J. W. Kent, of the Tate ranch, was here this week.

The Mill Irons shipped out from Estelline to Montana Sunday 783 ones and twos.

Elkins Bros. sold to A. J. Nisbet 200 two-year-old steers at a price around \$17. Shipment Thursday to Dakota.

J. G. George, of King county, sold to Cunningham 450 yearling steers at \$12, shipped Tuesday from Clarendon to South Dakota.

S. B. Burnett's outfit passed through Clarendon yesterday with 2200 figure eight cattle on the trail to Mr. Burnett's plains pasture.

Fred Finch was here from his Hall county ranch the first of the week. He reports cattle and range conditions in fine shape, in fact, better than for years.

Lewis & Molesworth sold to A. J. Nisbet 400 cows and calves at p. t. They were shipped from Giles and Clarendon to South Dakota.

Joe Horn returned yesterday from South Dakota, through Kansas. He says Kansas is very wet. In fact there has been so much rain the corn is almost ruined and the yield will be very short.

F. N. Page is this week moving out to his ranch headquarters on Barton creek. His efficient foreman, Mr. L. F. Gregory, has resigned and will remove to Boulder county, Colorado. Everything is reported in fine condition on the ranch.

H. B. Murray, of Floyd county, was here Wednesday and made us a pleasant call. He says he never saw crop prospects so fine as at present in his section. He reports Black-tongue as having broke out among cattle in his county and many stockmen are very uneasy as to results.

So far there have been few deaths but the prevalence of the disease warrants the feeling Sunday.

of uneasiness felt by cattle owners. The disease is characterized by the tongue of the animal turning black and swelling so that eating and drinking is prevented.

The O. S. outfit from Garza county came in yesterday with a herd of ones and twos which will be shipped today to northwestern pastures. There are about 40 cars and the price is said to have been \$12.50 for the ones and \$17.50 for the twos.

Charged With Bigamy.

Quite a ripple of excitement pervaded the city this week upon the report gaining circulation that Mr. N. F. Peters had been exposed as a bigamist. Mrs. Peters had just returned from a visit to her former home, Arkadelphia, Ark., accompanied by her brother, Mr. George Aaron,

and many rumors were afloat concerning the matter. However, we refrain from publishing any rumors, but here append a statement made to the editor for publication by Mr. Aaron:

"While on a visit to her home in Arkansas Mrs. N. F. Peters came in possession of facts which seemed to prove her husband guilty of bigamy. Mr. Peters denies the charge and says he can prove himself clear. It is reported that he has gone to Arkansas now to investigate the charge. Mrs. Peters has returned to her home in Arkadelphia to live."

Mr. and Mrs. Peters moved here from Arkansas about one year ago, since which time he has been in the second-hand business. Both were members of the Baptist church, Mr. Peters having been made a deacon several months since, and both were active church workers. Mr. Peters was a good business man and made many friends in the city who were shocked at the charges and who hope that he will be able to prove himself not guilty and return to Clarendon with an unblemished name to resume his citizenship among us. Mrs. Peters is a most estimable lady, and appears heartbroken over her troubles.

Marriage license was granted this week to Guy T. Sparks and Miss Lulu M. Bailey, young people of the Jericho community. They will be married Sunday.

All Say

It Was Excellent.

Not less than One Thousand and One Cups of Fine Coffee at the celebration, July 4th. We are very much gratified by the many compliments paid the celebrated New York Coffee which we served. Every family in Decatur county can have just as good on the table every day if they will come to our store and buy a package of Broadway or a can of Breakfast Bell which we always keep on hand. Read this testimonial—

"Those present at the Texas Woman's Press Association reception to the World's Press Parliament, May 20th, World's Fair, St. Louis, Mo., gladly testify to the many courtesies extended the organization and the gracious manner in which the New York Coffee Company served their delicious Breakfast Bell Coffee to the great gathering on that memorable occasion. We heartily endorse Breakfast Bell coffee as the especial favorite of our organization, and highly recommend it as the finest coffee grown."

