BOARD ELECTS MORE TEACHERS

All Members of Faculty Applying Were Unanimous Elected to Places in School for Another Year.

At a meeting of the Board of Trustees of the Hereford Independent School District last Monday night, every member of the faculty, who had made application, was chosen by an unanimous vote. Those elected were: Misses Anna Brown, Anna Price, Clara Edwards, Francis Turrentine, Susie Montgomery and Mrs. Geo. Garrison for the grades; Miss Maud McLean for a place in the high school. There are two more teachers to be elected for the high school department, two more for the grammar grade and one for the primary department. The Board will meet again on Friday, May 23, to complete the faculty. It has a task of no small proportions to perform, having on file seventy-five applications, coming from Texas to Illinois.

Come to Johnson's Saturday afternoon and eat cream and cake with the Rebekahs.

The Need of the Silo.

We are indebted to Col. Peter R. Riddle, president of the Farmers' Union, for directing attention to the importance of the silo in Texas agriculture. He says it will increase the efficiency of the feed 40 per cent and enable cereals and forage crops to successfully compete in productive value with cotton. Silos and red barns are the twin agencies of prosperity and fortune is the farmer who possesses them. They are good business educators and ownership arouses the spirit of thrift and enterprise.

The most appropriate graduation presents are to be found in the jeweler's line. Our line of jewelry is always up-to-date. W. H. Ray.

Cardwells Will Move.

Some time next week, perhaps beginning Tuesday, Cardwell Brothers will move their stock of groceries to their old stand at 209 Main St., their own building. The firm will have the same telephone numbers—81 and 50. The building has been thoroughly overhauled, reshelved and painted. They extend an invitation to their customers and friends to call upon them at their old familiar place of business.

R. M. Dakin of Boyle, Miss., sends word to his friend, John P. Slaton, that he wants to read a newspaper published in Hereford, if there be one.

Mothers' Club.

The Mothers' Club met in the beautiful country home of Mrs. Geo. Caylor April 29th, in business session, eleven members being present. The subject of Mothers' Day was discussed. It was decided to render a Mothers' Day program at the Presbyterian church. Interesting selections of music and readings were rendered by some of the members. Members present were: Mesdames Bowers, Caylor, Dodson, Elliott, Palmer, Lynes, Vanderburgh and Bell. Refreshments of coffee, sandwiches, pickles and cake were served. In all a delightful meeting was had. Press Reporter.

Celebrates Birthday.

A very happy occasion for a number of elderly middle age grown-ups and little folks was a surprise birthday party given by Mesdames W. H. Russell and Allan Bell for their mother, Mrs. M. B. Daniel, at her home May 2nd, 1913. Aunt Anna Johnson played well the part of Leading Lady and tolled Mrs. Daniel at an early hour to the banks of the Tierra Blanco on a fishing expedition. The Carrier Pigeon went forth with the message, "Come to Ma's birthday Friday, May 2nd. Each is to prepare some good 'taster' for the dinner, but this 'Invite' makes you a member of the Secret Service and Ma must know nothing of this." On the said day the friends began to gather near eleven o'clock and the table so attractive in glistening white damask, laid for fourteen persons, was by noon bedecked with numerous elegant dishes well filled with wholesome eatables, most beautifully decorated and artistically garnished. Talk about hard times! No one looking upon such a repast ever thought of such words, but "Come to the feast, the table now is spread; a land flowing with milk and honey, extra fine butter and splendid bread." The color scheme was not planned, yet the shades predominating in dining room were yellow and white. In the center of table upon a most unique piece of Montmelic rested a handsome cut glass vase filled with yellow honey suckle. The reception room and dining room were made yet more attractive by further decorations of potted plants and trailing vines so trellised one seemed walking through bowers of flowers. Three times was the table laid, after each had eaten bountifully plenty was left. Like the large heart of love of the honoree were the viands in abundance.

The order had gone forth: "Hitch horses at north side of house so as the two fisherwomen approach the home nothing will be visible to let the cat escape." My! how we enjoyed watching quite impatiently that weary tread of those two tired out mortals as they slowly approached the home where all was excitement, all eyes strained and each ear alert. So fatigued were Aunt Anna and Ma Daniel they had let bonnets fall upon shoulders to save weight, and were dragging fishing poles. This is not a fish story so as to the "catch" we refer to our fisherman friend, Mr. Dale. There was music while we ate and happy conversation was incessant. Judge Russell was our only male representative, and while he did his part bravely, the constant talking was not interfered with. Judge left after filling the inner man, he might have stood 16 to 1, but not 45 to 1. A liberal serving of ice cream and cake came as a happy after thought during the warm afternoon. Perpetual motion and a continuous season entertainment ceased only when the last guest had departed. The daughters had very thoughtfully selected a most attractive birthday book and this was passed to each guest, who in turn wrote under her birth date a wish for Mrs. Daniel. After this the crowd was invited into the front yard which converted into a photograph gallery and we had pictures made of our becoming countenances. Friends gathered about piano and many old for things were enjoyed. Songs were sung by the preceding from Mrs. Daniel, in negro dialect stirred the hearts of those so well ac-

