**When Jim Robinson and  
Capt. Elliott Collide Look  
Out For the Jar!**

When Captain Bob Elliott and Jim Robinson come to grips in the Stock Pavilion on the night of Friday, June 24, the ground is going to shake around that edifice, if the advance dope holds true. They are perhaps the biggest men in the county, as well as the strongest, and by the way, they are both A. E. F. veterans, too.

Come to think of it, there are five men listed on Friday night's card who are all A. E. F. men. No one knows who will be in the Battle Royal to be pulled off that night, and that may show a few more.

The Fracas, on both Friday and Saturday nights, will begin promptly at 8:30. The boys who are volunteering for these events are training hard and earnestly, under the careful eye of Chief Rockwell. The Firemen's gym is a busy place any night, as the athletes make ready for the big doings. They are going to put the big pot into the little one on June 24 and 25. The program for Friday night has been given out as follows:

- Band Music
- Address—Judge Knight.
- Battle Royal
- Band Music
- Boxing—Caskey vs Cook
- Band Music
- Boxing—Ott vs Chamness
- Band Music
- Wrestling—Morgan vs Jowell
- Band Music
- Wrestling—Robinson vs Elliott.

**Concessions**  
The Committee has decided that those desiring concessions during the two days offer sealed bids for the privilege. Bids should be filed with the Secretary of the Chamber of Commerce, and will be opened and awards made at 1:00 p. m. Monday, June 20.

A great deal of interest is being manifested in the Roundup features. Letters are coming in asking for detailed information and it looks like riders, ropers and bull-doggers from all over the west will troop in for the events. Every preparation is being made to make the affair a big success.

## Truck Law Does Not Take Effect Until Jan'y, 1922

Recently there has been a good deal said about the new truck law supposed to be in effect, and opposition to it has developed great strength. Sheriff Purcell, however, is in receipt of information from the state highway department to the effect that the Attorney General has ruled that this new law does not take effect until January 1, 1922.

The first information given out on this law was that it covered all classes of trucks and that farmers would be taxed along with everyone else. The Brand is told that it does not effect farmers at all, commercial trucks alone being included, and of these only those over 2,000 pounds capacity.

## YOU ARE INVITED TO WOO THE BASS BY THIS OWNER!

There is one place on the Tierra Blanco where the owner issues a cordial invitation to all to come camp, fish and picnic without permission—and that is the Slaughter place.

T. B. Slaughter tells The Brand that the public is welcome, all he asks being that they respect his property and fences, and close the gates. He says it actually embarrasses him to have people keep coming to him for permission to enter the premises!

## GEE! BIG CHANCE OVERLOOKED HERE FOR FISHING TRIP

Friday, June 17, is a state holiday in Massachusetts. It is Bunker Hill Day, anniversary of the famous encounter of Revolutionary history. A friendly critic Friday remarked jokingly that this was one holiday, for a wonder, that the Texas banks overlooked.

## THE FRUITS OF LABOR

## Second Band Con- cert Drew Crowd Thursday Evening

The second band concert by the Hereford Band was given on the Courthouse lawn Thursday night. Over twenty members participated. A long line of cars full of folks, as well as quite a sprinkling in bunches on the lawn demonstrated what the weekly concert can be built into with regularity and careful improvement from week to week.

It must be understood that the present band is composed of a nucleus of old-timers and a lot of beginners who are just beginning to read music easily. They are a little timid as yet about "bearing down" on the music, but a few concerts, and especially a little Applause from the spectators, will do wonders for them. Let them know you appreciate their efforts and they will improve more rapidly.

New music is coming and the selections will be made carefully with a view to what the band members can handle easily and what the public wants. Bands are not built up in a few months, but this one is making remarkable progress and before the summer is over Hereford will be very proud of the music given free to all on every Thursday night.

## FORD "CLINIC" IS PART DEMONSTRATION ON SATURDAY

A "Clinic" in the forenoon at the shops, and a demonstration in field work in the afternoon is being planned by the Ford Garage for Saturday, June 18.

Six experts, men who know the intimate details of Ford products, from the foundry to the field work, are here and will conduct the school of instruction for the benefit of Ford and Fordson owners. These men are: H. W. Cox, Enid, Okla., plow expert of the Oliver Plow Co.; A. C. Humphries, Port Huron Implement & Thresher Co.; S. D. Lorie, Oklahoma City, Ford Tractors; J. C. Shaffer, Oklahoma City, Ford Tractors; C. M. Buchanan, El Paso, Interstate Motor Co., and John Lanckin, Oliver Plow Co.

A platform has been erected in the Fords shops where the "clinic" will be held from 10 to 12 o'clock Saturday. A tractor will be torn down and put together again. Lunch will be served at the plant at noon, following which all hands will adjourn to the N. C. Vogele place on 25-Mile Ave., and field demonstration work given.

## LONGEST DAY AND FIRST OF SUMMER COMES ON TUESDAY

Next Tuesday, June 21, has a double significance. The calendar shows that it is officially the first day of summer, and in addition to that it will be the longest day of the year 1922.

