Junior Livestock Show Will Add Division For County Youth

Increased Local Participation Is Goal Of Change

Hereford's annual junior livestock show will feature a new division this year—limited to competition from Deaf Smith County youths—and a new name.

To be known as the Hereford Young Farmers Junior Livestock Show, the annual event will continue to include competition from four counties.

But in addition, a separate but concurrent event to be known as the Hereford Junior Livestock show will provide competition for placings among Deaf Smith County youth alone.

The Hereford Young Farmers Junior Livestock Show will be the new name for the annual four-county event known formerly as the Golden Spread Western Junior Livestock Show.

This was the announcement following a Tuesday night meeting of the Hereford chapter of the Young Farmers of Texas, the group which recently took over management of the show.

THE SHOW—actually two events in one—will be held Jan. 20, 21, and 22.

The Hereford Young Farmers Junior Livestock show will continue to operate basically as in the past GSWJL events, with entrants coming from four counties.

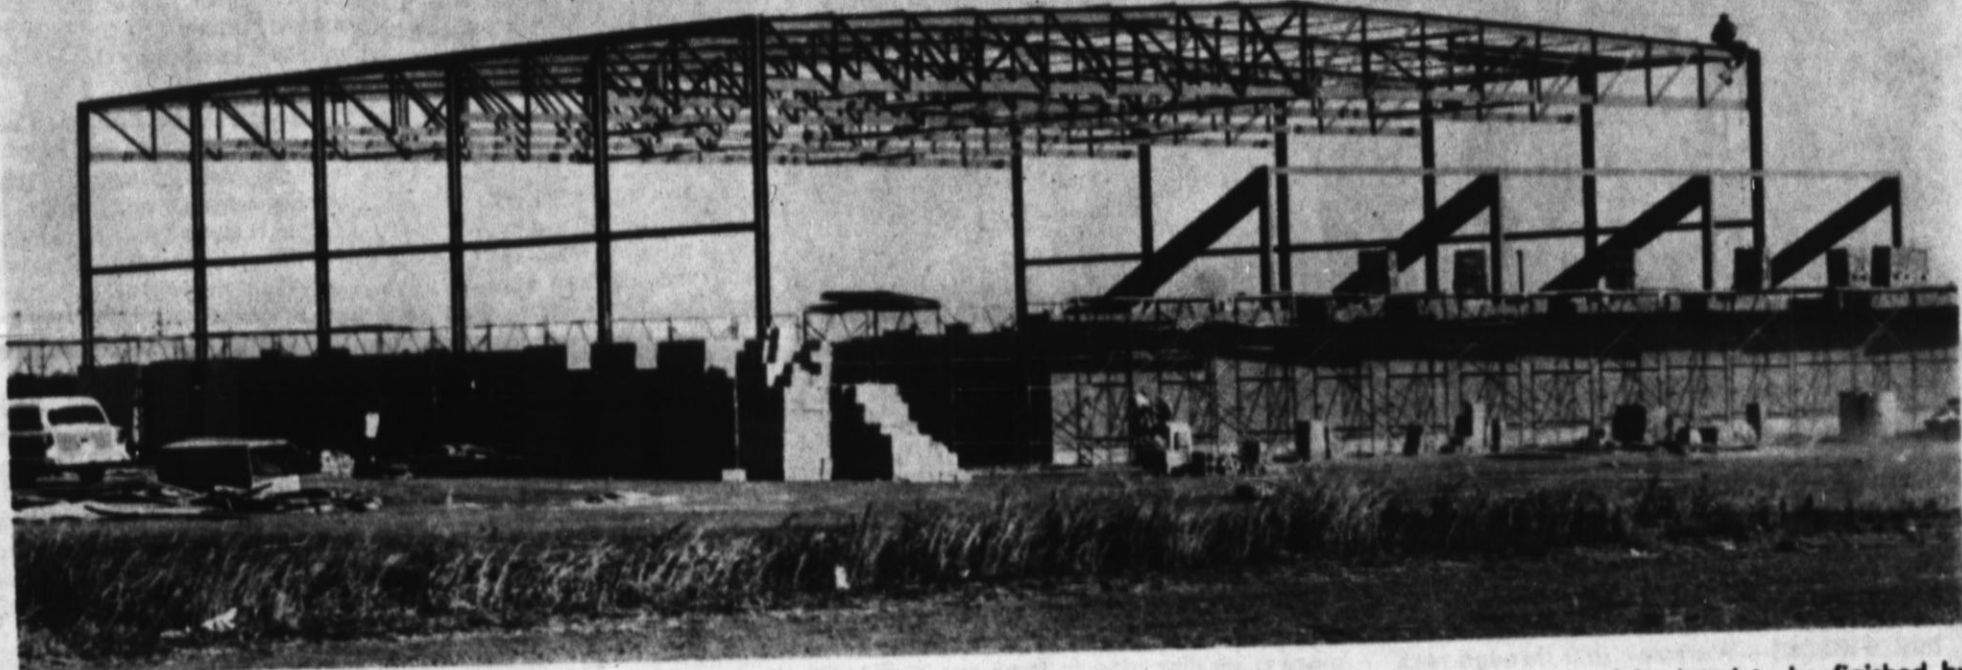

In addition, the Hereford Junior Livestock for county youth show will be held concurrently.

County youth will compete in the county show and may also compete in the four-county show, according to Edwin Axe, secretary of the local Young Farmers.

Axe told the Brand that the separate judging for county youth was being set up "in order to encourage more participation from youth on the local level."

