City Dads Discuss Airport Buildings, Okay New Ordinance

Airport development, fire inspection of the city, arrest of suspicious characters, paving projects and a budget report were topics considered Monday night by Hereford's commissioners.

Hangars to accommodate 14 airplanes may be the first structures to be built at the airport, but no building work is expected before paving is begun.

Bayne said that as a result of the recent inspection of the city by a representative of the state insurance commission the city's insurance key rate may be changed. Points that might count against Hereford's rating are the commission's estimate of the percentage of wooden shingled houses, the lack of a paid fire department and failure — by 14 gallons per minute — of one fire truck to meet the required water pumping standard.

A NEW CITY ordinance to permit the arrest of suspicious per-

sons without a warrant won quick approval from the commission after Bayne said that it had been requested by the chief of police. He explained that, heretofore Hereford police have lacked proper authority to arrest suspects leaving the scene of a crime, or to arrest persons apparently about to commit a crime.

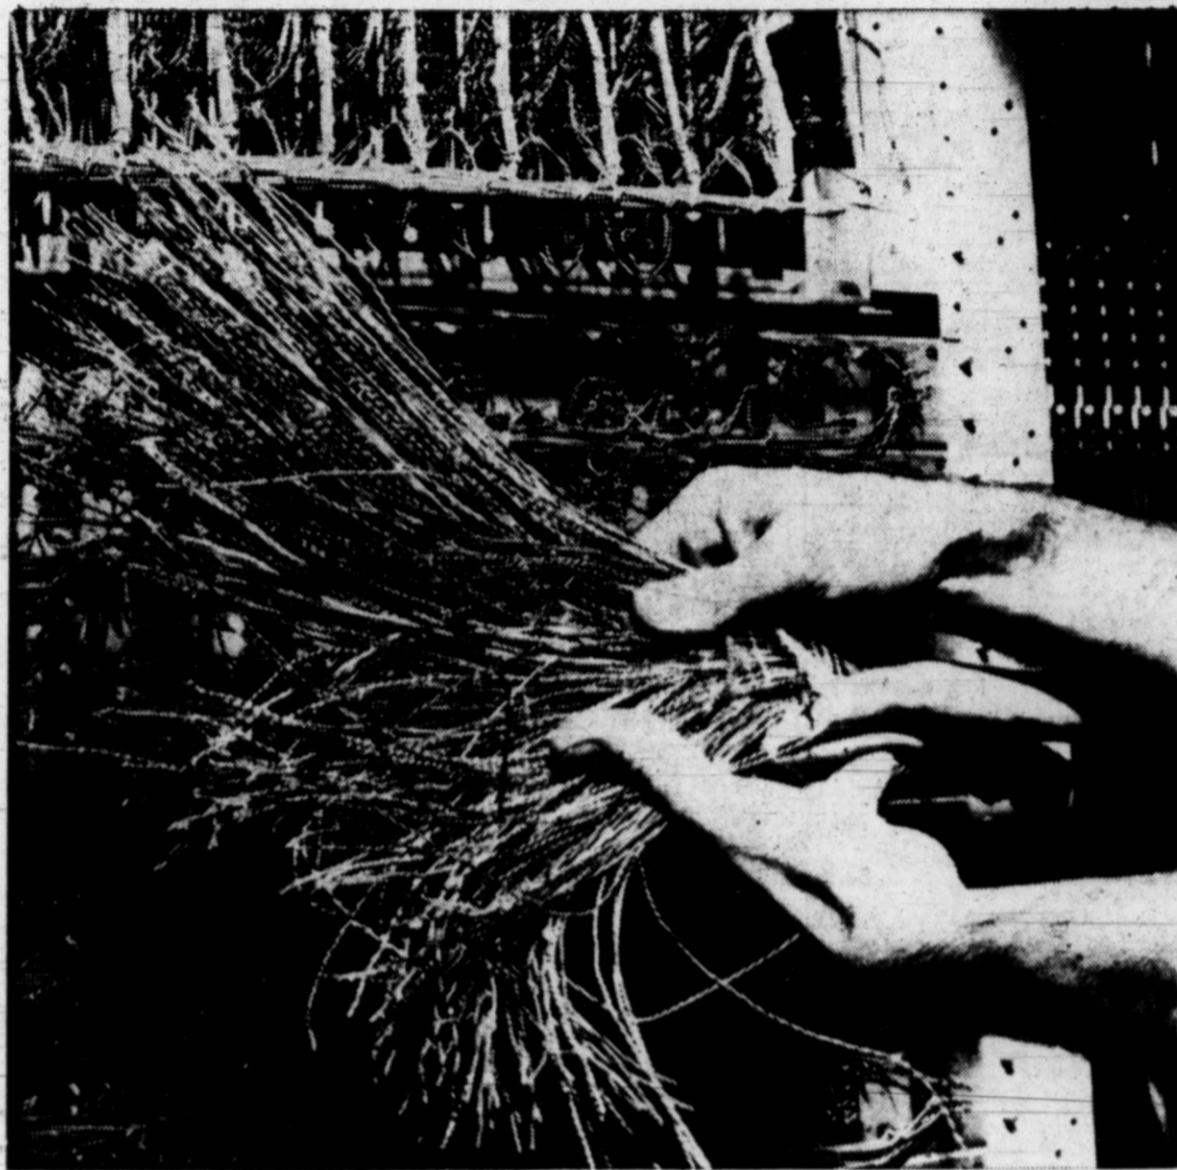

Paving work on 25 Mile Ave., the state's Highway 51 improvement project, again was scored during the meeting. Bayne said that engineering work on the project has been below par in several instances, citing a recent example in which an excavation below the prescribed level resulted in the breaking of a city water main.

He noted that excessive damage from traffic by heavy construction equipment is occurring on other streets but that the damage appears unavoidable.

Commissioner Don Little suggested that State Highway Commissioner Marshall Formby be contacted. Relations between city, state and contractor were previously ruffled by various delays.

THE CITY'S OWN PAVING project was described as proceeding satisfactorily. Bayne said that three homestead owners on Ave. K appeared unable or unwilling to sign assessment contracts. The city will assume their obligations for payment at a cost of \$1,200. Names of the property owners were not revealed.

The city manager, previously had told a reporter that all (Continued On Page 2)

MILES OF WIRING MAZE—Before starting installation of wires from a telephone cable into the new crossbar dialing system at the Hereford telephone exchange, a workman, above, fans out the cable to start selecting the "right lines." Tying in the wiring for the system, which has brought 40 Western Electric installation specialists to Hereford, is expected to be completed by early December. Over four million feet of cable and two and one-half million hand soldered connections will be in use in the telephone building when dialing begins, according to Bill Leavy, manager. (Staff Photo)

Record \$872,186 School Budget Is Adopted by Board

Doing Things Up Big Around Here

Savings, Loan Firm To Open

The Hi-Plains Savings and Loan Assn. will hold its formal opening and open house Saturday from 1 to 5 p. m. at 128 E. 3rd.

BOOTLEGGER IS ORDERED TO LEAVE COUNTY

J. W. Crear, 29-year-old Hereford Negro, pleaded guilty to two counts of bootlegging Tuesday and was fined \$250 and costs and ordered out of the county.

Crear faces 365 days in jail if he ever returns to the county. He was picked up Sunday by city police and charged Monday with possession of liquor for sale and sale of liquor. It was the third time this month he had been picked up for those charges. He had made bond both previous times.

In the county jail are three other Negroes, Leroy Brown and Leon Baker of Amarillo. They were picked up by sheriff's officers Monday and charged with illegal possession of liquor for sale. Baker is also charged with transporting liquor into a dry county.

Sheriff Charles Skelton said the three had 14 cases of beer in their car when they were arrested north of town.

Sheriff Picks Up Forgery Suspect

Sheriff Charles Skelton flew to Phoenix, Ariz., Monday to pick up Jess Thomas Hardison, 46, indicted for forgery in Deaf Smith County.

Skelton returned with Hardison Tuesday afternoon. Hardison was indicted in April by the grand jury.

MISSING: Two large refrigerator trucks. If seen notify the sheriff's office, Deaf Smith County.

One of the huge truck-trailers has been reported stolen in Hereford and another stolen in Dallas is believed to be in this area according to Sheriff Charles Skelton.

Skelton said charges of felony theft by bailer have been filed against Elvis L. Banks driver of a truck owned by Jack Donell of Hereford. Donell said Banks left Hereford with the truck on July 9 and he has been in contact with him since that time but not in the last three weeks.

Skelton said a warrant against Banks has been issued. Banks is driving a 1951 GMC diesel tractor pulling a Trambobile trailer.

Last Friday in Dallas two men took a 1953 Mack tractor off a used truck lot to try it out. They then took a 31-foot refrigerator trailer from another lot and haven't been seen since.

A sign reading "Economics Labs, Inc." is on both doors of the tractor. Skelton said. He said the Dallas-Stolen Cars Bureau believes the two men were coming to Hereford after a load of carrots.

12 Groups Apply for United Fund Board's Approval

Reporting that 12 organizations have applied for funds through Deaf Smith County's recently organized United Fund, V. O. Hennen, budget and admissions chairman, said today that all organizations of a health and welfare nature should place applications as soon as possible.

"A board meeting has been scheduled for Sept. 5, at which time the committee will make its report," Hennen pointed out, and said that operation of United Fund, along with its quota and drive, will be governed strictly by need advanced and approved through the United Fund committee.

"The 12 organizations who have already filed for approval will be notified by letter," he continued; "all others are invited to submit their needs, budget and other information for consideration of the committee which, in turn, will submit recommendations to the United Fund Board."

\$350 in Loot for 'Amateur' Burglars Here

Amateurish burglars Monday night took \$350 worth of an odd assortment of loot from the electric co-op offices on east Highway 60.

The burglars pried the molding from around the lock on a back door to the office building and took an electric skillet, three electric coffee pots, a radio and \$265 worth of electric lineman's tools.

They left the building by a window on the west side.

Police Chief Henry Aycock called the job "very amateurish."

Officers have no estimate of what time the burglary was committed. Aycock said a description of the loot had been broadcast via police radio of officers in surrounding towns.

No suspects had been picked up as of noon Wednesday.

District Taxes To Supply Less Than Half of \$

A record \$872,186 school budget was adopted by unanimous vote of the school trustees Tuesday night following a public hearing in the office of the Hereford school superintendent.

Tax Payers League Chairman Max Dreyer, one of four citizens sitting in on the hearing, commended the administrators and trustees on their preparation of the budget.

School district taxes, assessed at the rate of \$1.50 per \$100 of property valuation, will bring in about \$465,000 of the total required for the public schools in Hereford and Dawn this year. State and federal funds, plus miscellaneous receipts — a minor item — will provide more than half, a total of \$467,786, of the school funds.

LAST YEAR'S budget, the previous record high, was amended during the meeting to show total operating expenses of \$714,214.28, an increase of \$1,544.28 over the estimated expenditures. The amendment brought the total cost of school operation and bond payments to \$823,909.28 for the year.

Fred Cunningham, school superintendent, presented figures on the costs of school instruction and plant operation for study by the trustees and citizens. Fred Baird, school financial secretary, explained the bond interest and sinking fund payment schedule. Dreyer and J. F. Matthews of Dawn, asked a number of questions regarding various budget items. They expressed no criticism, however.

A major part of the increase in the budget for the 1957-58 school year resulted from the \$400 increase in state salary schedules for teachers, Cunningham said. The total budgeted for payment of the 119 teachers in the Hereford system is \$529,132 compared to \$467,996 last year for 117 teachers.

THE AVERAGE salary this year for Hereford teachers will be \$4,400, Cunningham noted. This figure was compared to \$4,200 as the state average and the \$4,400 national average.

Property valuation in the district now is estimated at 28 million dollars, compared to 26 1/2 million dollars last year.

Receipts for 1956-57 slightly exceeded estimates made at the time the budget was adopted, Baird said. This, combined with savings on several budgeted items and profit from the sale of a plot of land will result in the school having a balance of about \$23,000 with which to pay operating expenses during the first month of school.

With \$60,000 needed to meet initial expenses, this balance cut down the size loan required to start the coming school term, Cunningham said. The superintendent and secretary both expressed a desire to see the end of year balance increased to the point that will permit first month's operation of the schools "in the black."

OPERATING FUNDS for the year are budgeted as follows, according to the approved budget: Administration — Salaries, supplies and equipment, \$20,000.

Instruction — White teachers' salaries — \$521,254; Negro teachers' salaries — \$7,878.

Teaching supplies — \$22,700. Other instructional expense — Travel expense, \$5,000.

Principal's secretary salary, \$2,400; High school library books, \$500; elementary library books, \$2,000.

Total instructions costs — \$562,032.

Other school services — Health service, \$4,562; Transportation, \$41,100 (bus and bus drivers' salaries); Lunch room program, \$15,000.

Operation of school plants — Janitors' salaries, \$29,500; utilities and supplies to be purchased (Continued On Page 3)

Around Town

The USDA has modified its penalty provisions for the 1958 acreage reserve. The regulation provided that the harvest of more than the "permitted average" of the soil bank "base" would subject farmers to both a civil penalty of 50 per cent of the payment that would have been made for full compliance, and also the loss of the payment itself was changed. The change withdrew the double penalty provision, will remove the civil penalty, but continue to apply the loss of payment for any farmer who harvests a crop or permits livestock to graze on acreage reserve land, or who harvests more than he agreed.

Monterey, Mexico, winner of the state Little League title earlier this month has made it all the way to the Little League World Series at Williamsport, Pa. Monterey opened the play-offs against Bridgeport, Conn., yesterday.

Don Fudge, who this week is sporting a black silk top hat around town, explains that the occasion is the Jaycee's annual membership drive. Fudge, president of the club, will relinquish the topper next week to the captain of the club's losing membership-drive team.

Hereford Lions and Rotarians this week heard Fred Cunningham, school superintendent, in talks explaining the year's school expenditures. Cunningham used charts to illustrate the past growth, and projected future growth of the student body and school expenses.

Virgil Lee Bennett Jr. of Hereford is one of 91 students who are candidates to receive degrees from Abilene Christian College on Aug. 23. He is scheduled to receive the M. E. degree in secondary education.

MERCHANTS, OFFICIALS

PETTY THIEVES, ROAD ARE MEETING TOPICS

Petty thievery and the proposed road from the Labor Camp to Highway 51 will be discussed at 10 a.m. Friday at a called meeting of the Hereford Merchants Assn.

Members of the county commissioners court and the city commission have been invited to the meeting, according to Bill Lenderman, manager of the chamber of commerce.

Lenderman said the merchants will discuss with city officials the possibility of putting

a uniformed policeman on duty in the business section during the harvest season.

Several merchants have complained of an excess of petty thievery since harvest workers reached the area, Lenderman said.

The merchants group also would like to have a meeting with the county commissioners on the Labor Camp road. Lenderman said the talk with county officials would be for informational purposes only.

'Nothing Exciting' at One Encephalitis Case at Present; Birds Get Blame

Drilling at the Frankfort Oil Co. No. 1, Allison and Hays, 22 miles north and four miles east of Hereford was nearing the 6,500 feet mark Wednesday with no indications of oil.

The drilling crew pulled a drill-stem test Monday between 6,217 and 6,232 feet and got "110 feet of mud in the test tool," according to geologist Ray Rhoads.

Plans for the well call for continued-drilling until oil or granite rock is struck. Jess Saunders, production foreman of the Ardmore division of Frankfort Oil, said the granite strata may be as deep as 8,900 feet but could be hit any time after 8,000.

SAUNDERS SAID he expects drilling to continue another two or three weeks.

Geologist Rhoads said there was a small amount of gas in the test Monday. Saunders said there "is nothing exciting here and we knew the chances were slight when we started drilling."

Police Investigate 2 Auto Accidents

Two auto accidents handled by city police resulted in tickets for two of the drivers involved.

Saturday at 6:25 p.m. on Ave. B north of Grand, a pickup driven by William S. Rice of Star Rt., Hereford, collided with the rear end of a car driven by Connie Thurman Williamson, 301 Ave. B. Police gave Rice a ticket for following too closely. Total damage was estimated at \$135.

