County Holds Hospital Bids Pending Long-Range Study

County Commissioners opened bids for a small addition to the County Hospital Friday, pondered a course of action after prices quoted were higher than funds available, and finally delayed action pending further study. By Monday, when they reconvene, they hope to be able to map out long-range plans for expansion of hospital facilities.

During the afternoon, the Court heard Judge H. C. "Hank" Williams issue two strong statements on agenda items, with approval of one and disapproval of another. The Judge also said that he would have some recommendations to make within the next few weeks on the future of the Sheriff's department.

Friday's meeting, a reconvened session from last Monday, was a maze of figures, estimates, proposals and projections after bids were opened.

Commissioners had called for bids to construct a small wing on the hospital. It would include a waiting room, administration offices, library, new emergency rooms and medical conference room. Costs had been estimated at \$50,000 to \$60,000.

Amarillo architect Oscar A. Shilling opened bids from three Amarillo firms. Apparent low bidder was Randall Building Company, with a base bid of \$59,867. This amount included paving, curb, gutter and sidewalk in addition to the addition itself.

Second bidder was Timmons Construction Company with \$60,280 base bid, followed by Robert W. Boston, with a base bid of \$62,584.

Bids on the first alternate proposal, which would add a basement under the new wing, ranged from \$12,657 to \$11,328. Second alternate, which would add terrazzo floor in the offices and corridor instead of asphalt tile, would have added from \$1,632.36 to \$2,158.

Bids on alternate number three, which would add ceramic tile to the corridor walls, ranged from \$670 to \$737.

Fourth alternate called for the deletion of paving, sidewalks, curb and gutter from the

base bid. Deductions for these ranged from \$5,504 to \$6,700.

Randall Building Company was low bidder, regardless of which of the alternates was considered.

The bids had Commissioners and members of the Hospital Board scratching their heads. The Hospital Board has about \$30,000 available and the County had committed itself for an additional \$30,000 maximum in warrants to pay the rest of the cost.

But the bids went over and that didn't include the architect's fee of about \$3,000.

Commissioners said they had no other funds available to make up the difference and the Hospital said it could not pay more than it had planned.

The county will pay off the last warrants on the new wing at the hospital in March, 1962. With the children's wing paid when it was built by a grant from the Jim Hill Estate and public subscription, only debt for hospital facilities is about \$12,000 on the nurses' home.

The two groups spent the remainder of the morning discussing the hospital's current and future needs. Hospital Board members said the hospital had been at or near capacity almost every day since September and that they were trying to determine whether that was a temporary situation or was to become permanent.

Within two years, the hospital will need additional rooms, the board said. The original portion of the building, constructed in 1924, also is in need of some renovation, they pointed out. A member of the

Bailey Farmer Candidate For Representative

A. T. "Bill" Millen authorized The Brand this week to announce his candidacy for Representative of the 91st District of Texas on the Democrat ticket.

Millen was raised in the Muleshoe area, was graduated from Clovis High School and has been a Bailey County farmer since 1934. He is active in many local farm organizations and has actively participated in such controversial issues as the defense of the braceo program by the Plains Cotton Growers. He now serves as legislative director of this association and has made several trips to Washington, California, Kansas City and across Texas in this capacity.

Millen's statement read as follows: "To the people of the 91st District:

"I am soliciting your vote for State Representative of the District as I feel that it would be an honor and a privilege to represent the people of the area with the purpose in mind to work for honesty, integrity and economy in government.

"For many years, I have spent much time and money working with various farm groups for a better agricultural climate for our area and have cultivated a wide circle of friends over the great state of Texas; many of whom wield a great deal of influence in area affairs.

"Having served in many capacities in these farm groups, I feel, qualified me to represent you as a man of the people.

Trade Promotion Group Reveals Yule Attraction

Members of the Retail Trade Committee of the Chamber of Commerce voted Thursday to hire a glittering promotion for Christmas.

They have retained a large Santa Claus sleigh for Saturday, Dec. 1, to open the holiday shopping season in Hereford. Included will be a 30-foot sleigh, pulled by six gaily-decorated Shetland ponies. Also on hand will be Santa Claus, his attractive hostess Mary Christmas and costumed helpers.

For an eight-hour period, the sleigh will haul loads of 60 children at a time. The children will be able to visit with Santa and the route of the bright red sleigh can be traced by its amplified Christmas carols.

Prior to the big day, merchants participating will give away free coupons which may be exchanged for free tickets to ride on the sleigh.

In other towns, the sleigh has attracted as many as 3,000 youngsters for free rides.

Chairman Harold Kida announced that the following committee assignments would be made soon: Hereford trade promotion, spring promotion, Harvest Festival, Christmas promotion, trade area research and Latin-American Fiesta. A special study is to be made of the state's weekend closing laws.

About 25 persons attended the meeting in the community room of the First National Bank.

Boy Hurt As Car Rolls On Harrison

A ten-year-old boy received severe head lacerations and a minor concussion when the car which his mother was driving went out of control and overturned 20 miles west of Hereford on Farm Road 1068 (Harrison Highway) late Friday afternoon.

David Henderson, of House,

N. M., was rushed to Deaf Smith County Hospital by private automobile immediately following the one-car accident.

A Gilliland Funeral Home ambulance had already been summoned, but a passer-by carried the boy, his mother and an older brother to Hereford.

Neither of the other two passengers was injured, but young David was thrown clear of the 1954 model sedan as it overturned.

His mother, 44-year-old Edith Henderson, and a 15-year-old brother, Leonard, received only scratches and bruises.

Investigating Highway Patrolman Carol Parker stated that the automobile apparently edged onto the shoulder of the highway, and Mrs. Henderson lost control of the car while trying to bring it back onto the road.

"Speed was apparently not a factor in the accident," stated Parker.

The accident was reported at 6:20 p.m. Friday evening. The car in which the three were riding was termed a total loss.

Parker quoted Mrs. Henderson as saying, "If I had only had a seat belt, David wouldn't have been hurt."

Second Offense DWI Is Charged

A Hereford man was arrested Thursday and charged with driving while intoxicated, second offense.

Justice of the Peace Berry Miles set bond at \$1,000 on Robert Vernon Davis, 53, of 806 South Texas.

Davis was arrested at 4:58 p.m. Thursday, Feb. 15, on east Highway 60 by deputy sheriff Kenneth Maxwell and highway patrolman Carol Parker.

Three Positions Open In County School Elections

Two places in the county school trustee elections are open and one place in a district trustee election as the terms of the three incumbents expire this year.

The elections have been slated for April 7 with the filing deadline set for March 8.

The term of Leo Forrest as county school trustee-at-large in the Hereford Rural High School District is expiring this year.

Also expiring is the term of Eldred A. Brown, county trustee-at-large in the County Trustee Commissioners Precinct 3 in the Walcott Common School District 6.

In the Walcott School District 6, the term of Glenn Burrus as trustee is also expiring.

Voting places in the coming elections have been set for the Commissioners Courtroom in the County Courthouse and the Dawn School for the trustee at large in the Hereford Rural High School District race.

Voters of the Walcott Common School District 6 will vote for county trustee-at-large and the district school trustee at the Walcott school.

As yet, no one has filed for any of the posts in the upcoming elections.

DON'T BE SLOPPY — WEAR A BELT!

Committee Starts Drive For Seat Belts In Every Vehicle

BY WAIN MILLER BRAND STAFF REPORTER

People spend hundreds of dollars annually in order to buy insurance protection. Insurance comes in many forms. Perhaps one of the most practical comes in the form of a belt — an auto safety belt.

"A seat belt in every automobile and truck in Deaf Smith County" is the goal which has recently been set by the safety committee of the Deaf Smith County Program Building Committee.

A pair of seat belts in each of the 5249 cars and at least one belt in all 2048 trucks is the goal, prevention of injury in accidents is the reason, during 1962 is the time.

Admittedly, all of the seat belts in the state will not prevent the accident, but the auto safety belt has been proven effective in preventing injury.

When a person takes out an automobile insurance policy, he admits that there is the possibility of an accident. When he gets out on the street, he sees the possibility. When his auto bumper touches another, it is no longer a possibility, it is the reality of the car crash.

A recent investigation shows that two-thirds of all fatal accidents occur less than 25 miles from home, and half of all accidents occur at speeds of less than 40 miles per hour.

Auto seat belts are not designed for the racing car driver or the salesman who spends most of his time behind the wheel. Seat belts have their main use for the mother who takes the child and dashes to the grocery store, or the business man on his way to work.

In the same survey, it has been proven that 84 percent of all auto fatalities result when

victims are thrown out of their seat.

For this reason, this committee has launched an all-out campaign for the use of safety belts. Federated women's clubs in Hereford have also joined the drive for insurance against injury, provided by an automobile

safety belt.

"Last year, we had four people killed in automobile accidents in Deaf Smith County," states Sergeant Roger Sosebee of the Texas Highway Patrol office in Hereford.

"Of course you can never say for sure," he commented,

"but I feel sure three of these would not have been fatally injured if they had been using seat belts. Two were thrown out of their car, another one hit the dash."

Sosebee is a member of the county committee which is sponsoring the drive.

POURING WATER INTO A WALL of smoke and cinders, Hereford Volunteer Firemen battled a blaze which broke out in a two-story apartment at 135 Lee Street at 11:30 a.m. Saturday. The fire threatened a nearby warehouse and brick apartment building, which contained 11 units. Fanned by a 20 mile per hour wind, the blaze took some 20 minutes to extinguish. The building belonged to William M. (Bill) Thompson of Hereford, and was occupied by a Latin American family. (Staff Photo by H. A. Tuck)

Dumas Picks Up Marbles In 58-53 Win Over Herd

Around Town

If you think you have problems — sit in on some of the city commission, county commission or school board meetings. Those hard-working people have problems most of us haven't even thought about yet. The county, particularly, finds itself in a squeeze. The constitutional limit for county taxes is 80 cents, plus a 15-cent levy for road and bridge funds. Within this 80-cent framework, the county must juggle its funds to cover all needs. It is trying to keep its tax rate low. All the other counties are doing the same thing since the state takes about 37 cents of each tax dollar paid. So there is a waiting game, as the counties wait for the state to increase the levy limit and the state waits for the counties to get in a bind and raise its rate. Deaf Smith County went from 25 per cent to 17 1/2 per cent after a revaluation program last year in an effort to hold the line on taxes. But it finds itself in need of money for the General Fund, and is looking around now for a source of funds for possible hospital improvements. No matter how you view the question, it is a knotty one.

Brand reporter Gardner Collins proudly reported this morning from Borger that he and his wife, Wanda, are the parents of a redheaded girl, Michele Marie, who weighed in at 10:55 a.m. Saturday, a hefty 9 pounds, 11 1/2 ounces. All are doing fine, although Gardner had to make a fast dash from here. He arrived with 30 minutes to spare. Gardner, Wanda and little "Mike" will be back in Hereford soon.

The Youth Club of St. Anthony's Church will sponsor a chili supper on Sunday, Feb. 25, from 5 until 8 p.m. It will be held in the St. Anthony's School cafeteria and the public is invited to attend.

Dumas picked up all the marbles Friday in its District 1-AAA play-off with Hereford at West Texas State gym.

And the Demons, with their eye on another trip to the state tourney as defending regional champions, did it with deadly accuracy from the free throw line.

When all the shots had been fired, all the fouls had been called, it was an even-steven game. Each team had 19 field goals and 16 personal fouls.

But Dumas hit 26 of 23 free throws while Hereford canned just 15 of 23. On three occasions the first shot in a bonus, one-in-one, situation was missed by Whitefaces.

Dumas lost its poise last Tuesday when the Whitefaces won to throw the district top spot into a tie. But there was no question but that the Demons had regained their ability to be cool in a hot situation. They overcame a Hereford lead, played ball control and made all their shots count during the final period.

On the other side of the ledger, Hereford looked like a champion during the first half, but came apart at the seams in the third period, which has been a plague to the team almost all season. The Whitefaces managed to pull even early in the fourth period but Dumas raced out ahead.

Hereford came back and stayed within a point or two until the last two minutes, when Dumas used a field goal and four charity tosses to ice down the win.

Randy Dowell opened with a free throw for Hereford, but Dumas whipped back with six points. Big Kelly Baker limped off the court for a little more than three minutes and Hereford took advantage of his absence, rallying to knot the score at 11-11.

