ACT PLAN Program

Tenth grade students have ne opportunity to take part in PLAN program Friday, October 6. This is the only time PLAN will be offered this year. PLAN, which is often taken in preparation for the ACT Assessment, includes academic tests, a survey of interests, and an assessment study skills knowledge. PLAN also provides an estimated ACT Assessment score to help students see if they are on track for the college or career of their choice. Participating in PLAN will give students a head start in career and educational

planning.
PLAN will be offered Friday October 6. The cost is \$8.50 Students can receive more information about PLAN or sign up by contacting Mrs. Guthrie at Spearman High School

All sophomores are encouraged to participate in this pro-

Art Contest Open To Spearman Area Students

Arts and Kids announced that it will award \$38,000 in prizes and scholarships for the Annual Art Competition. The contest is open to everyone 17 years of age and younger and entry is free. The deadline for submitting art for the contest is December 31, 2000.

In addition to the 115 scholar ships and prizes that will be awarded to young artists, a \$1000 grant will be awarded to the schools of five finalists for art education or to provide supplies or art-related technology.

To enter, send one original work of art, any style and any medium. Include the child's name, address and age on the back. Send artwork to Arts and Kids, Suite 101-2112, 3600 Crondall Lane, Owings Mills, MD 21117. Artwork cannot be returned.

Arts and Kids is an organization dedicated to bringing the work of young artists to the public's attention. In the last 10 years, they have awarded over \$100,000 to talented artists, most of whom have never entered before. Visit their website at www. ArtsandKids.com.

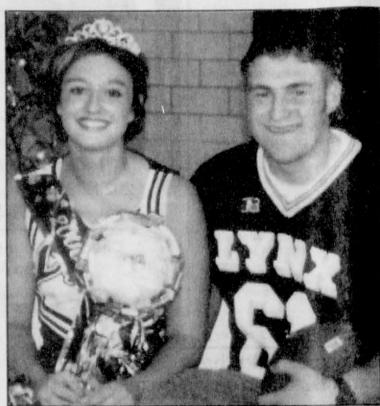

Terry Clenney Wins First State Bank's Pigskin Picks

Terry Clenney of Perryton was the winner of the First State Bank's Pigskin Picks for week number two. Terry was the only person who picked all ten games correctly. There were several people who only nad one miss.

Terry will receive \$50 cash from First State Bank.

The contest is featured on the Lynx Spearman website. www.spearmanlynx.com. Contestants may access the site, make their game winner selections, and then e-mail heir entries to First State bank The weekly contest is open to residents of Hansford County and also to any Spearman High School student or alumni. Only one entry per person is accepted each week

Spearman Students Advance In District Auditions

Four students competed in the district auditions at Borger on Saturday, September 23rd. Allison Haney and Laura Gillaspie both made the top 20. Allison Haney, Spearman High School senior earned 19th out of the 109 competing. Although this is her first year competing in the auditions, she is involved in the Crossroads youth band as well as worship team at the Union

In her second year of competition, Laura Gillaspie, a Spearman High School junior achieved 14th place out of the 54 in the competition. She is a member of the First Baptist church adult choir as well as the Baptist All-

Junior Bethanie Flores and Sophomore Mindee Gillaspie also competed and finished in the top 3rd of their voice classifications.

The district auditions had no school classifications, bringing schools from classes 4A and 5A as well as 2A schools such as Spearman.

"I am very proud of the work they have done, considering there were 4A and 5A schools competing," said Lora Hoffman, Spearman High School Choir Director. Allison Haney and Laura GIllaspie will advance to regional auditions on

October 28th at Caprock High School in Amarillo. All-region leads to area and then to state competition. The Board and Staff of the Hansford County Library would like to thank the following people who have made

onations to the Mary Alice Gibner Endowment Fund for our library as of Monday, October 2nd: The Hansford County Library has begun a local matching fund drive for the Mary Alice Gibner Endowment. The goal for local donations of \$20,000 will give the library an endowment of \$100,000 or more after the matchng grants.

Total collected to date: Amount needed to meet goal: \$25,120.00

As you can see, we have met our matching funds goal. We hope that this will not discourage anyone from ontributing that has not already done so. All donations will still go into the endowment fund enabling us to aild an even larger amount than we had hoped for. Thank you to a very generous community! Watch for an innouncement about Stinson Gibner/Enron Appreciation Day coming soon! Dickie Allen

by Catherine R. Smith CathyRSmit@aol.com

My dear friend Kim Lackey had a beautiful baby girl last Thursday. Although Kim had a few problems, both she and Halley are doing very well now.

I would like to dedicate this column to her and say that I don't know what I would do without her!

Minding Your Own Business

by Don Taylor

Don Taylor is the co-author of Up Against the Wal-Marts. You may write to him in care of Minding Your Own Business, PO Box 67, Amarillo, TX

Most youngsters utter these words: "When I grow up, I want to be..." Then they call out whatever vocation is the most appealing to them at the time. I, too, spoke those words many times as a boy. My early aspirations included being a cowboy, a baseball player, a race car driver, a highway patrolman and a country singer.

In recent years, as I've developed some experience in business writing, I've dreamed of writing humor. I enjoy the humorous writings and wit of Will Rogers, Mark Twain, Lewis Grizzard and Erma Bombeck. I read, I laugh and I wonder how they developed their funny styles.

