

BANNER STOCKMAN

VOL. XIII.

CLARENDON, DONLEY COUNTY, TEXAS, FRIDAY, APRIL 20, 1906.

NO. 26.

SAN FRANCISCO, CAL., TOTALLY DESTROYED BY EARTHQUAKE

The Amarillo Convention

Seventh Annual Meeting Panhandle Stockmen's Association.

The seventh annual convention of the Panhandle Stockmen's Association was held in Amarillo Tuesday, Wednesday and Thursday of this week. The meeting as a whole, was well attended and a good interest was manifested by all the members. In point of numbers in attendance and sales of cattle the meeting does not compare well with the convention of a year ago. The bad weather the first of the week is doubtless responsible for a falling off in the attendance, while the scarcity of cattle deals is doubtless the result of the fact that the buyers were not present in great numbers as they were last year. The meeting was called to order

had inspectors on all lines of railroads in the Panhandle and at the principal markets of the country. We have returned to owners on the range 31 head of cattle, and caught in shipment 201 head of cattle, paying back to the members \$3024.85 for same. We have on hand in the treasury \$860.00. The following are names of new members I respectfully submit to you for your indorsement:

O'Keefe, Patterson, Traylor, Bowers, Reeves, Thomas, Brown, Wynne, Crawford, Schott, Black, Burleson, Hearn, Jefferies, McCombs, Willhart, Cox, Scott, Hancock, Slavin Bros, Oliver, Mehlhop, Hill, Williams Bros., Atkison,

bad enough to pay him \$70 per acre.

On motion the convention adjourned until 9 o'clock Wednesday morning. In the afternoon the crowd sought various amusements which were provided by the city, such as a baseball game, balloon ascension, etc., while a good part of the cowmen went out to the stock yards for the auction sale of registered cattle. This sale was engineered by Judge O. H. Nelson, who reports a fairly successful afternoon's bidding. Forty-three head were sold, the top price being \$800 for a Hereford bull. Another bull sold for \$300, and from that figure the prices ranged on down as low as \$40.

Tuesday night the cattlemen and visitors were entertained with a smoker. It was a most pleasant little affair. Entertainment provided consisted of two three-round sparring bouts between light-weight pugilists, stories and speeches, and a generous supply of good smoking material. Senator Decker and Judge Browning were the most popular in the anecdote line.

PRESIDENT THOMAS S. BUGBEE.

SAN FRANCISCO DESTROYED.

At an early hour Wednesday morning an earthquake shock destroyed the city of San Francisco, Cal. Latest press dispatches estimate loss of life variously at from 500 up into the thousands. Property loss can not be estimated; fires raging, water service destroyed. All of business section and half of residence section entirely wiped out. Congress has appropriated \$1,000,000 toward relief of stricken city. Other California towns destroyed.

WEDNESDAY'S PROCEEDINGS.

The Wednesday morning session of the convention was transferred to the court house. Amarillo has labored under difficulties this year in handling the convention. The recent destructive fire in that city deprived them of both a place large enough to hold the meetings and a place of entertainment for the guests, especially the ladies. Neither the opera house nor the district court room would seat half the people who applied for admittance, and so unsatisfactory was the service in this respect that the Wednesday afternoon session of the convention was not held; the people simply would not gather.

Wednesday morning was devoted to a general discussion of the subject, "State Markets and State Manufactories." The speakers were Judge M. M. Brooks, of Dallas, candidate for governor; State Senator D. E. Decker of Quanah; J. N. Browning, of Amarillo; L. B. Watkins, of Quanah; J. C. Paul, of Amarillo, and J. J. Egerton, of Channing. Mr. Watkins' speech was the feature of the convention. Purely extemporaneous, it abounded in a rich fund of anecdote, wit and humor, which kept the convention in high good humor for some thirty minutes. Senator Decker was also plainly a favorite with the convention, and notwithstanding this was the third time he had spoken publicly during the meeting it was noted that not one hint was given by him to the effect that he was a candidate for office at the hands of the people of the district. Much time was given to the discussion of factories for Texas, and a packing plant in particular for Amarillo. Judge Browning called attention to the development of the section of country just below the plains, the cotton farms of Donley county, and said he hoped to see a cotton factory in Clarendon, his old home, before many years. W. B. Slaughter, of Dalhart, stated that the Big Four packing combination, otherwise known as the beef trust, had expressed to a member of the association their determination to establish a plant at Amarillo just as soon as the people of the Panhandle would begin to raise enough hogs to supply same. The conven-

tion here adjourned until 1:30 p. m. but as above stated no session was held at that hour.

The fine stock sale was again the feature of the afternoon, and was reported more of a success than on the preceding day.

THURSDAY'S PROCEEDINGS.

The morning session of Thursday was devoted to speech making and general discussion of subjects of interest to the live stock trade. Judge C. K. Bell, candidate for governor, was one of the speakers.

At the afternoon session the report of the treasurer was heard, as follows:

Balance on hand April 1, 1905	\$ 464.10
Collections during year	6194.43
Total receipts	6658.53
Disbursements, all purposes	5487.57
Balance on hand	1170.96

Election of officers was then taken up, resulting in the re-election of all the old officers, without opposition as follows:

President, Thos. S. Bugbee, of Clarendon.

First Vice President, T. J. Richards, of Paducah.

Second Vice President, Sloan Simpson, of Bovina.

Secretary, E. H. Brainard, of Canadian.

Treasurer, B. T. Ware, of Amarillo.

The selection of place for next annual meeting proved to be the hottest proceeding of the convention. Roswell, N. M., was on hand with a big delegation which had been hard at work all the time, and the anticipated fight between that town and Amarillo proved to be all that was expected. The usual speeches were made, then the ballot spread, resulting in the selection of Roswell by a good majority, which was afterward made unanimous on motion of Mayor Miller, of Amarillo. The general opinion seemed to be that it would do Amarillo good to lose the meeting for one year. The convention then adjourned.

CONVENTION NOTES.

Few cattle sales were made during the convention. There

(Continued on last page.)

Tuesday at ten o'clock by President Bugbee, with a prayer by Rev. C. N. N. Ferguson. The address of welcome was delivered by Governor J. N. Browning, in his usual happy vein of thought and expression. Hon. J. G. Witherspoon of Quanah, responded. Mr. Witherspoon, like Gov. Browning, was given close attention and a great deal of applause.

