Health care questionnaire . . .

Hospital district conducts survey

A report entitled "Access to Rural Health Care in Hansford County" was presented to the Hansford County Hospital District Board of Directors at its Jan. 10 meeting.

The report was presented to the board by the hospital district's Long Range Planning Committee, consisting of James Cunningham, Harold Sneed, Verna Lee Shirley

and Richey Thompson.

In the report, the committee presented an analysis of the problems and opportunities facing the hospital district. Along with the analysis, the committee made five recommendations for enhancing the district's survivability and its service role in the community.

The recommendations included: 1) Study the feasibility of expanding the Manor and modernizing the physical plant of the hospital; 2) Establish an adult daycare and ill child care program; 3) Establish an ongoing educational and/or public relations program; 4) Develop and implement a hospice program in Hansford County; and 5) Create a home health agency.

Al LaRochelle, hospital ad-

"I was real encouraged by the tur-

nout," said LaVern Draper, pastor

of the First Christian Church of

was led by Russ Gibbs, minister of

ple of the Spearman community.

prayer service Sunday night.

Prayer service held

ministrator, and Anne Snow, hospital business manager, proposed a study of the needs and desires of Hansford County residents with regard to health care. They suggested a survey questionnaire, which the board approved along with a budget of \$1,000 for mailing

and printing expenses.

It was decided that Alton Ellsworth, board president, and LaRochelle would join Hansford County representatives at a Public Utility Commission hearing in Austin Wednesday, Jan. 16 to protest an electricity rate increase requested by Texas-New Mexico Power Company. The board agreed one of its members should attend the hearing because of the dramatic effect the rate increase would have on the hospital and tax-

The 1989-90 audit report was given to the board, but review of the audited financial statements was tabled until Russell Altmiller, CPA could attend and make the presentation. He could not attend this meeting because of weather.

Ken Freeman, plant operations director, presented bids for new replacement televisions. He explained that the existing television

danger was led by Ray Cook, minister of the Assembly of God

Draper went on to say the Call to Worship was brought by layman Bob

Boxwell. This was followed by a

prayer of invocation led by John

Scott, minister of the Church of

Christ of Spearman. A reading of

scripture was done by layperson,

Debbi Hagerman. Singing of hymns

by the congregation was accom-

panied by Jane Hinto on organ and

Janie Kunselman on piano. The ser-

vice was concluded by Draper, who

Church in Spearman.

led the benediction.

sets were constantly in need of repair and had poor picture quality. The board accepted a bid from Earl's TV, at a cost of \$5,700 for 16 units including installation.

Other business included consideration of a substance abuse policy and procedure addition to the personnel handbook. The board reviewed the proposed policy, which provides for drug testing, referral to treatment programs, and termination for cause in the event of cases of substance abuse among employees. It was noted that federal regulations and the hospital district's Workers' Compensation carrier mandated that such a policy be adopted.

The board approved an Employee of the Year award. A selection committee will choose the recipient from among those who were chosen Employee of the Month through December 1990. The award will be presented at the annual joint meeting with the Hansford County Commissioners. The recipient will receive an award of \$300 and a plaque.

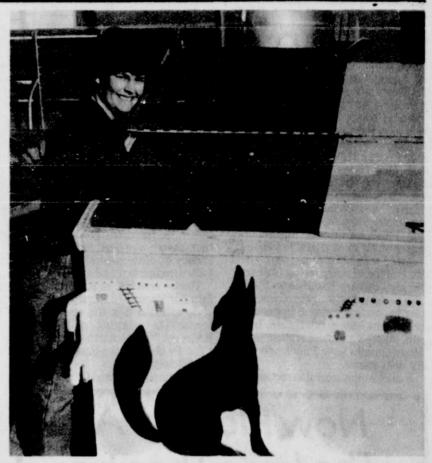

The board discussed whether to file suit for collection from a former employee who had received a loan from the district to pay for

sion was made to pursue all legal recourse in collecting the debt. The board noted that the program has been very successful overall, with six employees completing their educations, passing licensure exams and obtaining employment as RNs at Hansford Hospital.

The board accepted the report of the Quality Assurance Committee, approved minutes of the previous meeting and reviewed statistics for the month of December and the financial statements. Accounts payable were examined and approved for payment, and suits for

collection were approved.

Those attending the meeting included board members Alton Ellsworth, president; Rosa Lee Butt, secretary-treasurer; Les Barkley, vice president; Jerry Hunt; and Pete Fisher. Also attending were Albert LaRochelle, administrator; Kaye McFarlin, director of nursing; Anne Snow, business manager; and Ken Freeman, plant operations director. Members of the Long Range Planning Committee, James Cunningham, Harold Sneed, Verna Lee Shirley and Richey Thompson also attended.

Teresa Barkley, service chairman for Xi Psi Kappa sorority, digs out the last aluminum can in the group's collection dumpseter, located in front of Gruver Texaco. Barkley reported the drive is going well.

coming to rest upright.

for several years.

airport, Davis & Davis Oil Company, is no longer in business. Kevin Bynum, representing Golden Spread Sales Co., was present and stated that Golden Spread has two options for being the concessionaire of AV gas.

The options are: 1) They would be interested in the AV gas concession if both the ag operators and general aviation operators would patronize the concession. If so, Golden Spread would install a new storage tank and pump. 2) If all operators do not agree to patronize the concession, Golden Spread does not want to install the new storage tank and pump and will not use the

existing tank and pump.

Bynum stated Golden Spread would consider supplying the fuel if the City of Spearman was the owner of the tank and pump and carried the liability on them. Board member Clark Bridges stated that both he and Randy Hendrickson would use the concession if the price was competitive.

The board agreed to the options, and Bynum stated he would further discuss the options with Mr. Tracy. The board took no action.

Floor plans showing the location, dimensions and type of building for the pilot lounge were submitted to

The plans are for a 12' x 16' masonry building, located at the northwest side of the parking area. Windows will be on the west and south sides of the building, with a small window in the door. The

mining the electrical estimate, foundation estimate, masonry estimate and estimate for The board then discussed fund raising or donated material for construction of the pilot lounge

building. Blodgett stated he has some cinder blocks and possibly other materials for donation. He also mentioned that the Spearman Industrial Foundation has \$900 to help pay for construction of the building. No action was taken.

The next meeting date was set for

Wednesday, Feb. 6.
Attending this meeting were board members Blodgett, Bridges and Larry Widener; Jim Murray, city manager; and Cheryl Gibson, city secretary.

PDRA board meets

by JoAnn Morton Editor

The newest member of the Palo Duro River Authority Board, Jack Lane of Stinnett, was sworn in by Hansford County Judge Jim Brown

Also at the PDRA meeting, Robert Novak and Kenneth Evans were reappointed to the board as representatives from Hansford County, while Howard Diedrichsen and Dr. Arthur I. Davidson were reappointed as representatives from Moore County.

In other PDRA business, the board authorized partial payment of a retainage fee to Central Plains Contracting Company. The amount payment of claims.

authorized for payment was for 50 percent of the retainage fee and 50 percent of accumulated interest, according to Johnnie Lee, PDRA general manager.

The board held a general discussion of the project and toured the Palo Duro Dam site, said Lec. He added that work on the dam has been halted since just before Christmas, because of weather conditions and frozen ground. "But it's so close to being finished, 30 days would complete the project," Lee commented.

Regular business for the board included approval of minutes of the previous meeting, hearing the treasurer's report and approving

Steele family moving

Morse school bus rolls

by Jean Ann Behney

One of Hansford County's treasures is "steele-ing" away this week with little fanfare but he leaves behind two congregations and many,

Sam Steele, minister of Spearman's First Presbyterian and Faith Lutheran Churches, is moving to Longview, Texas, today with his wife and two daughters. Once settled, the irrepressible gentleman plans to "spend two weeks doing absolutely zero!" and then to enroll in a two-and-a-half day program at Arlington's Southwest Career Development Center.

This center and its seminars are strictly for church workers, Sam explains, and is sponsored by seven or eight different Protestant denominations. He found out about the center when he reached a "burnout" point in his career some time ago and telephoned a minister friend in Hereford for advice. "Jim Corey had hit burnout a few years ago himself and he recommended this place - said it was excellent for him," Sam says.

Rev. Sam Steele

Sam's own "burnout" was caused, in his own words, by "trying to serve three churches in four communities," squeezing the equivalent of three

He was living in Perryton, where he pastored at Trinity Presbyterian Church, but he also worked in Spearman two and a half days a week at First Presbyterian and Faith Lutheran. (These two Spearman churches began worshipping jointly last year and plan to so continue indefinitely.)

