AROUND TOWN SIGHTS. FACES SEEN

Do you like to play bingo? If so, plan to attend the Bingo Carnival in Summerfield Saturday night at the school, besides having a lot of fun you will be helping the Summerfield Study Club with a project of converting the school house into a community center. Proceeds from the carnival will be the first step toward the community center.

Richard Lucas of Wichita, Kansas is a new comer in Hereford and began work Monday at the Hereford State Bank as assistant cashier. He is filling Jimmie Hendricks place since Jimmy is now in service. Lucas arrived here Sunday but his family will not move here until a later date. The family consists of Mrs. Lucas and a two year old son, Richard Jr.

After trying for over a month, Deaf Smith County commissioners have finally acquired all the necessary right-of-way deeds on the Tenth Street spur widening project. Contract is scheduled to be let by the State Highway Department this week. The spur will connect Highway 51 with Highway 60.

A hint to the wise bargain hunter; watch the Sunday Brand for many outstanding low prices on many high values. Monday is Hereford's annual Dollar Day and cooperating merchants will have fall merchandise at a range that will be pleasing to you and your pocketbook. Read (Continued on Page 8)

Junior Red Cross To Launch Drive For Members

The annual membership drive of the American Junior Red Cross in Deaf Smith public and parochial schools will begin November 1, according to Mrs. Cecil Lady, chairman of the Deaf Smith County Junior Red Cross.

Conducted on a county-wide basis, the membership drive will be opened as Junior Red Cross members sign up fellow students in classroom units, at the regular fee of 50 cents for each classroom in elementary schools and \$1 for a group or less in secondary schools.

All funds over enrollment fees go into the Junior Red Cross service fund, used to finance local, national and international Junior Red Cross programs which are disconnected with of the adult Red Cross membership.

"We want to see 100 percent enrollment in all of Deaf Smith county's schools," Mrs. Lady said. "And we believe that our children, realizing the vast accomplishments of young Red Cross members in the past, will want to join the youth organization that has achieved a fine record."

Mrs. Lady said that through the National Children's Fund, local Junior Red Cross members contributed \$200 to the health of children abroad last year.

Butane Gas Truck Partially Destroyed By Fire Here Tuesday

A butane truck belonging to Frazer Milling Company was partially destroyed by fire Tuesday morning.

The truck was parked near a filling station door when apparently a spark ignited the butane. The blaze occurred about 5 a. m.

A hastily summoned fire department succeeded in extinguishing the blaze and the truck was not completely burned, but lack of a chemical truck to smother the flames meant the fire department had to use sheer water force on the combustible gas.

The alarm was turned in by the night watchman, firemen reported, and the truck driver was not in the vehicle at the time of the fire.

Processing Sheds Keep Busy During Lettuce Season Here

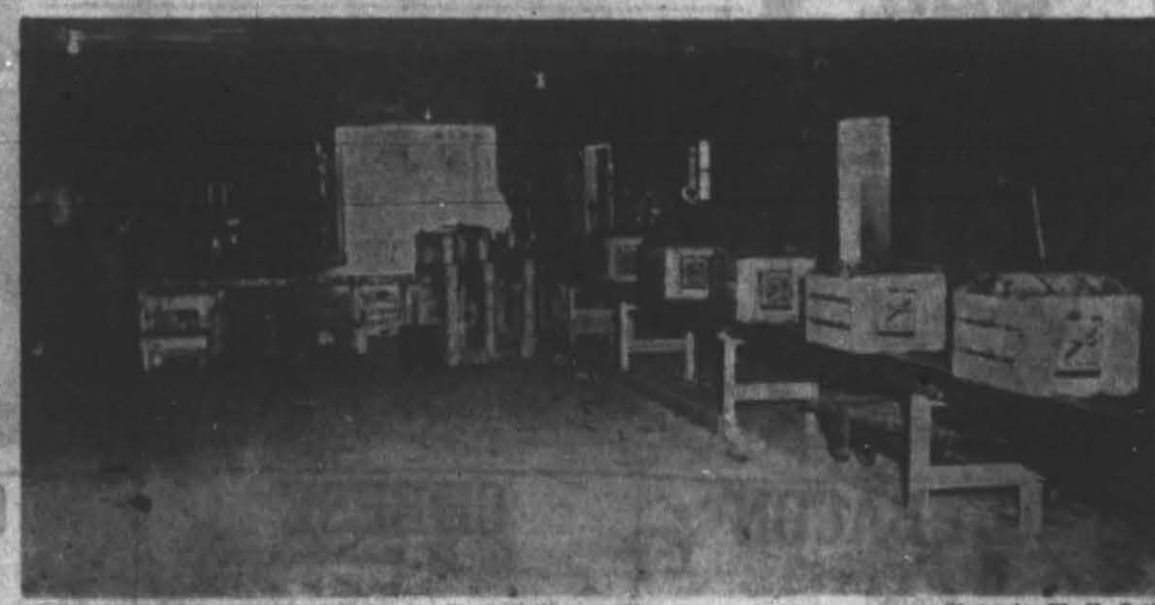

Lettuce carts are wheeled into the Hereford processing sheds during the current harvest. Four to six carts are carried on the truck.

Sorting lettuce in the sheds after it is wheeled in carts from the truck.

Hereford workers create a never-ending stream of lettuce flowing through the processing center. Shipments shown are from the Williams farms.

Feing lettuce is an important part of the processing. Workers here are putting the crisp heads in shape for the long trip to market all over the nation.

Educational Exhibit and Bake Sale Planned

An educational exhibit and bake sale will be sponsored by 4-H Club Girls of Deaf Smith County on Saturday, November 6, in the Cogdell Motor Company Building.

Mrs. Curtis Traweck is chairman of the Achievement Week event and she will be assisted by Mrs. Grace Little, and Mrs. Earl Scott. Members of the various Home Demonstration Clubs

of Deaf Smith County will assist with the food listed for sale.

The sale of foods will begin at 10:30 a. m. with the exhibits to be judged on display from 12 to 2 p. m. at which time the exhibit food will be placed on sale. Proceeds from the sale will go to aid in the 4-H Club work of the county, especially the newly organized clubs.

Food Schedule
Division A and B for 4-H Girls

Howard Gault On Panel For Redistricting

Howard Gault has been appointed to be State Advisory Council of the Texas Committee for Redistricting, the committee chairman, John Ben Shepperd announced from state headquarters in Dallas, this week.

Gault's appointment followed his expression of approval of Amendment Two through correspondence with Shepperd.

The redistricting program is also being supported in this area by the Hereford Chamber of Commerce, of which Gault is a former director, and by the West Texas Chamber of Commerce, of which Gault is director now.

Shepperd, a former president of the United States Junior Chamber of Commerce, disclosed that a number of other prominent Texans have already agreed to serve on the advisory council.

A non-political organization, the Texas Committee for Redistricting was established to enlist popular support for the passage of Amendment Two on the general election ballot in the November 2 election.

"Amendment Two is one of the most important amendments to come before the voters of Texas," Shepperd said. "It will end the undemocratic situation whereby many counties are today denied fair representation in the state legislature."

Amendment Two provides for a board of five to redistrict Texas according to population after each Federal census if the legislature fails to do so as directed. (Continued on Page 8)

Faust Collier Attends District AAA Meeting

Faust Collier, Deaf Smith County Agriculture Conservation association head was in Amarillo Tuesday and Wednesday attending a meeting of the District AAA group when conservation practices of 1949 for use in the Panhandle area were outlined.

The meeting was held in the Amarillo hotel with some 80 AAA administrative officers, clerks, and committee members present from the 17 counties in the district.

Lester Young, state administrative officer, and Gary Barnes, state performance supervisor, explained important changes from the 1948 regulations. Principally, the increased allocation allowed farmers for next year will be \$750 instead of the \$500 maximum payment granted to assist them with their conservation practices this year.

The group also heard Wortham Seale, district field officer for the AAA as he discussed plans for a larger conservation program in the Panhandle the next few months, and B. F. Vance who was in Greece last year as agricultural economic advisor for the U. S. Government.

The AAA program functions under the national Production and Marketing Administration, but is administered under state and county committees of farmers.

School Road Paving Is Sought By Board

Deaf Smith County Commissioners Monday tentatively agreed to a proposal of the Rural School board to pave the road surrounding a proposed new grade school building east of the softball park.

Although construction on the school will not start before next year, the school board wanted assurance that the road would connect with the city paving project.

The commissioners court approved the plan, providing the cost to the county would not exceed \$1,400.

Appearing before the court were School Supt. George Graham and Board Members Leo Forrest and A. J. Schroeter.

It's Hallowe'en

These teen-agers look reflectively into their old-fashioned jack-o'-lantern crystal-ball-style to see what omen the magic night holds forth at the big bon fire and picnic planned for them by Hereford Jaycees in City Park Sunday night.

Jaycees Plan Real Hallowe'en Picnic For School Children

A real Hallowe'en picnic is in the offing for Hereford school children October 31, as the Jaycees plans for holiday entertainment shape up.

The big bonfire will be held in City Park just west of the intersection of Avenue C. Although the main camp fire will be the center of festivities, smaller fires will be erected around it for the mammoth wiener roast the Jaycees are sponsoring.

"Might as well come on down and join the party, because in all likelihood your friends will be there," Gerald Wilson, general chairman has said to all the invited guests.

Beginning promptly at 9 p. m. under the directionship of the club and with the co-operation of City churches the entertainment will revolve around the wiener roast and the marsh-mallow roast which will follow, Bruce Wooddell and Sam Nunnally, entertainment committee have announced.

"Come in costume or come in playclothes, but come and have a good time," is the call Wooddell issued to the school-age group.

The picnic is this year's answer to the Hallowe'en entertainment problem. Last year the Jaycees sponsored a carnival for the children, and have decided this year to give them a change in recreation.

