No. 26

## NORTHWEST TEXAS PRESS ASSOCIATION IN SESSION AT HEREFORD

### RETROSPECTIVE-PROSPECTIVE

The Hereford College and Industrial School opened September 10, 1902, with Randolph Clark as its first president. It soon passed under the control of the Disciples of Christ in the Panhandle, who were ambitious to maintain an institution of higher education.

In December 1904, a proposition was made to the Board of Trustees of Texas Christian University to assume the indebtedness of the school and manage the college in the name of the Disciples of Christ in Texas. On the recommendation of the Christian Lecturship meeting at Temple, the Board assumed the obligation, and at once took steps to enlarge the scope of the institution.

Jesse B. Haston, pastor of the Christian church at Hereford, became acting president, and held the forces together during the last session.

Until the charter of Texas Christian University could be amended, a provisional board of trustees was chosen, to hold the property in deed of trust, and to arrange for the work of the coming session. This provisional board consists of: E. V. Zollars, Waco, Texas; J. C. Mason, Dallas, Texas; L. Gough, Hereford, Texas; R. H. Norton, Hereford, Texas; J. M. Strong, Quanah, Texas.

Under the new regime improvements were immediately begun. The campus was fenced, several hundred trees were planted, and the work of repairing the buildings is now in progress. Literary, Commercial, Music, Oratory, and Art departments have been provided for

2. That we endorse the purchase of the Panhandle Christian College, located at Hereford, Texas, and recommend that the school be placed under the management of the Board of Trustees of Texas Christian University, to be selected by said Board of Trustees; and we further recommend that colleges owned or that may hereafter be acquired by the Brotherhood of Texas by purchase or lease be placed under the management of this Board.

3. That all the churches of the State be urged to observe an Educational Day in January, and that on this day our educational interests be presented to the churches, appropriate sermons preached and a collection taken for the support of our educational work.

4. That the Brotherhood of the State be urged in the strongest possible way to patronize our own schools, either in or out of the State, and that preachers watch this matter closely in their respective congregations and use the utmost endeavors to secure this result.

5. That the preachers of the State be especially requested to look out promising young men of piety and consecration and urge them to enter our schools for the purpose of preparing for the ministry, and that they also make an effort whenever practicable to get the churches to stand behind these young men with such financial assistance as they are able to give them.

6. That an Educational Secretary be employed whose duty it shall be to look after the educational interests

President E. V. Zollars is at the head of the system of correlated schools of the Christian Church of Texas. His work as president of Hiram College and of Texas Christian University is well known. A thorough educator, a consecrated Christian, and a man of business acumen and integrity, he is pre-eminently fitted for the position he occupies.

President E. V. Zollars.

Chas. Q. Barton, President of Panhandle Christian College, is thoroughly equipped for the work given him. For several years he has been in public school work, for the past four, superintendent of the Decatur public schools, which place he resigned to take the position he now fills. The esteem in which he is held by the teachers of the state is evidenced by the fact that for two years he has been secretary of the Texas State Teachers' Association.

Prof. Charles Q. Barton.

Mrs. Martha Talliaferro is well known to the patrons of Add-Ran College and Texas Christian University. For years she has been matron of the Girl's Home of those institutions. She will be lady principal of Panhandle College during the ensuing term. Her daughter, Miss Mary Talliaferro, will teach in the primary and intermediate departments.

Mrs. Talliaferro.

#### Normal Class.

There is a demand for a normal class by several students who want to obtain certificates to teach or to raise the grade of certificates, al-

ready held. Such a class will be organized at the college and will be under the direct supervision of Mr. Barton, who every year for the past seven has been connected with normal work in some capacity. In 1902 as member of the State board of summer normal examiners.

#### College Locals.

Mrs. Mason and two daughters will board at the college during the school term.

J. C. Mason of Dallas will spend the month of September in the Panhandle in the interest of Texas Missions.

Misses Dimmitt of Benjamin, Texas, and McDiarmid of Cincinnati, Ohio, are expected the latter part of the month.

Miss Chapman, principal of the music department, writes from Ripley, Tenn., that she will be at Hereford about August 20.

Mrs. Talliaferro has been in charge of the dormitory at Texas Christian University during the summer school which has just closed. She and her daughter, Miss Mary, will arrive within the next few days.

#### SCHOOL MEETING.

#### Dormitory Board Meets With College Board To Consider Important Question.

On Monday afternoon, the board which has charge of the college dormitory met with the College board, their purpose being to make some disposition of the dormitory for the incoming school session.

