## Jaycees Planning Second Annual Halloween Carnival Next Month

Hereford students back at college are getting into the swing of things and taking up their positions as campus leaders. A clipping has already come in from the Battalion, Texas A & M student newspaper, on the inspirational activities of the YMCA there, of which Herefordite J. W. Robinson is the energetic president.

Bruce Wooddell and his current crop of dahlias have been brightening up the Brand office. He came in Monday with an enormous bouquet of blooms, six inch yellow and pale fuchsia flowers and hybrid varieties of yellow flecked with red and bronze.

Someone was telling Mayor Dameron about the football game Saturday morning when he exclaimed, "Where do you think I was?" He was amazed that anyone would think he was

## Club Erects Roadsigns On Rural Lanes

The active Wyche Home Demonstration Club has undertaken a project to mark roadways in the southeastern area of the County. Roadsigns, designating lanes on unmarked county roads, were set up last Thursday.

North and South roadways have been named in alphabetical order after states, such as Florida Lane, Georgia Lane and Kentucky Lane, while east and west roadways are named after state capitals. Examples are Denver Road and Cheyenne Road.

## Hereford Riders Club To Participate In Fair At Friona On Saturday

Its boots and chaps attire Saturday for members of Hereford's Riders Club, who will be mounted for the Farmer County Fair in Friona. The group decided to accept the invitation at their club meeting Monday night in the Court House.

## Congratulations for Miss America

Beatrice "BeBe" Shopp, 18-year-old farm girl from Williston Park, Minn., and Miss America for 1949, reads congratulatory telegrams with her parents, Mr. and Mrs. Edward Shopp, in Atlantic City, N. J. Miss Shopp, who tends 100 chickens on her father's farm and helps her mother with kitchen chores, spurned Hollywood and marriage for her music and education.

## Whitetails Go To Sudan Friday To Revenge Defeat Last Year

The Hereford Whitetails travel to Sudan to battle with the Hornets Friday night at 8 o'clock. The Whitetails will be trying for revenge from the 37 to 0 licking the Sudan Horns handed them in last year's opening game at Hereford.

## Local Draft Board Signs 2,261 Youths

Selective Service Board 18, headquartered in Hereford, totaled up 2,261 registrants at the end of the three week rush-draft period Saturday. Over one third of the registrants, 725, registered in Deaf Smith County.

## Also To Enlarge Hereford Yuletide Lighting Program

Jaycees will sponsor their second annual Halloween Carnival again this season in co-operation with the churches of Hereford since October 31 falls on Sunday.

## Offer To Aid At Car Accident Results In Complications Here

Is Sam Nunnally's face red? It's all because he stopped to offer his assistance at a car wreck last week.

What do you eat for breakfast? Rev. Don Davidson: Bacon, eggs, toast and coffee with my favorite fig preserves.

Mrs. Arthur Thompson: I have toast and coffee and Arthur eats oats, eggs, toast, jam and coffee.

John Patton: I have toast and three cups of coffee and that is all but I make up for it at the other two meals.

Red Schneider: I have no breakfast as I am too busy getting ready for other people though I might eat a strip of bacon now and then. I usually have three big meals on Sunday when I am at home.

Homer Cox: I have cereal, toast and coffee and I don't eat heavy any other meal. I have fried chicken a few times a week for last meals.

Virginia Curtiniger: Oh, I just eat toast and drink coffee.

### Deaf Smith County Federation To Hear Panel Program Tomorrow

Deaf Smith County Federation of Women's Clubs will hold the first quarterly luncheon program at the First Baptist church Friday, when Farm and Ranch, Summerfield Study Club, Garden Beautiful, LaPlata and South Hereford Home Demonstration Club will be hosts.

Plans for the session were made at the regular board meeting held Saturday afternoon at the Court House.

After the luncheon, scheduled for 1 p. m. a panel program will be presented, Mrs. Ray Johnson, president has announced, with Mrs. A. L. Manjot, director of welfare division, presiding.

Mayor W. E. Dameron will lead the discussions with representatives from the various civic and service organizations of the city taking part in the discussions.

The need for a clean-up, paint-up and beautification campaign for the general welfare of Hereford provides the inspiration for the program theme which will not only have to do with what has been done in Hereford but will include some of the aims and objectives for the future.

### Hereford Woman Attends Meet Of Catholic Women

Acting as a delegate from the Amarillo Diocesan Council of Catholic women, Mrs. Ed Loerwald of Hereford attended the national convention of the Council of Catholic Women held in New Orleans, September 11 through 15.

Fourteen hundred women registered for the convention at the official opening held in the St. Louis Cathedral.

Highlights of the program, whose theme was Status of Women Today, were two arch bishops as principal speakers. Rev. Joseph Rummell STD of New Orleans the first speaker was also the host to the delegation. The second speaker was Rev. Robert E. Lucy STD a former bishop of Amarillo and now of San Antonio.

Other speakers were Baroness Guttenberg from Munich who spoke on International Relations. Dr. Elizabeth Morrissey who discussed at length the Status of Women Today, is from Notre Dame of Maryland. Clara Boothe Lane was the principal speaker at the closing banquet.

Mrs. Loerwald, accompanied by her husband, returned Sunday. She served on the elections committee and was the only woman of the district to attend. She reported that in the five days she was there 12 inches of rain fell which made attendance to some of the affairs rather difficult.

### Fun In Cooking

**Fresh Plums Beverage**  
(Recipe for starred dish follows)  
The following recipe combines one of the cheaper cuts of meat with garden fresh vegetables.

**Veal Creole**  
Ingredients: 1 1/2 pounds boned breast of veal, 1 1/2 teaspoons kitchen bouquet, 1 1/2 teaspoons salt, 1-8 teaspoon pepper, 2 tablespoons salad oil, 1 clove garlic (minced), 1 1/2 cups sliced onion, 1 1/2 cups sliced carrots, 2 cups diced fresh tomatoes, 2 tablespoons minced parsley, 1-8 teaspoon powdered oregano, 1/2 teaspoon chilli powder, 1 cup water, 1 tablespoon cornstarch, 2 tablespoons cold water.