Perhaps, it was genetic. Something in their DNA just trips little switches in their brains and they think of funny things to say or write. Maybe they just have a warped way of looking at the world and some of us think it's funny. Or, possibly they developed the skill.

If humorous writing is a skill that one can acquire, maybe I could be funny if I practiced. Since this is a fifth Sunday column and I take a little liberty with these columns anyway, maybe I could practice. Would you let me write this column for

fun? Then maybe when I grow up I could be really funny. I promise, I will write a serious column again

Some Real Country

When I was young, I sang with a country band. I still enjoy a little country music, particularly the older artists. Some of my favorites include Ray Price, Jim Reeves, Johnny Cash and Conway Twitty. Freda L Gaines

Freda Lenore Gaines of Eureka, died at Medicalodge of Eureka on Wednesday, September 27, 2000 at the age of 91.

She was born February 29, 1909 at Tower Hill, Illinois, the daughter of Jesse and Ora (Jester) Boling. The family moved to Kansas when Freda was a young girl. She was raised in the Oil Valley community near Whitewater, Kansas where she attended rural schools.

On April 24, 1926, Freda was united in marriage to Robert Wesley Gaines in Newton, Kansas. They lived in several oil field camps with Robert's job as an oil field pumper, including the Watch Horn Lease in Marion County, Kansas and later moving to Greenwood County, Kansas residing on the Scott Lease and then the Cartwright Lease. In 1960, they moved to Eureka to make their home.

Freda was a member of the First Christian Church in Eureka and later in life enjoyed attending the Jefferson Street Baptist Church. She also held membership in the Eastwood Rebekah Lodge and the V.F.W. Ladies Auxiliary in Eureka. She was a longtime volunteer with the Greenwood County Hospital Auxiliary and at Medicalodge of Eureka.

Freda is survived by two sons, Richard of Spearman and Franklin of Hamilton, KS; a daughter, Beverly Martin of Eureka, KS; and many grandchildren, great-grandchildren and great-great grandchildren. She was preceded in death by her parents, her husband, a son Robert, an infant daughter, Mary Louise, a great-great granddaughter, and two brothers, Howard

Graveside services and internment were held at 2 p.m. Saturday, September 30 at the Greenwood Cemetery in Eureka with the Pastor Alan Hunter of the Jefferson Street Baptist Church officiating.

Memorials have been established in her name with Medicalodge of Eureka and the Jefferson Street Baptist Church of Eureka. Contributions may be sent in care of the Campbell-Kelley Funeral Home, Eureka.

Ella Ray Carter

Ella Ray Carter, 85, died Saturday, September 23, 2000. Graveside services were at 2 p.m. on Monday, September 25, 2000 in Pleasant Hill Cemetery at Balko, Okla., with the Rev. Carol Coulter officiating. Memorial services followed at 4 p.m. at Waka Church of Brethren. Arrangements were by Boxwell Brothers Funeral Home of Perryton.

Mrs. Carter was born in Clarendon and had lived in the area since 1915 She worked for the U.S. Postal Service and was Postmistress at the Waka Post Office from 1963 until retiring in 1978. She was a member of Waka Church of Brethren.

She married Howard Carter in 1934 at Stratford. From 1963 until 1969. she and her husband ran Waka Store. He died in 1994.

Survivors include a son, Howard Carter of Colorado Springs, Colo.; a daughter, Cleta Weemes of Hereford; a brother, Kenneth Kutch of St Augustine, Fla.; five grandchildren; 10 great-grandchildren; and a greatgreat-grandchild.

Blowin' In The Wind

From chicken to horse. After finishing the Hummer mill with its chicken weight, the Southwestern Windmill Association is now restoring a Dempster No. 4, or mostly No. 4, from the J. B. Buchanan collection. The No.4 is noteworthy as a vaneless mill with a short tailed horse for a counter-

The Dempster No. 4 has the distinctive red and white markings like the Dempster at First State Bank, but will, when erected, display a folding wooden wheel. Location of the Dempster will be in the Windmill Park as the emphasis of the SWPA now is to get the entire Buchanan collection moved, restored and in place in the park by June, 2002.

In addition to the SWPA, the Showtime Car Club has begun restoring a mill. The club has taken as its project a Challenge 27 mill. The mill will be disassembled, cleaned and restored to working order. The wheel, a 14-footer, will be galvanized and put on a 25-foot tower and will be an impressive

In an interesting confluence of old technology of the wind machine and the relatively new computer technology, Ron Antalek has established a web site which includes the windmill collection in Spearman. It is a very extensive site and will eventually feature articles about each mill in Spearman, pictures, etc. You can visit the web site at www.antden.com. We're on the worldwide web!

The trailer given to the SPWA has been equipped with a mill and a sign and made its debut in the Perryton Wheatheart parade. It will be in the Lipscomb parade on Labor Day weekend.

And last, but not least, many decorator mills are beginning to appear in Spearman. A very beautiful and colorful mill has been erected by Mr. and Mrs. Claude Sheets, Jr. on East Kenneth by their residence.

So, after a fruitful summer of work in which five mills have been erected, SPWA now has several mills to restore, more towers to build and materials to gather as it continues to build Spearman's collection of mills.