President Thos. S. Bugbee of Clarendon, then delivered his annual address, which we print in full on another page.

The next order of business was the report of Secretary Ed. H. Brainard, which was as follows:

Mr. President and Members of the Panhandle Stockmen's Association of Texas:

I herewith submit my annual report.

During the past season we have

Hibbets, Hutton, Burnett, Klutts, Oberthier, Landergin Bros., Mrs. Doyle, Bishop, Pierce Bros., Ransom, Abbott, Purvis Bros., Edwards, Luttrell, McCarty, Mills, Nairn, Jenkins, Thut, McKinley, Fleming, Caulfield, Newby, Edmonson, Tubb.

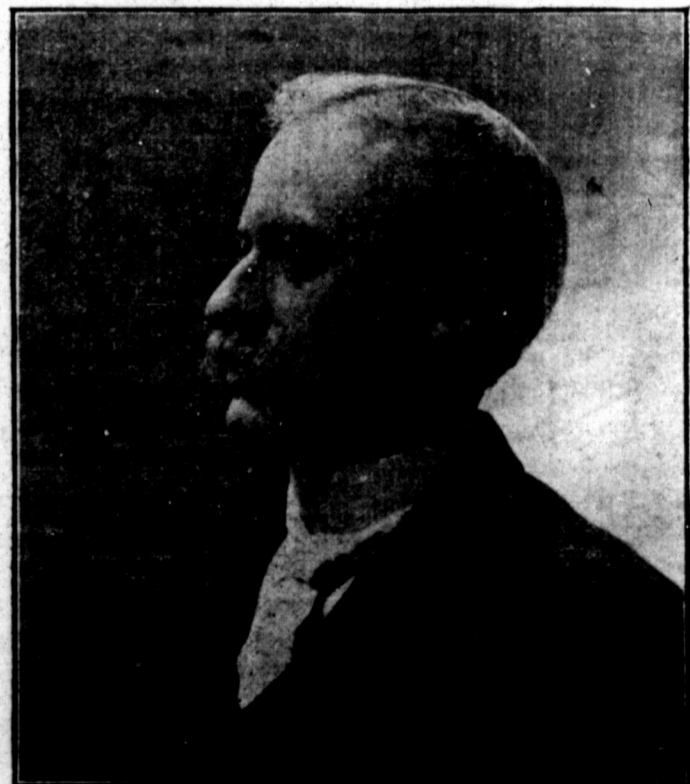

The secretary's report concluded the program for the morning session, but as the convention had yet an hour before noon Col. John N. Simpson and Col. C. C. Slaughter of Dallas, were called on for speeches. Col. Slaughter paid the Panhandle country some glowing tributes, and as an instance of the rapid advance in the prices of lands stated that a few years ago he sold a section of plains land for \$5 per acre. A short time ago he tried to buy it back. The owner had 480 acres of alfalfa on it and told him he might have it if he wanted it

MODERN FARMING IN DONLEY COUNTY.

STEAM GANG PLOW ON FARM OF T. S. BUGBEE NEAR CLARENDON.

Mr. Bugbee, besides being president of a Cowmen's Association, is also a "nester," and is the biggest farmer in the Panhandle, cultivating this year 3000 acres, using modern methods and appliances.

SECRETARY ED H. BRAINARD.

PRES. BUGBEE'S ADDRESS

Delivered at Amarillo Tuesday at the Panhandle Stockmen's Seventh Annual Convention.

Mr. Bugbee said:

Members of the Panhandle Stockmen's Association, Ladies and Gentlemen:

We again meet on this, the seventh anniversary of the Panhandle Stockmen's Association, in this, the metropolis of Northwest Texas, where we have been the recipients of most generous hospitality in the past; and I think I voice the sentiment of all when I say that we feel we are with home folks. To keep us away you must not ask us to come.

In appearing before you today I feel entirely out of place. Speech making is not in my line as you who have known me longest are well aware. You, however, are responsible for my being before you today.

I had the pleasure of attending the Cattle Raisers' Association at Dallas on March 19, 20 and 21, and I can assure you that I heard before that meeting some of the most instructive and able talks that I have ever heard, which makes me feel more than ever that, as a speaker, I am in the wrong place; but I will not detain you long with what I have to say. During our session you will be entertained by many able speakers of prominence, and I hope you will feel that you have gained some knowledge while here.

The great investigation and trial of the beef trust which has been going on for the past two years has come to naught and we are just where we started. The railroad, oil, insurance, and many other trusts are now on trial. It seems more than probable that the apparent results will be the same; yet the energy, honesty and zeal of the president of this great nation, assisted by a few fearless, patriotic, public men, who know their duty and dare to do it, have created in the minds of these grafters and managers of these trusts a wholesome fear and respect for the righteous indignation of the people.

I feel more at home in talking of the past, present and future of this great Panhandle. For thirty years I have basked in its warm sunshine and withstood its wintry blasts, which has endeared it to my heart as no other spot on earth. From a young man starting out in life I have grown old within its borders. I saw it when buffalo hides was its only product. I saw it again when grass cattle was its only product. I see it today with an hundred products that come from its virgin soil. I was here when lands were almost valueless. I see it today with land worth from \$5 to \$20 per acre; and yet we have just begun. What has brought about this happy change? We have the same climate and soil we had 50 years ago. There can be but one answer—railroads and the man with the plow. It was said by one of our great men, "Civilization begins and ends with the plow." Give us more railroads, more farmers, and I might say a little more capital, and we will fulfill the scriptural prophecy which says, "The first shall be last and the last shall be first." Instead of being the handle or tail of Texas as we now are, we will be the head.

To the railroad and farmer I will say, we greet you with open arms; will gladly co-operate with you in any movement which has for its object the upbuilding of this

country which nature has done so much for. Every cow man is a land owner and at present prices it is unprofitable to raise range cattle on the native grasses alone. We must turn our attention to the raising of the various kinds of stock and of better grades, to all of which our country is well adapted; must raise more feed and give our stock better attention. We have proved that almost all grasses and grains grown on this continent can be grown in the Panhandle if given intelligent cultivation. We should keep in close touch with both the state and national experiment stations. The federal government will always gladly furnish free of cost bulletins covering experiments with grasses, forage and grains. These should be obtained by both stock growers and farmers and carefully studied. They can be had by writing to our congressman, John H. Stephens, at Vernon, Texas.

