THE COUNTY ELECTION

A Quiet Day in Every Respect, With Voting Sufficient to Make Things Interesting.

Donley county polled a very good vote Saturday. True, it was not as good as it might, would, could or should have been, and the county's representation in the various conventions is not increased any, but still enough voters turned out to make things interesting and enliven the occasion to some extent, particularly in the three contested offices.

In the gubernatorial race the county showed up with her usual democratic majority. The amendment authorizing an increase in the pay of legislators was snowed under.

In the county races the results show that the following men will have charge of the county's affairs during the ensuing two years:

Geo. F. Morgan, county judge.
C. A. Burton, county and district clerk.

J. T. Patman, sheriff and tax collector.

J. M. Clower, treasurer.
G. W. Baker, assessor.

R. H. Curnutte, county attorney.

E. R. Clark, surveyor.

The board of county commissioners will be composed as follows: Precinct No. 1, W. G. Smith; No.

2, J. D. Jefferies; No. 3, E. E. McGee; No. 4, F. R. McCracken. Capt. A. J. Barnett is justice of the peace for the town precinct and F. A. White constable.

On account of its closeness interest was keenest in the treasurer's race, and not until the last box was heard from was the result certain. With only Whitefish out Messrs. Clower and Johnson were tied. Whitefish gave Mr. Clower three more votes than it did Mr. Johnson, thus electing Clower.

We are unable to give the tabulated vote this week as the returns from two boxes are incomplete. However we will present it next week as counted and made official by the commissioners court.

The total vote as best we could get it in the three contested offices is:

For Sheriff—Patman 319, Williams 162.

For Treasurer—Clower 242, Johnson 239.

For Assessor—Baker 271, Ruth-erford 209.

Election Notes.

Judge Geo. F. Morgan led the ticket as usual, with County Clerk Burton a close second.

Whitefish and Lelia boxes have not come in.

W. F. Manney, Sr., is justice of the peace in Precinct No. 1.

The Globe's bulletin board Tuesday night was quite an accommo-

datation to the public. E. Dubbs & Sons are entitled to credit for their energy in maintaining same.

The county board of commissioners will be of entirely new timber with the exception of Mr. Jefferies of the town precinct.

For commissioner of Precinct No. 4 F. R. McCracken defeated Frank Naylor who defeated Mr. McCracken two years ago.

W. M. Cavness was elected justice of the peace, Rowe precinct, and Joe Devine constable.

The full vote on commissioner in precincts 3 and 4 was not obtainable, but enough is known to show the election of McGee and McCracken.

To Donley County Voters.

I wish to thank you all who so nobly stood by me in the recent campaign with your votes and influence, and take this means of thanking you, one and all. I want to renew my pledge of two years ago by saying that I will continue to do all in my power to put down lawlessness, so that it can still be truthfully said of us that "Donley county people are the most law-abiding people in Texas." Yours to serve,
J. T. PATMAN,
Sheriff and Collector.

Thos. Denton, editor of the Whitesboro Record, was here Monday and visited his old friend, D. C. Sullivan.

Big Ranch Deal.

We understand that J. B. McClelland, Agent, has sold the Rockwall county school lands in Donley and Gray counties to S. B. Owens, the Gray county ranchman and banker. The tract comprises some 17,000 acres and the total consideration was about \$85,000, or \$5 per acre.

That part of the land which lies in this county is near Jericho, and about 18 miles from Clarendon. We are not informed as to Mr. Owens' intentions but suppose that he will use it for ranch purposes, a great deal of it being rough grazing land, although there is much good agricultural land in the tract.

Mr. and Mrs. E. H. Decker and children left Wednesday night for Denver where they will make their home. As central operator for the Clarendon Telephone Exchange for the past several years Mrs. Decker has made many fast friends. Always cheerful, patient and willing to do her best to please the patrons of the system, her loss will without doubt be keenly felt by scores of the people of Clarendon. The Banner-Stockman was often indebted to Mrs. Decker for courtesies and favors, and we sincerely trust her lines may fall in pleasant places wherever she may go.

—White Swan flour is guaranteed to please anybody.