Lake Depth-October 2, 2000--49.52 feet

Before the heat spoiled the fishing, Kent Ruble of Spearman caught a 17.75 pound catfish. Jim was attending the State Water Board meeting in San Antonio and didn't get a picture.

One of the highlights of the meeting was hearing Boone Pickens give his reason for wanting to send water under his Panhandle Ranch to San Antonio and other parts south.

The Fellowship Baptist Church of Spearman had the shelter Sunday afternoon. There were 4 campers behind the dam and 5 on the office side. The weekend was active with several boats out.

I have been asked if we found the location of the Rifle Pits on our day with Alvin Lynn and others mapping the old Fort Dodge--Fort Bascom Trail. No, the spot has not been authenticated. Historical evidence tells us it in the area of the ranches just north of the dam, but the metal detectors have not brought up the artifacts that should

Alvin did use his metal detector some, but the ground is so hard from the drought that it was difficult to dig the hits. Several items, such as leaded tin cans, were found, but nothing said an army camped here. He said the detector was more sensitive when there was some moisture in the ground, and, of course, it would be easier digging.

Remember that we had two groups of men camping on the Palo Duro. Captain Penrose had set out on November 11,1868, with 351 men (the bulk of whom were black soldiers) a 220-mule pack train carrying rations for 30 days, an ambulance, and a wagon loaded with picks, shovels, axes, and other implements. On December 1, he had made camp on the Hackberry Creek. Two days later he sent almost 60 men back to Fort Lyon and soon moved over to the Palo Duro, where he set up camp to await General Carr's forces. It is conceivable, since they had shovels, that they began digging pits similar to rifle pits that became little dugouts that were much warmer than staying on top of the ground in a snow storm.

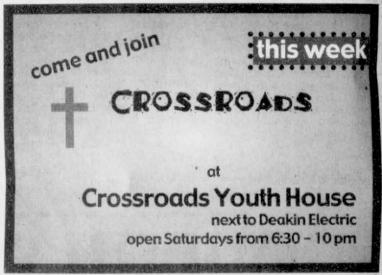

General Carr had a force of 7 Companies of the 5th Cavalry plus 67 infantry men. He had 100 pack mules and 130 wagons. Bob Izzard used the figure of 700 men in the command, including scouts and wagon drivers. He did not join Penrose on the Palo Duro until Dec. 23. He found Penrose's Command in a deplorable state--both men and horses. Carr was not happy about the camp and looked down the creek for a better one. Usually that would mean downstream, but occasionally it meant south. Carr did write that Penrose's camp was 20 miles south of the point where the Beaver River and the Palo Duro

How We React to It." On September 19, Reba Hunter

mong The Neighbors by Helen Fisher

Helen Etter returned early last week from more than two weeks touring the Hopi and Navaho Indian Reservations and also those in the Santa Fe area.

One of her friends in Santa Fe, originally from an eastern state is interested in the Indian culture and has made close personal contacts with those on the reservations. She handles much of the handiwork produced by the Indians in her shops in Santa Fe.

Occasionally she takes small groups on tours so they can get good insights of the customs by personal contacts.

The tour group was from several states from various parts of the U.S. They were very diversified, but all were interested in Indian Culture.

They met in Santa Fe, toured Gallop, then to Window Rock where the Navaho tribal headquarters are. Because of the tour guide's friendships, the group could go into homes as well as the shops. All were impressed by the delicacy and perfections of the handiwork of the silversmiths, the goldsmiths, the potters and others.

At Politts on the Hopi reservations, they also had access to the homes. They - the Hopi - are equally talented craftsmen. Their woodcarving and leather work were out-

Later in the Santa Fe area, the group was impressed by the Indians there, well educated and articulate.

Those here who read the editorial page in the Amarillo paper may have noticed the letter from Dick Countiss. Formerly of Spearman and a judge in an appellate court, he is now in private practice in Houston. Karen Countiss was in Santa Fe that week and visited Helen Etter.

The Sheriffs Association of Texas held the 122nd Conference in Lubbock recently. In addition to sheriff's, there were federal, state, county and city officers in attendance

The Greg-McFarlin-Banks Award was presented by Kaye McFarlin to Sheriff Lopez of Jim Wells County. The annual award, presented to an outstanding officer, includes a pistol, a plaque and \$500.

Sonny Patterson, that kid cowboy from the river breaks, is expecting to be horseback in a few days. Last Tuesday, he underwent gall stone surgery at Baptist-St. Anthony's in Amarillo.

He returned home Friday and except for four punctures is in fine condition.

Max and Dorothy Baggerly, formerly of Spearman, were pictured in the Sunday Amarillo News, dancdinner given by BankOne in appreciation of Meals on Wheels Volunteers

The caption under the picture of the laughing couple stated they kick up their heels.'

Stephanie and Junior Crossland with Cindy and Monty Blackman, among the very few Spearman diehard Texas Rangers fans, attended the last home game of the season last Saturday. They played the Los Angeles Angels in a dull game. The only highlight was seeing Palmeiro hit his 400th home run.

They drove down on Friday, returning Sunday. The ladies enjoyed some antique shopping.

On Tuesday evening, September 26, Charles Elliott, with daughter, Amber, was driving north on #207 and turned to go to their home on 9th Street. He inadvertently struck another vehicle, also going north.

