Corn-Hog Plan Registers 300

Approximately 300 contracts between Deaf Smith county citizens and the federal government on the corn-hog reduction program will be signed, according to Dewey Reed, county agent.

The board of directors met Monday to lay plans for the organization. Contracts were given to all farmers who attended the organization meetings this week. Farmers are urged to see the director of their district immediately so that all contracts will be signed by Friday evening.

The directors are: Bippus, C. S. Perrin, Adrian; Dawn, H. H. Miller, Dawn; Fairview, Lawrence Wom; Hereford; Ford, John Whitsett; Hereford; Hereford, Geo. Brumley; Hereford; Messenger, Fred Collett; Friona; Sims, B. H. Kinsey, Adrian; Ward, Jim Lipscomb; Hereford; Westway, Grady W. Wilson, Hereford.

No contract will be honored that is not approved by the community director. Farmers are urged to sign immediately even if the supporting evidence of sales cannot be added until later.

Farmers will receive \$5 per head on 75 per cent of adjusted annual number of hogs produced for market from the 1932 and 1933 litters, and 30 cents a bushel on the estimated yield of corn that might have been produced on the land retired from production.

Hereford Man Sees Rain—But Not Here!

Ordinarily W. S. Dixon bears a clean reputation so far as truth and veracity are concerned—especially among home people. But W. S. is in South Texas now—at Rockport on the Coast, and may not be entirely responsible. Anyway, in a letter to the Brand this week, he tells of having traveled over a stretch of road on which two inches of rain had recently fallen, and implied that said road might have been better. He goes further and says rain is no unusual occurrence in the vicinity in which he now resides.

He says he has not been there long enough to accumulate any good fish yarns—then proceeds to recount oodles of stories about fish and oyster meals galore. If he stays much longer he will have something worth listening to. He praises the sunny climate, warm days, fine vegetables, and other things in and about Rockport—and then winds up by wishing we were all there to enjoy all those things with him.

Oh, well, the man will get over it and come back to Hereford more thoroughly satisfied with the high, dry Plains country.

One of the true pioneers of Texas and the high plains country died last Sunday, when, following a two months illness, Mrs. Mary Estes succumbed at her home at 709 25-Mile Avenue.

The 83-year-old widow of the late Captain John Estes was one of the most beloved characters in the country. For more than 50 years she was a leader in all civic movements in the part of Texas in which she lived.

She was known as "Molly" when as one of the Buster girls, granddaughter of Rev. Hosea Garrett, a pioneer preacher in the early days of Texas, she became one of the first "co-eds" of Baylor University at Waco.

In 1872 she was married to John Estes of Brenham, to which union was born seven girls and five boys of whom all but three boys survive. In 1916 they moved to Hereford from Swisher county.

Mrs. Estes was a member of the First Baptist church and for many years taught the T. E. L. class.

Funeral services were held at 2:00 o'clock Monday afternoon at the Baptist church, conducted by Rev. V. M. Cloyd. Pallbearers were the grandsons of Mrs. Estes and included Jack Nickles, Bob and Clifford Estes, Paul and John Lewis Harrah, Jim Gilliland and Lemmie Witherspoon. Others were H. G. Conkright, an old friend of the Estes family, and Leonard Harrah, a son-in-law of Mrs. Estes.

Children surviving Mrs. Estes were Mrs. J. C. Roberts and Mrs. E. L. Klett, of Lubbock; Mrs. Ruth Baker, Tulsa, Oklahoma; Mrs. L. A. Harrah, Abernathy; Mrs. Carl Gilliland, Mrs. A. W. Nickles, and Miss Jonnie Estes, of Hereford; Judge Percy Estes of Dimmitt, and Cliff Estes of Hereford. All were present at the time of her death.

Some of those from out-of-town who were present for the funeral were Mr. Carl Roberts, Mrs. J. T. Kreuger, E. L. Klett, of Lubbock; Mr. and Mrs. Leonard Harrah; John Lewis and Paul Harrah of Tulsa, Oklahoma; Mrs. Percy Estes and children, Helen and Bob, of Dimmitt; Mr. and Mrs. Herbert Hillborn of Palauvau.