A SUICIDE AT CHILDRESS

Man Adopts Peculiar Plan to End His Life and That of His Two Little Boys.

Just outside the Childress railroad yards Monday evening one of the most sickening tragedies occurred which has yet been recorded in this section of the state. A Childress cotton buyer by the name of C. A. Parham deliberately walked down the track to meet the engine, holding by each hand one of his little sons. The man was instantly killed and badly mutilated, but the children, while badly hurt, will both recover. The engineer saw the man and boys coming to meet him, but supposed they would step off in plenty of time, and did not realize the impending tragedy until too late to prevent it. From the Childress Post we gather that Parham had been drinking, which, coupled with family troubles, caused him to lose reason, and committed the terrible deed while in that condition. The little boys were taken to the railroad hospital at Fort Worth, where it is hoped that their lives may be saved.

MORE ABOUT O., T. & G.

People of Wellington in Collingsworth County Greatly Worked Up and Ready to "Dig."

The people of Collingsworth county want the Oklahoma, Texas, & Gulf railroad, and seem willing to do all in their power to obtain the road. The Wellington papers report enthusiastic mass meetings, and the plan of work well under way. The following from the Courier shows how the people of the county look at the matter:

On last Saturday Jno. Williamson and the Courier editor paid a visit to Quail for the purpose of ascertaining what those people would do toward securing a railroad through their country, and ably assisted by C. W. Roberts and T. M. Aaron, two other members of the committee, most favorable expressions were drawn from the people and we returned from there Sunday morning fully convinced that if there is any fall-down on this matter it will not be the fault of those people.

At a meeting of the committee at the court house last Tuesday afternoon the secretary was instructed to make his report to the secretary of the Oklahoma, Texas & Gulf that a reasonable bonus could be raised, etc. This report was mailed on Thursday.

The committee now consists of twelve members instead of five as originally. The original five having suggested that W. D. Collins who acted as chairman of the mass meeting be called in and asked to increase the number to twelve, which he did by naming M. W. Deavenport, C. A. Gray, C. W. Roberts, W. I. Atkinson, T. M. Aaron, J. A. Leach and T. M. Stancell.

A dozen good workers ought to make this railroad easy to secure.

Notice, Boys.

If the party who on Hallowe'en night took one of my buggy lines away and kept it will return same no questions will be asked and no action will be taken in regard to damage done to buggy.

Chapped Hands.

The editor is in receipt of an invitation to attend the wedding of Miss Grace Anderson, formerly of this city, to Mr. Earl Gordon George, at Tucumcari, N. M., on the 20th inst. Miss Grace was a most popular Clarendon girl, removing a year or so ago to New Mexico with her parents. The Banner-Stockman extends congratulations.

THE CASH STORE

CO-OPERATIVE PLAN.

To show our appreciation of your trade we offer a plan whereby you get a dividend of the profits on your purchases. The goods will cost you no more than our customary close market prices. The difference is this: You get something valuable free of cost. The more you spend at the CASH STORE the more you get. You don't have to buy it all at once, but every dollar you spend will count, until you have bought \$25 worth of goods,

then you call for your dividend. If you buy \$50 you get more in proportion. For example: If you buy \$75 worth, you can have a washing machine free. If your purchases amount to \$100, you can have a set of single buggy harness free. The increase in our business will pay the cost of our premiums. You call for and get a receipted ticket for the amount of your purchases each time and keep them until you want your premium which your

purchases have earned. All classes of merchandise go in this deal, except in special cases, when we make special net wholesale prices. Why not work together? You have to buy the goods somewhere. Here are the bargains all the year around and our prices are published in four papers. Will you help yourself?

If you trade at the CASH STORE you will get your share of these free goods. This is a square deal and no

flim-flam, hocus-pocus, whereby, one favored person gets the prize which others pay for. This way you get what is coming to you and that is the "Dividend" earned by your money. You become a partner in our business and have an interest in our profits. The more you spend at the CASH STORE the more "Dividends" you get. Tell your friends and neighbors to club with you and buy all you can at the CASH STORE.

Repainting.