At 4:45 p.m. Monday in the 100 block of Ave. B, a car driven by Pearl Goldberg Baer, 52, 135 Ave. B, collided with a parked car owned by Mildred Knix, 133 Ave. B. Mrs. Baer was cited for negligent collision. Damage to her car was estimated at \$150. The other vehicle was not damaged.

Truck Burglarized Here on Tuesday

A dump truck owned by G. C. Oliver of Amarillo was burglarized Tuesday night in the 100 block of W. 6th here.

Oliver reported \$40 worth of tools, a case of motor oil, a thermos jug and a reflecting flare were missing from his truck.

Police said the left window vent had been broken and the door opened on the truck. They are continuing investigation of the burglary.

If the hole is dry, the rig will be moved to another location three miles north and one west of the present site. Frankfort staked the other location recently.

THE NEW location is on property owned by Joe Coffey of Amarillo. Planned depth for the well is 9,000. It is in Section 45 of Block K-5 and is five miles southeast of Vega. The present well is in Section 18 of the same block.

Saunders said the drilling at the Allison and Hays well had been slowed lately by "lost circulation" the result of drilling through cracks in the earth which absorb the mud from the hole. Tons of material ranging from hog hair to cottonseed hulls have been used to plug the holes, Saunders said.

Barclay Youth Is Improving

Douglas Gene Barclay, 4, seriously injured on Aug. 14 when he was struck by a car, is reported out of danger and improving rapidly by the attending physician at Deaf Smith County Hospital.

The boy suffered a severe skull fracture and a brain concussion when he was hit by a car driven by Bill Patton at the intersection of 3rd and Main. The lad darted from behind a parked car into the path of Patton's vehicle.

5 WRECKS LAST WEEKEND

AREA HIGHWAY MISHAP RATE AT '55 - '56 PACE

Five accidents over the weekend in the Deaf Smith-Parmer-Castro area, have brought the vicinity's wreck rate up on a par with the previous two years according to Highway Patrolman Kenneth Maxwell.

There was one minor injury in the five accidents, Maxwell said.

Maxwell currently is in charge of the Hereford substation for the Texas Highway Patrol. The substation includes all of Deaf Smith and Parmer Counties and Castro County from Highway 51 west to the county line.

So far this year the Highway Patrol has handled 63 traffic mishaps resulting in property damage, 23 with personal injuries and five resulting in fatalities, giving a total of 90 accidents.

The patrolman ranged into all three counties over the weekend, handling three accidents in Deaf Smith and one each in Parmer and Castro.

Saturday at 5:05 p.m., a car driven by Jackie Vaughn Rhodes, 21, of Rt. 5, overturned 1.3 miles west of Hereford on U. S. Highway 60. Rhodes was not injured. Damage to his car was estimated at \$200.

At 4:45 p.m. Sunday Joe Burk, 46, of Odessa lost control of his Texas Wine and Liquor truck and overturned it at the curve where the detour road joins Highway 51 2.3 miles south of Hereford. He was not injured. Maxwell estimated \$300 damage. (Continued On Page 2)

The year before that 116 property-damaging accidents were handled, 38 personal injuries and six deaths.

With four months to go in 1957, the totals probably will equal or surpass those of previous years.

## City Dads...

(Continued from Page 1)

Homestead owners had agreed to the paving work on Ave. K. Studying a report on the \$355,950 budget for the current year, the commission learned that various savings may result in operation of city services. Bayne estimated a savings of \$30,000 to \$35,000 under the expected expenditures for this year.

BAYNE SAID that it may not be necessary, due to the good financial condition of the city, to issue bonds for improvement of the sewage disposal plant. A total of \$100,000 in unissued bonds is available for the project. The city manager said that with costs of the expansion estimated at \$65,000, and federal money available for one-third of the costs, it should be possible to finance the improvement out of current revenue.

Bruce Miller, who two months ago won approval of a request to repair the city-owned tennis courts, appeared briefly during the session to ask "what happened?" He was told that city work crews have been too busy to complete the work, but will probably get around to it sometime.

Miller asked that the commissioners consider building additional courts during the preparation of next year's budget. He cited increased interest in the sport among Hereford people as the basis for the suggestion.

THE COMMISSIONERS heard Bayne describe various insurance proposals submitted to the city as the first step toward placing all of the city's policies with one company. Plains Insurance Agency was designated as offering the best proposal, and Bayne was authorized to work out a complete program with that firm.

The commission, under a provision in state law allowing for settlement of tax claims after they have become confiscatory due to accumulated interest, approved a proposal by Arch Foster of Lubbock. Foster, acting for himself and his late brother, Leonard Foster, had offered \$142 as payment on \$36 in personal property taxes delinquent since 1937-38. Penalty and

OPTIMIST LEADERS—During a zone meeting here Sunday, plans for the coming year were discussed by leaders of a number of Optimist Clubs. Taking an active part in the session were Sam Long, left, president of the local club; John N. Grinland Jr. of Midland,

district governor for Optimist International; Ben Armstrong of Wichita Falls, lieutenant governor; and John T. Hassel of Midland, district secretary-treasurer. The meeting was held at the Hereford State Bank. (Photo by Bill Brady)

interest on the property would have brought the total due to \$283.

Mayor Ray Godwin presided over the meeting, with Commissioner Little and Dr. R. R. Wills present. Commissioners Troy Moore and Neil Cooper were absent. Other persons attending the session were City Attorney Earnest Langley, Dr. H. A. Cavness, who was "just listening," Bayne, Miller and a Brand reporter.

## Record...

(Continued From Page 1)

bring the total to \$51,660.

Maintenance of school plant—Salary and wages, \$4,000; Supplies, expense and contract service, \$16,000; Sidewalks, paving and landscaping, \$10,000. Total, \$30,000.

Fixed charges—Insurance on buildings, \$3,520; Rent, \$660; Interest on borrowed money, \$900. Total current expenses—\$744,535.

Furniture and equipment—For various classrooms, offices and shops, a total of \$9,440. New

school buses, \$12,000; Operation and maintenance—equipment, \$1,000. Total capital-outlay, \$22,440.

Interest and sinking fund monies are budget to be spent as follows:

Interest and sinking fund—Redemption of serial bonds, \$57,000; Interest on serial bonds, \$49,603.75; Bank's fee, \$156.25. Total disbursements, \$106,760.

Building fund—Final payment on land purchase, \$7,931. Social Security fund—\$2,520.

IN DISCUSSING the social security payments, Baird said that the school has been advised that school bus drivers, due to their employment through the county rather than the district board, cannot be included in the school's federal social security program. This resulted in a larger balance than was expected in the school's social security fund, and will reduce its participation in payments for the coming year.

In other action, the trustees again discussed the repair of the boiler in Stanton Junior High School. No action was taken pending a further study of the

cost of repairing the unit. A bid of \$8,400 has been received for a turnkey replacement of the 32-year-old heating plant.

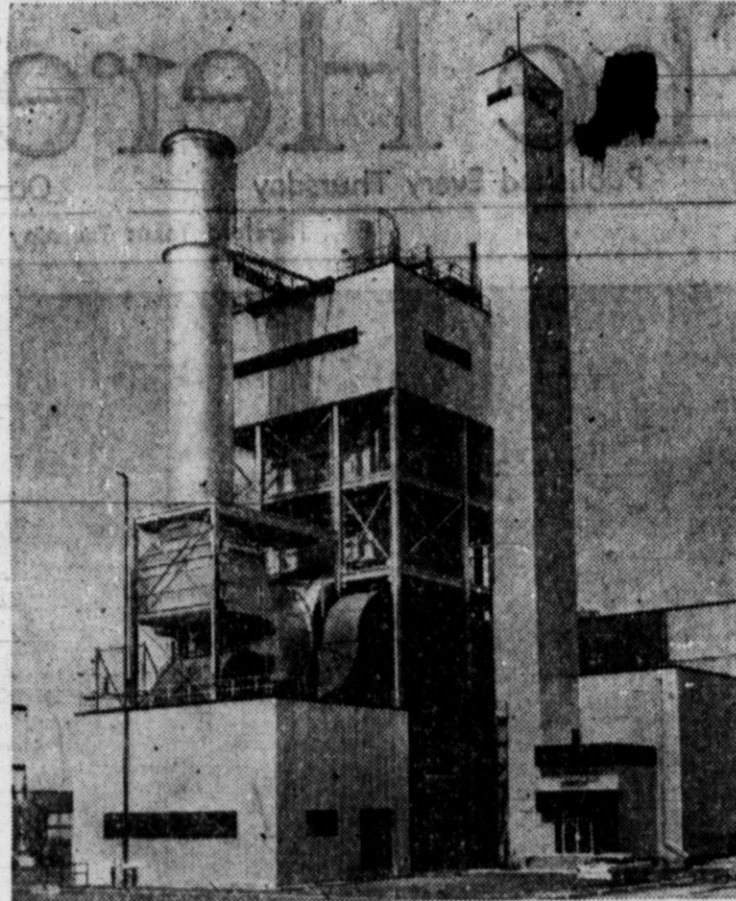

Custodian Arthur Brock was present during the session and answered a number of technical questions from board members regarding the Stanton heating plant and heating regulators in the high school.

After consulting with Brock, the trustees tabled action on a bid by Minneapolis-Honeywell Service Co. for annual adjustment and inspection of the high school heating control system.

Bert Boomer, vice president, presided over the meeting in the absence of Tom Robinson, president. Board members present included W. P. Axe, Ralph Hastings, W. R. (Dub) Hair, B. F. Cain and Marcus Latham.

## IMPORTED GARBAGE

STRATFORD, Ont. (U.P.)—City engineer complained to the Board of Works Committee that persons from outside the city, visiting friends or relatives in Stratford, bring their garbage along to be picked up by city garbage men.

NEW PLANT—Car in lower right emphasizes massiveness of Southwestern Public Service Company's newest electric generating plant, located 12 miles west of Hobbs, N. M. Plant, named after president, J. E. Cunningham, veteran of 30 years' service with the company, is capable of producing over 107,000 horsepower.

## Area...

(Continued from Page 1)

Sunday at 6:45 p.m. cars driven by Jose Ramirez, 26, of the Labor Camp and Reyes Sandoval, 27, collided on a mile west of Hereford on U. S. 60. Nesk Hernandez, 18, was riding with Ramirez and was slightly injured. Sandoval was ticketed for failure to grant right of way and Ramirez was cited for driving without a license.

In Castro County, 14.4 miles south of Dimmitt at 7 p.m. Saturday, a pickup driven by Lloyd Daniel Pryor, 37, of Amherst overturned when a tire blew out. Pryor was accompanied by his wife and son. No one was injured. Damage was estimated at \$1,200.

On Friona's main street at 6:30 p.m., minor damages resulted when a car driven by Olivia Griffin Goodson, 51, of Amarillo, collided with one driven by Lawrence Ray Dilger, 65, of Friona.

Good gift for traveler: a rust-resistant knife, fork, teaspoon and tablespoon tucked into a neat case.

## Football Players Take Exams Today

All high school boys who plan to play football this fall will take physical examinations at 5 p.m. today at Deaf Smith County Hospital, according to head coach Jack Harris.

Harris also announced a four-day school for high school and junior high coaches next week. He said the coaches will meet Monday through Thursday in the high school dressing room. A definite time for the school hasn't been set as yet.

Twice daily practice sessions for high school footballers will start Friday, Aug. 30, at 8 a.m. Practice will be held Friday, Saturday and Monday. After school starts Tuesday, Sept. 3, the workouts will be held in the afternoon only, Harris said.

The name of Acadia was changed to Nova Scotia in 1713. Women won the right to vote there in 1918, two centuries later.

## New Laws Become Effective Today; Agencies Formed

By VERN SANFORD  
Texas Press Association

AUSTIN — Things will be a bit different here and there, beginning today. Aug. 22 is the effective date for most of the hundreds of new laws passed by the 1957 state legislature.

Scores of new laws will affect what you can and can't do from now on. Examples:

1. Manufacture, sale or use of dangerous fireworks are prohibited.
2. News reporters cannot be barred from precinct, county or state political conventions.
3. Parents will be liable for property destruction by their minor children.
4. Garages must report cars left over 30 days.
5. Dangerous substances, such as poisons, must be labeled.
6. Tuition fees at state colleges, beginning this fall, will be doubled.
7. Voters will have to return to the "scratch" method of marking ballots. No more putting an "x" before the name of the person to be voted for.
8. In future special elections for U. S. Senate or Congressman-at-Large posts, runoffs will have to be held unless one man gets a majority vote in the first primary.
9. No more combination banking-insurance companies, such as the late U. S. Trust and Guaranty, can be organized.
10. License plates will cost 10 per cent more from now on to provide more money to buy right of way for roads.

Five new state agencies also enter the scene. Foremost is the new independent securities commission which will supervise

both insurance and general securities issues. It combines functions formerly divided between the Secretary of State's office and Insurance Commission.

An adult parole division under the Pardons and Paroles Board will set up the state's first paid staff to keep tabs on adults paroled from the penitentiary. It has been long sought as a means of returning more prisoners to useful citizenship.

A Tax Study Commission will oversee an analysis of the state's entire tax structure by the Texas Research League. Could eventually lead to a shifting of tax burdens — new taxes for some, less for others.

Other new agencies are the Texas Council on Migrant Labor and the Texas Historical Survey Commission.

## VISITING HERE

Mr. and Mrs. James Easley and sons Hale and Steve of Red Bluff, Calif., and Joe Easley of Denver, Colo., are visiting their parents, Mr. and Mrs. Oscar Easley of Hereford.

## The Dustcloth

The dustcloth can be kept slightly oily by adding a spoonful of lemon oil or any furniture oil to the rinse water when you wash the cloth.

## STATELINE SPECIAL

### Mrs. Tom Cain Is Out of Hospital

By MRS. C. L. HUTCHINS

Mr. and Mrs. Ralph Northcutt and daughter Novella Kay returned home Sunday night from Denver, Colo., where they have been visiting their daughter and family, Mr. and Mrs. Bob Hill and children Bobby and Michalle, for the past three days. They reported their granddaughter Michalle is crawling now and seems to be the most important member of the family. Mrs. Eva Smith, mother of Mrs. Northcutt, stayed in the home of Mr. and Mrs. Nelson Pierce and Mrs. Elic Massey while the Northcutts were gone to Denver.

Mrs. Tom Cain of the Rhea Community was released from the Clovis Memorial Hospital Saturday, and returned to her home about noon. Her knee condition is still very painful and she walks on crutches. Mr. and Mrs. Weldon O. Cain and daughter Cynthia Ann Snyder, son of the Tom Cains have been here helping with the irrigation work, farm chores and house work while Mrs. Cain has been confined to the Clovis Memorial Hospital for the past three weeks. The Weldon Cains planned to stay until Wednesday.

Mr. and Mrs. Roy Potts and daughter Betty were dinner guests Sunday in the home of his sister and family Mr. and Mrs. Noble E. Brown.

Sunday dinner guests in the home of Mr. and Mrs. Elic Massey and Dorothy were Miss Patricia Patterson, Miss Mautine Rierson of Clovis, Mrs. Eva Smith and their son Winfred from the Amarillo Air Force Base.

Mrs. Jordan Miller spent last week in Las Cruces, N. M., attending the State Home Economic Vocation Short Course at A. and M. College. She will leave Friday for Enochs (south of Muleshoe) where she has accepted a position at the Bula High School as home economics instructor for the fall and winter term.

Mrs. N. E. Tyler Sr. of Dallas is visiting in the home of her son and family, Mr. and Mrs. N. E. Tyler Jr., Kelly, Nancy and Jerry on the Guseman Ranch No. 1 this week. She arrived earlier in the week with her daughter and family Mr. and Mrs. J. S. Bartlett of Texhoma. Misses Gunda and Shirley Bartlett have been guests in the home of the Tylers for several weeks. They returned home with their parents on Monday and Mrs. N. E. Tyler Sr. remained for a longer visit.

