County Looks At Tax Rate, Cashes Bonds, Plans Trip

Deaf Smith County Commissioners had a busy session Monday as they took up a number of important matters. Included on the agenda was a discussion of possible financing of a large hospital addition, plans for a trip to Austin seeking special road funds and an order to cash in \$65,000 worth of outstanding bonds. Numerous other matters also were considered and acted upon.

der to take care of its regular operational expense. He said that a hospital bond issue would make it necessary to raise this to at least 22 per cent of actual value. The jump from 17 1/2 per cent to 22 per cent would figure out to an increase in taxes of about 22 per cent.

Most of the bonds are long-term, low-interest. Included are the following issues: Fort Worth Street Improvement, Hereford Street Improvement, Tulla Street Improvement, Pot Independent School District, Colorado River Municipal Water District and Bowie Independent School District.

Spring planting of two major crops in Deaf Smith County began this week as area vegetable producers began setting out seed potatoes and onions. The two crops, the first to be planted this season, will be followed by carrots in mid-April and a few early lettuce fields. Planting time for the crop is usually in July.

grain sorghum, and sugar beets — will begin about May 1 as area farmers begin planting cotton. This crop will be followed by grain sorghum and beets. As the planting season got underway here this week, Pat Patterson of the Texas Employment Commission stated that there is sufficient agricultural labor in the area to meet the demands of planting.

Crash Injures County Youth; Condition Good

A 14-year-old Deaf Smith County youth was "not seriously" injured as the motor scooter he was a passenger on collided with a 1955 model truck about 4:15 p. m. Tuesday.

Under the provisions of a new state law, and upon the advice of bond advisor Bob Davis, the court ordered that \$65,000 in bonds held by the court be liquidated.

Commissioners plan to leave Tuesday for a meeting Wednesday in Austin with the Texas Highway Commission. The group will be seeking emergency funds for 3 1/2 miles of paving to service the Holly Sugar refinery. The road being sought goes 2 1/2 miles west from Gilliland's corner, then one mile north connect with Harrison Highway.

9 Jurors Named By Wednesday In Dye Trial

The slow, tedious process of selecting a jury in the trial of Glenn Freeman Dye began here Tuesday as a 100-man special venire appeared in 69th District Court, Judge Harry Schultz presiding.

As the indictment was read and duty of the jurors explained, 33 of the venire men were excused from service. The list was then re-drawn and questioning of prospective jurors began.

School Approves Contracts For 98 Veteran Teachers

Contracts for 98 teachers were approved by trustees of the Hereford Rural High School District as they met Tuesday night.

Teachers who are in their first year of teaching will be observed until May before their contracts are reviewed.

The accident occurred at the intersection of Grand Avenue and Avenue A. The truck was headed north and the motor scooter was being driven west.

Around Town

BY H. A. TUCK We understand that the bug still is going his crazy way, now joined by another little fellow that gives folks sore throats and husky voices. Between them, they are causing a lot of trouble. And we can expect them to stay around until the weather decides to get warm ... and stay that way.

Herd Hosts Rebs Friday; Weather Cancels Out One

Threat of bad weather cancelled out Hereford's first baseball game Tuesday afternoon. The Whitefaces were to have played host to the Plainview Bulldogs, but forecasts of rain, snow and dust wiped out the tilt.

Stevens and principal L. C. Thomas recommended the following for Central: Lonidene Edmonson, Helen Coffman, Joan Hopper, Lucille Smith, Lucy Givens, Francis Shaw, Mary Brady, Mabel Wilson, Alta Mae Higgins, Reece Whittington, Ethel Womble, Rubye Crawford, Lucille Park, Phillip Shook and Mary B. Carter.

Latin-American Given Sentence In Assault Case

Jose DeLeon, 29, of Hereford was sentenced to 90 days in the county jail as he entered a plea of guilty to charges of aggravated assault on Tuesday in Deaf Smith County Court, Judge H. C. Williams presiding.

The charges grew out of a shooting incident which is reported to have occurred here about 1:25 a. m. Saturday at 208 North Street.

John W. Lee of Stephens-Hudson Motor Company, Hereford, will be presented Ford Motor Company's 500-500

### Local Residents Receive Word Of Relatives' Death

Three members of a Plainview family died in an attempted crash landing of their light airplane at 9 a.m. Sunday, Mar. 10, in a plowed field 20 miles south of La Junta, Colo.

A fourth member of the family, H. E. Graham, pilot of the plane and husband of Mrs. Graham, is in critical condition at Mennonite Hospital in La Junta, after being thrown from the plane.

Mrs. Graham, 39, and her two sons, Mike, 16, and Johnny, 12, died following the crash-landing of the plane.

Mrs. Graham is survived by her husband; two brothers, Don Golden of Missouri and Dick Golden of Hereford; her parents, Mr. and Mrs. Roy Golden of Hereford; two sisters, Mrs. Wesley Vasek of Plainview and Mrs. Philip Nelson of Missouri; a daughter, Mrs. De Juan Strickland, a student at Texas Tech.

Services were held Wednesday afternoon in Plainview.

West Highway 60

Hereford, Texas

By Audra Miller  
Hello! Another busy week has whizzed by — there are approximately ten school weeks remaining! Whee —

A note to you faithful readers, whoever you are: this column was literally "squeezed out" of last Thursday's paper because the Brad typesetters has not yet obtained what is known in the newspaper world as a "typesetter" — and there are "type stretchers," too! So if you just happened to wonder about the column's absence, that is why.

The Big Event this past week was the "migration" of Hereford teenagers to the ski trails of Ruidoso and Red River, N. M. It all began on Thursday afternoon when Baptist youth left for their destination: Ruidoso.

Then, early Friday morning, young people from the First churches, as well as other local teens whom this writer shall classify as "miscellaneous," departed this city in eager anticipation of a real "ski weekend" at Red River. Among the members of this ski party were Dan and Deedee Thomas, George Muse, Kaki Bernard, Stan Sigman, Dick Lookingbill, Dick Platt, Patti Nobles, Kathy Boston, Jenny Holt, David Dowell, David Block, Gary, Larry, and Barbara Clements, Patricia Maxwell, Ted and Dan McWhorter, Mandy Moore, Earl Dean Jackson, Linda Boardman, David Saul, Gary Royal, Charles Kelly, Barbara Langley, Penny Johnson, Nancy Gripp, Lawrence Warner, Annalisa Kovacs, David Grubbs, Carolyn Aven, Charles and Edward Mima, Nancy Martin, Dwight McGee, Larry Hill, Jerry Don McCaslin, Heather Gordon, Cynthia Seed, Tim Gearm, Jimmy Kasahn, Royce Ann Gilliland, Arnold Powell, Carl Stapp, Sharon Tinnin, Gerry Bybee, Steve

Coneway, Austin Hodges, Connie Kent, Catherine Smith, Terry Caviness, Caroline Brumley, Bob Reinauer, Jimmy Higgins, John Fowikes, and Tommy Powell. (Please remember that these are only "among" — the list is not complete, by any means). And have no fear! There were chaperones — the Don Moores, the Jay Bostons, the A. T. Mims, Mrs. T. B. Thomas, Mrs. Bartley Dowell and the Elmer Kimbells. All who were brave enough to venture onto the slopes had a "real blast!" — And there were no serious casualties, just sore muscles and sunburned cheeks!

