Clarendon College Commencement.

Another Term Closed Under the Most Auspicious Conditions.

Another Commencement occasion has become a part of the history of Clarendon College, and the unanimous opinion seems to be that no other Commencement has ever been replete with such interest as has this one. The very elements seemed to be in our favor—the weather was delightful almost all the time. As early as Wednesday visitors began to arrive, and they kept coming until the very last day. They were here from New Mexico, Oklahoma, Amarillo, Canyon, Claude, Memphis, Quanah, Plainview, Silvertown, Stratford, Shamrock, Wellington, Matador, Hale Center and from all the surrounding counties. Never before have so many of the fathers and mothers honored us with their interest and presence, and besides them many friends, old students, and prospective students were with us and helped to make the occasion pleasant. Even within the few years of the existence of the College its Commencement occasions have become reunions of old friends, and they look forward to them from year to year.

The first entertainment of the occasion was the piano contest by sixteen young ladies from Mrs. Wedgworth's class. Three pieces were played by the three classes classes represented. A crowded auditorium greeted these young ladies, and they were listened to with intense interest. Misses Chamberlain and Anderson and Mrs. Wil-

liams acted as judges. The result was not announced until Tuesday when it was found that Miss Mamie Harrington had won the medal, while those deserving honorable mention were Misses Helen Powell, Florence Crews and Ruth Harrington. This contest proved a most delightful opening of the Commencement occasion and reflected great credit on Mrs. Wedgworth as a teacher.

On Friday morning at 9:30 after the chapel exercises, a short program was rendered in honor of the Senior class. Music and speech making was the order of the hour, the young ladies furnishing the music, while the young men furnished the speeches. It was an hour of reminiscence and farewell on the part of the class, as they knew they should never again take their places as students of the school. By 3:30 Friday afternoon the chapel was again crowded for the Art Levee. A short program of music and elocution was rendered after which printed lists of the pictures with which the walls were decorated were furnished the guests and they were asked to inspect the work. The work brought many flattering commendations to Miss Felder, the Art Teacher. The contest pictures were also on exhibition—three by each pupil entering the contest, the first and second and last picture of the year's work. The result of this contest was also kept secret until Tuesday when it

was found that Misses Anna Talley and Carrie Smith had tied, so two medals were awarded.

On Friday evening at 8:30 was rendered the joint entertainment of the Sappho and Enterpean Societies this being the first joint entertainment by the young ladies since the division and formation of two societies. The program proved quite interesting. Among its most attractive features were the choruses by Miss Burkhead's large chorus class, consisting of about 25 or 30 young ladies. "Sleep Kentucky Babe" was especially bright and "catchy" and was loudly but unsuccessfully encored. Miss Annie Laurie Buie's rendition of "The Jimers" was also much appreciated.

On Saturday morning at 9:30 the Board of Trustees met in the library and spent several hours in considering questions of vital interest to the school, among them the selection of a faculty for the ensuing year. The resignation of Bro. Hardy as president a short time ago necessitated the election of a president of the institution. Rev. J. R. Mood, an A. M. of Southwestern University and A. B. D. of Vanderbilt, was elected to his place. Bro. Mood is a son of Dr. Francis Asbury Mood, the great Methodist educator of Texas. He came here the day before the election and is making friends and winning an interest among the people already. He comes highly recommended and the Board felt that in him they fortunately secured a worthy successor to Bro. Hardy whose loss to the school was so greatly regretted.

Prof. Johnston having decided not to remain with the school, Prof. W. B. Quigley, of Amarillo, was elected to take his place. Prof. Quigley was notified of his election

and after coming down and studying the situation he accepted. He also is an A. M. from Southwestern and a teacher of experience and ability, especially in mathematics and physics, which he has made a specialty. The general opinion is that the school is greatly to be congratulated on securing him.

Miss Betts was retained for the primary department, and Mrs. Wedgworth as director of the musical department. Miss Burkhead, voice and piano, and Mrs. Tresise, stringed instruments and elocution. Dr. Burkhead had been elected for a period of three years at the election of teachers last year, so he and Mrs. Burkhead will still have charge of the young ladies. These constitute the faculty so far selected. The art teacher will be selected later.

Rev. J. T. Griswold, of Colorado City, Rev. C. N. N. Ferguson, of Amarillo, and W. F. White, of Dallas, were here for the board meeting in addition to the local members. Bro. Hardy was asked to act as financial agent for the school until conference, which he consented to do. Various plans for the improvement of the school were agreed upon.

At 3:30 Saturday afternoon the chapel was full to overflowing for the primary entertainment. The small people did their best, and the people seemed very appreciative of that "best."

One of the most attractive features of the commencement to many of our guests as well as the home people is the joint debate between the Panhandle and Adkissonian societies. This was held at the opera house at 8:30 Saturday evening. The subject was, "Resolved, That the United States

Should not Declare War Without First Obtaining the Consent of the People by Ballot." The affirmative was championed by Messrs. Geo. Palmer and Kenneth Bain of the Adkissonian society and the negative by Messrs. W. P. McMicken and Clinton Small of the Panhandle. After a hotly contested debate the decision was rendered in favor of the negative by 4 to 1 votes. The usual scene of indescribable panic followed in which the victors rejoiced and the defeated side learned to smile over their defeat.

The commencement sermon on Sunday at 11 o'clock at the Methodist church was preached to a large audience by Rev. J. T. Griswold, presiding elder of the Colorado district. After the sermon Bro. Sherman took up a collection to put a porch on the boys' dormitory. At 8:30 p. m. Rev. C. V. Oswald of Missouri Ave., Fort Worth, preached a sermon to the young people. Both sermons of the day were strong, earnest and helpful to the young life of the College.

At 10 o'clock Monday morning was held the oratorical contest which was participated in by six young men as follows: Herman Gibson, Clint Lee, Floyd Teague, Arthur Neeley, Roy Wilson and Ernest Wilson. This was a contest of unusual interest, each of the young men acquitting themselves with great credit. The decision was rendered for Ernest Wilson.

At 3:30 the elocutionary contest took place. Five young ladies spoke for the medal. They were Misses Annie Laurie Buie, Eunice

New Business House.

B. T. Lane last week began work on a new business house on his lots on the east side of Main street. The building will be 50x100 feet, and will be constructed from the concrete blocks manufactured by Mr. Lane and son. He says work will be pushed on the house and when completed he will move his stock of buggies, etc., into same and immediately begin the construction of another building of like character on the site of his present location just across the street. The machinery for making these concrete blocks has been in steady use now for some months and a large number have been made. Several men have used them for foundations, and J. B. Pope is now engaged in constructing from them a large barn at his home in the west part of town. Mr. Lane informs us that there are other buildings in contemplation.

LATER—We learn that Mr. Lane has rented the new building for another business and has contracted to have it ready for occupancy within 60 days.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale at Dr. Stocking's drug store.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. COLLEGE COMMENCEMENT 4TH OF JULY CELEBRATION

(Continued from 1st Page.)

Burk, Dana Klutts, Lizzie Crisp and Laura Pace. The medal was won by Miss Dana Klutts.

The final recital of the year by the musical and elocutionary departments was given Monday evening. The Monday evening program is always looked forward to with especial pleasure by all lovers of music and elocution.

