Sights and Faces Seen

A remodeling job now in progress at the E. B. Black Furniture Store is designed to give a complete new front to the building when work is completed. The front entrance will be flush with the display windows and display facilities will be modernized and improved.

Mrs. R. L. Dowell, Jr., who recently returned from Florida after her husband was slated for overseas duty with the Army Air Corps, is now working at the Hereford Insurance Agency.

The bunch over at the AAA Office don't have to wait for the World Series to start picking lucky numbers. They are guessing on the number of wheat loans that will be made and the winner is still in doubt; but Frances Young and F. G. Collier are low on their guesses and Bessie Smith picked the highest number, with some "intermediate" guesser probably slated for winner.

Mrs. Bess Jennings will be in charge of the Ladyfairs Beauty Shop for two weeks, beginning August 1, while Dettie Albracht is out of town.

And Wade Cleaners, which will be open through next Thursday, August 3, for the convenience of customers who have cleaning in the shop; will then close for a week and reopen for (Continued on Page 13)

Tests Run 52 To 57 on Late Wheat Harvest

Wheat continued to roll to market this week as a long harvest drew to a close; and with cutting still in progress in the northwest part of the county and many farmers beginning to haul from wheat piled in the fields; prospects were for wheat hauling to continue for the rest of this month and well into August.

Tests, usually high on early wheat, this week were running from 52 to 57 with the principal quality drawback reported as the high weeds in the fields. Yields around 20 bushels are still being reported.

The freight car situation, though somewhat improved from the serious shortage of the early days of the harvest, is still serious and the crop is expected to reach terminal elevators gradually as a few cars are shipped out everyday. Storage shortage is further complicated by present prospects of a good row crop and the fact that farmers, are trying to save some of their own storage to take care of the row crop harvest.

10-Year-Old Boy Killed When Tractor Capsized

Raymond Luther Turner, 10-year-old son of Mr. and Mrs. M. L. Turner, who live on the George Brumley farm 20 miles northwest of Hereford, was killed at about 11 o'clock Saturday morning when the tractor he was guiding as it was being towed to town overturned. The boy's father was driving the tractor which was pulling the tractor to town for repairs and it is thought that the boy lost control of the tractor when the tractor picked up speed and a tire blew out.

The Turners, who came here three years ago from Portales, N. M., had been farming on the Brumley place for a year.

Funeral services were conducted by Rev. W. E. Barnes at the Baptist Church Sunday afternoon at 2:30 o'clock and burial was at Portales, N. M.

Survivors, besides the parents, are a sister, aged 12, and a brother, 14.

Roberson, Newell and Allred Win Primary State Races One-Sided in Local Voting

Only one change in the Deaf Smith County local government set-up was affected by the Saturday primary election, and in general Deaf Smith County reflected the state-wide trend of returning incumbent officeholders in a comparatively quiet primary contest. Something over 1,400 votes were cast in this county, or about 450 less than the qualified voting strength as computed from poll tax receipts and exemption certificates.

Local interest was focused on the sheriff's race, and early predictions of a close contest were fully justified by final tabulations which showed Sheriff J. O. Newell, with 747 votes, having a 68 vote margin over his opponent, Onias Carroll. In precinct two, the incumbent, Jim Clark, was defeated in the commission-ers race by Jeff Roberson; and in precinct 4 the present commissioner, Ernest T. (Dick) Allred, defeated John I. Morris by 21 votes.

Other results in the county were:
Governor—Coke R. Stevenson, 1208; Martin Jones, 64; W. J. Minton, 20; Alex M. Ferguson, 9; Minnie Fisher Cunningham, 26; Gene S. Porter, 11; Edward L. Carey, 2; Herbert E. Mills, 7; William F. Grimes, 1.
Lieutenant Governor—(This was the only state race in which

Deaf Smith County returns failed to reflect the state wide trend; and Lee Satterwhite, runner-up in the state race, received a near majority over the field in Deaf Smith County voting.)
Lee Satterwhite, 759; Mat Davis, 54; William David Turner, 47; John Lee Smith, 351.
Attorney General—Grover Sellers, 610; Jesse E. Martin, 432; Fred Erisman, 140.

Flower Show Slated For Tomorrow

Here are a few rules governing the Garden Club's Midsummer Flower Show, which will be held at the Cogdell Motor Company building tomorrow. Besides being a beautiful array of flowers the show promises to be educational as well and its purpose is to raise the standard of horticulture and floral beauty in the community.

Competition is open to all amateur growers. All exhibits must be in place by eleven o'clock Friday morning and cannot be removed until the close of the show. They must be removed, however, by noon Saturday.

Exhibitors must live in the Hereford trade territory and all exhibits in the Cultural Classes must be grown by the exhibitor. In the Cultural Class, containers will be provided.

Materials for Arrangement Classes must be grown by the exhibitor; except for class G, the special class, which may be obtained outside the exhibition garden, but not from a professional grower. In the arrangement class the exhibitor must specify for what use the arrangement was intended. In the special class G, sub-class 3 and 4, the color chart is to be used in arranging and judging. Pot plants must have been in the exhibitor's possession for at least three months.

Any worthy exhibit not provided for in the schedule will be accepted and placed by the classification committee, and marked as worthy exhibit unscheduled. Such exhibit will be judged.

Judging begins at twelve o'clock noon Friday and all decisions of the Judges are final.

Woolen Material Needed At Local Sewing Room

Response to the call for old felt hats for use in Red Cross sewing room work has been excellent, it was revealed today; and the production chairman, Mrs. Carl Gilliland, is asking that local women now aid in the work by bringing in good material from old woolen trousers. This material will be used for making tops for the hospital slippers for which the felt is used in making soles.

The woolen material should be brought in clean, the seams ripped out and the material pressed.

Demand for hospital supplies is increasing and the Red Cross production work in this line is becoming heavy.

Bernard Baer Dies in Santa Fe

Bernard Baer, 68, retired retail merchant, died in Santa Fe, N. M., Friday after an illness of a month. He was the father of Gaston Baer, local merchant. Funeral services were held in the memorial chapel at Santa Fe on Sunday. Mr. and Mrs. Gaston Baer and daughter Hertha and Mrs. Lena Berg of Hereford attended the services.

Mr. Baer was born in Germany but spent most of his boyhood days in France. He made a visit to America a half century ago and 30 years ago returned to Marcellus, Mich., to make his home. Later he moved with his family to Santa Rosa, N. M., and for a period of time he was engaged in the mercantile business with Moise Brothers who were influential in founding the town of Santa Rosa. At the time of his death he was living with a daughter, Mrs. Emil Kaufman. He visited his son here frequently and had many friends in Hereford.

