Goodnight Industrial School.

The Board of Directors of Goodnight Industrial Institute, met at Goodnight last Friday and inspected the entire property. All were highly pleased with the location for an Industrial School, and agreed to put forth every effort to make it a success.

After mature deliberation, it was agreed to overhaul all the buildings; put the school building in better condition, and forty more desks; to re-canvass and paper both dormitories; enlarge the dining room, etc.

A. E. Gates was present, representing the Educational Commission, and proposed if the directors would raise the money to do the improvements, the commission would buy two span of mules and build a house for the farm. The money was raised by the directors in five minutes.

This school is something new for Texas. A Christian Industrial School. The directors cut off and put under the control of the faculty a certain amount of the farm land to give students employment on. This makes it possible for an energetic boy, who needs help, to pay a part of his expense in labor.

Any information desired about this feature of the school can be obtained by writing C. H. Webb, president, at Goodnight.

L. F. Beckner and family came in this week from West Virginia to make their home here. Mr. Beckner owns a section of land three miles northwest of town and will at once build thereon and go to farming. He is accompanied by Mr. J. A. Holden who will also locate here.

Hugh Harper, of Paris, is here this week prospecting. He is a cousin of Mayor A. M. Beville and an old friend of A. L. Daily. Mr. Harper is in love with our country and assures us he will buy property.

Shipping Fruit.

The notice that Local Agent Baldwin would find a market for all Donley county fruit and vegetables which the grower wished to ship was published in last week's Banner-Stockman and attracted considerable attention as is witnessed by the manner in which the people took hold of the proposition. On Monday night the express company loaded out of Clarendon 52 cases of fruits and vegetables, and there has been good shipments made on nearly every train since the notice was given. Mr. Baldwin says he has standing orders for every-day shipments, and says tell the people to bring on their stuff, the only condition being that he be given a little notice before the stuff is brought in.

The Operetta.

"Golden Hair and the Three Bears" was presented at the opera house Tuesday night as per announcement by home talent. The attendance was small on account of the threatening weather, but the audience was attentive and very appreciative. The play was creditably presented and there is talk of giving another performance at a later date, those interested having been solicited by many people to do so. If the play is again put on the price will be reduced to 15c and 25c. The attendance being so light made the benefit to the cemetery fund derived from the play quite small.

A train of cattle was shipped from Southard to the Kansas City market Saturday. T. S. Bugbee had 15 cars of cows in the train, Dick Walsh two cars calves, and there were several other shippers interested in the balance of the train.

THE MARTIN-BENNETT COMPANY

Do You Want That \$45 Steel Range?

Considerable Interest is Manifested but Ladies Are Slow in Announcing Candidacy.

The Banner-Stockman has bought from the Witt-Richardson Hardware & Implement company, a \$45 Buck's Steel Range—a regular beauty in the way of a stove and something every family can find use for even if they have a good stove already. This range will be given absolutely free to the most popular lady in Donley county, the test of popularity being decided by votes issued on subscription money paid the Banner-Stockman. One dollar paid on subscription (either new or renewal) entitles the holder to 100 votes; 50c paid entitles you to 50 votes; 25c gets 25 votes. When the money is paid a coupon is issued calling for these votes and may be voted by the holder for any lady in the county whom he chooses to support. The votes will be deposited in a locked ballot box at this office and each week a count will be made and the result announced. At the close of the contest another count will be held by a committee of disinterested parties and the lady who has received the most votes will be awarded the range which will be delivered to her on demand by the hardware firm above named. The range is now on exhibition at the store of Witt-Richardson and can be inspected by anyone who so desires. Each copy of the Banner-Stockman from now until the contest closes will contain a coupon which is good for five votes when clipped and presented at this office.

NO VOTES WILL BE SOLD TO ANYONE AT ANY PRICE.

