# KEEP THE RECORD STRAIGHT Be not deceived by Professional Politicians

### LET'S OPEN OUR EYES — LOOK AT THE RECORD

An examination of McFarlane's Campaign Literature of other years, shows his opponents are always charged with being tools of "Special Interests" and "Utilities." This charge is a smoke-screen and the trick of a professional politician.

**JUDGE A. H. CARRIGAN**  
Has for years represented the COMMUNITY GAS COMPANY and the LONE STAR GAS COMPANY, the GULF PRODUCTION COMPANY (Mellon Controlled) and many other big corporations. (See Page 1562 Martindale-Hubbell Law Directory or any other good directory, ask any lawyer.)

**JOE B. CARRIGAN**  
Is the new president of the WICHITA BROADCASTING COMPANY, replacing R. W. McFarlane, father of W. D. McFarlane. This Company originally organized by the McFarlanes was recently given the radio franchise for Wichita Falls, valued at \$150,000.00.

- ### OTHER RECORDS OF McFARLANE'S UTILITY SUPPORT
- A.—McFarlane admits that the Waggoner Estate (worth \$100,000,000, builder of Arlington Downs Race Track, Etc.) gave him at least \$500 on his campaign in 1934. This was unreported and unknown until recently. McFarlane carried the Waggoner Box of Rock Crossing in Wilbarger County by 87 to 54 votes while Gossett carried the county by 1,000 votes.
  - B.—Records show: the COMMUNITY GAS COMPANY is a subsidiary of the LONE STAR GAS COMPANY!
    - 1—Manager of Community Gas Company, works for McFarlane.
    - 2—Attorneys for Gas Company work for McFarlane.
    - 3—Petrolia in Clay County is the Gas Company box and is always carried by McFarlane. Lone Star Gas Company has big plant there, McFarlane carried it in last election 172 to 106 while Gossett carried Clay County by near 500 votes.
    - 4—McFarlane never attacks Gas Companies.

**GOSSETT ADVOCATES:**  
Strict regulation of all utilities; cheaper electric rates; cheaper gas rates; cheaper utility rates. Better laws regulating utilities and better enforcement of those laws. Favors Municipal Light Plants where practicable and favors Municipal Light plant election in Wichita Falls. Will fight for cheaper gas rates including abolition of ready-to-serve charge.

JUDGE CARRIGAN'S OPINION ON THE SUPPOSED HORSEPOWER BILL.

A. H. CARRIGAN, LUTHER HOFFMAN, JOE B. CARRIGAN

CARRIGAN, HOFFMAN & CARRIGAN ATTORNEYS AT LAW WICHITA FALLS, TEXAS August 2, 1938.

Mr. Donley Suddath, Attorney at Law, Henrietta, Texas.

Dear Sir:

I have your letter of the 29th of July, 1938, asking me for my opinion in regard to House Bill No. 8023, introduced by W. D. McFarlane in the United States Congress June 27, 1937.

In the bill it is expressly stated as follows:

"It is estimated that five million employable persons are permanently unemployed through the displacement of labor by power machinery, and that its purpose was to relieve unemployed workers deprived of employment through the mechanization of industry."

Since this bill was introduced three Congresses have adjourned. The bill was not reported out of Committee, nor did it become law. It seems as if it could not affect any industry because it is a dead measure and never has been enacted. If, however, such a bill had become a law it could not stagnate industry, but it did not become a law and it could not affect anybody.

You state that it was contended that this horse power bill would stagnate industry, if passed, for the following reasons:

"A. Farmers could not afford to pay a horsepower tax on their auto-could operate an automobile;

"B. In like manner, they could not operate tractors or any kind of power machinery on their farms. That all of it would drive the filling stations out of business and the oil business would be gone, and as a result everything would be gone.

"C. That it would apply to gins, and the cost of it would be added to the cost of ginning, making an additional burden on the farmer;

"D. That if they had a sewing machine operated by power, an electric churning machine, or a feed grinding machine, it would be covered;

"E. Other such examples were actually given the farmers, and they were duly impressed and voted against it, thinking it was about to go through."

In reply will say that the bill has been dead for three sessions of Congress, therefore it could not apply to any of the cases above mentioned. In addition to that such contentions are so SILLY that they are LUDICROUS. If the bill had passed it could not, and would not apply to industries engaged in INTERSTATE COMMERCE because the bill only referred that some of the interests were using labor saving machines in order to cut off man power.

The contentions above made to the bill were evidently for the purpose of creating prejudice against the party who introduced it. THE BILL IS DEAD, AND NEVER BECAME A LAW SO WHY DISCUSS IT?

