RADICAL LIVING

By Dan Carter, Pastor
Trinity Community Church

THE GENUINE ARTICLE
Hebrews 12:2

Living in the mountains of southern New Mexico I was in buckaroo country. I had many cowboy friends. Some were ranchers, some cowboys. Others were former pro rodeo performers. A couple were western artists and one made his living breaking and training horses. One was even a baptist pastor.

I love to play cowboy, so whenever possible I gathered, moved and branded cattle with my friends. I really idolized the life of cowboying. Real cowboys probably wonder why.

They say that imitation is the sincerest form of flattery. I think my cowboy friends must have been flattered. Problem was, I was becoming an idolater. Over a period of 3 or 4 years God stripped those relationships away. I woke up to understand that only Jesus is worthy of imitation, and He is the One God desires I resemble. Whoever you worship you begin to resemble.

It seems I am prone to imitate others. I struggle to keep focused on Jesus. But then He did say it was a narrow way. And He did give His Spirit to guide.

A friend of mine is a man of great vision. He has plans to evangelize all of India (900 million souls) in this generation. I asked if he had any advice for staying alert to distractions in life like imitating someone other than Jesus. He told me of a profound line of prayer he holds himself to.

He prays for 3 things: That he may be spiritually urgent, thoroughly practical and perfectly natural. All three require the life of God in the human soul. It's not natural for us to be urgent about eternal things. That takes God's Word and Spirit. We may be practical, but only about temporal things. Finally, how free is the person who can be perfectly natural, not having put on airs (like chaps, wild rags and 18" red tops) to feel they fit in.

Jesus loves the genuine article. He made us to be authentic. May God bless us all that we might imitate Christ by His own life within us.

Cancer-Fighting Diets

Garlic and green tea may be key ingredients in cancer-fighting diets, according to recent studies on the relationship of cancer to diet and nutrition. A Rutgers University researcher has found that a garlic-based compound, diallyl sulfide, slows tumor development in animals, especially in the lungs. Also noted was the substances in black and green teas slow cancerous tumor growth in the esophagus. A scientist at Case Western Reserve University has isolated cancer-preventing polyphenols in green tea. The researcher suggests that the chemicals may inhibit tumor growth in the skin, lungs and internal organs.

Preventing Cancer with the 5-a-day Program

In response to government reports that American should increase consumption of fruits and vegetables to five servings per day to reduce risk of heart disease and certain cancers, the National Cancer

Institute launched the 5-A-Day Campaign. Why can't people just take vitamin pills to get all the nutrients needed? One of the biggest benefits from eating fruits and vegetables is high dietary fiber not found in the pills. Current research also indicates that there are substances in fruits and vegetables that play a role in cancer prevention.

Study Looks at Age and Breast Cancer

Age alone does not make a difference in the success of breast cancer treatment, according to a study of 170 women who had undergone chemotherapy for the disease.

The participants were divided into three age groups (70 and older, 50 to 69, and 50 and younger), and each showed similar responses, survival rates, and adverse reactions to the effects of treatment. Although 52 percent of women over 65 who have breast cancer die from it, older women are often not included in breast cancer clinical trials. And when treated, they may receive inappropriately low doses of the chemotherapeutic agent. This study shows that old age alone should not prohibit the use of adequate chemotherapy for breast cancer.

1993 Project Graduation success sets foundation for annual event

by Jackie Pearson

Spearman's first "Project Graduation" party had been labeled a huge success, according to the project chairperson, Marti Garnett. "The response from parents, friends, businesses, and 1993 graduating seniors has certainly established the foundation for this event to be Spearman's annual drug-free, alcohol-free celebration for graduates."

Over 75 seniors and guests enjoyed the first round of food, the variety show featuring SHS coaches, and then moved outdoors to master the obstacle course and crazy golf on the football field. About 1 a.m., the group moved back inside the cafeteria for banana splits, and then to "Little Las Vegas" for the casino night. For about two hours, guest dealers Bill Pittman, Larry Butts, Richie Thompson, Jeff Rowland, Ryan Rhodes, Phillip Renner, David Swan and Joe Dean Clement assisted the students with play money at Black Jack, Craps, and Roulette. Guest "bar maids," Jessica Woolley, Tamri Townsen, Mendy Lasater and Sonya Nitschke passed out candy 'til casino night ended about 3 a.m. Games and activities chairperson, Donita Lusby, stated that "the casino night portion was definitely the highlight for most students. This would not have been possible without the free use of tables provided by Jeff Hohertz and J.D. McCoy."