Besides his son Gaston and daughter, Mrs. Kaufman, he is survived by another son, Adolph Baer, of San Antonio and another daughter, Miss Germaine Baer of Jackson, Mich., 17 grandchildren and two great-grandchildren.

Witherspoon Funeral Rites Held Friday

Funeral rites for Mrs. Anderson Witherspoon, 56 years old, were held last Friday afternoon at the E. B. Black Funeral Chapel under the direction of Rev. James Aiken, Jr., pastor of the First Presbyterian Church.

Mrs. Witherspoon, born June 17, 1888, in Johnson County, Tex., came to Deaf Smith County with her family in 1902 and had lived in Hereford and Canyon since that time. She was married to Anderson Witherspoon on June 17, 1906, at Hereford.

A member of the Presbyterian Church, she had been active in church work and did much volunteer service at the local USO.

Survivors, besides Mr. Witherspoon, are two daughters, Mrs. G. C. Hubbard of Odessa and Mrs. Gene Kelly of Pecos, a son, Jake Witherspoon of Borger, and two grand daughters, Georgiana and Jean Hubbard of Odessa.

Palbearers were E. S. Ireland, E. H. Norton, Henry Hastings, D. H. Alexander, Roy Rogers and Lee Conklin.

Interment was at Dreamland Cemetery in Amarillo.

No Examining Trial Yet Held In Murder Case

As yet no examining trial has been held in County Court in the case of J. W. Fox, 51 year old laborer, charged last week with murder in connection with the fatal shooting of C. F. Jones of Silvertown Okla., in Hereford on July 12.

As the Grand Jury will meet Monday, it is now thought that there will perhaps be no examining trial and if the Grand Jury returns an indictment in the case, the county court case will be dismissed.

Mother of Local Woman Dies in Pampa

Mrs. Mary E. McPherson, 76 years old, mother of Mrs. L. Culppeper of Hereford, died Friday afternoon, July 21, at Pampa and funeral services were held at the Dunkle-Carmichael Funeral Home in Pampa on Tuesday afternoon this week.

In addition to Mrs. Culppeper, survivors present at the funeral rites included two other daughters, three sons, two brothers and one sister.

Mr. and Mrs. Culppeper, daughter Robina and son Tommy attended the funeral in Pampa.

Two Farm Sales Set For August 1 and 5

Two farm sales next week are expected to attract buyers from a wide territory as Hereford owners sell at auction a large offering of livestock and miscellaneous equipment.

Hawkins Sale
On Tuesday afternoon, Aug. 1, Mrs. D. W. Hawkins will sell her dairy herd, other farm livestock and household equipment at the Hawkins farm, one mile due north of the high school building. The sale will start at one o'clock Tuesday afternoon and a complete list of stock and equipment is included in the sale bill on page 5 of the Brand.

Adams-Bowman Sale
On Thursday afternoon, Aug. 3, beginning at one o'clock, W. W. Adams and W. A. Bowman will dispose of a large selection of livestock and some good farm machinery and miscellaneous equipment at their place 10 miles southeast of Hereford on the Dimmitt Highway. Their sale bill is printed on page 2 of the Brand.

Beyer Injured When Struck by Car on Highway

J. E. Beyer, Santa Fe station agent, suffered severe bruises and minor cuts at about one o'clock Tuesday afternoon when he was struck by a car as he was walking across Highway 60 from the Thompson Service Station to the depot.

Mr. Beyer states that he did not see or hear the car; and a number of Mexican harvest workers, witnesses to the accident, were unable to give any definite information as to just how it occurred, according to Sheriff J. O. Newell.

The woman driver of the car which struck Mr. Beyer gave her name as Mrs. Jack Shaw and stated that she was on her way from Amarillo, where she had just been released from the hospital, to Hobbs, N. M., to make arrangements to return to the hospital for further treatment.

The woman had been drinking, Mr. Newell said, and she was taken to the Deaf Smith County jail; but was released later in the afternoon upon the advice of the county health officer in order that she might return to (Continued on Page 12)

Bus Maintenance Big Problem for County Schools

Just about the most serious problem which will confront Deaf Smith County schools this winter will be the maintenance of bus service, according to County Supt. Fred W. Baird, who says that the county thus far has been able to buy only one new bus and has hopes of getting one other new bus by October.

A new 48-passenger bus has been purchased for the Ford School District, which suffered most seriously from the transportation situation last winter, and a bus has been ordered for the Messenger district but date of delivery is indefinite, Mr. Baird said.

Nearly all bus chassis are now being built by Ford Motor Company and because of wartime priorities, production has been cut to the minimum. Mr. Baird said, explaining the difficulty of buying new buses. Also because harvest repairs naturally get preference, it has been difficult to get needed repairs on buses this summer.

At present the county owns 20 school buses, models ranging from 1936 to 1941, and the problem of upkeep is becoming rapidly more serious.

Three Delegates To Attend State Meeting

Deaf Smith County Home Demonstration Clubs will be represented by three delegates at the annual state meeting of the Texas Home Demonstration Association, Austin, on August 4, 5 and 6, it was announced this week.

Delegates, named last week at the county council meeting are Mrs. Earl DeHart, North Hereford; Mrs. Horace Hershey, Progressive, and Mrs. Cawthon Bryant, South Hereford.

Mrs. Bryant will fill a post on the credentials committee at the state meeting.

Also attending the THDA meeting from this county will be Mrs. R. L. Campbell, a charter member of the Fairview Club and District One vice president of the organization.

Unerected Bins to Be Shipped from County

The State AAA Office this week ordered the transfer of all unerected bins from Hereford to other sections of the state where storage is much in demand; and F. G. Collier of the local AAA office said today that shipment is expected to start early next week.

However, the bins can still be sold until shipment actually starts; and the erected bins will remain in this county for sale or rent to take care of emergency storage needs.

Potato Digging Continues As Peak Anticipated Next Week

Two Days Named For Paper Scrap Salvage Drive

Announcing that Friday and Saturday, August 4 and 5, have been designated as special "paper salvage days" in Texas, County Judge Fred W. Baird this week urged that Deaf Smith County people cooperate to the fullest extent in saving paper and delivering it to salvage depots, from where it will be transferred to paper mills. According to War Production Board bulletins, paper mills are now running only part time because of the shortage of scrap paper; and the paper shortage promises to become rapidly more serious unless citizens give more aid to salvage drives.

At present, Judge Baird announces, there is no organized salvage collection system in Deaf Smith County; but scrap paper can be delivered to the collection center at the Gulf Service Station and Jack Roberson, local salvage dealer, will deliver the load to Amarillo.