In the way of explanation it might be well to state that the dormitory is owned and controlled by a stock company and thus far the college has not felt financially able to purchase the property; so the primary and only purpose of the meeting was to ascertain on what terms the building could be used in connection with the school this session, the result being that a lease for twelve months was secured.

It was decided to begin the work of repairing and refitting the building at once so that the boarding students as well as the faculty might have comfortable quarters. What will add materially to the appearance of the dormitory is the fresh coat of paint which will soon be applied to its exterior. In this connection, it might be well to state that it is the intention of the college board to purchase the building as soon as they feel able.

Dormitory, Panhandle College.

#### Splendid Meeting Closes.

Traveling Evangelist A. J. Harris of Denton County brought to a close on Thursday night of this week the revival meeting at the Baptist Church which had been in progress for about ten days.

Perhaps no meeting ever held in the city attracted so uniformly large crowds, and while the visible results were not so perceptible as at other times, it is believed that the correct pleadings and able preaching of Mr. Harris will be a power for good in the moral and religious advancement of our city.

We found Mr. Harris to be a man of power and his logic and eloquence could not fail to please those who heard him.

#### Junior Picnic.

Last Friday evening, August 4, was an eventful occasion for our little Junior workers. Mrs. Turrentine, Mrs. Edwards, Mrs. Newman, Messrs. Thomas and Barcus and the Misses Turrentine in company with about thirty Juniors went down on Palo Dura for a little picnic. All carried a nice little basket of supper.

On arriving at the picnic grounds all forgot that some were "grown up" and entered heartily into the old game "jump the rope." "Drop the handkerchief" was suggested and engaged in for a time. Other games followed—such as "Cat and Mouse," "Dround the Duck" and "Black Man." Tired of play, all strolled down the creek in search of cool water. On finding the water it was discovered that the essential part had been forgotten—a cup. Our pastor substituted his hat brim and judging from the number who drank and the number of times they returned to the "cup," it made a very good substitute.

The party then found a cool place under an overhanging rock and enjoyed a good rest while we listened to pretty recitations from Amzie Nash, Bessie Snyder, Loyd and James Snyder then a song from Lucile Edwards. All were sufficiently rested now to engage in other games, but seeing the delivery man coming with lemons and ice, we felt it to be supper time. All were made busy in getting ready to "eat." We had quite a good supper when each Leaguer had emptied his basket and then the feast began. No one stopped until every thing good had disappeared. All must now go home for it grew late, but every one voted a good time.

#### C. W. B. Mission.

"His lamps are we,  
To shine where He shall say;  
And lamps are not for sunny rooms  
Nor for the light of day;  
But for dark places of the earth,  
Where shame and wrong and crime have birth."

Texas has 73 auxiliaries. The auxiliary of the central church at Dallas has given the most money to the work, but that of Lancaster has averaged the most per member—nearly \$8, besides the \$10,000 gift from Mrs. Banks, which will be used to establish a Bible chair at the State University and another thousand from a friend. Texas has paid into the National Treasury the past year \$4,744.55. For State work, it raised \$1,218.69.

The Hereford auxiliary met Wednesday afternoon with Mrs. Kibbe and enjoyed an interesting and profitable meeting. Our lesson was the Chinese in America. Mrs. Dodson gave an interesting description of the Chinese and the mission in Portland with which she was connected.

The Board of Missions has lost one of their most interesting and faithful members in the death of Miss Jane W. Adam who left Scotland to go to India when she was fifty years old. She went without the means being provided for her sustenance. After teaching some time in Deogum she became connected with the C. W. B. M. and taught there until her death.

Her life was consecrated and an inspiration to all who knew her.

and competent teachers for each selected. Three upright pianos have been ordered for the music department and the purchase of a parlor grand is contemplated.

At a very late date, arrangements were made for the use of the dormitory, but of the twenty-two rooms fourteen are already rented and furniture for them provided. This furniture was donated by the ladies of the churches of Central and East Texas. Miss McChesney, financial agent of the school, writes that she is still engaged in this work and that all the furniture we need for the year will be supplied.

The past has been full of sacrifice, may the future bring the reward.

The following sets forth the plans and purposes of the college:

WHEREAS, our educational interests form the basis of all forms of church and benevolent work; be it resolved:

1. That an effort be made to bring into close federation all schools owned by the church or by our brethren as individuals, in order that all unseemly rivalry may be done away with and the highest economy and best efficiency of our schools be secured.

of the Brotherhood in all possible ways, and especially to work up the general observance of Educational Day among our churches, and direct the minds of people of means to the needs of our educational work and to its immense fruitfulness as a form of benevolent giving, and that this secretary be employed and directed by a special committee, composed of six members, three to be chosen from the Texas Christian Missionary Board and three from the Board of Trustees of Texas Christian University. The salary of the secretary shall be provided for by the Educational Committee without drawing on the evangelistic funds of the state.