Amber was taken to Hansford Hospital, then transferred to Northwest Texas hospital via ambulance. She suffered a broken right jaw and is now recovering at home. The jaw is wired shut which means a liquid diet for a while.

The driver of the other vehicle was treated for a broken wrist at Hansford Hospital. He is from

Richard and Betty Gaines attended the funeral of his mother, Mrs. Freda Gaines in Eureka, Kansas, She passed away on Thursday after a long illness. Peggy and Allen Varnon and Glenda Close also attended the service.

Those watching TV Channel 7

late Saturday night were delighted to see Jennifer Laxson performing in the WTAMU students skits. It was entitled "Dead Air". Jennifer, a sophomore at WT was in two skits and one commercial. The group will be presenting other skits each Saturday night.

Jennifer, daughter of Paulette Laxson, also appeared in some shows last year.

Lynanne Maize, Secretary-Treasurer of the Hansford Cemetery has been concerned for those wishing to make a memorial donation while she and Don are out of town. Most donors want the families to know before all the relatives leave

after the service. To send cards in a timely manner during her absence, she has enlisted the help of Helen Fisher. She can be

Superintendent's Corner

As an educator, I am always looking for that one new idea that will improve our educational system in order to provide our students with the best education possible. This requires me to read the latest research and to listen and consider what other people see as our problems. You can learn a lot about the state of education by listening to the nightly news or by reading the daily newspaper. Some of these articles validate what we are currently doing while others advocate a completely different style or approach.

Recently, I read an article from a freshman in college. In her opinion, high school did not prepare her for success at the college level. Her article intrigued me, so I called to get permission to reprint it. The article 'College Shock" makes some interesting points. As parents, most of us make it our goal for our kids to graduate from high school and attend college. But not all kids who follow this track succeed at the college level. Why? Is it a lack of preparation on the high school's part or is it that our kids cannot handle the freedom when they go away to school. Kimberly Kocurek makes the point in her article that high school students perceive that college is easier than high school because there are fewer restrictive rules and regulations.

This topic might be of more interest to me because I have a son that is starting his second year at college. Like most kids, he took very challenging courses throughout his junior year of high school. During his senior year, he opted out of taking a full load of tough classes because he was afraid of affecting his GPA and class ranking. He wanted to have an easy and fun senior year. I am afraid that we failed him in preparing him for the real world of college life. Just this week, he told me he had spent three days studying for an economics test. I don't think he spent that kind of time...no I know he did not study like that for any test in high school. Why not?

I am not insinuating that we are not preparing our kid to be successful at college. However, I am saying that over the years, I think we have done a disservice to our kids by making things too easy on them. I tell everyone I know, thank God, we have a Mr. Mitchell teaching senior English. Yes, he is tough, but our kids who go off to college come back telling us that freshman English was a breeze compared to Mr. Mitchell's class. Did he prepare them for success? Sure he did and so did many of the rest of our teachers

I hope you enjoy this article by Kimberly Kucurek. I am living this article with one son in college and another son in his senior year of high school. My wife and I have backed off this year with Kolby, our high school senior. We are giving him more responsibility. We are not on his case about getting his homework done or the grades he makes. We have decided that it is up to him. We don't get him up in the morning. He sets his own alarm and wakes up on his own to get to school before he is tardy. We have learned a hard lesson. It is up to him to do the work and accept responsibility for his actions. We can encourage him and be supportive, however we are not always going to be there to make him do what he needs to.

"College Shock" is something many of our students experience. How do we prepare them for it - I don't know. I do know that every time we have the opportunity we need to remind them that life is not easy out there and that no one owes them anything. In many instances, life is just not fair. However, what we make out of these situations and ultimately our success depends on what we are willing to put into it.

Seniors, study hard and make this a fun senior year. But don't complain when Mr. Mitchell assigns his critical analysis or when Mrs. Holton assigns more grueling homework in AP government/economic class. We are only trying to get you ready for the real world. As someone once said, "It is either pay me now or pay me later." I challenge you to prepare yourself now in order to reduce the "college shock."

College Shock

In public education, schools often hand-feed students information, telling them exactly what is expected of them on tests and at times, even telling them the exact questions on tests.

I, for one, was reliant on teachers

have a Mr. Mitchell teaching senior English. Yes, he is tough, but our kids who go off to college come back telling us that freshman

Some students never studied and did fine on anything handed to them just because teachers were explicit on their assignments, leading students hand-in-hand through their problems and often laziness.

As a senior in high school, I found my last year of public education easy and relaxing.

easy and relaxing.

But as a freshman in college, I have suddenly been hit with the reality that professors have no intention of helping you pass.

It is all up to you!

The problem with this is college professors don't give out the test questions a few days before the test and expect you to basically memorize them.

They tell you what to read, give you information in lectures that you have to frantically write down and hope you are prepared for your first test

High school, for example, never really required us to take extensive notes over a lecture where the teacher never stopped to repeat important points, unless you were in a pre-advanced placement or advanced placement class.

Public educational institutions should be required to educate their students in ways similar to college.

High schools never really cover more than one chapter at a time and test of each one. College, however, tests you on two to five chapters, depending on the professor and the class.

Plus you have to take into account extra reading, papers, presentations and other important information that you are expected to retain.

