SIGHTS, FACES SEEN

Duck hunting stories are numerous on the streets of Hereford this week. Red hats, new guns, and heavy coats are the order of the day.

One of the worst of the stories is told on Wendell Burdine. Wendell was out hunting very early one morning recently. He shot a duck and waded out in the lake to get it. Suddenly he stepped in a hole and took a little swim (by accident) in water that was just above freezing. Wendell got his duck anyway and got to work by 8 o'clock as usual.

Among other members of the same party were L. J. Clark, Jr., Hampton, Charles Dye, and maybe one or two more hunters. The hunters wouldn't tell who did it but one of them picked out a nice bunch of ducks and fired—he just knew the duck was almost in the roaster. It was nearly. That is, if anyone wants to eat wooden ducks. That evidently was a good bunch of decoys he fired into.

Another good duck story was told about Dub Reeves and Dale Tinnin who did their hunting early Sunday morning. It seems Dub's luck is better than the ordinary hunter's story. He bagged two geese with one shot. His friend, Dale, says "with his luck all he needs is a squirt gun."

Vern Hilton and Otis Hall are still bragging about their hunting luck in Nebraska. During a recent business and pleasure trip to Nebraska and Oklahoma, the two hunted while in Nebraska and killed their limit of pheasant, ducks, and geese.

Frank Hess, chef at Hotel Jim Hill, received word this week that his wife submitted to major surgery in a hospital at Phoenix, Ariz., Monday. Last report was that her condition was all right.

Charles Dye, who has worked at Miller Auto Supply here for the last two years, is now traveling for an Amarillo supply company. He still lives in Hereford.

Guy Lawrence is telling a fabulous story about his abilities as a wrestler. Seems Guy was working out with Tommy Chyborne, a local youth, who was to wrestle at the Bull Barn last night. During the work out Wednesday evening Tommy broke a bone in his hand. Maybe Guy will take to the ring one of these years.

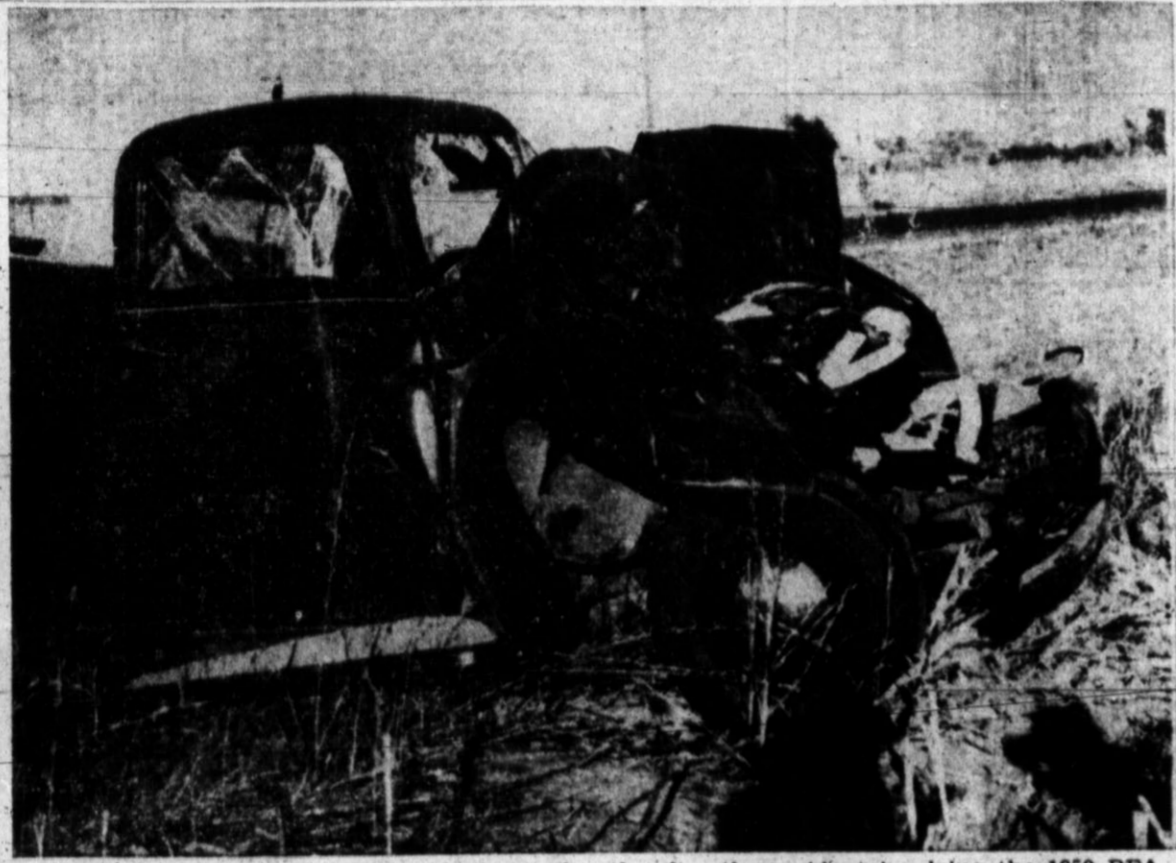

Many people know just how Jimmie Allred felt at the Lions Club the other day—the same incident has happened over and over. Jimmie started to introduce two servicemen who were guests of E. M. McCann, Sgt. DeHoff of Indiana and Pfc. Emerson of Pennsylvania. He said "two army men," two navy men," and then as his face got red, "two martins," which they are. The men were a group of five who were going home on leave and stayed overnight in Hereford because of car trouble.

Generosity of Deaf Smith County residents is recorded again. Recently the Brand announced the appointment of Robert Thompson as chairman of the Red Cross Drive and added the goal for the county had not yet been set. About a week later, the Junior Red Cross Drive was announced in the Brand. The Red Cross office in the court house has had several persons come in wanting to make a donation to the drive. They were told to come back in March—the time the big drive is made. Yes, the people of Deaf Smith County can be depended upon to take care of needs that arise.

A Total Loss—An REA pick-up is shown shortly after the accident involving the 1950 REA Chevrolet pick-up and an International truck loaded with grain. Damage was estimated at between \$1000 and \$1500. The other truck was only slightly damaged. The two REA men, Ed Johnson and James Russell, are still in Deaf Smith County hospital as a result of injuries suffered.

Two Men Injured In Wreck Friday

No serious injuries resulted from the collision of two trucks four and a half miles west on Harrison Highway Friday afternoon about 3:30, although two of the men involved are still in Deaf Smith County Hospital.

Both vehicles were coming to Hereford. One was a loaded grain truck driven by Joe Landers, who suffered a lacerated lip and was dismissed after treatment at the hospital. Edward N. Johnson was driver and James Russell, age 19, was riding in the other vehicle, a 1950 green Chevrolet pick-up belonging to the REA by whom the men were employed.

Both the REA men, who were unconscious when they reached the hospital, were painfully, though not critically injured, according to Dr. Clyde Rush, attending physician.

X-rays were made of Johnson's back and neck and of Russell's head. They revealed no serious fractures, said Dr. Rush, although Russell does have a fracture of a facial bone and Johnson, a fractured nose. In addition, Dr. Rush said both men have multiple bruises and abrasions. Russell was brought to the hospital in a Gilliland

Simms Box Finally In For Tabulation

At about 11 a. m. Thursday the ballot box from Simms No. 4 finally arrived for tabulation at the courthouse and brought the complete returns to the following from the county: Guill, 1064; Rogers, 762, in the election held Thursday.

A total of 36 votes were cast at Simms, 24 for Guill and 12 for Rogers.

Over 50 Per Cent Of Taxes Are Collected

More than 50 per cent of the 1950 tax roll has been collected, but collections are still running three per cent less than those for the same period of 1949, states Worth Covington, county tax collector. Up to this week, 58.2 per cent of taxes charged are collected as compared with 61.2 per cent for the same period in 1949.

Following is a list of the taxes charged and taxes collected for 1950:

Virgil Young To Go To Army on November 21

Second Lt. Raymond Virgil Young, son of Mr. and Mrs. E. W. Young, goes into active duty on November 21 when he reports to Fort Hood for induction.

Mother Is Ill

Mr. and Mrs. W. D. Gibson were called to Durango, Colo., Friday by the sudden illness of her mother. Mrs. Gibson is employed by the Brand, and he is employed by the REA.

Fire Department Is Praised For Speed

R. G. Lewis, who owns the property where the Palo Duro Body Shop is located, praised members of the Volunteer Fire Department, for the rapidity with which they extinguished the fire at the shop Friday afternoon.

Damage was negligible, said Mr. Lewis, but it could have been great if the fire had spread. A truck containing 4500 gallons of aviation gasoline was sitting in front of the shop with no wheels. He said the fire boys did an "excellent job". Only damage to vehicles was a pick-up on which the paint was only scorched. There was little damage to the shop.

"We don't actually know what started the fire, unless it was gas fumes," said Mr. Lewis.