At 10 o'clock Tuesday morning the chapel was again packed to its utmost capacity with the friends and admirers of the graduating class who held this crowd in intense interest for about two hours with their essays and orations. Misses Nora Talley, Maud Harrington, Mamie Harrington, Willie Thompson, Ada Hawkins and Messrs. Hugh Black, Arthur So-Relle, D. B. Doak, Hundley Coker, Marvin Law, and T. E. Graham composed this class of '06, than which the College has produced none better. After the presentation of diplomas by Pres. Hardy and the baccalaureate address, the medals and honors were awarded. The first honors, which mean a scholarship in Southwestern University, were awarded to Hugh Black, the scholarship medal to Hugh Arnold, the intermediate scholarship medal to John Bailey, and the primary scholarship medal to Mary Hardy. The second honors in the primary department were awarded to Helen Powell, and she was given a signet ring. A ring was also given Albert Morris for perfect attendance during the entire year. The Bible medal was awarded to Miss Mollie Hunt, the voice medal to Miss Pearle Alley, the house-keeping medal to Miss Agnes Brummett, the music medal to Mrs. Tressie's class to Miss Joe Rush, the essay medals to Miss Claire Teague and Harwood Beville. Mr. Geo. Washington presented a beautiful music roll to the young lady who painted a certain picture which he greatly admired. The young lady proved to be Miss Stella Gribble.

In the afternoon Senator D. E. Decker, of Quanah, delivered the annual address to a large audience. His theme was, "The Panhandle—Its Opportunities and Possibilities." His address was practical, but scholarly and earnest.

This closed the commencement. The students at once began to scatter, the guests did likewise, and now a painful quietude reigns on College Hill. Many things of interest happened which lack of space forbids mention. Judge Morgan, who never forgets the children, sent up a box of bananas for the primary people, for which he has their thanks.

Mrs. F. E. Harrington entertained the graduating class for dinner on Sunday, while Miss Betts entertained the new class and the alumni from 6 to 8 on Monday evening.

The entire commencement occasion is considered the best in our history. We look forward to September, when we hope to again meet those whom we have learned to love and appreciate in the past.

We have moved our goods into the Noland building, and in addition to our stock of new and second hand furniture, etc., an entirely new stock of general Racket Goods, consisting of articles too numerous to mention. Would be pleased to have you call and see what we have and get the prices. Tatum Mercantile Co. Noland building. tf

—The Globe has come to be recognized as the leading men's furnishing goods store in Clarendon. Everything for men and boys from a tailor made suit down to a two-for-a-quarter collar or a 5c handkerchief. Ask Dubbs. tf

—For a sewing machine of the best quality at a special low price see me at once. Am offering a special bargain in the two on hand. J. M. Clower. tf

—Hammar Paint is the most lasting. Stocking handles it and will save you money in a paint deal. tf

—Go to Thompson's for shirts, hats and ties. They are up-to-now.

Indications Point to the Biggest and Best Entertainment Yet Had in Clarendon.

The various committees connected with the coming celebration of the nation's holiday in Clarendon are at work and all things indicate that the affair will be on a bigger and better scale this year than ever before.

The usual barbecue will be had, together with a basket picnic dinner on the shady lawn of the courthouse. We are requested to say that every family in town prepare to be on hand with baskets of edibles of all kinds. The crowd is expected to be larger than usual and it is desired that they may be fed to a finish. There will be no house program, but a number of Panhandle speakers will be here to fill up the time usually devoted to the program, and this with plenty of good music by the Clarendon Concert Band will serve to take up all the time not devoted to the field sports. Of these latter there will be many, including a first-class game of baseball, tournament riding, pony races, bicycle races, sack races, etc. At night there will be a big display of fireworks, and those who trip the light fantastic will be taken care of in that respect by private parties who will see that every one has a good time. Further mention will be made later.

Card of Thanks.

We desire to express our heartfelt thanks and gratitude to the good people and kind friends who aided us with their sympathy and services during the sickness and death of our darling little one. While the burden is hard to bear still it has been lightened to a great extent by these kindly expressions of friendship and sympathy. May God bless you all.

To The Farmers of Donley County.

We have sold more land and closed more trades in proportion to the number of men that we have hauled than any firm in Clarendon. This is no vain boast, but mere facts. We tear down no deals, just because we think some other man has a finger in the pie. It's business and not trouble that we are looking for. We are prepared to exchange your land for black waxy land in East Texas. We have lots of business propositions to offer for trade. If you have anything to trade, we are the people you are looking for. Our land list is not only in Donley county, but in other parts of Texas, and not only in Texas, but in other states. We can show a longer list of property than any firm in the Panhandle. If this you doubt, come to our office and we will readily convince you what we say is true. We have inquiries every day for land for buyers and co-operative agents throughout the U. S. If you want to sell your land, we will treat you fair and honest and would be glad to have you list your land with us. Within the last week we have turned down several parties, because we did not have the lands they wanted, and today we have several inquiries for land that we haven't on our list to supply them. We don't insist on any Donley county man selling his land, but if you decide to sell, we can find you a buyer as quick as any one in the business, this means, if your price is right. The mill will never grind with water that is past. We can't sell to a man that has gone wherelse and bought, therefore, we want to be ready to handle the men when they come. We are putting out our new advertising matter, and we respectfully invite you to our office. Our office is the headquarters of the farmers of Donley county, each and every one of you are welcome and we are glad to have you come. Come in and talk to us about the crops and improvements of the different places of the county. Donley county is our home as well as yours and our interests mutual, all working for the betterment and upbuilding of the country. We make farm loans and land exchanges and land sales. We tell all about our advantages and school facilities of Donley county and many good traits about her people all which is indirectly to your interests. We want at all times to be a help and not a hinderance. We are going to conduct our business in such a way that we will become a public necessity. This we will do by your co-operation and your kind aid. All of which we expect to merit and don't doubt but that we will get it. If you have no land to sell, and you are not a buyer of land, understand we want you to come to our office just the same. We want to know every man in Donley county, and if at any time we can serve you in any way we will take pleasure in so doing. These lines are submitted respectfully by

ROWE, Texas, May 31.

EDITOR BANNER-STOCKMAN:

Farmers are very busy in their crops, and are well up as a rule.

J. S. Hall, north of town, harvested his alfalfa and reports a good crop.

T. A. Morgan, of Lelia Valley, was in town one day last week and said his crops were looking very well. Mr. Morgan is a new comer but thinks he has not missed it by buying land in Donley county.

The cantaloupe growers had a meeting Saturday, and report 140 acres up and looking well.

Ed Jennings, of Bray, was in town Saturday and said his crop was in good condition and promised well.

Rowe is on a building boom. The bank building will be completed this week and Capt. Nat Smith has sold some business lots and several residence lots the past week.

G. N. Gillis, of Memphis, has bought a business lot on the north side of Main street and will erect a house on same at once to be used for hardware and implements. He will also build a dwelling and move his family here.

C. E. Thornton has bought a lot in the northeast part of town and will begin the erection of a nice residence at an early date.

Dr. Stidham, of Hunt county, has bought property in the south part of town on which he will build a residence and make Rowe his future home. The doctor is a very fine man, as well as a good physician, and the people of Rowe and vicinity will give him a hearty welcome.

W. K. Hollifield will build an addition to his home here in the near future.

Jim Hundley will build an addition to his home which he has lately bought in the northeast part of town.

Mrs. Thornton, of Goodnight, and Mrs. Wyatt, of Memphis, were visiting relatives here this week.

Miss Maggie Kinslow attended the closing exercises of Goodnight College this week.

Cecil and Mabel Blair attended the closing exercises of Clarendon College, and were guests of Mr. Newbill and Miss Lacona Ferguson. They report a most pleasant time, and the school exercises excellent.

W. E. Reeves and daughter, Miss Ina, were in Clarendon Tuesday.

Miss Ethel White left for Newlin last Saturday to teach a class in music. She has just returned from Dallas where she attended the Conservatory of Music.

Mr. and Mrs. Chas. Phillips visited friends in Rowe Sunday.

Mrs. Kinslow and daughter, Miss Maggie, were guests of Mr. and Mrs. Carl Lochridge last Sunday.

Mr. and Mrs. J. H. Myres visited Prof. and Mrs. Pile Sunday.