Interment was made in West Park Cemetery here.

Here's How To Poison More Jackrabbits

Many inquiries have come to this office regarding the story in the Brand several months ago relative to the killing of jackrabbits by the simple and inexpensive mixture of common table salt and strychnine. The recipe published was given us by J. S. Edwards who lives about eight miles north-east of town. He says to mix one ounce of strychnine with four teaspoons of salt; wet mixture and place in holes about half an inch deep and an inch in diameter bored in a two-by-six plank. When the mixture becomes hardened, place where rabbits are eating the crop.

Mr. Edwards stated that he poisoned 27 rabbits the first two nights the mixture was set out, and that the rabbits were excellent feed for hogs and chickens.

'34 Tax Collections Up For City-County

Farmer Loan Meeting Set

A meeting of all farmers and stockmen in Deaf Smith county to hear the outline of the Production Credit Association will be held Tuesday afternoon at 2:30 o'clock in the court room of the court house.

Anyone interested in securing the loans is invited to be present by Earl W. Wilson, director of this county. J. L. Nunn, of Amarillo, president of the Amarillo Association to which Deaf Smith with seven other counties is attached, will be present, as will E. L. Shelton of Amarillo, secretary-treasurer and manager of the association.

The meeting will be one of a series held throughout the district to familiarize farmers and stockmen with the methods used in making loans.

It is expected that within two weeks from this date the association will be prepared to receive applications for loans. These loans are to be made on varying lengths of time up to one year and can be secured by livestock, machinery and growing crops. Loans may also be made secured by livestock only and in the case of the ranchman who desires to refinance large loans, it is stated that these may be accepted in amounts up to \$100,000, although it is expected that most of the loans will probably be for smaller amounts.

Mr. Wilson urges that everybody interested in learning more of the details of this organization attend the meeting.

City and county tax collections were better this year. That much the collectors could estimate as they struggled through recording last minute payments.

The city received 51 per cent of its taxes, an increase of six per cent over last year's collections. The county poll tax payments doubled with approximately 1450 voters registered.

Car registrations, which can be made until midnight, February 1, stood at 685 Thursday morning. Fifty commercial trucks and 59 farm trucks were listed for the county.

Delinquent payments were materially increased at all tax offices. Many taxpayers are using the split tax payment plan.

County Gives \$240 For Birthday Gift

A check for \$241.25 was mailed to the Warm Springs, Georgia, Foundation from Hereford yesterday morning.

It was Deaf Smith county's gift to the President of the United States honoring his fifty-second birthday. The check covered the proceeds from the Birthday Ball held Tuesday night, which more than 500 from Hereford and the surrounding towns attended. The money will be used for treatment to sufferers of infantile paralysis. The movement was nation-wide.

Only 235 couples danced, but the gift donation was stretched by the sale of a cake, given by the Hereford Bakery, adorned with 52 candles.

The ball was sponsored by the American Legion, Fire Department and the Lions Club. Homer Grizzle, general chairman, expressed the committee's appreciation to all who aided in making the ball a success.

These included J. C. Penney & Co. and J. Ray of Amarillo for loan of the building; West Texas Gas Co. for gas; Texas Utilities for light; Ralph Smith and his orchestra for music; J. C. Parker for the piano; the Brand and the Whiteface for advertising; The Brand for tickets; E. B. Black & Co. for radio and chairs; Kemp Lumber Co. for lumber, used in making seats and platform; Geo. McConnell, putting in temporary lights, and Glenn Weir for furnishing globes; Dick Houston for connecting the stoves for heat; the City, Corner, Close and Quality drug stores for ticket sales.

Wheat Allotment Plan Is Changed

Good news for Deaf Smith county wheat farmers!

You may collect on the wheat reduction allotments, whether you have planted wheat or not.

The wheat control board was given authority this week by the federal government to exempt farmers from the requirement to plant 54 per cent of base average wheat field land in grain because of the emergency created by the drought conditions.