Paint has no protection against the elements, and climatic changes work hard and fast upon it. The best paint will eventually wear down, and the surface will have to be repainted. But when Pure White Lead and Pure Linseed Oil are used the surface is left smooth and free, all ready for the painter to begin his work.

If, on the other hand, a hard, lifeless, inelastic paint (such as zinc and barytes) has been used, it cracks, peels and wears off unevenly, leaving a scaly surface, necessitating the expensive and dangerous process of burning off before satisfactory repainting can be done. To paint with cheap paint is to repaint at high cost, and too soon. Those who use

COLLIER
Pure White Lead
(Made by the Old Dutch Process)
repaint seldom and at lowest cost.

Send for a booklet containing several handsome reproductions of actual houses, offering valuable suggestions for a color scheme in painting your house. A test for paint purity is also given.

THE RAILROAD MAN'S PRAYER.

(We suppose we will gain the everlasting enmity of Bro. Haskett, of the Childress Index, in publishing the following lines dedicated by a railroad poet to the little city nestling on the banks of the Denver railway pool, but it can't be helped. Such literary merit must not go unrewarded. The writer is a Childress railroad man, and we suppose frequent attending of prayer meetings where rain was the object in view. So here's to Haskett!)

I've suffered many tortures,
Had troubles by the score,
Have grieved o'er life's misfortunes
Until my heart is sore.

I've tasted all the bitter dregs
From disappointment's cup,
Had all my hopes and prospects
By sorrows covered up.

But I've surely reached the climax.
On life's rough and rugged way,
Got a "lay-over" here in Childress,
On this August Sabbath day.

I've traveled over all the streets,
And searched them up and down;
I've walked until my limbs are tired,
And yet I've failed to find the town.

And when I'd look into a face,
I in sympathy bowed my head,
They look like some near relative
Or some dear friend was dead.

A careworn Denver fireman
Was heard to feebly say,
"Don't lay me over in Childress
On another Sabbath day."

I saw Long, the local "hoghead,"
Bowed down upon his knees,
His face raised up toward Heaven,
Where is granted all our pleas.

His look was one of misery,
His lips were moving fast,
I bent my head and listened,
I thought to hear his last.

He said just in a whisper,
"Oh, Lord I humbly pray,
Don't lay me over in Childress
On another Sabbath day."

Perfect Tailoring Perfect Suits

Maybe you don't object to having your clothes made of cotton-mixed fabrics; possibly you think "a little cotton won't do any harm."

"All right; but you object to paying a price based on a little cotton for clothes that are more than half cotton."

When you buy clothes this fall you're going to take your choice between *Mercedized Cotton* and all wool fabrics. You'll find either one easy to get if you go to the right place for it.

If you choose the *mercerized cotton* clothes it will be either because you don't

know what they are, or because you "think they'll do," and you may save a dollar or so. But in either case you'll be a loser: "Mercedized" goods don't wear the money's worth, don't keep the shape nor look right after a few weeks.

If you choose **H. S. & M.** all wool you'll have to come to us for it. You'll find here the highest type of clothing—style, hand tailoring, perfect fit: and absolutely all wool with no sign of a cotton thread.

Come in and inspect this line of goods.

Years of "Knowing How" Produce Clever Clothes

The large manufacturer can afford to pay a clever designer more liberally than a custom tailor, because the cost of one pattern is divided among many garments.

Paying a famous tailor an extravagant price for the precise grade of material and workmanship is folly—not good business.

We sell Overcoats. Inspect the "R & W" "Oakdale"—very clever garment.

An Interesting Meeting.

Promptly at 3 o'clock our president, Mrs. Eddins, opened the business meeting of the Home Mission Society Monday evening by reading the scripture, after which Mrs. Ross lead in prayer.

Miss Nell Miller, who was our delegate to the district conference at Hereford gave us a most interesting account of the meeting. We felt it was almost like being there, and were proud we could be represented by such a consecrated young lady.

Miss Bobo reported her subscription to "Our Homes" steadily increasing.

Mrs. Britain, who is at present our newspaper collector, had a good sized bundle we noticed to distribute. Anyone having a good paper of any kind, which they have read,

are requested to hand the same to Mrs. Britain and she will see that some worthy person receives it.

