FACTS

About the Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron. It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges and does better work by far.

The Majestic All Copper Nickeled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking perfection, not only for a few months, but for all time to come.

A Great Majestic Range lasts three times as long as a cheap range, but it don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic ranges are made, will prove to your satisfaction, that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

IN COMMISSIONERS COURT

Proceedings of Last Regular Session. County Depository Named. Other Business.

The following were the proceedings in commissioners court in session last week:

Bids for handling the county money were opened and the bid of the Citizens Bank being the highest that institution was awarded the contract and designated county depository. The bank pays 6% per cent on daily balances.

Tax rolls for 1907 examined and compared and found correct. Clerk's action in vacation approved.

Reports of C. A. Burton, district clerk, and A. J. Barnett, Justice of the Peace, examined and approved.

The clerk was instructed to buy six lithographed maps of Donley county.

The report J. J. Stanton and John McKillop, auditing committee, was examined and referred to the grand jury. This report covered an exhaustive checking-up of the books and accounts of all the various county officers for the

past five years. It reported everything in splendid shape, and was, altogether, a splendid compliment to every officer embraced in the report.

George Hermesmeier was appointed road overseer for road precinct 3 in commissioners precinct 1. J. H. Henson was appointed road overseer for road precinct 2 in commissioners precinct 1.

An order was entered to have the jail roof painted and certain repairs made.

The county judge was authorized to have the third story rooms of the courthouse fitted up for sleeping quarters for jurymen.

A number of accounts were allowed.

If Your Eyes Trouble You, call on C. N. Bushnell, the graduate optician, at Dr. Stocking's drug store, Clarendon, Texas. Eyes tested free. Glasses scientifically fitted when needed. Satisfaction guaranteed.

Rev. S. J. Upton, a Methodist minister from San Saba, is here this week looking for a location. Rev. Upton is deeply impressed with Clarendon in all respects, and thinks the health of his family will be greatly benefitted here. He will doubtless locate.

That New Elevator.

Contractor J. C. Guest, of Memphis, has the framework on the new Smith & SoRelle elevator up and the new building begins to "look good." In size it measures 30x44 feet and will be 34 feet in height. The bin capacity for threshed grain will be 12,000 bushell, with additional room for corn in ear and grain in the head.

The building is located on the railroad rightofway where cars may be loaded and unloaded at will. The power will be furnished by a 25-horse power gasoline engine. The plant will be completed in plenty of time to handle the coming crop.

Mr. Smith says they will be prepared to buy all the grain that comes to town. They will operate a feed crusher and corn sheller, also a corn meal mill in connection. The elevator fills a long felt want in Clarendon.

It will furnish a market to the farmers for every pound of grain they raise. It will likewise furnish the merchants home stuff for their trade at prices which will no doubt be cheaper than they could possibly ship in the sacked feed from a distance. This business is destined to be a big thing and means much for Clarendon, and Messrs. Smith & SoRelle deserve the hearty patronage of both farmers and business men.

GRAND FALL

DISPLAY

WE have this week received and have on display what we believe to be the best selected and most complete stock of dry goods, notions and ready-to-wear goods ever brought to this market. Everything to be found in a strictly first-class dry goods store is here. In our dress goods department will be found all the newest patterns in silk, wool or cotton goods. Mrs. J. W. Beverly, an expert dressmaker, has charge of this department and will help you plan your new dress.

We are especially strong on novelties, belts, purses, ladies' and misses' cloaks, rain coats, ready-to-wear silk waists and tailored skirts.

Our stock of Friedman and Courtney's full vamp shoes are, we believe, the best shoes on this market and a trial will convince you that we are right.

In our men's furnishing department we can please you in all lines. Suits, overcoats, shirts, underwear, gloves and anything you want in this line.

In our grocery department you will find everything that is kept in a clean, sanitary condition. Our trade has almost doubled since we assumed the business September 1st, which alone is proof enough that our groceries satisfy. Try us next month and see if we don't save you money. We have competent help all over the house who will take pleasure in showing you through our mammoth new stock.