Many farmers have been awaiting some sign of rain before planting their wheat. It will be possible to use the land instead for row or some other crop.

Applications must be signed at the county agent's office in the court house this week.

Parachute Jump Here Saturday

A sensational air show is being sponsored by the American Legion and Hereford merchants here Saturday. Some time Saturday afternoon when the wind is quiet, Jas. Gordon will make a parachute jump from 3000 feet directly over the business district.

Barney Barnard will do the stunt flying. Miss Barbara Poole, a daring girl pilot, will perform dangerous stunts during the afternoon show.

E. M. Jack is the second candidate to announce for commissioner of precinct No. 3. He lives about 32 miles west of Hereford on his farm which he improved a number of years ago for the purpose of engaging in diversified farming. He, therefore, places his candidacy before the voters of his precinct located in the west part of the county. His neighbors, who know him from their appreciation of his understanding and ability have encouraged him to announce for the office of commissioner of their precinct.

Dull Week for District Court

The 69th Judicial District Court opened Monday with Judge Reese Tatum of Dalhart presiding.

Two removal suits were disposed of, those of Charles S. Inman by guardian ad litem vs The Texas Land and Mortgage Company of Lubbock; and the Farmers' Creamery Association vs A. T. Fraser et al. They were removed to the Federal court of the northern district of Texas at Amarillo.

Application was made Monday for the removal of the case of Marie Hadden vs C. L. Bracken from this jurisdiction back to Farwell. The case of W. O. Crawford vs O. G. Hill and J. W. Robinson, set for Wednesday, was continued because of the absence of a witness.

Judgment for the plaintiff was given in the case of E. I. Moore vs W. L. Dixon et al. The case of Gladys Weeden Kirkwood vs Bennie O. Kirkwood was dismissed, as was that of E. H. Norton vs Walter Irvin, Inc.

The petit jury serving this week was dismissed Wednesday by Judge Tatum. The bailiffs appointed were C. P. Arthur, H. N. Bishop, E. V. Miller and E. Hales. Joe Witt of Dalhart is court stenographer.

Visiting attorneys were Otis Truelove, Vance Huff and S. P. Works of Amarillo, E. L. Klett of Lubbock, and A. D. Smith of Friona.

Johnnie Biggs Is New School Trustee

Johnnie Biggs has been named on the board of trustees for the Hereford public schools.

He replaces L. W. Carlyle, who resigned shortly before Christmas after serving some years. Johnnie is a graduate of Hereford High school of the class of '22.

Whitfaces Split Wins and Losses

The Whitfaces split the week end basketball games, taking a win from Dimmitt and losing a hotly contested battle to Friona.

Friday night the Dimmitt invaders were sent home almost five to one losers, with the score at 23 to 5. The Whitfaces allowed no scores at all in the second half. Clayton and Seed of the home town boys tied for honors with seven goals and a free throw each to their credit. Boothe of Dimmitt made one counter, and Winkle the other. Winkle made the fifth point with a gratis toss.

On Saturday night the story was different. Friona was leading by two points at the end of the first half, and six points when the game ended. One Loflin made 11 of the 21 points scored by Friona, leaving his teammates only 10 points to distribute among themselves.

Seven of the 15 points collected by the Whitfaces were made off Friona fouls.

Weekly Payroll for CWA \$2,600

The CWA payroll for last week was \$2,600.15. Workers approximated 235, according to Miss Annie Greer, county administrator.

Work on offices and store rooms in the court house is being completed.

Food received from the surplus commodities this week were 55 cartons of canned meat, 840 pounds of beans, and 475 pounds of butter.

Courses Are Added at Hereford High School

The second semester of the Hereford public schools find some increase in enrollment, according to Superintendent C. H. Dillehay. Illness has kept the daily attendance down.

In the high school several changes in courses were substituted at the semester's beginning last week. In the home economics department clothing will be taught instead of foods; advanced arithmetic for commercial law; economics for civics. The course in occupations for freshmen and sophomores was dropped this year.

The field of candidates for county officers is growing. This week Mark S. Benefield, 22 miles northwest of town, announces his candidacy for commissioner for precinct No. 3, located in the west part of Deaf Smith county.