'I had members in Perryton, Booker, Spearman and Gruver," commented Sam," and I was trying to give full-time service on a half-time basis. The churches were very understanding and flexible about this, and very supportive of me in this situation, but there were lots of 16, 17 and 18-hour days and times when somebody in Perryton couldn't find me, or I wasn't available for somebody in Spearman!'

This situation was hard on everyone, he believes. He especially missed spending leisure time with his own family - wife Sara, a homemaker, and Stephanie 4, and Shannon, 7. "Unfortunately, it was easy for me to work so hard," he muses. "I'm a workaholic!"

"It's time for a sabbatica!!" Sam declares with a reassuring grin. The Steeles decided to move to Longview because that is "home" to both and most of their relatives live in the area.

Sales taxes received

The City of Spearman received \$10,961.32 in the December 1990 disbursement of city sales taxes from the state comptroller's office. Gruver received \$3,390.08

As compared with December 1989 receipts, Spearman's share of the rebates showed an increase of 4.11 percent while Gruver's share reflected a 1.43 percent decrease.

City sales taxes returned to Spearman in 1990 totaled \$170,531.02, a decrease of 5.11 percent from the 1989 total receipts of \$179,721.58. Total payments for 1990 to Gruver were \$45,086.32, down .34 percent from the previous year's total of \$45,240.60.

Statewide, State Comptroller Bob Bullock said that his office sent checks totaling \$88 million to cities and counties that collect local sales

"These checks show a nice increase over last December's and and growing state economy, Bullock said. Sales tax rebates to Texas cities

that's a good indication of a healthy

in December were up 9 percent over December 1989's figures and up 8 percent over the year's total payments for 1989. The December checks' reflect

taxes collected on October sales and reported in late November by businesses filing monthly returns.

Merchants collect the state and local sales taxes and send them to the Comptroller's office with their tax returns. The state keeps its share and sends cities and counties the local portion of the sales tax each month.

All city and county sales taxes must be approved by area voters. Most areas put the money in their general fund and use it for local operations like fire fighting, maintaining roads and law enforcement.

DPS gives accident stats

Capt. Rusty Davis, district supervisor of Amarillo Highway Patrol District comprised of 31 counties said, "For the month of November, our troopers investigated three fatal accidents, 73 personal injury accidents and 111 property damage accidents. There were four persons killed and 141 persons injured in these accidents."

Sgt. Timothy Thompson of Borger stated, "In Hansford county, our troopers investigated no fatal accidents, three personal injury accidents and one property damage accident in the month of November. No one was killed and five persons were injured in these

PRPC assists Gruver with grant services

by JoAnn Morton Editor

The City of Gruver is a step closer to having a better water storage and distribution system after the Jan. 9 Gruver City Commission meeting.

Gruver was recently named as the recipient of a \$239,595 grant from the Texas Department of Commerce for updating the city's water system. The money will help build a 250,000 gallon standpipe water storage tank and lay about 1,700 feet of water line.

Part of the grant process includes the commission's vote Wednesday to enter into a contract with the Panhandle Regional Planning Commission to perform administrative services involving the

City commission members also

discussed purchasing a new copy machine for city hall, but voted to obtain a quote for repair of the old copy machine instead.

Two items listed on the Jan. 9 agenda were delayed. The city's annual audit was to be presented, but the city commission will hear the audit at its next meeting in-

Discussion of the price of natural gas to the city was also delayed until an invoice is received from Panhandle Eastern Pipeline Com-

Regular business included approval of minutes of the previous city commission meeting, and approval of December 1990 bills for

Attending the meeting were Mayor Keith Gibson, Commissioner Mark Irwin and City Manager A.J. Ratliff.

At the movies ...

"Misery," starring James Caan and Kathy Bates, is a screen adaptation of Stephen King's 1987 novel.

Paul Sheldon (Caan), creator of a popular series of period romance novels centered around a demure heroine named Misery, has just celebrated the completion of his latest, "serious" book and impulsively decides to drive to New York from his hideaway in the mountains of Colorado. Caught in a blizzard, Paul's car skids off the road and crashes into a ravine. Severely injured and trapped inside his auto, the writer is rescued by and brought to the home of Annie Wilkes (Bates), a stocky registered nurse who describes herself as his "number one fan."

Annie treats Paul's injuries, but this angel of mercy is anything but angelic or merciful. Annie may worship Paul and his volumes of Misery, but that doesn't stave off her quicksilver bursts of temper especially when she reads Paul's "filthy" new manuscript, and most especially when she discovers that he has killed off Misery in the final pages of his most recent novel.

Along with his physical agony and the trauma of being forced to destroy his own literary handiwork, Paul is also faced with the chore of resurrecting his hostess' beloved heroine in a brand new Misery adventure. In the end, Annie's manic devotion to her Misery proves to be Paul's only hope for deliverance.

Reiner's resourceful direction, the

witty screenplay and Caan's and Bates' riveting performances easily keep "Misery" from being unduly oppressive.

It is rated R.

"The Rescuers Down Under." Disney's 29th animated feature, finds the mouse duo from the first "Rescuers," nervous Bernard and glamorous Miss Bianca (voices by Bob Newhart and Eva Gabor), assigned to rescue a kidnapped boy named Cody. Cody is an Australian lad who is captured by the evil McLeach (George C. Scott), a poacher who hopes to snare Cody's friend, a very large, near-extinct eagle. Helping Bernard and Miss Bianca are Jake, an Australian mouse adventurer, and Wilbur (John Candy), the albatross who serves as their rambunctious form of transportation

"The Rescuers Down Under" provides a good number of curious animal types (the aforementioned duo, plus flying squirrels, koalas, kangaroos, platypuses and a prominently featured goanna lizard) that have never been represented in Disney's already-overflowing cartoon menagerie.

Those viewers seeking a more familiar version of Disney's graphic style will find it in the newly made featurette playing with "The Rescuers," a pleasant retelling of "The Prince and the Pauper," starring Mickey Mouse.

Both films are rated G.

Hansford Happenings

A six-part film series entitled "From Christ to Constantine: The Trial and Testimony of the Early Church' will be shown by Morse Baptist Church Sunday evenings, Jan. 20 through Feb. 24, at 7 p.m. For more information call

Bill and Alice Miller, pioneer pastors of the Word of Life Community Church of Spearman, 1105 S. Roland, will minister in the morning service at 10:45 a.m. and in the evening service at 6:30 p.m. Sunday, Jan. 20.

Hansford County Hearts & Hands hospice support group will meet Monday, Jan. 21 at 7 p.m. at Gruver State Bank. All interested persons are invited to attend.

Hansford County Fair Committee will meet Tuesday, Jan. 22 at 7 p.m. in the Extension Homemakers Clubroom. Past exhibitors are asked to join the fair committee for the meeting, to contribute thoughts and ideas for bringing the best county fair to Hansford County.

Gruver Music Club will present an international program on Africa Tuesday, Jan. 22 at 2 p.m. at the Methodist Church. Mildred Crabtree, formerly of Dalhart, will present the program. This is guest day, and everyone is invited to come and bring a friend.

'Heart and Arts" is the theme for the Hansford County American Heart Association's annual fundraising banquet, set for Saturday, Jan. 26 at 7 p.m. in the Spearman High School cafeteria. The banquet will consist of a steak dinner prepared by the Spearman J.C.s, followed by an art auction. A donation of \$25 will be accepted for each ticket to the fundraiser. For more information or to obtain tickets, call June Barkley at 733-2592, Carla Gumfory at 733-2050, Rosemary Brown at 659-3079, or Michele Davis at 659-3411.

Entry forms for the second annual Palo Duro Players lip sync contest, "Read My Lips Too," can be obtained at Gruver and Spearman schools, Gruver City Hall and the Spearman Chamber of Commerce. The public is welcome to perform and attempt to win one of the nine cash prizes to be awarded.

Conservation plans must follow schedule

The Conservation Compliance provision of the 1985 Food Security Act required farmers receiving USDA benefits to develop a conservation plan for their land by Jan. 1, 1990. The plans were developed with the help of the Soil Conservation Service and must be fully implemented by the end of 1994.

Since the plan was developed, the producer is now responsible for staying on schedule and completing it by 1995. The plan includes agreed-upon dates which must be met. If an agreed-upon date is not met, the producer becomes out of compliance and loses the USDA

If a producer rents or purchases farmland, he must follow the Conservation Plan that is developed for

that land, or he can change the existing plan with the approval of the Hansford Soil and Water Conservation District.

