AMARILLO AS A COMMON POINT.

Definitely Decided to Extend Common Point Territory on Denver.

Austin, June 21.—It has been decided to extend common point territory up the Fort Worth & Denver City so as to include Amarillo, but the exact plan has not been agreed upon, as the commissioners have other things in view. Chairman Storey thinks Amarillo ought to have common point rates on everything except cotton, which does not meet with the full approbation of Mr. Mayfield. The latter wants Amarillo a full common point and desires to go further and wipe out all differentials on the Southern Kansas of Texas, Rock Island into Amarillo and the Pecos Valley system running west from that place. If his views should prevail differential territory in the Panhandle would be only on the Fort Worth & Denver north of Amarillo and that part of the Rock Island cutting the extreme northwest corner, touching Sherman, Dallam and Hartley counties. However, it is settled that Amarillo is to be a common point.

The above mentioned extension of common point territory embraces Clarendon and means a saving of 4 cents per hundred or \$12 per car on freight of all kinds.

Freight No. 20, southbound, ditched two cars about 100 yards west of the depot in Clarendon Monday. One car had jumped the track up about the section house and ran along the ties until the switch was struck when the wreck resulted. One car was an empty refrigerator, while the other was a box car loaded with coal. Both were badly wrecked and the coal scattered promiscuously. The track was torn up and traffic delayed several hours.

JULY FOURTH.

Will be Celebrated in the Usual Hearty Fashion by Clarendon People—Preparations in Progress.

The Fourth of July should be a time of rejoicing and since 1878 the people of Clarendon have been celebrating the day, and each year has turned the keys of the city over to those who wish to visit us on that day and do honor to their country by making it a time of rejoicing. Clarendon is too well known as a Fourth of July entertainer to need comment upon her hospitality. Every year on this day hundreds of visitors are to be seen upon our streets and if anyone has gone away dissatisfied with the treatment accorded him the people of Clarendon have not learned of his complaint.

The various committees in charge of this year's celebration report that they have things well in hand for the occasion, and the usual success will no doubt be made of the day. Baseball games are being arranged for by good teams, the usual program will be had, and there will be plenty of fine barbecued meat for all who may come. The general public, from wheresoever, is extended a cordial invitation to come and celebrate the day in Clarendon, and ample entertainment is assured.

C. C. Brooks, formerly proprietor of the Clarendon Steam Laundry, was killed by a stroke of lightning at his home in Shawnee, O. T., Saturday. He was the eldest son of J. M. Brooks, and a brother-in-law of Cuba Blackwell. No further particulars of his death are obtainable.

Mrs. Walter K. Hollifield, of Rowe, visited friends and relatives in Clarendon the first of the week.

Stock News.

A nice rain fell Monday night which will be of great benefit to grass and crops.

McClellan, Crisp & Wattenbarger this week sold for W. L. Barbee to S. E. Waters 600 head of steer yearlings at \$13.50 around.

Lee Bros., of Stonewall county, sold the balance of the steers which they had been holding here to Mr. Goats, of Amarillo, delivery Tuesday.

H. E. Franks was up from Hall county this week and reported having just returned from from Motley county where he bought from different parties 65 cows and calves at \$12.50, calves not counted.

T. H. Allen has sold his 800-acre place six miles south of town to J. G. Campbell, of Collinsville, Grayson county. The consideration is given out at \$8,500, cash. One hundred head of stock cattle were also bought by Mr. Campbell at \$12.50 around, making the total consideration \$9,750. This is one of the best farms in Donley county, is well improved and well worth the money. The trade was consummated through the agency of McClellan, Crisp & Wattenbarger.

The city council held almost an all-day session Wednesday and transacted a large amount of routine business, most of which is not of general interest to the public. Perhaps the most important thing done was instructing of the street committee to proceed with the usual spring cleaning, and same has already been started. The business streets and vacant lots contiguous thereto will be cleaned of all trash and rubbish and the city will be made to look good to all 4th of July visitors. The street light question which has been hanging fire for some time was settled and the order increased. This will give the city sixteen street lights and the work of placing them will be commenced at once. Alderman J. S. Fleming was appointed city assessor and collector, the office of city marshal to which the assessor's work was formerly attached having been abolished at a previous meeting.

W. R. Adams and J. G. Campbell, of Grayson county, were prospecting here the past week, and we acknowledge a pleasant call from the former. Mr. Campbell has bought the Tom Allen place six miles east of town.

Chas. Carder was here from Amarillo this week. He is still on crutches as a result of the railroad accident which gave him a broken leg about eight months ago.

—All late books of fiction can be bought at Clower's.

MOVING PRICES

We are not going to move but we have put prices on some lines of merchandise that will move them.

Men's and Boys' Straw Hats at Half Price, and even less for some.

Men's, Women's and Children's low cut Shoes reduced from 10 to 20 per cent.

All colored Lawns, Organdies, Batistes, Etc. 25 per cent discount.

We will make Special Bargains in some line each week. Watch us. And don't forget Breakfast Bell and Broadway Coffees, Albatross, Belle of Wichita and Cherokee Belle Flours. They are all the very best of their class.

PHONE EIGHTEEN

The
Martin-Bennett Co.

Clarendon is now shipping ice. The Cold Storage Power Co., of which Jim Trent is the head and the big part of the shoulders, on Tuesday shipped out their first car of this product. The car went to Memphis, and Mr. Trent will continue to supply the people of that town with ice, shipping them a car about every ten days. Claude is also using Clarendon ice, but there being no ice house there it is sent to them in small quantities daily by express. The Clarendon Cold Storage Power Co., is an institution of which all our people justly feel proud.

Fourth of July In Clarendon In 1879.

An Account of the Second Annual Celebration Held Here.

