MUENSTER, COOKE COUNTY, TEXAS 76252 MARCH 8, 1974

NUMBER 16

It's gratifying to hear from a disinterested source that our district is well represented in the Texas Constitutional Convention which is currently under way in Austin. That kind of assurance came on February 24 from the Austin American-Statesman in a brief profile article on the 25 members of the Finance Committee.

It has the following to say for the representative of this congressional district. "Rep. Bill Sullivan, 34, an attorney from Gainesville, has been one of the hardest, if not the hardest, working members of the committee. Along with Rep. Terry Doyle, he has had much to do with the conceptual language adopted by the committee. Caldwell (chairman) jokingly refers to Sullivan as the 'father of the constitution.' Sullivan speaks out on all the issues, usually expounding on his constituents' wants and needs. His was the proposal adopted by the committee calling for equal and uniform taxation in relation to value. A short thin man, he usually has an unlit cigar between his teeth."

Relative to our country's trade with communism during the past year, Texas Farm Bureau makes the following comment in a recent weekly bulletin.

"The gates were opened wide for trade with communist countries in 1973. As in some of the other issues discussed this year, much can be written on the subject but the central facts are relatively clear.

"Communist countries enslave and control their citizens by restricting economic goods and services. Communism is very much the same as a cancerous cell; it rots in the middle while feeding on the perimeter. The obvious action needed to free the slaves in communist countries is to prevent their feeding on the perimeter. The system by its very nature will collapse if the Western World will stop supplying goods and services. There is no doubt but that information released in 1973 reveals that communism could not, and would not, expand without the help of the Western World, which includes the United States."

This viewpoint agrees with that previously mentioned in this column. The Soviet Union has been a failure since its beginning in 1917. It has a miserable record in both agriculture and industry. It has faced starvation several times and was bailed out each time by our country's abundance of food. During World War II it begged, borrowed and stole millions of dollars worth of equipment and supplies. And periodically for over a half century it had the benefit of US capital and technology for drilling oil wells, building refineries and truck factories, and importing farm machinery.

The plain fact is that communism is an evil and inadequate system that fails to meet economic or spiritual needs. Like a cancer it has to feed on the substance around it. Without frequent sustenance from the West it would have fallen apart long ago.

All of which was all right, at least to a degree. America had the food and wealth to spare. It was willing and able to help. But it certainly deserved more appreciation than it received. The crowning insult to the whole involvement is that Russia, while sponging on us, was using its own resources and energies to pursue its goal of world domination. The reds openly boasted of their intention to take over this country, even while we were seeing them through serious crises.

Well, the situation has not changed. The reds now are dickering for favorable trade concessions with US even while they are manipulating on the other side to acquire commercial and military domination of the Mid-East. At the same time they continue their arms build-up until the day when they are able to blackmail the rest of the world.

Our administration seems to be proud of the present detente with Russia when actually it ought to be most concerned. The word is no different from peaceful co-existence, which is the previous expression for getting along on Russia's terms. By now we should have learned to sus-

Garbage Service Rate Undecided In Business Area

Rates for garbage and trash service in the Muenster business area will be mostly a matter of separate agreements, members of the city council decided at their meeting Monday night.

After lengthy discussions the men decided that customer requirements varied widely, so there was no one rate, nor even a table of several rates, that applies all over the business area. Accordingly the council is depending on city employees to assess rates which hopefully will be satisfactory. In case of objection the council will consider the complaint.

In response to a personnel complaint the council urged customers to have trash bags out early enough for the collection starting at 8:30. It was pointed out that some bags were set out after the truck passed. Sometimes those bags were noticed at a distance and the truck doubled back for them. But there will be no more doubling back. Bags not at the curb on time will be the customer's problem until the next pickup.

The council also considered about a dozen requests for lower rates, and denied all of them. The opinion was that the requested reductions are not justified on the basis of need and are not advisable on the basis of less than normal use. The council compared the charge with school tax which applies whether or not the person has children in school.

In other business the council voted to advertise for bids on a roof repair job on the city hall. It wants tar with one layer of 15 pound felt and a surface of 90 pound felt.

Also, the council voted to continue pay of \$2 per meeting for aldermen and \$90 a year for the mayor. However, the mayor cannot accept his pay because he is already on the payroll of another political entity, the Muenster Hospital District.

Each student participated in his choice of two tests from the four subjects of physics, chemistry, math and engineering. After that they saw engineering exhibits and the A&M nuclear reactor and toured the campus.

The group included Tom Bright, Leo Lutkenhaus, Robert Johnson, Curtis Klement, Glenn Henscheid, Ronnie Weinzapfel, Mark Yosten, Ray Luke, Randy Wolf, Terry Walterscheid, Charlotte Johnson, Lisa Mollenkopf, Shirley Swirczynski, and Barbara Davidson. Adults accompanying them were Wayne Klement and Dan Luke.

Hornets Outscore Pottsboro High 8-1 in Baseball

Muenster High's Hornets, under direction of Coach Wayne Klement, started their baseball season last Thursday with an 8-1 win over Pottsboro.

The visitors started the scoring with a run in the first but went scoreless the rest of the way. Meanwhile the Hornets caught up in the third and added 7 in the fourth and fifth.

Terry Walterscheid pitched for six innings and Danny Endres for one. Between them they allowed 4 hits while the visiting hurler gave up ten.

Hornet hitters were Glenn Grewing and Terry Walterscheid each a single and a double; Randy Wolf and Robert Johnson each two singles; Terry Huchton a double and Mike Davidson a single.

After the seven innings the teams played three more for practice, during which Muenster scored 2 and the visitors none.

The teams will meet again Friday at which time Pottsboro will be better prepared. For the opening game it was handicapped by lack of practice while the basketball team was busy with post season play-offs.

DPS to Intensify Enforcement of 55 M.P.H. Limit

AUSTIN — Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today he is disturbed by many complaints by Texas motorists about drivers refusing to obey the 55-mile-per-hour speed limit, and has directed DPS troopers to intensify their enforcement efforts.

"When the new law went into effect January 20 of this year," he said, "our surveys indicated a high degree of voluntary compliance on the part of Texas drivers."

"But since that time, we have noticed that motorists, or at least many of them, have been gradually 'inching' up their speeds on Texas highways. Consequently, our troopers have been increasing their volume of speeding citations, and will have to continue to intensify their efforts until a more reasonable degree of voluntary compliance is achieved."

Speir said he has received numerous reports by motorists who are complying with the new law who are frightened and angered by others who pass them at speeds dangerously above the legal limit, and still others who "tailgate" them when they can't pass for one reason or another.

