HEREFORD, TEXAS, FRIDAY, FEBRUARY 13, 1914

NUMBER 2

MORE IRRIGATION FARMERS COME

New Wells and New People to Make Hereford District Great For Water.

(Second Article).

In last week's paper, mention was made of the new irrigation enterprises to be opened in the Hereford District this year, but not all were mentioned, so the list will be increased this week.

Another strong team of irrigationists will be found in the work of the Lloyd Brothers from Vega, Texas, who take charge of the Dunn irrigation farm, located 3 miles north. This farm has a fine well and fairly good improvements. They are first neighbors to that hard working man, D. P. Vaughn, who "took the cake" with his big yield of sorghum last year.

Illinois is doing her share in this section, as here comes a man strong on irrigation, from that state to help develop the county. His name is Harding and his large land holdings near Hereford will make good. He starts out with 2 big wells, one on the Green Valley Ranch and one on the Morgan farm which he has recently bought.

Two more men from Colorado, with a large experience in irrigation, adds much to the community interests. The first of these to come was W. J. White, who is developing a fine farm near Hereford. The other is John Hardman, who has a fine piece of land near the old Morgan place. He, too, will have a big pumper and his friends expect to see some bumper crops.

But our local citizens must not be overlooked. There is Karl Shirley, who has a fine and well improved farm about four miles north. He has made a contract for a big well and is preparing to farm by the water route. Young Shirley expects to raise some fine stock in connection with his farming and he, like the rest, will make good.

This, the Hereford District, is to become widely known for its many fine irrigated farms, its alfalfa fields, its silos and its fine stock. Let the good work go on without let or hindrance.

Will Erect Modern Store Building.

J. Ray, a capitalist of Vernon and also editor of the Vernon Record, will erect a modern store building on the two lots adjoining Ray's jewelry store on Main street. The building will be 50 foot front by 100 feet deep with deep, plate-glass windows and a double entrance. The interior will be up-to-date in every respect, especially for a dry goods emporium. For the present the structure will be one story, but a second and third story is contemplated in the near future. The new building, in one of the best locations on Main street, will be occupied by the Fox Dry Goods Company, a corporation of sufficient capital to handle a large volume of business. Work will begin as soon as material can be bought and placed upon the ground.

Fox Buys Model Grocery.

Smith & Son closed a deal yesterday by which J. A. Fox purchased the Model Grocery. Invoice is being made.

Misses Willie and Bess Moyers were visiting in Amarillo yesterday returning on the night train.

Sidney Thomas Shore.

Sidney Thomas Shore, the infant son of Mrs. S. T. Shore, after a brief illness of two weeks, died last Sunday night at 11 o'clock. His age was one year, four months and 5 days. Friends, nurses and physicians did all in their power to save the little fellow, the idol of his mother's heart, from the ravages of the disease, but of no avail. The funeral services were held from the First Christian church on Tuesday afternoon at 2 o'clock and a large number of sympathizing friends attended. The sermon was preached by Rev. G. A. Faris, pastor of that church. The remains were laid to rest in the City Cemetery where a concluding service was held. At the church, volunteer members from the different church choirs of the city sang the selected hymns; a children's choir sang one song entitled "Follow Me" at the close of the service. The pastor read appropriate selections from the scriptures and made his talk on the uncertainty of life and the attitude of the Savior toward little children. Four small boys, members of the Sunday school, acted as pall bearers. They were Jake Barnett, Dick Norton, Vivian Stambaugh and Willard Garrison. The floral offerings consisted of white roses and carnations. The death of little Sidney is sad because of the fact that he was named for his father, who died on January 26, last year, just a little more than 12 months ago. The late Rev. S. T. Shore had been pastor of the Christian church for a number of years and he was held in high esteem by all who knew him. He left a wife and two sons, Moyers and Sidney. During Sidney's last illness, there were present at the Shore residence, his grandmother, Mrs. Moyers from San Jon, N. M., and her two daughters, Miss Willie Moyers, of the same place, and Miss Bess Moyers. The Brand joins with the host of friends in extending sympathy to the bereaved family.

Long Trip Increases Optimism.

