother were groomsmen. Ushers were Tim Leech, Mike Schmitz, Lloyd Reiter and Roger Reiter.

Mass servers were Jack Wiese, groom's brother, Phil Schniederjan and Bert Miller. The Liturgy readings were given by fathers of the couple.

Wedding music was provided by organist Linda Miller and soloist Tom Kopenhofner who sang as guests assembled "Time in a Bottle" and Schubert's "Ave Maria". Songs by a quartet: Mrs. Christi Klement, Mrs. Susan Metzler, Miss Carol Yosten and Miss Beverly Walterscheid, were "Wedding Song", "Let It Be Me" and "Mother, At Your Feet", the latter when mothers of the couple handed them lighted candles which they carried to the Blessed Virgin's altar to offer and light a votive candle there.

After the final blessing, Fr. Stephen read the Apache Wedding Ceremony Blessing.

Reception

A reception and noon dinner for 250 guests was held at Sacred Heart Community Center, hosted by the bride's parents. Mrs. Janella Tears, bride's roommate at NTSU was at the guest book. The bride's table held the wedding cake and twin antique candelabra, heirlooms of the Spaeth family, great-grandparents of the bride. Mrs. Henry Spaeth bride's aunt of Gainesville baked and cut the cake, served by Gina and Sherry Felderhoff, bride's cousins.

For her daughter's wedding, Mrs. Reiter wore a powder blue formal polyester dress with matching lace jacket and pink rose corsage and the groom's mother wore a pink polyester floor length dress with lace bodice and sleeves and a pink rose corsage.

For traveling to Colorado, the bride wore a light green knit dress and the groom wore a beige polyester suit, both designed and made by the bride. When they return, they will be at home in Fort Worth.

The rehearsal dinner was held in the Paul Hoedebeck home with the groom's parents host to forty guests. There the couple presented gifts to their attendants.

The Kitchen Almanac

Use fruit cocktail syrup as liquid for cooking rice. Add orange marmalade and fruit cocktail to rice and chill. Serve topped with whipped cream...

Need shredded cheese? It takes about one-half pound of cheese to make two cups of shredded cheese.

What is "corned beef"? The National Live Stock and Meat Board says the term generally implies a beef brisket that has been cured in a processing solution called "pickle." Sometimes pieces of round, chuck or plate — as well as brisket — are "corned." The name comes from an earlier method of processing in which beef was cured by sprinkling with coarse grains of salt, called "corns."

Stale bread? Try this trick: lightly moisten the top and bottom crusts with a few drops of water. Wrap the loaf tightly in aluminum foil and heat for 15 minutes in a 400° oven.

It's easy to plan nourishing, well balanced breakfasts. One simple, easy-to-follow formula consists of fruit or juice, cereal with milk, bread and spread, and a beverage.

What kind of recipes do women like? According to one study, the order of preference is: salads (29%), quick and easy

dishes (26%), and casseroles (20%).

Staggering Statistics — Fresh pizza is over a \$4 billion per year industry... Here's the best excuse we've ever heard for using an automatic dishwasher: over a 15-year period, a homemaker can spend up to 6,240 hours washing dishes by hand. (That's a whopping 780 eight-hour days!!)

If you are planning on remodeling your kitchen, a dishwasher should be a *must*. You don't have to wait to remodel, however. Here's a tip from researchers at KitchenAid — one of the country's leading appliance manufacturers: consider a convertible-portable dishwasher. You can use it as a portable now — without installation — and build it in when you're ready. (The KitchenAid people say their "Energy Saver" feature saves about 50% of the electricity normally used for drying the dishes.)

But you didn't know: the spread and popularity of peanuts in the United States is credited to three things — (1) the Civil War, (2) the circus, and (3) baseball.

Editorial note: Clip these tips for your own "kitchen file." Have hints to share with the Almanac? Send them to Harry G. Clark, (512), 173 West Madison St., Chicago, Ill. 60602.