Mr. and Mrs. Willie Walls and daughters Latenda, Joquetta and Marquetta of the Rhea Community are vacationing this week in Colorado.

Miss Donna Kay Osborn daughter of Mr. and Mrs. Elmer Osborn is visiting this week in the home of her aunt and uncle Mr. and Mrs. Henry Williams of Plains. They plan to return Donna Kay home on Thursday.

The Rev. and Mrs. Porter Arnold were dinner guests Sunday in the home of Mr. and Mrs. H. G. Vaughn.

Mr. and Mrs. Johnnie Foster, Artie Don, his mother Mrs. Della Foster of Clovis and Miss Glynes Pulliam were shopping in Amarillo Saturday. They also visited with their daughter and granddaughter and family Mr. and Mrs. Frank Wyatt and Paula.

Several families were honored with wedding anniversary dinners recently on Aug. 15, Mr. and Mrs. Jordan Miller; Aug. 17, Mr. and Mrs. Eldred Brown; Aug. 18, Mr. and Mrs. C. L. Hutchins.

Mrs. Agnes Gianetti, daughter of Mr. and Mrs. Jordan Miller received her B. N. degree from St. Frances Hospital and School of Nursing in Pittsburgh, Pa., Sunday afternoon. The Millers were unable to attend the graduation exercises.

Mr. and Mrs. (Uncle) Pat Rid-

ley of Broadview, have had her nephew and family Mr. and Mrs. Raymond Waite and daughter Anne of Ada, Okla., to visit in their home a couple of days.

Winfred Massey son of Mr. and Mrs. Elic Massey is home on leave for two weeks from Amarillo Air Force Base. He will report to Grand Rapids, S. D. for base assignment on Friday. He will be a jet mechanic. Winfred has been visiting in the home of his sisters and families; Mr. and Mrs. Dale Pulliam, Billie Don and Darlene of Broadview and Mr. and Mrs. Walter Richardson of Clovis, and his parents Mr. and Mrs. Elic Massey in the Rosedale Community.

Mrs. Roland Wheat and son Jim, Mrs. Jimmy Page, Mrs. Johnnie Rucker and Mrs. Sam Mitchell made a business trip to Portales and Clovis on Thursday. Mrs. Page and Mrs. Rucker visited on the E. N. M. U. Campus where they have already rented their apartments for the fall term of college work with their husbands. Mrs. Mitchell bought fresh vegetables for canning while in Portales.

Mr. and Mrs. Howard Duncan of Hollene, announce the arrival of a daughter Monday, Aug. 12, at the Clovis Memorial Hospital. The baby has been named Beverly Karen. The paternal grandmother is Mrs. J. D. Duncan and the maternal grandparents are Mr. and Mrs. Bill Adams, all of Clovis, and Mrs. George Messenger was called Friday morning to the bedside of her mother, Mrs. Annie Brown of Wellington who suffered a stroke earlier in the morning. Her condition was reported critical. Mrs. Brown recently celebrated her 90th birthday, but has been in failing health for several months. She has visited for several months at different times in this community.

The Harts operate a farm 8 miles south of Hereford on the Dimmitt Highway. They have three children, Nancy 16, who will be a freshman at Texas Tech this fall, Linda 11 and Susie 7. Guests at the housewarming included friends from Amarillo, Floydada, Dimmitt and Hereford.

Attending were Mr. and Mrs. Wayne Finley of Floydada, Mr. and Mrs. George Gearhart, Mr. and Mrs. Bill Howard, Mr. and Mrs. Hudson Holmes and Mr. and Mrs. Bill Brewer, all of Amarillo; Miss Annie Gunnells, Mrs. Q. O. Brown, Mr. and Mrs. C. E. Ellis, Mr. and Mrs. T. J. Parsons, Mr. and Mrs. Grady Parsons, Mr. and Mrs. Tom Draper, Mr. and Mrs. Bill Elder, Mr. and Mrs. Kenneth Cox, and Mr. and Mrs. Jim Hart.

Mr. and Mrs. Cecil Hart, 504 Star St., newcomers to Hereford, were welcomed at a housewarming and shower courtesy given in their home Friday evening. Hostesses were Mrs. George Gearhart and Mrs. Tom Draper.

Mr. and Mrs. Cecil Hart, 504 Star St., newcomers to Hereford, were welcomed at a housewarming and shower courtesy given in their home Friday evening. Hostesses were Mrs. George Gearhart and Mrs. Tom Draper.

Mr. and Mrs. Cecil Hart, 504 Star St., newcomers to Hereford, were welcomed at a housewarming and shower courtesy given in their home Friday evening. Hostesses were Mrs. George Gearhart and Mrs. Tom Draper.

Mrs. Joe Head and Mrs. C. L. Hutchins visited Wednesday afternoon in the home of Mrs. Willie Walls and daughters and Mrs. Elmer Osborn.

Norris Owens of Grady has been awarded a prize by the Physical Science Laboratory at A. and M. College, Las Cruces, for his high scholastic record. The Laboratory each year makes awards to the freshmen and sophomores with the highest and second highest grade point averages for the Schools of Engineering Agriculture and Home Economics, and Arts and Science. The prizes are \$100 for the highest and \$50 for the second highest. Owen is a sophomore with the second highest scholastic record for the School of Agriculture and Home Economics. An agricultural education major, he has a grade point average of 3.33 out of a possible four points.

Mrs. Juanita Melton of Phoenix, Ariz., visited Friday in the home of her brother and family, Mr. and Mrs. A. L. Hutchings, Linda, Kim, Lyle, Carolyn and Darlene.

### Former Resident Entertained Here

Mrs. Harold Starkey and children, Brent and Jill, of Norman, Okla., were guests of Mr. and Mrs. T. J. Parsons the past weekend. While here they were entertained at an informal luncheon in the Parsons home with old friends attending.

Mrs. Starkey, the former Miss Doris Mahaffey, served as assistant County Home Demonstration Agent from 1949 to 1952.

Others attending the luncheon were Mrs. Ira Ott, Mrs. Frank Prowell and Mr. and Mrs. Tom Draper.

# Life Normal for U. S. Students in School Behind Iron Curtain

By SEYMOUR TOPPING  
BERLIN (AP)— Rifle fire crackled in the distance and a big tank rumbled by, but the kindergarten tots never looked up from their playground games.

The 550 American kids at the Berlin American School don't get excited any more about the war-like sounds and sights around them. It's all part of their life in this Allied occupied city, 110 miles behind the Iron Curtain.

OLD STUFF—The tank rumbled past the library window is such a common occurrence it doesn't rate a glance from these American School students in Berlin.

## First Thoughts

**IF YOU LOST YOUR HAND BAG, or wallet...** How much would that put you out of pocket. More than you may realize. If you do lose pocketbook or billfold, notify at once the organizations which issued the credit cards, charge plates, driver's license, Social Security card, and the like, that it contained. Such items, in dishonest hands, can be profitable to the finder, costly to you.

**MAKE HASTE SLOWLY.** Observation has taught us, is a caution that has some application to embarking on a thrift program. People who begin saving on too ambitious a scale tend to give up before very long. Far be it from us to discourage big savings plans. But most of the time it is more realistic to decide on weekly or monthly amount that one is reasonably sure of being able to bank faithfully. Why not open your savings account with the First National Bank of Hereford now, where your funds, always available, are insured by the Federal Deposit Insurance Corporation.

**THIS COLUMN,** sponsored by the First National Bank of Hereford, will appear in the Hereford Brand from time to time. If you have a favorite story, saying, household hint or receipt, we would be glad to welcome you as a guest contributor.

**MEANWHILE,** if your vacation is late this year, remember to buy traveler's cheques and to place your valuables in a safe deposit box before you leave. The resulting peace of mind alone is worth the very small cost of either item. (ADV.)

# Gangway for a Cooling Sherbet

By CECILY BROWNSTONE  
Associated Press Food Editor

MAKE UP A BATCH of this orange sherbet and your youngsters and their gang will enjoy it for that mid-afternoon treat on a warm summer afternoon. Spoon the sherbet into paper cups with lids and store in your freezer. Have plastic or wooden spoons on hand and half a dozen kids can enjoy this frosty sweet and there'll be no dishwashing afterwards.

You might also like to try two variations of this orange sherbet — one with crushed peppermint candy added, the other with chopped semi-sweet chocolate.

## ORANGE SHERBET

Ingredients: 1 envelope unflavored gelatin, ½ cup cold water, 1¼ cups hot water, 2/3 cup sugar, 1/8 teaspoon salt, ¾ cup (one 6-ounce can) frozen orange juice concentrate (undiluted), 1 tablespoon lemon juice, 1 egg white (stiffly beaten), 8 four-ounce paper containers with lids.

Method: Soften gelatin in ½ cup cold water. Add hot water and stir until gelatin is dissolved. Dissolve sugar and salt in hot liquid. Add orange concentrate and lemon juice. Pour into freezing tray. When partially frozen (about 1 hour) beat until fluffy. Fold in stiffly beaten egg white. Freeze 30 minutes and beat again. Spoon into

TIME OUT for a cooling orange sherbet served fresh from the freezer in individual paper cups.

to paper cups and cover. Store in freezer until ready to use. Makes 6 servings.

Peppermint-Orange: After second beating fold in 1/3 cup crushed peppermint candy. Spoon into paper cups and cover. Store in freezer until ready to use.

Chocolate-Orange: After second beating fold in ½ cup chopped semi-sweet chocolate pieces. Spoon into paper cups and cover. Store in freezer until ready to use.

## Maj. Jack Cox and Family End Stay

Maj. and Mrs. Jack Cox and their six children left Tuesday morning after a week's stay here with his mother, Mrs. Alice Cox, and sister, Mrs. Alma Wallace.

Maj. Cox has been stationed at Mountain Home Air Base in Idaho. He and his family stopped here en route to Montgomery, Ala., where he will be stationed at Maxwell AFB. He will attend a Command Staff College there for one year.

approved its curriculum for U. S. college entrance.

Michael Fay, the 36-year-old principal, from Providence, R. I., tries to give the school a normal atmosphere. He heads a staff of 19 teachers.

Fay says many of his pupils realize the significance of Berlin as an East-West hot spot. "But like most adults, after a while they forget what is all around them," he adds.

At the moment the big morale problem centers on how to get winning teams.

With only 55 high school students, including only four seniors, the teams have been taking a beating when they come up against the bigger Army schools in West Germany. Last season, the Berlin school lost all of its four six-man football games and 16 basketball tilts.

"It's hard for them to lose all the time," sighs Fay.

But they're not quitting — not the American kids from behind the Iron Curtain.

**ROW CROPS NEED NITROGEN!**

APPLY PHILLIPS 66 AMMONIUM NITRATE NOW

Corn and other row crops need plenty of nitrogen to return bigger yields and profits at lower unit production costs. Phillips 66 Ammonium Nitrate contains a guaranteed 33.5% nitrogen. Half is quick-acting nitrate nitrogen for fast, healthy growth right from the start and half is ammonia nitrogen to provide long-lasting continued plant feeding.

This high quality fertilizer promotes stronger deeper root systems which make better use of available soil moisture to help you beat the drought. And it helps increase the protein content of grain and feed crops which put more money in your pocket.

SEE US TODAY FOR YOUR FERTILIZER REQUIREMENTS

## Tulia Policemen at School Here

Six out-of-town officers have been attending a basic law enforcement course being taught this week by Chief of Police Henry Aycock.

Aycock started the course Monday. Classes are being held 7 to 9 p.m. each day.

Dale H. Walderscheid, new member of the local force is attending the classes as well as five policemen from Tulia and a deputy sheriff from Oldham County.

Aycock said he wrote letters to officers in the area inviting them to attend the course.

## ATTEND CONVENTION

Mrs. Madelyn Faughn and Miss Bea Barrett have returned from Denver, Colo., where they attended the Twelfth South Central Regional Conference of the National Federation of Business and Professional Women's Clubs, Inc. held there Aug. 15-18.

## ANNOUNCE BIRTH

Mr. and Mrs. Garland Barbee, 1941 Aspen, Amarillo, are the parents of a baby girl, Janice Lee, born Aug. 19. Mrs. Barbee is the former Earlena Phillips, daughter of Mr. and Mrs. W. B. Phillips, 407 Ave. K.

## VISIT PARENTS

Mr. and Mrs. Jimmy Easley and children of Red Bluff, Calif., arrived Monday for a visit with his parents, Mr. and Mrs. Oscar Easley, before going to Fredericksburg with his parents for the wedding of his brother, Joe Easley, and Miss Corinne, Cameron on Sunday Aug. 25.

Thursday Holy Hour is from 8 to 9 p.m. followed by confessions.

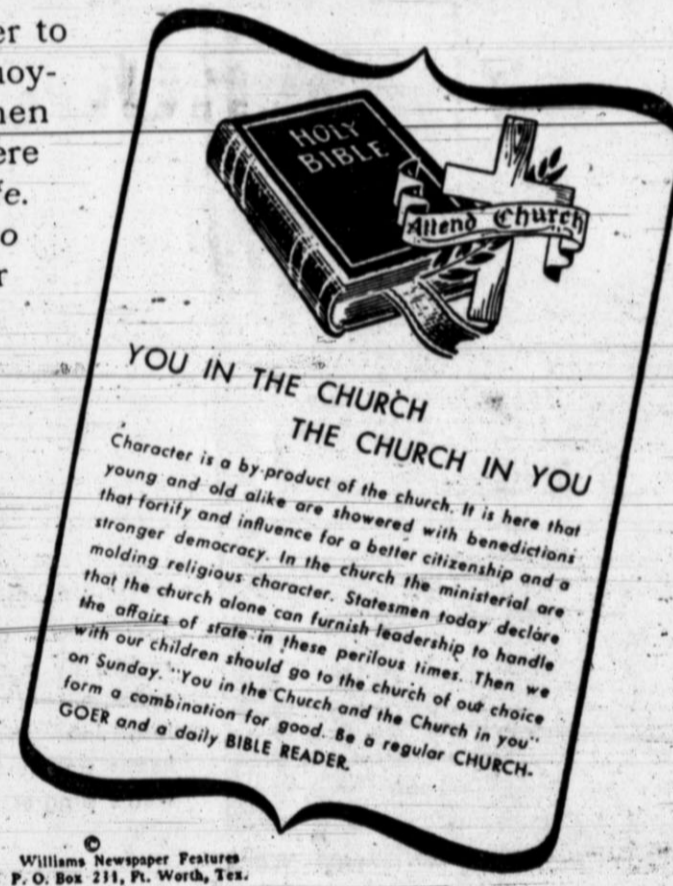

## St. Thomas Episcopal

Harrison Highway  
Church services at 10 a.m.

What a wonderful word is life! More abundant do we want it ever to prove. As we begin to walk a little more slowly up the street the buoyancy of young life impresses us more. The years of maturity, when mental tides are running strong, delivers us at the crossroads where we find ourselves peering anxiously through the Gateway to Life. We are more serious then. The Gateway to Life is the Gateway to God. It becomes more important then to give more attention to our reading and thinking habits. Our interests in life are more glorious... we are less selfish. We are more interested in the Life Beyond... more interested in our fellow man.

We view through the Gateway to Life something even more fine than either the physical or mental. It is life of the spirit, the part that goes on forever. The Gateway to Life will be found by some as they prepare to leave this body for a home in Heaven. Saint John sets before us the Eternal Life which a man begins to experience today. We know that we have passed from death to life because we love the brethren... we love people. Today will be for each of us The Gateway to Life if we will throw away hatred, malice and greed and join God in practicing love. The church points the way to a fuller and more abundant life... the Eternal Life.

Williams Newspaper Features P. O. Box 231, Ft. Worth, Tex.

## Immanuel Lutheran

Park Avenue at 5 Street

# Residents Swap Visits

By MRS. GEORGE D. ZETSCHE

Mr. and Mrs. Art Schmidt and family of Weatherford, Okla., visited Sunday in the home of his brother and family, Mr. and Mrs. Herb Schmidt, Tommy and Dale.