54 Seniors May Be Graduated From H. H. S.

Fifty-four diplomas have been ordered for use by the 1934 graduating class of the Hereford High school.

"But the ones we don't use we can send back," warns Superintendent C. H. Dillehay.

That's a threat to some of the present 34 seniors who if they either keep their present standing—or improve—will be allowed to graduate.

If that number is graduated, it will near last year's all-time record of large classes, which sent forth 61 boys and girls at commencement time.

CWA Adult School Applies For More Teachers To Carry On

Application for two more teachers to assist in the CWA Adult School has been made by the local headquarters of the state office.

Already six teachers are employed in the class work which has offered further educational opportunities for dozens of Deaf Smith county residents.

Although half time pay was ordered last week in the project, the teachers carried out the class schedules, teaching full time for half pay. The original pay will probably be resumed, according to Miss Annie Greer, county relief administrator. The cut came as a part of the nation-wide reduction of CWA expenditures. Deaf Smith's teaching project, one of the first established in the state, was made a part of the CWA program and was therefore eligible for reductions.

It will be changed to the Federal Adult Emergency Education program soon, Miss Greer said.

T. P. McCollister has announced his candidacy for the place of County Commissioner, Precinct No. 4.

Mr. McCollister resides on a farm northwest of Hereford which he has owned for five years.

"I've cast my lot with Deaf Smith county," Mr. McCollister said. "I like the Panhandle and particularly this area."

"I base my belief in my ability to handle this position on the many years that I served the public as a member of the Department of the Interior with the United States government. I was in educational service for 21 years. I have always been interested in county affairs, have followed the developments for the years that I have lived here and believe that I am well qualified to become county commissioner."

DEAF SMITH COUNTY POULTRY GOES TO LOS ANGELES MARKET

Deaf Smith county has captured another honor for its poultry products.

This week S. Pine of Los Angeles drove his mammoth eighteen truck into Hereford and purchased a load of live poultry, placed the chickens in specially constructed coops and took them home to the coast.

He declared the poultry the best load he had purchased this winter. He takes them to his own ranch on the edge of Los Angeles and re-feeds after the trip. Then he wholesales to the largest jobbers in California.

The poultry was purchased from the Square Deal Produce Company. "This connection direct with the markets should stimulate local prices," said Rankin Reynolds, county manager.

What Panhandle Papers Say

Harrison Fisher died a bachelor. When asked by friends why he had never married, he replied: "I know too much about beautiful women." He was probably right, at that.—William Russell Clark in Memphis Herald.

Ge, the depression had its advantages after all. I'm glad I haven't any money, because I don't have to worry about being kidnapped. Yep, they're at it again. I believe in the power of suggestion. The newspapers spread each kidnapping story on the front pages until some one else comes along and says, "I hadn't thought of it before, but it seems like a good idea, anyway."—Tulia Herald.

In every house in Muleshoe are good neighbors. You may not know that those living right around you are as good neighbors as can be found any place on earth, but they are. If you are in want, or in trouble, you will find them right at your door and ready to lend a helping hand. How they find out just when you need their help is often a mystery. But what neighbors know about neighbors would fill a book. You may live beside them for years and view them as nothing more than residents of your town. But let trouble come into your home—then you will see what fine neighbors they are. You'll also find out, if you haven't before this, that there is nothing in the world more valuable than good neighbors.—Muleshoe Journal.

Great disappointment was experienced last week because CWA work hours were cut to 15 hours per week. Under present conditions living expenses in the rural districts is almost, if not entirely equal to living expenses in the towns or cities. Complete crop failures for the past two years, failure of gardens last year, and with necessary farm stock on hand to care for, makes the meeting of all expenses with \$5.25 a grave problem. The added expenses of caring for stock and gasoline bills because of 10 miles and more drive for every necessity, will run up to high house rent. The expense of putting in a crop with no returns makes a big hole in the farm home's treasury. However, we are thankful to Uncle Sam for the \$5.25 per week and we shall continue to hope that the 15 hours may be soon increased to at least 24 hours.