Old timers are arranging to peel down to a legal limit in clothes, and also to put the kibosh to those weeds and grass in the gardens and around the houses—there'll be lots of time.

## Still Bang Away Lead Panhandle Trap Association

Those Hereford Gunners again blazed the way in Wednesday's competitive shoot of the Panhandle Trap Association and maintained their big lead over the field. The figures Wednesday were:

## WOODSCRAFT ONLY OBTAINED BY LONG COURSE TRAINING

The danger of a country-bred boy getting lost in the complex maze of a large city's streets is well known, and the same danger seems to apply to a Plains-raised boy who wanders in among trees and rocky hills with which he is unfamiliar.

Red Smith received advices from his son, Guy, up there on a visit, went squirrel hunting recently in the river bottoms, became separated from his companions, and thoroughly lost himself. He was finally discovered, sitting on a log on the bank of the creek, completely turned round and waiting for rescue.

Guy advises he is coming straight home right away.

## Amarillo Assumes Heavy Respon- sibility—Uncle Sam Commandeers Our 59 Cases of "Old Scotch!"

They have drawn a red line under the Old Scotch account, the local books are closed, Uncle Sam has confiscated the booze, and the scene of trouble now shifts to Amarillo.

Early Friday morning United States Deputy Marshall Doc Bolton, accompanied by several assistants, arrived here in a truck from Amarillo and served upon Sheriff C. S. Purcell a formal demand, signed by United States District Judge James C. Wilson, for the complete fifty-nine cases of Old Scotch. The Sheriff, breathing a sigh of relief, lent every possible aid in getting that concentrated trouble transferred into the official truck, and soon all evidence of the famous case, except the fast-disappearing worry wrinkles in the sheriff's face, had departed.

Sheriff Purcell stated most emphatically that it was a tremendous relief to get rid of the stuff. It is well known that there are men who would knock an officer in the head for that booze who would not steal even a postage stamp under ordinary conditions. The responsibility on the sheriff was heavy, as he has no deputy jailer.

When the first count of the cases was made the night the stuff was captured The Brand got it at sixty instead of fifty-nine. The latter figure is correct, and one case was never stolen or lost, as has been reported. But gee, whiz!—fifty-nine cases of that boiled down cussedness would make all the jack rabbits in the Southwest spit in the face of all the bulldogs in the United States, so why worry about a mistake of one case?

## Uncle Sam Takes Hand in Scotch Liquor Charges

E. A. Price, acquitted here Tuesday on the charge of unlawfully having in his possession, was taken to Amarillo Friday morning by Sheriff Purcell for delivery to the Federal authorities. Price, in connection with the other five members of his party, has a Federal indictment pending against him growing out of his arrest at Hereford.

It is understood that arrangements have been made by Price and his friends to make bond in Amarillo as soon as possible.

## OLD FOLKS MATI- NEE GIVEN FREE BY STAR THEATRE

The Star Theatre announces a free matinee for Old Folks over 50 years of age, on Wednesday afternoon, June 22. The picture will be a Fatty Arbuckle production entitled "The Life of the Party." The Star will furnish a car to and from the theatre for any elderly people without other means of transportation who will telephone that fact to the theatre.

## BRYANT BRUISED IN GOING TO AID ENTANGLED HORSE

D. H. Bryant came very near having an accident Wednesday, in an effort to help a horse that had become entangled. Mr. Bryant came out of the melee with his left foot badly bruised, but was able to be down town Friday morning.

## Heaviest Docket Yet Disposed of This Term Court

After disposing of what was perhaps the heaviest docket in the history of the local district court, Judge Reese Tatum Thursday took a temporary adjournment and departed for his home at Dalhart. The minutes of the court have not been closed, and District Clerk Lee Biggs states that two cases are set down for trial on July 3. It may be possible that a special judge will be appointed to finish the term if Judge Tatum cannot get back here.

Mr. Biggs' docket shows that a total of about fifty cases have been disposed of at this term. Heretofore nothing like this number have been handled at one term of court. And this does not include a single tax suit, either, as all these suits were continued. A list of the cases handled will be furnished The Brand by Mr. Biggs as soon as possible, for the information of the public.

County Court is still in session, and will continue to operate through June 25.

## VEGA HERE NEXT SUNDAY—REVENGE IS LOCAL'S PLAN

The Vega baseball squad will appear here again next Sunday afternoon in an effort to make it three victories for the season from the Whitefaces. In two games played so far this season between the two teams, Vega has annexed both contests by the scores of 2 to 0 and 5 to 3. Captain Bennett is determined to avenge these two defeats in Sunday's game and careful preparations are under way to give the visitors a genuine surprise.

## JUDGMENT IS NEEDED ON JULY 23

**VITAL AMENDMENTS  
TO CONSTITUTION  
PROPOSED**

## READ CAREFULLY

**Indifference of Voters is  
Often Cause of Loss  
To Tax Payers**

Texas voters will determine July 23 the fate of five constitutional amendments which the last legislature agreed to submit, one of which will abolish the State Penitentiary Commission of three members, if it is adopted.