"We commend those drivers who are cooperating in the state and national effort to reduce accidents, save lives, and at the same time conserve fuel by driving within the legal limits," Speir said.

"And we solicit the cooperation of those who would forget or ignore the dangers posed to themselves and others by dangerous and illegal speeds on the highways of our state."

"We would remind everyone that consistently through the years, excessive speed is involved in more fatal accidents than any other single factor."

Hornets Go Great In Speedy Crowd Of Decatur Meet

Coach Glenn Richardson was all smiles and enthusiasm following the performance of his MHS Hornets in their first track meet at Decatur Saturday. He said he was extremely pleased with their sixth place in a field of sixteen Class AA teams and five Class A teams.

The Hornets had 37½ points in an extra competitive meet in which the winner was Wylie with 48 and four other Class AA were close behind. The Hornets were ahead of the other four Class A entries, which included Nocona, Pilot Point, Lake Dallas and Carroll.

Most of the points were earned in the mile and half mile runs. Dan Sicking was first in the 880 with 2:03.4, a new record for MHS and Mark Sicking was close behind with 2:06.9 for second place. Randy Wolf ran it in 2:15 for seventh place.

Lyle Klement was first in the mile run with 4:54, and Dean Sicking was third with 5:05.9. Kirk Johnson's 5:11 was good for seventh.

Louis Koelzer scored in both of the hurdles events. He was sixth in the 120 high and tied for sixth in the 330 intermediate.

And the Hornets were sixth in the mile relay with a time of 3:48.9. Runners were Mark Sicking, Curtis Klement, Louis Koelzer and Terry Walterscheid.

In addition there were two more seventh places: Ray Luke in the high jump and Danny Endres in the discus.

Next action for the Hornets is Saturday's meet at Holliday. Again the participants will be A and AA class teams.

VFW Post and Auxiliary To Join at Meet Mar. 11 Muenster Veterans of Foreign Wars and Ladies Auxiliary are reminded of their joint meeting next Monday, March 11, 8 p.m. in the Post Home.

Muenster lost a family of five this week when Mr. and Mrs. Dink Hudspeth and children Francine, Allen and Scott moved to a home they bought in Myra. They had resided at 309 E. Second here. Their new place was vacated this week by his sister and family, the Johnny Bartholds, who moved to Valley View.

2 Band Members Get Top Rating In NTSU Audition

Twenty members of the Muenster Hornet Band and their director, Bob Hayes, attended the Region V Inter-scholastic League Solo and Ensemble Contest at North Texas State University Saturday, March 2. The band members did extremely well in competition, and the results look even better since none of these students had ever entered a contest of this type before.

Pat Davidson, freshman, received a Division I (Superior) rating on her French horn solo, "The Hunt" by James Ployhar. Judge's comments included: "good dynamics, good phrasing, good memory work . . . sounded like you were having fun." Ronnie Weinzapfel, junior, received a Division I (Superior) for his trumpet solo, "Trumpet Voluntary" by Clarke. Judge's comments included: "good memory and basic style concept . . . nice job." Ronnie and Pat were both presented bronze medals for their performances. They were accompanied by Milissa Weinzapfel, pianist.

The following people were awarded Division II (Excellent) ratings for solos and ensembles: Lou Ann Swirczynski, alto saxophone solo, accompanied by Milissa Weinzapfel; Sam Bright, French horn solo, accompanied by Allen Bayer; brass quintet consisting of Tina Mollenkopf, Judy Fisher, Sam Bright, Sheila Grewing, and Allen Bayer; and a saxophone quartet consisting of Diane Klement, Lou Ann Swirczynski, Gina Felderhoff, and Shirley Swirczynski. All these students received certificates for their performances.

The following people were awarded Division III (Good) ratings: Mary Lou Fleitman, flute solo, accompanied by Milissa Weinzapfel; Sheila Grewing, trombone solo, accompanied by Mrs. David Bright; a flute trio consisting of Mary Lou Fleitman, Connie Walterscheid, and Doris Clark; and a trumpet trio consisting of Ronnie Weinzapfel, Mike Richardson, and Kim Klement, accompanied by Mrs. David Bright.

Also attending the contest were Lisa Trubenbach, Debbie Zimmerer, Tami Fanning, and Kim Hale. Mr. Hayes commented: "I am extremely proud of all these students. This contest was a valuable experience for each of them and will not only help them as individuals, but will also improve the overall band program in Muenster."

The entire Hornet Band, 56 members strong, will travel to South Grand Prairie High School on March 20 to participate in the Region V UIL Contest and Sight-reading Contest.

Council Asked to Improve Traffic At Sacred Heart

A request to improve safety regulations in the vicinity of Sacred Heart School was presented to the Muenster City Council at its regular meeting Monday night in behalf of the Sacred Heart Home School Society. The recommendations were submitted by Mrs. Robert Steele and Mrs. Leon Fleitman for the society.

The first request is to mark crosswalks at three intersections near school. They are at Main and Sixth, to be marked at the north and east sides; at Main and Seventh, to be marked at the south and east sides, and at Oak and Sixth, to be marked at the west and south sides.

Next request was to lower speeds in the vicinity for a half hour before and after school hours. A limit of 15 miles per hour on Main between Fifth and Seventh was recommended for the two half hour periods. Also a limit of 10 miles per hour was recommended for the two periods on Sixth from Main to Pecan, and on Seventh from Main to Pecan, and on Pecan from Sixth to Seventh.

The council agreed to consider the requests and also noted that suggestions involving Main have to be taken up with the Highway Department because the street is a part of a state highway.

Charles Denny of San Antonio Dies

Funeral service for Lt. Col. Charles H. Denny, 66 (USAR retired) was held at St. Luke's Church, San Antonio, at 12:15 Wednesday. He died early Monday of a heart attack ending a long illness.

Con-celebrants of the mass of the dead were seven of his friends headed by Father Eugene Luke of Subiaco Abbey, Ark., a brother of the deceased's wife. The other six were Abbot Alfred Hoenig of Corpus Christi and Msgr. William Martin, Rev. Anthony Costantino, Rev. Thomas Murphy, Rev. James Conway and Rev. Kenneth Mitchell, all of San Antonio.

Pallbearers were six Luke brothers: Anthony, W. J. and Dan of Muenster, Harold of Arlington, Bernard of Irving and Gene of Denton. Military burial was in Fort Sam Houston National Cemetery.

Scripture service Tuesday night at 7:30 was held in the chapel of Porter-Loring Mortuary.