quainted with plantation scenes. Elizabeth Black gave several choice piano selections, yarns were spun, a farewell song was sung and all made merry. Mrs. Daniel wishes to say: "I never had a birthday so full during the entire day of sweet thoughts and living deeds. The presents given me made my heart glad to know I was so beautifully remembered. I want to thank my daughters for bringing so much happiness to me, and my many friends who so loyally filled my cup of joy to overflowing. I can never be able to tell of my appreciation of the 1913 birthday celebration."

We were the fortunate ones: Mesdames Burl France, A. B. Simpson, W. D. Cloyd, Eva Bruce, J. A. Johnson, S. J. Dodson, W. H. Garrison, J. N. Syper, G. F. Pierce, Edgar Johnson, E. A. Winterrowd, W. C. Falwell, E. B. Black, W. J. Gilliland, M. E. Childress, Jennie Thompson, Henry Cloyd, M. V. Roberson, Jessie Stilson, Smith McLeroy, Chas. Sullivan, Hal Hawkins, T. M. Palmer, W. B. Robinson, Cummings, Reed, Daniel, Allan Bell, W. H. Russell and Mildred and Zoe McLeroy, Frances Childress, Nellie Grace and Gertrude Cloyd, William Black, Evelyn Bell, Elizabeth Black, May and Master Roberson, Artis, Jess and Willie Russell and Mr. W. H. Russell.

To Mrs. Daniel we would say: "Throughout the years may you receive Health, pleasure, friends, contentment rare, And freedom from oppressive care. A Loving Friend."

U. S. MAKES GOOD REPORT

Agricultural Report Gives Out Information as to Water Supply at Hereford.

The Department of Agriculture at Washington has not as yet issued a published report on the irrigation water supply of the South Plains, but a letter from that department to a gentleman in Kansas gives out some interesting information. When it is known that Uncle Sam is a little slow to boost an enterprise not his own, this letter becomes at once a strong endorsement of the irrigation possibilities of the Hereford district. UNITED STATES DEPARTMENT OF AGRICULTURE OFFICE OF EXPERIMENT STATIONS WASHINGTON. April 30th, 1913.

F. L. Benham, 620 Jefferson St., Fredonia, Kans.

Dear Sir—I have your letter asking for reports on the south Plains country of Texas, especially Deaf Smith county. We have no published report upon this section, but from an office report received from our man in charge of work in Texas, we give you the following information.

There is a good supply of water in a considerable portion of Deaf Smith and other neighboring counties at a depth of 25 to 75 feet. Logs of wells that have been sunk 250 feet in the vicinity of Hereford show 150 feet of almost continuous water-bearing formation.

The soil throughout the Panhandle of Texas falls largely into three classes: (1) A black clay loam found in the valleys and low-lying lands. This soil is quite fertile,

easily worked, retains moisture well, and has a good percentage of vegetable matter. Upon this land most alfalfa in that section is grown. (2) A chocolate clay loam which covers wide areas of the Plains region. This soil is sandy enough to be easily worked, yet has enough clay to retain moisture well, is quite fertile, and the sections where it is found lie very uniform and slope gradually south and east. (3) A red clay loam. This contains quite a percentage of red sand, is easily cultivated, well adapted to peaches, grapes, melons, sweet potatoes, peanuts and vegetables, crops that require rather a warm soil.

The rainfall records from 1895 to 1908 show an average rainfall of 23.34 inches at Amarillo, of which 15.4 inches fell from April to August inclusive—the growing season.

Land in this section is quite well adapted to grain, forage, alfalfa, orchards, berries and vegetables. With the 15 inches of rainfall during the growing season, it has been estimated that 9 to 12 inches applied by irrigation will be sufficient for orchards and vegetables, and 12 to 15 inches applied by irrigation for alfalfa.

The average date of the last frost in the spring in this section was about April 1st, and that of the first frost in the fall about October 30. The latest recorded frost was April 30, and the earliest October 20.

We trust this information will be of assistance to you.

Sincerely yours,

Samuel Fortier,

Chief of Irrigation Investigations.