What we need now is a concert of action by the farmers and stock-raisers. First of all we need an experiment station right here on the plains; not a garden but a large farm under the direction of the state. It would have the assistance of the government. I am confident almost every land owner would contribute liberally to its support if necessary.

I most earnestly appeal to all our Panhandle brethren to join us and help to secure favorable legislation. Singly we can do nothing, but by concert of action many abuses can be remedied. When we ship to market, whether it be live stock, grain or produce, we ship to a member of an exchange who fixes commission charges as he sees fit. We are not consulted, yet these commission firms could not exist without us.

Our government has been steadily at work for several years trying to get forests started all over this western treeless country. In the inevitable change from ranches to small farms think what an amount of posts it will require to fence the Panhandle into sections or even smaller tracts. Where are they to come from? I have demonstrated that a black locust tree can be grown here in five years that will make three or four good posts, and they are as durable as cedar. This county took up the forestry move more than a year ago. It has had at its head Dr. Cartright who has kept it moving. He has interested the ladies who work with him in this great enterprise. I hope other counties will take the matter up and not stop until every farmer and ranchman has a forest on his place. It will furnish him not only posts but wood for fuel. I hope to see the day when forestry and agriculture are taught in the public schools.

Our association is making a steady growth as the secretary's report will show; but it is not where it should be. Concerted action, as stated before, is the only way by which we can hope to better our condition. If we would keep up with the procession we must work in unison as do other organizations.

The completion of the Panama canal will open new markets to us for over half the world's population, and make Galveston the greatest exporting port on this continent, because it will be the natural gateway through which will flow the coal, grain, oil, cotton, both raw and manufactured, lumber and other export products of not only the Empire of Texas, but the whole Mississippi valley. No one within the sound of my

(continued on p. 3)

MILLINERY

And New Spring and Summer Goods

Have arrived and are ready for your inspection. All the new creations of the spring and summer season are to be found at our store in the most pleasing effects. The art of the up-to-date milliner has been exhausted in the effort to make our store the most complete millinery emporium of the Panhandle. Miss Shaffer will have charge of this department; and this fact insures satisfaction in this line.

B. W. CHAMBERLAIN

DONLEY COUNTY'S LEADING MERCHANT

Fleming & Bromley

Successors to
Fleming & Maulfair

In announcing the sale of Mr. Maulfair's interest in this business to Mr. E. W. Bromley, we wish to say that the business will remain under the active management of Mr. Fleming, who is a thorough druggist of many years' experience, and is REGISTERED in this state, as is also Mr. T. L. Goodman, his pharmacist. While we will continue to keep a full stock of everything in the drug and sundry line we will as heretofore make a specialty of physicians' prescriptions, using pure drugs without substitution. You will make no mistake in sending your prescriptions to

When You Buy a Buggy

YOU want the best to be had for the money. I have just received a full car load of the famous FULLER BUGGIES, manufactured at Jackson, Mich. These are the best vehicles made for this climate for the simple reason that the best timber is to be had in Michigan for the making of buggies for a climate like ours. All these vehicles are made from fully seasoned hickory wood. That the Fuller buggies are the best is proven by the fact that I rarely ever have a call to set a tire on buggies of this make, while my shop is at all times busy setting tires on buggies of other factories. Call and see my line now. I can suit you, both in price and quality. Vehicles from \$40 to \$175. And remember my shop is the best place in town for all your repair work of whatsoever kind.

B. T. LANE
THE BUGGY MAN.

T. R. Deen, express clerk at the depot, accompanied by his wife and baby, left Sunday for Corsicana, where he goes as a witness in a murder trial. He will be gone about ten days.

HACK AND BUGGY FOR SALE

I have a Spalding Hack and Buggy, both in good condition, which I would like to sell. Farm implements (anything you may need) at a price that can't help but be satisfactory. Also big German Millet seed and sorghum seed at a bargain, considering quality. If you are in the market for any of these things you would do well to see me at Henry Wheeler's residence. If

Mrs. J. C. Scoggins

PRES. BUGBEE'S ADDRESS

(continued from p. 2)

voice today can estimate the value of this canal to the South and middle West.

Before closing these remarks I cannot refrain from making some allusions to home manufactories, which, as you all know, is my hobby. I particularly desire to see packing houses and cotton mills built in Texas. Home manufactories mean home markets. We excell every other state in the Union in the production of a great many things, but our boasted greatness sinks into insignificance when we allude to manufactories. Many other Southern states have secured factories by favorable legislation. What others have done why cannot we? Begin a campaign of education; get our newspapers to take it up; they will advocate the wants of the people if the people will make them known. We hold an election this fall; vote only for the men who will take up this cause and push it to its utmost. These matters will be taken up during this meeting and discussed at some length. I hope everyone who is interested in building up Texas will take part, or at least give us their presence while these discussions are going on. We may talk factories and home markets on the corners or from the house tops but it will be of no avail; we must put our shoulder to the wheel of progress and never let up or look back until we have reached the summit. We have a grand field to work in and no one can tell what may be accomplished by undying energy coupled with faith and intelligent effort.

Before closing these remarks I must make a last appeal to all good citizens of the Panhandle to join us. Make a membership in this body not only a certificate of good character but of good citizenship. A good citizen is one who obeys the laws of his country; a better one is he who helps to enforce them.

For six successive years by your unanimous vote you have elected me to the office I now hold. I cannot express in words how highly I appreciate that honor. How well I have filled the office you are to judge. At the close of this

meeting I shall turn the office over to my successor, I hope untarnished by any act of mine.

THOS. S. BUGBEE,
President.

LOST—Watch chain, Maltese cross lettered B. R. T. Finder please return to this office. 1t

Masons throughout the country look forward with interest to the receipt of a trowel that was recently started from the New York City Masonic Temple on a trip that will probably take ten years to complete. With the trowel, the symbol to cement the brotherly love among the Masonic fraternity, is a large register in which data is to be inscribed by lodges where the trowel is exhibited. Every lodge of Masons in the United States will receive the treasure. After the long trip is ended the trowel and its record will be placed in the archives of the Grand Lodge of the State of New York.—Ex.