Other weekend travelers were Susie Higgins, Wallace Shelton, Linda Higgins, Donald Payne, Donita Allred, Jo Ann Carlson, Louise Axe, LaReece Askew,

Alyce McClain, Lani Rush, Margaret Frerich, Nelda Botkin, Nanetta Clearman. This group, accompanied by Mrs. Sue Howell, Mrs. Janice Boren and Mrs. Glen Allred, attended the State Future Teachers Convention held in Dallas on Friday and Saturday, Mar. 8 and 9. These sleepy F.T.A.'ers left Hereford at 5 Friday morning and arrived in Big "D" at 2 Friday afternoon. They attended an Awards Banquet that night, countless sessions on Saturday, and then, for pure pleasure, saw the movie, "To Kill A Mockingbird," on Saturday night. Tired but happy (what a trite expression!), all returned to this fair town early Sunday night. What a weekend!

You realize, of course, that this long weekend "came about" because of the District IX Convention of the Texas State Teachers Association which was conducted in Amarillo on Mar. 8 and 9 — shew!

And two of the Hereford High crew have been hospitalized! Janie McBroom was a patient in Neblett Hospital in Canyon Tuesday, Mar. 5 — however, she is "back on board" as of last Monday.

The other crew member, Beth Ballard, was forced to undergo an appendectomy — she was "admitted" as a patient in the local hospital on Wednesday, Mar. 6, and was released last Friday, the 9. Fortunately, Beth, too, is again in our midst — and both she and Janie are now recognized as "the indispensable!"

This week "congratulations" are to be "dispensed" to senior Janis Higgins and Sophomore Dianne Jack — each was awarded a Superior rating for her performance at the District I-Junior Festival of Music Clubs held here last Friday. This festival marked Dianne's fifth Superior and Janis' second. Again, congratulations!

Attention! There will be a Junior High Dance this Friday night, beginning at 8; then, on

## Kansas Visitor Impressed By County Work Quality

By Argen Draper  
Miss Gertrude Hove, the visiting agent from Columbus, Kan., said she was very impressed by the quality of work in all areas in Deaf Smith County. She came here to particularly observe the work of the Family Economics Committee but she also studied the other work here.

Her impressions: Amazed at the scope of the work and the results; liked the type file (which is original) that has been developed; development of the committee to include prominent persons, both business, and professional; refreshing to note the enthusiasm of every committee member; will use many of the ideas in her work in Kansas.

The report of the visit makes the committee even more determined to tell the money man-

agement story.  
Miss Hove was here on a traveling scholarship and will make a report to the state conference on her impressions of work in Deaf Smith. She will also visit Andrews and El Paso Counties.  
While Miss Hove was here some of the persons who showed her special courtesy were Mrs. Mary King, Mrs. P. L. Carmichael, Mrs. H. L. Hershey and Mrs. H. E. Miller.

Mark Woodall is a new member of the Family Economics Committee. He is not a stranger to our committee as he has held three meetings on Money Management for older 4-H girls.

The committees in the County Program Building are going to meet the needs of the people and it is my opinion that is what they are doing. The County Program Building Committee will meet in regular session April 8. This is a meeting to give plans for future development and accomplishments. Reports will be given only as they pertain to plans for the future.

The fourth week of April Larry Burleson, Organization Specialist, A & M College, who works with county program building committees will be in Deaf Smith County to train our over-all committee in functions of the committee and the possibilities of areas of accomplishments.

On April 3 Miss Fannie Brown Eaton, Specialist in Clothing from Texas Agricultural Extension Service, will be in Hereford. Any of you who would like to be clothing leaders for 4-H subject matter groups should

call the office so we can give you the details. I should think that we will have a lot of potential leaders from the high quality program we have had in clothing construction and selection; clothing buying as well as the carry-over of consumer economics in other fields of work.

It looks like the support of 4-H gets more tremendous all the time. The pictures in the paper were so good. Also, the exhibits, I hear the attendance was good at St. Anthony's last Sunday to celebrate 4-H Sunday. I was sorry to have missed this but I had to be out of town. It is one of the few times I have failed to attend church with the 4-H'ers.

Have you seen the exhibits that clubs have put up? It shows the good work of the members, leaders and the importance the merchants put on the program by providing some valuable space for the exhibits. Thanks folks, for your approval of honest efforts.

Here's some spicy information . . . . .

Need to add spice to your meals? You can help sharpen appetites by using spices in your cooking, points out Mrs. Gwendolyn Ciyatt, Extension Service consumer marketing specialist.

Spices lend subtle flavor to foods if they are introduced with a light hand. It is well to become familiar with the large spice family. Spices are usually classified as roots, buds or flowers, fruits, barks or seeds of pungent plants. The herbs are the aromatic leaves of plants which grow in the temperate zone. Bay leaves and mint are the familiar ones. Marjoram, basil, are just a few of the many herbs which may find a place on your pantry shelf.

Some of the "seed" spices that may give variety are celery seed, sesame, poppy and caraway seeds.

Among the "berry" spices are the peppercorns from which come both the black and white pepper without which a meal would seem incomplete. Since it is a familiar seasoning on many tables, you may find it interesting to learn how it grows.

Black pepper is the dried vine, which is found in tropical climates. The berries are picked while still green and then dried in the sun.

White pepper is the ripened seed of the berry which is fermented, then washed to remove the skin and pulp and spread on mats to dry in the sun. Most of the pepper we use comes from the Far East. It is a well-liked and well-used spice and may be delicately added to all foods with the exception of sweet deserts.

RECEIVING PLAQUES from the Hereford Booster Club in recognition of their work for the club, Hoot Poarch, left, and John Haney accept plaques from Debs Knox, Booster Club president. The presentations were made during a

dinner honoring members of the Hereford Whiteface basketball team. Not present to accept his plaque was Earl Poarch.

FIRST OF MANY such scenes of the season unfurled here this week as thunderheads formed and moved across the area. Unfortunately, most farmers received little benefit from the clouds, which raised false hopes for moisture

needed to dampen cultivated and grazing land. In fact the entire high plains faces a fire hazard as grassland remains dry.

(Staff Photo)

ENJOYING HIS FIRST experience with public schools, Kenneth Adams chats with Mrs. Ester Springer, school nurse, during a pre-school health clinic currently underway. Looking on is his mother, Mrs. Ernest Adams. Kenneth was the first of hundreds of youngsters who will be entering the first grade in Hereford schools next fall to confer with Mrs. Springer. The school nurse will be carrying on the 30-minute conferences at the rate of 30 per week

until all five-year-olds are interviewed. Due to the large number of appointments, it is important that parents of the children call Mrs. Springer at EM4-0618 if appointment times need to be changed. Anyone with pre-school children who will be six before Sept. 1, 1963, is requested to call the school nurse at the above number in order that a conference may be scheduled.

## Basketball Squads Feted By Boosters

Hereford Whiteface Booster Club honored members of the high school basketball squad with a special dinner meeting Monday night.

Both the varsity and B-team squads were guests of honor for a steak dinner in Rancy's Restaurant. Booster's wives were also guests at the meeting.

Coaches Cuby Kitchens and Joe Brooks introduced members of the team and commented on the Herd's season. Both coaches commended the teams for "excellent" seasons.

Booster Club president Debs Knox added the club's congratulations to the boys.

On behalf of the club, Knox later presented plaques to honor men who had aided the club in its projects. Plaques were presented to Poarch Brothers and to John Haney. Hoot and Earl Poarch were recognized for the work which their firm has done for the club, with Hoot accepting the plaque for Poarch Bros.; while Haney

received the plaque in recognition of time and labor he has devoted to club projects. Along with the plaques, the men received life-time membership in the booster club.

Following the presentations,

a film of the West Texas State-Olio State Sun Bowl football game was shown.

During the meeting it was announced that two Booster Club projects are nearing completion. Dugouts for the Whiteface baseball field were slated to be complete in time for the first home game.

Boosters also learned that a bell mounted on a trailer would soon be complete. Boosters will present the bell to the Hereford High School student body in the near future.

