Tri-Hi-Y girls will continue baby sitting President Inez Tucker, has announced. A meeting of the group was held at the high school Tuesday night and it was decided to continue the baby-sitting project. Meeting dates were changed to the second and fourth Tuesday nights of each month.

Rev. and Mrs. Homer W. Haislip of St. Louis who were in Hereford this week on their way home from San Francisco where they attended the International Convention of the Disciples of Christ laughingly told of how their group benefited by candidate Dewey's visit in the city. They had the huge hall following his campaign speech there and the use of all the decorations and flowers that bedecked the place. They were the most elaborate and beautiful of anything they had ever seen Mrs. Haislip said.

Mrs. J. F. Ward tells a story which rivals some of those told by our Bootleg Philosopher of how he finds his papers to read. She says while Mr. and Mrs. Hall Beavers of Hereford were in Colorado fishing Mrs. Beavers was wandering around camp and found the Brand dated July 25, which was the issue carrying the story of Mrs. Ward's life. She sat down and read it and when she got home called Mrs. Ward about it. But unlike the Philosopher's tales it was probably not wind blown, in view of the fact we have 14 Colorado subscribers or another fact that a great many Hereford people

Carl Strafus, Farmer, Dies; Funeral Today

Funeral services for Carl Strafus, 83-year-old Hereford farmer, will be held today at the Sacred Heart Cathedral in Amarillo. Burial will be in Amarillo under the direction of Griggs Funeral Home.

A native of Austria, he was born Feb. 3, 1865. He immigrated to the United States in 1879 settling in Kansas City and in 1900 was married to Miss Mary Anna Sittner, who also was born overseas. The couple had three children.

Having made his home near Amarillo from 1916 when he came to Texas from the Midwest, he moved to Hereford about 1928 and has lived here for the past 20 years.

He was a member of the Catholic Church. Survivors are his two children, Miss Hilda Strafus and Lawrence Strafus and two grandchildren, Loreta and Carl Strafus, all of Hereford.

Scouts To Have Meeting Place

Hereford Boy Scouts are going to have their own meeting room in Lake Park as soon as the barracks which the Scout Council has purchased is moved to its new location from Amarillo Air Field.

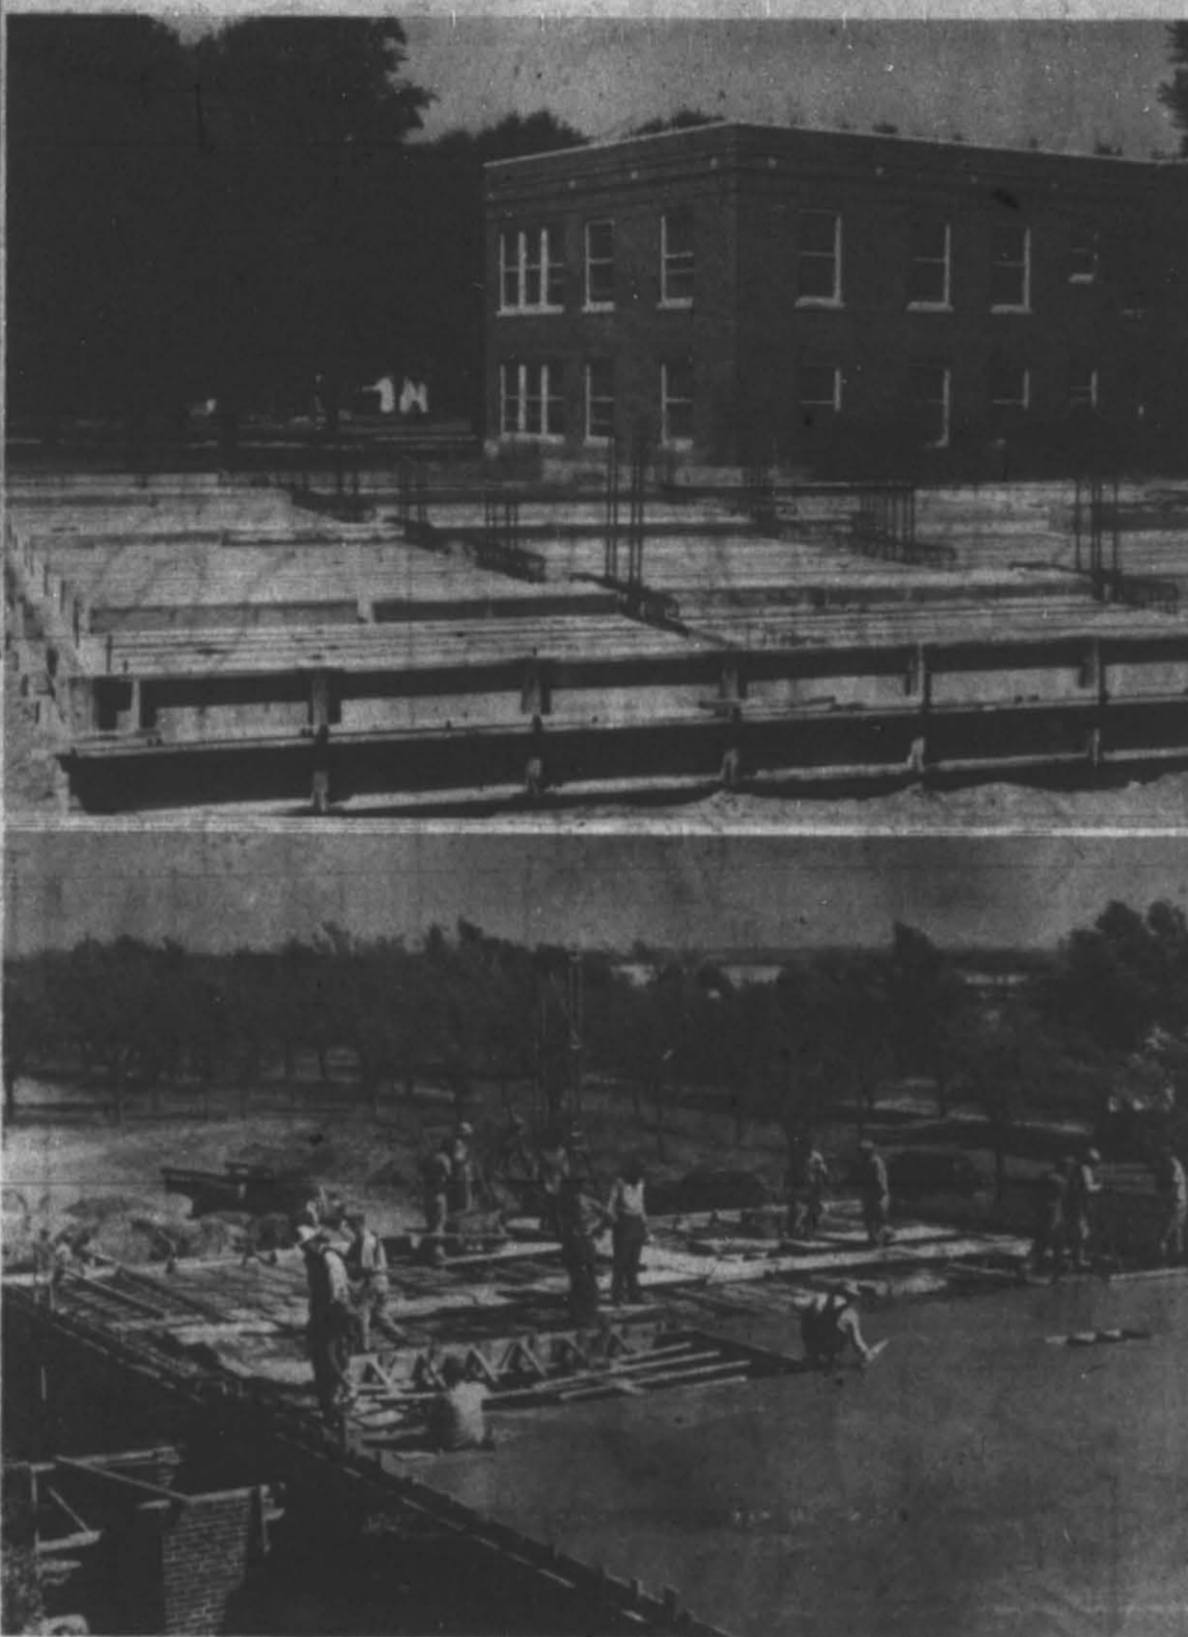

This 20 by 100 foot building was bought last week and must be moved to Hereford sometime within the next two weeks, Urlin Streu announced Monday. Sale transaction was carried out by the building committee appointed from members of the district Scout Committee.

The barracks is to be located south of the swimming pool and will provide a more central location than the club house in City Park which the boys are using at present.

Bill Phillips, scoutmaster of troop 1, announced plans for remodeling the interior. They include partitioning off a main meeting room, big enough for holding special meetings and parties as well as regular scout meetings. It will be spacious

County Hospital Addition Progress

Progress on the addition to the Deaf Smith County Hospital is recorded in photographs. The top picture was made in August when the foundation had been built and the cement floor poured. The bottom photo was made in October and shows workmen pouring the cement roof.

New County Hospital Wing Growing Into A Recognizable Roomy Addition In City

Deaf Smith County Hospital wing, growing into a recognizable roomy addition, was the subject of some before and after pictures made by Henry Stahl, technician at the hospital and newly elected president of the Camera Club.

Stahl's first picture was made Aug. 24 when the slab of concrete forming the floor of the new addition had just been

poured. As construction progressed, bricklayers, plumbers, electricians, and structural iron workers went into action through September and October, trying to finish pouring of the concrete for the roof before cold weather put a stop to that work.

By Oct. 10 part of that top was ready for concrete.

The second picture was made

Oct. 15 just after the top slab had been poured and the balance of the top, over the surgery wing, is slated to be finished about Dec. 1.

Carpenters and bricklayers are also hoping to have some of the outside brickwork and the interior partitions finished by the first.

The growing need for more

Wednesday Temperature 22 Degrees

The temperature chart at West Texas Gas Company recorded some unusual zigs and zags this week as a result of the rise and fall of the gauge following the sudden changes of weather.

Sunday the high of the day was 68 degrees at 3 p. m. with a low of 36 degrees recorded at 7 a. m.

A low of 30 degrees was registered at 6 a. m. Monday and the temperature hovered around that mark until 1 p. m. The high for the day was only 36 degrees at 3 p. m.

Tuesday at 8 a. m. the low of the week was reached when the gauge registered 21 degrees with a high at 3 p. m. of 46.

At 8 a. m. Wednesday, 22 degrees was registered. Rainfall for the week was called a trace and so light that it hardly registered in the gauges checked by R. N. Reeves at the City Hall and O. B. Russell, one mile east of town.

Reeves reported .02 inch Tuesday and a total of 1.26 inches for the month including the rain which fell after midnight, Oct. 31.

C. B. Russell who reported the recorder at his place frozen Tuesday morning, later reported only .01 inch there.

49 'Wetbacks' Rounded Up Here For Deportation

Deportation of 49 "Wetbacks", Mexicans who had entered the U. S. without proper sanction by U. S. immigration authorities was begun Sunday in Hereford by the Border Patrol.

The men were rounded up Tuesday from the farms in the county where they were working as laborers in cotton, sugar beet and vegetable fields. Deputy S. B. Berry said. After being housed in the County Jail Tuesday night they were sent back Wednesday morning via bus to El Paso.

Itinerant laborers, they had crossed the Rio Grande early in October to get in on the progressive harvest of Panhandle and New Mexico truck garden crops and cotton. At that time the Immigration service abandoned efforts to halt their illegal entry; in some instances the Mexicans were placed under technical arrest, then paroled and rushed up to harvest fields.

An estimated 4,000 Mexicans entered the U. S. that way last month.

County Buys Road Grader; Canvasses Returns Of Elections

The Deaf Smith County Commissioners Court Monday accepted, as most advantageous to the county, a bid of the West Equipment Co., Amarillo, for the supply of a road grader for Precinct 1.

The bid was \$12,338.16, minus a deduction of \$1,000 for the grader now in use by the county. Payment of \$2,338.16 was made out of the precinct commissioner's funds and three warrants of \$3,000 each, to be completed in three years, was issued.

Tucked Away In Office Of County Clerk

Courthouse Spiral Stairway Is Delight Of Youngsters From 6 To 60

By CORINNE JENNINGS
Tucked away within the massive Deaf Smith County courthouse of elegant and solid architecture is a piece of delightful whimsy, a spiral stairway.

To find it, one must enter the inside office of the county clerk, look to the left and there it is. Unnoticed by most and taken for granted by others, few appreciate this unique feature of our civic building.

But not so, the children, who are ever alert for such fascinations. Practically all youngsters who come to the office make at least one trip down and back up the enchanting stairway according to Lillie London, county clerk deputy.

Mrs. Elmer Patterson in the

Street Topping At Allison Sub-Division

The first asphalt topping to be run on any of the streets being paved under Hereford's new street construction program was Plains Avenue, the center street of the new Allison addition. The asphalt was poured last Wednesday about 5 p. m. Top picture shows completion of the first strip on the project and partial completion of the first two houses to be built there. The second photo shows the men actually pouring the asphalt. In the foreground, J. R. Allison inspects the work.