F. H. Oberthier has just returned from a sixteen hundred mile trip thru Texas and Arkansas and comes back feeling more optimistic of the future welfare of Hereford and vicinity than ever before. Usually of a hopeful nature, but at times a little broody, Mr. Oberthier's enthusiasm is unmistakable on this occasion. His trip carried him thru old standby counties of Central and Eastern Texas and into the best part of Arkansas, and nowhere, says he, did he find conditions as roseate and brighter than right in the White Face City of the Plains. In many places, he found the merchants and farmers greatly discouraged over the past and not very hopeful over the immediate future. All kinds of business was dull. Crop failures on account of too little rain, loss of crops from too much rain at harvest time, and the great floods have placed a damper on their energies and enthusiasm. "Comparatively speaking," he said, "Hereford people have every reason to be encouraged. Our large cattle and sheep industry, our irrigation coming right along, the prospects for a good yield of wheat, the open winter, and many other things look better to me now, after my trip, than I had before considered. Our people should buckle up their belts and knuckle down to work. We are sure to win."

Walter Palmer is spending a short time with homefolks.

REVIVAL SUCCESS AT LOCAL CHURCH

Some Sixty Professions of Faith Made—Interest Goes On Unabated—Layman Preaches.

An unusual revival is being conducted at the Methodist church. Beginning last Sunday week, at a time when even the pastor thought the occasion inopportune, services were held each night, Pastor J. R. Henson doing the preaching. As the meeting continued the interest grew, large crowds attending. Last Sunday night the house was filled to overflow, and since the church has been taxed for seating. On Wednesday night, the preacher was too tired to preach and invited a layman to occupy the pulpit. This was done in an able and acceptable way by J. I. Walker. A number came forward at the close of his talk and made a profession of their faith. So far some sixty have signified their desire to become Christians and will unite with the different churches. Twenty four were received into the Methodist church last Sunday. The meeting will continue over Sunday.

Never before has such a revival been seen in Hereford. With an unostentatious beginning, unannounced except a simple statement from the pulpit, the men, the grown up men of the town, are being stirred as with a power from on high. A large number have signified their desire for a change to the better and happier life.

Rev. Sherman Dies at Abilene.

After only two days' illness following an operation, Rev. J. M. Sherman died at his home in Sweetwater at 4 p. m., Tuesday last. This news was received at Hereford with extreme sadness, not only by the members of his former pastorate, but by the entire community as he was held in high esteem by everyone who knew him. His remains were shipped to Clarendon, Texas, for burial where the last tribute was paid to his body by his friends. Rev. Sherman was prominent in the Methodist church circles of the state and nation. For a number of years he was presiding elder of the Clarendon District, which covered all northwest Texas. Later he held some important charges, serving the Hereford church in 1911 and 1912. After this he was made presiding elder of the Sweetwater District, which place he held at the time of his death. While pastor in Hereford he made many warm, personal friends, not only among his own people, but among all the different churches of the town. He was loved and honored for his good motives and peity and admired as a pulpit speaker. He was awake to all live issues of the day and took a leading part in all the laudable enterprises of the town. Hereford mourns the loss of such a man from the state. He leaves a wife and five children: Mrs. Laney of Tolbert, Texas; Mrs. Cooper of Clarendon; Mrs. Lamb, Jim Sherman and John Sherman. There are also two step children. The Brand joins with a host of friends here and elsewhere in extending expressions of sympathy to the bereaved family.

Mrs. R. H. Norton has been on the sick list this week.

Plenty of Water at Matador Ranch.

D. R. Grimes and B. F. Turner, who have been drilling the test wells at the farm of the Matador Cattle Company on the Canadian River report that plenty of water was found at shallow depths in the two wells drilled at the farm. The first well was drilled 189 feet, water was found at 26 feet, the water rising to 20 feet. The second well was sunk 157 feet, water was found at 57 feet and the water rose to 24 feet of the surface. Both of these wells showed an ample supply for irrigation and the McDonald Company, for whom Grimes & Turner drilled these wells, have shipped their big rotary drill and will put down two irrigation wells. In a third well some 3 miles east, water was found at 46 feet and the drilling was continued to 170 feet, but only a good windmill supply was found. These two irrigation wells widens the field of irrigation on the Plains and the outcome will be watched with interest. The Matador Cattle and Land Company is strong enough to back a big proposition and they intend to raise feed and grain for finishing their stuff for the market.