The Banner-Stockman has secured a copy of the Clarendon News of the date of Aug. 2, 1879. The paper was published by Rev. L. H. Carhart, with James H. Parks as local editor, and was a newsy sheet, six-column folio, and drew its advertising patronage from Dodge City, Kas., and Sherman, Texas. The paper was "devoted to the settlement and up-building of Northwest Texas," and much of the matter published was "boom" stuff of a good quality. The account of the second annual celebration of the 4th of July is here given in full, as follows:

Celebration of the fourth of July, 1879, at Clarendon was successful beyond expectation, nearly one hundred persons, men women and children enjoyed the day together. Last year the assemblage was small and very much inferior to the present. H. B. Hawkins was chief of the management and wore his eagles. Mrs. Goodnight, Osborn, Kimbal, Heffelbower and others managed the public feast and spread, probably the best table ever set in the Panhandle. Miss Dora Heffelbower with her piano rendered invaluable aid, supported by the choir, Mr. and Mrs. Allan, Hakins Copeland, Sibert, Osborn, Reckerd and Loogle superintended the salute of 38 guns. The

An indispensable aid to its civilization.—Mrs. N. D. Freeman.

5. "Progress." "Past, present and future."—J. S. Rockwell.

6. "The friends we've left behind us." May they ever be green in our memories.—David Heffelbower.

7. "Our mothers." Their honor guarantees the safety of our country.—J. W. Reckord.

8. "The future of the Panhandle of Texas."—Wm. Bonyman.

9. "The red man" His destiny.—Norman Holcome.

10. "The children." Our country's future hope.—E. M. Lyness.

Probably nowhere in the state the "Glorious Fourth" celebrated more of decorum and loyalty and less of whiskey and nonsense than at Clarendon.

We clip some of the local items from the issue; they will no doubt interest everyone, especially the old-timers who will recall the names and occasions with much interest:

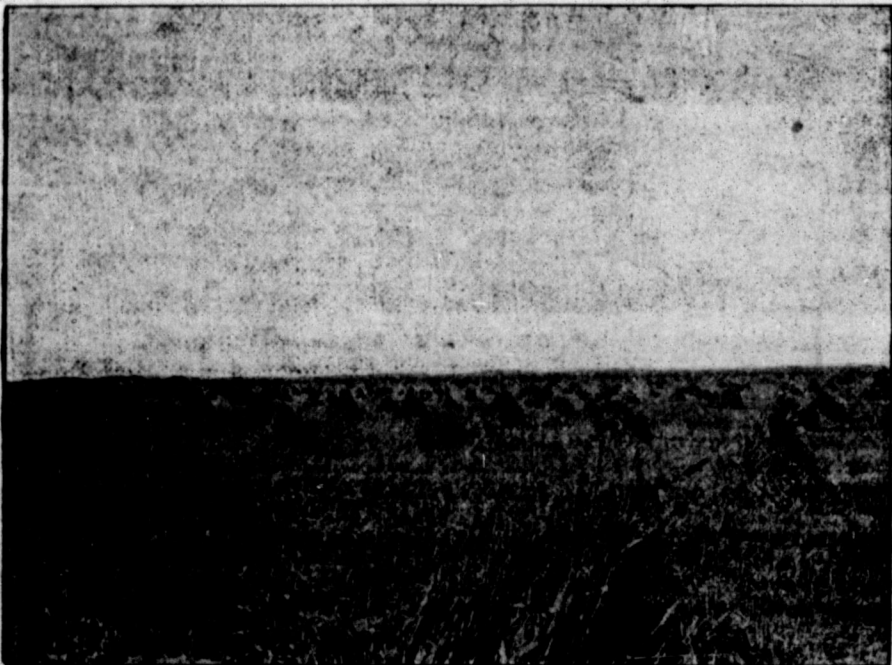

Vail Brothers and Petrie have located cattle on McClellan creek, numbering about 500 head.

Messrs. Lyness and Burlingame have teams at Sherman for freight.

Mrs. Goodnight has been making her home in Clarendon for a

DONLEY COUNTY FARM SCENES

J. D. Jecrie's kaffir corn field 1-2 miles east of Clarendon.

tables were spread in a large unfinished house, and the exercises held beneath a fine arbor or canopy engineered by Mr. Copeland in front of the school house. The day was fair and all manifested an interest in the occasion and in the happiness of others. At nine o'clock the people gathered at the ringing of the bell. E. M. Lyness presided. The crowd sang heartily the old "America." Rev. M. Ames offered prayer, and read the "Declaration." Rev. Mr. Ames and Rev. Mr. Allan delivered addresses of more than ordinary interest. "Bugle Blasts" and other appropriate music was well rendered. After the dinner which was free, and of which all partook, followed a racy programme of toasts proposed by James T. Otey, Esq., of which the following is an outline:

1. "Our nation's birthday." The day we celebrate—Response by Rev. Mr. Ames.
2. "The president of the United States." The representative of a free people.—Response by Rev. W. A. Allan.
3. "Texas." The state of our adoption.—Jas. H. Parks.
4. "The ladies of the frontier."

month. She is a very estimable lady and we wish she could become a permanent resident.

The Dickerson Brothers have located their permanent ranch on Salt Fork, 35 miles below Clarendon.

The Curtis Brothers have located at the mouth of Buck creek with six thousand head of cattle.

J. H. Parks is now in Motley county surveying. He will return to Clarendon in a few days.

Messrs. Otey and Barton have purchased Mr. Heffelbower's residence.

Capt. C. Goodnight has just returned from a business trip to Colorado.

With a first-class team and light rig, the distance from Sherman to Clarendon can be made in six days.

Rev. G. W. Graham, of Va., says: "My heart is with you and your people in their new home—my future home. Bro. W. D., of West Va., says he is going this year."

S. V. Barton, formerly from Ohio, says he never saw, even in Ohio a better setting of corn than is found in Mr. Heffelbower's field this year.

E. Burlingame Esq. of Clarendon has charge of the new freight line, and those six splendid mules will

E. Burlingame and E. M. Lyness made a trip to Sherman last month.

The two new mail routes will be in operation from Elliot to Henrietta and Ft. Griffin via Clarendon by October first.

Rev. W. A. Allen, of Austin, Cont. has been appointed to fill vacancy existing at Clarendon by the removal of Mr. Woodroffe.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says, "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold at Dr. Stocking's drug store.

Kentucky Natural Leaf Tobacco is not made by a trust. 35-4t

To give an idea of the value of hogs we cite the experience of Clark & Williams who fed cattle for the market during the winter. They followed the cattle with a carload of hogs, running them for about 50 days. Ten bushels of corn, Mr. Williams says, is a big estimate of the amount of grain fed the hogs exclusive of what they picked up behind the cattle. They sold at an average price of \$4.75 per cwt., and the carload netted \$688. The original cost of the hogs amounted to \$450, thus leaving Messrs. Clark & Williams a pickup of \$238.