Newspapers should be baled and packed separately from magazines. Wrapping paper and other types of heavy brown paper also should be made into separate bundles. (Continued on Page 12)

Epidemic of Ration Book Losses Reported

An epidemic of gas ration book losses was reported this week by the Deaf Smith County ration office, where clerks in the gas rationing department state that as many as 12 losses have been reported in one day.

Chief cause of the losses, the clerks believe, is the drivers habit of leaving ration books in the car, where they are sometime stolen. Books are also often lost through carelessness and the local board urges that greater care be taken and that books not be left in cars.

There is a good deal of red tape involved in getting a new book, employees point out; and also the loss of books puts gasoline coupons into the hands of persons who have no right to the books and increases "black market" operations.

Quotas Reached In 5th War Loan

Deaf Smith County has oversubscribed all quotas, including the "E" bond quota in the Fifth War Loan, it was announced this week by J. C. Ricketts, county war finance chairman, who said that complete figures on bond sales will be available by next week and reports issued to local citizens.

All of the \$375,000 quota except the "E" bond amount was over subscribed before July 8, official closing date for the drive; and Mr. Ricketts said today that local citizens have now bought considerably more than the \$170,000 required in Series E Bonds.

School Transfers Must Be Made By Tuesday, Aug. 31

Parents were reminded again this week that Tuesday, July 31, is the deadline for making school transfers and that these transfers should be made for any child who will attend school in any except his home school district during the coming term.

All necessary papers are available at the office of County Judge Fred W. Baird, who says that transfers have been coming in very slowly to date and urges that parents take care of the matter immediately. These transfer records, Mr. Baird explains, are necessary in making the proper allocation of school funds.

Potato digging, slowed up by rains last week and on Monday afternoon this week, was again getting off to a good start today with harvest in progress on many Deaf Smith County farms and shipment of the crop beginning to get off in bulk to dealers throughout Texas and Oklahoma.

Local processors state that the quality and yield of the early Bliss Triumphs and Cobblers, is excellent and that market demand is taking nearly all the crop at ceiling prices. First potatoes delivered are turning out about 90 per cent number 1's; and though digging is not yet far enough advanced on most farms (Continued on Page 12)

Foster Awarded Air Medal

2nd Lt. Paul E. Foster, Mill-Edgeville, Ga., bombardier on a B-17 Flying Fortress, has been awarded an Oak Leaf Cluster to his Air Medal for "exceptionally meritorious achievement" while participating in sustained combat operations over enemy occupied continental Europe, it recently was announced by the Commanding General of the Eighth Air Force in England.

The citation accompanying the award read in part: "The courage, coolness and skill displayed by this officer upon these occasions reflect great credit upon himself and the Armed Forces of the United States."

Lt. Foster received his training at Santa Ana, Calif., and Victorville, Calif. He was graduated from high school in Hereford, in 1939 and later attended the Georgia School of Technology, Atlanta, Ga. Before entering the Army June 22, 1942 he was employed by his uncle, O. K. Easley of Hereford.

Furlough Gas Ration Sharply Increased

Members of the armed services on leave or furlough for a period of three days or more will be entitled to one gallon of gasoline for each day of his leave or furlough up to maximum of 30 gallons, the District Office of Price Administration has announced.

Designed to eliminate the unfairness of the existing regulation which granted a flat five gallons to service men regardless of the length of the leave or furlough. It was worked out by OPA in conjunction with representatives of the Army and Navy.

No ration will be granted for passes to Army personnel or liberties to Navy personnel, or for leaves or furloughs of less than three days.

To receive this ration, the service man should apply to the War Price and Rationing Board having jurisdiction over the automobile he expects to drive, and present proper leave or furlough papers.

On Tuesday morning at 7:30 o'clock the 17-month-old baby of Mr. and Mrs. Sam Worley died, after an illness of about a week. The little one was afflicted with inflammation of the bowels, which, as is so often the case, proved beyond the range of medical skill.

Archie Conrad had the misfortune this week to lose his valuable buggy horse. Mrs. Conrad had driven the horse out to her father, W. A. Higgins' ranch, and a loose horse kicked him, breaking his leg. Archie went out to see what could be done but finding that the animal could never again be useful, he shot him. This was one of the prettiest drivers in the town and we regret to learn of Archie's loss.

THIS WEEK... AT THE USO

Overheard at the USO: "Some town! Nothing to do! No place to go!"

"What I want to know is why the men who left yesterday were so downhearted? Seemed like they didn't want to leave."

"Why all the weeping girls? Were the men who left Casanovas or something?" "I surely do hate to leave Hereford and all the nice friendly people."

"Now see here soldier, why don't you wait a few days before you condemn the town. Give the people a chance to prove that there is something here!" (soldier's wife)

"What are you beefing about? This is a nice little town."

And just when we thought all the changes had been made some more men were shipped out Tuesday. Some of them were our old stand-bys and some were only here nine days. We hope they enjoy the next camp but we are afraid they will miss our cool nights.

Our unanswered letter pile is growing. We heard from Nancy and Muzzy this week and Sgt. Nicocosa. (Denver, Colo.), Cpl.

Briggs, (Springfield, Mo.) and Harold Rhea (Ft. Lewis). Harold is nursing an injured leg in a hospital. Seems he got it hurt playing baseball.

The USO entertainment will start again next week and cards will be sent out this week end. In the meantime the POW Camp is announcing a dance on Friday night, July 28th in the Service Club at camp. Lt. Maltinsky, Special Service Officer, would like to have a good attendance of girls from Hereford. Everyone is invited and there will be transportation furnished.

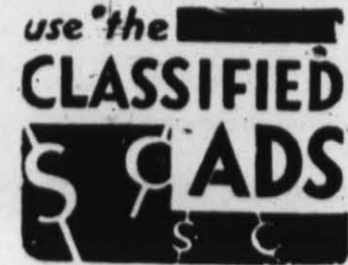

We would like to extend our sympathy to Mr. Witherspoon and his family in their bereavement. We appreciate his services as janitor of our USO and are sorry that he will be unable to continue his work. We will miss Mrs. Witherspoon too. She was one of our most faithful volunteers.

We would like to have the citizens of Hereford drop in any time to meet the new men. You never know when you will meet some one who knows someone you know. Maybe some of them came from the same state that you came from. They are lonesome and like to visit. Don't wait for your turn to be hosts—come anytime.

The proudest title
in the Army

IT CONSISTS of two simple words.
Yet every soldier who's worth his salt covets it.
This title is simply:
"Good Soldier."
It isn't just happenstance that so many women in the WAC have earned this title—the proudest in the Army.
For wherever Wacs are working, both here and overseas, there you find a job well done. And done with a spirit so gallant and fine that high Army officers everywhere say of the WAC...
"They're soldiers. Good soldiers!"

