College Notes

Miss Stella Tugwell, who has taken hold of the primary work with so much vigor, is a graduate of Dickson Normal College, Tennessee, and of the Summer Normal of S. W. U. She has had several years experience in the school room and we are to be congratulated upon securing her services.

Last Monday a Y. M. C. A. was organized among the students. Prof. Switzer was president of the Southwestern Y. M. C. A. and has taken hold with a vim here at C. C. Mr. H. K. Anderson is vice-president. They have fifteen minute prayer service every day this week.

The three Mood girls are up and out from the measles.

The game of ball with the Goodnight crowd started off well last Saturday, but the storm came up to make it a fiasco. Our C. C. team will try the Goodnight nine again next Saturday on their own ground.

We are all regretting that Miss Mollie Hunt is having such a hard time with the measles. She is a fine student and an influential young lady. We miss her in class and on the campus.

Bonds Howe's father has sold out at Claude and will move to Clarendon this year, attracted by our fine schools.

Every afternoon one can hear the sound of music in the chapel. Miss Burkhead is working very hard with the chorus classes. At commencement we shall see the results.

Mr. and Mrs. Elmer Marshall gave the sixth lyceum number at the chapel last Thursday night. They are great impersonators.

The financial agent, Bro. Wilson, is in Houston and Dallas this week. His last move was to buy the large plot of ground just north of the campus at a cost of \$2700.00. It will be needed as we grow in numbers and buildings.

The little folks had a fine time Saturday at the Easter egg rolling planned for them by Mrs. Mood and Miss West.

The Austin Society of the primary department have undertaken something practical as well as ornamental. They are making a flower bed with the name of the society in different colored flowers.

Archie Nave, after a tussle with measles, is back again at work.

Maggie Gardner left last Thursday for a stay at home. Her eyes are badly affected by sickness.

If Your Eyes Trouble You, call on C. N. Bushnell, the graduate optician, at Dr. Stocking's drug store, Clarendon, Texas. Eyes tested free. Glasses scientifically fitted when needed. Satisfaction guaranteed.

—That is no joke about that brick foundation rotting away under P. A. Buntin's house, and it is a fact that McCurry replaced same with cement blocks. Investigate; ask McCurry.

J. E. Crisp sold the old Maul-fair home in South Clarendon to P. J. Smith this week, consideration \$1600—a bargain price. Mr. Smith will move from Goodnight as soon as he can get possession.

—J. M. Clower, the jeweler, in his new stand across the street has the prettiest things in jewelry in town and is receiving more goods every day.

The Citizens Bank is in the hands of a force of workmen from the Amarillo Sign & Decorating Co. this week. The entire house is being worked over by the decorators, and an elegant gold leaf window sign has been made.

—Ladies, a trial of our parlor will make you our regular customer. We cater to the better class of trade. The Bon Ton, G. B. Bagby, proprietor. Clower's old stand.

S. W. Thomas, of Wilmuth, O. T., spent several days this week in Clarendon visiting friends.

Mrs. Alexander L

Mrs. Nancy D. Alexander, wife of C. Alexander, died at the family home five miles west of Memphis Monday afternoon, after a long and very wracking illness. Her bedside was surrounded by her family at the time of her death. There were five daughters and one son, besides the heartbroken husband. The funeral was held at the Baptist church in this city Tuesday at 10:30 a. m., Rev. Carruth preaching the sermon. The burial was under charge of the Knights and Ladies of Honor, of which she was a member. A large turnout of sorrowing friends followed the remains to their last resting place in Fairview cemetery. The deceased has been a resident of Hall county since 1889, and up to a year or so ago was a very active and well known business woman. Since then she has been quite a sufferer and has not been prominent in social and business affairs.

She was born in Georgia fifty-five years ago and was married to W. C. Alexander in that state. She was our friend and we sincerely mourn the loss of a good woman. Still by good management she had raised her family and the family had accumulated a competency and perhaps had filled her mission in the world.—Hall County Herald.

The law firm of White & Journey has been dissolved by mutual consent. Mr. White retains his office at the old stand and Mr. Journey will office temporarily with Davis & Alexander.

YOU must credit the "Dorothy Dodd" Shoe with one thing. It charges you nothing for reputation. When you buy a gown stylishly made and faultlessly fitted, you pay a price commensurate with the style and fit and the artist's reputation. So also when you buy millinery and kindred things. But not so when you buy shoes, if you but choose the "DOROTHY DODD."