Some of the acceptable conservation practices included in conservation plans are: *The Conservation Cropping

System The management of crop residues on the soil surface

*The construction of diversions, terraces and waterways to meet the land's need

Producers who need more information on Conservation Compliance or planning assistance should contact the Soil Conservation Service at 505 W. 11th St. in Spearman or phone 659-2330.

Chamber Chatter

"Pieces of the Past" - That's the theme for this year's Chamber of Commerce Banquet. Tickets are on sale now at the Chamber Office. Call now to reserve yours.

The Banquet will be held on Saturday, February 2, 1991 at 7:00 p.m. in the Spearman High School Cafeteria. We will feature steaks, baked potatoes, salad and dessert. The finest fare around!

Our guest speaker for the evening is Cowboy Jack Moody. Spearman's very proud to have such fine local talent. If you haven't heard Cowboy Jack, then now is the perfect time.

Gwen Benson will also be entertaining that evening. Gwen is the daughter of Frank and Anna Benson. Miss Hansford County, Misty Savage and Miss Palo Duro Area, Mia Jennings will also attend.

As you know, at the annual banquet the Chamber recognizes its outstanding Citizens. This year we will recognize the Citizen of the Year, Citizen Over the Years, and

the Women's Division Member of the Year. At that time also, the Rotary Club of Spearman will present its Employee of the Year Award.

The forms for Citizen of the Year and Over the Years are now available at the Chamber Office and you may pick one up any time during our regular business hours. The deadline to return them is Fri-

day, January 18, 1991 at 5:00 p.m. There are so many people in Spearman that do so much for the community. If you can think of one, please feel free to nominate them.

This year we will be giving away a weekend ski trip for two to Angel Fire New Mexico, compliments of Resort Properties of Angel Fire, Wheatheart Travel and the Spearman Chamber of Commerce.

We have a very busy year planned here at the Chamber and we hope you will be a part of it!

Until next time,

Obituaries

GREENSBURG, Kan. - Jyniece C. Mills, 38, died Monday, Jan. 14 at St. Francis Regional Medical Center in Wichita, Kan.

Mrs. Mills was born June 6, 1952 in Amherst, Texas. She was a former Spearman resident and a graduate of Spearman High School. She attended Texas Tech University and Texas A&M University. She lived in Fritch for a time before moving to Greensburg.

She was a member of the United Methodist Church, where she was the Senior High Youth Director, and was coach and sponsor of the cheerleaders and pep club at Greensburg High School.

Survivors include her husband Marvin of the home; one son, Tyron of the home; two stepsons, Randy of Fritch and Brett of Arlington; one daughter, Kara of the home; a foster daughter, Kathy Farish of the home; her parents, E.J. and Byrnice Callaway of Spearman; and one brother, Lee Callaway of Amarillo.

Funeral services were conducted Thursday, Jan. 17 in the United Methodist Church of Greensburg with the Rev. James E. Akins officiating. Graveside services were

BUSINESS PREDATORS

'Yes, friends, you TOO can be rich! With my Instant Riches Success Kit, you can't lose. Just invest \$99 today! Send your money to Ketchem, Cheatum and Howe. Satisfaction guaranteed or your

The fictitious Willie Ketchem strikes again. Willie exemplifies the new breed of business predators who pounce on unsuspecting people. Be careful not to become entangled in Willie's trap.

You may not be able to fool all the people all the time, but thousands are out there trying. Late night and weekend television is becoming saturated with "talk show" advertisements. These programs offer a variety of products and services, but there is a common theme: Get rich quick.

The get-rich-quick theme is disturbing to me because I don't believe it is valid. I have no doubt that someone is getting rich. However, I believe that it is the predator who sells the schemes, not the unsuspecting buyer, who pro-

Perhaps, there is a more important loss than the tangible cash. Without question, the profit motive drives the free enterprise system and that is as it should be. However, when people buy these "all you gotta do is" programs and lose, their entrepreneurial spirit is wounded. Intelligent people won't be apt to make the same mistake twice. As a result, these commercials, disguised as programs and great opportunities, actually discourage valid new ventures. In the long term, they weaken the business climate.

A Fool and His Money

James Howell said, "A fool and his money are soon parted." Those who prey on the unsuspecting are relying on that wisdom. They have canny ways and killer instincts. They use all of the smart advertising and marketing tactics.

The programs and advertisements have glowing testimonials from people who claim to have used the product or

plan with great success. They show successful people on their yachts, in their million-dollar houses and surrounded by rich-looking friends. The message is clear - this is easy and you can do it too, if you know the secret. The secret, of course, is for sale, it may be a \$10 book, a \$49 cassette library or a \$299 complete plan with books, manuals, cassettes and videos.

Not all predators use television to prey on the unsuspecting. Radio has been invaded by a host of questionable experts with something to sell. Many respectable magazines allow full-page "predator" advertisements. Some of the headlines I've seen lately include: Earn a Million Dollars in 9 Months, Guaranteed (invest \$20), Every Money Making System Revealed (invest \$10) and Money, Money, Money, Rich, Rich, Rich (invest

A key word the predators use is invest. You are investing in your future, they say. Frequently, you will see the amount of investment reduced if you call now, buy today or before the program ends. 'Spend now" is the real message.

Avoiding Losses There are four simple rules I

follow to avoid losses: · I never gamble with funds I can't afford to lose. I don't like to lose, so I don't gamble unless I know the

• If it sounds too good to be true, it probably isn't true.

· When in doubt, check it out. Call the Better Business Bureau, Chamber of Commerce or Federal Trade Commission.

 If the phrases "get rich quick" or "all you gotta do is" are included in an ad, keep your hand on your wallet or purse.

I'm from Missouri and you gotta show me. If you have been the victim of one of the business predators, write and tell me about it. On the other hand, if you invested in an instant success deal and struck it rich, I'd like to hear from you, too. Write to: Minding Your Own Business, P.O. Box 67, Amarillo, TX 79105. I'll publish the responses in a future column.

'Get a buddy. Get someone to go

ing various types of heating equipment in their homes. Unfortunately, many will discover that improperly used heaters can cause damage, injuries and even death.

State Board of Insurance Chairman James E. Saxton Jr. explains that maintaining and using heating equipment properly can save lives. "Each year, the number of

reported fire deaths increases during the months of December, January and February," Saxton said. "Much of this increase is related to the misuse of heaters, and the unfortuante fact is that many, if not most of those fires could have been prevented.'

During 1989, 24 Texans, including one fire fighter, died in fires caused by heating equipment, according to the Texas Fire Incident Reporting System (TEXFIRS), a standardized program coordinated by the State Fire Marshal's Office through which more than 300 fire departments in Texas report fire incidents. The following examples of fatal fires illustrate hazards

workouts, she said.

reason to exercise.

The heater or stove is not installed properly, allowing heat to be transferred to combustible objects such as the floor or wall. A 39-yearold man and a 33-year-old woman died when a wood-burning stove caused the interior wall covering to catch fire. They tried to escape, but both died of burns and asphyxia. The home did not have a smoke detector.

Central heating systems are not maintained and monitored properly. An 87-year-old man died in a fire when magazines or newspapers were ignited by a gas central heating unit.

State Fire Marshal Ernest A. Emerson advises that during 1989, the misuse of heating equipment ranked as the third leading cause of residential fires. A total of 2,391 fires were caused by heating equipment, resulting in more than \$21 million in property damage. At least 119 persons were injured in these fires.

"When the causes of these fires are examined, it becomes apparent that the homeowner or resident could do several things to reduce the chance of fire in his or her home," Emerson said. "The goal of fire prevention is to keep heat sources - such as heating equipment - away from fuel sources. By taking specific actions to reduce heating hazards, we can all help prevent home heating fires and fire

The State Fire Marshal recommends these safety precautions when operating heating equip-

1. Keep all heaters at least THREE FEET away from any combustible object, such as walls, curtains, drapes and furniture, especially beds. Use a yardstick or meter stick to measure the distance.

2. Use only heating equipment that is in good operating condition. Watch for worn electrical cords. leaks or faulty switches. Keep your heating equipment (including ducting) clean.

3. Have your heating equipment, both central systems and portable equipment, serviced by a qualified expert at least once a year.