Mrs. Grantham, of Meridian, Texas, is visiting her daughter, Mrs. W. M. Winter.

Miss Lillian McHan has returned from school at Ft. Worth.

Mrs. W. K. Hollifield and children are visiting relatives at Memphis.

THE REPRESENTATIVE RACE.

A few weeks ago the Banner-Stockman printed an editorial favoring Hon. J. R. Bowman, of Amarillo, for representative. In the article we took occasion to express regret that Mr. Bowman would have opposition, taking the position that having won out in the special election called for the purpose of supplying the vacancy so that the district might be represented at the special session of the legislature, said selection should have been taken as expressing the will of the people without putting Mr. Bowman to the expense and trouble of making another race. We had no intention of knocking a chip off anyone's shoulder, but it seems that we did, as witness the following letter from Hon. W. R. Gibson, of Claude:

CLAUDE, TEXAS, May 23.
MR. J. E. COOKE,
EDITOR BANNER-STOCKMAN,
CLARENDON, TEXAS.

DEAR SIR:—If you again have occasion to refer to Mr. Bowman's candidacy or to the special election held last February will you kindly be fair to me in so doing. Your editorial of week before last in which you expressed a regret that Mr. Bowman had opposition this time was hardly just to me. I do not think you meant to do me an injustice, but to those who do not know all the facts concerning the special election your editorial would convey the idea and leave the impression that it is unfair and undemocratic in me to oppose Mr. Bowman at this time, when the facts do not warrant that conclusion. The returns from the special election as certified by the returning officer show that Mr. Bowman has not yet been made the choice of ten per cent of the voters of this district.

Yours truly,
W. R. GIBSON.

With his letter Mr. Gibson enclosed a circular containing his announcement and appeal to the voters of the district. He starts off with a half-apology for again making the race, giving the following figures on the special election at which he was defeated by "Panhandle Dick":

COUNTY.	BOWMAN.	GIBSON.
Floyd	72	9
Donley	30	59
Briscoe	7	57
Armstrong	17	131
Deaf Smith	51	8
Oldham	18	0
Carson	25	43
Gray	15	13
Wheeler	68	21
Hemphill	15	45
Roberts	15	16
Hutchinson	13	3
Hartley	3	3
Ochiltree	14	1
Lipscomb	27	32
Total	350	441

*Coleman, 2.
No returns were received from the following counties: Hale, Lamb, Bailey, Parmer, Castro, Swisher, Moore, Randall, Dallam, Sherman, Hansford, Collingsworth.

"The above figures show the complete vote of the entire district according to the official count except Potter county, the home of Mr. Bowman. I went to Amarillo with a majority of 51 votes. Amarillo polled 488 votes and gave Bowman 462 and myself 28, which gave Mr. Bowman a majority of 381 votes. This was no surprise to me when I heard from a few other counties that they were not voting 10 per cent of their strength. I

knew Amarillo was the storm center of this campaign and knew why that was so. There are always reasons for special activity in any contest and there were reasons this time why Amarillo gave Mr. Bowman more than 54 per cent of the vote he received over the entire district.

"Mr. Bowman has not yet been made the choice of ten per cent of this district and the returns from the special election indicate that had each of the twenty-eight counties held an election and every one been given an opportunity to vote I would have received a majority over him, and had it been a general instead of a special election his friends as well as mine say that I would have been elected."

According to the statement made by Mr. Gibson if the citizens of Potter county had been disfranchised or Potter county thrown out of the district, he would have won in the special election held on the 15th of last February. We will not take time to discuss the rights of the people of that county to vote for whom they please nor her impudence in being a part of the district, although Mr. Gibson's attitude would seem to leave considerable room just here for such discussion. He endeavors to convey the idea that Bowman was elected by Potter county, and is therefore not the representative of the entire district nor the choice of the people of the district, for he says that the "returns from the special election indicate that had each of the 28 counties held an election, and everyone been given an opportunity to vote, I would have received a majority over him."

To make the returns "indicate" Gibson credits himself with the vote of Armstrong, his home county, eliminating the vote of Potter, Bowman's home county. Would not the correct way, the fair and square way, of making such comparison, have been to eliminate BOTH counties if either was to be left out? Each contestant carried his home county by big majorities, and either Mr. Gibson should have counted both or neither. Mr. Gibson seems good on quoting figures, but seems able to figure his comparisons all to one side of the ledger. Now, let us have some figures on the other side: Suppose we eliminate Armstrong for the purpose of comparison as Gibson has already eliminated Potter. What is the result? Subtract 17 votes from 390 and you have 373, or Bowman's vote without either Potter or Armstrong. Subtract 131 votes from 441 and you have 310, or Gibson's total vote exclusive of Potter and Armstrong, giving Bowman a majority of 63 votes over Gibson in the district, counting neither candidate's home county. But Mr. Gibson ignores the fact that Swisher county held an election in which Bowman received 30 votes and himself 2. Add these to the vote of each and Bowman's majority in the district, not considering the home counties reaches 91 votes.

Again, according to the returns published by Gibson, 16 counties held elections. Omitting Armstrong and Potter we have 14, and as Hartley gave each of the aspirants 3 votes, making a tie there, if you will examine the majorities by counties you will find that Bowman carried 7 of the 13 left, and Gibson 6. Credit Bowman with Swisher, which Gibson knows he carried, and you will find—not indications, but the fact—that Bowman carried 8 of the 14 counties. Put in all the counties and Bowman has 9 1-2 counties to Gibson's 7 1-2. If you desire to push figures you will see by a calculation that Bowman got more than twice as great a per cent of the vote of Armstrong county as Gibson did of Potter.

By what kind of mental gymnastics Mr. Gibson reaches the conclusion that the returns "indicate" he would have been elected had all the 28 counties held elections we are utterly unable to comprehend. Figuring from the known to the unknown we are forced to the conclusion that the more counties that held elections and the more votes cast the greater would have been Bowman's majority.

We do not deny his "right" to again enter the race. But we reiterate our former expressed opinion that Mr. Bowman, by virtue of having fairly and decisively won out in the special election is entitled to the office, and we believe when the votes are counted after the coming election it will be found that the people of the district concur with us in that opinion. He is an honest, able, conscientious representative, worthy of the confidence and esteem in which he is held by his constituency; a man who will command the respect and attention of the law makers when they assemble at Austin; a man whose ability, tact and judgment will secure from the Solons that consideration which is due the great Panhandle of Texas; and the voters of the district who wish to see their country recognized by the House of Texas Representatives, will by their vote assist in sending "Panhandle Dick" back to Austin.

When You Buy a Buggy

YOU want the best to be had for the money. I have just received a full car load of the famous FULLER BUGGIES, manufactured at Jackson, Mich. These are the best vehicles made for this climate for the simple reason that the best timber is to be had in Michigan for the making of buggies for a climate like ours. All these vehicles are made from fully seasoned hickory wood. That the Fuller buggies are the best is proven by the fact that I rarely ever have a call to set a tire on buggies of this make, while my shop is at all times busy setting tires on buggies of other factories. Call and see my line now. I can suit you, both in price and quality. Vehicles from \$40 to \$175. And remember my shop is the best place in town for all your repair work of whatsoever kind.

FINE DONLEY COUNTY HOGS

Shipped by an Old Missouri Feeder,
Who Considers the Panhandle
Best Hog Country.

An evidence of what can be done in the way of hog feeding in the Panhandle and West Texas country, where kaffir corn is one of the staple and best crops, was shown on the late market Wednesday. Just before the closing hour of the market, after the remainder of the day's receipts had been sold and weighed up, a load arrived of the best Texas hogs received here for a month or more, and a load that would have been a credit to any feeder in the country. These hogs were fed and most of them raised by Joe Kendall of Donley county. Mr. Kendall's farm is situated near the town of Rowe, 20 miles this side of the high plains. He is an old-time hog and cattle feeder of Audrian, Missouri.