MARINETTE, WIS., Sept. 25, 1908.

I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.

WINE OF CARDUI

John Beverly's Teeth.
SPRINGFIELD, Mo., June 12.
EDITOR BANNER-STOCKMAN,
Clarendon, Texas.

DEAR SIR:—Some time ago I noticed a letter published in your paper written by John Beverly of Gardiner, N. M., and will say that his teeth are all O. K. and he has now turned up here at Springfield on a visit to his mother, Mrs. M. J. Nocommas.

Wife and myself are both well and find everything looking well here and crops of all kinds good, with plenty of everything to eat. We don't know if we will take that trip around the world just yet or not, but will go from here to Chicago and from there to Milwaukee, Wis., and then we will likely return to Gardiner. We are on our wedding tour and of course being limited in money we will likely finish our trip later on. Mrs. Beverly is delighted with this country and thinks she would like to locate here, but land is too steep, selling from \$50 to \$300 per acre. I am of the opinion that Donley county has land just as good as Missouri and much cheaper. Garden stuff of all kinds, butter, eggs, chickens, etc., bring good prices.

Well, if I go broke before I get home will call on you for help.

Yours truly,
JOHN BEVERLY.

STRANGE ADVICE!

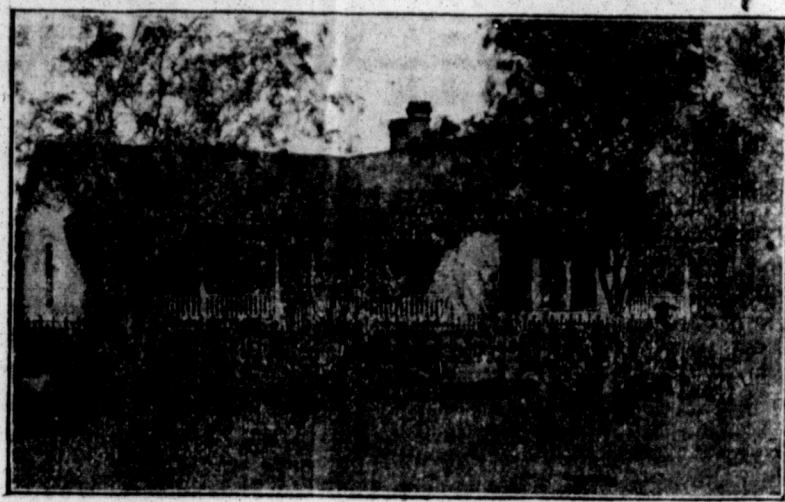

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c.; regular size, 75c.

DONLEY COUNTY ALFALFA.

What One Donley County Farmer is Doing Can be Done by All.

W. T. Youree, of Bray, was here last week and gave us some facts about alfalfa which will be of general interest to the farmers of the Panhandle, and especially Donley county where the crop is now attracting much attention. Mr. Youree bought the Milt Handlin place near Bray two years ago. He has on the place 18 acres of alfalfa which is nine years old, and which has not only never died out but is as thrifty as it ever was. On the first of May he cut and baled 16 tons. He will cut again this week and will get a full ton to the acre. Besides this he will get two more cuttings this season, about August and October, and the year's crop will make him an average of four tons to the acre. It has done this for several years so Mr. Youree has no fear that his figures will prove incorrect. This crop sells like hot cakes at \$13 per ton, and he has the crop contracted ahead. Three acres of this alfalfa is cut off and used as a hog pasture and makes the finest hog feed in the world. He has from 17 to 25 head of hogs on it all the time, and while they eat it heartily they make no noticeable impression on the field and this three acres is cut with the balance of the field four times a year and produces pro rata the same amount of hay as the part not pastured.

Mr. Youree says the proper time to plant alfalfa is in the fall, September or October. About April the field should be cut and the hay allow to remain on the ground. This will cause the plant to spread. In July the field will yield three-fourths of a ton to the acre, and in the fall another cutting will be had and a full ton will be the result. The second year will yield a full crop, or four tons to the acre.

Kentucky Natural Leaf Tobacco is made from pure Burley leaf tobacco; best tobacco on the market, 60c lb. 35-4t

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Fleming & Maulfair's drug store, price 50c and \$1.00 a bottle. Trial bottle free.

Prof. L. A. Wells says he has 50 acres of oats on his place 14 miles southwest of Memphis which are breast high and will make anywhere from 50 to 75 bushels to the acre. J. M. Gist says his oats are fine and will make 40 or 50 bushels an acre. From what we can learn the crop is very fine all over the country.—Hall County Herald.

Local news on every page.

DIVERSIFIED FARMING.

Donley County—What Farm and Ranch Has to Say About this Subject.

M. C. Scott, representative of Farm and Ranch, has the following to say in a recent issue of that paper concerning diversified farming as he found it in Donley county: In Donley county I have encountered several features of their diversified farming that have really been a surprise to me, even after having traveled over the entire state seven or eight times. I had always had an impression that gooseberries, currants, raspberries and the May cherry could not be successfully grown in Texas. Imagine my surprise when I was told that the gooseberry grows here without any trouble, and later when stepping up to a cherry tree and picking ripe cherries I discovered that I had the May cherry and was told they never fail to make a crop here. I have picked the gooseberries and cherries for myself and therefore know what I am talking about when I say they can be successfully grown this section of Texas. The currants grown here are not the same kind as I was used to as a boy in Ohio, as they do not grow in clusters, but grow more like the gooseberry. However, the taste is similar.

This is the home of Capt. T. S. Bugbee, who is one of the progressive farmers of this section. However, Mr. Bugbee admits that it was the force of circumstances that made a progressive farmer of him, as at one time when he would see men plowing up the native grass he would declare they were ruining the best crop they would ever have. However, a friend sent him a bushel of alfalfa seed and requested him to try it. He neglected to do so (as he had no faith in it,) until the rats had destroyed half of the seed, and the friend wrote him inquiring about the success or failure he was having with it. Being thus put to it, he got out the seed, and gave it to a man on the farm and carelessly told him to sow it. It came up and today Mr. Bugbee is one of the most enthusiastic alfalfa growers in the Panhandle. He now has sixty acres and will have more as fast as he can prepare the soil. He no longer fears the man with the plow. Alfalfa is one of his hobbies, and from what I saw on his farm I should judge that hogs are to become another hobby with him. Near his house he has four-acre lot in alfalfa on which he is pasturing seventy-five head of hogs. This he does by supplementing the alfalfa with one light feed of kafir corn everyday, and the hogs are certainly kept in good growing condition.