With 1:36 left, Hereford had

John Zahn Is Candidate For State Senator

John Zahn, Farwell real estate dealer, has announced that he will seek election as State Senator from the 30th Senatorial District.

Zahn, 36, is a Republican who has resided in Farwell for the past five years. He is a former resident of Hereford, where he worked with the Farm Home Administration.

"I feel like it is time Texas had a two-party system and feel it would make for a better government to have such a system," he said in making his announcement.

"It is my aim to represent the people of the 30th Senatorial District fairly and honestly and to uphold our state's rights and maintain free enterprise, and I will never make a decision for political expediency," he added.

Zahn is a graduate of Baylor University and served in the Army from 1943 to 1946. Part of his service was with the 106th Infantry in Europe.

He is married and has two sons, Craig, 6, and Mark, 4. His wife, Jo Ann, is county visiting teacher in Farmer County.

Zahn said that he had no formulated campaign plans yet, but he is determined to make a strong effort to gain the support of the voters in the coming election.

(Continued from Page 1) board said that this week, for the first time, some persons in need of medical care were denied admission until later in the day because no beds or rooms were available.

The groups then started figuring out construction of the small wing might be delayed until a larger project could be worked out to include the planned facilities, plus 20-30 medical care rooms.

Shilling has done some preliminary work on a long-range plan for the hospital, the court was told. He was instructed to work on them further within the next few days.

Commissioners finally voted to table the bids until Monday, Feb. 19, when they will reconvene for further study of the hospital situation and its future.

In a review of action which the court took while he was absent Monday, Judge Williams read a written statement, as follows:

"Last Monday, the court passed a motion to raise the salaries of two county employees. As Judge of this County, I want to make very clear the disappointment that I feel since the court failed to consider a review of salaries for six other employees who had also been

recommended for consideration and salary review.

"I would like it understood that I have absolutely no objections to the raises which were given to the employees themselves. My only objection is that the other six employees included on a list for proposed salary increases were not considered when the court saw fit to raise salaries for two other employees.

"Since I was unable to be present at the last meeting, when this motion was passed, I would like to recommend that the court immediately consider a serious review of salary adjustments for six other employees recommended by me for consideration."

Commissioners said they had discussed some of the employees who had been recommended, but decided that salaries were satisfactory. They also stated that they felt further review was not necessary.

Judge Williams also made a statement in regard to a situation which he found had been practiced since 1953. He stated that he had discovered that the county was paying for driver's licenses for some county employees.

"I find this highly irregular and strongly recommend that this practice be discontinued immediately," he said. He stated that he felt county employees should pay driver's

license costs themselves.

The license in question was for a chauffeur's license, which costs \$6. Judge Williams said that a list kept from 1953 to 1959, when the list was discontinued, showed that licenses had been purchased for some employees of Precincts One, Two and Three during that time.

Commissioners then voted that county employees will pay for their own licenses, since such is not a county expense.

The court also adopted a policy that utility cables will be buried on the shoulder of county roads, the side to be determined by the Precinct Commissioner. Commissioner Charles Sowell was detailed to get three bids for the sale of used copper pipe owned by the county.

"I will have a recommendation to the court within the next two weeks in regard to the Sheriff's Department," Judge Williams stated. He made no further comment on the matter, other than asking that the court take no action on the department until he made his recommendation.

(Continued from page 1) three points, 16-19.

Baker added a free throw as the second quarter opened before Hereford started hitting. Six straight points gave Hereford a narrow 22-20 lead before Rector's tied it up.

Hereford hit for a pair of field goals, Dumas got one and Hereford got another, for a 28-24 margin. A pair of field goals pulled Dumas even, 28-28.

But Jerry Curtisinger hit the bucket with 13 seconds left and Mack Casler stole the ball, and raced in for a lay-up with two seconds left. That gave Hereford a 33-28 margin at halftime.

Then came the dismal third period, when Hereford fans decided someone must have slipped a lid on the basket. After Jim Haney hit a neat jump shot at the start of the period, nothing went in.

During the next four minutes, Rector and Mike Wendele combined for eight points to put the Demons ahead 36-34.

Hodges finally broke the ice with a field goal to tie the score and the two teams swapped points and were tied again 38-38 as Dumas started stalling. Rector hit a free throw with 30 seconds left in the period and Dumas carried a 39-38 lead into the start of the final period.

Casler hit a free throw to tie it up again before Baker dumped in a two-pointer and Dumas again started its stall. Curtisinger tipped in a missed free throw to make it 41-41.

Rector hit two free throws, Haney missed his first charity toss for Hereford and Julian "Fee Wee" Miller dropped in two more free throws. Haney hit a free throw, but missed his second chance.

But Casler hit both his attempts from the free throw line and Hereford was within a single point, 44-45, with 4:38 left.

Wendele made both free throws and Baker dumped in another field goal to give Dumas a 49-44 lead before Jim Haney countered with a three-point play on a field goal and a free shot. That made 47-49.

Then came the disastrous 33 seconds that defeated Hereford. Baker canned a field goal and Wendele dropped in four straight free throws to give Dumas the lead it needed, 55-47 with 1:23 left.

Austin Hodges hit a basket with 1:05 left, just before Jerry Curtisinger fouled out.

Continuing their parade to the free throw line, Rector made

As the result of over-the-shoulder reading of today's front page story about auto seat belts, the Brand news car now is equipped with a pair of them and two members of the news staff have them on their personal cars. It occurred to us as we read the story that the last four reported accidents in the county have been injured that could have been prevented by seat belts. In the first three, persons tried to poke a hole in the windshield with their heads. In the last one, the only serious injury came when one person fell out when a car rolled over. Two others in the car did not fall out and received only minor cuts and bruises. If almost but that, if you would ride in a car with seat belts for three days, you would have them in your own car. Not too many years ago, turn indicators were optional auto equipment. Now they are standard, and required, equipment. Seat belts also should be a mandatory item.

Probably the best comparison possible in the statement we heard, "You wouldn't expect to ship a television set across the country at 60 miles an hour in a crate six times larger and without securing it, and not have some damage. Why do you think you can get away with doing people the same way?"

County Commissioners will reconvene their recessed session at 10 a.m. Monday, Feb. 19, to work on the problem of additional hospital space. They will try to decide whether it is

two one-pointers and Miller added another before missing the second, as the Demons hit 13 in a row before missing one last attempt.

That gave Dumas a 58-49 lead with 28 seconds remain in g. Dennis Hodges hit a field goal with 15 seconds left and another with three seconds showing, but it was too late to change the picture.

Dumas, with probably the best all-around sports program of any AAA school in the state, will be trying hard to become double state champs after wrapping up the football crown last fall. The Demons broke Hereford's domination of District 1-AAA basketball in 1960 by winning a play-off game 60-49. In 1961 they marched through conference play undefeated, won the regional crown and then lost two one-point decisions in the state finals.

Each team had three players in double-figures. Heading the Demons was Dick Rector who netted 21, while Mike Wendele had 16 and Kelly Baker added 11. Dennis Hodges was high for Hereford with 15, Jerry Curtisinger had 14 and Jim Haney got 10.

More than 2,000 swarmed into the Buffalo fieldhouse on the West Texas State campus to get the contest... and were well-rewarded for their efforts. At the end of regular season play, Hereford had reversed its earlier losses, and was 12-12 for the year. Demas finished play with an 18-9 record.

needed, when it will become a critical need and how much it will cost... just to mention a trio of the many problems they face.

Hereford basketball players need not feel ashamed of their showing Friday night against the Demons. They came along strong during district play after learning to work together. Dumas just had more height and a great amount of skill (and luck) at the free throw line. Now that they have won, we would wish them the best of luck and hope they can go to the state championships, as they did in football.

Hereford sports fans will get a slight break now with basketball finished. Baseball season won't get underway until at least March 9, although it may be later. Since resuming the sport, I don't recall that the weather has ever permitted the Whitefaces to play their opening game on the day scheduled.

After all, our boys will soon need someone to kiss!

Along with others, I have spent much time and money promoting legislation at Austin for the Plains Irrigation Gas Users Association and I am a member of the founders committee of the Cotton Producer's Institute.

"My years of experience as a farm leader have brought into being such programs for the good of Bailey County as the Good Neighbor Cotton Seed Program in which irrigation farmers gave cotton seed to dry-land farmers who had been hard hit by drought.

"I have fought for the farmers on numerous occasions for a better FHA program with lower interest rates and have fought much bad legislation in Austin.

"In listing these activities, I hope I have not seemed boastful. It seemed to me in each case that a job needed to be done with few people to take the time to do it. I have accepted these duties, usually resulting in much loss of personal time and money.

But I feel a dedication to the proposition that we must have men in government that will vote for what is right and good for our country, with the interest of future generations at heart, instead of political expedience to further their own selfish ambitions and moral degeneration... a condition I see so often in our county, state, and national affairs.

"Some have asked me what platform I am running on. Standing on the side lines looking on, here are just a few of the things that occur to me:

1. Correction of the irregularities in the new sales tax law.
2. I believe that the Ad Valorem Tax should be abolished or turned over to towns or commissioners courts.
3. Work for a fair deal for the farmer Irrigation Natural Gas Users, in which they will have the same privilege as the towns and villages.
4. A small loan regulation bill.
5. Prohibition of obscene movies, as well as obscene books in our school libraries.
6. Stronger lobbyist regulation.
7. Continued improvements in our public schools and colleges.
8. Adequate legislation and financing to attract industry and tourists to Texas.
9. Defend the recent tax placed on gas pipeline companies.
10. Modify the Auto Insurance Merit Rating Plan to make it more equitable.

I will also stand for more states rights and less centralization of government.

Committee...

(Continued from Page 1) soring this drive for seat belts. Others on the committee are James Teas, Bill Bradley, highway patrolman Carl Parker and Dr. H. A. Cavness.

This committee is not selling belts, but merely trying to make county residents see the need of buying them. The program building committee has undergone extensive research while preparing a program which will be presented to any group. This program demonstrates the effectiveness of auto safety belts, and may be obtained by calling the county extension office.

Not only do seat belts protect passengers in case of accident, points out the committee, but on rough roads, during sudden stops, or in sharp turns, the belts will hold one securely and comfortably in place.

A seat belt is one of the best "baby sitters" a mother can find when it comes to a small child riding in the car.

Seatbelts have six main safety qualities, which include the following: (1) belts prevent the ejection from the auto (2) lessen injury from hitting dash, steering column, ceiling, or other objects inside the car (3) spreads the force of impact over wider area of body (4) extends the distance used in stopping the forward motion of the body (5) the seat belt absorbs much of the force that would otherwise be passed on to the body, and (6) the psychological factor, as pointed out by Sosebee.

"There is something about fastening a seat belt that makes a person more safety-conscious than when he is not wearing one," points out the sergeant.

When a person fastens his seat belt, he is admitting to himself the possibility of an accident, and will therefore be more alert to prevent having one.

The effectiveness of auto safety belts has been proven many times. In a survey released by Cornell University, a comparison of accidents between 81 cars without seat belts and 81 cars using belts was made.

The result — "Approximately 75 per cent of persons without seat belts were injured and 30 per cent of occupants using safety belts were injured."

"I have never investigated a fatal accident where the person killed was wearing a safety belt," stated Sergeant Sosebee.

"We've been using belts in patrol cars since 1956," Sosebee added. "We have had several accidents involving Texas Highway Patrolmen where we felt like seat belts prevented serious injury."

Some 500 auto safety belts have been sold in recent months.

by one city auto parts dealer. Acceptance of safety belts has grown to the extent that all 1962 model automobiles are equipped for mounting them.

Two states have adopted laws requiring seat belts in new automobiles.

The average auto with belts usually has two in the front seat, but safety authorities recommend the same number of belts as there are regular passengers.

One report states, "Any child over three years old can easily operate the belt, although many younger children use them readily."

Auto safety belts have a wide range of prices, with the average placed at around ten dollars.

by one dealer in Hereford. Prices vary with the quality and style.

For those who fear being trapped in the car because of the belt, a simple tug at the latch releases the belt. The belts are easily adjusted to any size.

After using the belts a few days, "putting them on becomes a habit," says one user. "You hardly notice them."

"Persons having cars with seat belts should fasten them every time they get into the car," says Sosebee. "Most fatal accidents occur only a short distance from home."

In closing, remember the joke that contains more truth than humor — "Don't be caught dead sitting on your safety belt."