Col. Denny was a well known baker in San Antonio for almost thirty years. He started as a teenager and took over the business from his father in 1937. At that time there were seven bakeries, four of which were closed when Denny joined the army at the beginning of World War II. The remaining bakeries were sold at his retirement in 1965.

Denny was married to Dorothy Mae Luke, daughter of the Ben Lukes, in 1943 and they made their home in San Antonio ever since. After the war he remained in the Army as a reserve officer until 1962. In that capacity he had a prominent part in planning and supervising construction of the bakery at Fort Sam Houston. Two high spots in his business career were baking giant cakes for President Eisenhower and Johnson during their official visits to San Antonio.

He survived by his wife; two daughters, Mrs. Victor (Mary Nell) de la Garza of McAllen, and Mrs. Jim (Sharon Anne) Root of San Antonio; a son John Bernard Denny of San Antonio; one grandson, Aaron Charles de la Garza; one brother, George Denny of San Antonio and three sisters, Mrs. Clara Neal and Mrs. Ethel Oliver of San Antonio and Mrs. Florence Burger of Georgia.

In addition to the celebrant and pallbearers, the following members of the Luke relationship were present for the services: Mrs. Ben Luke, Mrs. W. J. Luke, Mr. and Mrs. R. N. Fette, all of Muenster and Mr. and Mrs. Alfred Kuhn of St. Louis. Also attending from Muenster were Mr. and Mrs. Gilbert Endres and Mr. and Mrs. Urban Endres.

The difference between gossip and news is whether you hear it or tell it.

Jim Parks of Cooke County Electric Co-op and Steve Mosler, city manager provide additional data for updating a computerized profile of Muenster.

Data Updated for Computer Record Of Area's Profile

Manager Gene Davenport, of the Member and Community Services Department of Cooke County Electric Cooperative, has received a request from E. H. Sheffield, industrial development consultant of Texas Industrial Commission in Austin, for an updating of the general community profile on Muenster.

The original profile, prepared in early 1973, consisted of 1,350 statistical facts gathered in the community by Steve Mosler, L. B. Bruns, J. M. Weinzapfel, Alvin M. Fuhrman, Henry Weinzapfel, Ray Wilde, Arthur Endres and representatives of Cooke County Electric Cooperative, Texas Power and Light Company, and Lone Star Gas.

This information was originally fed into the Texas Industrial Commission's computer and at this time it is being updated and additional facts added in order that the program might be kept in tune with the request from industries and other economic development agencies that use this information for various projects and programs. The present updating requires data from only the utilities and the city and has been gathered by Jim Parks, member and community services representative for Cooke County Electric Cooperative, and Steve Mosler, city manager.

This program enables the community to examine its services and growth capabilities in light of other communities of like size, economic base and social interest. This can be done by ordering a community profile on another community of like size and comparing it to its own statistical data. When a need is identified, assistance can generally be found through positive action.

Hornet Youngsters Set Good Mark in First Competition

The junior varsity track team of Muenster High, boys under 16, did themselves proud in their first action of the season Saturday at Grapevine. They came out seventh in a field of nine participating teams, which was specially impressive considering that all the others were varsity teams.

They made all their points in the distance runs. Andy Serna was third in the mile with 5:07.9 and Mike Davidson was sixth 5:17. Also Albert Zimmerman was fifth in the 880 run with 2:15.

In addition some of the boys ran their events in good time, but barely missed getting in the scoring column.

The 440 relay team, including Bob Endres, Randy Sawyer, Mark Sicking and Mark Mollenkopf came in seventh. Also Larry Phillips was seventh in the mile, Bob Endres and Tim Wolf were seventh and eighth in the 880, and Randy Sawyer was seventh in the 440.

Former Resident Killed in Robbery

A Muenster native, Hugh W. Buss of Kansas City, was the victim of a robbery-slating in his place of business on February 8. His body was discovered about 4 p.m. in his cleaning and pressing shop with three deep cuts on and near the neck.

He was 64 years old and had been in the cleaning and pressing business for 40 years. He had just put up his shop for sale and planned to retire as soon as it was sold. He had been robbed twice before, in 1967 and on January 11 this year.

He is survived by his wife, two sons, four brothers and two sisters.

While Buss lived in Muenster his father was a barber and photographer. The family moved from here to Vinita, Okla., in 1917, and Hugh came to Kansas City in 1930.

Word of the tragedy was received here by the Herman Swirczynski in a clipping sent by their daughter, Mrs. J.P. Donnelly.

Mrs. Jack Janicki and Mrs. Hal Falck drove in from San Antonio Tuesday evening to spend a few days in Muenster with their father Jake Pagel and the rest of the family.

Letters and Phone Help Swirczynskis To Keep in Touch

Telephone calls and letters keep Mr. and Mrs. Bob Swirczynski in touch with their son Roy who recently moved from Kharg Island in the Persian Gulf to Dubai in the Arabian Gulf with the oil drilling company he works for.

In his new location Roy finds things unbelievably expensive, like a two-pound can of Maxwell House coffee, \$8. Yet, other things are relative-

ly as cheap. All food is American imported. Weather is perfect now. Summer will be warmer.

Roy mentioned that he has never seen so many wealthy people in one place. Cadillacs and Mercedes are commonplace. No import tax. Dubai means "engulfed" and so it is as the map shows.

Earlier while he worked in Iran, Roy told about working a couple of Iraq refugees. There were 70,000 refugees booted out of Iraq, going to Iran, leaving everything behind... the stories they told... 5000 of them came in a

group, herded like cattle with guards.

On the lighter side, Roy told about going to an Arabian wedding in Ahwaz. The groom provided transportation for guests to and from and he flew. They have no actual ceremony. The bride and groom simply sign some papers. And they really celebrate with dancing, food and beer. The dancing is mostly hopping, kicking and hand clapping. Something he'll remember the rest of his life, he added.

In other letters he told about going from Abadon, Iran, to Kharg Island in the Persian Gulf for five weeks to work... got there on the shortest runway in the world. Jets reverse as soon as they touch down. Kharg is THE oil terminal of the Persian Gulf. Weather is a perfect 72 degrees. Security and customs are extremely watchful. Only persons with working visas are allowed. No spectators or tourists.

From Kharg Island he hopped a helicopter to Rig Sed-neth No. II, Sedco's pride and joy in the Persian Gulf... a jack-up drilling rig drilling a directional well. A full moon enormous oil tankers and tug boats going by, Rig Jubilee next to his location and white-capped waves moving gently made for a view he'll never forget. He also could see Saudia Arabian rig lights from there.