"The entrants from the county may enter the four-county show at no extra expense," Axe explained.

Sale of livestock will be conducted just as in the past, with the exception that an equal number of top four-county stock in both the four-county and the county shows may be sold. This will not necessarily double the number of stock sold, however, See JUNIOR Page 2

Bull Barn Issues Talked Again

Deaf Smith County Commissioners Court faced the issue of what to do with and how to use the two county-owned "Bull Barns" again in Monday's meeting.

AT ISSUE was the question

Grand Opening Slated Sunday For New Motel

The grand opening of the new 50 unit Red Carpet Inn is scheduled for Sunday, between the hours of 1 p. m. and 3 p. m.

Mr. and Mrs. H. W. Rounds, will manage the motel owned by Owen Seamands and D. C. McWhorter, both of Hereford.

The new motel, which was completed Nov. 15, was contracted by Willy Hicks Jr. of Amarillo.

It was announced that there will be a drawing after the grand opening for a week-end for four at the Red Carpet and dinner at the Caison House.

of what innovations to make in the "big" Bull Barn and a request from the Hereford Migrant Ministry that youngsters be allowed to use the "little" Bull Barn for a recreational program.

Commissioners once again tabled action on proposed improvements at the Bull Barn after going along with a request from the Hereford Lions Club that it's original offer to aid in financing the remodeling be changed.

Commissioners agreed that it would be better for the county to bear the cost of alterations to the building, with the Lions perhaps contributing towards furnishing additional chairs or other items.

However, action was tabled concerning specific improvements to be contracted.

CONCERNING the Little Bull Barn, the commission okayed the request from the Hereford Migrant Ministry that it be allowed to conduct a recreation program for Latin Youngsters in the facility.

The program will be operated two nights weekly throughout the

winter, and will include basketball, volley ball, and other such indoor sports.

IN ADDITION, the commission agreed to furnish basket ball goals for the activity.

In other action, the commission turned down a proposal that the county do something about a "bad dip" at the intersection of U. S. 385 with Sixteenth St.—the street which runs in front of the new Bluebonnet Elementary School.

Commissioners explained that since the street is in the city limits, it is out of the county's jurisdiction.

APPROVED by the county was a measure which will include the Pool-Sigman Insurance Agency in the premium-sharing arrangement through which the

county's property insurance is written.

All insurance agencies in the county which have been in continuous operation for five years participate in the program, with the agency which actually writes the policies receiving 30 percent of the premiums and the other qualifying agencies splitting the remaining 70 percent equally.

OTHER business included approval of an eight percent increase in the county's share of the district court reporter's salary (salaries for officials of the 69th Judicial District are pro-rated among counties in the district.)

The increase was less than that asked by District Judge Harry Schultz, who had sought a 29 percent increase in the to-

tal salary paid the reporter. The issue had been discussed for several months, with the county agreeing Monday on the eighth-percent hike.

This raises the county's share of the salary from \$184.80 to \$199.50 monthly.

Lake Drainage Move Dies For Lack Of Push

A move to drain a lake near the Labor Camp — which flooded several homes following heavy rains last summer — has apparently died for lack of "push from those connected with the proposal.

A check by the Brand this week indicated no current action on the matter, which stirred much public comment following an overflow brought about last summer by torrential rains.

THE CHECK was made in order to answer questions in a "Letter to the Editor" appearing inside today's Brand.

A petition was circulated following the flood, calling for public action to drain the privately-owned area surrounding the lake.

Some 19 families were forced out of homes in the area by flooding resulting from seven inches of rainfall in a four-day period.

THE LOCAL chapter of the American Red Cross administered the relief work.

Four Elected For Terms On CofC Board

Four new members of the board of directors of the Deaf Smith County Chamber of Commerce were named Wednesday as ballots from last week's election were counted.

The new members of the 12-member board—who will take office in February—will replace four men whose terms expire.

Chamber officials reported that 294 chamber members cast ballots in the election. There are some 400 members of the chamber.

Elected for three-year terms were:

Dexter Lille, manager of Holly Sugar Hereford District
Morris Easley, owner of Electro-Date Service;
Melvin Young, managing editor of the Hereford Brand;
Frank Ford Jr., president of Arrowhead Mills;

THESE FOUR will fill places on the board vacated by the expiring terms of Wayne Thomas, Bert Boomer, Jimmie Allred, Woody Wilson, and Austin Rose Jr.

Thomas will retire as president, but will remain on the board as past president. Austin Rose Jr., currently the immediate past president, will retire from the board.

EIGHT members remain on the board. They are Neal Cooper, Raymond White, Russell Carver, Hilroy Aven, Labry Ballard, Dub Hair, Pete Caviness, and Johnny Pool.

Ballots were counted Tuesday afternoon by the nominating committee.

Board members are elected for three-year terms. Terms are staggered for four persons to be elected annually.

The chamber now boasts more than 400 members, who have pledged annual contributions totaling some \$30,000.

Farm Bureau Slates Open House Sunday

The results of a year's planning and construction will be displayed Sunday afternoon at an open house for the Deaf Smith County Farm Bureau, 921 West Park.

Manager Gene Leach and President Robert Jacobsen will be among hosts for the bureau opening, which will be held between the hours of 1 p. m. and 6 p. m. Sunday.

THE NEW \$32,000 building was contracted by Lindy Daniels of Hereford.

The first charter of the Farm Bureau was issued Dec. 15, 1950, with Virgil Dodson as the first president after the charter was issued.