Eighteen months ago Mr. Kendall purchased a section and a half of Donley county land, and soon began the feeding of hogs and cattle for the market. He now has a section in hog-proof fence and is well started in the pork and beef making business.

The hogs in this, his first shipment to Fort Worth, were about ten-months-old pigs, Poland-Chinas of high grade. They crossed the scales at this market with an average weight of 232 pounds, a weight at their age which betokens careful handling, good blood and a good feeding ration. There were 69 hogs in the shipment, of which 60 were barrows.

Mr. Kendall had been told by a few of his neighbors that hogs would starve to death on kaffir corn. However, he was from Missouri and had to be shown. He began by turning his pigs on a good-sized pasture and by feeding a light ration of soaked kaffir corn, threshed and whole. The pigs thrived and gained in weight as rapidly as any he had ever fed on Indian corn in Missouri. Three months ago he put the hogs on full feed in a small pasture and continued feeding the kaffir corn, night and morning, feeding about the same amount as he would of Indian corn, and soaking the feed for 12 hours. That the hogs did well was shown by their smooth, healthy and finished appearance and the fact that they topped the market by 7 1/2c over all other Texas hogs sold here on the day of their sale, and sold at a figure equal to the top load of Oklahoma corn-fed hogs, weighing, as it happened exactly the same. Mr. Kendall paid 65c per cwt., or 31c a bushel for the threshed kaffir corn, which is grown in that country as abundantly on \$10 an acre land as is Indian corn in Missouri and other Central states on land valued at \$75.

Mr. Kendall says of kaffir corn, hogs and the Panhandle country: "I am convinced that kaffir corn, properly fed, will produce fully as many pounds of pork per bushel of grain as Indian corn, and I am further convinced that when North-west Texas becomes more thickly settled it will become one of the greatest hog producing sections of the country. I can see no reason why this should not be the case. Kaffir corn is a much cheaper feed than is Indian corn in most sections. In the Panhandle country hog diseases are unknown. I have not had a single hog die from diseases, nor have I had any diseased hogs since I have been in that country. Land there is obtainable at from \$5 to \$25 an acre, owing to the locality. I bought a section of good pasture land, located 7 miles from Rowe, last Monday at \$5 an acre, and would not take \$10 an acre for it today. I consider the land that can now be bought in Donley and surrounding counties at \$25 as good if not better for stock and general farming than \$75 an acre Missouri land.

"In feeding kaffir corn I think the results are far better if the grain is threshed, for there will be no roughness in the feed. Whole kaffir corn, soaked, is much better than ground grain, for the hogs don't get the nourishment out of

ground grain, as they drink all the time instead of eating."

Mr. Kendall is feeding about two more carloads of hogs, which will be ready for the market in the near future. He also has a good crop of pigs coming on for the late fall market. In about two weeks he will put 100 head of 4-year-old steers, which he wintered on seed, on a kaffir corn feed, prepared in the same manner as he feeds it to his hogs.—Fort Worth Daily Live Stock Reporter.

The Very Best Remedy for Bowe Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowe trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale at Dr. Stocking's drug store.

Citation by Publication.

THE STATE OF TEXAS
To the sheriff or any constable of Donley county, greeting:

You are hereby commanded to summon P. S. Bryant and Mrs. Rebecca J. Ridley, a feme sole, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 47th Judicial District, to appear at the next regular term of the District court of Donley county, to be holden at the court house thereof, in Clarendon, Texas, on the first Monday in July A. D. 1906, the same being the 2nd day of July A. D. 1906, then and there to answer a petition filed in said court on the 10th day of May A. D. 1906, in a suit, numbered on the docket of said court No. 378, wherein D. L. McClellan, act. is plaintiff, and P. S. Bryant and Mrs. Rebecca J. Ridley, are defendants, and said petition alleging that defendant's places of residence are unknown to plaintiff, that plaintiff is the owner and holder and in possession of 160 acres of land in Donley county, Tex., known as all of the so-called one-fourth or survey 35, block C6, certificate No. 4-669, G. C. & S. F. Ry. Co., holding the same as remote vendee of defendants herein, that said land was on about July 8, 1890, conveyed by S. H. Madden, then of Donley, but now of Foster county, Texas, to Chas. B. Ridley and P. S. Bryant, and afterwards about May 31, 1893, said Chas. B. Ridley conveyed his interest in said land to Mrs. Rebecca J. Ridley, and afterwards, on about the 1st day of—1895, defendant herein for a valuable consideration conveyed said land back to said S. H. Madden, who in turn conveyed it to plaintiff's vendors, J. D. Jefferies and L. C. Beverly, composing the firm of Jefferies and Beverly; that J. D. Jefferies subsequently conveyed his interest to L. C. Beverly. L. C. Beverly subsequently conveying his interest to W. H. Cooke and W. H. Cooke subsequently conveying to Taylor Warner, who conveyed to plaintiff; that said deed reconveying said land from defendants back to said Madden does not appear of record in the deed records of Donley county, Texas, which constitutes a cloud upon plaintiff's title, so that plaintiff holds the same clouded with an apparent break in his chain of title; that plaintiff and his vendors have held the peaceable and adverse actual possession of said land under title and color of title for more than three years next preceding the filing of this suit; and that his vendors are holding and have held for more than five years next preceding the filing of this suit, the peaceable and adverse actual possession of said land, cultivating, using and enjoying the same, and paying taxes thereon, claiming under deeds to him from his immediate vendors, which deeds are duly registered, so that plaintiff says he is entitled to recover the same as under limitation, as well as under said chain of conveyance.

Wherefore, plaintiff sues and prays for citation by publication, for judgment of the court establishing his title to said lands, free from all claims on the part of defendants, their heirs, and assigns, and quieting his title, removing the cloud therefrom cast thereon by reason of said deeds not appearing of record, and for general legal and equitable relief.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, C. A. Burton, clerk of the district court of Donley county.

Given under my hand and the seal of said court, at office in Clarendon, Texas, this 10th day of May A. D. 1906. C. A. BURTON, clerk, District court, Donley county. 30-4t

TEXAS FARMERS

Located in the Panhandle country constitute a vast proportion of those who are out of debt, possess an abundance of all that is necessary to comfort and easy hours, and own

Bank Accounts.

Those who are not so fortunate should profit by past experience and recognize that these conditions are possible in

The Panhandle

as no where else for the reason no other section now offers really high-class lands at low prices and that the agricultural and stock-farming possibilities of this section are the equal of, and in some respects better than three to five times higher priced property located elsewhere. In a word: Many magnificent opportunities are still open here to those possessing but little money, but prompt investigation and quick action are advisable, as speculators have investigated and are fast purchasing with a knowledge of quickly developing opportunities to sell to others at greatly increased prices.

Clarendon College Commencement.

Another Term Closed Under the Most Auspicious Conditions.

Another Commencement occasion has become a part of the history of Clarendon College, and the unanimous opinion seems to be that no other Commencement has ever been replete with such interest as has this one. The very elements seemed to be in our favor—the weather was delightful almost all the time. As early as Wednesday visitors began to arrive, and they kept coming until the very last day. They were here from New Mexico, Oklahoma, Amarillo, Canyon, Claude, Memphis, Quanah, Plainview, Silvertown, Stratford, Shamrock, Wellington, Matador, Hale Center and from all the surrounding counties. Never before have so many of the fathers and mothers honored us with their interest and presence, and besides them many friends, old students, and prospective students were with us and helped to make the occasion pleasant. Even within the few years of the existence of the College its Commencement occasions have become reunions of old friends, and they look forward to them from year to year.