This is a subscription contest and not a money making scheme on the part of the proprietors. We want to get new subscribers and get in closer touch with our old subscribers, making them stronger friends than ever to the paper and its publishers, and this range contest is put on because we believe it will help us do all this.

THE GOLD WATCH.

No young lady is barred from competing for the range yet it is more than likely that the married ladies will monopolize the range contest, so to give the girls and young ladies a "square deal" we have arranged to give away a \$25 gold watch and chain to some one of Donley's fair daughters. This watch will be given to the young lady under 21 years of age who secures us the largest number of NEW yearly subscribers while the range contest is running. There

R. D. Doak met with a very painful and what came near being a very serious accident Wednesday evening. While hitching his team to his buggy one of his horses became frightened and knocked the gentleman down, stunning and bruising him quite badly. Mr. Doak had his wounds dressed and was able to go home.—Claude News.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At Dr. Stocking's drug store, 50c and \$1.00 guaranteed. Trial bottle free.

are no other conditions. All the girls have to do to compete is to go to work soliciting new subscribers. They may get their fathers, mothers, brothers, sisters or friends to help them. The new subscribers do not necessarily have to be living in the county. They may live anywhere in the United States. Two six months, or four three months subscriptions will count as one yearly subscriber. New subscriptions so secured will be entitled to votes in the range contest. Now girls, get to work. See people, and ask them if they are taking the Banner-Stockman. If not don't let go until you get their names. Get your friends to subscribe for the paper to be sent to friends or relatives in the old states. Any girl who will work right hard should be able to secure a dozen new names the first day. Call at the Banner-Stockman office or write us if you are going to compete for the watch and we will furnish you with subscription blanks and some literature which will help you do the talking, also a supply of coupons which as agents of the paper you can supply to subscribers. Remember, some girl is going to win a watch and it is well worth working for.

To the first 50 NEW subscribers while the contest is running we will give absolutely free a year's subscription to Holland's Magazine the new high-class literary monthly published by Frank P. Holland, the publisher of Farm and Ranch, at Dallas. This is a regular \$1-a-year magazine, and a good one, too. The first fifty new subscribers to the Banner-Stockman under the terms of this contest will get the Banner-Stockman and Holland's Magazine both one year for only \$1.

The range contest will close at noon on October 15, 1905, on which date the votes will be counted and the result made known.

The watch contest will close at the same time and the watch awarded to the young lady or girl who has handed us in the most new subscribers. The only persons barred in these contests are members of the families of any of the Banner-Stockman force, and the members of the families of the firms supplying the premiums.

The gold watch was sold us by J. M. Clower & Son, and is now on exhibition in their show window. Drop by and see it, also the range at Witt-Richardson's.

The Panhandle Road beats 'em All.

The big train loads of passengers pulled by the Denver road four times a day remind us that this road has become one of the most important in the state. To illustrate, a number of railroads run into the T. P. depot at Ft. Worth; of the \$75,000 received there monthly from the sale of tickets, the Denver gets over \$30,000 which means she is doing almost as much business as the other roads taken together. As for the travel, it is almost wholly confined to the Panhandle. While the Colorado travel is not to be sneezed at, the great bulk of passengers traveling West every day, have left the train after Dalhart is passed.—Quanah Tribune-Chief.

My studio will be closed on Aug. 1 for ten days and those desiring work in my line should call before that time. H. Mulkey.

The Best Papers.

The papers you want are the papers that will suit your entire family best. A combination that will answer this requirement is this paper and the Fort Worth Semi-Weekly Record.

The Record is a general newspaper of the best type. Ably edited, splendidly illustrated, it carries a news service which is the best that knowledge and experience can suggest. Special features of The Record appeal to the housewife, the farmer, the stockraiser and the artisan.

The colored comic pictures printed in the Friday issue are a rare treat for the young folks.

Its market news alone is worth the money.

You will surely be a constant reader of The Record once you try it, and the favorable clubbing offer made below is an opportunity not to be missed:

Semi-Weekly Record 1 year.....	\$1.00

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at Dr. Stocking's drug store; price 50c.