Presiding Elder J. M. Sherman arrived in the city from Boom Sunday afternoon and preached to a large audience at the Methodist church Sunday night. Mr. Sherman is one of the strongest men the church has in the state and members of all denominations in Hereford are always glad of an opportunity of hearing him. Mr. Sherman preached at Boom Sunday morning and held the second quarterly conference in this city Monday morning.—Hereford Brand.

Those present report good services at the different churches Sunday. At the Baptist church, just a plain worshipful service; at M. E. church, ditto. At the Presbyterian church, a pretty Easter program was executed in a most pleasing way, W. H. Cooke master of ceremonies. At the Christian church, there were some very pretty flowers on the minister's table. The songs were well selected and the pastor preached an Easter sermon which was well received.

J. L. Allison, of Bray, who recently bought the O. C. Hill, place of 404 acres, consideration \$3400, was here Monday and made us a pleasant call.

WANTED:—Men in each state to travel, post signs, advertise and leave samples of our goods. Salary \$75 per month. \$3 per day for expenses. KUHLMAN Co., Dept. S. Atlas Block, Chicago. 1t

1 CENT IS ALL IT WILL COST YOU to write for our big FREE BICYCLE catalogue showing the most complete line of high-grade BICYCLES, TIRES and SUNSHIES at PRICES BELOW any other manufacturer or dealer in the world.

DO NOT BUY A BICYCLE from anyone, or on any kind of terms, until you have received our complete Free Catalogues illustrating and describing every kind of high-grade and low-grade bicycles, old patterns and latest models, and learn of our remarkable LOW PRICES and wonderful new offers made possible by selling from factory direct to rider with no middlemen's profits.

WE SHIP ON APPROVAL without a cent deposit. Pay the Freight and allow 10 Days Free Trial and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.

We need a **Rider Agent** in every town and can offer an opportunity to make money to suitable young men who apply at once.

\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR

Regular Price \$8.50 per pair. To introduce We Will Sell You a Sample Pair for Only (CASH WITH ORDER \$4.80)

4.80 NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS OR GLASS.

Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape.

We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

Clarendon, Tex., April 20, 1906

DALLAS COMMERCIAL CLUB

On Its Sixth Annual Excursion Will Visit Clarendon Friday, April 27, 1906, 7 a. m.

The Dallas Commercial Club on its sixth annual trade excursion will spend three quarters of an hour in Clarendon on Friday morning, April 27. The train will arrive here at 7:20 a. m., and will leave at 8:05, devoting three-quarters of an hour to our little city.

The purpose of the stop is to afford the excursionists, who are Dallas business men and jobbers, an opportunity to meet the business people here.

Mayor Carhart suggests that it would be fitting that our business men meet the train at the depot and give the excursionists some sort of a reception, showing them that we are a live and progressive people. The hour is too early to attempt any sort of an entertainment, but we can meet them and help them to spend their time in Clarendon pleasantly. With that end in view he asks us to state that it is his request that all business men be on hand that morning.

Date Corrected.

ROWE, TEXAS, APRIL 11.

EDITOR BANNER-STOCKMAN:

DEAR SIR:—Will you please correct an error that occurred in your last week's paper as to the date of the district Sunday school convention to be held at Bray on the first Sunday in May. This was an oversight in us, and that meeting will be held later, date of which will be given in this paper. Program as published will be used. Hope every Sunday school worker in the county will attend the county meeting at Clarendon on May 6.

Yours truly,
LEE BLAIR.

Delinquent Taxes.

County Clerk Burton calls our attention to the fact that there are several local people whose property is delinquent, they not knowing same. He asks us to state that suit will be filed next week on all property so delinquent, and we would suggest that every property owner would do well to go at once to Mr. Burton and have him help you check over your lots and see if any are in the delinquent list. The time to act is short.

The Band.

We understand a movement is now in progress looking to a collection among the citizens to help pay off the indebtedness on the local band instruments. This is an old debt that should be settled, and it is hoped that every man when approached by the solicitor will do what he can to relieve the situation.

A daughter was born to Rev. J. L. Laney and wife Wednesday. The little one lived but a few hours, and Thursday afternoon surrounded by a few friends of the parents the little body was consigned to mother earth in the Miami cemetery. Rev. Osborne conducted the services. To this have blighted the joys incident to the first born is indeed sad and the sympathy of our people go out to Mr. and Mrs. Laney. The community is anxious over the condition of the mother, who is not doing well.—Miami Chief.

THE GRADUATING CLASS COUNTY S. S. CONVENTION

Thirteen Girls and Four Boys will Bear off Diplomas of Public School This Year.

The graduating class of the Clarendon public school for this year is one of the largest in the history of the school. There will be seventeen diplomas issued, provided, of course, that all members of the class will be able to pass the final examinations. Of this number thirteen are girls, leaving the boys to bring up the minority, as usual, with four.

Superintendent Silvey is already making arrangements for the diplomas, while the class is busying itself as a whole with some of the details of their graduation. Class honors have as yet not been allotted. The names of the graduates are as follows:

GIRLS—Misses Mary McLean, Hattie Nora Betts, Anne Aubrey Gatlin, Ivy L. McLean, Ruth E. Stocking, Sadie R. Woodward, Loxa M. Boles, Adrian Brown, May O'Neill, Mantie Graves, Mertie Alys Cope, Mary Edwin Boles, Nellie Alys Ryan.

BOYS—Stuart H. Condron, J. Neville Williams, James E. Parsons and Clarendon M. Hildebrand.

A Silverton Sale.

We note in the Silverton Enterprise that our old friend, John W. Kibler, has sold his two-section ranch near that town to J. W. Foster, consideration \$10,000. The deal included everything on the place, stock, hogs, teams, tools, etc., and too head of high-grade cattle. For the present Mr. Kibler is located at Rowe, this county, where he was formerly a citizen, and the Banner-Stockman trusts he may again decide to become a citizen of our county.

Some Special Sale.

