COUNTY POLLS NEAR FULL STRENGTH IN PRIMARY

TENT CITY IS BUILT AS CCC STARTS PARK

Last Monday a tent city sprang up on the east edge of Hereford. Tuesday morning it was occupied by 200 enlisted men and three officers of Company 1802, Civilian Conservation Corps. That day they started work on Deaf Smith County State Park.

The men of the company were brought here from Palo Duro Canyon Tuesday morning by Hereford men who formed an autocade and went after them.

Captain Barrell Cox, Houston, is commanding the company, with First Lieutenant William G. Lafield, San Antonio, as second in command, and First Lieutenant James M. McMillan, M. D., of Oklahoma City, the company medical officer. Howard Trigg of Amarillo, park superintendent, and Rubie A. Baker, Amarillo, assistant superintendent of the park, have established quarters at the camp.

The men will be quartered at the present camp until permanent barracks and other necessary buildings can be erected by contractors. Work on the park will be in full swing within a few days. At present the men are engaged in getting camp organization perfected and preliminary work out of the way.

CORN AND HOG PAYMENT WILL BE SENT SOON

Corn-hog contracts for Deaf Smith county were approved by the state board of review at College Station Tuesday and forwarded to Washington for payment. Allotment money will be delivered this month.

County Agent Dewey Reed and George Brumley, member of the county board, took the contracts to College Station Monday. In a telegram Reed said, "Contracts on way to Washington. First county to have all contracts with no corrections."

Contracts for reduction will cut down the hog population of this county by 14,000 head, bringing \$54,240 in allotment money. Outing of the corn acreage by 250 acres will bring in \$1,187.80 in allotment payments.

Prompt payment of these allotments has been assured by Washington. It is the plant of the Department of Agriculture to pay all allotments in the Nation during August.

Beer Rejected In County Vote

For the second time in a year Deaf Smith county voters refused to legalize three and two tenths cent beer last Saturday when they voted against the ale, 1,014 votes to 798.

Last August 26 amendment of the local option law to permit selling of beer was turned down. Voting strength at that time, however, was less than 700.

Three of the county's boxes went for beer and another tied. The city boxes, especially No. 2, were against it. The count in No. 1 was 238 against, and 199 for; No. 2, 549 against, 296 for; No. 3, 22 against, 29 for; No. 4, 30 against, 29 for; No. 5, 23 opposed, 4 in favor; No. 6, 44 opposed, 30 in favor of beer; No. 7, 21 opposed, 24 favoring; No. 8, 23 against, 54 for; No. 9, 15 opposed, 18 for beer; No. 10, 23 against beer, 10 for it.

Jury for Next Week Is Named

Petit jurors have been named for the second week of District Court. They will report Monday morning. On the list are John McLean, J. H. Rihert, O. F. Singletary, E. H. Norton, Doc Roberson, G. V. Stambaugh, Ralph Stears, E. D. Fox, B. B. Farmer, J. P. Hussey, Walter London, A. W. Nix, George McConnell, Troy Allen Hughes, Carl Luke, Owen Moore, Harry Kibbe, F. J. Owen, Bob Wilson, I. V. Flowers, H. C. Howard, A. T. Frye, E. J. Reynolds, W. R. Onstead, J. B. France, J. C. McCracken, Charles O'Dell, R. R. Grimes, Ernest Selinger, Taylor Oglesby, Alva Wilson, C. C. Phillips, W. H. Knox, A. H. Lamb, O. Wilder.

Stop Relief Work Money Exhausted

Relief work in Deaf Smith county stopped last Saturday except for emergency jobs because the July money had been used up. Money allowed for the month was \$2,200 short of the amount the county was scheduled to get, which was \$9,000 in payroll funds.

Construction on Highway 53 will be resumed, as will other relief work projects, just as soon as money is set aside for August, Chilton said. He expects to begin Friday.

County Judge C. W. Humble and Commissioners Jack Rose and J. T. Quinn are in Austin this week conferring with relief and highway officials. A wire from Humble, received Wednesday, stated that both the highway and relief departments favored completion of Highway 53 in this county. A complete explanation was not available. It is believed, however, that the departments will cooperate to finish the road with relief labor.

Ray Hamilton In Robbery Here

Raymond Hamilton paid Hereford a flying visit last Saturday afternoon and stopped long enough to hit Jack George Reddock of 470 while doing it. Texas No. 1 Bad Man, who recently broke prison, stopped at Reddock's store and filling station at Ninth Avenue and Lee long enough to get the money. He was accompanied by a confederate, not yet identified.

Reddock positively identified the man who held him up as Hamilton from the pictures in the rogues' gallery at the Amarillo police station Tuesday afternoon. A number of suspects had been rounded up at Amarillo but none proved to be the man who did the work. Then Reddock was shown the "mugs" of criminals. Without knowing it was Hamilton and without hesitation, he pointed to Hamilton's portrait. "That's the man," he said.

The robbery occurred about 3 o'clock last Saturday afternoon. Two men in a new Ford sedan drove into the station and asked for gasoline. Reddock put in a gallon, all it would hold. Then he filled the radiator. While he was doing this the man identified as Hamilton sauntered inside the store. Reddock heard the cash register ring. He started inside the store. "Stay where you are," the man told him as he stepped inside the door to find himself looking down the barrel of an impressive pistol. Reddock stayed! Hamilton rifled the cash drawer of \$25, then relieved Reddock of \$45 he had on his person, waved a cheery good-bye and darted away.

The car had an Amarillo license number. Police there are working with other officers throughout the area in the search for Hamilton and his dark-complexioned pal who was doing the driving while the "job" here was being done.