A. E. Gard and Ike Stevens, of Shadeland, delivered 20 cows to John Dorsey here Saturday, Dorsey having purchased them from M. H. Gard. Roy Pengh also delivered 38 head of calves which Dorsey had bought for \$7 per head.—Higgins News.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale at Dr. Stocking's drug store.

ABSTRACT OF TITLE

I have bought the interest of I. W. Carhart in the abstract business of E. R. Clark & Co. and am now the sole owner of the only set of complete abstracts in Donley county. These abstracts are full and complete to this date. Am prepared to furnish on short notice abstract on any piece of realty in Donley county, and will guarantee the work. I want the patronage of the public and will appreciate same. If I am not in my office at the court house when wanted apply to C. A. Burton, county clerk, who will take pleasure in attending to any business in my absence.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

THE PRESS OF THE WORLD.

An Interesting Exhibit of Newspapers from Foreign Countries.

We have on exhibition at this office a collection of newspapers from all over the world which are printed in various languages and dialects. This is probably the most interesting collection of newspapers ever received in this city. They are sent to us by the Chamberlain Medicine Co., of Des Moines, Iowa, and everyone of them contains the advertisements of this company's remedies. It may not be known to our readers that large advertisers receive a copy of every paper containing their advertisements and every notice is scrutinized closely to see that it conforms to the contract. The Chamberlain Medicine Co. advertises in nearly every town in the United States and in nearly every part of the civilized globe, and there is probably no other institution in this country that receives so great a number and variety of newspapers.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be bought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale at Dr. Stocking's drug store.

Sick headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale at Dr. Stocking's drug store.

Panhandle Section is Now Prospering.

"The Panhandle never had on a finer dress than is the case today," said Richard Walsh, manager of the Paloduro ranch of Mrs. Adair, who is in the city. "The sweeping plains are covered with fine grass and the cattle are sleek and fat. In addition to this there is an abundance of water and everybody is feeling reasonably good. I look for good times in the Panhandle to continue for an indefinite period."—Fort Worth Record.

SPECIAL CLUBBING OFFER.

Every man should subscribe to his local paper, because from it he secures a class of news and useful information that he can get nowhere else. He should, however, subscribe to a first class general newspaper. Such a newspaper is

The Semi-Weekly News.

Thousands of its readers proclaim it the best general newspaper in the world. Its secret of success is that it gives the farmer and his family just what they want in the way of a family newspaper. It furnishes all the news of the world twice a week. It has a splendid page where the farmers write their practical experiences on the farm. It is like attending an immense farmers' institute. It has pages specially gotten up for the wife, for the boys and for the girls. It gives the latest market reports. In short, it gives the combination of news and instructive reading matter that can be secured in no other way.

For \$1.75, cash in advance, we will send The Semi-Weekly News and the Banner-Stockman each for one year. This means you will get a total of 184 copies. It's a combination which can't be beat, and you will secure your money's worth many times over.

CAMP MEETING AT GOODNIGHT.

An Old-Fashioned Camp Meeting Beginning August 19, 1905.

Preaching service by J. T. Bell, Missionary Evangelist.

Song service by Rev. J. L. Barrett, of Louisiana, and Prof. A. H. Thornton, of Goodnight.

Two pianos will be used and perhaps other instruments.

Plenty of well watered pasture for stock and also wood for cooking purposes. Free to campers.

Reduced rates have been applied for and it is confidently hoped will be secured on the Ft. Worth & Denver from all points as far east as Ft. Worth and as far west as Dalhart.

Goodnight is situated on the Ft. Worth & Denver, 12 miles east of Claude and 18 miles west of Clarendon. Here is the famous Goodnight ranch through which runs the picturesque breaks of Spring Creek and Mulberry Canyon. Over these beautiful pastures Col. Goodnight's fine buffalo herd roams.