4. Be sure all heaters, stoves, fireplaces and chimneys are installed and insulated properly. Check for heating of adjacent floors and walls, which can be very hazar-

5. Have your fireplace, wood-burning stove and chimney inspected and cleaned at least once a

6. Use only approved heaters and fuels. Check for UL or Factory Mutual labels. Because portable heaters are illegal in some jurisdictions, check with local fire authorities to be sure that portable heaters are allowed in your area.

7. Follow all operating instructions for your heating equipment EXACTLY. Re-read the instructions before operating your heater.

8. Wear close-fitting pajamas or night clothes - and avoid loose, billowy gowns or robes - to reduce the risk of igniting your clothes by contacting heaters or cook stoves. Warn senior citizens and children to stay away from heaters.

9. Be sure there is adequate ventilation in any area where there is an open flame. Keep the central gas heating system ventilation ducts open. Provide ventilation for solid- or liquid-fueled heaters, such

as gas, LP, kerosene or wood.

10. Practice emergency procedures so you and your family know what to do in case of a fire: - Know to "stop, drop and roll" to put out the fire if your clothes catch

- Have an emergency exit plan with two exit routes from each room, and explain your plan to overnight guests. Keep your exit routes clear; don't place portable heaters near doorways or halls.

- Hold a practice exit drill each month so everyone will know how to get out safely.

- Emphasize the importance of get-ting out quickly in case of fire. 11. If your heating equipment is not safe, ASK FOR HELP. Contact local authorities for help in improving your heating equipment or for locations of shelters in extremely

12. If you know someone, especially a senior citizen, who does not have safe, adequate heating equipment, offer help or ask a local social service agency to

LIFE IN THE HOSPITAL by Charles Ridge, M.D.

Rangoon General Hospital, the most modern in the city, was built by the British in the 1930s. The building has no screens, and occasionally birds fly through the windows. The employees do their best to keep it clean, but the problems are awesome.

For example, the food is provided by the patients' families. Inevitably, a small cooking pot is set up beside each occupied bed. Three times a day, the ward will be saturated with black smoke. Needless to say, the infection rate is enormous.

The chief of thoracic surgery, a

Ask the Vet Dr. John Paul

Dear Dr. Paul,

I recently bought a five-year old mare that I'm pasturing on grass and I also supplement her diet with oats and hay. My neighbor says I need to be careful or the mare will founder. What is founder and how is it prevented?

the hoof. If a horse survives an acute attack of founder, the hoof wall will become marked with prominent rings and the toe often becomes very long and seedy. Founder can be caused by a number of events including obesity and overeating, jumping or fast workouts on very hard surfaces, or as a result of a systemic disease such as colic or pneumonia. Knowing the causes of founder and using good judgement along with good veterinary care will help to prevent this condition.

Founder or laminitis is a serious

disease of horses and is a common cause of lameness. The intricate cushioning mechanism inside the hoof is affected, and the horse experiences great pain. Often, the horse appears to stand on its heels to take weight off its feet. The coffin bone in the hoof, which is comparable to the tip bone in our fingers or toes, rotates downward and may come through the sole of

The Spearman Chamber of Commerce will honor thirty-two past presidents at the 50th Anniversary Banquet, Jan. 25. Pictures of these past presidents, along with a mounted and framed "History of the Spearman Chamber of Commerce" will be presented by the past presidents to Kent Guthrie, retiring president for 1970.

Big trees listed

Two trees in the Panhandle have been named champion trees in the 1990 big tree registry

One state champion tree is a Plains Cottonwood growing in Lipscomb County. The other champion tree in the Panhandle is a Siberian Elm in Potter County.

The champion Plains Cottonwood tree has a 264" trunk circumference and stands 62 feet high. Its crown spread is measured at 96 feet. The tree is owned by Greg and Todd Yauck of Darrouzett.

The champion Siberian Elm has a trunk circumference of 173" and its height is measured at 54 feet. The tree, owned by Strict Watkins of Amarillo, has an average crown spread of 73 feet.

The number of champion trees in Texas has grown. According to the 1990 big tree registry, Texas now has recognized state champions for over 200 species of trees. Over 80 of these trees are also the national champions or co-champions for their species.

New tree champions have been recorded across the state - from the Panhandle to the Valley and from El Paso to deep East Texas. Championships for over 40 tree species have changed hands since the registry was last updated.

A co-champion for largest tree in the state honors was crowned in 1990. The tree, a baldcypress near Kountze in Hardin County, came within four index points of the reigning state champion baldcypress, which is located near Leakey in Real County. Other new tree champions crowned were not as huge in stature as the baldcypress trees, but among their own kind they are giants in their own right.

The latest state champion tree registry notes 1990 as the 50th anniversary of the national big tree program, which is coordinated by the American Forestry Association. The Texas big tree program is coordinated by the Texas Forest Service, the state forestry agency.

The Service also celebrated an anniversary in 1990, having been established by the Legislature 75 years before as the Department of Forestry of the Agricultural & Mechanical College. After a name change to the "Texas Forest Service" in the 1920s, the state resource agency was kept as part of the Texas A&M University

For additional information on the big tree program contact the Information and Education Section, Texas Forest Service, P.O. Box 310, Lufkin, TX 75902-0310, phone

Rick Sander

New manager of feedlot announced

Spearman Cattle Feeders announced this week that Rick Sander has taken over management of their feedlot northwest of Spearman. Despite his youthful appearance, he brings to the job 12 years of feedlot management experience.

He was born and raised in the Hays, Kan. area where his father worked at the Ellis County Feeders feedlot. Sander worked in their management trainee program while earning his degree in animal science at Ft. Hays State.

After graduation, Sander moved to Watonga, Okla. where he managed the Wheeler Brothers feedlot. His duties included overseeing the operation of the feedlot and the grazing and farming operation associated with the feedlot. During his 7.5 years as manager he doubled the capacity of

When asked about his goals for the Spearman yard, he said he efficiency of the feedlot and by developing a more positive rela-tionship between the lot and the community. "I want people to feel free to call on me at any time," Sander stated.

Sander moved to Spearman with his wife and their two children. His wife's name is Cheryl. According to Sander, she was very active as a volunteer in Watonga, and hopes to continue that service here.

the yard.

wanted to increase the number of cattle feeding at the lot. He hopes to accomplish this by increasing the

The Sanders have a boy and girl. The girl's name is Nicole. She is 4 years old. The boy's name is Travis and he is 3 years old. The family attends the Sacred Heart Catholic Church in Spearman.

An unusual pleasure is waiting ten by Ruth Mary Whitson and her

Among the Neighbors

for those who obtain and read a copy of their family history as writsister, Charlotte Bollinger. It is a delightful account of the King family and details the activities of a family as only members could. The title "Then and Now" aptly describes the format. Though it is low key, one can read between the lines to realize the drama of many episodes and crises.

It will be a welcome addition to any bookshelf - both its contents and the personal associations.

Pearl Pierce is beaming over the arrival of a new grandson - her fourth. He is the firstborn of her son, Mike and Sue Pierce, of Austin. David Isaac, weighing a hefty 10 pounds 7 ounces was born on January 5th. Pearl is understandably eager to go down and make his acquaintance.

Mr. and Mrs. James Riley returned last week from two weeks absence. They attended the funeral of her sister in Wichita Falls on New Year's Eve, then went on to Montague County where interment was in the Newhart Cemetery. Family members have resided in that community for many years. Mrs. Riley is one of four surviving sisters out of seven originally.

The Rileys later visited many of his relatives in nearby Denton, Sanger and Greenwood. He enjoyed taking pictures of the house where he was born and raised. The house is still occupied and the homestead is still in possession of his family.

They renewed friendships with many old friends in that and neighboring communities. On the return trip they spent several days with her sister in Rule.

The weather was cold, rainy and icy most of the time.

Monday morning Jo Lynn and Bob Leland, with Lori, returned to their home in Broomfield, Colo. They had been here several days visiting Jo and Enzie Copeland. Lori is due back at Colorado State University at Ft. Collins, where she is a junior.

Kim and Velma Copeland of Austin were also recent visitors of his parents.

Kudos to George Young and Dwayne Smith for bringing the district basketball games to the homebound over station KRDF. Their brodcasts are accurate, interesting and informative.

Of course appreciation is also due those who make the reports possible with their advertising.

All the neighbors will be making the new residents welcome.

David and Linda Hollingsw came here from Booker the latter part of December. David is a driver for D&D Cattle Hauling Company. When he isn't working, he enjoys working in the yard.

Linda also enjoys her yard and

working in it. She has a daughter at Perryton, another at Hinkley, Okla. and a son at Dalhart.