To say that things were a little hectic around the Hereford Brand last week is putting it mildly. In fact, it's the understatement of the year. To begin with, our Model 14 Linotype machine conked out Thursday night, and as luck would have it . . . no spare parts. We called Dallas to have the needed repairs sent out via air freight and thought every-

### John M. Sheers Succumbs After Lengthy Illness

John McHenry Sheers, 84, resident of Hereford since 1954, died about mid - night Sunday, March 10, in the Deaf Smith County Hospital after a several weeks' illness. Mr. Sheers had lived with a daughter, Mrs. Howard Armstrong, since moving to Hereford. He was born Nov. 2, 1878, in Parker Landing, Pa. He was married to Josephine McDonough on Aug. 11, 1908, in Washington, Pa. They moved to Texas in 1905 from Pennsylvania, living in Amarillo and Wichita Falls. Mrs. Sheers died in 1954 in Albany, Tex.

He was a retired credit manager, a member of the First Christian Church of Hereford, and a member of the Albany Masonic Lodge No. 482. He received a 50 year pin from the Texas Grand Lodge in 1954 and was a member of the Maskat Temple of Wichita Falls and the Scottish Rite Society. Survivors include two daughters, Mrs. Armstrong of Hereford and Mrs. J. C. Putnam of Albany; and four grandchildren. Funeral services were conducted at 10 a. m. Tuesday in the Rose Chapel of Gilliland Funeral Home, with the Rev. Eugene Brink, pastor of the First Christian Church, officiating.

Burial, with Masonic graveside rites, was in the Albany cemetery under the direction of Gilliland Funeral Home of Hereford and Godfrey Funeral Home of Albany.

### Circuit Supervisor Visiting Jehovah's Witnesses Here

M. C. Harbeck, circuit supervisor, is visiting this week with the congregation of Hereford's Jehovah's Witnesses, according to Lloyd Reddoch, presiding minister. The program began Tuesday, March 12, Wednesday through Saturday, the congregation plans a series of visitations. The Saturday evening program, beginning at 8 p. m., will be on subject, "New Things Learned", discussed by Harbeck. At 3 p. m. Sunday, Harbeck will conclude his visit with the talk "Is Your Destiny of Your Own Making?" It will be held at Kingdom Hall, 319 Avenue I, with the public invited to attend.

### JOINS FOUNDATION

Bedford Forrest, son of Mr. and Mrs. Leo Forrest of Hereford, has joined the staff of the High Plains Research Foundation at Halfway. Forrest is a graduate of Hereford High School and West Texas State College. He taught at Hereford, Big Spring and Tulia. Recently he has been on the KGNC farm staff. He will be a public relations representative for the Foundation.

would get straightened out just as soon as the parts arrived. However, when the freight was picked up and checked, the company had not included the tapered dowel pins necessary for completion of the repairs. So there we were! Two days shot and still the machine wasn't fixed. But, we managed to use the Model 31 Linotype over at the Ink Spot to finish the paper and about 2 a. m. Sunday morning we trotted down to Southwest Offset to have plates made and put the paper to bed.

That's when the axe fell. As we were getting ready to leave for home, and bed, Jackie Allman of the Offset crew informed us that we had thirteen pages instead of the necessary twelve.

Now anyone knows that you can't print thirteen pages. It has to be six, eight, ten or twelve. However, after some hurried re - make on a couple of pages, we again started for home and the sack. All was well . . . we thought . . . until Sunday morning when we discovered that at least half of the Brandin' Iron column had been left out.

Of course, some people will tell you that the paper would be better if the entire

### B.A. Witherspoon, Former Long-Time Resident, Dies

Benjamin Anderson Witherspoon, 89, of Odessa, brother of Vern Witherspoon of Hereford died at 12:30 a. m. Saturday, March 9, in a San Angelo hospital. He had been in the hospital for three years and was formerly in the Elizabeth Bivins Home in Amarillo.

Mr. Witherspoon, a retired rancher and former long - time resident of the Panhandle, came to this area in 1889 and worked for the XIT Ranch. He was later head of the Hereford Water Department and lived in the Hereford - Canyon area for 30 years.

Survivors include two daughters, Mrs. G. C. Hubbard of Odessa and Mrs. Gene Kelly of Pecos; a son, Jake of Fort Lauderdale, Fla.; a brother, Vern, of Hereford; five grandchildren and three great-grandchildren.

Funeral services were held at 10 a. m. Tuesday at Griggs Pioneer Chapel with Dr. Lynn B. Ranken of the First Presbyterian Church of Amarillo officiating. Burial was in Memorial Park Cemetery in Amarillo.

### VISIT IN LOVINGTON

Mrs. Irene Rudd and her grandson of Hereford met Mrs. Rudd's sister, Mrs. Aleen DeGraff, in Clovis Saturday. They drove to Lovington, N. M., to visit Mrs. Rudd's sister, Mrs. Gean Hall, who is in Lea General Hospital there. They returned to Hereford Sunday evening. Mrs. DeGraff returned to her home in Albuquerque late Sunday night. Mrs. Rudd brought home a niece and nephew, who will stay with her while their mother is recuperating.

column were left out. And we might be in agreement. But leaving half of the thing out is like finding only half a worm in the apple. You always wonder what happened to the other half.

To keep you from wondering, the following is the other half of the worm:

Last Wednesday afternoon at 3 p. m., (March 6th) Neil Cooper, Cleo Meharg, Johnny Sims, Bill Thompson and myself loaded aboard Bob Doughman's Cessna, 205 and headed towards Brownwood and the 10th Annual West Texas Industrial Conference being conducted in that city.

This being my first experience at flying - in anything with less than four engines - I was anticipating the experience with some misgivings, topped off by the fact that my so - called friends continually talked about how rough the air would be on this particular day.

However, they managed to get me aboard the plane. We were soon airborne and were zipping in on Plainview. This was no real problem, since even from the air, you can't fail to recognize the grain storage facilities of Billie Sol Estes. Two hours and fifteen minutes later we parked out jet-age coach in front of the hangar at Brownwood's Municipal

Airport. (Had Coronado been blessed with this type of transportation, he wouldn't have gotten saddle sores!) Actually, the trip down was real nice, although we did hit a few spots where the air was a little rough: Bob Doughman is a mighty fine pilot; but, we all had some doubts about our navigator . . . namely Neil Cooper. The only landmark that Neil recognized on the way down was McAdoo, former stomping grounds of Clint Formby.

But in spite of the navigator, we managed to make the round trip safe and sound; all much wiser (we hope) in ways of attracting more small in-

dustry for Hereford.

So much for the worm!

Some folks say that Emmett Milburn is showing his age. Emmett, however, will argue that point with you.

Saturday night, after a hard day of "hot - rod" selling, Emmett went home to rest from his labors. While checking his mail at the family residence, he came across a letter from the Navy Recruiting Service, trying to induce one Emmett Milburn to "join up and see the world."

Emmett allows as how he'll pass this time, but figures he'll keep the invitation in mind

just in case he comes down with a good case of wanderlust.

Dropped by Plains Fertilizer Monday afternoon to shoot a game of snooker with Norman Messick, new manager of the firm. Needless to say, we lost the game, but we were real happy to see a new cover on the snooker table. Everything's looking up these days.

Grant Hanna was busy Monday getting his onion crop planted. Or perhaps we should say that the crews were busy setting out the onion plants for Grant Hanna, since Mr. Hanna and neighbor Floy Driver didn't seem to be doing much of

anything . . . unless they were supervising.

Nevertheless, crews are beginning to work all around Hereford getting the onion sets put out. Potatoes, too, should be going into the ground within the next week or two.

When the dirt starts blowing, spring can't be too far behind. We hope!