Musical entertainments will (Continued on Page 8)

Jaycees Saturday and Sunday will join local police in seeing that Hallowe'en activities are confined to such activities as portrayed in the lower right cartoon and not such antics as carting off furniture or marring public grounds.

76 Photographs Form Annual Exhibit Of Camera Club Now On Display

The Camera Club's annual exhibit on display this week in the window of Anthony's Department Store features black and white prints of almost every type or photography.

The 76 pictures in the show include portraits, self portraits, lights and shadow studies, landscapes, candied camera views and table top photography.

Pictures may be any size up to 11 by 14 inches and are displayed on regular mounting board. All shots were taken since the show last October.

These shots are the gleanings from among the winners in the monthly contests sponsored by the organization. The pictures displayed at the Tri-State Fair are mounted here also.

Polling on the camera work is scheduled for Saturday and after the voters select their favorites the winners will be shown alone in the window Monday.

Area Expects 1,000 Acre Fall Harvest

Panhandle produce is going all over the South this fall, as truck gardening, particularly head lettuce, carrots and peppers, is coming into its own.

Marketing companies with nation-wide outlets are buying in Hereford and other Plains areas to fill the gap between summer and winter harvests from other truck growing areas.

Deaf Smith County expects a 1,000-acre vegetable harvest this fall. The Williams Farms Company of Oxnard, Calif., has contracted for over 400 acres of lettuce and 150 cars of carrots. The company formerly operated only in California.

The Hereford area also provides a large acreage of potatoes. The area, according to John Morrison, production manager for Alexander Marketing Co., permits a two-crop vegetable season if potatoes are planted first, and lettuce or another crop later.

Morrison estimates over 5,000 acres of vegetables grew this year in the million-acre irrigated belt, from Lubbock to Hereford and from Muleshoe to Floydada.

Acreage next year will be somewhat larger, but Morrison believes the accent will be on "better" rather than "more" farm—even as home gardeners, seem to have a knack for growing vegetables, while some do not.

Growers have received more than \$1,000 an acre on some crops, particularly onions, earlier this year. Head lettuce brings \$350 an acre.

"This is better than California or the valley," says Morrison. "We produce the best lettuce in the valley." (Continued on page 8)

Breeders To Hold Show In Dec., 1949

A cattle show and sale sponsored by the Registered Hereford Breeders Association will be held in December, 1949. Ezra Norton, president of the association, has announced.

The association, re-organized last spring, had originally planned to conduct the show early next year, but at a meeting last week it was decided the animals would be in better shape at the later date, Norton said.

More than 60 head of cattle will be ready for the sale, breeders promised at the meeting, and several who were not present, said they were grooming animals for the sale.

Hereford Men Among Cattle Buyers From 15 States Attending Unique Sale At Mill Iron Ranch

Travis Dameron and Doyle Rose attended the Mill Iron Ranch Sale near Estelline Monday but did not buy. Cattle-men who have attended the unique sale there for a number of years have known of the method followed by the ranch but a great number of people who are interested in cattle have never heard of it.

Cattle buyers from 15 states arrived in Estelline Sunday bound for the ranch hoping to be lucky enough to buy some of the 250 young bulls which were to be sold in the unusual sale. The first stage of the buying began Sunday night when the buyers gathered in the Childress Hotel in Childress, and by contract drew lots for their selection of animals. Each man contracted to buy so many bulls and then drew lots to correspond with the contract, at one set price.

General Manager Polly O'Neal, of Wellington explained how the sale is conducted: "If a buyer wants only one calf and draws number 20, he will be the twentieth man to pick his animal from the entire herd."

"If he wants three bulls, he will draw three times," O'Neal continued. "Should he draw 10, 24, and 200, that is the order in which he will make his selection."

In order to be eligible to participate in selection and buying of the animals, a buyer must be present for the drawing in Childress.

The novel method of distributing the Mill Iron calf crop has

been followed for several years, according to the wishes of La-Fayette M. Hughes, owner. Purpose is to make quality bulls available to commercial cattlemen at reasonable prices.

The 250 calves sold Monday were picked from a herd of 300, which was the largest number ever offered by the ranch and represents all that will be sold from there this year.

Largest buyer was the Sears Roebuck Foundation contracting 85 calves for foundation use in livestock improvement program among future farmers.

Any interested person could attend the sale since it was open to the public. A barbecue was held at noon as one of the get-together features for the cattlemen.

PARTED BROTHERS

CHICAGO. (AP)—The Basketball Association of America will have a brother act this season, although the brothers will play on opposite teams. Big George Mikan, one of the cage sport's all-time greats, will play for the Minneapolis Lakers, new entry in the BBAA, while his brother Ed will be with the Chicago Stags. The two will clash for the first time on Nov. 19th at the Chicago Stadium. Ed is two inches shorter than his six foot, nine inch brother.

Peru, although wholly within the tropics, has three distinct climatic zones due to the influence of latitude, altitude, prevailing winds and ocean currents.

What It Means: Voting 'Blocs' In The United States

By ROBERT GEIGER
WASHINGTON, (AP) — How powerful are voting "blocs" in the United States?

First of all, what is a bloc? Simply stated, it is a group of citizens with strong common interests. The United States has three such major groups, and many lesser ones. They are the veterans, now numbering about 19,000,000; about 18,000,000 farm people of voting age; and about 50,000,000 in the non-labor force, about 18,000,000 belonging to the labor unions.

These total around 85,000,000, so there is obviously much overlapping. There are only an estimated 95,000,000 people of voting age in the U. S. all told.

If a bloc, or a great majority of its members, should decide to vote for the same candidate, it could hold the balance of power in an election. The reason is that in recent presidential elections only slightly more than half of the eligible voters have cast a ballot.

Never Known To Happen
But bloc voting has never been known to happen. The way it works out, the candidate's job is to try and settle each issue to the satisfaction of each bloc, without antagonizing other blocs, or to convince the majority of voters his proposed solution to a key issue is the best one possible for the country as a whole.

An instance right now is the farm price support program. Both parties came out for supports, but some organizations have been claiming supports are partly responsible for high food prices.

If voters considered this one issue the most important of the campaign, it could have aligned two powerful groups, the farmers and the city people, into voting blocs.

Other Important Issues
But there are other important

issues, like the U. S. foreign policy and the housing shortage. So the big blocs broke down. There are blocs within blocs. Some housewives, irritated by high prices and inflation, nevertheless believe the foreign situation more important. And so they are considering all the issues and deciding which candidate has the best solution for all of them.

So it goes with all blocs when many important issues are up. A voter may simply be a life-long member of a political party, willing to vote a party ticket regardless of whether he agrees with the proposed party solution for all issues. Or he may be both a farmer and a business man, or a farmer and a veteran. If an issue places both these interests in conflict, he has to make a choice.

Racial and religious issues also have been important in the past.

Workers Endorse Candidate
Neither the CIO nor the AFL as organizations, has endorsed a presidential candidate. But some officials of each organization have come out for one or the other. One group of workers has endorsed one candidate; another group has endorsed another. So the labor bloc has been divided. Even so, it is difficult to say how far individual union member will follow the sentiments of his leaders.

Nobody knows exactly how strongly the blocs have held together in past elections, because ballots are secrets. Public opinion polls have attempted to get the answer.

There is one bloc toward which the politicians are beginning to cock a more attentive ear, however. That's the feminine bloc. Women are becoming better educated. They are doing more and more of their own thinking. But they are in business, or they are veterans, or they are housewives. If some politician could contrive to weld them into one solid voting group he would have an election clincher. Because women now outnumber the men in the United States. The latest census estimate is that there are about 1,069,000 more women of voting age than men.

Sewing Club Meets

Summerfield Study Club To Sponsor Bingo Carnival Saturday Night, Oct. 30

Summerfield Study Club met at the home of Mrs. K. W. Neill Thursday afternoon with Mrs. B. E. Roberson as co-hostess. During the business session plans were made for the Bingo Carnival to be sponsored Saturday night at the Summerfield School house.

Mrs. Charles Noland gave a federation report and Mrs. Bess Werner, a guest speaker from Hereford, talked on "The United Nations Organization." She said in part, "The U. N. is an organization of sovereign states which have agreed to join their efforts in order to maintain international peace, to cooperate on the solution of economic, social and cultural problems of international importance, and to promote human rights for all without distinction as to race, sex, language or religion."

Mrs. Ray Johnson discussed

"The Palestine Situation," saying "It would be difficult to find a more baffling topic, even in the modern complex or international relations, than the Palestine question. The discussion in the Security Council and the referring of the whole question to the Great Powers have not strengthened the moral authority of the U. N. or the faith in the political foresight and wisdom of the United States which led the majority to the decision on November 29, 1947 to partition Palestine."

After the program refreshments were served to Mesdames C. R. Waiser, Ray Johnson, L. H. Lookingbill, Glen Olson, Ivan Black, Britt Clark, Earl Lance, Lee Curry, J. B. Noland, Jim Clark, Guy Waiser, Charles Noland, Walk Boston, Bess Werner and the hostesses.

Home Demonstration Clubs Council Hears Officers-Committees Reports

Reports from the Deaf Smith County Home Demonstration Club Council officers including Mrs. F. D. Ferguson, chairman; Mrs. C. P. Norton, secretary-treasurer; Mrs. Orville Groner-man, parliamentarian and Mrs. K. M. Cox, reporter, were heard at the Council meeting held Saturday afternoon at the Methodist Church.

Others giving reports were Council chairmen including Mrs. Joe Wagener, finance; Mrs. E. M. Cox, exhibits; Mrs. V. E. Dodson, yearbooks; Mrs. J. P. Stanton, education; Mrs. Ira Ricketta, expansion; Mrs. V. P. Walker, THDA; Mrs. Earl Scott, 4-H Clubs, and Mrs. Ira Ott, 4-H Clubs committees.