7. That our Educational work be given a conspicuous place in the programs of our state and district conventions by devoting at least one session of the district convention and two sessions of the state convention to the consideration of this cause.

IN MEMORY OF  
**P. JONES**  
His Doctor Prescribed the Medicine, the Druggist Put in Something Else. SO HERE HE IS

## A Short Talk ON A Grave Subject

Druggists as a rule don't go much on graveyards. No doubt they all get there in the end the same as other people but we mean during life. In his leisure hours (if he has any) the druggist seldom puts in his time in the graveyard. If he is out for a stroll he is more likely to turn his steps away from it. This is usually for one or two reasons. If he is a good druggist and understands his business he regards the graveyard as a sort of enemy which he is fighting all the time trying to keep his customers out of it. If he is a dealer who thinks more of his profits than his customers, he fights shy of the graveyard for conscience sake, remove perhaps for having substituted something cheap in filling prescriptions for the deceased. We have as much antipathy for graveyards as most druggists, not because our conscience troubles us. We stay away because it makes us feel bad. We are always sorry when one of our friends and customers is called to "the life beyond," but if we had anything to do with his last illness our conscience is clear. We filled the prescriptions exactly as the doctor ordered. It is our business to fill prescriptions. It is our principle, and invariable rule to fill them EXACTLY as ordered and we never let the work be done by inexperienced help. We use the right drugs, the right proportions and of the quality the doctor expects; with this our duty is done. Bring your prescriptions to us where you get what the doctor wants you to have.

### W. H. M. Society.

The regular monthly session of the Woman's Home Mission Society was held in the Methodist church last Thursday afternoon.

There were fourteen members and one visitor present. Mrs. H. C. Myrick was enrolled as a new member and was welcomed by all.

Third vice-president, Mrs. C. E. Edwards, reported four names for the Baby Roll with a collection of one dollar for same. The collection of membership dues for the month was quite good which is well, for the help for the schools to be opened first of September will be needed from every auxiliary.

The joint meeting of the societies in the Clarendon district that was held in Dalhart last week is reported to have been well attended and full of good to all. A complete report by the Hereford delegate, Miss Maggie Syms, will be had at next month's session; but, that all may rejoice early and long because of the benefits that must result to the Hereford auxiliary, it is hereby announced that the district meeting will convene in Hereford next August. A vote of thanks must needs be extended to our delegates for securing for us this meeting.

This month's business session was very good, but the September meeting must be better as in connection will be had a Bible study with Bro. Barcus as leader. All need Bible instruction, and this portion of the society's work will prove a blessing if each one enters into it with an intense desire for betterment.

### Googer-Eagle.

About the completest surprise, which has been perpetrated upon the people of Hereford for some months, reached its culmination on Sunday afternoon when it was announced that Chas. B. Googer and Miss Mae Eagle had been united in the holy bonds of matrimony. So closely was the secret kept that their intentions were made known to no one but the bride's parents and a few closest friends.

The groom is well known to the people of Hereford and vicinity where, by his manly traits, linked with the integrity of his purposes, he enjoys the confidence and esteem of a host of friends.

The bride is the youngest daughter of Mr. and Mrs. Geo. W. Eagle of this city and stands in the highest esteem of all classes, her friends being limited only by her acquaintances.

The ceremony was quietly performed at the residence of the bride's parents at 5 o'clock Sunday afternoon by Rev. Thos. S. Barcus.

The BRAND heartily joins the large concourse of friends in extending congratulations with the hope that their lives may be crowded with uninterrupted happiness.

### Land in Demand.

### Wheat and Prosperity.

Advising W. H. Prater, the proprietor of the mill to be erected here at once, C. B. Pash secretary of the Board of trade, says: "I am informed by a gentleman who keeps posted on the wheat business that 25 cars of first class No. 2 wheat will be shipped from Hereford this season and the same number of cars from stations between here and Canadian, and about 20 cars from stations on the Denver road as far south as Clarendon, including Amarillo. The wheat around Hereford has averaged between 20 and 25 bushels per acre."

The encouragement of the present season and the location of your mill here will cause enough wheat to be sown this fall to keep several mills busy the year around. There has been a great increase in building in this section of the state and the lumber yards complain about not being able to get lumber to fill orders. There has been more lumber sold during the last month at this place than for twelve previous months."—Amarillo Herald.