A Bad Scare.

Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness; costiveness, etc. Guaranteed at Fleming & Maulfair's drug store, only 25c. Try them.

Clarendon, Tex., June 23, 1905

CLARENDON, July 4. Are you coming?

THE city cleaning crusade has commenced. The business streets are now receiving attention at the hands of the citydads, and all will be put in ship shape by the 4th.

Now that the city has begun the work of cleaning up let every property owner join in and see that his alley is put in proper shape for the summer. A large number of the alleys are in bad condition and should be cleaned up at once.

COME to Clarendon on the 4th and enjoy the day. The usual 4th of July attractions will be in evidence and the general public is invited to come and celebrate with us. Come, and eat the best barbecued meat you ever saw under the shade of the prettiest and coolest locust grove in the Panhandle.

We acknowledge receipt of an excellent half-tone engraving of the graduating class of Clarendon Public School sent out with the Banner-Stockman. There are nine members of the class—bright, intelligent boys and girls, of which any town might well be proud. We only hope that a day may come when Aubrey can make as good a showing.—Aubrey Herald.

There has been an enormous amount of grain shipped out of Clarendon this season. Our reporter made an attempt to get an estimate of the total number of cars but failed as there has been so many different shippers and the grain has been loaded at various points in the county. Many cars were shipped by the farmers direct, while a half-dozen firms have been engaged in the business. Gatherings, Van Eaton & Maulfair have shipped about 20 cars in all, the last six cars being June corn for which they paid all the way from 65c to 80c. They say they could handle ten cars more of this product right now if it was available, and pay a fancy price for it.

B. B. Ray and a dozen havesters of Clarendon arrived here with a threshing engine on Monday. They bought a new separator from the Lewis Hardware Co. and have started to work north of town. Mr. Ray himself took sick and returned home leaving his son in charge.—Quanah Tribune-Chief.

W. F. Witt left Monday for Quanah where he has accepted employment with the W. G. Lewis Hardware Co. His family will move to that city in the near future.

Miss Mattie Anna Stevens, granddaughter of Mr. S. Z. Beavers, is reported to be suffering with spinal paralysis, at the family home ten miles northeast of town. She is in an entirely helpless condition.

Little Miss Leverne Martin returned Tuesday night from a visit to her aunt in Ft. Worth.

The Summer Normal.

As had been previously announced, the Panhandle Summer Normal began here Tuesday morning, with a large number of teachers in attendance. The regular work of the Normal Tuesday morning was prefaced by a literary and musical program arranged for the occasion. Speeches were made by Revs. Sherman, Hardy, Dickey and others.

The enrollment the first day was over fifty and has increased until the present attendance has reached seventy-two. It is very probable that the total enrollment will reach eighty.

The Panhandle Teachers' Association acted wisely in selecting Clarendon for holding the present session. Although Summer Normals have been held here for two consecutive summers previous to this, the popularity of Clarendon as a pleasant place to spend the summer, and as offering good opportunity for improvement along educational lines seems to be increasing.

One disparaging feature of the Normal, from the standpoint of social pleasure, is the preponderance of ladies in attendance, there being only about twelve of the seventy-two members, of the sterner sex. However, from the present appearance of the young ladies in attendance, we do not believe that such matters are uppermost in their minds, although it has been announced that "The proper study of mankind (and womankind) is man."

In looking over the addresses of the teachers, we find names from Stratford, Roswell, Channing, Hereford, Amarillo, Canyon, Silverton, Memphis, Childress, Quanah, Crowell, Paducah, Canadian, Claude, Aspermont, Texola, and a large number of the smaller post offices included in the intervening territory.

The machinery of the Normal was formally set in motion Wednesday morning when the conductor, Prof. E. R. Haynes, pulled the bell rope, and pointed out the lines along which he expected the work of the normal to be done. In the work of the normal, he directs the study of civics, methods and management and history, while Mrs. Haynes presides over the classes in geography and history of education. Dr. Burkhead is at his best in his dealing with the subjects, psychology, literature, history, grammar and rhetoric. Prof. Silvey is in charge of the different mathematical subjects, and instructs in physics. The teachers as a body, are studious and are getting to be very much interested in the work they have in hand. With enthusiastic, experienced instructors in charge of the normal, the outlook is good for one of the best sessions ever held here.

More About That Depot.

FORT WORTH, Texas, June 17.
HON. GEO. F. MORGAN,
Clarendon, Texas.

MY DEAR SIR:—I have your favor of the 13th inst., in regard to our station facilities at Clarendon.

We are trying to scrape up every cent we can to be used in improving our track and bridges for the next few years. Until this end is accomplished it is much preferable not to indulge in any ornaments, and I have arranged to add another waiting room at Clarendon and clean up building in nice shape, which I trust will meet with the approval of our patrons.

At Dalhart and Quanah, we are arranging this way. Of course, we figure the present arrangements of a temporary nature only and hope to be able to indulge in a modern brick or stone passenger station at several of our larger stations within the next few years, Clarendon included.

I shall make it a point to stop off and see you and talk with you further on this subject first opportunity.

Yours truly,
F. T. DOLAN,
General Superintendent.

Mrs. Martin's "At Home."

Mrs. W. H. Martin entertained at whist Wednesday afternoon from four to six o'clock, with the following ladies present: Mesdames James Trent, Frank Harrington, A. L. Daily, W. H. Patrick, T. W. Carroll, I. W. Carhart, H. J. Winn, C. J. Lewis, B. W. Chamberlain, R. A. Chamberlain, F. D. Martin, F. Collinson, C. W. Bennett and J. B. McClelland; Misses Emma Southern, Stella Bugbee and Elizabeth Martin. The first prize, an elegant piece of drawn work, the product of the hostess' hands, was tied for by Mesdames Carroll and Winn, and in the drawing was won by the latter lady. Mrs. Carl Bennett celebrated her initiation to the game by carrying off the consolation prize—a beautiful Japanese vase. The hostess and her daughter served an elaborate two-course luncheon, and the guests departed with protestations of delight at the evening's entertainment.