GENERAL STOCK NEWS

W. J. Chapman sold to Hunt & Taylor 28 yearlings at \$16.—Hereford Brand.

In Potter county the commissioners have rated cattle at \$8 and 80 per head for taxation. Land values were not raised.

John A. Reed this week purchased all of John Dedson's stock cattle, something over 200 head of cows and calves.—Miami Chief.

The Denver road is receiving 600 new stock cars from Missouri these days. The cars are all shipped here via the Frisco.—Quanah Tribune-Chief.

Jackson Bros. this week sold the balance of the Miner & Faulkner stock cattle to Hammond & Co. at the price of the former sale, \$22.50 per cow and calf. There were about 50 head in this sale.—Miami Chief.

We dropped into Felix Franklin's cowpen in the Amarillo annex Wednesday, and he reported that Jack Serruys had bought 800 2s. from Thomas Trammell at \$20, and 400 2s. from Mart Robinson at \$16.50. The cattle range at Portales.—Amarillo Advocate.

W. D. Jordan, the U. S. cattle inspector, is a very busy man these days as cattle shipments over the different Panhandle routes are enormous. Mr. Jordan says it does not look to him that a single two-year-old steer will remain in Texas this year.—Quanah Tribune-Chief.

D. B. Gardner, of the Pitchfork ranch, was in Childress several days this week. Tuesday he delivered here, to S. P. Britt, 1000 head of yearling heifers, which were shipped to Kansas. Mr. Gardner reports a good rain over the ranch last Saturday.—Childress Index.

From Amarillo Herald.

A. E. de Ricles, bought from Major Watts, 300 twos, delivery to be made at this point for shipment to Denver.

The American Loan and Livestock Company, of Denver, has recently purchased 1,400 "Curry Comb" yearlings.

C. R. Rider recently purchased 1,500 cows from Scoggins & Brown delivery to be made at the former's pasture near Canyon City.

John Holt purchased from W. H. Godair, 1,500 twos at \$17.50 around. Delivery was made at Canyon City, to be shipped to South Dakota.

Brown & Driskill, purchased 2,000 twos from Lubbock parties, at about \$17 around, delivery at Hereford to be shipped to Spearfish, South Dakota.

Richard Buchanan bought of A. B. (Sug) Robertson, of Colorado City, 1,000 twos, to be delivered at Clarendon June 29, to

be shipped to Crooke, Colorado.

George Lamoureux bought from Thompson & Bohart, 600 yearlings, at \$13.50 around, delivery to be made at Canyon City for shipment to Long Pine, South Dakota.

Ike Humphrey, of Omaha, Neb., purchased 1,200 twos from Kokernut Bros., of Lubbock county, delivery to be made at Hereford to be shipped to Everett, South Dakota, about July 4th.

Keeline Bros. have made the following purchases of two-year-old steers from the following parties, delivery to be made at Bovina July 1st, all of which will be shipped to Gillette, Wyoming: From Penniston & Kimberly, 3,000; from Johnson Bros., 2,500; from Janes Bros., 1,200; from W. Q. Richards, 1,500. We did not learn the prices paid for these cattle, but understand that, as they are good stuff, they brought a good price.

Cured of Chronic Diarrhea After Ten Years of Suffering.

I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last Summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by H. D. Ramsey.

Notice Republicans.

Clarendon, Texas, June 17, 1904. To the republicans of Donley county, Texas:—By order of the executive committee of the republican party a convention is called to meet at the court house in Clarendon, Texas, July 9, 1904, at 2 o'clock p. m., for the purpose of electing delegates to the state, legislative, senatorial and congressional conventions. Also to nominate a county ticket if desired.

CHARLES J. LEWIS,
WHIT CARMART, Chairman.
Secretary.

Hon. W. B. Ware, candidate for re-election to the office of representative, addressed an enthusiastic audience at the court house Wednesday night, and in the course of his remarks cleared from the minds of many of his hearers considerable misapprehension and false conclusions as to his official acts. As a matter of fact Mr. Ware has made us an able and conscientious legislator, and the verdict of the representative citizens of this county is that he should be re-elected. Hartley county, from all we can gather, will line up for him almost, if not quite, solidly.—Channing Courier.