Here is located the Goodnight College, adjacent to which the meeting will be held. No finer place in Texas for an outing. We expect a large attendance and a great meeting.

J. L. Harrison, H. J. Lippold and Geo. Masters came from St. Joe Sunday where they had been with cows and calves. The cows weighed about 900 and brought \$2.25, the calves \$7.50.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Painting the Town Red

Was at one time the favorite diversion of those who settled this country. The grade of paint used was extremely poor and in a very short time after the paint was applied the buildings began to show cracks—probably caused by the use of too much lead, or maybe the lumber was poor. Present day methods are somewhat different and more sombre colors are now in vogue. Whatever the color Vane Calvert Paint has that color in its correct shade and if properly put on WILL NOT CRACK. Our lumber is a good thing to put Vane Calvert Paint on. Its fine finish makes it especially desirable for work which requires the BEST grade of lumber.

Entered at the postoffice at Clarendon, Texas as second class matter.

Clarendon, Tex., Aug. 4, 1905

THE Amarillo Herald last week issued a special edition. There are special editions of various kinds—good, bad and indifferent. This was neither. It was absolutely the best we have ever seen. They called it an "immigration edition," and we are of the opinion that the name was well selected and that it will do much good work for the Panhandle in locating new people and informing all others of the many blessings to which we of this favored section are heir. The thirty-two pages were crammed full of good matter. For a splendid description of Donley county the Banner-Stockman in behalf of our whole citizenship extends to the Herald management abundant thanks.

Those interested in our Range contest will notice this week that the form of the coupon in the paper has been changed so that it will not be necessary for party voting the coupon to sign his or her name. In making out these coupons it is only necessary to write in the name of the lady for whom the votes are cast. There are several candidates we hear, who will announce shortly. Save the coupons and vote them for the lady of your choice. The conditions of the contest appear in another column of this issue.

J. L. Henson, of Bosque county, whom we mentioned last week as being here prospecting, bought from T. S. Bugbee a half section of land, unimproved, five miles north of town, consideration \$8 per acre. He returned home Saturday, informing us that he would move his family here just as soon as he could get away. He is very much pleased with Donley county, and said that the Improvement Club was doing some good work in issuing the literature they have put out. Mr. Henson received one of the folders and was led thereby to come up and investigate the country. He says he finds the country better than represented, and he will do all he can to locate more new people here, saying there were several families in his county who are only awaiting his report before coming west.

Dr. Brown Dead.

Dr. Brown, brother of our townsman, Hugh Brown, died at his home in Rowe Saturday night after a long and tedious illness. The funeral was held at the Rowe cemetery Sunday, the services being conducted by Rev. W. P. Dickey. Deceased had been a resident of the county about two years and probably no citizen had made more friends or stood better in the community in the same length of time than he. The whole Rowe community attended the funeral, it being one of the largest ever held in the county. The Banner-Stockman extends to the widow and other relatives a heartfelt sympathy.

The Plainview baseball team was here this week and played the Clarendon second nine two games. The first game was played in the mud Tuesday, and resulted in a score of 4 to 3 in favor of Clarendon. The second game Wednesday was won by Plainview, score 10 to 2.

—Mountain Cedar gate posts now in stock at the Clarendon Lumber Co. All sizes, 10, 12, 14, and 16-foot. tf

Mrs. Maude Gray left yesterday for her home in Dallas.

Retired From Business.

F. A. Dubbs, who has been a member of the firm of E. Dubbs & Sons for the past year, retired from business for a day or two the first of the week in order to celebrate the arrival at his home of a fine little daughter. The young lady arrived Sunday and Fred says she has brought her clothes and is going to stay. He is very much enthused over the bit of humanity and has been setting 'em up right along to all all inquirers. The Banner-Stockman trusts that Miss Dubbs may grow up to be as good looking as her mother and as jolly and happy as her respected daddy.

