MUENSTER, COOKE COUNTY, TEXAS 76252

JULY 1, 1977

NUMBER 32

It is pleasing to learn that proposed normalization of relations with Castro's Cuba is less likely than seems indicated by the attitude of the administration. A group of senators has just come up with a legislative bill requiring Cuba to meet four conditions in order to restore good relations with this country.

That group of senators is loaded with prestige, an array of informed and patriotic people who are determined that Cuba has to mend its ways to qualify for favors from us. Considering that the constitution requires the Senate to approve any formal agreement with a foreign country, it appears that the Senate is definitely an obstacle to the deal.

Sponsors of the proposal are Senators Bob Dole, Jesse Helms, Barry Goldwater, Clifford Hansen, S. I. Hayakawa, James McClure, Ted Stevens, Milton Young, William Scott, Carl Curtis, Strom Thurmond and Harrison Schmitt.

The preconditions they demand of Castro are: 1, repayment of \$1.8 billion in private American property seized by the Cuban government in 1959; 2, Release of all American political prisoners and better observance of human rights of Cuban citizens; 3, Withdrawal of Cuban military troops and military advisers from Africa; 4, Renewal of the anti-highjacking agreement, and guarantees on the future security of the US Naval base at Guantanamo Bay.

If the senators can sell their fellow senators on these ideas, the deal is all but hopeless. And as a matter of justice they should be settled before anything else is considered.

For instance, the \$1.8 billion is what Castro and company appropriated from American property owners when he kicked out the Batista government. It's doubtful that he would pay if he were able, and almost certain that he is unable. Money is what this thing is all about. Cuba is bankrupt and it's been a burden on Russia to the extent of about a million dollars a day. Which of those two deadbeats could we expect to pay off a \$1.8 billion debt?

The Soviet objective in this scheme is to brush off the burden of daily supporting its satellite, certainly not to stand good for an old debt. On the other hand our nation's obligation to former owners of the Cuban property is to stand pat for a settlement before making any kind of deal.

Equally urgent is the freedom of American political prisoners in Cuba. As a matter of principle the senators are right in demanding the release of all of them before meeting at the bargaining table. The same applies to human rights. We make a big issue of demanding it of other countries and we should do the same with Cuba.

As regards an exodus from Angola, we can recall that a number of Americans have sounded off before and were ignored or insulted. This occasion is a good time to add a bit of clout to the former suggestion.

The motive behind extending a helping hand to Cuba is related, no doubt, to our eagerness for detente with the Soviet Union. We have all kinds of brainstorms rumbling around in the minds of red sympathizers that fit neatly into the Soviet plan of world domination while pushing us toward world oblivion. Normalizing relations with Cuba is relieving Moscow of a burden and taking it on ourselves.

Another detente inspired promotion is the Panama Canal giveaway, a lot bigger prize than the return of friendly relations with Cuba. It is hard to imagine a greater favor to Moscow or a greater dis-service to ourselves than turning the big ditch over to the Marxist puppet Torrijos and his terrorist mob that has been harassing our establishment in Panama.

The plain fact is that giving the canal to Torrijos is equivalent to giving it to Russia, who from then on will wield the control over it. The canal is vital to America.

Jaycees Are Ready For July 3rd Picnic

Everything is in order for the Jaycees' annual Number 1 event, the Fourth of July picnic in the Muenster city park. But it is not happening on the Fourth. Instead the members are having it on Sunday, the third, so that visitors can have full benefit of the long weekend. This time they can stay as long as they please, whereas on the Fourth many would have to leave early to be on the way home.

Final preparations such as installing equipment and wiring will be made Saturday morning, starting at 10. Jaycees especially and volunteer helpers are invited to come.

The picnic is very similar to those of the past several years, especially regarding the project that will benefit from it. It's getting traditional to use the funds for park improvement, and in recent years to concentrate on the pavilion.

By now the project should have been paid off, but fate decreed otherwise. The federal appropriation received on a 50-50 cost sharing deal through the city council and Texas Regional Planning Commission fell short of providing its half, due to red tape and increasing cost during the delay. So the Jaycees ended with an unexpected debt, which is still being paid.

People who come Sunday will have the pleasure of knowing that they are helping pay off the structure. And if they will take a good look they will enjoy helping. The pavilion is sturdy, spacious and good looking. A source of pride to the community, and especially the Jaycees.

First aim of the picnic is a good time for all. To that end it will offer an abundance of eats and drinks and entertainment plus a pleasant opportunity for long separated friends to see each other.

Through labors of the Jaycees and several other organizations that will have concessions of their own, the picnic will have beer, soft

drinks, barbecue, hot dogs, chicken supper, bingo, fish pond, German sausage sandwiches and several other attractions for all ages.