Mr. and Mrs. Clark Andrews, Rocky and Kirk were Sunday dinner guests in the home of Mr. and Mrs. Weldon Stephan and Rhonda. Relatives from Medicine Lodge, Kan., visited from Friday night until Sunday morning in the home of Mr. and Mrs. Kenneth Cox, Larry, Lynn and Virginia.

The Rev. and Mrs. B. H. Baldwin and sons Godfrey and Eugene, Mrs. Baldwin's sister, Viola Keene of Levelland, and one Rev. Baldwin's mother, Mrs. Anna Baldwin of Albuquerque, N. M., left Sunday for Greeley, Colo., where they were to visit with the Baldwins' daughter and family, Mr. and Mrs. Wesley Earp and Norma Joy. They planned to return home Thursday.

Mr. and Mrs. Clark Dobbs and Dusty returned Monday of last week from their vacation. While they were gone they visited with Mr. and Mrs. C. S. Barclay and Patty in Deming, N. M. They also went to White Sands and visited with Mrs. Dobbs' sister and family, the B. J. Ragans, in Mayhill. They returned home by Portales, N. M., where they spent Saturday night with Mrs. Dobbs' brother and family, Mr. and Mrs. Vernon Davis and Vendell, and Sunday night with her parents, Mr. and Mrs. E. E. Davis, and boys.

Mr. and Mrs. George Zetsche were in Spur Saturday night and Sunday to visit with Mr. and Mrs. Roy Airlington.

Mrs. Charles Springer accompanied her mother, Mrs. Dale Tinnin, to Amarillo Monday to shop. Mr. and Mrs. Ed Clark were in Muleshoe Saturday to visit with Mrs. Clark's parents, Mr. and Mrs. Henry Bass and Terry.

Mr. and Mrs. Leon Martin and Stephanie and Mr. and Mrs. Weldon Stephan and Rhonda visited Saturday evening in the home of Mr. and Mrs. Clark Dobbs and Dusty.

Mr. and Mrs. Clark Andrews, Rocky and Kirk were in Amarillo Saturday afternoon to shop.

A lingerie shower honoring Shirley Martin was given Thursday afternoon of last week in the Owen Andrews home. Present were Mesdames Kenneth Cox, George Zetsche, Woodrow Jones, Bill Martin and Owen Andrews and Misses Betty Jones, Joyce Jones, Joyce Martin, Lillie Jones, Veradelle Andrews, Betty Jones and Virginia Cox.

Mrs. Annie Springer spent last Thursday night with her daughter and family, Mr. and Mrs. Elbert Summers, Clint, Donna Gayle and Dean, who live south of Dimmitt. They attended a rodeo at Dimmitt Thursday evening.

Mr. and Mrs. Johnny Robinson visited Sunday afternoon in the home of Mr. and Mrs. Clark Dobbs and Dusty.

Betty Edmonson of Fort Worth is visiting with her sister and family, Mr. and Mrs. Jeff Terrell, Kay and Sandy.

Mrs. Annie Springer attended church in Dimmitt Sunday morning with her daughter and family, the Elbert Summers. She then accompanied them to Portales, N. M., where they attended the 50th wedding anniversary celebration of Elbert's uncle and aunt, Mr. and Mrs. W. Bradley.

Mr. and Mrs. Harold Shearhart, Jane and Jim and Mr. and Mrs. Earl Cole of Hereford were Sunday dinner guests in the home of Mr. and Mrs. Floyd Cole, Bill, Cheryl, Beverly and Jana.

The Frio WMU met Tuesday morning at the church. Those present were Mesdames D. F. Yandell, Jeff Terrell, E. B. Berryman, Annie Springer, H. M. Mobley, Thurman Mousner, Frank Robbins, Weldon Stephan, W. H. Patterson, Woodrow Jones, Owen Andrews and Clark Andrews and Miss Alma Andrews.

Mr. and Mrs. Elbert Summers and family, Mr. and Mrs. Trellas Summers and family, Mr. and Mrs. Harley Dodd and family, Mr. and Mrs. A. A. Dodd and family, all of Dimmitt, and Mrs. Annie Springer had a picnic supper at Buffalo Lake on Tuesday evening of last week.

Mr. and Mrs. Jeff Terrell, Kay and Sandy and Betty Edmonson were in Plainview Sunday to visit with Jeff's parents, Mr. and Mrs. Tom Terrell, and their son Tommy.

Mrs. Floyd Cole, Jana, Bill and Beverly spent Monday with Mrs. H. M. Mobley. Cheryl visited Monday with Mrs. Don Mobley in Dimmitt.

The Raymond Joneses went to Dallas Thursday night of last week. Mrs. Jones was to receive treatment.

Donna Cole of Hereford spent Friday and Saturday night with the Floyd Cole family.

The Frio G. A. girls met Tuesday afternoon of last week in the home of Mrs. George Zetsche. The program was entitled, "Broadcast from Spain." The girls brought gifts to send to an orphan's home.

Those present for the meeting were Reba and Ramona Hall, Rachel Ramos, Ediana Vinson, Bonnie and Darlene Sparkman, Jana Cole, Carol Robbins, Louise Jones, Carol Mousner and Veradelle Andrews.

Mr. and Mrs. Ernest Harder, Gerald and J. D. received bruises and scratches in a wreck Sunday, Aug. 11, near the E. F. Vogler home. Their car was hit from the back by a car driven by Richard Finley.

The Frio Homemakers club met Tuesday afternoon of last week in the home of Mrs. George Zetsche. The program was in the form of a discussion on applying and selecting makeup.

Present were Mesdames Ernest Harder, Frank Robbins, Owen Andrews, Woodrow Jones and T. L. Sparkman Jr., Miss Alma Andrews, a visitor, Mrs. Edgar Vinson, and the hostess.

Children present were J. O. Harder, Jerry Robbins, Cecil Jones, Sammie Ann and Carleta Vinson. The next meeting will be at 2:30 p.m. Sept. 10 in the home of Mrs. Rank Robbins.

Mr. and Mrs. George Zetsche visited Tuesday evening of last week in the Henry Dobbs home.

REP. WALTER ROGERS WRITES:

# Amount of Foreign Aid Endangers United States

To the people of the 18th District: This letter is being written during the general debate on the foreign aid appropriation bill. The President has requested 3 billion 386 million dollars. The Appropriations Committee has recommended, in the bill being considered, 2 billion 524 million dollars. In other words, the Appropriations Committee has recommended to the Congress that the taxpayers be required to ante up only 2 1/2 billion dollars this fiscal year. This is 1 billion 241 million dollars less than the taxpayers were required to put up for the last fiscal year, and 862 million dollars less than requested by the President.

One of the reasons for the reduced amount recommended by the Committee was the fact that the foreign aid program now has in its pipeline 6 billion 193 million

dollars. When this is added to the funds recommended by the Appropriations Committee in the new bill, it will make the total funds available for expenditure, the stupendous sum of 8 billion 719 million 760 thousand dollars.

This amount is approximately 2 1/2 times as large as the annual expenditure as estimated by the millage and ICA officials. If there were no new funds appropriated in fiscal 1958 for these purposes, the existing unexpended funds now in the pipelines would run well beyond January, 1959.

I point this out to you because of the tremendous amount of publicity which is being circulated over the country at this time to the effect that a cut in the foreign aid appropriations requested by the President would seriously

jeopardize the security of this nation. Apparently very little thought has been given to the proposition that the security of this nation may be placed in greater jeopardy if some attention is not given to a phasing out of many parts of this program and a reduction in these tremendous expenditures which have created such a heavy tax burden on the backs of American taxpayers.

Few people realize that the total number of nations in the world is 87. Out of that 87 the United States of America is operating some type of aid program in 67. In other words, direct aid from the American taxpayers is going to over 80 percent of the nations in the world. It has been said that the 20 nations in which we are not operating some type of aid program are being measurably helped indirectly by the program which we are operating in the 67 nations. During the debate the Appropriations Committee had on display a chart with the names of all of the nations in the world listed thereon. Opposite each name was a colored thumbtack. The red thumbtack indicated that the nation was receiving direct aid from this country. The green thumbtack indicated that the nation was not receiving direct aid from this country. The yellow thumbtack indicated the nations contributing aid to other nations.

The only nation which had a yellow thumbtack opposite its name was the United States of America. 67 nations had red thumbtacks and 20 nations had green thumbtacks. Among those having green thumbtacks were Russia, Canada, New Zealand, Monaco, Switzerland, Hungary, Czechoslovakia, Liechtenstein, Muscat, Australia, etc. I point out that, aside from countries such as Canada, Australia and New Zealand, the large nations not receiving direct aid are the USSR and its satellites. The other nations not receiving aid are small nations, some of which many people have never heard of.

There are many more facts about this program which would make interesting reading but time and space will not permit me to put them in this letter. I did want to give you some background of the amount of money involved in this program and the nations to which it is going. In addition, I wanted to call your attention to some remarks which appeared in the hearings on the bill relating to the size of the United States public debt.

It was pointed out that as of June 1, 1957, we had a public debt of approximately 275 billion dollars. If we could borrow money at 3 1/2 percent interest and make just one payment each year in the amount of 8 billion 368 million 602 thousand 150 dollars and 60 cents, it would require 144 years to finally pay off the existing debt. This means that the final payment

available upon such terms and conditions as the Legislature may prescribe, to the various political subdivisions or bodies politic and corporate of the State of Texas including river authorities, conservation and reclamation districts and districts created or organized or authorized to be created or organized under Article XVII, Section 59 or Article III, Section 52, of this Constitution, interstate compact commissions to which the State of Texas is a party and such other corporations, in the conservation and development of the water resources of the State, including the preservation of its stream and flood waters and the waters of its rivers and streams, for all useful and lawful purposes by the acquisition, improvement, extension or construction of dams, levees, canals, and other water storage projects, including any system necessary for the transportation of water from storage to points of treatment and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods.

While any of the bonds authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

The Legislature may provide for the treatment of moneys available in the Texas Water Development Fund, and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board, income from such investment in the manner and on the terms prescribed by the Legislature. The Legislature may also make appropriations from the Texas Water Development Fund for paying administrative expenses of the Board.

From the moneys received by the Texas Water Development Board as repayment of principal for financial assistance or as interest thereon, there shall be deposited in the interest and sinking fund for the bonds authorized by this Section sufficient moneys to come due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds issued under this Section. If any year prior to December 31, 1962, moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water De-

would be made in the year 2100 A. D. It would mean that we had paid as a total sum, principal and interest, the staggering amount of 1 trillion 205 billion 78 million 709 thousand 686 dollars and 40 cents. This would not include the repayment of any sums we had borrowed in the meantime.

## VISITORS

We are always happy to see people from home and there have been several in Washington this week, most of them vacationing in this area. Judge and Mrs. Jack Allen of Perryton spent a few days in the Nation's Capital. One of the many sights they enjoyed was the boat trip to Mount Vernon, on which they were kind enough to take our daughter, Susan, and her house guest, Miss Lynn LaCour of Daytona Beach, Florida.

It was good to see Mr. and Mrs. A. J. Grillo and their children, John, Donald and Laurie Ann, from Dumas, who stopped in Washington en route to New York. Miss Alice Gene Brotherton from Canyon is visiting her aunt in Washington and stopped by the office. Mrs. Norma J. Schale and Mike from Pampa spent several days vacationing in Washington. It was Mike's first visit to Arlington National Cemetery where his father is buried. We were delighted to see Miss Anne McManigal of Happy, who was vacationing with her aunt and uncle, Mr. and Mrs. Billie McClure from Plainview. Clyde Price, Jr., and Keith Hudson spent one day sightseeing in the area before returning to their home in Clarendon. We were happy to see Judge and Mrs. Vance Gilbreath and Mrs. A. W. Ford, Mrs. Gilbreath's mother, all of Matador, who stopped by the office for a visit on their way to New Hampshire. We also enjoyed visiting with George McCarthy from Amarillo, who was in Washington on business.

WALTER ROGERS  
Member of Congress  
18th District of Texas

## Funk, Hawk Will Meet in Main Event Saturday

Dory Funk and Rip Hawk will wrestle in the main event at the Bull Barn Saturday night. The bout is scheduled for two out of three falls with a one-hour time limit.

Funk and Hawk were on opposite sides last Saturday in a bout for the tag team title of the world. Iron Mike DiBlase was Hawk's partner in their challenge against Funk and Sonny Myers.

DiBlase and Hawk won the match but not the title. DiBlase leaped from a ring post onto Myers' back and put Myers out. Referee Tommy Phelps gave the bout to DiBlase-Hawk but wouldn't let the title change hands.

The contest pits two newcomers to Saturday ring against each other. Enrique Romero and Lou Plummer will wrestle the first event for two out of three falls with a one-hour time limit.

Last week in two preliminary bouts to the tag team match, Funk was disqualified against Hawk and DiBlase took Myers in one fall.

By JIMMIE GILLENTE

This business about everyone being born free and equal does not always hold true. I was reading, for instance, about how most people can learn to water ski in 20 minutes; also how some of the real experts throw at 40 miles an hour on their bare feet. This, of course, gives considerable advantage to characters like Wayne Phillips, Bill Davis Jr. and J. W. Robinson Jr., due the size of their feet. The only way ordinary folks can get along at all is to buy some special 24-inch shoes — or be sissies and wear regular skis.

WAYNE LAWRENCE, who qualified this week for Scoutdom's coveted "Order of the Arrow," figures he was "born 30 years too soon." The way I get it, this arrow business is a deaf whereby the "honored" guy is divested of everything but two matches, then tossed out on his ear several miles from camp. All he has to do is survive, locate the camp and fumble his way back. The thing that gave Wayne so much trouble last week-end was the drenching rain. He slept about an hour, maybe.

Out at the same time (in different places) were Chuck Laing, John Buck and Eddie May. They all had a rough time, but Wayne contends that the big difference was from "10 to 30 years" in his age.

Dr. M. C. Adams is quite a photographer. He has pursued the hobby with diligence for several years, but this week got a most unusual assignment from George Heard, now in Iraq.

"Please send the some ORDINARY PICTURES," wrote George. "I have pictures of the snow storms, parades and bucking broncos — but people keep on asking for everyday scenes." George further specified things like parks, Main Street, houses, buildings, irrigation wells and other routine shots.

It is human nature, I guess, to take pictures of the unusual things. Anyway, most of us do just that; overlooking the things we see every day.

ABOUT FISHING: Howard Brown let me down. Instead of going to Lake City, he wound up at Platora. Like "Honest Marlin," Howard says the fishing is just now coming into its own. He predicts that September will likely be the best fishing month of 1957 in Colorado. He also agrees with Frank Cogdell that the banks are crowded to capacity on the Conejos River.

D. C. Kinsey, who recently moved over to the peanut capital of New Mexico, was back this week. Kinsey, like Marlin, is noted for his honesty in all reports and he,

where you can borrow money is always nice to have around, especially when you are in the newspaper business, Manager James Headstream says, however, that you have to pay off your old loan before you can get a new one. Charters for such federal associations are granted only in towns of 7,500 or more. It will be nice to have an on-the-spot lending agency for this territory.

The September issue of "Reader's Digest" has an article on school building which should be of considerable interest in this area. It contrasts low teacher pay with some of the buildings which are going up across the nation. Remember how I was writing about the absence of palatial structures in California, a state which maintains unusually high teacher pay scales? All in all, it is quite a problem — and one which will get much worse before it starts improving. If the United States continues its free, compulsory educational system, some things will have to change. School taxes are high now, and we haven't seen anything — yet.

DON FUDGE stepped out this week with a most unusual black velvet hat. He either stole it from his wife or, as Bill Howard says, lost a bet. Maybe both!

Dr. M. C. Adams is quite a photographer. He has pursued the hobby with diligence for several years, but this week got a most unusual assignment from George Heard, now in Iraq.