Posey's Golf Win Is Third In Row

When J. M. Posey copped the Championship of the Wheat Belt Golf League in the tourney at Mulshoe Sunday before last, it was the third year in a row he had won the title. For winning he received a club. Posey finished third in the league's only other tourney, three years ago.

Ted Young won a couple of Krofite balls for being runner-up, as did Arch Foster, consolation winner in the championship flight. John Patton won a club as first flight champ. Patton and Bob Benfro won balls for holing out twice each from off the green. R. M. Alfred also won a club. He was second flight champ.

Wirt Phillips was third in the fifth flight and J. H. Brooks was second in the seventh flight. Brooks won three balls and Phillips two.

Miller Leads For Sheriff; Foster Is Given Majority

Attorney General James V. Alfred led the field in the race for Governor with Tom Hunter in second place. C. C. McDonald was third and Clint Small fourth. Alfred and Hunter will run it off in the second primary of August 25.

Allred Second In Deaf Smith

Favorite throughout the state in his candidacy for Governor, Jimmie Allred was forced to share honors in Deaf Smith county with Clint C. Small, Amarillo candidate, who finished down in the race. Tom Hunter, Allred's run-off opponents, was third here. Small polled 952, a good majority. Allred was given 432 votes and Hunter 148.

Tom Connally swamped Joe Bailey in the race for U. S. Senate with 1,0

... the answer

To a Housewife's Prayer—ELECTRICAL APPLIANCES. No Matter What They Cost, Electrical Appliances Are Cheap.

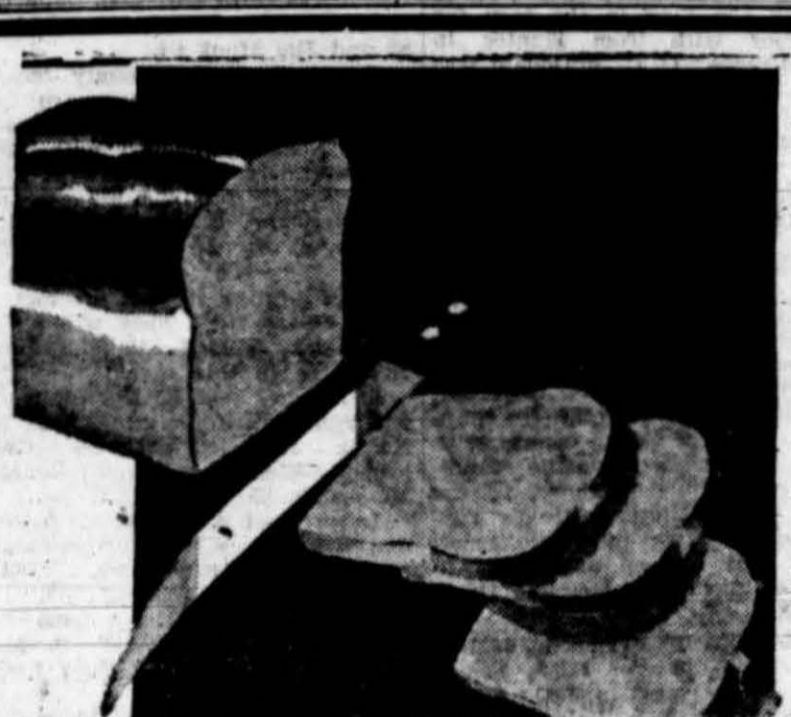

Try to imagine your home without electric lights... Would't you pay three times the present rate in preference to being without them? Don't you feel sorry for people who live out of reach of electrical facilities?

And yet, do you realize that many homes... maybe yours is one... are just as far behind the times in the matter of electrical conveniences as those folks without lights are behind you?

Investigate today your electrical dealer's stock and see how many fine appliances you need. They are low priced, too—surprisingly so.

But, no matter what the cost, electrical appliances are cheap.

Health-Building Foods

Every parent knows how important wholesome, nutritious food is to the growth and health of children. We know it, too. That's why we sell honest foods, honestly. That's why we handle fresh meat, and nothing but fresh meat. And that goes for fish and vegetables, bread and butter, eggs and milk. That's why hundreds of women wouldn't think of buying their groceries anywhere else but here. They know they can depend on what we say about our foods—how we mark our foods—For, after all, your health is our responsibility, too.

FORMER HEREFORD GIRL MARRIES IN INDIANAPOLIS

Miss Martha Lee Duncan, daughter of Mrs. J. B. Jones, of Hereford, was married Friday afternoon, July 20, to Mr. W. Gerald Peterson of Minneapolis, Minnesota. The wedding took place at the Gethsemane Episcopal church in Minneapolis.

Miss Duncan's sister, Mrs. Harvey E. Yantis, of Minneapolis, was the bride's only attendant, and Mr. Peterson's brother, Dr. Donald Peterson, attended him as best man. The couple left after the ceremony for Chicago. They will make their home in Minneapolis.

Mrs. Jones is in Minneapolis now. Miss Duncan left Hereford last September to take a position in Minneapolis. She is a graduate of Hereford High and attended WTSTC at Canyon. She was employed at the time of her departure in the office of Attorney Carl Gilliland.

Low purchasing power of the farmer directly affects the entire population, as it restricts markets and reduces manufactures, and throws city population out of work.

In the bridge, traveling prize was won by Mrs. Audrey Galbraith, high club prizes by Mr. and Mrs. Earl Phillips, and high guest prize by Mrs. John Renfro.

Refreshments were served to Messrs. and Mrs. John Renfro, Charles Carroll and Miss Marie Schumacher, guests; and the following members: Messrs. and Mrs. Gordon Witherspoon, Frank Carl, Earl Phillips, Dick Rountree, Ralph Sears, Pat Lawhon, Marvin Green, Orpha Click, Geo. Clark and Mrs. Audrey Galbraith.