Adoption of this amendment might cause a reduction in state taxes, according to Representative Wallace Malone of Tarrant county. Should the amendment be approved it would be up to the next legislature to decide on some form of management for the penitentiary system. Malone believes that the best way to bring about an improvement in the penitentiary is to work up a new system.

This penitentiary system amendment will read on the official ballot: "For the amendment of Article 17, section 58, of the Constitution abolishing the Board of Prison Commissioners."

Adoption of the five amendments would permit an increase in the salaries paid the governor, attorney general, treasurer, comptroller and land commissioner. Salaries for these offices were fixed thirty-five years ago. Persons advocating adoption of this amendment point out that living expenses in that day and the responsibility of the amendment would not automatically bring the increase in salaries. It would permit the legislature to raise the salaries as follows:

**What Pay Might Be**  
Governor, from \$4,000 to any figure not to exceed \$8,000; Attorney General, from \$4,000 to any figure not to exceed \$7,500; Treasurer, Comptroller, and (Continued on Page Four)

## Want Free Vaca- tion This Summer? It's Easy to Get!

Anyone from this community desiring a healthful, active summer vacation of thirty days, absolutely free of charge, has the opportunity!

Better come early and avoid the rush. Uncle Sam has established Civilian Training Camps over the country at various army posts and offers to pay the railroad fare both ways and give board, eats and instruction for thirty days to those who desire it.

Each member of the Officers Reserve Training Corps has been asked to send a recruit for this vacation. Dr. W. F. Gabbert says he wants at least one man to take advantage of this offer. Application to the Doctor will bring full details and explanation.

The camp for this district will be at San Antonio, Texas, beginning July 15.

## HUGE BOND ISSUE TO RAISE MONEY TO AID PRODUCER

Secretary J. Frank Potts of the local Farm Loan Bank Association, tells The Brand that preparations are now under way in Washington to issue another set of bonds in the sum of two hundred million dollars, the proceeds from the sale of which will be loaned out to farmers and ranchmen through the various associations scattered over the country.

The recent issue of forty millions was quickly absorbed by the public and is a most encouraging illustration of the fact that money is getting easier, business is returning to normal, and the ordinary trade channels are again being restored to normal activity.

## THOMSEN-MALLARD REVIVAL ENJOYED BY-HEREFORDITES

Revival services at the Presbyterian church, which began last Sunday, are becoming popular and increasing crowds attest the interest of the Hereford people in the powerful sermons of Dr. R. Thomsen, of Amarillo, and the singing of Mr. Mallard. The first two days of the services were marred by weather and the meeting is just now getting into full swing. No announcement as to the time limit of the meeting has as yet been made.

### QUESTION ?

The law abiding element of the population of Deaf Smith county—and that almost makes it unanimous—stands against today, following the revelations of the past two weeks in district court as to the apparent impotency of the Dean Liquor Law of the state, or a proper interpretation of its provisions.

Incidentally, and on account of the spotlight thrown on the work of the court through these liquor cases, there has been much criticism of judicial procedure in the Texas courts.

And right here, in passing, allow us to say that in anything heretofore published in this paper about these cases, or in this editorial, there has been no intent or purpose to get gunning for any one court official or set of court officials. The Brand does not descend to such tactics. If we had such intent we would call that man or those men by name and fight it out in the open. The Brand is discussing the system, or rather lack of it, under which our courts operate. We do believe that both Judge Tatum and District Attorney Brasley made errors in handling these cases. But The Brand makes lots of errors in handling its business, and "to err is human, to forgive divine"; errors of the head such as may have been made are insignificant when compared with the broader aspects of the enforcement of the liquor law; so let's forget it and think about how this community will handle bootlegging in the future.

Boiled down and stripped of all camouflage, the effect of the release of the six persons arrested in connection with the famous "Scotch" case is that the peace officers of this county are absolutely helpless to stop bootlegging under the present law. The effect of these cases is bound to be dangerous in two ways; first, law-breakers will be encouraged to take advantage of such immunity to ply their lucrative trade more intensively; secondly, law-abervers, when goaded beyond the limit of their patience, sometimes take the law into their own hands.

In discussing the trouble with Judge Tatum The Brand is informed that the fault lies in the law itself, and that the

remedy is in the hands of the legislature alone. Judge Tatum says that the Dean law puts the entire burden of proof on the state to prove that a man caught with liquor in his possession is not going to use it for sacramental, mechanical, scientific or medicinal purposes. The judge believes that if the law were changed to read that the possession of liquor would be prima facie evidence that it was to be used for unlawful purposes, with a clause stating that proof by the defendant that he had it for sacramental, mechanical, scientific or medicinal purposes should be admissible in his defense, would go far toward effecting the real intent and purpose of the law.

Furthermore, according to Judge Tatum, a peace officer must have a search warrant to arrest suspected men and examine their possessions.

In short it seems that this law is full of snik-holes, so susceptible to technical attack from any shrewd lawyer, so involved that a jury cannot properly express itself; that the whole thing is a farce and a delusion.