I will remain in the Noland building two weeks longer, and in order to reduce stock will make special prices on all tailored skirts and waists, and all laces; ladies' collars, belts and ribbons. Mrs. A. M. Beville. tf

Robert F. Cooke and wife of Fort Worth visited their parents, Dr. and Mrs. Wm. H. Cooke, in this city Sunday and Monday.

EVERYTHING TO EAT

Clarendon College

The small folks at the college greatly enjoyed an Easter egg hunt last Saturday afternoon. Elmer Houssels entertained from two to four and Mary Hardy from four to six.

Luther Gribble and his sisters, Misses Stella and Marie, went up to Panhandle Friday and Sunday night. They were visiting their father and grandfather.

The roof of the young ladies' dormitory is steadily growing "redder" each day under the brushes of Messrs. Law and Graham, who are doing the work out of school hours. A new coat of paint and the new porch will make the whole building new again. All this is to be accomplished before commencement, thanks to the good ladies of the College Circle. The young men's hall is also being renovated with new paper in the halls. The rooms have all been lately papered.

Barnett and Horace Pyle are in school again after being away for some time on a visit to Southern Texas. This visit was made on account of Horace's long illness, but he is quite all right again.

The college garden has been plowed this week and a good deal of work done on the yard.

John McMicken of Memphis came up and spent Sunday with his brother, W. P. McMicken, at the college.

Misses Ada Hawkins and Willie Thompson visited at the home of Mr. King out at Lelia last Friday night and attended the closing exercises of Miss Eva Trammell's school at that place. They, with others who attended from Clarendon, were very much pleased. Miss Eva came in Saturday and has been visiting among her friends preparatory to going to her home at Aspermont.

The dormitory girls made a very pleasing appearance at the Easter service last Sunday in their new uniforms which consist of white shirt waists and white caps.

Dr. Burkhead has been asked to teach in the Hereford Normal.

There was a short choir practice at the dormitory last Friday evening.

Rheumatism Makes Life Miserable.

A happy home is the most valuable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from those rheumatic pains also by applying Chamberlain's Pain Balm. One application will give you relief and its continued use for a short time will bring about a permanent cure. For sale by Dr. Stocking, druggist.

Souvenir China.

Some of Clarendon's finest buildings represented on fine china imported from Germany by J. D. Stocking. Get some and send to your friends. Prices reasonable. *tf*

—Our cold drink fountain is now running. Call and slake your thirst these hot(?) days. E. Dubbs & Sons. *tf*

If Your Eyes Trouble You, call on C. N. Bushnell, the graduate optician at Dr. Stocking's drug store, Clarendon, Texas. Eyes tested free. Glasses scientifically fitted when needed. Satisfaction guaranteed. *tf*

A meeting was held at Daily & Kerbow's store yesterday afternoon to consider the plans for the annual 4th of July barbecue and picnic. We go to press too early to give any details.

Stewart has it; you need it; get it from him; his prices are right. *tf*

For Sale.

I offer for sale 200 acres of land out of the section adjoining the town of Clarendon on southwest in blocks of from 5 acres up to suit purchaser. Public road around the land. Beautiful and most desirable suburban building site. *tf*

A NASTY LITTLE SCRAP.

Two Donley County Citizens Come Together on Public Road and Settle a Difference.

Last Saturday quite a nasty little scrap occurred on the public road over north of the river between L. C. Barnes and John Swanson, both farmers of that community. Both were on their way to town and met on the road, evidently deciding that that was as good a time as any to settle their differences. In the fight which ensued Swanson used the club end of a buggy whip, while Barnes manipulated the club end of a six-shooter, and both were somewhat bruised and battered in the encounter. They came on to town, reported the matter and had their examining trial before County Judge Morgan, the case being continued until the next regular term of county court.

Estray Notice.

The State of Texas, County of Donley. Taken up by S. L. Adamson and estrayed before E. B. Dishman, J. P. Donley County: One gray mare about 14½ hands high, about 8 years old, branded J or 3 on left jaw. Also one chestnut sorrel colt. No brands. Appraised at thirty dollars.

The owner of said horses is requested to come forward, prove property, pay charges, and take said horses away, or the same will be dealt with as the law directs.

Attest: C. A. BURTON,
Clerk of the County Court of Donley County.
Given under my hand and the seal of said Court, this the 4th day of April, A. D. 1906. C. A. BURTON,
Clerk of the County Court of Donley County. 24 3-t

J. S. Daugherty, of Jericho, was here Saturday and made us a call. He has lately sold the biggest part of his land in that section and will go down on the South Plains prospecting with a view to locating. He says wherever he goes he wants the B-S, as he has found that his family can't keep house without it. Mr. Daugherty is one of Donley county's best citizens whom we would hate to see leave us.

Is The Moon Inhabited.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure headache, biliousness, malaria, chills and fever, jaundice, dyspepsia, dizziness, torpid liver, kidney complaints, general debility and female weaknesses. Unequaled as a general tonic and appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by J. D. Stocking, druggist. Price only 50c.

Last Thursday night an extra freight train in charge of Conductor Jeff Trent, formerly of this city, went in the ditch between Dalhart and Texline. Ten or twelve cars were ditched, and several of the crew were hurt, Mr. Trent being the worst injured, although not seriously. Division Agent M. R. Frampton, of this city, was on the train and was also slightly injured.

Devil's Island Torture

is no worse than the terrible case of piles that afflicted me 10 years. Then I was advised to apply Bucklen's Arnica Salve, and less than a box permanently cured me, writes L. S. Napier, of Rugles, Ky. Heal all wounds, burns and sores like magic. 25c at J. D. Stocking, druggist.

R. W. Talley spent Sunday and Monday at home with his family. Mr. Talley is now selling agent for the Capitol Syndicate land in Parmer county, with headquarters at Bovina, and is the only land agent at that point. He reports business good.

Chamberlain's Salve is good for any disease of the skin. It allays the itching and the burning sensation instantly. For sale by J. D. Stocking, druggist.

The infant of Mr. and Mrs. Ham, recent citizens of Clarendon, died Friday night and was buried Sunday. The Banner-Stockman offers the sympathy of the community.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds, bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by J. D. Stocking, druggist. 50c and \$1.00. Trial bottle free.