Method: Cut veal in 1-inch cubes. Place in mixing bowl and sprinkle with kitchen bouquet, salt and pepper; turn to season evenly. Heat oil in Dutch oven or heavy saucepan over moderate heat. Add garlic and cook 2 minutes. Add meat and brown on all sides, about 10 minutes. Add onion, carrots cut in 1/2-inch slices, tomato and sprinkle with parsley, oregano and chilli powder. Pour 1 cup water over top. Cover and cook over low heat until meat is done and the vegetables cooked tender, about 45 minutes. Blend cornstarch and 2 tablespoons cold water together and add to meat. Stir until sauce thickens and boils. Serve over hot cooked rice. Makes 4 to 6 servings.

**Friday Luncheon**  
Carrot Ramekins\*  
Tossed Green Salad Hot Buttered Rolls

**Apple Dessert Beverage**  
(Recipe for starred dish follows)  
Here's a spicy, hot luncheon dish that does surprising things to carrots.

**Carrot Ramekins**  
Ingredients: 1 pound carrots, one 8-ounce can tomato sauce one 3-ounce can sliced broiled mushrooms, 1 teaspoon salt 1/4 teaspoon pepper, 1/2 teaspoon powdered marjoram, 1/2 cup grated Parmesan type cheese.

Method: Scrub carrots, cut off ends and shred; there should be about 4 cups. Put carrots in a mixing bowl, add tomato sauce, contents of can of mushrooms, salt, pepper and marjoram and mix well. Turn into 4 individual greased 8-ounce casseroles. Sprinkle tops with grated cheese. Bake in moderate (305 F.) oven until carrot is done, about 45 minutes. Serve immediately. Makes 4 servings.

**Saturday Supper**  
Puffy Omelet Tomato and Pea Sauce\*

Home-fried Potatoes  
Fruit Bowl Cake Squares

**Beverage**  
(Recipe for starred dish follows)  
**Tomato and Pea Sauce**

Ingredients: 2 tablespoons flour, 1/2 cup milk, one 10 1/2-ounce condensed tomato soup, 2 cup canned peas, 3/4 teaspoon Worcester shire sauce, 1/4 bay leaf.

Method: Mix flour with 1/4 cup of the milk to make a smooth paste. Put the tomato soup in a saucepan, add the remaining 3/4 cup milk, peas, Worcester shire sauce and bay leaf. Cook over moderate heat, stirring constantly, until sauce thickens and bubbles. Remove bay leaf. Makes 2 cups sauce, 4 to 6 servings.

**Get Athletic Scholarships**

Two Hereford students who had enrolled at Texas A & M College for the fall and winter session, are now attending Amarillo Junior College on an athletic scholarship.

The students, Reuben Knox, son of Mr. and Mrs. Bill Knox, and Gilbert Carlyle, son of Mr. and Mrs. L. W. Carlyle, received the scholarships in basketball at the close of last year's high school term, both having been outstanding players on the high school team, but for some reason were not notified. The word was received several days after they had enrolled at the College Station school.

They immediately wired their acceptance of the scholarships and both entered Amarillo Junior College Monday.

### Plans To Internationalize Control of Antarctic Proposed

By ROBERT E. GEIGER  
WASHINGTON, (AP) — The United States has proposed international control of the Antarctic continent, twice as large as the United States.

The proposal was made to the seven nations now claiming piecemeal slices of the ice-covered continent, coldest on earth.

The State Department says the United States never has made any formal claims to a portion of Antarctica but reserves rights.

These are based on discovery and exploration. An American, Capt. Charles Wilkes of the U. S. Navy, was first to identify the great mass of ice and snow at the South Pole as a continent. That was 110 years ago. The other seven nations—Great Britain, Chile, Argentina, France, Norway, New Zealand and Australia—have made claims based on exploration or administrative control. They left one wedge of the continent unclaimed.

What international control may mean the State Department has not explained. Does it mean setting up of some sort of control commission representing all the nations of the world? Or would only the seven claimants and the United States be included in the commission? Would Antarctica's treasures be divided among the nations?

The State Department said only that an agreement is necessary to promote scientific investigation and research. Officials say the proposal is exploratory and that if a plan is approved in principle the details will be worked out at conferences.

There have been rumors that precious materials such as uranium and gold have been found in Antarctica, and the continent is believed to have vast coal deposits. American officials have denied uranium has been discovered. They add that even if there are coal and mineral deposits Antarctica is so far from civilization shipping costs might be prohibitive.

But world distances have shortened. Antarctica, beyond the tip of the South American continent, might become a strategic war base. If the Panama Canal were closed, the only sea route from the east to west coast of the United States would be by way of the Horn. A foreign power with bases in Antarctica might disrupt such a supply line.

Great Britain has announced she approves in principle of the U. S. proposal for internationalization, but Argentina and Chile are reported to have raised objections. Claims of Chile and Argentina overlap that of Great Britain. The Latin-American countries have said they will not recognize European colonies in the inter-American defense zone, which runs from the North to the South Pole.

There are some of the issues that will be debated if the U. S. proposal reaches the conference stage.

Women on the island of Cheju of the coast of Korea traditionally earn the family living by diving for shells and other sea products while the men often tend the children and prepare the meals.

### Canines . . .

(Continued from Page 1)

showed a good dog at the show. Others here have pedigreed animals, but as a general rule they are just dogs.

Many breeds are adapted for certain kinds of work or duty, and examples are, the dog of the north which furnishes transportation, or the St. Bernard of the European mountains for rescue work, the seeing eye dog used by the blind, and the Collie, used the world over for the guarding of sheep.