Reducing plan for energy users

Plan B How to save electricity with refrigerator-freezers

1. Defrost regularly. More than 1/4" of frost will act as insulation and causes your refrigerator/freezer to work harder to maintain a proper temperature. Replace worn door gaskets to prevent cold air loss.
2. Keep refrigerator temperature setting between 35° and 40° — freezer setting at 0°. (Use thermometer to check.)
3. Adjust temperature up 2° or 3° if you'll be away several days.
4. Don't leave door open unnecessarily. Close quickly.
5. Avoid overcrowding. It restricts cold air flow around food and overworks unit.
6. Cover all liquids placed in frost-free units. (Moisture causes frost and needless defrosting.)
7. Keep condenser coils on back and bottom of your refrigerator/freezer free of dust for more efficient operation.
8. Cook double recipes and freeze half for future use.

Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call or see the Customer Service Representative in the TP&L Office.

 Death claims Ben Bengfort, 62, a resident of Lindsay for 51 years. With ten men subject to call and four more to report for physical exams, Muenster is beginning to feel the effects of the nation's mobilization program. Gainesville is working on plans for a big party to celebrate the city's 100th birthday. Wettest summer record is sustained by a two inch rain. Billy Joe Miller buys Texaco Station from Ted Probst. Werner Cler is recovering from surgery performed at McKinney VA Hospital. FMA employees have picnic at Katy Lake. The Herbert Hundts of Lindsay were among the 100,000 persons at Necedah, Wis., for the supposed sixth apparition of the Blessed Virgin to Mrs. Anna Van Hoof.

Cain Gang Attends Mary Kay Seminar

Mrs. Jan Cain and her unit "The Cain Gang" attended the twelfth annual seminar sponsored by Mary Kay Cosmetics in Dallas last week Thursday, Friday and Saturday and were among 9000 in attendance; 666 of them were directors.
 Accompanying Jan from Muenster were Mrs. Richard Cain, Mrs. Ray Wilde, Mrs. Gary Hess and Mrs. Karen Wilde, and Mrs. Virginia McMichael, Mrs. Joni Sturm from Gainesville and Mrs. Kathy Mosely of Forestburg. They were houseguests of the Bill McCollums of Dallas.
 Programs, held on a beautifully decorated stage were themed "Everything is coming up roses."
 Among guest speakers was Rev. Oral Roberts whose son Richard and wife, Patty Roberts of Tulsa are nationally known for their sacred music. They sang several hymns during the program.
 The traditional candlelight ceremony conducted by Mary Kay closed the final meeting in the spirit of Christian Fellowship during which Mary Kay emphasized her philosophy of putting God first, family second and business third.

Tax Cuts For The Self-Employed

Tax cuts to combat recession have been making front-page news. Yet this year many of the seven million self-employed Americans who could take some new tax deductions, and substantially cut their federal tax bill, know nothing about this opportunity.

The chance to save money comes with an Act passed by Congress last year, the Employee Retirement Income Security Act, a forbidding title that signals a major change in our pension laws. Under it, if you are self-employed, you can put a maximum of \$7,500 or fifteen percent of yearly earnings—whichever is the lesser—into a fund for your own retirement. Whatever you contribute is an unqualified tax deduction. More than that, any earnings on your contributions also accrue tax free.

Eventually, of course, you will withdraw your money and you will have to pay taxes then. But normally that will be only when you reach retirement. And at that stage your income—and your tax bracket—will almost certainly be lower, probably significantly lower, than they are while you are working.

The principle of building for retirement through a fund that is tax-sheltered is not new. It was embodied in the well-known Keogh plan named for the Congressman who introduced the legislation establishing it back in the fifties.

The new development is that the tax-deductible contributions

have gone up substantially — threefold, in fact — from the previous maximum of \$2,500. Those able to put away the new maximum of \$7,500 will see a healthy cut in their annual tax bill. However, you may prefer to set aside less than the maximum. In that case, any smaller amount is allowable — and you can vary that amount from year to year. So you need not worry that a bad year for your business will saddle you with a heavy burden.

Another point to note is that if you adopt a Keogh plan and have employees, the law requires that you make certain contributions on their behalf. The new law allows a number of ways for you to build up a retirement fund — among them, through a savings bank, or variable annuities or a trust. A popular way is through mutual funds. They account for about one out of three of all existing Keogh plans with a total of around one billion dollars.