The first entertainment of the occasion was the piano contest by sixteen young ladies from Mrs. Wedgworth's class. Three pieces were played by the three classes classes represented. A crowded auditorium greeted these young ladies, and they were listened to with intense interest. Misses Chamberlain and Anderson and Mrs. Wil-

liams acted as judges. The result was not announced until Tuesday when it was found that Miss Mamie Harrington had won the medal, while those deserving honorable mention were Misses Helen Powell, Florence Crews and Ruth Harrington. This contest proved a most delightful opening of the Commencement occasion and reflected great credit on Mrs. Wedgworth as a teacher.

On Friday morning at 9:30 after the chapel exercises, a short program was rendered in honor of the Senior class. Music and speech making was the order of the hour, the young ladies furnishing the music, while the young men furnished the speeches. It was an hour of reminiscence and farewell on the part of the class, as they knew they should never again take their places as students of the school. By 3:30 Friday afternoon the chapel was again crowded for the Art Levee. A short program of music and elocution was rendered after which printed lists of the pictures with which the walls were decorated were furnished the guests and they were asked to inspect the work. The work brought many flattering commendations to Miss Felder, the Art Teacher. The contest pictures were also on exhibition—three by each pupil entering the contest, the first and second and last picture of the year's work. The result of this contest was also kept secret until Tuesday when it

was found that Misses Anna Talley and Carrie Smith had tied, so two medals were awarded.

On Friday evening at 8:30 was rendered the joint entertainment of the Sappho and Euterpean Societies this being the first joint entertainment by the young ladies since the division and formation of two societies. The program proved quite interesting. Among its most attractive features were the choruses by Miss Burkhead's large chorus class, consisting of about 25 or 30 young ladies. "Sleep Kentucky Babe" was especially bright and "catchy" and was loudly but unsuccessfully encored. Miss Annie Laurie Buie's rendition of "The Jmiers" was also much appreciated.

On Saturday morning at 9:30 the Board of Trustees met in the library and spent several hours in considering questions of vital interest to the school, among them the selection of a faculty for the ensuing year. The resignation of Bro. Hardy as president a short time ago necessitated the election of a president of the institution. Rev. J. R. Mood, an A. M. of Southwestern University and A. B. D. of Vanderbilt, was elected to his place. Bro. Mood is a son of Dr. Francis Asbury Mood, the great Methodist educator of Texas. He came here the day before the election and is making friends and winning an interest among the people already. He comes highly recommended and the Board felt that in him they fortunately secured a worthy successor to Bro. Hardy whose loss to the school was so greatly regretted.

Prof. Johnston having decided not to remain with the school, Prof. W. B. Quigley, of Amarillo, was elected to take his place. Prof. Quigley was notified of his election

and after coming down and studying the situation he accepted. He also is an A. M. from Southwestern and a teacher of experience and ability, especially in mathematics and physics, which he has made a specialty. The general opinion is that the school is greatly to be congratulated on securing him.

Miss Betts was retained for the primary department, and Mrs. Wedgworth as director of the musical department. Miss Burkhead, voice and piano, and Mrs. Tresise, stringed instruments and elocution. Dr. Burkhead had been elected for a period of three years at the election of teachers last year, so he and Mrs. Burkhead will still have charge of the young ladies. These constitute the faculty so far selected. The art teacher will be selected later.

Rev. J. T. Griswold, of Colorado City, Rev. C. N. N. Ferguson, of Amarillo, and W. F. White, of Dallas, were here for the board meeting in addition to the local members. Bro. Hardy was asked to act as financial agent for the school until conference, which he consented to do. Various plans for the improvement of the school were agreed upon.

At 3:30 Saturday afternoon the chapel was full to overflowing for the primary entertainment. The small people did their best, and the people seemed very appreciative of that "best."

One of the most attractive features of the commencement to many of our guests as well as the home people is the joint debate between the Panhandle and Adkissonian societies. This was held at the opera house at 8:30 Saturday evening. The subject was, "Resolved, That the United States

Should not Declare War Without First Obtaining the Consent of the People by Ballot." The affirmative was championed by Messrs. Geo. Palmer and Kenneth Bain of the Adkissonian society and the negative by Messrs. W. P. McMicken and Clinton Small of the Panhandle. After a hotly contested debate the decision was rendered in favor of the negative by 4 to 1 votes. The usual scene of indescribable panic followed in which the victors rejoiced and the defeated side learned to smile over their defeat.

The commencement sermon on Sunday at 11 o'clock at the Methodist church was preached to a large audience by Rev. J. T. Griswold, presiding elder of the Colorado district. After the sermon Bro. Sherman took up a collection to put a porch on the boys' dormitory. At 8:30 p. m. Rev. C. V. Oswalt of Missouri Ave., Fort Worth, preached a sermon to the young people. Both sermons of the day were strong, earnest and helpful to the young life of the College.

At 10 o'clock Monday morning was held the oratorical contest which was participated in by six young men as follows: Herman Gibson, Clint Lee, Floyd Teague, Arthur Neeley, Roy Wilson and Ernest Wilson. This was a contest of unusual interest, each of the young men acquitting themselves with great credit. The decision was rendered for Ernest Wilson.

At 3:30 the elocutionary contest took place. Five young ladies spoke for the medal. They were Misses Annie Laurie Buie, Eunice

New Business House.

B. T. Lane last week began work on a new business house on his lots on the east side of Main street. The building will be 50x100 feet, and will be constructed from the concrete blocks manufactured by Mr. Lane and son. He says work will be pushed on the house and when completed he will move his stock of buggies, etc., into same and immediately begin the construction of another building of like character on the site of his present location just across the street. The machinery for making these concrete blocks has been in steady use now for some months and a large number have been made. Several men have used them for foundations, and J. B. Pope is now engaged in constructing from them a large barn at his home in the west part of town. Mr. Lane informs us that there are other buildings in contemplation.

LATER—We learn that Mr. Lane has rented the new building for another business and has contracted to have it ready for occupancy within 60 days.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale at Dr. Stocking's drug store.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale at Dr. Stocking's drug store.

COLLEGE COMMENCEMENT 4TH OF JULY CELEBRATION

(Continued from 1st Page.)

Burk, Dana Klutts, Lizzie Crisp and Laura Pace. The medal was won by Miss Dana Klutts.

The final recital of the year by the musical and elocutionary departments was given Monday evening. The Monday evening program is always looked forward to with especial pleasure by all lovers of music and elocution.

At 10 o'clock Tuesday morning the chapel was again packed to its utmost capacity with the friends and admirers of the graduating class who held this crowd in intense interest for about two hours with their essays and orations. Misses Nora Talley, Maud Harrington, Mamie Harrington, Willie Thompson, Ada Hawkins and Messrs. Hugh Black, Arthur Sorrelle, D. B. Doak, Hundley Cocke, Marvin Law, and T. E. Graham composed this class of '06, than which the College has produced none better. After the presentation of diplomas by Pres. Hardy and the baccalaureate address, the medals and honors were awarded. The first honors, which mean a scholarship in Southwestern University, were awarded to Hugh Black, the scholarship medal to Hugh Arnold, the intermediate scholarship medal to John Bailey, and the primary scholarship medal to Mary Hardy. The second honors in the primary department were awarded to Helen Powell, and she was given a signet ring. A ring was also given Albert Morris for perfect attendance during the entire year. The Bible medal was awarded to Miss Mollie Hunt, the voice medal to Miss Pearle Alley, the house-keeping medal to Miss Agnes Brummett, the music medal in Mrs. Tresise's class to Miss Joe Rush, the essay medals to Miss Claire Teague and Harwood Beville. Mr. Geo. Washington presented a beautiful music roll to the young lady who painted a certain picture which he greatly admired. The young lady proved to be Miss Stella Gribble.