Mr. and Mrs. Cuvier Lipscomb and sister, Miss Minnie Paschall, of Denton, visited the family of their cousin Mrs. John Clark in Clarendon this week. Mr. Lipscomb is an old boyhood friend of the editor and is carried away with the Panhandle. He recently sold his 360 farm in Denton county for \$70 per acre and bought a section of land adjoining the town of Amarillo, paying \$22 per acre for same. He thinks Clarendon and Donley county the prettiest and best part of the Panhandle, but says it is all good enough and he expects to realize handsomely on his investment at the Windy City.

McLean Minnows.

MCLEAN, TEXAS, AUG. 1.

EDITOR BANNER-STOCKMAN.

We are enjoying some fine weather; crops never looked finer.

Messrs. Cook, Cousins, Christian and Say with their families attended church at Herald school house Sunday. Rev. Crutchfield preached the funeral of Grandpa Rogers who died in Oklahoma while visiting some of his children last winter. Grandpa left an aged wife and several children all whom were present. Dinner was served on the ground to a large number of people.

There have been quite a number of prospectors in town recently; all seem to be well pleased with the country and the growing crops, but don't think any sales were made.

Quite a number met last Tuesday and fenced the cemetery at this place. It was greatly needed and am glad the people have attended to it.

L. O. Floyd's new residence is near completion and it is a beauty.

Mr. and Mrs. W. E. Phillips entertained the young people last Monday night. All report a nice time.

The stork that passed through McLean on the 24th ult. left a little girl baby at Mr. and Mrs. Arthur Gray's.

W. H. Small and wife of Shamrock were here last week looking for a business location we understand.

Mr. Heffner, of Greer county is here on a visit to his brother-in-law W. T. Wilson and family.

Mrs. Joe Williams of Beaver county is visiting her parents, Mr. and Mrs. J. L. Crabtree.

The Truck Growers Association have ordered their crates for cantaloupes. They say the crop is very fine where the rabbits have not ruined the vines.

Notice to Farmers.

Believing that the raising of alfalfa in this section is going to be of immense value to this country, and wishing to do all in our power to encourage the planting of same, we have made arrangements with the largest and most successful growers in Kansas to supply us with choice Turkeystan Highland alfalfa seed. Every farmer in this section should plant at least a few acres. Call on us and let us know how much seed you want and we will see that you get it. New crop seed will be ready for shipment about the last of August. We want to know as early as possible about how much seed we must order. So come early and give us your name and amount of seed wanted.

D. L. McClellan has identified himself with the firm of Crisp & Vinson, real estate dealers, and the firm name is now McClellan, Crisp & Vinson. They will office at the old stand on main street, in the Schmitz building.

Shirts

Shirts are an absolute necessity; the law requires that one shall at all times wear a shirt or a substitute for same. To present a dressy appearance one should be careful in their selection of Shirts. We have just received as pretty a line of Shirts as has ever come into the Panhandle and are offering them at prices that will prove satisfactory to the buyer. It is our desire to please our customers and with few exceptions have succeeded in doing so. If you are not one of our regular customers give us a trial and you may find it to your interest to trade regularly with us. We always keep nice things in cold drinks and can please you along this line.