Local Agent Baldwin reports stock shipments on the boom. He has orders for 138 cars between now and the 1st for Southard station, all for JA cattle, and 65 cars for Clarendon.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Eggleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by J. D. Stocking.

Prof. N. C. Duggins was over from Groom Saturday, commissioned to buy a lot of school books for his school there. He reports oats looking fine in that section, and the acreage very large.

Suffered for Five Years with Kidney and Liver Trouble.

"I suffered for five years with kidney and liver trouble, which caused severe pains across the back and a blinding headache. I had dyspepsia and was so constipated that I could not move my bowels without a cathartic. I was cured by Chamberlain's Stomach and Liver Tablets and have been well now for six months," says Mr. Arthur S. Strickland, of Chattanooga, Tenn. For sale by J. D. Stocking, druggist.

Mr. and Mrs. J. M. Clower this week went to Galveston to attend the meeting of the K. P. Grand Lodge. Mr. Clower is chairman of the credentials committee, while Mrs. Clower represents the Rathbone Sisters.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial Constable at Chapeau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by J. D. Stocking, druggist.

Depot Agent Baldwin is having his troubles here lately with operators. It seems like he cannot keep an operator more than a few days, and up to the 15th he has had eight different men at work.

A Lucky Postmistress

is Mrs. Alexander, of Cary, Me., who has found Dr. King's New Life Pills to be the best remedy she ever tried for keeping the stomach, liver and bowels in perfect order. You'll agree with her if you try these painless purifiers that infuse new life. Guaranteed by J. D. Stocking, druggist. Price 25c.

During the past six months Local Agent Baldwin finds that there have been shipped out of Clarendon 291 cars of live stock—cattle, hogs and horses. Quite a good showing.

—For reliable insurance, see Priddy & Reeves. tf

Live Stock Association.

Most of the live stock associations are small in numbers, but mighty in influence. The special work of these associations is to improve the quality of the stock; and in the places where these associations have their largest membership there is much more interest in live stock matters than elsewhere. Also, the live stock is of highest quality in the countries where the live stock associations are most numerous and powerful. Every farmer can afford to join some one of these associations and help the good work along. Each association is a source of instruction that goes out to the people in a multitude of ways.

Ambassadorial Etiquette.

Ambassadors and ministers are accorded precedence among themselves according to the dates of their appointments, and their wives enjoy the same privileges. In Rome a curious bit of etiquette obtains. In a "black" house the plenipotentiary accredited to the Quirinal takes precedence of his colleague at the Vatican, while in a "white" house the converse rule is observed.

Wise Old Lady.

A clever old lady who went into society in the days when conversation was more important than cooking, asked a niece on her return from a recent function if it had been enjoyable. "Very," replied the niece. "The menu was great!" "My dear," said the old lady, severely, "it isn't the menu that makes a good dinner; it is the menu sit next to."

An Apt Reply.

A Sunday school teacher tells the following story of a member of her class: One Sunday she asked her scholars if any member could tell her about Good Friday. A hand was raised. "Well, what do you know about Good Friday?" she asked. "He was the man who did chores for Robinson Crusoe," replied the eager boy.

A Widow of Experience.

Many years ago, at the funeral of one of the prominent men of Oxford, Miss., the minister forgot to mention in his prayer the widow, who was the second wife of the deceased. His brother, noticing the fact, sent his little daughter, after the service, to remind the aged clergyman of his omission. The minister apologized to the widow, saying: "I trust the Lord will be with you in this great trial, Mrs. B."

"I have no reason to doubt him, for he has been with me twice before," she replied.

Weaver for Eighty Years.

Mathew Faulds, a weaver of Kilmarnock, Scotland, has been at his loom eighty years. He is over ninety-nine years old.

Prisoners Pay the Police.

Prisoners in Morocco, must pay the policeman for his work in taking them to jail.

Italian Savings.

The savings banks of Italy contain over \$666,000,000.

Fortune for Newspaper Man.

A newspaper correspondent recently found near Kimberley, South Africa, a diamond of 149 1-2 carats that he sold for \$12,455.

English Health Resort.

Dover has become one of the first favorites among English health resorts.

Alps Girls Wear Trousers.

In many parts of the Alps girls wear trousers when coasting.

A Depressing Object.

The bridegroom is generally the most depressing feature of the modern wedding. If he is well off he is either bald, with a decided tendency to adipose tissue, or else of a pale sandy type, with equally pale eyes and a retreating chin. In ordinary life he wears spectacles, which at the request of the bride he discards at his wedding, with the result that he stumbles over the last step leading from the church to the altar aisle, and is only saved from falling flat on his face by desperately clutching at the bride's bouquet—Ladies' Field.

Sent as Substitute For Meat.

An odd incident occurred south of Seneca, in Faulk county, when, on a dark, stormy night, while a family of homesteaders were lamenting their ill fortune of having no meat in the house they were startled to hear heavy thuds against the outside of the building, when investigation with a lantern disclosed the fact that wild ducks had flown against it and had fallen to the ground to be easily picked up in their dazed condition. This settled the meat question, and there were some who figured that the ducks had been providentially misguided that night in their journey south.

How to Best Pack a Trunk.

In packing a trunk use heaps of paper with tailor-made garments and pack them as much like a man's suit as possible. Never forget that wrinkle, and many other wrinkles will be avoided. And of materials, remember serge and most voiles pack magnificently, alpaca always creases, faced cloth wants care, cashmere does crumple, but soon shakes out. Velvet, of course, must never be creased at all; crepe de chine travels very well on the whole; silks vary, and anyhow, should be treated with discretion.—Household Companion.

Dead Reckoning.

Dead reckoning is a term used in navigation to express the estimation that is made of a ship's place without having recourse to observation of the celestial bodies. It is made by observing the way she makes by the log and the course on which she has been steered, making allowance for drift, leeway, etc.

The Jasper.

Jasper is quartz, colored by oxides of iron and other minerals. It is found in every color, from pure white to dead black. Chalcedony is the name given to the semi-transparent varieties. The best jasper is mined in Egypt and in the Ural range, where it is found in large blocks.

Caring for Poultry in Winter.