We asked Raymond Higginbotham Tuesday morning if he had all his land laid - by and ready for planting. Raymond figured he was about ready for planting, but with the wind blowing like it was, he wasn't too sure how well it was laying.

Whiteface Sports Editor  
The Whiteface baseball season opened last Friday with a game against Palo Duro in Amarillo. The Dons took the season opener for both teams by a score of 5-2.

The Whitefaces scored both their runs in the first inning on three hits and two errors. Ronny Duncan opened the game with a single to right field. Johnny Willoughby followed with a single to right and went to third when the ball rolled between the right fielder's legs. Willoughby scored when the right fielder dropped Eugene Green's fly ball. Joe Coffman laced a single to right but he and Green became the first two of eleven Whitefaces who were left stranded on base.

The Dons got back both runs in the bottom of the first. The first Don hit an inside-the-park home run. The Dons added another run in the second inning.

In the third inning sophomore Mike Ranspot took over for starting pitcher Gary Kendrick. Ranspot retired the first seven men to face him before a rash of errors in the fifth inning gave the Dons two runs. Lape Ramirez, another sophomore, took the mound in the sixth inning and retired the side in order.

The Whitefaces collected nine hits while Herd pitcher Gary Kendrick gave up only two hits in his two inning stint and Ranspot and Ramirez did not give up a hit. Duncan and Coffman each got two hits for Herford.

what a man believes," states Gary Kendrick, son of Mr. and Mrs. E. W. Kendrick.

As a senior at Herford High School, Gary has surrendered to preach and has become a Methodist Student Minister. Gary says that there are different forms of requirements in order to become an ordained minister. "A person surrenders to preach' because he wants to dedicate his life to Christ. In order to preach, the person must go through a prescribed system of studies. Then he receives a License to Preach. If he so desires he can take the Introductory Studies for the ministry which permits him to be able to administer the Sacrament," he explained.

Gary has obtained his license and has recently finished the Introductory Studies. But his work is only started for it is required that he attend four years of college and three years of seminary. If he goes into certain fields this period of formal education could be longer. At the time, Gary feels that he might possibly be a chaplain in the service.

Some of the things which Gary has done since he received his license are: giving the devotion on KPAN for three weeks during the year (the 11 a.m. devotion is a part of the activities carried on by the Ministerial Alliance of Herford), speaking to churches, preaching frequently at the Wesley Methodist Church, and studied about all the other denominations of churches throughout the world.

Officers were elected at the regular night meeting of the F. H. A. on March 4.

Serving as president of the Royal Rose Chapter will be Carolyn Aven. Janice Hagans was elected vice - president. Recording secretary for next year will be Linda Loerwald with Sandra Huckabee as corresponding secretary.

Also elected was Diedra Thomas, parliamentarian; Kathleen Kuper, degree chairman; Patsy Stone, historian; and Beth Ballard, pianist.

Chapter I president for next year will be Linda Tooley with Lou Ann Witkowski as vice - president. Elected to the office of recording secretary was Cindy Loerwald and corresponding secretary will be Kaki Barnard.

Other officers who were elected are as follows: Carolyn Boynton, historian; Jo Ella McGee, song leader; Royce Ann Gilliland, degree chairman; Carmen Betzen, parliamentarian, and Linda Pullium, treasurer.

These officers have passed the qualification for holding an office of F. H. A. They will begin their duties at the beginning of the new year.

Members of F. H. A. are reminded of the regular business meeting to be held Thursday, Mar. 14, during activity period at school.

Reservations have been made for the Area I F. H. A. meeting to be held in Lubbock on Saturday, Mar. 16. Many of the members are planning to attend the annual meeting.

Six F. H. A. members applying for their state homemaker degrees submitted their applications to the local evaluation committee Mar. 1.

If the application is approved here, it will be sent to the area state evaluation committee. If the application is approved, the candidate will receive her degree, and will be eligible to attend the state meeting.

STUDYING PLANS for the coming year's activities, Linda Tooley, left, and Carolyn Aven plan for the Future Homemakers of America. The girls were elected to head activities of the two chapters of the organization in Herford High. Linda was selected as president of Chapter 1, while Carolyn is president of the Royal Rose Chapter. ## Harmony Of 'Highlanders' Heard At Many Area Events

The Boys Trio in the Herford High School music program consists of Charles Kelly, Ronnie Gray, Dick Combs, and their pianist Charles Mims. This trio was organized by Mr. Don Moore, the choral director at Herford High School, a year and six months ago.

The trio has provided entertainment for many organizations and clubs both in Herford and in other towns and cities, appearing under the title of "The Highlanders."

On many occasions they have entertained at the Lions Club, the Rotary Club, and the Kiwanis Clubs in Herford.

The trio sang at Ladies Night in Dimmitt, at the Farm Bureau in Panhandle in February, and at the Cotton Bowl party in Dallas in December.

The boys entered the National - Wide Zale's Talent Contest and were selected as one of the top ten out of 275 other performers. They were unable to participate in the remainder of the contest because of previous obligations.

On different occasions this year the trio has sung in the Lions Club Minutal, at Stunt Night, at a meeting at the Herford State Bank, and at the Baptist Church District Youth Rally.

Dick Combs, the son of Mr. and Mrs. L. W. Combs, is a member of the senior class at Herford High School. He was born in Glendale, California, but has attended elementary and high school in Herford.

Dick has belonged to choirs for seven years. In his sophomore and junior years in high school, he entered the Interscholastic Choir contest and made rating of a one and a two. Dick also plans to belong to a choir at Texas Tech College in Lubbock next year.

Charles Kelly is the son of Mr. and Mrs. J. D. Kelly Sr. of Herford, Texas. He is a senior at Herford High School this year. Charles was born in Big Springs and has attended school in Panhandle and Herford. He has belonged to choirs in the Herford school for three years and has also entered the Interscholastic Choir Contest this year and received a rating of one.

Charles was also chosen to go to Austin in January to be in the All State Choir. He states that it was a tremendous honor and a great feeling to be in a choir of 250 excellent singers.

Ronnie Gray is the son of Mr. and Mrs. Norman Gray. He is also a member of the senior class. He was born in Vernon and has attended schools in Herford. Ronnie has been in choir for eight years in the Herford Schools.

Charles Mims, pianist for the trio, is the son of Dr. and Mrs. A. T. Mims. He also is a member of the senior class this year. Charles was born in Dallas and attended the first grade there. He then attended Shirley Elementary School from the second through the sixth grades. This year is the first year that he has belonged to a choir, and he has played one year and six months for the trio. Charles plans to attend the University of Texas in Austin next year.

The members of the trio state that they have enjoyed being in the trio tremendously. They considered it an honor to be a part of it, and to provide entertainment for the various organizations listed above.

Vernon Inmon, RTA Manager, Speaks At HD Club Meet-

Vernon Inmon, Rural Telephone Association manager, was the main speaker at the Progressive H. D. Club when it met on Tuesday, March 5, in the home of Mrs. Alvis Jolly. Telephone courtesy was the informative program that Inmon presented to the club.

Those present for the meeting were: Mesdames Alvis Jolly, Tom Melugin, Fred Autry, Ansel Jackson, E. C. Hammett, H. L. Hershey, Lester English, Roy Hayes, Argen Draper and special guest, Miss Gertrude Howe, County Home Demonstration Agent from Columbus, Kan.

## Future Teachers Attend Convention

Wearly, the thirteen members of Future Teachers of America and their three sponsors returned to Herford late last Sunday afternoon.

These sixteen had journeyed to Dallas to take part in the FTA State Convention. When the group arrived they registered along with the 2,000 others who traveled to the meet. They then attended the first general assembly at which President of the FTA, Joe Batson of Amarillo High, presided.