Club presidents giving reports were Mrs. C. P. Norton, Dawn; Mrs. Byron Campbell, Fairview; Mrs. Hardy Benson, Ford; Mrs. Owen Andrew, Frio; Mrs. Henry Kinsey, Heselman; Mrs. R. A. Fullwood, North Hereford; and Mrs. P. L. Carmichael, Progressive. Mesdames Orville Groner-man, Mrs. Earl DeHart and Mrs. C. P. Norton gave reports from the State Home Demonstration

Association meet held recently in Temple.

Committees were appointed for the Educational Exhibit which will be held during Achievement Week on November 3 in the Cogdell Building. Committees will include: Arrangement—Mesdames George Epting, C. P. Norton, and Ira Ott. Publicity and Hospitality—Mesdames T. Parsons, E. M. Cox and E. W. Womble Jr. Entries—Mesdames Curtis Trawick, chairman; Earl Scott, 4-H Girls under 13; Ira Ott, 4-H Girls over 13; and J. E. Oliver, Womens division. Registration Clerks—Mesdames R. N. Cooke, J. T. Findley, R. A. Fullwood and E. K. Pinnell. Prizes-Judges and Finance—Mesdames Louie Olson, Joe Wagener and V. P. Walker. Division chairman—Mesdames E. M. Fox, R. A. Fullwood and W. H. Goetsch.

Mrs. Merlin Kaul and Mrs. Ira Ott were in charge of the social and recreational period. The next meeting of the Council will be held on November 27 at which time an educational exhibit will be held featuring club scrap books.

40 Civic Chorus Singers Attend First Rehearsal Of Yule Messiah

The first rehearsal of the Messiah was held in the First Methodist Church Monday night with about 40 singers present for the introductory musical.

The group reviewed two thirds of the choruses in the oratorio with Mrs. A. J. Schroeter accompanying at the piano. About a dozen of the singers were new to the group and other new additions are expected each week.

Each Monday night the rehearsal of this world-loved music will be held at the Methodist Church, until the presentation on the first Sunday in December. Annually this most famous of oratorios is presented in Hereford early in December at the advent of the Christmas season.

"All Hereford singers are urged to come to our Monday night meetings. We are particularly issuing a call right now for additions to our tenor section." Miss Mattie Mae Swisher, director, said. "Copies of the Messiah are on sale at the rehearsals for \$1.25."

Attending the first rehearsal were:

Sopranos: Mrs. J. F. Ward, Mrs. T. W. Roberson, Mrs. C. C. Ferguson, Mrs. R. A. Sullivan, Mrs. Lindlay Murray, Mrs. Caudiola Brown, Mrs. R. C. McGilvary, Charlotte Lippard, Leta Dene Springer, Colline Brown, Edd Uri Talbot, Mary Lou Miller, Viola Rettman, Mattie Mae Swisher, Marilyn Barkley and Mrs. A. T. Schroeter.

Tenors: Nolan W. Froehner, A. J. Schroeter and M. T. Sparkman.

Basses: Frank B. Smith, L. E. Grass, E. W. Young, Carl Johnson, Dennis Lomas, Ray Peet, Charles Whitehead and Clayton Rutter.

Miscellaneous Adrian Shower Given To Compliment Mrs. J. MacNaughton

Five hostesses in Adrian entertained with a miscellaneous shower recently honoring Mrs. John B. MacNaughton Jr. of Bandera, a recent bride. Mrs. Bandera is the former Miss Betty Jo Thuett, daughter of Mrs. Mary E. Thuett.

Setting for the party was the Edgar Jacobsen home with Mesdames James Jacobsen, D. C. Banks, George Worsham, Don Morgan and E. K. Pinnell as hostesses. A color scheme of yellow and white, augmented with other Autumn colors was used in the

decorative arrangements of the home. The serving table was centered with a crystal epergne filled with yellow chrysanthemums flanked by crystal candelabra holding white tapers.

Guests were greeted by Mrs. Don Morgan, the bride, and her mother, Mrs. Thuett. Assisting with other courtesies were Mrs. George Worsham who registered the guests, Mrs. Verne Jacobsen who entertained with piano selections, and Mrs. Lorin Creitz who gave appropriate readings. A talent contest was held with

the honoree winning with her talent as a tap dancer.

Out-of-town guests registering included Mrs. Tom Cotton, Stinnett; Mesdames Earle Mathis, Vernon McIntire, Fred Cotton and Bill Agee of Amarillo; John Van Meter, R. A. Armitage, Bill Tolbert, Roddy Harwell, Cliff Wimberley, J. W. Thuett, John L. Wilson Jr., Mary Wiseman, Frankie McNabb, Boots Montgomery, Clayton Cook, Handie Cotton and Miss Ruth Cotton, Raymond L. Thompson, Marie Godwin, John Ivy, R. W. Thuett, J. W. McKendree, Gene Haliburton, Robert McCombs, all of Vega and Miss Patsy Hammock of Hereford.

Mesdames Tom Tippet, George Gruhky, Calvin Murray Calvin

Jean Thurmond, Youngest Governor's Lady, Cheers Her Candidate

COLUMBIA, S. C. (AP)—Attractive, dark-haired Jean Crouch Thurmond, bride of Dixiecrat presidential candidate J. Strom Thurmond, is the youngest governor's lady in the land: 22.

Five days after the general election next month, the South Carolina governor who heads the States' Rights Democratic ticket, will celebrate the first anniversary of their marriage.

An ever since the wedding—at an improvised altar in the governor's mansion—she has been in a whirl from one public function to another.

Is A Real Beauty

As a loyal wife and by her own convictions, Jean Thurmond is an ardent supporter of the principles of "states' rights," but a woman she still finds time to consider such important items as clothes and cuisine.

She's a real beauty, slender, fairly tall and with a quiet, genteel manner. She is most fond of tailored clothes, and South Carolinians like her taste. For public appearances, she goes in for a dark, basic color. She uses jewelry sparingly and doesn't go in for many frills and furbelows.

Wardrobe Due To Sister

Part of her smart wardrobe, at least, is due to efforts of her sister, Frances Crouch, a talented girl with a needle. Jean Thurmond is at home with scissors and needle in hand, but at the moment she's had only time to "touch things up." Both the Crouch girls learned their way around a sewing basket at Winthrop College, the state's women's college at Rock Hill.

The executive mansion boasts a corps of domestic help, but Mrs. Thurmond likes to get into the kitchen from time to time, whipping up a surprise dish for her 46-year-old husband. At the moment she's entranced with a new recipe for deviled crab, but she has a sizable store of Southern recipe secrets, such as hominy grits, fried chicken and "good ole corn bread."

In spite of the difference between her age and her husband's, she has to race to keep up with the athletic-minded governor. It's nothing unusual for the Thurmonds to take a five or six mile hike.

Childhood Romance

"Of course, I'm worn out on these treks," she confesses.

The Thurmond-Crouch romance sprang from a childhood admiration and a breezy courtship of the boss and his secretary. Soon after Jean graduated from college, she began working as a secretary in the governor's office.

By the end of the summer their engagement was accepted as fact by South Carolinians although it was not announced formally until early last fall.

The governor had first met Jean before the war when he was a circuit judge and she a high school leader in her home village of Elko. She has a fond memory of the occasion because the handsome judge told her she had pretty eyes.

Named Miss S. C.

Before she finished her formal studies, the governor named Jean "Miss South Carolina" for the 1947 spring azalea festival at Charleston.

Her help extends beyond taking notes for him in shorthand, too. She plays the piano, violin and saxophone. But, true to Southern tradition, she thinks she should stay in the background as far as her husband's public career is concerned.

Mr. and Mrs. H. M. Thomas and daughter, Mrs. B. F. Cain and son, Frank, are visiting this week in Shamrock, with another daughter of the Thomas', Mrs. Lyle Holmes and family. Mrs. Cain will also visit her husband's parents' Mr. and Mrs. Ode Cain, also of Shamrock.

Virgil Hennen Gets Naval Promotion; To Spend Leave Here

Virgil Price Hennen, machinist mate second class, USN, has just been promoted to the rank after six weeks of basic training in the Naval base at San Diego. Virgil is the 18-year-old son of Mr. and Mrs. O. V. Hennen of Hereford.

He is squad leader of twelve men; plays on the basket ball team and takes part in the boat team for his company.

Hennen has a high rank in leadership, a high I. Q. in test given, with an average of 87 in the G. C. T., wherein 50 is considered good. A grade of 71 in mechanical test, with 51 as a passing grade required.

He will graduate from "boot camp" the first of December and expects to spend his 15 day leave here with his parents.

Streu's Diary

October 27, 1948

DEAR DIARY:

I remember a part of a poem I learned back in the third grade that mentions "October's bright, blue weather." October is the most beautiful month of the year in this part of the country. However, it always gives me a feeling of sadness—I feel sorry for the trees and shrubs—they worked all summer building up a nice display of leaves—only to lose them in the fall—kinds like my hair. Then consider the ant—worked like everything all summer to store away food—pretty soon he will have to crawl in a dark hole with nothing to do but eat and sleep till spring. Bleak prospect.

In a happier vein, we report the receipt of another shipment of RCA albums—classical and popular—building up quite a business in records—enables us to keep a better selection. Received a bit of a shipment of Postoria—going fast. Also new: Lionel electric train sets and accessories—construction sets, footballs, basketballs, roller skates and dolls. Have a few good Winchester rifles and shot guns—ammunition is getting a little short—Xmas tree light sets and extra bulbs have arrived. Almost forgot—we have Presto Cookers—three quart, four quart, six quart, and the big Frymaster.

With each purchase of a Presto cooker, we will give you—free—our finest service, a pleasant smile, gift wrapping if you wish, and guarantee that if you are not satisfied, you will have a hard time getting your money back from Streu's. However, we will make the Cooker do what it is supposed to do. We keep repair parts for several makes of pressure sauce pans—if we don't have what you need, we will order it.