We have been wondering here why violators of this law have been turned loose so much elsewhere. We have just had the truth brought home to us in the bosom of our own community family. This isn't a question of a man being a prohibitionist or an anti-4's the law, and both sides should see to its enforcement or abolishment. Such decisions as were made in these cases make for an utter disregard of law and order.

If it's up to the legislature, let's do our part in stirring up that august body to prompt action. In the meanwhile—will you have yours white, blue, pink, or red??

A superintendent of a penitentiary estimates that only fifteen men from the farms to eighty-five from the cities have checked through his office to serve prison sentences during twelve years. He also has discovered that farmers are one-crime men. They are radically different from city criminals, in that having once served a prison sentence they seldom or never repeat an offense. They can learn a lesson.

## CONTROLLING DANDELIONS IN LAWNS

Dandelions are among the most widespread lawn pests, but are particularly troublesome in the northern half of the country and sometimes become so bad that the best method of eradication is to plow or spade the lawn and reseed it, but the United States Department of Agriculture advises against this method except in the most extreme cases. The general care of the lawn is important in controlling all lawn weeds, including the dandelion—mowing, rolling, fertilizing, and watering. In other words, everything which contributes to the growth of the desired grasses will tend to combat weeds.

In small lawns cutting the individual plants at least 3 inches below the ground twice a year is frequently the most satisfactory method of control. It does little good to cut them shallow. The best time to cut is in the spring when the dandelions are in early bloom and again late in the summer. On large, heavily infested areas where the stand of grass is vigorous, spraying with a solution of iron sulphate, 1 1/2 pounds to a gallon of water is practical, especially on bluegrass lawns. It has not been found successful in Bermuda grass, red top, or bent grass.

Spray 5 times, the first time just as the blossoms unfold, and at intervals of a month thereafter. It kills white clover entirely, but it will eradicate the dandelions to such an extent that the surviving plants can easily be removed the following year. In small areas or as a follow-up means after spraying, a good method of killing dandelions is to apply about a tablespoonful of kerosene or gasoline on the crown of individual plants. Dry salt may also be used effectively on cut surfaces.

The best way to handle pastures infested with dandelions is to improve the stand of grass by judicious fertilizing, seeding, and pasturing, so that the weed will be crowded out. Dandelions do not infest well-managed pastures containing a thick, luxuriant stand of grass.

## Reputation Gained Through Years of Performance

It is not surprising that there is a downright conviction in the minds of a majority of tractor users that the OilPull is the standard of value in its field. Nor is it difficult to see just what has formed this intensely favorable attitude. A large number of features in the OilPull stand out prominently over and above anything found in other tractors. For instance, the OilPull is the only tractor backed by a written guarantee to satisfactorily use kerosene at all loads and conditions up to its brake horsepower. It plows an acre of ground at less cost than any other tractor. For many years it has held the world's tractor fuel economy record. The OilPull is the only tractor cooled with oil. No boiling—no freezing—no rusting—no leaking—no constant refilling, and no other tractor has the OilPull feature of a double lubrication system. There are other features which may appeal to you even stronger than these—have us explain them.

## DIMMITT

June 13, 1921.

Milton Hardy, living near Dimmitt, had an accident while fixing a wire fence. The wire broke, hitting him in the eye. He was taken to the sanitarium where his eye was removed.

Billie Patton was sick with a fever last week. Mr. and Mrs. John Elliott, from Fort Worth, arrived here Sunday to spend the summer with their sons, Joe and Bent.

Mr. and Mrs. Frank Robertsan, of Terrell, Okla., are here visiting their daughter, Mrs. W. L. Pickett.

Rev. Upton, of Plainview, is here assisting Rev. Florence in holding a two weeks' meeting, which has been very well attended.

Mr. and Mrs. Donald Duree are the proud parents of a new baby girl.

There was a ball game Thursday between Hereford and Dimmitt, our boys being defeated.

Mr. and Mrs. Sid Sheffey arrived home from Plainview Wednesday, where they attended the funeral of their father, who has been ill the past few months, having been left weak after a spell of the flu.

Mrs. J. H. Webb, of Cleo, is visiting her sister, Mrs. J. N. McIntire, and attending the Methodist meetings.

Mrs. Miller, who has been ill for several days, is now improving.

J. A. Womack and family arrived home Saturday after a delightful four weeks' fishing trip at Colo City and other points.

Mrs. Woodward and daughter, of San Angelo, and Mrs. C. A. Harp and daughter, of Abernathy, were guests of Mrs. Woodlee the past week, leaving yesterday.

## CLEO

June 13, 1921.

Everyone busy planting and making preparations to harvest the wheat crop. Alex Easter is down overhauling the Mutual Thresher Company's engine and separator.

Geo. Burch and family visited Mr. and Mrs. J. E. Turner, of Dimmitt, last Sunday.

Emmett Dixon and family spent the day last Sunday with his parents, Mr. and Mrs. W. S. Dixon, of Cleo.