In the handling of poultry in winter I have not yet been able to perfect ideal arrangements for feeding and watering. I have never been able to keep water from freezing, which is desirable in the watering of poultry, as they must have a great deal of water to assist in the digestion of their food. Corn never forms more than one-third of the ration for poultry, and if I can get it I feed corn in the ear to mature birds. I feed wheat, and good wheat at that. I do not feed screenings. For this reason I am opposed to most of the prepared poultry feeds, which I am convinced are composed mostly of screenings and cockle.

Prove Ability to Support Wife.

The hill Dyaks of Borneo show their ability to support a wife thus: When a young man likes a girl he goes out of his way to perform services for her. He often assists her when she is at work in the field, carries loads of wood and vegetables to the house, and is anxious to prove his ability to support her.

Absent-Minded Professor.

A certain Princeton professor noted for his absent-mindedness entered a New York barber shop to have his hair cut. Taking a seat in the chair, he remarked, rubbing his hands: "As it is quite chilly in this room perhaps I had better keep my hat on while you use the shears."—New York Press.

How Peg-Leg Lost.

At Pittsburg a man with a wooden leg saw two dogs fighting over a bone, and attempting to play peacemaker, he balanced himself on his peg and kicked the bone with his sound foot. Whereupon one of the dogs grabbed the wooden leg, upsetting its owner, and yanking it loose, made off down the street with it.

Whist the Best of All.

The Brooklyn Eagle devotes a column to freak card games. Better play whist, altogether, and stick to it. It is the chess of cards, and sufficiently simple for anybody to enjoy who has any grasp of the game. Poor players should either improve by practice and study, or else drop cards.—Troy Press.

Does This Fool the Baby?

The wife of one of our gentlemen friends makes him wear tucks in his night gown, trimmed with pink ribbon, so that the baby won't know the difference when he walks the floor with it at night.—Cavalier (N. D.) Republican.

Good Mucilage.

The best quality of mucilage is made by dissolving clear glue in equal volumes of water and strong vinegar and adding one-fourth of an equal volume of alcohol, and a small quantity of a solution of alum in water.

Sings at Own Funeral.

A Sullivan county dead man sang at his own funeral. A phonograph was placed on his coffin. When the religious ceremony was over the phonograph was turned on and the church listened to the dead man's voice rendering one of his favorite hymns.—Kansas City Star.

Where Ignorance is Bliss.

From their home near St. Malo, France, the children of the captain of the steamship Hilda, who was lost with his ship, watched the rockets that were sent up from Hilda's deck when she was on the rocks, little thinking what they meant.

BALLARD'S SNOW LINIMENT

A SURE CURE FOR RHEUMATISM, CUTS, SPRAINS, WOUNDS, OLD SORES, CORNS, BUNIONS, GALLS, BRUISES, CONTRACTED MUSCLES, LAME BACK, STIFF JOINTS, FROSTED FEET, BURNS, SCALDS, ETC.

AN ANTISEPTIC that stops Irritation, subdues Inflammation and drives out Pain.

PENETRATES the Pores, loosens the Fibrous Tissues, promotes a free circulation of the Blood, giving the Muscles natural elasticity.

CURED OF PARALYSIS

W. S. Bailey, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which effected a complete cure. I have also used it for old sores, frost bites and skin eruptions. It does the work."

BEST LINIMENT ON EARTH ONCE TRIED, ALWAYS USED REFUSE ALL SUBSTITUTES

YOUR PLEASURE

Is Our Business

If you are figuring on a trip anywhere, just drop me a line. All information regarding Rates, Routes, etc., cheerfully given.

C. W. STRAIN, G. P. A.,
Fort Worth, Texas.

TEXAS FARMERS

Located in the Panhandle country constitute a vast proportion of those who are out of debt, possess an abundance of all that is necessary to comfort and easy hours, and own

Bank Accounts.

Those who are not so fortunate should profit by past experiences and recognize that these conditions are possible in

The Panhandle

as no where else for the reason no other section now offers really high-class lands at low prices and that the agricultural and stock-farming possibilities of this section are the equal of, and in some respects better than three to five times higher priced property located elsewhere. In a word: Many magnificent opportunities are still open here to those possessing but little money, but prompt investigation and quick action are advisable, as speculators have investigated and are fast purchasing with a knowledge of quickly developing opportunities to sell to others at greatly increased prices.

The Denver Road

sells cheap round trip tickets twice a week with stop-over privileges.

For full information write to

A. A. Glisson, G. P. A.
Fort Worth, Texas.

SATISFACTION BY THE GALLON

IS what we offer in our celebrated PALACE CAR PAINT. It is guaranteed to be pure. Works easy and covers well. It wears longer than lead and oil and is cheaper. See us and get our prices before painting your home. On the BEST lumber our prices please.

Clarendon Lumber Co.

Stockett & McCrae

Everything new and first class. Rubber tire buggies, comfortable surries, fast and gentle horses. Horses boarded and cared for, rates reasonable. Hack meets all trains; and answers all calls.

Main Street, Clarendon, Texas. Phone 62

STEVENS

The difference between hitting and missing is the difference between an accurate and an inaccurate aim. Choose wisely—discriminate! Get a STEVENS! Forty years of experience behind our tried and proved line of

RIFLES, PISTOLS, SHOTGUNS
Rifle Telescopes, Etc.

Ask your dealer and insist on the STEVENS. If you cannot obtain, we ship direct, express prepaid, on receipt of cash price.

Beautiful three-color Aluminum Hanger will be forwarded for 10 cents in stamps.

MEMPHIS, TEXAS

COFFEE

The coffee plant is a native of Africa
and grows wild in favored localities.
Monkeys are fond of the ripe, cherry-
like berries before the pulp dries up
around the parchment holding the grain.

Coffee is first mentioned in history
about A. D., and the Mohamedan priests
used it to keep them awake during
church services. From Abyssinia it went
to Arabia and afterward was sold in Con-
stantinople. About 1652 King Charles
tried to suppress its use in London,
because at the "coffee cafes" the people
talked too freely in criticism of his acts
as king.

From Holland coffee was introduced
into the West Indies and New World.

There are many varieties but we have
only a few kinds.