**University Regents Advocate Adoption
of Proposed Amendment.**

The Board of Regents of the University of Texas has issued an address to the people in advocacy of the adoption of the proposed amendment to Sections 49 and 52, Article 3, of the Constitution in the election called by Governor Colquitt for July 19, 1913. The Regents show that there are 2,121 students now in attendance at the University, 300 more than were in attendance last year; that under the present Constitution no buildings can be erected at the University out of appropriations

made by the Legislature; and that the adoption of the proposed amendment would authorize the use of the income from the University permanent endowment for the erection of buildings, and would not make any addition whatever to the taxes to be paid by the people. The Regents also refer to the benefits that would accrue under the proposed amendment to the other state institutions, which, of course, would include the State Normal Schools, the College of Industrial Arts, and the A. & M. College. The following paragraph in the statement of the Regents is

"For thirty years the University of Texas has grown steadily in the esteem and confidence of the people. The men who have constituted its governing board have been distinguished citizens selected from different sections of the state; its faculty have been well equipped scholars, chosen without political influence, for merit and efficiency; nearly twenty thousand Texas boys and girls have been students in its halls; no breath of scandal has touched it; its growth and prosperity have more than kept pace with the advancement of the great state which gave it being, and whose bounty sustains it year by year. One serious handicap under which it has labored, and is laboring now, can be removed by the people of Texas on July 19, next, without touching the pocket of any citizen."

A MESSAGE TO WOMEN

Who are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, then you need help right away.

Miss Lea Dumas writes from Malone, N. Y., saying: "I was in a badly run-down condition for several weeks, but two bottles of Vinol put me on my feet again and made me strong and well. Vinol has done me more good than all the other medicine I ever took."

If the careworn, haggard men and women, the pale, sickly children and feeble old folks around here would follow Miss Dumas' example, they, too, would soon be able to say that Vinol, our delicious cod liver and iron remedy, had built them up and made them strong.

It is a wonderfully strengthening and invigorating body-builder, and we sell it under an ironclad guarantee of satisfaction. You get your money back if Vinol does not help you. The Corner Drug Store, Stocking & McLean, Props., Hereford, Tex. (Adv.)

Very interesting papers were read as follows: "Are we Building Child Hope," by Mrs. T. M. Palmer. "Keeping faith with your child," by Mrs. Bowers. "Wise beyond her years," by Mrs. Vanderburgh. Open discussion of the subject by the members was very interesting and beneficial. Nine members were present and all bespoke a loyal word for the Mothers' Club. Several members were out of town this week. Delightful refreshments were served. Adjournment was had to meet at our next regular meeting, May 27th, with Mrs. Robt. Elliott. Press Reporter.

Live at Home.

The Farmers' Union is inaugurating a "Live at Home" campaign among the farmers of Texas. Peter Radford, president of the Union, in discussing the subject said: "There is no reason why a farmer should buy a dollar's worth of meat during the year, but from such information as I am able to obtain, the farmers of Texas buy \$26,000,000 of pork and its products per annum, to say nothing of other kinds of meats and supplies purchased that should be raised on the farm. No farmer can afford to buy a thing he can raise, no matter how cheap it may be."

According to government estimates, the per capita consumption of pork and its products per annum is 100 pounds and the Federal Census Reports on hogs marketed and slaughtered in each county, give a reliable basis for production by counties. The report shows Deaf Smith county produces 577,000 lbs. of pork and consumes 394,200 lbs. per annum.

The Farmers' Union is asking that the farmers reduce the cotton acreage and "plant" hogs, raise more corn, milo maize, build silos and feed and fatten livestock on the farm and live at home the whole year around. Deaf Smith is one of the few Texas counties that produces enough pork for home consumption.

A Public Necessity.

Every time it becomes the sad duty of the Hereford people to follow the remains of some one dear to them to that lonely spot of ground west of town, which we call the cemetery, some of us are pained to see the neglected condition that is in evidence on every side. A few years ago, there was an attempt made to improve the grounds, but for the lack of co-operation or rather the lack of a public solicitation, little was accomplished. True, there are a few lots and enclosures which are kept in good condition, but the great number of neglected graves and lots leaves the impression on the observer that the Hereford people are unmindful of their sacred duty towards the city of the dead. The Brand suggests that the men and women of the community call for a public meeting and organize a cemetery association with the object in view to care for the entire cemetery in a proper manner, and to this the Brand issues a general call for a public mass meeting of all interested to meet at the court house, Monday, May 26, at 4 o'clock, at which time such steps will be made as will accomplish the purposes desired.