J. H. Wagley made a business trip to Hereford last Tuesday.

The following persons from Dimmitt attended singing at Cleo last Sunday evening: Mr. and Mrs. J. M. Gollehon, Mr. and Mrs. J. R. Gollehon and children, B. C. Shuford and wife, Mr. Bill Ewers and family, and Miss Myrtle Johnson; Mr. Irvin Taylor and sister, of Blue Ridge; Mr. Galbreath and wife and Mr. Ramsey and wife of Spring Lake; W. B. Kimble and family and A. B. Abbott and family of Sunny Side;

Boyd Kiable and family and Clayton Williams and family, of Bethel. Come again, always glad to have you.

Miss Ruth Rippy has just returned Floyd County, where she has been visiting friends and relatives.

Mr. Maud Rippy, Commissioner of Precinct No. 1, came near losing a good mule team, and Precinct No. 1, a good Commissioner, last week when he drove his team onto a new road grade across a lake south of Mr. Iten's that was nearly under water and hadn't settled yet. The mules began to bog, and became frightened and, if it had not been for Mr. Yoakum and Ollie Burch being close by and fishing them out of the mud, we might never have known what became of them.

William Wimberly and Ollie Dixon, of Cleo, on last Sunday, decided to go down to the South Fork of Running Water draw "dear driving." William seems to have made a good drive, but from what we can find out, Ollie got on the wrong stand and on their way home Sunday night they got into the same mud hole that Com. Rippy did, and F. H. Galle had to go down and pull them out with block and tackle. Don't become discouraged, boys. Such is life in the "Far West."

## SPRING LAKE

Did you ask if we had rain? Yes, indeed. It rained, then rained again, until it reminded us of the old lady who saw her first train. She said, "It will never start, it will never stop." At last it began to pull and puff. Then she said, "It will never stop, it will never stop." We are glad it came anyway.

Mr. and Mrs. Ott, of Hereford and Mrs. Ott's sister and husband, Mr. and Mrs. Cardwell, also Mr. and Mrs. Phipps, visited at the home of Milton Sunday.

Several from here attended the association at Hurley this week.

Edwin Reddington, who has been

attending school in Kansas, will spend the summer with his father, A. R. Reddington.

The Misses Axtell, Linville and Gilbreath, accompanied by Miss Tuttle, arrived home Thursday from Kingfisher College.

E. M. Gelst, an old friend and neighbor who moved to Ogden, Utah eight years ago, was operated on several days ago and we are glad to hear he is getting along nicely.

Several from this community were shopping in Hereford Saturday.

Mr. Galley will begin Monday to haul wheat to Hereford for J. I. Phipps.

Miss Velora Reed left this week to attend the Normal at Canyon, where she expects to finish for a life certificate.

Mr. and Mrs. Wilson left for Plainview Thursday. They have 150 acres of wheat near there and have gone to harvest it. They expect to be gone about two months.

The sale at Mr. and Mrs. Chapman's was well attended. We are sorry to lose them from the community as they are good people.

Ford and Paul Axtell are spending the summer with and working for D. G. Axtell.

Ford Rudd, of Hereford, visited Wallace Phipps Saturday night.

Joe Kennedy is working for J. I. Phipps.

Ford Rudd will work for Milton Ott this week.

Several attended the baseball game at Hurley. Spring Lake and Hurley played Saturday.

Everything but water is scarce this week.

A physician is the inventor of a thin paper cap for men to wear while trying on new hats in stores to prevent possible infection from wearers of the hats.

## SANTA FE VALUATIONS ARE RAISED BY COMMISSIONERS

The regular monthly meeting of the Commissioners Court was held this week, only routine matters being on the docket.

When the Court sat as a board of equalization several weeks ago the old question of adjusting the valuations of the Santa Fe railroad in this county was finally settled. One of the commissioners had worked for years to raise this valuation to a level with neighboring counties. Attorney Turner for the railroad was here and protested at the raise from \$7,500 per mile to \$12,000. The basis of \$10,000 per mile was decided upon. There are 22 miles of railroad in the county and the rate of taxation on this difference in valuation means about \$55,000 higher valuations for the county. It is understood that the Farmer county valuation is \$15,000 per mile and Randall county \$11,000, while the railroad improvements here are much more valuable than in either of the other two.

## PARROTT

The revival meeting begin June 19. Brother Beavers, of Hereford, will preach here at 11 o'clock.

The two Sunday Schools, Axtell and Parrott, will meet on that day also, as Mr. Randall is superintendent of both schools. Basket dinner will be provided.

Miss Aiva Metcalf has returned home after a two weeks' visit in Dimmitt. Mrs. Calson, who has been visiting

her daughter, Mrs. Allen, has returned to her home in Wellington.

Dr. Gabbert was called to see Miss Barger, who is on the sick list; Sunday evening.

Misses Bebe Walker and Valeria Allen have returned home from Canyon where they were attending school.

"IT'S SANITARY"

HELP OUR SHIPS ON THE SEVEN SEAS

American ships, flying the Stars and Stripes will carry you and your goods anywhere

Two and three generations ago, the Stars and Stripes were all over the world. Then they almost vanished from the seven seas. But today they are back again.