At that time, the office was located in the Court house.

OFFICERS FOR the organization, which now numbers some 600 members, are Robert Jacobson, president; Frank Ford Jr., vice president; Kenneth Harper, secretary; and Steve Clements, treasurer.

Mrs. Don French is secretary to the manager, and one of four full time employees of the bureau.

Leach and the board of directors issued an invitation to attend the open house.

Jaycees Install Yule Decorations

Members of the Hereford Jaycees will begin installing new Christmas decorations Sunday, according to Paul Schroeter, committee chairman.

The men hope to have the installation completed by dusk so that the decorations can be lighted Sunday evening.

Decorations will be all new this year and will look like the chandelier-type decorations which hung at the intersection of Hwy. 385 and Park Ave. last year.

ON DIMMITT HIGHWAY

One Killed, Another Hurt When Auto Smashes Tree

The week-end came to a tragic end for two Hereford youths early Sunday morning when their car smashed into a tree 11 miles South on U. S. Hwy. 385.

The crash left the driver of the car dead, and the passenger in poor condition in a Hereford hospital.

Funeral services were held Tuesday for Eugene Brady, 16, 213 St., who died at 3:15 a. m. Monday at Deaf Smith County Hospital from injuries received in the Sunday morning crash.

The passenger, identified as Charles Wiley Black, 20, 449 Ave. D, was reported to be in poor condition by hospital officials.

THE ACCIDENT, apparently occurred about 5:30 p. m. was discovered by Leon Thunderstone, Dimmitt, who notified officers.

When officers arrived, both the driver and passenger were lying outside of the auto, with their legs pinned in by the crushed floorboard.

THE AUTO had apparently

been on fire and burned for a short time, as one of Blacks legs had been burned, officers stated.

The investigating officer reported this to be his second con-

tact with the occupants of the auto within a 24-hour period. The officer said he had stopped the Negro youths and talked to them at First and Main—

Alcoholism Group Slates Info Week

Hereford Mayor Ray Cowsert cited the Deaf Smith County Council on Alcoholism for its "noteworthy achievement in alerting the public to the danger on alcoholism, a disease which ranks among the top four major health threats in our country today," as he signed a proclamation which proclaimed Nov. 28-Dec. 4 as Alcoholism Information Week.

One of the highlights of the week will be a meeting Tuesday evening, Nov. 30, at the Community Center at 7:30 p. m., featuring Col. Ronald Force of Amarillo and Dr. John DeFoor

of Waco, who will be featured speakers during the week's activities.

THE SPEAKERS will also be speaking at various civic clubs and at the public schools.

Alcoholism Information Week is a national educational and informational campaign emphasizing that alcoholism is a treatable disease.

THE CAMPAIGN in Hereford is part of a nationwide observance being sponsored by the National Council on Alcoholism, the national voluntary health agency in the field of alcoholism. "Alcoholism is one of America's four major health problems along with mental illness, cancer and heart disease," said Rev. Joel Treadwell, president of the local council. "It is estimated that there are over 5,000,000 alcoholics in the country. We have 750 in Deaf Smith County."

THERE is a help, however, for the person suffering from See ALCOHOLISM Page 2

City Observes Thanksgiving

Most county businesses will join with schools and government offices in a day off to observe Thanksgiving today.

One of six official business holidays listed this year by the Chamber of Commerce, Thanksgiving funds most retail businesses closed, with the exception of a few cafes and service stations.

Schools dismissed Wednesday and will not resume until Monday.

Many Hereford citizens attended a community Thanksgiving service Wednesday night in observance of the holiday first proclaimed by the pilgrims more than 300 years ago.

Most county businesses will open again Friday, as will banks and government offices.

ADDS TO SERVICE CAPACITY

Pioneer Natural Increases Size Of Line Serving City

The Pioneer Natural Gas Co. has announced it is replacing 9,000 feet of two-inch line with a four-inch feeder line to boost the capacity to 35,000 cubic feet per hour for this line.

The new line, which connects to city transmission lines on Underwood Street and South Main, is being installed to handle the peak load for the town in the winter.

PIONEER brings gas into the city from three transmission lines. Last year, the peak demand was 283,000 cubic feet per hour, and on one of the coldest days, a total of 4.5 million cubic feet was used in a 24-hour period.