Mrs. Kelley, our agent for local funds, reported a neat little sum in our treasury.

Bro. Dodson, who is always present, gave us an interesting talk.

It was decided to send a box to the Orphans' and also to the Rescue Home by the 1st. Mrs. Jefferies will be around with Mrs. Pope to collect anything the ladies may have ready to send.

The press reporter asked some questions, which as she was not posted, she found out to her dismay could not be answered.

Mrs. Dodson reported that on Monday, November 11, Miss Daisy Davies, the general secretary of the Woman's Foreign Mission

Society would be in our city. Clarendon should consider this an honor, as it is the only point west of Fort Worth she will lecture. Notices concerning her will be found elsewhere.

Don't forget our meeting the 3rd Monday.

Why?

Why is it that when a man wants a suit of clothes he doesn't call for the cheapest thing in the house? The answer is easy—you know cheap clothing is the dearest in the long run. Why is it that a man almost invariably figures on the cheapest lumber he can buy? The answer is simple—the ordinary individual knows about as much about lumber as a monkey does about frenzied finance, and something cheap looks goods. A carpenter will tell you why the best is the cheapest, AND HE KNOWS.

THE election is over. Brace up. Don't knock. Forget it.

THE Donley county farmer is much in evidence just now, and always with a loaded wagon. The feed stuffs are coming on the market now, as well as the cotton.

PRESS dispatches state that the republicans suffered overwhelming defeat in the two territories. A democratic majority of more than thirty thousand is the result of the Oklahoma election.

FOR the first time Clarendon people had the opportunity of voting for a cotton weigher Tuesday. The amount of cotton sold in Clarendon now demands a public weigher, and one has been elected in the person of M. W. Andis.

THE Panhandle Teachers' Association will meet in Clarendon on Friday, Nov. 30, and Saturday, Dec. 1. A most interesting program has been prepared and sent out. We note that Cree T. Work, president of the Girls' College of Industrial Arts, at Denton, is due to be present and deliver an illustrated lecture. Clarendon will, as

usual, extend the glad hand to the pedagogues.

AN Amarillo man is said to have bought the patent rights for several plains counties for a patent stump puller.

HEARST was defeated in New York by a majority of about 40,000. Two years ago the republican majority was more than 80,000.

THE Texas democratic majority Tuesday was of the usual size. Campbell's majority being placed at 150,000. From the best that we can glean from the daily press the exemption amendment is carried, while the amendment to increase the pay of legislators is defeated.

AMARILLO papers report another mystery, or rather an occurrence that looks mysterious. A trunk brought into that city on the Denver emitted a very foul odor, and after it had been called for and delivered there was found to have been a leakage from it which physicians pronounced to be human serous. No trace of the trunk could be found by the officers after it was placed in the wagon which carried it away.

LAST Saturday was a "big day" in Clarendon from a business standpoint. All our merchants were rushed with business, and several report the best day's sales for many months. One dealer reports having sold more goods than ever before in one day's time, not even excepting holiday trade. Business is becoming better and better all the time, and the "man with the plow" is responsible for the increase. More farmers and better farming is the secret of the wonderful advancement and prosperity of this Panhandle country—and it's no secret.

Mrs. S. P. Brown, who, with her husband and Mr. and Mrs. Weeks, recently located in Clarendon, died at their temporary home, the old August Williams place, Wednesday at 2 a. m., of consumption. The funeral services were conducted by Elders E. Dubbs and C. C. Bear-den at the Christian church yesterday morning. Deceased was about 48 years of age. They came here from Iowa only recently, and Clarendon was to have been their permanent home. The Banner-Stockman tenders the sympathy of the community to Mr. Brown in his sad affliction.

Lost.

One blazed face sorrel horse, about nine years old. White hind legs. Right hind ankle swollen. About 15 hands high and will weigh nearly 1000 pounds. If branded he will have 96 on him. Reasonable reward will be paid for his return to Clarendon or for information leading to recovery.

SINCE THOUGHTS ARE THINGS.