Big splendid steamers, American owned and operated, carrying passengers and goods, are crowding their way into all foreign harbors with the Stars and Stripes proudly fluttering from their masts.

American exporters, importers, travelers—all can help by shipping and sailing under the Stars and Stripes.

## Relatives Visit in Ray Home

Mr. and Mrs. W. H. Ray and children spent Sunday in Amarillo, guests of the family of Mr. Ray's brother, J. Ray, and of his sister and niece, Misses Nancy and Martha Ray, of Covington, Tennessee, who were also guests in the Ray home at Amarillo.

Th two ladies came to Hereford Wednesday and will spend the week here, after which they will go to Saltillo, California to visit their sister and aunt, Mrs. J. W. Snell.

## Picnic Party

Wednesday evening a picnic party composed of Misses Maurine Hughes, Grace Ferguson, Kathleen Hawkins, Mabel McQueen, Eva Skelton, Eloyse Pitman, Mary McDonald, Messrs. Roger Corbett and Obed Shanks, and Mrs. C. A. Skelton motored to the creek near the Slaughter ranch, where they spent a jolly evening. Fishing was enjoyed followed by the spreading of a delicious picnic supper, served just before their return to town.

## Young People Enjoy Hayride

A hayride provided enjoyable diversion for a number of the younger crowd on Friday evening.

The merry company met at the home of Miss Maurine Hughes, from which place a farm wagon supplied with a hay frame furnished means of conveyance for the jolliest ride imaginable.

A picnic luncheon eaten on the wagon added to the joys of the pleasant outing.

Misses Ina and Lura Gregg chaperoned the party which was made up of: Misses Mabel McQueen, Eva Skelton, Virginia Laird, Eloyse Pitman, Kathleen Hawkins, Elizabeth Stegall, Grace Ferguson, Mary McDonald, Maurine Hughes; Messrs. Roger Corbett, Roger Wilkinson, Bernard Hicks and Egbert Brady.

## Picnic at Club Grounds

One of the most enjoyable of the season's many picnics was that enjoyed at the club grounds Wednesday afternoon and evening.

Fishing was enjoyed until about four hundred fish had been caught, then a camp fire was lighted, the fish cooked, coffee made and an elaborate picnic supper spread.

The club grounds are very pretty just now, with their abundance of shade, clear water, and soft grass, and added greatly to the pleasure of the delightful outing. In the party were: Judge and Mrs. L. Gough, C. O. Christy, and family, Rev. Wooten and family, Ralph Barnett and family, Judge Megert and family, Mr. and Mrs. A. Lowther, A. H. Elliston and family, Mrs. Geo. Beams, Mrs. Jeff Gilbreath, the Misses Gilbreath, J. C. Gilbreath, Messrs. J. E. Hill and French Thurmond.

**Mrs. Jones Honored in Mothers' Club**  
A special recognition of interest and pleasure was accorded by the Mothers' Club in honoring with Mrs. J. B. Jones as hostess.

Owing to the club's having postponed its meetings during Chautauqua, Tuesday's meeting had a double program—social and business.

The lesson subject was, "Vacation." An interesting article entitled, "What to do with our children during vacation," was read by Mrs. Bowers. A pertinent paper by Mrs. J. B. Jones gave some illuminating thoughts on "When should Mothers take their Vacation."

A report of the "Bundle Day" for the Near East relief recently held by the club, showed a gratifying co-operation of the public generally to this humanitarian call. The contribution was worthy of the cause and the club is very appreciative of the spirit of interest manifested.

## Miss Ramsey Honored

One of the charming pre-nuptial events which have followed the announcement Thursday of the approaching marriage of Miss Dorothy Ramsey, was the beautiful afternoon given Tuesday by Miss Lollie Shore.

Every detail of the pretty affair

showed that thoughtfulness for the pleasure of her guests that reveals the perfect hostess. The spacious, beautifully arranged rooms of the Shore home are ideal for entertaining and were especially attractive Tuesday in their festive adornment of cut flowers, shasta daisies being combined with red carnations and roses most effectively.

The house party included Misses Inez Ricketts, Marjorie Dameron, Pearl Golden, Elizabeth Corbett, Helen Shore and little Misses Ardel Foster and Pauline Wilson.

After greeting the hostess and honoring the guests were shown to a beautifully decorated table from which punch was daintily dispensed by little Misses Foster and Wilson. Later, they were entertained with a program consisting of the following numbers: vocal solo, Inez Ricketts, reading, Floyd Wilson, piano solo, Ina Gregg, reading, Violet Marra.

At the close of the program the bride-elect answered a summons to the door to find a delivery boy loaded down with a veritable Santa Claus burden of "groceries" which when unwrapped in the presence of the interested guests revealed a wonderful array of truly beautiful gifts. While these were being admired another messenger appeared with more packages which were "showered" on the honoree. All enjoyed looking at the lovely linens, silver, aluminum, cut glass, etc., which expressed the love and good wishes of so many friends.

The serving of ice cream and angel food cake marked the close of the enjoyable occasion.

## Judgment is Needed

(Continued from page 1.)