After having breakfast, the seniors were ready for the auction to begin. Each senior was allowed to purchase at least one prize with money that had been accumulated through the games and events of the evening. The "Project Graduation" party ended at approximately 4:30 a.m., with all but a few of the original participants and parents still in attendance. "The party accomplished exactly what we set out to accomplish," says Garnett. "We were able to provide a secure, entertaining evening for all who attended - we salute the Seniors of 1993 for their participation in what we hope will continue to be a tradition in our community, and we commend the community for their support of this good effort."

Texas property owners receive 1993 proposed value notices

Texas property owners have the right to information about changes in their property's value by local appraisal districts. On May 20, 1993, Hansford County Appraisal District mailed 24,493 property owners their notices showing the 1993 proposed value.

Alice Peddy, chief appraiser of the district, reminds property owners that the notice of appraised value is not a tax bill. "Please do not pay from this notice," Peddy said.

Peddy emphasized the importance of the notice and the key information that it contains for a property owner. "A property owner has the right to appeal to the Hansford Appraisal Review Board on any disagreement with the property's value, exemptions, ownership and other areas," she said.

The appraisal review board, more commonly called "ARB," is an independent panel of citizens responsible for reviewing the appraisal district's values. The ARB also hears and settles protests from property owners who disagree with some action by the appraisal district.

What should a property owner look for on the notice? "Take special note of the proposed value for 1993," Peddy said. "The notice shows the land's value and any improvement value for the property for the current year." An im-

provement is a building, structure, fence or any other type of fixture to the land.

The appraisal notice also includes current year information on exemptions granted to the property. It provides last year's value, too.

Peddy asks that a property owner look carefully at the legal description and mailing address to be sure that there are no errors. "If the notice contains an old address, please let the appraisal district know. The post office forwards mail to a new address for a short

American Cancer Society... holds community crusade

The Hansford County unit of the American Cancer Society announces the success of the 1993 Community Crusade Campaign.

Betty Davis and Virginia Taylor, co-chairman of this year's walk against cancer, announced that over \$6400 was generously contributed by local residents while Spearman and Gruver businesses added \$1200 to the cause. Last year, the American Cancer Society returned over \$23,300 worth of public education information through Hansford County schools and clubs and provided 28 services to local patients.

The American Cancer Society

time only, and tax bills do not go out until October," Peddy added.

A property owner can be liable for additional penalties and interest on a tax bill not paid timely. A property owner is responsible for informing the appraisal district of the correct mailing address.

Peddy added, "If you did not get a notice and want 1993 information about your property, please call the appraisal district at 659-5575 or 733-5139. The deadline for protesting to the ARB is June 18, 1993, for this year."

appreciate Betty Davis of Spearman, Virginia Taylor of Gruver and Beth Dorch of Morse for coordinating the drive in their communities. According to the release, the Community Crusade would not be effective in providing one-on-one education and discussion about American Cancer Society programs and services without those dedicated individuals who walked their blocks in the fight against cancer, many of whom have joined the crusade each spring.

Editor:

I still think it would be fun to see a column or two - occasionally - about what happened 30, 40, 50 years ago, if you still have access to all those files. There are still many of us out here who remember, fondly, things that happened and people who have not been around for that long. Anyway it's a thought I have from time to time.

Enjoy the paper - certainly getting big and professional in appearance. I can still recall the clatter of the old linotype in the press room - oh well!!

During the reporting period of Monday, May 24, through Sunday, May 30, the Spearman Police Department filed 59 reports.

One of these was an accident report.

According to Police Chief Joe Raper, the accident occurred on Tuesday, May 26, at 11th and Cotter Drive at 2:28 p.m.. He said that a 1988 Chevrolet blazer driven by Regina Biggers of Spearman was travelling north on Cotter. At the same time a 1979 Ford van driven by Carolyn McDaniel of Pampa was travelling west on 11th. Raper stated that the vehicles collided when Biggers failed to yield the right of way to McDaniel.

He added that Biggers vehicle rolled and came to rest on its top. An ambulance was called, but no one was transported by ambulance. Raper explained that at the time of the investigation, no severe injuries were reported.