* Written for the Banner-Stockman by Prof. Garnett, in Occult Science.

'Tis sweet to relax this weary frame,
To sit in silent theme;
To send a nobler tho't on high,
Where is no fault or blame.

Stand—the world is shut out;
Take Nature by the hand.
Come stroll by the sea and rugged cliff

To a brighter, better land,
Let's give a little time each sun
To relax, to think and pray;
'Twill make each life much sweeter here

While trav'ling life's thorny way.
Let's make a Heaven while we are here,
And we'll have the password there;
Come join the happy band today,
You've got no time to spare.

WEEK WITH EDUCATORS

Being a Weekly Digest of Events
Transpiring on College Hill as
Told by Miss Betts.

On last Friday morning Lester Sheffy received a phone message from his home near Plainview that his little brother was thought to be dying. He and Gordon Willard at once started across the country for his home, which they reached as early as very hard driving could enable them to do. Upon their arrival they found the child somewhat improved, and when Mr. Willard left for Clarendon it was thought recovery was possible.

Mrs. Wedgworth held her monthly recital for her music class in the chapel last Saturday afternoon. Little Miss Lucy Pope took the Blue Ribbon. These little recitals are very helpful to the class.

Miss Zela Jackson of Lelia matriculated Tuesday. She was under Prof. Smith at Granbury College last year. Her father has recently built a fine residence in Lelia, and sends Miss Zela for the literary work and her sister for music only.

The Austin literary Society in Miss Betts' room, last Saturday, elected the following officers: Elmer Houssels, president; Sylvan Sanders, vice president; Ethel Dodson, Secretary.

Bro. Mood accompanied Charlie Doak on his regular trip to his appointment at Naylor last week. They went out on Saturday and spent the day hunting, going on to Naylor for Sunday services.

The spacious parlors at the Dormitory were thrown open last Friday evening and Mrs. Mood and Mrs. Quigley entertained the young men from the boys dormitory. Progressive games were much enjoyed and delightful refreshments were served. At rather an early hour the young men were rather startled by the simultaneous alarms of about a half a dozen alarm clocks concealed behind pianos, etc., but they soon found that it was only a salute from the young ladies who were not invited to be present.

Rather a serious accident occurred at the College last Friday. Quite a number of the boys were out on the campus shooting at a target when the gun was accidentally knocked aside just as Paul Sarvis was ready to shoot. The bullet, instead of striking the target, entered Coopwood Perry's leg near the knee. Dr. Standifer was soon summoned and the bullet removed. Coopwood has felt very little pain from the wound, and is doing nicely as could possibly be. Think he will be all right in a few days.

Mrs. Fagon and her small son, Hubert, accompanied by Miss Eunice Board, came down from Amarillo last Sunday morning and spent the day with Miss Glenn and Lloyd at the dormitory.

Miss Maggie Gardner greatly enjoyed a visit from her father and mother and little brother last week. They came up from Guthrie, Tex., on Friday and stayed till Sunday.

Henry Pipkin and T. E. Williams are on a short trip to Matador, Henry on a visit to home folks and Mr. Williams on a business trip. They are expected back the latter part of the week.

Miss Fay Dodson, Prof. Quigley's niece, entered school this week. She has lately moved here from Goodnight.

Rev. V. H. Trammell is here on a short visit, on his way to conference. He reports a most successful year's work on the Hereford mission, in which we all rejoice. Our boys do us credit wherever they go.

News comes from Georgetown that Ed Graham's health has failed to such an extent that he has deemed it advisable to give up school work. He will go to conference and take work instead.

Marvin Law writes that he has the seventh and eighth grades and a Latin class in the Portales public school.

A little Third Reader class are

rejoicing over the fact that they finish the regular Reader and take up the supplementary book this week.

The Adkissonians elected Kenneth Bain and Hugh Arnold for their anniversary speakers, and now the question for debate is absorbing the minds of both sets of speakers.