Miss Mary Turrentine and Gene Roach Are Married in Church Ceremony

A wedding of interest took place here Sunday morning when Miss Mary Turrentine, daughter of Mrs. Al Werner, became the bride of Gene Roach, son of Mrs. W. W. Roach of Tatum, N. M.

Nuptial vows were spoken at the First Methodist Church with Rev. Marvin Boyd, pastor, officiating in the presence of close friends and relatives of the couple. Background for the altar ceremony was of palms, ferns, tall floor baskets of purple and white blossoms and arrangements of potted lilies.

Wedding music was furnished by Mrs. W. J. Stanford at the organ who accompanied Mrs. A. C. Thompson when she played "At Dawning" by Cadman, and Miss Nancy Millard who sang "Because" (D'Hardelot). The bridal chorus from Lohengrin announced the entrance of the bride and Mendelssohn's Wedding March was used as the recessional.

The bride's only attendant was her cousin, Mrs. J. M. Simpson of Amarillo, who was matron of honor. She wore shell pink marquisette made with long full skirt and trimmed in forget-me-nots of blue velvet. Her short veil was held in place with for-get-me-nots and she carried an arm bouquet of peach gladioli tied with for-get-me-not blue satin ribbon.

The bride wore her mother's wedding dress of ivory satin fashioned along princess lines and trimmed in rose-point lace, the skirt falling in a short square train in back. Her finger-tip veil of illusion was held by a bandeau of orange blossoms and she carried a sheaf of Johanna Hill roses tied with white satin ribbon.

Ensign Daniel Turrentine of the U. S. Naval Air Corps and brother of the bride, served as best man.

A reception at the country home of the bride's mother followed the ceremony. The table was centered with a tiered wedding cake and decorated with pink roses and tall white tapers. The cake was cut by the bride. Assisting with the serving were Mrs. J. C. Morrison, Mrs. Merlin Kaul, Mrs. W. S. Rice, Mrs. W. L. Jones and Mrs. Phillip Miller.

After the reception the couple left on a two weeks trip to points in New Mexico before returning to their ranch home near Tatum, N. M.

The bride is a graduate of Hereford High School and of Mary-Hardin Baylor College where her senior year she was included in Who's Who of American Colleges and Universities and where she won a trip to Monterrey, Mexico for her scholarship record. She was vice-president of the student government one year and member of Alpha Chi, Sigma Delta Pi and Pi Gamma Mu, national honor societies. For the past two years she has taught in the Tatum, N. M., public schools.

Mr. Roach attended Baylor University at Waco and served for a time with the armed forces of the United States. He was given a medical discharge in October, 1942.

Out-of-town wedding guests included Miss Louise Blackwell of Amarillo and Miss Edna Mae Spinks of Borger, both college classmates of the bride, Mrs. Belle Ridgway of Mexico, Mo., grandmother of the bride, Mrs. W. W. Roach, mother of the bridegroom, Lewis and Lowell Roach, twin brothers of the bridegroom, and a cousin, Miss Carla Lee Bedwell, all of Tatum; Mr. and Mrs. J. M. Simpson of Amarillo and Mr. and Mrs. David Harrison of Farwell.

HEREFORD BRAND GROUP ENJOYS CHICKEN FRY

One of the highlights of the year for the Hereford Brand Office force is the annual chicken-fry given by John White, editor of the Friona Star, with the Brand force as honor guests. Sunday evening the group was entertained by Mr. White with his daughters, Mrs. Bill Flip-pin and Mrs. Fred White, assisting with hostess duties. Fried chicken, home-made ice cream and all the other "fixins" for a picnic were much in evidence.

The genial hospitality of the host and the pleasant association with his family, along with wonderfully good food, made the occasion one to be remembered over a long period of time.

ENDEAVORERS ENJOY WATERMELON FEAST

Members of the Christian Endeavor of the Christian and Presbyterian Churches and members of the young people's department of the Methodist Church enjoyed a watermelon feast on the lawn at the home of Mr. and Mrs. James W. Robinson Sunday evening after the church hour. Games were also enjoyed.

Those attending were Billy Brady, John Samuel Coombes, Bobby Carnahan, J. W. Robinson, Cherry Ann Forrest, Barbara Burney, Paula Mathers, Mary Beth Scott, Mary Katherine Carroll, Marcella Blue and Lillye and Gertrude London.

DESSERT-BRIDGE ENTERTAINS CLUB

Mr. and Mrs. Jim Black were hosts to members of the Thursday Night Bridge Club at their home on West Third Street last week. Invited to play with members were Mr. and Mrs. Frank Gyles. Couple prize for high scores went to Mr. and Mrs. Bob Wilson.

Gladioli in yellows and deep orange provided colorful decorations for the party.

After dessert was served those enjoying contract games were Mr. and Mrs. John Olson, Mr. and Mrs. Reed Williams, Mr. and Mrs. Bob Wilson, Mr. and Mrs. Jim Lipscomb, Mr. and Mrs. Frank Gyles and the hosts.

Right now, millions of American families would like to lend-lease their front lawn to somebody with a lawn mower who wants exercise.

A Wyoming man bitten by a snake went 60 miles for a doctor. He probably knew what was good for snake bites, but he couldn't get any.

Hereford Boys Meet

T. R. (Ted) Clancy of the U. S. Navy and Cpl. E. B. Posey, Jr., had a very pleasant Hereford reunion somewhere in the Pacific and Ted wrote a letter to E. B.'s parents telling of their meeting—the conversations they had about Hereford and a midnite snack—"sandwiches, pickles, hot chocolate (a la canned milk), and even some honey," which they and some of the other boys enjoyed in Ted's compartment on the ship one night. "We were unfortunate in one way," wrote Clancy, "he (E. B.) was on my ship for over a week before I met him, but we made up for lost time."

E. B. gave Ted his dog tag chain and the two men completed a necklace for Mrs. Posey, using shells which Ted had collected on the South Pacific Islands. E. B. has been in some very hot action, according to Ted's letter, but has come through uninjured.

Ted, who assists with chaplain's work on board ship, says that while the war is leaving spiritual marks upon the men, it is his belief that the final result may be a deepening of faith.