Also booked are special contests for which prizes will be awarded. A horseshoe tournament begins at 1:30, and playing is likely to continue a long time after the tourney ends.

Frisbee enthusiasts will have their hour at 3 p.m. in the community's first frisbee contest. Nature of the action is not explained but prizes are assured.

The wild contest starting at 4:30 was originally planned as a greased armadillo catch. Not certain that an armadillo will be available, the Jaycees substituted a greased pig for the assured event. Meanwhile members are still trying to find an armadillo, and in case they succeed it too will be in the show with a crowd of pursuing youngsters.

The auction is scheduled for 10 o'clock. Available there to high bidders will be an array of items that are not being used but still useful, plus lots of brand new things. Donations for this event are reported as coming in fine.

Big Rain, Small Damage Received In Sunday Storm

Stormy weather Sunday night confined itself to breaking off tree limbs all over town, and knocking out a number of electrical appliances, but did little if any damage to local homes.

However it set a new rain record for the biggest measure in a 24 hour period in June since the record was started in 1946. The total was 3.85 inches, almost all of it falling between 6:30 and 9:30.

The down pour gives a sudden big boost to the community's moisture. Previous readings in June added to 30 inch and the present total is 4.15 inches. The year's total to date now stands at 20.10, which is above average for this time of the year.

A review of Steve Moser's 31 year rain record reveals only seven readings higher than Sunday's for a 24 hour period. Those were 6.65 on August 14, 1971; 6.15 on Oct. 31, 1974; 4.57 on July 29, 1973; 4.50 on Oct. 4, 1959; 4.45 on Sept. 17, 1964; 4.02 on March 27, 1977, and 3.86 on May 2, 1958.

42000 Texans Are Eligible to Vote in Beef Referendum

Registration figures in the nation's first Beef Referendum are in and it appears that over 42,000 cattlemen registered in Texas. In the U.S., over 295,000 producers have registered. These figures were released by the Texas Beef Development Taskforce (BTD).

Cattlemen who registered during the June 6-17 sign-up are qualified to vote July 5-15 in the nationwide beef referendum which, if approved by a two thirds majority, would provide a means of raising an estimated \$30 million to \$40 million annually for use in beef research, education, promotion and foreign market development.

Boys and girls of Sacred Heart High will have a meeting concerning the coming football season Tuesday at 8:30 p.m. on the Tiger field.

U.S. cows are the most productive of all milk cattle in the world's major dairy-producing countries.

Final Service Held For Mrs. Nick Yosten

Mrs. Nick (Rosa) Yosten, 83, a lifelong resident of the community, died at 12:30 a.m. Tuesday, June 28, in Muenster Memorial Hospital after an extended illness. She had been hospitalized two weeks with the final stage of her illness.

Final service for her was held in Sacred Heart Church Thursday at 10 a.m. with Father Placidus Eckart as celebrant of the funeral mass, and burial was in the parish cemetery under direction of Nick Miller Funeral Home. Pallbearers were Charles Cler, Jerry Yosten, Chris Yosten, Ronnie Yosten, Chris Yosten and Lonnie Woods.

Rosary service had been held Wednesday at 4 and 8 p.m. in the funeral home chapel.

Mrs. Yosten, the former Rosa Hesse, was born in Muenster on January 30, 1894.

Pee Wee Softball

At the end of their second double header the four pee wee teams of the softball program are even, each with a win and a tie. Results of the games Thursday night were VFW 14, GMC 10; and Fischer 5, Bluebonnets 3.

Tuesday night the girls got a rest as games were postponed because many players were attending camp. As a result the rest of the schedule is revised using the same sequence of games but postponed to the following game nights. Teams that were scheduled Tuesday will meet Thursday: VFW vs Bluebonnets and Fischer vs GMC. The teams scheduled Thursday will play next week Tuesday, and so on.

Pair Competes in 4-H Horse Show

Charlotte and Larry Fleitman of the Muenster 4-H Club placed fourth and ninth respectively in halter classes in the District IV horse show last Sunday in the Cattle arena near Denton. Another county 4-H'er to place was Mark Reed of Callisburg, third in reining. Five other entries, including Una Hess of Sacred Heart 4-H, also represented the county.

The Cooke County group found tough competition at the show. With more than 200 4-H'ers from 18 counties, the District IV show is rated as the biggest and most competitive of the state.

Still Under 100

Local temperature, though reaching the high nineties daily, still has not reached 100, according to the record of Steve Moser's high low thermometer, which records the hottest and coolest every day.

Readings of the past week have been Thursday, 94-72; Friday 86-73; Saturday 97-73; Sunday 97-70; Monday 97-74; Tuesday 96-74.