Here at your convenience are shoes of faultless fit, with style of the greatest distinction, and in a variety from which you can choose for any and every occasion. Yet, you are sure always of a moderate price,—no more than you would have to pay for commonplace shoes.

If you are not now wearing the "Dorothy Dodd," may we not ask you to try one pair? Other women have been delighted with the change. So will you be.

An Easter Day

Out of the tomb of night a day has risen; be not anxious, this day is all your own; do not hurry, for in time it is like all other days; neither delay, for NOW is passing. Early turn your face to the dawn and let its fresh beams bathe away all the stains of night, then should the noon be dark with storms, your smile will still wear the rose tints of the morning. This new day can be saved only by spending it; therefore, in its care be enduring; in its confusion be patient; in its sorrow be trustful; in its trial be noble; in its peril be heroic. Step softly among human hearts and leave so much of kindness along life's pathway, that gladness shall spring up bearing tribute in the cool eventide of the world's glad Easter.

EDITOR BANNER-STOCKMAN,

The weather has been rather cool for the past week, but it still remains dry and most all farm work has stopped until it rains.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines yet I ever got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—MRS. SARAH A. COLE, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

GREEN CUT BONE MEAL

READ and if you will admit that the explanation is reasonable and the method practical.

This article known as GREEN CUT BONE MEAL is manufactured from the bones of animals, while the bones are fresh.

Have You Poultry? If so, Read On.

Green Cut Bone contains every ingredient necessary for the formation of eggs; albumen, carbonate and phosphate of lime; compound of calcium, sodium and magnesia, and a trace of iron.

Every element in the egg (yolk, white or shell) abounds in raw bone, which is practically an egg in another form. Successful poultrymen know these facts and regard raw bone as a necessary part of the diet for poultry.

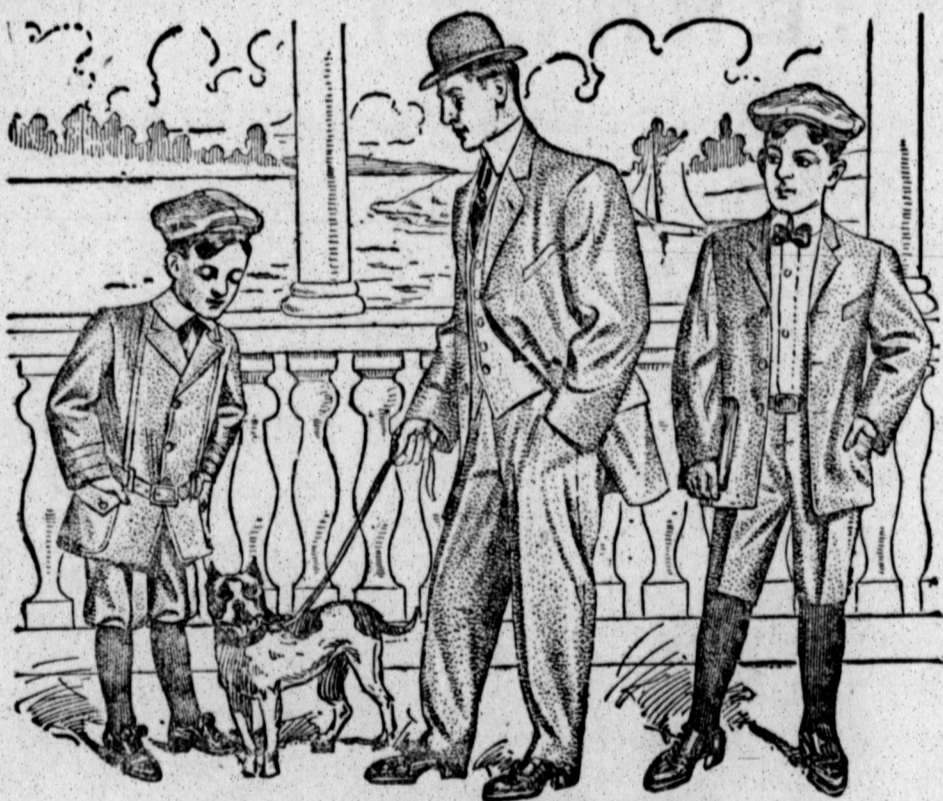

- It will double the number of eggs when you want them most.
- It stops egg eating.
- It stops feather picking.
- It prevents roup and other ills.
- It makes eggs more fertile.
- It hatches more vigorous chicks.
- It makes chicks grow faster, stronger and larger.
- It makes broilers earlier.
- It makes pullets lay sooner.
- It surpasses in value any other food you can give them; and
- It makes every hen a paying hen.
- It imparts every essential for poultry life.