When you are preparing for a test in college and having to renew three or four chapters, you often are up the majority of the night, forsaking a good night's rest for a good grade on a test, or maybe not.

I for one, know this from recent experience.

At this moment, I am sitting on my bed, typing on my laptop at 12:30 a.m., half finished with my studying and not able to concen-

What good is it going to do for me to finish studying when nothing is sticking? None really.

But my high school never forced so much information to retain for just one test. I am not used to the expectations.

Seniors and other high schoolers often think college is easier than high school because of less restrictive rules and regulations but in actuality, it is much harder and more stressful than anything I could have ever expected.

I for one believe high schools everywhere could do a much better job of preparing us for what college is really going to be like.

Kimberly Kocurek is a 2000 graduate of Calallen High School.

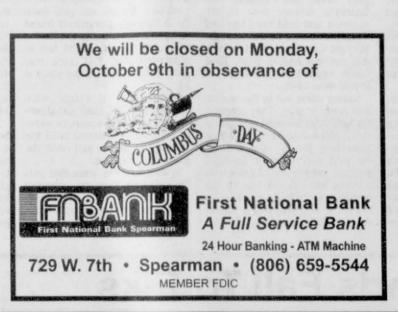

Phone Company To Issue Credits

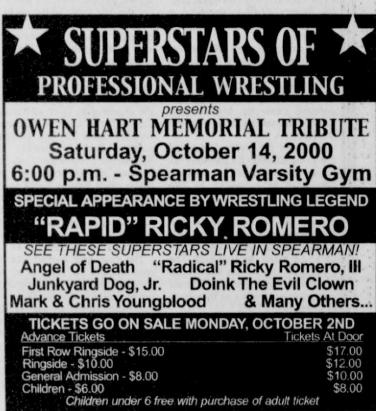

VALOR Telecom announced today it is issuing immediate credits to customers recently billed for toll calls to cellular phones and pagers. VALOR asked that customers not call about these charges, which are the result of transition software and contract issues, but wait for the credits which will appear by the November bill cycle. Customers may deduct such amounts from their bill if they choose to do so.

In the transition from Verizon to VALOR Telecom, new agreements are required to continue billing the wireless carrier. These have not been put in place yet. VALOR is contacting cellular carriers and expediting contract negotiations in their Texas and New Mexico markets so that cellular carriers will be billed for these calls and not customers.

VALOR officials learned only this week about the billing problem after customer bills reflecting the inadvertent charges were issued. The calls to cellular phone numbers are valid local toll calls, but the charges are usually paid by the wireless carrier.

"We want to reassure our customers that we are working diligently to expedite the contract negotiations with wireless carriers, which is at the neart of the matter," said Anne K. Bingaman, VALOR chairman and chief executive officer. "We're devoting major staff resources to reach out to customers and notify them of the situation."

vnx Derail Sunray's Train

by Jeff Beedy

The sign on Sunray's bus as they rolled into town last night said, "The train's a comin'." The train might have come, but the Lynx knocked it off its track, edging Sunray 20-14 in overtime in the opening game of the district 6-2A race.

The victory capped off a perfect night for Spearman's homecoming. Spearman's John Brock scored from 1 yard out in overtime and then the wrecking crew defense came up big to stop Sunray and secure the victory for

Although the Lynx dominated the game statistically, the Bobcats stayed close on the scoreboard. Spearman held Sunray to two first downs in the first half compared to Spearman's eleven first downs. While John Brock had 153 yards rushing in the first half, Sunray's total yards only added up to 64 yards the first half. The Lynx are now 3-1 for the season and 1-0 in district play. The race continues next week as they trav-

el to Highland Park. The Lynx got off to a good start as they received the ball from the east end of the football field with the wind blowing very strong from the south. Spearman started their first drive of the night on their own 38 yard line after

Sunray kicked the ball out of bounds twice. The Lynx ran the ball well on the ground and moved the ball down to the Bobcat 23 yard line. Brock broke up the middle from 23 yards out for the first score of the night for the Lynx with 7:27 left in the first quarter. Eduard Vasquez's PAT was good and the Lynx led 7-0.

Spearman's wrecking crew defense went to work on Sunray's first possession. Sunray started from their own 31 yard line. On the second play from scrimmage, Tanner Beedy tattooed the Sunray running back in the backfield causing him to fumble and Spearman recovered at the Bobcat 33. Spearman did not waste much time as Brock scored from one yard out with 4:56 still left in the first quarter. Ismael Hernandez kicked the PAT and it was good as Spearman increased their lead by a score of 14-0.

The first half looked like the rout was on, but came to an end as both teams had trouble holding on to the ball. On Sunray's second possession, they started from their own 36. They threw a deep pass that was completed at the Spearman 24. On 4th and 11, the Lynx were called for pass interference giving Sunray a first and ten on the Spearman 12 yard line. On the next play, the Bobcats ran the option and fumbled the pitch. The Lynx recovered at the 17 with 1:04 left in the first quarter to kill Sunray's drive

The Lynx fumbled another drive and Sunray recovered it at the Lynx 37 with 11:19 left in the first half. Sunray ran a few plays and the wrecking crew defense made Sunray fumble and Homer Munoz recovered for the Lynx at the Spearman 24 with 8:48 still remaining in the 2nd quarter.