West Side Will Be Rec Area of Lake

Muenster's proposed municipal lake, which will include flood control and recreational features, will have its recreational facilities at the west side. The decision was reached Tuesday afternoon in a joint meeting of the city council, the water board and the Soil Conservation Service.

The reason is that it is favored by both terrain and an abundance of trees, making it the more comfortable location.

Because of flood control and recreation, SCS is sharing in the cost of the project and is using the information in drawing up the area's maps and plans.

Thresher Will Demonstrate on July 4

A familiar scene of the past will be re-enacted here Monday when Bobby and Harold Lutkenhaus put an old time threshing machine back to work. They are reactivating their old grain separator just for the fun of it and extend a welcome for all who wish to come and see.

The performance is scheduled for Monday, July 4, at 8:30 p.m. at the Lutkenhaus farm about 2.5 miles northwest of town. It will be a nostalgic experience to many old timers who used to put in long, sweaty days during the harvest season, as well as something new for younger people who never saw a thresher in action.

Phasing out of the machines started in the thirties and continued over a number of years as worn out threshers were replaced by combines. The Lutkenhaus machine went into retirement about 15 years ago and was last reactivated for a demonstration similar to this in August 1973.

Route to the show leads north on FM 373 to the crossroads about 2.5 miles from town, then goes west two miles to the farm's entrance, which will be marked.

In giving the machine a preliminary test last week the brothers discovered that it was not quite ready. They found that birds or rats had

built a nest in a conveyor and stalled an auger. Also a part of the stacker had rusted out and leaked straw out of the side. And slats were rotted out of the feeder carriage. And they had to borrow a couple of belts from Leo Becker. However, after a few hours of toil plus generous application of oil they got the thing into running condition. Though confident that it will do the job they intend to run it slower than normal speed to improve its chance of holding together.

Unfortunately the demonstration will present only the last part of the harvesting process. Spectators will have to imagine the first step in which a horse drawn binder goes around the field cutting the grain-bearing straw and tying it into bundles.

They will also have to imagine the second step in which shockers pick up the bundles and assemble them into shocks of about 8 or 10 bundles each with grain heads up.

Next they can imagine a delay of an indefinite number of weeks while shocks stand awaiting arrival of the neighborhood thresher. Then, finally, a man with a pitchfork heaves the bundles to a fellow on a bundle wagon who hauls them to the thresher and unloads them into the feeder.

This is the point at which

the July 4 demonstration will start, but a bit more make believe is still in order. There was no binder in this production, hence there will be no bundles. The stuff to be fed into the machine is blocks of straw from baled oats.

From there on the procedure is standard. Going into the feeder the straw is agitated and chopped by feeder knives into a steady flow to the heavy cylinder, which does the job of threshing the grain out of the heads. The cylinder has dozens of teeth, like pegs, attached to its circumference, which beat the straw coming from the feeder.

After that the mixture of straw and grain passes over shaking sieves allowing grain to fall to the bottom and straw to continue back to a huge fan which blows it through a large diameter pipe to the straw stack.

Meanwhile grain at the bottom is moved to the side and an elevator carries it to the weigher at the top of the machine. That gadget is adjusted to trip and unload when its measure by weight reaches a half bushel. And from there the grain is moved by auger and spout to the grain wagon or truck.

Power to run the thresher is provided by a tractor some 50 feet away with a belt from its drive pulley to the

thresher's cylinder shaft pulley.

Running the rig was a good sized operation. Out in the field were four or five bundle pitchers each alternately loading two bundle wagons to clear the field and bring in the bundles. At the machine two wagon operators, one at each side, unloaded into the feeder. One person each on tractor and separator kept the job going and two or three grain haulers took the grain to storage. More were needed if the haul was long or the crop was good enough to fill the wagons faster. In that case an extra hand or two usually helped scoop at the granary.

With that many hard working hungry hands on the job, cooking too became a big job. Wives as well as farmers felt the strain of threshing. And there was also an element of pride in making feasts of the meals.

For each household the job lasted only a few days, but a season's threshing lasted for weeks, and much longer during rainy times. All the while farmers were nervous while the grain remained in the field subject to loss. The urgency of completing the season as soon as possible explains why the threshing day traditionally lasted from dawn to dark.

Swim-a-thon Plans Discussed by ESA

A swim-a-thon to raise funds for the Cooke County Child Development Center is the next project on the calendar of Beta Kappa Chapter, ESA. It will be held Monday, August 1, in Muenster's municipal swimming pool.

Money for the project is to be earned in two ways. An entry fee of \$2.00 will be paid by a sponsor (business or individual) for each entrant, and money will be collected for the performance of those individuals on the basis of pledges secured before the event.