Mrs. C. Cretzinger and Wilbur Brann and Mrs. John Boling and children were in Canyon on business Monday.

Mr. and Mrs. A. R. Norman were in Amarillo last week.

Lawrence Womble of this community was appointed on the county board for the corn-bog reduction program.

Rev. J. M. Dyer and E. T. Allred were in Hereford last week.

J. K. Oglesby was very sick all of last week.

Business Men Change Locations

Two business men this week changed locations. Fred Brown, produce man, has leased the Cronin building on the corner of Main and Fourth, recently occupied by Mrs. Margaret Heifner and Hanna & Hanna, and re-opened his produce house there, which was formerly in the Hawkins building on Second Street. Mr. Brown is busy remodeling the front end of the new location preparatory to occupying it Friday morning. He will continue his former business of cream, poultry, eggs and hide buying.

I. H. Spratt, who occupied the rear of the Cronin building, is moving to a new location in the Britain building on South Main Street. He moved Wednesday to almost the same location where he began buying produce about 22 years ago. He claims the distinction of being the first buyer of tested cream in Hereford.

McWilliams will occupy the pulpit at the morning hour, speak on the subject, “What Can We Believe About Jesus?” This is the second of a series of sermons on finding a rational religion, the first, “What Can We Believe About God?” being presented last Sunday evening. Everyone invited to attend the services Sunday night, which will be conducted by members of the C. E. society in celebration of C. E. day. They promised to withdraw 135 acres from production—that is, they rented those acres to the federal government.
Twenty-two farmers were notified of the program here in Deaf Smith county. Only seven of this county filed applications last year, others were attached to Deaf Smith from Parmer county.
The four who entered the program were J. E. Crews, H. A. Hoffman, H. C. Van Bibber and Fred C. Winfrey.

GIRL SCOUT NOTES

At the Scout meeting Wednesday the date for installation of Tenderfoots was set for Sunday, February 4, at 2:30 in the Presbyterian church. The public is cordially invited. This award will be given to all girls who have passed their Tenderfoot test, and have proven themselves to be good Scouts.

Games and songs took up the greater part of the meeting. Those girls who desire special instruction on their second class tests are asked to see Fern Williams—and by the way, we already have one second class scout—and more will be receiving this award.

The examiners for badges and other awards will be selected some time in the next week as many of the girls are already at work on their merit badges.

Scouts, let's all be on hand with our parents, relatives and friends Sunday afternoon, February 4, at 2:30 at the Presbyterian church for the awarding of the Tenderfoot pins.

To the Voters of Commissioners Precinct No. 3:

Having been urged to make the race for County Commissioner of Precinct No. 3, I hereby announce my candidacy for this office and ask for your vote and support. I feel that I am qualified for this place and if elected will perform the duties to the best of my ability.

MARK S. WESTFELT

To the Voters of Precinct No. 3:

I am announcing for the office of county commissioner of precinct No. three, subject to the action of the Democratic primary which will be held on July 28.

I am a property tax paying citizen, living on my farm about 32 miles west of Hereford, which I improved and am engaged in farming. I have been living there five years. I feel like now that I know the needs of our precinct and believe that I am qualified to hold the position to which I aspire.

I invite investigation of my candidacy and solicit your influence and support.

E. M. JACK

To the Voters of Commissioners Precinct No. 4:

I hereby announce my candidacy for the office of County Commissioner in Precinct No. 4, subject to the Democratic primary of July 28, 1934.

I have no lengthy platform to offer, or extensive list of promises to make my constituents, if elected; but those I do make I fully expect to carry out. In brief: it shall be my prerogative to meet every issue and situation in the administration of the duties entrusted to me as my best judgment and ability to act will dictate. I respectfully ask your consideration and solicit your support.

BUSINESS AND PROFESSIONAL WOMEN MEET

The Business and Professional Women's club was entertained with a chop suey supper at the home of Mabel Wilson on the night of January 22. The hostess for the occasion were Eva Skelton and Bruce Carter. This was the birthday party of the club. The birthday idea was carried out with single candles on individual cakes as part of the supper.