"Please send the some ORDINARY PICTURES," wrote George. "I have pictures of the snow storms, parades and bucking broncos — but people keep on asking for everyday scenes." George further specified things like parks, Main Street, houses, buildings, irrigation wells and other routine shots.

It is human nature, I guess, to take pictures of the unusual things. Anyway, most of us do just that; overlooking the things we see every day.

ABOUT FISHING: Howard Brown let me down. Instead of going to Lake City, he wound up at Platora. Like "Honest Marlin," Howard says the fishing is just now coming into its own. He predicts that September will likely be the best fishing month of 1957 in Colorado. He also agrees with Frank Cogdell that the banks are crowded to capacity on the Conejos River.

D. C. Kinsey, who recently moved over to the peanut capital of New Mexico, was back this week. Kinsey, like Marlin, is noted for his honesty in all reports and he,

says "September is the month," too, says "September is the month."

I have been trying to shut off this feud, but can't seem to get anywhere. Everyone knows that Marlin and I are 100 per cent right, but they hate to admit it. For instance, here's a scrap of so-called verse, I presumed based around the hurricane, "Audrey." It was sent through the U. S. mails — and I carried a Colorado Springs postmark.

"Her stormy trip now ended, No more will Audrey roam; She headed straight for Texas, A Blowhard's natural home"

It just goes to show how far those Colorado yankees will go. When the fishing turns sour and they miss those Texas dollars, they start insulting us.

Dwight Rouse is down here from Farmington, N. M., running his shoe store and he tells me that the Sunshine State is putting on a big drive to capture the tourist fishing business. He says there is no need to travel to Wyoming, when New Mexico is so close. Furthermore, New Mexico is not overrun with fugitives from Texas. Maybe he has something . . . at that!

ANNOUNCE BIRTH Richard Mark Murrell, son of Mr. and Mrs. Don R. Murrell of San Diego, Calif., was born at 5 p.m. Aug. 18. His grandparents are Mr. and Mrs. Henry Murrell of 406 Ave. H in Hereford, and Mrs. Estelle Riley of San Diego.

GEORGETOWN, S. C. — One motorist with a droll sense of "let the other guy do it" left his dusty, dirty, sleek new automobile parked downtown here. Written on the side was the brief message: "Wash me."

JOINS TEXAS FIRM—Brig. Gen. Robert E. Galer, U. S. Marine Corps (retired), former Director of the Guided Missiles Division of the Navy Bureau of Aeronautics, has joined the Temco Aircraft Corp., of Dallas, as Manager of Engineering Programs. Galer, 43, a Congressional Medal of Honor winner, recently retired from the Marine Corps and is regarded as a top pilot and missiles expert. (AP Photo)

## NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 37 proposing an amendment to Section 41 of Article XVI of the Constitution of Texas relating to the establishment of a retirement, disability and death compensation fund for officers and employees of the State.

Section 1. That Subsection (a) of Section 41 of Article XVI of the Constitution of the State of Texas, as amended, be amended to read hereafter as follows:

"Section 41. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the State, and may make such reasonable inclusions, exclusions, or classifications of officers and employees of the State as it deems advisable. The Legislature may also include officers and employees of judicial districts of the State who are or have been compensated wholly or in part directly or indirectly by the State, and may make such other reasonable inclusions, exclusions, or classifications of officers and employees of judicial districts of the State as it deems advisable. Persons participating in a retirement system created pursuant to Section 41 of Article XVI of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection except as permitted by Section 43 of Article XVI of this Constitution. Provided, however, an officer or employee of a county as provided for in Article XVI, Section 62, Subsection (b) of this Constitution, shall not be eligible to participate in the Fund authorized in this Subsection, except as otherwise provided herein. The amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five percent (5%) of the compensation paid to each such person by the State.

"FOR the Constitutional Amendment amending Subsection (a) of Section 41 of Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

"AGAINST the Constitutional Amendment amending Subsection (a) of Section 41 of Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

Section 2. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and this Amendment shall be published in the Constitution and laws of this State.

"All funds provided from the compensation of such person or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as are received by treasury of the State of Texas, shall be invested in bonds of the United States, or in bonds issued by any agency of the United States or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent University Fund or for the investment of those funds and subject to such regulations as the Legislature may provide. However, a sufficient amount of said Fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Subsection (a) of Section 41 of Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

"AGAINST the Constitutional Amendment amending Subsection (a) of Section 41 of Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and this Amendment shall be published in the Constitution and laws of this State.

## Biggest Sellers...because they're Biggest Savers!

No wasted power, no excess pounds! Chevy trucks with the right power — right capacity — stay and save on the job!

From Chevrolet . . . a just-right blending of space, weight and engine performance designed to get your jobs done quickly and efficiently.

And the right power, too, ranging from the 140-hp Thriftmaster 6 to the high-torque 210-hp Super Loadmaster V8. Light-duty models feature America's most popular 6-cylinder engines — economical champs that are famous for the way they stay on the job.

Chevrolet's ultra-modern short-stroke truck V8 offers compact, efficient design that minimizes engine weight to give you additional money-saving payload capacity. Stop in and let your Chevrolet dealer show you the right truck for your job.

Here's proof that they stay on the job. Official registration figures compiled by R. L. Polk & Co. show 564,375 Chevrolet trucks 10 years old or older still on the job . . . 100,000 more than the second place truck!

## Girls Help Make Denmark A Cigar-Maker's Heaven

By BENNETT DE LOACH

COPENHAGEN — That pretty woman puffing away on a cigar at the restaurant table is a big reason why Denmark is about the cigar smokingest country in the world.

And lest such cities as Havana, Cuba; Tampa, Fla., and Philadelphia have the swellhead about their cigar output they should take a second look at Denmark. In 1955 so many cigars were lit up in Denmark that the total smoked averaged 190 for each inhabitant in this nation of 4½ million.

Of this 190 average, about 140 were of the cigarillo or cheroot varieties — the types preferred by the woman smoker. Men, of course, also smoke these smaller cigars so the figures don't mean women smoke more than men.

Most of the women smokers are middle aged or elderly. Some Danish women took to the cigar habit in World War II when cigarettes were hard to come by and cigars could be rolled from home grown Danish tobacco.

The woman smoker will light up her cigar in a restaurant or home, but you'll never see her smoking a cigar or cigarett on the street. Denmark has from 8,000 to 10,000 workers making cigars. Many are exported to such far away points as South Africa and the Far East. England is a big user of the Danish cigar. Very few find their way to the United States.

So big is the current cigar demand that some Danish plants are working double shifts.

Prime Minister Nehru of India keeps a brass mold of Abraham Lincoln's hand on his study table.

## Ginger Peaches Ginger Peachy

GINGER PEACHY—Home-preserved peaches that is bound to please most everyone. Flavored with ginger have a delicate flavor

By CECILY BROWNSTONE

Associated Press Food Editor

**IF YOU'RE AN OLD HAND** at putting up preserves and know the satisfaction of opening jars rich with summer fruit, you'll be interested in this recipe for Ginger Peaches. But if preserving is new to you, this rule is fine to try because it's a small-quantity one that's easy to follow.

You'll be proud as can be when you serve these preserves with baked ham for a main course, or with vanilla ice cream for dessert. The ginger is added with a discriminating hand so that the delicate flavor is bound to please most everyone.

**GINGER PEACH PRESERVES.**

Ingredients: 2 pounds prepared freestone peaches, 1½ pounds sugar, 2 cups water, 1 rounded tablespoon silvered crystallized ginger (rinsed free of sugar before cutting), ½ teaspoon salt.

Method: Use ripe but firm fruit; wash peaches in cold water and drain. Put sugar, water, silvered ginger and salt in a medium-sized kettle and stir over low heat until sugar dissolves; bring to boil rapidly; boil 3 minutes; remove from heat and allow to cool. To prepare peaches, cover them with boiling water (off heat) for a few minutes; plunge into cold water; drain and strip off skins; cut into halves and remove pits. Weigh peaches. Add weighed peach halves to cooled syrup and boil gently until softened and partly transparent; add a couple of cracked peach pits just before peaches are removed from heat. Skim off as much foam as possible with a big spoon. Turn into a shallow container — a heat-resistant glass baking pan about 8 by 12 by 2 inches is fine. Skim off any remaining foam. Cover with waxed paper and refrigerate for 12 to 24 hours — this helps peaches absorb syrup and stay plump. Remove peaches from syrup and pack loosely, cavity side down, into clean hot jars — half-pint or pint size without shoulders — leaving enough room at top so peaches may be completely covered with syrup. Pour syrup into a saucepan and boil 2 minutes or longer — until about as thick as liquid honey. Fill jars with boiling hot syrup, leaving ¼ inch head space. Seal at once, using jar manufacturer's directions. Store a couple of weeks before using.

**KITCHEN NOTES**  
If you have no scales for weighing peaches and sugar, you may count 1 closely-packed quart of peach halves as weighing 1 pound and 1 pint of granulated sugar as

## Round Table Demands Dramatic Treatment

By DOROTHY ROE

Associated Press Women's Editor

The round dining table has emerged from the Victorian era into the sleek modern interiors of today. Young married couples search the attics for Grandma's round walnut table with its pedestal base and give it the place of honor in their living-dining area.

Contemporary furniture designers are turning out lighter versions of the round table, with tapering brass-tipped legs. The silhouette is the same, however, whether the table is old or new. And the bright mood of modern dinner parties demands table settings that are gay, unusual and imaginative.

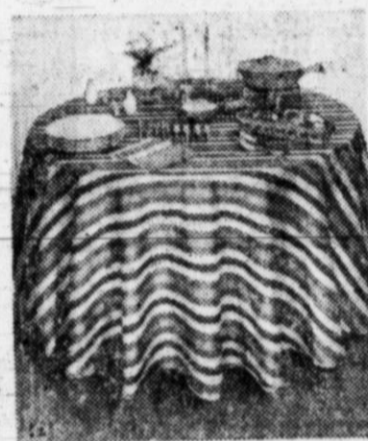

Local sewing center experts suggest making a round tablecloth, to fall to the floor in graceful swirls. Select a multicolored stripe for gaiety, such as one new fabric designed in decorator widths by Schiaparelli. Even if you're not a whiz at geometry, you'll find a round tablecloth easy to make if you follow these simple instructions:

First find center of table and run tape measure from center over edge to a point about one inch from the floor. This will give you the radius of your circle.

Cut a strip of fabric twice as long as the radius measurement, plus two inches for hem allowance. Lay strip across table so it falls to the floor on either side. Cut two more strips of fabric

weighing about 1 pound. In some food shops a little (1-¼ ounces) crystallized ginger may be found packaged in a small cellophane bag. This is economical because this amount will be enough for two recipes of the Ginger Peach Preserves.

New wide-mouth jars come without shoulders and are tapered so that they are a little wider at the top than at the bottom. They seal with dome lids and screw bands. They come in convenient ½ pint, pint and 1½ pint sizes and all the jars — except the ½ pint size — are marked so they can be used for measuring. The ½ pint jar is excellent to use for jams and jellies because it eliminates the use of paraffin.

**TABLE FASHION**—Round tablecloth is made of multi-stripe fabric designed by Schiaparelli for dining swank.

of equal length. Each strip should be wide enough so that the length and width of the fabric are equal when all three strips are laid out together. Pin selvages together, matching stripes. Stitch seams. Press open. The resulting cloth should be a large square, all sides equal. Lay fabric flat on floor. Fold fabric in half lengthwise. Find center of folded line. The piece of string to thumbtack, and insert tack at center part of fold. Measure off length of string equal to radius measurement and tie chalk to other end of string. Use string as compass and draw a half circle on fabric with chalk. Cut, allowing an inch extra all around.

A round tablecloth does not require a deep hem and is most effective with a narrow one. A satin stitch is easy and attractive, if you own one of the new slant-needle automatic sewing machines or an automatic zigzag attachment. With the machine set for a wide bight and close satin stitch, simply zigzag around chalked outline. Cut away excess fabric. Make linen napkins in assorted colors to match the stripes. Plain white plates are best when the tablecloth is as gay as this. Shining silver and crystal add the finishing touch to a happy table setting.

Fixing a cold-cup tray? Choose meats that contrast in flavor, texture and appearance.

## At The Movies

STAR THEATER

**Attack of the Crab Monsters:** Not of This Earth: A double horror show booked for Friday and Saturday. The crabs are overgrown from radiation in the Pacific and attack people on an island. In the other film, a vampire man from another planet terrorizes a city.

TOWER DRIVE-IN

**The Eddy Duchin Story:** Thursday and Friday showings of the story of the life of a dance band pianist. Tyrone Power and Kim Novak portray the leading roles.

**The King and Four Queens:** Clark Gable is a rascally cowboy mixed up with four women who have lost their husbands and also have some gold hidden away. Saturday only.

FRIGID COURT

**SPARTANBURG, S. C.** — Despite warm summer weather the Spartanburg County courthouse put on a real "cold" party.

Water pipes and a heating tank were frozen into hard ice. The chilly touch was caused by the refrigerator system going out of kilter.

## Beta Sigma Phi Chapters Slate Dance on Aug. 23

Kappa Iota, Ritual of Jewels chapter, and the Exemplar Chapter Xi Epsilon Alpha, of Beta Sigma Phi Sorority will sponsor a dance at the Bull Barn on Friday night Aug. 23, from 8:30 to 12:30 p.m. Tommy Hancock's orchestra will provide music for the entertainment.

The dance will be open to the public and the admission price will be \$1.50 per person.

This will be a benefit dance arranged by the ways and means committee to finance the annual one day district convention which will be held here on Sept. 29 at the Jim Hill Hotel. Members of the committee are Mesdames Bob Bratherton, Ed Lina, F. H. King, Carl Hollingsworth, and Harold Beachamp.

Mrs. Ernest Wade and Mrs. Pete Guinn are co-chairman for the convention.

Roll tiny squares of cream cheese into finely chopped salted nuts. Serve as a flavor-foil for a sweet fruit gelatin dessert.

## Shower Honors Bride-Elect

Miss Evelyn Lee, bride-elect of John Hix, was named honoree at a recent prenuptial gift affair in the home of Mrs. Annie Vinson. Other hostesses assisting Mrs. Vinson were Mesdames Oliver Sumner, J. F. Cheatham, Rufus Weathers, Earl Cole, Jewel Miller, H. D. Robbins, W. Fore and C. P. Wortham.

The chosen colors of pink and yellow were used in the table centerpiece of dahlias, against a white lace cloth over blue.

Mrs. Vinson introduced the guests to members of the receiving line which was made up of the honoree and her mother, Mrs. J. M. Lee of South Herzford, and the prospective bridegroom's mother, Mrs. Thomas Hix, and Miss Francis Thomas, an attendant in the wedding.

Approximately 65 guests called between the hours of 6 to 8 p.m.

## Canning, Freezing May Set Record

By ARGENT DRAPPER

Most of the happenings around the office the past week have been in regard to food preservation. It looks like the number of jars canned and pounds frozen will break all records. Remember that our food specialists say 80 quarts or packages of food per person is best for a good diet and to help stretch the family income.

Mrs. Ed Dzuik highly recommends the Dilled Green Beans which she cans from the recipe on page 12 and 13 of "Pickles and Relishes" - B-188. If you have this

bulletin, you will find the recipe on page 12 and 13, or otherwise, here it is:

- 3 pounds green beans (about 3 quarts)
  - 6 cups vinegar
  - 2 cups water
  - 1 cup salt
  - 6 bunches dill
  - 6 small cloves of garlic
  - 6 very small, hot red peppers
- Wash beans after removing stem end. Heat vinegar, water, and salt to boiling. In each sterilized jar place a piece of dill, pod of pepper, and cloves of garlic. Pack beans in jars to within one inch of top. Heat the vinegar, water, and salt to boiling, and pour over the beans. Seal and store at least three weeks before using.

## Earnings Affect Social Security Before Age of 72

Persons who are under age 72 and receiving social security payments should notify the Amarillo Social Security Office immediately if they expect their earnings for 1957 to be more than \$1,200.

The law states that a person who has earnings from wages or profits from a business, of more than \$1,200 cannot receive social security payments for all months of the year. Each \$80 over \$1,200 in earnings causes the loss of one month of social security payments.