It was reported that the damage to Biggers' vehicle was in excess of \$500.

On Friday, May 28, an officer secured an open door.

Haney between 9:15 p.m. and 10:45 a.m. According to Raper a rear window was broken out and a tail light was damaged on a car. He reported that approximately \$650 damage was done to the vehicle. The incident is still under investigation.

Theft of gasoline was reported from the 100 block of Collier. It was reported that the amount of the gasoline totaled \$5.04.

At 1:29 a.m. a 24-year-old male was arrested for driving while intoxicated.

The final report filed was a vandalism report. It was reported that a vehicle window was broken at the 100 block of S. Barkley. The estimated damage is \$125. It is still under investigation, Raper said.

There were 17 animal control calls during the reporting period.

Even logical consequences just happen.

Among the Neighbors

by Helen Fisher

Four generations of the Buchanan family gathered at the Old Timer's Reunion at the Spearman County Barn. J.B. and Ila Mae Buchanan were declared 1993 Reunion King and Queen. Pictured are (back l-r): Millie Buchanan, Virginia Cates, Louise Vaught, Edna Bassel, Lucile Allen, and John Allen. In front (l-r) are Wilson Buchanan, J.B. Buchanan, Ila Mae Buchanan, Ollie Buchanan, Paul Buchanan and Helen Fisher.

Lucile Hagerman enjoyed one of those week-ends that every grandparent savors when she had her 17 month old grandson, Austin, for the week-end. His parents Valarie and Mark Huber brought him from Amarillo. They wanted to attend the farewell sermon and dinner for the Todd Dyess family at the First United Methodist Church.

One of Spearman's landmarks is disappearing this week as the first "tourist court" is being demolished. It is at 15 South Hazlewood and its current owner, Mrs. Ester Stewart, stated that it has long been an eyesore and might be a fire hazard. She remembers that she and her husband, Bob Stewart, bought them in 1940 though they had lived in Spearman since 1931. A Mr. Smith had built them and where Mrs. Stewart's house is now, there was a "filling station" owned by the late Leo Dacus.

There were few places where travelers could stay, and after the court was full. There was just a central bathroom, but that was typical of the time. One sees the dilapidated old buildings and it is hard to visualize the activity, bustle, laughter, tragedy, and human concerns that passed that way so long ago.

Don Floyd came up from Lubbock to be present at two graduation ceremonies in the school where he graduated, his daughter graduated and now his granddaughters. Jill Lusby finished high school and Mandi finished grade school. They are the daughters of Donita and Ronnie Lusby.

Jill who had an outstanding record in high school was awarded a basketball scholarship from Eastern New Mexico University at Portales.

Barbara and R.L. McClellan are busy with grandchildren for about a week. Travis, son of their son Bill, is from Port La Vaca and Brittany and Laurie Beth Holston are from Sunray. Their parents the Rever-

end Steve and Jeanie are at the Northwest Texas Methodist Conference in Abilene.

Jean Ann Behney spent a long week-end in Indianapolis the previous week-end. Although she did have a brief visit with her parents, who live there, her time was spent assisting a close friend through a difficult transition time.

Angela Jones, editor of the Reporter-Statesman, can hardly consider the week-end a holiday. She drove to Pueblo late Friday, arriving in the early morning hours. Saturday was filled with her sister's wedding. The ceremony was held in a park in Colorado City, Colorado. She was back in Spearman in time to go to work Monday morning.

Her father, Don Jones of Gruver, accompanied her. Angela was sorry to miss all the week-end activities in Spearman.

Danny and Cathy Knox, with Julia and Lee, spent the week-end with his parents, Don and Gloria Knox. They enjoyed a picnic at Palo Duro Lake. Danny lives in Odessa and they had to return as they have another week of school.

Tracy Tigrett, daughter of Jo Dell and Coyt Tigrett, can consider herself definitely graduated with all the witnesses who came to attend the high school ceremony.

Guests of the Tigretts for several days were Jeff and Sue Ellard, Stuttgart, Arkansas; Brenda Aper and two children, Randolph, Utah; others coming for the ceremony were: Laura Ellard, Texhaoma; Joyce Pangle, Laura Pangle, and son Rennell Hadley and two children, all of Pampa; Valarie Kakola, White Deer, Bob and Wanda Tigrett, Amarillo and Bill and Sharon Tigrett, Perryton.