Used In Sports World

Other types are used in the sports world which would be incomplete without them. They include the many breeds used by hunters, those used in "riding to hounds," and the racing Whippet.

Forty-six words and phrases based on the word dog are found in Webster's Collegiate Dictionary which read like this: "dog tired, sun dog or fog dog, dog in the manger, a mean fellow, or one effected with dignity, a logging term, to worry as by dogs, dog latin, and doggie which changes to long O and is confusing to the easterner, used when speaking of a motherless calf."

Dog days are not mentioned but its a phrase referring to the hot midsummer days and so called because it is the time most dogs go mad.

Dog House Popular

Every man knows what it is to be "in the dog house" and is there a man who has never been there? We cannot use names but we understand there are several men in Hereford who really have a dog house or basement to which they retire when the missus is angry.

Some of these canine friends never amount to a thing in this world, they are not trained, they do nothing and live off the fat of the land but even then they have a big place. They're man's best friend!

And because of this, books have been written about them, current magazines carry stories of them and many newspapers carry columns concerning their bravery, his steadfastness and loyalty to man.

One of the most famous classics is about a dog named Drum. He was just an ordinary hound who lived on a farm with his master. One day he was shot by a neighbor and dragged himself home to die. His owner was grief stricken and after some prodding by his friends he filed suit against the man who had shot him.

Case Wins \$500

Weeks and months passed as the case was dragged out from a lower to a higher court and just when it seemed the case was lost the counsel, a young lawyer by the name of George Graham West, came forward with a masterpiece which won a \$500 judgement when only \$200 had been asked. He spoke in measured and slow tones looking straight at the jury.

"Gentlemen of the Jury: The best friend a man ever had in this world may turn against him and become his enemy. His son and daughter, whom he has reared with loving care, may be ungrateful. Those who are nearest and dearest to us, those whom we trust with our happiness and our good names may become traitors to this faith. The money a man has he may lose. It flies away from him when he may need it most. Man's reputation may be sacrificed in a moment of ill-considered action. The people who are prone to fall on their knees and do us honor when success is with us, may be the first to throw the stone of malice when failure settles its clouds upon our heads. The one unselfish friend a man may have in this selfish world, the one that never proves ungrateful, or treacherous, is the

### Remains As Friend Forever

"Gentlemen of the Jury, a dog stands by him in prosperity, and in poverty, in health and sickness. He will sleep on the cold ground when the wintry winds blow and the snow drives fiercely if only he may be near his master's side. He will lick the hand that has no food to offer. He will lick the wounds and sores that come in encounters with roughness of the world. He guards the sleep of his pauper master as if he were a prince.

"When all other friends desert. When riches take wing and reputation falls to pieces, he is constant in his love as the sun in its journey across the heavens. If fortune drives his master forth an outcast into the world, friendless and homeless, the faithful dog asks no higher privilege than that of accompanying him to guard against the enemies and, when the last scene of all comes and death takes his master, if all friends pursue their way, there by his graveside will the noble dog be found, his head bowed between his paws and his eyes sad, but in open and alert watchfulness, faithful and true even to death."

the Inch at Westway was far too conservative. He got stuck out there and had to walk three miles in a drenching downpour, and declares it felt like five to ten inches.

Lightning effected the electricity, and lights blinked off and on. Particularly distressed were the sections served by REA lines which were off for about four hours in the Eastern part of town, when a cross arm was struck by lightning.

Some 50 telephones in the district south west out of order but the telephone company had them back in commission Tuesday afternoon.

The REA had to replace a thousand dollar bank of transformers near the packing plant Tuesday evening. They were hit by lightning.

Even Hereford didn't get a standard amount all over the townsite.

Mrs. J. W. Kirby called for someone from the Brand office to check her rain gauge which registered a fraction over four inches. A few blocks away Mrs. Mary Seigler's gauge registered three inches. They both live in the west part of town.

Mrs. Cecil Gunter on Ave. B reported 2 inches by her gauge. Mrs. Kirby believes it was heavier in that part and she vouches the gauge was empty yesterday.

according to estimates, since harvest started about two weeks ago. The bundled grain in the field may have been slightly damaged by the rain and mud.

An unusual situation regarding the abnormal amount of grain damaged by high winds this year was reported by the county agent who said additional winds with the rain storm may have knocked over standing grains.

### PERSONALS

Mrs. Charlie Hardwick and children accompanied by Mrs. Joe Paetzold spent Friday through Sunday in Carlsbad where they visited the Caverns. Mrs. Hardwick's parents, Mr. and Mrs. Dean of California were also in the group.

SINGAPORE, (AP)—Thirty Alsatian dogs, specially trained for guard duties, have arrived to be "put-ed" up country where they will take part in the anti-terrorist campaign. They were sent out from England by the War Office.

#### TO OPEN A FREE PORT

ISTANBUL, (AP)—Iskenderun, Turkey's finest deep water port in the Hatay, is to become a "free" port, according to reports from Ankara. Under the plan, foreign nations will be permitted to unload cargo for transshipment without customs formalities.

#### EYES GRASSHOPPER CROP

CHEYENNE, Wyo., (AP)—Wyoming ranchers are looking at grasshoppers with a slightly-very slightly-less jaundiced eye. The State Agriculture Department relayed to them an order from a Michigan fishing bait firm for six to 12 tons of them. The company said it would pay 25 cents a pound for the 'hoppers'.

### Uncle Sam's Selective Service

1. Q—How many men will be called for training under the Selective Service Act?

A—Enough to keep the Army up to an average daily strength of 437,000, the Navy up to 466,882, and the Air Force up to 502,000. Each of these services will be allowed to enlist respectively 110,000, 39,000, and 15,000 one-year enlistees (18-years-olds).

2. Q—How many men will be inducted per month?

A—The armed forces have indicated they can use about 30,000 inductees a month for the first year.