In the afternoon Senator D. E. Decker, of Quanah, delivered the annual address to a large audience. His theme was, "The Panhandle—Its Opportunities and Possibilities." His address was practical, but scholarly and earnest.

This closed the commencement. The students at once began to scatter, the guests did likewise, and now a painful quietude reigns on College Hill. Many things of interest happened which lack of space forbids mention. Judge Morgan, who never forgets the children, sent up a box of bananas for the primary people, for which he has their thanks.

Mrs. F. E. Harrington entertained the graduating class for dinner on Sunday, while Miss Betts entertained the new class and the alumni from 6 to 8 on Monday evening.

The entire commencement occasion is considered the best in our history. We look forward to September, when we hope to again meet those whom we have learned to love and appreciate in the past.

We have moved our goods into the Noland building, and in addition to our stock of new and second hand furniture, etc., an entirely new stock of general Racket Goods, consisting of articles too numerous to mention. Would be pleased to have you call and see what we have and get the prices. Tatum Mercantile Co. Noland building. tf

Indications Point to the Biggest and Best Entertainment Yet Had in Clarendon.

The various committees connected with the coming celebration of the nation's holiday in Clarendon are at work and all things indicate that the affair will be on a bigger and better scale this year than ever before.

The usual barbecue will be had, together with a basket picnic dinner on the shady lawn of the courthouse. We are requested to say that every family in town prepare to be on hand with baskets of edibles of all kinds. The crowd is expected to be larger than usual and it is desired that they may be fed to a finish. There will be no house program, but a number of Panhandle speakers will be here to fill up the time usually devoted to the program, and this with plenty of good music by the Clarendon Concert Band will serve to take up all the time not devoted to the field sports. Of these latter there will be many, including a first-class game of baseball, tournament riding, pony races, bicycle races, sack races, etc. At night there will be a big display of fireworks, and those who trip the light fantastic will be taken care of in that respect by private parties who will see that every one has a good time. Further mention will be made later.

Card of Thanks.

We desire to express our heartfelt thanks and gratitude to the good people and kind friends who aided us with their sympathy and services during the sickness and death of our darling little one. While the burden is hard to bear still it has been lightened to a great extent by these kindly expressions of friendship and sympathy. May God bless you all.

To The Farmers of Donley County.

We have sold more land and closed more trades in proportion to the number of men that we have hauled than any firm in Clarendon. This is no vain boast, but mere facts. We tear down no deals, just because we think some other man has a finger in the pie. It's business and not trouble that we are looking for. We are prepared to exchange your land for black waxy land in East Texas. We have lots of business propositions to offer for trade. If you have anything to trade, we are the people you are looking for. Our land list is not only in Donley county, but in other parts of Texas, and not only in Texas, but in other states. We can show a longer list of property than any firm in the Panhandle. If this you doubt, come to our office and we will readily convince you what we say is true. We have inquiries every day for land from buyers and cooperative agents throughout the U. S. If you want to sell your land, we will treat you fair and honest and would be glad to have you list your land with us. Within the last week we have turned down several parties, because we did not have the lands they wanted, and today we have several inquiries for land that we haven't on our list to supply them. We don't insist on any Donley county man selling his land, but if you decide to sell, we can find you a buyer as quick as any one in the business, this means, if your price is right. The mill will never grind with water that is past. We can't sell to a man that has gone wherelse and bought, therefore, we want to be ready to handle the men when they come. We are putting out our new advertising matter, and we respectfully invite you to our office. Our office is the headquarters of the farmers of Donley county, each and every one of you are welcome and we are glad to have you come. Come in and talk to us about the crops and improvements of the different places of the county. Donley county is our home as well as yours and our interests mutual, all working for the betterment and upbuilding of the country. We make farm loans and land exchanges and land sales. We tell all about our advantages and school facilities of Donley county and many good traits about her people all which is indirectly to your interests. We want at all times to be a help and not a hindrance. We are going to conduct our business in such a way that we will become a public necessity. This we will do by your co-operation and your kind aid. All of which we expect to merit and don't doubt but that we will get it. If you have no land to sell, and you are not a buyer of land, understand we want you to come to our office just the same. We want to know every man in Donley county, and if at any time we can serve you in any way we will take pleasure in so doing. These lines are submitted respectfully by

ROWE, Texas, May 31.

EDITOR BANNER-STOCKMAN:

Farmers are very busy in their crops, and are well up as a rule.

J. S. Hall, north of town, harvested his alfalfa and reports a good crop.

T. A. Morgan, of Lelia Valley, was in town one day last week and said his crops were looking very well. Mr. Morgan is a new comer but thinks he has not missed it by buying land in Donley county.

The cantaloupe growers had a meeting Saturday, and report 140 acres up and looking well.

Ed Jennings, of Bray, was in town Saturday and said his crop was in good condition and promised well.

Rowe is on a building boom. The bank building will be completed this week and Capt. Nat Smith has sold some business lots and several residence lots the past week.

G. N. Gillis, of Memphis, has bought a business lot on the north side of Main street and will erect a house on same at once to be used for hardware and implements. He will also build a dwelling and move his family here.

C. E. Thornton has bought a lot in the northeast part of town and will begin the erection of a nice residence at an early date.

Dr. Stidham, of Hunt county, has bought property in the south part of town on which he will build a residence and make Rowe his future home. The doctor is a very fine man, as well as a good physician, and the people of Rowe and vicinity will give him a hearty welcome.

W. K. Hollifield will build an addition to his home here in the near future.

Jim Hundley will build an addition to his home which he has lately bought in the northeast part of town.

Mrs. Thornton, of Goodnight, and Mrs. Wyatt, of Memphis, were visiting relatives here this week.

Miss Maggie Kinslow attended the closing exercises of Goodnight College this week.

Cecil and Mabel Blair attended the closing exercises of Clarendon College, and were guests of Mr. Newbill and Miss Lacona Ferguson. They report a most pleasant time, and the school exercises excellent.

W. E. Reeves and daughter, Miss Ina, were in Clarendon Tuesday.

Miss Ethel White left for Newlin last Saturday to teach a class in music. She has just returned from Dallas where she attended the Conservatory of Music.

Mr. and Mrs. Chas. Phillips visited friends in Rowe Sunday.

Mrs. Kinslow and daughter, Miss Maggie, were guests of Mr. and Mrs. Carl Lochridge last Sunday.

Mr. and Mrs. J. H. Myres visited Prof. and Mrs. Pile Sunday.

Mrs. Grantham, of Meridian, Texas, is visiting her daughter, Mrs. W. M. Winter.

Miss Lillian McHan has returned from school at Ft. Worth.

THE REPRESENTATIVE RACE.

A few weeks ago the Banner-Stockman printed an editorial favoring Hon. J. R. Bowman, of Amarillo, for representative. In the article we took occasion to express regret that Mr. Bowman would have opposition, taking the position that having won out in the special election called for the purpose of supplying the vacancy so that the district might be represented at the special session of the legislature, said selection should have been taken as expressing the will of the people without putting Mr. Bowman to the expense and trouble of making another race. We had no intention of knocking a chip off anyone's shoulder, but it seems that we did, as witness the following letter from Hon. W. R. Gibson, of Claude:

CLAUDE, TEXAS, May 23.
MR. J. E. COOKE,
EDITOR BANNER-STOCKMAN,
Clarendon, Texas.

DEAR SIR:—If you again have occasion to refer to Mr. Bowman's candidacy or to the special election held last February will you kindly be fair to me in so doing. Your editorial of week before last in which you expressed a regret that Mr. Bowman had opposition this time was hardly just to me. I do not think you meant to do me an injustice, but to those who do not know all the facts concerning the special election your editorial would convey the idea and leave the impression that it is unfair and undemocratic in me to oppose Mr. Bowman at this time, when the facts do not warrant that conclusion. The returns from the special election as certified by the returning officer show that Mr. Bowman has not yet been made the choice of ten per cent of the voters of this district.