HOLDS NINE RECORDS
ALFRED, N. Y.—Senior guard Steve Steinberg holds nine Alfred University individual basketball scoring records, including a single-game high of 42 points.

By JIMMIE GILLENINE

Generally when we get a rain in this country someone gets unhappy, but this last one seemed to please everyone — and I know from experience that's pretty hard to do. I guess this particular time of the year is about the only season it could happen. Usually, when the wheat boys need rain, it hurts the potato growers, and on down the line. Diversification is a wonderful thing for the country, but it sure is hard on public relations at the weather department. Which reminds me, I am still predicting some more drastic weather before we venture into spring.

I noticed on the Whiteface page where Martha Ponder did an interesting article on the "Good Old Days," and couldn't find anything exceptionally good about them. I can think of one real good thing, however. The bathtub was invented in 1850, and the telephone was invented in 1875 leaving a full 25 years when you could take a bath and not have to get out of the tub to answer the phone. Otherwise, I pretty well go along with Martha; there aren't very many things they did back then that we don't do better now.

Larry Kaul was telling me that he and some more Jay-Cees would fly Tommy Carnahan to Greenville this week-end, where they will attend a state-wide banquet for selection of outstanding young Texas farmers. Larry thinks that Tommy should have a good chance, due to several of his outstanding projects. Larry is state agricultural chairman for the Jay-Cees, but says that will make no difference since the selection is made by outside judges. Credit for the overall program, however, goes to Larry and the members of his committee.

Mary Thomas says "between Jack Parr and Astronaut John Glenn Jr.," she just isn't getting enough sleep. For one, she will be glad

tenance costs. If practical, the carpet people will attempt to sell other schools, — which might use some of Mr. Ford's money.

Maude Green, who writes, a newspaper column down in Winkler County, recently told of a man who had purchased government savings bonds for her retirement and, when the time came, called the bank to arrange for disposal of her first \$1,000 bond.

The bank clerk asked: "Is the bond for conversion or redemption?"

A short pause and the lady wanted to know: "Am I talking to the State National Bank or the First Baptist Church?"

During the past week I have had an exposure to all four candidates who are seeking election as State Representative from

this district, and all four of them seem like fine, qualified people. Bill Clayton of Springlake and Bill Millen of Muleshoe strike me as Conservative Democrats, while B. M. Nelson of Dimmitt should get most of the Liberal Democrat vote. Frank Ford is unopposed on the GOP ticket, and will face one of the other three in the general election. Frankly and honestly, I believe any one of the four candidates would do an outstanding job in Austin — and far, far better than the average representative. It is the first time I can remember when a field of so many candidates has appeared with such excellent general qualifications. All four seem honest, intelligent, deeply interested, sincere in their desire to help the country — and each has definitely made a success of his own personal business.

If all candidates states were as good as this one, our government would have advanced 250 years ahead of its present status. It is going to be hard to decide how to vote which, for a change, will be a real pleasure.

Hereford is about to take New York City this week with Howard Gault there to attend a vegetable meeting, Irving Alexander on a shopping spree, and Ivan Block and Tom Robinson on school trustee business. I have been expecting at least one of them to turn up on TV, but they have probably been too busy ice skating on Rockefeller Plaza — or something.

Victory Class Hosts Party For Husbands

The Victory Sunday School Class of the Avenue Baptist Church met on Friday evening, Feb. 9, in the Flame Room of the Pioneer Natural Gas Company for a sweetheart banquet.

Honored guests were the husbands of the class members and Mr. and Mrs. Duane Barrett, Barrett, educational director of the First Baptist Church, was the master of ceremonies.

At the conclusion of the meal, Barrett related the background of the song "Take My Life And Let It Be". Games were played by those attending. The fellowship ended with the group forming the friendship circle, with Mrs. Johnny Townsend, class teacher, leading the closing prayer.

Those attending were Messrs.

Texas History Is Studied At Meet

Mrs. Richard Barnard, president, presided at the regular meeting of the Bay View Study Club held Thursday afternoon, Feb. 15, in the home of Mrs. Ansel McDowell.

Mrs. Barnard gave a comprehensive review of the book, "An Informal History of Texas" by Frank Tolbert. The author told of the controversy on every border and traced the development of the state, mentioning such early leaders as DeVada, St. Denis, Santa Anna, Sam Houston, Temple Houston and Richard Coke.

Attending the meeting were mesdames Richard Barnard, Colby Conkright, W. J. Gilliland, Jimmie Gillettine, A. M. Jones, W. S. Kerr, J. W. Kirby, John McLean, R. B. Miller, Eugene Naugie, Carl Perrin, J. W. Spradley and the hostess, Mrs. Ansel McDowell.

and Mesdames Billy Wall, Clois Kemp, Johnny Townsend, Preston West, Marvis Southward, L. B. Worthan, G. W. Duncan, Duane Barrett and Lewis Hagar.

LET'S THINK
BY J. FRANK FORD, JR.
Republican Candidate For The Texas Legislature
(During September and October, the Brand will carry a series of these articles, each pertaining to a specific issue.)
As history goes, 200 years is a brief span. And yet, during these last two centuries, there has been more progress made toward individual dignity and freedom than was made during the previous 7,000 years of recorded civilization. There were many bright spots in previous civilizations, but they were rather isolated, compared with today.
What are some factors which have made this progress possible? During the late 1600's, the philosophy of John Locke, in England, was helping to point the way. A century later, in 1776, Thomas Jefferson wrote a Declaration which reverberated around the world, and a new era for mankind had begun.
Jefferson had confidence in the individual and a firm belief in States Rights as opposed to a powerful central government. "Give the people light," he said, "and they will find their own way." Isn't this idea, which has been responsible for our unprecedented progress, as true today as when it was first conceived?
The problem is that freedom, like all other blessings, is often taken for granted. Our frontiers were conquered, the industrial revolution presented new social problems, and the world has been torn by two world wars. During this process, the pendulum of our government has simply swung too far.
It is my firm conviction that all Americans who believe in individual worth, whether they have termed themselves "liberal" or "conservative", must recognize the inherent dangers in centralized power. The future of the next generation depends on us.
It is the nature of man to react courageously and well to challenge. Our failure of the past 15 years has not been lack of courage, but lack of interest. Many of us have been "too busy" to take an active part in our political affairs. The results are now apparent.
If all of us will stay informed, use the power of our reason, maintain fairness in debate, when we differ, and act with courage upon the resultant decisions, then we will have a state and a nation of which we can be proud. It is worth the effort.

By SUZY WOODFORD

The halls of Hereford High School were brightened with a pretty sight this past week: white jackets with white leather sleeves worn by the lettermen of our fine basketball team. Those receiving these jackets were: Jerry Curtisinger, Dwight McGee, Randy Dowell and Donald Payne, team manager. These boys are very proud of their jackets, with good reason for they are very attractive!

Donna Rogers, who was in the All State Choir, and the people who went with her all agreed that Dallas is a wonderful city and it rolled out the red carpet for them. Donna said the choir was just fabulous and loads of fun.

Beverly Boyer and Avie Justice enjoyed sleeping late and looking "Big D" over although one morning they made a slight mistake. They went to one of Dallas' biggest department stores about 8:30. They were quite a few other people going in but they all had little cards. Avie and Beverly didn't let this bother them. They thought it over a minute and decided they were having some kind of display or something like this so they leisurely sauntered in. They were looking around when this kind man walked up to them and told them that the store would not be open until 9:30. This was just too much for Beverly and Avie so they turned around and hurried back to the hotel and went back to bed where they decided they should have stayed in the first place!

Don Moore, Wesley Hopp, and Ben Gollehon enjoyed hearing the fine music available as All-State Band and Orchestra were being held in Dallas also. There was so much to do and so much to see they had trouble getting it all in, but they all come back full of ideas to help improve the musical departments in Hereford and all very eager to return at the first possible date.

Friday night was a very busy and exciting night. Ruth Ann Allison was crowned basketball queen for this basketball season. Ruth Ann said she felt like a queen and she certainly looked like one in her pure white suit trimmed with a fur collar. Her attendants, Nancy Edwards in her blue knit suit and Connie Kent in her red knit suit, also looked very nice! The boys made some very good selections, and the girls were very thrilled with the honor they had received.

After the basketball game nearly everyone went to the community center for a rousing dance. Mrs. Cave, with the assistance of some students, decorated the ballroom of the community center to look like the Peppermint Lounge where the twist originated. Red and white streamers were hung all along the ceiling with candy canes on these. Over the stage, red and white streamers were done in a sun-burst design. As you can imagine it was very

effective and very cute. The Starfires played for the dance. The Starfires are Walker Parris and Dennis Hodges, who were originally in the Frio Trio, plus Eddy Gallagher and Billy Lytal. Friday night Gerald Hanners of Canyon took Billy Lytal's place and Dennis Hodges took turns with his brother, Jerry.

I think everyone had a very good time doing the twist and all the other dances. You know, even if you don't enjoy doing it for one thing, it is a dandy exercise for reducing the waist!

Also Friday night, three very kind men, Don Moore, Wesley Hopp and James Hinkley, gave up their evening to take a bus load of girls and two boys to see "Swanee" put on by the music department of Eastern New Mexico University at Portales.

"Swanee" is a variety show staged annually with dancing, singing, and jokes. The people at E. N. M. U. did a very fine job on the production of "Swanee". Two freshmen from Hereford, Deanna Kriehausen and Shirley Curtis, were in the show and this of course added something extra to the show. It was very good and everyone certainly enjoyed going.

To ride on a bus with a group of singing, screaming kids is always fun but some of the girls were wishing James Hinkley, who teaches speech, had taken his car because he was driving his brother's car, a beautiful red 1962 model with red upholstery. James Hinkley is getting ready to start rehearsals on "Misummer Night's Dream" by Shakespeare. If it is as good as "The Diary of Anne Frank", as I am sure it will be, it will be a very good production and one we will all want to see. It is scheduled for March 23 and 24 so mark that on your calendars!

I have some very good news from the community center this week. From the money charged to go to some of the dances the students have saved \$300 toward the purchasing of a new fence to go around the patio. This will make it possible to have picnics and outside dances there. Everyone concerned would like to extend a word of thanks to the city commissioners for giving us the remaining \$300. We are all very happy about it!

If anyone is interested in learning how to square dance he is urged to contact Mrs. Cave or me, because there is much interest in starting a teenage square dance group. It would meet twice a month and we would have an experienced caller to teach us. I think it would be a lot of fun and everyone would really enjoy it. So think about it and talk it and let us know real soon!

Friday, Feb. 9, Kenneth Hart, Distributive Education teacher, took Geneva Logan, Patsy Livezey, Roy Good and Harold Anderson to San Angelo to compete (Continued on page 5)

WITH MRS. MERLIN KAUL
Mr. and Mrs. Dale Timmin went to Elida, N. M., last Saturday to attend homecoming festivities of Elida High School. The Women's Club of Elida served a dinner to the 257 present, which included graduates and their families. H. E. Morgan, superintendent of Elida High School since 1928, gave the welcome address. Mrs. Timmin's class of 1930 had 14 members, six of whom were present. Following the dinner, all attended the Elida-Texico basketball game, which Elida won after three overtimes to play off the tie. A tour of new buildings and a social hour at the Masonic Hall concluded the festivities, which are to be held every five years.

Mrs. Claude McDougal attended an area meeting of the American Cancer Crusade in Lubbock Wednesday. She has been appointed chairman of Deaf Smith County Cancer Crusade for this year. She reports that the meeting Wednesday was outstanding. Dr. G. V. Brindley of Temple made the keynote address on the progress made on diagnosis and treatment of cancer. Dr. Goldston of Amarillo was accompanied by a former patient who has been cured of lung cancer by surgery in 1954. Dr. Carl F. Page of Lubbock gave an impressive talk concerning the importance of the educational aspects of the cancer crusade and urged a yearly checkup. He asserted that cancer caught in the early stages can be corrected.

Researchers think they are on the brink of finding the answer to the cause and cure of cancer, the group was informed. Mrs. McDougal feels after attending this meeting that the Cancer Drive should be one of the most important of the year as it is a known fact that one person out of every four will have cancer. The annual crusade will begin in March and continue through April.

Mrs. Eugene Combs of Plainview spent several days last week with her parents, Mr. and Mrs. Johnny Townsend, while her husband was on a business trip to Eagle Pass. Eugene is associated with a feed manufacturing plant in Plainview.