R. A. Roth Dies From Injuries.

This community was shocked last Sunday morning when it learned that G. A. Roth had met with a serious accident, having fallen under the wheels of a moving train. In attempting to catch the bars and swing onto the fast going freight, his hold slipped and he fell under the trucks which crushed both feet. The accident occurred about one mile west of town. Two friends, John Gilliland and Jim Robinson, were standing near by and witnessed the fearful tragedy. The train backed up, but after seeing who had been hurt pulled out, leaving the two boys to look after the injured man. One of the boys went to Vern Wither- spoon's and phoned for a doctor. Carl Cockrell went out in his car and brought in the wounded man and physicians amputated both feet just above the ankles, but the patient could not survive the two shocks, and he passed away on Monday, the following day, at 10 o'clock. His remains were prepared for shipment by Mr. Thomas of the E. B. Black Company and were shipped to Yoakum, Texas, for burial. Mr. Roth was station agent at Black, a small town some 14 miles west of here, and had come over to Hereford on Saturday afternoon to attend the lyceum number. As the lecture was held to a late hour, he could not return on the 11 o'clock train, but thought he could catch the early freight train. This is indeed a sad affair and is regretted by all the community. Mr. Roth was favorably known in Hereford by many of the young people and was often seen in their company.

Candidate Left Out List.

But not of the race. Sometimes an awkward, useless and seemingly intentional mistake happens in a print shop. This very thing overtook the Brand office last week when the name of R. E. Cook was left out of the list of candidates for county judge. Newspapers have a way of crawling out of such mistakes by using a big word and saying the mistake was inadvertently made, but the Brand simply made a "bust" and did not put his name in the list when it should have been done—no excuse either, just didn't. It's there this week alright.

WITH COUNTRY NEWSPAPERS

Department of Scissors and Paste-pot—Clippings and Comments—Politics et Cetera.

Heretofore the News has not looked with much favor upon the prohibition gubernatorial elimination primary because it felt that probably the "cards were stacked," and that as Messrs. Mayes and Lane had refused to take part in the affair, it would mean a worse mix-up than ever. However, after many conferences among Mayes, Lane, Thomas and their friends it now seems that the convention to be held in Fort Worth Saturday, Feb. 21, will be the means of centering on one candidate for governor. Both Mayes and Lane have agreed to go into the convention and abide by its action. County conventions will be held in each county Saturday, Feb. 14, to elect delegates to the state convention. It is hoped that many pros from all parts of Hale county will attend the county convention to be held Feb. 14. —Hale County News.

PLATFORM COMES TOO HIGH.

Lockney Beacon.—Monday's mail brought us several requests to boost this or that candidate for office—copy a yard long, neatly printed, etc. We put the whole batch in the stove. We pay our printers \$15 per week cash in hand every week, and if the Texas breed of office-seekers think we are going to print their dope for nothing they have missed the mark. It will cost them the same as any other piece of advertising. We even made our friend, Jim Ferguson, who we are supporting for governor, pay us \$12.95 for printing his platform. Our space is for sale and State political dope is not excepted. Another thing, we are tired of our brethren of the press trying to graft us out of our space for some fellow townsman who wants to be elected to office. Brother, just estimate the number lines your stuff will make in 10 point, and enclose check. We boast who we please for office editorially, but can't use platform free of charge.

SAM SPARKS NEEDS SMITH.

Lockney Beacon.—While in the newspaper business in South Texas back in the nineties, a German announced for Representative. He couldn't speak English except in broken doses. He came to our town and got us to write his platform. We do not remember what was the platform, but we straddled two or three hobbies—one of which was enlarging the size of schooners—etc. We printed him five or ten thousand circulars of his platform and launched his campaign. His opponent was the richest man in the county and had been a member of several Texas legislatures. The campaign got warm. The enlarged schooner plan was a winner, and when the votes were counted he was elected. A great many American people voted for him just for fun, but enough of these funny votes were cast to put one across his rich German opponent. He only served one term; the other candidate retired from politics. The size of the schooners were not enlarged and the people lost faith in his ability as a lawmaker.

G. W. Orr of Summerfield was here Saturday. He and his family are moving to Mobeetie, Texas, where they have traded for a fine farm.

Building Material and Builders Supplies

WE ARE prepared to furnish the material for a big house or a little bungalow, a big barn or a little shed. Our shop can do all the mill work needed for the building. Windows and Door Frames should be made properly and we know how. We also prepare sketches for new buildings and furnish estimates. When you begin to think about the improvements consult us.