Brenda Aper also attended the reunion of the class of 1973 while here. It is Tracy's intention to attend West Texas University and to begin her education in medicine.

Others stopping were the Buddy Gings of Long Beach and Lola Mae Teague of Phoenix. This group also spent Sunday night with the Buchanans on their return trip.

On Saturday the Buchanans were honored at the Old-Timers Reunion sponsored by the Stationmaster's House museum board.

Their son, Burl, was not present and for anyone of the opinion that Burl was trying to distance himself from the Buchanan gang, it is pointed out that he has been the last 15 days in Austin. He is working with other concerned officials to lower or control utility rates.

Olive Pendergraft's old friend, Aleen Self of Oklahoma City, spent five days with her last week. She was here during the time Betty and Richard Gaines were fishing at Faus Lake, Oklahoma.

Their catch was more than adequate so they had a fish fry on Monday night for family.

Ira and Loree Harbour were planning a trip to the mountains last week when she learned she has acute leukemia.

She is now in High Plains Baptist Hospital in Amarillo undergoing chemo-therapy. She will be there for at least four weeks.

Ira is staying in Amarillo. Their son Ted and Debra came from Dallas and spend the week-end with them.

She is in room 884 and welcomes visitors. However she cannot receive fresh flowers or growing plants-cards and silk flowers are acceptable. Visitors will be required to check at the nurses station on the 8th floor.

Lola Newcomb is reported by family members to be recovering from back surgery in St. Anthony's Hospital. They are hopeful she can return home the latter part of this week. Her sisters, Mabel Jameson, See Neighbors page 12

During the Spearhead Corporation barbecue held Friday, Jim Shirley burns a Hansford County brand into a board that will be displayed at the Station Master's House Museum. In the background, employees of First State Bank and Spearhead Corporation board members prepare hamburgers for county land owners.

Spearhead Corporation and FSB hosts barbecue

Members of the Spearhead Corporation and First State Bank, Spearman hosted about 50 ranchers, farmers and land owners of Hansford County at a barbecue cook out at the Oscar Archer Rodeo Arena Friday, May 28.

The event was held to show appreciation to the land owners who were participating in the Spearhead Corporation's Winter Program fund-raiser. Land owners in the program allow cattle bought by the corporation to graze with their own herds. When it comes time to sell the cattle, the corporation collects the money from the sale. According to Verna Lee Shirley, the land owner is responsible for keep-

ing the cattle healthy and on good grass. The land owner whose cattle gains the most weight wins a trip for two to Las Vegas.

Land owners who are interested in participating in the next program need to call Bret Bergin or Jim Shirley at FSB, Spearman at 659-5565. They can also call Dr. Tom Latta at the Hansford County Vet. Clinic, or Phillip Renner at 659-3587.

Many of the land owners attending the barbecue had their brands burned into a board and stamped on a canvas sheet. The branded board, when complete, will hang in the Station Master's House Museum in Spearman.

On The Go With Joy

by Joy Henderson

Our son Dennis and his family Vicky and Summer entertained both sides of their family with a cook-out of steak, hot dogs, and hamburgers with extras of salads, casseroles and desserts. The children were entertained with movies and T.V. games while some of the adults indulged in volleyball. Now ask some of the middle-aged adults how their bodies feel this morning and especially their arthritic knees. Some of us older adults sat in the shade and exercised our mouths. Those attending were: Delta Boothby, Jane Trammell, her children Mitch, Brent, and Bethany of

Texhoma, Ricky, Carmen, Ryan, Rusty and Brock Harkins of Chandler, OK; Rodney, Machell, Rhonda and Matthew Harkins of Guymon; Kent, Rhonda and Taylor Hildebrand of Midwest City; Dana Stovall of Duncanville; Scott, Paula, Dustin and Teala Henderson of Lubbock; Lewis and Joy Henderson of Gruver and the hosts Dennis and Vicky Henderson and Summer Butts.

It was a pleasure to see former neighbor Mendy Evans with daughter Kelsey who were here for the Memorial Services with Mendy's parents Del Roy and Reatta Gammon. I think some of Roy Don's family were here also but I didn't actually see them.