### A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by T. M. Coulson & Co.

### B. Y. P. U. Program.

Following is the B. Y. P. U. program for Sunday August 20th to be held at Frio or Stanley school house at 4 p. m.

Subject—Christ and his Mission. Leader—W. B. Park—Scripture lesson Ex. 12:1-13 and Jno. 3:14-18. Prayer, Song.

Incidents in Christ's life that show his matchless love. Paper—Miss Lizzie LeGrande.

Song—Do as Jesus did. Christ as a teacher and an exemplifier—A. J. Oliver.

Christ the Atonement—O. F. Smith.

We extend a cordial invitation to every one to go and be with us in this service.

### Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by T. M. Coulson & Co.

### Announcement.

All necessary arrangements are being made for the revival services which have been announced to begin at the Methodist Church the 1st Sunday in September. We desire and expect the hearty co-operation of every member of the church. Let no one say, There is nothing I can do. There is work for all. We desire that every Christian in town shall feel an interest in the meeting. Pray for the Spirit's power. Your Servant in the work, THOS. S. BARCUS.

## CARE FOR YOUR JEWELRY

1. Jewelry should not be thrown in a case promiscuously, as it will become scratched or scared. Diamonds in particular will scratch or rick each other if thrown in together.

2. Jewelers clean jewelry by using a brush with soap and water to which a little ammonia-water has been added; rinsing in alcohol and drying in boxwood sawdust. If you have not this means at your disposal, then use brush with soap and warm water, rinse in boiling water (use a small wire thread to hold the article) and dry quickly with a soft linen cloth.

3. Don't ever put pearls in very hot water as it will ruin their color. I will tell you more later.

### TREES SAVE CROPS.

Forestry as Important as Irrigation in the West.

Dodge City, Kas., Aug. 5.—A half million trees a year for Western Kansas sizes up the work of the Dodge City forestry station. While the station looks a trifle shabby, it is doing a good work. It hasn't been so many years since a tree was a curiosity on the semi-arid plains of the West. Now little clumps of timber can be seen on every hand. They render a valuable service, too. They furnish wind breaks for stock in the winter, shade in the summer, check hot winds and bring moisture.

"There has been a wonderful change in climatic conditions of Western Kansas," said Representative Chalk Beeson. "I can remember when the blizzards from the north in the winter would kill cattle by the thousands and the hot winds from the south would burn up crops and pastures in the summer. We got caught coming and going. Now we are not bothered with either. The trees break the blizzards in winter and the hot winds in summer. The saving to the farmers in cattle alone runs into the thousands of dollars. And as for crops, we haven't known of a failure since the trees got big enough to do business."

The salvation of the Western country depends more upon trees than on irrigation. Only a small part of the country can be irrigated at all—the river valleys. The government is spending a quarter of a million dollars making irrigation around Garden City. If they prove successful, the farmers, in the long run, will have to foot that bill. If they fail the government will be the loser. But, as stated, irrigation affects only a small area. It is the handling of the upland at a profit that will count. And it seems that trees offer the only solution of what has seemed a difficult problem.

The government has set aside 60,000 acres of land in Finney county for a tree reserve. Experiments will be made to find out what species of timber is best adapted for that country. The arid districts of Europe, Asia and Africa will be searched by experts for trees that thrive without much water. As soon as the government has its reserve well started, it will supply trees to Western farmers at small cost and encourage them in every way to start groves. Enough sprouts can be produced on the reserve to plant a ten-acre grove on every quarter section of land in Western Kansas within the next five years.

The state now supplies a half million trees annually to the farmers. These are produced at the station and shipped out in the spring. The farmers simply have to pay for their delivery. No charge is made for the trees by the state.

When the station was first started, the chief object was to show the people that trees could be made to grow out there. After this was demonstrated, the state quit cultivating and taking care of the big trees and began raising small trees to supply the farmers. As a result the forestry station hasn't a very charming appearance, but in supplying young trees to the farmers it is doing more good than by keeping up a big grove at state expense.—Drovers Telegram.

### Getting Ready.

The work of repairing and refitting the public school building preparatory to the opening the first week in September is being pushed to a rapid completion and in the course of a few more days everything will be in readiness for what it is hoped will be the best year in the history of the school.

Among the improvements which the trustee, T. J. Graves, is having done is replacing the old metallic flues with brick ones, purchasing charts, maps, etc. for the various rooms and seating the Murchison building recently purchased by the school board.