John R. Sanderson, manager of the Amarillo Office, states that many people have the wrong impression that they can earn \$1,200 regardless of how much their total earnings for the year might be.

He points out that a person earning \$150 per month does not go over \$1,200 until September, but that the total earnings of such a person for the year, being \$1,800, causes the loss of eight months of social security payments. Thus if this person waits until he has actually earned over \$1,200 before he notifies the office that he is working and has his checks stopped, he will have been overpaid for four months.

This work provision, Sanderson adds, applies to all earnings from wages and business profits, regardless of whether the earnings are covered by the Social Security Act. The provision applies to anyone receiving social security payments while he is under age 72, including the worker himself, his wife, widow, children, or dependent parents.

Of course, there were a few human interest stories that add (Continued On Page 2)

## West Texas C of C Program Okayed

The program of the West Texas Chamber of Commerce for the coming year has been approved in its entirety, according to Hereford's WTCC director Townsend Douglas, president of the Hereford State Bank.

He said the program was approved in a meeting of all WTCC directors in that district which was recently held in Amarillo.

In the meetings, the organization's president, B. E. Godfrey of Fort Worth, presided. Fred H. Husbands, executive vice-president of the WTCC, gave the report on the planned activities.

The program of work was planned by committees who met in the organization's headquarters in Abilene in early July.

The report by Husbands covered each of the phases of endeavor carried on by the regional chamber including agriculture and livestock, state and national affairs, community services, industrial development, public information, water resources and member relations.

The board is composed of business leaders representing approximately 150 cities and communities throughout the 132 county region served by the WTCC.

WTCC directors, chosen for one year terms by members of the regional chamber in the director's city, serve as the policy-making board of the organization. They also serve as liaison personnel between the regional chamber and local chamber.

## Dry Weather Ups Danger of Range Fire

COLLEGE STATION — The increased danger of grass and woodland fires during the hot summer months poses a real threat to the cheapest source of livestock feed.

The Texas Farm and Ranch Safety Council points out that most grass fires are caused by carelessness and the failure of people to observe fire safety rules. Grass and other plants along the highways, in parks, woodlands, pastures and ranges are all dry enough to burn and motorists are especially urged to make sure that matches, cigarettes, cigars and pipe ashes are dead before they are thrown on to combustible material.

Good pasture is very important to livestock producers. They must depend on grass-lands — especially with the present prices of livestock — to keep down production costs. A charred range resulting from one careless act could be the final blow that would put a producer or producers out of business.

RANGES and pastures should be protected with fire guards. Hazards that might cause fires should be eliminated. Glass bottles may start fires. They act as a magnifying glass and when the sun's rays reach the proper angle, almost any bottle may concentrate the heat from the sun enough to ignite dry grass.

Trash should be burned in a closed incinerator and fires should be started that cannot be controlled. Everyone should be on the lookout for fires and report them if found. A small fire (Continued On Page 2)

# Open House for Savings and Loan Assn. Slated Saturday

## New Firm Will Make Home Loans, Handle Savings

FORMAL OPENING and open house for the home-owned Hi-Plains Loan and Savings Assn. will be held from 1 to 5 p.m. Saturday at the group's offices at 128 E. 3rd.

With a working capital of \$125,000, the new organization will be prepared to make home loans (both building and repair) and provide a place for insured savings which will pay 3 1/2 per cent interest compounded semi-annually.

Chartered on Jan. 28 of this year by the State Banking Department, the association has been in the organizational stage since October of 1956 and received its insurance papers Monday from the Federal Savings and Loan Corp.

Deposits will be insured up to \$10,000 by the F. S. and L.

ALL STOCK of the association is owned by residents of Deaf Smith, Parmer and Castro counties. There are 77 permanent stockholders.

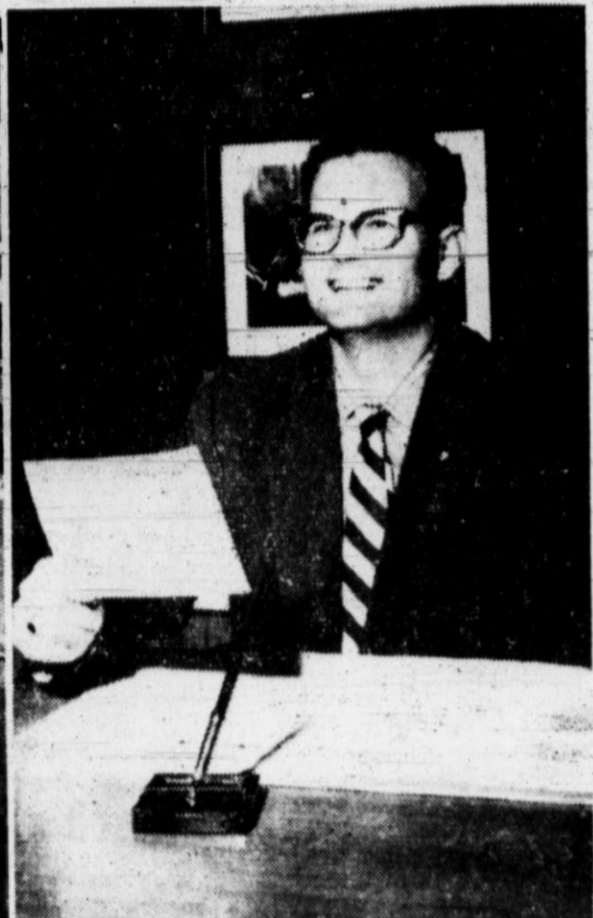

Each depositor of savings becomes a stockholder as long as his money is with the firm. Interest will not be paid on savings of less than \$5.

Jimmie Allred, owner of the Allred Oil Co. in Hereford is president of the new organization. James Headstream is one of two vice presidents and general manager. He and Mrs. Howard Goffe, secretary, are the only full-time employees.

JESSIE OSBORN, state representative and Muleshoe banker, is the other vice president. Ray Cowart, Hereford lawyer, is secretary-treasurer.

JIMMIE ALLRED . . . president

JAMES HEADSTREAM . . . general manager

Chairman of the board is Bob McLean, president of the First State Bank at Dimmitt. Directors from Hereford are W. M. Decker, B. E. Roberson, Alfred and Cowart, McLean and Steve Taylor, insurance man, are directors from Dimmitt. Pete Buske, cattleman, and S. H. (Sloan) Osborn, president of the Friona State Bank, are directors from Friona.

Headstream came to Hereford in February from Levelland to be general manager of the Hi-Plains Savings and Loan Assn.

He was secretary-treasurer of the Levelland Savings and Loan Assn. for three years. Prior to that he was employed by the First National Bank at Levelland for three years.

HEADSTREAM, 30, was graduated from Texas Tech in 1949 with a Bachelor of Business Administration degree. He is married and has one child. He and his family live at 227 Ave. F in Hereford.

"We want to invite everyone to come to the open house Saturday and to come see us on loans and savings," Headstream said.

At the open house refreshments will be served and balloons will be given to children. Adults will receive gifts of coin purses with the 1957 football schedule of Hereford High printed on them. Savings and loans accounts will be kept on passbooks, facilitating the handling of transactions.

INTEREST rates on loans will vary from six to 6 1/2 per cent, Headstream said.

The chartering of the loans and savings organization is an indication of Hereford's growth, Headstream said.

He said federal and state regulations call for \$125,000 capital held by at least 75 stockholders for a town the size of Hereford.

The new firm will be open for business at 8 a.m. Monday.

## POTPOURRI

### Mrs. Bill Gillis Has Visitors

By MARSHA COCKRELL  
Recent visitors in the home of Mrs. Bill Gillis were two nieces and their families, Mr. and Mrs. Claude Bingham and daughter Sarah K. Hester of Amarillo, and Mr. and Mrs. Garland Carey of Breckenridge. The two families also visited with Mr. and Mrs. Mill Miller. Mrs. Miller is a cousin of the girls.

Dr. and Mrs. J. O. Haymes of Lubbock spent the weekend with Mr. and Mrs. Jesse Stanford. Dr. Haymes, a newly retired minister, was guest preacher at First Methodist Church Sunday. Dr. and Mrs. Haymes returned to Lubbock Monday morning.

Arthur Stoy's mother, Mrs. T. J. Stoy, and two sisters, Lucille and Lorraine, from Dallas, left Wednesday after a visit here in the Stoy home.

Mr. and Mrs. D. E. Troyer of Littlefield, were guests of the Thomas Collinses last weekend. They are long-time friends.

Mr. and Mrs. L. C. Thomas vacationed recently in South and East Texas. They visited relatives at McCamey, Dallas and Fort Worth, and attended an Administrative Workers conference at Austin Aug. 5-9 before they returned to Hereford.

Mrs. Alby Cockrell and daughter Nancy attended a Jurisdiction Workshop for youth at Mount Sequoyah in Fayetteville, Ark., last week. Mrs. Cockrell was a staff member, and Nancy a conference delegate.

The Rev. Cockrell and Connie met them in Oklahoma after the workshop, and they all visited with Mr. and Mrs. Frank Lookingbill and Lavana, former Hereford residents, in Loco, Okla. They also visited relatives in Wichita Falls before returning home Sunday.

## Social Security Woman Is Due in Hereford Aug. 29

Maurine A. Travis Field Representative of the Amarillo Social Security Office will be in Hereford on Aug. 29. Mrs. Travis can be contacted at the court house from 9:30 a.m. to 2:30 p.m.

Mrs. Travis can furnish any assistance or information which would be available in the Amarillo Office.

## RELATIVES VISIT

Mrs. Lee Davis of Post and her son and family, Mr. and Mrs. Bud Davis and baby of California, visited relatives in Hereford the past weekend. Mrs. Davis was a guest of her cousin, Mrs. Wm. Lenderman, and Mr. and Mrs. Davis visited her relatives, Mr. and Mrs. Jim Black, and friends. Mrs. Davis is the former Miss Janie Prichard who has visited the Blacks and friends here on many occasions.

## ON VISIT

Mrs. F. P. Lyons has gone to Farmington N. M., for a week's stay with her sister, Mrs. L. E. Murray, and family.

## Alfalfa Called Versatile Crop

COLLEGE STATION — Alfalfa is one of the most versatile of farm crops. It is important to Texas as a source of hay, seed, pasture and also as a soil improving crop.

Alfalfa does best on fertile, well drained, neutral to alkaline soils of medium texture, according to E. M. Trew, extension pasture specialist. However, it is being grown on some acid sandy loam soils of East Texas with the addition of lime and plenty of fertilizer. Alfalfa needs plenty of phosphorous and potassium as well as adequate calcium. A soil test is best for determining its needs.

The most widely grown and best adapted varieties for all of Texas except south of a line running east and west through Houston and San Antonio are the "Common" varieties — Southwestern and Barstow. South of this line, Hairy Peruvian, Indian and African make more (Continued On Page 2)

## TEXANS IN WASHINGTON

# Students Heading for Home After Working in Capitol

By TEX EASLEY

AP Special Washington Service  
WASHINGTON, (AP) — Heading back to classrooms in Texas are a dozen high school and college students who have spent all or part of the summer working on Capitol Hill, seeing what makes the wheels of government turn.

Most of them have worked on the staff of Sen. Lyndon Johnson, who has a large payroll because he is the Senate Democratic leader as well as the representative of a big state. Allowance for help to help of the state's population.

Their work has been limited largely to filing of documents, typing, addressing and stuffing envelopes, operating mimeograph machines, running errands.

Frank McClendon Jr., Tyler; Sally Spears, San Antonio; and Andrew Carothers, Sulphur Springs.

Andrew graduated from Yale last June and now will study law.

BILLY CARUTHERS of Tyler, who attended the University of Arkansas last semester, says he has been surrounded by University of Texas students working with Johnson he thinks he will go there this fall.

Gary Dodge of Deer Park, working for Johnson, intends to enroll at George Washington University here this fall. Dwight Oglesby, a student at Austin High in Austin, spent part of the

summer working for the senator. His sister, Lynn, has been with him a year or more.

On the staff of Sen. Ralph Yarborough during the summer was Joyce Hill of Lubbock, a student at Texas Tech.

THREE WINNERS of a Washington visit sponsored by Rural Electrification Administration (REA) cooperatives in Texas were Herman Wilson Jr., of Warren High School, Karen Owens of Cold Springs High, and Adele DeLoe of San Augustine. They got to work for a while on both the Senate and House sides of the Capitol.

Four Beaumont youths who (Continued On Page 2)

# Farm Prices Holding Own

COLLEGE STATION — Most phases of agriculture seem to be holding their own as far as prices are concerned and probably will continue to do so — with the usual seasonal declines — for the remainder of 1957.

Marketings of meat animals and grass cattle will be a little below the levels of last summer, according to John McHaney, extension economist. Hog slaughter will likely continue below the 1956 rate until later on in the year. No price drop is in sight, except for the usual seasonal declines, and meat animal prices should maintain a modest margin over last year.

Steady or stronger prices are in prospect for fed cattle during the next few months, says the economist.

Prices of lower grades of cattle will decline seasonally. However, says the economist, they will be supported by a strong demand for feed lot replacements and prices should remain at a higher level than last year.

HOG PRICES will probably continue above a year earlier during the rest of the summer and early

fall. However, there is a slight possibility that prices at the end of the year may be a little below the prices of late last year.

Lamb prices this fall may average as high or possibly a little higher than last year, points out McHaney. Egg prices should also begin to increase. By late summer, prices are likely to be above a year earlier.

Indications point to a wheat crop of about 971 million bushels in 1957 — only 3 percent below last year. Stocks of cotton owned by the Commodity Credit Corporation or held as collateral are the smallest since October 1953.

THE AVERAGE weekly rate of mill use of apparel wool in the U. S. showed a drop in April — the sixth successive month to show a drop from last year.

The national average support price for 1957 is 60 cents per bushel for oats, 94 cents per bushel for barley and \$1.83 per 100 pounds for sorghum grain.

If feed crop prospects continue favorable, feed grain prices will probably average somewhat lower the rest of 1957 than for the same period in 1956, adds McHaney.

## Boys Ranch Rodeo Slated Sept. 1, 2

Calf riding, bronc bustin', special acts, junior and senior bull riding and a calf scramble will be brought into the open on Labor Day weekend, Sept. 1 and 2 when Boys Ranch 13th annual rodeo gets under way.

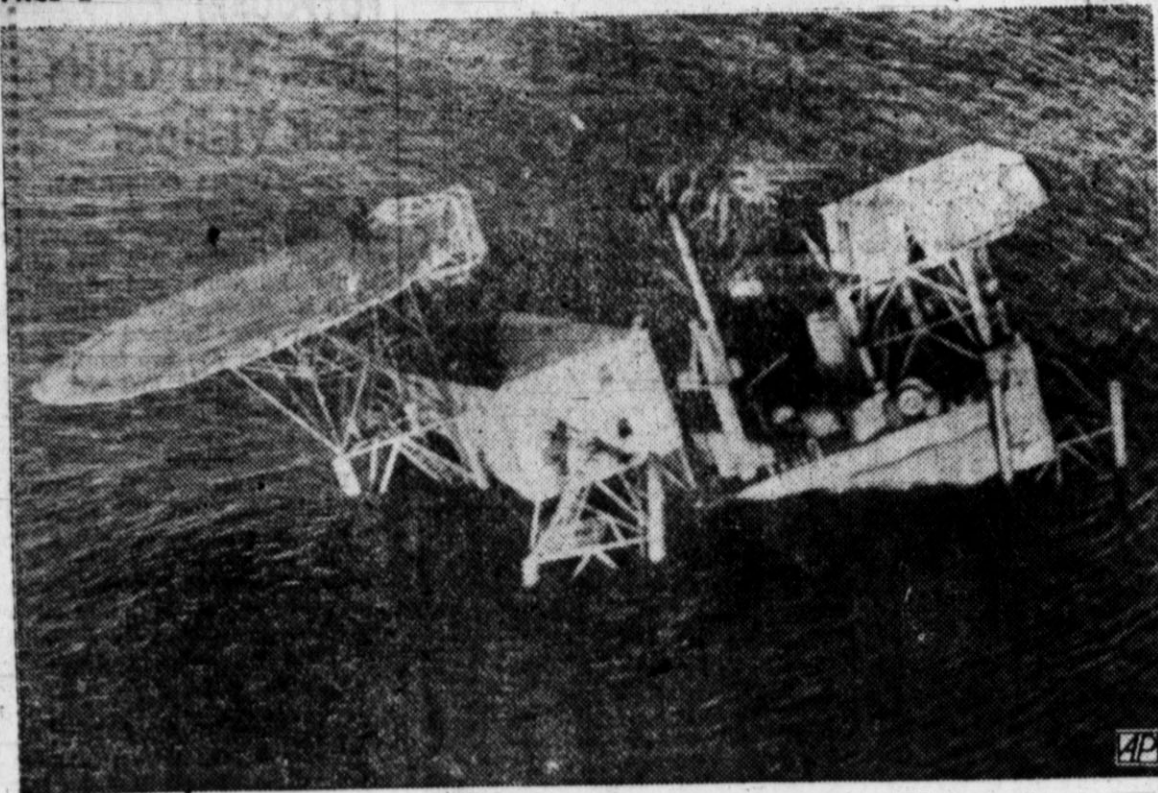

Prior to their Freeport deep sea fishing trip and, since their return, the Ranchers have been perfecting their riding techniques to bring the folks in this area a top-notch, exciting rodeo.