Have one eleven tube Stromberg-Carlson combination radio, record player for sale—\$369.50—going for only \$259.95, must be cash—need the space and the money.

I think the Lions Club is to be congratulated for getting such a picture as McMillan's "African Adventure" which is showing at the High School auditorium Thursday and Friday. This is one of the finest films ever shown in Hereford, and the price is about half that charged in Amarillo for the same film. The money goes to a good cause, too.

Three Collegians By A Totem Pole

Pictured above is Sid Davis of Amarillo pointing out part of a totem pole such as are found in Alaska, which he recently visited. With him are two other Wayland College students who made the trip with him, Mori Hiratani of Hawaii and Enlalia Burke of Portales, New Mexico.

Unusual Opportunities For Pioneer Christian Work Found In Alaska

Plainview—"Alaska offers unusual opportunities for pioneer Christian work," it was stated today by Sid Davis, Wayland College student from Amarillo who recently visited Alaska.

Others who went with Davis are Mori Hiratani of Hawaii; Flora Faver of Buckeye, Ariz.; Enlalia Burke of Portales, N. M.; and Alfred Cornibise of Brownfield, Texas.

Christian work in Alaska has recently come in for considerable discussion by religious leaders in this country. Progress there has been reported by some of the smaller sects and denominational organizations.

"I feel there is need for a distinctive Baptist witness," Davis declared. "Especially is there a need for consecrated Christians, including laymen, to go to Alaska to work, live, and serve in the churches in many urban centers moral standards are far from what they should be."

This group of students conducted religious services in three Baptist churches in Alaska where former Texans are pastors. A ten-day meeting was held at Fairbanks, where the Rev. Felton H. Griffin, a graduate of Baylor, and a three-day meeting at Government Hill Baptist Church, with the Rev. Odell Lene, formerly of Amarillo.

The meetings had good results; there were conversions, dedications to full-time Christian service; and decisions to come south a few thousand miles to attend Wayland College. From Plainview to Fairbanks was a car ride of about 4300 miles for the student body.

Among the vivid pictures described by Davis was one of the party's fishing on a crystal clear lake, with snowcapped mountains in the background. Growing by the lakeside were green and brown moss; blue, red and purple berries.

"There are no snakes, no poison ivy, nor poison oak in Alaska," he declared. Davis reported that American Army personnel were numerous in Alaska, a large proportion of them living in or near the big cities.

Other Baptist leaders in Alaska are Dr. E. Clarence Evans, executive secretary of the Alaska Baptist Convention; William A. Petty, editor of The Baptist Messenger, and B. I. Carpenter, New Mexican missionary at Ketchikan.

Decrease In Santa Fe Carloadings Continues

Santa Fe System carloadings for week ending October 23, were 29,125 compared with 31,574 for same week in 1947.

Cars received from connections totaled 14,674 compared with 12,632 for same week in 1947.

Total cars moved were 43,799 compared with 44,308 for same week in 1947.

Santa Fe handled a total of 42,604 cars in preceding week of this year.

SANTA FE INCOME HIGH
Santa Fe's net income for September, was \$5,926,450, according to a statement released by President F. G. Gurnley today. Net income for the first nine months of 1948 was \$48,763,787, compared with \$33,082,298 in first nine months of 1947.

Robert W. Mounts Rites Conducted In Dallas Monday

Funeral services were held Monday morning for Robert Wilson Mounts, 18-year-old son of Mr. and Mrs. Jack Mounts in Dallas at the Sparkman Funeral Home. Dr. Brown, pastor of the First Presbyterian Church of Dallas, conducted the service. Burial was in Hillcrest Cemetery.

Bobby, who had been ill for months, died Saturday afternoon. Besides his parents he is survived by two brothers, Jack 20, and Bill 14.

Mr. and Mrs. Mounts are former Hereford residents. She is the former Miss Kathryn Wilson, a sister of Mrs. J. A. Pitman of Hereford. Mr. Mounts is the son of the late Mr. and Mrs. R. N. Mounts, pioneers of Deaf Smith County.

Mrs. Pitman who was at the bedside of her nephew when he passed away, was called home Saturday night by the illness of her husband who underwent a major operation at Deaf Smith County Hospital Saturday night.

Since 1930, regular grade gasoline has increased from 60 to 76 octane number.

The average motorist today has a better grade of fuel for his car than Lindbergh had to fly the Atlantic.

EGG AND TOMATO CASSEROLE
Ingredients: 4 eggs, 1 No. 2 can tomatoes (drained), 2 tablespoons butter or margarine, 1 small onion, 1 teaspoon salt, 1 clove peeled garlic, 1/2 teaspoon freshly ground pepper, 1/4 cup milk, 4 to 6 large sprigs parsley, 1/4 teaspoon chili powder, 2 tablespoons enriched all-purpose flour. Topping: 1 tablespoon butter or margarine, 1-3 cup finely crushed crackers.
Method: Hard-cook eggs, slice thin and preserve. Empty tomatoes into strainer over small bowl and allow to drain. Peel and dice onion fine (there should be about 1/3 cup). Melt the 2 tablespoons butter or margarine in a medium-sized skillet over moderate heat, add the onion and cook until soft and partly browned, about 5 minutes. Mash salt with garlic together and add to skillet with pepper, chili powder and flour; stir well to coat onions. Add milk gradually, stirring as you do so; continue to cook and stir until thickened and bubbly. Remove from heat, add well-drained tomatoes and mix well. Chop the parsley fine. Place alternate layers of sauce and sliced egg in 1 1/2 quart casserole and sprinkle each layer with a little of the parsley. Top with buttered crumbs and bake in a moderate (350F.) oven for about 20 minutes, until thoroughly hot

and crumbs are lightly browned.

FRENCH TOAST, JAM STYLE:
Ingredients: 4 slices (about 1/2 inch thick) white bread, 4 tablespoons thick jam, 1 large egg, 1 tablespoon sugar, 2 tablespoons milk, 2 tablespoons butter or margarine.
Method: Spread 2 slices of the bread with jam, using 2 tablespoons on each; top with matching slices and press together sandwich style. Cut each sandwich in three strips. Beat the egg in a small, shallow mixing bowl just until white and yolk are combined and egg is slightly foamy; add the sugar and milk and beat again until sugar is dissolved. Dip the sandwich strips in this mixture; they can all be left in the bowl if after each is dipped it is piled on the others. Be sure to use all the dipping mixture by spooning it

up and pouring it over the sandwiches again so all liquid is taken up. Put the butter in a medium-sized skillet, place over moderate heat until fat is very hot and almost brown. Arrange sandwich strips in skillet (spooning any dipping mixture left in bowl over them) and saute until golden brown on each side.

WHOLE STUFFED BEETS ON SALAD GREENS:
This is one of those pleasant salads whose ingredients are determined by what you have in the house. Use whole canned beets or cook the beets yourself. Scoop out the inside of each beet and chop fine; then add what you will. Here are two suggestions.
EGG FILLING: Mash one or two hard-cooked eggs, add with a

little sweet pickle relish and mayonnaise to the chopped scooped-out beet. Refill the beet hollows, garnish each top with a half-teaspoon of mayonnaise and serve on water cross.

HERRING FILLING: Add a little chopped marinated herring and sour cream to the chopped scooped-out beet. Refill the beet hollows and sprinkle thickly with finely chopped parsley. Serve on shredded lettuce.

TWO-WAY STRETCHES

NEW YORK, (AP)—The size of a race track does not necessarily dictate the length of its home stretch. Aqueduct, which has the longest stretch in the country—1,520 feet from final turn to finish—is a one-mile oval. Atlantic City, an oval of one mile-and-an-eighth, has a stretch measuring 660 feet, while Bel Air, a 3-4 mile track, has a 1,037 foot home-stretch, which is but 110 feet short of the stretch at Belmont Park, which is a mile-and-a-half around.

76 Photographs

(Continued from Page 1)

The pictures are better than ever before.

Cute, clever, artistic or beautiful, the subjects run the gamut of photographic materials. For the animal lover, there are dogs, or ferocious shots of a boxer taken by Curtis Trawick. Soulful eyed toy manchesters or gay ceramics, posed behind a table top fence.

Pictures of children, always a top notch attention getter, range from shots of the youngsters caught in the daily routine of bathing or eating to special-time activities such as Christmas morning excitement.

The self portraits are particularly interesting as the Camera addicts try to photograph themselves in some of their ordinary poses. Bill Graham snapped his own picture as he was busily reading a manual on photography. Martin Simpson in farm work clothes puffs away on a cigarette and Jap Dickerson made a shot of himself outlined against a black background.

Elmer Patterson has a tricky shot of he and his wife and three daughters watching a movie screening of themselves.

Railroad pictures afford interesting pattern and detail shots. Western scenes, indicating the flavor of the country, are found in the close ups of yucca plants, the detail perfect snap of an ear of corn and a composition photo showing boots and holsters.

For the modern-technique fans, they have interesting angle shots of a traffic identification post at Dallas and a black and white shading of an F-shaped bare limb.

Shots of girls ready for a dip in the pool and landscapes of tree lined lanes or tree silhouettes, a snow-time photo of white ground and stark trees, by Henry Stahl, as well as pictures for every taste are in the window.

Texas has not been redistricted in 27 years. Sheperd pointed out. In that time many counties have grown tremendously in population, but never received a corresponding increase in representation in the legislature.

Regular redistricting in the best method of assuring fair representation for all counties, Sheperd declared in urging passage of Amendment Two.

The First Christian Church is announcing elsewhere in this issue a series of evangelistic services. The dates of the series is Oct. 31 until Nov. 7, rather than Oct. 3 until Nov. 7 as stated.

Members of the Wyche Home Demonstration are still getting a vote of thanks from the people of the community and have also received letters from out of town land owners in the community commending their recent work on the naming and marking the roads in that vicinity in a systematic manner.