A Correction

A typographical error in the ad of E. Dubbs & Sons on first page makes them say in effect that they are closing out their boots and shoes. It should read "ready-made clothing" instead of boots and shoes. The error is ours and we make this correction in justice to the advertiser, as they have no intention of closing out their shoe business.

The New President.

The Sunday Fort Worth Record has the following to say concerning the new president of Clarendon College.

Rev. George S. Slover has been released from the pastorate of Mulkey Memorial Methodist church in this city and has gone to Clarendon to assume the presidency of the Clarendon Methodist College. Directors of the college recently elected him president, but before he could accept it was necessary for him to secure the consent of the stewards of Mulkey Memorial church, of the presiding elder and the Bishop. Though reluctantly, all agreed to relieve him of the obligation of serving out his ecclesiastical year, which ends with the convening of the Northwest Texas Conference, to be held at Amarillo, beginning Nov. 6.

Rev. Slover has been pastor of the church for nearly two years. Previous to coming to this city he was teacher in the Methodist orphanage at Waco and at one time he was pastor of the First Methodist church in Weatherford.

Mulkey Memorial church has gained wonderfully in membership and influence since Rev. Slover took charge, and the present new church edifice was completed only a few weeks ago. He was extremely popular here, not alone with his congregation but among all religious people of the city.

Presbyterian Church.

Pastor Dickey writes us from Childress where he is attending Presbytery, that Rev. Alva Hardie, a Texas man who has been a missionary in Brazil for six years, will be in Clarendon Sunday and will preach morning and evening, and that the people generally are cordially invited to attend. Bro. Dickey adds that they are having a good meeting at Childress.

For Sale

Myrtle Angel.

Myrtle Angel, the daughter of Levi Angel and wife who are so well and favorably known in Donley county and highly esteemed by all, died at her home Sept. 20 at 5:00 o'clock p. m. after a long, lingering illness of nearly two months duration. Myrtle was taken sick at the commencement of the summer normal with slow fever. Her parents at once removed her to her home where she had every care that skilled treatment and kind, loving hearts could bestow, but it was all of no avail. Had she lived until Sept. 25 she would have been 19 years of age. She was converted and baptized by Evangelist E. Dubbs about five years ago, and was a member of the Boydston Christian church. She was dearly beloved by all who knew her for her sweet Christian character and loveable disposition. She leaves a home of father and mother, sisters and brothers, who even now in their great grief have the consolation that she "fell asleep in Jesus."

E. DUBBS.

M. E. Bell was in from his ranch near Brice in Briscoe county Wednesday loading out with supplies. He reports a disastrous hail storm in his neighborhood Sunday afternoon. A strip of country about a mile wide was covered by the storm, and crops were almost if not entirely wiped out. Some of the heaviest losers were John D. Ray, Dean Rish and the Craig brothers. Mr. Bell's place was in the edge of the storm's path and he did not sustain any serious damage. In places the hail drifted in piles which remained on the ground for 24 hours, and immediately after the storm the ground looked like a snow storm had covered it.

POOR old Kearney street!

AND the building in Clarendon still continues.

THE cotton farmer in Donley county is all right, but the hog farmer is the man whose smile won't come off.

THAT's a good piece of road building just south of the Methodist church, and at a point where work was badly needed.

"OH, would some gift the giftie gi'e us," to see Main street as others see it. (Inspired by the remarks made by a recent visitor to Clarendon.)

HERE's a royal welcome to the new president of Clarendon College. May he prove to be the right man in the right place, and may he have the hearty co-operation of all Clarendon citizens!

THE anti-Baileyites opened the sore and rubbed in salt at Waxahachie Saturday. They accuse the senator of being vindictive and unforgiving; looks like a case of six of one and half a dozen of the other.

A WEALTHY New York manufacturer was engaged to a girl for eight years, then took sick and married her on his death bed. Such a pity she didn't happen to be a thousand miles away at the time of his demise!

H. H. ROGERS dropped \$40,000,-000 in Wall street last week and is sick abed. Cheer up, Henry; you have our sympathy. We dropped 40 cents through a crack in the pavement on Kearney street, and we know how you feel about it!

THE Ft. Worth Record of Monday had an unfamiliar appearance without any red head lines. Especially since the first page chronicled three suicides, a bloody murder and a railway accident in which thirty-two people were injured.