The Lions in the Way.
Many young people who lack "gumption," get-up-and-get, or whatever you may term it, often reason thusly: If it had not been for so and so and such and such a thing, I could have made a great success. The lions in the way of these young people and such a successful career is barred by the ifs and the ands that enter into their daily life and rob them of their vim and courage. They are the breastworks thrown up by the weak and vacillating which beguile and deceive, and which are offered as excuses for many failures. The lions in the way and nothing more.

Young people who lack these qualities need our help; our life work is to train young people to determine, to get up and do the things the commercial world wants done, develop their latent talents, quicken their perception, teach them Book-keeping, Business Training, Short-hand, Typewriting, Telegraphy, Station Work, Business English, Business Law, Business Arithmetic, Spelling, Business Writing, Rapid Calculation, and the use of the most modern office appliances. With such training the lion is put out of the way. We have trained thousands who are now on the road to success, and we can do the same for you. Write for catalogue, and make your arrangements to enter as early as possible. To remain where you are and what you are means that you are where you will always be. Tyler Commercial College, Tyler, Tex.

Art-Craft and Curio Exhibit.
On Feb. 20-21 in the Bogard Building the people of Hereford will be allowed to visit an In-door Fair under the direction of Mothers Club. The ladies have been able to secure numerous interesting as well as educational varieties of fine Art and Crafts. The Curio display will be a surprise to many. Come and see. Admission to the Exhibit will be 10c. The Club needs money for further beautifying Mothers Park and your patronage will be appreciated.

The Last Chance.
The last regular number, "Hawkeye Glee Club" on the High School Lyceum Course is billed for Saturday night, Feb. 14th. Male Quartetts are usually the most popular numbers of any course, and the Hawkeyes have already established a reputation as entertainers. They use a variety of instruments, give a number of fine solos and readings in addition to the usual program offered by a male quartett. Each member is an artist and together they give an evening's entertainment that will long be remembered.

The West Burtington Advertiser says: "Altogether we have no hesitation in pronouncing Hawkeye Glee Club the best concert ever given here."

Kirkwood Leader says: "Each and every one possesses an excellent voice and they blend well together."

The committee is strong in the belief that the Quartett will be exceptionally strong and the program will be wholesome and inspiring. Prices the same, 25c and 50c. High School Auditorium, 8:00 p. m., Saturday, Feb. 14th.

Resolutions.

Whereas, it has pleased our Heavenly Father to remove from our midst Sister E. J. English, who was a faithful and consistent member of the Methodist church and the Woman's Missionary Society.

Therefore, be it resolved that we humbly submit to the will of the Father, who doeth all things well. We feel the loss of a consecrated, Christian woman, a kind neighbor and friend, who was ever ready to minister to the needs of others.

That we extend our sincere sympathy to the loved ones in their bereavement and commend them to a loving Heavenly Father.

MRS. W. W. LAKE

Tells Others How to Get Strong and Well.

Mrs. W. W. Lake of Aberdeen, Miss., says: "The grippe had left me in a weak, run-down condition from which I suffered for some time. I tried different remedies but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Mrs. Lake's recovery was due to the combined action of the medicinal elements extracted from cods' livers—combined with the blood making and strength creating properties of tonic iron, which are contained in Vinol, and her cough disappeared as a natural result.

We guarantee that Vinol will do all we claim and will pay back your money if Vinol does not satisfy you.

A PERSONAL WORD

When you buy trees and plants from us, you are assured of getting stock which has received our very best care in growing. We trust they will flourish with you. We assure you, that after giving from two to four years care in growing different kinds of trees, we feel a lively interest in their growth after we send them out.

Our boast is that we grow stock as good as can be grown. We have been growing it for several years. All the experience we have had is offered freely to any one who will inquire of us on any subject on tree and plant growth.

We have introduced some of the leading fruits of the day and they are not surpassed by any others.

You owe it to yourself to find out about us; what we have and what we are doing.

BRAND PUBLISHING CO.

Entered April 17, 1901, in the postoffice at Hereford, Texas, as Second-class mail matter. First number of the paper issued February 22, 1901, as the Hereford Reporter; first number of The Brand issued March 21, 1902.