Several from here attended the funeral service of George B. Combs at the First Baptist Church in Canyon Wednesday afternoon. Mr. Combs, 92 years old, was a pioneer Panhandle resident and XIT cowboy. He married Sheba Womble, a sister of the late Troy Womble of this city. She passed away several years ago. The body of Mr. Combs was brought to West Park Cemetery for interment. Those going to Canyon for the service included Mr. and Mrs. Robert Thompson, Mr. and Mrs. Coy Phillips, Mr. and Mrs. Baker Womble, Mrs. Carl Williams, Earl Phillip, Mrs. Bruce Rose, and Mrs. Lola Rose.

Mr. and Mrs. Herbert Boardman and Mrs. Betty Rice were

Suzy's...
(Continued from page 4) — in a D. E. Contest. There were contests in business speaking, ad layouts, job interviews and sales demonstration. Geneva Logan placed second in business speaking and Roy Good was one of the five finalists in job interviews. The group had a very nice time and is planning to go to Austin to compete in a State D. E. Contest. We would like to wish them the best of luck. In keeping with the Valentine spirit the Hereford Country Club held a contest to select a Sweetheart. About ten girls competed for the honorary title, which Connie Kent won. Connie is very happy about it and we would like to add our congratulations.

visitors in Odessa last weekend. Mrs. Rice visited in the home of the Boardmans attended a meeting on alcoholism and of Don Rice and family.

W. M. Hare of Vancouver, Wash., is visiting here in the home of his brother, A. A. Hare, and also with his sister, Mr. and Mrs. Tom McClung.

A dinner held last Sunday in the home of Mr. and Mrs. W. L. Hendricks at Slaton honored the birthdays of Roger Hendricks and Tommy Hargrave of Slaton and Joe Pat Cassels of Hereford. Those attending included Mr. and Mrs. Tom Hargrave, Mr. and Mrs. Jim Cassels, Joe Pat Cassels of Hereford, Mr. and Mrs. Duane Cassels and Jeffery of Westway, Connie Magnus of Dimmitt, Mr. and Mrs. F. C. Hargrave of Lubbock, Kenneth Joe and Tommy Hargrave of Slaton. Mrs. Hendricks is the former Mary Nell Cassels, the daughter of Mrs. Tom Hargrave.

Visiting in the W. G. Blackwell and Tom Hargrave homes last week were Mr. and Mrs. Leonard Phipps and Mr. and Mrs. G. T. Parks of Chickasha, Okla. They were to see W. G. Blackwell, who was a recent hospital patient. His father also came from Kansas City, Mo., to spend a few days with him.

Joe Easley and Walter Kaul left Wednesday morning for Salinas, Calif., on business.

Walter Kaul returned home from El Paso Sunday night where he was a contestant in the El Paso Stock Show Rodeo. He placed in the "bulldoggin."

FIRE-FIGHTING FAMILY
BUFFALO, N. Y. — Capt. John W. Wright of the Buffalo Fire Department has two sons, Junior Capt. Robert W. Wright and Junior Captain John F. Wright, both of the Buffalo Fire Department.

AUSTIN HIGHLIGHTS

Political Hopefuls Invade Capitol To Beat Deadline

Candidates flooded this capitol city as the filing deadline arrived. Politicians came to town to pay filing fees for state offices at both the state democratic headquarters and the republican camp.

Thousand dollar fees were paid in many ways: One thousand one-dollar bills, one hundred ten-dollar bills, and varied contributions from friends of the candidates.

A former athlete brought a handful of ex-football stars along to show that he had a sporting chance.

There were very few surprises at the State Democratic Executive Committee: gubernatorial candidates J. O. H. Connally, Marshall Formby, Will Wilson, and Maj. Gen. Edwin A. Walker had paid before the deadline; Don Yarborough was expected, and everyone knew Gov. Price Daniel would show up after his TV announcement.

Austin Attorney Bob Looney arrived at the last minute to join Tom James, Tom Reavley, Waggoner Carr, W. T. McDonald and Les Procter in the attorney general's race.

Keith Wheatley, 27-year-old Stamford oil operator, decided to oppose Railroad Commissioner Ben Ramsey in the May primary.

Both Looney and Wheatley filed without paying, but plunked down their \$1,000 fees by the Feb. 8 deadline.

Joe R. Pool, Dallas attorney, Charles H. Stevenson Jr. of Nueces County and rancher Phil Willis of Kaufman County, made the same sort of financial transaction as candidates for congressman-at-large.

Houston businessman Robert W. Hervey and Mitchell County District Judge Eldon Mahon forfeited their right to run for congressman-at-large when they failed to follow filing with payment of filing fees.

Indicative of the expected turnover in both House and Senate is the democratic line-up for lieutenant governor: Speaker of the House James A. Turman, Senators Preston Smith, Jarrard Secret and Robert Baker, all are abandoning present posts to seek the state's second highest position. Gene Smith of Fort Worth is the only non-legislative candidate for lieutenant governor.

REPUBLICANS RALLY

Rebirth of the republican party in Texas" has been widely discussed. It was quite evident when the filing time was over that considerable progress had been made. If the party wasn't reborn; it certainly was revitalized.

Breckenridge oilman Jack Cox — former democratic candidate for governor who announced for the GOP months ago — got two opponents at the count-down. One was Amarillo rancher-publisher Roy Whittenburg, who polled 185,926 votes when he opposed Ralph Yarborough for the U. S. Senate in 1958. The other was Harry Diehl, Houston factory representative, who was one of the 71 who ran for Lyndon Johnson's senate seat last year.

Republican line-up for house and senate seats is imposing. Fourteen republicans are campaigning for 10 of the 31 senate seats. And 74 republicans have filed for 70 of the 150 representative offices. Two already are members of the house. They are George Korkmas of Texas City and Kenneth Kohler of Amarillo. They seek re-election to offices they won in recent special elections.

VALLEY FREEZE CREATES FOOD SHORTAGE

Agriculture workers "frozen" from jobs by the recent freeze in the Valley caused a stir of activity in the commodity distribution division of the State Department of Public Welfare.

Division Director W. M. Herndon has just returned from two trips to the Valley to talk to county commissioners in Cameron, Zavala, Willacy and Hidalgo Counties. There, the need for emergency distribution of government surplus foods is desperate.

DPW is distributing food for 5,000 in Cameron County, 4,000 in Willacy County, and 2,500 in Zavala County. Also it is adding 20,000 people to the program at Hidalgo County, which provides food for 600 needy people on a regular basis.

Most commissioners look for the emergency to end within 30 days, when business in that area is expected to recover.

UNIVERSITY HOUSING BATTLE

Attorney General Will Wilson has more windmills to tilt at than Don Quixote.

In his "spare time" he's fighting five opponents in the governor's race.

On a current job basis, he's engaged in a battle with the University of Texas' Board of Regents and the three outside attorneys UT hired to defend the school in a housing suit brought by several Negro students.

Wilson, as attorney general, also is defending the University and mightily opposing the intrusion of outside help. He filed a brief, citing Supreme Court ruling and legislative authority to prove his contention that only the attorney general can represent the state in appellate courts.

UT's private attorneys pointed to another regents' case where they noted "with much interest

that a distinguished array of counsel headed by former Gov. Dan Moody represented the Board of Regents."

Wilson produced evidence that Governor Moody was the Attorney General of Texas at the time of the suit referred to, and "the distinguished array of counsel" were his assistant attorneys general.

SALES TAX RULINGS KEEP COMING

Governor Daniel's announcement that he hopes to amend the sales tax structure probably caused groans in the Comptroller of Public Accounts' office, where they're constantly busy interpreting the two per cent sales tax as it now stands.

Most recent interpretation involves advertising agencies which finance their operation on a 15 per cent commission basis, rather than by charges.

Comptroller ruled that the tax does not apply to intangible services and therefore excludes the commission from taxation.

But clients must pay tax on drawings, paintings, lettering and printed matter, and with the fantastic volume of this type of production involved in a campaign year, the state ought to net a fair-sized income from advertising agencies.

TEXAS CRIME ON UPSWING

Col. Homer Garrison Jr., Director of the Department of Public Safety, stated that major crime in Texas increased 2.2 per cent in 1961 over 1960, with an estimated 203,285 offenses for the year.

Murder and homicide cases increased from 1,080 to 1,088; theft from 108,869 to 117,619; rape from 1,196 to 1,264; and aggravated assault from 12,128 to 12,166.

Garrison said this means that in Texas during 1961, "there was a murder every eight hours, a rape every seven hours, an aggravated assault every 43 minutes, a robbery every 10 minutes, a theft every four and one-half minutes."

He said it also indicates a 60 per cent increase in major crimes in the state since 1955.

Mrs. Higgins Hosts SS. Class Meeting

The Faithful Service Sunday School Class of the First Baptist Church met on Wednesday, Feb. 7, at 4:15 p.m. in the home of Mrs. Jim Higgins.

Mrs. Gladys Miller gave the opening prayer and conducted the business session.

Mrs. Mildred Ramey used "Good Neighbors" as her title for the devotional.

The closing prayer was offered by Miss Della Stagner.

Refreshments were served to the following: Mesdames Jim Higgins, Viola Williams, Abe Martin, Floyd Tucker, Gladys Miller, Ralph McCullough, Hazel Bruner, L. H. Lookingbill, Grady Parsons, Mildred Ramey and the teacher, Mess Della Stagner. DeAnn Miller was a guest at the meeting.

REMEMBER WHEN?

By CHARLIE SEEDS

"NYLONS ON SALE"

That's not a headline you'll remember, because when it first happened it wasn't front page news. But the year when nylon hose first went on sale was a significant event in modern history as any woman—or man!—can tell you.

The production of this kind of stocking material was a noteworthy example of applied science. The first sale of nylons was an experimental one, held in a department store in Wilmington, Delaware. The stockings had come from a single pilot plant of the Nylon Division of the DuPont Company.

The response of American women was overwhelming. By Christmas of that year women were clamoring for nylons. Full scale production of the sensational new stockings followed immediately after the first sale... but production couldn't keep up with the demand. Something new had been added to feminine beauty.

Remember the year? Women liked the looks of the new nylons that year... and liked the wear they gave. Men looked for similar things that year in an automobile... good looks and the promise of dependable service.

The year was 1939. Good looks... with years ahead features that mean lasting value... plus engineering that means dependable service... you get all this in a new FORD. And our deal makes it easier than ever to drive a new FORD. Stop in and check our higher trade-in or lower terms — at CHARLIE SEEDS MOTOR CO., INC., W. Hwy. 60 at Miles. Phone: EM 4-2727.

ing, was Roy Beard, of the Veterans Hospital, who explained the progress that has been made in medical research, especially in the fields of diabetes and cancer.

Among the 56 Legionaires, 20 members from Hereford attended the regular Zone One meeting.

A dinner of barbecued beef was served before Zone Commander Cecil Wilkins called the business meeting to order. Mrs. Ira Ott is Zone secretary.

Hereford attorney and captain in the Air Force Reserve, Bruce Miller encouraged promising junior high and high school students to enter this field of the military and the academy.

Members from Hereford attending the meeting were Messrs. and Mesdames Cecil Wilkins, Ira Ott, H. A. Swigart, Frank Smith, and Walter Frost; Mesdames Lurline Smith, Hazel Smith and Mabel Wagner, and Arch Dobbins, R. E. Dragler, Ellis Coombes, Slick Miles, Bruce Miller, Harry Schultz, and Bill Elder.

Services Held For G. B. Combs

Funeral services for George B. Combs, former XIT ranch hand and early day Panhandle resident, were held at 3 p.m., Tuesday, Feb. 13, in the First Baptist Church in Canyon.

Mr. Combs moved to Canyon in 1923 from Hereford. He lived for many years in the northwest part of Deaf Smith County near Fairview School. He was an uncle of Mrs. Bruce Rose and Coy Phillips of Hereford.

Officiating at the services were the Rev. Strauss Atkinson, pastor, and the Rev. R. L. Kirk Jr., pastor of the First Methodist Church of Granger.

Burial was in West Park Cemetery, Hereford, under the direction of LaGrone Funeral Home of Canyon.

Mr. Combs, 92, died at 11 p.m. Sunday in an Amarillo rest home. His home was at 1500 West 6th in Canyon.