Each guest brought a "white elephant" birthday gift. Four games of bridge were played, at which the winners chose the most attractive packages. In this way the gifts were exchanged. At the end of the evening each lady opened her gift, which she had acquired either by choice or circumstances.

The following ladies receiving white elephants were Julia McCown, guest, Edna Bruner, Viola Foster, Bess Jennings and Iva Cocanougher, new members; and Cecil Williams, Viola Carpenter, Lillie Hostetler, Minnie Hanna, Victoria Wilson, Pearl Gass, Francis Fullingim, Sayde Rigler, Eunice Rutherford, Neville Wrenn, Edah Park, Bessie Smith, Ella Alkman, Irene Crawford, Mabel Wilson, and the hostesses, Eva Skelton and Bruce Carter.

COUNCIL OF DEAF SMITH DEMONSTRATION CLUBS

"Some saying or characteristic of Lincoln or Washington" will be the roll call for the County Home Demonstration Council for the February meeting. At the meeting January 20, held in the court house, eight were present. The demonstrations for February were discussed, "Making and canning hominy and making toilet soap."

To make and can hominy made with lye: Dissolve one tablespoonful of concentrated lye in three quarts of boiling water. When dissolved, add quart shelled corn and let boil 20 to 30 minutes, stir often. Drain and drop into cold water. If possible allow cold water to run over the corn for about three hours to remove all trace of lye. If running water is not available, wash through several clear cold waters until all of the black tips come off. Use a wooden spoon or stick. Add fresh water and cook until the corn is

tender. An iron kettle is best to make lye hominy in.

Hominy made with soda: To one gallon white corn add three tablespoons baking powder, cover with water and let stand overnight. Cook until husks will slip off. Wash through several waters, return to fire and cook until corn is tender.

To can, fill glass jars or cans, add one teaspoon salt to each quart of hominy. Process in pressure cooker 60 minutes under 15 pounds pressure.

Toilet soap: One pound washing soda, pound lard or clear tallow, half pound unslacked lime, table spoon salt, three quarts water. Put soda and lime in large dish and pour over water, boiling hot; stir until dissolved, let stand until clear then pour off clear liquid, add grease and salt, boil four hours then pour into pans to cool. If it should be inclined to curdle or separate, indicating the lime too strong, pour in a little more water and boil again. Perfume as you please, and pour into molds or shallow dish, and when cold cut into bars to dry.

MISS LILLARD ENTERTAINS FOR ANDREW PAT JONES

The Valentine motif was used in decorations. High score went to Mr. Jones. A salad course and cake were served.

Those present were Misses Erle Marie Foster, Shirley Hale, Frances Williams, Lueta Borden; Messrs. Jones, Clifford Kester, Carley Atherton, Fred Brown, Hal Kester and Mr. and Mrs. Frank Cogdell.

NEWS OF HEREFORD HIGH SCHOOL

HYSA

The HYSA held its regular business and entertainment meeting on Tuesday at 4:00 o'clock in the chemistry laboratory. The president asked for the business of the club and Miss Wrenn displayed her speed when she showed the diplomas or charter from the Student Science Clubs of America. The members and sponsor are very proud of this charter as it signifies our membership in the national Student Science Clubs of America. The members thought it would be a grand idea to frame it and place it in the office so that it could extend a "Come up to see me sometime" to all of the student body.

Bill McLean, a football member, otherwise an ex-honorary member, was back in the club this meeting and the members wish to invite all other football members who heretofore has not been coming to the meetings, to make a speedy return for our club has the old pep and go-getting will that it had in its younger days.

The members of the club learned some very startling facts when Viva Mae Thomas gave a report on some science news. She explained how an egg could be boiled by the use of sounds on the order of static you hear over the radio, except louder. She also discussed general points of interest including Saturn, a comet and loon. What is loon? Well, no members can tell, but if one had heard the report he would not have forgotten what it is used for.