Green Cut Bone Meal Dispenses With Condition Powders and Other Chemical Compounds

DIRECTIONS: Feed an ounce about three times a week, for every adult fowl. This can be fed in mash or scattered.

This bone being so highly nutritious we would not advise feeding it to brooder chicks oftener than three times a week. When you scatter the Green Cut Bone among the wildest scramble ensues, the little fellows tumbling over each other in their eagerness to get it. The fowl demands raw animal food. This food, "fed as directed," will keep the fowls healthy and productive.

SUBSCRIPTION \$1.00 PER YEAR

Entered at the postoffice at Clarendon, Texas as second class matter.

Clarendon, Tex., Apr. 5, '07

WE understand that some miscreant threw a rock through Editor Johnson's \$100 plate glass window at Memphis Sunday night. A mean trick, and one deserving hearty condemnation.

THE College fund is approaching the \$22,000 point—a little less than half of the amount set as a goal. We believe that the full amount will be raised, but we know that in order to raise it some donors are going to have to reconsider their gifts and double up. A number have done so already; more must (and should) follow.

THOSE parties who have recently doubled their subscriptions to the Clarendon College building fund have set an example for others to emulate. There are many amounts on the list which are set opposite names the owners of which are amply able to double their subscriptions. Let not your conscience be stifled in considering this matter. Hear it; heed it, and act accordingly and you will have done the proper thing.

WE are glad to note that another good big tract of ranch land contiguous to Clarendon is now on the market to farmers at prices and on terms that will admit of more farms being opened. We refer to the Rowe ranch lands advertised in another column by J. B. McClelland, agent. There are about 10,000 acres on sale, situated east of town some five or six miles. Parties wanting farms in Donley county would do well to investigate.

Amarillo is to be congratulated on winning out in the railroad fight. As the senate is generally supposed to belong to the railroads,

Washburn had but little hopes of winning in the body, but our people did expect a better showing in the house and before the governor. Representative Bowman can now afford to retire as he has won honors sufficient to satisfy any reasonable man. He made a square, noble fight, and while we think he was working in a bad cause he did his fighting like a man.—The Claude News.

Note the professional card of A. L. Journey in another column. So far as we remember this is the first card ever inserted in this paper by a lawyer, and for that reason and other good ones, we feel that the genial judge deserves "special mention." He has only been in Clarendon about a year, but has already made a host of friends, both professionally and socially. He is a good lawyer and an allround fine fellow, and the Banner-Stockman trusts he will trot in single harness just as well as when hooked up double. He is officing temporarily with Davis & Alexander.

Monday night saw what has been termed the most successful and enjoyable dance that has been given at the opera house in many months. Col. R. E. Montgomery was one of the promoters, and the affair was accordingly shaped up just about right. The attendance was better than usual, and the guests thoroughly enjoyed every minute of the all-too-short evening, and not until a very late hour were the "good-nights" said. A band from Memphis furnished music for the occasion, and it is said that the music was the only feature of the occasion that is not deserving of great praise; it was a "bum."

A news item which is getting somewhat old and gray-headed, but which, nevertheless, has never appeared in these columns through an oversight on our part, is the sale by J. A. Barnett of his interest in the lumber business to J. W. Morrison. Mr. Morrison is now sole owner of the business, and reports business good, the only trouble being in keeping a supply of lumber on the ground.

Dr. Stocking reports the arrival at the home of Prof. and Mrs. W. R. Silvey on Sunday morning of Master J. K. Gwinn Silvey, a lusty youth who bids fair to make as brainy a man as his father. Congratulations are extended.