Hospital Board Discusses Work

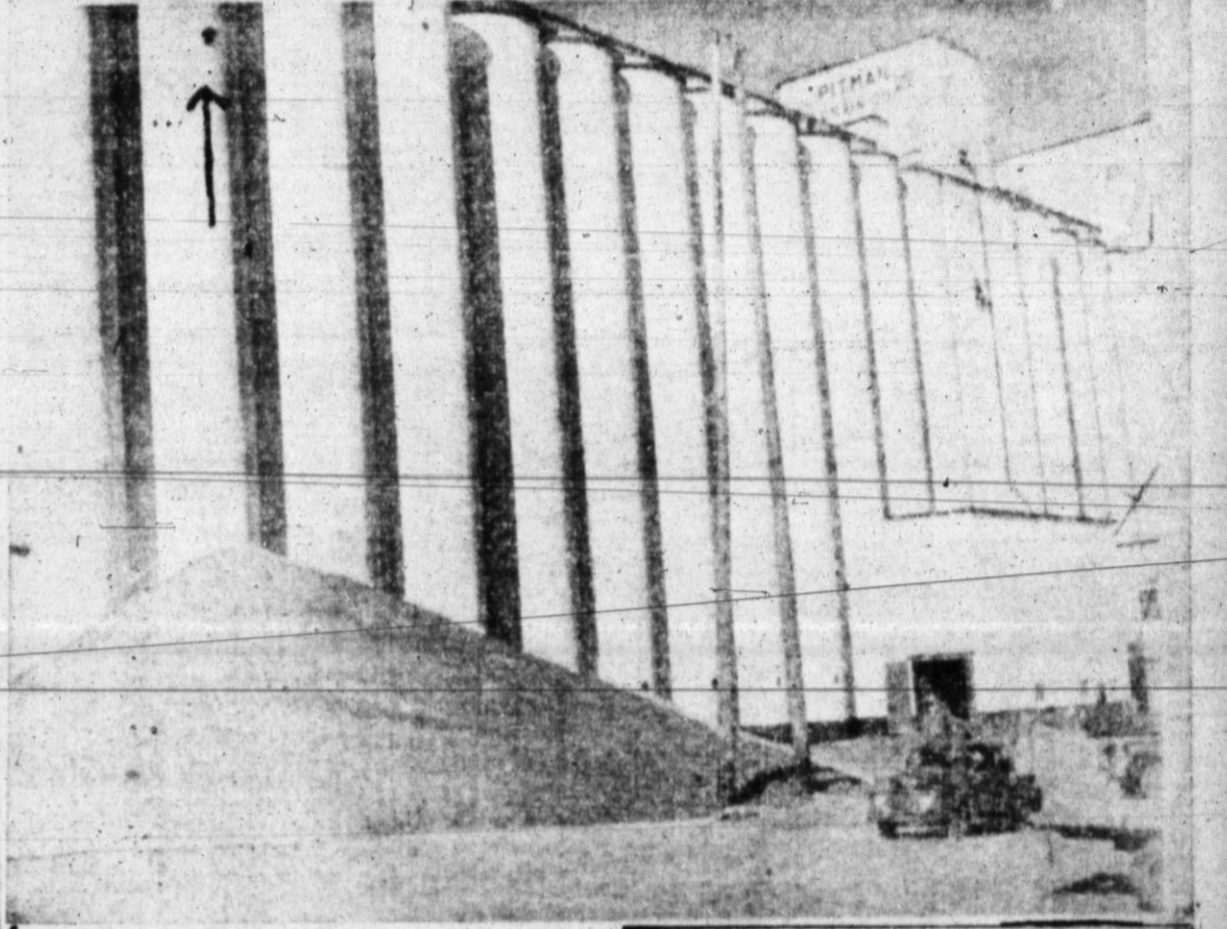

The Board of Directors of the Deaf Smith County Hospital met Thursday evening at the hospital with T. E. Seigler, Jr., chairman, presiding.

The board expressed satisfaction with the way Miss Pearl West, hospital supervisor, is running the hospital, said Mr. Seigler.

A check for \$300 was accepted from the Calliope Study Club, and it was decided the money should be used to buy another incubator. The new one will be more or less portable, said Mr. Seigler, making it of great value in the delivery room or in other rooms of the hospital when needed.

Brighter outlook was forecast by the Board for the finances of the hospital. At present, by the collection of old accounts as well as new, the hospital is making its payroll and current bills.

"We have now outstanding something over \$14,000 in bills accumulated since January 1," said the chairman. "We do not wish to impose a hardship on those who actually cannot pay their hospital bills, but we are doing everything possible to collect from those who can pay, yet fail to do so."

HEAP O' GRAIN—Over \$30,000 worth of grain in one pile, if the estimate of 40,000 bushels in the pile is correct. The grain was heaped up after the mammoth Pitman grain elevators had been filled and no railroad cars were available for shipping the product. The grain is brought in trucks from farms, dumped in the elevator, raised to the top and pours from the hole (see arrow) to the ground pile beneath. Piling the grain directly from trucks on the ground would be impossible, since it could not be made to reach any appreciable height.

SPILLING OVER—From the hole, a steady stream of grain falls to the earth in the photo at right as Southwestern Public Service linemen hoist two giant 90-foot poles to be used for placing a pipe in the hole and throwing the grain farther from the elevators.

Grain Storage Space Is Short; Cars Unavailable

The grain harvest, produced from the largest row crop in Deaf Smith County's history flooded into local grain elevators this week, filling most of them and overflowing onto the ground in one, as the shipping problem became darker and no promise of additional railroad cars was in sight.

Although recent freezing weather has caused a temporarily higher moisture content in the grain, buyers said the overall quality of the product was still good.

The market held steady at \$1.65 and \$1.66 per hundred pounds. Milo, all of which is slanted for export, must be marketed in the state in line for export between Hereford and the Gulf.

Pitman Grain company elevators had filled by Wednesday and grain was being piled on the ground. By Friday a pile of approximately 40,000 bushels had been heaped up, and Mac Pitman said the stack had only

begun. Alton Frazer of Frazer Elevators were almost full and probably was not more than one third completed. Sears Grain company reported their elevators were almost full and probably would be on Sunday.

In contrast to wheat, grain harvest requires from October until December, and the complete amount of the tremendous output will not be known until then.

The shortage of railroad

cars and the record crop have this year made the storage problem more severe than ever. It is reported the railroad company allotted 10,000 new boxcars to this area this year, but 30,000 cars were condemned, leaving the area 20,000 shorter than last year.

Moisture content is still too high in some of the grain over the county. Most farmers are being careful to wait until it is certain the content is sufficiently low for harvest.

Price Of Cotton Highest In 70 Years; Good Yield

Highest price in 70 years is being paid for cotton, says John McCleskey, manager of the Hereford Cotton Gin, who predicts the farmers in Deaf Smith

County and surrounding counties will net more money per acre from cotton this year than any year since 1910. The price has gone up about \$10 per ton in the last few days.

Car Out Of Control Crashes Into Ditch

A car, reported taken from the Hereford K. & F. Sales without permission, went out of control Thursday night on South Main Street, crashed into a culvert and plowed into a deep ditch, causing between \$500 and \$700 damage to the automobile, according to Mac Reigle, new co-owner of Hereford K. & F. Sales.

Reigle said the automobile was locked inside the Sales building, and it was thought had been stolen until it was reported wrecked in the ditch on South Main.

The driver, who was not named, was reported unhurt.

C. of C. Issues Trucks' Permits

The Hereford Chamber of Commerce recently began issuing permits for the State Highway Department for overweight and overlength trucks. It was revealed this week by Chamber of Commerce manager, Tom McFarland.

The manager pointed out that farmers may fill out permits here and save a trip to Amarillo. Further information about the issuance of the permits may be obtained at the Chamber of Commerce offices in the Jim Hill Hotel.

Whitefaces Smash Favored Phillips In Upset Of Year

Eyebrows went up all over the Panhandle Friday night. Hats went up too, in Hereford, and a terrific vocal roar—of pain by Phillips, of triumph by Hereford when the Whitefaces, charged with lightning, butchered the Phillips Blackhaws 35-9 in the Panhandle's greatest upset of the season.

Coach Dalton Criswell's underdog team scored five times, rammed over 24 first downs,

drove 458 yards through scrimmage and virtually outplayed from beginning to end the forecasters' favorites, the district's top team.

Shivering in sub-freezing temperatures, fans watched the Whitefaces snag their man behind scrimmage with tackles that threw Blackhawk carriers twirling through the air, fumbling the ball and, finally be-

coming desperate, throwing wild passes which were intercepted by Whiteface carriers or fell incomplete.

The game marks Hereford's first win over Phillips in the history of the two teams. Only one other time have they ever come near. That was when the teams tied several years ago. The Herd has but to beat Dumas, now, to clinch a three-way tie for the

District 1-A Championship

If the Blackhaws—who beat mighty Dalhart—lose their game next Friday with Perryton, the tie will be two-way, and if Dalhart should lose, Hereford would remain undisputed champion.

Unbeaten until Friday night in conference play, the Blackhaws were thrown into confusion and battered hard in all quarters.

In each of the game's plays eleven Hereford men stood out as playing the best brand of football this season. Never losing their fire, they held Phillips while fans held their breath—but little hope.

Phillips began the scoring with their lone touchdown in the first set of scrimmages of the game. They began their drive on the Blackhawk 29, drove to the Hereford 40, were penalized 15 yards, and lost the ball on downs. They recovered a fumble three plays later, however, and drove to the 12 where Wells went over.

Hereford dug in and sent Walwer scampering off left tackle for 47 yards, where Walterscheid took over and scored the first Whiteface counter.

With the score tied up 7-7 in the early minutes of the second half, Stanton, Walker and Kelly set up the second touchdown, driving to the Hereford 17, where Stanton went over on a single reverse to the left. Kelly, who made all five extra points, put a beautiful kick over the goal posts.

Never slowing, the White-

EVIDENCE of the beating Phillips suffered at the hands of the Whitefaces is shown in the picture above. The Herd played one of their greatest games of football to defeat the district favorites, Blackhaws 35-9, and put Hereford in line for a three-way tie in conference play. Overcoats worn by spectators give evidence, too, of the sub-freezing weather in which the game was played.

In The Ditch a car, reported taken from the Hereford K. & F. Sales without permission, is shown. Damage was estimated at between \$500 and \$700. The car hit a culvert on South Main and plowed into the ditch.

Round Town

Kerrville is visiting her brother, R. A. Fullwood, and other relatives in Hereford.

Methodist pastor Don Davidson pointed out that Hereford was well-represented at the Baptist convention in Ft. Worth. Dick Cagle, pastor of the First Baptist church, General Dwight D. Eisenhower and Evangelist Billy Graham were speakers of the day at the convention. "I'm going to invite Winston Churchill at my next meeting," he added.

Mac Reigle, recently of Granger, Iowa, near Des Moines, this week became co-manager of Hereford K. & F. Sales. Mac is married and has one four-year-old son. A recent graduate of Capitol City Commercial college (as old as Drake University, he points out proudly), Hereford's new citizen and his family live at 236 West Third, Apartment No. 5. Mrs. Reigle, a native of North Dakota, is a former teacher.

That thermometer which KPAN's Don Boles kept quoting and calling property of the Hereford Brand at the game Friday night actually was loaned to the Brand by the radio station.

Whiteface...

(Continued from Page 1)

faces scored again a few minutes later after Slagle intercepted a pass and drove to the Phillips 14, where Kelly went over. Late in the third quarter Phillips accounted for their other two points when a fumble was recovered by a Whiteface over the Hereford goal line, making a safety for the Blackhaws.

In the third quarter's last play Kelly went off tackle and danced 63 yards to the Phillips nine-yard line, setting up the Herd's fourth touchdown, which came in the next play when Walterscheid went off tackle, bringing the score to 28-9 in favor of Hereford.

The final TD was piled up by Walker, who powered through center for one-yard after a long down-field drive.

The Whitefaces benefitted from a backfield switch. Leonard Walterscheid, fast and tough, filled the left half-back slot and brought gains to his team on almost every play.

A subtle change in the platoon system on offensive and defensive threw Phillips into chaos and gave the Whitefaces the lead they needed to clinch victory.

Walterscheid, who played left end until Friday night was replaced by Franklin Boyd. Kenneth Brock played right end, Bill Kelly at fullback, Jack Stanton at quarterback and Dwayne Walker at right half. Hereford's battering ram consisted of Tim Corbett at left tackle; Alton Brock at left guard; Randolph Thomas at center; Neil Witherspoon at right guard; and Raymond Dement at right tackle.