Commenting on some of the events he told about the Iranian Navy coming out and making the Sausians move off one rig platform that was in Iranian waters. Didn't take long as the Saudians really respect the Iranian national defence... and with good reason.

As for news he listens to Radio Free Europe and the Voice of America and eagerly awaits The Muenster Enterprise which is airmailed. Fun time was when he and his young assistant driller flew to Cypress Island for a holiday on days off.

Curtis Klement, club president, presided. Refreshments were served after adjournment.

Final Rites Held For A. A. Bishop, 80

Funeral services were held Feb. 23 in Nocona for Albert A. Bishop of that city who died Feb. 21 at Medcenter in Wichita Falls after an extended illness.

He was 80 and a former resident of Muenster employed by an oil company. Born Sept. 17, 1893, in Emmett, Okla., he married Ruby Chloe Parker in 1916 at Crowell. They resided at Nocona since 1952 and he was retired by Phillips Petroleum in 1958.

Survivors include his wife, two daughters, three grandchildren and two sisters. Masonic rites were held at graveside in Nocona Cemetery.

Donna Marie Rohmer Becomes Bride Of Olon McClendon at Nuptial Mass

Miss Donna Marie Rohmer became the bride of Olon McClendon in a double ring ceremony at Nuptial Mass in Sacred Heart Church on February 23 with Father Placidus Eckart officiating.

Parents of the couple are Mr. and Mrs. Arnold Rohmer and Mr. and Mrs. Tom McClendon of El Paso.

Given in marriage by her father, the bride wore a gown of candlelight organza over ivory peau se sole with fitted bodice, high neckline and full sleeves gathered to wide buttoned cuffs. The bodice, cuffs and sheer sleeves were appliqued with Alencon lace re-embroidered with seed pearls and the chapel-length train was bordered with the pearled lace.

A camelot cap covered with the same pearled lace held her chapel-length drift of illusion. She carried a colonial cluster of pink roses, gypsophilia, wine wax flowers, and white statice showered with pink streamers.

Miss Linda Rohmer of Fort Worth was her sister's maid of honor and Misses Carolyn Schoech of Commerce, Marla Smith of Denton and Rosie Sauser of Dallas were bridesmaids.

Miss Mary Margaret Rohmer, bride's sister, carried the wedding candle, another sis-

ter, Julia Rohmer, was flower girl and Christi Rohmer and Scotty McClendon, sister and brother of the couple, were ring bearers.

The bridesmaid wore a gown of rose velvet with ivory crocheted lace yoke and ruffle and a matching Camelot cap. The other feminine attendants wore identical gowns and caps in wine velvet. The flower girl carried a basket of wine velvet and lace with the same kind of flowers that made up the bride's bouquet and the other attendants' nosegays of pink roses, pink carnations, wine wax flowers and blue statice bordered with crocheted lace.

David Lucky of Lubbock was best man, Larry Hicks of Lubbock, William Pope of El Paso and Martin Washburn of Dallas were groomsmen.

Donald Rohmer, brother of the bride, was lector for the Mass. Ushers were David McClendon, brother of the groom and Larry Hicks. Acolytes were Gary and Neal Rohmer, Joey Sicking, Greg Gieb and Mark Felderhoff.

"Wedding Song" was played by Miss Stephanie Landregan on the guitar. She was at the organ for "Color My World" sung by Mrs. Norbert Walterscheid, aunt of the bride, as the entrance number. Mrs. Walterscheid sang "Tender

Hands" at the offertory to Anthony Luke's organ accompaniment. "Here, There and Everywhere" followed by Teensy Tiny on the guitar.

After communion the groom sang "Warmth of Your Eyes" to his bride. He composed the words and music and played guitar accompaniment along with Teensy Tiny.

At the Blessed Virgin's altar after Mass when the bride presented a floral offering Mrs. Walterscheid sang "Mother At Your Feet" to organ accompaniment by Mr. Luke.

The bride presented a long-stemmed rose to her mother on entering and to her husband's mother on leaving the church.

Pink gladioli, palm plants and candelabra with lighted votive crystals entwined with stephanotis, smilax and pink ribbon adorned the altar space.

Wedding Reception

The candlelight wedding reception was held in the KC Hall where about 200 guests were registered by Misses Gina and Sherri Felderhoff, cousins of the bride.

Mrs. Henry Spaeth and the bride's cousins Misses Susan and Sandra Walterscheid served the bride's cake. Mmes. Brian Bezner and Ronald Fuhrmann served the groom's cake.

The table of finger foods was centered with a silver candelabra and an arrangement of pink carnations, wine mums, wax flowers, gypsophilia and a pair of love birds.

Similar floral arrangements adorned the bride's table. Teensy Tiny played the guitar and sang during the reception.

A graduate of Eastwood High School, the groom attended the University of Texas at El Paso and the University of Dallas at Dallas and in Rome, Italy. He is employed at Tom's Auto Parts in El Paso.

The bride is a graduate of Sacred Heart High, also the University of Dallas in Dallas

and on the Rome campus and will continue her education at the University of Texas in El Paso.

Wedding Guests

Wedding guests included the groom's parents, his grandparents Mr. and Mrs. Gordon Culpepper of Dallas, and Tom Parker, Katie and Mary Sauser, Mary Bayer, Janet Craig, Mary and Loyd Green, Lita and Capp Wingo, Messrs. and Mmes. L. W. Powell, Robert Hulstrand, and J. D. Attaway, all of Dallas.

Forestburg News

By Myrt Denham

Sunday, Feb. 24, Jimmy L. Walker surprised his wife Billie Doris with a birthday party in the home of his parents Mr. and Mrs. J. L. Walker of Alvord. Several guests were present for the festivities and Billie says she received many pretty gifts. Cake and coffee were served as refreshments. We wish Billie many more happy returns of the day.

Mollie Howell sent me word that her mother, Mrs. Minnie Higgins, passed away Feb. 3 at 2:30 a.m. at Madill, Okla. Mrs. Higgins was 89 years of age. She was born April 27, 1884, in Forestburg — her parents were the late Mr. and

Mrs. Johnny Barnes. Mollie says that Mr. Barnes used to carry the mail from Saint Jo to Uz.

Mrs. Higgins is survived by six children including Mollie Howell of Forestburg, Arminda Howell of Campbell, Calif., Emery Higgins of LaMont, Calif., Jake Higgins and Mrs. Fannie Chapman of Madill, Okla. Also surviving are 24 grandchildren and 40 great-grandchildren.