Writes Appreciation

Of Hereford Hospitality
The USO "cookie kid," Cpl. Leo Stormwind, writes from his new station in appreciation of Hereford's hospitality and especially of the services rendered by the local USO. Mrs. John Olson, USO hostess, received a letter this week from "Stormy" and he evidently has pleasant memories of Hereford, for he writes:

"I no doubt would be dopier than I already am if it weren't for the ping pong, games, checkers and the free, delicious home baked cookies to chew on in between the games—not to mention all the little services that count so much—like mailing packages for us, and those cold winter Sundays that we spent in the USO drinking hot coffee and eating cake and that reminded us so much of home. Also those little warm chats that kept us from getting homesick and countless favors that would take too much paper to mention. We must conserve paper, so I'll just say thanks for everything. . . . What I say goes not only for me but for every soldier on the post. I'm sure if they could write, they'd say the same ('I'm kiddin'; most of the boys

from your newly elected

DEAF SMITH COUNTY OFFICIALS

As your newly elected County Officers who will take office on January 1, 1945, we want you to know that we appreciate the confidence you have shown in electing us to your various posts — and to assure you that we shall do our best to carry on the duties of our individual offices in a manner which you expect and deserve from us.

During the next 12 to 18 months, we realize that many new problems will be faced in this county, as in other counties over our nation. For this reason, we feel the responsibility of our duties keenly . . . as officials and as individuals . . . and we will be glad for your suggestions from time to time as these problems arise.

However, the real object of this message is to THANK EACH OF YOU and to assure you that we will fulfil our duties to the best of our ability.

SEEDS of ADVICE

from
The Garden Club

(Note—This is the concluding article on the care and cultivation of chrysanthemums during the summer months, written by Mrs. J. P. Slaton for the Garden Club.)

Cultural suggestions for Exhibition Types of Chrysanthemums.
By certain cultural methods, whether grown in the greenhouse or out of doors, the amateur can grow chrysanthemums worthy of exhibition. This fact is not as widely known as it should be; hence we have few attempts made.

Large blooms may be obtained by allowing only one or two or three branches to form on a plant and but a single bloom to each branch. For this purpose the large flowering commercial type should be selected from which blossoms up to seven or eight inches across should be possible.

The first bud produced by the plant is called the "crown bud" and is distinguished by being surrounded by leaves. The "terminal" bud appears later in clusters and is surrounded with several flower buds. The procedure of taking off the buds depends largely on the variety and no set rule can be given, but reserving terminal buds for the majority of the early flowering commercial type is recommended.

A safe rule seems to be not to begin saving terminal buds until about the middle of August. Crown buds, if saved, must be left on the branch when formed. Authorities agree, however, that the retention of crown buds which have appeared too early, often results in a large percentage of crippled flowers. This is

Miss Ella Broadwell left Tuesday for Hunter College in New York where she will be a member of the U. S. Naval Training Corps. of the Women's Reserve. After her training for duty as a WAVE is completed, Miss Broadwell hopes to be stationed somewhere in the Panhandle.

Miss Elise Cooper of Wichita Falls was a guest last week in the home of her cousin, Mrs. T. E. Seigler, Jr. Other guests in the home of the Seiglers over the past week end were Mr. and Mrs. Jim McDonald and Miss Ruby McDonald, also of Wichita Falls.

Mr. and Mrs. D. L. McDonald of Amarillo, formerly of Hereford, were here Sunday looking after farm interests and visiting with old friends and neighbors.

due to the very hot weather which usually prevails in late August and early September.

The final selection of buds should not be made too hastily nor when buds are very small. It is wise to allow an alternate bud to remain for a while until the bud chosen to remain has proven itself hardy and without defect.

WHAT ... No Cameras?

No sir, I guess people just
don't want to sell their
cameras. I don't want to
sell mine either. I like to
take pictures ... and with
the shortage of film, I
don't want to "muff" any
shots. Is your camera tak-
ing the kind of pictures
you want? If not, bring it
around to me and we'll go
in a bundle and see if we
can't make your camera
take better pictures.

MONITION
IN THE UNITED STATES
DISTRICT COURT
For the Northern District of Texas
United States of America vs. 35 Sacks
Malted Wheat Flour, No. 440-Civil.
In obedience to a Warrant of Seizure
to me directed, in the above-entitled cause,
I have seized and taken into my pos-
session the following-described food to
wit: 35 sacks, each containing 100 pounds
of an article labeled in part: "Full
Strength Tolerance Tested Malted Wheat

wheat) The Kansas Milling Co., Wichita,
Kansas, 100 pounds Net Weight." For the
cause set forth in the libel now pending
in the U. S. District Court for the North-
ern District of Texas at Amarillo, I
hereby give notice to all persons claiming
the said described food, or knowing or
having anything to say why the same
should not be condemned and forfeited,
and the proceeds thereof distributed ac-
cording to the prayer of the libel, that
they be and appear before the said Court,
to be held in and for the Northern Dis-
trict of Texas, at the United States
Court Room, in the City of Amarillo on
the 18th day of September, 1944, at

FOR BETTER SERVICE — BIGGER DIVIDENDS

Mrs. J. B. Stoker left by plane Monday for New York City where she will make an indefinite visit with her daughter, Mrs. Homer Hall, the former Miss Billy Stoker. Lt. Hall, who is a member of the Army Air Corps, is stationed in New York City.

Judge and Mrs. W. C. Veale of Breckenridge and R. L. McFall of Abilene have left after a short visit here with Mrs. Veale's sister, Mrs. J. B. Stoker. They are enroute to Montana to visit relatives.

Ens. and Mrs. George Conklin are visiting his parents, Mr. and Mrs. Lee Conklin. Ensign Conklin has recently finished training at a Naval base in Chicago and is home on a two weeks leave before reporting for further assignment.

Peggy Ann and Marsha Aiken, daughters of Rev. and Mrs. James Aiken Jr., are spending this week in Dimmitt with Miss Kathryn Easter while their parents are attending a church conference at Ceta Glen.

Wedding Is Announced Here

The marriage of Miss Doris Ely and Corporal Garrett Meier in Kansas City has been announced here. Mrs. Meier is the granddaughter of Mrs. G. R. Conklin and has many friends here, having visited relatives here on many occasions. The wedding took place on July 18.

Mrs. Meier attended Henderson State Teachers College at Arkadelphia, Ark., and had taught for two terms. At the time of her marriage she was employed by Western Union Telegraph Company in Springfield, Mo.

Cpl. Meier also attended Henderson College before enlisting in the armed service.

H-D CLUB NEWS

North Hereford Club
Mrs. W. H. Russell was hostess to members of the North Hereford Home Demonstration Club in the home of Mrs. John Haberer Thursday afternoon.

Miss Sadie Lee Oliver CHDA gave a demonstration on how to prepare containers for different kinds of canning. The newest way of krauting and preserving cabbage was discussed.

The next meeting will be held at the home of Mrs. Oscar Vaughan on Aug. 3.