While working for the project entrants will also compete for individual awards. Prizes will be given for first places in eight categories plus a prize to the entrant who has produced the greatest amount of money. Every entrant will receive a certificate.

Mrs. Loretha Cash, project chairman, announces that the deadline for registration and entry fees is July 29. Both can be mailed to Swim-a-thon, Box 103, Muenster, or they can be submitted in per-

son to Mrs. Cash at the park pavilion between 4 and 6 p.m. on July 29.

There will be eight categories of competition, and eligibility for each will be determined by the entrant's grade in school as of September 1. Also, there will be separate divisions for boys and girls and each division will have the following four groups: grades 4 & 5; grades 6, 7 & 8; grades 9, 10, 11 and 12; and ages 18 and older.

The extent of physical effort will vary with the categories, the older swimmers expected to complete more laps than the younger. They will be permitted to swim free style and they will be timed.

Other regulations require the entrant's registration to have a parent's signature indicating permission to participate. Also they state that life guards will be present.

Entry blanks will be available by July 8. And more information is available by calling Mrs. Loretha Cash, 759-4105, or Mrs. Jan Cain, 759-2746.

To hold this down . . .

(your electric bill) turn this up . . .

(your thermostat)

Many thousands of Texas Power & Light customers enjoy the comfort of air conditioning in their homes and for most it is the biggest factor in their electric bills during the summer months. If your home is air-conditioned, you can hold down your electric bill by turning up your thermostat. On whole-house systems, set the thermostat on 78° or higher. On window units, adjust the cooling control to maintain a room temperature in the upper seventies. Turn the air conditioner off if you're going to be away from home for several days or longer. Check filters every 30 days. Replace dirty disposable-type filters; clean permanent-type by manufacturer's directions. Keep furniture and draperies away from air outlets and returns; clean grills often. Close draperies and blinds to keep out direct sunlight. Keep fireplace damper closed. Replace worn or missing weatherstripping and caulking around windows and doors. Ask an insulation dealer or a TP&L Service Representative to help you make certain your home is adequately insulated.

Judy Hoberer and James Fuhrmann United in Double Ring Ceremony

Miss Judy Hoberer became the bride of James Fuhrmann in a Nuptial Mass with double ring ceremony celebrated by Father Damian Wewers in St. Peter's Church on Saturday, June 25 at 5 p.m.

Parents of the couple are Mr. and Mrs. John P. Hoberer of Lindsay and Mr. and Mrs. Damond Fuhrmann of Route 2, Gainesville.

Given in marriage by her father, the bride was wearing a bridal gown in sheerganza in princess line. Designed with high ruffled collar and deep bib yoke of Alencon lace, the dress also had long tapered sleeves of matching lace, with embroidered trills of seed pearls. The skirt and chapel train were scattered with appliques of Venise lace with seed pearl embroidery. Bordered the skirt and train was a deep ruffle of Alencon lace.

The fingertip veil in two tiers of illusion was edged in narrow Venise lace and attached to a lace cap with pearl and rhinestone accents.

The bridal bouquet was a cascade of white carnations and stephanotis. Also worn were rings which had belonged to the bride's maternal grandmother Arendt and she carried a white handkerchief edged in blue from her paternal grandmother Hoberer.

Attendants

Bridal attendants were her sister Miss Karen Hoberer of Lindsay as maid of honor, Miss Peggy Fuhrmann of Gainesville, groom's sister and Miss Cheryl Eades of Fort Worth, bride's niece as bridesmaids. Karen wore light green, Peggy wore yellow, Cheryl wore pink. Their floor length dresses were identically designed in empire style

of bonded lace, and with butterfly sleeves. Each wore a band of white flowers in her hair and carried a carnation and glabella nasegay matching her dress.

Best man was, Maurus Hacker of Gainesville, groom's brother-in-law. Groomsman were Mark Kuntz of Valley View groom's cousin and Tom Hoberer of Lindsay, bride's brother. Mass servers were Kevin and Glenn Block cousins of the groom.

Kimberly Hoberer of Lindsay, bride's niece was the flower girl and Eddie Joe Eades of Fort Worth, bride's nephew was ring bearer.

Ushers were Jimmy Arendt and David Nortman.

Wedding vows were exchanged before an altar decorated with baskets of white gladioli and pastel tones of pink, blue, green and yellow carnations. Bells in the same colors marked pews for relatives and guests.

Wedding music was provided by Robbi Arendt, vocalist and Barbara Zimmerer, organist.

Reception

Following the church service, a reception and dinner were hosted by the bride's parents in the Knights of Columbus Hall in Gainesville. The bride's cousin, Mrs. Carol Luttmer and the groom's sister, Mrs. Carol Fleitman presided at the bride's book.