Chronology Of Armistice Day Observance Events Today

Plans for the celebration of Armistice Day as outlined by the American Legion and Veterans of Foreign Wars are listed below in the daily schedule of events:

- 8:00 a. m.—Merchants display flags
- 8:00 a. m.—Turkey Shoot—Witherspoon place, 1 mile west of town town on Clovis Highway across from cannery
- 11:00 a. m.—Parade—Main Street
- 12:00 noon—Basket Lunch—City Park
- 2:00 p. m.—Roping Contest—Rodeo Grounds at Veterans Park
- 2:30 p. m.—Bingo Contest—Club house at Veterans Park
- 3:30 p. m.—Children's Contest—Baseball Diamond at Veterans Park
- 8:00 p. m.—Dance—Club House and City Hall

Special Entertainment For School Students

Even the school age group have their special entertainment scheduled today in the American Legion and Veteran's of Foreign Wars all-out drive to provide entertainment for the whole family in celebrating a

combined Armistice and X-Day holiday.

Under the leadership of Gerald Wilson and Raylan Evans, the kids are invited to join in sack races, greased pole and greased pig contests to be held in the Baseball Diamond at Veteran's Park beginning at 3:30 p. m.

Contestants will be divided into two age groups in each activity, an 8-11 and 13-16 age group.

A 100 pound pig "with a zest" (Continued on Page 8)

Automobile Taken; Cash Is Stolen

A car and about \$75 worth of money and loot was stolen in a series of six robberies and thefts which occurred Sunday night in Hereford, Sheriff J. C. Reese disclosed.

The automobile was taken from the Sharp and Edwards used car lot on Highway 60 and cigarettes were stolen from the Lone Star Market and Farmers Drive-in where the burglars also took about 70 cents in pennies. They took \$4 from John Woods Equipment Company, two guns from Baker's Gun and Key Shop and ammunition from Barclay, Fuller and Phipps Hardware Store.

Automobile Is Recovered
Probably taken about dusk Sunday, the car was recovered Monday in Clovis. Police there say two youths abandoned the vehicle about 9 p. m. Sunday evening. The 1936 black Ford (Continued on page 4)

Former Movie Cameraman To Judge Photos

The Hereford Camera Club will hold its regular meeting tonight at the Beta Eta Room of the Court House when members will hear T. M. Caldwell of Amarillo in a lecture and judging review.

Caldwell will discuss the pictures exhibited by the club for the public two weeks ago, and will judge the 76 prints on a technical-photography basis.

A former camera man with Warner Brothers Studio in Hollywood and also an ex-news-paper photographer, Caldwell is now operating a photography studio in Amarillo.

At the local showing, the public chose a landscape by Martin Simpson as the best picture and second place went to his print of the Toy Manchester that was also exhibited at the Tri-State Fair show. Third place winner was a self photo by Elmer Patterson showing his entire family watching a screening of a movie of themselves.

Each month the Camera Club has a special project. For this meeting, however, the subject was not designated and any picture type may be used.

? QUESTION ? of the WEEK

Do you think we should have some kind of armistice holiday for World War II?

Mrs. Don Webb: I've been wondering why someone didn't do something about this. I think it is important that we should observe a holiday for World War II peace as well as World War I since it probably means as much to more people than even November 11.

Dr. C. D. Kelton: I think a day commemorating the end of World War II would be awfully good because all such events should be remembered. I hardly know what date would be set for such a holiday except some definite and official date at the end of the last war should be decided and that date used.

Raylan Evans: I think that both V-J and V-E Day should be observed as national holidays and perhaps V-J Day chosen as the main one. I believe the ending of World War II now means more to more people than even our present Armistice Day, since it covered more of the globe and more peoples. The Veterans of Foreign Wars are working on this now and I believe in another year something will be done about it.

Mrs. A. Petersen: Since World War II was a greater catastrophe than World War I and involved more people, I certainly do think we should remember it in some way and to me V-J Day seems the logical day to keep as a holiday.

Funeral Services Held Sunday For J. L. Fuqua

Those from Hereford attending funeral rites held Monday afternoon for J. L. Fuqua, pioneer Hereford cattleman, who died in Amarillo Friday following a heart attack, were Mr. and Mrs. Alton Fraser and son, Jon, Mesdames: Jeff Gilbreath, C.

(Continued on Page 8)

Elliston Brothers Schedule Quarter-Horse Sale Friday

N. G. Elliston and R. W. Elliston are holding their regular quarter-horse sale, Friday, in the Sale Barn beginning at 1 p. m.

The Elliston Brothers have been holding these sales for several years. The last time their horses were placed on the auction block here was in June, 1947. Tomorrow they are offering 65 head of colts, twos, and threes for sale.

Auctioneer for the sale is Don Estes, noted spicler who has conducted cattle and horse auctions in Lubbock, Midland and San Angelo. In referring to Estes, Elliston said, "He knows his horses and understands the breeding line. We believe he is a good man to handle the job."

The largest quarter horse breeders in this vicinity, the Ellistons have been in the business about 30 years. Former sales have brought buyers from Oklahoma, New Mexico, Colorado and such distant points as Louisiana, Nebraska, Mississippi and California.

These quarterhorses were bred on the Ellistons Farms southeast of town.

It's Also Fruit Cake Baking Time

Do Your Christmas Shopping Early; Plan Your Gifts, Only 37 Days Left

Only 37 shopping days left until Christmas! Although Armistice has just been wrapped up for another year and Thanksgiving is yet to be celebrated, it is time to begin that early Christmas planning.

Remember. Get them stamped and ready to go and then just dropping them in the mail box becomes a matter of choice.

Start planning your Christmas gifts. Buy them early if you find what you want and you won't have to take just whatever the shops may have left. If any particular name on the list has you stumped, early planning gives you longer to look around for a gift to please.

The stores are already stocked on Christmas decorations and tree accessories. Check your last year's supply and replenish those that need new. Might as well have them handy.

This is fruit cake baking time. (Continued on Page 8)

Bud-to-Blossom Club Launches Plan For Improving Camp Fire Hut Ground

Bud to Blossom Club launched plans for its first major project Friday afternoon at a meeting held at the Camp Fire Hut. The project "Improving the Camp Fire Hut Grounds" will be the club's main interest for the year with complete plans for landscaping and beautification already worked out.

Friday afternoon tulips of four different kinds were set out; All-Bright, which is red, Zwanenburg, white; Phillip Snowden, rose and yellow Giant. These were placed at both entrances to the buildings.

Mesdames H. H. Caraway, E. D. Hopson and W. V. Hull furnished Iris from their own gardens in different varieties which were placed on the South and North sides of the grounds, where Ninth Street and Nash Avenue meet.

Previously the club had the grounds leveled and the shrubs and other plants will be added from time to time according to plans. The walks were put in by Mrs. Earl Plank's Camp Fire Girls, the Tawankas.

Included in the beautification plans are forsythia from Mrs. Bob Wilson's garden, box hedge from Mrs. Dennis Barnard's garden, and two juniper bushes from Mrs. Wirt Phillip's yard. It has been suggested that a pyracantha will be placed on

Wyche H. D. Club Meets At Olson Home

"My idea of ideal accessories" was the subject of roll call given at the meeting of the Wyche Home Demonstration Club held Thursday in the home of Mrs. George L. Olson.

During the business session which was conducted by Mrs. Ira Scott, members voted to entertain during the Thanksgiving holidays at a turkey dinner in the home of Mrs. Scott. Plans were made for the lunch to be served by the club at the home sale to be held in Hereford on November 12.

Mrs. Tom Draper's demonstration consisted of an inventory of accomplishments in clothing, one of the demonstrations stressed during the past year. Mrs. Draper advocated making a clothing inventory and budget to fit each individual and in her demonstration showed how to clean and block a felt hat.

Those attending were Mesdames V. P. Walker, E. C. Hewitt, Jr., H. H. Caraway, Ira Scott, R. L. Coconaugher, A. E. Jury, Elmer Reinhart, Truitt Johnson, Jack Williams, L. E. Minor, Ira Ott, Tom Draper and the hostess.

the north and south sides of the building and the club will be glad to receive donations of pyracanthas. Those desiring to furnish one or more of the shrubs to the project are requested to call Mrs. W. V. Hull (316 J) project chairman, and she will arrange the placement.

The lawn and summer flowers will be planted in the spring and members hope to be able to point to the result of their labor with pride, by midsummer.

Those answering roll call when the short business session was held at the meeting were Mesdames H. H. Caraway, Ben Childers, R. A. Daniel Jr., Norman Gray, E. D. Hopson, W. V. Hull, J. D. Neill, Cecil Parker, W. H. Patton, and Clyde Russell.

It is estimated there are still at least 2,000 covered bridges in the United States.

Of Interest To Women

By CYNTHIA LOWRY
AP Newsfeatures Writer

Some rumor seems to be one of the most important forces in the world—but it's high time people stopped giving rumor a feminine gender.

A quick check-back in most of our lives will show that, man or woman, we've all done some neat little jobs for the dame.

Surely you know the story—or variation thereof—of the dead man in the subway? It's a typical rumor-story that flares up with the regularity of a chain letter craze. Like all good rumors, it invariably happens to a good friend of your best friend.

This woman friend of a friend of yours was going home late one night in the subway (Metro, Paris; Underground, London) and a couple of tough-looking men came in, supporting between them a passed-out drunk. Your friend's friend buried herself in the newspaper (magazine or book) and a few stations later looked across the aisle. The two toughs had gone, but the drunk was still there staring at her.

Well, sir, just about then, the train went around a curve—and the man slid to the floor. Dead as a herring, he was, drilled neatly through the head (chest or heart).

That's an oldy, I've told it myself—about the friend of a friend—and believed it. The "Polish Murderers" saga is another traditional bit of rumor—and it pops up from time to time as gospel in some of our most reputable newspapers—and from a number of different countries.

That's the one about the boy

who left his native land when young, came to America, and made a pile of money. Finally he decides to go back to Poland (Italy, France, Spain—any place) to see his aged parents. So he loads himself with gold, returns to the old home place one evening, and—just for the fun of it—decides not to reveal who and how rich he is until he gets up in the morning. The old folks are very hospitable. That's right. During the night the poor old parents kill and rob him. Of course, it is always told as happening to somebody only a couple of acquaintances away from the teller.

A typical war-time rumor—and during war times rumors really fly—is the hoary sad tale of Little Alf's Stamp collection. That one, a very popular basic plot during World War II, actually was told during the Civil War days.

Here's one version: an American flyer was shot down and taken prisoner. His family received a letter from him, sounding as if things were not too unpleasant in his prison camp. But the last line said: "Soak off the stamp. It's valuable. Give it to little Alf for his stamp collection."

There was no little Alf in the family, but the stamp was soaked off anyway. And under the stamp the horrified family found written, starkly: "They've ripped out my tongue (or cut off my feet)." This was a good story, except prisoners of war didn't put stamps on their letters.

David J. Jacobson has written

Man Bites Dog!

"You Americans may think we Chinese eat some unusual things," Peter Chen of Wayland College stated, "but we think it is peculiar that you should eat dogs—even if they are hot dogs. However," he added, "I have tried some of your hot dogs—and I like them."

Sunday School Class Of 13-Year-Old Girls Is Organized Here

A meeting of the thirteen year old girl's class of the First Baptist Sunday School met Thursday afternoon to organize their class.

A song, followed by the devotional given by Mrs. T. B. Cox opened the meeting. During the business meeting Marian Lomenick was elected president; Janey Murrell, vice-president; Patsy Hamby, secretary and treasurer; Nettie Jo Williams, social chairman; Treva Rhea Smith, reporter.

Refreshments were served to Treva Rhea Smith, Janey Murrell, Marian Lomenick, Patsy Hamby, Mrs. T. B. Cox, her daughter, Elaine Cox, and one visitor.

When the National Football League campaign got under way, three teams—the Boston Yanks, Philadelphia Eagles and Pittsburgh Steelers—had never won a game from the Chicago Bears.

Ohio still has more than 500 covered bridges.

HELP WANTED

While police were investigating this, an employee at John Woods Equipment Co. came over. He was asked if his place had been burglarized. Investigation proved that a window on the west, until then unnoticed, had been shattered and the safe had been moved from the office to the shop where it was battered in, but had not been opened. The \$4 was all that was taken.
Revolver, Ammunition Taken.
The Lone Star Market, entered about a month ago when cigarettes, candy and a small amount of cash were taken from the grocery, was again ransacked. The culprit entered this time by removing a panel on the back door and here they took several cartons of cigarettes.
Baker's Gun and Key Shop, further down the highway, reported the loss of a .45 and .38 calibre pistol and ammunition for the .45. This robbery had been discovered by the nickelodean repairman about 1 a. m. Sunday when he brought a load of juke boxes in from Vega.
Amateurs Believed Responsible.
The last place to be entered.

Burglaries . . .

(Continued from page 1).

sedan has a switch type ignition which did not require a key and Reese theorized that it may have been stolen by hitchhikers who wanted a lift to Clovis.
The chain of thefts began to be reported Monday morning when Troy Moore discovered someone had broken out a window on the west side of the building.
While police were investigating this, an employee at John Woods Equipment Co. came over. He was asked if his place had been burglarized. Investigation proved that a window on the west, until then unnoticed, had been shattered and the safe had been moved from the office to the shop where it was battered in, but had not been opened. The \$4 was all that was taken.
Revolver, Ammunition Taken.
The Lone Star Market, entered about a month ago when cigarettes, candy and a small amount of cash were taken from the grocery, was again ransacked. The culprit entered this time by removing a panel on the back door and here they took several cartons of cigarettes.
Baker's Gun and Key Shop, further down the highway, reported the loss of a .45 and .38 calibre pistol and ammunition for the .45. This robbery had been discovered by the nickelodean repairman about 1 a. m. Sunday when he brought a load of juke boxes in from Vega.