Visiting Mollie Howell Saturday, Feb. 23, were her brother Jake Higgins and wife Lizzie and their granddaughter Jeanie of Madill, Okla.

Visiting in the Clifford Hudspeith home the weekend of Feb. 23-24 were the Raymond Woods family of Wichita Falls, the Gerald O'Brien family of Irving, Dale Hudspeith and his two children, also the Doyle Lynch family. Hear tell daughter Paula also made it home for the weekend.

Young Amanda Woods spent Saturday night with her uncle Dale Hudspeith and children. Hear tell Dale can cook pretty good. However, I saw him laying in a supply of bologna and other cold cuts the other day. Don't take much doing to fix up bologna.

Mr. and Mrs. Marion "Red" Foster of Fort Worth paid the Blake Freemans a visit Sunday.

Mr. and Mrs. J. M. Dunn (Meb and Roxie) and Mrs. Cleo Lanier visited Mr. and Mrs. Hardy Seay and Mrs. Bonnie Teague in Nocona Sunday Feb. 24.

Hear tell that Mrs. Joe Denham of Bowie was in the area Feb. 24 and 25 doing some visiting. We kept thinking we "smelled something" but just couldn't figure out what it was. Then it sorta faded away Monday when she headed home.

Visiting the Mickey Landers of Dewey last Sunday were Mr. and Mrs. Homer Bell and

children of Fort Worth. Mrs. Bell is a sister to Mickey Landers.

Ira Palmer of Newport was a visitor in the D. L. Rater home last Sunday. The Raters are Dewey area residents.

Juanita Bailey's son Larry of Lubbock paid her a visit Saturday and Sunday Feb. 23 and 24. Larry accompanied his mother to the Church of Christ Sunday morning.

Finally learned that J. W. Riddles, son of Alvie and Deloris Riddles, is gonna make the trek to the altar March 23. He is hitching up to Miss Johnnie Ruth Ward — daughter of Mr. and Mrs. H. S. Ward of Bowie.

Alvie and Deloris' daughter Carolyn made the walk to the altar Friday, March 1. Carolyn and her new husband will make their home in Nocona. Understand J. W. will settle in Gainesville. Well, Alvie and Deloris can now visit one daughter in Bowie, one in Nocona and later on a son in Gainesville.

Mrs. Elmo (Imogene) Brewer visited her parents, Mr. and Mrs. John Holland, in the Nocona hospital where both are parents with colds and the flu.

There are several folks around here on the sick list. Joe Hunt, New Harp, is real ill with a bad case of the flu — he is not in the hospital at the time this is being written — but am told he is very sick.

Robert Ensey is back in the Bowie hospital. However, I am told he is feeling much better. Robert has been gone from his little Dewey home for two weeks now. Well, we sure miss you Robert and your pretty wife Juanita.

Jim Barnett, Dewey, is also in the Bowie hospital as of Saturday, March 2. Jim does not have the flu or a cold.

Grace Scott has also been on the sick list. Grace is at home — guess she had the "bug" come a calling.

Mrs. Ray (Ted) Jackson has been on the sick list for the past week. Stopped by to see her Friday and she said she was feeling some better.

Ross Littell, Stoney Point, has been home all this past week with the flu. Wife Lucille has been the "chief cook and bottle washer" and ranch foreman.

Margie Orrell returned home from Muenster hospital. She returned to Jerry and the two boys Wednesday Feb. 27. Hear Margie is doing real well.

Chatted with Bulah Mae Berry Saturday morning. She said her mother, Mrs. Jake (Bessie) Monroe is just about the same. Also asked Bulah Mae about her son's dairy venture. She said they were coming right along with it. For you folks that haven't heard — Henry Berry and his wife are going into the dairy business over Nocona way. Guess Henry decided he had had enough of that daily trek back and forth to General Motors Dallas way.

Would like to let the For-

estburg folks know that Larry Cook, son of Mrs. Christine Cook and the late Wayne Cook, is going to marry Miss Phyllis Dunn — daughter of Mr. and Mrs. Wilson "Jack" Dunn of Saint Jo. The wedding is to be Saturday April 13 in United Methodist Church of Saint Jo.

Mr. and Mrs. Ken McKinney and family of Burleson visited the Bert Galmors and Bo Shultses the weekend of Feb. 23 and 24. Mrs. McKinney is the former Nell Galmor — a daughter of Bert and Eula Faye and sister of Mrs. W. W. Shults — or Bo Shults as he is known hereabouts.

Mrs. Ruth Lough of Longview visited the Charles Edwards Thursday. She also visited Mr. Leon Young, Dye-mountain, who is a patient in the Bowie hospital. Mr. Young and Mrs. Lough are brother and sister.

The Methodist folks had their monthly Fellowship sup-

FHA Accepting Applications for Business Loans

Preapplications for business and industrial loans in Cooke and Montague Counties may be filed with the Farmers Home Administration office in Gainesville, Texas.

This announcement was made by FHA County Supervisor, Stanley M. Reed, who said provisions of the Rural Development Act of 1972 are now operative in the two-county area.

Reed explained that a letter of preapplication is the first step in seeking assistance under the new federal program of financing local business development. The letter should briefly explain the type of industry or business, the proposed market for goods or services, and provide an estimate of the type and number of employment opportunities to be generated. Additional information may be secured by contacting the FHA county office, Room 215, Federal Building, Gainesville, Texas, phone 665-4251.

"If the prospective business meets eligibility requirements," Reed said, "the applicant will be requested to submit a formal application."

Eligible applicants — individuals, partnerships, cooperatives, and corporations — should work with their bank or other private lender. Those whose applications are approved will receive loans from the private lender with up to 90 percent guaranteed by FHA. Funds may be used to start or expand business enterprises in rural areas and cities up to 50,000 population. Loan funds may be used to purchase machinery and equipment, to buy land, buildings and permanent fixtures, and for working capital.

Public bodies also are eligible for grants to finance industrial sites that will result in development of private business enterprises.

Additional information needed by applicants or lenders is available at the FHA County office.

Honey bees carry water as well as honey. Special carriers bring it to the hive, dole it out, seal it in cells, or even act as storage tanks themselves until the water is needed.

Student Councils Join, Share Ideas

As a part of the Texas Association of Student Councils' Discovery Project, officers of Sacred Heart High Council and Van Alstyne High Council visited each other's schools.

SH officers Phil Endres, Bev Walterscheid, Linda Miller, John Henseheid and Chris Schilling, accompanied by Mrs. Julian Walterscheid, visited at Van Alstyne on Feb. 20 and Van Alstyne officers returned the visit on Feb. 27.