He came to the Panhandle in 1896 to go to work for the Escabada Division of the XIT. He was a native of Laurel County, Ky., and had worked on the 040 ranch.

Mr. Combs was a member of the First Baptist Church, which he served as a deacon for many years.

Surviving are his wife, Josephine of the home; three daughters, Mrs. J. M. Hart and Mrs. C. V. Lowe, both of Granger, and Mrs. C. A. Barker of McAllen; five grandchildren, 10 great-grandchildren and one great-great-grandchild. Two sons preceded their father in death. They were killed in a tractor accident in 1921.

Rites For Robert Brown Held Friday

Final rites for Robert L. Brown, 86, of 815 Portland, Plainview, Texas, were held at 2 p.m., Friday, Feb. 16, at College Heights Baptist Church in Plainview.

Officiating was the Rev. Frank Travis, pastor of the First Presbyterian Church, and the Rev. John Traylor, pastor of the College Heights Baptist Church.

Burial was in the Plainview Memorial Park.

Mr. Brown died late Tuesday evening, Feb. 13.

He held farming interests in Floyd, Briscoe and Deaf Smith counties.

He was born on Sept. 27, 1875, in Itasca, Tex., and was married to Adella E. Grewe on April 23, 1905. He moved to Floyd County in 1908 and to Plainview in 1926.

Surviving are his wife; three sons, Ralph of Ruidoso, N.M., Cecil of Lockney and Gilbert Brown of Plainview; two daughters, Mrs. Luther Lealy of Hereford and Mrs. Robert Dickason of Crane; a sister, Mrs. Nettie Elliot of Chillicothe; 17 grandchildren and 19 great-grandchildren.

Canyon Rites Set For Mrs. Rowan

Last rites for Mrs. Robert E. Rowan, 71, of Las Cruces, N.M., and former Canyon resident have tentatively been set for 2 p.m. Sunday, Feb. 18, in the LaGrone Funeral Chapel in Canyon.

Burial will be in Dreamland Cemetery.

Mrs. Rowan died Wednesday night in a Las Cruces hospital. Surviving are two sons, Robert of Westfield, N.J., and Tom of Santa Monica, Cal.; a daughter, Mrs. Martha Jo Jamison of Las Cruces; four sisters, Mrs. J. H. Florey of Amarillo, Mrs. Frank Brown of San Mateo, Cal., Mrs. Lewis Brown of Manchester, Conn., and Mrs. J. B. Storey of Hereford, and 11 grandchildren.

Joint Court Of Honor Held For 3 Scout Troops

A joint Court of Honor was held Tuesday for members of Boy Scout Troops 50, 52 and 151 in the Hereford Community Center.

Stan Knox presented Second Class awards to Jimmy Bayne, Kenny Gearn and Mike Sooter, Troop 50; Paul Easley and Johnny Dodson, Troop 52.

Frank Ford Jr. awarded First Class badges to Bob Gentry and Kerry Kendrick, Troop 50; and James Frost, Troop 52.

Receiving their Tenderfoot badges were: Mike Sooter, Paul Easley, Wayne Poarch, Don Rasberry, Kenny Gearn and Robert Gandy, Troop 50; Alan Coker, Chris Hutcherson, Lenny Petree, Ralph Knox, Bobby Watts and Pat Higgins, Troop 52; Lynn Noel and Dave Bosley, Troop 151.

Bill Thompson presented 30 merit badges to Scouts. Opening and closing ceremonies were conducted by Scouts Bruce Miller, James Frst and Jimmy Kassahn.

Scoutmasters are Frank Ford Jr., Troop 52; Wayne Lawrence, Troop 50; and Palmer Norton, Troop 151.

Army Staff Sergeant Jose A. Ramirez, son of Mr. and Mrs. C. Ramirez, Hereford, Tex., is scheduled to participate in Exercise Bristle Cone at Fort Irwin, Calif., March 7-13.

Sergeant Ramirez and other selected personnel of the 1st Infantry Division, Fort Riley, Kan., will act as aggressors, playing the part of the "enemy force" during the maneuver at the Army's large Armor and Desert Training Center.

Bristle Cone will train Army and Air Force units in tactics and techniques of desert warfare and operation. The training will feature long range aerial reconnaissance, airlift capabilities and offensive and defensive ground actions.

Ramirez, a squad leader in Company A of the division's 28th Infantry at Fort Riley, entered the Army in January 1953. His wife, Beverly lives in Junction City, Kan.

Miss Sylvia Wiman Weds Jon Cranford Saturday

Miss Sylvia Wiman, daughter of Mr. and Mrs. Jim Wiman, 433 Star Street, Hereford, and Jon Cranford of Artesia, N. M., son of Mr. and Mrs. Leroy Cranford, exchanged wedding vows on Saturday evening, Feb. 17, at 7 o'clock in the sanctuary of the First Presbyterian Church in Portales, N. M.

The Rev. Homer C. Akers, minister of the First Presbyterian Church, read the double ring ceremony before an altar of wedding candelabras, entwined with fern, tied with white satin bows and filled with white wedding tapers.

Traditional wedding selections were given by the soloist, Miss Herma Loy Elliott of Portales. Miss Jane Burroughs of Portales was the organist.

The bride's attendants were Mrs. Jim Simms of Portales, serving as matron of honor, Miss Nancy Hudnall of Clovis, N. M., and Miss Joy Wiman of Hereford, sister of the bride, as bridesmaids. They wore identical dresses made of burgundy velvet, fashioned with bell skirts, fitted bodices and scooped necklines. Their costumes were complemented with white gloves, single strands of white pearls and pill box hats and satin shoes to match the dresses. Each attendant carried a single white rose.

Jerry Cranford of Albuquerque, N. M., brother of the groom served as best man. James Mitchell of Dallas and Hugh Birch of Waco served as groomsmen. Jim Simms of Portales and Jay Gurley of Tahoka served as ushers. Judy Wiman, sister of the bride, and Jay Gurley lighted the candles.

The bride, given in marriage by her father, was attired in a formal wedding gown of white peau de sole fashioned with a high neckline and elbow length sleeves. The bouffant overskirt extended into a chapel train. Her shoulder length veil of French silk tulle was attached to a white satin pill box hat. The bridal bouquet of white and red American Beauty roses was carried atop a Bible that has been carried by many members of Kappa Delta Alpha social sorority in their weddings.

Mrs. Jim Wiman, mother of the bride, wore a light green silk linen sheath, flower hat and bone accessories. She wore a white rose corsage. The groom's mother, Mrs. Leroy Cranford, wore a beige raw silk suit with matching accessories, and wore a corsage of white roses. Mrs. Cranford is a senior

student at Eastern New Mexico University in Portales, N. M., where she is a member of Kappa Delta Alpha social sorority. Cranford is also a senior student at Eastern New Mexico University where he is affiliated with Tau Kappa Tau, social fraternity, and Delta Sigma Pi, honorary business fraternity. He is president of the student body. The couple are both listed in Who's Who in American Colleges and Universities.

Immediately following the ceremony, the bride's parents hosted a reception in the fellowship hall of the church. The bride's table was laid with white net over white, with burgundy red wedding tapers and a bouquet of white and red American Beauty roses forming the centerpiece. The white wedding cake was made in three tiers. Assisting at the reception were Mrs. Wade Bailey of Electra and Mrs. Percy Bailey of Levelland, aunts of the bride.

L.A.E. Members Discuss Agencies At Club Meeting

The members of the L. A. E. Study Club met in the Gordon Elliott home at 3 p. m., Tuesday, Feb. 13, for the regularly scheduled meeting.

Mrs. Gordon Elliott, president, presided at the short business session. Roll call was answered by naming the United States Representatives to Congress from Texas. Mrs. Leroy Suttle gave a report on the findings and recommendations of the citizens' committee concerning the local schools. A general discussion followed the report.

Mrs. Virgil Marsh presented the program on "Non-Cabinet Agencies".

Members present for the meeting were Mesdames B. A. Reddell, A. B. Higgins, Leroy Suttle, C. E. Beauford, Teresa Hale and the hostess, Mrs. Gordon Elliott.

"American Music" Is Topic Of Hereford Music Club Meet

Members of the Hereford Music Club met on Monday, Feb. 12, in the home of Mrs. J. R. Allison. Mrs. Bill Brady was co-hostess for the meeting.

Miss Frances Dameron was program leader for the meeting, speaking on the topic, "American Music". She pointed out the fact that most Americans are not familiar with the growth of music in our nation and that it is a romantic and interesting history and one to be proud of. Miss Dameron also noted that America is often referred to as "The Melting Pot" and our

music reflects the racial characteristics of the many nationalities of people that settled this country.

She gave a resume of the early music of our land and of the Indian, Negro, Folk and popular influences upon our music.

In closing she said, "Most 20th Century Americans spend very little time looking backward into what we call tradition. We speak with pride of the things that are truly American such as skyscrapers, big cars, fast railways and numer-

ous fantastic inventions. It is a case where the scientific mind rules, instead of the heart. And we in America must watch our step or we will become slaves of the 'Age of Invention' instead of the 'Masters of the Arts'."

Miss Dameron introduced Mrs. Duane Barrett, wife of the new education-music director of the First Baptist Church, and a guest of the club. Mrs. Barrett presented two numbers, "Old Black Joe" and "Old Folks At Home" by Stephen F. Foster. Both numbers were played on the marimba.

Mrs. H. K. Fox sang two num-

Merry Maidens Meet For Program

The Merry Maidens 4-H Club met in the home of Kathryn James on Feb. 6, for the regular meeting.

The members discussed plans for the future "Share The Fun Night". The group will meet soon in the Hereford Community Center to practice for the coming event.

Miss Loretta Fowler gave a report and demonstration on colors best suited for each girl.

Guests present were Miss Loretta Fowler and Mrs. Gaylon Bryan. Members present were Patricia Herr, Becky Long, Glenda Fuhrmann, Wanda Fuhrmann, Fanella Williams, Marilyn Tice, and the hostess, Kathryn James. Refreshments were served to those present.

Miss Latham Weds Bill Lookingbill

In a double ring ceremony performed recently in the sanctuary of the Summerfield Baptist Church, Miss Shara Latham of Amarillo became the bride of Bill L. Lookingbill of Summerfield. Parents of the couple were Mrs. Sid Latham of Tucuman, N. M., and Mr. and Mrs. L. B. Lookingbill of Summerfield.

The Rev. Clayton Watkins, pastor of the church, read the ceremony before an altar decorated with two tall white baskets filled with white mums. Flanking the altar were two seven-branched candelabras holding white wedding tapers.

Nuptial selections were provided by the organist, Mrs. Jamie Clearman, sister of the groom. Gene Streun, the soloist, sang "Always" at the beginning of the ceremony and "The Wedding Prayer" at the con-

clusion of the ceremony. Ushers were Jim Lookingbill, Jamie Clearman, L. H. Lookingbill and Billy Mac Noland. Candles were lighted by Jamie Clearman and Jim Lookingbill.

Attending the couple were Mrs. Jenny Ford of Amarillo and Fred Lookingbill of Friona, brother of the groom.

The bride, escorted to the altar by Bradley Lookingbill, brother of the bridegroom, wore a blue wool sheath dress complemented by white accessories. The bridal bouquet of white roses was carried atop a white Rainbow Bible. Her only jewelry was a ring belonging to the bridegroom's maternal grandmother.

Immediately following the ceremony a reception was held in the educational building of (Continued on Page 2)

Mr. and Mrs. J. B. Snead Jr. of Hereford are announcing the marriage of their daughter, Carole Annette, to David Weldon Deaton of Abilene on Jan. 31. He is the son of Mrs. Mildred Fender Deaton of Abilene and Jack Weldon Deaton of Sanderson, Tex.

of Hereford High School where she received many honors. She is a freshman student, majoring in speech, at Hardin-Simmons University. She is a member of the Student Senate and the dorm council of the Y. W. A.

Deaton is a 1958 graduate of Abilene High School. He is a junior pre-law student at Hardin-

Simmons University, where he is a member of the dorm council, the Student Senate, a varsity Debater, and president of Sigma Delta Sigma social club. The couple are making their home at 434 Merchant Street, Abilene, where they are continuing their studies at the univer-

MRS. HAROLD MILLER, (center left), AND MRS. CECIL COKER, (center right), were chosen as sweethearts of the Beta Sigma Phi Kappa Iota Ritual of Jewels Chapter and the Xi Epsilon Alpha Exemplar Chapter, respectively. They wear crowned and presented Sweetheart trophies and the traditional bouquets of red roses at the annual sweetheart ball held at the Jim Hill Hotel Ballroom on Friday evening, Feb. 9.