Serving the wedding cake were Rhonda Wilmut and Kelly Wolf, both nieces of the bride and Jo Ann Fuhrmann, both sisters of the groom and Mrs. Jerry Walter-scheid, Donna Wilmut bride's niece, distributed rice bags.

When the couple left on their wedding trip to Colorado, the bride was wearing a light blue dotted Swiss sundress with white accessories. They will be at home on Rt. 2, Gainesville.

The bride is a graduate of Lindsay High School and attended Cooke County College. The groom is also a graduate of Lindsay High, and is a dairyman.

Attending the wedding from out of town were Richard Hoberer and Ellen Armstrong of Lu Verne, Iowa, Mr. and Mrs. Leo Gordon and Mr. and Mrs. Sam Bennett of Dallas, Mr. and Mrs. Eddie Eades of Fort Worth, Sister Catherine Henry of El Campo, Tommy Hess of Fayetteville, North Carolina and Mr. and Mrs. Leo Wagner and family of Oklahoma.

The rehearsal dinner was hosted by the groom's parents in their home Thursday, June 23 and the couple gifted their attendants.

A bridal shower was hosted by Mrs. Robbi Jackson on June 9. The table centerpiece was a fresh spring bouquet in the bride's chosen colors. Gifts were displayed and about 40 guests were served refreshments of punch, coffee and bundt cake.

A lingerie party was held in the home of the bride's parents on June 18. Hostesses were Joan Nottingham, Cheryl Eades, Peggy Fuhrmann and Karen Hoberer. Games entertained 20 guests; refreshments of strawberry short cake and strawberry punch were served and gifts were displayed.

Farewell Party Turns Back Time

A "Turn Back the Time Party" on Tuesday in the home of Mrs. Andrew Schoech honored her sister, Mrs. Mark Kuta, before she and her family moved to Boston, Mass.

Seven sisters attended and the eighth was unable to join them. Each brought a covered dish that was a favorite when they were children at home, and one that had been cooked by their mother, the late Mrs. George Spaeth.

As each sister arrived, she was met at the door by Miss Frances Spaeth of Gainesville, wearing her mother's long apron, bonnet and Mother's Pin. Miss Spaeth carried the Spaeth's tiny granddaughter, Krista Cooley and greeted the guests in German, as they mother did many times.

Each sister also wore an old keepsake from their mother and all items of the table setting, except silver, had belonged to the George Spaeths. Their mother's hand-made crochet doilies were used as placemats, and the centerpiece was her coal oil lamp and two favorite colonial figurines. Plates, glasses, crystal pitcher, wine glasses, bowls were all from their mother.

Visiting reminiscing and viewing old pictures added to the delightful party.

Attending, in addition to Mmes. Schoech and Kuta and Miss Spaeth were Mrs. Arthur Felderhoff, Mrs. Al Haverkamp, Mrs. Wilfred Reiter and Mrs. Joe Kneupper of Gainesville. Mrs. Georgia Barry of Dallas was unable to attend.

Chickens have become the most efficient device on the farm for converting grain to protein. Today it takes only 2.2 pounds of feed to produce one pound of a broiler, compared with 3.3 pounds in 1950.

Forestburg News

By Myrt Denham

Summer time vacationers have begun to hit Forestburg. Decie Elzey was well supplied with some from June 10 thru the 14. Her visitors were Mrs. Jerry Elzey of Carlsbad, N. M., Winna Elzey and four of Decie's great-grandchildren of Odessa, Mr. and Mrs. Ken Wooten and family of Winona, Ind., and Mr. and Mrs. Jerry Boelter and Phyllis of Arlington.

On the weekend of June 11 all of Vera Mae McGee's children, some of their children and grandchildren, were visitors in her home. They were: Mr. and Mrs. Bud Griffin of Wichita Falls, Mr. and Mrs. Dale McGee of Kemp, Mr. and Mrs. Kenneth Wilkerson of Wichita Falls, Mr. and Mrs. Mayo McGee of Amarillo, Mr. and Mrs. Gordon Hill of Bowie, Mr. and Mrs. Chris McGee of Midway, and Mr. and Mrs. Jan McGee of Ft. Worth.

Our neighbor and friend Jack Carter recently returned to work at G. D. in Fort Worth after about a "three-year-vacation". Jack says that the drive to and from Cowtown plus eight hours on the job makes him realize he is also three years older.

Mrs. Frances Bewer and her son Paul and family of Denison have been visiting with Keith Brewer in Indiana. Keith is also Frances' son.

Betty Reynolds and I headed for Bowie on Wed. June 15 on the way we noticed that Sue and L. D. Simmans new house is coming right along.