### The Way To Do It.

The past two years have witnessed great and wondrous strides in agricultural advancement in the Panhandle. Only a short time in the past, it was almost universally thought that kaffir and maize were the only crops which could be grown. Within the last few years, all these opinions, which had been so erroneously formed, have experienced a radical and complete change, and it is now a recognized fact that all the principal crops will grow and yield abundantly. Among the crops which are attracting greatest attention in all quarters of the Panhandle in general, but in Deaf Smith county in particular is that of Alfalfa and it may perhaps be stated that the one man who has achieved the most phenomenal success in this particular line is Clarence E. Wheeler whose ranch is situated a few miles east of Hereford. Mr. Wheeler has been kept busy for several weeks hauling his alfalfa hay to market, so much so that a desire was created in a BRAND representative to know where so vast amount of the much prized forage came from.

By conferring with Mr. Wheeler, we ascertained that he has 30 acres now growing on his ranch, from which he has harvested one ton per acre this season and feels that he will easily get as much more at the next cutting which will probably be the latter part of this month.

A little figuring will indicate what Mr. Wheeler is realizing from his 30 acres. A yield of two tons per acre gives him a total of 60 tons which sells readily on the local market at \$12 per ton. We only have to multiply to see that Mr. Wheeler is making \$720 annually from his 30-acre tract or \$24 per acre.

What Mr. Wheeler is doing is not an isolated case, for many others are turning their attention to the crop with a marked degree of success.

We doubt not that this country will witness an unheard of revelation in this and other lines of agricultural development in the next few years to come.

### Land Continues to Sell.

The following land deals have been closed by the real estate firm of Witherspoon & Gough since our last issue: Section 107 in block M 7, belonging to the Western Union Land Co., to W. B. W. B. Phillips, the North Draw stock farmer, was in town the first of the week after supplies.  
Mr. and Mrs. J. P. Carr were visitors in the city Tuesday from their ranch west of town.

W. D. Keliehor, one of our well known ranchmen, was transacting business in the city Monday.  
Frank Chestnut, the Arney ranchman, was among our business visitors the first of the week.

G. W. Orr of Boom was in the city Monday on business connected with the school at that place.

J. M. Mangum of Hardin County, Tennessee, is visiting his son, E. L. Mangum, of Vega, this week.  
Mr. and Mrs. Geo. A. Brandon of Canyon City spent Sunday in Hereford, the guests of the BRAND editor and wife.

W. R. Woodburn, one of Castro's sturdy stock farmers, was a welcomed caller at this office while in Hereford Saturday.  
Prof. W. T. Noblitt came in Wednesday from Montana where he has been engaged in surveying for several months.

Miss Hattie Davis, who has been visiting her brother, Mr. Ross Davis and his family, left Monday for her home in Waxahachie.  
Everybody remembers that J. G. Callens will sell you good shoes and good gloves for less money than any house in Hereford. 1t

J. L. Wilson was a pleasant caller at this office while in the city Wednesday and remembered the BRAND in a substantial way.  
Mrs. J. N. English, who has been visiting Mrs. E. B. Black for several weeks, was the guest of friends at Boom Monday and Tuesday.

D. E. Wise returned Wednesday from an extended visit to his old home in Arkansas. He went over to Hart on the mail hack in the afternoon.  
We this week printed a 24-page book for the Hereford public school, containing rules and regulations, and courses of study and much other valuable information for the patrons, pupils and teachers. One copy of announcement will be placed in the hands of each patron before the opening of school in September.

Jno. W. Gordon, who owns large ranch interests near Gomez, also in Castro County, was among our business visitors this week. Mr. Gordon is in a splendid humor over the fine condition of the crops and range throughout the country.  
One can get a pretty good knowledge of what is going on in a country in a material way by watching the lumber business. In passing around this week we saw large loads of lumber being hauled to various parts of the county. We predict that the lumber yards of Hereford will be kept pretty busy for the next twelve months.

J. E. Lipe, who recently moved here from Arkansas, and settled on the Dr. Barnett ranch in Castro County, was in town Tuesday after lumber and mechanics to build a residence on the ranch. Mr. Lipe is well pleased with the Panhandle. He will hereafter read the BRAND.  
We understand that J. A. Johnson and J. H. Bowers, both of whom recently came here from Nacona, will stock the 7-section ranch which they have leased in Castro County with high-grade sheep. Counting 300 sheep to the section, they can carry something like 2000 head. Judging from the experiences of others, these gentlemen will doubtless find their enterprise a profitable one.