Postmaster Jim Lipscomb was back in town Wednesday after a two week trip to New York where he was accompanied by his wife. Jim was very unhappy about the New York publicity they did not get. The New York press gave the whole convention one small story of about two short paragraphs when Tom Clark, attorney general of the United States, made an address before the postmaster's convention.

The Jaycees and Business and Professional Women who have given so many free hours to tramping the streets and measuring the blocks in the house numbering campaign certainly get bouquets for their efforts but the real tribute goes to Ellen Carter and Harold Loerwald, chairman of the committees in the various clubs who have given up their vacation time to spend it helping with this project.

Deaf Smith Republicans will have their own election judges at Precincts 1 and 2 in the courthouse here Tuesday. The pair, Grant Fuller and E. C. Eubanks will serve along with Democrat Judges R. G. Lewis and S. H. Slagle in Precinct 1 and John Patton and S. L. Walser for Precinct 2.

In case you've forgotten, the school consolidation election for Hereford Rual High and Rance Districts will be held at the courthouse here Saturday. Regular election time will be observed, 8 a. m. to 7 p. m. R. G. Lewis will be the election judge.

ers. Some commercial growers, trees in the world at this season."

Morrison explained that crops even grow faster in this above 3,000-foot altitude. Carrots reach selling size in 90 days out here, compared with 120 days in the Lower Rio Grande Valley.

Labor is better paid, too, because the Panhandle harvest comes when prices are good and competition scarce.

Three thousand persons, mostly from South Texas, are working in the fields and packing sheds on the Plains now. They get, for example, 60 cents to 70 cents a crate for bunching and tying carrots, compared to 35 cents to 40 cents for the same work in the valley. Earnings range from \$1 to \$2 an hour.

Labor was a problem during the early part of October, when cotton picking furnished stiff competition. Ample hands were being found by most employers by Oct. 20, however.

Plainsmen are accustomed to big figures, but the truck business is giving them new superlatives. Morrison's farm, for example, paid one farmer \$52,000 for a 40-acre patch of onions. Carrots, the principal fall crop, yield 200 to 350 boxes an acre, compared with 75 to 250 boxes an acre in the valley.

Paving Project Sought By C of C; To Entertain Highway 60 Group

Chamber of Commerce Committees met this week to plan concentrated efforts to get a paving project underway on Harrison Highway and to support the national Highway 60 association in its November campaign.

The Harrison Highway Committee agreed at their meeting Monday noon to confer with the State Highway Commission in Austin Friday at 9:30 a. m. They seek definite commitments on the state's paving plans regarding surfacing of Harrison Highway. They want road paving of this farm to market road to the Deaf Smith County line which borders Curry County, New Mexico.

Members of the committee attending the meeting were James W. Witherspoon, chairman; Alton Fraser, Henry Sears and Pete Cowar, chamber of commerce secretary.

The local Highway 60 group met for coffee in the Lions-Rotary Hall Tuesday morning to

hear the plans of Harry O. Glasser of Oklahoma, president of the Highway 60 association for a trip from Enid, Okla. to Los Angeles, Calif., enroute over 60 and returning over 66, stopping at all towns on Highway 60 for a "sight" tour.

This group, including two members of the Oklahoma Highway Association and a four man committee from Amarillo representing such interested groups as service station operators, hotel and tourist court owners, will be in Hereford November 9.

While here the group will be escorted around town by Chamber of Commerce Highway 60 representatives, shown the business district, points along the highway and town highlights. They will be served in the Lions-Rotary Hall before continuing their trip.

On Tuesday evening, November 9, this committee will be honored at a banquet in Clovis to which Hereford residents are invited.

Jaycees Get 21 New Members As Goat Drive Result

Twenty one new members, payoff of the goat campaign, were welcomed into the Jaycees organization at their membership dinner Tuesday at 8 p. m. in the Lions-Rotary Hall.

The goat, still making the membership rounds, was admitted to the meeting as Ivan Block presented it to Grant Hannah to care for until Hannah adds a new Jaycee to the list.

Dub Reeves, president of the organization, directed the business meeting when a committee chairman reported on the activities of their various groups.

Dick Barrett was named chairman of the Christmas decoration committee to which a fund of \$57.50 has already been subscribed. The greenery to wrap around the street lights will be ordered this week, Barrett announced, and the club believes there will be sufficient money to purchase the extra lights for stringing along the highway.

A report from the house numbering committee headed by Harold Loerwald disclosed that only 38 blocks of the 114 in the township were yet to be numbered. After the initial addressing the Jaycees and Business and Professional Club members will have to make a recheck on homes undesignated because the residents were not at home.

A final commitment on Halloween plans was made by the entertainment committee and general chairman, Gerald Wilson reported on plans for the group and assigned jobs to the members preliminary to the big bonfire wiener roast Sunday evening.

After the business meeting a group sing song was led by Sam Nunnally.

New members in the club are Robert S. Peterson, Jack Knox, Calvin Edwards, Sherman A. Duckworth, Grady W. Wilson Jr., Eugene Prickett, Bill Wells, M. L. Simpson, Jr., Billy Wilson Brownlow, Robert E. Brownlow, James D. Dixon, J. D. Gleason, Sidney Morris Esaley, Jack Ross, William Howard, Hal Blymiller, Darrell Blanton, Kenneth Coker, O. G. Hill Jr., Charles Sanders and Leland McMurray.

Dalhart To Be 'Tough' To Defeat Friday

Whitefaces Hold Slight Edge On Weight

The Hereford Whitefaces Friday night tangle with another tough opponent, the Wolves at Dalhart, who last week upset the Dumas Demons 32-0.

Hereford, on Oct. 8, downed Dumas 12-6. Dalhart's win over Dumas was the first in four years. The Wolfpack in that game was without the services of four of its mainstays, one of whom, Kenneth Ringo, center and guard, will not be able to see action against the Whitefaces. He is suffering from a broken arm.

Herd Coach H. V. Stanton said Tuesday the Wolfpack would be "plenty tough" and was putting the local eleven through a grueling scrimmage session.

Wolf Guard Dallas Bohrer, injured in the closing minutes of the game with Dumas, will be benched the rest of the season, according to Coach Gene Sunderman. Bohrer has seriously torn knee ligaments.

The Herd will have a slight weight advantage over the Wolves, averaging 149 to 137 pounds for Dalhart.

B Teams of the two schools will battle it out in Whiteface Stadium this afternoon at 3 o'clock. Starting lineup of the Wolfpack was not immediately available.

Starting for Hereford will be: Ends—Hawks and Hamilton. Tackles—Kimbrough and Owens. Guards—Reynolds and Gresham. Center—Melugen. Backs—Stanton, Dayson, Engman and Kelly.

22 Basketball Games Carded By Texas Tech

LUBBOCK—Twenty-two games and an all-college tournament will be on the 1948-49 basketball schedule of Texas Technological college, Coach Polk Robison has announced. Eleven of the games will be on the home floor.

Tech this season must limit attendance for home games to students, except for a contest Dec. 22 with Marshall college of Huntington, W. Va., which has been booked especially to permit the public to see the Raiders play.

Tech will return to the All-College tournament in Oklahoma City Dec. 27-29, after a few years absence.

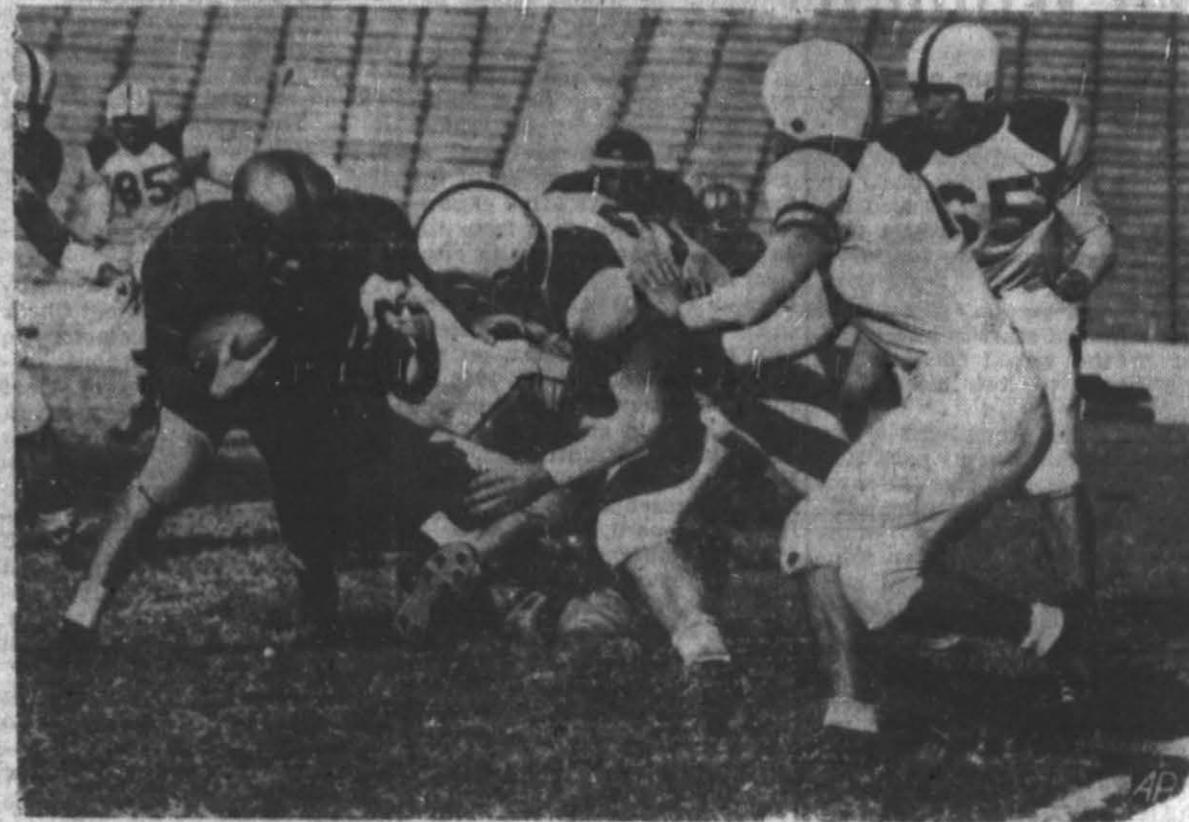

The schedule announced by Coach Robison includes: Nov. 30 McMurry at Lubbock. (Continued on page 8)

Big Game Hunt Is Shown In Lions Movie

Today and tomorrow Hereford audiences can see the motion picture "African Adventure" as the Lions Club brings the screening of an actual big game hunt to the stage of the High School Auditorium.