Yours truly,

W. R. GIBSON.

With his letter Mr. Gibson enclosed a circular containing his announcement and appeal to the voters of the district. He starts off with a half-apology for again making the race, giving the following figures on the special election at which he was defeated by "Panhandle Dick":

COUNTY.	BOWMAN.	GIBSON.
Floyd.....	72	9
Donley.....	30	59
Briscoe.....	7	57
Armstrong.....	17	131
Deaf Smith.....	51	8
Oldham.....	18	0
Carson.....	25	43
Gray.....	15	13
*Wheeler.....	68	21
Hemphill.....	15	45
Roberts.....	15	16
Hutchinson.....	13	3
Hartley.....	3	3
Ochiltree.....	14	1
Lipscomb.....	27	32
Total.....	390	441

*Coleman, 2.

"No returns were received from the following counties: Hale, Lamb, Bailey, Farmer, Castro, Swisher, Moore, Randall, Dallam, Sherman, Hansford, Collingsworth.

"The above figures show the complete vote of the entire district according to the official count except Potter county, the home of Mr. Bowman. I went to Amarillo with a majority of 51 votes. Amarillo polled 488 votes and gave Bowman 460 and myself 28, which gave Mr. Bowman a majority of 381 votes. This was no surprise to me when I heard from a few other counties that they were not voting 10 per cent of their strength. I

knew Amarillo was the storm center of this campaign and knew why that was so. There are always reasons for special activity in any contest and there were reasons this time why Amarillo gave Mr. Bowman more than 54 per cent of the vote he received over the entire district.

"Mr. Bowman has not yet been made the choice of ten per cent of this district and the returns from the special election indicate that had each of the twenty-eight counties held an election and every one been given an opportunity to vote I would have received a majority over him, and had it been a general instead of a special election his friends as well as mine say that I would have been elected."

According to the statement made by Mr. Gibson if the citizens of Potter county had been disfranchised or Potter county thrown out of the district, he would have won in the special election held on the 15th of last February. We will not take time to discuss the rights of the people of that county to vote for whom they please nor her impudence in being a part of the district, although Mr. Gibson's attitude would seem to leave considerable room just here for such discussion. He endeavors to convey the idea that Bowman was elected by Potter county, and is therefore not the representative of the entire district nor the choice of the people of the district, for he says that the "returns from the special election indicate that had each of the 28 counties held an election, and everyone been given an opportunity to vote, I would have received a majority over him."

To make the returns "indicate" Gibson credits himself with the vote of Armstrong, his home county, eliminating the vote of Potter, Bowman's home county. Would not the correct way, the fair and square way, of making such comparison, have been to eliminate BOTH counties if either was to be left out? Each contestant carried his home county by big majorities, and either Mr. Gibson should have counted both or neither. Mr. Gibson seems good on quoting figures, but seems able to figure his comparisons all to one side of the ledger. Now, let us have some figures on the other side: Suppose we eliminate Armstrong for the purpose of comparison as Gibson has already eliminated Potter. What is the result? Subtract 17 votes from 390 and you have 373, or Bowman's vote without either Potter or Armstrong. Subtract 131 votes from 441 and you have 310, or Gibson's total vote exclusive of Potter and Armstrong, giving Bowman a majority of 63 votes over Gibson in the district, counting neither candidate's home county. But Mr. Gibson ignores the fact that Swisher county held an election in which Bowman received 30 votes and himself 2. Add these to the vote of each and Bowman's majority in the district, not considering the home counties reaches 91 votes.

Again, according to the returns published by Gibson, 16 counties held elections. Omitting Armstrong and Potter we have 14, and as Hartley gave each of the aspirants 3 votes, making a tie there, if you will examine the majorities by counties you will find that Bowman carried 7 of the 13 left, and Gibson 6. Credit Bowman with Swisher, which Gibson knows he carried, and you will find—not indications, but the fact—that Bowman carried 8 of the 14 counties. Put in all the counties and Bowman has 9 1-2 counties to Gibson's 7 1-2. If you desire to push figures you will see by a calculation that Bowman got more than twice as great a per cent of the vote of Armstrong county as Gibson did of Potter.

By what kind of mental gymnastics Mr. Gibson reaches the conclusion that the returns "indicate" he would have been elected had all the 28 counties held elections we are utterly unable to comprehend. Figuring from the known to the unknown we are forced to the conclusion that the more counties that held elections and the more votes cast the greater would have been Bowman's majority.

We do not deny his "right" to again enter the race. But we reiterate our former expressed opinion that Mr. Bowman, by virtue of having fairly and decisively won out in the special election is entitled to the office, and we believe when the votes are counted after the coming election it will be found that the people of the district concur with us in that opinion. He is an honest, able, conscientious representative, worthy of the confidence and esteem in which he is held by his constituency; a man who will command the respect and attention of the law makers when they assemble at Austin; a man whose ability, tact and judgment will secure from the Solons that consideration which is due the great Panhandle of Texas; and the voters of the district who wish to see their country recognized by the House of Texas Representatives, will by their vote assist in sending "Panhandle Dick" back to Austin.

When You Buy a Buggy

YOU want the best to be had for the money. I have just received a full car load of the famous FULLER BUGGIES, manufactured at Jackson, Mich. These are the best vehicles made for this climate for the simple reason that the best timber is to be had in Michigan for the making of buggies for a climate like ours. All these vehicles are made from fully seasoned hickory wood. That the Fuller buggies are the best is proven by the fact that I rarely ever have a call to set a tire on buggies of this make, while my shop is at all times busy setting tires on buggies of other factories. Call and see my line now. I can suit you, both in price and quality. Vehicles from \$40 to \$175. And remember my shop is the best place in town for all your repair work of whatsoever kind.

FINE DONLEY COUNTY HOGS

Shipped by an Old Missouri Feeder, Who Considers the Panhandle Best Hog Country.

An evidence of what can be done in the way of hog feeding in the Panhandle and West Texas country, where kaffir corn is one of the staple and best crops, was shown on the late market Wednesday. Just before the closing hour of the market, after the remainder of the day's receipts had been sold and weighed up, a load arrived of the best Texas hogs received here for a month or more, and a load that would have been a credit to any feeder in the country. These hogs were fed and most of them raised by Joe Kendall of Donley county. Mr. Kendall's farm is situated near the town of Rowe, 20 miles this side of the high plains. He is an old-time hog and cattle feeder of Audrian, Missouri.

Eighteen months ago Mr. Kendall purchased a section and a half of Donley county land, and soon began the feeding of hogs and cattle for the market. He now has a section in hog-proof fence and is well started in the pork and beef making business.

The hogs in this, his first shipment to Fort Worth, were about ten-months-old pigs, Poland-Chinas of high grade. They crossed the scales at this market with an average weight of 232 pounds, a weight at their age which betokens careful handling, good blood and a good feeding ration. There were 69 hogs in the shipment, of which 60 were barrows.

Mr. Kendall had been told by a few of his neighbors that hogs would starve to death on kaffir corn. However, he was from Missouri and had to be shown. He began by turning his pigs on a good sized pasture and by feeding a light ration of soaked kaffir corn, threshed and whole. The pigs thrived and gained in weight as rapidly as any he had ever fed on Indian corn in Missouri. Three months ago he put the hogs on full feed in a small pasture and continued feeding the kaffir corn, night and morning, feeding about the same amount as he would of Indian corn, and soaking the feed for 12 hours. That the hogs did well was shown by their smooth, healthy and finished appearance and the fact that they topped the market by 7 1/2c over all other Texas hogs sold here on the day of their sale, and sold at a figure equal to the top load of Oklahoma corn-fed hogs, weighing, as it happened exactly the same. Mr. Kendall paid 65c per cwt., or 31c a bushel for the threshed kaffir corn, which is grown in that country as abundantly on \$10 an acre land as is Indian corn in Missouri and other Central states on land valued at \$75.