Spiral Stairway

(Continued from page 1)

Not long ago an out-of-town woman asked to see the little stairway as she had heard about it from someone who had seen in a trip here doing business in the clerk's office. She didn't try the stairs but her little grandchild did.
Is Dainty In Appearance
It's sturdy iron structure is dainty in appearance and the whole thing takes only a small space in the corner of the room and it is because of its delicate makeup that it is so easily missed.
Fourteen small square rods topped by a light rail make up the stairway by which one descends. The complete stairway which follows the stairs contains only 16 of these light rods. A light gray paint adds further to its unobtrusiveness.
Fifteen pie-wedge shaped stairs spiral downward from the center post which is finished with a knob at the top. The post is about ten to 12 feet high from the top to the bottom which stands on the basement room floor.
Nothing Exciting At Bottom
Reaching the bottom of the stair there is nothing exciting there, merely a room in which old, old records are kept which are not often used but must be kept just the same.
Only the means of getting down and back up, following the spiral staircase offers anything interesting and unusual.
It is as though, the man who designed it, had in mind a building that would long endure, be

Temperatures . . .

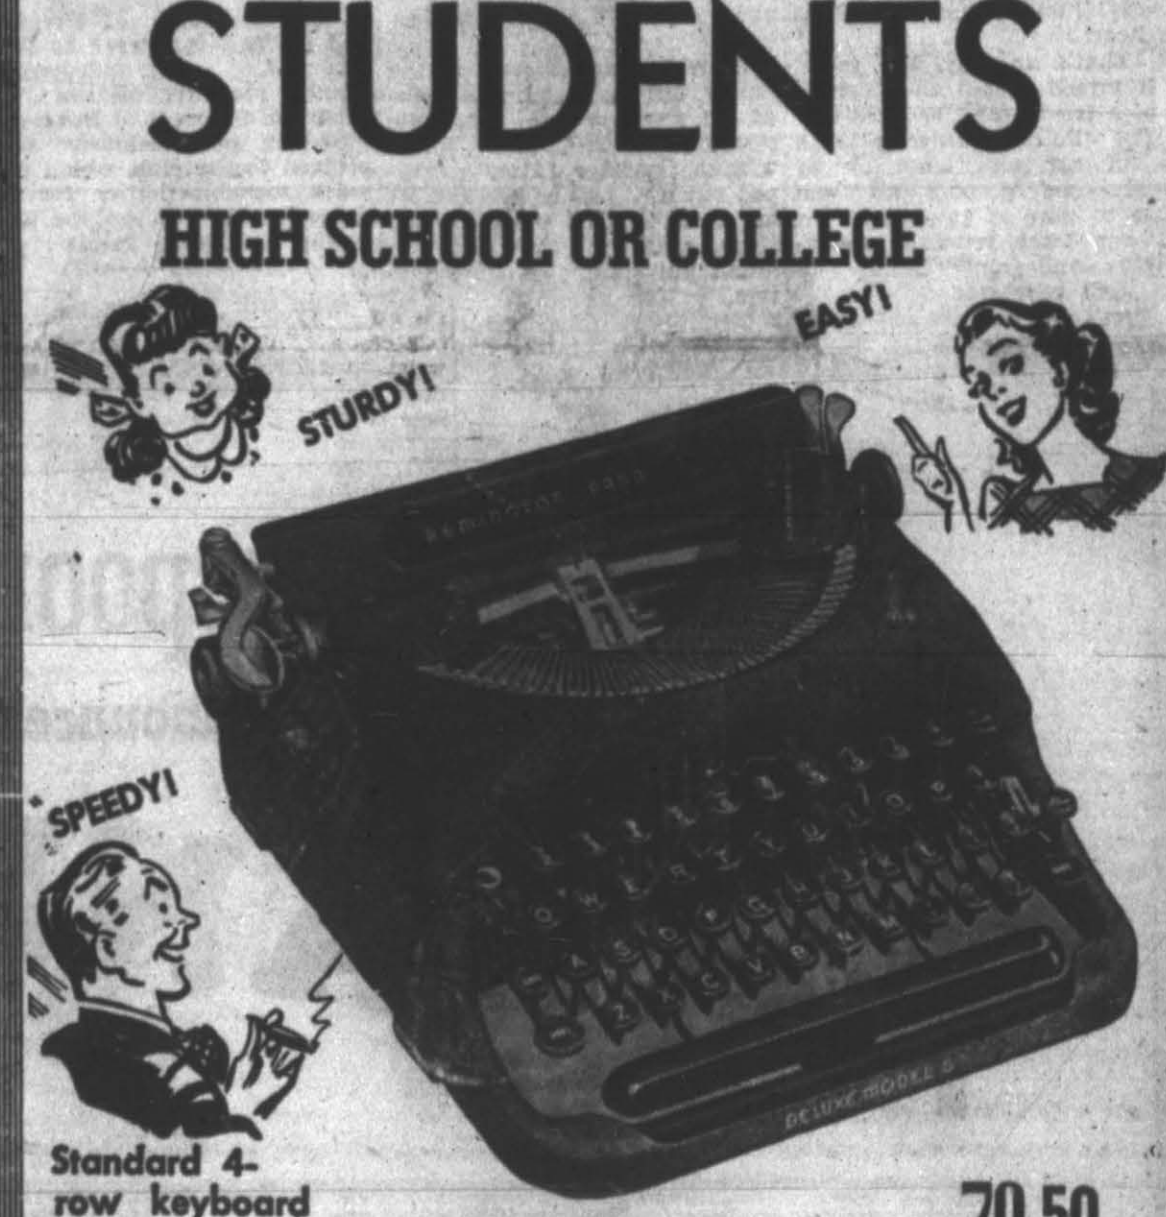

(Continued from page 1)

Office show a total of 1.97 inches of rainfall for the Hereford area in the month of October, most of which fell October 31.
Other communities receive 1.73 inches in the Garcia area with a gauge located miles west of here; the same amount was recorded in the Vega area; only .50 inch in the Walcott area; with the highest of 3.05 in the Palo Duro community; 1.39 for Dawn and 1.1 inch in the Summerfield district.
practical, useful and beautiful and might have laughingly added this little extra touch to satisfy a whim, wondering if any would ever notice and appreciate its beauty.

News From Frio

By LAMERLAS BERRYMAN
Due to bad weather, sickness and other causes there were only 80 present for Sunday School last Sunday.

The local brotherhood met Monday with Henry Dobbs and J. C. Irvin in charge of the program. The Women's Y. W. S. which was organized at the last brotherhood meeting also met. Taking part on the program were Mrs. H. M. Mobley, Mrs. H. E. Lindley, Mrs. W. H. Thompson, and Mrs. Floyd Cole, president. Home Demonstration Club met November 3, with Mrs. H. E. Lindley, Mrs. Tom Draper, C. H. D. A. gave a demonstration on accessories and the cleaning of hats.

The meeting of November 17 will be in the home of Mrs. Fred A. The program will feature a book review.

Amarillo visitors Tuesday were Mrs. W. A. Springer, Mr. and Mrs. Elbert Springer and Mr. and Mrs. A. T. Jones.

J. M. Simpson of Kress visited in the D. O. Benson home Sunday.

Mr. and Mrs. Henry Andrews and daughter, Doris Jean were Amarillo visitors Sunday.

Mr. and Mrs. R. V. McMahon Sr., of Dimmitt, and Marvin Davis of Floydada visited in the H. M. Mobley home Sunday.

Ralph Cob of Lubbock and Mr. and Mrs. John Cole of Sumnerfield visited in the Earl Cob home Sunday.

Owen Andrews was an Amarillo visitor last Friday.

Mr. and Mrs. Hiram Odum and family of Dimmitt, Mr. and Mrs. Othie Snow and family were Sunday dinner guests in the W. H. Thompson home.

Mr. and Mrs. J. E. Andrews and daughter, Alma, were in Amarillo Thursday to take Mrs. Alma Spruell and daughter, Elean who were taking a bus there for their home in Loco, Okla.

Mr. and Mrs. J. P. Jones are the parents of a daughter, Cynthia Diane who was born November 2 in the Deaf Smith County Hospital.

Qwen Andrews and A. T. Jones were in Clovis Wednesday.

The Girls Auxiliary met Monday night for a regular meeting. Those present were Evelyn Jean and Sherry Benson, Gladys and Oma Ruth Thompson, Frances and Veradette Andrews and Sue Berryman.

The first meeting of the Sunbeams was also held at this time. Stories were read by Don Mobley, Joe Ed Andrews, Lamerlas Berryman, and Estelle Mobley. Christmas carols were sung by the group. Those present were Lavonne and Tawana Thompson, Carolyn and Marilyn Cole, Don Mobley and Joe Ed Andrews.

A "42" party was held Friday night in the E. B. Berryman home and the young people had a party in the Olin Farris home Saturday night.

Letters For Europe Drive Being Pushed

NEW YORK, (AP)—A young American writer and a score of continental newspapers have joined forces in an ambitious campaign to get Europeans and Americans better acquainted—by mail. Their goal is the annual exchange of millions of personal letters between Mrs. Average Citizen, U. S. A., and his counterpart in ten Western European countries.

The American is Robert Farr, 30, magazine writer. European collaborators in the program are newspapers in France, Belgium, Italy, the Netherlands, Denmark, Finland, Sweden, Norway, Luxembourg, and Switzerland.

Farr is founder and director of the International Friendship Association, which has launched a nationwide campaign to get Americans to write letters about themselves, their activities and America. These letters, which also may stipulate the type of European with whom the writer would like to correspond, should be addressed to "Friendship Association, Summit, New Jersey."

The Association will relay the letters to cooperating European newspapers. The latter will distribute them to their readers. From that point on, the writers on both sides of the Atlantic are on their own. They will mail succeeding communications direct to each other. The Association will furnish stationery to most of the European correspondents.

"This isn't a new idea. We are just expanding an idea that's already been tried out successfully," Farr said.

Dr. E. N. Jones Speaker for Federated Clubs Program To Be Held Friday

Dr. E. N. Jones, vice-president of Texas Technological College, Lubbock, and former dean of Baylor University, will speak on "International Relations" at the second quarterly meeting of the Deaf Smith county Federation of Women's Clubs, scheduled for Friday, in the First Methodist Church.

Mrs. Colby Conkwright, chairman of the International Relations Department will be in charge of the program and has announced that the program will luncheon at one. The program promises to be one of the outstanding events of the year. Dr. Jones is well informed and is in much demand as a speaker on international problems. The public is invited.

Hostess clubs for the luncheon will include Child Study, Bud-to-Blossom, L. A. E., L'Allegria and West Hereford Home Demonstration Club.

The regular meeting of the executive board was held Saturday at the Court House in a business session. Mrs. Ray Johnson, county federation president, presided and appointed Mesdames Charles Burk, John Jacobson Sr. and Bob Higgins on a committee to revise the constitution. The scholarship fund was discussed and action on the Gilmer-Aiken Bill was given consideration. A special meeting of the hostess committee for the Friday luncheon was held after the board session.

Mrs. Minton Is Club Hostess

Mrs. Forrest Minton was hostess for the Garden Beautiful Club meeting Friday afternoon with Mrs. N. D. Bartlett Jr., presiding.

During the business members voted to set out 200 tulip bulbs near the high school.

Mrs. J. W. Kirby was leader of the program and gave a talk on "What to Look For in Roses" pointing out that the fall is the best time for planting roses and telling of the best types for this locality.

Mrs. S. L. Easley read a paper on "Roses for the Plains" and Mrs. George Graham spoke on the topic "Peonies Are As Sophisticated as Orchids."

Mrs. J. M. French demonstrated a table arrangement for a football banquet using the Hereford High School colors of maroon and white. Tall tapers wrapped in colored ribbon represented the goal posts and the schedules for the year were on maroon football placecards.

Those present were Mesdames N. D. Bartlett Jr., S. L. Easley, J. M. French, George Graham, J. W. Kirby, F. P. Lyons, R. B. Miller, Helen Pipkins, Mary Seigler and the hostess.

Hopes To Catch Pest Napping
HONOLULU, (AP)—Government insect experts trying to control the destructive Malayan fruit fly hope to catch the pest napping. Entomologists now are searching in South Africa and Malaya for enemies of the fruit fly. They want to find insects that will attack the fly during the pupa, or "sleeping," stage of its development. During the demobilization in the Pacific in 1946, when traffic was moving freely in and out of Hawaiian ports, the Malayan fly found its way to the Islands. Now it's doing thousands of dollars worth of damage to Hawaii's fruit crops.

Cotton Trading Moves At Active Pace In Texas

Trading in spot cotton moved along at a fairly active pace last week in Oklahoma and Texas, but failed to match the brisk activity of recent weeks, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Closing of the markets on Tuesday cut into the week's sales at Dallas, Houston and Galveston where only 89,045 bales were sold compared to nearly twice as many the previous week. Similar conditions also prevailed at the other seven spot markets of the country.

Inquiries were numerous for both export and domestic shipments. Demand among local merchants and shippers was good for Strict Low Middling and better ranging in staple lengths 7/8 inch through 1-1/16 inch. Domestic mills wanted medium grades ranging in staple lengths 7-8 inch through 15-16 inch. Some export sales of Strict Low Middling through Strict Middling in staple lengths 15-16 inch through one inch were made.

Middling 15-16 inch cotton closed Friday nearer to 31 cents per pound than it has been in several weeks. Net advance from Monday through Friday averaged about \$1.50 per bale at most markets. Spot cotton prices last year at this time were about \$4.75 to \$5 per bale higher. Also, near month futures were fairly steady to a little higher at the close of the week, while the more distant months showed much strength.

Cottonseed prices to farmers went up \$3.00 per ton in Texas last week and \$1.30 in Oklahoma. Average price for both states at the gin was \$73.50 per ton.