German Uses for Skimmed Milk.

Chemistry is incessantly at work to create new industrial values from substances heretofore considered valueless. At the creamery day recently held at Vienna, Mr. Maximilian Ripper, assistant at the chemical agricultural experiment station delivered a lecture on "skimmed milk." He said that it is a well known fact that the success of a creamery, where the chief source of profit is, of course, butter, does not depend so much upon the cost of production and the selling price of butter as on the profits derived from the skimmed milk. The right market for the milk skimmed for the purpose of butter making is really the vital question of the milk industry. Skimmed milk has been used for various purposes—for the manufacture of sugar of milk, as feed for animals and impregnated with carbonic acid. A rather large percentage of skimmed milk is also separated into its component parts, which are then worked up. The casein serves for the manufacture of cheese, also for glue, putty and sealing substances. But all these different uses for skimmed milk did not solve the question most favorably.

Indigestion.

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbin treatment will cure all these troubles. 56c bottle. Sold by H. D. Ramsey.

Another Graft Suppressed.

Employees of the White House for a long time have been in the habit of soliciting subscriptions from and offering tickets for sale to persons who call at the executive mansion. The custom has become so general as to be a nuisance, and an order has been issued putting a stop to the abuse. Messengers and doorknobs had fallen into the habit of reading newspapers, magazines, etc., while on duty. This also has been ended by the same order.

Behind One Engine 4,000 Miles.

George Gould's recent trip of over 4,000 miles of his various railroads was made with one engine, the same man being at the throttle all the way. The engineer was E. J. Hadlock who some four years ago made the run from El Paso to Texarkana without leaving his locomotive. The average running time of Mr. Gould's trip was sixty miles an hour, eighty miles being covered in that time. Frequently, "Kid," Hadlock, as he is known, is 42 years old, and since the age of 20 has been with the Texas & Pacific.

Judge Parker a Great Worker.

Judge Parker is now 52 years of age. He has scarcely a wrinkle in his face, the New York Times says, and his whole appearance is that of a strong man still in his prime. He looks like a man who had taken life easily. The fact is that all his life he has been a prodigious worker, and if the marks of toil have not been left on his countenance or his frame the explanation of that marvel is to be found in his abstemious mode of living and the care which he has taken to keep his physical vigor uninpaired. His perfect health enables him to dispose of an amount of work which would break down a man of ordinary strength. Since he became chief judge of the court of appeals that court has shown an ability to dispose of a much larger number of cases than ever before in its history, and in an address which he delivered before the State Bar Association a year or so ago Judge Clinton Gray attributed this improvement to the "invigorating efforts of the present chief judge."

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by H. D. Ramsey.

Blessed by Their Presence.

The Rev. Dr. Edward Everett Hale, chaplain of the senate, is famed for his absent-mindedness. Not long ago he visited the New York state reformatory at Elmira, where he was asked to occupy the pulpit of the chapel and address the convicts. When he arose, he found every seat occupied. Beaming with pleasure, he astonished his hearers by saying:

"I am pleased and gratified to see so many here today."

NORMAL ITEMS.

The Glorious Fourth was greatly enjoyed by the Normalites. As there was no school they were free to celebrate according to the dictates of their own conscience. All seemed to be very patriotic.

"Breaths there a man with soul so dead,
Who never to himself hath said,
This is my own, my native land."

From the way each and every Normal student entered into the celebration on the 4th they seem to be filled with that same enthusiasm and love for our fair land that prompted Sir Walter Scott to write the above lines. Surely we have cause to be proud of our country. Since the birthday of the United States, July 4, 1776, she has had only one hundred and twenty-eight years in which to get larger, to grow stronger, to become more enlightened and to at last be given the appellation of the "Grandest Nation of the universe."

The Normal is still moving on nicely. In fact with Mr. Wells as our conductor and Mr. Williams and Miss Griffith as teachers, nothing short of high grade work could be expected.

Mr. Landis went down to his home at Memphis Saturday, returning Monday night.

Miss Kate Alexander, of Memphis, celebrated the Fourth with home folks.