Nancy Greenwood, daughter of Mr. and Mrs. Buford Greenwood, entered Droughons Business College in Wichita Falls, Monday, June 20. Nancy will take a course in Medical Reception Work.

Perryman and I were returning home from Wichita Falls when we spied a man gathering up cans along the highway between Bowie and Sunset. We remarked that he needed to come over around Forestburg as there is almost a "gold-mine" here in empty beer cans. He also could fare mighty well along the highway from the Burg to Muenster — especially on the return side to the burg.

Some more vacationers in the area were Mr. and Mrs. Leon Klimitchek and son Gary of Port Lavaca. They visited her parents Mr. and Mrs. A. G. Barclay of Dewey area.

Mr. and Mrs. Johnny Brogdon and family of Miami have been here in the Burg visiting his parents Mr. and Mrs. Barney Brogdon and her parents Mr. and Mrs. Ted Jackson and also the Jack C. Dills.

Chatted with Alice Sears Sunday a.m. Think Alice has found out like so many other women of retired husbands that she now has twice as much husband and half as much money. It all takes a lot of getting used too.

Mr. and Mrs. Robert Langley and Scott of Pleasant Grove spent Sat. June 18 in the V. G. Greenwood home.

Mr. and Mrs. Stephen Flowers of Dallas visited with Willie and Ida Kuykendall recently.

Where do eggs come from? Wonder how many folks think they come from the grocery store in nice paper cartons? Heard of a Registered Nurse thinking just that — and it happened in a neighboring town. Can you feature that?

The Forestburg Baptist Church and United Methodist Church held their combined Vacation Church School from June 13 thru the 17 at the Methodist Church. The average attendance was around 55.

Aunt Mollie Howell had herself some visitors recently — they were Mrs. Lucille Branch and her grandson Tommy Farjob of Weatherford, and Mrs. Frances Saxon and Tammy of Stephenville. Might add here that Mmes. Branch and Saxon are Sisters to Blake Freeman.

Paula (Hudspeth) Haynes was very thrilled last week Thurs. June 16 when two of her good friends — Becky Greaser and Mary Ann Schmidt of Denver, Colorado, arrived for a few days.

Visiting in the Charlie Meyer home and attending the Meyer family Reunion at the Rosston Community Center, Sunday, June 19 were: Mr. and Mrs. Jay Meyer of San Antonio, Mr. and Mrs. Bud Foster and family of Carrollton, Mr. and Mrs. Willie Holt and family of Gainesville, Mrs. Box Qetter and Debbie and Malisa of Bristol, Virginia, Mr. and Mrs. Cecil Meyer and Allen of Lockhart, Mr. and Mrs. Ronnie Hardin and Kent Snider of Gainesville, Mark Snider of Houston, and Mr. and Mrs. Don Richardson of Rosston.

Vera Mae McGee and Decie Elzey visited with Mmes. Eula Moore and Bess Orrell at Hillcrest Manor on Tuesday, June 21. Bess informed them that her granddaughter Mrs. Debra (Steadham) Dill of the Burg is the Evening cook at Hillcrest Manor since Monday, June 20, and that Debra also started to Beauty School in Denton on the same day.

**Mr. and Mrs. Gary Fisher
Return from Wedding Trip**

Mr. and Mrs. Gary J. Fisher have returned from a wedding trip to Colorado Springs following their marriage in Sacred Heart Church on Saturday, June 11 in the late afternoon. They are presently at home in Dallas.

The bride is a nursing student at Texas Women's University, Dallas campus, and during the past semester, was admitted to Mortar Board, with honors for high scholastic attainment. She is a 1973 graduate of Muenster High School and of Cooke County College Cosmetology Department in 1974.

The groom is a 1976 honor graduate of North Texas State University and is employed by Chubb Corporation as an insurance underwriter. He is a 1969 graduate of Muenster High School and of Cooke County College in 1974.

The former Marlene R. Herr, daughter of Mr. and Mrs. Albert O. Herr and Gary J. Fisher, a son of Mr. and Mrs. Earl Fisher pledged their vows during a Nuptial Mass celebrated by Father Stephen Eckart.

The bride was given in marriage by her father, before an altar lighted by cathedral candelabra in pyramid design and entwined with English ivy and stephanotis. Tall palms holding vantage spots were accented at the base with pink bows.

She selected a bridal gown of white silk organza with V-necked bodice trimmed with Venise lace, empire waistline accented with chantilly lace and Venise lace appliques. Long, full sheer sleeves, appliqued with lace were fitted at the wrist and finished with a lace ruffle cuff. The full skirt had an apron effect outlined with Chantilly lace front and back. A deep brush ruffle around the skirt extended to a chapel length train.