If this way of planning for retirement appeals to you, there are plenty of people who can give you advice — for example, a stockbroker, or a tax accountant or a mutual fund. But not, please, any old well-intentioned stranger. With the right advice — and a proper balancing of risks against the possibility of capital growth — the new pension law could be your launching pad into the sort of comfortable retirement everyone wants but which so many neglect to prepare for.

For a free booklet on the main provisions of the new law and the role of mutual funds, write to Department R., Investment Company Institute, 1775 K Street, N.W., Washington, D.C. 20006.

Do you qualify for a tax break?

On the other hand, you can make additional contributions, over and above the maximum, of up to 10 percent of your yearly income — up to a limit of \$2,500. This additional voluntary contribution is not tax deductible, but any earnings on it are tax sheltered until you withdraw it. So once again you can defer paying income tax until the time when you are likely to be paying at a lower rate.

Foundation Seeks Funds to Combat Cystic Fibrosis

Judy, who is seven years old, must spend almost two hours every day in treatments designed to keep her alive.

She suffers from cystic fibrosis, an incurable lung-damaging disease which is the number one genetic killer of children.

The life-maintaining treatments followed by Judy and thousands of other children with cystic fibrosis include thrice-daily chest physical therapy. Because of her disease, Judy's digestive system is also handicapped. Therefore, she also must follow a special diet and take more than 40 pills a day.

Timmy celebrated his eighth birthday in a local children's hospital. For his birthday, his mother baked a chocolate birthday cake — his favorite.

Like Judy, Timmy has severe lung damage — his caused by bronchiectasis. So, Timmy didn't have the breath to blow out the birthday candles on his cake.

"Judy and Tim are among the millions of children in this nation who need our help," said Mrs. Ted Henscheid, chairman of the 1975 Breath of Life Campaign in Muenster for the Cystic Fibrosis Foundation.

"The Breath of Life Campaign is so appropriately named," Mrs. Henscheid pointed out. "We'll be raising money on September 16 to finance research, care and educational programs that will give these children a better chance for the breath of life."

The Cystic Fibrosis Foundation, now in its 20th year, sponsors a world-wide program of research aimed at finding the cure for cystic fibrosis and determining better methods of treating children with all lung-damaging diseases.

The Foundation also helps support a national network of over 100 Cystic Fibrosis Centers which provide diagnosis, treatment and referral for children suffering from these lung diseases and to those with gastrointestinal disorders related to cystic fibrosis.

Local Women Receive Awards On Fair Exhibits

This year as for many years past the Cooke County Fair was a showplace of hundreds of items demonstrating homemaking skills of women and girls. The vast array of hand-made displays included canned food, baked goods, clothing and home decoration articles.

Girls of this community who won ribbons on their exhibits in one or more of the categories are as follows. Pat Davidson, 4 blue; Sandy Reiter, 5 blue, 11 red; Debbie Zimmerer, 2 red; Elaine Walterscheid, 3 blue, 4 red, 1 white; Stacie Walterscheid, 2 blue, 6 red, 1 white.

Muenster women receiving awards were Mrs. Debbie Endres, 2 red; Mrs. Eileen Fisher, 1 red; Mrs. Carol Naegeli, 1 blue, 1 red; Mrs. Monica Hess, 4 blue, 2 red; Mrs. Wilfred Reiter, 2 blue, 4 red, 2 white; Mrs. Betty Rose Walterscheid, 5 blue, 5 red, 1 white; Mrs. Albert Zimmerer, 3 blue, 2 red, 1 white.

Edward Rich Joins Area TP&L Staff

D. Edward Rich of Irving has been named distribution superintendent for Texas Power & Light Company in Gainesville. Bob Vaughan, TP&L district manager, announced.

Rich succeeds Billy Glen Norris, distribution superintendent in Gainesville since 1973, who has been named to the same position in Farmers Branch.