WHILE not authorized to speak for the Board, the Brand has been given a "tip" that some effort will be made this summer to establish a manual training and also a domestic science department. In the event that these two new departments are added, the state will contribute as much as the district; that is to say,

if the district will put up as much as \$1,000 for the installation of these departments, the state will appropriate as much. These departments will add much to the efficiency of the school and the sooner the Board takes the necessary steps to secure them, the better it will be for the school.

THERE is also some talk of making Latin optional and adding Spanish to the high school course. While some folks think that no pupil should be graduated from the high school until they can read latin, even though with much pain and halting, the Brand is of the opinion that much valuable time is being wasted on the dead languages in our Texas high schools at the same time, the writer believes that a short course in Latin with special attention to Latin derivatives in the English language should be given. This latter, however, could be better taught in the English department than in the Latin classes. It is true, if high school students wishes to continue the studies in the universities, Latin may bar them, if lacking, but even some of the big schools are finding a way to meet the requirements of Latin without spending so much time in its study. The writer has seen young men and women spend four or five years in their Latin course and yet were poor English scholars, and if Latin must be studied at the expense of the English, the writer would favor the English.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. 30,000 VOICES!

And Many Are the Voices of Hereford People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Hereford people are in this chorus. Here's a Hereford case.

J. D. Burkett, 300 E. Second St., Hereford, Texas, says: "I suffered acutely from sharp twinges through the small of my back, especially when I stooped or attempted to lift. I was caused much annoyance by a too frequent desire to pass the kidney secretions and these troubles all showed that I had kidney complaint. Since I used Doan's Kidney Pills, procured at Woodburn & Son's Drug Store, I have been quite free from these ailments. I have often suggested a trial of Doan's Kidney Pills to other persons afflicted in a similar way."

Fathers' Meeting.

As a sequel to Mothers' Day and their interesting program, the fathers had a session at the Methodist church Sunday night. The program was good; the house was filled to overflow. At the same time, there was a lecture at the Baptist church by a Rev. Nicholas.

The program was carried out as published with only two omissions. The music was well rendered and the addresses of a high order. While it is beyond the limit of a country weekly to publish so many good speeches and papers read at the Mothers meeting and at the Fathers hour, the Brand takes pleasure in giving publication to the splendid address of J. I. Walker. Mr. Walker said in part:

I have been requested to speak to you this evening upon the subject of "Fatherhood," but I shall change that to "Some of the Obligations of a Father." I shall speak to you very briefly about some things of vital concern to every man who has been so blessed as to be the father of a child.

I do not come to you in the role of an adviser, nor shall I attempt to advise you, but I desire to speak to you of the things that seem to be of the greatest import.

By tradition we have been taught

that a mother's love is greater than that of a father's. I want to take issue with that tradition or teaching. I do not believe that the heart of a mother is more capable of loving than that of a father, nor do I believe that the heart of a mother is more susceptible to the love of a child than is the heart of a father. I call your attention to the love of God, as our Heavenly Father, who, after we had transgressed His every law and violated His command, turned our face from His and had gone into sin, that His great love for His children caused Him to sacrifice His Son, in the person of Jesus Christ, to redeem His fallen children. And if I know anything at all about the love of God, as a father, I think that our love for our children is the same kind of love that He bestowed upon us.

What manner of man is it who has not felt a closer kin to God when he came to know that he, himself, was a father? And where is the man who has been so blessed as to be a father, whose heart has not been gladdened by the prattle of a child's feet or the lisp of a baby's tongue? We are responsible to some degree for the immortal soul of the children, by reason of our association with them and our daily walks before them, and every time we cause one of these children to step aside from that

straight and narrow path, which we say their mothers should teach them to follow, we have sinned against that child and against God and society. We have so fixed the responsibility of raising our children and the work of the church upon the mothers, that there are many of us, if we should ever be so fortunate to arrive at heaven's gate and the gatekeeper should ask us what we wanted, we would have to ask him what our wives had asked for, for us.

Come let us reason together. God has fixed the responsibility upon you and me and for the discharge of sacred, serious obligation, we shall have to answer to Him at the judgment bar. I wish that we could so live that when that day shall come when the earth shall tremble and the moon shall hide its face and the sun shall fail to give its light and the stars shall be rained upon the earth, with that storm of fire and brimstone, and when we are lost, world without end, so far as our own comprehension is concerned, that we could find consolation in knowing that we have so reared our children that they could go home to heaven.

What a Baptist Preacher Did.

This is to certify that I have used one box of Hunt's Cure for a Skin trouble, and same cured me after using about \$8.00 worth of other ointments and salves. Nothing like Hunt's Cure for Skin troubles. Rev. H. T. Sizemore, Hemphill, Texas. 14-4t

Cheaper Money is Needed.