The exchange program was arranged to give officers a chance to observe how student councils work in each of the schools.

Myra Improvement Club Has Election

Myra Improvement Club members reelected their officers for another year at their February meeting.

Continuing in office are C. L. Williams, president; Mrs. Jack Biffle, vice president; Mrs. Lee Livingston, secretary-treasurer.

Social part of the meeting was a fried chicken supper and domino games. Twenty members were present.

Health Students Take Safety Test

Junior and senior health students of SHH, under direction of their teacher Bob Steele, took a driver's perception test in mid-February. The test was sponsored by the classes in connection with Traffic Safety Month at SHH. A filmstrip test consisted of 20 pictures showing hazardous driving situations. Pictures were shown for 15 seconds and then students were given time to write what they considered the hazards.
 Of the 50 students taking the test the majority not only perceived the hazards but offered solutions as well.

He is a grandson of Mr. and Mrs. Leo Henschel and Mrs. Rudy Hellman.

Judge Speaks to Montague County Advisory Group

The Montague County Advisory Committee met in the Forestburg Community Center last week for their regular meeting. Previous committee projects were reviewed which included Operation Identification, the crime prevention program, and the leadership manual which is a guide for organized clubs and groups. Communities represented at the meeting were Spanish Fort, Illinois Bend-Capps Corner, and Forestburg and each reported on their individual projects and the progress being made.

Guest speaker was Judge C. W. Chandler, Jr. who began by reviewing road improvement projects and what action has taken place as well as future plans. He outlined the new penal code which says that hot checks in excess of \$200 are considered a felony and anything under this figure is dealt with in the county court by laws which relate to misdemeanors, and these are then divided into three different classifications. He also mentioned that cattle rustling is still considered a felony.

Judge Chandler discussed with the group the Justice of the Peace program and stated that the job is even more demanding in that qualifications must be met. There was some discussion on sewer and land fill problems relating to the Montague County area.

Future project under consideration included the possibility of having an agribusiness seminar which would involve all of the communities. Forestburg has been working on school improvement as well as efforts to expand the shoe manufacturing industry. The Illinois Bend-Capps Corner communities have made physical improvements to their community center and are continuing efforts in this area. Spanish Fort's plans include the establishment of an industry.

Lindsay News

LINDSAY — Mr. and Mrs. Robert Fuhrmann's infant daughter Jessica Leah was baptized in St. Peter's Church by Father Damian Wewers assisted by an uncle and aunt of the baby, Kenneth Zimmer-

er and Mrs. Ronnie Fuhrmann as godparents. Others attending included the parents, Scott, Toby and Kelly. In the evening Mrs. Adolph Fuhrmann of Muenster, Jessica's grandmother, hosted a covered dish dinner.

Linda Sandmann celebrated her 10th birthday by having girl classmates at the home of her parents, the Clem Sandmanns. Party favors, refreshments, games, and a display of birthday gifts were highlights of the afternoon.

Mr. and Mrs. William Bezner were in Pilot Point to help their granddaughter Kathy Schindler celebrate her ninth birthday at a dinner party in the home of her parents, the Jim Schindlers. Other guests included the honoree's Grandmother Schindler of Pilot Point and uncles Mike Bezner of Denton and Will Bezner of Dallas.

Among relatives at the funeral of J. H. Reinart, 82, in Hereford were Henry Reinart of Lindsay, Mrs. Louise Morisak of Gainesville and Mr. and Mrs. Vincent Reinart of Muenster, his brothers and sister. A native of Roselle, Iowa, Reinart moved to Lindsay with his family in 1900 and married Miss Mary Lueb in 1915. They moved to Hereford in 1924. Survivors include his wife, two daughters, five sons, six sisters including Sister Perpetua, OSB, of Blytheville, Ark., three brothers, 42 grandchildren and 17 great-grandchildren.

Miss Betty Fuhrmann has been named to the special honor roll for the fall semester at Texas Woman's University. She is the daughter of Mr. and Mrs. Erwin Fuhrmann.

Mrs. Joe Prescher had a telephone visit with her son and wife, the Felix Preschers, who called from Fresno, Calif., giving their new address. They moved recently from Bakersfield. They're at home at 2035 E. Clinton, Fresno, Calif. 93703. They sent regards to all they know.

Pastor Father Damian Wewers has launched his own project for natural insect control by attracting purple martins to specially built bird houses. He has set up one and is currently working on another. The purple martin thrives on mosquitoes and other flying insects — gnats, beetles, moths, flies. The house erected has eight compartments. The one nearing completion also will house eight families of martins. It is made of aluminum (dish pans) which, it is said, sparrows and starlings do not occupy.

per and board meeting Wednesday night Feb. 27. Hear there was a lot of good fun and everyone had an enjoyable time. Don't know who ended up with the dirty dishes.

Visiting the A. G. Barclays Friday March 1 were Oscar Kuykendall and Mrs. Claude Barclay. Mr. Kuykendall resides in the Chicago area in the summer-time. However, he spends the winter months in Texas — on the coast and in the Rio Grande Valley. Mrs. Claude Barclay resides in Alford, the year round, and she is a sister of Oscar Kuykendall and mother to A. G. (Charlie) Barclay. Charlie's wife Gladys told me that Oscar is heading for Altus, Oklahoma, from here and then on to Chicago.

How many of you folks remember the former Elaine White, daughter of the late D. E. White? Elaine is now Mrs. "Hutch" Hutchinson of Dallas. Well, Elaine went and had herself a baby daughter Feb. 15. The baby came in at 7 lbs. and was named Katherine Aulen. Mrs. D. E. (Aulen) White is the grandmother.

Mrs. Decie Ellzey was hostess to the 42 club in her home Thursday Feb. 28. Those enjoying the evening were Mr. and Mrs. Barney Brogdon, Meb and Roxie Dunn, Blake and Velma Freeman, Cleo Lanier, Cleta Reynolds and Frances Brewer. Decie said they all had such a good time.

Mr. and Mrs. Hayward Richey of Chico visited the J. J. Reynolds one day this past week. Cleta says she just couldn't remember what day. Hayward and Jimmie Joe are cousins.

Many Forestburg folks probably remember Ray Balch. Mr. Balch passed away Thursday Feb. 28. I was told he resided in Oklahoma — but was not told the town. I also have no further details on this matter.