The movie will begin at 8 p. m. both nights and matinee at 3 p. m. Friday. Admission, 10 cents and \$1.20. Tickets will be on sale at the auditorium for an hour preceding each performance.

For real adventure this movie is tops, because the scenes are actual portrayals of man and animal fights and death in their native habitat. There's no Hollywood planned staging in this feature length show.

The movie, a color and sound film, was made by Mr. and Mrs. W. G. McMillan and their 20-year-old son Bill Jr., an aviator in Africa last year. The three flew to British East Africa and (Continued on Page 8)

Release of Great Ballplayers Recalls Memories

By FRANK ECK
AP Newsfeatures Sports Editor

NEW YORK, (AP)—Baseball's annual fall housecleaning is in full swing. It's always interesting to see changes made in major league player personnel but when some of the game's outstanding stars pass over the hill it's a bit hard to take.

Since the season closed a number of former standouts have been given their release as players. Among those who have passed from the scene one player stands out. He is Terry Moore, one of the greatest center fielders in National League history. Moore will be a coach with the St. Louis Cardinals next season. It seems like only yesterday

that he was making glittering catches in a World Series against the Yankees. In the 1942 Series he made 15 putouts, many of them sensational grabs. In the 1946 classic with the Red Sox he had 17 putouts.

Legs Lose Spryness
But the last two years Terry's 36-year-old legs lost their spryness. He hit only .227 this year against a lifetime average of .283. Moore realized he was at the end of the trail when he misjudged a fly ball in Brooklyn. It was his second such offense in 1,300 League games. The game loses a great competitor in Moore.

Among other veterans who have been released as players are George McQuinn by the

Yankees, Rudy York by the Athletics, Manager Bucky Walters by the Reds, Babe Young by the Cards and Arky Vaughan by Brooklyn.

McQuinn, an 11-year veteran in the American League, hit only .245 this year. He batted .304 in 1947 but when he reached his 37th year he just didn't have it. In the 1944 all-St. Louis World Series he hit .436 for the Browns.

York, who sent from Detroit, to the Sox, to White Sox to Athletics within the last three years, is another former World Series star. The big Indian slugger from Alabama hit 280 homers. As a first baseman in the '46 Series against the Cards York accounted for two of the three (Continued on Page 8)

Phillips Downs Canyon Eagles

PHILLIPS—The Phillips Hawks, scoring three times in the first half and coasting in the last two periods, downed the Canyon Eagles 26-0 Friday night.

The first two touchdowns were made on sprints by Tommy Moore, one on a 20-yard dash and the third was added when Bill Braden intercepted a Canyon pass and returned it 60 yards. Melvin Eldridge closed the scoring for the Hawks in the third quarter with a short run around end. Jimmy Williams kicked two extra points.

Canyon made only one threat, that near the end of the game, when Albert Craig threw a long pass to Bruce Winn deep in Phillips territory. Winn, Jerry Harding and Jerry Imbman were outstanding defensively for the Eagles.

Of Interest To Women

By PEGGY GLEASON she was ready for the next step, a critical appraisal of her clothes.

As she selected a blouse and skirt, I couldn't hold back my question any longer. I asked her why it took her the better part of an hour to prepare for just a casual date.

"Golly, mom, don't you know? The minute I start to lose interest in the way I look, people will begin to lose interest in me!"

Her answer prompted some serious thinking on my part. How many older women give the same attention to their grooming as do their daughters? All to many of us devote less than ten minutes to the dressing ritual and, I'm sorry to say, the results show it.

Let's make it a point, from now on, to prepare for each public appearance as though it were a command performance. We owe it to ourselves . . . and our audience!

QUICK CHANGE FOR MONEY SHANGHAI (AP)—Short story. In 1946 two men held ten million of the government's former inflated currency—the "CNC". One was an old man. The other was a young man.

The old man, a retired employee of a big foreign oil company had what he called faith in the Chinese government "to do the right thing by its money." He put it in the bank and lived on the gratifyingly high interest.

The young man came down to Shanghai and bought five hundred American dollars with his ten million. Today the young man still has his stake. The old man? A letter was received from his widow after the change-over at three million CNC to one new gold yuan. It had been a fatal shock to him, she said that all he had to show for his life's work was three dollars.

CUTS FLAME GAS USE
CANTON, (AP)—A new government order pegs aviation gasoline consumption by Australian airlines to 2,000,000 gallons a month. The ration was based on consumption at July 1. Prime Minister Joseph B. Chifley said the restrictions will help to build up aviation gasoline stocks for defense purposes. The restrictions will not apply to international air services touching Australia.

Mr. and Mrs. H. B. Whittington and daughter, Iona and son, Reece accompanied by Wilma Robertson, attended a family reunion in San Juan, New Mexico Sunday. The family gathering was made up of members of Mrs. Whittington's family.

DAWN

By MRS. J. J. BOLING

This community received a quarter of an inch rain Wednesday night which was a great help to the growing wheat. Most of the farmers have finished sowing their wheat. There is still quite a bit of feed to be combined and cut. Quinten Archer is terracing his land this week.

Frank Kinney is able to be up and around after being ill so long.

A party and shower honoring Mrs. Jack Higgins was held Friday evening with Mesdames C. L. McBroon, Zelma Aze, E. W. Womble Jr., and Byron Campbell as hostesses.

Refreshments were served to the following guests Mesdames, Carl Frye and Miss Carl Rae Frye of Hereford; Zelma Aze, Byron Campbell, E. W. Womble, Jr., C. L. McBroon, W. R. Moore, Ky Higgins, Wayne Higgins, E. T. Allred, J. T. McClain, Belton Finney, F. E. Finney, J. F. Matthews and the honoree.

Mrs. E. W. Womble Sr. and daughter, Sharon and Mr. and Mrs. Hubert Fonda are in the hospital in Canyon following a car accident last Monday evening. All are reported to be recovering rapidly.

Miss Neta Joe Moore from Plainview visited in the home of her mother, Mrs. J. T. McClain Saturday night.

A group of young people from Wayland College in Plainview gave a program at the Palo Duro Church Saturday night. Sunday a basket lunch was served at noon at the church.

Mrs. J. C. Clark has returned to her home in Vernon after a summer's vacation in the home of her daughter, Mrs. J. F. Matthews.

Mrs. J. F. Matthews made a business trip to Lubbock, Slaton and Tahoka last week.

Mr. and Mrs. Earl Reynolds, Mr. and Mrs. Jack Reynolds and children, Susie and Gene with little J. W. Fowler of Amarillo were visitors in the W. R. Moore home Saturday.

Joe Stafford returned home from Seymour last Tuesday after a few days visit in the home of a daughter, Mrs. John Slagle.

Billy and Wilma Moore attended the football game in Hereford Friday night.

Chevrolet... Leader in Value

Your choice for **QUALITY** on all these counts

...at prices that are lower than those of any other car in its field!

- Your No. 1 Choice for RIDING SMOOTHNESS
- Your No. 1 Choice for PERFORMANCE with ECONOMY
- Your No. 1 Choice for ALL-ROUND SAFETY
- Your No. 1 Choice for TASTEFUL BEAUTY

Men and women agree that Chevrolet gives a much smoother, steadier ride than other cars in its field. The reason is that Chevrolet alone has the original Unitized Knee-Action Ride, backed by more than 14 years' experience in building Knee-Action units. This feature is found elsewhere only in higher-priced cars.

You'll enjoy much finer performance with economy in Chevrolet. Its world's champion Valve-in-Head engine holds all records for miles served, owners satisfied, and years tested and proved. And Valve-in-Head engine design, like so many other Big-Car features, is found only in Chevrolet and more costly cars.

You and your family will ride in safety, thanks to Fisher Unitized Body-Construction—safety plate glass in all windows—the road-sturdiness of the Unitized Knee-Action Ride—and the stopping-power of Positive-Action Hydraulic Brakes—fourfold safety-protection exclusive to Chevrolet and costlier cars!

You know—and your friends know—that the modern, Body by Fisher, is the hallmark of bodies that are better by far. Chevrolet's Bodies by Fisher reveal this finer quality in every detail, including the hardware, upholstery and all appointments. Naturally, these bodies are exclusive to Chevrolet and higher-priced cars.

VOTE FOR JUDGES RETIREMENT AMENDMENT AND ASSURE

(The 'x' is on the ballot)

1. Economical and efficient administration of justice.
2. A more independent judiciary.
3. Keeping competent judges.
4. Security for the aged and infirm, as has been provided for school teachers, state and county employees, policemen, firemen and others.

Join the 31 other states and the United States that have improved their courts by providing an adequate retirement system.

Don't you tempt fate...

Don't try to palm off a worn-out summer oil on your engine this winter. It just doesn't pay. Because, first of all, it's bound to be dirty. And that means excessive wear on metal surfaces. But more important, old summer oil just can't measure up.

So don't just tempt fate! Make a date today to OIL-PLATE your engine with winter-grade Conoco N^o Motor Oil! Get N^o oil's

quicker starts... plus the extra protection of Conoco N^o OIL-PLATING.