Her report was supposed to be broadcasted but—the static had a word to say about that. Billie Roberson worked on the apparatus so that we could hear the broadcast, but he did not know how to work on the static. Anyway, Billie, your program was enjoyed and the music also.

Berry Orr was elected to take J. F. Carroll's place on the social committee, and it is the duty of that committee to plan a social for the club. The club then adjourned until next Tuesday. LOP

FATHER-SON HI-Y PARTY

The minds of the sons are at ease. The dreaded report cards are forgiven by their fathers.

The annual HI-Y father and son banquet fell on the day following the receiving of the report cards, and many a proud father overlooked the shortcomings of his offspring to congratulate him on a successful HI-Y party.

Several high lights of the party were the music, furnished by Gordon Durham and orchestra, which kept the feet of the fathers tapping and their heads swinging. The acrobatics, furnished by Earl Trimble and Jim Kirby, were the center of attraction for a period of 20 minutes, and last, but not

least were the eats, sandwiches and coffee.

The meeting was called to order by President Marvin Thomas. Following this, several of the club's favorite songs were sung, with the help of the fathers. The fathers were then given a short welcome by Bill McLean, with music immediately following by the orchestra. The fathers and sons were assigned tables and dominoes or forty-two were played for nearly an hour. The games of dominoes were then ceased and several numbers were played by the orchestra. The program was closed by several songs, songs given by the club, a speech by Mr. Hudson on the coming HI-Y conference in Amarillo, closing prayer by Mr. Hudson and the closing HI-Y song. TI

STUDENT COUNCIL

The Council meeting opened with the criticism of the fire drill. The unevenness and noise in the lines prohibited the smooth functioning of the drill which the Fire Chief desires.

Unsportsmanlike actions of the students reflect on the school. Let's watch ourselves and try to keep the good name others have earned for Hereford High in the past.

FRESHMAN CLASS

The 1933-34 Freshman class met Wednesday, January 24, to plan a party. They did not decide what kind it will be, although it will probably be either a plain or masquerade one. The social committee, the president and the two sponsors will decide what kind it will be and at what time it will be held. They will meet Friday at 4:15. The class is hoping it will be Friday, February 2. VLH.

COWHANDS

Due to the basketball game last Tuesday night, the Cowhands met at 6:30. This was very inconvenient for some of the members. For instance, Spike Harris had to do something for his grand mother, and Sidney Fuller, who did not finish eating until 6:30, were late. They both received the hot-hand.

The Cowhands also continued work on the preparations for the banquet. The air around these meetings seems to be "a bigger and better banquet." Here is something that will interest the ladies clubs of the city: We want all the clubs to prepare a menu and give us a price on it for the Cowhand banquet. Give these menus to James Wilson, Boon Kermit Wilson, Spike Harris or any of the Cowhands before February 18. SNF

PEP SQUAD

Here they are, folks! The sensation of the season! One for 15 cents, or is it 15 cents for one? Anyway, that uproarious group of pep squad girls you knew last fall has recovered from Christmas, examinations and what-not, and is again ready for a good old dues campaign.

The pep squad met last Thursday night in the auditorium. In spite of the deficient knowledge of parliamentary law possessed by the club, a little business was attended to amid extemporaneous speaking on any and all subjects (all at the same time, of course). It is generally agreed upon that the club is to throw a party—who knows how, when or where? The discussion at this point became a yelling contest. There was quite a discussion on the boy friends who are not. Plans were brought forward for programs, at regular meetings and otherwise. It would not be surprising if one of the girls of the club turned up as Charlie Chaplin or someone, in some unearthly place. What would happen if some of these masqueraders masqueraded as themselves for once? When it comes to parties the pep squad dissolves into a go-and-get-'em society. It really would be interesting to know whether Catherine is telling the truth when she describes herself in kid clothes.

With the last term of school comes a cleaning season—clean pep suits of course. The time for elections is also rolling nigh. What with all their problems to worry over, the pep club had a right to adjourn. BB

Stop, look, listen! Watch for the coming date of the HHS band minstrel, composed of 26 band and orchestra members dressed in the good old Southern coon style. Be present, for the HHS Band Minstrel. HH