Cleta Reynolds and Nema Barnett attended the graveside services at the Perryman cemetery Friday a.m. March 1 for Mrs. Lucille (Matthias) (Continued on Page 9)

Religious, Social Observance Set For St. Joseph Day

In keeping with a custom that originated in pioneer days of Muenster's Sacred Heart Parish, March 19 will again be observed in a special way in honor of St. Joseph.

Plans for the observance were completed at the March meeting of St. Joseph's Society Sunday evening. In honor of their patron, members will attend a special evening Mass and will follow with a social event. They will sponsor a community dinner, inviting all who will come for a family night of good food including roast beef and ham. Table games will conclude the evening.

Members stress that this is not a member-only affair. Everyone is welcome and those who plan to attend are urged to let it be known so the dinner committee will know how many to prepare for.

Tickets in an advance sale are \$2.00 each. They will be \$2.50 at the door. Tickets may be ordered by telephoning Wilfred Bindel at 2729 or Dennis Walterscheid at 4457.

In other business members re-elected Denis Walterscheid secretary and Jim Gehrig treasurer. President Wilfred Bindel and Vice President Harold Knabe will hold their offices one more year before their terms expire.

Father Placidus Eckart met with the 22 men present and Gilbert Knabe won the door prize. Members were reminded of the Northern District meeting of the Catholic State League in Lindsay on March 24.

After adjournment the men were joined by members of St. Anne's Society for refreshments and table games.

Phyllis Lanier Is BC Search Winner

Phyllis Lanier has won the title of Betty Crocker Family Leader of Tomorrow at Forestburg High School for 1973-74. A senior, she is the daughter of Mr. and Mrs. Gene Lanier of Forestburg.

Selected for her performance in a written knowledge and aptitude test administered to seniors in December, Phyllis will receive a specially designed award from General Mills, Inc., sponsor of the annual educational scholarship program. In addition she is now eligible for state and national honors.

Phyllis is active in school and civic affairs. She is a member of the National Beta Club and president of the Forestburg FHA Chapter.

Auxiliary to VFW Plans Joint Meet With Post in Mar.

Members of Muenster VFW Auxiliary at their February meeting made plans to hold a joint meeting in March with members of the VFW Post to present citations to members of both organizations for outstanding community service at the time of the highway crash west of the city on December 23.

Mrs. Arthur Bayer, president, presided and committee chairman gave reports. These included Mrs. Wilfred Bindel's on the Lite-a-Bike campaign held for local youngsters. She and her assistants Mmes. Charles Knabe and Andy Phillips "lighted" 50 bicycles with luminous tape.

Mrs. Don Flusche told about attending the March of Dimes coffee in Gainesville and bringing back supplies for the campaign sponsored annually by the Auxiliary.

It was decided to send in the remaining seven names of deceased local veterans for inscription in the Memorial Chapel in Austin. These are Elmer Fette, Bill Richardson, Larry Yosten, Ed Sicking, Bill Kathman, Henry Forrester and Joe Paulter.

February Participation for the honor roll consisted of a contribution of 25 cents per member to be sent to the department president for her special program which is hospital. This was approved and check was mailed.

After adjournment Mmes. Leo Hesse and Joe Sicking were refreshment hostesses and Mrs. Norbert Walterscheid won the door prize. Sixteen members were present.

Collectors' items. Because of electricity.

Electricity has made all of these nostalgic relics of a bygone era.

The kerosene lamp faded into the past when electric lights began brightening every home. Other electric appliances replaced the wash tub and scrub board, the flatiron and the wood-burning cookstove and eliminated the tiresome chore of hand-washing dishes, pots and pans.

Electricity. A vital part of everyday living in so many ways. And Texas Power and Light Company is doing its utmost to assure an adequate supply for essential needs.

Electricity. Still one of the biggest bargains in your budget.

Well, the weather is so nice that the Mercy Bench will be doing big business again.

Well, our peach trees are beginning to bud and some even have a few blooms. Guess one of these days before too long, we will have us a "blue-norther" and there will go our fruit and wild plums again. Sure would be nice to have a fruit crop — just one year at least. Guess I will just keep my fingers crossed — maybe this will be the year.

Most everyone here and in Muenster knows Charles Cook — he is employed by the Muenster Telephone Corp. It is our understanding that Charles is in Bedford-Eules-Hurst Hospital. His father-in-law, Willie Kuykendall, and his sister-in-law, Mrs. Jimmie Britian, tell us that Charles has a heart condition. We do not know just how serious it is so do not care to make a statement about it at this time. However, just thought some of you might have missed Charles, and his friendly way — and were perhaps wondering about him.

Several times we have stated that bad news is the only news that gets the big play on TV and in papers. Now comes the "streakers" who are getting front page coverage. The new fad has been reported from just a few colleges but is bound to spread. It will probably develop into a contest to see which campus will have the largest number of participants.

At a recent gathering of local people streaking was suggested but then it was discovered most of them were too old to run, did not have a figure they wanted seen or were afraid of rose bushes.

Remember to watch Channel 4 Saturday night at 6:30 for a report on Muenster. Several local people were interviewed and a lot of pictures were taken.

A date to remember, the Muenster Chamber of Commerce meeting Wednesday, March 13th at the TP&L building. Help promote Muenster by attending this meeting.

It looks like spring is with us but experts tell us that until Mesquite and Memosa bloom out, we'll have more cold weather.

Once or twice a week in the early evening the quiet of our town is broken by dogs barking. When Herbert Meurer takes his dog for a ride in his Ranchero, the dog seems so delighted that he barks continuously. All the town dogs feel obligated to bark back at him. Someone said Herbert has the dog well trained — could be one of these days the dog will be driving and that man will be in the back.

Letters to the Editor

To the Residents of the Muenster Hospital Authority: As usual there is a certain amount of lethargy when it comes to running for our local elections.

It has been mentioned on numerous occasions how proud we are of our local hospital. There is one way in which some interested individual can show that pride. We have dedicated and hard-working members on this board. Some of which have served from the time it was established.

Does the public realize, there are two individuals now "serving" on the hospital board — one of which doesn't even live within the district — neither of them or their families used local doctors nor would use the facilities of our hospital. Are their intentions for serving for the best of the hospital? Can't we find some concerned individual who "cares" to run for the one term which expires this month?

Thank you,
One who cares
but can't run

Dear Editor

In last week's paper you mentioned that the baseball season was fast approaching and with it came the mess around the city ball park. You stated that those who profited from the concessions should see to it that it was cleaned up.

The Muenster Jaycees have sponsored the little league for about 10 years now, and we can assure you we have not done so for the small profit gained from concessions.