Last Friday was the day for election of officers in each of the societies for the new quarter, and the following elections were made: Panhandle—K. H. Anderson, president; Russell DeLaney, vice-president; Clayton Lacy, secretary; Gordon Willard, treasurer; Lester Sheffy, sergeant-at-arms; Joe Powell, critic; Charley Doak, librarian; G. L. Gilbert, chaplain. Adkissonian—George Palmer, president; Kenneth Bain, vice-president; Herman Gibson, critic, Geo. W. Bolander, censor morum; John Arnold, secretary; Bounds Howe, treasurer; Rex Stegall, sergeant-at-arms; John Roberts, prosecuting attorney; Hugh Arnold, chaplain. Euterpean—Carrie Lutrick, president; Glen Fagon, vice-president; Madge Glenn, secretary; Mabel Clare Betts, treasurer; Mary McLean, marshal; Agnes Brummett, critic. Sappho—Susie Patterson, president; Rollie Gordon, vice-president; May O'Neill, secretary; Laona Ferguson, treasurer; Mollie Hunt, critic; Nora Wilson, monitor; Lillie Mertz Clower, editor; Dana Klutts, assistant editor.

A new consignment of song books—Young People's Hymnal No. 3—gives additional interest to the chapel service.

Don't forget the Thanksgiving dinner by the College Circle.

Having bought the Clarendon Steam Laundry from J. M. Clower I have changed the name to the "Panhandle Steam Laundry." Mr. J. G. Adams is the manager of the operating department. He is an experienced laundryman, and both his guarantee and mine are extended to the people according to their patronage. We want your work. will begin its fifth season the last of this month. Sales for 1905-06 were much better than any before. We have had letters this year from several parties in the great Texas Panhandle praising our trees and the growth they are making. **Some Prices**, write us for more: Standard peaches, apples, also grapes, \$10 per 100. Make a hundred lot of the three fruits, if you do not want that of each. Forestry is a specialty with us. The Division of Forestry, Washington, has listed our nursery and presents our sizes and prices of BLACK LOCUSTS to prospective purchasers over the country.

WANTED:—A first-class political carpenter to make a platform that will command respect and cannot be stolen by the republicans. Apply to Miss Democracy.

THE Fort Worth Telegram says that the anti-Hearst papers are ring organs. We would rather be most any sort of an old organ than to have to cut off "Copyright by W. R. Hearst" in order to keep the people from knowing where our opinion originates.

Childress has a population of about 3500 people. Of this number 2200 are directly supported by the Fort Worth & Denver railway. —Childress Index.

Clarendon has a population of 3000. Of this number 2995 are supported by the farming interests of their home county.

The sale of the Shoobar ranch last week was the greatest thing that has ever happened for the speedy advancement of Memphis. Mr. Zimmerman, being a cattle man and well along in life, did not care to cut up the property to settlers who might desire to buy, and hence the finest body of land in the whole Upper Red River valley was held out of the market. The new purchasers state that they will sell every acre of it that is in demand, in tracts of 80 acres and up. This

will be the means of settling the ranch with a thousand families, under favorable conditions, during the next two years. It is the solution to the city problem in Memphis, and all are delighted. Mr. Zimmerman is a splendid and affable gentleman, but the cutting up of this land was necessary to the prosperity of Memphis, and hence the sale was of paramount importance. We hope Mr. Zimmerman may decide to locate in Memphis and put in a large enterprise of some kind, and make a permanent addition to our business concerns. We all know him and have learned to love him for his many admirable traits of character. —Hall County Herald.

THE Hopkins County Democrat says: "Col. Camp finished gathering 500 bushels of corn this week, picked one bale of cotton, and caught six opossums Thursday night." Well, that is what we call going some. Col. Camp must be an octopus.

THE man who habitually tells the truth that better remains untold is worse than the blackest hearted liar, for his sayings do harm that cannot be undone. Truth is all-powerful, and its power can be used with equal force for bad as well as for good.

LOST—A medal about the size of a quarter, with L T on one side and C A on the other. Lost between the depot and Clarendon College. Also a locket about the size of a dollar, belonging to Miss Ethel Davis, was lost between town and the college. Finder will please leave at Powell Trading Co.

Some nice venison steak has graced the editor's table this week, a friendly remembrance from that best of butchers, James Trent. Venison is becoming more and more rare each year, and like buffalo meat will soon be a thing of the past in Texas.