THAT Ft. Worth who undertook to have Police Commissioner Mulkey removed from office have found themselves up against a hard proposition. Mr. Mulkey is not only showing them "who's who," but he continues to hunt down the lawless element with a vim that does honor to the memory of Jeff D. McLean. His latest feat is in reporting to the grand jury five policemen who are accused by him of accepting bribes.

THE Canyon City News moralizes on the fact that numbers of Panhandle boys and girls leave the Panhandle for Eastern schools every year, and points to Clarendon College as one of the several Panhandle schools where they might "patronize home industry." The trouble with Panhandle schools Brother Brandon, is that they have not the capacity to take care of all the Panhandle students. Clarendon College is full up now. We hope, however, to have an increased capacity next year.

THE latest wrinkle in "getting money from home" is noted at Ft. Worth where two boys, one from Brownwood, the other from Bonham, induced friends to telephone their respective mothers that they were either dead or dying and money to pay transportation charges on the "corpse." Both fell flat on investigation by

the police. Cotton picking is in full blast down there and those boys ought to be sentenced to the cotton patch for the balance of the season and made to send their earnings home. A boy who would be guilty of such a trick would not stop at any crime.

IT MAKES US BLUSH, BUT—

The Banner-Stockman rattles its new head piece and bows with becoming dignity to the following complimentary allusions to its recent enlargement:

The Banner-Stockman published at Clarendon comes out in six column form and continues to improve on the good name it has hitherto maintained. Signs of prosperity continue to come to the surface.

The Clarendon Banner-Stockman comes to us this week in a new dress and she sure does look presentable. Here's our hand Bro. Cooke hoping you will meet with a hearty co-operation from your patrons.—Wheeler County Texan.

The Clarendon Banner-Stockman has enlarged to a six column paper. This shows the appreciation in which the paper is held by local advertisers in that community. John Cooke is enterprising and keeps right at the head of the procession.—Hall County Herald.

The Clarendon Banner-Stockman has enlarged its form to a six column eight page paper and will continue that size from now on, or at least as long as the patronage will justify. The Banner-Stockman is one of the best papers in the Panhandle section and The Index is pleased to note its continued prosperity.—Childress Index.

The Clarendon Banner-Stockman has been changed from a five to a six column paper and came out last week under a brand new style of headline. This makes a great improvement in the appearance and value of the paper and we congratulate Bro. Cooke on the change. He now has space in which to give his people a full amount of reading matter and at the same time take care of his splendid ad business.—Childress Post.

The Clarendon Banner-Stockman, one of the best papers in the Panhandle, has increased its size to the standard six column quarto, and raised the subscription price to \$1.50 a year, being the first of the Panhandle papers to raise the ante and fall in with the crusade now spreading all over the north and east, whereby the country publishers are trying to get even for the steady increase of price of print paper under the spur of the trust which is fostered by a duty that has no foundation in justice and equity.—Roswell Register-Tribune.

We note that Amarillo is tearing a considerable portion of her shirt over a proposed "Panhandle Day" at the Dallas fair Oct. 28. So far as we have been able to ascertain Clarendon is the one town of this section not included in the Amarillo invitation to participate. However, unless Amarillo appoints guards and furnishes them with clubs to beat the Clarendon contingent off the city will likely furnish her part of the crowd for the special trains which are to leave Amarillo Oct. 25. Clarendon is of and for the Panhandle, and when it comes to tooting a Panhandle horn Clarendon is a sliding ironbust and knows all the music.

Didn't your Uncle Bill Crawford swat at Bailey down at Waxahachie, though? But he never could make a good, clean hit, as he could not hit the ball square on the nose. Just hit enough to let you know he might, could, would or should take Bailey's place in the senate, which is about all the argument the big ones can put up and the blind that fools some of the small ones.—Bonham Herald.

PANHANDLE DAY at the Dallas fair will be Monday, Oct. 28.