Mrs. Robert Hickman, (left), was chosen as princess of the ritual chapter and Eddie Johnson, (right), was chosen as princess of the exemplar chapter. The highlight of the evening was the presentation of the queens and the princesses by Mrs. Ansel McDowell, social director. Approximately 200 people attended the dance. Ralph Williams and his orchestra from Clovis, N. M., furnished the music. (Staff Photo)

Marine Private Completes Basic Military Course

Marine Pvt. Johnny R. Welty, son of Mr. and Mrs. Donald L. Welty of Hereford, Texas, completed recruit training Thursday, Feb. 15, at the Marine Corps Recruit Depot, San Diego, Cal.

The 11-week, four-phase training emphasizes physical conditioning, the history and mission of the Marine Corps, customs and courtesies, hygiene and sanitation and basic military subjects.

During the rifle range phase, study and practice is devoted to the M-1 rifle, the Browning Automatic Rifle and the .45-caliber pistol.

Upon completion of the final phase, Marines report to Camp Pendleton, Calif., for infantry training.

TWO ON HONOR ROLL

Betty Sue Robinson and Lois S. Miller have been named to the fall semester honor roll at West Texas State College. Mrs. Robinson, of 313 Ave. B, is a sophomore education major. Mrs. Miller is a senior elementary education major.

Blue candles in crystal holders flanked the flower arrangement. Mrs. Jim Lookingbill and Mrs. L. H. Lookingbill Jr. presided at the serving table. Mrs. Fred Lookingbill registered the guests. Miss Jan Story and Miss Janie Noland, cousins of the groom, played music during the reception.

The bride is a graduate of Tucumcari High School and the groom is a graduate of Hereford High School. The bride is employed at Keith Motor Company in Amarillo and the bridegroom is stationed at Fort Hood with the U. S. Army. The couple plan to make their home in Summerfield after his discharge from the service.

Glen Nelson Jr., who resides with his parents, Mr. and Mrs. Glen Nelson and younger brother, Olen, at 511 Ave. J., is the distributor of the Lubbock Avalanche-Journal in Hereford.

Glen Jr., more familiarly known as Bill, is a senior in Hereford High School this year. His extra-curricular activities include playing baseball on the high school team, plays first chair cornet in the high school band and is a soloist with the stage band. He is also an active member of the First Christian Church choir.

Bill has held the job of distributing the Lubbock Avalanche-Journal for the past six months. He gets up at five every morning (our sympathy is extended to his family), makes his deliveries and is home again by 7:30 or 8 in time to get to school and take care of a full course study. Next year he plans to attend either West Texas or Eastern New Mexico University at Portales and major in music with band directing in mind.

If Bill has missed soliciting your order for the Lubbock Avalanche-Journal you can get on his delivery route real quick just by calling his home number, EM-4-3112, evenings. He is an energetic and courteous young man and is deserving of your business.

Local Home Management Program Follows State

By Argen Draper
The Home Management programs in Deaf Smith County have followed the pattern in the state on being popular and in making better homemakers out of older homemakers and helping young homemakers in learning skills in homemaking practices that will help them. The following is from a portion of the state extension report:
What are the trends in the extension home management program?
Consumer buying information, food and management work, special interest programs on various home management subjects, general family economics and record training will all receive considerable attention this year.
Specialists in the home management field also will work with county program building or subject matter committees and give guidance to programs geared to trends, interests and needs of the individual counties.
This outlook information was released by home management specialists in their annual report.
During the past year, the specialists worked with county program building or subject matter committees to study situations and to give guidance to 227 extension agents in 64 counties. They also assisted with 49 committee meetings, attended by 536 leaders.
Young homemakers — some 1,062 of them — attended 38 special interest programs on various phases of home management last year as a result of the specialists' work.
Home demonstration agents of 12 districts received one-day intensified training in food and nutrition phases of the home economics programs.
The specialists in home management gave 23 meetings on consumer buying, attended by 49 persons last year.
Time and energy management was stressed in all programs given by the specialists, and in programs they have assisted the agents in developing.
Within the next month there will be two outstanding programs in home management that you will want to attend. One is on Feb. 28. This will be a program on Laundry Aids and on March 5 the Family Economics Committee will give a program to the Farm and Home Management Group. This is the last program of the year for the Farm and Home Management Group. I feel that the programs that we have had this year have been some of the most outstanding. I only wish more persons would attend as the information has been timely and helpful.
In home demonstration work we have always stressed an emergency home food supply for unexpected company and for inclement weather. There are other aspects to the emergency shelf now. The fallout and the evacuation box have made us revise and replenish our emergency home food supplies.
The U. S. Department of Agriculture in cooperation with the Office of Civil and Defense Mobilization, has recommended two methods of home food stor-

age for emergencies, Miss Tribble said.

The first is by increasing your regular food supply so that there will always be a two-week supply of food for your family stored in your home. Replace the food as it is used.

Method two is to store and maintain in your fallout shelter or home a special two-week stockpile of survival foods. It is necessary to choose foods that will keep for months without refrigeration, require little or no cooking, and yet will provide a reasonably well-balanced family diet.

The stockpile foods should be in cans, jars, or tightly sealed paper containers.

Homemakers should decide which type of food reserve best meets their situation. In some instances, a combination of the two methods may be desirable, the food specialist said.

Additional information on kinds and quantities of food suitable to store for emergency use — along with sample meal plans and suggestions for storing the food — may be obtained by ordering the USDA bulletin, "Family Food Stockpile for Survival." (Home and Garden Bulletin No. 77).

Dates to remember:
Feb. 26, 2:30 p.m. Home Demonstration Council
Feb. 26, 7:30 p.m. Share-the-Fun Festival
Feb. 27, — Clothing Consumer Day
Feb. 28, — Laundering

The Time Has Come To Face Facts Regarding America's New Economy

Never before in the history of the Panhandle area have employers paid such high salaries — and never before have they been plagued with such inefficient help. Unfortunately, the situation exists in practically every walk of life.

Strangely enough, most employers will tell you that employees are better educated, better informed and generally possess higher IQ abilities than ever before. They will, in the same breath, tell you that their employees make more mistakes, lose more working hours, and show less interest than ever before.

When it comes to explaining the situation most employers are at a complete loss for logical specific reasons. The most popular general reason centers pretty well on "lack of incentive", which is often traced to such things as "high withholding tax schedules, immediate availability of jobs in other places, and docile acceptance of second rate performance by employers."

Summed up, these reasons pretty well point up the ultimate results of "creeping socialism", a term which we have heard often since Franklin D. Roosevelt instituted America's first "welfare government" back in 1934. Meanwhile, the American people, like the employer, are often coming to accept a situation where many stores operate "for the employee" as much or more than "for the customer."

The former, by replacing White help with Mexican imports, has been able to fairly well escape this enigma until now. Business men, for many years, accomplished the same result by replacing male help with female help, but the stopgap has ceased to solve the problem during the past three to five years.

Crowded constantly by fringe benefits, 25-hour work week and other demands, industry and retail business no longer make an attempt to compete with imports from Japan, Germany, Italy and numerous other

competitive nations.

The employees, too, fail to find the situation a "bed of roses". More often, these days, both the man and the wife of the family are forced to seek employment in order to maintain their required standard of living. And, following government footsteps, most of us would prefer to work and increase income, rather than cut down on living standards. Other workmen, especially in trades, are solving the problem by holding down two jobs instead of one, a situation made possible with the shorter work week.

All of these things add up to one total: We are on a new and different economic basis in the United States. If we judge the future by the past, consequently, we cannot expect a correct answer. Where will it all lead? No one knows. The closest comparison, at the moment, can probably be found by a careful study of economics in England and the British Empire in recent years.

The Pleasure Of Your Company

The editor of the Wall Street Journal noted in a recent editorial that some years ago he was proposed for membership in the exclusive Cosmos Club of Washington, D. C.

For reasons the editor never heard, he was not elected.

There was no national hubbub about it either, because he was not a Negro.

Most recently, the same Cosmos Club rejected the membership application of a State Department official who happened to be a Negro.

This rejection grew into a national event. The president of the United States resigned from the Cosmos Club. The Attorney General of the United States started an investigation, muttering vague threats about closing down the club if they were being discriminatory.

The object of all the hubbub is to challenge the right of this club to reject anyone, as a Negro.

This is getting into dangerous ground, indeed. Nor are private clubs the only target. The right of people privately to choose their associates in other ways, as for example in living as neighbors, has also been challenged, both with the weight of the law and the weapon of public castigation.

All this is done in the name of civil rights. The right of a person to be welcomed by others, his right to join a club, is placed on the same basis as his right to vote, to receive justice in the courts and to share in all of the public facilities on an equal basis with every other citizen.

This is not the same thing. Forcing private clubs and private individuals to accept members against their will is to destroy them.

What is being overlooked is one of the most fundamental rights of all—the freedom to choose one's friends and social associates. This above all is no affair of the state or society.

—The Herald, Perryton

Decisions Keep Getting Harder

"Doing the right thing is no problem, but deciding 'what is the right thing' is another matter."

Recently we heard a contemporary publisher make this remark, and he immediately drew our wholehearted sympathy. In these days of heavy fire on the American press, we cannot help but wonder how many publishers and editors are faced with the same problem. In political comment, for instance, it is impossible to please everyone and, regardless of his stand, the publisher faces criticism and even occasional outraged citizens.

Worse still, like other citizens, he is not always sure that he has made the correct choice or decision. If he is sincere and conscientious, the strain is tremendous.

The same yardstick seems to apply equally well to the average voter, who is attacked from every side with barrages of propaganda from different camps. Modern communications, have undergone fantastic 20th century improvements, making practical and sensible decisions all the more difficult. In addition it seems, at times, that the nimble wits of office seekers and their campaign managers have outdistanced our educational training by such a margin that the problem is becoming more complex instead of more simple.

To some extent, at least, we are faced with pretty much the same problems in everyday existence as well as politics. Deciding what type of house or which automobile to buy is generally much more difficult than the decision to buy a house or a car — and so on down the line.

The moral, if any, rests on the conclusion that many sincere people are misled through poor judgment instead of being plain contrary, as we often suppose. Like ourselves, most of these people will appreciate and may honestly deserve a bit more tolerance along the way.

The POWER of FAITH by Howard Brodie

"They have demonstrated the strength which is founded on the faith in the victory of the spirit over force..." read the 1947 Nobel Peace Prize Award to the American Friends Service Committee.

During World War I, this group fed a million hungry children a day in Germany; during World War II it braved the Gestapo to aid the persecuted. For 45 years the Friends have relieved suffering, fostered peace, strengthened communities, served youth, victims of prejudice and the underprivileged around the world, manifesting the words of Quaker William Penn, "Let us then try what Love will do."

Report Recalls Recipe For Outstanding Teacher

BY MRS. E.L. CRISWELL

Reports of the School Study Committee have been both interesting and informative and their recommendations are practical. The school board is surely to be commended for asking for the investigations.

After reading the second of the reports is called to mind a "Recipe for a Teacher" that I had read many years ago and read again in a pamphlet of some kind that came to my mail

box. I am sure that an experienced teacher will read it and give a wary grin at some of its ingredients. Here is the recipe: "Select a young and pleasing personality, trim off all mannerisms of voice, dress, or deportment. Pour over it a mixture of equal parts of the wisdom of Solomon, the courage of young Daniel, the strength of Sampson and the patience of Job.

"Season with the salt of experience, the pepper of animation,

the oil of sympathy, and a dash of humor.

"Stew for about four years in a hot classroom, testing occasionally with the fork of criticism thrust in by a principal or superintendent.

"When done to a turn, garnish with meager salary and serve hot to the community."

In the school life of almost every person there is a special memory for a very understanding teacher that helped that person over a very large hump, one that seemed insurmountable. A teacher that gave the proper encouragement and sympathy that was a definite stepping stone in that certain person's life.

Not always was the teacher an older and experienced teacher, but it was one that had that extra little something in personality that engendered confidence and the ability to keep it in secret.

Sometimes I wonder if teachers realize the potential of their own lives in that children often pattern their lives after a much-loved teacher. Their mannerisms, their way of dress and even their outlook on life are copied. Either a student will love a teacher devotedly or will dislike them with an equal passion.