The state is divided into thirteen districts. On Friday afternoon the representatives of each district met to settle the business of that district.

Awards Night activities were held in the Memorial Auditorium. Presiding here was vice president Mary Middleton of Corsicana. The guest speaker was Dana Williams, Superintendent of Schools, Corpus Christi. His speech emphasized the theme of the convention - "Today's Teaching - Tomorrow's Heritage."

Mr. Williams in turn, presented the different awards. Mr. Texas FTA is Freddie Devoes of Corsicana and Miss Texas FTA is Barbara Barnhart of Ft. Worth.

The Best Scrapbook Award was given to Wichita Falls, Dennison High School received Best Club Yearbook. Ten schools received awards for having outstanding and worthwhile projects during the year. The TSTA - FTA Scholarships

were given to Antonnet Bequa of San Bonita.

On the way back to Herford the group went on a tour of the State Hospital in Wichita Falls.

## Student Council Picks Delegates, Plans For Game

Student Council members selected delegates to attend the Texas Association of Student Councils Convention to be held March 21 - 23 in Abilene.

Those named to attend the convention were Arvell Williams, John Fowlkes, Judy Wiman, Beth Ballard, Frank Hergert, and Heather Gordon. The group will be accompanied by Council sponsor, Mr. Bill Michaels, assistant principal at Herford High School.

Vice president Judy Wiman presided over the meeting, due to the absence of Janey McBroom, council president.

Plans were discussed for a basketball game to raise money for the council. The game will pit H. H. S. boys against H. H. S. girls!

The unique game is slated for March 29. Final details for the tilt will be announced later.

Student Council also planned annual elections and student surveys. A committee to publicize the basketball game was appointed.

## D.E. Club Plans Employer Banquet

Members of the Herford High School Distributive Education Club are making preparations for the annual Employer-Employee Banquet, which has been slated for April 19.

Although the affair is a month away, the club has already made initial plans for the dinner. D. E. students stage the banquet annually in order to honor their employers, but this year the club plans an even more elaborate affair than it has put on in past years.

Last year a large crowd was on hand for the banquet which was highlighted by the presentation of awards to the outstanding D. E. student and to the outstanding D. E. employer.

This year these awards will be given once more, but they will perhaps be of greater value since a committee of the Deaf Smith County Chamber of Commerce will select the winner of the outstanding student award.

In the past, winners were selected by the D. E. classes.

Guest speaker for the banquet has not been announced.

Committees were appointed at the last D. E. Club meeting to begin preparations. Committees included program, foods, and decorations groups which were appointed by Ron Long, club president.

## Juniors Take National Test

Annual National Merit Scholarship Test was given Mar. 5, to the juniors who wanted to take the test. The National Merit Scholarship Test is given for those who want to compete for scholarships. Only those who score in the top one percent bracket can expect to be accepted.

Juniors who took the test were Linda Tooley, Joe Coffman, Patricia Schulte, Carolyn Aven, Kaki Barnard, J. Carter, Ronnie Duncan, John Kovacs, David Stevens, Billy Hill, Atanacio Manillas, Buz Gillentine, Terry Caviness, John Fowlkes, and Dan Taylor.

There are more than 300 companies that donate money to make up the twenty million dollars that go to make up the scholarships.

Last year 15,400 schools over the United States participated in giving these tests. There were 10,000 semi-finalists that scored higher than 97 per cent higher of the other students. The ones making within the top one per cent bracket were screened from the others.

All finalist name the college that they wish to attend. Then the scholarship is restricted to that college.

This helps the students to improve in the low points and to capitalize in the strong points.

LOOKING OVER MUSIC for a new number, "The Highlanders" plan for a coming program. The Herford High School trio is comprised of Ronnie Gray, Charles Kelly, and

Dick Combs, accompanied by Charles Mims. Pictured are Mims, in the rear; and from the left, Gray, Kelly, and Combs. (Brand Staff Photo)

## NHS Announces New Candidates For Membership

Probationary sophomore members of the National Honor Society were informed and introduced to the National Honor Society at the meeting held Thursday, Mar. 6, during activity period.

Those receiving the news were: Myrns Botkin, Frank Cain, Larry Fahrman, Linda London, Jo Ella McGee, Patsy Nobles, Lawana Vines, Phyllis Williams, Judy McCarver, Douglas Watson, and Rosiland Rush.

Plans for money making projects were discussed and the meeting was dismissed.

# Congress Must Heed State Local Taxation Problems

At this time every year, Uncle Sam takes his heartiest cussin' from his nephews and nieces. It's time to wrestle with Form 1040. We all see the awesome percentage of income Uncle Sam requires from us.

about taxes, even when he knows that the money goes to support the most perfect form of national government ever devised. His feelings about taxes aren't helped by his conviction that the Federal budget they help support is badly in need of trimming.

Uncle Sam's bite is sharp. But he's not the only one who imposes a heavy duty upon the citizens. Never before this year has there been so serious a revenue problem facing U.S. state and local governments.

In legislature after legislature, city council after city council, this year is being marked by a struggle to find money legislators and councilmen believe must be found to support needed programs.

**FACTS:** Tax collections in the 50 States have been rising at a rate of about \$1 billion a year. This year's increase is expected to be twice that.

In the period from 1947 to 1952, the debt of the Federal government rose \$40 billion, or 15 percent of the 1947 total. At the same time, the debt of State and local governments increased \$56 billion, an increase of 332 percent over the 1947 total.

A substantial portion of Federal revenue is passed to states and cities. Grants-in-aid to state and local governments are estimated to total \$7.8 billion in the current fiscal year and would total \$8.8 billion in the next fiscal year, according to the President's budget proposal.

Approximately one-fourth of the total expenditures by the State of Texas comes from the Federal treasury. Only two other states receive more Federal money.

The State of Texas is in a critical position again this year as it seeks to meet the responsibilities of our State government. The sales tax passed by the legislature in 1960 was only a partial, and not very popular, answer. Now the cities of the State, pushed to the wall by the property tax limitation on their revenue raising ability, also are seeking new sources of money.

The Texas Municipal League, comprised of about 600 Texas cities, is plugging for

a bill in the Texas House of Representatives to give cities optional authority to levy a municipal sales tax of either 1/2 of 1 percent, by ordinance or with approval of voters, or 1 percent, with voter approval. The president of the TML, Robert Willis (mayor of Livingston), reports in the TML magazine "Town and City" this month that, "If we are to fulfill the promise of modern Texas, it is imperative that we take the action necessary now to permit local governments — especially the cities — to finance their own responsibilities out of their own revenue sources."

Showing how serious the situation is becoming, Willis points out that of the major states, Texas is experiencing the third largest annual increase in population, that more than 85 percent of the annual population increase is coming in Texas cities, and that the growth is straining a taxation system he says was "inherited from the 19th century."

Texas cities were spending \$528 million a year six years ago. Six years from now, city spending will be \$778 million a year. Within 10 to 15 years it will reach \$1 billion annually.

We're Texans, and Texas problems are of deep interest to us. But the picture is the same all around the country. According to U. S. News and World Report, 21 States are considering new or higher sales taxes this year. Five more States may boost income taxes. Fifteen States are considering new or higher gasoline, cigarette and liquor taxes. And county and city levies are in for a boost in countless localities. These common, national problems are reasons why pres-

ures on the Congress increase as aid is sought by states and cities from the Federal government. Too many Americans assume the Federal treasury has a never-ending supply of money for urban renewal, for alleviating big-city transportation problems, for building more highways, for aiding education, for correcting pollution problems.

Congress this year must pay heed to these state and local problems. It should recognize them, not by stepping up grants-aid — but by alleviating tax pressures on American citizens from the Federal level.