—Take advantage of the big discount sale at Rathjen's. tf

Mrs. R. H. Elkins and son, Rex, of Coleman, came in Sunday night for a visit with her daughter, Mrs. John H. Kelley. Mrs. Elkins says the family are well pleased with their new home, though Clarendon will ever have a warm place in their affections.

4th of July

Come to Clarendon!

And celebrate the Nation's holiday you can enjoy yourself in the shade. Big Barbecue, Baseball Game and all the usual Fourth of July attractions. Come and see the town which has

The best schools in the Panhandle.
The prettiest Court House in the Panhandle.
More Trees than any other town in the Panhandle.

Free Barbecue and Basket Dinner in the Shady Court House Park

Everybody Welcome

Texas Chautauqua at Mineral Wells.

Don't fail to attend the Texas Chautauqua at Mineral Wells, July 1st to 9th. Very low rates from all points via The Texas & Pacific Railway. Sessions with two programs daily will be held in Texas Chautauqua Assembly Hall, a commodious convention auditorium, with a seating capacity of 3,500 and having every modern convenience.

Write W. H. Ayer, Superintendent, Mineral Wells, for programs giving list of talented speakers who will participate.

Miss Lila McClelland was reported sick last week.

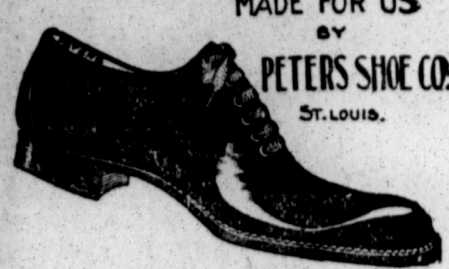

Notice!

Parties wishing the services of my Jack, which has heretofore been in charge of J. W. Looney, can now find the animal at G. C. Ferguson's place five miles north of Clarendon, ready for service.

MRS. W. C. MORGAN.

R. E. Haynes, of Franklin, Tenn., was here this week visiting his old friend, T. H. Peebles. Mr. Haynes is prospecting for a location and thinks Clarendon will suit him.

MADE FOR US
BY
PETERS SHOE CO. **Shoe**
ST. LOUIS. **Bargains**

We will sell for the NEXT THIRTY DAYS, beginning with June 15th, our stock of Boots, Shoes and Oxfords at a reduction of 15 per cent. These are no old, but new, clean and reliable goods—the same as we have always sold. We make this sale in order to make room for our fall stock which is arriving constantly. Come and bring your family along and supply your wants; we are sure our store will be a money saving institution for you.

Yours for business,

John H. Rathjen
The Boot and Shoe Man

Gloves!

We have this week received a big shipment of Gloves and have some excellent values to show you. Also a new lot of fancy SHIRTS just in. Remember we are still leading in COLD DRINKS and CONFECTIONERIES. Better get in on that big graphophone deal. Come to see us.

Bargain Store,

W. H. Thompson.

M. F. Lee **Coal, Feed, Hides, Draying**

Best Maitland Coal. Honest price. All kinds of Feed. Highest price paid for hides. Draying a specialty. Phone 21, Sully street. Calls answered day or night.

Our Country Correspondents

Groom Gossip.
GROOM, TEXAS, JUNE 22.
EDITOR BANNER-STOCKMAN:

Madam Rumor says Groom is to have a wedding in the near future, and there are strong prospects of two or more, sooner or later, as the case may be.

Mrs. Charlie Payne was called to the sick bed of her mother, who lives in Montague county, a few days ago. It is not known when she will be able to return.

Oat crops look fine, but other stuff needs rain badly.

Our organ for Sunday school has come and it helps out so much. We have a splendid Sunday school, there being about 85 enrolled.

The ladies of Groom met the 14th of June, and organized a Ladies' Aid Society. They are ready for business with Mrs. R. A. Fay, Pres., Mrs. Walker, Vice Pres., Miss Campbell, Sec., and Mrs. Massie, Treas. Their aim is to build up and repair the school and church building. They will give an ice cream supper, July 7th, the proceeds of which will go in for repairs for said house. Everybody far and near are invited to come and have a nice time.

Mrs. Blasdel, who was sick so long, died the last of May. She was well beloved and highly esteemed by all who knew her. Beautiful, noble, loving, kind and thoughtful of others, she well deserved the high esteem in which people hold her. Her remains were taken to her childhood's home in Iowa, where hosts of friends and relatives viewed for the last time, one whom they so loved and honor-

ed in life. All was done by the people of Groom, that was in their power to do, for her good, but still she was taken; one who could and did do so much good in this life, while so many so low and useless were left. To know her was to love her. But not our will be done.

Mat Britten sent from Iowa a car of nice horses to his ranch at Groom.

R. A. Fay's team ran away while plowing, dragging him some distance, but only bruising and scratching him some.

Messrs. Slay and Cornett and Misses Hitchcock and Wilkerson attended the matched ball game between Claude and Panhandle boys Saturday the 17th. The Panhandle boys won.

Miss Katie Long is visiting the family of J. H. Harris.

Our 'phone system is in working order now and is found to be very helpful.

Miss Hitchcock made a visit to her people near Amarillo, returning to Groom after a week's absence.

Some of these items may be a little stale, for the correspondent has neglected to send any items in for some time, however, we will try and do better in the future.

Mrs. C. H. Harris and Miss Irene Steed and Pearl Campbell spent a very pleasant afternoon at the Stephens ranch one day last week.

Bro. Reed, of Goodnight, filled his appointment at Groom Sunday.

Rowe Ramblings.
ROWE, TEXAS, JUNE 22.
EDITOR BANNER-STOCKMAN:

Health of the community is good.

We had a nice rain Wednesday. Just the thing for growing crops

which look fine. Some are harvesting oats.

Dr. Brown is all the sick one in or near Rowe. He is very poorly.

Dr. Guest's drug store is about completed. Himself, wife and babe are rooming in the rear of the store for the present.