DUCK HUNTERS MUST SEE POSTMASTER FOR STAMP

As a catechism for hunters of migratory waterfowl, the Bureau of Biological Survey, U. S. Department of Agriculture, has issued the following list of 15 questions and answers on the new migratory-waterfowl hunting stamp:

1. What are the requirements of the law as to persons who must purchase the stamp?
2. Where can stamps be purchased?
3. How may a stamp be obtained?
4. After paying one dollar for the stamp, is there any additional fee payable to the postmaster or clerk?
5. How long does a stamp remain valid?
6. Does the stamp permit one to hunt in more than one state, or must a stamp be purchased in every state wherein the applicant intends to hunt migratory waterfowl?
7. In case a person has hunting licenses in more than one state, to which of them should the Federal stamp be fixed?
8. To whom must be stamp be shown?
9. Is the stamp transferable?
10. Is the holder of a scientific collecting permit required to carry a stamp?
11. Does the law require a person who holds a Federal permit and who is engaged in taking wild fowl for propagating purposes, to purchase a stamp?
12. Does the law require possession of stamp by a person authorized by permit of the Secretary of Agriculture to kill wild fowl damaging crops or property?
13. What are the maximum penalties for violation of this law?
14. What are the maximum penalties for violation of this law?
15. May stamp collectors and other non-hunters buy stamps?

BIRTHDAY PARTY GIVEN MAXINE BEACH

Present were Lois and Edith Standifer, Virginia Curtsinger, Dorothy Nelle Trimble, Margaret Higgins and Frances Buchanan.

OGLESBY-ATCHLEY WEDDING

Miss Hazel Oglesby and Asa Atchley, both of Summerfield, were united in marriage last Friday at Clovis. The couple was attended by Mr. and Mrs. Bill Knox of Hereford.

The bride attended school at Hereford two terms. The groom attended school only at Summerfield. They will make their home at Summerfield. Their many good friends wish them happiness through life.

RAMEY ENTERTAIN LEGION GROUP

Mr. and Mrs. Sank Ramey entertained the American Legion and their ladies Tuesday night at their home on 25-Mile Avenue with a lawn party.

The grounds were well lighted with many electric lights strung over the spacious lawn. The evening was spent playing bridge and forty-two, filling eight tables. Refreshments were served to about 45 guests. Dr. and Mrs. J. M. McMillan of the Hereford CCC, were the only guests.

BYPU PLANS WORK FOR MONTH OF AUGUST

Work of the BYPU for August was planned at a meeting Tuesday night. Ted Clancy, president, announced that the group will go to the encampment at Ceta Canyon on August 10 and 11 and will hold a meeting at Frio during the month. It is also planned to organize a group at Bovina.

All young people are invited and urged to attend the Sunday session at the Baptist church at 7:30.

Gas Bootleggers Are Decreasing

Fewer gasoline bootleggers and more automobiles combined to boost state revenues from the gasoline tax for the first half of this year \$2,500,000 above the same period last year, the Texas Good Roads Association has reported.

This extra income will add \$625,000 to the state common school fund, \$625,000 to refund county bonds, and \$1,250,000 to the highway fund.

Comptroller George H. Sheppard, scanning the reports of his 90-man field "army" provided by the 1933 law, reported an increase of \$445,261 in gas tax collections for May, his total collections for that month exceeding \$3,000,000.

The comptroller predicted an even larger gain for June, totals for which are not yet complete. He also hailed a resounding court victory for the state last week in a test case on gas tax enforcement.

In that case, the head of a refinery was convicted in Travis county district court for filling false reports on motor fuel sales and sentenced by a jury to the maximum of two years in the penitentiary. He appealed. While numerous operators have been fined under the law, this was the first prison sentence meted out for tax evasion, and the comptroller feels it will be a deterrent to prospective violators.

As another factor in the gas tax gains, the road association pointed to the fact that 94,952 more motor vehicles had been licensed in Texas as up to July 1, than were registered on the same date last year.

Vacation Care In Water, Food of Picnickers

Dr. John W. Brown, state health officer, warns those going on a vacation or picnic to be careful about their food and the water they drink if they want to avoid unpleasant after effects.

"As to foods," Dr. Brown said, "First, be sure that what you take is perfectly fresh. Second, take things that won't spoil. During the hot muggy weather that prevails at this time of the year, it is hard to keep any kind of food in good condition, as every housekeeper knows. Rich, perishable food taken off the ice and carried around for several hours before using will spoil very quickly."

"It is better to avoid rich salads and indigestible combinations and to stick to the simpler things. Sandwiches, of which an infinite variety can be prepared, cake, the simpler the better, and plenty of fresh, ripe fruit are usually safe and satisfying and should form the principal part of your menu. Whatever you take, don't overeat and don't indulge in all sorts of queer mixtures. If you do, the day after the picnic is not likely to be a pleasant one for you."

"And as a third precaution: Take your own drinking water, unless you are sure that the water supply of the place where you are going to spend the day is free from contamination. Thermos bottles, thermos jugs, fruit jars can all be pressed into service. It may be more trouble to carry water from home, but it is much safer than to drink water from a source that may be contaminated with disease germs, especially those of typhoid fever."

Infection kills! Avoid infection. When accidents happen have old reliable LUCKY TIGER ANTI-SEPTIC OINTMENT handy. It relieves the pain and prevents infection. At all druggists.

During the past year, the number of farms owned outright by the Federal Land Bank increased less than 5 per cent, whereas during the calendar year of 1931, the numbers increased approximately 50 per cent, and in 1932, another 50 per cent increase was recorded.

Epidemics of typhoid fever are frequently milk-borne.