Polio Foundation Members Here At Amarillo Meet

Three members of the local chapter of the Infantile Paralysis Foundation attended a meeting in Amarillo Thursday, at 1:30 p. m. when representatives of Panhandle chapters heard the state chairman, Ed Stewart, outline the situation which Texas faces regarding the fight against poliomyelitis.

Paul Harvey, chairman, Leonard Foster, treasurer, and Bruce Wooddell, chairman of the March of Dimes drive were at the conference in the Herring Hotel with men from seven other surrounding towns.

Stewart explained the necessary scope of the 1949 drive saying "Texans have already scraped the bottom of their bucket of funds. We have had over 1400 cases of polio in the state this year and the citizens are going to pitch in and plan larger contributions if we are to continue our fight against this appalling disease."

The local funds were long ago exhausted, Harvey declared, and the Hereford chapter has had to go to the national foundation for grants exceeding \$4,000 to care for their own expenses.

Fifty per cent of the contributions of each town are sent to the national foundation and twenty five per cent of that goes into a research fund. The remainder is set up as a surplus from which local units may draw if they use up their own money, just as Hereford did this year.

The March of Dimes drive is held annually in January.

Decrease Again Reported In Santa Fe Carloadings

Santa Fe System carloadings for week ending November 6, were 26,251 compared with 30,531 for same week in 1947.

Cars received from connections totaled 13,303 compared with 12,793 for same week in 1947.

Total cars moved were 39,454 compared with 43,324 for same week in 1947.

Santa Fe handled a total of 43,842 cars in preceding week of this year.

Sid Luckman, who joined the Chicago Bears of the National Football League in 1939, had tossed 124 touchdown passes before this season opened.

At 20, Bobby Layne of the Chicago Bears is the youngest quarterback ever to direct a team in the National Football League.

Despite Army's win this season, Harvard holds a 16-11 margin over the Cadets in a series dating to 1885.

Army scored but one touchdown against Harvard in the first 15 games played between the two schools, beginning with the 1885 contest.

Personal

Mr. and Mrs. Amos DeWolf visited his son and family, Mr. and Mrs. Don DeWolf, and a daughter and family, Mr. and Mrs. Larry Gordon of Guymon, Okla., over the weekend. Mrs. DeWolf remained over until Wednesday visiting friends, Mr. and Mrs. Giles E. Miller, also of Guymon and will visit another daughter and family, Mr. and Mrs. Nolan McWhirter of Goodwell before returning home.

Rev. and Mrs. Homer W. Halslip of St. Louis, spent the weekend in Hereford enroute home from the Pacific coast where they had been since April. Rev. Halslip conducted the evening services at The First Christian Church Sunday evening. He is employed by the Christian Publications and she works with The Bethany Sunday School supplies in St. Louis.

SWISS TRY HELICOPTERS

ZURICH, (AP)—Swiss postal authorities are experimenting with helicopters as a means of speeding up air mail from principal post offices to airports.

Tests already have been made in Zurich and further experiments are planned in Lausanne and Bern. In Bern, flights will

Mr. and Mrs. Ervin Kimmins and son, Mike, of Phillips, spent the weekend here with her father, A. C. Hayes and other relatives.

be made from the roof of one of the postoffice buildings to Thun and Biel.

Basketball Slate Of 22 Games Scheduled By Wayland College

PLAINVIEW—Opening the season against Sayre Junior College of Sayre, Oklahoma, here on November 22, the Wayland College Pioneers, defending State Junior College Champions, have a basketball schedule that calls for 22 games.

Included on the tough schedule are games against McMurry College, Hardin College, and Eastern New Mexico. Eleven of the games will be played in the Lindsey Nunn Gym on the Wayland Campus, and the other eleven will be away from home on a return game basis.

Youthful Coach Harley Redin, who is starting his third year as head Wayland mentor, believes his squad will be comparable to the 1948 crew. D. W. Harkins, Leveland fire-ball who was the third high point man in conference play throughout the state last year is back along with big Leon "Runt" Burch of Plainview, six foot five inch pivot man, co-captain T. K. Criswell of Anton, and Bill Knighton of Canyon, excellent floor men who should have a better season this year than last.

With four men back in his starting lineup, Coach Redin will have an excellent opportunity to make a fine showing as the Pioneers play their last year in Junior College competition.

Several hardwood prospects will give the four lettermen plenty of competition before Redin picks his starting quintet. The coach will have plenty of material to fill up the gap vacated by George Goodson, the other starter on last season's championship squad. Goodson,

a junior at Wayland, is not eligible for conference play.

Conference games this season will include dual battles with Howard County, Odessa Junior College, Amarillo Junior College, and Clarendon Junior College, a newcomer to the west zone of the Texas Junior Athletic Conference.

Following is the schedule:

Nov. 22—Sayre Junior College, Plainview.

Nov. 29—Sayre Junior College, Sayre, Oklahoma.

Dec. 1—McMurry College, Plainview.

Dec. 3—Hardin College, Plainview.

Dec. 9—E.N.M.C., Portales.

Dec. 11—N.M.M.L., Plainview.

Dec. 13—Frank Phillips, Plainview.

Dec. 16, 17, 18—Ranger Tourney Jan. 4—W.T.S., Canyon.

Jan. 8—Hardin College, Wichita Falls.

Jan. 11—Panhandle A & M, Jan. 21—Howard County (Conference).

Jan. 22—Odessa Junior College, Odessa.

Jan. 25—Clarendon Junior College, Plainview.

Feb. 2—Panhandle A & M, Plainview.

Feb. 4—Amarillo Junior College, Plainview.

Feb. 7—Clarendon Junior College.

Feb. 9—Frank Phillips Jr. College.

Feb. 11—Odessa Junior College, Plainview.

Feb. 15—Amarillo Junior College.

Feb. 18—Howard County, Plainview.

Amarillo Poet's First Book Is Published In N. Y.

The publication of a book by one of Texas' most beloved poets, Mary Miller Beard, of Amarillo, was announced this week by Henry Harrison, New York poetry publisher.

Though Mrs. Beard's poems have appeared in countless magazines, newspapers and anthologies, this is her first volume. Called "Singing Through," the book, which contains a foreword by the well-known poet, Luella Trent, herself a Texan, glorifies the manifold wonders of the Lone Star state, especially in the section titled "Nature Studies." Other sections are "Philosophical," "Historical and Prophetic," "Metaphysical," and "Poems of Sentiment."

Mrs. Beard, lecturer, college professor, Chautauqua and Lyceum attraction, has appeared in such national magazines as Liberty, Poetry, and Psychology, among many others, and her work is especially well known to Texas newspapers. She is a past president of the Panhandle Pen Women and a vice-president of the Poetry Society of England. Much of her poetry has been published in England, as well as in France and India.

Of Mrs. Beard's poetry, the late Edwin Markham, author of "The Man with a Hoe," wrote: "She is a poet of heart power and spiritual force which comes only from living the poetry she sings."

A quatrain by Mrs. Beard, "Vision," bears out her Shelleyan theory:

As the sun before its time for coming up
Reflects its image in the skies' blue cup,
So poets often see, as in a glass,
Far-off events before they come to pass.

Calves Have Open Date This Week; Defeat Phillips 26 To 0

By JUNIOR McGEE

The Hereford Calves, B team to the Whitefaces, who last week defeated the Phillips' Blackhawk's B squad 23-6, have an open date today. They will play the final game here Nov. 18 against Tula.

Phillips' one and only score last Thursday came in the opening minutes of the game on a fumble recovery following the kickoff.

Falling to make a first down, Phillips was forced to kick. Hereford again fumbled on the kick and Phillips recovered on the Calves 12-yard line.

The next three plays set up another first down for the junior Blackhawk's. Cox hit right guard but was stopped by the Hereford line for no gain. Cox carried around right end for the touchdown. The pass attempt for the extra point was incomplete.

The Calves first score came

in the first quarter also. Receiving the ball on a Phillips kickoff Forbus ran the ball back to the 35 yard line and by able assistance of Brock Morton managed to the four yard line. From there Forbus plunged over the goal stripe. Morton ran around right end for the extra point.

The second score of the locals came in the second quarter when Phillips was again forced to kick. Hereford took the ball on the 50 yard line and Brock Forbus, Morton and Corbett were responsible for the touchdown. All four made good gains taking the ball to the one yard line where Corbett took the ball over center to score. Alston, Hereford's right end, drop kicked for the extra point.

Hereford's third score came in the opening minutes of the third quarter when the Calves recovered a fumble of Phillips' 28-yard line. Morton and Cor-

bett made small gains through the line until Brock caught a pass from Corbett and sprinted to the four-yard line. Morton completed the remainder of the trip to score. Alston attempted a pass for the extra point but was knocked down.

The final touchdown came from another Phillips fumble that was recovered by the Calves on their own 20 yard line. Forbus again scored for Hereford on the following play.

Cox and Hodges were outstanding for the Blackhawk's on offense and defense.

Forbus and Harold Morton were outstanding on offense for Hereford. Corbett did a good job at the quarterback position. Luek and Wendell Morton also were outstanding in the line.

Phillips became the first team this year to score on the Calves. Coach Alton Criswell said 22 men played for Hereford and all turned in their most outstanding performance to date.

Statistics

Hereford—14 first downs, seven passes attempted, five fumbles, six fumbles recovered; 23-yard punt average, 240 yards

Hospital Notes

Patients dismissed—Mrs. Glenn Roberson, surg.; Mrs. Clyde Cave, surg.; Mrs. Troy Moore, med.; Bette Jean Noland, T & A.; Doris Nell Walker, T & A.; Mrs. C. T. Thames, surg.; Fowler Kuykendall, med.; George M. Hooker, accid.; Mrs. Kate Paddock, ortho and surg.; L. N. Froelick, med.; Mrs. John Cole, O. B.; Mrs. H. L. Shields, O. B.; Mrs. O. L. Click, med.; Mrs. J. F. Chestham, O. B.; Mrs. R. Darrill, surg.

Patients in the hospital: Mrs. H. G. Conkwright, ortho.; Mrs. Rosie Wentworth, ortho.; Hiram B. Slagle, ortho.; Mrs. Joe Hoffman, med.; Mrs. W. A. Laster, surg.; Mrs. J. P. Jones, O. B.; Mrs. R. M. Larmer, surg.; Mrs.

T. Faulkner, O. B.; F. R. Steving, surg.; Mrs. Marlin Gilliland, surg.; Mrs. C. S. Balnum, surg.; Mrs. Mark Koenig, O. B.; Mrs. H. Goettsch, med.; Mrs. J. H. McDonald, med.; Mrs. L. R. Baxter, surg.; Mrs. E. Reinauer, O. B.; Gary Wayne Tyler, burn; R. L. Brown, accid.; Mrs. E. C. Burks, surg.

Babies born in the hospital: Margaret Helen Faulkner, daughter of Mr. and Mrs. Thomas M. Faulkner, November 5; Richard Alan Koenig, son of Mr. and Mrs. Mark A. Koenig, November 7; John Frank Chestham, son of Mr. and Mrs. J. F. Chestham, November 5; Lucille Irene Shields, daughter of Mr. and Mrs. Lynn Shields, November 5; Thomas Lee Reinauer, son of Mr. and Mrs. E. C. Reinauer, November 6.

Mr. and Mrs. Johnny Biggs and daughters of Midland are expected to arrive today for a visit with his mother, Mrs. R. W. Carroll, and other relatives. Mr. and Mrs. Biggs are former Hereford residents.

gained rushing.

Phillips—Seven first downs, three passes attempted, one pass completed, five fumbles, five fumbles recovered, seven punts, 25-yard average, five penalties, 104 yards gained rushing.

Riders Club Is Entertained With Big Fish Supper

Members of the Deaf Smith County Riders Club were entertained with a big fish supper Thursday evening at the City Hall when Mr. and Mrs. Ky Lawrence, Mr. and Mrs. Joe Kendall and Mr. and Mrs. Jeff Roberson were hostess to the club.

The Kendalls, the Lawrences and Jeff Roberson had just returned from a fishing trip near Hot Springs, New Mexico and brought some several fish weighing 30 to 40 pounds which they shared by entertaining their club group.

Table decorations were carried out in autumn multicolored leaves, miniature horses, mules, cattle and other western features.

A call meeting followed the supper in which plans were made to assist the American Legion and the V. F. W. with their Armistice Day Program. Rodeo committee appointed, included Eat Lawhon, Lee Hopson, and Don Webb.

Other committees appointed were for building and finance, Ky Lawrence and Jim Neill; nominating committee, Mal Stewart, Lee Hopson and Mrs. Ralph Sears; benevolent committee, Hugh Clearman, Mrs. Lee Hopson, Mrs. Don Webb and Jack Wilson.

HONG KONG (AP)—Carrying a cargo of leopards, monkeys and King Cobras, the API liner President Tyler is on its way to the United States. Included in the floating zoo are panthers, wild cats, lemurs, pythons and 30,000 tropical fish. In charge of the animals is William Carew Redfield, who is accompanying them to Los Angeles.

Farm Products Bring Firm To Higher Prices; Movement Of Turkeys Remains Light

Southwest farm products brought mostly firm to higher prices during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Corn climbed seven to ten cents a bushel for the week, as wheat gained five, oats three, and barley two. No. 1 hard wheat closed Monday at \$2.45, at Texas common points. Based on No. 2 grades white corn sold around \$1.78 to \$1.90, yellow corn \$1.63, barley \$1.45 to \$1.49, and oats \$1.01 to \$1.02 at Galveston. Sorghums gained 12 cents, a hundred pounds to sell at \$2.67 to \$2.72 for No. 2 grade.