They live at 1010 Dressen and attend the Interdonominational Church on Roland Street.

Already, feeling at home in Spearman are Troy and Carla Bowman, who moved here about three months ago from Fairview, Okla.

He is a driver for Enron Company and enjoys fishing and hun-ting. Carla, when not busy with 5 year old son Trevor, enjoys reading and cross stitch. Both Troy and

Carla enjoy playing cards.
They live at 306 North Brandt and are Methodists.

Rick and Cheryl Sanders settled in their new home in Spearman on December 28. They had lived in Watonga, Okla. the past eight years. Helping them to get acquainted is 4 year old daughter,

icole, and 3 year old Travis. Rick is manager of Spearman Cattle Feeders, and in his spare time, likes golf and bowling.

Cheryl makes an effort to participate in civic affairs, having been on the board of the Watonga Chamber of Commerce. She does latch hook and paints sweat shirts when time allows, and Nicole and Travis are in "Little School."

The Sanders live a #9 Glover Place and attend the Sacred Heart Church.

****** Reports from the indisposed-

Monte and Marie Harbour returned home after five days in Denver. Marie went through the clinic at the National Jewish Center of Immunology. The results of the tests are not all available at this time. They found the weather and driving conditions all clear until they reached the Panhandle.

Add to the list of those who have been injured by falling on the ice Stella Cummings. Last Thursday, leaving the home of a neighbor, she fell on the ice and was unable to get to her feet. She was crawling when her daughter, Joyce, drove in. Joyce, running to assist her, fell also, but sustained no serious injury, just bruises and cuts. Stella's injury was diagnosed as a cracked bone near her hip. She is not hospitalized, but is and will be on a walker for an undetermined time.

Cynthia DeArmond has amazed her friends, family and medical staff by her rapid, almost immediate recovery from serious surgery. She had spent the Christmas holidays in Hansford Hospital, and on the advice of her doctors was taken to the Northwest Texas Hospital. The roads were so icy, the trip took four full hours.

The complicated surgery lasted five and one half hours, and five incisions were necessary.

She has been at home now several days and expects to resume her duties very soon. She is secretary to the Superintendent of Spearman Schools and supervises records management.

Gene Cudd underwent spinal surgery at High Plains Baptist Hospital last Wednesday. Latest reports are that it is considered successful and he will return home shortly. Gene may require a longer stay there to gather strength to face the hospital cashier - there may be a reason why there is a recovery room right next to the cashier!!!

Billy Boatwright, after undergoing emergency surgery for two aneurysms last Thursday, is improving though still in I.C.U. in High Plains Baptist Hospital.

Family members are encouraged by his condition and express appreciation for the cards, calls and other expressions of concern.

Rhoda Overton is back at home after a pleasant three weeks down state. Just before Christmas she flew to San Antonio and spent Christmas with her daughter, Nan-cy Thompson and family at Utopia. Then she went to Port Arthur for a stay with her son Larry Overton and his family.

Monday she flew from Houston and was met in Amarillo by Beth Phelps and Ruth Bryan. They had an enjoyable day shopping and visiting. Rhoda could hardly believe the torrents of rain that fell at Port Arthur while she was there.

During the worst of the slipping, sliding and skidding on the icy streets last Wednesday, an admirable incident remains in the minds of those who were impressed by it. Officer David Bowles, who was handling the traffic at the elementary school crossing on Townsend Street, was going "beyond the call of duty" by having the little children cling to him, as many as could hang on, while he carefully crossed with them. Then he would return for another group. In spite of the difficulty in staying upright himself, he safely escorted all of them.

Officer Bowles, the parents thank you - their only regret is they didn't have a camera to get an amusing record of the careful officer and the string of little clingers.

The world's largest peninsula is Arabia, with an area of about 1,250,000

Congratulations, Mr. and Mrs. Ned Turner -Your baby boy, Loyall, is now 50 years old!

Hometown News PSU HONOR ROLLS

GOODWELL, Okla. - Several Hansford County residents attending Panhandle State University have been named to the President's Honor Roll and the Dean's Honor

Roll for the fall semester. Listed on the President's Honor Roll are Wanda D. Minard, Linda D. Sanders and Cheryl Whitefield, all of Spearman; and Codi Lea Parsons, Krista L. Stedje and Amy K. TeBeest, all of Gruver.

The President's Honor Roll contains the names of those students who earned a perfect 4.0 grade average. To qualify, a student must carry at least 12 hours of university

courses and have no I's. Listed on the Dean's Honor Roll are Kelly Dee McCloy of Morse; Lloyd M. Burnam and Terry Max Davis of Gruver; and Shelly A. Cook, Randall Kiley Coombs, Cayla L. Eaton, Tina Breeden Huddleston, Sally M. Thomas and Kathy R. Vanlandingham, all of Spearman.

The Dean's Honor Roll contains the names of those students who earned a 3.30 grade point average. To qualify, a student must carry at least 12 hours of university courses and have no I's.

Navy Seaman Recruit Daniel G. Lopez, son of Paul M. and Adela G. Lopez of Spearman, has completed recruit training at Recruit Training Command, San Diego.

During Lopez's eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields.

His studies included seamanship, close order drill, Naval history and first aid. Personnel who completed this course of instruction are eligible for three hours of college credit in Physical Education and

A 1990 graduate of Spearman High School, he joined the Navy in September 1990.

FPC HONOR ROLL

BORGER - Frank Phillips College has announced the honor students for the fall 1990 semester. Students on the President's Honor Roll are Marsha G. Kuehl and Matthew B. Lair, both of Spearman.

Students on the Dean's Honor Roll are Edward C. Beck, Melissa Kay Beck, Ronda J. Buster and Leslie J. Schneider, all of Spear-

WORKING MOMS VS. FULL-TIME MOMS: IS IT JUST MONEY?

It's true, most women work because the family needs the money. When women decide to step out of the work force and stay at home, there are many more issues to address than just the botom line,

If you're thinking of quitting your job, you can minimize your negative emotional effects and financial pressures by planning your exit carefully. You'll need your spouse's full cooperation. Before you give up your job to stay at home, talk long and hard with him about how it will affect your marriage. You don't want to compound marital problems with the financial stress of living on a smaller budget. If he's uncertain about his job future, you may want to postpone your departure for a

When you and your spouse have considered these issues, map out a plan for leaving the work force. Try living on a single income for six to 12 months to experience fully the arise. Use the money saved to pay off all credit cards or debts. Check your insurance. Will you be as protected under your spouse's plan, or can you buy extra coverage through your employer after you

Are you ready to quit? Answer the following questions to test your readiness:

'Can you live within the smallerincome budget?

*Are you disciplined enough to limit your spending and use of credit cards?

*Do you have a plan for emergencies? *Can you live without things you

can afford now - vacations, eating out or new furniture? *Will you feel comfortable spen-

ding money you didn't earn? *Do you have an alternate plan if you don't like staying at home?

Families can save on child care, clothing, transportation, personal/professional expenses and taxes when a working mom becomes a full-time homemaker. Be assured that if living on one paycheck becomes too burdensome, it isn't the end of the world. The best news is that since you're not employed, you can always find

CHEESE, PLEASE

There are many "light" or "reduced fat" cheese products on the market today and the meaning of these terms are often not clear.

CONTRACTOR OF THE PROPERTY OF When reading a cheese label, use these guidelines to determine if the cheese is truly low in fat: Fat free is 0.5 grams per serving; low fat is one-third less fat than regular products; and very low fat is less than four grams per serving

SWEETS FOR THE SWEET The Dietary Guidelines state that Americans should avoid consuming too much sugar. Is the average American daily intake of 18 percent of total calories from sugar too much? It might not be because total sugars include both those naturally occurring and those added to the product.

The body metabolizes naturally occurring sugar the same way that it metabolizes added sugars. Thus, there is no significant difference in how the body handles these sugars. However, most foods and beverages which contain naturally occurring sugars, such as fruit juice and milk, also contain other important nutrients such as vitamins and minerals.

Therefore, it is important to look at a food from the standpoint of the amount of nutrients it provides and mpare that to the ar mount of add ed sugars it contains to determine if you are getting too much sugar for the amount of nutrients.

FIBER FACTS

A 1200 calorie diet containing high fiber foods would be a good weight loss program. Many high fiber fruits and vegetables have a low caloric value and are low in fat. Also, fiber rich foods provide the added benefit of the "chewing factor." This increases the time it takes to eat which can decrease intake by lengthening meal times, giving the brain time to sense the stomach's signal that it is full.