Gas Bootleggers Are Decreasing

Fewer gasoline bootleggers and more automobiles combined to boost state revenues from the gasoline tax for the first half of this year \$2,500,000 above the same period last year, the Texas Good Roads Association has reported.

This extra income will add \$625,000 to the state common school fund, \$625,000 to refund county bonds, and \$1,250,000 to the highway fund.

Comptroller George H. Shepard, scanning the reports of his 60-man field 'army' provided by the 1933 law, reported an increase of \$445,361 in gas tax collections for May, his total collections for that month exceeding \$3,000,000.

The comptroller predicted an even larger gain for June, totals for which are not yet complete. He also hailed a resounding court victory for the state last week in a test case on gas tax enforcement.

In that case, the head of a refinery was convicted in Travis county district court for filing false reports on motor fuel sales and sentenced by a jury to the maximum of two years in the penitentiary. He appealed.

Vacation Care In Water, Food of Picnickers

Dr. John W. Brown, state health officer, warns those going on a vacation or picnic to be careful about their food and the water they drink if they want to avoid unpleasant after effects.

'As to foods,' Dr. Brown said, 'First, be sure that what you take is perfectly fresh. Second, take things that won't spoil. During the hot muggy weather that prevails at this time of the year, it is hard to keep any kind of food in good condition, as every housekeeper knows. Rich, perishable food taken off the ice and carried around for several hours before using will spoil very quickly.'

'It is better to avoid rich salads and indigestible combinations and to stick to the simpler things. Sandwiches, of which an infinite variety can be prepared, cake, the simpler the better, and plenty of fresh, ripe fruit are usually safe and satisfying and should form the principal part of your menu. Whatever you take, don't overeat and don't indulge in all sorts of queer mixtures. If you do, the day after the picnic is not likely to be a pleasant one for you.'

'And as a third precaution: Take your own drinking water, unless you are sure that the water supply of the place where you are going to spend the day is free from contamination. Thermos bottles, thermos jugs, fruit jars can all be pressed into service. It may be more trouble to carry water from home, but it is much safer than to drink water from a source that may be contaminated with disease germs, especially those of typhoid fever.'

Infection kills! Avoid infection. When accidents happen have old reliable LUCKY TIGER ANTI-SEPTIC OINTMENT handy. It relieves the pain and prevents infection. At all druggists.

During the past year, the number of farms owned outright by the Federal Land Bank increased less than 5 per cent, whereas during the calendar year of 1931, the numbers increased approximately 50 per cent, and in 1932, another 50 per cent increase was recorded.

Public Opinion

Editor of Brand: The writer disclaims any intention or desire to prolong the discussion of an issue that was settled at the polls last Saturday. But since he was in a position during the campaign to more or less accurately gauge the sentiment of the people on the legalization of beer and thinking some would expect a statement from him after the election, he offers the following as his personal analysis of the beer vote:

Of those voting for beer, 25% did so because they were told the legalization of beer would improve conditions. That if three-two beer was legalized the bootlegger would be eliminated, the sale of three-two would be regulated and boys and girls not allowed to drink it. They believed this and so voted.

Another 15% voted for it because they were told it was non-intoxicating and if legalized those who now make and drink home-brew and get drunk would turn to three-two and since it was not intoxicating those who liked it and wanted to drink it should not be forced to go to Amarillo or Clovis for it just because a few sassy church members were prejudiced against it. They believed this and so voted.

Ten per cent more voted for it because they were told it would bring in a lot of revenue. Those who wanted it were going to Amarillo and Clovis to spend their money which should be kept at home, and besides that the revenue would reduce taxes. They believed this and so voted.

Five per cent more voted for it out of resentment. They resented the preachers taking any part in what they considered a political issue and since the preachers were actively against it they voted against the preachers and of course it was counted for beer.

As the writer sees it, 55% of those voting for beer have no personal use for it. They do not use it themselves and have a great contempt for the evils of the liquor traffic as the writer or any one else has. But for the above reasons they voted for beer. We do not impugn their motives or question their sincerity. We think they are wrong and challenge them to an open minded investigation of the effect of legalized beer before the next election is forced upon us. If they will do this they will change their vote.

It is the judgment of the writer, in a straight vote on the return of the saloon in any form, with the sale of all kinds of liquor this county would today vote for one against it.

T. C. WILLETT.

GET ACQUAINTED WITH THE CANDIDATES

Returns from the election here last Saturday show that lots of voters did not vote in a number of the state races. Instead they scratched the entire group of candidates for some of the offices. This apparently was done because voters were not familiar with the candidates.

Probably it is the Brand's fault that these voters neither knew the candidates nor what they stood for in their races. It seems a shame that Deaf Smith county cannot poll its entire voting strength on every race.

In order to help out along this line the Brand will carry short sketches on every candidate whose name will be on the run-off ballot and give summaries of their platforms. Some of these articles will appear next week.

GUESTS

Did you ever stop to think that people read newspapers because they want them? The newspaper is not forced on anyone. People pay for it regularly. Whole families await it and quarrel good-naturedly over it. Each praises and criticizes the other members of the family. The newspaper is a definite part of the family. That is why its sales force is immeasurable. Door to door handbills are an intrusion upon the privacy of the home, but the newspaper is invited in. Its messages are read avidly and its advertisements are considered a part of these messages. The newspaper is so definitely a part of the people, so much an accepted member of the family that its pages constitute the finest advertising medium yet devised.—Dunkirk, (N. Y.) Observer.

AIR CONDITIONING HERE

All over the United States people are taking to air-conditioning like ducks to water. They are learning that it is possible to be comfortable in the hottest weather if you can afford it—or if the theatre, hotel and restaurant owners can afford it. One enterprising manufacturer offers an "air-conditioning bed canopy" that looks very much like the familiar mosquito canopy with a small refrigerator sitting beside it. You slide under the canopy, or do whatever you may denominate your way of getting into bed, snap a switch and you're sleeping in a made-to-order cool air.—Childress County News.