Subscription Price \$1.00 Per Year, Strictly in Advance

Any erroneous statement affecting the character or reputation of any individual or firm which may appear in The Brand, will be gladly corrected upon being brought to the attention of the publishers.

Stove Wood Bluff Called.

Last week in a sort of semi-jocular way, the Brand made the offer to take "Stove Wood" on subscription, provided it was cut into cook stove lengths. Well, what do you think? The bluff has been called. A good and industrious woman called at this office on Tuesday and after the usual courteous greetings, the manager was told that she had seen the offer to take "Stove Wood" on subscriptions and she had come in to inquire whether the Brand needed other kinds of produce such as hen eggs and cow butter and whether these would not be good for a subscription. "While we do not grow stove wood on our place," she said, "we have an abundance of good, sweet butter and plenty of fresh eggs." Don't talk to us about the country "going to the bad" when such things as these can be had in the winter time and that on newspaper subscriptions. Well, the writer is glad he's a-living. The Brand congratulates this good woman upon her industry.

Panhandle News.

In the Muncy trial at Plainview the defendant's 12-year old son, Elbert, testified: "I killed papa—I killed him because he was choking mamma and I was afraid he would kill her." His testimony was an entire contradiction of that given at the inquest.

Pool-Barnard.

A quiet wedding was celebrated at the home of Dr. and Mrs. J. W. Hicks last Wednesday, Feb. 4, at high noon, when Miss Minnie Barnard was united in marriage to Mr. J. M. Pool of Headley, Texas. Only a few near friends and relatives were present. Rev. Henson of the Methodist church performed the ceremony. A number of friends were at the station when the newly wed couple left at 2:40 for their new home at Headley and bid them a pleasant journey. Miss Barnard is a sister of Mrs. H. B. Webb and Mrs. J. W. Hicks and has many friends in Hereford. The Brand joins in extending hearty congratulations.

Rev. Reynolds of Grand Prairie is moving his family to Estelline, having accepted a call to the pastorate of the Baptist church there.

Engineer Spetter Killed in Collision.
 James F. Spetter, engineer, aged 30, was killed and Fred Bessing, brakeman, was seriously injured in a head-on collision of freight trains, which occurred about 7:15 Thursday morning at a point four miles south of Amarillo. The trains crashed in a thick fog. The train crews, made aware of their peril at the last moment, leaped to safety, with the exception of Spetter, who was caught between engine and tender, meeting instant death. Spetter was horribly crushed, head, chest and body, was badly scalded. Bessing was bruised in several places and suffered a cut over the eye. Misunderstanding of orders is deemed responsible for the disaster.

ADVICE

From ANDREW CARNEGIE

Andrew Carnegie's words concerning saving should carry weight. He has tried it and he knows. He says:

"For every dollar you produce as a result of hard earned savings, Midas, in search of a partner, will lend on credit, a thousand. It is not capital that men require, it is the man who has proved that he has the business habits that create capital."

Cattle Rates Suspended.
Ft. Worth, Texas, Feb. 7.—A telegram was received today by the Cattle Raisers Association of Texas from its attorney, S. H. Cowan, who is now in Washington, announcing that the proposed increases of freight rates on shipments to Northwestern States from Texas and New Mexico were ordered suspended by the Interstate Commerce Commission. These rates would have gone into effect at midnight and would have meant an increase of from

\$10.00 to \$15.00 per car on spring shipments from Panhandle and New Mexico points. The protest of the Cattle Raisers Association of Texas was filed by Judge S. H. Cowan and means a great saving to the cattlemen of Texas and New Mexico as the Northern buyers always consider the cost of transportation before making their purchases.

Gore Suit to Come to Trial.
Oklahoma City, Feb. 9.—The fifty thousand dollar suit brought by Mrs. Minnie E. Bond against United States Senator Thomas P. Gore, the "blind man eloquent," is docketed to come up for trial in the district court here this week. Few cases in the annals of the Oklahoma courts has attracted more attention than has this suit. Mrs. Bond alleges defamation of character through an attack she alleges Senator Gore made on her in Washington last March. In depositions made before a justice recently, Mrs. Bond gave the testimony which forms the basis of her action. She testified that she went to Washington last March, taking references of her husband, Julian R. Bond, who was an applicant for the office of internal revenue collector for the Oklahoma district. Her suit arises from alleged occurrences connected with the interviews with Senator Gore over the appointment. It is understood that Senator Gore will put in a vigorous defense to the charges made against him and will endeavor to show that the whole affair is a plot hatched by his political enemies to prevent his re-election to the senate. Senator Gore was at one time a popular Populist orator in Texas.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick I ches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Notice of Trustee's Sale