Guests of the Jack Gillispies were: Jennifer and Angus J. McCullough of Stamford, CT; Wirt, Linda and Darley Davis of Ft. Worth and Dwight and Suzanne Gillispie of Morse, TX.

We took time out to tour and view the Palo Duro Dam area with

dreams of relaxing under the shade trees and having picnics in the future. I am also dreaming of the time when rains will help raise the shore line, but I don't expect to take advantage of fishing, boating or swimming.

The Bob Setliff family having several relatives drop in; including Sam and Virginia Leonard of Amarillo and Ray Stoddard.

The community of Gruver will be saying "so-long" to Terry Diaz who was our exchange student from Spain. She lived with Neal, Julie, Ben and Emily Williams while she was here.

I am going to give all you musicians a chance to attend the Musicians Shoot-Out at Cox's Stockade in Purcell. Competition will include my Aunt Ruth Tanner who is billed as the best guitar picker and song bird this side of Big Clifty. Also my dad Arthur Cox, who plays a variety of instruments but concentrates on the fiddle will host and manage the contestants. Planning on attending will be my brother Stanley Cox pickin' and grinnin' with the banjo.

I asked dad since it was a shoot-out, will there be a winner declared? He replied, "If there are any survivors!"

Spiritually Speaking

by Zane Grant, Pastor
Community Bible Church

When I was called into the ministry 16 years ago, little did I know what God had in store for me. I never would have dreamed that He would have called me to pastor a church especially in the Panhandle of Texas. Having been here these last 5 years it has become my home and I don't want to go anywhere else.

I know better than to tell God I don't want to go anywhere else so I just praise Him for allowing me to stay here for now.

God is so good and I love Him so but it amazes me, even after 16 years of ministry how some people can turn their back on such a wonderful King as He.

1 Samuel Chapter 8 tells of Samuel after having ruled the people of Israel wisely and justly under God and having grown old was approached by the people of Israel who were upset with him for allowing his sons to become judges. They demanded a king to rule over them.

Now as you can imagine, Samuel was upset, and so he went to the only one that could do something about the problem, and that was God. God did to Samuel exactly as He does with mankind today.

He told Samuel, give them a king, they don't want me as their King then give them what they want but when you do, you tell

them what the consequences are going to be for them. Please read the rest of the story.

My friend we today have become as the people of Israel. We don't want God to be our King. We want a king we can see and one that will give us what we want. Someone to take care of us.

We have one and his name is the president and the government and we are so dependent upon them that we can't live without their help. We need them to provide health plans, we need them to give us money for food, for clothing, for education, we need them to provide jobs and on and on and on. We have made them our king and now we are going to suffer the consequences just like the people of Israel did. Sons and daughters becoming slaves, everything we have being taken from us.

If this offends you then like Samuel I says. It is not I that you are angry at, it is God and He will not reign over you for you have rejected your King.

What can we do? Let us fall upon our knees and repent and cry out to our God for forgiveness. Let us fill the churches and alters to hear what God would have us do. Where are you on the Sabbath Day? Where you are on the Holy Day determines who your God is.

May God our King forgive us.

REPORTER-STATESMAN

Our Divine "Destiny"

Even as youngsters we attempt to view the unknown... our chosen profession... marriage and family... where we will live. There are many forks in the road. Even basic decisions can become difficult. Yet, when we shape our lives with God at the center, "impossible" dreams become possible.
God has designed a divine destiny for each of us. The Bible has told us what it is... and what it is not. "For God has not destined us for wrath..." (1 Thessalonians 5:9). "He destined us in love to be His sons [and daughters]" (Ephesians 1:5).
However, God has given us free will... the freedom of choice. When aligned with His will, it is positive, but unaware of His plan, our lives can become a muddle of mediocrity.
May we design our lives around God's divine destiny. Worship each Sabbath. You will reap the wisdom of His Word, the serenity borne of faith, and the strength for untold tomorrows.