We feel that the youth of the community as well as their parents derive a great benefit from this program and therefore the Jaycees are happy to sponsor it. If it were not for the Jaycees, we don't believe the program would be as active as it is now.

Last year Jaycees donated several hundred man hours with the concessions yielding less than 50 cents an hour for our troubles. This profit plus additional Jaycee funds

were put into the building of a nice scoreboard which will be erected in the next few days.

As to the problem of papers and trash around the park, the Jaycees have recognized their responsibility in that area too.

Last year the Jaycees and the last two playing teams each night policed the area inside the stands and on the field. This left the street areas, but most of that debris comes from the cars parked around the field watching the game. While we recognize our responsibility, we suggest that others do the same and help us keep this area clean.

In recent years we have paid over \$1200.00 in cash to youth of this community to clean the city streets of trash on a regular basis. Has the rest of the community done their part?

Student Council At District Meet

Five members of SHH Student Council, John Henschel, Phil Endres, Bev Walterscheid, George Luke and Chris Schilling, were at Duncanville High School on Friday, March 1, to attend the Spring Convention of District III of the Texas Association of Student Councils. They were accompanied by Mrs. Anthony Luke.

During the day-long meeting students listened to speakers and participated in discussion groups.

St. Anne's Society Plans Shower for Burned-out Couple

Plans to sponsor a community shower for Mr. and Mrs. Andy Knabe who lost their mobile home and all possessions in a fire recently, was the principal business at the March meeting of St. Anne Society Sunday night.

Date for the shower was set for Sunday, March 24, 3 to 5 p.m. in the Parish Hall. It will be a come and go event and refreshments will be served.

Persons unable to attend the shower may leave their gifts of merchandise or cash at the home of Andy's parents Mr. and Mrs. Albert A. Knabe, 302 W. 6th St.

In other business conducted by Mrs. Al Hess, president, members planned a reception ceremony after evening Mass on St. Joseph's Day, March 19. Ladies wishing to join and who have not been contacted are invited to call Mrs. Hess.

It was reported that Mrs. Joe Hoeng made three tabernacle veils for Sacred Heart Church which added 12 hours of work to the society's mission report.

Members approved payment of state and district per capita tax and to have a Mass said on April 4, feast of St. Isadore, for blessing of field crops.

Mrs. Wilfred Bindel asked each member to make a quilt square for a quilt the society will make as a mission quilt to take to the CSL state convention in June. For making the square she explained: using a three and a half inch square make four of one color and five of another color and sew into a "nine-patch." This way all members will contribute toward the quilt. Further information, if needed, may be obtained from Mrs. Bindel.

Father Stephen Eckart, spiritual director, met with members, led the opening prayer using the society's new prayer cards, and spoke on Vocation Week. He also reminded members to write senators regarding the abortion bill.

Another reminder concerned the district meeting of the Catholic State League in Lindsay on March 24.

Mrs. Leo Henschel read a short piece entitled "A Look at Lent." Mrs. Ernest Wolf won the door prize.

After their meeting in SHH library, the 32 members went to the Parish Hall to join St. Joseph's Society members for a buffet and games.

Hornets Take 9-0 Win Over Alvord

The big factor was 8 timely hits while Terry Walterscheid and Danny Endres held the Bulldogs to only one error and Alvord had 4.

Hornet hitters were Glenn Grewing 3 singles, Randy Wolf a double, Terry Walterscheid, Bob Endres, Robert Johnson and Danny Endres each one single.

Wildlife Benefits From SCS Methods Of Brush Control

Managing brush to benefit wildlife while increasing forage for livestock has become big business in Texas.

In fact, more than one-fourth of the brush control work-on-the-ground in Texas today has been applied by livestock producers who have given special consideration to wildlife.

Edward E. Thomas, state conservationist for the Soil Conservation Service in Texas, said that 7.7 million acres of former brush land in Texas is being controlled or managed for mutual benefits of wildlife and livestock. Most of this work consists of leaving brush in carefully designed patterns which provide food and cover for wildlife. Alternating strips are cleared or thinned so choice forage plants can thrive without undue competition for sunlight and moisture.

Many brushy areas have become so thick that the brush has crowded out the choice forage plants preferred by livestock, deer, game birds, song birds, and other wildlife. Such areas often need re-seeding after brush control work.

SCS provides technical assistance in planning and applying conservation measures, including brush management and grassland improvement, to land users through 193 local soil and water conservation districts in Texas.

Annual Easter Appeal Starts for Crippled Children

Easter Seal Appeal letters are being delivered this week in Cooke County according to William A. Claunch, Jr., the Easter Seal Representative of the Easter Seal Society for Crippled Children and Adults of Texas. As Representative, Claunch serves as contact representative for disabled persons needing Easter Seal rehabilitation services and also serves as Treasurer of the Easter Seal Appeal in Cooke County.

The Easter Seal Society offers physical and occupational therapy, speech and hearing programs, and special equipment loans to enable persons to make the best use of their abilities to overcome handicaps. These services are financed by the annual Easter Seal Appeal.

The Society also finances public education programs, provides scholarships for training of professional personnel to staff rehabilitation centers, and helps provide for national research into the causes and cures of crippling conditions.

Claunch pointed out that all these programs are important if Texas is going to continue to provide the best in rehabilitation services for its own disabled citizens.

During 1973, the Texas Easter Seal Society provided treatment and services for 20,570 children and adults who were in need of assistance. Easter Seal services are available to any disabled person who can benefit from help provided by the Easter Seal Society, and who do not qualify for any other assistance, Claunch added.

The Easter Seal Campaign will continue through Easter Sunday, April 14.

New Law Quoted On Hot Checks

The following information from the new Texas Penal Code relative to bad checks is submitted by James McDonald of the Muenster Police Department.

Section 32.41 under Deceptive Practices states that (a) a person commits an offense if he (she) issues a check or similar sight order for the payment of money knowing that he (she) does not have sufficient funds on deposit with the bank for payment in full of the check as well as all other checks outstanding at the time of issuance.

Bike Safety Is Topic for Talks

Muenster's chief of police James McDonald and patrolman Mark Blankenship gave talks on bicycle safety to grade school students of Sacred Heart School on Feb. 22. Children were grouped according to grades for the presentation. First talk was to fifth through eighth graders and second talk to first through fourth graders.

The two speakers explained laws and regulations for bicycling and demonstrated good safety habits. They also answered questions asked by students.

Later the grade school will have a bicycle safety demonstration on the school grounds. This is a part of the traffic safety program sponsored by SHH Student Council.