This feeling is one reason why a tax cut is very likely — and a good reason why it is desirable. Reduced Federal taxation would provide leeway for tax increases that seem sure to come in many cities and States.

Recent Panhandle visitors in the Nation's Capital included Mr. John L. Harper of Hereford.

## 'Carl Sandburg' Reviewed For Bay View Club

Community room of the First National Bank was the meeting place for members of the Bay View Study Club when it met Thursday, Feb. 28, with Mrs. Lee Benefield and Mrs. R. B. Miller serving as hostesses.

Mrs. Jimmie Gilentine, president, presided over the business meeting, at which time, proposed changes of the by-laws were read.

A book review on "Carl Sandburg" by Harry Golden, was given by Mrs. Jack Gilliland.

Harry Golden considers Sandburg as his closest friend. He feels that Sandburg is still the one American writer who has distinguished himself in five fields, poetry, history, biography, fiction and music.

Two of the most impressive things about Sandburg when first meeting him are his face and his incredible height. He does not measure quite six feet, but the impression of height comes because he resembles an American Indian.

Carl Sandburg and Mark Twain are, Golden thinks, the only writers America has accepted as personalities. They succeeded as personalities because in their writing and in their persons they grasped something essentially American; they have popular appeal and the ability to reach a wide audience.

Son of a Swedish Lutheran immigrant, Sandburg was born and grew up in Galesburg, Ill. At the age of 18 he hoboed his

way to the Kansas wheat fields. Besides his writing, Sandburg is considered an authority on American folk music. His book "The American Songbag", published in 1927, has enjoyed a steady sale. He is in constant demand as an entertainer and is an accomplished guitarist.

Sandburg's home is one of laughter and happiness. He has been married to Paula for 53 years and says he has not made a single major decision without consulting her. She received a Phi Beta Kappa key from Chicago University and was a teacher and writer when she met Sandburg, but after their marriage she devoted herself to the fulfillment of her husband's career. They have three daughters, two of which are handicapped.

He believes the past is a pro-

logue to the present and the present a prologue to the future. He does not look back to another time and wish vainly for it, instead he makes the best of the time he lives in. The outstanding quality in all his works is his belief in the common people and in America.

Members present were: Mesdames Richard Barnard, J. W. Kirby, Ansel McDowell, Jack Gilliland, Lee Benefield, Philip Barkley, W. S. Kerr, D. H. Alexander, Howard Gault and Jimmie Gilentine.

## GREAT DAY

FOR GETTING THINGS DONE BY PHONE

So maybe the rain is coming down in sheets. Lightning flashing. Thunder booming. No matter how wretched the weather, you can keep right on using your telephone. Some years ago, bad weather might have affected your telephone service. Today, things are different. Most telephone cables are now filled with pressurized dry air. If a cable springs a leak,

the force of the escaping dry air holds out moisture and keeps phones working. An alarm automatically tells repairmen the location of the break. Usually, the trouble is fixed and you never know anything was wrong.

So go ahead and use your phone when the sky opens up and the rain comes down. Pressurizing telephone cables to give you storm-proof dependability is another improvement made with you in mind. Our never-ending goal is to improve your telephone service and make it more valuable to you.

# High Winds Blast Community, Area

By Mrs. S. N. Thweatt  
March came in calm, but high winds have plagued the community and area for the past few days. Sunday was very bad as real estate changed hands quickly. Every thing that was not covered blew away. The community is badly in need of moisture.

Mr. and Mrs. Bill Johnson are the parents of a baby girl born Sunday at 5:45 a. m. The infant weighed seven pounds and nine ounces. Paternal grandparents are Mr. and Mrs. Cliff Johnson of Walcott and Mr. and Mrs. Don Guseman of Hereford.

The baby is the first child of the Johnsons and the first grandchild. The baby girl, the great granddaughter of Mr. and Mrs. Don Guseman, was born on her great grandfather's birthday.

Mrs. Elton Sorrells spent Wednesday, Feb. 27, in Amarillo visiting her mother, Mrs. Fisher. It was Mrs. Fisher's birthday.

Mrs. Bill White was released Tuesday from Deaf Smith County Hospital after surgery the week before. She is reported to be recovering nicely.

David and Ronnie Goldron, grandson of Mrs. Ruth Coleman, spent the weekend with their grandmother and uncle, Bruce Coleman.

Mr. and Mrs. S. N. Thweatt, Mr. and Mrs. Elton Sorrells, Debbie and Linda Sorrells were guests of Mr. and Mrs. Eldred Brown Saturday evening.

Mrs. Phillip Miller is home from a visit in Missouri.

Weekend guests in the Miller home were their two grandsons from Hereford.

Mrs. C. W. King of Rosedale, N. M., and her daughter, Mrs. Eldred Brown, made a business trip to Oklahoma this past week.

Mrs. N. A. Brown, Mrs. Ernest Brown and Mrs. S. N. Thweatt visited with Mrs. Ruth Coleman on Saturday and worked on drapes for Girls Town.

Messenger Home Demonstration Club met Friday in the home of Mrs. S. N. Thweatt with Mrs. Elmer Northcutt, president, presiding over the meeting. The program was a discussion of telephone courtesy.

Mrs. Northcutt reported on the H. D. Council meet and the Appreciation Luncheon. She also reported that the district meeting will be held on April 11 in Friona.

She told club members of

### Four Churches Sponsor Trip To Snowy Slopes

Some 150 Hereford young people and their sponsors left the sunny Panhandle and headed west to the snowy slopes of New Mexico mountains for the week end.

Young and old alike had one goal in mind as they set out on the trip — to master the art of skiing.

Four Hereford churches sponsored the trip in what has now become an annual affair.

Young people from the First Methodist Church and Presbyterian Church left Friday morning for the ski ridges of Red River, N. M. The group consisting of some 80 junior and senior high school students and their sponsors, is slated to return Sunday night.

Meanwhile, youngsters of the First Baptist Church and the Temple Baptist Church chose Ruidoso slopes for their destination. A total of 62 skiers left Hereford Thursday afternoon, and are slated to return home Saturday night.

The trip marks the third such adventure for the Methodist and Presbyterian groups, while it is the first year the Baptist delegation has made such a trek.

Taking advantage of the long week end due to the dismissal of school, local youngsters headed for the slopes in great bunches.

ber is to bring a gift for a grab bag.

Mrs. Ruth Coleman showed club members the drapes to be made for Girls Town. Work on the drapes is to begin on Tuesday.

Attending the meeting were two guests, David Base and Cinda Coleman. Members attending were Mesdames Ruth Coleman, G. E. Pinkerton, N. A. Brown, Elmer Northcutt, H. D. Base, and the hostess.

cerned for future hopes for wealth during the 1930's," stated Mrs. Viola Chisholm as she spoke to members of the La Plata Study Club.

Meeting Tuesday in the home of Mrs. Margaret Formby, the club heard Mrs. Chisholm talk

#### WEEKEND VISITORS

Weekend visitors in the home of Mrs. M. C. King, 119 Ave. E, were her brother-in-law and sisters-in-law, Mr. and Mrs. Irving King of Sunnyside Community, and Mrs. Wayne Purvine of Des Moines, N. M.

on the subject of "Crime in the 1930's."  
"As well-founded economic optimism diminished," Mrs. Chisholm continued, "Childish readiness to seek something for nothing increased. This prepared the way for crimes which highlighted the era."

"Among the more famous of these were such things as the Lindburg kidnaping, John Dillinger's robberies, and political corruption such as that in Tammany Hall, the Ku Klux Klan, and others."

"Criminal hitch-hikers, tourist courts of low repute, chain letters, theatre-bank nights, and teen-age crime were also prevalent during the period," Mrs. Chisholm commented.