WHAT YOUR FOOD DOLLAR

Have you ever thought where your food dollar goes? For every food dollar you spend on food eaten at home, the farm value is 30 cents. Processing takes 31 cents and transportation takes six cents. Wholesaling takes 10 cents and retailing takes 23 cents.

For food eaten away from home such as in restaurants, the farm value of each dollar is just 16 cents and processing takes another 15 cents. Transportation on food eaten away from home takes three cents and wholesaling six cents, but food service takes 60 cents of every dollar spent on food away from home. These figures are provided from the U.S. Department of Agriculture, Economic Research Service and are current as of 1988.

Quality Frames & Art Supplies will be in Spearman Wednesday, January 23 at the Home Demonstration Building, 10 a.m. - 3 p.m.

Golden Age Center donations sought

The Gruver Golden Age building is in need of structural repair, and donations are being sought to help pay for the repairs.

The building belongs to the Golden Age group and is managed by the City of Gruver for easy bookings and access from the city hall.

Structural damage to the building was discovered in September. The group has been unable to meet in the building since that time, and has been conducting meetings in the Gruver Baptist Church fellowship hall.

This group and others were using the Gelden Age Center as a place to meet, quilt, hold birthday parties and other gatherings. Funding for the building has been obtained in previous years through volunteer efforts and donations.

In the 1960s for example, Gruver 4-H and Scouts helped sponsor fund raisers to remodel the building. When the Golden Age was begun, a group of people gave money to update it and make it a nice place to meet. Last year, the Golden Age purchased a new stove and refrigerator.

Golden Age has opened an account at the Gruver State Bank entitled "Golden Age Repair Fund." This was done in order to make it easy to deposit to this account. Though the Golden Age group has volunteers to help raise the money, it is impossible for the volunteers to see all Gruver residents personally to request donations.

More information can be obtained by contacting Gruver City Hall, J.C. Harris, or Golden Age President Ada Joyce Stedje or Secretary-Treasurer Maude Mc-

"TEXAS"

CANYON - Auditions for "TEXAS" will be held during January and February, with 140 salaried positions scheduled to be

The 1991 season for "TEXAS," its 26th, opens June 12 and plays nightly except Sundays through Aug. 24. Rehearsals begin May 19

Anyone 18 years or older may try out for "TEXAS." Additional hospitality crew positions are also available. The first audition will be Saturday, Jan. 19 in San Antonio at Trinity University.

Next audition will be in Dallas Sunday, Jan. 20 on Southern Methodist University campus. Auditions on Sunday, Feb. 3 will be in Lubbock at Texas Tech University. The last auditions will be in Canyon Saturday, Feb. 16 at West Texas State University.

To audition for "TEXAS," men and women must bring a photo and references. All voice ranges are required, and singers should prepare one number of their choice. An accompanist will be furnished or a singer may bring his own. Singers should also prepare a one to two minute memorized scene or monologue.

Actors and actresses should memorize any scene, not to exceed three minutes, that will accentuate outdoor voice and presence and are also required to perform a short vocal number. Dancers are auditioned in a group. They should wear appropriate workout clothing. Musicians need experience in string bass, acoustic guitar, banjo, accordion or violin.

For an audition brochure, reservations or more information on "TEXAS," call 806-655-2181 or write P.O. Box 268, Canyon, TX

On The Go With Joy

Land sakes alive! Will wonders never cease? I attended the 5 States Quilt Show in Guymon on Saturday, and of the only five people I recognized, one of them was Alta Mae Jones. She is the "fiesty pioneer woman" I have written about for the past two issues.

Alta Mae Jones is the woman who owned a beautiful ranch home near Hardesty and was involved in a minor (?) skirmish with the U.S. government when the Optima Dam was in the process of being built. I was told by some of her relatives where she is currently located, her physical condition, etc.

It seems she is now a resident of Dunaway Manor and has failing eyesight but was brought, wheelchair and all, to the quilt show. I knelt in front of her and introduced myself as a former acquaintance, and told her that I had written a story about her and the Optima Dam. We visited briefly before a quilting demo began but she wanted to continue the conversation later and I went back to my seat. I observed her as a friend wheeled her from the room and agreed silently that her mind was indeed in good condition, but I thought to myself that I probably would not get to speak to her later.

However, after the demo was over, I opened the door to leave the room and there she was outside the room. Without me even saying a word, she grabbed my hand and began with wanting to know about my "newspaper," my residence, and did I know those ladies in Gruver who had attended china painting classes with her in Spearman several years back? Although several of the ladies had passed on, I recognized their names etc.

We shared a little bit of personal history and I found out that she is 90 years old and her eyesight is a little bit better on one side. I don't know if she is able to spend any time out of the wheelchair, but after rediscovering her, I can visit her in Guymon and find those things out

One other thing I found out is that even though the "little puddles" of water that the Optima Dam holds

back look fairly shallow, they really are deep enough for a man to drown in; such has been the fate of one person.

Well, after a few weeks of being cooped up in the house, and attending the quilt show, I'm ready to begin some new projects. I am planning on a trip to "Wally-wood" for mental therapy. The doctor recommended I do something to get rid of this excess weight and take some of the swelling out of my purse. It has also come to my attention that several husbands in the vicinity have requested that their wives do something about all the surplus boxes of "junk" we have stored in every closet, nook and cranny. My treasures have overrun the closets, nooks and crannies and are now mid-point of the center of the room. But after reading my quilt magazines last night I have discovered that all of us "piecemakers" are formed from the same mold and just can't pass up the \$1 per yard bargain table, so our fabric boxes just keep stacking up. It takes me longer to rearrange them periodically than it does to piece a quilt. So much for my woes.

Just maybe we can finish up our Christmas for 1990. I learned that our Dallas kids will have a work and school holiday Monday, Jan. 21 for Martin Luther King Day and so they are making a quick trip to Gruver that weekend. They have requested biscuits, homemade bread, cherry cobblers etc but guess what? My oven as of now has not been required. We are still not been repaired. We are still waiting on the part to arrive that is needed to turn the oven on. It was the week before Christmas when it was ordered, but due to the holidays, everything gets slowed down; just can't figure out what the hold-up is now. Anyhow, maybe we'll just use the microwave to warm up the "store-boughts."

We are short on news this week so I'll close with this. Cynthia Henson enjoyed a visit from her father recently

Remember to pray for peace, America and Americans that soon may be involved in war.

Gruver menu

January 21 - January 25 Monday: Chicken fried steaks, mashed potatoes with gravy, corn, chocolate pudding, hot rolls, milk

Tuesday: Burritos with chili and cheese, tossed salad, fruit, milk Wednesday: Ham and cheese sandwiches, tater tots, apple cobbler, milk

(photo by Mindy Davis) The Gruver Lady Hounds went to the charity stripe often in their first district win over Follett.

Lady Hounds win big over Higgins

When Higgins' star player Janna Detrixhe fouled out with 3:18 left in the second quarter, the Lady Coyotes knew they didn't have a prayer

against Gruver's Lady Hounds.
This win puts the Lady Hounds up in District 1-A with two wins and no losses. Gruver led 17-6 in the first quarter and 36-19 by the end of the first half, but it wasn't until the third

quarter that they really got hot. In the third quarter Gruver outscored Higgins 18-6, and in the fourth quarter Gruver held the Lady Coyotes scoreless while they themselves managed 17 points. The Lady Hounds have had some trouble

with consistency in their past games, but in this game they had an impressive average of about 18 points for each quarter.

The final score was 71-25. The Lady Hounds are hoping to top this game when they travel to Darrouzett to challenge the Lady Longhorns this

The leading scorers for Gruver were Anissa Ryan with 14 points, Stacey Williams with 13 points and Cora Meyer with 11 points.

73-50 final score . . .

Hounds bite Coyotes

by Akiko Bort
For a while it looked as though the Higgins Coyotes might have stood a chance against the Gruver Greyhounds, but at the start of the second half the Hounds were once again playing "Houndball."

In the first and second quarters of the game, Higgins and Gruver were in a deadlock with Gruver leading 31-30 at halftime. They came back ready to put this one in the bag, though, as Geronimo Ortega and Kevin Spivey hit a barrage of 3-pointers. Trent Seagler also had a hot hand, putting the ball through the hoop several times.

In the third quarter, they scored 26 points to Higgins' 11 points. The fourth quarter proved little better for the Coyotes, as they were held to only nine points while Gruver took 16 points for themselves. The final score was 73-50.