Because N^o contains a special added ingredient that fastens an extra film of lubricant to your engine's working parts... cylinder walls are actually OIL-PLATED, extra-protected from "dry" friction starts, from power-clogging sludge and carbon due to wear.

It's your car's good fortune when you...

that the amendments are non-political in nature and "will enhance the efficiency and economy of our government."
Two of the amendments have been on the agenda of WTCC for many years and their passage is stressed by Manager D. A. Bandede. First of these is SJR 2, which occupies second place on the ballot, calling for the redistricting of Texas. This amendment provides that the legislature shall redistrict after each decennial. If this is not done, then an automatic board is set up, and if this board fails to function, it can be mandated by the supreme court.

to lose some votes in redistricting, there is at present an unbalance in our legislative redistricting which will be corrected," Bandede said.
The organization also strongly recommends passage of HJR 24, which is No. 7, on the ballot and provides for abolishing the state ad valorem tax and enables counties to levy the tax for local revenue purposes. The measure would permit the counties, which do not at present receive tax remissions, to have the 30 cents for flood control and farm-to-market road purposes.
This would make additional funds available to local governments, which they do not now have.

Mrs. Grady Wilson, Jr., Is Honored At Pink, Blue Shower

WESTWAY—A pink and blue shower honoring Mrs. Grady Wilson Jr. was held last Thursday afternoon at the home of Mrs. Joe Wagoner. Assisting hostesses included Mesdames H. D. Blythe, Edgar Skypala, W. B. Nunley, and Edri Scott.
A playlet was presented by Mrs. H. H. Millard, Mrs. M. S. Roe, Mrs. Bud Hopson, Mrs. Lee Hopson, Bud Hopson, Paul Rudd, Elvin Wilson, Kelly Gray, Harry Engman Jr., Merlin Kaul, R. M. Gunn, Jack Flowers, M. S. Roe, A. C. Pierce, Joe Landers, H. H. Millard, Pete Hopson, the hostesses and the honor guest.

"I wish we were getting some of your rain, however strange that may sound. This country is in the midst of one of the worst droughts it has ever known. No matter how long a drought lasts in Hereford there is always 'Oceans of Water.' But here our water supply comes from a lake that is so low that President Wooley (of the college) has been forced to prohibit bathing! The tubs haven't been used for nearly two weeks. Dartmouth College has dismissed on account of the water supply and there are rumors that we have to do likewise. But it will be as a last resort. Sponge baths are getting on people's nerves!"

Refreshments were served with tiny baby dolls as favors. Those present included Mesdames R. L. Wilson, I. V. Flowers, A. H. Janssen, Grady Wilson, Lee Hopson, Bud Hopson, Paul Rudd, Elvin Wilson, Kelly Gray, Harry Engman Jr., Merlin Kaul, R. M. Gunn, Jack Flowers, M. S. Roe, A. C. Pierce, Joe Landers, H. H. Millard, Pete Hopson, the hostesses and the honor guest.

Mrs. W. E. Dameron is visiting her sister, Mrs. J. E. Beyer, Jr., and family of Hutchinson, Kans. Mrs. Beyer is the former Laura Gregg and J. E. Beyer is the son of Mr. and Mrs. Joe E. Beyer of Hereford.

Who remembers that fine, dandy week of sunshine we enjoyed 'way back yonder, last week? At least there is one consolation: the persistent warning of the weather man the past three days that it would "probably freeze" has failed to materialize.

It started Wednesday night, made an all night job of it, kept it up all day Friday, drizzled along Thursday night, and made a good showing Friday morning. A very light snow, straight down fell a few minutes, melting as fast as it hit the ground. Around noon the sun was fighting to break through again and everybody was hopeful and pulling for it.

The register at the First National Bank shows this last spell has added 2.5 inches to the precipitation record.

Mr. and Mrs. Dalton Griswell were in Dalhart Friday where they saw the Dalhart Wolves defeat the Dumas Demons, 32-0.

Form Building Code To Make Public Buildings Fire Safe

It would take just a few items to make public buildings safe in construction, according to Marvin Hall, State Fire Marshal, State Fire Marshal's Office. He is working on a uniform building code for Texas, which would be enforced, for Texas, in Washington. He pointed out that 50 per cent of the large money loss fires have been from inferior construction. An adequate and reasonable building code would take much time and effort, but in the meantime, each Texas town and city not having it, should adopt legislation dealing with the correction of deficiencies in existing buildings and sound measures for keeping future buildings fire safe," the Commissioner said.

Sun Princess Elected By Students Of West Texas State College

CANYON—Jean Morgan, comely brunette junior from Quail, was selected as the Sun Princess to represent West Texas State College at the 14th Annual Southwestern Sun Carnival. It will be held in El Paso, Dec. 28 through Jan. 1. Miss Morgan was chosen at a student assembly this week. Other contestants were Wadna Davis, Tulla; Floyd Dean Crawford, Spearman; Pat Sutton, Pampa and Elaine Nelson, Amarillo. They were entered in the contest through petitions signed by 50 students each. The Student Senate will send Miss Morgan to El Paso while the Southwestern Carnival Association will pay her other expenses while in the Border City. The annual celebration will begin with coronation of the Queen, followed by a unique pageant presented by the Queen and Court. A Coronation Ball, a night at the El Paso Symphony and two other attractions will round out the four-day festivities.

Western U. S. Has Highest Accident Rate

CHICAGO—Horace Greeley might have added a safety note to "take it easy" when he advised young men to go west. For the young men who took his advice—and those who have followed them—have given the western United States the highest accidental death rate in the country. The 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council, points out that the accidental death rate per 100,000 population averaged 102 in the Mountain states and 82 in the Pacific states in 1947. The lowest average rate was the 69 of the North Atlantic states; followed by the North Central states with an average rate of 69. The accidental 1947 death rate for the entire United States was 69.7.

STIR THE MELTING POT
SINGAPORE, (AP)—Europeans today intermarry with other races more than other races in Singapore. Of 615 Europeans married between Jan. 1, 1947, and July 31, 1948, 12.2 percent married other races, mainly Chinese and Eurasians, official figures show. Of 1,628 Chinese married in the same period, only 3.6 percent married other races, mainly Europeans and Eurasians.

Test New Twin-Jet Carrier Plane

Latest entry in the all-jet field is this Douglas XF3D-1 Skynight, a twin-jet carrier-based all-weather plane currently undergoing flight tests at Air Force Test Center at Muroc, Calif. It is expected to be one of the most versatile of jet aircraft, capable of carrying out both fighter and bomber missions.

NAZI AIR ERRORS STUDIED
LONDON, (AP)—Stupidity and overconfidence probably cost Marshall Goering's Luftwaffe its chance of victory in the Battle of Britain, an analyst for the magazine "Aeroplane" has concluded. German flight experience gained on Franco's side in the Spanish civil war led the Luftwaffe's major error, the magazine said.

Teaching Your CHILD

By DAVID TAYLOR MARKE
AF Newsfeatures Writer

"I sometimes wish all parents would hang upon the wall, where they could see it, a framed sampler bearing the legend 'The Child is Helpless,' says Bonaro W. Overstreet, noted author, lecturer and adult educator. Writing in the magazine National Parent-Teacher, she explains that the extent to which parents realize this fact and respond to it, will largely determine the child's later capacity to handle life.

Parents need not, of course, be reminded that the child cannot provide its own food and shelter. This is ancient parental knowledge, she says. What we have only begun to realize, however, is how helpless the child is to satisfy its own emotional needs; how precarious its physical condition is unless the parents provide a steady, reassuring diet of love.

It was long believed, say Mrs. Overstreet, that the babe in arms, and even the toddler and growing child, lived in a blessed world of its own, immune to the problems of grown ups. Psychiatrists have made short shrift of this happy illusion. On the basis of clinical experience, they are prepared to insist that even the smallest infant is "aware"—in however vague and dispersed a fashion—or any emotional tension in the environment upon which it depends for its security. When infant Kenneth, for example, becomes suddenly unable to digest his food he may be experiencing, at second hand, an anxiety or irritation communicated to him by his mother. Or the cause may lie in a haunting fear bred in him when he overheard a violent quarrel between his mother and father.

GIRAFFE APARTMENT CALLS FOR SKYSCRAPER

RIO DE JANEIRO, (AP)—Mayor Angelo Mendes de Moraes, who takes a lively interest in this city's zoo, was asked by a member of Congress to explain how much money he spent on an "apartment" for the zoo's new giraffe.

In a recent broadcast to his constituents, the mayor answered: "A complete apartment for a giraffe with bathroom, bedroom and kitchen would be rather expensive owing to the uncommon height of this animal. But, since the giraffe's abode will consist only of a wire fence, the problem is much less complicated than the Congressman supposes."

The average octane number of premium gasoline has increased from 70 to 80 octane number since 1930.

Texans in Washington

By TEX EASLEY
AP Special Washington Service

Corpus Christi. Known professionally by her maiden name, she is the wife of Harry Secord, a retired army officer.
Miss Rawalt is with the Bureau of Internal Revenue and presently is reviewing cases which are to be brought before the U. S. Tax Court for final disposition. After pre-legal studies at the University of Texas, Miss Rawalt obtained her law degree at George Washington University here. Baylor U. at Waco conferred an honorary doctor of law degree on her in 1945.
Headed Bar Association She has served as president of two national bar associations—

the National Association of Women Lawyers in 1942-43 and the Federal Bar Association in 1943. Attorney General Tom Clark, a fellow Texan from Dallas, succeeded her as head of the latter organization.
Most women lawyers in the capital are with governmental agencies or are on Capitol Hill. Mrs. Nina Haynes Ikard, legislative secretary to Rep. J. M. Combs of Beaumont, is a member of the American and Women bar associations. She is chairman of the juvenile committee of the District of Columbia for the women's bar group.
Former School Teacher Formerly a public school teacher in Fort Worth, Dallas and Mineral Wells, Mrs. Ikard is a graduate of North Texas State Teachers College at Denton. She got the idea of becoming a lawyer when she was a secretary to a U. S. district attorney in Fort Worth.
After getting a law degree from Southeastern University in the District of Columbia, she worked as adjudicator and claims reviewer in the General Accounting Office.