Very truly yours,  
A. H. CARRIGAN

**3 WAYS SAFER**

**CORD-LOCK CONSTRUCTION MAKES SIDEWALLS 31% STRONGER**

**MANSFIELD EXTRA MILEAGE Tires**

• The Cord-Lock increases your safety 31%, because it puts more strong cord fabric into the sidewall to reinforce the tire for high speed service. That plus the welded steel wire bead, 7 times stronger than needed, and the Speed Grip tread, wide and deep channeled for greater non-skid mileage, are the reasons why Mansfield Tires are actually 3 ways safer. You always get more mileage than you pay for.

NEW YORK, August 8 — BUSINESS—Construction of small homes is setting the pace for other industries in the general recovery movement which continues unabated, according to reports from many parts of the country. The Federal Housing Administration reported a 100 per cent gain in mortgages selected for appraisal in July over the month last year. Meanwhile, America's mills and factories registered an estimated five per cent increase in production activity for July compared with the previous month. Usually there is a decline during July and August from spring levels. Enthusiastic approval last week of a "great national retail demonstration" by members of the National Retail Dry Goods Association assures a forthcoming event which should be of great interest to consumers. The retail industry, third largest in the nation with annual sales volume of 40 billion dollars and employing 3,500,000 persons, will set aside one week in September for stores all over the nation to unite in dressing up for public inspection.

"HITLER"

ST. JAMES, Minn.—"Hitler" visited St. James last week and gave quite a demonstration of his fearless determination to down anything that got in his way. "Hitler" is a tame pigeon owned by H. R. Doll, poultry and produce dealer at Lakefield, Minn., and he is pictured as he arrived in St. James on top of a load of poultry for F. M. Priest and Sons, produce dealers. If a chicken escapes from its crate, Hitler will immediately fly down and pick a fight, turn the bird around and occupy its attention so that it can be easily caught. He will also pick a fight with anything that has feathers and will come through with flying colors most of the time. His utter fearlessness earned him the name of Hitler.

every section of the country take inventory of goods on hand, and scan the business skies for possible signs of how much stock they should lay in for fall and winter trade. The U. S. Department of Commerce here following the same procedure, has just issued its mid-year report on consumers' goods inventories. The report says that stocks on hand have returned to normal. The large quantity of merchandise which accumulated during the latter part of 1936 and early 1937, says the report, has been gradually liquidated. Pointing out that retail sales during the first six months of this year were about 15 per cent under those for the same period of 1937, and about five per cent below 1936, the report concludes that this trend seems to have run its course, and that a continued improvement in sales is in prospect.

WAR SCARE—Hoarding of gold on a widespread scale has cropped out again in Europe where there is general demoralization of sentiment as a result of the new Far Eastern crisis. Should Russia and Japan go to war, it is felt that Hitler might consider it an opportune moment to press his ambitions in the rich agricultural land of Ukraine, now a part of the Soviet Empire. Competent American and English observers, however, are guessing that the threatened Russo-Japanese conflict will not go beyond the present border.

They point out that stalwart China at the expense of much suffering and hardship among its civilian population has very much weakened Japan during a year of stubborn resistance to conquest. Japan, therefore, is believed to be afraid to take on another adversary at this time in view of her increasingly unstable economic status at home and the prospect of continued determined resistance by the Chinese.

THINGS TO WATCH FOR — A "draftless fan" which stands on the floor and draws in cool air at approximately floor level, shooting it up toward the ceiling in a perpendicular column—A collapsible fish net, which snaps open like an umbrella, to lift fish out of the water—An electrical bulb which gives off perfumes or medical vapors, the light bulb is thinly coated with clay or alabaster, in which the perfume or medicant is absorbed — Cakes made with soap; such a small quantity is added to the baking mixture that it does not affect the flavor, but makes the cake lighter and fluffier.

NEWS FOR HOMEOWNERS—The modern trend in home building is toward insulation; walls are protected against heat and cold, ceilings and basements against frost, dirt and seepage. Latest development in the field is "window conditioning" which architects and engineers claim is the most vital insulation of them all. Installing double sash or storm windows is reported to effect a greater dollars and cents saving to the homeowner than any other type of insulation. Tests conducted by Prof. G. L. Larson, of the University of Wisconsin, show that in the average home which is not "window conditioned" one out of every four shovels of coal goes out the window instead of in the furnace. The tests also reveal that the cost of double glazing or "window conditioning" is repaid within two years through furnace fuel savings.