The Martin-Bennett Company

WE are showing new and attractive merchandise in every department of our store, but owing to the unprecedented scarcity of dry goods in the wholesale centers it is next to impossible to get them in fast enough to supply the increasing demand. We realize the fact that we have not had sufficient help to properly and promptly serve our customers but we ask their kind indul-

gence for a little while as we hope soon to be better prepared to take care of them. We have just received new and popular models in the W-B Corsets, so favorably known to our trade. Our line of wash goods, laces and embroideries was never more attractive. Our Ladies' Muslin Underwear just replenished with new and attractive numbers. The ribbon season is upon us and we are prepared from the tiny spool widths to the wide and handsome neck ribbons. We always lead in ribbons. We are showing some pretty light weight wool dress goods in Chiffon Panamas, Voiles and Fancy Suitings. Just received a complete stock of Corless "Coon" Collars. Step in and see them. They will go to laundry oftener without breaking. Look out for our new neckwear, made specially for us in stylish and snappy styles. Boys' Madras Blouses white and colored. Cheaper and better than they can be made at home. Ask to see them. Beautiful Embroidered Hosiery for Ladies and Gentlemen. New and stylish. "Ironclad" and Topsy for children, all weights and the kind that wear. Ladies', Misses' and Children's Oxfords and Slippers, attractive both in style and price. We can make your feet look swell and feel well. Extra values in ladies' white waists.

Mr. R. W. Talley has been added to our grocery force and will gladly serve his many old friends with the BEST of everything to eat. Don't overlook the fact that our motto throughout our establishment is the "BEST." Use our Albatross and Belle of Wichita Flour, Breakfast Bell, Broadway or Pleasant Cup Coffees and you are sure to always have good bread and good coffee. If you can't come phone 18 and we will do the rest and do it quick.

Resolutions of Respect.

There is no chord that binds our hearts together than the bond of sympathy. There is nothing that can so brighten and sweeten our tears as the tears of a friend mingled with ours.

Into the home of one of our sisters the death angel has come and claimed, for his own, the companion of her joys, the consort of her labors and triumphs.

We tender to Sister Mary Cooke our deepest sympathy in this, the most trying hour of bereavement. We would remind her, however, of the many consolations that are hers; Love can never lose its beloved and their hearts united by years of mingled smiles and tears cannot be torn asunder even by the hand of death.

Dr. Cooke was a man of genuine manly principles: He was unselfish, thinking ever of the happiness of others, cheerful with all his associates, kind and devoted to his family, and faithful to his church and to his God.

He is gone, but not far to those who are relying on the promises of a loving Savior. Heaven is not far off to those who are as well prepared to share its glories as was our dear brother.

As a result of his death the Sunday school sustains a great loss. One of our most beloved and efficient teachers has been called home. The entire school be-moans his absence.

Be it resolved that we, as a Sunday school, extend our heart-felt sympathy to the bereaved family.

That a copy of these resolutions be given to each county paper, also, that a copy be furnished Sister Cooke as a memorial of our esteem, sympathy and love.

The Old Soldiers.

According to call Camp Sam Lanham, No. 1383, U. C. V., met Wednesday in this city with a good attendance. A lot of routine business was transacted, and the election of officers for the ensuing year was had. The result was as follows: Captain, R. S. Kimberlin; 1st Lieut., B. T. Lane; 2nd Lieut., W. H. Condrion; 3rd Lieut., P. R. Stephens; adjutant, T. N. Naylor; chaplain, J. J. Stanton.

The camp now numbers 72 members, almost enough for a full company in war time. The new Captain, Comrade Kimberlin, is a comparatively new citizen here, having moved here from Hopkins county about a year ago. He is a most enthusiastic old rebel, however, and is a typical representative of the "lost cause." He takes great interest in the organization, and he says he is going to put the affairs of the local camp in good shape and bring about a big revival of interest, and to this end he wishes every member who can possibly do so to meet with the camp in called session next Sunday at Comrade Lane's place of business. There will be something of interest to every member.

George M. Bugbee has decided to come back to the best town in the Panhandle and has accordingly bought from W. P. Powell a half block of land in south part of town and is now engaged in getting estimates on a handsome residence to cost \$2000 or better. We will be glad to welcome this family back home.

Gus Johnson is looking natural and quite at home at the Bon Ton; and by the way, Gus and George are handing out samples of the very best in the refreshment line, together with an elegance of service which does full credit to Mr. Bagby's ability in his chosen line of business.