Play-By-Play
Dement kicked off for the Herd to the Phillips 10-yard line, where Hodges picked it up and returned to the 29. Hodges made eleven yards and a first down on the Blackhawk's first play from scrimmage. Walterscheid stopped him before he could make more than two yards on the next play. But Wells got away on the next and stacked up another first on the Hereford 49.

Walterscheid stopped Hodges again after a four-yard gain, and a 15-yard penalty against the Blackhaws brought the ball back to the Phillips 33. Morton and Alton Brock stopped Wells after an eight-yard gain, and Wells kicked 32 yards on the next play.

After three yards gained by the Whitefaces, Phillips recovered a Hereford fumble, and Hodges took over on the Hereford 23, driving into the end zone for a 16-yard drive through the line.

Stanton returned Wells' kickoff to the Hereford 33, where Walker, Kelly and Walterscheid drove five yards before punting.

Wells took the Whiteface kick and was downed on his own 22. Hodges made eight yards, but Corbett and Walterscheid knocked Wells for a three-yard loss on the next play. Fish and Walterscheid stopped Hodges at scrimmage and forced Wells to kick.

Walker took the boot on his own 20 and punted up to the 29. Stanton made a first down on the first play from scrimmage. Then Walker cut through the right side of the line, swung left and didn't stop until he was hit on the Blackhawk 14.

Walterscheid took the ball and galloped those 14 yards to score. Kelly's point was good.

Dement kicked off to Wells on the Phillips 18. He went 12 yards on the next play.

The Blackhaws entered the second period in the midst of a drive which carried them all the way to the Hereford 10-yard line. Not relating for a single play, the Whitefaces dug in and

held the Blackhaws and took over on number of downs on their own 18.

Kelly and Walterscheid made the Whitefaces' first 11 yards. Walker went three yards on the next play, and Walterscheid four on the next, but two penalties — one for 15 against the Herd and a five-yarder against the opponents — put the ball on their own 22. On the next play Kelly broke through and skated 78 yards down the right side of the field all the way to the goal line, but the play was called back, and the Herd assessed a 15-yard penalty. Stanton made five on a bootleg play, but far from enough for a first down, and Kelly kicked 55 yards.

Reddick had no sooner grabbed the ball than he was nailed in his tracks. Walterscheid tackled Hodges before he could gain, and Dement got Wells away for only three yards before Hodges tackled him on the next play. Kelly kicked 40 yards on his fourth down.

Stanton took possession in the next series of downs. He returned the kick 21 yards, went nine on the first play from scrimmage and two more on the next for a first down.

Kelly kicked on down number four after the Whitefaces ran through their series with two penalties, one incomplete pass and a three-yard gain by Kelly.

Wells made 8 yards and the first half ended.

Second Half
Wells kicked off for the Blackhaws, and Kelly took it on his own goal line and snake-hipped back to his 22.

Walker got away off tackle on the first play from scrimmage and punted 34 yards. "They're gone again!" the crowd roared. And they were. Kelly went for six, Walker eight, then three more. Kelly tried an end run for a yard. Then Stanton cocked his left arm and shot a sherry to Brock—good for seven yards. Walker made three more. Then Stanton took off on a single reverse to the left and dashed 17 yards for the score. Kelly came through again.

Burdened with a 14-7 hardship now, the Blackhaws fumbled while returning Dement's 45-yard kick. A Phillips man recovered, however, and Hodges tried right end, only to be met by Slagle and tackled hard. Desperate, now, for a first down, the Blackhaws took to the air. Reddick shot a pass deep into the field. Slagle pounded in, took it and dashed 14 yards.

Kelly made the next touchdown, scooting straight over center.

Boyd and Corbett dropped the ball on the line of scrimmage in the first play after the kickoff. Still believing in the air, Reddick shot a long one to Dale Fisher, who galloped 60 yards before Walker called him to a halt.

It looked bad for the Herd when Hale made a first down on the next play. But Fish evened things by stopping Reddick three yards behind scrimmage. Wells made six. But Hodges and Hale were unable to gain on the next two plays, and the Herd took over on number of downs.

Operating from their own goal line, the Whitefaces put the ball in Walker's hands, only to see him stopped on the line of scrimmage. Stanton was stopped and fumbled on the next play, but recovered. The safety gave the Blackhaws the last two points they made in the game.

The Blackhaws fought from their own 45, but were thrown for a 13-yard loss from penalties and setbacks.

In the 1st seconds of the quarter, Kelly went off right tackle, broke through a wall of Blackhaws and outran the Phillips team all the way to their nine-yard line.

Jr. Red Cross Drive Is To End Wednesday

Satisfactory progress being made in the Junior Red Cross membership enrollment campaign now being conducted in the local schools, announced Mrs. Cecil Lady, chairman of the drive. An all-out effort is being made to complete the campaign by Wednesday.

In addition to the membership drive, the organization is aiding each school room in filling and sending approximately 150 gift boxes to school children overseas.

Representatives from each of the high school classes have worked as a committee during the drive in which every grade in school participates.

"This year more than ever before," Mrs. Lady said, "The American Junior Red Cross is concentrating its energies toward world peace and international understanding. It is also expected that national and community service will be increased."

Black Study Club Meets With Mrs. Grace Parr

Mrs. Grace Parr was hostess to the Black Study Club on Thursday of last week. Roll call was answered by each member showing a useful or unusual item or pattern she had made.

Lucille Rockey gave an interesting discussion of home color schemes and Mrs. Emma Elmore gave an illustrated talk on furnishings in the home.

Jim Robinson and Ernest Med. kief left for some deer hunting in Mexico.

but failed to get a deer. Kelly's pun and a penalty on the ball where he had to give it on the Hereford 25.

Walterscheid made a first down to the Phillips 36. On the next play Kelly went wild, plunging 30 yards. Stanton silted 21 yards.

Kelly made five, and Brock picked up nine more when he snagged a pass from Stanton.

Only one yard from the goal, Walterscheid took the ball and went over for the final score, bringing the Herd to 35-9.

Corbett and Reese stopped Reddick and Hodges, throwing the Blackhaws back three yards. Reddick tried a pass, but Walker was on hand to intercept it and dash to the Whiteface 25.

Walters made seven, Kelly 3 a first down. Walker picked up one, then another. Stanton's pass to Walterscheid fell incomplete, and Stanton ran for three on the next play.

When the Blackhaws took over again on number of downs, they took to the air, only to have Morton come in this time for the interception.

Stanton wracked up another first down with a 15-yard run to the Hereford 41-yard marker. Penalties, however, in the next series of downs prevented the Whitefaces from gaining further.

The Blackhaws made a first down as a result of a 15-yard penalty, then another for penalties and runs. The game ended, however, after Reddick's last pass to Hale fell incomplete on the Blackhawk 40.

Co-captains for the game were Morton and Walterscheid, and "Sam" Inman was honorary captain.

Bindweed Experiment On Noland Farm

Charles Noland's farm will soon be free of bind weed, or possession vine, if the experiments started there this week are successful. Like many other farmers in this area Noland has scattered patches of bind weed infestation on his land.

In co-operation with the Texas Extension Service, Production and Marketing Administration, Texas Agricultural Experiment Station and the Soil Conservation Service, Noland recently applied about 3,000 pounds of chemicals to several patches of the weed. The work was under the direction of Roger Hamilton, Agronomist with the Texas Agricultural Experiment Station now located at the Bushland Soil Conservation Service Station.

Several kinds and amounts of chemicals were applied on land in the Northeast quarter of Section 171, Block M-7, near Summerfield.

It has been demonstrated that the application of these chemicals at the rates given will almost completely eradicate bind weed. However, since all of them have alkaline and salt bases they also will sterilize, or kill, the soil for a number of years. Under ordinary dry land conditions with normal rainfall the land will remain sterile for 3 to 4 years.

But, it is believed if the land is irrigated, thus taking the chemicals down to and killing the roots and further irrigation leaches the chemicals down through the soil below the root zones of cultivable crops the period of sterility of the soil will be greatly reduced, according to H. M. Peevehouse.

With this in mind the chemicals were applied and the land immediately irrigated. About 6 inches of water was applied to some of the plots very slowly (about 300 gallons per minute for 9 hours). Other plots will receive water early next week. The water on all plots was carefully controlled by the use of border ditches.

The entire field where the plots are located now has a flourishing legume cover crop of Austrian Winter Peas, which will also be irrigated at this time. Thereafter, the bind weed plots will receive the same treatment, be irrigated, plowed and planted, the same as the rest of the field. Conditions of the soil and the plants grown thereon will be carefully observed during the next twelve to twenty four months.

Anyone interested in information concerning the eradication of Bind Weed or other noxious plants was invited to call at the office of County Agent Hugh Clearman or the Soil Conservation Service office in Hereford, Peevehouse said.

Mr. and Mrs. J. W. Robinson, Jr., left Thursday for McKinney where he and his twin sister, Mrs. Glen Allen, celebrated birthdays Thursday night. They also attended the SMU-Texas A&M game in the Cotton Bowl in Dallas Saturday.

Mrs. Cella Thornton of West Palm Beach was recuperating in Deaf Smith County Hospital yesterday after having fractured her left arm when she fell Friday in the home of her sister, Mrs. Henry McDonald, at Summerfield.

The accident occurred just before noon. Mrs. Thornton said she was walking through the dining room when she fell, throwing all her weight on her left arm.

A surprise birthday party Monday evening honored Mrs. D. W. Allmon at her home when a group of neighbors brought gifts and refreshments.

Canasta was played during the evening after which refreshments were served to Mesdames June Callaway, Irene Mathews, Flossy Thompson, Ethel Blanton, Earline Schneider, Pete Hooper, Aneta Morris, Shirley Kirkpatrick, Edna Draper, Orvella Daniel, John Yarbo, Fern Miller, and the honoree.

Mrs. J. P. Slaton gave the program on "Growing Lesser Known Members of the Iris Family". "If we could grow none but the bearded iris we would be well repaid," she said, mentioning the Iris, gladiolus, Watsonia, crocus, Ixia, Freesia, and Tritonia as the Iridaceae family. Among the lesser known which she suggested for trial here were the English, Spanish, and Siberian Iris.

Those in attendance were Mesdames: Jim Brock, Lyle Blanton, W. S. Flutt, John Jacobsen, Jr., F. M. Kester, A. L. Manjeot, Ralph McCullough, E. Ramey, Jack Roberson, Jeff Gilbreath, M. T. Rutter, J. B. Slaton, E. W. Young and the hostess.

NORTHWEST HEREFORD NEWS

Residents of Northwest Hereford Participate in Many Activities

By Mrs. R. C. Childers
Fred Inman is the first to start pasturing his wheat. He has about 30 head of milking shorthorn cows and calves which he put on the wheat Sunday. Mr. Inman spent most of Sunday building fence around the R. E. A. booster station on the southeast corner of his place, so he could put his cows on the wheat. Mr. Inman works at the Triple A office in the courthouse and doesn't have much time for farming. His girls worked the wheat land and sowed it in wheat this year. From the looks of the crop they did a very good job.