The Lynx kept the ball on the ground with good runs by Brock, Vasquez, Miller and Kevin Beedy. Spearman had 1st and goal from the Sunray 10. Sunray's defense rose to the occasion and held the Lynx and Sunray took over on downs at the 10 yard line. Sunray went three and out and had to punt. Time finally expired and the Lynx led at half-time 14-0.

Sunray came out in the second half ready to play. They received the ball from the west end, going into a stiff southeast wind starting from their own 13 yard line. On the first play from scrimmage, Sunray caught our linebackers blitzing and ran the ball up the middle and the ball carrier broke loose for 87 yards and a touch-down to start the second half. The PAT kick was good and Spearman's lead was cut to 14-7.

Spearman could not move the ball on their next possession and had to punt to Sunray. Sunray fumbled the punt and Spearman's Jimmy Gaytan was there to pounce on the ball for the Lynx with 7:43 left in the 3rd quarter. On 4th and 7 from the Sunray 25, Kevin Beedy ran a bootleg around the left end and was stopped short of the first down and the Bobcats took over on downs at their own 22 yard line.

On Sunray's next possession, they started on their own 22 yard line and maintained a good drive all they way to the Spearman 5 yard line. On 4th and goal from the 2, Sunray's quarterback found an open receiver out in the flat for a touchdown with 10:31 left in regulation. The PAT kick was good and that knotted the score at

Both defensive teams were playing well and were not allowing the offensive teams to move to ball. This continued until the end of regulation and sent the game into overtime.

In overtime, the team that gets the ball starts from the opposing team's 25 yard line. They keep the ball as long as they can make a first down or until they score a touchdown or a field goal. Then the other team gets the ball from the 25 yard line and does the same thing and the team that is ahead wins the game. If the score is still tied after each team has a possession, they do it all over again until there is a winner.

Sunray won the toss and let Spearman have the ball first. The Lynx, startin on the Sunray 25 yard line, did not waste any time as they drove the ball down to the one yard line. Brock ran up the middle and dove over the goal line for the touchdown. The PAT failed and the Lynx led 20-14.

Sunray had the ball next from the Lynx 25 yard line to see if they could put the ball in the end zone. On 3rd and 7, Homer Munoz made a huge sack on Sunray's quarterback to back them up to the 29 yard line. On 4th and 14, with the game on the line, Sunray threw incomplete and Spearman won the game 20-

This was a very tough game and both teams played well. This was a tougher Sunray team than we have seen in years past. You have to give the Lynx credit for not giving up when Sunray came back in the second half to tie the score and forcing the game into overtime. The defense rose to the

occasion and came through when they had to make a big play. We are glad they came away with the

Hounds Fall To Elks

by Harletta Carthel

The Hounds had their moments but not enough to stop the momenturn of the state's number tworanked Stratford Elks who topped Gruver 42-21 in a non-district contest on Friday night.

Scoring on their first three possessions, Stratford piled up a 19-0 lead early in the second quarter. The Hounds, however, quickly made a contest on the second period when they scored consecutive touchdowns to narrow the Elks' lead 19-15.

Gruver's comeback was cut short in the waning minutes before half when they failed to make a big fourth and four on the Stratford 49. Taking control, the Elks scored on a 51 yard run by Sid Resendes to put the Hounds down 27-14 at the midpoint.

Gruver's revenge was squelched in the last half of play by a tough Elk line, costly penalties, and Hound injuries. The Elks chalked up three touchdowns to Gruver's one to end the scoring.

Gruver's first score was set up by a Cory Schneider punt return to the Hound 35. Hard-running by Aaron Weller on 3 and 13 put the Hounds one yard short of a first down. With Anthony Villalobos picking up the first down on the keeper, Schneider scrambled 50 yards on a

third and 6 call to light up the scoreboard.

The second of Gruver's back-toback touchdowns started on their own nine yard line. A diving catch by Weller for 27 yards kept the Hound drive alive. Three plays later in a third and seven situation, Weller completed the job with a 60 yard run.

Gruver's final score came in the fourth quarter when Weller broke through for an 85 yard run to glory. Schneider, added his second PAT kick of the night to complete

the Hounds tally. The last quarter saw penalties at inopportune times and injuries to key players, leaving Gruver unable to answer the Elks challenge. A James Crow interception taken on the Hound 38 yard line and carried deep in Elk territory was called back to the Hound 42. A penalty on the following play ended the good fortune, and the Hounds fell one yard short of a first. The Elks pouncing on opportunity, scored on their first play and tacked on the extra two to end the half 27-14.

At the start of the third quarter, the Hounds made an impressive defensive stand, refusing to let the Elks find satisfaction inside the Gruver ten yard line. A partiallyblocked punt on the Hounds next

possession, however, turned the ball over to the Elks on Gruver's 28, resulting in a touchdown for the Elks midway through the third

The Hounds never-die attitude resulted in an 85 yard payoff run by Weller early in the fourth quarter. With the Elks racking up two touchdowns in the fourth, the Hounds could not make up the deficit. Stratford's win advanced their record to 4-0.

Sunray Beats Lynx JV

The Lynx JV went to Sunray on Thursday to play the Sunray Bobcats. The Lynx defense kept them in the game, but ended up coming up short by a score of 16-6 in favor of Sunray. Spearman was unable to move the ball on offense and most of the game was played between the two 40 yard lines.