E. A. Boles and family have returned to Clarendon to live. Mr. Boles is again in his old position as the section foreman for The Denver Road. He and his family have many friends in Clarendon who will be more than glad to welcome them home.

Chas. McCrae, proprietor of the Panhandle Steam Laundry, announces in his ad this week that the laundry will be run on a cash basis strictly hereafter. Mr. McCrae says the business is satisfactory as to volume, but collections seem to be amiss. Read the ad.

Say, wasn't that shower a dandy yesterday? Which one? Why that one that came up about 1:00 p. m. Oh, yes, indeed.

City Election.

The usual quietness prevailed the atmosphere Tuesday and some people didn't even know there was an election being held. However, some 75 or 80 votes were polled, and the result was an entire change in the city officials. The new board is:

Mayor, A. M. Beville.
Aldermen, Dr. Wm. Gray, D. C. Sullivan, J. H. Rutherford, J. H. Reeves and J. L. Davis.
Marshal, Gus. Johnson.

The Banner-Stockman doffs its derby to the new board, and hopes that something will happen which will give them revenue enough to run a city government as it should be conducted. We need more city tax, and will have to have it before much good can be done.

A reporter for the Banner-Stockman happened in one day this week at W. H. Thompson's confectionery and gent's furnishing store and was surprised to find so many improvements that had been made in the appearance of the store and stock generally. A new floor has lately been put down, a set of up-to-date floor cases for the display of goods have been placed, while the soda fountain has been overhauled and the ice cream parlor enlarged and fitted up into one of the nicest, coolest and most comfortable retreats to be found. Speaking to Mr. Thompson he informed us that he is better prepared this season to take care of his trade in the cold drink line than heretofore. Also that his stock of men's furnishings is more complete and offers better selections. Knowing Mr. Thompson's courteous and quiet way of doing business we predict that with the able assistance of Mr. William Patman he will experience a profitable year's business.

J. E. Carroll has bought a half interest in the Wes Lane meat market. He has also purchased the business lot from George Antrobus, and is now engaged in making cement blocks for the construction of a new business house. It is also rumored that Homer Mulkey will also build with the same material on the lot adjoining.

The members of the Catholic church this week raised money to buy the other quarter of the block on which the church and school are situated. The whole block was fenced but only three-quarters was owned. The money was readily secured and the purchase made, price \$200.

A. R. Guill has sold the Hedley Hotel to J. E. M. Hedley, for whom the town is named, the consideration being \$1800. Mr. Guill and family will leave Monday for Arlington, where they will live for awhile, returning to the Panhandle later. May good fortune attend them.

E. F. Bryan, of Teneha, Texas, has arrived in Clarendon and taken up mercantile work with Bryan & Land. His family will follow soon. Mr. Bryan is a member of the firm and has been engaged in closing out the firm's business at Teneha the past several months.

The school board met Tuesday and allowed a number of accounts as well as transacted routine business of more or less importance. The first Saturday in May is the time for election of a new board.

TO OUR PATRONS

It has become necessary for me to announce that the Panhandle Steam Laundry will be run from this date forward on a strictly cash basis. Now, this has been said before; but this time it is going to stick. I have now been engaged in this business for six weeks, and the business has done much better than I expected, and if I were collecting all accounts would be paying very nicely. But by far the larger part of the business so far done has gone on the books in little amounts so hard to collect as to be almost worthless. Positively, after this date no laundry will be delivered until paid for. If we can't get the money on delivery we don't want the work. We appreciate the patronage given us and wish it to be continued, but we must have the cash.

Yours truly,

Chas. L. McCrae

FINE COUNTRY FOR A HOME

Another Colorado Man so Well Pleased with Donley County that he Must Needs Tell of it

The following article taken from the Loveland, (Colo.) Herald, is written by a gentleman who recently came here as a prospector under the guidance of the Western Real Estate Exchange. That he was pleased with our country and our people is easy to see if you but read what he writes:

TO THE EDITOR OF THE HERALD:

So numerous will be the inquiries coming to me concerning my recent trip to Clarendon, Texas, and the local interest in that section being so great, I thought it advisable to write concerning what I have seen and the conclusions I have reached after a thorough investigation.