MRS. MERLIN KAUL
Rev. Don Davidson, pastor of the Methodist Church in Hereford preached here Saturday night. The service was well attended. Visitors included Mr. and Mrs. O. Wilder, Mrs. Don Davidson, Mrs. I. H. Spratt, and Mr. and Mrs. Ben Suddeth.
Rev. John P. Atkins and family of Plainview, attended services here Sunday morning and Sunday night. They were dinner guests in the Roy Lee Wilson home. The Paul Mason family and Mrs. C. C. May and Wesley Robert are new members of the Sunday School.
The Missionary Class will meet for a luncheon Thursday at the home of Mrs. J. O. Morrison. New officers will be elected during the business session.
Miss Bobbie Boyd of Amarillo spent Friday and Saturday at her home here.
Mr. and Mrs. Kenneth Rudd were supper guests of Mr. and Mrs. Kelly Gray Wednesday night.

PUSH SEED PROJECT
ATHENS, (AP)—Exactly \$350,000 will be spent to encourage seed production in Greece the coming year. The Economic Cooperation Administration (ECA) and Greek government have agreed to continue the seed production program started by the American Mission for aid to Greece last winter.
American experts say Greece has the climate and soil to produce high quality disease-free seed. It is anticipated the program will reduce seed importations.
Miss Winnie Karrh had as guests for the week end her family consisting of her mother, two brothers, a sister-in-law, a sister and a niece. They are from Plainview.

DEMILITARIZED, BUT—

DROP USSR PAPERS
SHANGHAI, (AP)—I. Gennady I. Kishko, hereby declare that I have returned . . . my passport to the USSR Consulate and hereby do not consider myself a Soviet citizen and have applied to the Chinese government for a stateless certificate. . . Such renunciations of Soviet citizenship are becoming increasingly frequent in Shanghai's English-language dailies. The above ap-

peared in the Shanghai Evening Post alongside a similar announcement by an Alexander Kotoff. In the morning papers there had been other announcements by other Russians declaring their preference for the uncertainties of a stateless rather than continue to be Soviet citizens.

Miss Fannie M. Boyls, member of a family noted in South Texas legal circles, is now a principal attorney on the general counsel's staff of the National Labor Relations Board. She supervises the briefing of cases and argues them in the federal courts.
She got her law degree from the University of Texas in 1929. For five years she engaged in private practice, first in the an Antonio law firm of her father, the late James F. Boyls, and then in Beaumont.
Since 1934 Miss Boyls has been with the government, starting with the Home Owners Loan Corporation in Washington and then going to Dallas to serve in the regional office of the agency. She has been with the NLRB since 1937.

In Private Practice
Ivy Lee Buchanan formerly of Dallas, is engaged in private law practice here. She attended Texas State College for Women in Denton and Southern Methodist University, before receiving her law degree at National Law school here in 1942.
She is chairman of the committee on communications law of the National Association of Women Lawyers.
All of the Texas women lawyers here have been admitted to practice before the supreme court.

MOVING AROUND
NEW YORK, (AP)—There are several familiar faces in the basketball this season in the Basketball Association of America. John Mahnken and Irv Torogoff were traded by Washington to Baltimore and in return Washington got Kleggie Hermsen and Dick Schulz. Boston got Hank Beenders and Chuck Halbert from Philadelphia in exchange for Big Ed Sadowski. Grady Lewis, who played with the Baltimore Bullets last season, was sold outright to St. Louis, where he will serve as playing-coach of the Bombers.

Now the famous Gas Refrigerator that...

STAYS SILENT LASTS LONGER
because it freezes with no moving parts

STAYS SILENT... LASTS LONGER
Servel
The GAS Refrigerator

CHECK FOR YOURSELF

- ✓ Big frozen food compartment
- ✓ Plenty of ice cubes in trigger-release trays
- ✓ Moist cold and dry cold for fresh foods
- ✓ Convenient Servel meat storage tray
- ✓ Dew-action vegetable fresheners
- ✓ Handy egg tray
- ✓ Flexible interior arrangement, with sliding shelves adjustable to eleven different positions
- ✓ Plastic Coating on shelves—keeps them rust-free, scratch-free, easy-to-clean

Yes, you can get it—right now . . . the famous Servel Gas Refrigerator that more than 2,000,000 owners say stays silent, lasts longer. In its different, simpler freezing system there are no moving parts. No valves, piston or pump. No machinery that can wear or get noisy. Silently, efficiently, a tiny gas flame does the work.
New and greater, the famous Gas Refrigerator is your best investment in convenience, too. For fresh foods, for frozen foods, for ice cubes, tall bottles—for everything you want to keep in your refrigerator—you've plenty of space.
Come look, come listen. Come see the wonderful new silent Servel Gas Refrigerators now on display!

Red Sox victories in a losing cause. He won the opening game with a 10th inning home run to beat Howie Pollet, 3-2. He also won the third game when he homered with two on in the first inning to beat Murry Dickson, 4-0.

1948 Greatest Year
In York's greatest year—1948—he hit 33 homers, batted .316 and drove in 134 runs for the Tigers. Some team may yet use his big bat even though Rudy is past his peak as 35.

Walters, one of the most popular players to ever wear a Cincinnati uniform, has called it quits as a pitcher. Bucky, of course, may change his mind. He peddled only two wins at the start of the crash the elite 200 circle. He failed in his few starts this year.

The former third baseman, a three-time 20-game winner with the Reds, reached his peak with a pair of victories over the Tigers in the 1940 Series. After a great season in 1944 when he won 23 and lost only 8 he hurt his pitching arm in a 2-8 shutout against the Cardinals and his service was limited.

Ostermeller Calls Finis
Another grand competitor who has called Finis to his pitching career is Fritz Ostermeller. At 41 he won eight games for the Pirates to run his lifetime total to 114 against 115 setbacks. However, Manager Bill Meyer of the Pirates thinks Fritz will be back. "He loves the game too much to retire," says Meyer.

Other stars who passed out of the picture before the season ended were Joe Medwick, Bobo Newsom and Bill Lee. For some of these fellows there may be a place in baseball but as far as playing the game goes their hitting or pitching deeds will long be remembered.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel green laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must take the way it quickly relieves the cough or you are to have your money back.

began their hunt from there, capturing trophies and recording the exploits on film. McMillan Sr., shot virtually all the film while son Bill stood guard with loaded guns.

Included in the exciting film tract are a death fight between two impala bucks, thundering herds of zebra, giraffes, antelopes, gazelles, topi and buffalo rushing headlong toward greener pastures.

One scene shows a lion stalking the camera within 14 feet of the box before he was downed by Bill Jr., and in another episode a wounded buffalo, blood mad and furious with fright was dropped just six feet from the camera by lead which Bill kept pumping into him.

This film has been shown in Amarillo, Dallas, Fort Worth and other Texas cities. Its 90 minutes of superb African scenery caught in natural color and its suspense packed action have thrilled all its spectators.

Hal Kester of Seattle and Clifford Kester of Craig, Colo. who have been visiting in the home of their parents, Mr. and Mrs. F. M. Kester returned home this week. Hal left by plane Monday. They had visited earlier in the week with another brother, Lynn, in Farmington, N. M. who was very ill and unable to come with them to Hereford as originally planned to be with their parents.

College students visiting in Hereford with their families and friends for the weekend were: Oliver Streu, son of Mr. and Mrs. Urin Streu; Donald Shipley, son of Mr. and Mrs. Donald Shipley; John Samuel Coombes, son of Mr. and Mrs. Ellis Coombes and Richard Petersen, son of Mr. and Mrs. A. Petersen, his wife and son, Gary; all of Lubbock Tech. Mr. and Mrs. Bill Bradley, both of W. T. S. C. Canyon visited his mother, Mrs. Dyalthis Brady, and her parents, Mr. and Mrs. R. G. Blue.

Mrs. Clem Schumaker of Sunray spent the weekend here in the home of the Ed Loerwalds. Mrs. Schumaker is Mrs. Loerwald's mother and she was accompanied by her son, Andy Schumaker.

AREA MARKS
UNIVERSITY, Miss. (AP)—Bobby Wilson's 96-yard scoring run against Florida with an intercepted pass was the longest for the University of Mississippi footballers since June Hovious' 98-yarder on a punt return against Georgia in 1940. The Ole Miss record is the collegiate mark—Jack Burke's 109-yard kickoff return against Alabama in 1931.

THINK IT OVER FOLKS

Do You Know That Your Present Congressman Voted...

AGAINST Investigating Executive Departments Including the selling of Industrial, Chemical and Military Patents to Russia (H. R. 118).

AGAINST Making Available to Congress Information from Executive Departments (H. J. R. 342).

AGAINST Cutting The Budget (H. R. 20).

FOUR TIMES AGAINST The Anti-Inflation Bills. (H. J. R. 273; S. J. R. 167; H. R. 711 and S. J. R. 157).

AND SEVEN TIMES AGAINST Income Tax Reduction, which would and Finally Did Increase the "Take Home" Pay of Every Wage Earner in the Panhandle. (H. R. 1—3 Times; H. R. 3950—3 Times; H. R. 4790).

Remember This Record When You Go To The Polls Tuesday!

Do you want to continue this kind of representation in Washington? If not, vote for your neighbor, J. Evetts Haley of Canyon, for Congressman and Jack Porter for Senator. They will work with the New Administration and for the people of Texas.

(Paid for by friends of Haley and Porter)

DO YOU KNOW ...

That the discount allowed on tax payments when made during October is equivalent to an annual interest rate of near 14%? There are still a few days left in which to take advantage of this saving.