During her talk, she asked, "How many of you have read 'lonely hearts club' advertisements?" and then she pointed out, "During the 30's these ads received more replies

than did all other advertising combined."

She continued her talk by pointing out other characteristics of the decade.

Later it was announced that on April 2 the club will stage a fund-raising dinner for community projects. Food will be sold by the serving to the members.

A beatnik affair, the dinner will be served in the garage of the Leroy Avens. Husbands will be special guests.

Officers for the coming year will be elected at the next regular meeting of the club, it was pointed out.

Members present at the Tuesday meeting were Mesdames Leroy Aven, N. D. Bartlett Jr., Jay Boston, Viola Chisholm, E. D. Hopson, Elmer Kimball, Lloyd McGee, Elmer Patterson, Frank Prowell, A. J. Schroeter, T. E. Seigler Jr., Urin Streu, Bill Thompson, Joel Treadwell, Raymond White, and the hostess, Mrs. Clint Formby.

... THE BAR OF JUSTICE IN MY COURT.  
"Man must pay for the error he makes, the sin he commits... he must reap what he sows." Surely God tempers justice with mercy in His judgments upon us every day. It is that way too, in this judge's court, because he thinks principally of salvation for the man before him. Too often transgressors, both young and old, resent the kindly-intended judge. He sits in court to serve his country and the will of God. It would be well to remember that God shall bring every work into judgment. And that people who go to church more, go to court less.

# Budget, Tax Bills Proposed By Governor, Legislature

By Vera Sanford  
Legislators have received two proposals for spending the state's money during the two years starting Sept. 1.

One came from Gov. John Connally, the other from the House Appropriations Committee.

Governor Connally's suggestions marked the first time a new governor had tried to work out a budget after taking office. In his message he dealt in detail with 19 of the major state departments. These are mainly the ones over which the Legislature has direct control.

Connally trimmed fat out of some agencies to provide new money for others. His stress came on higher education. Here he suggested \$14,000,000 worth of salary increases for faculty members and more research and library facilities, as a means of holding good professors and attracting new ones.

To finance his program, Connally suggested that the "temporary" corporation franchise surtax, which has been extended twice before, be retained. It would provide about \$11,000,000 a year.

He also suggested that the 1961 sales tax law be revised to begin taxing clothing under \$10, farm implements and all sales of food by restaurants, and to raise the sales tax on cars and trucks from 1.5 to 2 per cent.

Clothing tax proposal would bring in \$10,000,000 a year. Motor vehicle tax increase would

provide \$2,500,000. Farm implements tax would run \$1,000,000.

Fire quickly developed from rural legislators over the proposed farm implements tax.

Both Connally and the House Appropriations Committee proposed expenditures totaling about \$3,100,000,000 during the coming two years.

Before Connally laid out his proposals to the Legislature, he invited Texas newspaper editors to Austin to show them how the state's complicated fiscal structure works. His "illustrated lecture" revealed that the Legislature has actual control over only 15 per cent of the \$3,100,000,000. Rest already is earmarked by constitutional and statutory provisions.

### WILL FARMERS FOOT EDUCATION BOOST?

When Rep. Don Garrison of Houston spread before the House Revenue and Taxation committee his bill to boost the Available School Fund by \$3,000,000 a year, a spokesman for Texas farmers and ranchers registered a strong protest.

Garrison plans to get the additional \$3,000,000 by amending the state law that allows a 58 1/2 per cent exemption refund from the State Motor Fuel Tax for gasoline not consumed on the highways. His bill would cut the refund to 72 1/2 per cent.

That 25 per cent cut then would be credited to the school fund.

Charles H. Huff of the Texas Farm Bureau said almost half of the new school fund money — about \$1,500,000 a year — "would be coming out of the pockets of farmers and ranchers."

They get motor fuel refunds of about \$5,700,000 a year — or 49.1 per cent of the usual total refund. Much of their refund comes from motor fuel taxes paid on farm machinery.

Airlines and private plane owners, who get about 30 per cent of the refunds, would be the second biggest contributor to education under Garrison's bill.

Four members of the subcommittee named to study the bill are from ranch or farm country — Reps. George Cook of Odessa, Ben Barnes of DeLeon, William Davis of Midland, and James L. Sluder of Naples. Rep. F. Lee Duggan Jr. of Houston is the fifth member.

**HOUSE VACANCY ELECTION**  
As soon as government officials began recovering from the shock of the news of the sudden highway death of Rep.

James L. Lattimore of Corpus Christi, they began studying the election code to see what must be done about filling the seat he left vacant in the House of Representatives.

Customarily, if a vacancy occurs in the legislature when it's not in session, the governor leaves the calling of a special election up to local officials.

But since the 58th Legislature will be in regular session until May 27, Governor Connally is expected to move fast to provide Nueces County with a needed voice in legislation. A late-April election date has been predicted.

Law states that the governor must call an election within 20 days. But it also provides that candidates must file 30 days before the election.

Last time a tragic death crippled the Legislature was on March 23, 1957, when the late Charlie Heitmann, representative from the Nacogdoches area died. Gov. Price Daniel gave election notice on March 28 of that year. A new representative was elected in May, in time to spend some three weeks with the 55th Legislature.

### MINERAL ESTATE TAX PROPOSALS

Proposals to set up tax procedures on mineral estates, severed from the land, have been filed by Reps. Emmett Lack of Kountze and Clyde Haynes of Vidor.

Proposals are part of a package that should be favored by small — tract landowners and independent oil and gas producers.

One piece of the package is a constitutional amendment to increase the Railroad Commission from three to five members.

Second would give the Legislature the authority to "establish the duration of any interest in an undeveloped mineral estate."

Texas Landowners and Independent Oil & Gas Operators Association contends that some major oil companies hold onto for an unreasonable length of time.

Two other bills by Lack and Haynes are aimed at forcing development of mineral interests.

One provides that mineral interests would revert to the

owner of surface land if no development attempt is made for 10 years.

Second provides for a county tax assessment of no less than \$5 an acre, if the mineral estate isn't developed.

Rep. Bob Bass of DeKalb proposes a 25-cent minimum tax assessment on each acre of undeveloped mineral estates.

### STRONG SUPPORT FOR SCREWORM BILL

Rep. Jack Crain of Nacogdoches had 50 co-signers lined up when he introduced a bill to provide \$2,840,537 as the State's matching share of the \$12,000,000 federal-state-private screwworm eradication program.

Since it is backed by Governor Connally's strong recommendation the bill should be off to a good start.

But the House Appropriations Committee didn't include a provision for screwworm eradication in its 300-plus page appropriations bill.

Crain said Legislators would seek a separate appropriation to cover the proposed state contribution.

**CARS FOR COMMISSIONERS**  
When county commissioners stopped asking the Legislature to authorize horses and wagons and won the right to drive pickup trucks on their appointed rounds, they thought they were thoroughly mechanized.

As their operations became more streamlined and pickups no longer were necessary, some switched to automobiles. But a pickup is not an automobile, Atty. Gen. Waggoner Carr ruled. So Williamson, Cochran, Hockley, Terry and Toakum counties are asking authority from the 58th legislature to buy cars for their commissioners.

Harris, Tarrant and some Panhandle counties discovered the difference for themselves some time ago. They already have authority to decide whether pickups or autos would be best for commissioners' transportation.

**BLANKET HOSPITAL BILL**  
Last November, Texas voters decided to let the Legislature authorize the creation of hospital districts. Already many bills have been filed to create individual districts.

Now Rep. H. G. Wells of Tullia proposes legislation to give every county the right to create a hospital district within its own boundaries.

**LICENSE PLATE PRICE HIKE ASKED**  
Sen. Criss Cole of Houston proposes to increase the annual motor vehicle registration fee by \$1 with the income going to our state parks.