Some feedstuffs brought higher prices for the week, while most others held firm. Top quality alfalfa and prairie hay maintained unchanged to firm values. Lower grades took heavy discounts. Peanut quality improved on late diggings. Prices of the Spanish and runner types remained at support levels.

Movements of turkeys to the Thanksgiving market remained light last week. Prices ranged from around 47 to 45 cents for young toms and 45 to 50 for young turkey hens. Eggs strengthened slightly while poultry held mostly steady to firm. Best fresh eggs brought 50 to 55 cents in North Texas, and fryers 32 to 34 cents.

Texas vegetables and citrus fruits moved to market in increasing volume during the past week. South Texas green beans, spinach, broccoli, eggplant and bell peppers had become regular offerings at Fort Worth about unchanged prices. Tomatoes held firm, as Texas shipments began to roll. Truck arrivals at New Orleans included many Texas products such as carrots, lettuce, eggplant and peppers. Sweet potatoes sold firm to slightly stronger in Southern Louisiana.

Gattle sold generally unchanged to \$1 or more higher for the week. Stockers and feeders showed greatest strength in Texas and Oklahoma. Medium and good whiteface stocker calves changed hands at \$19 to \$22 at Houston, where Brahams moved at \$17 to \$20. Medium and good stocker calves went back to the country at \$22 to \$24.50 at San Antonio and \$21 to \$26 at Oklahoma City. Fort Worth took stocker steer calves at \$25 and down. Denver bought a few loads of choice at \$29.

Monday's hog markets brought the week's losses to largely around 50 cents a hundred pounds from a week earlier. Good and choice butchers ranging from 180 to 280 pounds closed around \$24 at San Antonio, Oklahoma City, Wichita and Kansas City, \$24.50 to \$24.75 at Fort Worth, and \$25 at Denver. Sows ranged from \$21 to \$23.

The cars, trucks and buses in the United States, about 38,000,000, contain more than one billion gears and other tough elements.

North Hereford H. D. Club Meets

North Hereford Home Demonstration Club met with Mrs. Oscar Vaughn Thursday afternoon with Mrs. R. A. Fulwood and Mrs. C. L. Whitehead as assistant hostesses.

Reports were heard and Mrs. Harold Pettyjohn won the Penny Gift.

Mrs. Paul Hoff reviewed the book "Miracle of the Bells" and refreshments were served to Mesdames O. L. Massee, George Parker, Mary Bodkin, C. L. Whitehead, Otto Olson, Bill Blackwell, Fred Saltzman, H. E. Pettyjohn, R. E. Barrett, R. A. Fulwood, Paul Hoff, D. F. Mathis and Oscar Vaughn.

The United States has a national society for the study and preservation of covered bridges.

A covered bridge at Lucerne, Switzerland, built in 1333, is believed to be the oldest such span still existing.

enough to seat 150 people and will eventually include a stage to facilitate program presentations.

A smaller meeting room for committees or district officers will also be arranged and a storage room where each scout troop and the senior unit may store their equipment.

When the remodeling process is completed, the scouts will also have a kitchen unit in the barracks.

As soon as the building is wired and can be heated the scouts will begin holding their meetings in Lake Park, although it will be several months before the interior is decorated and it may be a year or two before the final plans can be carried into effect.

"This building will meet a long felt need for a centralized scout meeting place," said Streu. "For years the boys have been using the stone club house near the golf course and have had no building of their own. Under this arrangement, the Boy Scouts will have a building they may use for all their activities."

Around Town ...

(Continued from page 1)

spent their vacations in Colorado this year.

Concrete evidence that some of the new city paving project has been completed may be seen on three blocks of Jackson street. It has caused slight inconvenience temporarily for motorists but what's a little inconvenience to a paved smooth surface later?

The Garden Club Council this year is sponsoring the use of tulips for fall planting for the homes of Hereford, its schools, Camp Fire Hut grounds and other civic spots. The Garden Beautiful Club has just planted 300 tulips near the High School and other clubs are carrying out similar plans. The Council still has a large number left which they would like to see planted.

Mrs. D. C. Barnard has charge them and will be glad to assist anyone wanting to plant them for a beautiful spring showing. It was such a project as this carried out one year that gives us our fall show of yellow, orange and red pyramantha berries.

Entertainment ...

(Continued from page 1)

for living" has been secured for the sleek porker tussel according to Gerald Wilson, which should supply a little more competition than the pig offered in the last contest here.

With five dollar bills as the incentive in the greased pole contests, rules and regulations for climbing the poles have been set by the two chairmen to include not climbing on one another's shoulders or using other means of assistance.

Sack races, tug o'war contests and other games for crowds have been planned.

Hospital Wing ...

(Continued from Page 1)

hospital space has accelerated the staff's desire to move into the new building but several material procurement delays have already pushed back the anticipated date of completion and no definite date can be scheduled.

Stahl is also eagerly waiting their finishing the building so he can photograph the new addition and complete his trilogy pictures on the progress of construction.

Yule Shopping ...

(Continued from page one)

A Christmas without a special dessert is no Christmas at all and getting that cake made and aged now, not only improves the flavor of the cake, but it gets those hours in the kitchen behind you. Besides, fruit cakes can be served from Thanksgiving on.

Of course, like the weather, everybody talks about planning ahead, but most people don't do anything about it.

Funeral Services

(continued from page 1)

J. Mount, Cliff Estes and Willie Daniel.

Mrs. Fuqua, pioneer cattleman of Deaf Smith County, was 82 years of age. He and Mrs. Fuqua have made their home in Amarillo for the past several years.

Burial was in the Llano Cemetery under the direction of N. S. Griggs & Sons Funeral Home. Services were held at 2 p. m. Sunday with Dr. A. D. Foreman, pastor of the First Baptist church, officiating.

County Buys ...

(Continued from Page 1)

sued by the court. Troy Moore, a commissioner of the precinct. The court also officially canvassed returns of the general election and rural school consolidation election of Hereford and Rance districts.

In the presidential race, the court tabulated 2,089 votes of which President Truman received 1,496 votes, Thomas E. Dewey 535, J. Strom Thurmond 42, Claud A. Watson 15 and Henry Wallace 1.

The school consolidation election held Oct. 30 carried in Hereford. Twenty votes were cast approving the merger and none were cast against. Results of a similar consolidation election held in Castro County have not been learned although two letters have been written by County Judge Leonard F. Foster to the county judge there asking for the outcome.

Baptist Church Choses Building Committee

Sixteen members compose the newly appointed committee who will continue work and plans on the educational building soon to be built by the First Baptist Church.

D. C. Kinsey, chairman of the committee will be assisted by Owen Stagner, Wayne Evans, Jimmie Allred, J. R. Allison, George L. Graham, W. L. (Bill) Jones, Jack Kirksey, Miss Frances Young, Carroll Whiteside, A. O. Thompson, Dayton Chiselm, G. P. Owen Sr., Mrs. Wiley Roberson, Mrs. R. H. Cagle, and Mrs. E. W. Young, according to Miss Ruth Pickens, church secretary, Tuesday.

The architecture committee, headed by Jimmie Allred, J. R. Allison and George Graham continued this week to see architects and check over plans said Bob Lawrence, educational director, and member of the planning committee.

When completed the educational building will be located just north of the church's present educational facilities and will allow a 40 per cent expansion of the present class rooms.

Diamonds, rubies, sapphires and emeralds are bracketed as the "aristocracy" of precious stones.

At the beginning of this National Football League season, Sammy Baugh of the Washington Redskins had tossed 128 touchdown passes since he joined the loop in 1937.

3 Plains Youths Win Educational Awards Of Santa Fe

Leroy Thornburg, White Deer, Roman J. Homen, Panhandle, and Jim McDowell, Shamrock, all active in Texas Future Farmers of America activities, have been certified as 1948 winners of the Santa Fe Railway's educational awards, according to announcement made by R. Lano Barron, State Advisor, Texas Association of Future Farmers of America, at Austin.

The Santa Fe awards are cash sums approximating the total expenses incident to attendance by the winners at the National F. F. A. Convention to be held in Kansas City, November 14-15.

Thornburg, Homen and McDowell are candidates for the degree of American Farmer, to be awarded at the Kansas City meet. They will board "The Grand Canyon" at Pampa Saturday night, November 13 where they will join five Santa Fe winners from New Mexico enroute to the convention.

A breakfast in honor of the railroad's participants will be held Tuesday morning, November 16, at the Muehlebach Hotel in Kansas City, to be attended also by national F. F. A. leaders and representatives of the national far press.

Approximately 70 boys in the Santa Fe states of Illinois, Missouri, Kansas, Oklahoma, New Mexico, Arizona, Colorado and California will attend the convention on the Santa Fe awards, which annually are made for the encouragement of agricultural achievement in the states served by the railroad.

Mr. and Mrs. Tom Carroll left Wednesday for Denison to visit her mother, Mrs. J. W. Davidson.

Mr. and Mrs. Fred Abrett, Mr. and Mrs. Stan Barrett, Patty and Lynn returned Tuesday from a ten day visit to their former home in Wedell, Idaho.

Duck Hunting Season Opens Fri.

82 Hunters In County Get Licenses

With Friday the opening day of duck and goose season, 82 hunters in Deaf Smith County have purchased hunting licenses in preparation for the event.

Shooting starts at noon Friday and hunting hours are from thirty minutes before sunrise until an hour before sunset. Hunters have been warned to keep a consistent check on daily sunrise and sunset hours, to plug their guns and to carry their hunting licenses and duck stamps with them.

Bag limits have been set at: Ducks—five per day or 10 in possession, including not more than one wood duck either daily or in possession.

Geese and Brant—four per day.

(Continued on Page 8)

OLDEST GRID FOE
UNIVERSITY, Miss. (AP)—Among Southeastern Conference rivals, Tulane is the University of Mississippi's oldest football foe, with the inaugural game (12-4) dating back to 1893. Following in order are Alabama, Vanderbilt, and Louisiana State. All save Vandy were beaten in the first games.

SLEEPY TIME FOR HOOSIER

DETROIT, (AP)—Les Bingham, recruit guard of the Detroit Lions of the National Football League didn't get away to a wide-awake start in football. Chuck Baer, present University of Detroit coach, who mentioned Bingham several years ago at Lew Wallace High School in Gary, Ind., relates this story: "It was about 9:30 during our first game when I decided to put Les into the game. It was the first game of his high school career. I looked down on the bench for him and there he was, sound asleep."

Midget Football Like Big-Time

Two midget pigskin teams, in full uniform, engage in a practice contest at Ward Stadium in Kansas City. Sponsored by the Catholic Youth Organizations, the midget conference now boasts 24 fully-equipped teams. Tom Dorney, one-armed grid coach, is in charge of the conference.

Twelve members of the squad of the Chicago Bears of the National Football League make their homes in Chicago.

Whitefaces Idle Friday, Set For Tulia

Coach H. V. Stanton's Whitefaces, suffering from the 33-6 defeat handed them by Phillips this week with no game scheduled for the weekend.

The squad winds up the current football season the following Friday, Nov. 19, with a conference game at Tulla, holders of the cellar spot in conference standings and who last week was beaten 12-7 by the Dalhart Wolves.

Tulla's only touchdown last Friday came late in the second quarter when Jackie Ramsey returned a punt 40 yards and Paul Griffith sprinted 32 to the Dalhart seven-yard line. After several plays Wandle Hutsom bucked the pigskin over the goal post. Ramsey converted.

A cross-country pass from Jackie Newman to Bill Ceasun, Dalhart's sensational freshman fullback, shortly before the half-time put the Wolves back into the ballgame. Don Koepple missed the extra point.

The Wolves turned back two Tulla drives inside the 10-yard line.

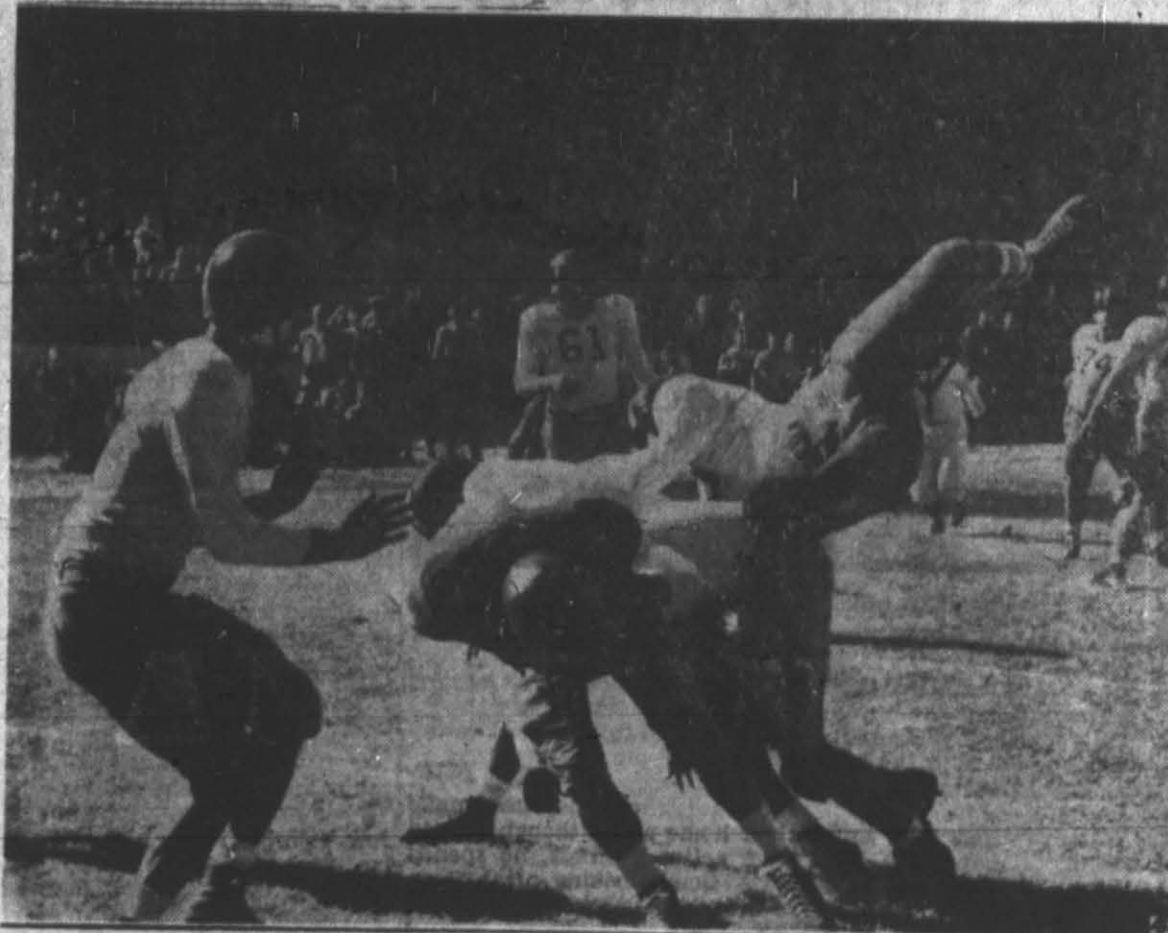

Perryton Rangers Drub Dumas Demons 19 To 0

DUMAS—The Dumas Demons lost their eighth game of the season Friday when the Perryton Rangers racked up a 19-0 victory.