DELAY IN ALL SHIPMENTS

Railroads Crowded to the Utmost and Shortage of Cars a Serious Consideration.

The Denver road is not the only road suffering from a shortage of cars, and is not the only system giving dissatisfaction in the handling of freights. All roads, the whole country over, are in a similar position, and a freight shipment of any kind rarely ever gets through on schedule time. The situation over on the Pea Vine branch of the Santa Fe is shown in the following from the Canyon City News:

There are now some ten train loads of cattle awaiting shipment here.

They are being held all about town, many of them on short grass, at great expense, by the shippers, and aside from this expense, to say nothing of the worry attendant on delay and uncertainty combined, the stock are shrinking in market value every day.

A "shortage of cars" is the excuse rendered by the railroads. This the shippers, from their conversation are not inclined to believe and in their desperation they are appealing not only to the State Commission, but to the National authorities at Washington.

The situation is indeed a hard proposition from the shippers' standpoint but if the public carriers—the railroads—are, as they say, doing all they can in the premises The News fails to see wherein these appeals to the government, either State or National will do any good.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale at J. D. Stocking's drug store.

T. R. Garrott, the Memphis merchant who advertises, has an enlarged space in this week's Banner-Stockman. We do not know whether the "T. R." before Mr. Garrott's name stands for "Theodore Roosevelt" or not, but we do know that he seems entirely capable of using "the big stick" when it comes to writing an ad and hammering down prices. The Banner-Stockman has a nice large bunch of subscribers living within the bounds of the Memphis trade territory, and to all of these we would most respectfully recommend Mr. Garrott and his "cash plan."

Made Happy for Life.

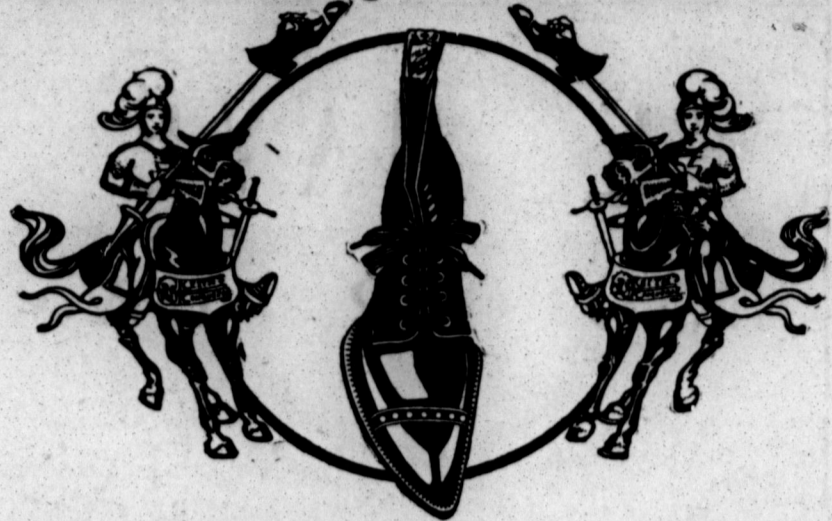

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed at Stocking's drug store. Price 50c.

Pastor Rogers and wife are attending the Baptist General Convention at Waco, therefore there will be no preaching at the Baptist church next Sunday.

must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.

A. H. Sayce, LL.D., D.D., of Oxford University, England, has recently said of it: It is indeed a marvelous work; it is difficult to conceive of a dictionary more exhaustive and complete. Everything is in it—not only what we might expect to find in such a work, but also what few of us would ever have thought of looking for.

A supplement to the new edition has brought it fully up to date. I have been looking through the latter with a feeling of astonishment at its completeness, and the amount of labor that has been put into it.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for sore lungs, coughs and colds, at Dr. Stocking's drug store. Price 50c and \$1. Trial bottle free.

I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale at Dr. Stocking's store.

The cotton yard "looks good"
these days, and Public Weigher
Andis reports already more bales
received than were brought in the
entire season last year.