T. L. Crews, our assistant county surveyor, has begun his work of locating the boundary lines in block M-6, situated in the corners of Deaf Smith, Randall, Swisher and Castro Counties. Mr. Crews is an expert at his profession and the lines which he establishes will doubtless never have to be changed.  
Miss Lenna Greer of Hereford and Miss May Smith of Midlothian have been selected to teach in the Hereford public school for the session of 1905-06. Miss Greer has taught in this and Castro counties for a number of years and has been eminently successful in all her work. Miss Smith has taught a number of sessions in the public schools of Midlothian and comes well recommended.

J. S. Williams was mixing with friends on the streets the first of the week. He now has his crop laid by and has nothing to do but await an abundant harvest. This is Mr. Williams' first year in the Panhandle and he has a fine crop of Indian corn growing on his place north of town, in addition to a large forage crop. Mr. Williams is using the same methods here which made successful farming possible in Oklahoma.

## HELP WANTED.

No Energy. No Will Power. No Ambition. Losing Confidence in Self and the Confidence of Friends or Employers.

A State of Health That Needs Prompt Treatment to Ward Off Serious Disease.

Do you notice a large reduction in your vital energy? Are you losing hold on your place in the social world? Is your strength gone, constitution weak, appetite poor, digestion deranged, bowels costive, with uneasiness and symptoms of derangement in the region of the kidneys? Such a condition is the preliminary to Bright's Disease or some other serious kidney trouble. If this describes the state of your body, we urge upon you prompt action before your health is entirely beyond recovery. Prickly Ash Bitters is the remedy you need; it has a four-fold restorative effect. It stimulates the torpid liver, restores health in the stomach, strengthens and cures the kidneys, and through its peculiar yet agreeable laxative character it clinches the good work by thoroughly cleansing the bowels. It is a certain remedy for kidney and liver diseases.

Accept no substitute. Insist on having the genuine Prickly Ash Bitters with the large figure 9 in red on the front label!

Sold by Druggists, Price \$1.00 per bottle.

## Panhandle News

Cotton was on the street for sale today. We shall have good cotton sales every month of 1905 in this county. Before this month shall end it is believed we will have new cotton to market.—Hall Co. Herald.

The Floydada independent district has voted \$4000 for the purpose of building a school building, and has in addition to the bonds for school building voted a special school maintenance tax of 30 cents on the \$100 valuation.—Clarendon Chronicle.

Rev. Bloodworth announced on last Sunday that work would begin on the new church building at an early date. The building will be on the lots on the southeast corner of Johnson and Carter streets, opposite the Cameron lumber yard.—Childress Index.

C. S. Baxter, of Rush Springs, I. T., took charge of the Dallam County News on the first of this month. Cleaver Edgell retiring. Mr. Baxter is an experienced newspaper man. His family will move here as soon as a house can be secured. The name of the paper has been changed to The Dalhart Tribune.—Texan.

A. J. Crawford, a local commission merchant, has recently disposed of all his wool, representing 150,000 pounds to Ed Seay of Roswell at 20 and 25 cents a pound for the different clips and grades. The only grade selling as low as 20 cents being 4,000 pounds of buck's wool, the entire amount netting Mr. Crawford the neat sum of \$37,300.—Carlshad Current.

The mail carriers between Childress, Matador and Floydada are having a tough time during this wet weather. The carrier left Childress Monday morning with two days mail. Got bogged in Pease river and did not get out until Tuesday's hack got there, transferred its mail, when the first driven went on, having about 700 pounds of mail. About the best that can be done is two round trips a week.—Childress Index.

Revs. L. L. Lusk, of this city, and E. A. Wessen, of Hereford, have been holding revival services at Alanreed all this week, and a most successful and profitable meeting is reported, there being quite a number of conversions. On Tuesday, July 8th, these ministers will begin a meeting in the school house at McLean, continuing over the following Sunday. It is hoped that all who can will attend and assist in making it a success.—McLean News.

The notice that Local Agent Baldwin would find a market for all Donley county fruit and vegetables which the grower wished to ship was published in last week's Banner-Stockman and attracted considerable attention as is witnessed by the manner in which the people took hold of the proposition. On Monday night the express company loaded out of Clarendon 52 cases of fruits and vegetables, and there has been good shipments made on nearly every train since the notice was given. Mr. Baldwin says he has standing orders for every-day shipments, and says tell the people to bring on their stuff, the only condition being that he be given a little notice before the stuff is brought in.—Banner-Stockman.