**ETON EDELEN MARRIES MISS EDITH FENLEY SUNDAY**

In rites performed Sunday morning in the home of Mr. and Mrs. Richard Pyle in Gainesville, Eton Edelen of this city and Miss Edith Fenley of Hood were united in marriage. Rev. Elmer C. Carter, pastor of the First Methodist church read the ceremony.

The bride was attired in a becoming frock of black crepe with harmonizing accessories. She was attended by her sister, Mrs. Guy Hatcher of Hood, who wore a dress of black and white crepe.

Lavin Hines of Madill, Okla., cousin of the bridegroom, was best man. An informal reception followed the ceremony, which was attended only by relatives and a few close friends of the couple. A dinner was served at noon in the home of the bride's parents, Mr. and Mrs. R. H. Fenley at Hood, for members of the wedding party.

Mrs. Edelen was educated in the public school at Hood and later attended Gainesville High School where she graduated. For the past several months she has made her home with Mr. and Mrs. Pyle in Gainesville.

**SURPRISE PARTY TURNS OUT REAL SURPRISE**

A surprise party planned in honor of Mr. and Mrs. Ray Klement Sunday evening was a real surprise—for the group who planned the affair.

Some 75 young people went in a body to the home of the newlyweds east of this city to await their return from South Texas, where they spent their honeymoon.

Mr. and Mrs. Klement not knowing that they were to receive such a rousing welcome, went directly to the home of her parents to spend the night.

After waiting and waiting the party crowd decided to call the Ben Sicking home for some news of the couple. It was quite late and they were sound asleep. So the party went on in their home without them.

The group enjoyed dancing and refreshments they had prepared and brought with them.

**PARISH SOCIETIES HAVE JOINT SOCIAL WEDNESDAY**

High scoring prizes were awarded Miss Josephine Wilde and Leonard Hartman and the consolation prizes to Miss Armelia Yosten and Alois Rohmer.

Then followed a refreshment course of sandwiches, doughnuts and punch supervised by Al Kleiss, Wilmer Luke and Al Hess.

An hour of dancing, with the Walterscheid orchestra playing, concluded the program.

Personnel of the party included Messers and Mesdames Al, Frank and C. M. Walterscheid and their families, Mr. and Mrs. Leo Henscheid and children, Mrs. Pete Walterscheid and sons, Ed and Paul, of Muenster, and Mr. and Mrs. Phillip Metzler and children, Mr. and Mrs. Paul Arendt and family, Mr. and Mrs. Jake Bezner and family, Theo Schmitz and children and Miss Theresia Loerwald, of Lindsay, and Mr. and Mrs. William Schmitz and children of Gainesville.

The affair was an all day celebration with Brother Mitchell delivering a sermon and old timers giving talks. At noon a delightful picnic lunch was spread on the church grounds, each of the visitors having brought a well filled basket.

Another attraction was a ball game between Forestburg lads and the Peppershaker crew of Muenster.

**NORTHSIDERS CAPTURE FIRST GAME OF ALL STAR SERIES 20 TO 9**

The first all-star game of the season last Tuesday night seemed little like a performance of stars as the North side group emerged 20

to 9 winners from a fiasco as full of errors as any of the regular schedule games. They did however hold a slight advantage in their fielding and hitting and, after a fashion, earned their victory.

The second game of the double header event was interrupted by a sudden shower in the second inning and postponed until Friday night. In the event that tilt is won by the North siders it will settle the all-star title with the necessary two out of three games. A South side victory would extend Friday's program into a double header, the last game deciding the title.

The two all-star clubs are taken from players on all six teams of the Muenster circuit. North siders, which could also be known as the Cooke County Club, are taken from the two Muenster teams and Bulcher. All the Southsiders are from the Montague County entries, Forestburg, Mount Tabor and Stony Point. The agreement is that no team shall have more than four all-star entries playing at any one time.

In the regular loop games Mount Tabor continued its substantial lead by taking a 7 to 5 game from Bulcher last Thursday night. Poss Swirczynski's boys put on the nightcap performance that evening by laying down a barrage of 17 safeties that netted a one sided win 21 to 2. At the bat Bulcher, registered only 5 times.

Wednesday night's double header began with Paul's 5 to 3 upset victory over Forestburg. After bringing up the rear rather consistently Paul sprung a surprise by starting a new pitcher who 'whipped 'em in' on even terms with the Forestburg ace. Both held opposing batsmen down to six hits but the Forestburg errors were more costly.

In closing Stony Point took advantage of weak spots in Bulcher's game to take a 15 to 8 lead. At the plate they were fairly well matched, Stony Point getting 11 hits and Bulcher 10.