On March the 5th, in company with a number of others from Fort Collins, Loveland and Berthoud, we started for Clarendon escorted by Mr. B. F. Flowers of the Western Real Estate Exchange of Ft. Collins and Clarendon, Texas, and I can heartily say that it has been the most pleasant and profitable prospecting tour I have ever taken. And right now I want to say, that unless I shall find some serious drawback to change my decision, I want to go on record as having said that I consider it the best country I have ever seen; and you can rest assured that I would not make such a statement as this if I was not thoroughly satisfied that I am correct. I have traveled quite extensively, as many of you know and I have always been on the lookout for a country which, when developed, would compare with northern Colorado and where a man could get in on the ground floor, but when I compared their resources and advantages with those of Larimer county I invariably found them decidedly deficient until my trip to Clarendon. It has often been said that every county has its drawbacks but if you asked me what I considered to be of serious objection there I would be compelled to say that I have not found any worthy of mention and I don't believe there are any. Of course the country is far from being developed and is practically in a primitive state and the people there do not have all the advantages that we have in Colorado, but they are

Seldom Wear Out

Dr. Miles' Anti-Pain Pills relieve pain—not only once, but as many times as it is necessary to take them. Many persons who suffer from chronic ailments find in them a source of great relief from the suffering which they would otherwise be compelled to endure. Their soothing influence upon the nerves strengthen rather than weaken them. For this reason they seldom lose their effectiveness.

"I am 62 years old and have suffered for 42 years from nervous troubles, rheumatism and neuralgia, palpitation of the heart, shortness of breath, sleeplessness, and pain around the heart. The Dr. Miles' Anti-Pain Pills have been a blessing to me. I don't know what I should do without them, and they are the only remedy I have ever used that either did not wear out in less time than I have been using them, or else the injurious results were such that I would be obliged to cease their use."

sure to come because they have a solid foundation on which to stand. I will outline briefly some of the advantages of this remarkable country as I found them.

The first question that suggests itself to the mind of a new comer is whether or not they get sufficient moisture year after year to produce a beautiful crop; in the first place I would say that the vegetation shows for itself that there has been ample rainfall. I have talked with a large number of the "old timers" there and I made every effort to consult reliable authority on this subject and I did not find a single person who could tell me that he has ever known or heard of a crop failure or drouth in the history of the county. The annual rainfall is about 30 inches which is abundantly sufficient to raise any crop. The next thing of importance is the soil which I found to be a rich, sandy loam varying from a rich black to a dark red, and beneath this to a reddish subsoil that holds moisture almost indefinitely. The past winter has been very dry but the ground now is perfectly moist within half an inch of the surface and plowing and seeding are now in full blast. I, as well as others, have expressed the opinion that there is sufficient moisture in the ground now to produce a good crop this year if the ground is properly cared for. With reference to the climate, I can only speak from what I have seen and heard; but I am convinced that it is exceptionally healthful and as pleasant as Colorado.

The winters are much milder and those who have lived there and also in Colorado during the summer months say that the temperature is practically the same. They say there are no gnats, fleas or mosquitoes to speak of. The water is as pure as any I have ever tasted and an abundance of good soft water can be reached anywhere you desire to sink your well. With reference to crops, I believe they can raise a greater variety than any place I have ever seen or heard of. Alfalfa is sure to become one of the leading crops and I can say that I saw the finest stand of alfalfa near Clarendon that I have ever seen. The yield will average about 4 tons per acre and there is an unlimited market for it at \$12.50 to \$15 per ton. This alone will give you some idea of what the land is worth and the best of it can be purchased at from \$16 to \$20 per acre. You will naturally ask, if the country is so great, why has not somebody found this out before? The reason is that it has always been a vast cattle domain where perhaps one company would own as much as a million acres and they would not let the farmers get a foothold until almost forced to do it and even now at the price land is selling for in comparison with a price 50 cents and \$1 per acre which they paid for it, there are many who refuse to put any price whatever on their land. Those who are selling have lived there the greater portion of their lives and have no realization of the true value of their land and are contented with making a reasonable profit. I am also satisfied that it is going to be a great sugar beet country. A few very satisfactory experiments were made last year and it will be given a thorough test the coming season.