W. C. Silvey Dead.

W. C. Silvey, father of W. R. Silvey, superintendent of the Clarendon Public Schools, and Mrs. W. B. Sims, of Lelia Lake, and whom we mentioned last week as being very ill, died at his home at Trinity, Texas, last Thursday. The remains were shipped to Clarendon for interment, arriving Saturday night, the burial taking place Sunday afternoon. Rev. A. H. Thornton conducted the funeral service at the Methodist church, assisted by the pastor, Rev. W. C. Hilburn, and the remains were laid to rest in the Citizens cemetery. The local Masonic lodge had charge of the remains and interred them according to the rites of the order.

W. C. Silvey was born in Rhone county, Tenn., Oct. 10, 1832, where his parents continued to reside for about five years. They then removed to Missouri, settling in the central portion of the state near Versailles. On their journey to Missouri they spent one year in Kentucky and one in Southern Illinois. Mr. Silvey remembered distinctly the removal of the Creek Indians from Western Tennessee across the Mississippi river, as his parents traveled with them westward for several days during their journey to a new home.

His father, like Daniel Boone, was fond of hunting and adventure, and followed Boone to Missouri, settling about forty miles south of Boone's Camp, now Booneville, Mo. Here in Morgan county the subject of our sketch grew to young manhood in the pioneer days of that state, where schools were few and opportunities scarce. Of a family of eleven children he was the eldest, there being five boys and seven girls. Two of his brothers and four of his sisters are still living. All of them reside in Central and Southern Missouri.

Although reared at a time when educational institutions were few and inferior, he early recognized the necessity of an education, and by dint of hard work, without educational opportunities, gained for himself that information which made him an excellent business man and gave him intelligent insight into matters of public interest.

He was married to Laura Gumm in 1855. Four children were born to this union—Laura J., W. R., Annie E., and Lucy A. Two of these, W. R. Silvey and Mrs. Annie E. Sims, survive him. His first wife died in 1867. He was again married in 1870 to Miss Charlotte E. Joplin, under whose intelligent and motherly care the children were reared. She is now residing near Trinity, Texas. Her feeble health prevented her from attending his funeral.

Mr. Silvey was a consistent member of the Baptist church for more than fifty years, his membership being with the Clarendon church at the time of his death. He was also a member of the Masonic lodge for almost as long a time, the tenets of which fraternity he exemplified in his daily life. When the civil war came up in 1861 he offered his services in the cause of perpetuating the Union, and served this cause four years, being mustered out in 1865. He was held among the reserved forces of the Union army, until only a few months prior to the close of hostilities he was called into active service. He entered the army as a private and was mustered out as second lieutenant.

In 1891 he came to the Panhandle of Texas. The following year he located with his family in Floyd county, where he resided until 1903. From Floyd he moved to Clarendon, living as an honored citizen with us for about two years, then moved to Bosque county where the latter years of his life were spent at home near Trinity. He was taken sick with flux about Sept. 2nd, and died on the 19th.

Mr. Silvey was a man of strong integrity. His standard of life was "honor." He placed his honor above all things, and was true to his principles. His was a life rounded out to completion and well spent, and he is entitled to his reward, to "rest under the shade of the trees." May he rest in peace.

A number of local items escaped us the past two issues on account of being confined so closely to the office by a scarcity of printers. One was the sickness of J. E. Carroll, who is reported very bad with fever. Another was the removal of the Wes Lane meat market into the new Carroll building on Kearney street where Mr. Lane is nicely fixed up.

—Our stock of ladies' misses' and children's coats have been received, and will be in shape to show in a few days. Watch out for them. The newest styles at prices that are right. Martin-Bennett Co.

Clarendon dealers have been out of binder twine for the past week and delayed shipments have greatly hampered the farmers. One dealer told us his regular stock order of twine this year was twice as great as the house sold all last season, yet it didn't begin to fill the bill. All of which goes to show the growth of the farming interests of the county.

Don't send away for wall paper and take chances on getting too much, too little or having part of order damaged in transit. Complete "up-to-now" line at Stocking's store.

Apples Will Be Scarce.