3. Q—How many will be inducted from Texas?

A—It will depend on calls, but probably about 1,500 per month.

4. Q—When will the first group of men report for training?

A—The armed forces probably will desire to levy a call for men during October.

5. Q—How will the number to be called from each state be determined?

A—A quota system will be established to make sure that each state and each section of a state furnishes its fair share of the men called for training.

6. Q—How will this quota system work?

A—After all registrants are classified, each state will report the number of men available for immediate training. For example, Texas may have 5 percent of the total number of men in this class. If so, Texas

will be expected to furnish 5 percent of the men for each call. Thus one state and local area will not be called upon to furnish more than its proper share.

7. Q—Where will the inductee's training take place?

A—Men will be sent to training stations of the armed forces, where regular staffs of the armed forces will conduct the training.

8. Q—Who will pay for the cost of transportation for these men?

A—The federal government will pay all transportation, maintenance, and any medical costs while men are enroute to armed forces training stations.

9. Q—After a man has passed the armed forces physical exam, how long will it be until his date of induction?

A—At least 21 days after the date upon which he was mailed a notice that he had been found acceptable. He will be advised of the date of reporting for induction.

## Streu's Diary

September 22, 1948

DEAR DIARY:

Just returned from a buying trip to Oklahoma City, Dallas and Fort Worth. Managed to pick up a few little items—like a bunch of 5 and 8 foot Aermotor windmills with steel towers—a few footballs, football helmets, boys' wagons and doll carriages.

Also a hundred or so RCA Record Albums—classics from the old masters and contemporary composers—and a slug of popular albums. The music lover need not go to larger cities to buy records, we have well over 150 classical albums from which to choose and nearly a hundred popular sets. What we don't have, we will try to get.

Visited the Dearborn heater factory in Dallas—they are about out of material to make more heaters, and advised that we may expect a mid-season shortage in good heaters.

Coming soon: Grand apartment ranges—Apex cabinet ironer that will match kitchen cabinets—1949 Grand ranges that the finest we have ever seen.

Seems to be quite some consternation over the re-instatement of Regulation "W". This regulation merely requires a down payment of at least 20% on household

appliances and allows only 12 months to pay the balance. There will be no change in Streu's policy, since we have never gone in for a "dollar down and a dollar a week". We have never had to resort to selling terms or trade-ins—we sell only quality merchandise, and try to render adequate service on the appliances which we sell.

There seems to be an increasing tendency among credit customers to "ride." We are a member of the Hereford Credit Assn. and have been requested to report all delinquent accounts at the end of each month. A few of these reports along with reports from other merchants can change the credit rating of slow paying customers very quickly. Your credit rating is a thing of value—protect it by paying promptly!

STREU.

## Ice Cream Hits the Spot

Scoops of refreshing homemade ice cream in a huge silver or gaily-colored bowl lend a festive air to any occasion. Here the ice cream is Ambrosia, an enticing lemony flavor, made so easily with an ice cream concentrate. The coconut macaroons in the far corner are also made from a can of this same concentrate. This combination of ice cream and macaroons can be ideal party fare or a treat for the family any day of the week.

This recipe for Ambrosia ice cream is indeed well-named, for according to the dictionary, Ambrosia is "food fit for the gods—anything that is exquisitely gratifying in taste." Try this recipe for homemade ice cream that can be made so easily from a can of rich concentrate. See if the family does not think it is well-named. Serve it with fruit sauce, chocolate sauce, or serve it plain—it is always a refreshing treat.

**AMBROSIA ICE CREAM**  
1 can of ice cream concentrate  
1 1/2 cups water  
3/4 cup lemon juice  
1/2 teaspoon grated lemon rind  
1 teaspoon vanilla

Mix all ingredients until well blended. Pour into freezing tray of refrigerator and freeze until solid. Break up frozen mixture and turn into a deep bowl. Whip until creamy and fluffy, just slightly softer than creamy

mashed potatoes. Return to freezing tray and freeze to desired consistency. This makes a full quart. The ice cream concentrate has other uses, too. You can make delicious macaroons by adding coconut or both coconut and chocolate bits to one can of the concentrate. These macaroons are a cross between a cookie and a confection.

**COCONUT MACAROONS**  
1 can ice cream concentrate  
3 cups shredded coconut  
2 teaspoons vanilla  
1/2 teaspoon salt

Combine all ingredients and drop by teaspoonfuls onto a greased cookie sheet. Bake in a moderate oven (350° F) for about 12 minutes, or until golden brown. (Or, for chocolate-coconut macaroons, use only two cups of shredded coconut and one cup of chocolate bits.) This recipe makes about three and one-half dozen macaroons.

when a program on landscaping will be featured. Members present were Mesdames Curtis Trawek, Ira Scott, George L. Olson, E. C. Hewitt Jr., Ira Ott, A. E. Jury, H. H. Caraway, Raymond Paetzold, George Clingman, Truett Johnson, V. P. Walker and the hostess.

**North Hereford Names Leaders**  
North Hereford Home Demonstration Club names new leaders at the meeting held Thursday afternoon with Mrs. W. H. Russell, secretary; Mrs. Fred

South Hereford and West Hereford Home Demonstration Clubs held a joint meeting Tuesday afternoon at the court house. Mrs. Tom Draper, CHDA, was in charge of the program on "Evaluating Yourself, a gift of the Twentieth Century."

Business sessions were held by each club after the program. Members of the West Hereford Club voted to meet with Mrs. J. W. Witherspoon on September 28.

Members attending were Mesdames Ed Cox, J. W. Witherspoon, Vern Witherspoon, Minnie Walker, Roy Boyd, P. H. Luck and Miss Evelyn Bell.

During the South Hereford Club business session Mrs. Lowery Walker presented the resolutions for adoption and the next meeting was announced for Oct. 5 with Mrs. Julia Sowell.