Why, That Carload of NEW FURNITURE

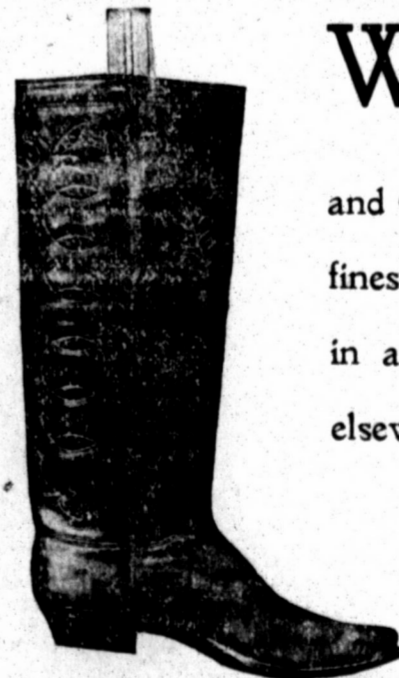

Some weeks ago we announced that we would add to our hardware business a full and complete stock of Furniture, and our Mr. Daily immediately went East to buy the same. He bought a full carload, including everything in the Furniture line, and it was bought at prices which will enable us to sell it at Live and Let Live Prices. It was shipped to Clarendon under the new common point freight rate which makes quite a saving to us in freights and this saving we will give to the public in the way of reduced prices on the goods. In fact, we are going to make the same reputation in selling furniture that we have in hardware—to-wit:

"Selling Cheaper than any other Clarendon Firm HAS EVER DONE."

We have brought down Hardware prices and we are going to do the same trick in Furniture. If you don't believe it come and see for yourself and get our prices.

We are working hard to get the stock in shape to show to the public and expect to have the store in good shape in a few more days. Watch for our announcements later when we can tell you more about what we have and the price of same. Don't buy furniture until you see our stock.

THE GREAT CONGRESS.

Arrangements Perfected for a Great Gathering on August 11 and 12.

As will be gathered from the official program on another page of this issue, all of the arrangements are perfected for the first annual Panhandle Farmer's Congress, to be held in Amarillo on Friday and Saturday, August 11 and 12. The list of speakers includes some of the best authorities in America in their particular lines, offering practical instruction on a range of topics that has never been approached in the western country, and which will be of priceless value the plains country.

Perhaps the most noticeable figure is that of H. W. Campbell, whose theory in regard to soil culture in the semi-arid belt has been found so valuable the past two years, and whose experiment station at Bovina is under close observation in all parts of the great prairies where the conditions are the same. This will be the first time that Mr. Campbell has appeared before a farmer's meeting in the western country, and his address alone will be worth to Amarillo for a long distance. The application of his plan has been proven to mean one-third to one-half on all crops without a cent of extra outlay, and that ought to mean a great deal to the plains farmer.

Col. Parker Earle, of Roswell, perhaps the greatest authority on apple growing in America, and a man of international reputation will speak on "The Horticultural Future of the High Western Plains," and from the depths of his experience and deep learning will come information of untold value in attaining the true measure of prosperity for the great prairies.

Prof. Alfred Gaskill, of the United States Division of Forestry, has been assigned by the Secretary of the Interior to speak on "Forestry and its relation to the farmer and citizen of Semi-Arid America," and in view of his high standing both in America and abroad his address should be one of the strongest features of the convention. Prof. Gaskill has been prevailed upon to stay all through the convention and may be consulted with by any one interested free of all charge.

J. B. Buchanan, of Fort Worth, will speak on "Kaffir Corn and Hogs," one of the phases of development that appeals most strongly to the Western farmer, and from years of study of which he is most competent to speak.

W. S. Marshall, of Channing, will speak on "Alfalfa," and his address will be founded upon actual experience, he being the real pioneer in the introduction of the great legume on the high plains, and his successes being now quoted all over the west as shining examples of what may be accomplished in the face of what had been supposed to be insurmountable natural obstacles.

A. H. Leidigh, director of the experiment station at Channing, and who will probably be transferred to the Amarillo station at an early date, will speak on "Cereals on the Great Plains," and his work at the Channing farm will be drawn upon liberally, especially as regards Durum or Macaroni wheats and other drouth resisting plants, the understanding of which has been greatly advanced by Mr. Leidigh's work.

There will be some other notable speakers: Congressman John H. Stephens of Vernon, will speak on "What the Government is Willing to do for the Farmer." Prof. J. C. Craig, of the Texas

John S. Kerr, of Sherman, will speak on "Small Fruits." In the Round Table which will conclude the program Judge O. H. Nelson will speak on "De-Horning," and there will be address on cotton and many other topics of real interest.