Mr. Kendall says of kaffir corn, hogs and the Panhandle country: "I am convinced that kaffir corn, properly fed, will produce fully as many pounds of pork per bushel of grain as Indian corn, and I am further convinced that when Northwest Texas becomes more thickly settled it will become one of the greatest hog producing sections of the country. I can see no reason why this should not be the case. Kaffir corn is a much cheaper feed than is Indian corn in most sections. In the Panhandle country hog diseases are unknown. I have not had a single hog die from diseases, nor have I had any diseased hogs since I have been in that country. Land there is obtainable at from \$5 to \$25 an acre, owing to the locality. I bought a section of good pasture land, located 7 miles from Rowe, last Monday at \$5 an acre, and would not take \$10 an acre for it today. I consider the land that can now be bought in Donley and surrounding counties at \$25 as good if not better for stock and general farming than \$75 an acre Missouri land.

"In feeding kaffir corn I think the results are far better if the grain is threshed, for there will be no roughness in the feed. Whole kaffir corn, soaked, is much better than ground grain, for the hogs don't get the nourishment out of

ground grain, as they drink all the time instead of eating."

Mr. Kendall is feeding about two more carloads of hogs, which will be ready for the market in the near future. He also has a good crop of pigs coming on for the late fall market. In about two weeks he will put 100 head of 4-year-old steers, which he wintered on seed, on a kaffir corn feed, prepared in the same manner as he feeds it to his hogs.—Fort Worth Daily Live Stock Reporter.

The Very Best Remedy for Bowe Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale at Dr. Stocking's drug store.

THE STATE OF TEXAS

To the sheriff or any constable of Donley county, greeting:

You are hereby commanded to summon P. S. Bryant and Mrs. Rebecca J. Ridley, a feme sole, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 47th Judicial District, to appear at the next regular term of the District court of Donley county, to be holden at the court house thereof, in Clarendon, Texas, on the first Monday in July A. D. 1906, the same being the 2nd day of July A. D. 1906, then and there to answer a petition filed in said court on the 10th day of May A. D. 1906, in a suit, numbered on the docket of said court No. 378, wherein D. L. McClellan, et al, is plaintiff, and P. S. Bryant and Mrs. Rebecca J. Ridley, are defendants, and said petition alleging that defendant's places of residence are unknown to plaintiff, that plaintiff is the owner and holder and in possession of 160 acres of land in Donley county, Tex., known as all of the southern one-fourth or survey 35, block C6, certificate No. 4-606, G. C. & S. P. Ry. Co., holding the same as remote vendor of defendants herein, that said land was on or about July 8, 1879, conveyed by S. H. Madden, then of Donley, but now of Water county, Texas, to Chas. B. Ridley and P. S. Bryant, and afterwards about May 31, 1893, said Chas. B. Ridley conveyed his interest in said land to Mrs. Rebecca J. Ridley, and afterward on or about the day of ———— 1898, defendant herein for a valuable consideration conveyed said land back to said S. H. Madden, who in turn conveyed it to plaintiff's vendors, J. D. Jefferies and L. C. Beverly, composing the firm of Jefferies and Beverly; that J. D. Jefferies subsequently conveyed his interest to L. C. Beverly. L. C. Beverly subsequently conveying his interest to W. H. Cooke and W. H. Cooke subsequently conveying to Taylor Warner, who conveyed to plaintiff; that said deed reconveying said land from defendants back to said Madden does not appear of record in the deed records of Donley county, Texas, which constitutes a cloud upon plaintiff's title, so that plaintiff holds the same clouded with an apparent break in his chain of title; that plaintiff and his vendors have held the peaceable and adverse actual possession of said land under title and color of title for more than three years next preceding the filing of this suit; and that his vendors are holding and have held for more than five years next preceding the filing of this suit, the peaceable and adverse actual possession of said land, cultivating, using and enjoying the same, and paying taxes thereon, claiming under deeds to him from his immediate vendors, which deeds are duly registered, so that plaintiff says he is entitled to recover the same as under limitation, as well as under said chain of conveyance.

Wherefore, plaintiff sues and prays for citation by publication, for judgment of the court establishing his title to said lands, free from all claims on the part of defendants, their heirs, and assigns, and quieting his title, removing the cloud therefrom cast thereon by reason of said deeds not appearing of record, and for general legal and equitable relief.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, C. A. Burton, clerk of the district court of Donley county.

Given under my hand and the seal of said court at office in Clarendon, Texas, this 10th day of May A. D. 1906.

"The Scout's Revenge."

"The Scout's Revenge," the latest and best Drama of Western Life which plays here under a specially built Canvas Theatre on next Tuesday night, June 5th, is a play which has great strength and some weakness, but the crudities are forgotten in the development of an absorbingly interesting story with a constant succession of exciting surprises ending in one tremendously strong situation. As a play it is miles in advance of any Western Drama heretofore produced.

A Bret Haite story transformed to the stage with a wealth of detail that goes far toward making it real. Each act is interesting and the whole story is thrilling in its swift action and powerful motives.

The specialties presented during the action of the piece are exceedingly good, and the band and orchestra is one of the best.

\$1,000.00\$

I expect to give away this year in "Dividends", the handsome sum of \$1000.00 worth of goods. If you trade at the Cash Store, you will get your share of these free goods. This is a square deal and no flim-flam, hocus-pocus, whereby one favored person gets the prize which the others pay for. This way you get what is coming to you and that is the "Dividend" earned by your money. You become a partner in our business and have an interest in our profits. You get back part of the profits. The more you spend at the Cash Store the more "Dividends" you get. Tell your friends and neighbors to club with you and buy all you can at the Cash Store. Beginning June 1st, and continuing indefinitely, I submit this plan for your consideration. A list of articles will be published, and you can make your own selection.

THE STATE OF TEXAS,

In the District Court, July term, A. D. 1906.

To the sheriff or any constable of Donley county, Greeting:

You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Donley, if there be a newspaper published in said county (but if not, then in the nearest county where a newspaper is published) for four weeks previous to the return day hereof, you summon Inge McCormick, whose residence is unknown, to be and appear before the district court, to be holden in and for the county of Donley, at the court house thereof, in Clarendon, on the first Monday in July, the same being the 2nd day of July, 1906, file number being 379, then and there to answer the petition of Margaret Elizabeth McCormick, filed in said court on the 28th day of May, A. D. 1906, against the said Inge McCormick, and alleging in substance as follows, to-wit: That the defendant and plaintiff were married in the county of Denton, state of Texas, in October, 1895; that in July, 1905, the defendant abandoned this plaintiff; that for eight years prior to the date last above mentioned the defendant had been a continual and habitual drunkard; that since 1897 the defendant never contributed ought to the support of this plaintiff; that his said drunkenness and debauchery was of such a degree and character as to render the defendant incompetent and unfit for business of any character; that at least five times this plaintiff through her friends and relations procured a place and employment for the defendant; that each and every time the defendant, after a few weeks, would leave the said employment or business, drunk and in disgrace, and in-

dulge in a spree and debauchery, abandoning this plaintiff, and alleging the same to constitute cruel and gross treatment of plaintiff to such an extent as to render further living with defendant by plaintiff to be insupportable, and praying for a divorce.

Herein fail not, but have you then and there before said court this writ, with your return thereon, showing how you have executed the same.

Witness, C. A. Burton, clerk of the district court of Donley county.