That pleasing personality must have more than just a pleasing accent, it must be real, for younger folk do not pause to see the outside surface. They see through all the veneer to the real teacher, the one that has an inner light. Sometimes parents have remarked that Johnny or Mary loves the teacher more than the parents. This may sound a bit off, but it's true, especially when the student is striving for adulthood and independence, not only of thought but of action. The loving parents are so anxious not to lose the love and adoration of their son or daughter that they tend to hold them back and the student rebelliously turns to the understanding teacher.

Here are a few significant facts about Texas Public Schools: the most important factor in recruitment is salary, according to 183 county committees. County Hale-Aikin Committees have recommended a state schedule with a \$4,000 minimum salary and a \$6,500 maximum salary for teachers. A \$4,200 minimum and a maximum of \$7,000 will be required to attract young people into the teaching profession. Hale-Aikin Committees from 224 counties approved "years of experience" and "college degree held" as a base for a salary

COMMISSION STUDIES PAVING PLAN

Paving has entered the picture in Farwell again, and if plans of the city fathers materialize, every street on which a residence is situated will be paved by the end of 1962. Members of the City Commission met Friday and reviewed the financial picture to determine the possibility of plans in that direction. According to reports, the city owes \$8,000 payable Jan. 1. \$20,000 is on hand with \$11,122.31 in the interest and sinking fund. Mayor Sam Aldridge, Ebb Randal and C. C. Christian, members of the Commission, estimate that by spending \$30,000, all used streets in town can be paved and would total 27 or 28 blocks.

BOARD LOOKS AT 1962 PROJECTS

Directors of Olton's Chamber of Commerce and Agriculture took a look at possible projects for 1962 at a regular meeting Tuesday morning. Two projects, one to get lights on Highway 70 and another on making the highway four-lane through Olton and across Lamb County, came in for lengthy discussion. President James Hall said he thought the lighting of Highway 70 through Olton would be a safety feature and also would make for an improved appearance of the town. In discussing the widening of Highway 70, the board noted that representatives from Plainview and Lockney are working now to get the highway improved east of Lamb County.

TENTATIVE HOSPITAL PLANS APPROVED

Hall County Commissioners Court Wednesday approved the tentative plans for the County Hospital, accepting the recommendation of the recently appointed Hospital Committee. The Court met Wednesday morning and then returned for an afternoon session until about 2:30 p.m. Meeting with the commissioners and the hospital committee was Evan Roberts, architect for the County Hospital. Roberts reported to the group that he recently returned from Austin, and has received the latest recommendations of the Department of Public Health there concerning the planning for the County Hospital.

CITY POSTAL DELIVERY STUDY INDICATED

After an application by Acting Postmaster Earnest Davis, the Post Office Department indicated this week it was ready to consider conducting another investigation on the feasibility of city delivery service in Dimmitt. A note to Mr. Davis from the Delivery Services in Dallas this week said, "This matter was investigated in January, 1959, and due to lack of public interest, city delivery was not established. Since you now believe sufficient interest is being shown, we are requesting the Postal Inspection Service to conduct an investigation to determine the feasibility of establishing city delivery service." When the investigation will be held is not known at this time.

REPUBLICANS FILE FOR OFFICE

It is not a rumor any more. There will be Republican candidates for at least three county offices in the GOP Primary Election. The trio filed Monday with A. S. Nafzger, county Republican chairman. The filings came as no big surprise to most political observers since local Republicans as early as last fall said they would have candidates for county offices in the primary and general elections. This is the first time in the history of Lamb County politics that Republicans have filed for county offices.

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm discusses a new frontier in foreign relations, his letter this week reveals.

Dear editor: I got tired of working on a solution to the farm problem the other day and just to rest my mind shifted over to working on the problem of foreign relations.

This came about because I had just read that Castro reportedly is setting up some guided missile launching sites up in the mountains over there in Cuba and they're pointed at the United States, there 90 miles away, which is just about point-blank with one of those things.

Now here's our problem: up to now in international law, whatever that is, there has been nothing wrong with building guided missile launching sites. So long as Castro doesn't launch one of those missiles at us, we can't do anything. Our hands are tied. We have to sit around wondering if or when he's going to pull the trigger.

At this very point is where some heavy thinking needs to be applied, and I have come up with a new theory of international law. Well, it's not really new, it's based on the law of the West, which 150 million Americans who watch TV Westerns are familiar with.

This law says if a man starts to pull a gun on you and you beat him to the draw and shoot first, the United States Marshal's hands are tied. It was a clear case of self-defense, and any Marshal or Sheriff who tried to charge you with murder would be laughed out of the West.

Now the fine point about this code is that anybody can carry a gun, it's only when he goes for it that another man is entitled to fire first if he can manage it.

This brings up my contribution to foreign policy. All the United States has to do is decide what stage in launching a guided missile corresponds to the moment when a gunslinger makes a play for his gun. The code of the West doesn't say you have to wait till the other man fires. No sir. You have to wait only till he starts for his gun, then you can go for yours and shoot him even before he gets his out of his launching pad, I mean holster, if you're fast enough, and the law is satisfied.

Right now, not having any guided missile launching sites on this bindweed farm to study, I can't say exactly what point in the enterprise corresponds to the move toward a .45, but if some expert in the State Department will figure this out, Castro may not be as happy over his launching sites as he thought he'd be and it sure will make things more comfortable. What sort of a life could anybody have led in the old West if people were entitled to go around with their guns drawn, finger on the trigger, and pointed at somebody else? If you can't legitimately defend yourself before that point, you ain't got much chance.

This is a point in Foreign Policy the experts ought to be working on a lot harder.

Yours faithfully,
J. A.

Shades Of Green Appear During Balmy 'Spring' Days

By MRS. S. N. THWEATT
Spring weather the past week has brought about shades of green over the wheat fields. The cattle have begun to show signs of growth. The flowers are beginning to come out, and the elm trees are budding.

Messenger Home Demonstration Club met in the home of Mrs. S. N. Thweatt last week with eight members present. The president, Mrs. Thweatt, called the meeting to order. The opening exercise was questions about Abraham Lincoln. Mrs. Ruth Coleman and Mrs. Lee Jones tied in the contest.

Mrs. N. A. Brown gave the financial report. The recreation committee met and planned a family party for March 24 in the home of Mrs. H. D. Buse. The party will be in honor of Mesdames N. A. Brown, Jerry Northcutt, E. M. Jack, and Bertrum Jack, who have recently celebrated birthdays.

The next meeting will be Feb. 23 in the home of Mrs. Bruce Coleman, when a program on state government will be given by Mrs. Floyd Brown, Mrs. Ruth Coleman, and Mrs. Bruce Coleman.

Refreshments of coffee, iced tea, and doughnuts were served to Mesdames G. E. Pinkerton, Ruth Coleman, H. D. Buse, Elton Sorrells, Bruce Coleman, Floyd Brown, Lee Jones, Bill White, and N. A. Brown.

Walcott P. T. O. met Friday night, Feb. 16, at 8 p.m. in the school auditorium. The program was given by two exchange students who attend Hereford High School. Sandwiches were served as refreshments.

Mrs. N. A. Brown and Mrs. Earnest Brown attended the funeral of Henry Melton Thursday afternoon. Mr. Melton died at his home in Hereford Wednesday night after a short illness. He was a retired

farmer in the Walcott community. Survivors included his wife of the home, a son, Weldon, of Walcott, and two granddaughters. Mr. and Mrs. Parker Mann of Friona were guests of Mrs. J. E. Rouse on Sunday.

Mr. and Mrs. Elton Sorrells, and Mr. and Mrs. Bill White were guests in the home of Mr. and Mrs. Eldred Brown recently. Mr. and Mrs. Elmer Northcutt, Wanda and Tom, and Mr. and Mrs. Charlie Kemp visited with Mrs. Lester Wiggins of Amarillo recently.

Kenny Evans, Jerry Oats, Ronnie Becker, and Wayne McCullan of Ropesville were breakfast guests of the S. N. Thweatts Saturday morning.

James Ray Coleman and son, Lee of Amarillo, paid a visit to his mother, Mrs. Ruth Coleman, Wednesday evening. They made the trip by plane. James and Joe stopped in Hereford and tended to business before visiting the Coleman farm at Bootleg.

Mrs. Frances Decker of Broadview, N. M., visited her sisters: Mrs. Floyd Brown and Mrs. Eldred Brown recently. Mr. and Mrs. Elvyn Hartman of Ralls visited and had supper with the Elmer Northcutts.

Thursday night, Mr. and Mrs. Bruce Coleman attended a square dance at the Community Center in Hereford.

John Kovacs of Hereford and Larry Mount of Lubbock visited in the Bruce Coleman home Saturday.

Mr. and Mrs. Bill White and children, Sharon and Shelton, and Mr. and Mrs. Elton Sorrells were guests in the Floyd Brown home Friday evening.

Guests in the home of Mr. and Mrs. Eldred Brown to play "42" were Mr. and Mrs. S. N. Thweatt.

Mr. Ulys Armstrong of Grady, N. M., died in a Clovis Hospital Friday after a short illness. Mr. and Mrs. Eldred Brown visited in the Armstrong home Sunday evening.

Mrs. C. W. King of Rosedale, N. M., is home from her winter vacation in California and Arizona. Mrs. King reports a very nice vacation, but she says, "There is no place like home."

Mr. and Mrs. Ernest Brown and family and Mr. and Mrs. Pat Patterson of Hereford, visited Mr. and Mrs. S. N. Thweatt Sunday afternoon. The group viewed the new home of the Thweatts, which is still under construction.

Residents of the Bippus Community were hosts for a covered dish luncheon at the Bippus Community Church Sunday, honoring Mr. and Mrs. J. G. Fortenberry on their golden wedding anniversary. Some

Needle Club Has All-Day Quilting

Members of the Mothers Needle Club met on Thursday, Feb. 8, in the home of Mrs. Haskell Benson in the Frisco Community for a luncheon and all-day quilting.

A quilt was made for the hostess.

Those attending the meeting were Mesdames Earl Cole, Wayne Carthel, W. H. Awtry Sr., L. J. Jones Sr., Ralph Paul, A. H. Cook, H. D. Robbins, W. T. Gunstenson, C. N. McClure and the hostess, Mrs. Haskell Benson.

The next meeting will be an all-day quilting in the home of Mrs. Wayne Carthel on March 15.

250 people attended the luncheon and reception.

Mrs. Joe Head of Clovis, was among those attending the luncheon. She reported that her son, Sallen, who is in the Clovis Hospital "is doing very nicely and enjoys company."

Mrs. O. E. Sherman and Mrs. Bess Givins of Hereford were guests of Mr. and Mrs. Phillip Miller Sunday. In the afternoon, Mrs. Sherman, Mrs. Givins, and the Millers visited the Thomas Collins family.

NEW PRE-STERILIZED DISPOSABLE BABY BOTTLE!

Why the new Playtex Nurser means a healthier and better fed baby

This cutaway shows pre-sterilized disposable inner bottle.

Unlike ordinary baby bottles, the soft disposable inner bottle uses outside air pressure to help baby withdraw formula as from mother's breast. No vacuum forms in the bottle—no collapsing of the nipple to cause exerted sucking and air swallowing. So baby takes in nourishing formula instead of "swallowed air" which can cause distress, crying, spitting up and colic.

Your doctor will tell you that baby can be happier and healthier because this new Playtex Nurser—**DRAMATICALLY REDUCES SPITTING UP AND COLIC.** No vacuum forms in the soft, pliable bottle, so baby swallows less air. Mother saves time because there are **NO BOTTLES TO STERILIZE**—Use pre-sterilized inner bottle once and throw away. No bottles to clean or scrub. And for the first time, a nipple that looks, feels and works "Nature's Way." Its soft, broad shape promotes correct mouth, jaw and teeth exercise. The Playtex Nurser is ideal for every baby—almost a must for newborn and premature infants and problem feeders.

The PHANTOM

By Lee Falk

NO, HIGHNESS, THOUGH THEY DO SAY HE HAS A SWEETHEART FAR AWAY...

...THEY SAY HE'S THE WISEST OF MEN... HAS THE STRENGTH OF TEN TIGERS... AND, ER... IS 400 YEARS OLD.

YES, HIGHNESS.

NONSENSE? WHY... YES... OF COURSE.