### Bids Wanted for a County Depository.

### Sleeping Car Privileges.

We are requested to call attention of our readers to the provision, recently made by the management of the Denver Road, by which passengers arriving in Denver on train No. 7, due at 11:30 p. m., will be allowed to remain in the sleepers over night, thus avoiding the trouble of being driven to a hotel and the expense attached thereto. This privilege is granted without extra charge to the traveling public and goes to show that the Denver Road is looking well to the comfort and convenience of its patrons.

Chas. Roberson of Boom had business in Hereford Tuesday.

Mrs. H. H. Stanley visited her daughter in Amarillo this week.

Geo. W. Dale returned Saturday from a business trip to Palestine.

J. A. Fox was in Mangum, O. T., for several days this week on business.

Atty. Ed C. Hyde of Dalhart spent the week in Hereford on legal business.

A. S. Gracey, who ranches north of town, was a business caller in the city Monday.

Miss Inez McLain of Jewell, Kansas, is visiting her brother, H. W. McLain.

Ed. Manson of the Amarillo Herald came down Saturday to be present at the Googer-Eagle wedding.

D. C. Laird, manager of the O. Y. O. ranch near Dimmitt, was a business caller in the city Monday.

J. P. Terry, who has a well improved two-section ranch in Castro County, had business in Hereford Monday.

Louis Arnold, the pioneer bachelor ranchman living west of town, was among our business visitors Tuesday.

C. S. Cardwell, the Castro stock farmer, was in town Monday after lumber with which to make substantial improvements on his ranch.

A. J. Kerr, who is engaged in ranching in the southern part of Castro County, was among Hereford's business visitors Tuesday.

J. D. Thompson, the cattle dealer and ranchman living several miles north of town, was looking after business on our streets Saturday.

E. W. Keatley, who recently moved here from Missouri, called around Monday and ordered the BRAND sent to John Strode of Blue Springs, Mo.

Miss Maggie Syms returned Monday from Dalhart where she went as a delegate to the Convention of the Panhandle Woman's Home Mission Society.

T. E. Shirley, president of the board of trustees of the Panhandle Christian College, arrived from Waco Wednesday on business connected with the college.

Prof. W. T. Hartsfield of Cleburne arrived with his family this week and will make Hereford their home. Mr. Hartsfield will likely identify himself with the business interests of our city.

Dr. R. W. Bounds came down from Panhandle Saturday and spent several days in the city on business. The doctor is engaged in the practice of his profession at Panhandle and informs us that he enjoys a lucrative practice.

Rev. H. B. McGee left Monday afternoon for Missouri where he will work up a crowd of prospectors for the next regular Santa Fe excursion. Bro. McGee informs us that it is a difficult task to find Missourians who cannot be interested in the Panhandle country.

J. H. Bowers and family arrived on Friday of last week from Nacona, Texas, and will make Hereford their home. It will be remembered that Mr. Bowers purchased the Tom Cox residence a few weeks ago. We are glad to welcome Mr. Bowers and family into the land of peace and plenty.

G. A. Stambaugh and family left this week for Raymondsville, down near the coast, where they expect to make their home. This altitude proves too great for Mr. Stambaugh's health. While we regret exceedingly to see this most excellent family leave, we wish them much happiness and prosperity in their new home.

J. J. Ward this week received his new J. I. Case, threshing machine and is now separating the grain from the chaff at a lively rate. Mr. Ward has an outfit which would be a credit to any country and he will doubtless thresh his part of the large grain crop in this and surrounding counties. Castro and Deaf Smith Counties now have three first class outfits operating at their greatest capacity. It is estimated that it will take from four to five weeks to finish threshing this year's crop.

We keep butter on ice. Barnard & Co. 26-1f

W. J. Killough came up from Hart Tuesday on business.

A. P. Murchison spent this week in Kansas City on business connected with his local cattle interests.

M. V. Robertson was in town Wednesday from his ranch in the north part of the county after supplies.

Mrs. Will Carr of Portales is visiting her sister, Mrs. John Mauk, in the north part of the county this week.

Assessor J. S. Wyche was in the city several days this week assisting the commissioners in reviewing the Deaf Smith County tax rolls.

Rev. Thos. S. Barcus left Monday afternoon for Corpus Christi where he will attend the State League Encampment for about ten days.

C. H. Cox of Arney was in town Tuesday after ranch supplies. Mr. Cox was pleasant caller at this office, renewing for the BRAND.

J. D. Mauk and wife of Cedarville, Texas, arrived Wednesday to visit the former's brother, J. C. Mauk, and other relatives in Hereford.