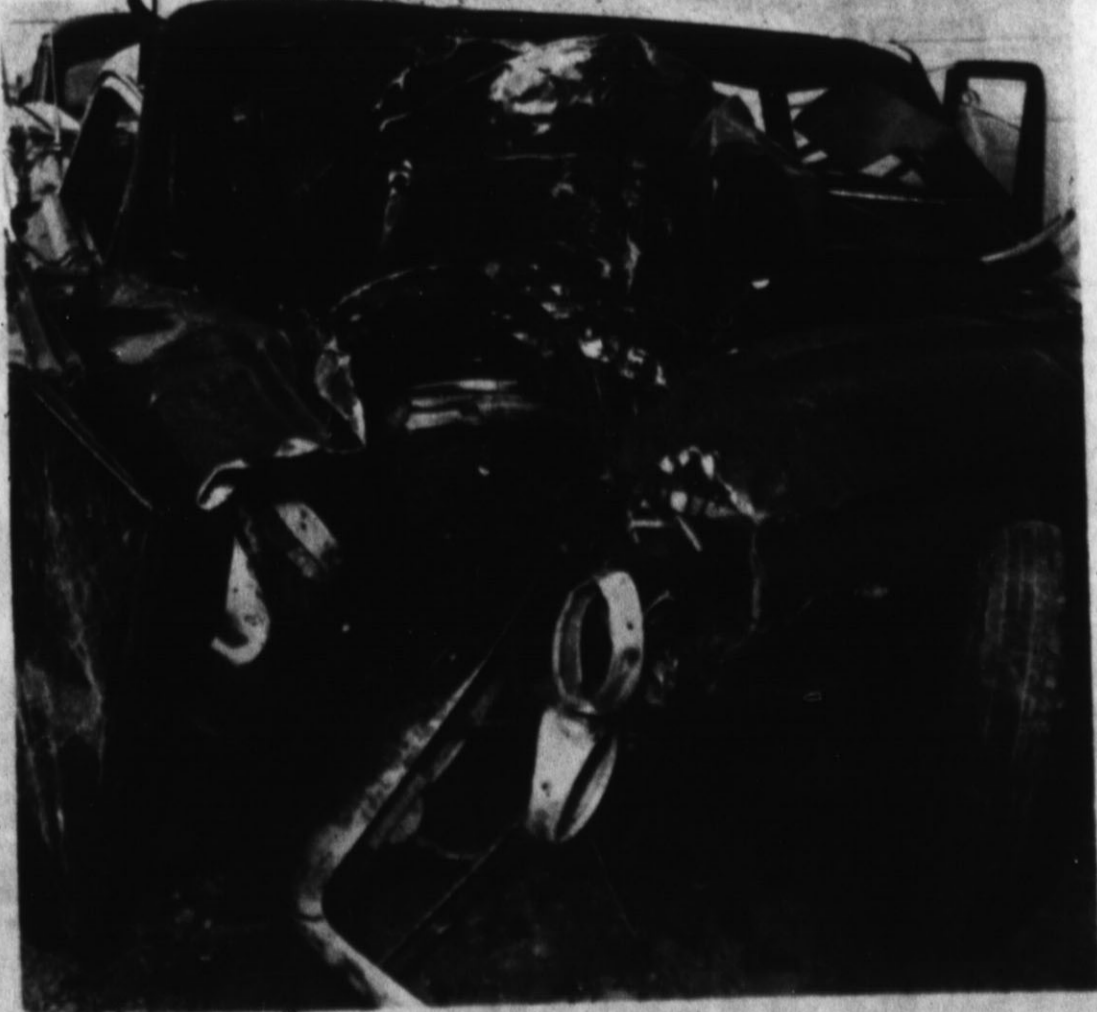

This project, which originated two years ago on the drawing board, began taking shape in the field three weeks ago, and is expected to be completed in another three weeks.

COMPANY officials estimated the total cost of the new pipeline at about \$20,000.

Dale Young, district engineer and the four-inch line will be used until all of the present services are changed off of the old line. He added that only those residences along South Main would be affected by this change over.

J. T. (John) Sims, local manager, said all of the construction is being done by a Hereford firm, serves some 3,000 active accounts in this area.

The new line will give the See PIONEER Page 2

Grand Jurors Indict Twelve In Session Here

The Deaf Smith County Grand Jury returned 12 indictments Tuesday, after hearing cases for two days.

Jimmie Junior Calvan, 214 Hereford Calle, was indicted on a charge of driving an auto without the owner's consent.

Calvan was arrested at Hereford High School by Hereford police officers on Oct. 12.

AN INDICTMENT was returned against Eddie Evans, 206 Bennett, on a charge of disposal of mortgaged property.

Evans was arrested by the sheriff's department Nov. 12.

Indictments charging arson were returned against two Amarillo men, in connection with the theft of a Friona car, which was burned after being abandoned East of Hereford.

Carter, Bobo Hunicutt and Johnny Lee Ward, who are now in Farwell to face the auto theft charges, were arrested by the highway patrol on Oct. 13, two miles east of where the abandoned car was found burning.

An indictment charging burglary was returned against Raymond Cruz Villa, Friona in connection with the burglary of a barn on the Lee Cocanougher farm southeast of town.

Villa was arrested by city police Sept. 23, on a drunk charge, then further investigation led to the burglary charge being filed.

THREE indictments were returned charging driving while intoxicated, second offense.

Indicted were Edward A. Thomas, 513 Knight, who was arrested by a unit of the Texas Highway Patrol on Oct. 31, on west highway 60; Thomas Layton Sparks, Odessa, arrested by the highway patrol Nov. 22 on South highway 285; and Santos Torres, 329 Ave. E, arrested Nov. 19 by a deputy sheriff in the 100 block of Ross Ave.

Publication of names on four withheld pending arrest of the indicted persons.

as the same stock may rank high in both divisions.

MANY of our local 4-H Club and Future Farmers of America members have not been participating in the Golden Spread show because of competition from other counties," Axe continued.

He said that those eligible for entering the county division of the show would be youths who are members of the Hereford High School Future Farmers or a Deaf Smith County 4-H Club.

LAST MONTH the Golden Spread Western Junior Livestock Association voted to turn over management of the show to the Young Farmers.

IN YEARS past, Young Farmers had done most of the "manual work" involved in staging the show, but had been supervised by the GSWJLS board.

The board — which functioned only to sponsor the show each year — recently turned the show over completely to the Young Farmers. The GSWJLS was formed after the Hereford Rotary Club ceased to sponsor the Hereford Junior Livestock Show, which had been held for some 16 years.