Mr. T. A. Willard spent Saturday night with friends near town.

Miss Iva Martin, one of our charming Normal girls, spent Saturday night and Sunday at her ranch home near town.

Prof. R. Long has stated to the boys that he has a psychological reason for moving his "sleeping place" from the boys dormitory. He details his reason as follows: Dr. Berkhead's lecture last Friday morning on "John and Sydnire" is responsible for my move. When he made the statement that the real or psychological difference between a toad and a rose, is the first is "esthetically ugly," the other is "esthetically beautiful." It struck me very forcefully. Now there is a statement some where something like this: "We are a great deal like our association; so I at once made up my mind that I had better change my associates."

Miss Cousins, of Row, spent Sunday and Monday with friends at home.

Conductor Wells spent the fourth at Memphis.

The Normal students and teachers were very much interested in the ball game on the fourth, as some of the principal players are Normal boys.

A heated discussion occurred Wednesday evening between two of the Normal boys on the merits

of Judge Alton B. Parker. Every one that heard it, please don't tell him, for it might ruin his chance for becoming president.

One of our Normal girls is on the sick list this week.

Our physics class learned this week that if a tree falls in the lone wood there will be no sound unless there be an ear there to hear it.

A. Noely, a former college student, came up Saturday and stayed over the fourth with us.

Miss Maude Milam spent the fourth with home folks at Memphis.

Messrs. W. D. and W. R. Orr went down Monday morning to take in the sights at Memphis.

Various were the impressions made Monday by Normal students. One young lady was heard to remark in her sleep. "Do you really mean it? I wish I could believe you."

Mr. Towne Young says there are portions of the country that he doesn't like, but he does love West."

Messrs. Trammel and Works made a short visit Wednesday evening.

Miss Gabie Potts called a few minutes Thursday morning. We are always glad to have our friends drop in to see us.

Miss Hattie Donnell and Dr. Berkhead spent Thursday morning with us.

Killing at Childress.

Childress, July 2.—Today at 1:30 o'clock W. L. Johnson was shot between the eyes by Al Yantis, manager of Hotel Good, and died instantly.

By phone the Tribune-Chief learned the following: Johnson had been employed about the hotel, and was suspected by Yantis of stealing two cuff buttons. Yantis expressed himself before the hotel boy, who informed Johnson. The latter called Yantis to time, words followed, and Johnson was making for his employer with a knife, when shot.

Johnson had lived at Childress for years, was a widower, thirty-five years old, and a general roustabout. He is said to have been drinking heavily of late. —Quanah Tribune-Chief.

HEALTH

"I don't think we could keep house without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy." —JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakens kidneys.

No DOCTOR

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

Croup.

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horsehound Syrup and apply Ballard's Saw Liniment externally to the throat. 25c, 50c, \$1.00. Sold by H. D. Ramsey.

Ely Hotel's Small Sign.

The immediate vicinity of Times square in New York is in every sense of the word a place of signs. There isn't an inch of space on buildings and roofs that isn't utilized in some way or other for advertising the theaters of the neighborhood, for advertising whisky, cigars and tobacco, biscuit, corsets, shoes or something designed for the public to spend its money on. Many of these signs are gorgeously illuminated at night. Just in contrast to this show and glitter is the very simple name over the main entrance of the colossal new hotel, the Astor. "Hotel Astor" in small, plain, metal letters, is all one sees to denote what the building is, despite the fact that it is to be one of the most magnificent hotels in the whole world.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c, \$1.00. Sold by H. D. Ramsey.

KANSAS CITY MARKET REPORT.

Special to BANNER-STOCKMAN.

Kansas City, Mo., June 30.