Mr. and Mrs. J. J. Guest, and daughter, of Lingleville, Texas, father, mother and sister, of the doctor, are visiting with him this week.

Hugh Brown, of Clarendon, with his children, was visiting Dr. Brown's family last Sunday.

There was a lecture Tuesday night at the school house by a H i d o.

Rev. Dickey filled his appointment here Sunday.

Prospectors are getting numerous in Rowe the past few days.

Little four-year-old Winston Jones, of Collin county, is the guest of his grand parents, Mr. and Mrs. S. L. Adamson.

Misses Ethel White and Mable Blair left for Clarendon Monday to attend the normal. We wish for them much success.

A READER.

—See Rathjen, the shoe man, for a special bargain. tf

Mrs. S. P. McMinn, has returned to her home in Childress after a visit to her sister, Mrs. A. W. Collins.

F. R. Reeves, of Cooper, Delta county, came in Tuesday for a visit to his nephew, Otus Reeves.

—School tablets, pens, ink, pencils and all kinds of school stationery for normal students at Clower's. tf

Mrs. A. W. Giddens, of Dundee, Texas, is visiting her daughter, Mrs. Florence Williams.

LOST—Small cream colored silk shawl at the M. E. church on night of Wednesday, June 14. Please return to this office.

—All kinds of tablets and summer normal school supplies at Clower's. Big stock added to supply the wants of the students. tf

Mr. and Mrs. G. W. McNeese, of Hubbard City, have been visiting the family of D. L. McClelland the past week.

—Rathjen is headquarters for shoe bargains. tf

H. E. Franks, of Memphis, was here the first of the week to see his mother who is quite sick at her home on First street. We acknowledge a pleasant call from Mr. Franks who is one of the Banner-Stockman's old standby subscribers.

—Normal students should see Clower for their tablets and stationery supplies. tf

Bruce McClelland Jr., has returned from a several week's stay in Ft. Worth.

Mrs. Cuba Blackwell returned Sunday from Quanah where she had been on a visit to her parents, Mr. and Mrs. J. M. Brooks. She was accompanied home by her sister, Miss Eva, who will visit here for a few weeks.

—Ladies call and take a peep at our hand painted china department. Its all free for your liking. The Powell Trading Co. tf

Mr. and Mrs. Bud Brinley, of Gila Bend, Ariz., are here this week visiting the family of W. R. Brinley. This is Bud's first visit to Clarendon in several years, and although raised here many of his old friends had difficulty in recognizing him.

—Get your summer's reading from Clower. Full line of late books of fiction just received. tf

War or Peace

We have been waging a war of extermination on high prices and are winning the victory. Our terms of peace are as follows:

- 1 That our customers shall have high grade groceries at living prices.
- 2 That they shall have an absolute guarantee as to quality on everything in the line.
- 3 Money to be refunded if perfect satisfaction is not obtained from goods bought of us, upon return of goods.
- 4 That we sell strictly for spot cash and save you ten per cent of the cost of living.

The above treaty of peace has been ratified by a large number of the good people of our town and county, and new ones are subscribing thereto.

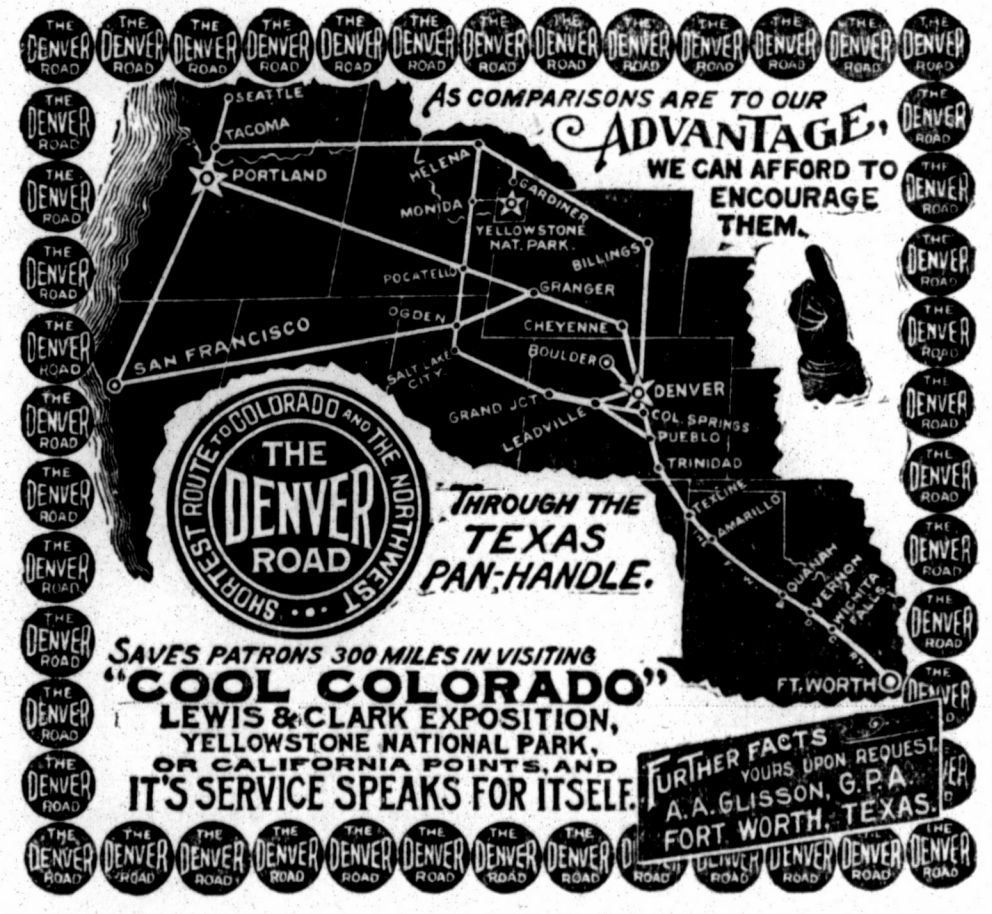

We handle pure corn chops and rich mill run bran at a very small margin of profit.

There is only one genuine White Swan flour and we have that one—made in the good old state of Missouri and guaranteed equal to any flour made in the United States, and the price is far below any flour in its class. You have only to try it to insure us your flour trade.