It is also a corn and hog country, there never having been a case of hog cholera in the history of the country. The corn matures in quantity and quality equal to that of any other state in the union. Fruit of every description grows abundantly and as fine

orchards can be found there as any I have ever seen. The fruit comes on the market at a time when the best of prices can be realized as the season there is from three to five weeks earlier than it is in Colorado. I saw peaches grown and canned there that surpassed anything of the kind I have ever seen in Colorado. Apples, peaches, cherries, apricots, plums and all kinds of small fruits do fine. There are so many valuable crops raised there that I would like to write about such as melons, cantaloupes, sweet potatoes, peanuts, all kinds of grain, onions, and all kinds of garden truck, but space forbids. One feature there that impressed me very much was that of stock feeding, which is ideal and sure to make Clarendon and its vicinity famous. Everything for feeding purposes is raised there and they are much nearer the sheep range of New Mexico and at least 200 miles closer to the eastern market. Kaffir corn and milo maize are two very valuable crops used for fattening purposes.

Clarendon, the county seat of Donley county, is a fast growing city of about 3000 inhabitants and is sure to become the resident city of the Panhandle. The people there are the most sociable of any I have ever seen and the morals of the community are above the average. Last Sunday I called on our old friend and comrade, Henry Spotts, who is located on a beautiful farm there of 700 acres and seems as happy as a boy with his first pair of boots. I also saw the 250 acre farm purchased by Al Warner of Loveland which is sure to make him a lot of money. I met many others from northern Colorado who have recently moved there. As a recognition of the confidence which we sustain in the country, my sister, Mrs. Herzinger and myself bought a nice farm and I have come back to bid you farewell and take up my abode in this grand land of promise. There is no poor farm in the county and no need for any for everybody is prosperous.

Yours respectfully,
GEORGE A. LLOYD.

"Pneumonia's Daily Work
had so seriously affected my lung,"
writes Mrs. Fannie Conner, of Rural
Route 1, Georgetown, Tenn., "that I
coughed continuously night and day and
the neighbors' prediction—consumption
—seemed inevitable, until my husband
brought home a bottle of Dr. King's New
Discovery, which in my case proved to
be the only REAL cough cure and restores
of weak, sore lungs." When all other
remedies utterly fail, you may still win
in the battle against lung and throat
troubles with New Discovery, the REAL
cure. Guaranteed by J. D. Stocking,

A Herd of Poland China Hogs.

On account of not being properly
prepared for breeding and raising I
offer for sale my herd of register-
ed Poland China hogs. The herd
is as follows: Headed by Donley
Chief, No. 112049, Sired by H. E.
Perfection, No. 62191. Dam, Jes-
sie, No. 271036, and Clarendon's
Diamond, No. 289760. Sired by
Double Wilkes Model, No. 49261.
Dam, Sadie, No. 149048. "Don-
ley Chief" is 14 months old,
weighs about 250 lbs. "Claren-
dons Diamond" is 20 months old
and suckling pigs. Weighs over
300 lbs. Two gilts 8 months old,
Belle, No. 208468, and Delia, No.
208466, sired by Corrected, No.
72406; Dam Clarendon's Diamond,
No. 279760. The two gilts are
bred to Donley Chief and will far-
row about July 10. The pedigrees
of the three pigs are in the hands
of the recording secretary to be re-
corded in the American Poland
China Association's herd book.

This is a complete herd of select
breeding, with herd book, blanks
for pedigrees and all, complete.
From any reputable breeder this
herd would cost not less than \$160.
If taken in a few days can be had
for \$100. A splendid chance for
some one to start a fine herd of
registerd Poland Chinas.

You Wouldn't Believe Me

If I should tell you that you can obtain as good
and in some cases better photographic work right
here at home as you can in large cities. I have an
ax to grind when I make the assertion and you
know it. However, just to satisfy your curiosity,
get a city picture, put a MULKEY photo by its
side and see for yourself. Isn't this fair enough?

MANUFACTURERS OF
Hollow Concrete
Building
Blocks

The BEST
Is the Cheapest

And in Some Instances
the Cheapest is the BEST

Cement blocks will prove to be the best building material known.
They have strength, durability and beauty of finish. They will make a
more beautiful house than stone, lumber or brick. They fit together per-
fectly, giving a wall a finished appearance that can only be attained by the
symmetrical arrangement of material. I am now making a 6-inch block that
is a beauty and on which I can make prices that will interest you. They
are the cheapest and BEST material you can buy to build a home. If you
want the best for the least money investigate.