It was also pointed out that Young Farmers had originally considered limiting entries to this county for the coming show, but reversed the decision after learning that many youngsters in other counties had already made plans to enter the show here.

As a result, the plan to stage a separate division for county youth was adopted.

"SUCCESS of the show this year will determine the future of the show," Axe said.

He explained that "if it is a

success this year, we will continue to operate as both a four-county show and a local show."

"If not, we will limit competition to the county."

"OTHER counties which have participated in the Golden Spread show have stressed that they wish to continue to be a part of the four-county show," Axe said.

"We also have the full support of the GSWJLA, the county agent, and the vocational agriculture teachers here."

Entry deadlines and other information concerning the coming show will be announced in the near future.

Group Reviews Year's Efforts, Surveys Future

The governmental affairs committee of the Deaf Smith County Chamber of Commerce met Tuesday to review its activities during the past year and discuss plans for the coming year.

Roy Faubion, committee chairman, said the committee also agreed to organize an Action Course in Politics in January.

Among highlights of the past year's committee work were three "Report to the People" meetings, featuring state representative Bill Cayton, U. S. Senator John TOWER, AND Congressman Walter Rogers.

Other undertakings by the committee included a move to renumber houses on several streets in town, voicing official opposition to the attempted repeal of Section 14 (b) of the Taft-Hartley Act, and carrying on several projects to inform local citizens on matters of state, national, and local concern.

Extension Study Of Fertilizers Starts Monday

The first of two sessions of a fertilizer workshop will be held here Monday.

The workshop, sponsored by the Texas A&M Extension Service, is designed primarily for fertilizer dealers, although farmers and others interested are invited to attend, according to county agent Justin McBride.

Monday's study will get under way at 7:30 p. m. in the Bull Barn. Second and final session will begin at 6:30 p. m. on Monday, Dec. 6.

Dinner will be served at the final meeting.

HEADING the program will be James Valentine, director of the soils testing laboratory at the Texas Agricultural Experiment Station in Lubbock; and Billy Gunter, extension agent for district two, also of Lubbock.

The workshop will involve not only information on fertilizers, but also information concerning management and fertilizer businesses.

However, farmers and others interested may enroll in the course, McBride said.

A \$5 enrollment fee will be charged. This cost includes the dinner for the Dec. 6 session.

McBride said that this is one of several towns in the region where the workshop is being held. More than 100 Panhandle men have registered for the sessions. Persons who have not registered may enroll at Monday's meeting.

Police Continue Investigation Of Gas Station Fire

An investigation by both the police and fire department continues in the 900 general alarm fire at an East Hereford service station Friday night.

The fire which occurred at the East Hi-Way 60 Service Station has been termed "definitely arson" by owner Wesley Rhodes.

OFFICIALS of the police department report that no new leads have developed in the fire that has been under investigation by both agencies due to the fact that the back door of the business had apparently been forced open.

The fire, which produced a large amount of smoke, was discovered by a railroad switchman who saw smoke coming from the eaves of the building.

Rhodes told the Brand that the rear door was locked when he closed the station shortly after 7 p. m. that evening.

HE SAID 19 ballpoint pens were missing from the front office, and also the cans of lighter fluid and matches that were found in the closet in which the fire apparently started had been moved from the front sales office to the storage room and closet.

He also stated that there were several small kittens in a box with the mother cat in the building when he left, but after the fire the kittens were found outside, along with the box they had been in.

A great amount of smoke damage was inflicted on the building, and a large amount of padded storage quilts and some clothes were destroyed.

TRACKS at the scene of the accident the officer added, indicated the auto veered from the highway at a slight angle for some 80 feet before hitting the tree dead center.

The force of the crash almost wrapped the front bumper around the tree trunk. It shoved the motor of the 1961 auto into the front seat.

Brady was brought to Hereford by Gilliland Ambulance, and Black was brought by Dennis Ambulance, Dimmitt.

District Court Sentences Two On DWI Charges

Two cases were heard by District Judge Harry Schuits Tuesday in 69th District Court.

A plea of guilty to charges of driving while intoxicated second offense resulting in a three year probation being given to Santos Torres, 329 Ave. E.

Torres had been indicted earlier by the grand jury.

Torres was arrested by the Sheriff's office in the 100 block of Ross Ave. on Nov. 19.

Jimmie Junior Calvan, 214 Hereford Calle, also received a three year probation sentence after a plea of guilty to charges of driving an auto without owner's consent.

Calvan was arrested by Hereford police on Oct. 12, at Hereford High School.

ed expenditures of about \$4,000 in emergency disaster relief to stricken families. Much of this came through national Red Cross channels — the first time in history a Hereford "disaster" qualified for national aid from Red Cross.

The petition, signed by 65 persons, asked that steps be taken immediately to prevent the recurrence of flooding in the area, pointing out that property owners affected — mostly Latin Americans — had no means of correcting the situation.

IT WAS presented to the county commission, whose members agreed to allocate funds to help with draining the lake; however, the county pointed out that public tax funds could not be used for improvements on private property.

Estimated cost of the project ran some \$20,000.

In addition, several individuals agreed to chip in funds to accomplish the draining.

The proposal was then taken to the city commission, but city commissioner said they saw no reason why the city should be expected to participate in a project to improve private property outside the city limits.

And there, it seems, the movement ended.

THANKSGIVING 1965

A time to pause . . . and say **THANK YOU**

We are thankful for the opportunity we have of being a part of a thriving community and for you, our friends and customers, whom we are privileged to serve. We pledge our continued efforts to be worthy of your patronage.