Note of Thanks.

To the Voters Who Supported Me in Last Saturday's Election: I want to sincerely thank you and deeply appreciate your help. To the voters who did not support me I just want to say that just because I lost and could not have your support and vote is no sign that you should not continue to have my friendship and I have yours. You certainly have mine, and I am sure that I have yours. And when I meet you on the streets and I happen to have a depression face, which I am accustomed to carry a great deal of the time, don't think I am mad at you, for I am not.

To Mr. Leonard Foster: I want to congratulate you. You have my friendship now the same as when we were making the race,

and I know I have yours. With the best of feeling toward everyone, I am, yours truly,

L. W. CARLYLE.

Arthur Thompson Honored.

Quite an honor was bestowed on Arthur Thompson last week when he received a Magnolia service button which is given to employees upon completion of ten years meritorious service with the Magnolia Petroleum Company. Mr. Thompson on July 8 completed his ten years' service and is very proud of his silver medal. He operates the Magnolia station across the street from the court house on Third and Sampson.

Hereford was making every effort to secure location of the

posed Baptist College, and it was believed the locating committee would turn in a report recommending this town.

The editor was moaning over the lack of water facilities. One big fire, he said, would pay for installation of a water system here, and it was urged that the people of Hereford not rest until water had been put into every home.

(From The Hereford Brand, August 1, 1913.)

A number of Amarillo Boosters had been in Hereford for the purpose of advertising the All-Panhandle Fair to be held in Amarillo the week of October 1.

Latitude of home owners in regard to the weed eradication program drew a sharp criticism from the editor, who intimated that unless something was done soon many of the nicest homes would be lost to view of passersby because of the height and thickness of weeds.

John W. Dale and family had gone to San Antonio, where he was transferred by the Texas Livestock Inspection department.

Miss Gladys Johnson of Emporia, Kansas, was here visiting her sis-

ter, Mrs. C. R. Barber.

Miss Mary Hill had returned to her home in Dimmitt after a week's visit with the Misses Woodburn.

Mrs. G. J. Hudspeth and little daughter, Mary, of Greenville, were spending the week here with her sister, Mrs. J. J. Clark.

County Cow Buying Program Curtailed

Buying of cattle in the drought relief program for shipping was stopped this week due to the congestion in the stockyards over the country. Cattle are still being bought, however, if they are adjudged unfit for human consumption and are condemned.

Through Wednesday 4,628 Deaf Smith county cattle had been purchased at an aggregate cost of \$49,994. Checks, 504 of them, totaling \$42,075 had been delivered. Additional checks for a total amount of \$2,785 for Deaf Smith county cattle delivered in Oldham had been sent to sellers.

Mr. and Mrs. Bob Mace of Lelia Lake are visiting here this week in the home of her brother, E. W. Cawthon and family.

What Panhandle
Papers Say

Musings of the moment: Intensely hot weather is tough on most of us, who are bound by custom and styles. We work when a Mexican siesta would be more logical; we tie strings around our necks to keep out the air; we bind out feet in leather as warm as winter's gear; we dress for the sake of convention and because of habit. Some day we will dress comfortably. . . . But, says a News employe, in that day our shanks will be too old and withered to show without offending our artistic sense.—Olin Hinkle, in Pampa News.

Another thing I've noticed quite a little lately: Big bankers, big industrialists, are seeking a different view of national conditions than they had a couple of years or so ago. They have realized that unless people as a whole prosper, their banks and plants cannot prosper. Seems to me that about as many big business men and bankers have committed suicide or gone crooked and to the pen during the past stressful months as have farmers. Wealth slipped away overnight for many of them. Big brains weren't big enough to handle the crisis. And we poor folks, off in the wide open country, may be just as happy and contented in the time of trial as may the big ones of the great cities. It takes a lot of faith and hope and charity to be happy under such conditions as we have been facing and still face, but those things can be had without great price, and what sacrifice they entail brings a return again in happiness.—Curry County (New Mexico) Times.

Latest information coming to the Journal office is that NRA officials have indefinitely postponed organizing a navy for Bailey county. It has been hinted the weather man has joined the W.T.C.C. and even 3.2 rain is prohibited.—Muleshoe Journal.

It comes to my ears that certain evil reports and misstatements concerning some of our candidates are becoming prevalent, evidently through the designing cunning of their opponents or some of their friends who are, apparently, not over-conscientious when it comes to political ambitions. It is my honest opinion that any candidate who will take such means of defeating his opponent will not hesitate to perform the same kind of things upon the people whom they are supposed to serve faithfully and without discrimination. Many people pretend to believe in the old adage that "all is fair in love and war," with politics included. But it takes no unusually powerful intellect to discern the fact that such is not true. A thing that is unfair is unfair, regardless of the use to which it is put. The end may justify the means in some cases; but not always.—Jodok, Prisma Star.

It is a significant sign that executives in all lines of industry are continually stressing the need for stimulating home-building, as well as other types of construction. Nothing would do more to speed recovery. "Build ourselves into prosperity" is an excellent slogan to remember.—Quannah Tribune Chief.

The present birth rate of horses and mules is only about three sevenths of that necessary for replacement.

Vacation Can Be Too Much of Good Thing
"Perhaps would be better for many thousands of vacationing adults, were it possible to extend the same type of rational supervision to them as their children receive in the so-called recreational camps. Judged by the results of the fortnight's outing, a great number of persons do not receive physical benefit from their stay, but are even worse off on that score upon their return than when they went away," states Dr. John W. Brown, state health officer.