Rev. Mr. Keirey came down from Dalhart Saturday and filled his regular appointment at the Presbyterian church Sunday morning and night.

M. M. Majors, a photographer of Abilene, is visiting his parents, Mr. and Mrs. G. C. Majors, east of town this week. Mr. Majors, in company with his father, was a pleasant caller at this office.

We call the attention of our readers to the change in the ad of Jno. B. Vannoy in this issue. Mr. Vannoy is among the best in his line of work and no one will make a mistake in patronizing him.

J. M. Witt and family moved here this week from Emma in Crosby County for the benefit of our excellent school facilities. Mr. Witt recently purchased the J. A. Williams residence in the west part of town.

Mrs. Jessie Dockum Smith left Monday for her home in Belton after two weeks' visit with Mrs. G. A. F. Parker. Mrs. Smith will long be remembered by Hereford people for the elegant music which she so generously furnished at different times during her stay in the city.

J. F. Morris, one of Gainesville's substantial business men, arrived this week to visit his brother-in-law, A. J. Thompson, and other relatives. Mr. Morris is well acquainted with Panhandle conditions and likes spending a few days each year in the enjoyment of our wholesome and invigorating atmosphere.

Judge I. W. Stephens of the court of civil appeals of the Ft. Worth District and whose home is at Weatherford stopped over with friends in the city Monday and Tuesday. The judge was on his way to Boyina to look after the interests of the estate of the late J. R. Couch who was one of the owners of the V. V. N. Ranch.

Geo. W. Irwin returned Tuesday from a business trip over the greater portion of North and Central Texas. Mr. Irwin had been thinking for sometime that perhaps he could invest in that country to an advantage; but after seeing for himself and drawing the contrast between the flooded and salty districts of that country and the exhilarating atmosphere of the Panhandle, he informs us that he hasn't the slightest desire to make a change.

**ANOTHER SHIP WRECKED**

# HONEST BARGAINS

Buy goods where you get honest bargains. Remember that our motto is "Under Buy, Under Sell." No humbuggery or anything to catch you; straight, honest prices in everything, from a spool of thread to the costliest article we carry in stock. We buy from the most reliable wholesale house in the United States, who carry goods to suit the most fastidious, so don't come and expect us to "taffy" you, but with the feeling that you will get goods at reasonable prices. We are not like some merchants, who think that the world is full of "suckers," who are continually throwing out some bait on some article of minor value which, if you were to buy all they had in the line, would neither make them rich nor you poor. We make our prices which taken together, will save you big money. Yours to serve,

### Lawn Party.

From the lawn of the hospitable home of Mr. and Mrs. Ross Davis there came sounds of revelry on Tuesday night, for gathered there was a crowd of Hereford's fairest maids and most gallant young men, and those whose attendance was unavoidably prevented will long regret missing this social event of the summer.

To the soft new-moon rays was added the shadowy light from Japanese lanterns that occupied prominent positions on the lawn, the combination making the guests to feel and appear as they meandered to and fro that they had been transplanted to a spot richly imbued with sentiment and magic. Especially did the evening atmosphere seem transporting and love-a-contagion, when in promenading the couples would seek quiet and rest in enchanting moonlit cozy corners built for two alone—and where a splendid opportunity was given for proving that Bill Arp knew where-of he spoke when he said that "Love's greatest argument is a kiss by moonlight."

In a recess built of willow boughs in one corner of the roomy gallery was a table decorated with asparagus sprays, sun-flowers and golden glow at which fruit punch was smilingly served by the hostess.

A drawing contest was had, in which Miss Anna Collins and Mr. Scott Stringfellow won prizes for being the artists of the evening in furnishing the most perfect pictures of their ideal man and woman and were made to feel "as happy as the big sunflowers" that were presented to them.

Great enjoyment was had with Japanese snappers that were distributed among the guests, and as every one contained verses and prizes of rings, watches, hats, caps and parasols, it was amusing to see them pop open.

Refreshments consisting of ice-cream with cake in variety were enjoyed late in the evening.

Those present were Miss Helen Metcalfe in whose honor the party was given, Misses Helen Jones, Leo and Ola Scott, Amber and Anna Collins, Sydna Rogers, Tressie Coston and Beulah Head; Messrs Emmett Cardwell, Claude Witherspoon, Jim Head, Albert Johnson, Scott Stringfellow, Joe and Tom Carter and Tom Blake.

Remember that I am prepared to do general work for the public. Let me clean your premises each month and thus remove the cause of sickness. D. W. Crawford.