Her veil was fingertip length and edged in Chantilly lace. It was caught to a Juliet cap embroidered with seed pearls. The bridal bouquet was of white starburst mums, stephanotis, white daisies and gypsophila and pink sweetheart roses and was tied with a shower of streamers in the bride's chosen colors, pink, white and lime green.

For something old, the bride wore a round gold antique locket also worn by her sister, mother, and maternal grandmother on their wedding days. For something sentimental and blue she had the traditional blue garter with a silver charm tied into a satin ribbon and given to her by the groom on her 16th birthday.

Larry Joe Eberhart, a friend of the couple, was groomsman. All men in the wedding party wore tan tuxedos with brown accents.

Mass servers included two cousins of the groom, Todd and Stephen Fisher. Ushers were Roy Reiter, bride's brother-in-law, and Alan Fisher, groom's brother.

Jane Curry of Dallas, a friend of the bride, read scriptural passages selected by the couple, during the Nuptial Mass.

Wedding music was given by a vocal group, Linda Miller, Gayle Miller, Laura Kralicke, Lynda Klement and Mary Hess, with organ and guitar accompaniment. Selections included "Time in a Bottle", "A Time for Us", "If", and "By My Side", as guests assembled. "Nadia's Theme" was played for the entrance of the bridal party. During Mass selections were "Of Our Hand", "Love One Another" and "Let It Be"; at the Blessed Mother's altar "One Hand, One Heart" and for the recessional "We've Only Just Begun".

Reception

The parents of the bride and groom hosted a reception and dinner for 200 guests in the Community Center. Becky Jaska of Waco and Debbie Whaley of Dallas, both former college roommates of the bride were at the guest registration book.

Decorations included a garden setting for picture taking, featuring a pool and fountain spanned by a bridge leading to a garden of greenery, with a white wrought iron love seat.

Mary, Judy and Donna Fisher served the wedding cake.

The mother of the bride wore a formal gown of pink taffeta with chiffon overlay and the groom's mother wore a lime green knit with chiffon overlay.

The bride traveled in a beige, brown and orangetone sundress, with a beige straw picture hat and beige accessories.

Rehearsal Supper

The rehearsal supper was given in the home of the groom's parents and featured a gourmet buffet prepared by Joan and Nick Demshock of Baltimore, Maryland, sister and brother-in-law of the groom. Gifts to their attendants were presented by the couple.

Out of town guests at the wedding included Mr. and Mrs. Nick Demshock and Mark of Baltimore, Md., Mr. and Mrs. Robert Fisher and

Amy of Chesterfield, Mo., Mr. and Mrs. Albert Bauer of La Feria, Mike Bengfort of Ardmore, Ron De France of Fairfield, Jane Curry, Diana Sadler, Debbie Whaley and Frances Hughes of Dallas, June Stoffels of Irving, David Bell of De Sota, Alan Fisher and Mr. and Mrs. Tommy Henscheid of Arlington, Becky Jaska of Waco, Mr. and Mrs. Clarence Albers of Lewisville, Mr. and Mrs. Richard Fisher of Denton, and guests from Gainesville, Lindsay and Muenster.

Forestburg News

By Myrt Denham

To those of you who just might have missed my column for the past few weeks — I have not been on vacation as my good friends at the Muenster Enterprise thought. Far from it, for as so many women in this area I have been busy gardening, canning and freezing garden products and fruit, plus digging "taters", pulling onions, making jelly, etc. Might add that Perryman has been a big help in all this especially the eating part of it all. Also we had a very nice visitor from June 7th to the 14th — one Edgar Kloepper of New Braunfels.

The following item is somewhat on the "old-news" side but feel it really is worth mentioning. On Sunday a.m. May 29th a very beautiful and impressive Memorial Day Program was presented at the Forestburg United Methodist Church. Rev. Rick Ricker and Mrs. Cleo Lanier did the honors to all the Veterans of World War I and II, Korean War and Viet-Nam War — also honored were those members of the church who has passed away during the past year. Many memories were brought back to all present — happy ones and sad ones. Once again we must tip our hats to Forestburg's Little First Lady — Cleo Lanier — for a job well done.

Pretty young Jackie Farrell is still thrilled about the Osmond family Concert she and her parents Mr. and Mrs. Don Farrell along with Donice Steadham attended recently at the Tarrant County convention center in Fort Worth.

J. J. Reynolds of Dewey returned home recently from a stint in a Arlington Hospital. Prior to that J. J. had been a patient in the Muenster Hospital for sometime. He is now confined to a wheel chair, a walker and a bed so time passes slowly for him. Know he would enjoy a word of cheer and company.

Mr. and Mrs. Cecil Foster attended the Cook Family Reunion held recently at Fort Richardson State Park. Dorothy was a cook before she tied-up with Cecil. She says about 75 people attended.