Two touchdowns were scored by the Rangers within the first five minutes of play but the remainder of the game was tough going. The initial pair of scores were made by Raymond Powell with Jerry Key registering the other tally.

On Nov. 19 Perryton tackles the powerful Phillips Black-

Southern Methodist Touchdown

Three unidentified Texas A & M tacklers roll off SMU fullback Dick McKisack, who took a pass from Doak Walker in the first period of the game in Dallas, for SMU's first touchdown. Other players are Aggie guard Max Greiner (61) and tackle Jim Flowers (74). SMU won 20-14. (AP Wirephoto).

Superstitious Mustangs Have Host Of Rituals

By HAROLD V. RATLIFF
AP Newfeatures Sports Writer

DALLAS—Superstitions have a definite place in Southern Methodist University football. Perhaps they actually have no relations with the scoreboard but you can't talk them down in gridiron.

Doak Walker, the All-American backfielder, for instance, made a ritual out of leaving his watch with Dr. Edwin Mouzon, Jr., faculty chairman of athletics. In the 1947 opener against Santa Clara Doak handed his watch to Dr. Mouzon for safekeeping, so for the remainder of the season the mathematics professor had to wear Walker's timepiece during every game. When Dr. Mouzon missed road trips, Doak unfailingly made a point of delivering his watch to him before leaving Dallas. Southern Methodist was undefeated in 1947.

Doak started it all over again Sept. 25 when South-

ern Methodist played at Pittsburgh.

Coach Matty Bell always has been a stickler for class in the appearance of his athletics. Repeatedly last season he was provoked to at least a mild degree when his footballers shouted down his every suggestion for a change of uniforms. As they moved along their victorious trail, the Mustangs to the man insisted on playing in the same red jerseys in which they had won the season opener against Santa Clara. As they became torn, they were patched.

In many cases, new numerals had to be sewed on. Before the close, some became quite tattered. But there was no change until the season end when Bell, with a sigh of relief, had them laundered and presented each one as a permanent gift to the player who wore it throughout the championship grind. Matty was glad to be rid of them.

As the team, mainly a vel-

eran outfit, turned out for the 1948 season it had one specific request—red jerseys again for all games. Bell had no real desire for a change, so he obliged with this admonition: "It's not the uniforms but the boys in them that win football games."

Among the superstitions on the squad are: Tackle John Basham admits he can't go on the field with a clear conscience unless he makes absolutely certain that he has put on his right shoe first in dressing for a game.

Bob Collier, another tackle, always caresses the back of his helmet.

Fullback Dick McKisack always tugs at his socks and belt before a kick-off. He doesn't call it superstition. Well, it could be jitteryness.

Assistant Coach Rusty Russell is a kindly person but

Eck Gazes Into Future Of Baseball

By FRANK ECK

AP Newsfeatures Sports Editor

NEW YORK, (AP)—In an effort to clean the cuff and clear the head here are some of the things baseball men say will happen in the future:

Marty Marion, peerless shortstop, will get a front office job when his playing days are over, says Bob Hannegan, St. Louis Cardinal president. Marion is great with the youngsters. Coach Terry Moore had a chance to manage in the minors but wasn't sure it was the job he wanted.

Bill Nicholson's shift from the Chicago Cubs will help the Philadelphia Phillies, says Joe Heath. Nick will be nearer in Chestertown, Md., home as figures to his better.

Larry Doby, Cleveland center fielder, will be one of the best American League outfielders. He can hit that long ball, run and has a great arm. Almost every one agrees on the Negro as real star.

The Boston Braves will be the team to beat in the National League next year but the Brooklyn Dodgers may be joint choice to win the flag. Marvin Rakley, Gil Hodges, Roy Campanella and Rex Barney are four of the Brooklyn reasons.

When Barney Shotton steps down as Brooklyn manager, Cla Hooper of Montreal is his logical successor.

Bucky Harris, deposed Yankee manager, may wind up in Detroit in some capacity.

The Boston Red Sox will have the best rookies in spring training. Among them are first baseman Walter Dropo and outfielder George Wilson of Birmingham and outfielder Jim Piersall, 18 of Waterbury, Conn., and pitcher Willard Nixon of Lindale, Ga., who played for Scranton in the Eastern League.

Harris had three \$20,000 pitchers who weren't doing much good sitting on the bench, says Yankee General Manager George Weiss, in giving a reason that the popular Bucky was relieved of his job. These pitchers, says Weiss, were Frank Shea, Joe Page and Allie Reynolds (Reynolds won 16 games). "Yet Bucky wanted Bob Porterfield from Newark," says Weiss.

Bob Feller is in for a salary. (Continued on Page 8)

ALL THE ANSWERS

to Your COOKING Problems

(and what housewife doesn't appreciate the answers at this time of year... with the big family gatherings and dinners at Armistice, Thanksgiving, and Christmas)

MAGNALITE IS YOUR ANSWER!

WHAT IS MAGNALITE?

MAGNALITE utensils are the most beautiful, serviceable, economical and long lasting of cooking utensils. They are made of a heat conducting, heat retaining, stain resisting alloy of the highest purity. The formula for the alloy was developed after years of research, and testing and actual use by thousands of housewives has further verified the success of a long search for the most nearly perfect metal for cooking utensils.

WHY MAGNALITE IS BETTER FOR COOKING

It is better for cooking because the thick, specially alloyed metal heats quickly all over and then retains the heat. Thus it is recommended that for most uses the heat can be reduced to a minimum after cooking begins. All of this makes for carefree cooking with maximum economy.

WHY MAGNALITE IS OUTSTANDING IN DESIGN

Each piece of Magnalite was fashioned by the noted designer John Gordon Rideout, so that all pieces form a complete matching set of the most essential cooking utensils. Items with pouring lips are designed to pour any size stream without dripping or running down the side. The covers turn and act as strainers in pouring off liquids. The thick sturdy covers store up the cooking heat. They help cook from the top and give an oven-like effect which brings out the finest flavors. They fit closely—vapor tight.

STREU HARDWARE CO.

SPARTAN EXTREMISTS
LANSING, Mich. (AP)—Best man on Michigan State team's 1948 football team is Spartans tackle William M. from Escanaba. He packs pounds on a six foot, three inch frame. The midget is George (Little Dynamite) Guer-senior tackle star from nt, who stands only five feet, six inches and weighs 157.

Sahara Truck Trip Planned
TORSHAM, England. (AP)—Seven people are leaving here on to get away from civilization on a 7,000-mile truck trip to Walvis Bay, South West Africa. They expect to take four months and spend \$8,000. They will pass through the Sahara desert.

Golden Wedding Anniversary Is Observed Quietly By Local Couple

MR. AND MRS. W. I. VALENTINE

Mr. and Mrs. W. I. Valentine celebrated their fiftieth wedding anniversary in a quiet evening at home Wednesday November 3, with their five daughters present to share in the happy memories called to mind by the occasion.

Mrs. Valentine was Miss Anna Mae McCullough and was born at Littleton, Illinois. Mr. Valentine was born in Colchester, Illinois and the couple met when she was 16 and he was 20 years old. She was 17 when they married at Macomb, Ill. and after the simple ceremony performed at the Methodist parsonage, they went to a farm owned by his parents, to make their home. Rev. R. Luckey was the officiating minister.

They lived on the farm for four years and then moved to Colchester where he operated a livery stable for three years prior to their move to Texas. When they came to Hereford in 1907 he owned the first steam engine and plow in Deaf Smith County and for a time he did custom plowing, but later acquired 2 sections of farm land

and from that time on his main interest was wheat farming and cattle raising. Since that time he has operated several farms and acquired wide ranch interests in the county.

Eleven years ago they bought the place where they now make their home and although retired from active business, he spends many hours looking after farm interests. Both are members of the Baptist Church.

Mrs. Valentine, whose favorite pastime is quilting, quilted all day on the golden wedding date and in recalling the early days in Hereford remembered that there was very little in the town of Hereford when they came. There wasn't a fence in the whole county. But they are both glad they stayed, even though the "going was pretty rough" at times.

Their five children include Mrs. Roy Thompson, Mrs. Alton Fraser, Mrs. Gilbert Hooper, Mrs. Zephia Lloyd and Mrs. John Kelly. They have nine grandchildren and 2 great-grandchildren.

Three of the grandchildren,

LEGAL NOTICE

THE STATE OF TEXAS

TO: James Harp and the unknown heirs and legal representatives of James Harp, deceased, Defendants, Greetings:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after expiration of forty-two days from the date of the issuance of this citation, same being the 13th day of December A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 25 day of October A. D. 1948, in this cause, numbered 3103 on the docket of said court and styled R. L. Jackson, plaintiff vs. James Harp and the unknown heirs and legal representatives of James Harp, Deceased, Defendants.

deed of conveyance inuring to the benefit of this plaintiff but that the same has been misplaced; and further upon the Five and Ten Year Statutes of Adverse Possession and Limitation of the State of Texas and for general relief in law and in equity; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due returns as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this the 25 day of October A. D. 1948.

Attest:

A Tribute To Their Courage

On this Armistice Day and X Day, 1948, the nation once again pauses to pay homage to those gallant soldiers who fought and died to make this world safe for democracy.

This year let us concentrate our earnest efforts to maintain the Peace that is ours . . . let us hold high the ideals and principles of a democratic way of life for which these brave men sacrificed their lives. With Peace on Earth and Good Will toward Men as our motto, let us forever keep the faith of those we honor on this day.

Prompt Disease Diagnosis Urged By Health Doctor

AUSTIN—In a statement on controlling communicable diseases issued by the Texas State Department of Health, Dr. George W. Cox, state health officer says that if every case of suspected communicable disease were seen promptly by the family physician and definitely diagnosed, thousands of susceptible persons would be protected from these disabling diseases.

"The theory that it is a good thing for children to have these catching childhood diseases and get them over with, has long since been proven an error which may actually endanger a child's life," says Dr. Cox. "The longer he can avoid having these diseases, the better it is for him. Every child should be protected by immunization against all diseases where an immunity can be established."

Prompt diagnosis, isolation and good medical care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the milder forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine protects not only the patient, but helps to prevent the spread of the disease to other persons.

"The State Health Department," Dr. Cox said, "does everything within its power to protect the health of the people of Texas, but the cooperation of every individual in protecting his own health and that of his community will do more than anything else to successfully check the spread of communicable diseases among our people."

Experiment Set Off During Byrd Expedition At Pole May Make Oil Search Here Cheaper

A charge of dynamite, set off in the bleak region near the South Pole during the Byrd Expedition of the early '30's, set a train of events which gave promise of making the search for oil in Deaf Smith county quicker and cheaper.

The explosion was set off during the Byrd Antarctic Expedition of 1939-1943 by Dr. Thomas Poulter, second in command and scientific advisor of the expedition, as part of some seismic measurement experiments.

Dr. Poulter, nationally known scientist who now is the associate director of Stanford Research Institute, Palo Alto, Calif., last year presented his new method of seismic exploration to the Institute of Inventive Research, San Antonio. Dr. Poulter then was on the staff of the Armour Research Institute, Chicago.

The Institute of Inventive Research is a non-profit public service organization endowed by Tom Slick, Texas oil producer and rancher, to provide aid for inventors. The Institute agreed to underwrite further research on Dr. Poulter's new development, provided he would conduct the experimentation.

On Thursday, Nov. 4, at Essar Ranch near San Antonio, the new way of making seismic tests for oil was unveiled. Dr. Poulter and Dr. Harold Vagtborg, president of the Institute, held a press conference.

Then newspaper men were taken into the mesquite brush on the ranch for a demonstration. Light charges in the explosive pattern were set up on stakes above the ground, spread around the area to be tested, and all were exploded together.

The new method contrasts with the present system of firing a single, large charge in a hole of considerable depth. The Institute staff sees the principal advantage of the Poulter method over those currently in use as being the elimination

Guard Commission Chances Widened For Texas Vets

The opportunity for direct commissions in the National Guard from civilian life has been broadened by recent authorization of the National Guard Bureau to provide five avenues for application. This information is contained in a telegram to the Adjutant General.

First, any man who served as an officer at least six months in World War II is eligible to apply.