Our leader in packages, each.....15c
Choice Rio in barrels, lb.....16½c
Java Blend in packages, lb.....20c
Java in barrels lb.....25c
Mocha Java blend packages, lb.....25c
(Try our coffee; it is fresh; it is good)

MEMPHIS, TEXAS

Giles Glimmerings.

GILES, Texas, Apr. 17.

EDITOR BANNER-STOCKMAN:

Splendid rains during the past week
insures fine crops for the coming season.

Rev. Doak preached for us Easter
Sunday and there was quite a large turn-
out.

Lewis & Molesworth are being delayed
in shipment of 44 cars cattle to DeGraff,
Kas., on account of being unable to
secure cars.

Master Adolphus Lemmon returned to
his home at Stephenville after visiting
his brother, John, Lemmon, of Giles.

Miss Mabel Stokes and Mrs. Phillips
from Memphis were visiting Mrs. G. G.
Willingham last week.

The Giles basket ball team is getting
in shape and want to have a match
game with some neighboring team soon.

The Giles baseball club will play the
Quail club at Quail next Saturday.
Giles has a good club this season and
has defeated Memphis twice this year.

J. O. Dillon's bridge outfit has been at
Giles for the past week repairing bridges
for the railway company.

Messrs. Coursey & Young loaded a car
of building sand which was shipped to
Childress Monday.

Wonder why Richard Wylie stays at
Giles so late every night lately.

Mr. and Mrs. T. P. Shelton spent Sun-
day visiting at Rowe.

Messrs. W. J. Thaxton, P. C. Johnson
and C. A. Crow went to the stock con-
vention at Amarillo Tuesday.

E. H. Watt is going to Rowe Saturday
in connection with public road business.

Elijah Crow spent Sunday in Giles.
Must be some attraction.

Farmers are well up with their work
and the acreage will be considerably
more than doubled this year.

DR PRICE'S

cream

BAKING POWDER

Good health depends mostly upon
the food we eat.

We can't be healthy if we take alum
or other poison daily in our food.

Dr. Price's Baking Powder is abso-
lutely free from alum. It is made from
pure cream of tartar and adds to the
healthfulness of the food.

PRICE BAKING POWDER CO.
CHICAGO.

NOTE.—Baking powders that are sold at
ten to thirty cents a pound, or a cent
an ounce are made from alum. Avoid
them.

WILL BUILD A CITY HALL

The New Mayor and City Council
Making Arrangements to Build
City Hall and Fire Station.

Mayor I. W. Carhart and the
recently elected board of aldermen
all qualified last week and immedi-
ately went to work. About the
first business transacted was the
appointment of a committee to look
into the matter of buying a lot for
a city hall. The committee made
its report and the lot was purchas-
ed within three minutes. They
secured the 25x115 business lot on
Sully street adjoining the Chronicle
office, and Mayor Carhart informs
us that as soon as possible a build-
ing will be constructed to be used
as a combination city hall and fire
station. Plans for the building
have not been adopted yet and we
are not able to state of what it
will be built.

The new council will also in the
near future take steps looking to
the betterment of the streets, and
it is likely that considerable grad-
ing and graveling will be done at
an early date.

Mayor Carhart, while not given
to talking much gave our reporter
to understand that the new city
council will be in the class of or-
ganizations which attempt to do
things, and so far as the finances
of the city will permit we may look
for improvements.

They Will Buy.

Monday was a bad day; in fact
this has been a rainy week; but on
Monday last the O'Neill Hdw. &
Imp. Co. put out ten cultivators, a
Mandt wagon and a lot of other
stuff. Farmers will buy regardless
of the rain when they find what
they want, which they can always
do at this store. it

Sewing.

Bring your sewing to Mrs. Fen-
wick, at the Humphrey residence,
first house south of the court
house. 23-4t

—Rooms for rent. Apply at
this office. tf

FEED FOR SALE

I have for sale at farm 5 miles north-
east of town:

Milo Maize in head at \$10 per ton.
Kaffir corn in bundle at \$5 per ton.
Sorghum in bundle at \$4 per ton.
Millet in bundle at \$7 per ton.
Corn in ear at 50c per bushel.
Nothing delivered at these prices; call
at place. 25-2t

J. T. Wilson

AMARILLO CONVENTION

(Continued from first page.)

seemed to be quite a difference in
the opinions of the buyers and
sellers as to prices. It was report-
ed that some of the Slaughter
cattle were sold, also the Pitchfork
steers, and some other smaller
bunches, but altogether the trading
did not amount to much.

Visiting ladies were entertained
at a reception at the home of Mr.
and Mrs. B. T. Ware.

Amarillo was muggy the first
day but sun and wind soon dried it
up to a considerable event.

Tuesday night's smoker was a
howling success from Gov. Brown-
ing's "Brown" anecdote to Burke
Burnett's song, "Big Injun in My
Mind."

The Amarillo Herald boys ex-
tended many courtesies to the
visiting newspaper men. Our re-
porter is under great obligations to
Messrs. Brooks and Webb, and in
fact the whole force.

The reporter's table was occu-
pied by Tom Finty, Jr., of the
Dallas News; Fred Chase, of the
Fort Worth Record and Amarillo
Herald; C. H. Tupper, of the Fort
Worth Telegram, and John E.
Cooke, of the Banner-Stockman.

S. D. Myres, the maker of fine
saddles at Sweetwater, Texas, was
at the Elmhurst Hotel with the
finest lot of saddles our reporter
has ever seen. One in particular
was a beauty; made of the finest of
leather, and mounted with pure
silver and gold, it was indeed an
elegant affair. Mr. Myres is one
of the most famous saddle men in
the west, and his goods have made
for themselves a big reputation
among the cowmen all over Texas.
He pays especial attention to mail
orders, and any of the boys who
saw his goods but failed to close a
trade with him can be sure that if
they send in an order it will have
the same careful attention that
would have been given him per-
sonally. He asks those readers of
the Banner-Stockman who are in-
terested in good saddles to write
him for a catalogue and prices.
Mr. Myres reported several sales of
his best makes.

COME TO SEE THE Kandy Kitchen

And get fresh home-made can-
dies of all kinds; made every
day. Fresh roasted peanuts and
popcorn at all hours. All kinds
of nuts and fruits.

M. L. VINSON