Cattle prices generally are a little better than a week ago. Stockers of good quality gained 25 cents up to today, but as a good many buyers were unwilling to load up today account of near approach of the 4th, which is a holiday, 10 cents was lost today. Feeders have been in fair demand this week, and prices on stockers, stock calves and feeders come within the range of \$2.75 to \$4.75, with most sales from \$3.50 to \$4.50. More stock cattle could be placed here if the prices would cheapen up a little, as pastures throughout the great corn belt are in excellent condition, and much forage will go to waste unless something is secured to consume it. The feature of the fat cattle market this week was the sale yesterday of branded Oklahoma steers at \$6.10. Top natives this week have sold at \$6.40. Not many straight grass steers have been here this week, but Panhandle feeders, Herefords, dehorned, sold at \$4.60 Monday, and some medium grass steers sold for beef at \$4.40. Grass steers are selling in quarantine division at \$3.25 to \$4.10 and cows at \$2.60 to \$3.25. Veal calves are 50 to 75 cents higher than last week, and sell at \$4.00 to \$4.75. Cattle market, after the holiday next Monday, should open up in good condition.

Sheep market has lost 40 to 60 cents in the last two weeks, account of the poor quality, and the large run of grass sheep now appearing at the northern markets. A good many Texas muttons have been here this week, and have sold at \$2.75 to \$4.50, with Texas yearlings at \$5.00. Quite a number of Texas and Arizona goats have been coming and find ready sale at \$2.75 to \$3.50. A good quality of feeding sheep could be sold here to advantage, at \$2.95 to \$3.50. Too many half fat lambs have been coming and such are hard to sell. J. A. RICKART.

GILES NEWS.

Delayed from

Still it rains.

Cutting cotton is the order of the day now.

Some of the "old timers" say they never saw a better prospect for a good crop than they have this year; say their cotton fields any they ever saw is now ready.

G. G. Wilding returned last week from a two weeks' visit to relatives at different places.

Most every one is making preparations for the 4th of July. Some few intend to go to Clarendon, but most all in and near Giles are going to Amarillo.

Mr. and Mrs. J. O. Curtis, of Amarillo, are visiting Mr. A. Curtis and family this week.

Bud Fry passed through here Saturday with a herd of cattle taking them out on Wednesday.

Misses Dessa Young and Clara Wiley went down to Memphis shopping Monday.

Mr. Houston returned to Denver Sunday.

The Wealthy Artist.

A certain Philadelphia art club has a custom of creating a great deal of fun at the expense of new members to test their mettle and good fellowship. This, as may be imagined, is excellent fun for the assemblage at large, but is often very trying to the long target of it all. Shortly before the election of A. B. Frost, the illustrator of farm scenes, it was reported that he possessed considerable wealth. At the first club dinner after Mr. Frost's name had been added to the roll the members were primed to derive amusement from his debut. "Hello, Frost," called one when the new member appeared in the dining room; "I hear you are doing nothing but cutting coupons now." "Yes," answered the artist quickly, "and I'm using the same scissors I used to trim my cuffs with."

We will until further notice close our barber shop at 7 p. m., except on Saturdays. Customers please take notice.

The Ball Game.

The baseball game between Clarendon and Vernon on the 4th was one of the most interesting games, up to the seventh inning, ever seen on the local diamond. The teams were fairly well matched. The visitors were outclassed in the box, their inability to hit Caldwell being responsible for the loss of the game. Caldwell struck out 20 men during the progress of the game, and the first seven men were forced to lay down their glove without a semblance of a hit.

Vernon scored in the third inning only. Drakes by Warlick and Caldwell were responsible for all the scores, not an earned run being credited the visitors.

Clarendon also began the run-getting in the third when Atteberry and Caldwell scored. Both sides were blanked in the fourth.

In the fifth the locals got a man across the plate, tying the score, and in the sixth another run was registered by Drakes, while the visitors again drew a blank.

In the seventh the visitors put a new man in the box and the fireworks at once began. Caldwell opened the ball by smashing out a home run to deep left. Then a series of hits followed and the home procession around the bases began. The result was six runs to the locals. In the eighth they scored three more, while the visitors received the usual egg to which they had now become accustomed. The doo was repeated in the ninth and the locals did not bat their last half.

In the fourth inning Baker hit a beautiful three-bagger which he tried to stretch into a home run but was caught at the plate by a perfect throw from left by Rhoads. Baker and Taylor were each credited with a two-bagger.

The feature of the game was Caldwell's pitching. He played a good all-round game and more than made amends for his one error by batting out a home run.