Newlyweds Return
The newlyweds have finally found their way here and are living on the Jack Renfro place where he has been employed. They are Mr. and Mrs. Stan Nelson both of Stillwater, Okla. Mr. Nelson went to Stillwater several weeks ago to be married and on his arrival there he found orders to report to the Navy for a two-week cruise. At the completion of his cruise they were married in Stillwater. They had a small church wedding with only the family and close relatives in attendance. They returned here Friday, where Mr. Nelson resumed his work in the dairy on the Renfro farm.

Mrs. Nelson was the former Darlene Woolworth. She was a senior in the Stillwater High school. She plans to finish her school year here.

Mrs. J. T. Shelton and Mrs. Nettie Wiseman of Vega were visitors in the home of Mr. and Mrs. J. T. Richardson Friday. Mr. and Mrs. E. C. Franklin from Arney came to Hereford to see the football game Friday

night and just happened to meet the G. F. Witherspoons in the service station. They were old friends of the Witherspoons and the Hartmans years ago, having taught many years ago at Westway. They will be remembered by all the old timers. After the game they visited in the Witherspoon home.

Those attending the Hereford Ceramic Arts Club from this vicinity were Mrs. J. T. Richardson and Mrs. R. C. Childers. The club met at the home of Mrs. O. H. Culpepper.

Receive Awards
Three of the Workers 4-H girls received recognition at the Achievement program held at the Shirley school Monday night. They were Glenda Hargett, Jeanne Palmer and Sue Cooke who received awards for outstanding work done in the county. They were chosen to go on the camping trip during the summer for their work.

One boy from this vicinity received an award: The Extension Service presented Raymon Childers with a sterling silver penant for his efforts put forth in the Dairy Achievement program.

Carolyn Cooke will submit to major surgery Saturday morning at the Deaf Smith County Hospital.

Mrs. Joe Watson and Mrs. Stan Nelson were visitors in the R. C. Childers home Sunday afternoon.

Mrs. Gladys Dixon and family came to the football game Friday night and spent the night in the R. N. Cooke home. Mrs. Dixon is a sister to Mr. Cooke. They live at Canyon and she teaches in the Canyon Public school.

Mr. and Mrs. Ray T. Stewart

of Summerfield were visitors in the home of Mr. and Mrs. Hershel Crooks Sunday.

Charles Inman, who has been in bad health for many years, is quite ill. His family is sitting up with him each night. There are three of his boys and their families living in and around Hereford. Fred and Woodrow Inman live in this vicinity. Burk lives in town on 25 Mile Avenue. We hope Mr. Inman has a speedy recovery.

Mrs. R. N. Cooke was in Canyon on business last Thursday. There are fewer combines running since the freeze than before. The moisture content is higher. It is reported that sucker heads are one of the main things that is holding up the grain harvest. They will just have to wait for them to dry out after the killing freeze before they can start combining again. Most farmers are getting quite anxious to get the maize harvested for fear high winds will blow it down. The stalks are quite brittle since the freeze.

Friday is the day the Cultural Club meets again. It will meet in the home of Mrs. Noble Willier. Mrs. Willier is the club's newest member, and we welcome her into the club. At this meeting a film will be shown on Cancer, and all members are urged to attend.

Mr. and Mrs. Fred Wolfington visited in the home of Mr. and Mrs. J. Wolfington Sunday in Plainview. Their boys who were hurt in the motor scooter-car collision, are getting along fine now. They have been released from the Plainview hospital. Garland is in a cast up to his waist. He has had four operations on his leg, and will have to remain in a cast for six months.

Mrs. J. Childers and children from Tulla, have been visiting in the home of her parents, Mr. and Mrs. Grady Parsons this week.

Mr. and Mrs. A. H. Inman from Plainview are spending the

week in the home of Mr. and Mrs. Wayne Johnson. Mrs. Inman is a sister of Mr. Johnson. Mr. Inman is hauling grain for George LaGrand. Mrs. Johnson is hauling for her husband.

Mrs. Grady Parsons was hostess for Mrs. C. E. Watts who is sales lady for plastics. Those attending were Mesdames Paul Garbett, J. T. Richardson, J. Childers, Mrs. Watts and the hostess.

Mr. and Mrs. A. H. Inman and Mr. and Mrs. Wayne Johnson visited in the home of Mrs. Inman and Mr. Johnson's parents, Mr. and Mrs. Earl Johnson of Pampa Tuesday night.

Cold weather has slowed down field operations in this vicinity. Farmers are wishing the winds would not blow so hard. Reports are that some are going ahead and combining, even though the moisture content is high and piling it in ricks, and turning it to dry it out.

Art Lewis harvested all of his milo several weeks ago and had a very good average. He got an average of 89 bushels to the acre. His was all on irrigated land. He should have plenty of water next year as he has

Jolly 4-H Girls Hold Business Session

Refreshments were served to Mary Cayton, Mary Pashel, Peggy Browning, Thelma and Doris Epting, Arlene Couppell, and the leader, Mrs. Epting.

drilled two new wells just recently.

Mrs. Stan Nelson registered at school Monday and is only having to go to school half a day for the rest of the semester.

Raymon Childers, Jr. played for the Kiwanis Luncheon Thursday at noon.

Homer Milhore formerly of this community, who moved last summer to Summerfield, then had a farm sale some weeks ago, has located way down in Louisiana at Greenwood. He is in the dairy business there. He says he has a nice barn and plenty of pasture for his cows. He says that he isn't milking too many yet, but that he will have plenty of fresh cows in the spring.

Observance Of Nat'l F.H.A. Week Begins
Plans have been completed by the Future Homemakers of America for their activities for National F.H.A. Week, which begins today.
On Sunday, the girls will go in groups to the churches of their choice. Each girl will have a red and white ribbon corsage.
Monday, they plan to place an attractive bulletin board in the hall at the high school to announce activities for the week. They also intend to have a radio program. The club is planning to clean and remodel the teacher's lounge at the high school on Tuesday. Wednesday, they plan to take baskets of food and clothing to needy families in town.

There will be a tea given to honor the mothers of the F.H.A. girls on Thursday afternoon. Friday is family day and each of the girls will make a special effort to add to the family happiness. Some of the club members intend to take over many of the household duties which are usually done by their mothers.

Hobo Day will be held Saturday to raise funds for the club and to aid the housewives in town. The girls will be dressed as hobos and will do most any type of work well. This money will be used to finance their summer camp and to send a delegation to Fort Worth for the state meeting. Don't Follow Fire Trucks, Say Police
Chief of Police Floyd R. Reeves yesterday issued a warning, "don't follow the fire trucks." One car was observed following the fire truck Friday when it was called to the Palo Duro Body Shop.
Besides standing the chance of getting in the way of firemen, drivers who follow the fire trucks are breaking the speed limit. In the future, fines will be imposed upon those who follow the fire trucks, said the chief.

Church Time Change, Remodeling Homes Highlight Frio Community

By Mrs. Owen Andrews

A Thanksgiving supper on Wednesday night, Nov. 22, is being planned for the community. It will be at Frio, and will be preceded by an appropriate program. No time for opening the program has been set but it will probably begin about 7 o'clock.

Time for opening evening church services has been set up to 6:45 and the preaching service at 7:30.

The spooks were on the prowl at Frio on Halloween night. Ghosts and goblins assembled for a spooky good time. When they had shed their false faces the guest list was found to include the following children of Junior and Primary ages; Kay, Ray, Donna, and Sue Cole, Norma Jean, Don and Phyllis Warrick, little Miss Siplinger, Glenda and Pat Robbins, Dolores, Jackie and Ronnie Andrews, Billy, Walter, Albert and Keith Starry, Doris Jean Andrews, La Von and Tawana Thompson, Joe Ed Andrews, Bob, Bill and Winnie Jo Irwin, "Butch" Blackburn. Several intermediate girls and mothers intended to make the party a happy occasion for the youngsters. Miss Lavada Shannon planned and led in the games. Refreshments with Halloween colors and favors were enjoyed.

Mrs. W. C. Lowery bought a five room house from Raymond Paetzold and had it moved to her lot in west Hereford last week. The house was formerly located in the north edge of town. It will be redecorated as soon as the family has time.

The H. F. Bensons are doing a large remodeling job on their home. Two new bedrooms, a double garage, a family living room are being added with another bath and many closets included. The present living room as well as all the other rooms are being enlarged, with new woodwork and a picture window among the most attractive features. Knotty pine natural wood finished walls will be an attraction of the new living room. Mrs. Henry Benson, Hereford, who is a specialist in the field of home planning, has been helping with plans.

Among those from the Frio Baptist church who attended an Associational Inspirational meeting at Dawn, last Thursday night were Mrs. W. C. Lowery, Mrs. W. J. Dickson, Miss Mary Lou Reynolds, W. H. Andrews, Mr. and Mrs. Henry Dobbs, Mr. and Mrs. Owen Andrews and Rev. R. L. Shannon.

Miss Virginia Brock, Hereford, spent Tuesday night of last week with Misses Veradelle and Frances Andrews.

Mrs. Earl Cole was in the Hereford hospital from Tuesday of

On Sunday, Mr. and Mrs. W. H. Andrews and children, Owen Andrews and Clark Andrews visited relatives, the Fred Andrews family, at Melrose, N. M., where they attended church services. They took Sunday dinner in the R. A. Burris home near Clovis. The Burrises were also entertaining his mother, a brother and family, all from Albany, Oregon. These people from Oregon spent Friday night here with the W. H. Andrews, as they were enroute back to the Burris home from Kansas where they had been visiting relatives.

Jolly 4-H Girls Entertain Parents

Members of the Jolly 4-H Club served supper to their parents Thursday evening at an Achievement Day program held at Ford School.

4-H clovers and posters were used as decorations. Each girl showed at least one achievement. Those shown included sewing, handwork, and record books. Miss Doris Mahaffey, sponsor of the girls, discussed "Why Have Achievement Day?"

Guests were Mr. and Mrs. Cecil Clayton, Mr. and Mrs. Henry Browning and Nancy, Mr. and Mrs. Hardy Benson and Hardy, Jr., Mr. and Mrs. Fred Paschel, Mr. and Mrs. J. E. Dyer, Mrs. George Epting and children, and Marvin Metcalf.

Hostesses were Mary Cayton, Peggy Browning, Mary Paschel, Ann Dyer, Thelma and Doris Epting, Piuma Metcalf, Alma Ruth Larson, Lucille Larson, and Miss Mahaffey.

TOUCHDOWN! Hereford had made their second touchdown. Stanton pulled a slick single reverse to dash 17 yards and score. Harold Morton (No. 23) leads interference. This score and the next a few minutes later perhaps more than anything else battered the Blackhawk's morale to a standstill.