Those boys who do not ride help the show to go on by handling the stock, working the chutes, preparing the rigging and seeing to the many essential details.

Tickets will be available only at the Ranch the days of the rodeo. Prices are \$1.25 for adults, 75 cents for children. The rodeo will start at 2:30 p.m., both days and concession stands will be set up near the rodeo grounds.

RELIC OF THE OLD WEST—Guy Campbell, 14, holds a buffalo skull he found while riding his horse "Yellow Cat" around the range on the Campbell Ranch near Matador. Heavy rains uncovered the relic of the old West along a creek bank near Lost Canyon where thundering herds of buffalo once roamed. The skull is in almost perfect state of preservation. (AP Photo)

**OFFSHORE RIG CAPSIZES**—An offshore oil drilling rig lies in the Gulf of Mexico about 60 miles south of New Orleans, after it collapsed injuring three. About 20 other crewmen were rescued by boats. A Gulf Oil Co. spokesman said the tripod legs collapsed dropping the rig into 25 feet of water at a 45-degree list. The drilling rig, valued at \$1,200,000 was owned by Deepwater Exploration Co. of Houston, and under contract to Gulf Oil Company. (AP Photo)

(Continued from Page 1)

can usually be put out before it has a chance to spread but if unchecked, it may soon be out of control.

The Council urges community and county groups to organize for

the specific purpose of fighting grass fires. They believe the local neighborhood groups should be coordinated on a community and county basis so that if necessary, an effective fighting force could be gotten together in the shortest possible time in case of a major fire. All equipment should be inventoried so no time would be lost in getting the right equipment to the fire.

The old adage, "an ounce of prevention is worth a pound of cure", is certainly applicable. Make fire prevention your business, urges the Council.

A redwood tree, which can build several houses, grows from a seed about the size of the head of a pin.

**Long Time Ago**

**45 Years Ago**

The Civic League committee made an inspection tour of the town Saturday and awarded the local prizes. After a thorough canvass and careful inspection the committee awarded the following

**Alfalfa...**

(Continued from Page 1)

winter growth and more total yield than the "Common" varieties. Chilean could also be used in that area, says Trew.

Ranger and Buffalo are grown in the Rolling and High Plains areas for seed, but have no advantage over the "Common" varieties in forage production.

**A NEW VARIETY**, Lahontan, is expected to become important because it is about 75 per cent resistant to the spotted alfalfa aphid. Some seed will be available this fall.

Fall seeding is best for alfalfa. The weed problem is greater with spring seeding. The seedbed should be firm, clean and moist. Drill 15 to 20 pounds of seed per acre. Plant two to three pounds when planted in 36 to 42-inch rows for grazing in dry areas. Use certified seed and inoculate them before planting.

**Cotton root rot** is one of the worst alfalfa diseases, cautions Trew. Don't plant on land severely infested with this disease. Rust also does some damage. When plants are severely infested with rust, they should be harvested, regardless of the stage of growth.

Trew says that the spotted alfalfa aphid has severely damaged stands in some areas. The insect may be controlled with a malathion or parathion spray. The new variety, Lahontan, will also be helpful in this control.

prizes: first prize (for best kept block) to the block on which the Baptist Church and the homes of A.M. Jones, S. J. Dodson and Charles Cook are located. Second prize (for cleanest district) to District 9, Mrs. S. J. Dodson, supervisor. Third prize (for cleanest alley) to the Baptist Church. Fourth prize (for cleanest street) to Fourth Street. Fifth prize (for boy swatting most flies) to Bruce Sullivan.

**25 Years Ago**

Silk dresses were advertised on special at \$3.89, cotton print material, 15 cents a yard and fancy lounging pajamas, 49 cents. Meat specials were round, loin and T-bone steak, 15 cents a pound; beef and pork roast, 10 cents, and pork sausage, two pounds for 15 cents.

didn't work for the legislators, got a deluxe welcome to the Capitol when they stopped here in August on a motor trip to Canada. They had lunch with Rep. Jack Brooks and got their picture taken on the Senate steps with Johnson. The four are Hoyte Davis, John McLean, Gene Vanhooser and John Jenkins.

Two other Texas college students who paid a lengthy visit to the Capitol, visiting and looking in on committee hearings, were Stanley Brosett of Kingsville, a senior at Southwestern U. in Georgetown, and John W. Scheller of Tyler, who has been attending St. Johns Seminary in Little Rock.

Crisp rounds of unpeeled red apple are delicious with a cheese spread. But be sure to dip the apple slices in lemon juice so they'll stay an inviting creamy color.

**MUSEUM PIECE**

DAYTON, Ohio (AP) — Officials of the Air Force Museum at Dayton lay claim to what they believe is the "largest museum piece in the world."

You can go to the museum now

and gaze at the old giant. It's the Air Force's oldest B-36, which has come to rest here permanently. The hefty 179-ton bomber has joined other historic craft in the museum's evergrowing outdoor display.

The plane was the second B-36 built for the Air Force. It had 1,500 hours of flight before being flown here in February from Ramey Air Force Base in Puerto Rico. The first B-36 was dismantled.

# Modern Boom Town Short on Night Life

By BOB POWELL

MASSENA, N. Y. — Money, men and machines have pushed wine, women and song into the background in this northern New York boom area.

Billion-dollar St. Lawrence Power and Seaway construction has this once-quiet community overpopulated by the influx of workers, swirling in a new economy and thriving in the dust of multi-ton, land-moving machines.

Masseena and its river neighbors are bursting at their economic and social seams.

This transformation prompts many to label the village a boom town, but the natives deny the name.

"Boom town connotes a honky-tonk, rowdy, disorganized situation," says Roger P. Hansen, youthful executive secretary of the Masseena Chamber of Commerce.

"WE WOULD rather you referred to our good fortune as a 'rapid' expansion in 1954 when, after years of talk, final approval was given the St. Lawrence power and seaway projects. Although work on the seaway was delayed until the spring of 1955, thousands of workers quickly formed a manpower supply line to northern New York as soon as enabling legislation passed.

Automobiles carrying the red dust of Texas and the dried black mud of Mississippi rolled northward. Off buses, trains and planes came nearly 7,000 job-seeking men ready to use brawn and brain.

"At first," says Rev. William O. Thomas, pastor of the First Methodist Church, "the villagers were apprehensive about the coming of these new people. They were pleasantly surprised." Two construction workers now hold seats on the board of Rev. Thomas' church.

These modern day nomads, who travel from one construction job to another, are "surprisingly set-

tled," said Masseena Police Chief Thomas O'Neil.

"There are none of the red-eye, wild-time affairs among these men," he said. "Most of these workers are married and have families. They are settled, if one can be settled living the life they do."

ONCE ALUMINUM and milk were the main sources of income in St. Lawrence County, which contains Masseena.

The Aluminum Co. of America was the county's top employer, with more than 6,000 workers on an estimated 30-million-dollar annual payroll.

Milk production ranked second. The county is the nation's third highest milk producer and the New York milkshed's largest supplier.

The power project means cheap and assured power to Alcoa's reduction plant. The company will spend about 125 million dollars to expand facilities.

Milk, on the other hand, is suffering from a manpower shortage.

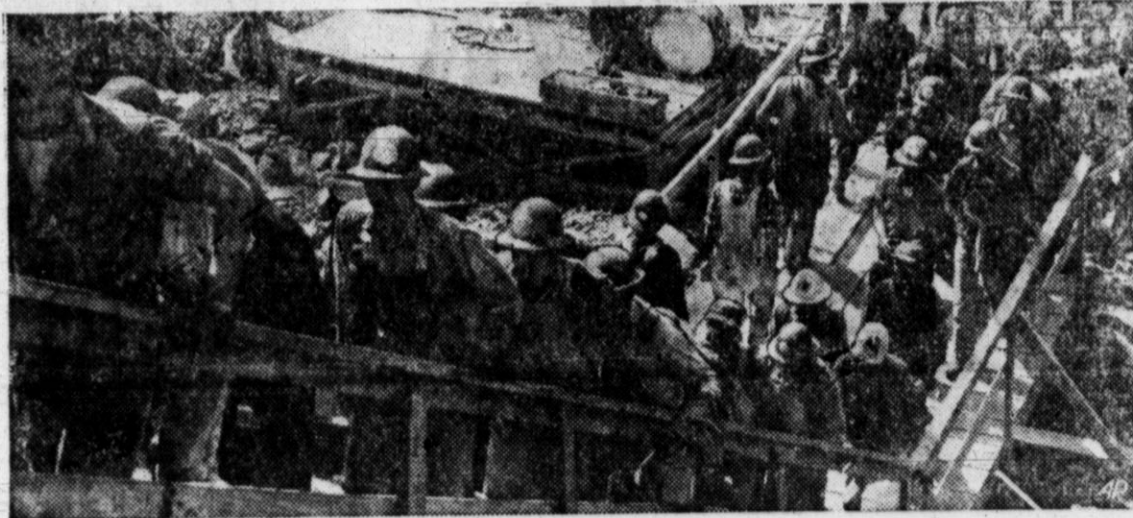

As one farmer put it: "I just can't compete with those construction and industrial wages. The day of paying a fellow \$50 a month and board is gone in this part of the country."

The dairy farmer's plight won't be eased after construction days end.

Because of the prospect of cheap and abundant power, the Reynolds metal company, and the Chevrolet Division of General Motors Corp. have broken ground for plants in nearby Roosevelt town. Reynolds is spending 88 million dollars and the automobile plant will cost 12 million.

Other companies are scouting sites. THERE IS A general feeling that when the construction boom is over, many workers will settle down and seek employment in the new industrial center.

One man who hopes to make

BACKBONE OF THE BOOM—Thousands of workers imported for the St. Lawrence Seaway and power projects are bursting the social and economic seams of northern New York communities. But Masseena, N. Y., has found they make good citizens.

Masseena his permanent home after 16 years with the U. S. Army Corps of Engineers is Harvey Day.

"I have made application to remain here with the Corps when work is completed, he said. "My wife and family love this country and we feel it is about time we settled down, anyway."

Day said many other men had the same feeling.

When all of the dams are sealed, including the main power project structure at Barnhart Island, 35,000 acres in the United States and Canada will be under water. The Barnhart powerhouse, which will be the second largest energy producing unit in the world, will spin out 2.2 million horsepower — from 32 super-generators in the 3,230-foot control.

The major flooding is scheduled for 1958. The seaway's maze of locks, dams and canals not only will speed movement of materials, but will provide scenic attractions. More than 400,000 travelers view-

ed the seaway and power projects in 1956 — a figure expected to be topped before this season is over. AS THE billion dollar boom nears completion, the big question is:

"Will the Masseena bubble burst?"

The fallout of the super-construction boom is immeasurable now, but residents foresee a rosy future, if not for themselves, then for their children.

The pulse-takers are optimistic that Masseena and its neighbors will maintain a healthy economy based on industry, agriculture and tourist trade.

### FOOD FOR THOUGHT

TOLUCA, Mexico — A tourist saw a large sign reading "Chop Suey" on the front of a restaurant. He entered and ordered a dish.

"We don't sell chop suey," the waitress explained. "That's just the name of the restaurant."

## How Can I?

By Anne Ashley

Q. How can I clean aluminum vessels that have become discolored?

A. By rubbing with a cloth dipped in lemon juice. Rinse in warm water.

Q. How can I make a recipe and household hint file, more practical than the ordinary scrap-book?

A. Buy a quantity of small 3 x 5 cards at any stationery store. Each recipe or household suggestion can be pasted on a card and then filed alphabetically. Many readers of this column are preserving these suggestions in this manner.

Q. How can I clean diamond rings?

A. Use a stiff brush and wash in soap and water, to which a little household ammonia has been

added. Then lay the stones in jewelers' sawdust until dry, and polish with a chamois.

Q. How can I prevent mold in the fruit closet?

A. Place a can of lime in the fruit closet, or on the shelves with jellies and preserves.

Q. How can I make a good duster?

A. An excellent duster can be made by using an old piece of flannel, dipping it in paraffin oil and letting it soak for several hours. Wring out tightly, then wash in tepid water and let dry. It will gather all dust and give a good polish to furniture and floors.

Q. How can I thoroughly clean greens?

A. Add a handful of salt to the second water when cleaning

greens. This makes all of the sand sink to the bottom of the pan. Another rinsing will make them thoroughly clean.

Q. How can I make cut flowers last longer?

A. They will last longer and keep fresher if a little camphor is added to the water.

Q. How can I remove ink stains from mahogany?

A. Put 4 or 5 drops of nitre in a teaspoonful of water. Dip a feather in this solution and touch it to the stain. As soon as ink disappears rub immediately with a cold wet cloth to avoid leaving a white spot.

The first textile mill in America was built in 1790 at Pawtucket, Rhode Island. It is now restored.

### Legal Notice

NOTICE OF HEARING ON CITY PAVING ASSESSMENTS THE CITY OF HEREFORD, DEAF SMITH COUNTY, TEXAS

Notice is hereby given to all abutting property owners and persons interested in the properties on the hereinafter mentioned streets, that on the 16th day of August, 1957, McMorries and Associates, Engineers, have filed with the City of Hereford, the estimated amounts per front foot proposed to be assessed against the owner or owners of abutting property and such property, on each street to be paved by the City of Hereford, as well as the total cost of the improvements on each street or portion thereof, and that the same has been duly approved by the City Commission, and the same was ordered filed and shall remain on file with the City Clerk

in the City Hall in Hereford, Texas, as well as all of the plans and specifications pertaining to such proposed improvements, and that any and all property owners and persons interested therein within the City of Hereford or elsewhere may inspect the same; and further that the City of Hereford, by Resolution adopted, has fixed the second day of September, 1957, at 7:30 o'clock, P. M., in the City Hall in Hereford, Deaf Smith County, Texas, as the time and

place for all of such owners and persons interested in such paving, and in such properties, to appear and make objections thereto, if any there be, and to contest the amounts of the proposed assessments, the lien and the liability thereof, the special benefits to the abutting property and owners thereof, by means of the improvements for which assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings, and contract in connection with such improvements and proposed assessments, if it is so desired; and this notice is given as provided in Section 9 of Article 1105b of the Revised Civil Statutes of the State of Texas, in that the City proposes to levy such costs against the respective properties as are shown in said proposed paving assessments as so filed by said City Engineers with the said City of Hereford, and against the owners of such properties.