"On the other hand it is not reasonable to become so enthusiastic concerning the well earned freedom from the daily routine as to permit oneself to get out of bounds. While it is perfectly natural to want to crowd as much pleasant activity as is possible into the two weeks' change, it most decidedly does not pay to do this at the expense of one's health and vitality, yet this is precisely what many foolish persons do. It is therefore slight wonder that many men and women who have left for a vacation with that 'fired feeling' come back home ever more that way."
"While these facts are not furnished to take the joy out of the annual sojourn, it might be well for adults to figure a little physical benefit on the proposition rather than to specialize on fun and demoralizing amusements. The body, as well as the mind, needs consideration. The wise vacationist will see that it gets it."

Mothers find LUCKY TIGER ANTISEPTIC OINTMENT better than a whole medicine chest for children's vacation accidents. It soothes the pain and prevents infection. At all drugists.

LIONS KEEP RECORD CLEAN BY TROUNCING MIDGET NINE

(BY HOMER FOX)
Tuesday afternoon the roaring mile wind from the southwest, McWilliams' air-tight pitching in the pinches, a crooked umpire, and five errors by the Midgets, won a crackling good ball game from us kids, 2 to 1. Kester held the Lions to five licks, Hopkins getting two of them. We stopped the heavy artillery—Tub Robinson and old Posey—in their tracks, made them both look about as good as Frank Marrs would be at a bridge party wearing Ed Connell's pants—but we just couldn't get the runs over even with Potay Baker getting a single and double for two times up, and that alone should beat the N. Y. Giants, so we will just have to wait until the next time.

In the sixth after one out, old wood pouring Potay doubled into left field, and if it doesn't rain after that, it just can't be helped, but Baker was thrown out at third on Kerr's FC. P. Baker few out to left.
The Lions won the game in their half. Wilson walked, Davis whiffed, London grounded to short, and Baker made a bad throw to third to get Wilson and all hands were safe. Smith singled, scoring Wilson.
Brock singled for the Midgets in the seventh, but never got to second. These ball-busting Lions said they wouldn't lose a game this last half and so far they are half right, cause the season is half over this week and they have won all their games, and all good ones—in fact every game so far has been plenty close, and we would like to see more fans out.

Last Thursday the Midgets shoved the Odd Fellows way down in the bottom of the cellar by taking the game 8-5. Dean was the hitting hero, getting a single, double and homer for four times up. Ted is pretty mad and says that he is going to win a ball game some of these days if he has to "whoop" the whole dad-blamed league, umpire and all.

A bunch of Hereford ball players beat the Amarillo Merchants, 11-2, in a one-sided game here Sunday afternoon. Onias Carroll was the whole show himself. He struck out six batters, allowed six hits, got seven assists and three put-outs, got two singles and one double for three times up—and if that won't win a ball game we don't want a cent.

GAS COMPANY OFFERS A NEW OPTIONAL RATE TO HEREFORD

An optional gas rate has been offered the city of Hereford by the West Texas Gas Co. The city commission has not acted on the offer. Jack Wayland, manager, says this rate will lower the total annual bills of more than half the city's gas users.

The rate offered set out: It is agreed that the total annual bill under such optional rate shall never be greater than the total annual bill under the applicable published rate of the company in the city or town of ... for the same volume of gas consumed by months during the yearly period herein provided for, and in the event such annual bill under the optional rate shall be greater, refund for the difference shall be made within 15 days after the end of the contract year."
The new rate would be:
First 1,000 cubic feet per month, \$1.50; next 49,000 cubic feet per month, 50 cents per thousand cubic feet; all additional cubic feet per month at 30 cents per thousand. Minimum bill, \$1.50 per month. Additional charge, one-ninth of bill to be added if not paid within ten days after date rendered.

91 STUDENTS AT CANYON WILL BE GIVEN AID BY GOVERNMENT

Ninety-one Texas college boys and girls will receive aid of the U. S. government in attending school at the WTSTC during the 1934-35 session, according to instructions received by the college this week. The proportion of boys and girls helped under this plan must be determined on the basis of the college enrollment on October 15, 1933.
No student whose family can possibly finance his education will be given aid under the FERA. No more than \$20 a month can go to one student and the average for the 91 students must not be more than \$15 per month. The instructions further state that only young men and women of character and ability to do excellent college work can be considered and no more than 50% of those to be helped can be chosen from the ranks of students who were in college anywhere in January, 1934. It is the purpose of the Federal Government to help able and deserving students who have entered college or who have completed high school and have not yet had a chance to begin their college work.

Professor C. A. Murray, head of the mathematics department of the college will receive applications from young people who can attend college only through this aid and are otherwise qualified for this aid. Those interested should make application at once as the WTSTC quota of 91 students will soon be filled.

Note of Thanks.
I am sincerely grateful to the voters and others who so courteously helped me in any way during the past campaign. Again I ask you for your careful consideration in the second primary on August 25.

HOUSE JOINT RESOLUTION NO. 14

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS

Section 1. That there be added to Article IX of the Constitution of the State of Texas a new section to be numbered Section 2-A and to have five (5) lettered subdivisions and which section shall read as follows:

"Section 2-A.

(a) General management and control of the affairs of the County shall hereafter be vested in the Commissioners Court, provided that in the exercise of powers not specifically granted to the Commissioners Court by the Constitution and Amendments thereto, the Court shall be subject to the authority of the Legislature of the State, and the Court shall also be subject to all general laws of the State now in force not in conflict with the provisions of this Amendment until such laws are modified or repealed.