EIGHT YARDS are wracked up by Left Half back Leonard Walterscheid on the play before he broke through for the fourth Whiteface touchdown. He was stopped in the photo above by a Blackhawk, but not before he had moved to the one-yard marker.

TOUCHDOWN DRIVE NO. 2 was well under way (above) when Bill Kelly broke away for a six-yard gain. The drive ended when Stanton scored on a single reverse from the Phillips 17-yard line. Frank Boyd at right moves ahead of Kelly to clear the way.

Miss Jane Welch In A Capella Choir

Under the direction of Euell Porter, chairman of the voice department at Hardin-Simmons, it has gained national prominence. Last spring the group toured Chicago where they sang for the Southern Baptist convention.

Previously they had sung at the Texas Baptist convention in El Paso, the Texas Music Educators Association, the Baptist Student Union convention and the Baptist Training Union state meeting.

Music selections are in three groups. One group consists of devout church music by Bach. A second group introduces a more modern selection of sacred music. They also sing modern folk songs and several concert editions of negro spirituals.

Featured with the choir are a male quartet and a girls' trio. In the men's group are Bill Smith, baritone; Bob Smith, second tenor; Bill Meads, first tenor; Charles Downey, bass, all

CLINGING BLACKHAWK takes a firm grip on stampeding Whiteface Right Halfback Dwaine Walker finally stopping him on the one-yard line. The play above was the one in which Walker set up one of the Herd's touchdowns.

The three little pigs

(OR: HOW TO KEEP THE WOLF FROM THE DOOR.)

Remember the story of the three little pigs?

You'll recall that they each built a house—the first one threw his together from straw, the second built a quickie out of twigs. The third pig carefully piled brick on brick, and made a really solid structure for himself.

Then, one terrible day, a big bad wolf came sniffing around. He huffed and puffed—and down came the straw house and the twig house. But hard as he blew, he couldn't budge the brick house!

Like the first two pigs, some people overlook the im-

portance of building a sound financial structure, forgetting that it's handy to have money saved if the wolf comes calling.

Fortunately, there are lots of other people who know they can save by buying U.S. Savings Bonds.

They sign up at their office through the Payroll Savings Plan, or if they're self-employed, they enroll for the Bond-A-Month Plan at their bank. Soon they've built themselves a wolf-proof reserve as protection for emergencies. Sign up for your U.S. Savings Bonds today!

Music Study Club Members Meet To Study "The Romantic Era" Subject

A program on "The Romantic Era" was presented Monday afternoon when a meeting of the Music Study Club was held in the home of Mrs. H. K. Fox, Mrs. J. D. Neill, vice-president, presided.

Mrs. T. W. Roberson was director of the program and gave a brief discussion of the period saying "The Romantic Period of music may be said to include the entire 19th-century. Since it is primarily a point of view, it cannot be confined to a single period for it is found in all ages, even our own. The interests of the Romantic Age are wide. They include literature, history, philosophy, the world of nature and the spirit of man. Throughout the period we find the expression side of music stressed at the expense of the formal, and in the Romantic Period music was addressed to a larger public than it had ever known before. The democratic spirit of the times gave rise to a music-with-more-nations, flavor and there came folk or popular music to blend with the established traditions and to give music fresh color and impetus."

Music selections illustrative of the period under discussion followed the leaders discussion. They included "Nocturne in G Minor (Chopin), Mrs. C. H. Dyar; Liszt's "Fantasia in D Minor," Mrs. J. R. Allison; Schumann's "The Lotus Flower" sung by Mrs. B. F. Cain with piano accompaniment by Mrs. Dyar; Mendelssohn's "Spring Song," piano; Mrs. Ellis Coombes and a choral number "Lift Thine Eyes From Elijah" (Mendelssohn) sung by Mesdames; C. J. Mountz, C. A Golden Wedding Anniversary celebration was held in the home of Mr. and Mrs. M. G. Layman Sunday. A family dinner was held at noon and approximately 100 guests attended an open house in the afternoon from 3 to 7.

Couple Celebrates Golden Wedding With Open House

To Mr. and Mrs. M. G. Layman go the rewards of 50 well spent years together and as they look back upon that half century since their 1900 wedding date, they call it good—even as they recall the hard times and the lean years filled with sorrow and sickness—as well as happiness.

"I sometimes wonder what the young people of today including my own children, would do if they had to face some of the situations we faced then. We were in so many tight places but we managed somehow and I don't think I'd change the past much if I could. Now, he is 72 and I am 65. We are the parents of twelve children, nine of whom are living. We have reasonably good health and are still able to take care of ourselves." Mrs. Layman said in reminiscence. "I wouldn't want to live any place but in the Panhandle. We have moved away several times but each time we were filled with so much longing to return that before long we'd find ourselves on the way back again."

Mr. and Mrs. Layman were married November 5, 1900 in Erath County. He was a farmer but after a year there they moved to Canyon where he operated a drag line. They moved to Brownfield, New Mexico, and San Antonio seeking her health and they farmed in Oklahoma for a while. In 1919 they returned to Canyon resolving never again to leave the Texas Plains. In 1920 their house and everything in it burned to the ground. Even their clothes were burned and at that time the twins were tiny babies. To make bad matters worse, it all happened in a raging snow storm.

Deciding they would go back to the farm, they bought land in Castro County in 1922 and established a home in the Jumbo community. They lived there until 1942 when they moved to Hereford and six years ago bought their present home on Twenty Five Mile Avenue. Their oldest son had been killed in a snow-slide and the twins had died in infancy. They are members of the Assembly of God Church and are regular in their attendance.

Celebration is Held - Sunday the couple was honored at an open house held at their home. Their children and grandchildren, out-of-town relatives and Rev. and Mrs. S. E. Eldridge attended a dinner at noon and approximately 100 guests called in the afternoon from 3 to 7 during the open house hours. All of their children were present except one daughter, Mrs. Blanch McGuffin of San Diego, California.

Mrs. Layman's sister, Mrs. Bertie Strain of Canyon, was the only one who had attended that long-ago wedding to attend, and the first gift that arrived came from the man in Canyon who paid Mr. Layman his first dollar when they moved to Canyon in 1901.

The daughters and daughter-in-law took over the hostess duties for the afternoon. Mrs. Bill Cargo registered the guests. The serving table was laid with a lace cloth and centered with a tiered wedding cake flanked by tall yellow candles.

Adding to the golden wedding celebration was the observance of their third wedding anniversary by Mr. and Mrs. Bill Cargo, the Layman's daughter and

A 1900 Wedding was that of Mr. and Mrs. M. G. Layman, shown here, on their wedding day, November 5, 1900. The only attendant who was present at the Layman wedding 50 years ago and who helped them celebrate last Sunday was Mrs. Layman's sister, Mrs. Bertie Strain of Canyon.

Our Military Youth

The full impact of American participation in two world wars, with the constant necessity of accepting something like world leadership, will be felt in full force by coming generations of young Americans.

The decision to maintain armed forces to the number of three million men means that the youth of America will have to give two years of their lives to military training.

The military experts think that at least one million persons must make a permanent career of the armed services. About two million will have to serve regular terms of not less than two years and then move into a reserve. This means, they calculate, that one million, or more, of our young men will be called to the colors each year.

It would be a mistake to consider that the two years will be lost to those who serve their country. It is quite probable, in a num-

ber of cases, that the training received will add at least an equal number of years to the life expectancy of the individual. Certainly, our experience with previous drafts has disclosed an amazing number of unfit American youngsters, who need some kind of physical training to bring them up to par.

It is essential, in connection with the operation of any universal military training program that there be no favoritism. The young men of every community must be taken without exception. There must be no exemptions because of political or other "pull." In fact, the only way in which the American people, as a mass, will support such a drastic reorientation of youthful lives is for the onerous burden of service to rest equally and impartially upon all alike.

Educate Yourself Guide To Freedom

Conscious of their lack of training, some people bemoan the lost days and sink into a state of semi-ignorance, making no effort to become better informed. We would call their attention to the fact that there are only two requisites to a good education — reading and thinking.

There is no person in Deaf Smith County of any age, who cannot become well-informed in a year or two by intelligent reading, supplemented by a little thinking. Stop the habit of taking your opinions from anybody and begin trying to study some problems for the purpose of making up your own mind.

Thoughtful men and women would oppose any tendency in this country to place limitations upon the individual's right to think and express his thoughts regardless of the topic discussed. Any effort to curb the intellectual freedom in an attempt to perpetuate the present status is an obstacle to progress and freedom.

Even in educational circles sometimes, the course of inquiry and conclusion is restricted, usually to placate financial, economic or religious groups, whose patronage the intelligence dictators would either have to continue or begin. The future welfare of humanity is sacrificed for such current favors.

To the individual, who does not know where to start, we would suggest beginning on a subject in which you are interested. If it is a technical subject that entrances your imagination, ask advice from some person who knows something about it. Buy a book on the subject and, even if it takes six months, read it until you understand it.

There is really little excuse for a man or woman going into old age without making the effort to become more intelligent. Even if you have only a half-hour a day, take advantage of it and begin to acquire new information. Never mind about the better educated; make it your business to improve yourself.

Tolerance of discussion, based upon sincerity of belief, is the foundation alike of both democratic government and the maintenance of human liberty. Without freedom for criticism of both doctrines and deeds, no error can be corrected and no improvement may be looked for when human beings have been totally subjected to mental control and censorship.

A particularly disagreeable fact in every case where some dictatorship decrees beliefs and opinions for everybody is the savagery with which opposition is attacked and physically obliterated. Those who proclaim the unquestionable certainty and superiority of their own viewpoint fear to let it mix in free competition with other ideas and examples, a terror which entirely refutes the confidently expressed conviction of certainty.

We know many excellent individuals who have failed to take advantage of their own leisure time to read and learn but who constantly lament that they are not "educated." The matter of becoming well-informed does not hinge upon a college degree; it is a matter of reading and thinking. This is a question of decision and determination.

Home Remedy

A 10-year study of the causes of juvenile delinquency by Prof. Sheldon Glueck and his wife, Dr. Eleanor Tauroff Glueck, of Harvard Law School resulted in a homely conclusion. The couple, who have been distinguished in research into crime and delinquency for 20 years, held that a child's life at home and the influence of his parents have more to do with the molding of his character than any other factor.

The remedy prescribed for juvenile errancy is strengthening family, for a child rebelling against society is actually revolting against his family. It is from a child's father and mother that he develops his character and personality. The parents set the powerful example and next give the teaching in moral or ethical principals. Hence, great men and women have been the products of slums and humble homes as well as privileged environment.

The findings re-emphasize the element of parental responsibility in the rearing of children. Development of scientific measures and procedures evidently has not supplanted the need for good mothers and worthy fathers in one of the most arduous tasks of mankind.

THE Washington Merry-Go-Round

Taxes Pay for Honeymoon

THE TAXPAYERS don't know it, but they are paying for the honeymoon of a congressman's daughter. She is Mrs. Jules de Porre, daughter of Democrat congressman Louis Rabaut of Grosse Pointe Park, Mich.