Spearman continues to improve each week because they played Sunray a much better game this time than the first time they played. In the first quarter, both teams played well in a defensive battle. Spearman's offense fumbled twice, recovering both of them, but ould not move the ball. The first quarter ended in a scoreless tie.

The second quarter was much more of the same as both defenses continued to play well. With 8:02 left in the second quarter, Spearman fumbled on their own 35 yard line. Four plays later, Sunray scored and led 8-0 at half-time.

In the third quarter, neither offense could move the ball and the defenses continued to play very well. Sunray fumbled on their own 35 yard line with :31 left in the third quarter. This looked like the break the Lynx were looking for. Spearman ran a reverse with Pau Bynum making it to the 8 yard line before he was tackled. On the first play of the 4th quarter, Spearman's Garrett Martin threw an interception and Sunray ran it back 95 yards for a touchdown. The

PAT was good and Sunray led 16-0. With 5:30 left in the game, Jarrod Lozano intercepted a Sunray pass and returned it to the Sunray 36 yard line. After a piling on penalty, the Lynx had the ball on the Bobcat 9 yard line. Marcus Vasquez then scored from 9 yards out and that made the score 16-6

and that is how the game ended. The Lynx played well and they continue to improve each week When they get everything hitting on all cylinders, you better watch out! Their effort is great every week and they will continue to win more games as the season progresses. Good job Lynx!

Cross Country Results

by Jeff Beedy

The Spearman Cross Country teams continue to improve each week. They ran at Wheeler on Saturday and all teams did very well from the junior high to the high school. The varsity girls won second place as a team, their best finish in two years. Coach Kyle Short said he was very proud of them and their effort. Chelsea Nollner placed 3rd individually with a time of 14:02 and Ashlee Flowers received a medal for placing 11th with a time of 14:39. The Lynxettes beat everyone in our district, but will have to continue to get better in order to keep

that up.

The varsity boys also did very well this week. They only had three athletes that ran and they all got in the top twenty with two of them medaling. Adam Cherry came in 3rd with a time of 14:00 and Brady Woolley came in 15th with a time of 15:19. These guys are doing a great job also.

The JV Lynxettes did a good

job also. Misti Hand, who finished in 6th place with a time of 16:11, was the only one who medaled, but they all finished in the top 25.

The junior high Lynxettes continue to burn up the course with

another 2nd place finish. They have placed second in every meet this year. The top 20 place finishers medaled and Spearman had five in the top 20. Cayla Smith was 9th, Christen Ferguson 11th, Tabitha Shields 14th, Lindsey Short 15th, Maira Davila 19th and the rest of the team did very well. They have their eyes set on gold next week!

The junior high boys had two runners and they both placed in the top 10. Wayne Gibson continues to run well with a 5th place finish in a time of 13:16 and Jacob Jones placed 7th with a time of 14:20.

We are very proud of all the cross-country runners! This is a very tough and demanding sport and you need to be commended for your hard work! Good job!

PROCLAMATION
"Fair Housing Month"
October 2000
THE CITIZENS

SPEARMAN, TEXAS WHEREAS, April 2000 marks the thirty-second anniversary of the passage of the Civil Rights Act of 1968, which included Title VIII, the Fair Housing Law, for guaranteed equal housing opportunity for all citizens; and WHEREAS, Fair housing is consistent with the principle of equality and justice for all pro-

equality and justice for all, providing the challenge to combat discrimination, and to broaden the protection of the beliefs upon which our nation was founded; and

WHEREAS, This month provides an opportunity for all Americans to rededicate themselves to the principles of free choice and to reacquaint themselves with the rights and responsibilities that are theirs under the Fair Housing Law.

THEREFORE, STEVE BENTON, Mayor of the City of Spearman, by virtue of the authority vested in me, do hereby proclaim October 2000,

"FAIR HOUSING MONTH"

in and for the City of pearman, and urge my fellow citizens to join me in reaffirming the obligation and commitment to fair housing opportunities for all people.

IN WITNESS WHEREOF, have hereto set my hand and caused to be affixed the great seal of the City of Spearman,

DATED the 19th day of September, Two Thousand. Steve Benton Mayor 1(10-5-00)B

ADVANCE NOTICE

Calling all Students... The Secretary of State and this newspaper want your opinion!

While you may not be old enough to vote, Secretary of State Elton Bomer would like you to tell him why you think your parents should vote in the November 7th election. His job is to encourage voter participation in Texas. Secretary Bomer asks that you join other Texas students in writing an essay titled: "Why My Parents Should Vote." Winning entries will be displayed in the Texas State Capitol through the November 2000 election. Winners will also be announced in a news release and at a media event held at our State Capitol. Students who write the winning essays will be invited to appear at this Capitol media event.

Please think about this important topic and send Secretary Bomer your essay. And, if you need help writing your essay, talk to your mom or dad about the importance of voting!

Entry Divisions: Grades K-5(100-300 words),

6-8(400 words or less) and 9-12(500 words or less) Entries must be postmarked by October 6, 2000.

Spearman Welcomes Argentinian Student

Maggie Murcasel poses next to a map of her home country, Argentina.