The Hounds are now 2-0 heading into their game with Darrouzett, while Higgins' loss puts them at 0-3. Ortega led Gruver with 20 points, Seagler had an excellent game with 18 points and Spivey chipped in with 14 points of his own.

Gruver teams win five from county rivals

by Bob Bort

Gruver and Spearman got together for five boys games in Gruver Monday, Jan. 14, in the varsity gym and two in the activity

In the varsity gym, the Hounds 7th grade improved their record to 8-2 as they defeated the Lynx 21-18. Gruver led from start to finish, with Travis Ferguson hot with his short jumper, but Jeremy Blan of the Lynx put on an awesome display with nine fourth quarter points, including a 3-pointer, and the final shot that could have tied

The Hounds 7th grade Red team defeated the Lynx also, 22-21. With the Lynx leading 21-20, Daniel Bort stole the inbounds pass with but eight ticks left on the clock. The ball was passed a couple of times, finally ending up in the hands of Andy Morris who turned and hit the 15-foot jumper with 0:02 left for the

victory.
In the 8th grade boys game, the Hounds rallied with the sharp shooting of Jace Dawson to tie the Lynx 29-29 and send the game to overtime. But Radar Garcia of the Lynx broke away from the pack twice for layups in the overtime period for the 33-31 Lynx victory.

Meanwhile, in the activity center, the Hounds 8th grade Red team defeated the Lynx in over-time 25-21 and the Lynx 9th grade team defeated the Hounds 9th grade 28-23.

The Gruver roundball Hounds went over, under and around to score in their win over Follett.

9th grade tourney held

The Gruver Ninth Grade Tournament was held Saturday, Jan. 12 and the Gruver 9th grade boys finished third by winning their first game of the year in overtime over

Gruver had lost to West Texas in the early Saturday morning game, then Ray Coomer and Robert Whitaker each hit a pair of clutch free throws late in the overtime period to give the Hounds a 40-39 victory over the Elks team, coached by former Gruver girls mentor Mike Brownlee.

Teams play Channing

The Gruver varsity boys and girls had a night off from district competition Jan. 11 and filled it by scheduling two non-district games at Channing. The Gruver ladies lost 57-27 to the Eaglettes, while the Hounds beat up on the Eagles 90-34.

Holly Venneman and Anissa Ryan led the Gruver girls with nine points each, but the Eaglette players have some outstanding talent and walked away with a 30-point victory. There will be a rematch in Gruver Tuesday, Jan.

Meanwhile, the Hounds could have scored 100 points if they had a mind to. The Eagles have not won a game this year, and were not much of a challenge for an excellent Hounds team. Gruver hit 20-29 free throws, while the Eagles were only 1-2, and Gruver outrebounded the Eagles 54-35. But the one single outstanding statistic was that Channing had 40 turnovers, while the Hounds had only nine. Gruver totally had their way in this ballgame, with 80 points by the end of the third quarter. Five players scored in double figures.

Hounds, Lady Hounds sweep three

by Bob Bort

The Gruver Greyhounds and the Lady Hounds opened the 1991 District 1-A season Tuesday, Jan. 8 at Follett, and Gruver swept all

The JV girls won 45-15 as Sara

Jones hit five 3-pointers, the Lady Hounds won a close 65-59 victory as Holly Venneman and Anissa Ryan each had 19 points, and the Hounds won 69-54 as they hit seven 3-pointers as a team. Matthew Hoel and Geronimo Ortega each had

three and Kevin Spivey had one. In the varsity girls game, Ven-neman was a nice 8-11 from the field, while Ryan was 7-18. Gruver outrebounded Follett 47-24, and that was a key stat.

In the varsity boys game, Gruver shot 46 percent from two-point range (22-48) and 47 percent from three-point range 7-15). The boys also had a big edge in rebounds

The Spearman Lynx out ran, out jumped and out scored Sunray and Boys Ranch to capture second place in the district race.

Varsity Lynx . . .

Capture second

With a dominating inside game led by Shawn Tanner, the Varsity Lynx took sole possession of second place in the district 1-AA race, reported coach Wendell Neff. They defeated Boys Ranch Tuesday night, 64-42.

The Lynx got their district season on the right track with a 71-52 win over Sunray Friday night, Jan. 11. In that game the Lynx were led in scoring by inside man, Cody Pipkin. He had a game high 21 points. Right behind him was Brian Beck with 16 points.

According to Neff the Lynx blew the Boys Ranch game wide open in the third quarter when the Roughriders went to a half court trap defense. This freed up the Lynx big men under the basket to score almost at will. And score they did. Tanner scored 13 of his game

high 21 points in the second half. His fellow post man, Cody Pipkin, scored 14 of his 16 points in the third and fourth quarter. He was the second highest game scorer. Neff further commented on the good defensive play of Tanner.

Neff finished up by saying it may have been the three point shot by Khris Kelp that put a stop to Roughrider ralley in the third quarter that was the turning point of the game.

Vs. Sunray - Fri.
Score: Sprm 71 - Sun. 52

Lindsey Smith, Cami Winegarner, Grace Davis and Lisa Swink showed their basketball handling skills at the Lynxette's Friday night game halftime. These girls were joined by almost 100 others who are playing on teams in the young girls basketball league. The girls will have their first round of games Jan. 19 and 20.

Spearman 7th, 8th tournament scheduled

The Spearman 7th and 8th grade basketball tournament is scheduled for Thursday through Saturday,

On the boys' side, Pringle-Morse 8th will play Canadian 8th at 9 a.m. Saturday in the varsity gym. The winner of that game will be pitted against the winner of the Fritch-Dalhart 8th game to determine 5th and 6th place in the tourney. The final game in the losers' bracket will be played at 2 p.m. Saturday in

It will be Gruver vs. Stratford at 6:30 p.m. Thursday in the new gym and Spearman vs. Perryton at 7:45 p.m. Friday in the varsity gym. Losers of those two games will meet at 5:45 p.m. Saturday in the new gym to play for 3rd and 4th

Winners of those games will tip off at 5:45 p.m. Saturday in the varsity gym for the 8th grade cham-

In 7th grade boys' competition, Gruver will tip off against Perryton at 5:15 p.m. Thursday in the varsity gym, while Spearman will meet Canadian at 7:45 p.m. Thursday in the varsity gym.

Also on Thursday, Stratford's 7th grade boys will compete against the Fritch 7th grade boys. Winner of that game will then meet Dalhart, who drew a bye, at 5:15 Friday in the new gym. Loser of the Stratford-Fritch game has a bye in the next round, and will play at 11:30 a.m. Saturday in the varsity gym for either 5th or 6th place in the tournament.

The winner of the Gruver-Perryton game will meet the winner of the Spearman-Canadian game at 5:15 Friday in the varsity gym. Loser of that game will meet the loser of the Dalhart game at 12:45 p.m. Saturday in the new gym

to determine 3rd and 4th place, while the winner will advance to the championship game, to be played at 3:15 p.m. Saturday in the varsity gym against the winner of the Dalhart game.

The loser of the Gruver-Perryton contest will meet the loser of the Spearman-Canadian tilt at 7:45 p.m. Friday in the new gym. Winner of that game will play for 5th or 6th place Saturday at 11:30 a.m. in the varsity gym.

On the girls' side, Gruver 8th girls will meet Stratford 8th girls at 7:45 p.m. Thursday in the new gym. Pringle-Morse 8th girls will compete with Spearman 8thgirls at 6:30 p.m. Friday in the varsity gym.

Losers of those games will meet at 4:30 p.m. Saturday in the new gym to determine 3rd and 4th places in the tourney. Winners will clash at the same time in the varsity gym for the championship game. The 7th grade girls' tourney begins at 4 p.m. Thursday, with Stratford meeting Fritch in the new gym and Gruver meeting Perryton in the varsity gym. Loser of the Stratford-Fritch game has a bye in the next round and will compete at 11:30 a.m. Saturday in the new gym for 5th or 6th place in the tourney.

Winner of the Stratford-Fritch game advances to play at 4 p.m. Friday in the new gym against Dalhart, who had a bye on Thursday. At 6:30 p.m. Thursday, Spearman 7th grade girls tip off against Canadian 7th grade girls.

Winner of the Gruver-Perryton tilt will come up against the winner of the Spearman-Canadian game at 4 p.m. Friday in the varsity gym, while the loser of the Gruver-Perryton game meets the loser of the Spearman-Canadian game at 6:30 p.m. Friday in the new gym.