Carolyn was the last in a line of daughters who worked as Congressman Rabaut's secretary. But she quit to get married shortly after Easter and became Mrs. Jules de Porre on July 8. Despite this, she has continued to draw \$643.33 a month.

While the congressman's daughter draws her salary, her job is taken by Marion B. Facey, who is paid \$331.71 per month by the house appropriations committee. Very conveniently, the committee "loaned" her to Rabaut to handle "committee business." She is not on his regular pay roll.

When queried by this column, Rabaut explained that his daughter never quit working for him, but just shifted to his Detroit office. Actually, this explanation doesn't hold up. For the congressman didn't open an office in Detroit until congress recessed the last week of September. Furthermore, when the congressman takes a trip to Detroit, his office help in Washington complain that he scribbles letters in long-hand and sends them back to Washington to be typed, thus making a mystery as to what his newly married daughter is supposed to be doing for him in his Detroit office. A further check of the column in Detroit indicates that Mrs. de Porre hasn't been working for her father, as his congressional secretary at all.

Mrs. de Porre also told this column that she returned to work here between Easter and her July 8 wedding day, but a check at the house office building revealed this was not true.

The real truth is that Congressman Rabaut gave his daughter a \$643.33-per-month wedding gift — at the taxpayers' expense.

John L. Lewis' Friend

It's no secret that New Hampshire's Sen. Styles Bridges, the No. 2 Republican of the senate, was paid \$35,000 a year as trustee for John L. Lewis' miners' welfare fund. In addition, it also looks as if the shaggy-browed Lewis has been giving cues to Bridges regarding foreign policy.

For several months, Bridges has been working closely with the state department and moving into Senator Vandenberg's shoes as the GOP spokesman on foreign affairs — second only to Senator Taft in Republican influence. But, suddenly, Bridges lashed out with a vitriolic attack against the state department.

This attack, it now develops, was not prepared in Bridges' office at all, but by John L. Lewis' "public relations" firm, the Allied Syndicate.

Tip-off came when the Bridges statements were delivered by mistake to the wrong part of the Capitol. A press attendant called Bridges' office to straighten out the error, but no one in the senator's office seemed to know about it. They didn't even know that he was making a statement on foreign policy.

Later, Arthur Rellly, a former John L. Lewis press-relations man, straightened out the matter of the misplaced Bridges press releases. Rellly, after serving in United Mine Workers headquarters, transferred to the Washington office of the Allied Syndicate, which works for Lewis. The Bridges statement, incidentally, was prepared while the senator was out of the city.

So it looks as if the \$35,000 salary paid by John L. was producing more from Senator Bridges than his services as trustee on the miners' pension fund.

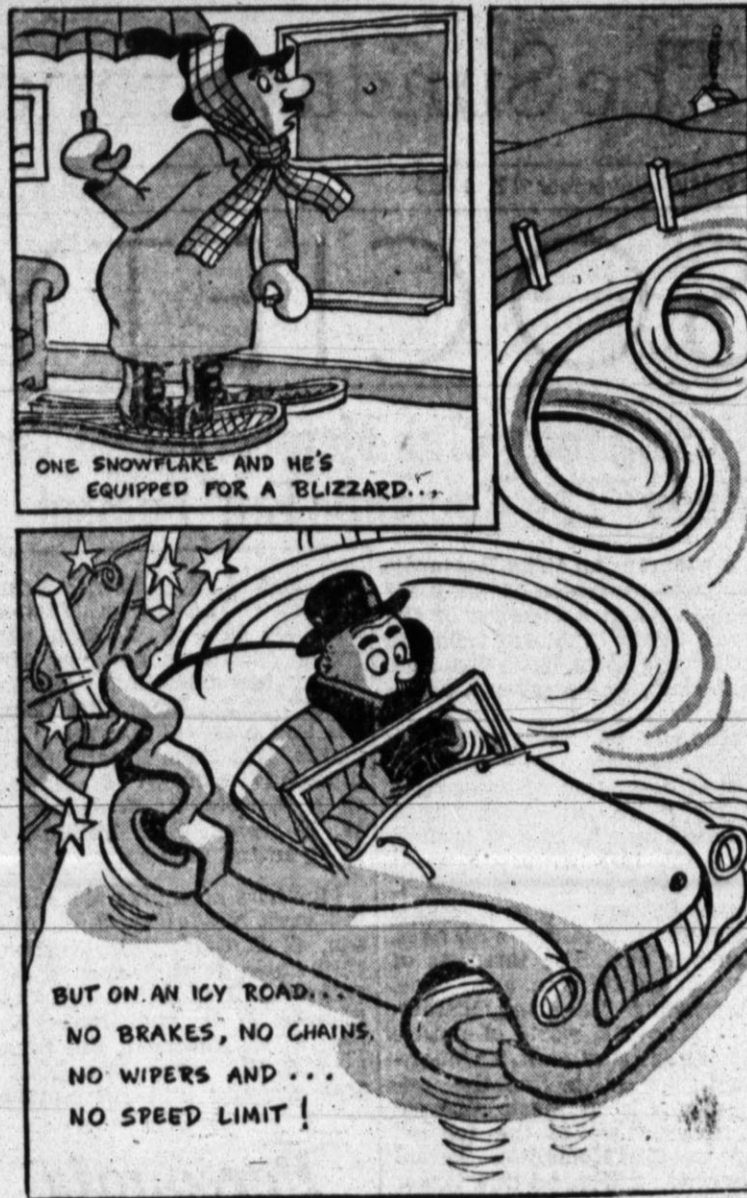

Admirals' Propaganda

The Admirals' propaganda outfit, "Operation 23," was supposed to have been abolished after the B-36 feud of last fall. It was the cause of a bitter battle between the air force and the navy, with the result that forthright Secretary of the Navy Matthews dispersed the naval officers in charge.

However, it now develops that the ghost of "Operation 23" is still haunting the air force. The same old anti-air force stories are being leaked to the press. In fact, navy propagandists, believe it or not, are spreading the same identical stories as the Communists about the air force; namely, that U.S. airplanes have been killing North Korean women and children.

Actually, B-29 raids in Korea have been so accurate that they demolished the Woosang armament plants without even touching the rows of workers' houses alongside.

Some admirals are also coming out into the open with the same views that got them into trouble over unification. Rear Adm. Stuart Ingersoll, for instance, harangued a recent conference of American mayors on the navy's success in Korea, as if the air force did not exist.

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his farm near Bootleg is drawing an unwarranted comparison this week, but that's probably the least of his worries, if he has any at all.

Dear editor:

I took a copy of the Amarillo News away from one of my Jersey steers the other day and it never got around to getting any salt for em and don't know how long they can go on newspapers as a substitute, looks like it would get pretty monotonous and unsavory after a while, and took it home and after supper

read an article by an expert who said the United States has spent 50 billion dollars in the past five years on defense and "no one has yet given us the answer to where the \$50,000,000,000 went."

His solution was to get rid of the present Congress and President and get a set that could give the answer.

I ain't no expert, I work for a livin whenever I have one, but I'm afraid he's barkin up the wrong tree, as a new set wouldn't have no better answer than the

'Tater Peelin's

By Roberta Campbell

With Piggly Wiggly, Furr Food and Hunters all offerin' specials on Hominy lately it may seem a little foolish to be spendin' time that way but seems like after the first killin' frost we have to make up a batch of Lye Hominy before we can really get ourselves in the mood for winter.

When we were a kid at home cold weather always found feed stacked in the feed lot for the milk cow where we cold play and chew cane until we ripped a finger open as we stripped the joints. Then we would take out for the house on the run feelin' sure we would bleed to death before we got there.

And speakin' of cane we wonder if new sorghum and hot biscuits would taste so good if it wasn't for the childhood memories we have associated with it as we played in the firelight when our grandfather finished boilin' off a vat of molasses. It still has to be new enough to burn our tongue a little if it tastes just right.

That woman who sent in the household hint we read in some paper a few days ago about puttin' sprinkled clothes in the refrigerator so they wouldn't mildew either had a larger refrigerator than we do or a lot less clothes.

With only about a tablespoonful left we were beginnin' to get panicky over the soda situation when we ran right into a good supply out at Moore's Grocery.

SUNDAY CURRENT QUESTION

Varied Remarks Are Made In Answer To Question on Telephone Strike

Even though the wages paid telephone Western Electric workers may be insufficient, do you believe their strike this week was justified in view of the inconvenience wrought on the public and the economic havoc inflicted on business by the strike?

Red Templeton—It is regrettable that the U. S. Government will allow a monopoly to exist such as the A. T. T. They own and control the entire communications system of the U.S. and other countries. Although they are separate companies as far as S. E. C. is concerned, they still, through these allied companies, control the entire system. Yet the public are the ones that are to suffer most from this present strike. With the high cost of living, and the dividends paid—check the government S.E.C. and Board of Trades reports—the employees are justified to some degree, yet the rates are out of line for the service they render. This community today is being penalized, as a great percentage of the oil business is done on phone between lease men and their companies. The paying public gets it in the neck in the end.

Mrs. Chester Wiggins—It seems to me there should be other ways of settling differences rather than the means being

House of Mirrors A Woman's Novel

Corinne Jennings

"House of Mirror" by Nona Coxhead derives its name from the fact that Mrs. Jodwin's life reflects the people around her who make up her household. And they in turn are all influenced by her and what she does for them.

From the past she has gained a thorough knowledge of herself and developed her abilities which along with a fair education and talents enable her to aid all who come to live in her house as roomers.

As they regain their footing over troubled conditions and solve their problems they each move to take their rightful places in the world. All with Mrs. Jodwin's help of course.

This is no ordinary landlady. The men who live there all fall in love with her in one way or another, not that it does any of them any good as far as winning her special favor. But she does spur them on to do things she expects and demands of them. She has a way with her and a power over them that will not permit them to let her down.

She helps one music team with their work, with suggestions and encouragement. Another she aids with his voice lessons, by practicing with him, accompanying him at her piano. Then she coaches him in appearance too. There is a poet who uses her as an inspiration and in a practical way she edits his work and introduces him to an editor of note.

An uncle, whose huge house was falling to make its way until she came to manage it for him, lives on the top floor and is well fed and taken care of though he never shows up to molest her rule of the domain in which they live.

There are women roomers too. One is a psychological case, who has been aided by Mrs. Jodwin until the landlady finds that she has consulted a doctor then trouble arises between them.

Another is a girl in the hands of the fair Gloria, whom she tries to ape. Her plans are to become a model with a finished style which her background and former life have ill prepared her for. But Mrs. Jodwin is never daunted by a thing like that. The less she has to work with the more glory there is in it for her to accomplish the seemingly impossible.