Hansford County Library Unveils New Computer Equipment

The Hansford County Library is celebrating the arrival of additional public access computers in our community. With a grant from the Bill and Melinda Gates Foundation, the Hansford County Library has purchased two new Gateway computers, a new laser printer and has set them up with Internet connections.

Join us for an Open House on Tuesday, October 10 from 4:30 to 5:50 p.m. Refreshments will be served and staff members will be on hand to answer questions and demonstrate how to use the computers.

The Hansford County Library is located at 122 Main Street in downtown Spearman. Founded in 1932, the library moved to its present location in 1967. The new computers add to the library's growing infrastructure, which includes a computerized card catalog and inventory system and a full-time connection to the state's public information service.

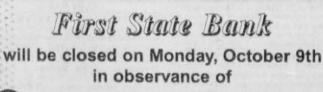

Be sure to attend the Open House and check out the new computers.

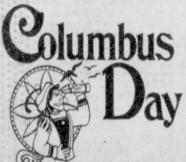

La Biblioteca Publica de Hansford County presenta el nuevo equipo de computacion

La Biblioteca Publica de Hansford County celebra la llegada al publico de acceso computacional en nuestra communidad. Three years ago, Maggie Murcasel knew that she wanted to travel and see the world.

On August 13th, she arrived in Spearman, population 2300, a very different part of the world than she had known in Argentina, as a part of the Youth Exchange Student pro-

"I love traveling," she said. "I like knowing people from different places and different cultures."

Magali (Ma-Ha-Lee) "Maggie," 17, comes from General Roca, Rio Negro, Argentina, a city of about 100,000. She is the youngest and only daughter of her parents, Andres and Emilce, business owners of an ice factory. Her older brother, Mariano, 24, studies business.

At home in General Roca, she played hockey. While here in Spearman, she runs cross country. And the high school here in the Panhandle of Texas carries a bit different flavor than she has known. But she likes it.

"School at home is a lot more academic," said Maggie, who has studied English for eight years. Here she enjoys the school activities along with the academics - extracurricular activities such as Homecoming and the football games.

In addition to the more physical sports, she is also accomplished in ballet and flamenco dance.

While she is here in Spearman, she will spend six months staying with Richard and Lisa Pipkin. Her connection with the Pipkins' stems back a year ago when Kara Pipkin, daughter of Richard and Lisa, spent the last school year in Argentina. The two girls met while traveling the country over semester break.

However, at the time she decided to participate in the exchange program, she had no idea that she would end up in Spearman, Texas. She did know that the United States and Germany could be possibilities.

Little did she know that just a year later, she would be experiencing West Texan culture with Kara and her family.

After she completes her year at

After she completes her year at Spearman High School, she will finish her senior year in Argentina. She plans to attend college after graduation, possibly focusing on interior design. Maggie will stay an additional six months in the U.S. with another Spearman family before returning to Argentina to finish high school.

Panhandle Community Services Receives Money From TDHCA

The Texas Department of Housing and Community Affairs has approved Panhandle Community Services for \$400,000 to be used for down payment and closing cost assistance for first time homebuyers. The agency serves the 26 counties of the Texas Panhandle with this program except in the Amarillo Metropolitan area, which is served by the City of Amarillo.

Under the program, up to \$5,000 can be utilized (up to \$7,500 in some cases) for down payment and closing costs on a loan. This is not a grant, but a zero interest, zero payment, second lien that does not come due until the first lien is paid off or on a premature sale or disposition of the property. In essence, it is moving the down payment and closing cost from the front of the loan where the money may not be available, to the back of the loan where it can be more readily addressed. Homes purchased under the program cannot exceed \$59,877

for an existing home, or \$94,716 for a new home.

The money is expected to be available to begin administrating the program in late August. Applications may be made at any Panhandle Community Services Center, where an applicant's income will be checked against the programs guidelines to see if they qualify. The income guidelines differ by county. If the applicant qualifies under the guidelines, they still must be able to meet the credit requirements of the lender they choose to work with. After initial application, PCS works strictly with the lender.

Interested parties should contact their local PCS service center to make initial application for the assistance as soon as it is available.

For more information, contact Terry Burns at the Amarillo office at 372-2531, ext. 257, or Johnanna Dear at the Perryton Center at 435-2478.

"Credit - Your Financial Power Tool" Booklet Available

The Financial Assistance Network in Washington, DC has just published a new booklet, "Credit - Your Financial Power Tool." The 48-page booklet includes information on how and where consumers can get credit even if they are having problems paying bills. The booklet also instructs consumers how they can legally rebuild their credit.

According to the Federal Trade Commission, companies that advertise credit repair services appeal to consumers with poor credit histories. Not only can't they provide consumers with a clean credit record, they may be encouraging consumers to violate federal law. The truth is that most consumers can help themselves if they have the right information.

"The booklet covers all aspects of credit including: applying for credit, getting more credit to reduce interest costs, handling bills and bill collectors, and restoring credit after financial problems," says Jim Asvar, a researcher at Financial Assistance Network. "Consumers will also receive a free referral to a non-profit organization that can help consolidate bills into one lower monthly payment, usually saving the consumer thousands in interest and late fees."

Consumers can receive a copy of the booklet by sending \$5 to cover the cost of printing, postage and handling to: Financial Assistance Network - Credit Booklet Offer - Dept. CR-0801, P.O. Box 60944, Washington, DC 20039-60944.