Call and leave your orders for anything in the grocery line. Our phone number is 51.

Yours for war on high prices,

Williams Bros.

AS COMPARISONS ARE TO OUR ADVANTAGE, WE CAN AFFORD TO ENCOURAGE THEM.

HORTICULTURE

The Keffer Pear a Favorite.

As the Keffer pear appears on the market it is not a general favorite, as it has not been properly ripened. It needs to be picked when fully mature and then put away for five or six weeks to ripen. When so treated it had a fair flavor, though the Keffer will never be noted for fine flavor, no matter how perfectly handled. But taking all things together, the Keffer is a favorite with pear growers. This is because it can be depended on to live and produce fruit, which cannot be said of most of the varieties of pears. The men that planted Keffer pear trees a generation ago are now getting an income from them, while those that planted mostly other sorts are lamenting the fact that they planted varieties that yielded to the blight. Perhaps it is the lack of high quality in the Keffer that protects it. It may be that the bees do not visit the blossoms of the Keffers as much as they do the varieties that have more flavor to their credit. The fact is well established that the Keffers do not blight as badly as some of the pears that are of fine quality. Now, the grower would like to have a pear of high quality to sell to his friends, but since he cannot he is fairly well satisfied to have a pear that his friends find edible and that he can produce in large quantities. The Keffer pear is probably the one on which most money is made, at least east of the Rocky Mountains.

Soils for Plum Trees.

The old notion used to be that plums preferred a heavy clay soil. This is still true for certain classes of plums, particularly the Domestic and Damsons. But some other plums thrive in other soils, so that by choosing the varieties best adapted to particular situations plums may be grown almost anywhere. Even light, sandy soils are suitable to the Japanese varieties and some of the hybrids. Taking all kinds of plums together, however, the best soil is that which would be suitable for apples; and the general rule regarding apples is that they will thrive on any soil well suited to potatoes. A loose, deep, gravelly soil, with an open subsoil is the best for all orchard trees in this climate. This is what should be chosen where it is available. Where it cannot be had, almost any soil will do, providing only that it is well drained. It must not hold water either in summer or winter. If it is inclined to do so it must be thoroughly drained, preferably by closed stone or tile underdrains, before the trees are planted.—Prof. F. A. Waugh.

The Wandering Tree Peddler.

The Ohio Experiment station has sent out a warning against a man that is traveling in parts of Ohio selling trees on the claim that the nursery he represents is in a way connected with the Ohio Experiment station. This man claims to represent the forestry department of the station named, but finally gets down to business and says that he also represents a nursery in Greenville, Ind. He offers to sell catalpa and black locust trees at \$20 a thousand. He asserts that his nursery produces all the trees that the experiment station sends out. He asserts further that the Ohio Experiment station has a contract to pay for 200 out of every 1,000 trees his firm sells in Ohio. The Ohio station says that any man making such claims is a fraud and should be arrested under the law prohibiting men from getting money under false pretenses. Our readers in Ohio and Indiana will do well to be on the outlook for him.

Trees and Real Estate.

Why does not the absent owner of a farm plant a few trees on that farm every year to improve his property? The city owner of real estate has long ago found out that it pays to plant trees and so in the great tracts of land laid out into streets in the vicinity of the great cities we see all kinds of trees planted and cared for. On all sides of Chicago this is to be seen. The trees have been potent factors in drawing people to the suburbs to live. No one cares to go to a section where houses stand upon the open plain. But if there are thrifty trees it is different. The same tendency is as true of the farm as of the town residence.

The tax effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale at Dr. Stocking's drug store.

News agents, books, papers and periodicals.

Read all the pages for locals.

—Just received—A car of Ferris pressed brick by the Clarendon Lumber Co.

John Shahan has closed up the hotel south of the depot and is moving his effects from it. John and his wife will take a trip to Kansas, shortly, and may decide to locate up there.—Childress Index.

There will be no celebration at Childress on July 4th. But there is talk of a "Dutch lunch" being spread in the shade on that day. It will be well attended, if the invitation is general.—Childress Index.

—World's Fair Souvenir Dishes at Dubbs' as premiums. They cost you nothing—see them.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale at Dr. Stocking's drug store.

Mart Coyne, passenger engineer, having sold his residence at Clarendon, has moved his family to Childress. They are occupying the Caldwell property near the school house. The Index extends a hearty welcome to Mr. Coyne and family.—Childress Index.

No Secret About It.

It is no secret, that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25-cent Fleming & Maulfair's drug store.

County Surveyor E. R. Clark last fall planted six acres of alfalfa on his place near Rowland and reports that it is doing fine. It has been cut once this spring, not for hay but to allow the plant to spread, and will no doubt yield at least one good cutting of hay this summer, and perhaps two. Mr. Clark will plant fifteen acres more this fall. He is also preparing to go into the hog business. The combination of hogs and alfalfa will make any farmer money if properly handled.

Neighboring towns have gone into the baseball business in earnest. Memphis pays their pitcher \$50 per month. Clarendon has three or four paid men in their team, and other towns are doing likewise. If Childress expects to hold her own, along this line it will be necessary to secure some good players to help our boys out. Childress has the best "all home" team along the road, but it is not to be expected that the boys can play professionals. The Index will give \$5 toward securing some good players to strengthen the home team, if others will do likewise.—Childress Index.

There is an old saying that one must go away from home to learn the news, and this is an instance which serves to prove the truth of the assertion. However, we wish the Index would give us the names of the salaried ball players in Clarendon. We do love a good ball player and would like to make the acquaintance of these Clarendon experts.

To Kool Colorado.

Summer excursion rates to Colorado points have been announced as follows, the figures indicating price of round-trip from Clarendon; good for 60 days, and now for sale daily:

Boulder \$22.70. Denver \$19.50. Colorado Spring \$17.25. Pueblo \$15.75. Trinidad \$11.35. For further information see E. E. Baldwin, local agent, Clarendon, Texas.

Another Premium Offer

At The Globe

WE HAVE added a line of very fine BAKING POWDER, which is absolutely pure and wholesome and sells at 25 cents for a pound can. With each can sold we give you FREE as a premium your choice of either a World's Fair Decorated Souvenir Plate or Cup. These cups and plates are fine ware and contain illustrations of different scenes from the St. Louis World's Fair—a different scene on each piece. The cup or plate could not be purchased anywhere else for the price we offer both Baking Powder and premium at. Call and see the line, and we are sure you will buy.