There will be many other features to interest the visiting farmers and sightseers. All of the farmers in the Panhandle are invited to bring samples of their produce which will be properly displayed and accredited.

All of the railroads have made special rates to the congress, of one fare and ten per cent for round trip, and the attendance should run into the thousands.

All of the proceedings of the congress will be open to all of the people and they are cordially invited to attend and get the full benefit of the notable program, the like of which has never before been approached on the great plains.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale at Dr. Stocking's drug store.

GOVERNMENT LAND.

On August 28, 1905, 2,425,000 Acres
to be Thrown Open for Settlement
in Utah.

Advices are received to the ef-
fect that the Uintah Indian Reser-
vation in Utah will be thrown open
by the Government for settlement
on August 28, and that on account
of same individual registrations for
the land will commence August 1,
at Grand-Junction, Colorado, and
at Vernal, Price and Provo, Utah,
such registrations to close August
12.

Drawings to determine the order
in which selections of the land may
be made, will be held at Provo,
Utah, commencing Thursday, Aug-
ust 17th, and the applications of
those participating and drawing
numbers from one to fifty inclusive,
must be presented at Vernal, Utah,
August 28th, when they will be
considered in their numerical order
during the first day; the applica-
tions of holders of numbers 51 to
100 inclusive, to be presented on
the second day, and so on until all
numbers have been disposed of.

Between the time of registration
and the drawing, applicants will be
given certificates permitting them
to examine the lands. All applica-
tions for entry must be made in-
dividually, and cannot be made by
agents or representatives except in
the cases of the honorably dis-
charged soldiers and sailors, who
may submit proofs of their quali-
fications through agents of their own
selection. No person, however,
will be permitted to act as agent
for more than one soldier or sailor.
The reservation is reached to ad-
vantage via a new transportation
line from Mack, Colorado, known
as the Uintah Railway, also by
stage line from Price, Utah, a sta-
tion on the line of the Denver &
Rio Grande R. R.

On this account and in order to
admit of interested persons partici-
pating in the very unusual oppor-
tunity thus presented, at nominal
expense, the Ft. Worth & Denver
City Ry., (The Denver Road) will
sell round trip tickets from Texas
points daily at rate of one fare
plus \$2 for the round trip, with a
return limit of 60 days from date
of purchase and will also afford the
privilege of stop-overs going and
returning in order to facilitate the
interests of those desiring to in-
vestigate and file claims.

Details regarding the best plans
of procedure in order to secure
parts of the property will be sup-
plied free of cost by Mr. A. A.
Glisson, G. P. A., of "The Denver
Road" at Ft. Worth, Texas, upon
application.

\$100 Reward, \$100.

The readers of this paper will be
pleased to learn that there is at least one
dreaded disease that science has been
able to cure in all its stages, and that
is Catarrh. Hall's Catarrh Cure is the
only positive cure now known to the
medical fraternity. Catarrh being a consti-
tutional disease, requires a constitu-
tional treatment. Hall's Catarrh Cure is
taken internally, acting directly upon
the blood and mucous surfaces of the
system, thereby destroying the founda-
tion of the disease, and giving the patient
strength by building up the constitution
and assisting nature in doing its work.
The proprietors have so much faith in
its curative powers that they offer One

fails to cure. Send for list of testimo-

valuable arrangement in that it
may be used to great advantage by
parties reaching Denver as stran-
gers, and especially by ladies trav-
eling alone or with children, who
for any reason would prefer not
finding it necessary to disembark
during the night; in addition to
which, it will, of course, prove of
advantage to all through travelers
in any case where the trains refer-
red to may be delayed in reaching
destination.