Our Pilgrim Forefathers conceived Thanksgiving as a day to stop and take stock of all the good things in life. They had, as we do today, a constant threat of upheaval. They too were beset by problems—economic, political—big and small—but they found time, once each year, to thank God and thank each other for all the good things they enjoyed. We, at Hays Implement, are thankful for the city, the state, and the nation in which we are privileged to live.

WEST TEXAN OF MONTH

WTCC Honors Speaker Of House

The West Texas Chamber of Commerce Tuesday announced the selection of Ben Barnes, 27-year-old Speaker of the House of Representatives in the Texas Legislature, as its first West Texan of the Month.

The Board of Directors of the West Texas Chamber voted in October to select, beginning in November, a West Texan of the Month as a means of paying tribute to those men and women in West Texas who have given unselfishly of their time, energy, and talent to West Texas, to their state, and to their nation.

Beeman Fisher of Fort Worth, president of the WTCC and also president of Texas Electric Service Company, announced Barnes' selection simultaneously with the publication of the November issue of WEST TEXAS TODAY, monthly magazine of the West Texas Chamber.

FISHER said, "Ben Barnes was a natural as the first West

Texan of the Month. He is a remarkable young man — a hard working legislator who has exhibited his fairness and his consideration for the viewpoint of others.

"He is a natural leader, an effective administrator who is always in control of the situation, and he did an outstanding job during his first term as Speaker of the House."

Fisher said, "We are proud Ben is a West Texan, who was born here and who received his first experience in government as a representative from West Texas."

BARNES represents the 64th Legislative District, composed of Runnels, Coleman, Brown, and Comanche counties.

Fisher said, "Ben has only been in the Legislature five years, but he has already demonstrated to an unusual degree his concern for the problems of Texas and his interest in tourist development, education, in-

dustrial development, water resources, and the many other opportunities available to Texans."

Barnes was first elected to the Legislature in 1960 at the age of 22, won rapid recognition among his colleagues and was named chairman of the important Rules Committee and other important committees in the 58th Legislature. He was instrumental in passage of key legislation.

In January 1965, following the surprise resignation of Byron Tunnell as Speaker of the House, Barnes quickly organized his forces and conducted a day-and-night campaign which resulted in his election as Speaker, just four days before the 59th Legislature opened.

HIS FIRST term record as Speaker won sincere praise from his fellow legislators and from Gov. John Connally and President Lyndon B. Johnson.

Barnes is the youngest man ever elected to the speakership in Texas who served out his term and, at the time of his election, was the youngest House Speaker in the United States.

Barnes is a native of Gorman and grew up in Comanche County. Both he and his wife, Martha, are graduates of DeLeon High School where he was an all-district football and basketball star. He is a business administration graduate of the Un-

iversity of Texas and student in the University of Texas Law School.

Under his leadership the 59th Legislature enacted vastly expanded water development programs and the first statewide water plan; strengthened the state public health program, including the control of tuberculosis and the taking of steps to help those who are mentally retarded; consolidated, reorganized, and streamlined state agencies to effect efficiency and economy; expanded programs to encourage tourism and industrialization in Texas; and create a strong college coordinating board.

Cotton Harvest Gains Speed, Quality Stable

The South Plains cotton harvest continued to gain momentum last week and the three South Plains USDA Classing Offices received the largest number of samples for any week this season, according to W. K. Palmer, in charge of the USDA Cotton Classing Office in Lubbock.

The USDA Classing Offices at Lubbock, Brownfield and Lamesa classed 77,400 amplex during the week ending Friday, November 19th.

THROUGH Nov. 19, the Lubbock Office had classed a total of 171,200 samples, the Brownfield Office 17,400 and the Lamesa Office 31,700. This brought the total classed this season at the three offices to 220,300. Through Nov. 19, last year the three offices had classed a total of 306,300 samples.

Grades of the cotton classed at the Lubbock Office were about the same as during the previous week. Sixty-three per cent of the cotton was classed in the White Grades and 37 per cent in the light Spotted Grades.

Middling made up 18 per cent

up 5 per cent of the total and 7/8 and 11/16 made up one-half of one per cent each.

MICRONAIRE continued to decline. Sixty-two per cent of all cotton "miked" in the Lubbock office was in the desirable category of 3.5 and better. This was an 11 per cent drop from the previous week.

Micronaire is much lower this year than at this date in 1963 or 1964. Approximately one-fourth of the cotton received at Lubbock last week had readings low enough to carry a discount. Fourteen per cent "miked" 3.3 and 3.4, 18 per cent was 3.0 through 3.2, 5 per cent 2.7 through 2.9 and 1 per cent "miked" 2.6 and below.

The Consumer and Marketing Service of the U. S. D. A. reported increased trading in the new crop cotton at slightly lower prices. Average prices paid for the most predominant qualities were: Middling 15/16 — 27.65, Middling 31/32 — 28.25, Strict Low Middling 15/16 — 28.45, Strict Low Middling 31/32 — 28.95, Middling Light Spotted 15/16 — 26.65, Middling Light Spotted 31/32 — 27.15, Strict Low Middling Light Spotted 15/16 — 25.90 and Strict Low Middling Light Spotted 31/32 — 26.30.

Prices paid farmers for cottonseed ranged from \$45 to \$52 per ton.

Texas Parks Described In Lone Star Club Talk

Texas parks, including those in the state park system as well as the huge Big Bend National Park, were discussed by Mrs. Coy Phillips on the program of Lone Star Study Club Tuesday afternoon.