Lynxettes go to 2-0

A 15 point first quarter and tough defense the rest of the way gave the varsity Lynxettes the win over Sunray Friday, Jan. 11. This win gave the Lynxettes a 2-0 district record and kept them on track for a first place district finish.

After the first quarter the Lynxette offense fell to almost nothing. Fortunately their defense shut down the Sunray offense as well. In the end the Lynxettes held on to win

On Tuesday night the Lynxettes had a break from district competition as they hosted the Vega girls. The Lynxettes doubled the Vega score, winning 64-32.

The J.V. Lynxettes posted two

more wins as they buried Sunray,

66-10, and Vega, 48-19.

The Lynxettes were led in scoring by Tamri Townsen, with her game high 17 points. She was joined in double figures by teammate Joy Gafford. Gafford scored 10 points. Vs. Sunray - Fri.

Score: Sprm. 28 - Sun. 20 Scoring: Mendy Lasater-8, Michelle Garnett-2, Gafford-3, Townsen-4, Laura Pearson-8, Kyla Nelson-3. Vs. Vega - Tues.

Score: Sprm. 64 - Vega 32 Scoring: Thompson-2, Lasater-4, Benson-9, Garnett, Melodie Cindy Melton-4, Melodie Cindy Townsen-17, Pearson-7, Nelson-4.

Score: Sprm. 66 - Sun. 10

The J.V. Lynx dominated district rivals Sunray and Boys Ranch to win both their games this week.

The J.V. Lynx beat Sunray by 31 points on Friday, January 11. 24 of the Lynx' 62 points were scored by Chris Strawn. He lead all scorers.

On Tuesday night the J.V. beat Boys Ranch 50-32. Again Strawn lead all scorers with 11 points. Vs. Sunray - F

Score: Sprm. 62 - Sun. 31 Scoring: Justin Boyd-4, Mike Hager-2, Wes Dyess-3, Darian Hawkins-2, Sherman Jones-5, Strawn-24, Mark Eakin-7, Chad Riggins-2, Brady Reed-11.

Vs. Boys Ranch - Tues. Score: Sprm. 50 - B.R. 32 Scoring: Clint Townsen-2, Dyess-6, Hawkins-2, Jones-3, Strawn-11, Eakin-8, Riggins-7, Lan-

V boys dominate rivals Kirkland playing well

Kirkland

Krista Kirkland of Spearman, a sophomore student at Texas Tech University, has proven to be one of Tech's outstanding basketball players this year, averaging 13.6 points per game, 4.3 rebounds and 4.6 assists

Kirkland was chosen as last week's Texas Tech Whataburger Player of the Week after outstanding performances in Tech's Southwest Conference wins over SMU and Texas A&M. She scored 12 points, pulled down six rebounds and contributed nine assists against SMU. Against the Lady Ag-gies, she finished with a game-high 19 points.

One of this season's highlights for Kirkland came Dec. 29 against New Mexico State, when she scored 18 points and pulled down 10 re-

Frosh Lynxettes win two

The freshman Lynxettes won two Lynxettes hosted Panhandle. With games Saturday to win the Gruver ninth grade tournament, and with only a day's rest doubled Highland Park's score to defeat them Monday night.

On Monday night the ninth grade

Despite double-digit fourth quarter scoring efforts by Ashly Shieldknight (8th grade) and Kara Townsen (7th grade), the Jr. High Lynx 'tes lost both games to the Gruver Jr. High Lady Hounds Monday night.

8th vs. Gruver Score: Sprm: 26-Gru. 29
Scoring: Kiki Kelp-1,
Shieldknight-16, Lyndee Cook-8, Traci Martin-1.

7th vs. Gruver Score: Sprm 27 - Gru. 31 Scoring: Crystal Boyd-2, Laci Baker-1, Kara Townsen-22, Virginia Barrera-2.

Spiritually Speaking

GOD'S BRUTAL LOVE by LaVern Draper - Minister First Christian Church, Spearman

The malady of our time lies in its contracted thoughts of God. We think too narrowly and meanly of his power, his love, and his freedom to help men. That is what the "miracles" of Jesus and his teaching about faith mean - that God is more near, more real and mighty, more full of love, and more ready to help every one of us than any one of us realizes - that is their

undying message.

The history of civilization, in its darker aspect, is the record of the conquest and destruction of one nation by another. As certain as the proverbial death and taxes is the collapse of every mighty political order which men can assemble. Perhaps we should read the scripture of 2nd Chronicles 36:14-23.

This is not to say that nations should not struggle to arise and even to excel, for each plays a significant part during its prominence, some for better and some for worse. But in our universal human hunger to find something permanent, something to trust, and believe forever, nations simply do

not qualify.
God endures. That we believe, and history cannot claim to show otherwise until faith should suddenly disappear from human society. God is history's sole survivor.

If there ever was to be an exception to this law of nations, it should have been Israel, the gathered nation of God's own elect, his chosen people. It certainly appears that the Jews believed that the world fate would never catch them.

If there is a God, how could he who led his people out of slavery, who delivered Canaan into their hands, prospered King David and suffered Solomon to erect a temple for his dwelling, how could that God ever stand by and see his Israel share the same gory end which comes to the godless nations? And why should anyone put his trust in a God, worship a Supreme Power if God proves powerless when his worshippers need him most? When the enemy is banging down the gates, where is God then?

Where is God when the enemy—with your blood in its average being.

with your blood in its eye-is banging the gates? I can give you the answer of Amos, of Isaiah, and of Jeremiah: God is outside the gates, out there with the enemy, making sure that their battering rams do

Is not God therefore the supreme traitor? "He that keepeth Israel," that "feedeth his flock like a shepherd," is out urging the wolves to devour the sheep. That is what we read in 2nd Chronicles. "The Lord...sent persistently to them by his messengers, because he had compassion on his people: but they mocking

messengers...despising his words...til the wrath of the Lord rose against his people, til there was no remedy. Therefore he brought up against them the king of the Chaldeans (or Babylon), who slew their young men with the sword...and had no compassion on young man or virgin, old man or aged: he gave them all into his

Never before in the history of nations had such an interpretation been placed upon a national disaster. Whenever a city or a country fell anywhere in the world, its god fell too. The believers threw out his statue and went over to the

winner's god. There defeat was all the proof they needed that their religion had been false. But not

Israel had managed to grow to real political prominence by the time of David, but right from the. Exodus onward, Moses and all the; rest, though political leaders, had drummed righteousness into the mind of every Israelite. That was: how their God was different from; all the world's graven images; he demanded justice for them, taking on Pharaoh for them; and then he demanded justice from them; forever after. That was their covenant, their contract.

That accountability was all that preserved Israel. She carried it into exile, which would have been the end of any other nation. By the foreign waters of Babylon she sat down and wept--not over her wounds but over her sins. She carried her conviction back with her when another foreigner had destroyed her destroyer, and those, became her golden years. Israel never reached her incredible heights until after her utter and unwelcome devastation.

God's lordship over all history is

a mysterious and sometimes a frightening thing. I don't think I can adequately explain it to you, because I do not expect ever to fully understand it. But I have seen it in history, in my own life, and in the lives which I have observed at close range. God is indeed our heavenly Father, but he is by no means an indulgent parent. If you can accept a divine Lover who sides with forces even meaner than the Lover's own children, sides with them deliberately for the sake of his children, then perhaps you know what an awesome thing love really is.

Those Chaldeans who ripped down the gates of Jerusalem were rotten barbarians. God did not favor their cause. He was recalling his own to their destiny. What a destiny it must have been for a Father to resort to such brutal love! God let Jesus die on the cross. He allowed German Jews to be massacred. He let disease waste and kill my father. He tolerates cruelty between Christians, even sets the mean upon the meek. For what purpose? That is not always clear, not right away, not usually for a long time afterward.

The messengers seem to understand, but they are rare and are seldom the one we supposed were the messengers. But no calamity is ever without a purpose. God remains Lord of history

Paul remembered. That is how he could write these absurd words: 'We know that all things work together for good"-for good! "to those who love the Lord...Neither death nor life, nor principalities nor nor explosions-"can separate us from...God." Out of every defeat there is a lesson, then a correction, a purification, and finally a reconciliation-and always beyond the ashes there is God.

We understand why the evil may suffer, but what purpose is there to the suffering of the just and the innocent? Perhaps if we could accept that the Lord trieth the righteous. "The potter does not test the cracked vessels. It is useless to tap them even once, because they would break. He does, however, test the good ones, because no matter how many times he taps them they do not break. Even so God tests not the wicked but the righteous.'