Fleishish Suffering

is often caused by sores, ulcers and can-
cers, that eat away your skin. Wm. Bel-
dell, of Flat Rock, Mich., says: "I have
used Bucklen's Arnica Salve, for ulcers,
sores and cancers. It is the best healing
dressing I ever found." Soothes and
heals cuts, burns and scalds. 25c at

ONE GALLON OF EACH
Kinloch PURE RAW LINSEED OIL
HOUSE PAINT
MAKES THE BEST PAINT

Important Memorandum—The painter is the most important factor in
the success of a painting. A job completed, done by a
good painter with the best quality of paint, costs only \$10.00 (\$15.00 labor, \$5.00 paint)
and will last five years. The same job, done by a cheap painter, costs only \$12.00 (\$15.00 labor, \$7.00 paint)
and will last only two years. Thus the "pay-paint" of the good painter's job is \$12.00
—the poor painter's \$20.00.

When we sell you paint, you buy the linseed oil separately.
We know from our experience that paint without fresh linseed oil
is not going to last very long. Of course, it may look well in the
beginning—but in the end—what?
We're here in business to stay and when we recommend Kinloch
Paint we certainly must be positive of its staying qualities, too.
We can give you some real information on painting. When you
are ready to buy come and see us about

Dr. Carroll was called to Groom Sunday to see the little daughter of C. E. Boydston, who has been seriously sick but is now better.

Card of Thanks.

We wish to express our thanks publicly to the people of Rowe and surrounding community for the many acts of kindness shown us since our residence with them and in the sickness and death of Dr. Brown. Better people were never seen than these and our hearts are full of gratitude toward all. May God bless you all is our prayer.

Gratefully,
MRS. DR. BROWN AND FAMILY.

An obituary notice of the late Ulysses Powell was unavoidably crowded out this week but will appear in our next issue.

The little daughter of Mr. and Mrs. Gene Smyers, of Amarillo, formerly of Clarendon, has been down nearly sixty days with typhoid fever and has been very low. Dr. Carroll went up to Amarillo Sunday, having been called in consultation. He says that while the child is in a serious condition he has hopes for her recovery.

Frank and Joe Barnhart are here from Trinidad. Their father has sold his business at Alanreed and will also go to Colorado soon.

More rain since last issue. Crops are in best possible shape and the prospects for a big corn crop are very bright. All kinds of crops are reported by the farmers to be as good as they ever saw at this season of the year.

Ira Guffey, of Stephenville, who was here a week or two ago visiting his father-in-law, H. C. Jackson, has decided to locate here and will return this fall and take charge of Mr. Jackson's farm near Rowe. Mr. Jackson will move to town to be convenient to school.

Mr. and Mrs. Joe Horn returned Monday from Silvertown where they spent a week visiting friends, particularly the family of Capt. D. H. Sweeney. Joe reports the best eating he ever saw and we believe he got it, too, for he presented a foundered appearance on his return. The Banner-Stockman acknowledges a remembrance from Mrs. Sweeney of the biggest, heaviest and best head of cabbage we ever saw. It is a sample of the plains product which no black-land country can beat.

J. M. Wattenbarger and R. H. Curnutte have formed a partnership and will transact a general real estate and law business. Mr. Curnutte is an attorney and will take charge of that particular branch of the business. They have office room upstairs in the Borchers building.

Ed W. Bedford and wife, of Heiner, Knox county spent the past week or two in Clarendon. Mr. Bedford is a brother-in-law of T. M. Love and expresses himself as being so well pleased with Donley county that he may decide to locate.

I wish to thank all who so faithfully assisted in the Operetta, "Golden Hair and the Three Bears." Mr. Gleason gave us the use of the lights for practice, which was very much appreciated. Mr. Daily kindly let us have what property we used. Mr. Washington moved the piano without charge, for all of which we are duly thankful. But especially do I wish to thank Mrs. Briggs, of Dallas, for faithful and earnest help, without which our entertainment would not have been a success.
Respectfully,
MRS. MAUDE GRAY.