Members present were Mesdames Crin Russell, Lowery Walker, Julia Sowell, S. S. Williams, Noah Shockley, Noel Worley, Ronald Mathews, and J. P. Slaton.

## ENM Greyhounds Prepare Strong Defensive Line

PORTALES—Prospects for a strong defensive line were seen as the Eastern New Mexico College Greyhounds went through their first scrimmage under game conditions. But the team's offensive needs lots of polish before the first game with Fandhandle A & M here Saturday. Coach Al Garten says.

"We feel pretty good about the way the boys performed," Garten remarked after the rigorous workout, "but the backfield fumbled quite a bit and, of course, we will have to overcome that."

This week will be filled with drills designed to improve timing of plays and offensive blocking.

The full-fledged scrimmage session, three hours under a hot summer sun, gave the coaches a good idea of the merits of all 56 varsity candidates. Garten says a number of changes are in order this week. Some linemen

may move into the backfield and a few backs may perform in the forward wall.

Garten was elated over the well-oiled passing maneuvers in the scrimmage, an attack he may use as ENMC's first line of offense if their ground gaining bogs down.

He has no less than four backs who can toss passes with acceptable accuracy and an equal number of ends who have performed well as pass receivers.

Ken Willis, a Morton, Texas, sophomore will be outstanding in the passing department. Willis, who did the tossing last year from the tailback spot, has moved to quarterback for this campaign. Other capable chucks are B. B. Lees, Big Spring, halfback, Bob Pitt, Mattoon, Ill., quarterback, and Paul Ciska, Mattoon fullback. All are freshman newcomers to the squad.

There are more than 17,500 barn fires annually. All 17 species of penguins live in the southern hemisphere.

Ken Livingstone, all of Portales, and Rex Ormon, Borger, are ends expected to carry the burden of the pass receiving chores. All are returning lettermen.

Questionnaires are now in the mails and by the end of the month they will have been sent to all non-veterans, non-fathers or men who are not married, said Mrs. Eunice Petersen, clerk. Following this group, forms will be sent to all others, starting with the oldest in all groups and working down to the youngest in order of age.

Some 400 boys who signed up through Board 18 have requested transfers, therefore about 1,800 questionnaires will be mailed out through Hereford.

When a registrant receives his questionnaire he must fill it in and return it within ten days. He will then be classified by this local board including Chairman Wilson, Elmer Wilson of Farmer County, S. H. Condon of Randall County and Frank Hattner of Castro.

Registrants classified as I-A will take their physical examinations at the Dallas office.

"As soon as a questionnaire is mailed we consider it delivered. If any registrant has given us an incomplete or wrong address it is up to him to come to us and correct it. For any questionnaire not returned is given an automatic I-A status," Mrs. Petersen said.

Three appeal attorneys have qualified. They are Owen L. Bybee, Hereford; A. S. Smith, Farwell, and Jesse D. Barker, Canyon.

Dr. R. R. Wills has been named medical advisor here and Alec Thomson and Robert Thompson have been designated advisors to the registrants.

**Tamed 3,500 Years Ago**

The cats we know today, members of fells domestica, are descendants of the early Egyptian cats that were named at least 3,500 years ago. The pets are older than the sphynx and the pyramids. Those early peoples treated the animals like humans, went into mourning when they died, had them embalmed and mummified, and anyone caught killing a cat was tried for murder.

The superstition against black cats has grown up from the era of early Christianity when they believed cats harbored witches souls and the devil was sometimes disguised as a black cat.

Cats aren't animals so much as personalities. When a cat becomes a pet it is only after due consideration on his part. Cats adopt people; people never adopt cats.

Homer Fox vouches for that theory. About five years ago a small black kitten with a crippled foot wandered into the store, became convinced it could use that place for a home and settled down to living in the shoe boxes and show cases, and being called Nigger.

**Becomes Local Character**

Nigger became quite a character, addicted to making ten foot leaps from the ventilator to the ground when he wanted to go outside and entering the building next door by jumping up from piles of boxes to a stove pipe hole in the ceiling and prowling through the rafters to the corresponding hole in the next building then jumping down again to the floor.

They are a maze of neuroses and complexes, and to successfully live with a cat, one must accept him on his terms, not one's own. They are pessimistic animals, inclined to feel extremely sorry for themselves and therefore, should they contract distemper, worms, or exema (their three most common illnesses) their mental attitudes often delay their recovery.

A cat will under no circumstances, be coerced and he never resigns his liberty. In actuality,

## H. Cotton, British Open Champ, Stresses Accuracy On Golf Links

By FRANK ECK  
AP Newsfeatures Sports Editor

NEW YORK—Henry Cotton, three-time British Open golf champion, sat down to lunch and began flexing his hands soon after he gave the waiter his order. The waiter was puzzled. So were the others at the table.

"I do this regularly," said Cotton. "I usually carry two red rubber balls in my pocket and squeeze them constantly to strengthen my hands."

England's top professional golfer then explained that he believes hands are more important than anything else in golf.

"American pros use their body more," he said. "That's where I think they make a mistake. It's the hands and not the body that give you accuracy. That's why I carry those rubber balls. They keep my hands active."

Cotton believes American pros use the strong arm method on their wood shots because our courses are built for distance and not for accuracy.

"In America you have wide fairways," says the 42-year-old pro. "It's only natural that the golfers will sacrifice accuracy for distance. For our champions in England we let the grass grow in the fairway. When we cut the grass the fairways are narrowed. This makes our courses tougher on long ball hitters but makes golf a game of accuracy which I think it should be. After all, the game was designed for everybody."

This is Cotton's third trip to the United States since last October. He's here for seven weeks this time hoping to play Ben Hogan, US open champion; lead-

## Dalhart Upsets Favored Lynx By 25-0 Score

DALHART — The Dalhart Wolves, coached by Gene Sunderman, upset favored Spillman Lynx, 25-0, here.