Second, any man up to 32 years of age, who served in the first grades in World War II for at least six months.

Third, any man up to 28 years of age, who served at least one year on active Federal duty, or in the National Guard or a combination of the two, regardless of grade, and completes the 10-series Army correspondence courses.

Fourth, any man who, subsequent to at least six months service in World War II, graduated from college where ROTC was not available.

Fifth, any recent ROTC graduate may get a commission.

Also, specialists such as doctors, dentists and ministers may receive a direct commission without any prior service.

Commissioned personnel have been excluded from all strength ceilings for Guard Units, with the expectation that all officers' vacancies will be filled by June 30, 1949.

REDS LOSE A MOVE

BERN. (AP)—The upper house of the Swiss Parliament rejected by 68 votes to 30 a Communist-sponsored resolution to nationalize the Swiss cement industry. Switzerland nationalized its railroads, telephones, telegraphs and electric power several years ago.

of shot holes and their attendant costs, and the greater speed with which areas may be mapped.

Seismic recording equipment identical with that now generally in use is employed by the new method. Tests have shown, Dr. Vagtborg said, that the above method reduces danger of damaging nearby structures of concrete or other solid material. It also eliminates the dangers of falling stones. Applications for patents on the method have been filed.

Hunters in the Skies

Photo shows formation of three twin-engined Navy Lockheed P2 V-2 "Neptunes" in flight. Now such craft can be launched from a carrier with jet-assisted take-off. The planes will enable long-range search-patrol operations to be conducted in any ocean area without the necessity of first establishing land bases. The "Neptune" was developed by the Navy as an anti-submarine search patrol craft with a cruising range of 3,000 miles and a speed in excess of 300 miles per hour. (Official Navy Photograph)

Old Clothes May Put Hair On Your Chest, Say Doctors

NEW YORK. (AP)—Your old clothes might someday make a medicine to grow skin and hair, animal food for better furs or feathers, and a chemical to prevent corrosion. This would be quite a future for old rags, from underwear to overcoats. But a discovery by research chemists of Botany Mills, Inc., Passaic, N. J., may open the door.

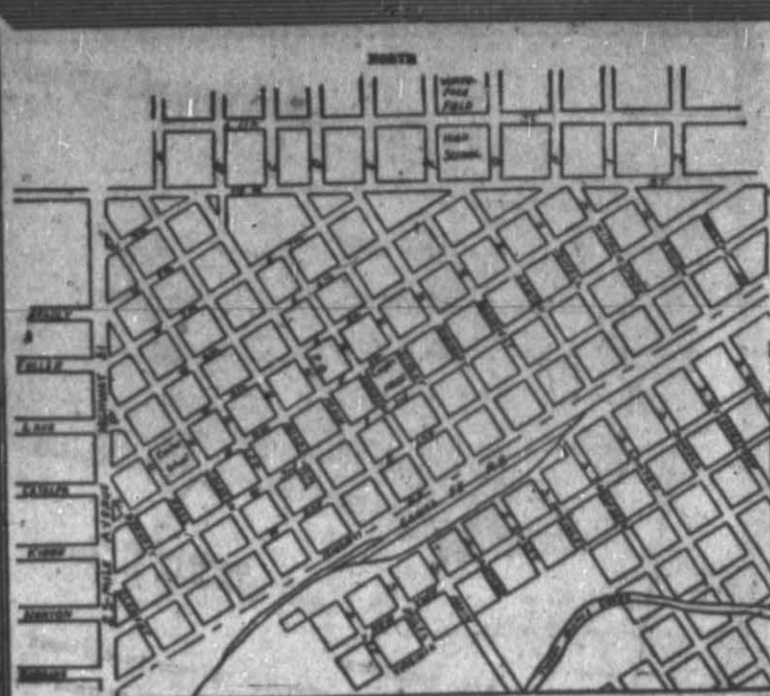

They found a way to extract a rich protein material from wool wastes, the pieces left over when wool is made into fabrics. Wool is made of protein. So is human hair, skin, and other tissues. The protein from wool was found to contain 17 amino acids, the bricks from which all proteins are made. The stuff is yellow to light tan in color, is tasteless, and has little odor.

The protein, named Botanein P, is being studied to find uses for it. There are many possibilities, says Charles F. H. Jackson, Jr., vice-president and general manager of the company.

After burns or injuries, the concentrated protein might help speed the growth of skin and hair. Used in food, it might improve the growth of fur and feathers on animals and fowl. Other indicated uses, he adds, are in cosmetics, especially sun-tan creams; a concentrated nutrient for cattle; in broth or yeast to study bacterial growth; in purification of beverages; an agent to prevent corrosion; a fixing agent for non-run dyes-stuffs or pigments in calico or indigo printing, and as an adhesive.

The protein could also be recovered from old rags and worn-out clothing containing wool, after dyes and impurities had been removed, Johnson said. This would supply a big source if widespread uses are found for the protein.

Don't Look Now, Reds Say HELSINKI. (AP)—Soviet authorities of Porkkala are irritated because passengers on Finnish trains keep trying to peep at them through doors and shutters. Porkkala is an area about six miles out of Helsinki which was leased to the Russians for 50 years under the terms of the 1944 Armistice. After long negotiations the Finnish government obtained permission to transit trains through the area, which cuts the main line from Helsinki to Turku, on the condition that all cars must be locked and completely blacked out during the passage. The Russian railway authorities recently complained that passengers, instead of obeying the rules, do their best to catch a glimpse of the forbidden area.

It's the New Chevrolet
Dubl-Duti (FORWARD CONTROL) Chassis

Take a good look at this latest addition to the Chevrolet truck line. It's worth it. Because here is something altogether new, something that will put your door-to-door delivery business on a new high level of efficiency—a forward-control chassis permitting double the ordinary load space. And that isn't all in addition, there's Chevrolet's new foot-operated parking brake, steering column gearshift and selector starter plus full standing room comfort and convenience. Just wait till you see them! You'll want this Chevrolet Dubl-Duti chassis. It's a double value!

Here's Double Value!

- DOUBLE CUBIC CAPACITY!** More packages per trip... less cost per package. Chassis are designed for bigger bodies with no extra wheelbase added.
- SHORTER TURNING RADIUS!** Wide front track enables driver to turn within a small circle.
- GREATER CONVENIENCE!** Chevrolet's new selector starter—operated by foot—drives and starts—ensures positive starting.
- NEW EFFICIENCY!** Chevrolet's foot-operated parking brake assures positive, safe braking in an emergency or for parking!
- NEW OPERATING EASE!** Advance-Design gearshift (on 125K* wheelbase with 3-speed transmission) is mounted on the steering column.

Few Co-eds At Texas Tech Clinging Cotton Research To 'Short Skirt' Fad; Many Wear Hose Building Planned At Texas Tech

LUBBOCK—The typical co-ed at Texas Technological college this fall has short hair and wears tubular skirts, preferably grey, brown or green, or corduroy, jo sweaters and has a boxy coat.

Facts concerning the dress of the Tech co-ed while on the campus were compiled in a fashion count by a group of home economics students enrolled in textile merchandising.

Results of the fashion count indicate also that the majority of married co-eds are wearing hose to classes. About 24 per cent of all women students are bare legged and 4 per cent wear anklets.

The bell fashioned skirt ranked second to the tubular in popularity. The bustle type, predicated to be a leader in skirt patterns, hasn't found its way on the campus yet.

Average length of skirts ranges from midcalf to long. Very few co-eds are clinging to the "short skirt" fad. Three counts were made before the final results were tabulated.

One Of Every Five Drivers-In Accidents Had Been Drinking

CHICAGO—If you are one of those "two-drinks-don't-hurt-me!" guys, here's something to think about:

The 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council, shows that one out of every five drivers involved in fatal motor vehicle accidents in 1947 had been drinking.

Special studies indicate that drivers who indulge in only a few drinks are three or four times more likely to have an accident than those who refrain from drinking if they drive. And drivers who are heavy drinkers are 55 times more likely to have an accident.

The yearbook also points out that one out of every four adult pedestrians killed in traffic accidents last year had been drinking.

TRAIN ROBBERS TAKE BUS

ISTANBUL, (AP)—In the fashion of movie thrillers, a band of masked bandits stopped a bus and robbed its 35 passengers. The holdup occurred in a bleak area near the coal mining center of Zonguldak on the Black Sea. An undisclosed number of men each carrying two pistols stopped the bus as it rumbled along a forsaken highway and methodically robbed each passenger. Loot was estimated at about \$2,150.

Pickin' a good wife is like pickin' a good pony—don't never take one that's wore a racin' saddle.

Texas Among 30 States To Supply Farm Foods For Overseas Relief

ATLANTA — Six southern states are now actively engaged in campaigns to collect trainloads of farm commodities for overseas relief, it was announced here today by Thomas F. Byrd, director of the Southern regional office of the Christian Rural Overseas program (CROP) sponsor of the trains.

The six states—Alabama, Georgia, Louisiana, North Carolina, South Carolina, and Texas—are included in a total of more than 30 states which will support food trains by the end of the year.

It is expected that Southern states will assemble donated commodities between Thanksgiving and Christmas, for shipment from Southern ports. Alabama, Georgia, Louisiana, and Texas have already organized down through many counties and parishes—and volunteer canvassers are going from farm to farm accepting pledges for commodities to be delivered at a later date.

Commodities most needed include: seed cotton, corn, peanuts, rice, milk and syrup. Whenever practical, unprocessed commodities will be shipped, thus providing employment as well as relief.

Seed cotton is especially needed. All CROP cotton is manufactured into finished articles overseas. None of the cotton is sold there to cover costs of processing. CROP is a 100 per cent relief program into which 100 per cent of the raw cotton goes.

All contributions will be distributed overseas on the basis of need alone, without regard to race, religious creed, or political affiliation. To date, CROP donations have been distributed in 43 different countries where special attention has been paid to the needs of children, widows, the aged, and the sick.

In spite of government aid and good crops in some areas, thousands upon thousands are too poor to buy food, CROP officials state. For these, the only hope lies in aid which will reach them through church channels—without cost.

CROP is sponsored nationally by Catholic Rural Life, Church World Service, and Lutheran World Relief. However, the project in most southern states is sponsored by Church World Service.

Let Us Cherish **ARMISTICE DAY...**

MAY OUR PEACE BE EVERLASTING

In the past few years Armistic Day has taken on a new meaning... it is now a day on which you not only pay respects to those who gave their lives, but a day in which you also reverently pray that America can remain a land of peace and freedom.

This Armistice Day, when your thoughts turn toward sacrifices of the past, give a short prayer that peace shall reign on earth forever... and resolve anew that you will do everything in your power to preserve the peace that America enjoys.

FUN IN COOKING

By CECILY BROWNSTONE

Friday Fare
Hot Tomato Bouillon
Tuna Fish Newburg in Toast Baskets

Steamed Spinach
Diced Buttered Carrots
Citrus and Date Cup Beverage
(Recipe for starred dish follows)

CITRUS AND DATE CUP
Ingredients: 1 large seedless grapefruit, 1 large orange, 2 slices canned pineapple, 2 fresh dates.

Method: Peel grapefruit and orange with a very sharp knife, removing all white membrane as you do so. Remove sections from each by slipping the sharp knife along side of a dividing membrane, without lifting knife bring the knife back up along the other side so that the section slides out. After all the sections have been removed in this way squeeze out the remaining juice and pulp over the sections. Also squeeze juice from peelings if any pulp was removed with membrane. Cut each section into pieces just small enough to be managed with a spoon—this will probably be in

halves or thirds. Cut canned pineapple rings into sixths and add to grapefruit and orange. Mix well and spoon into sherbet glasses. Wash dates, slit in half and remove pits; slice each half once again and use to garnish fruit cup. 4 to 6 servings.

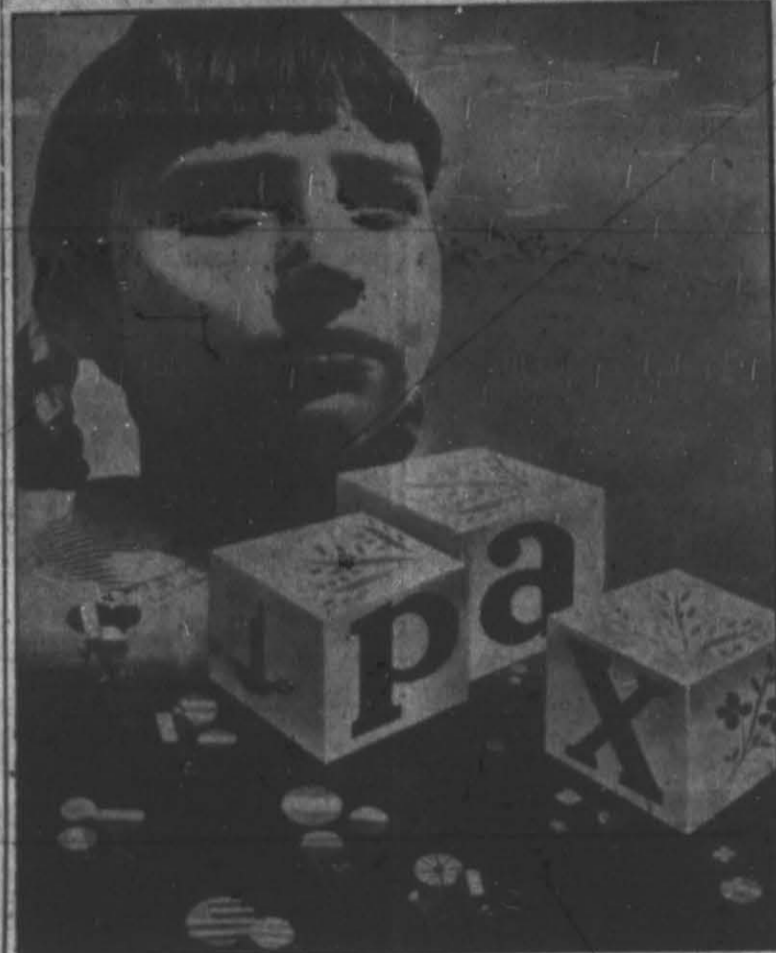

The Bride Cooks Dinner
Consomme Crisp Crackers
Broiled Lamb Chops and Pears with Mint Jelly
Range-top Baked Potatoes
Tossed Green Salad

Chocolate Tarts Beverage

(Recipe for starred dish follows)
BROILED LAMB CHOPS AND PEARS WITH MINT JELLY

Ingredients: 4 ribs or loin lamb chops, salt and freshly-ground pepper, 4 canned pear halves, 4 teaspoons brown sugar, 4 tablespoons mint jelly.