R. W. Talley, who is somewhat of an authority on the apple question, in speaking of the situation for this season says the fruit will be costly and hard to get. Some parts of Arkansas have good crops and buyers are flocking in from all parts of the country to get in on the ground floor. One town in Washington county, Ark., reports one firm shipping two cars per day of green apples, working ten hands. Another 100 barrels per day with 14 hands. The farmers union has 40 hands in the orchards handling 150 barrels per day. One canning company using a thousand bushels and turning out a carload of canned goods each day. They pay out more than \$1000 for hands and apples. One evaporator is handling 800 bushels with 38 hands per day. The distilling company handles unknown quantities, and with the other smaller concerns it looks like "something doing" in the apple business in that town. The apples are maturing rather early and are not so good as the later varieties will be.

Farmers' Attention.

Your aid and assistance is requested by Agent E. E. Baldwin, of the local railroad station, in securing and maintaining a representative exhibit of Donley county produce in the exhibit booth at the depot. Mr. Baldwin has for several years been using his utmost endeavors to have this matter creditably attended to. It is in better shape just now than formerly, but it must be remembered that many of the vegetables are perishable and must be renewed every few days. Such items as melons, cantaloupes, potatoes, tomatoes, cucumbers, etc., only last a few days. Every Donley county farmer should take enough interest in his home county and in his own business interests to help Mr. Baldwin keep this booth attractive and fresh. Bring in anything you may have that looks good and he will see that it is properly displayed. He is being assisted in this work by the Western Real Estate Exchange people, and if more convenient articles for the booth may be left at their office.

The Tax Rolls.

A perusal of the 1907 tax rolls for Donley county shows the following facts:

Total valuation of all property assessed, \$3,841,350.

Total state and county taxes, \$36,435.63, divided as follows: State ad valorem, \$4,801.73; state school, \$7682.76; county ad valorem, \$9603.45; county special, \$10,371.73; county district school, \$3975.96.

Number polls assessed, 702, an increase of 114 over last year.

Number horses assessed, 2949; number cattle, 35,394; hogs, 2120; sheep, 2440.

The commissioners were greatly pleased with Assessor Baker's work, and pronounced the rolls the best and clearest they had ever seen.

ARE YOU CONVERTED

TO THE MULKEY STYLE OF PHOTOGRAPHY

A good picture is like a good man, it may not please everyone but it is a good picture just the same. A photographer is like a setter pup on his first hunt, if he has patience and knowledge he will get results, but if he has neither of these essentials he will probably flush as many birds but his work will be for naught. I always try to make a picture that will be a trade winner. That I have succeeded in many cases is evidenced by my increasing business. If you have never visited my studio you should make it a point to call soon. You will see the pictures of the best looking crowd in the state. Even though you have not made up your mind to have your picture made call around and give me a chance to "show you."

Guyton Skinner returned from Corinth, Miss., Sunday night. He left his sister, Mrs. Claudia Mathis, somewhat improved and it was thought that she would recover, but a telegram received Wednesday stated that she died Monday. She had been sick with typhoid fever for six weeks, and her father, Guyton, and sisters, Mrs. Crockett Taylor of this city and Miss Norma Skinner of Sweetwater, Texas, were all with her for some ten days before the end. Mrs. Mathis was the oldest daughter of Rev. W. L. Skinner, formerly pastor of the Clarendon Baptist church. She was a widow and leaves eight children. Mrs. Mathis visited here last spring and made many friends who join with the Banner-Stockman in tendering sympathy to the bereaved ones.

First Bale at Clarendon.

Jack Beale, who farms about six miles west of town, brought in the first bale of 1907 cotton Saturday afternoon. It weighed 474 pounds and sold to The Martin-Bennett Co., at 13 1/16 cents per pound, or \$61.90. A premium of \$33.60, including ginning, weighing and a year's subscription to the Banner-Stockman, brought the total amount realized from the bale up to \$95.50, and Mr. Beale has his seed left, 1025 pounds, worth \$9.25 present quotations. He refused to sell the seed. Mr. Beale captured the premium once before, year before last, we believe it was.

J. L. Armstrong delivered a lecture in Clarendon Saturday afternoon as per announcement. He spoke from a wagon on the main business street and held a good crowd throughout. The burden of his song was a plea to the farmers to hold their cotton for 15 cents per pound. Mr. Armstrong made a good speech and his arguments were mostly sound.