(b) All duties heretofore performed by the Clerk of the District Court and the County Court shall hereafter be performed by an officer to be known as Record Clerk; all duties heretofore performed by the County Tax Assessor and the County Tax Collector shall hereafter be performed by one officer known as Tax Clerk; and in the counties where the sheriff performs the duties of the Tax Collector he may hereafter perform the duties of the Tax Clerk.

The Record Clerk and the Tax Clerk shall be elected to hold office for a term of two (2) years and until their successors shall be elected and qualified. The Commissioners Court shall have authority to combine the office of County Treasurer and the office of County Surveyor, or to combine either, or both, of said offices with any county office. Within the maximum and minimum limits prescribed by the Legislature of the State the Commissioners Court shall have authority to fix the compensation of all county and precinct officers except County Auditor, County Judge and County Commissioners. The Legislature shall fix the compensation of District Judges, District Attorneys, County Judges and the County Commissioners and may provide for a County Auditor and prescribe his duties and fix his compensation and the number and compensation of his assistants. The Commissioners Court shall fix the compensation of and determine the number of deputies, assistants and clerical personnel of all precinct officers and county officers except the county auditor.

(c) City and county officers and employees may, in addition to their duties as such city and county officers or employees, be required to perform such other similar duties within the county, or for the county, as may be mutually agreed upon and contracted for between the Commissioners Court of said county and the governing board, or boards, of such cities, towns and districts; and the cost of such service shall be provided for in said contracts and paid for by such county cities, towns or districts into the Treasury of the county or city, town or district, as provided for in said contract. All such contracts shall be approved by the Attorney General of this State and such contracts shall not cover a period longer than two (2) years.

(d) The Legislature shall have authority, by general law, to provide for complete forms of county government and organizations different from that provided for in this Constitution to become effective in any county when submitted in such manner as may be prescribed by the Legislature to the qualified voters of such county in an election held for such purpose and approved by a majority of the qualified voters voting in said election. Provided however, that no such law shall impair the authority of the Commissioners Court to determine the compensation of county and precinct officers other than the County Auditor, to fix the number of assistants, deputies, and clerical personnel which said officers may employ; nor shall such general law change the present constitutional limitations as to particular and total tax levies for any or all county purposes; nor shall such general law change the present constitutional limitations on counties to incur public debts.

(e) In any and all cases where provisions of the Constitution of his State are in conflict with the provisions of this Amendment (Section 2-A, Article IX) shall control; provided, however, should any county adopt a Home Rule Charter under authority of any provisions of the State Constitution or Amendment thereto, this Amendment shall not be applicable.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State, qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November A. D. 1934, at which election each ballot shall have printed thereon the words:

"For the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government and different than as now provided by law."

"Against the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government, and different than as now provided by law."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

A true copy. W. W. HEATH, Secretary of State.

SENATE JOINT RESOLUTION NO. 16

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS

Section 1. That Section 1 of Article 8 of the Constitution of the State of Texas be amended so as to hereinafter read as follows:

Section 1. TAXATION TO BE EQUAL AND UNIFORM AS TO EQUAL AND UNIFORM AS TO ALL REASONABLE CLASSIFICATIONS OF PROPERTY AND OCCUPATION AND INCOME TAXES. EXEMPTIONS; LIMITATIONS UPON COUNTIES, CITIES, ETC.

"Taxation of real property shall be equal and uniform. All property in this State, whether owned by natural persons or corporations, other than municipal, shall be taxed in proportion to its value, which shall be ascertained as may be provided by law. The Legislature may by general laws make reasonable classifications of all property other than real property for the purpose of taxation, and may impose different rates thereon; provided that the taxation of all property in any class shall be equal and uniform. The Legislature may impose a poll tax. It may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax; provided that Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture, belonging to each family in the State, shall be exempt from taxation, and provided further that the occupation tax levied by any county, city or town for any year on persons or corporations pursuing any profession or business, shall not exceed one-half of the tax levied by the State for the same period of such profession or business."

Section 2. The foregoing amendment to the Constitution of Texas shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election, all voters favoring said amendment shall write or have printed, on their ballots the words:

"For the Amendment to the Constitution of the State of Texas providing that taxation of real property shall be equal and uniform; and that all property in this State, other than that owned by municipal corporations, shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation, and that the taxation of all property in any class shall be equal and uniform; and providing further that the Legislature may impose poll tax and occupation tax and income tax and exempting from occupation tax persons engaged in mechanical and agricultural pursuits; and exempting from taxation Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture belonging to each family; and providing that the occupation tax levied by any county, city or town shall not exceed one-half that levied by the State for the same period."

"Against the Amendment of Article VIII of the State Constitution providing for the levying and collection of taxes and fixing the maximum amount thereof which can be collected and expended each biennium."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against, so as to indicate whether he is voting

for or against said proposed amendment.

SENATE JOINT RESOLUTION NO. 21

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS

Section 1. That Section 1 of Article 9 of the Constitution of the State of Texas, be amended so as to hereinafter read as follows:

"Section 1. The Legislature shall have the power to create counties for the convenience of the people subject to the following provisions:

First. In the territory of the State exterior to all counties now existing, no new counties shall be created with a less area than nine hundred square miles, in a square form, unless prevented by the pre-existing boundary lines. Should the state lines render this impracticable in border counties, the area may be less. The territory referred to may, at any time, in whole or in part, be divided into counties in advance of population and attached, for judicial and land surveying purposes, to the most convenient organized county or counties."

Second. Within the territory of any county or counties now existing, the Legislature may by a two-thirds vote of both Houses, create new counties, combine existing counties and parts of counties and abolish existing counties and change county boundaries as will be provided that no new county shall be created with an area of less than nine hundred square miles nor shall any existing county be reduced in area so as to contain less than nine hundred square miles, unless such new county or remaining county, and both shall have a population of not less than fifty thousand according to the last United States census prior to the date of the creation or change of such county. When any part of a county is stricken off and attached to, or created into another county, the part stricken off shall be held for and obliged to pay its proportion of all liabilities then existing of the county from which it was taken, in such manner as may be prescribed by law.