Method: Wipe off chops with a damp cloth. Place on broiling rack and broil about 3 inches below source of heat. When well browned sprinkle with salt and freshly-ground pepper and turn. Place pears on broiling rack, sprinkle each with a dash of

UN Picks Poster of the Year

Prize-winner of an international United Nations contest, this poster will soon be on display all over the world. The work of Armando Paez Torres of Argentina, it features a child's blocks spelling out the Latin word for peace. The colors of member nations are depicted as growing flowers. Using both photography and drawing, it won Torres \$1500.

salt and a teaspoon of the sugar and broil second side of chops and pears together. When chops are browned and cooked through remove to serving plate with pears; fill each pear cavity with a tablespoon of mint jelly and serve at once. 2 to 4 servings.

WAC Recruiters To Interview Applicants Fri.

Captain Elizabeth M. Carpenter and Sgt. Edna Heckman will be in Amarillo, Friday, to interview women interested in enlisting in the WAC or WAFF. The Women's Army Corps and the women in the Air Force are now a permanent part of the regular army. Women between the ages of 18 and 35, who are high school graduates, and of high moral character are eligible to apply for enlistment. The same benefits of pay, promotions, schooling and training for careers, apply to women as apply to the men in the army.

"Women are needed in our country's peacetime army," said Capt. Carpenter, "and it is your duty as a good citizen to take this opportunity and join the Women's Army Corps and take part in building the peace. The recruiting station is in room 12, Postoffice Building, Amarillo. The corps is limited in size and the first to apply will be the first to get the good jobs."

Mr. and Mrs. Eugene Sparks announce the birth of a son, William Eugene II, who was born October 28 and weighed seven pounds and 13 ounces. Maternal grandparents are Mr. and Mrs. G. O. Thompson and paternal grandmother, Mrs. Hazel Sparks.

Loosen sides of coffee cake with a spatula, cut in 8 squares, lift out each square with a spatula and serve immediately with butter or margarine.

Sunday Noon Breakfast
Quick-frozen Orange Juice
Cereal with Thin Cream or Top Milk

Shirred eggs and Chicken Livers
Mace Coffee Cake Beverage

(Recipe for starred dish follows)
MACE COFFEE CAKE

Ingredients: 1 1/2 cups sifted enriched all-purpose flour, 2 1/2 teaspoons baking powder, 1/2 teaspoon salt, 1/4 teaspoon mace, 1-3/4 cup sugar, 3 tablespoons shortening, 1 egg, 1/2 cup milk, Topping: 1/4 cup sugar, 2 tablespoons enriched all-purpose flour, 1 teaspoon cinnamon, 1/4 teaspoon mace, 1 tablespoon butter or margarine.

First Preparation: Grease a pan about 8 x 10 inches (measured across the top). Set range for 400 F. Put the dry ingredients for the topping into a small wide bowl and cut in the butter or margarine with a pastry cutter until mixture resembles meal; reserve.

Mixing method: Put the flour, baking powder, salt, mace and sugar into a sifter and sift into medium-sized bowl; add shortening and cut in until mixture resembles meal. Beat egg with rotary or electric beater until it is thick and pale colored (about five minutes); add milk and beat enough to combine. Add to dry ingredients and stir only until they are moistened; batter will be lumpy. Turn into prepared pan and spread evenly; sprinkle with topping mixture and bake in moderately (400F) oven for about 25 minutes.

More Music For Rural Communities Aim Of Mrs. Campbell, New State H. D. Clubs Prexy

By PHYLIS RADOVICH
Mrs. R. L. Campbell, newly elected state president of the Home Demonstration Clubs of Texas, has declared that her main project, exclusive of the aims drawn up by the state board, will be to bring music to rural communities.

A resident of Fairview Community, Mrs. Campbell was elected to office as state leader in the October convention. She will hold the position for a two-year term.

"There is a great deal of musical talent among rural folk," she said. "In past days music provided the excuse for numerous social gatherings among the people—barn dances, sing songs, fiddling contests. We should like to make them music con-

scious again."

State Board Meet Set
"The main program of activity is outlined by the state chairman of the five main committees, legislation, education, recreation, marketing and four H. The recommendations of this group are voted on by the state-wide association and carried out by state officers.

The 1949 theme of work for the 40,000 farm women who are members of the Home Demonstration Clubs of Texas, will be decided when the State Board meets in Dallas, Nov. 16.

"Farm women today have an increasing variety of interests. Besides their homemaking problems and community demands, they have a real stake in world peace, for agriculture is the backbone of the economic system all over the world," Mrs. Campbell said.

Married At Post
The new state president has lived on a ranch in the north-west part of Deaf Smith County for 30 years. Born in Ohio, she moved to South Texas when she was a young girl. While attending college at West Texas State in Canyon, she met R. L. Campbell one night at a Presbyterian Church social. Six months later they were married in Post, Texas and she moved out to his ranch to begin her

rural career.

She likes to ride horseback and to hunt—particularly she used to enjoy coyote hunting when she was raising turkeys for every one bagged made her turkeys safer. Her main home-making interest is in "just making things pleasant around home," she says.

As for clothes, Mrs. Campbell builds her wardrobe around suits. She finds them practical for a farm woman who must come to town dressed for any event which may come up and she says suits are the most versatile for they can be tailored or dressed depending on the choice of accessories.

Presbyterian Church Members
Mr. and Mrs. Campbell are members of the Presbyterian Church in Canyon. They have two children, and two grandchildren. Mrs. C. W. Bennett, their daughter, is a medical technician in Kansas City, Mo., and Byron Campbell, his wife and two children, live on the Fairview ranch.

A Home Demonstration Club member for over 15 years, Mrs. Campbell was a charter member of the Fairview Club. In regard to HD work, she says, "Home Demonstration Clubs give rural women a chance to take advantage of newer ways of preparing food, doing housework and gardening. It helps them make their own life easier," she says.

Kept Vigil for Unknown Master

This little brindle-colored dog kept a long and lonely vigil beside the railroad tracks in Atlanta, Ga., presumably for the owner of a pair of man's shoes which the dog zealously guarded. A passerby, a Mr. Brogdon of Atlanta, finally lured the dog home by taking along the shoes as bait. The dog, nicknamed "Hobo," continued to watch over the empty shoes in his new master's house.

ONE FARM VEHICLE YOU CAN COUNT ON IN ANY WEATHER

It takes much more than rough weather and bad roads to stop the 4-wheel-drive Universal 'Jeep'. It keeps right on going—on or off the road, up steep grades, through mud, sand or snow. You will appreciate the all-around usefulness of the 'Jeep', too. When you buy a 'Jeep' you not only get a 4-wheel-drive tractor but you also get a vehicle that will haul and tow. Come in and let us show you.

FOR FIELD WORK. The 'Jeep' operates almost any farm implement. Put it to work on your autumn chores and let it help with a thousand and one other jobs the year 'round. You will be surprised at how much the 'Jeep' does and how little it costs per job.

FOR WINTER HAULING. Taking crops to market and bringing supplies out from town is all in a day's work to the Universal 'Jeep'. It carries up to 1,200 pounds in its sturdy steel bed—and it will tow 2½ tons at highway speeds.

Personals

Mr. and Mrs. C. R. Smith left Wednesday for California where they will visit with Ira Aten, one time manager of a division of the old X. I. T. Ranch, which had large holdings in this county.

Mrs. Inez Wedel, former resident, now of Tucumcari, spent the weekend here visiting relatives and friends. She was accompanied by her son, Karl, who remained to visit with his grandparents, Mr. and Mrs. H. T. Wedel.

Mrs. Dyaltha Brady, accompanied by her mother, Mrs. Mary Stoval, and her son, and daughter-in-law, Mr. and Mrs. Bill Brady of Canyon, spent the weekend in Spur visiting friends and relatives.

Mr. and Mrs. Elmer J. Richardson and Don Neil of Slaton, Iowa, are visiting with her parents, Mr. and Mrs. H. T. Wedel and other relatives here this week. Mrs. Richardson was the former Miss Clara Wedel.

Mr. and Mrs. Guy Heard were in Memphis last weekend visiting her brother who lives there. Mrs. L. H. Shore left last week to visit her daughter and family, Mr. and Mrs. Aaron Rose, who live in Silver.

Mrs. C. C. Rockwell arrived Thursday to visit in the home of her sister, Mrs. J. A. Pitman. Mrs. Rockwell who lives in Dallas and drove Mrs. Pitman's car back since Mrs. Pitman came home by plane at the time of her husband's emergency operation recently.

Duck Hunting...

(Continued from page 1.)
day or in possession including two Canada geese or two white-fronted geese or each of both.
Coot—(mudhens) 15 daily or in possession.
Mesganser ducks—(fish ducks) 25, possession unlimited.

Mustangs...

(Continued from page 1)
he would have gone slightly berserk last year had any one hidden a certain black hat he wore to every game.
During the 1947 campaign the boys would check up on 800-odd Manager Roger Parks before each game to make certain he used the same pencil with which he started the season in keeping substitutions for the record on playing time on which letter awards are based. There was a near panic at College Station before the game with Texas A. & M. as the Mustangs scrambled to find a supply of the right size lead to fill the pencil when it ran empty. Junior Eldredge, the 1948 manager, is carrying on. As long as the Mustangs keep on winning there will be few to discount their superstitions. Not even Coach Bell.

Eck Gazes...

(Continued from page 1)
slash. He has yet to win the "big game". In 1940 when he won 27 games he lost an important one, 2-0, to Floyd Glebel of the Tigers, he missed out against Hal Newhouser on the final day this year and dropped both his World Series starts. He's baseball's "hard luck" pitcher.
And Commissioner Chandler won a host of friends by saying what he was thinking.
"I'll always stand by the umpires," says Happy. "Boudreau was out at third base."

What It Means: Exportation Of Radioactive Isotopes

By ROBERT E. GEIGER
WASHINGTON, (AP)—Sixteen nations now are receiving radioactive isotopes, by-products of the atomic bomb project, from the United States. Six others have qualified to receive such materials.

This means that thousands of scientists in Europe and other parts of the world have the opportunity to participate in or observe isotope experiments and results. It doesn't mean we are giving these other nations a glimpse of our atomic secrets.

Radioactive isotopes are elements such as iodine, gold, tin and zinc that contain radioactivity. Except for this radioactivity they are identical to regular elements. The radioactivity is produced as a by-product of splitting atoms, or by exposing elements to an atomic pile. Making them radioactive is like placing a bell or a headlight or a tag on an element. The radioactivity marks them as plainly as if they were ringing a bell or glowing like a light. Here's what this means to a scientist:

Fastest Cooking Anywhere—Of all modern ranges—only Gas gives you high heat, low heat, any heat—instantly!

Finest Flavor—Only smokeless Gas broilers give you char-type broiling from juicy-rare to "done through"!

So-so Clean, So-so Clean—Extra heavy insulated for coolness...super-streamlined for new ease of cleaning!

Automatic—All the way New Gas ranges light without matches, cook by clock control, set and keep exact heats!

Perfect Baking—Only air-circulated Gas ovens can bake six cake-layers at once with the same even texture!

More for Your Money—New Gas ranges cost less to buy and operate than any other modern automatic ranges!

Place Elements In Soil
He can place these radioactive elements in soil. He can detect them as they are absorbed by plants that live in the soil. He can still detect them in the body of a cow that has eaten the plant that grew in the soil. Or he can feed them to an animal or inject them into an animal's body. Then he can detect them as the circulation carries them through the organs of the body.

In fact the possible uses of these isotopes in nearly all branches of science seem almost unlimited. They have opened up a whole new field of study for research scientists. Before the atomic project such radioactive isotopes were produced only at great cost, and in minute quantities. Only a very few chosen scientists could work with them.

Now the U. S. isotope program produces them in comparatively large quantities and makes them available to thousands more scientists. The isotopes were made available to foreign scientists because the U. S. wanted their aid in attempting to solve as many scientific mysteries as possible.

Publish Experiment Results
Any nation may apply for U. S. radioactive isotopes and receive them merely by meeting a few simple qualifications. The most important qualification is that the foreign scientists (as well as American) must give other scientists permission to visit their laboratories. They also are urged to publish the results of their experiments. The purpose of this requirement is to distribute the information as rapidly as possible among all the world's scientists.

So far more than 200 isotope shipments have gone to Argentina, Australia, Belgium, Canada,

Denmark, Italy, The Netherlands, Norway, Peru, Spain, Switzerland, Sweden, Turkey, The Union of South Africa, the United Kingdom and France.
Cuba, Chile, Iceland, India, Ireland and New Zealand have qualified to receive shipments. Among those nations that have not applied for shipments are Russia and her satellites.