For the Sport of it

by Bob Bort

Last week, I commented on the lack of UIL spring baseball for Gruver High School, and I said scholarships were being lost. This week I called five present and former school board members to complain. Here are some names, for those of you still with doubts, of recent GHS seniors who may have lost scholarships due to the lack of a baseball program... Brian Hoel (Pitcher), Matthew Hoel (1st Baseman), Lee Bort (Shortstop), Matt Etheredge (Catcher), Shannon Pool (Pitcher), Brady Pool (Outfielder), Jeff Price (Outfielder), and Crockett Tidwell (3rd Baseman). Many of these players were teammates on a 1986 Little League All-Star team that went undefeated, winning the Stratford and the Dalhart tournaments. Must I keep making lists like this year after year until the GHS Board of Trustees learns the cost of start up for UIL baseball is worth it in the long run??? Realize that this is a hastily drawn up list, and I may have left others out who deserve to be on the list. Others are Stefan Dorman, Kyle Irwin, Theron Park, Trent

Seagler, Troy Seagler, Luke Miller, and on and on. The talent is here in Gruver, but it is wasted talent that should be nurtured as the young athletes grow older. Some don't start developing into stars until they are 15 or 16 years old, and it is those who you won't find on any of my lists, as I never got the chance to see them after they had developed their skills. My apologies to those I have not listed through oversight or poor memory.

Maybe if those of us who support this position can be present at the next school board meeting, where they will take a vote on this, it might help. Check out the list of four Gruver baseballers who are playing American Legion ball in Oklahoma this summer, who would be helped by UIL spring baseball. It comes later in this column.

I have said enough. Several people have stopped me this week, to voice their support of my complaints. Hopefully they will now let the school board know they want baseball too. It was voted on before, with negative results. This time, hopefully, it will pass.

This is a big week of AAU basketball in Amarillo. The national qualifying tournament is being held June 3-6. Watley's Winners, a team of four Perryton girls, three Gruver girls, and two Spearman girls, aged 11 and under, will be representing Hansford and Ochiltree Counties. Already one local basketball star is going to the national tournament in Salt Lake City at the end of July. That is Jim Potts, who is on a 12 and under team in Amarillo that won their national qualifying tournament in Lubbock, a couple of weekends ago. Matt Banks from Vega, former Gruverite, is also on that team.

Here is the scoop on the baseball season thus far. Gruver is in the Texas County Babe Ruth League with two Guymon teams, Hooker, Tyrone, Turpin, and Spearman. The Babe Ruth League is for 13-15 year old players. There are always an A team and a B team game. Gruver played at Turpin this past Tuesday, 5-25-93, and walked all over their opponents by a score of 23-2. The starting nine looks like this: Pitcher-Max Frick; Catcher-Wylee Maupin; 1st Baseman-Bailey Barkley; 2nd Baseman-Brant Armes; 3rd Baseman-Sammy Renteria; Shortstop-Jarrold Hoel; Left Field-Buster McLain; Center Field-Daniel Bort; Right Field-Blake Ferguson. There are 20 team members, with the rests: Matt Overbey, James Sursa, Victor Luciano, Eric Pando, Kyle McNett, Jay McCoy, Jeb Lee, Kevin Rodriguez, Andy Morris, Kevin Harris, and Rob Murrell. The manager of course is none other than Doug Frick, with the help of Coach Andy Hoel.

The score against Turpin was only 4-2 after three innings, before Gruver exploded. Gruver had 19 hits, and everyone played well, according to Manager Frick. Jarrold Hoel had an inside-the-park home

run, and Max Frick and Bailey Barkley has triples.

The schedule this week is at Spearman- Tuesday June 1, at Tyrone- Thursday June 3, and their first home game is against Hooker on Saturday June 5, with the B team game (younger team members) starting at 5:30, and the A team game following that game.

An added note - Gruver has four older ball players playing American Legion baseball in Oklahoma. Jace Dawson is playing for Hooker, and Aaron Frick, Victor Lopez, and Eric Wright all for Guymon. Eric hit a home run the other night, according to Frick.