The April Crop Reporter issued by the Federal Agricultural Department gives some interesting statistics on farm loans throughout the United States and Texas takes a high rank among states in interest rates. The average annual rate paid by farmers in the United States is 7.75 and in Texas 9.97. The farm indebtedness in Texas is approximately \$210,000,000 and the excess interest paid by Texas farmers over the average in the United States approximates \$5,000,000 per annum. No country has ever been able to build up its productive industries on 10 per cent money. The effect of the high rate of interest upon agriculture may be found in the passing of over 2,400 farms per annum from the home owner to the tenant class.

Calomel is Bad.

Eyes Sunken With Pain.

Three years ago I had a very bad spell of neuralgia which caused my eyes to become sunken and bloodshot with pain. Hunt's Lightning Oil was recommended and after using, the pain left and has not returned; says A. M. Coffey, 316 Van Buren Street, Letchfield, Ill. This wonderful medicine is sold by all druggists everywhere. 14-4t

R. E. Cook was seen to take the east bound train Saturday afternoon and some thought he was off to Washington to see somebody about something, but it was later learned he was going as a delegate to the conclave of the K-P's at Corpus Christi.

Jake Shelton Dies.

Jake Shelton, a well known young stockman of this county, died at the home of Mrs. Thompson last Saturday night at 11:30. He took sick on his ranch some miles out from town, but was brought in about a week before he died. At first, he was not thought to be dangerously ill, but his fever soon developed to a point where his family became uneasy, but they never despaired until the last moment. Jake is the son of Mr. and Mrs. Frank Shelton and was only 31 years of age. The family has been in this county for a number of years. His remains were laid to rest in the City Cemetery with the honors of the Woodmen of the World, the services being conducted at the grave Sunday afternoon at 5 o'clock. The Woodmen and a large number of other friends composed the assembly that came to pay the last sad rites to this young man.

Rev. R. H. Purser of the Baptist church goes to Plainview tomorrow where he will deliver the commencement sermon at Wayland College Sunday. The following Sunday, he will make a similar address for the Hereford High School.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 23 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

TAKE THE CARDUI Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.

EASY RELIEF FROM CONSTIPATION

The Remedy that Replaces Calomel—Causes No Restriction of Habit or Diet.

It is a mistake to take calomel when your liver is lazy, and needs toning up. Hundreds of people in this section have discovered that Dodson's Liver Tone is a thousand times better and safer and its action is just as sure. There are none of the bad after-effects of calomel to Dodson's Liver Tone and no danger of salivation.

For attacks of constipation or biliousness one or two spoonfuls of this mild, pleasant tasting, vegetable liquid are enough and Betts-Clark gives a personal guarantee that every bottle will do all that is claimed for it. Money back in any case where it fails.

Dodson's Liver Tone costs only 50 cents for a large bottle. Remember the name because there are any number of remedies sold in imitation of Dodson's claims. Some of them have names very similar to Dodson's Liver Tone—and are in same color package. These imitations are not guaranteed and may be very harmful. Go to Betts-Clark and you will surely get the genuine.

A Quick Trip.
For a quick trip and the transaction of legal business, some Hereford folks hold the record. Monday morning an auto party of four men: Mayor Knight, L. Baskin, Eli Dunlap and Forest Walker, left here at 8:12 a. m., arrived at Dimmitt, 22 miles distant at 9:12, where Mr. Knight conducted the trial of three civil cases before the district court, finishing his work at 11 o'clock when they started on their return, arriving at Hereford in just one hour. In addition to their original number, they brought back Attorneys Penry of Plainview and Martin of Tulia.

Will Build Silos.
If the local Hereford people do not hurry up, some of the enterprising stockman and farmers in the north part of the county will erect the first silos in this section. M. O. Meeks and G. H. Womble have both made contracts for silos, each to have erected a one hundred and twenty ton silo. The size is 16 feet by 32 feet and will be constructed of Oregon Fir staves. Both of these men attended the silo meeting held at Amarillo recently and they returned filled with silo enthusiasm. Others in that section of the county will also erect silos this fall.

Building Silos

At least four Silos will be built by Hereford farmers this summer, but there should be twenty more. The kind of Silo that you build will determine the success of your feeding. Insilage is simply **PRESERVED FEED**. There is no Silo that will preserve your feed better than the **COMMON SENSE SILO**. It is easy to build, easy to fill; will keep your feed better than any other kind; it will not crack nor rust. **IT COSTS LESS.**