Westway Club Plans Picnic
Plans for the annual picnic for Westway Home Demonstration Club members and their families were made at the meeting held last week at the home of Mrs. Roger Brumley. Mrs. Muri Parker was cohostess. The picnic will be held at Hereford State Park on Aug. 11 and will be the last meeting of the club until Sept. 13, when the club will meet with Mrs. Maurice Tannahill.

Miss Oliver distributed bulletins on the preservation of vegetables by salting, pickling and freezing. Canning tomatoes with calcium chloride was also demonstrated and charts on the approved methods of canning were shown. Miss Oliver recommended the use of pure salt for canning and said this can be obtained at the Hereford Creamery.

WESTWAY GROUP COMPLIMENTS MISS TURRENTINE

A group of hostesses in the Westway Community complimented Miss Mary Turrentine, whose marriage to Gene Roach of Tatum, N. M., took place Sunday, with a gift party at the home of Mrs. Merlin Kaul Friday afternoon. Hostesses included Mesdames R. L. Wilson, E. H. Little, Paul Rudd, Jim Bookout, J. C. Morrison, T. B. Cox, Phillip Miller, Chas. Burke, P. B. Sowell, J. H. Landers, Maurice Tannahill, Hughes Millard, Manuel Hawks, Grady Wilson, O. Wilder, W. L. Jones, W. S. Rice, A. C. Pierce and Clinton Jackson.

Receiving the guests were Mrs. Kaul, the bride-elect, Mrs. Belle Ridgway of Mexico, Mo., and grandmother of the bride, Mrs. Al Werner, mother of the bride-elect, Mrs. W. S. Rice and Mrs. W. L. Jones.

A short program was presented including readings by Mrs. Henry Melton, vocal music by Miss Bonnie Miller and piano selections by Margaret Sowell.

The shower was introduced in a song given by Mrs. Kaul beginning with nursery rhymes, advancing to college days and leading to days of courting; and concluding with "Home in the Range" when the honoree was given a mariat rope which led to the display of gifts. Mrs. Hughes Millard was in charge of the gift display.

The refreshment table was centered with an arrangement of wine-red roses and flanked by slender white tapers. Appointments were in crystal and silver. Mrs. W. L. Jones and Mrs. J. C. Morrison presided at the punch bowl and Mrs. P. B. Sowell served cake.

Lance At Saipan
Cpl. Earl Lance, Jr., of the U. S. Marine Corps, took part in the action at Saipan, according to a letter received by his parents on Monday. Cpl. Lance, who has been in the Pacific for the past 28 months, reported that he came through the Saipan action fine and "nothing wrong but what a little rest and good chow will fix."

Arrives in Italy
Pvt. Wayne Phillips, son of Mr. and Mrs. Earl Phillips, has arrived in Italy, according to a letter received this week by his parents. Pvt. Phillips is in the infantry and is thought to have arrived in Italy about the middle of this month.

Conservation Results in 42-Bushel Wheat Yield
"The biggest little wheat crop I ever made has just been harvested" said Wiley Roberson, Deaf Smith County Wind Erosion District Supervisor today, while commenting on his 42-bushel-per-acre average wheat crop. The best wheat Mr. Roberson made was on land he irrigated twice. The first watering was in

late November, 1943, and the second in the latter part of April and first week in May, 1944. The method of irrigation water application was planned and ditch guide lines marked with the assistance of the Soil Conservation Service engineer assigned to the Deaf Smith County Wind Erosion District. Irrigation thus planned results in a uniform distribution and better utilization of water. It is economical to operate, requires very little labor and results in a small amount of erosion.

Mr. Roberson also has a complete conservation plan in operation on his 325 acre farm west of Hereford. He is making full

use of such practices as improved tillage methods, crop rotations, grazing control, cover crops and crop residue management. "These practices, together with my improved methods of irrigation have resulted in higher yields and have reduced erosion to a minimum," Roberson declared.

The week of July 23 to 29 has been designated by the President of the United States as National Farm Safety Week.

"Farm work is the most dangerous occupation of the six major industries in the United States. It is much safer to work in a munitions plant, a coal

mine, a steel mill, an airplane factory, or to join the United States Navy and fight in the war than to work on the farm." These risks have been increased by longer hours of work and the lack of observing the rules of farm safety.

All agricultural workers in Deaf Smith County should take extra precaution during all seasons of the year, more especially while planting and harvesting crops. Remember July 23 to 29 as National Farm Safety Week!

The same slogan is appropriate for war bonds and victory gardens—dig down.

Planes Dominate Sky
William H. (Babe) Russell, son of Mr. and Mrs. W. H. From New Hebrides
L. J. Clark, MME 3-c, writes from somewhere in the New Hebrides and includes some information about scenic and historical spots of that area. L. J., who is in the Seabees, has seen the spot where the Coral Sea Battle was fought and harbors in New Caledonia where the Japs destroyed many of their own ships.

"I haven't any fish stories to tell," L. J. concludes, "but I have seen some boys who have seen the most fearful animal of the deep—namely the Squid... the largest we have seen had arms about two feet long."

L. J. has also seen a bat, which the natives call a "flying fox". The "fox" has a head that looks exactly like its name; the largest specimens have a wing-

Kellys Use Labor-Saving Cutter in Seeding Lawn

After the W. T. Kellys decided to use buffalo grass on the lawn at their ranch home in Wycher, Mrs. Kelly paid five cents for circular 328 U. S. D. A., Methods of reestablishing Buffalo Grass on Cultivated Land in the Great Plains, by D. A. Savage. When Mr. Kelly had read this bulletin he knew how to make a labor and time saving sod digger. The

Vega Man is Crew Chief
An Eighth AAF Bomber Station, England: It's been a busy spring for Master Sergeant Melvin L. Loyd, B-17 Flying Fortress crew chief from Vega, Texas. In four months he sent his bomber out on more than 50 bombing missions to targets in Germany and enemy-occupied countries—sometimes twice in one day, which meant a lot of work and no sleep for Loyd and his ground maintenance crew.

In spite of the rush, however, his Fortress, "Betty Jane," has never developed any mechanical trouble on any of its missions and has always been right in the formation when the rest of the group dropped their bombs.

He is the son of Mr. and Mrs. W. L. Loyd of Vega. material in an old two row wood-

en sled was sawed apart, and made into a one row sled. A local blacksmith shop followed his directions, and fashioned a "U" shaped cutter from a bar of iron 3-8 inch thick, and two inches wide. Four bolts hold this securely on the sled.

This cutter was attached to the pick-up, and weighted. A long ribbon of sod four inches deep was quickly dug. A square shovel was used to cut this in one-foot lengths which were hauled to the lawn, then they were cut into four inch cubes, and plated.

Five people started on the job, after three of them went to town the other two finished planting the front lawn in one day. Ask Mr. Kelly how he handled the soil to save labor, use all the dirt, and leave a level surface. He gets the credit for an assembly line speed.