Sparkplug of the hosts was Bill Cessun, 158-pound freshman product of the Kella Hill Junior High team, who smashed over the goal from the two-yard stripe in the first period. It also was the Wolves' first touchdown of the season. Cessun was moved from an end to the full-back slot.

Don Koeple, freshman team mate of Cessun, missed the place kick for the extra point.

A Spearman fumble late in the first quarter was recovered by Dalhart on the Lynx two-yard line resulting in Jackie Newman, racking up the second touchdown. Cessun plunged for the extra point.

Supurb punting of Cessun kept the visitors in the hole. He also intercepted a second quarter pass, running it back 20 yards for another touchdown near the end of the first half. A kick by Koeple was blocked.

Final score also came on interception with Jackie Newman covering 31 yards to the goal stripe on catching a Spearman pass.

Canada's newsprint production in 1946 was over five times that of the United States.

## Canyon and Price Battle To 0-0 Tie

CANYON—The Canyon high School Eagles held the Cardinals of Amarillo's Price College to a 0-0 tie in a grid battle Friday night at Buffalo Stadium.

Both teams had and lost one scoring opportunity. The Eagles scored a first down on Price College's 10-yard line in the third quarter but it was held by the Cards.

The meeting of the two elevens last year resulted in 25-0 victory for Canyon.

## Texas Tech Ex-Students To See Baylor Game

LUBBOCK—Texas Tech ex-students may obtain tickets for the Tech-Baylor football game Oct. 16 in Waco by mailing requests and checks to Frank Maddox, 2100 Morrow, Waco.

Tickets are \$3 plus 25 cents for return by registered mail. There are hundred tickets have been made available to former Tech students.

## Bloxom Recovers For TCU

David Bloxom, TCU back, dives over a pile-up to recover a fumble by a teammate on the opening kick-off play of the Kansas U-Texas Christian game in Lawrence, Kas. TCU won 14-13. Kansas 45, on ground, is Dave Schmidt. No. 26 is KU Bryan Sperry.—(AP Wirephoto).

## Tulia Hornets Sting Floydada's Whirlwind

TULIA—The Tulia Hornets downed Floydada Whirlwinds 19-12 here Friday night to upset the dope bucket and chalk up their win over the visitors for the first time since the war.

With the exception of the third quarter, the maroon and white Tulia team scored in every period. The Whirlwind did damage in the second and third quarters.

Paul Griffith, quarterback, put the Hornets in the lead in the first quarter when he took the ball around right for 9 yards and the touchdown. Jack Ramsey, left half, placed kicked the

extra point. The Hornets were put in scoring position by a 23 yard run through left tackle by W. T. Simmons, righthalf.

It was Griffith again midway in the second quarter. This time he went over from the one yard line. Ramsey setup the second score when he intercepted a pass and ran it back to the 4 yard line on a 26 yard gallop. He added three and then the ball was given to Griffith.

The final Hornet tally came in the last quarter when Howard Morris, fullback, took a handoff and slashed and then scampered 49 yards for the long-

est Hornet scoring play.

Ramsey failed to convert on the last two touchdowns.

Floydada made a bid to get back in the ball game late in the second quarter when Bill Jeter, 175 Whirlwind fullback, took a short pass over center from Bob Finley, quarterback, and outran the Tulia eleven 60 yards for a score.

Jeter provided the other Whirlwind counter with a climax run of 55 yards. He took a punt on his own 45 yard line and cut sharply to his left to evade the charging Tulia forwards. Slip-

## McLean Tigers Run 19-0 Over Panhandle Team

McLEAN — McLean Tigers leaped over the Panhandle Panthers 19-0 before a crowd of 1,500 fans here Friday night to rack up their third consecutive victory of the new football season.

The host team, covering 64 yards in nine plays, made its first touchdown in the initial period. Johnny Haynes missed the attempt at conversion.

The second score shortly before the half was over on a fumble recovery by Veron Turner on the Panthers' 32 yard line. The touchdown was completed ten plays later with Watson going five yards to cross the goal stripe. A place kick by Haynes added the 13th point.

Final scoring came on a 28-yard sprint by Johnny Griffith. Watson's kick was blocked by Panhandle and a penalty for backfield in motion cost McLean another score when Griffith pegged 24 yards to Bobby Bruner.

## LAST WEEK'S RESULTS

Shamrock 7, Perryton 0.  
Dalhart 25, Spearman 0.  
Canyon 9, Price College 6.  
Tulia 19, Floydada 12.  
Dimmitt 13, Sudan 7.

PERRYTON — Approximately 3,000 spectators witnessed the Shamrock Irish knock over the Perryton Rangers 7-0 here Friday night on an aerial connection in the third quarter. The victory put an end to the Rangers string of 14 straight wins.

Wayne Martin caught the long pass heaved by Jimmy Green and pulled in on the Perryton 30-yard line.

Martin was swung completely around by a defense back in a tackle resembling a wrestler's giant swing. But Martin kept his feet and loped across the double stripe. The extra point was converted by Oliver McLe-more.

The battle between those two forward walls was about as terrific as you'll ever see from a defensive standpoint. The Rangers throttled Shamrock's running, holding the Irish to a net gain of 45 yards.

Shamrock's forwards, averaging 186 pounds per player and boasting an average weight advantage of 17 pounds at each position, held the Rangers to 24 yards rushing in the first half, but Perryton got a belated offensive going in the final quarter, eventually stacking up 108 yards from scrimmage and a rushing net of 98. Perryton had a 6-3 advantage in first downs.

The defeat was the first for Perryton since the Phillips Blackhawks turned the trick in 1946. Perryton had notched three of those 14 consecutive victories against Shamrock. The Rangers won the 1947 Region 1-A crown.