Looking at the Little League action now, the powers-that-be this year for the Gruver Little League are Cathy Potts and Barbara Stavlo, and there are three Little League teams (age 9-12), and six T-Ball teams (age 6-8). This past week was the opening week, and it looks like the A's have a pretty good team. They beat the Astros 11-4, and beat the Pirates 11-3. The Astros also won two games, beating the Pirates twice, 11-4, 17-3. The A's are coached by Robert Smith, and their roster reads James Crow, Jim Potts, Charlie Stavlo, Aaron Weller, Clayton Acker, T.J. Johnson, Chase (Reid) Stapleton, David Villegas, John Lopez, Greg Slough, and Chase Carter. The Astros roster reads, Coach Ronnie Harris, Derik Grotegut, Dallas Henson, Bray Armes, Casey Harris, Dan Odom, Darren Duran, Corey Schneider, Trevor Ferguson, Ishmael Hernandez, Johnny Lopez, Jamie Lopez, Clayton Thompson, and Billy Bob Etheredge. For the Pirates, their coaches are Rick Barkley and Craig Cooper. Their roster reads Kyler Barkley, Taos Weldon, Clayton Henson, Jason TeBeest, Chad TeBeest, Kade Carthel, Zachary Christian, Israel Arzate, Daniel Hernandez, Rodney Grice, Gabriel Lopez, Lee Nunez, and Manuel Luciano.

There are two girls T-Ball teams, the Orioles coached by Wynn

Maupin and Braquel Ferguson, and the Rockies, coached by Sherry Johnson and Traci Crawford. The rosters are (ORIOLES): Sarah Miser, Blythe Finley, Chelsea Reid, Jessica Montgomery, Samantha Cazares, Teal Armes, Christie McDowell, Veronica Favela, Bryn Lowe, Katie Jones, Kasey Cazares, and Alicia Alvarez. (ROCKIES): Annie Houghton, Kalee Crawford, Laina Grotegut, Brittanie Osbourne, Brittany Claxton, Ashleigh Sherrill, Ronna Eckhardt, Tabitha Crow, Sammi Johnson, Lori Swink, Lauren Hoel, Brittany Morris, and Jennifer Renteria.

Here are the boys T-Ball teams and coaches: RANGERS (Richard Winter), GIANTS (Bernie Ryan, Todd Parker), BRAVES (Monte Cluck), and TIGERS (Tim Weldon, Rodney Clawson). Here are the rosters: (RANGERS) Chris Winter, Scott Winter, Aaron Boyd, Clint Linde, Ori Cooksie, Ben Williams, David Villegas, Ryan Rennick, Auston Trujillo, and Eric Lopez. (GIANTS) Chris Hillenbrand, Ryan Winger, Sage Gray, Lee Bridwell, Ben Karlin, David Parker, Mark TeBeest, David Hernandez, Jose Favela, and Adam McCahey. (BRAVES) Colt Cluck, Lance Williams, Brock Irwin, Cass Cooper, Chris Perez, Brandon Casdorff, T.J. Sherrill, Zachary Johnson, Colby Morris and Michael Dillard. (TIGERS) Chris Clawson, Colby Weldon, Hunter Beville, Garrett Miner, Salvador Vega, Nicholas Slough, Luis Alvarez, Zachary Zamora, Ryan Renteria, and Aaron Morris.

Hopefully we can get pictures of all nine teams, plus the All-Star team later on, for printing before the season concludes.

On Tuesday, May 25, 1993, Clint hit his famous shot on hole number 4, witnessed by his father Dan Faries and his Grandfather Granville Boyd. He finished the 9-hole game with a 1 under par 35. Clint's father has not yet had a hole-in-one, while his grandfather has had seven plus a double-eagle.

Property Tax Protest and Appeal Procedures

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these appeal procedures if you have a concern about:

- the value placed on your property
- any exemptions that may apply to you
- the cancellation of an agricultural appraisal
- the taxable status of your property
- the local governments which should be taxing your property
- any action taken by the appraisal district that adversely affected you.

Informal Review

The first option a taxpayer may use to protest a value is to visit with the chief appraiser or a staff member. Records on individual properties are available for review by every taxpayer. This informal review is to the benefit of the taxpayer, as many protests are resolved at this level.

Review by the Appraisal Review Board

If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board (ARB).

The ARB is an independent board of citizens that reviews problems with appraisals or other concerns listed above. It has the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notice of the time, date and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on the evidence presented. You can get a copy of a protest form from the appraisal district office at 709 W. 7th Street, Spearman, Texas.

Note: You shouldn't try to contact ARB members outside of the hearing. The law requires ARB members to sign an affidavit saying that they haven't talked about your case before the ARB hears it.

Review by the District Court

After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision, you have the right to appeal to district court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you

receive the ARB's order. If the appraisal district has appraised your property a \$1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

More Information

You can get more information by contacting your appraisal district at 709 W. 7th Street, Spearman, Texas, 659-5575 and 733-5139. You can also get a pamphlet describing how to prepare a protest from the appraisal district or from the State Comptroller's Property Tax Division at 4301 Westbank Drive, Building B, Suite 100, Austin, Texas 78746-6565.