There are some lesser characters who fit into the scheme of things and each has a part to play on the stage Gloria sets. Ernest Brewster, the more or less mystery man who lives on the top floor finally comes under the determined influence and there develops a spiritual and mental fight between the two, each striving to keep his own individuality, and the love element enters here.

Through the association Gloria Jodwin develops into a still stronger character, but not without loss. She never admits defeat though and goes on looking for other people with whom to work and change into what she thinks they are capable of doing.

For something different about a woman character and a small world made up of her house hold, this is your book. It can be obtained from the County Library along with a number of other books in which women of many types are in the predominant role.

New Book Pleads Game Conserving

By Dave Cheavens

Associated Press Staff
A powerful plea for land, for saving the soil, water and wildlife of Texas is the dominant note in Roy Bedichek's new book, "Karankaway Country." It is virtually a sequel to Bedichek's first volume of nature philosophy, "Adventures With a Texas Naturalist," which brought wide acclaim. But in his second work, Bedichek is more a man with a message.

These sermons in stones lose no force through Bedichek's subtly beguiling approach. He begins his preaching by telling of the Karankaway country "Lying Southwise of the Compass" between Galveston and Padre Island; it is a "storehouse of natural riches, diverse and abundant, for which it would be hard to find a parallel anywhere else in the world concentrated in so little room."

Bedichek is obviously not in sympathy with all that is happening to his beloved Karankaway country, the land and waters where the fierce and blood-thirsty coastal tribes once lived mainly on fish and oysters (and sometimes human flesh), and departed "via bayonets and bullets."

He says: "Interests engaged in the exploitation of these natural riches sometimes get in each other's

Teen-Town Program

We almost had a solution: last year's street party for the kids at Hallowe'en was a very successful program. The Lions club carnival was a success this year. No vicious damage, but still, some vandalism. Be doggone nice if that energy could be yesterday afternoon in Memphels. Like a wide-awake, well rounded, year-round teen-town program. At any rate it's food for thought. There is a lot of bad in this old world, that kids right here in Guymon could help offset if they put their minds to it. —The Guymon (Okla.) Observer

Name Changing

The City of Hot Springs faced two more obstacles today before it can vote Nov. 7 on a name change plan. Two suits filed last Friday will be heard at 10 a. m. today (Friday) in district court. —Hot Springs (N. M.) Herald

Already under the impact of river silt (much of it due to river dredging), industrial wastes, oil slicks, and whatnot—under these smotherings, greasing and poisons—oyster production has dwindled to one fifth of what it was a few years ago. Oil is an extractive industry: when it's done, it's done, leaving wrack and ruin and poisonous rubbish behind for later generations to clean up. On the other hand, the fish-and-oyster industry, like agriculture properly practiced, is self-renewing, a profitable investment going on and on forever, yielding steady and dependable returns.

Conklin Returns From Korea

Lt. Merlin Conklin, son of Mr. and Mrs. Lee Conklin, landed at March Air Force Base a week ago, returning from the North Korean battlefield. Following is an excerpt from the November 2 Riverside, Calif., Daily Press:

"Led by Lt. Merlin Conklin, the crewmen jumped out of the ship with some sporting Van Dyke beards and all having Hawaiian leis around their necks.

"All the returning airmen will get three day passes and then return to the base, where they will continue tactical training."

Merlin was reared in Hereford

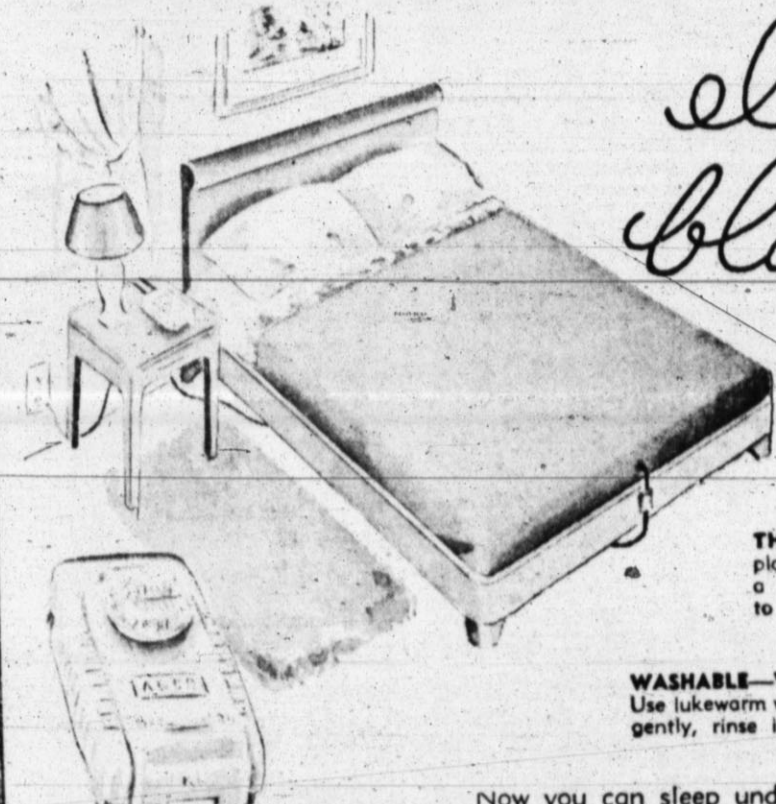

and was graduated from Hereford High School after which he attended Texas Technological College in Lubbock. He lacked nine hours for a degree when he went into the Air Corps in

1941. Since July, Lt. Conklin had been in Okinawa and Korea. He had been making trips to England and Germany prior to that time.

Eighth Fighter-Bomber Wing HQ's, Japan—On Friday, the 13th, 1st Lt. Frank W. Durkee, 31, of Hereford, Texas, left, and 2nd Lt. John B. Dawson, 22, of Georgetown, S. C., right, flew their 13th mission in the Korean conflict. Both pilots were briefed at 1300 hours and were sent on F-80 jet close support mission North of Kaesong, Korea. Just to top things off, the two were caught by cameraman near jet No. 7913, pointing at No. 13 on the calendar and discovering that Hereford, Texas, and South Carolina both contain 13 letters each. Two hours after arriving in Japan by jet from Okinawa, Lt. Durkee flew his first combat mission in close support of U. N. ground forces in Korea. As an F-80 jet pilot, Lt. Durkee makes daily raids on North Korean ground positions and supply lines. F-80 operations include escorting bomber and transport aircraft, interception and attack missions, and patrol and reconnaissance flights. (USAF Photo)

New Social Security Will Affect Farmers

Regular farm workers in the county will be affected by the new amendments to the Social Security Act which will go into effect on January 1, 1951, states Hugh Clearman, county agent.

The amendments will also affect several other groups of workers, including non-farm self-employment and household work in private homes.

If a worker is employed by one farm operator for five months or more, and if he works 60 days and earns at least \$50 in cash in every three-month period, he comes under this act. If a worker changes employers, he must work at least three months before his work with the new employer begins to count for social security.

Husbands, wives, parents, or children under 21 of the farm operator cannot get social security credit for work done on that farm. Included in the group of farm workers in addition to those who help with the crops, livestock, processing or delivering crops, are household workers on the farm and persons who do work of a general nature on a farm.

Regular farm workers, the county agent pointed out, should be sure they have a social security card, show it to the farm operator, see that he has the correct name and number on the card to report the wages every three months, when the law goes into effect.

In January 1951 regular farm work will begin to count toward social security. At that time, employers of regular farm workers will deduct one and one-half cents on each dollar wages and add an equal amount as their own payment.

Additional information may be acquired from Hugh Clearman at his office in the basement of the court-house.

 used which are causing so much chaos and inconvenience. I believe everyone is entitled to wages that will allow them an adequate living. I'm really unhappy about this.

Jimmy Richardson—No I don't know who is at fault in the strike, but I regret the inconvenience it has caused. There are definitely two sides to the question, and I don't know which of the two is due the most blame.

Ray Dunn—No, because I just lost my business myself as a result of the strike. I am a firm believer that any strike which jeopardizes the economy of the nation is not justified.