Land Commissioner, from \$2,500 to any amount not to exceed \$5,000, and Secretary of State from \$2,000 to any amount not to exceed \$5,000. "The proposed increase in salaries of these officers is not large enough materially to increase taxes," Representative Malone said. "The pro rata of a person who pays on \$1,000 worth of property would be only one-half of one cent, or five cents on every \$10,000 worth of property."

Here is the way the amendment pertaining to these salary increases will read on the ballot: "For amendment to Sections 5 and 21 and 22 and 23, of Article 4 of the Constitution of the State of Texas, providing for the compensation of executive officers."

With the adoption of another amendment, the pensions being paid to Confederate soldiers and their widows would be increased. This amendment would require an increase of 2 cents, from five cents now being paid to 7 cents on the \$100 valuation.

## May Soon be Stopped

Advocates of the increased pension plan say that within a few years the Confederate soldiers and their widows now aged, will have died and that this pension tax then will not be collected.

On the ballot the pension amendment will read: "For the amendment of Section 51, Article 3, of the Constitution, authorizing the legislature to grant aid to Confederate soldier, sailors and their widows who have been residents of this state since Jan. 1, 1910."

One of the other amendments follows: "For the amendment to Section 24 of Article 3 of the Constitution relating to mileage and per diem of members of the legislature of the State of Texas."

This amendment proposes to reduce the mileage of traveling expenses of legislators to one-half of what it now

is. It also proposes to pay legislators not to exceed \$10 per day for a session of 120 days and \$5 a day thereafter. If the amendment was adopted the legislature could pay less than this amount. The present pay is \$5 a day for sixty days and \$2 a day thereafter. Those who are for the adoption of this amendment declare that it really would be a saving to taxpayers. They point out that the usual ninety-day session is not long enough to complete that, if the session is prolonged the business of the legislature, and legislators cannot pay their expenses with \$2 a day; that one longer session with sufficient pay would prevent the duplication of work required at short sessions and would not be so expensive.

## Three Voting Changes

Three changes in voting laws would result with the adoption of the amendment that will appear on the ballot as follows: "For the amendment of Section 2 of Article 6 of the Constitution of the State of Texas providing that only naturalized citizens of the United States shall be qualified voters in this state and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the legislature to authorize absentee voting."

Under the present constitution, foreigners are authorized to vote as soon as they declare their intention to become citizens. If this proposed amendment should be adopted, they must complete naturalization before they

would be authorized to vote.

The second section of the same amendment applies to towns of more than 10,000 people. With present laws in effect, persons in such towns must get their poll tax receipts in person. If the amendment is adopted either husband or wife could pay the poll tax of the two and get the receipts for both payments.

Adoption of the amendment would permit the legislature to pass legislation whereby the absentee voting, as now in effect, would apply to general elections as well as primaries.

Misses Mattie Swisher and Mahala Williamson returned from Bovina Monday, where they assisted in a Methodist revival meeting.

Both these young ladies left for Chicago Tuesday morning. It is understood that Miss Swisher will be back with the Hereford schools next year, that Miss Williamson is going elsewhere.

## Dr. Crume Changes Date

Instead of the first Tuesday in each month, Dr. Crume, of Amarillo, will be in Hereford the first Wednesday in June, September, December and March. If interested, remember these dates.

## WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Hereford resident's example.

Mrs. E. C. Carter, says: "About a year ago I was troubled with my back and kidneys. My back was sore and lame most all the time and ached. There was a dull, piercing pain through my shoulders and at times I felt dizzy and weak. My kidneys were also weak and irregular in action. I was advised to try Doan's Kidney Pills and began using them in a short time they entirely cured me of all the trouble. I am glad to recommend Doan's Kidney Pills to anyone I hear complaining of kidney complaint."

**Y. P. M. S.**  
 The Y. P. M. S. should line up now for some good work during vacation. They had their regular meeting Wednesday, but will meet after this on Thursday at 3 p. m. Misses Leuis Anthony and Gladys Beavers attended conference at Quannah and gave reports of the meeting. A good number were present. Those that were not there missed a good meeting.  
 The Y. P. M. S. will pay \$5.00 toward the year's tuition for a girl who will begin training as a missionary. There is much that the Y. P. M. S. can be doing to help in this great work.  
 The delegates to district conference at Hale Center are Gladys Bryant and Dollie Ward. We believe in giving our girls the best.  
 The girls will have a sale of pies, cakes, etc. a little later. Mrs. Potts will superintend the girls for the next quarter.

## TREES, HOUSES AND BARN IN DEBRIS OF FLOOD SWEEP PUEBLO

Trees, houses, barns, railroad cars and bridges visited the downtown section of Pueblo, Colo., drifting against big modern office buildings where they lodged, in the disastrous flood which cost a tremendous loss of life and property. This picture is one of the first from the water-swept city and shows a part of the debris left in one of the principal streets as the cloud-burst waters receded.