A native of Paradise, Wise County, Rich joined TP&L in 1962 as a meter reader. He was assistant distribution superintendent in Irving since 1972. Rich also has served as a truck driver, lineman, serviceman and crew foreman.

Rich is married to the former Sarah Gilliland of Paradise, and the couple has three daughters, Lori Lee, 13; Tracy DeAnn, 12 and Melisa Gay, 9.

SH Home School Hears Report on Diocesan Seminar

The August meeting of the Home School Society on Tuesday was an opportunity for teachers and parents to meet for a social hour and to hear a report by Sr. M. John and Sr. Georgia telling of the diocesan teachers' meeting they attended. They said that during all sessions, the theme of "Respect" was stressed.

Tony Hess presided for a routine business meeting and Fr. Placidus presented Sr. M. John and Georgia who introduced their teachers.

Sr. Agnes Voth was a special guest. Those attending observed Coach Stock's birthday, and refreshments were served by the officers, Tony Hess, president, Roger Taylor, vice president, Mrs. Arthur Bayer secretary and Mrs. Fred Koerschner, treasurer.

Felderhoffs Are Valley Visitors

Mr. and Mrs. Tony Felderhoff accompanied the A. J. Felderhoffs and the Bobby Zimmerers to attend the Bauer-Knauf wedding in La Feria and spent part of the weekend sightseeing, driving into Mexico several times and visiting friends in Corpus Christi.

While in La Feria they also visited other friends, Mrs. A. J. Phillips, her sons and their families and were taken out into the fields where three huge mechanical cotton pickers were in use. The Muenster visitors left here last week Thursday and returned Monday.

Confetti - - -

ribly, we can sell an awful lot without forcing up the food prices.

This column agrees with Meany in that it's a shame to help the economy of the nation which is dedicated to our destruction. But the hard fact is that we need the business as definitely as Russia needs the food. Since it's come to that, our next concern is the kind of deal being made. Let's hope we're not giving another big bargain and helping along with a slow note bearing low interest.

Another factor: It seems we should be able to insist that the hauling be done by American ships hiring American maritime workers. But then, we never had much luck in coming out ahead of the Soviets in a deal, so we can assume that they are choosing the shippers with the lowest rates.

The sad fact about this is that workers on American ships are by far the world's best paid, but they have priced themselves out of many jobs. They could change that by adopting the farmer's policy of producing as much as possible for the dollar instead of as little as possible.

In fact that policy could do a lot more than land a few shipping contracts. It could wipe out inflation and recession and open a new era of progress.

3 Schools Book Girls' Physical Exams Saturday

A physical examination for high school and junior high girls who plan to participate in sports at both Muenster schools and the Saint Jo school will be held Saturday morning, August 30, at 7:30 in the Muenster High gym.

Mrs. Faye Hamric, who has charge of the event, points out that the exam is required of all who expect to take part in any competitive sports, and there will be no charge at the designated time, but girls who fail to report then will have to make their own arrangements for the exam at their own expense.

Sonja Swirczynski Joins ND Sisters

Miss Sonja Swirczynski became a novice of the School Sisters of Notre Dame at a special Mass Thursday, August 21. She is spending three months of her novitiate in Baltimore, Maryland, studying Theology and Spirituality at Notre Dame University of Baltimore.

Mr. and Mrs. Bob Swirczynski spent Sunday with their daughter at Irving before she left Monday for Baltimore.

A Reminder

Mrs. Al Hess, president of St. Anne's Society and Mrs. Adolph Walterscheid, chairman of a committee collecting Betty Crocker and Campbell Soup labels and "cents off" coupons in newspapers or on food products, are reminding members to bring as many as possible to the next meeting, held regularly on the first Sunday of the month. The coupons may also be left at Hess Furniture Company. When the coupons and labels are redeemed the money is used for mission work.

Mrs. Harold Knabe Is Shower Honoree

Mrs. Harold Knabe was the honoree Sunday afternoon when her sisters, Mrs. Joe Moster and Mrs. Vic Koelzer surprised her with a layette shower in the Moster home. Seventeen friends and relatives attended and were served dessert from a table holding a stork centerpiece.