Mrs. Vivian Majors and Mrs. Olan Caviness were hostesses in Mrs. Majors' home. Mrs. Phillips told something of the operation of the state park system, how parks are designated and maintained, and also named parks in the system.

She spoke chiefly of Big Bend park, one of the largest in the nation, noted for its rugged terrain and vast stretches of desert and mountains as well as the spectacular canyons along the "big bend" of the Rio Grande which gives the park its name.

Mrs. Jim Bookout read a poem as the thought for the day. Mrs. S.S. Williams was in charge of the business discussion, which center on plans for a club Christmas party Dec. 14. A gift box for a needy family will be filled at that time.

Mrs. Hardy Benson was received as a new member. Nineteen club members attended the meeting.

Thanks to our many Friends

ON THANKSGIVING DAY

We are grateful to you, the residents of this community, for your continued patronage throughout the year. We hope that you and your loved ones have been blessed with such abundance that this holiday will be a day of true thanksgiving for you.

MASTERS CLEANERS

THANKSGIVING 1965

Over the years we have accepted everything we have for granted and have never taken the time to see just why we are celebrating Thanksgiving.

We are granted here in America many, many freedoms, that only our bountiful land can offer. Let us look over a few of the Thankful Freedoms.

Freedom of Worship

Here in America we can choose the church in which we want to worship without fear of being persecuted for worshipping our Father in heaven. Where else in the world can we have this freedom?

Freedom from Want

Here in America we produce more food, clothing, machinery than can be consumed. Yet in our land of plenty we find some who are poverty stricken, helpless, starving. How many times have we helped them? Only in America do we have more than we can use.

Freedom of Speech

Here in America we can speak our opinion without fear of being turned into the law or police. Where else in the world can we have this freedom?

Freedom to Govern

Here in America we have free elections, we may cast our vote for anyone we choose. In some of the foreign countries the people vote with a gun in their backs. The party we elect is the party who governs us. We have no dictator.

Freedom from Fear

Here in America we have no secret police or Gestapo come into our homes at night and steal our loved ones just because they have expressed themselves. There are not many countries in this world that can give you this freedom.

We Are Thankful

For these freedoms and countless others; and we send you our sincerest wishes for a HAPPY THANKSGIVING, with thanks for the freedom we enjoy and a perpetual prayer that you and all Americans may enjoy them forever.

Research Dollars Bring Top Yield

The dollar invested in agriculture research is a long-term investment that will yield many times its original value. The development of new techniques and methods, and of new fertilizers and other chemical treatments "has shown the value of research time and time again", according to John C. White, Commissioner of the Texas Department of Agriculture.

THE COMMISSIONER referred to an article by H. O. Kunkel, Associate Director of the Texas Agriculture Experiment Station, in "Texas Agricultural Progress". Kunkel says the average annual return on crop research include: \$110 million increase in grain sorghum yield; \$4 million in flax; and "multi-millions" in livestock improvements.

A study by the University of Chicago on agricultural research investments showed the return to the farmer for every research dollar was around 1,300 percent. "THE VALUE of research has been clearly shown," White said, "and the Department of Agriculture will continue to bolster its efforts in seeking improvements through research."

The department will soon place in the field a mobile test lab as part of this continuous push towards better agriculture. The lab will be able to travel about the state making tests on the spot. White said similar labs had proved extremely successful in other states.

"No investment," White said, "will profit the farmer or the consumer more than that in research — an investment that shows quick returns and a high rate of interest."

RIGHT HAND DIDN'T KNOW CODY, Wyo. — Cody Junior High School officials asked the city to paint yellow stripes at the faculty parking lot to indicate parking spaces.

Music Club Has Children's Day

Children and grandchildren of Music Study Club members had their annual day in the spotlight Monday, presenting the club program at Community Center under direction of Mrs. Cliff Estes. She prefaced their performance with a brief talk on Music in the Home.

The children's program, to which members look forward each year, opened with an instrumental ensemble led by Kerry Thompson in a Haydn Divertimento. Thompson played the French horn, Ediana Vinson bassoon; Chris Hutcherson, clarinet; Wanda Fuhrmann, flute; Joy McCathern, oboe.

A group of piano solos was next: Rondo by Shelley Hacker, Merry Raindrops by Stacy Hacker, Let's Dance by Sabra Hacker, and March of Victory by Tom Conway.

Robert, Jane and Elizabeth Lyons formed a trio to sing a Gershwin Song, I Got Plenty of Nothin'. Shyla Thomas played Trumpets on Parade.

Diana Godwin, a pre-schooler, sang Yankee Doodle, Doggie in the Window, Three Blind Mice and Twinkle Little, Star, then was joined by Bill and Richard Godwin in My Favorite Things and Do-Re-Mi from the musical comedy, Sound of Music.

Kerry Dameron's vocal solo was Prayer Perfect. Nancy Brink played Spinning Song by Ellmenreich, Nancy Fisher a Scherzo by Bach and David Thomas, The Clowns, Randy Clements sang Edelweiss, a selection from Sound of Music.

Jeannine Bradley closed the program with a song from the musical comedy Mary Poppins, Super-califragilistic.

In addition to those on program, guests were Misses Sonya Hacker and Thornton Shirley. Mrs. Kathlee Palmer was welcomed as a new member by Mrs. Bill Brady, presiding officer.

Mmes. Paul Lyons, Eugene Brink and Brady were the hostesses who served punch and cookies from a table decorated in autumn leaves and fruits.