Notice is hereby given that by virtue of the authority in me vested as substitute trustee under terms of a deed of trust executed by G. E. Ridenour, dated March 1, 1909, recorded in Volume 14, Page 150 of the deed of trust records of Deaf Smith County, Texas, wherein the land described below was conveyed to William W. Ryan, of Jackson county Missouri, Trustee and to his successors in trust, as security for the payment of one promissory note for \$980.00, of even date therewith due March 1st, 1913, and payable to the order of Geo. G. Wright at the First National Bank, Kansas City, Missouri, and being particularly described in said deed of trust; said deed of trust providing that in case of default in the payment of said note, said trustee or his successors should sell said property to pay said debt.

And default having been in the payment of said note, no part thereof being paid, and in the payment of interest thereon from March 1, 1913, which default continues, the balance due on said note being \$980.00 and interest thereon at the

rate of 7 per cent per annum from March 1, 1913; and,

WHEREAS, Geo. G. Wright, the present legal holder of said note has requested William W. Ryan, Trustee and L. E. Henschel, named in said trust deed as Alternate Trustees, to enforce said trust, and said trustee and alternate trustee having refused to enforce said trust;

Now, Therefore, I, A. W. Henschel, substitute trustee, having been heretofore appointed such substitute trustee by a written instrument duly executed and acknowledged by said Geo. G. Wright, the present owner and holder of said note, in accordance with said deed of trust, at the request of said Geo. G. Wright, will on the 3rd day of March, 1914 (the same being the first Tuesday in said month) between the hours of 10:00 o'clock a. m., and 4:00 o'clock p. m., of said day, proceed to sell at public outcry, in front of the court house door of Deaf Smith County, Texas, in the town of Hereford, Texas, to the highest bidder for cash, the following described real estate, situated in the county of Deaf Smith,

state of Texas, to-wit:

Three hundred and twenty (320) acres of Capitol Leagues, No. 389 and 390; and particularly described as the North Half (½) of survey or Section No. 30, Township No. 5, North of Range No. 4, East of the Capitol Syndicate Subdivision, as shown by plat of such subdivision of record in the deed records of said County and State, Volume 15, Pages 60-5;

The proceeds of which sale shall be applied to the payment of the balance due upon said indebtedness, expences of making such sale, and the remainder, if any, paid to said G. E. Ridenour, or his order, in accordance with the terms of said deed of trust.

Witness my hand this 27th day of January, 1914.

A. W. HENSCHEL, Substitute Trustee

You Will Be Dunned.

A number of subscribers to the Brand have allowed their time to run out. That is, they have neglected so small a matter as to renew their subscriptions when their time had expired, but on account of the everlasting goodness of the business manager, he has not "dunned" you for the amount you are due the Brand, but he's goin' to. Therefore, if you receive a bill within this month, it is as polite a way as the manager knows to send out a dun. To make yourself square and to keep your "reputation" in good repair, pay the bill. We want you to read the Brand pot at our expense, but at yours. The yellow date label shows the time to which your subscription has been paid. Look at it right now. If it has 13 at the end of the date, your time has already expired and there's no better time than "right now" to pay up. 48tf

**WHEN OUT OF SORTS
START YOUR LIVER WORKING**

No Matter What Ails You, Dodson's Liver Tone is Usually a Big Help in Getting Well. Avoid Calomel.

Nine times out of ten, when you are ill or out of sorts, your liver is out of order and getting it in order again will make you feel better. When your liver is sluggish and torpid and you are constipated and bilious, it is impossible to feel well.

There was a time when a great number of people took calomel when so troubled. But this is not true today. It has become widely known that calomel often has bad after-effects and is even dangerous to many. The use of Dodson's Liver Tone instead of calomel has spread wonderfully because it has proved so beneficial in so many households.