Cattle shippers, lumber shippers
and all other shippers are com-

of cars and the difficulty experi-

freight transferred.

of tartar baking powder;
no alum—no ammonia
—no phosphatic acid.

Scrant Harrington this week

ical attention. Mrs. Harrington is
still suffering from the effects of a
fall received several months ago.

Commissioners court will meet
next week, it being the regular
quarterly term. The election re-
turns will be canvassed and reg-
ular routine business transacted.

The lumber stock of Morrison
& Barnett is beginning to arrive
and is being placed on the ground
as it comes in. A foundation has
been laid for their building, and
the premises are taking on the
appearance of a lumber yard.

Mrs. T. C. Fleming, whom we
reported last week as being very
low with cancer, died Saturday
and was buried Sunday, Rev. C.
C. Bearden conducting the funeral
services. Besides the four sons
present at her death there were
also here two daughters whose
names we failed to learn.

The Bowie Commercial College,
Bowie, Texas, asks you to investi-
gate its school, methods of teach-
ing, and securing positions for its
students, and if you are not con-
vinced that they offer as good fa-
cilities as can be found in the
country, we would advise you to
attend some other school, for the
best is none too good for you.
We are led to believe it is one of
the best. It will cost you only a
postal card to investigate. 2t

very little business before the

AT PROF. SILVEY'S SCHOOL

The Story of the Public School Terse-
ly Told Each Week by our
Correspondent.

The black-boards of nearly all
the rooms have received a new coat
of slating this week. Our janitors
Charlie Taylor and George Shep-
herd did the work.

The class in physics has been en-
joying some experimental work
this week with their new apparatus
that arrived a few days ago.

Frankie Dodson, of Goodnight,
and Glee Hatler are new 3rd grade
pupils.

Myrtle Benedict is a new fifth
grade pupil. Myrtle has attended
school here before, and her class-
mates are glad to have her back
again.

The Panhandle Teacher's Asso-
ciation soon to meet here promises
to be one of the most interesting
ever held here: Not only will the
prominent teachers of the Panhan-
dle be present, but some of Texas'
prominent educators are expected
to be here.

Miss Burdette, teacher of the
seventh grade, left Wednesday
night for Waco to attend the Bap-
tist State Convention. In her ab-
sence Miss Amy Harding, who
taught this grade last year, will
teach her classes.

The vacant lots near the school
building have been purchased for
business or residential purposes un-
til playgrounds of the pupils must
be confined to the schoolyard. These
encroachments of the city upon
playgrounds will soon be a se-
rious matter if Clarendon continues
to improve.

The characteristic features of
school work now are harmony and
progress. The teachers are indus-
trious and painstaking, the pupils
are studious and interested. There
seems in most cases to be that mu-
tual sympathy existing between
teachers and pupils that is so nec-
essary to the proper understanding
of each other's motives.

Miss Stevens has the nicest room
in school. New slating on the
black boards, newly varnished
desks and a new book case, the
latter donated by Tom Bearden.
It's a neat piece of work, and an
ornament to any room. Quite a
number of new books have been
donated the library in this room,
Mary Collinson giving four and
Jennie Dale Powell and Gordie
Cross one each. The fifth grade
pupils are justly proud of their
room.

The pupils of Miss Cole's room
are enthusiastic over the collecting
of autumn leaves this week, draw-
ing and painting them also. Some
beautiful specimens have been
brought by these little folks.

Mrs. Addie Lipe visited the sev-
enth grade room Friday. She was
a student in this room last term.

Bro. Bell was a pleasant visitor
in Prof. Willis' room Friday. He
gave the pupils an interesting talk,
which was enjoyed by all.

TO THE PUBLIC

The new management of the Clarendon Telephone Exchange has taken
charge, and as promised we expect to make great improvements.
However, please have patience, and don't expect too much all at
once. We will do our best to work fast in making the im-
provements, but material and supplies are hard to get, and
we will necessarily be delayed in some things. Just
as soon as possible we will do away with the 2, 3
and 4-ring nuisance and give every subscriber
a line of his own. Thanking you in ad-
vance for favors, we are yours for a
system as good as the best.....