By MRS. MERLIN KAUL

Congratulations are extended to Mr. and Mrs. Gene Roach, who were married Sunday morning at the Methodist Church in Hereford. Mrs. Roach is the former Miss Mary Turrentine, daughter of Mrs. Al Werner of this community.

The sympathy of this community is extended to Mr. and Mrs. M. L. Turner, Carl and a sister in the tragic loss of their son and brother Raymond Luther Turner. The accident which caused Raymond's death occurred Saturday morning about a mile south of the John Higgins place when he and his father were taking a tractor to town. Mr. Turner was driving a truck to which the tractor was hitched and Raymond was guiding the tractor. Mr. Turner felt the tug of the tractor clutch and looking back, saw a cloud of dust. A tire on the tractor blew out causing it to overturn twice. It was badly wrecked. Raymond passed away before they could get to town; his chest had been crushed and he received cuts and bruises about the head and face.

Raymond was 10 years old last December 19. The family has lived on the G. W. Brumley place west of the T. B. Cox place for a year. Raymond, his brother and sister attended school at Hereford.

Funeral services were held at the Baptist Church at Hereford Sunday afternoon at 2:30 o'clock. Burial was at Portales, N. M.

Ernest May, Lloyd Bentley, and C. Aubrey Wimberley held the election here Saturday. Forty-seven votes were cast.

Mrs. Baker Womble and Sally, Mrs. Johnnie Womble and sons,

I'm a terrible SHERLOCK HOLMES

PLEASE HELP ME!

I'M AN EXPERT, when it comes to checking tires for inflation, cuts and bruises, and re-capping . . . and I'm even more of an expert at lubricating cars, of any age and make, right from front bumper to tail-light.

But when it comes to catching counterfeit gasoline ration coupons, I'm a whout! Believe me, every service station man in the country tries, because it is his patriotic duty. We know that oceans of oil are needed to win the war, and we know that unless the black market in gasoline is broken, there may not be enough to go 'round.

So, help me and help yourself and your Uncle Sam, by endorsing the face of every coupon in your possession.

Don't take any gasoline coupons from anyone as a gift! Don't accept gasoline at any price without giving up coupons! And use the legal gasoline you buy for essential driving only!

I have asked you to help me; in return, I'll be glad to help you. Bring your car in any time for the many *Tire-Saving* and *Car-Saving* services I offer. Some are free, and some carry a small charge for materials and labor. But they are a big aid in making your car and your tires last longer and go further.

You'll find me at the Orange and Black 66 Shield, the famous sign of Phillips 66 Gasoline and Phillips 66 Motor Oil.

The Nazis are said to be already planning their next war, but the Allied Nations have some plans, too.

Washday Helps To Win the War

Washday gives the homemaker a fine chance to practice a bit of war-time conservation. Clothes and household linen wear longer when they're washed before the dirt is ground in by repeated use. It takes less soap and less labor to wash clothes that are only slightly soiled.

Use enough soap to do the trick, but don't waste it. "Just right" is the rule. That means, usually, a two-inch suds in the tub or washer.

Miss Oleta Harrison Is Bride of Mr. Leo C. Hoffman on July 17th

In a double ring ceremony performed at ten o'clock Monday morning July 17th. Miss Oleta Harrison, daughter of Mr. and Mrs. C. G. Harrison of Happy, became the bride of Leo C. Hoffman, son of Mr. and Mrs. H. A. Hoffman of this city.

The sacred vows were read by the Rev. Father James in the rectory of St. Anthony's Catholic Church.

Miss Marie Langer was the bride's only attendant. She wore a light blue linen suit with black

Shower-Tea Is Compliment To Bride-Elect

Miss Mary Turrentine, whose marriage to Mr. Gene Roach of Tatum, N. M., took place Sunday morning, was complimented at a shower tea given at the home of her aunt, Mrs. E. W. Harrison Thursday afternoon. Hostesses included Mesdames P. H. Gilliland, G. A. F. Parker, H. M. Benefield, I. H. Spratt, Mrs. Harrison and Misses Frances Turrentine and Sadie Lee Oliver.

A yellow and white theme predominated in the colors used for the party. Baskets and bouquets of summertime blossoms in those colors were placed here and there about the receiving rooms and a shasta daisies reflected in a large oblong mirror formed a beauty spot for one end of the tea table. At the other end of the table was placed the crystal punch bowl which was encircled by shasta daisies. Refreshment dainties and other appointments repeated the yellow and white theme. Mrs. G. A. F. Parker poured.

In the receiving line were Mrs. Al Werner, mother of the bride-elect, the honoree, Mrs. Belle Ridgway of Missouri, grandmother of Miss Turrentine, Miss Frances Turrentine, Mrs. J. M. Simpson of Amarillo and Miss Katherine Ridgway.

Others assisting were Mrs. D. H. Alexander, Mrs. Clyde Cavanaugh, Mrs. Bob Wilson, Mrs. H. M. Benefield, Mrs. I. H. Spratt and Mrs. P. H. Gilliland.

An informal program presented during the calling hours of 4 to 6 o'clock, included readings by Mrs. A. L. Manjeet, vocal solos by Mrs. C. J. Mountz, accompanied at the piano by Mrs. G. A. F. Parker and violin music given by Mrs. A. C. Thompson with piano accompaniment by Mrs. W. J. Stanford.

GLENNA SUE WOODFORD IS NAMED HONOREE

Glenna Sue, new little daughter of Mr. and Mrs. Louis Woodford, was named honoree at a miscellaneous shower Thursday morning when Mrs. J. T. Gilbreath Jr., entertained with an informal coffee at her home on East Fifth Street.

The inviting summertime coffee table was keynoted by cool shades of flowers in green and white. Gifts for the month old little girl were opened and admired.

The invited guest list included Mesdames Dan Guseman, Clyde Cave, Robert Veigel, Henry Hastings, C. L. Lillard, Oscar Easley, N. E. Milburn, Judson Skaggs, F. P. Lyons, Ralph Hastings, T. E. Selgier Jr., Troy Moore, Willis Edelman, Frank Huckert, Jack Bradley, C. T. Guseman, John Patton, Sylvester Slagle, H. G. Conkwright, Glenn Weir, J. R. Allison, Chas. Hays, Lisle Woodford, Gaylord Newell, Mont Baker, I. O. Crosthwait, Wayne Evans, Urin Streu, Louis Woodford and the tiny honoree.

BRIDGE CLUB MEETS

London Bridge Club members were entertained at the home of Mrs. J. T. Gilbreath Jr. on Wednesday afternoon last week.