Said streets to be paved, and the cost of the improvements on such portions thereof, with the amount per front foot proposed to be assessed for such improvements against abutting property and the owners thereof of each such portion, is as follows, to-wit:

On Avenue A, from the North line of the existing paving on Union Avenue to the North property line of Grand Avenue, width of 37 feet, triple asphalt surfacing on 6 inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2,339.8; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1,705.2; the total amount per front foot proposed to be assessed against abutting property and the owners thereof, is \$4,045.0; the estimated cost of the improvements is \$8,896.10;

On West Second Street, from the existing paving on Jackson Street to the East property line of Ross Street, width of 51 Feet, triple asphalt surfacing on 6 inch flexible

base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter, is \$2,394.8; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1,705.2; the total amount per front foot proposed to be assessed against abutting property and the owners thereof is \$4,100.0; the estimated cost of the improvements is \$2,919.67;

On Ross Avenue, from the existing paving on West Third Street to the existing paving on West Fourth Street; width of 37 Feet; triple asphalt surfacing on 6 inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$2,288.9; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1,705.2; the total amount per front foot proposed to be assessed against abutting property and the owners thereof is \$3,994.1; the estimated cost of the improvements is \$2,549.05;

On Bradley Street, from the existing paving on Knight Street to the East property line of Texas Avenue; width of 31 Feet; triple asphalt surfacing on 6 inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$1,651.4; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1,705.2; the total amount per front foot proposed to be assessed against abutting property and the owners thereof is \$3,356.6; the estimated cost of the improvements is \$2,601.39.

## Secretary of Year Wants More Work

By ALLAN MERRITT  
ST. LOUIS (AP) — Secretaries should be given more work and responsibilities.

That's a tip for the bosses from Mrs. Ruth Clemence of Chicago, chosen at the National Secretaries Assn. convention here as "Secretary of the Year."

"This might sound fantastic to some business executives but I've talked with the secretaries and most of them would rather carry a full work load," Mrs. Clemence said.

"A lot of bosses could utilize their secretaries better. Many of them don't realize a secretary would like to have more responsibilities."

"I know they are happiest when the office is busy. Sure, they might gripe. But it's during the slack periods that they grow restless."

A trim 40-year-old burnette, Mrs. Clemence is secretary to Vice President W. F. Landes of the Bell Zoller Coal Co. of Chicago. She is a former president of the Lake Shore chapter of the secretaries association and is one of the nation's 983 certified professional secretaries.

HER ADVICE to youngsters seeking to become secretaries is to strive for a thorough grounding in fundamentals such as spelling and grammar. Many young women entering the field show an "appalling" deficiency in these essentials, she said.

"Keep going to school," she advised other secretaries. "You'll learn easier ways to do things. I know that I do."

Mrs. Clemence, who married at 17 and is divorced, currently is taking a liberal arts course at the University of Chicago in her spare time. She has a married daughter, Mrs. Fay Hall of Peoria, Ill., who also is a secretary.

Should a secretary taking dictation from her boss correct his grammar and improve upon his wording when he seems to need such help?

"That's part of her job," said Mrs. Clemence. "Most executives are happy to have you do it, but it should be done in a tactful way. And the letter should still sound like the dictator."

WHAT IF a secretary, in taking a letter, felt the boss was making an error in judgment that might cost the company an important client?

"I can tell you what I would do," said Mrs. Clemence. "I would enter into a discussion with him to be certain I knew exactly what he meant. That's his province. A secretary can't make the decisions. There are things behind the scenes that she doesn't know about."

What about those situations where the boss gives strict orders he is not to be disturbed

RUTH CLEMENCE

and his wife telephones five minutes later and demands to talk with him?

"Explain to her exactly what he said," Mrs. Clemence replied. "Then if she still insists, I don't think you could refuse."

Should a secretary always be willing to work after regular hours to help the boss handle a business emergency?

"I don't think a good secretary would mind staying on in an emergency. But I can't understand those companies where they're always working after hours. I think something's wrong. I don't think they get any more work done in the long run."

Mrs. Clemence attained the rating of a certified professional secretary in 1953 after passing a 12-hour examination covering six phases of secretaryship. The examination was initiated and is sponsored by the National Secretaries Assn.

She came to the convention here as one of 15 regional finalists for the selection of the "Secretary of the Year." The selection was made by three judges on the basis of education, experience, appearance and poise.

NAVAL CONFUSION  
SAN DIEGO, Calif. (AP) — Two non-related recruits, both named R. L. McDowell, confused the Navy even further by looking alike.

Each was 17 and stood 6-foot-2 in size 12 socks.

R. L. (for Robert Lynn) is from Everett, Wash., and the other R. L. (for Raymond Lamar) comes from Warner Robins, Ga.

## Soothing, Exciting Savage Breast Makes Mood Music Big Business

By HUGH MULLIGAN  
AP Newsfeatures Writer

"Music hath charms," wrote poet William Congreve, "to soothe a savage breast, to soften rocks or bend a knotted oak."

Record companies haven't gotten around yet to providing background music for convicts at rock-softening chores or for lumberjacks whacking into knotted oaks, but they've devoted "considerable effort to soothing and exciting savage breasts."

With the advent of the multimillion dollar hi-fi industry, mood music, covering almost every conceivable situation, has become big business.

There's "Music For the Love Hours," "Music to Break A Lease With," "Music to Swipe Hub-caps By," "Music to Change Her Mind," "Music For Expectant Mothers," and even an album entitled "Will Success Spoil Rachmanoff?"

Mood music runs the gamut from African-tribal chants and Trinidad oil drum combos to schmaltzy waltzes, dripping with strings, and fiery Latin-rumba bands, pulsating with maracas and marimbas.

Previously confined to long playing albums, mood music quietly invaded the realm of rock 'n' roll this week when the name of Montovani showed up in sixth place on the Cashbox best-seller list, flanked by such unmoodly music makers as Elvis Presley, Pat Boone and Fats Domino.

Montovani, his violin and his 40-piece orchestra advanced to the august winner's circle of the pops field with a dignified rendering of "Around the World in 80 days."

The music neither shook, rattled nor rolled, it just drifted out lazily and sweetly in the charming, slightly string-heavy style that has made this Venice-born Englishman a leader in the mood music field.

Recording for London Records, Montovani has turned out some 20 long-playing albums that have chalked up more than a million sales and has become something of an international celebrity, with sell-out concerts at Albert Hall and other long-hair haunts.

Other record companies have had similar success with mood music practitioners. Columbia has Percy Faith on the East Coast and Paul Weston on the West Coast.

## Beauty At Home

Q. What shade of makeup or foundation base is best on an olive complexion?

A. On a light olive complexion, a peach-toned or beige-pink base adds a flattering effect. On a dark or swarthy olive complexion, a copper-toned base gives warmth. A pale base does not contain enough tint to keep a "dark" skin from showing through.

Q. What is the best way to keep the hairbrush clean?

A. By washing regularly in luke-warm suds to which a little household ammonia has been added. Rinse in clear water, and place the brush on a window sill or some other light, airy place to dry. Don't allow the brush to remain wet or damp for a long period; as this will cause the bristles to become loose and eventually 'drop out.'

Q. How should I apply my powder foundation?

A. Use only enough to cover the face evenly. Dot the face with the correct amount, then smooth it evenly, taking care to cover the skin completely at such points as the eyelids, under the eyes, and at the base of the nostrils. Blend it well into the hairline, and at the base of the throat. This should give the skin a smooth evenness of texture.

Q. How can I remove some lip-stick stains from one of my non-washable dresses?

A. First work some white petroleum jelly or lard into the stain to loosen it, then sponge with carbon tetrachloride or dip into a bowl of this solvent. Should a bit of the color remain, sponge with some denatured alcohol.

Q. What is a good exercise for slimming the thighs?

A. Lying flat on back on floor, hold both legs straight out and raise them about eight inches from floor. Without allowing legs to touch floor, lift and lower them alternately, as if they were the blades of a scissors. Keep them as close together as possible, to get at inner-thigh flesh. Do this rapidly, counting to 'twenty.'

Q. How should peroxide and ammonia bleach be used on the hair?

A. If you MUST do this, use equal parts of each and apply with a small cotton pad from roots to ends of the hair. Brush and comb to distribute. Oil the hair ends to prevent over-bleaching. Use hot-oil shampoos now and then to tone down the color, and if too bright, dip your head into a bluing rinse.

Q. How is a chin strap made for the purpose of reducing a double chin?

A. Several thicknesses of gauze chilled in witch hazel, and tied firmly around the face and under the chin, helps somewhat in firming these sagging chin muscles.

Q. What is a quick and effective home beauty facial mask I can make myself?

A. The white of an egg, painted over face and throat, allowed to remain for about ten minutes, then removed with warm water, is a cleansing and revitalizing treatment.

Q. Please suggest a good beauty touch for the eyes.

A. After the rest of your make-up has been completed, try treating the eyelids with a little colorless petroleum jelly, which will give them an attractive, dewy appearance.

Q. Is it all right, when tinting the hair, to give the same treatment to the eyebrows?

A. Any such treatment around those precious eyes is NOT GOOD, and I certainly do not recommend it! Any coloring you give to your eyebrows should be done with the eyebrow pencil.

**TELLTALE SCENT**  
BATESVILLE, Ark. — After getting lost on a rural road near here while serving jury summons, Sheriff Burton Arnold stopped at a small house to ask directions.

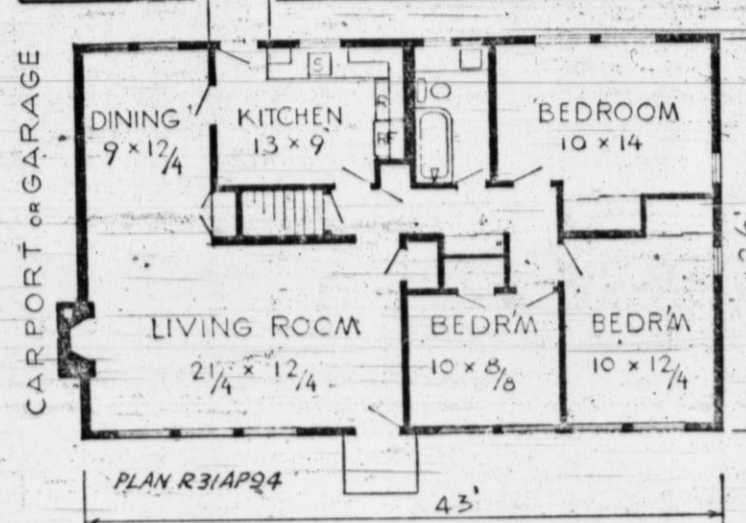

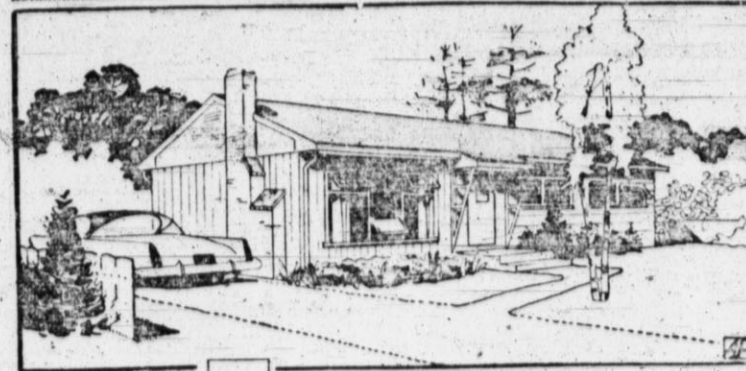

No one answered the knock but Arnold smelled something familiar. He walked inside and saw a variety of moonshine raw materials.

Later he and state police arrested a man at the house. Then Arnold went on to serve the jury summons.

RCA has the Melachro Strings and the ever dependable Andre Kostelanetz. Capitol has Jackie Gleason, who gets moody with an orchestra when he tires of being funny with an audience, or vice versa. MGM has composer-conductor David Rose and his orchestra, and Mercury employs Antal Dorati and the Minneapolis Symphony and Howard Hanson and the Eastman Rochester Symphony to fill its mood music requirements in a stirring fashion.

Among the best in recent releases are Montovani's "An Album of Favorite Tangos" (London), David Rose's "Night in Trinidad" (MGM), Dorati conducting the "Music of Johann Strauss" (Mercury) and Fred Waring and his "Pennsylvanians in Hi-Fi" (Capitol), the latter distinguished by a soaring, ceiling-shattering version of "Old Man River" that is bound to test the moode of the neighbors.

## HOMES FOR AMERICANS

NEAT AND COMPACT is the word for this low-slung three-bedroom ranch. It has economic back-to-back plumbing, with the bathtub away from the window. Bedrooms have horizontal strip windows, and the two corner rooms enjoy cross-ventilation. The plan covers 1,113 square feet. It is Plan R31AP94 by Jan Reiner, architect, Box 12, Boston 17.

## Household Scrapbook

By Roberta Lee

### Lipstick Stains

Remove lipstick stains from washable materials by laundering in hot water and soap. White materials can be bleached out with peroxide. For non-washables, apply cleaning fluid to the spot and immediately press with a clean white blotter over it. The blotter absorbs the red, and you must keep repeating the operation until the blotter no longer shows red.

### Mirror Repair

If bare spots show up on the back of a mirror, they can usually be repaired by covering them with tinfoil. Secure the tinfoil to the glass with shellac, dark paint, or glue.

### Canning

Jars for canning should have new rubbers every year. Using an old rubber may waste both the contents of the jar as well as the time spent in canning it.

### Removes Cement

If plasterers or tile-layers have left some drops of cement on your bathroom tile, just soak these spots with some hot water, and you'll be able to scrape them off with a razor blade or putty knife.

### Add Flavor

Try brushing some French dressing over the meats and vegetables when they are broiled, and this will add extra flavor and help with the browning.

### Discolored Enamel

If the enamelware has become discolored, it can be cleaned with a paste made of salt and vinegar.

### Wall Paper

For grease spots and other similar blemishes on wall paper, try holding a clean white blotter over the spot with a warm iron for

several minutes. The heat should melt the oil or grease so it can be absorbed by the blotter.

### Oilcloth Cleaner

Oilcloth can be cleaned by the following method: Dissolve five ounces of melted paraffin in one pint of turpentine. Use a sponge and rub the oilcloth with this solution.

### Olive Oil

A small pinch of salt added to the olive oil, if the taste is considered unpleasant, will make it agreeable.

### Dirty Wall Paper

Often grease spots and other similar blemishes can be removed from wall paper by rubbing with a piece of fresh white bread. Let the bread crumble away as you rub, and often the dirt will crumble with it.

Passes have been sent to the following honoring them on the occasion of their Wedding Anniversary, August 22-24:

- Mr. & Mrs. J. R. Euler
- Mrs. Jim Suttle
- Mr. & Mrs. W. S. Kerr
- Mr. & Mrs. R. Daniel
- Mr. & Mrs. Neil Cooper

## Woman Runs Cooperative Power Plant

MINTURN, Maine — The moment you meet her eyes, smiling with interest and kindness, you tune-down your complaints and thank her for being so kind as to make out your receipt.

She is Mrs. Phyllis Temple Stinson, who works on remote Swan's Island as one of the nation's youngest managers of a cooperative power plant.

Mrs. Stinson, 28, daughter of the Rev. Cecil Temple, a former minister of the Advent Christian Church here, was named manager of the then six-year-old Swan's Island Electric Cooperative last year. She now heads a company serving 200 customers on a typical Down East island where some still cling to their kerosene lamps because they don't like this new innovation called electricity.

"That newfangled thing can't last, you just wait and see," said some when electricity moved onto Swan's Island in 1950.

The day the power was to be turned on for the first time, one elderly lady sat near the door of her house with packed suitcases ready to leave "in case the darn thing blows up," Mrs. Stinson recalls.

But more and more residents are coming to her office on the 20th of the month to pay their power bills, due on that date. Only last year a cable was laid to the village of Frenchville on neighboring Long Island, and Mrs. Stinson believes her plant is capable of serving many more customers.

Under an international treaty, the catch of whales by all countries of the world is now limited. And the quotas have been decreasing in recent years.