This offer will not conflict in any way with our previous premium offers. You can still get the other premiums with every purchase.

Our line of general Racket Store goods is more complete than ever and we have a big bunch of bargains awaiting your selection.

Our Ice Cream and Cold Drink business is increasing with each succeeding day. We serve the celebrated Steffens Ice Cream and are sole agents for it in Clarendon. Our parlor is in shape to receive the ladies and we solicit their patronage.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale at Dr. Stocking's drug store.

HOG RAISING.

A Successful Business and Yielding a Good Profit.

J. E. Robinson writes from Gray county, in the Panhandle, to the Breeders' Gazette:

Regarding the hogs I sold recently, the entire 85 head were raised under conditions which will be explained later herein, and were on feed about three months. The hogs were fattened on cattle offal, having no other feed whatever, having followed the cattle about the time stated. The most wonderful part of the whole proposition is that previously I have had no experience whatever with hogs. In fact, it was purely an experiment and turned out to be one of the best paying propositions I have ever been connected with. In future I shall always keep hogs following cattle that are being fed. The hogs at no time developed any disease whatever, in fact not one was lost from start to finish and I think they fattened from the time they commenced following the cattle.

I would say further that I attribute the success of the proposition to this particular locality. People who have raised hogs say that this is the most natural hog country in the world. A shin oak mast makes one of the best uncultured feeds known for hogs and its growth here is more rank and abundant than I have ever seen it anywhere. Alfalfa, corn and other small grains will grow here abundantly and from what I can learn the hog growing industry may be followed here with the best success possible. Experienced men say that no disease to which they know of hogs being subject has ever been known in this country.

I will go into this business more extensively later on and the results of an attempt to which I give some thought and direct attention may be even more flattering than the one already made.—Live Stock Reporter.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

KAFFIR AND MILO WIN.

Test Shows They Are Excellent Hog Feed.

This paper has kept its readers advised of the feeding test being carried on by Swift & Co. at the stockyards, to demonstrate the value of kaffir corn and milo maize for hogs, compared with Indian corn, when the rations were balanced with Swift's digester tankage.

Two lots of hogs, both lots bought on this market, were put on feed on March 8. One lot contained 13 hogs, the other 10. They were fed in pens side by side, under like conditions in every respect, except that the lot of 10 had ground kaffir and milo, and the lot of 13 had crushed Indian corn. At the beginning the lot of 13 had the advantage in weight, their average being 88½ pounds to 82 pounds for others. At the end of three months feeding the kaffir corn hogs had passed the Indian corn hogs, averaging 246 pounds to their 230. Their gain was 164 pounds each, and the cornfed hogs gained 141½ pounds.

The farmer in West Texas where kaffir and milo grow to best advantage, can figure out from this test whether he can afford to raise hogs. The amount of grain to make a pound of flesh was 32 pounds: A bushel of kaffir or of milo weighs 56 pounds. A bushel would, at this rate, make 15.6 pounds of pork, and this pork at \$5.30 per 100 pounds, is worth \$82.68 cents. This is not entirely correct, for the cost of the tankage comes in.

After the hogs were killed, hung up and thoroughly cooled, they were carefully inspected, and opinions given as to the quality of the meat, comparing kaffir corn fed with Indian corn fed hogs. It was the consensus of opinion of those who judged these hogs, who are as well versed on this subject as any in the United States, there was no perceptible difference in the kaffir corn and the Indian corn hogs.—Daily Live Stock Reporter.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by Fleming & Maulfair druggists; price 50c."

From Newlin.

NEWLIN, Tex., June 13.
MESSRS. COOKE & KELLEY,
Clarendon, Texas.

DEAR SIR:—Please find my check \$2 as subscription to your valuable paper which I am always glad to receive.

Grass good, cattle are getting fat. Oats never better. In fact crops of all kinds are looking fine. W. P. Dial and G. W. Klutts bought Ed Brumley's entire bunch of cattle, terms private. Walter Craig of the AO ranch had a horse to throw him last Sunday which fell on him and he laid for two days unconscious and was bruised up otherwise.

Yours truly,

W. P. DIAL.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

(Sold only in 1 lb. packages. Lion-head on every package.)
(Save your Lion-heads for valuable premiums.)

Conductor E. R. Haynes and Prof. Silvey, of the Summer Normal teaching staff, were pleasant callers at this office yesterday and expressed themselves as being highly gratified at the attendance and prospects of the normal. Up to that time the enrollment had reached the total of 72, with more expected. The Banner-Stockman trusts the stay of the visiting teachers in our city may be both pleasant and profitable, and will say that we have arranged for a weekly budget of news from the school which we believe will be duly appreciated by the teachers.

—Fresh mackerel just received at Powell's. tf

E. W. Harris, proprietor of the Greenville Herald, accompanied by his son, Henry, came in the first of the week to test the famous Clarendon climate. Mr. Harris, Sr. is a sufferer from asthma, and we understand may locate here and buy a small ranch if the climate proves to be what he is looking for. Besides being one of the best known newspaper men in the state Mr. Harris is an ex-member of the state legislature, and is known also as a politician.

—Swift's Premium Bacon and Hams at Powell's. tf

The revival meeting which has been in progress at the Baptist church the past two weeks is still meeting with hearty recognition and has been productive of much good, there having been a large number of conversions and reclamations. Bro. Rogers, the pastor, is doing the preaching and has delivered many forceful and touching sermons. The singing is under the leadership of Bro. Harrell, and the song service has been a feature of the meeting. The services may continue another week.

The editor enjoyed a visit to J. M. Clower's orchard last Saturday and spent some little time trying to see how many luscious cherries he could devour in the shortest possible time limit. Mr. Clower has almost a full block planted in fruit at his home in the west part of the city. The orchard is now about seven years old and its proprietor has been reaping his rewards therefrom for several years. He has cherries, plums, apples, peaches, pears, and apricots, and all are doing well. Mr. Clower says there is no reason why any property owner should not raise all the fruit he needs, as an orchard will thrive here with the least amount of attention.