Summertime blossoms gave the decorative accent for the party and after contract games Mrs. Kellar Muse received the reward for high score and Mrs. W. A. Teter received the second high award. Mrs. Knox Kinard was a special guest.

Members attending the club party were Mesdames Meade Halle, N. E. Milburn, R. R. Wills, Grant Fuller, W. A. Teter, Kellar Muse, Henry Benson and the hostess.

WHAT TO WRITE TO Servicemen

The Office of War Information offers these pointers for home-folks writing to soldiers, sailors and marines — based on suggestions gathered in a survey among servicemen at home and overseas, in co-operation with the Special Service Division of the Army Service Forces:

Tell Him...

1. How the family is doing everything possible to help in the war.
2. How anxious the family is for the boy's return.
3. How well and busy the family is. Give details.
4. How the family is getting along financially.
5. What's doing in the community: news about girls (single) he knows, doings of friends, who's marrying whom, exploits of the home team and other sports events, social doings, effects of the war on the home town. Reminisce a little about past events and places the boy used to visit.

NEWS ABOUT FOOD from local W. F. A. Committee

Having seed for planting next year is a definite part of a gardening program. But as many 1944 Victory gardeners have had no experience J. F. Rosborough, horticulturist for the A and M College Extension Service, suggests practical ways for salvaging a supply of seed for use next spring.

Briefly this is the procedure: Pumpkins and squash: Select uniform, smooth specimens and gather after the first frost. Store for a week or two for maturity and then remove the seed. Dry the seed for one day and store. Cucumbers: Choose straight, smooth specimens and gather when golden yellow. Dry and store seed.

Corn: Let, thoroughly mature on stalk; select carefully. Shell and treat.

Mustard, okra, radishes, spinach: Harvest when pods mature. Cut plants or pull pods in early morning to prevent shattering. Wash dry and store.

Rosborough cautions that with squash, pumpkin, cushaw, cucumber, tomato, eggplant, cantaloupe, watermelon and pepper it is important to wash the seed thoroughly with two or three rinsings to remove all pulp or other foreign matter. A small wire strainer is useful for washing pulp or residue from some types of seed. It is not necessary to wash corn, okra, peas, beans, lettuce, mustard, spinach and radishes before drying. The chief idea with these is to remove all foreign matter by wind or other means.

To store successfully, seed first must be cured or dried as nearly as possible to a state of complete dormancy. Probably the most practical method is to lay them in the sun in thin layers, for a day or two after they have been properly cleaned.

If your tomato plants don't "grow off" in a hurry, they may need a little stimulant! Your tomato plants will enjoy a fertilizer pick-up just as you enjoy a cold drink in the middle of a long hot afternoon. Give it in liquid form. Dissolve one-fourth of a pound of your commercial garden fertilizer in five gallons of water. Then give each plant a drink of a half-gallon. Incidentally, you'd better throw up a little dam of soil around each plant so none of this half gallon will be lost.

There is little money value to scrap paper, Judge Baird points out, and nothing will be paid for the scrap paper delivered by citizens. However, the material is vitally needed and citizens will be doing a patriotic service when they pack and deliver their scrap paper to the salvage depot.

Around Town

For business on August 11. No more clearing jobs will be taken now of which the shop reopens on the 11th, according to Ernest Wade who is having to take a little time off for a minor operation and has not been able to get any help to operate the shop in his absence.

Members of the county home demonstration clubs will hold a food sale at the Candy Kitchen beginning at one o'clock Saturday afternoon, July 29. Club-women are reminded to bring their food to the Candy Kitchen during the afternoon, and local citizens are invited to come in and buy from the variety of food offerings which will be displayed.

Potato Digging

(Continued from Page 1)

to get an estimate on probable yields, some growers say that yields between 100 and 150 sacks to the acre can be anticipated and that quality is running higher than it has in any past year.

Potato digging is now underway on the farms of Edwin Mauk, Sylvester Slagle, W. N. Hodges, Howard Gault, Evans and Son, Gene Albracht, Fred Barrett, Lee Renfro, John Paetzold, C. L. Collins, J. N. Burgin, Otto Olson and others; and by next week growers and processors expect the harvest to be in full swing.

To date shipping facilities have been adequate, with both freight cars and trucks in use to move the record crop; but concerning shipping and labor, most potato men believe it is too early in the harvest season to make any definite statement on the situation.

Thus far approximately 300 Mexican harvest workers have arrived in the Hereford territory according to Herman Ford of the Farm Labor Office; and with other labor already in the territory have proved sufficient for early demands.

Hereford Man is Meteorologist in Pan-Am. Service

Thomas L. Burkett, who was born in Hereford, and educated in local schools, has been appointed flight dispatcher at Botwood, Newfoundland, an important stop on Pan American Airways overnight service between New York and the British Isles.

Burkett's assignment calls for him to have complete charge of dispensing weather information to all Pan American-operated planes in the area around Botwood, final stop for the Clippers before they hop the Atlantic. He will remain there throughout the summer and early fall, duration of Clipper service over the 3,089-mile North Atlantic run.

Since Pan American started scheduled transatlantic flights through Botwood in June, 1939, the Clippers have logged nearly 10,000,000 flight miles, including 2,000 Atlantic crossings, and have carried approximately 60,000 passengers. From the time of Pearl Harbor only priority passengers and cargo have been transported on the 42-ton camouflaged Clippers, largest planes in commercial service, which are flying regularly to Britain, Europe, Africa, and South America.

The Clipper base is located on the shore of one of the arms of the Bay of Exploits. Located 63 miles inland from the coast in hilly territory, Botwood is known for its fishing facilities and for the manufacture of newsprint. The son of the late John D. Burkett of Hereford, Burkett graduated from Hereford High School and matriculated at George Washington University, taking post-graduate study in meteorology at American University. He served with the U. S. Navy for six years as a meteorologist before joining Pan American in November, 1941, when he received training at the international airline's transatlantic terminal at LaGuardia Field, N. Y., before being sent on foreign assignment.

Bus, Truck Drivers Warned on Letting Motors Idle

Bus and truck drivers who waste gasoline by letting their motors idle while in terminals or on service routes were cautioned today by N. F. Nelson, of Amarillo, district manager of the Highway Transport Department of the Office of Defense Transportation.

"ODT has requested that bus and truck drivers co-operate in conserving gasoline by turning off their motors when vehicles are not in use," the district manager said. "However, letters of complaint still call attention to cases where fuel is consumed by idling motors, while motorists are restricted in travel by gasoline rationing."

Excessive operation of bus motors at terminals or rest stops is one of the main objects of complaint. In such cases, bus passengers often include motorists who have been compelled to store their cars for lack of gasoline, it was pointed out.