Other members present were Mmes. J. C. McCracken, C. J. Mount, A. J. Schroeter, A. O. Thompson, W. T. Thompson, W. T. Carmichael, R. P. Coneway, J. T. Gilbreath, Glenn Snyder, Wayne Thomas S. O. Wilson, W. E. Dameron, W. S. Fisher, H. K. Fox, Dick Godwin, Joe Hacker, Richard Jackson, J. R. Allison, S. F. Clements, Ellis Coombes and B. Y. Crosthwait.

Plans were made for the Christmas party Dec. 14 in the home of Mrs. John Jacobsen, with an exchange of gifts by club pals. Mrs. Blanche Hardin read a poem titled, I Know Something Good. Mrs. W. J. Frost reported the recent County H. D. Council meeting.

Other members present were Mmes. N. L. Wesson, Alice Cox, Vern Witherspoon, W. A. Waters, Verna Schroeder, T. Ollett, Bell Grimes and Miss Evelyn Bell.

The club entertained families and other guests at its annual Thanksgiving supper last week in the County Bull Barn. No program was planned and the group enjoyed informal conversation after the turkey dinner.

Diners included Messrs. and Mmes. Boyd Collins, Frost, Jones, Carlos Vaughn, Wesson, Chris Jacobsen; Misses Bell and Mary Brady; Mmes. Ida Vaughn, Cox, Witherspoon, Autry, Tom Draper, Schroeder, Vida Jacobsen, Jack Roberson, Blanche Moseley, Winnie Anderson, Hardin, Obe Wilson and Hubert Duncan.

Other members present were Jim Marsh, Grace and Ronald Vasek, Kenny Warren, Jeany and Mike McKenzie, Rhea Ann Wesson. Certificates were presented to members who had completed subject-matter courses.

Parents and families of the club members were among guests. Homemade cookies, punch and coffee were served. A Thanksgiving theme was used in decoration.

Art Guild Counts Show And Sale As Successful

Success of the first downtown art show sponsored by Hereford Art Guild was appraised at the Guild's regular meeting Tuesday evening at Community Center, where Sarah Pouch and Ruth McBride were hostesses.

Ruby Lee Hickman, general chairman, and Lou Bosley, registration chairman for the show and sale of last weekend, made their reports which showed a total of nearly 500 visitors registered. There were 185 pictures shown, and 15 of the exhibitors were non-members of the Guild.

The show closed with a tea Sunday afternoon after the paintings had been on display four afternoons. All Guild members took turns at hostess duties during the tea hours.

Organ music entertained visitors while they viewed the paintings. A number of members reported paintings sold as a result of the show.

Bess Werner, president, was in charge of the Tuesday business meeting. She appointed Ella Higgins, Louella Cowser, Carrie Mae Doak, Kathleen Baker and Mrs. Hickman as a nominating committee to present a slate of officers for the annual election at the January meeting.

Principles of composition and perspective in painting were discussed by Eunice Petersen for the evening's program. Studies in black and white, submitted by several members, were evaluated by Ruth Mc-

Bride and Ruth Kerr. Five new members were enrolled and 25 members were present for the meeting.

**State Fair
Mails Checks
To 4-H Members**

Checks totaling \$180,700 will go into the mail this weekend for the 1700 4-H Club boys and girls and Future Farmers who participated in the Junior Livestock and Poultry Shows and Sales last month at the State Fair of Texas.

"The support that the Junior Auction Sale committees obtained from individuals and firms in Dallas, Fort Worth and other Texas cities made the 1965 junior auctions the most successful in the history of the State Fair," Ray W. Wilson, State Fair livestock manager, said.

THE CHECKS, which include the final sale proceeds and prize money, cover sales by the young sters of 302 steers, 430 lambs,

423 barrows, 72 turkeys and 1,470 broilers — a grand total of 2,700 head.

The steers brought \$99,208, lambs, \$16,595, barrows (pigs), \$31,444, turkeys, \$3,078 and broilers \$4072.

BUYERS of grand champions in the auction sales, the prices paid and the junior exhibitors who sold them included: A & P Food Stores of Texas, \$3,500, grand champion steer, show by Robert Cooper of Colorado City; Sheraton-Dallas Hotel and Statler Hilton Hotel, Dallas, \$1,600, reserve grand champion steer, Clark Riley of Abernathy; Neuhoff Bros. Packers, Dallas, \$650, grand champion barrow, Jerry Kendall of Muleshow; Burrus Feed Mills, Kroger-Wyatt Food Stores, A&P Food Stores and Safeway Stores each purchased a Champion Lamb for \$200.

In the poultry auction sales, Jane's Bar Nothing Turkey Ranch of Austin paid \$400 to Don Brown of Lexington for his

grand champion pen of turkeys, and Tom Thumb Food Stores of Dallas bought the grand champion pen of broilers from Linda Steele of Kyle for \$260.

Wilson said the checks have been mailed to the county agricultural agents and vocational agriculture teachers throughout Texas who supervised the boys and girls with their livestock and poultry projects for show and sale at the 1965 State Fair of Texas.

SNOW FOR CHRISTMAS

CODY, Wyo. (P) — In mid-summer, Dick Wilder planned a Christmas in September at his drug store in Cody.

As a gag, he advertised Christmas decorations and wrapping paper at cut-rate prices for the Sept. 18 sale.

The weatherman cooperated. Eight inches of snow fell during an unseasonal late summer storm.