If the Legislature approves Cole's license plate cost increase, the question will be sub-

### MOTOR EXPRESS SERVICE PROPOSED

Sen. Franklin Spears of San Antonio has introduced a bill to expedite freight shipments in Texas.

Bill permits the creation of a special class of motor vehicle carriers to be known as "Restricted Motor Express Common Carriers."

Service would follow regular routes and schedules, using van-type equipment. Special emphasis would be on small shipments from one to 100 pounds. Rates would be substantially higher than those of existing motor carriers. However, a complete "pick up and deliver" service would be provided.

Supervision would be in the hands of the Railroad Commission.

### ALLERS AND 'FAIR LADY'

NEW YORK (AP)—Frank Allers has another date with "My Fair Lady" in Munich next September.

Allers conducted the orchestra during the first four and a half years of the musical's hit run on Broadway, conducted again in Moscow and West Berlin.

So that he can wield the baton at the Munich premiere, Allers will get a temporary leave of absence from his current duties with the musical "Camelot."

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963½ Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story... car endurance that takes brutal punishment and comes back for more. No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking... and

all the other things that go into Ford's concept of total performance. These were the same '63½ Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!

LET'S COOK SOMETHING!

## Life Never Dull Around The Clay Angelo Family

By Ramona Noel  
Brand Society Editor

Living one of the most unusual lives of any wife in Hereford is Mrs. Clay (Gladys) Angelo. Her home for the past 12 years has been at the Hereford Fire Department, where her husband Clay is Fire Marshall.

If anyone can say and really mean the old statement, "There's never a dull moment around here," Gladys could.

Gladys was born and raised in the Westway Community, living with her family on a farm, enjoying life and work there. The family, she recalls, always came to town every Saturday for their weekly groceries. Hereford wasn't very large when a group of the community's teenagers would get together and come to town to "drag main street," one of the most enjoyable activities that was available then.

Having to stay close to home, Gladys finds that her hobby of sewing is a great pleasure. She makes the clothes for her and her nine-year-old daughter, Debbie; anything from dressy to play. Also, she receives a feeling of accomplishment making special things for friends.

A secret ambition that Gladys has kept under cover for many years is to learn to play the piano. When her daughter starts her piano lessons soon, she hopes to learn with her.

A member of the First Baptist Church, Gladys is a teacher in the Nursery Department of the Sunday School and has served on the staff for Vacation Bible School during the summer. If there is any help needed for parties at school, she is always ready to give a hand.

Gladys has collected recipes from many different people and enjoys trying them out. The following are some that the family enjoys.

**1 cup chopped celery**  
**1 cup crushed pineapple**  
**2/3 cup nuts**  
**3/4 cup coffee cream**

Pour the hot juice over the jello and stir until jello is melted. Add the other ingredients and let chill until firm.

**Apricot Nut Balls**

**3 cups sugar**  
**1/2 teaspoon salt**  
**1 1/2 cups sour cream**  
**1 cup chopped dry apricots**  
**2 teaspoon vanilla**  
**1 1/2 cup chopped nuts**

In a heavy 3 quart sauce pan, combine sugar, salt, cream and chopped apricots. Cook over medium heat stirring constantly. Bring to boil and cook until mixture forms a soft ball in cold water. Set off to cool for 10 minutes. Add vanilla and 1/2 cup nuts. Let it set for another hour. Beat by hand for 1 minute. Put in refrigerator for another 30 minutes. Use a teaspoon and make into balls and roll in nuts. Keep them in refrigerator.

**Eagle Brand Pie**

Pour 1 can of Eagle Brand milk in bowl, add juice of two lemons. Mix 1 cup of cherries and 1/3 cup of sugar together and let stand for 1 hour. Drain juice from the cherries and add to milk. Whip 1 package of dream whip, add to milk. Mix all together.

Line bottom of pie pan with vanilla wafers and pour in filling. Let stand in refrigerator.

**Chocolate Cream Pie (A dream pie)**

**1/2 cup sugar**  
**1 teaspoon salt**  
**3 tablespoons cornstarch**  
**2 1/2 cups milk**  
**3 eggs, separated**  
**1 teaspoon vanilla**  
**1 tablespoon butter**  
**1/2 cup sugar**  
**4 tablespoons cocoa**

Combine sugar, salt and cornstarch in saucepan. Stir in milk and cook over medium-low heat until lightly thickened. Combine a little of the hot mixture with beaten egg yolks, return to hot mixture and cook until thickened, about 2 minutes. Stir in vanilla and butter and pour into baked 8-inch pie shell. Top cooled filling with meringue, made by beating the egg whites with 1/4 cup sugar until stiff enough to hold a peak. Brown in hot oven, 425 degrees, about 5 minutes.

**Oatmeal Fruit Nut Drop Cookies**

Mix thoroughly:

**1 cup soft shortening**  
**1 1/2 cup sugar**  
**2 eggs**

Stir in:

**1/2 cup buttermilk**  
Sift together and stir in:  
**1 3/4 cup sifted flour**

**PLAY IT COOL WITH A POOL**  
TORONTO (AP) - The Ontario Swimming Pool Association warns you can get soaked on a pool as well as in it.

The group, which describes itself as a "sort of Better Business Bureau of our own," says fly-by-night pool builders are operating in the province.

John Finch, a director of OSPA, says, "You may think you've saved a lot of money, but after a while the cracks start and you find you've been taken in. Then it's too late - the contractor you dealt with has moved on."

OSPA says this year a good pool costs from \$2,000 up.

**FOUGHT FIRE WITH TRACTOR**  
EFFINGHAM, ILL. (AP) - Gerald VanLast, his wife and three children were routed from their beds to find the opposite end of their ranch-style home in flames.

As the blaze raced through the house toward the wing containing the bedrooms, VanLast looped a logging chain around the burning portion of the house.

Tying the other end of the chain to his tractor, he pulled the burning section away from the untouched wing and saved the bedrooms.

**1 teaspoon soda**  
**1 teaspoon baking powder**  
**1/2 teaspoon salt**  
**1 teaspoon cinnamon**

Stir in:

**2 cups rolled oats**  
**1 cup raisins or dates**  
**1/2 cup chopped nuts**

Drop by teaspoon about 2 inches apart on ungreased baking sheet. Bake until lightly browned at 400 degrees for 8 to 10 minutes. Makes 5 dozen.

**Milky Way Cake**

Melt in top of a double boiler 8 bars of Milky Way, 1 stick oleo.

Cream together 2 cups sugar, 1 stick oleo, 1/2 teaspoon butter flavoring.

Add 4 eggs, one at a time, creaming after each egg.

Add alternately 2 1/2 cups flour, 1/2 teaspoon soda, 1/2 teaspoon salt, with 1 cup buttermilk.

Slowly add the Milky Way mixture. Add one cup chopped nuts.

Bake in a greased tube pan for 1 1/2 to 2 hours at 275 degrees F.

### WHAT IS DACTHAL W-75?

DACTHAL is a new pre-emergence herbicide now being widely used by onion growers. It is extremely effective against the germinating seeds of many troublesome weeds and grasses without adversely affecting the onions in any way. It is available as a 75% wettable powder. Label registration has been granted DACTHAL on a no-residue basis for use on both seeded and transplanted onions. This clearance means that DACTHAL leaves no residue in the harvested onions when used in accordance with label directions. This applies to both green and dry onions.

### WHY USE DACTHAL W-75?

- NO damage to crops.
- NO troublesome carry-over in soil.
- NO residue in crop: NO off-flavor. NO odor.
- NO irritation or intoxication to applicator.
- NO problem with immediate replanting (if needed).
- NO damage to foliage of treated crops (directed spray not necessary).
- NO damage to foliage of nearby desirable crops.