Why is God's word called a lamp to our feet?  
 How do men hide their light under bushels?  
 How is Christ the light of the world? What may we learn from light-houses?  
 What truth do you find taught by the X-ray?  
 Special business.  
 Closing song.  
 Benediction.  
 Note: This is a special meeting and we are expecting everyone to come.

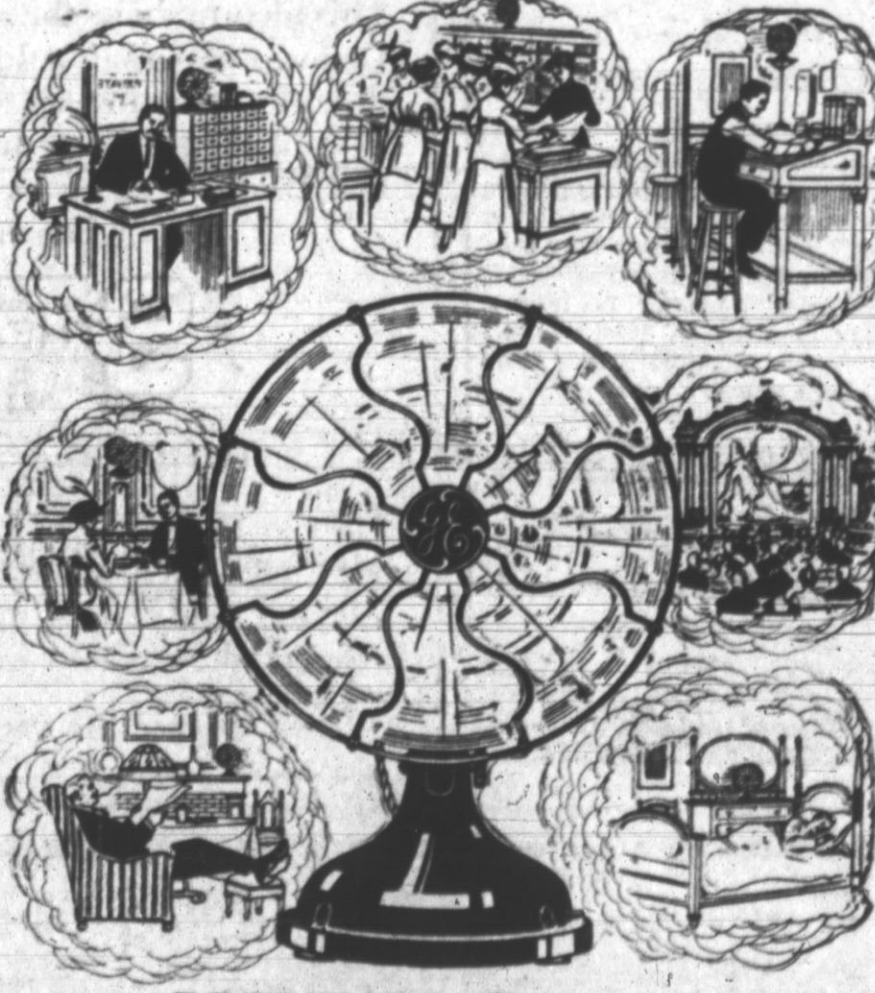

**Methodist Missionary Society**  
 The Methodist Missionary Society met last Wednesday with the President presiding. After a business session, we used the remainder of the time for conference report. In the absence of Mrs. Fox, the report of Saturday and Sunday's session was given by Mrs. Ashbrook. The great need of clothing for the Wesley houses was emphasized, also that we help pay the tuition for a scholarship at Scarritt, and that our part toward raising funds for a Methodist Dormitory at the State University will be one dollar per member. The amount to be raised by our Conference is \$3,000.00.  
 A few conference facts and nuggets:  
 "We have had eighteen volunteers since last session."  
 "The Y. P. M. S. stands against card playing, all social evil, and Sabbath desecration."  
 "Would we take our political life an donr industrial system to China, our factory system to Japan, if we wanted to give them the best?"  
 "There are 1500 foreign students studying here, what will they take home?"  
 "The world reads the Bible very little according to Matthew, Mark, Luke, and John, but reads You."  
 "Women, it is your duty to know the

laws of the nations, then help elect men who will enforce them."  
 Social Service leader says, "Look after the Bill Boards."  
 "Moving picture is producing criminals in the world."  
 "One hundred boys in Amarillo have joined the Anti-Cigarette League."  
 "The two great pillars of the world are the mother and the teacher."  
 Southern Methodism sent 7,190 bales of clothing and 5,000 quilts and comforts to Poland, and they received a letter from Poland saying, "We cannot understand why you did it."  
 The Missionary Society will have their regular business session the fourth Wednesday. Let every woman

get into the work again. Our cares are many and some of our women have become neglectful. The is much need to be busy about our Master's work. We must make our Church first.  
 Our District Conference will be held the 28th and 29th of June at Hale Center. Let each one enter into this and try to make it as good as the meeting held in Hereford last June.  
 Mrs. Ashbrook was again elected District Secretary and we now have another Conference officer in our district—Miss Jessie Green, of Floydada. She has elected Conference Secretary. She has also volunteered as a missionary.