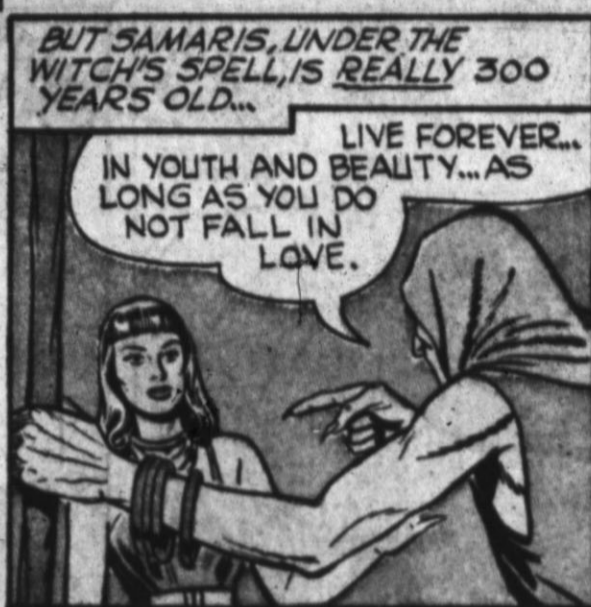

400 YEARS OLD! CAN THIS BE POSSIBLE? HE TOO MUST BE UNDER A WITCH'S SPELL!

YOU MAY LEAVE, CAPTAIN!

THOUGH THE JUNGLE BELIEVES THE PHANTOM IMMORTAL... WE KNOW HE'S 20TH OF THE PHANTOM LINE...

BUT SAMARIS, UNDER THE WITCH'S SPELL, IS REALLY 300 YEARS OLD...

LIVE FOREVER... IN YOUTH AND BEAUTY... AS LONG AS YOU DO NOT FALL IN LOVE.

HE'S 400. I'M ONLY 300. AT LAST... I'VE MET A MAN OLDER THAN I AM...

Right Around HOME with MYRTLE

A TWIST OF THE WRIST!

PEEWEE PARKS HAS BEEN TAKING JUDO LESSONS, POP! HE'S THE TERROR OF THE NEIGHBORHOOD! BETTER NOT GET TOO CLOSE-- HE'S MURDER!

HOLD MY PIPE, SUSIE! I'LL HAVE TO SHOW THIS UPSTART A COUPLE OF MY OLD WRESTLING HOLDS!

JUST KEEP CALM, FREDDIE-- IF WE ALL IGNORE HIM, HE'LL GO HOME!

IF YOU HAD ANY BRAINS, YOU'D GET INSIDE WITH ME! I'VE SEEN THIS KID IN ACTION!

REMEMBER HOW I FLATTENED THAT BLUE JAY WHO WAS THROWING HIS WEIGHT AROUND?

DON'T LOOK AT ME, PEEWEE! I AIN'T THAVIN' A THINGLE, THOLITARY WORD!

NO! YOU'RE NOT GOING TO STUDY JUDO! YOU'RE THE TYPE WHO MIGHT FOOL AROUND AND HURT SOME-BODY!

ERR--WELL--IN FACT, THAT WAS THE GENERAL IDEA!

STAY OUT OF THIS, SLUG! HE'S ONLY A YOUNG WHIPPER-SNAPPER!

SOMEBODY HAS TO TAKE THE WIND OUT OF HIS SAIL BEFORE HE GETS ANY OLDER!

I HOPE THE MICE AROUND HERE NEVER HEAR OF JUDO!

COME ON! I'LL TAKE ON ANY OF YOU GROWNUPS WITH ONE HAND BEHIND MY BACK!

HA! WATCH ME! I GONNA BURY THIS BONE RIGHT WHERE THAT LIL' LOUD-MOUTH IS STANDING! I DON'T SCARE EASY!

YES, AND I THOUGHT YOUR FEATHERS NEVER WOULD GROW BACK IN AGAIN!

WAIT A MINUTE! I WASN'T READY!

SHOW US HOW YOU TOOK THE WIND OUT OF PEEWEE'S SAIL, SLUG!

I'M NOT TALKING! I WANTA SEE MY LAWYER!

BUT YOU DID MAKE A LUNGE FOR ME, SIR!

GRANDMA

by Chas. Kuhn

HELLO, GRANDMA!

MY, BUT YOU DO LOOK PRETTY T'DAY!

THANK YOU!

COLOR THIS ONE, KIDS!

GRANDMA, YOU'RE ALWAYS SO PLEASANT T' EVERY ONE! HOW DO YA DO IT?

YESSIR, GRANDMA, YOU LOOK YOUNG ENOUGH T' BE MY SISTER!!

I WAS TELLIN' MY MOM LAST NIGHT HOW HEAT YOU ALWAYS ARE!

HI, GORGEOUS!

WELL, ALL THOSE THINGS I BAKE, O' COURSE, ARE A LOT O' WORK...

...BUT, GOLLY, THEY SURELY DO PAY OFF IN COMPLIMENTS!

THE MOST DREADFUL FIGHT... I HEARD EVERY WORD... AND MAYLENE HAS GONE HOME TO HER MOTHERS!

WHAT... AGAIN?

EXCUSE ME, BABY SISTER. YOU WANTED ME TO FIX THE DOOR THAT STICKS...

IT ALL STARTED WHEN MAYLENE DYED HER HAIR GREEN.

DID YOU SAY GREEN?

PLEASE, WHAT HAVE YOU DONE WITH THE STEPLADDER?

WELL, YOU KNOW WHAT A DREADFUL TEMPER HER HUSBAND HAS...

THE STEPLADDER... WHERE IS THE STEPLADDER?

PLEASE, ROSCO, CAN'T YOU SEE I'M TALKING ON THE PHONE? GO LOOK FOR IT!

CLATTER! CLATTER!

THEN MAYLENE BLEW UP, TOO, AND DUMPED A BOWL OF GRAVY ON HIM.

IN THE SHORT INTERIM BETWEEN GUARD SHIFTS ON THE POLICE SATELLITE A BAND OF IMPOSTORS MAKES A DARING LANDING!

QUICKLY! BLAST THROUGH THAT HATCH! THE NEXT GUARD SHIP ARRIVES IN THREE MINUTES!

JOEY! THE BANDITS HAVE LANDED! TOO LATE TO USE THE GUN TURRETS!

HELLO, EARTH! STATION WATCHDOG! EMERGENCY! WE'RE BEING BOARDED!

QUICK! UP INTO THE CONTROL DOME... WE TAKE CHARGE!

IF THAT GANG... WHOEVER THEY ARE... TAKES OVER THIS INSTRUMENT BOARD... THEY COULD TERRORIZE THE WHOLE WORLD!

IF THEY TAKE THE STATION... WE'LL MAKE IT USELESS FIRST! SMASH THESE CONTROLS!

THAT WOULD BE A PITY! WE WILL NEED THEM TO KEEP THE REAL POLICE SHIP FROM LANDING!

AS THE RELIEF POLICE SHIFT ARRIVES FOR DUTY...

WHAT TH...? THE OTHER GUARD FERRY IS STILL IN THE LANDING SITE! I THOUGHT THEY'D LEFT...

HEY!! GUNFIRE!!!

BACK TO EARTH, POLICE PIGS!! AND TELL THEM THAT FROM NOW ON... GENERALISSIMO SANRE GUARDS OVER THEM!!

AND FROM OUTER SPACE INTO HOMES ALL OVER THE WORLD...

YOU "FREE" PEOPLE SENT SPIES TO DESTROY MY REGIME! BUT NOW THIS SATELLITE... WITH THE POWER TO DESTROY THE GLOBE... IS IN MY HANDS! YOU SHALL LIVE ONLY SO LONG AS I ALLOW IT! ONE ACT OF DEFIANCE, AND POOF... IT'S ALL OVER!

NEXT WEEK- IMPREGNABLE FORTRESS...?

LITTLE IODINE

by JIMMY HATLO

WOW! WHERE'D YOU GET THE OLD HIGH WHEEL?

FROM THE ANTIQUE BARN... DOESN'T IT MAKE A NICE LAWN DECORATION WITH THE LAMPOST?

GOT TO CHAIN IT TO THE POST OR ALL THE KIDS WILL BE TRYING TO RIDE IT...

HEY! THE OLD BIKE MOM'S HAD HER EYE ON...

OH, BOY! LET'S RIDE IT! I GO FIRST!

ME NEXT!

AW, GOSH! IT'S CHAINED! BUT PAPA AND MAMA DIDN'T TELL ME NOT TO RIDE IT...

I'VE GOT TO HAND IT TO YOU, EFFIE... IT HAS REAL CHARM

AND I'VE GOT TO GIVE YOU CREDIT FOR CHAINING IT DOWN

IT'S GONE! THE HIGH WHEEL! IT'S GONE!!

WHA?

WHEE!

MY RIDE NEXT!

HOLD ON!

YOUR TURN TO CARRY THE LAMPOST, IODINE!

HEH HEH, THEY SAID IT COULDN'T BE DONE!

LITTLE ANNIE ROONEY

By DARRELL McCLURE

THERE'S SOME KIDS NOW—I'M GONNA JUST UP'N' ASK 'EM WHY THEY WON'T LET US PLAY WITH THEM!

PLAY WITH YOU ??? ARE YOU CRAZY ??? YOU CAME HERE JUST TO STEAL OUR RIGHTS! CHEATIN' US OUTA OUR FUTURE! MY FATHER SAYS YOU'RE TAKIN' THE BREAD RIGHT OUTEN OUR MOUTHS!

HONEST—I WOULDN'T STEAL ANYTHING, AN' I DON'T CHEAT, I DON'T EVEN KNOW WHAT BREAD YOU'RE TALKIN' ABOUT!

OH—WHAT A BIG LIE!

ARE YOU CALLIN' MY FATHER A LIAR?

WE WAS ALL FIGGERIN' ON GOIN' TO COLLEGE SOME DAY! NOW WE CAN'T EVER! NOT WITH YOU SITTIN' UP THERE IN THE BIG SWELL ROONEY MANSION!!

BOO, HOO—YOU'RE ALL JUST AS MEAN AS YOU CAN BE!

WE'RE MEAN? HA—THAT'S A LAUGH! YOU'RE THE MEAN ONE!

OH, OH—IT'S ANNIE AND SHE'S CRYING! SOMEBODY HAS GIVEN HER "THE WORD"—I WISH PROFESSOR BEARDSLEE WAS HERE TO TELL ME HOW TO HANDLE THIS SITUATION!

MEANWHILE

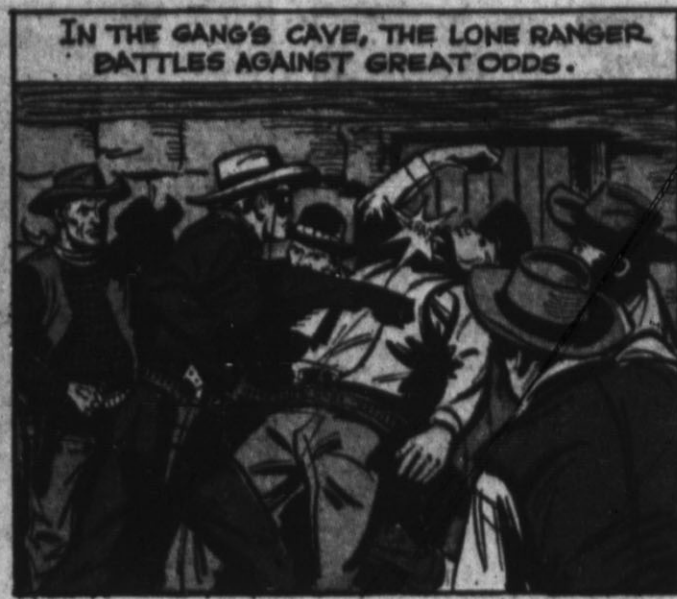

THIS GOES TO MISS ZIPORAH ROONEY IN BLEAK HARBOR, MR. BARRISTORR?

THAT'S RIGHT—AND I'M WONDERING JUST HOW TO TELL HER I'VE CHECKED UP ON THE MYSTERIOUS MRS. MEANY—VANISHED—ALL RECORDS GONE! NOTHING TO PROVE ANNIE EVER EXISTED—INDEED—IN THE LEGAL SENSE AND FOR ADOPTION PURPOSES—ANNIE DOESN'T EVEN EXIST NOW!