Betts & Clark recommend and guarantee Dodson's Liver Tone instead of calomel and guarantee to refund purchase price (50c.) to you instantly without question if you are not perfectly pleased with the way in which it relieves you from constipation, sick headaches, biliousness, etc. It "liven's the liver" and is a pleasant-tasting, vegetable liquid, easy to take and causes no pain, no gripe, no bad results, no change from your regular duties and habits.

To test Dodson's Liver Tone is a sensible matter because you get your money back if you are not satisfied.

Cough Medicines for Children.
Never give a child a cough medicine that contains opium in any form. When opium is given other and more serious diseases may follow. Long experience has demonstrated that there is no better or safer medicine for coughs, colds and croup in children than Chamberlain's Cough Remedy. It is equally valuable for adults. Try it. It contains no opium or other harmful drug. For sale by all dealers.—Advertisement.

Dangers of a Cold.
Do you know that of all the minor ailments colds are by far the most dangerous? It is not the colds themselves that you need to fear, but the serious diseases that they so often lead to. For that reason every cold should be gotten rid of with the least possible delay. To accomplish this you will find Chamberlain's Cough Remedy of great help to you. It loosens a cold, relieves the lungs, aids expectoration and enables the system to throw off the cold. For sale by all dealers.—Advertisement.

Land Preparation For Row Crops.
 Amarillo, Texas, Jan. 30, 1914.

On account of drouth and failure of many row crops in 1913, much land is in extra good condition for this spring's row crops. Land that was plowed or listed deeply last spring, and was well cultivated during the summer, on which little or no crop was produced, has been practically the same as "Summer Tilled," and can in many instances, be put in good condition for crops this spring by double discing immediately and listing in the crop later. Land subject to blowing is usually handled more safely by single listing now, rather than double discing, relisting at planting time. The Santa Fe Agricultural Department prefers that demonstration crops be planted on land that was deeply plowed in the fall, or on deep fall listing, but will co-operate with farmers whose land is prepared as described in the first paragraph of this letter, provided that the farmer co-operating agrees to handle the crop under demonstration, right thereafter, in accordance with an understanding between himself and the representative of the Santa Fe Agricultural Department who visits him.

Plowing: For all demonstration crops we prefer planting on land that was plowed deep last fall, before the November and December rains. We prefer shallow plowing (4 to 5 inches), to deep plowing if done between February 1st and March 1st, unless the deep plowing can be packed immediately with a sub-surface packer or disc set straight. Ordinarily, deep fall plowing should be left rough over winter, as it prevents blowing and assists in holding snows on the field. We recommend that all row crops be planted in furrows. If these crops are planted on plowed land, the furrows can be made with lister, sweeps on cultivator, or by the use of good furrow openers on corn planter.

Listing: Best results nearly always come from listing sandy lands, rather than plowing. Deep fall listing is usually better than deep fall plowing, especially on loose soils. Our first choice of soil preparation is deep fall plowing, deep fall listing being second choice. Land as described in the first paragraph of this letter, should be double disced between January 1st and February 20th, and then single listed at planting time. Single listing done between the dates mentioned, should be medium deep, the relisting at planting time being somewhat shallower. Land fall listed or listed in the spring, should be harrowed occasionally, or as often as crusts form or as weeds appear until planting time. We recommend that all listing be from east to west unless the direction of the slope prevents.

In listing a field on which row crops were produced last year, make the first furrow where the old row stood, then when the field is relisted, the new row will come half way between the old rows, thus giving the plants a chance to draw plant food from a new place. We do not recommend single listing unless it be on land well cultivated last year, and which has been or will be double disced very soon.

Yours very truly,
 H. M. BAINER.

TEXAS CONVICTS ON HONOR SYSTEM

Governor Has Paroled Fifty Men to Work Smith County Highways To Get Half of Earnings.

Austin, Texas, Feb. 9.—Fifty convicts were paroled by the governor to work on the honor system for the construction of county roads in Smith county, according to announcement made this afternoon by the governor.

The contract for the lease of these convicts to road commissioners of District No. 1 of Smith county and the state prison commission was closed this afternoon. Under the terms of the contract the convicts are to be paid \$15 per month for their services, one half of which goes to the prison system and the other half to the convict to be used in buying his clothing and for his other expenses. The road commissioners are to pay for the food of these convicts.

This step by the governor is of decided importance, as this is the first instance where a county has accepted the offer of the governor to work convicts on the county roads.