Deadline for Filing Protests with the ARB*

Usual Deadline

On or before May 31 (or 30 days after a notice of appraised value was mailed to you, whichever is later).

Late protests are allowed if you miss the usual deadline for good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have good cause.

Late protests are due the day before the appraisal review board approves records for the year. Contact your appraisal district for more information.

Special Deadlines

For change of use (the appraisal district informed you that you are losing agricultural appraisal because you changed the use of your land), the deadline is before the 30th day after the notice of the determination was mailed to you.

For ARB changes (the ARB has informed you of a change that increases your tax liability and the change didn't result from a protest you filed), the deadline is before the 30th day after the notice of determination was mailed to you.

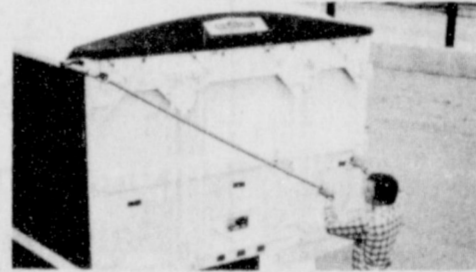

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

*The deadline is postponed to the next business day if it falls on a weekend

Stopping Energy Loss From Windows Is A Breeze.

Windows are great when you can let a breeze cool your house, but during months when you use your air conditioner or heater, windows can reduce your home's energy efficiency.

To prevent windows from wasting energy, make sure any cracks around the window are caulked. Heavy drapes that fit tight to the wall can also help improve your home's efficiency. Other options to consider are thermal drapes, curtains and shutters and, for the summer, solar screens installed on the outside of windows.

For more information about saving energy, call or visit your local TNP office and ask for the free fact sheet, "Straight Talk about Window Treatments."

Texas Senate Week In Review

On Saturday, the Conference Committee on SB 7 began meeting to work out differences between the House and Senate on the public school finance issue. Lawmakers have until June first to draft a constitutional school finance bill or they face the risk of having state funds cut off.

The Senate met Sunday morning and passed CSHB 1445, the Sunset Advisory Commission's recommendations for continuation of the Texas Alcoholic Beverage Commission for the next 12-year period. Some of the recommendations include: modernizing the wine industry; authorizing cities to set rules for consumption of alcohol in public places; and removing residency requirements for retail licenses and permits; improving minority hir-

ing; and authorizing the establishment of brew pubs in Texas.

On Monday, the Senate met and passed CSHB 1064 by Rep. Erickson which provides for the regulation of school districts and the related costs. The "mandate bill," as it has been called, lessens many of the educational mandates established by HB 72, which was passed in 1984. The Senate added amendments to the House bill that maintain the classroom size ratio at 22 students to one teacher. The bill also changes the no-pass no-play rule from six to three weeks, if a student is passing at the three-week mark.

On Tuesday, the House and Senate Conference Committee on SB 7, which has been meeting for several days, announced a compromise on the school funding issue. Included

in the compromise were several reforms on educational mandates. The public school finance portion of the compromise would give the 109 property-rich districts five options for reducing their taxable wealth to \$280,000 per pupil. The options are: writing a check to the state; educating children from other districts; voluntary consolidation with neighboring school districts; or consolidation of their tax bases. If districts choose one or more options, the state education commissioner could remove property from their tax rolls and give it to low-wealth districts or force them to consolidate with other districts. The Conference Committee report must be approved by a two-thirds vote in both Houses for the legislation to have immediate effect.

Thursday was an extremely im-

portant day in the Texas Senate. Two conference Committee Reports were overwhelmingly passed. SB 5, the state budget for the next biennium, passed by a 28-to-two margin. Along with SB 5, the Senate also passed SB 7, the school finance bill that was the result of the aforementioned Conference Committee. The House is expected to consider both bills by the weekend. Since both bills passed by over a two-thirds margin in the Senate, both bills take immediate effect if the House votes by the same margin. If SB 7 passes the House with at least a two-thirds majority, the court-ordered June first deadline for a constitutional school finance plan will be met.

The Legislative Session ends on Monday, May 31 at Midnight.