Third. No part of any existing county shall be detached from and attached to another existing county until the proposition for such change shall have been submitted in such a manner as may be provided by law, to a vote of the electors of both counties and shall have received a majority of those voting on the question in each."

Section 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election all voters favoring said proposed amendment shall write or have printed in that ballot the words:

"For the amendment of Section 1 of Article 9 of the Constitution of Texas, providing that the Legislature may by a two-thirds vote of both Houses create new counties and change the boundaries of existing counties."

"Those voters opposing said proposed amendment shall write, or have printed on their ballot the words:

"Against the amendment to Section 1 of Article 9 of the Constitution of Texas, providing that the Legislature may by a two-thirds vote of both Houses create new counties and change the boundaries of existing counties."

SENATE JOINT RESOLUTION NO. 2

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS

Section 1. That the Constitution of the State of Texas, Article 16, be amended by adding thereto another Section, Section 61, which shall read as follows:

"Section 61. All district officials in the State and all county officers in counties having a population of twenty thousand (20,000) or more, according to the then last preceding Federal census, shall hereafter be compensated on a salary basis. In all counties of the State the Commissioners Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis; and in counties having a population of less than twenty thousand (20,000) according to the then last preceding Federal census, the Commissioners Court shall also have the authority to determine whether county officers shall be

compensated on a fee basis or on a salary basis. All fees earned by district, county or precinct officers shall be paid into the County Treasury where earned, for the account of the proper fund, provided that fees incurred by the State and any municipality, or in case where pauper's oath is filed, shall be paid to the County Treasury, when collected, and provided that where any officer is compensated wholly on a fee basis, such fees may be retained by such officer, or paid into the Treasury of the County as the Commissioners Court may direct. All Notaries Public, County Surveyors and Public Weighers shall continue to be compensated on a fee basis."

Section 2. That the foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at the next general election to be held on Tuesday, after the first Monday in November, A. D. 1934, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners Court to determine whether county officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

"Against the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners Court to determine whether county officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

SENATE JOINT RESOLUTION NO. 13

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS

Section 1. That Section 3 of Article VIII of the Constitution of the State of Texas be so amended as to hereinafter read as follows:

"Section 3. Taxes shall be levied and collected by general laws and for public purposes only; and the total amount of revenue which the State shall be authorized to collect during each biennium from taxes, licenses, permits and fees, (except fees paid by students to state educational institutions, and except rentals, bonuses and royalties obtained from public lands and other public property) shall not exceed a sum reasonably estimated to equal the product obtained by multiplying the number of the inhabitants of this State by the sum of Twenty-two and 50/100 (\$22.50) Dollars; provided, however, the total amount of such revenue which may be so collected, shall be reduced by the amount of any surplus funds or unexpended appropriations remaining at the close of the preceding biennium. The expenditures of the State government of funds derived from the sources above referred to shall never exceed during any biennium, a sum equal to the product obtained by multiplying the number of inhabitants of this State by the sum of Twenty-two and 50/100 (\$22.50) Dollars, provided, however, that the population of the State (in determining the amount of revenue which may be collected from taxes, licenses, permits and fees or expended from the revenue thus obtained) shall be determined by the then last preceding Federal census, to which population shall be added or deducted, as the case may be, for each year that has elapsed since the last preceding Federal census, the average yearly increase or decrease of the population as shown by said Federal census when compared with the Federal census which immediately preceded said last Federal census. Provided further, that in case of war, riots, or insurrection, or a statewide calamity caused by earthquake, fire, flood or an epidemic which seriously threatens the health of the citizens of this State, the Legislature shall have authority, by a two-thirds vote of both Houses, to suspend for a definite period this constitutional limitation as to the amount of money which may be collected and expended during the biennium."

Section 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November A. D. 1934, at which election each ballot shall have printed the words:

"For the Amendment of Section 3 of Article VIII of the State Constitution providing for the levying and collection of taxes and fixing the maximum amount thereof which can be collected and expended each biennium."

"Against the Amendment of Article VIII of the State Constitution providing for the levying and collection of taxes and fixing the maximum amount thereof which can be collected and expended each biennium."

An Effortless Hill Climber!

The steepest grade on the famous Pike's Peak highway is ten and a half per cent... the steepest grade on the mountainous road to Mexico City is less than seven per cent... but the new Chevrolet climbs hills of fourteen per cent in high gear. You will be astonished at the quiet, effortless way this car performs on hills. You can push the foot throttle down to the floor and the 80-horsepower Blue Flame Engine will continue to run as silently and as smoothly as it does on a level highway. The usual way to obtain such powerful performance is to add extra cylinders or build a bigger engine that uses more gas. Chevrolet engineers give you such performance by engineering skill—the development of Blue Flame combustion in the valve-in-head Chevrolet engine.

"Drive it only 5 miles and you'll never be satisfied with any other low-priced car." Try our local 5-mile test. This short trip will quickly "sell" you on Chevrolet.

Many Housewives Have Learned This Lesson—

"There is no better flour than PACKARD'S BEST"

Truly, no word but "Featherlite" could describe the cakes, breads and pastries made with Packard's Best Flour. It is this lesson that housewives learn when they use this flour just once. And they never forget it. We make this flour right here in Hereford from the finest wheat this great grain country can produce. But that's only part of the story—our plant is equipped with the most modern milling machinery. Every step of the manufacturing process is carefully supervised. And our plant is absolutely clean and sanitary, making Packard's Flours safe!