YOU CAN BANK ON IT!

After a family gets through paying all of its bills each month the money left over is often referred to as "discretionary funds." Literally, you can do with them what you want without jeopardizing the family's normal finances.

While vacations, entertainment and the like figure in the use of discretionary funds, a family would be wise to devise a plan to use them to create financial health for the future.

It has been recommended that a family have the necessary funds to operate the household — that is, pay all its bills — for three months in a savings account. A portion of it can be in passbook savings and the remainder of it in certificates of deposit, which generally pay a higher interest rate.

Once this basic fund is established at the bank, the family can then start thinking about insurance programs, an investment portfolio, taxes and estate planning to assure a healthy financial future.

SH Eighth Graders of '38 Have Reunion

SHS eighth grade graduates of 1938, many of whom were also SHS graduates of 1942, held a first reunion Sunday in Muenster City Park. Some brought their children for the covered dish noon meal and all spent the afternoon visiting and reuniting. MC Andy Wimmer related interesting notes about the occupation, address, number of children and grandchildren of the classmates who remembered in a special way their teacher, Sister Lucy. They also recalled that Father Alfred Hoenig, now ab-

bot of Corpus Christi celebrated his First Mass on June 1 the day after their May 31 graduation. The 8th graders took a prominent part in the program given in Abbot Hoenig's honor. Encouraged by the success of the 39th anniversary party, the group made plans for observance of their 40th anniversary. Attending Sunday were: Mr. and Mrs. Paul Fetsch (Marcella Flusche); Mr. and Mrs. Henry Felderhoff, Mr. and Mrs. Andy Wimmer (Celia Walterscheid); Mr. and Mrs. Gus Lutkenhaus (Armella Flusche); Leo Becker; Mr. and Mrs. Norbert Walterscheid; Mr. and Mrs. Leo Lawson (Mildred Walterscheid) of Gainesville; Mr. and Mrs. Bobby Lutkenhaus (Angie Knabe); Mr. and Mrs. Bob Kupper (Florine Endres) of Marlin; Mr. and Mrs. Alfred Bayer; Mrs. John Durbin (Veronica Yosten) of Kenner, Louisiana; Henry Yosten; Mr. and Mrs. Ray Tempel of Lindsay; Mr. and Mrs. Russell Herb (Anastasia Tempel) and family of Dallas; Mr. and Mrs. J. D. Caplinger (Miriam Koesler); Mr. and Mrs. Wal-

ter Luttmner of Lindsay; Mr. and Mrs. Leonard Hartman; Emil Rohmer; Mr. and Mrs. Arthur Felderhoff, Mr. and Mrs. Eddie Mages (Evelyn Wimmer) of Dallas; Mr. and Mrs. Martin Becker. Three classmates are deceased: Mrs. Steve Fette, Sr. (Marie Swinger), Leo J. Haverkamp and Ed Sicking. Unable to attend were: Joe Starke of Wichita Falls; Mrs. Andy Johnston (Rose Hennigan) of Danville, California; Mrs. Joe Devers (Adeleine Knabe) of Valley View, Mrs. Hal Falk (Anselma Pagel) of San Antonio; Mrs. Adolph Knabe (Beatrice Reiter) of Hereford; Veronica Rollman; and Mrs. Marie De Blois (Marie Streng) of Irving.

ican business and American security . . . and we talk about giving it to our sworn enemy. Another thought relative to both Cuba and Panama: the Panamanian guerrillas who have been dealing out the grief in the Canal Zone in recent years got their training at Castro's terrorist camps. It's just another detail whereby the bearded one has endeared himself to this country.

More of this country's detente cooperation is apparent in our mean mouthing and boycotting our African friends Rhodesia and South Africa. This is publicized as an effort in behalf of majority rule, but actually it is a plot to have the countries taken over by tribal puppets of Moscow. The end result of the agitation is extension of the Soviet sphere of influence and Soviet control over vast treasures in natural resources. We are aiding Moscow in the dirty work, and we will be the loser while Russia is the gainer. This is detente.

Perhaps the same motive applies to our developing Korea affair. We're hearing about corruption in that country, a prelude to the charge that it is not worth the bother and expense of keeping our troops there. Question: When US forces pull out, how long will it be until the reds take over South Korea?

Round Baler

HAY PRODUCERS

Sicking Tractor Co. has received the new McKee Round Balers, a new concept in round balers. It forms bales with a soft center for better curing and a tight outside for better weathering. Regardless of the type of hay, bale starting problems are virtually eliminated even in such crops as milo stalks and peanut hay with less leaf loss.

For a demonstration of this baler, the McKee Bale Rustler (hauls 5 big bales), or Kuhn racks, call . . .