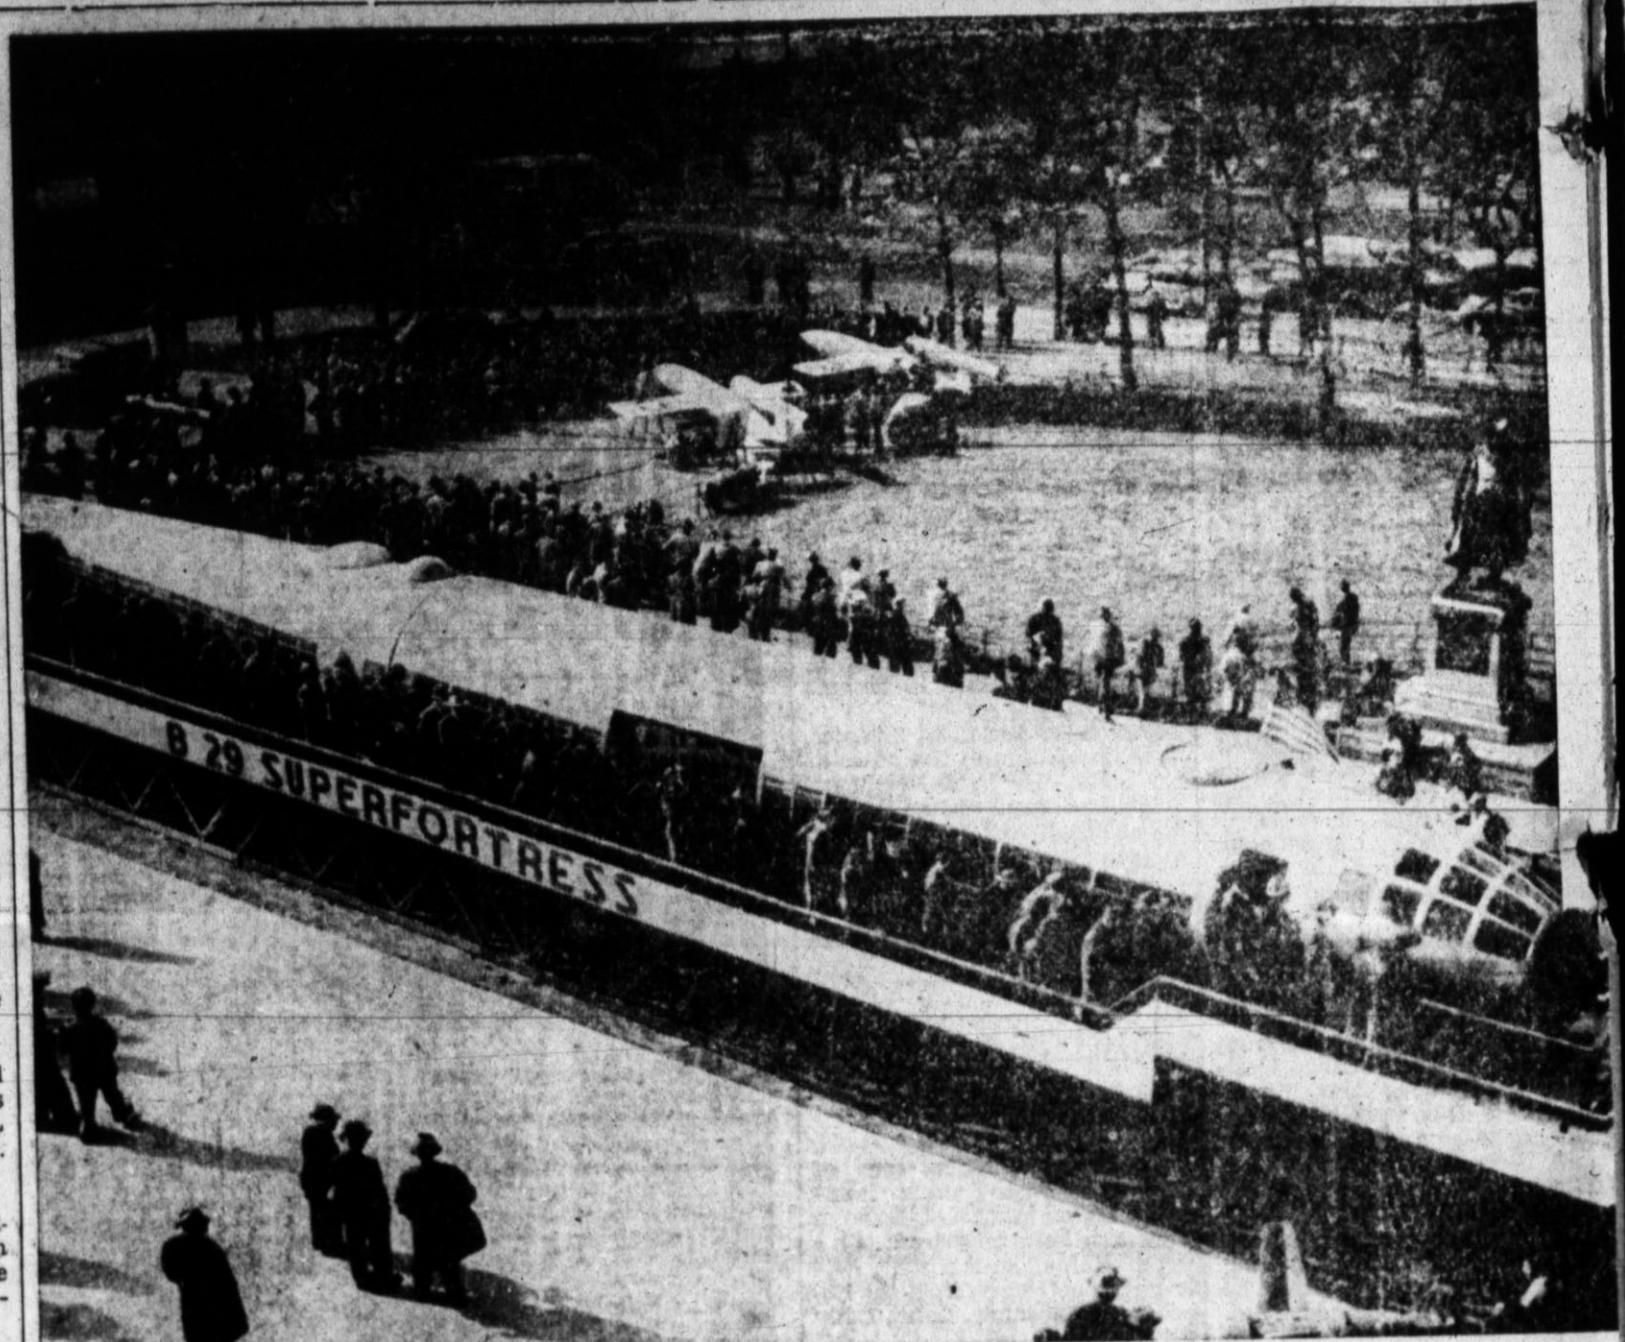

Mrs. Ray Downey—I think just as long as people strike for higher wages, prices go up; other people then have to strike for higher wages, and prices go up again. It's just a vicious circle. Some strikes are justifiable, depending on the circumstances. When the few cents strikers gain by raised wages is compared to the length of time taken by the strike, it takes the workers a long time to overcome what they lost during the strike.

Week end guests of Mr. and Mrs. J. M. Carruthers were his parents, Mr. and Mrs. J. L. Carruthers and a brother, W. D. Carruthers, of Amarillo.

Mary Martha Class Has Social Meet

Mrs. Sandford Smith gave the opening prayer and conducted the devotional lesson which was built around a Thanksgiving theme.

Mrs. C. E. Smith presided over a business meeting when new yearbooks were distributed by the committee which consisted of Mrs. Tommy Brady, Mrs. Fred Kroil and Mrs. T. A. Paul.

leaving the area 20,000 shorter than last year.

Moisture content is still too high in some of the grain over the county. Most farmers are being careful to wait until it is certain the content is low enough for harvest.

With milo harvest beginning in September and ending in December, the elevator men say it is hard to predict just when the bulk of the harvest comes. Many farmers are making use of their on-the-farm storage facilities.

The weight of maize per bushel is a little lighter than average this year due to the fact rain fell after much of it was nearly mature.

Cash price is now \$1.65 per hundred and the loan price is netting about \$1.67 or \$1.68.

Each of the elevators reported they are receiving a sprinkling of hegarl. The acreage planted in the county is small.

old one.

From my experience, after the money is spent, there ain't much way of figuring out where it went, although it wouldn't be no satisfaction in it if you could at least that's the way I find with mine.

When I look back over the past five years a figure up the amount of money I've taken in, and then try figure out where it went, I thrice up my hands and turn on the radio to get some music.

would take more than a ne President and a new Congress figure out where my money went, although it wouldn't be a trouble at all to establish the fact it was gone, the same in the case of the United States.

I never realized Congress was in the same boat I was, but if has spent 50 billion dollars I can't remember where it went, I feel a lot better. Do know that the country is gone a lot better with the knowledge that me and Congress can't keep track of our money but personally it's a great satisfaction to me to know I'm rig up with the top level, financial speaking.

"And The Skies were darkened by the foul of the air" The picture of plenty painted in the early composition could well have been applied to Hereford in 1925. Pat Wederbrink (left), Leonard Davis, (center) and Vern Witherspoon (right) must have knocked a large hole in the clouds of geese that flew over our county that year.

Storage Facilities Fill; Milo Harvest Nears Peak

Grain storage facilities are filling up rapidly as milo harvest nears its peak, according to the local grain men. They predict the peak of the combining will be reached this week as most milo in the county will be dry enough to cut by the end of the week.

At the present the local eleva-

tors have plenty of storage space, but all answer "no" in reply to prospects of obtaining sufficient boxcars to move the grain out. It is reported that the railroad company allotted 10,000 new boxcars to this area this year but 30,000 cars were condemned,

MANDRAKE

THE MAGICIAN

BY LEE FALK & PHIL DAVIS

WHEN THE TIRE BLOWS OUT, MANDRAKE'S CAR OVERTURNS--

IF WE HADN'T LANDED IN THIS HAYSTACK, WE MIGHT BOTH BE DEAD!

OH, MANDRAKE, IT'S THE FAULT OF THIS BAD-LUCK RING. EVER SINCE I PUT IT ON, THINGS HAVE BEEN HAPPENING--

WELL, ACCIDENTS CAN HAPPEN-- HMM, THIS BRIDGE DOESN'T SEEM TOO STRONG, BUT IT'S THE SHORTEST WAY BACK --Uh--

OH--!

MANDRAKE, THIS IS TOO MUCH! I'M GOING TO THROW THE RING AWAY--

EASY, DARLING. I'LL GET YOU HOME AT ONCE. WE'LL TALK ABOUT IT LATER.

I'LL MAKE SOME HOT TEA AT ONCE, AND THEN I MUST CHANGE TO SOME DRY CLOTHES. OH, MANDRAKE, I--

COME IN HERE, NARDA. I THOUGHT OF SOMETHING.

GOING INTO THE OTHER ROOM AT MANDRAKE'S CALL SAVES NARDA'S LIFE, FOR AT THAT MOMENT--

OH! THE GAS STOVE--

--EXPLODED!

IF I'D BEEN IN THE KITCHEN--

HURRY! THE HOUSE IS ON FIRE!

THE CURSE OF THE KAVRUN EMERALD! CONT'D.

RUSTY RILEY by FRANK GODWIN

THERE Y'BE, SQUIRE! NOBODY EVER GOES ABOARD THEM ROTTIN' HULKS... WE COULD STORE THE GOODS IN THE HOLD O'THAT FAR SCHOONER, TIDY AS Y'PLEASE!

BY GEORGE! IT'S EVEN A BETTER PLACE THAN THE MILES BOATHOUSE!

WE'RE NOT A BIT TOO SOON FINDING THIS PLACE... IF THE WEATHER HOLDS, THERE'LL BE A SHIPMENT IN TONIGHT.

I'D BETTER GET THEM LOBSTER POTS OUT BEFORE THE TIDE TURNS.

MEANWHILE, AT THE HOUSE

THAT'LL BE ALL FOR TODAY, CHILDREN... I'M GOING DOWN TO THE BOATHOUSE TO PAINT SOME POT MARKERS FOR CAPT. CLOON.

LET'S GO, TOO, PATTY.

WHAT DO YOU MEAN BY 'POT MARKERS', MR. TONY?

OH, THEY'RE KIND OF FLOATS... EACH LOBSTER FISHERMAN HAS HIS OWN COLORS TO MARK HIS LOBSTER POTS.

HERE ARE SOME MARKERS... SEE WHAT I MEAN?... NOW, THESE BELONG TO CAPT. CLOON AND MY UNCLE... THEIR COLORS ARE RED WITH A WHITE STRIPE.

I SEE! LIKE LITTLE BUOYS!

I S'POSE THESE ARE THE LOBSTER POTS!

HEY, LOOK, RUSTY! THERE'S A CAR UP AT THE HOUSE! MAYBE DADDY AND TEX HAVE COME!

YES... I SEE IT... BUT THAT'S NOT YOUR FATHER'S CAR... C'MON... LET'S GO SEE

YOU SAY YOUR FATHER ISN'T HERE? WELL, I'LL CALL LATER... I'LL LEAVE MY CARD!

YES, SIR... WE EXPECT HIM TODAY!

"J. WARREN KILGORE... SPECIAL AGENT... U.S. ..." RUSTY, JEEPERS! LOOK!

"SPECIAL AGENT, U.S. TREASURY DEPARTMENT!"

GOLLY! A "T" MAN!