The Rangers threw a score into the Irish in the fourth quarter starting a drive on their own 17 and pushing downfield to the (Continued on Page 3)

### Parade Opening Tri-State Fair To Feature Exposition Entries

The Tri-State Fair to be held in Amarillo, October 4 to 9, will experience its most successful year. Directors have been more than generous in their efforts to make the Fair outstanding.

To open the 1948 Fair there will be a parade at 10:30 a. m., Monday, October 4. This will be an unusual parade, since the entries will be typical of those that you will see at the Fair.

For the first time in history, people of the area will have an opportunity to witness a live radio broadcast. This popular ABC network show will be broadcast twice daily from the Sports Arena on the Fair Grounds. Titled, "Ladies Be Seated" with Tom Moore and Aunt Jemima, it is a must for all who visit the Fair.

Again the All-Girl Rodeo will perform in true western style, Monday, Tuesday, and Wednesday afternoons, and Thursday night are the times for the rodeo performances.

A high diving mule act, with the mule making 30-foot dives twice daily is one of the free attractions.

There are two professional clowns for the kiddies and grown ups.

Shed Wooley and his "Calumet Indians" will furnish "Western Hit Tunes" throughout the Fair.

Attractive commercial exhibits will grace the Merchants Building, showing the finest display of merchandise in the southwest.

For the kiddies is the biggest Rabbit Show ever staged in this section of the country.

The Midway will feature Bill Hames 40-car Carnival, the only railroad show owned in Texas.

A complete cattle show will add much to the Fair—Herefords, Jerseys, Gurnseys, Short-horns, Holsteins, and other breeds will be on exhibition. The only American breed of cattle—the Famous Santa Gertrudis herd from the King Ranch will also be exhibited.

There will be two horse shows, Palomino and Quarter Horse. The Palomino sale scheduled for Saturday will be of interest to many.

The Textile Department will be highlighted by a Crochet Contest. The winner at the Tri-State Fair will compete for the National Championship.

The Culinary Department will be quite capable of easing your appetite.

The Art and Textile Departments will be jammed to capacity.

Hobbies and educational exhibits will help to round out the picture.

A Queen will be chosen to represent the Panhandle of Texas at the Royal American Stock

The main causes of farm fires include lightning, defective chimneys, sparks on roofs, stoves and furnaces, hot ashes, spontaneous ignition of hay, misuse of electricity, matches and smoking.

Show to be held in Kansas City. This Queen will reign supreme during the week of the Tri-State Fair.

To conclude the exposition the Fair association is sponsoring a huge square dance on Saturday night, October 9, in the Sports Arena. The program will be under the direction of "Uncle Jay" of radio fame, and Lewis Nordyke, who aspires to be the next Governor of Texas.

When you switch to Conoco N# Motor Oil and an OIL-PLATED engine, you get these triple advantages...

(1) Extra protection from power-clogging sludge and carbon due to wear; (2) extra protection from metal-eating combustion acids; (3) extra protection from destructive "dry" friction starts.

Because Conoco N# Motor Oil (Patented) fastens an extra film of lubricant so closely to metal surfaces that working parts are actually OIL-PLATED! This extra film stays up on cylinder walls... won't all drain down, even overnight. For plus performance... full-time protection... more miles per quart...

There is Still ONE Bargain...

In your household budget

Natural gas service costs you no more today than it did before Pearl Harbor.

Contrast that with costs of most other things, which have edged steadily ever higher and higher.

Natural gas service... always one of the most modest and worthwhile items in your household budget, is now a greater bargain than ever.

Due to its efficiency and low cost, natural gas is in tremendous demand, not only in West Texas, but throughout the nation.

Communicable Diseases Higher In Counties Without A Health Unit

AUSTIN—Comparing morbidity reports from ten Texas counties where there are no full-time local health units, with those from an other counties where these units afford efficient health protection, reveals a startling difference in the incidence of communicable diseases, according to a survey released by Dr. George W. Cox, State Health Officer.

Using as a basis of comparison the common childhood disease of whooping cough, Dr. Cox said that this survey showed that the Counties where local health units availed themselves of biologics from the State Health Department were able to hold this communicable disease to a desirable minimum.

"For instance," Dr. Cox said, "take these figures for comparison. In these Counties where there are no health units and therefore where no biologics from the State Health Department were used, the following rates of incidence apply, per 100,000 population: Gaines and Floyd, above 1,000; Hale, Dallam, Castro and Cottle above 300; Carson above 400; Bailey and Hartley above 600; and Lipscomb above 750 cases."

By way of contrast to these high rates of incidence, Dr. Cox pointed out that in a representative group of Counties where full-time health units made use of the biologics available from the State Health Department, the following much lower rates prevailed: Bell, Wichita, Bastrop and Hidalgo, less than 300; Travis less than 200; Smith and El Paso less than 150; Bexar, Dallas and Tarrant less than 100 cases per 100,000 population.

"It is plain to be seen," Dr. Cox said, "that the counties receiving the benefit of a full-time health protection, enjoy a much lower incidence of disease and the resulting lessened danger of death. Public health protection can be had for every citizen of Texas, but only when sufficient funds are appropriated to make possible a full-time local health unit in every one of our 254 Counties," Dr. Cox declared.

The Crown still owns more than 90 percent of Canada's forest areas.

Slight Decrease Noted In Accidents On Farms

CHICAGO—"How are you going to keep 'em down on the farm?" is as good a question today as it was following the first World War. Only now it's accident rates instead of the gay young blades who saw Paree.

NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Commissioners' Court of Deaf Smith County, Texas, will be received at the office of R. L. Thompson, County Clerk of Deaf Smith County, Texas, until 2:00 p. m., October 1st, 1948, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain street improvements adjacent to County property in connection with the City of Hereford paving program, consisting of approximately 1521.5 feet of curb and gutter, 230 front feet of widening and repaving and 1301.5 front feet paving.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, payable without recourse to the order of Deaf Smith County, in an amount not less than 10% (10%) per cent of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract within ten (10) days after notice of award of contract to him. Bids without the required check will not be considered. The successful Bidder must furnish the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the Owner to reject the bid. The Owner reserves the right to reject any and all bids, to waive formalities, and to accept the bid which seems most advantageous to the County's interest.

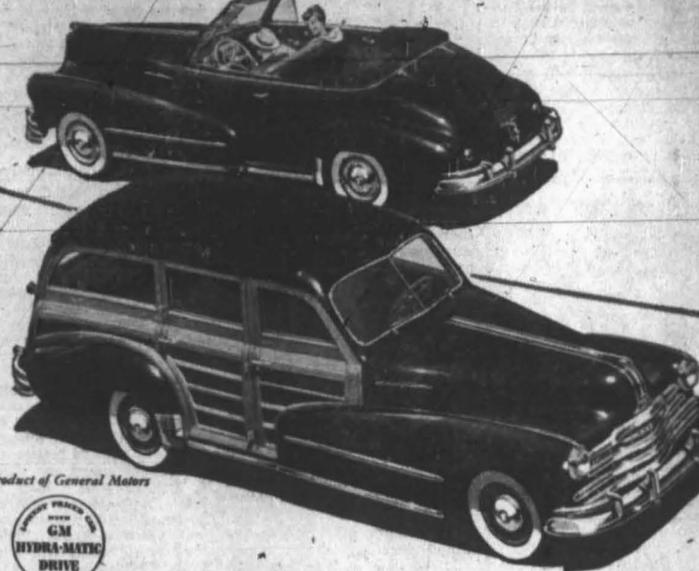

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 6194A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates is set forth in the specifications.

Information for bidders may be obtained at the office of the County Judge.

PONTIAC

Your admiration will Grow!

The first time you take the wheel of your new Pontiac, guide it out into the country and put it through its paces, you will make a very pleasant discovery. You'll find that you own one of the sweetest-performing cars you ever had your hands on! And, of course, you'll be pleasantly surprised at the astonishing ease and driving convenience offered by General Motors Hydra-Matic Drive, which is now available on all models of the great new Pontiac.

Yet, pleasant as these discoveries are, you'll be even more gratified to find that you like your Pontiac better every day. The thrill of that first mile not only endures—but the car's faithful dependability, and economy are a source of never-ending satisfaction. We feel certain you will be very happy if you choose a Pontiac for your next new car. Regardless of when you get it, it will be a wise choice—for Pontiac is always good—and always getting better!

Only the Servel GAS Refrigerator "Stays silent, lasts longer" "Gives you ten-year guarantee" "Is the favorite of more and more Texas families"

There's good reason more and more Texas families want the Servel Gas Refrigerator. For only Servel stays silent, lasts longer—as more than 2,000,000 owners know from experience.

That's because only this modern refrigerator has no moving parts in its freezing system. No motor or machinery. In their place, a tiny gas flame does the work. Servel operates anywhere, on any kind of gas silently, efficiently. That's why every new Servel is guaranteed for ten years of noise-free, worry-free performance. And that's why more and more owners report no noise or wear even after 15 and 20 years.

Looking for new food-keeping features? Servel has all the ones you want to see. Come see the beautiful new models now on display. It's first come, first served for the refrigerator that's Texas' growing favorite.

### Hereford Garden Club Council To Stage Elaborate Fall Shower Show

Taking its theme, "The Wonderful World" from the Bible, in the beginning God created the heaven and the earth, one of the most elaborately planned and intricately designed flower shows to be staged in the Panhandle will be held October 15-16 in the First Baptist Church of Hereford.

In Hereford have been cultivating beautiful flowers and perfect vegetables and it is the purpose of the Council to display under one roof an array of flowers in unsurpassed beauty, decorated rooms, dining tables, shadow boxes and unusual hobbies in living plant material.

It is the annual Fall Flower Show event, sponsored by the Hereford Garden Club Council with competition open to all gardeners as well as Garden Club members. Hundreds of persons

Mrs. A. L. Manjeot is general flower show chairman with Mrs. Forrest Minton, and Mrs. R. A. Daniel Jr. serving on the committee.

#### General Rules For The Show

1. Competition is open to all Garden Club Members and to any other gardener.
2. All members of Hereford Garden Club, Garden Beautiful Club and Bud to Blossom Club will be required to enter in both artistic and cultural divisions.
3. An exhibitor shall have only one entry in each class.
4. All exhibits of Garden Club members must be accompanied by properly filled out entry cards, index size.
5. All plant material used in artistic arrangements must be listed by the exhibitor on the reverse side of the entry card.
6. Entries will be accepted from 8:30 a. m. to 11, Friday Oct. 15 and may not be removed until the close of the show, 8 p. m. Saturday, October 16.
7. Exhibitor may replace any wilted material.
8. The show shall be judged by the merit system.
9. Judging will begin at 12 noon, Friday. Decision of judges will be final.
10. All persons except the judges, chairman of judges committee, clerks and general flower show chairman shall be excluded from the show during judging.
11. The entry and classification committees will have the authority to reclassify or dis-

qualify any entry. 12. Appropriate containers are to be furnished by the exhibitor in each division. 13. No visible wiring or tying shall be permitted. 14. All entries exhibited in cultural division must be grown by the exhibitor. 15. Ribbon prizes will be awarded. The judges will score the over-all flower show, as per score provided in schedule. 16. Commercial displays will be accepted by appointment with the chairman of staging committee.

17. Un-named entries of good quality in the cultural classes will be accepted for display only, except as otherwise stated in the schedule. 18. Garden Clubs will not be responsible for containers and other properties of the exhibitors. The show will be divided into two main divisions, the culture and the artistic. The schedule for the cultural division is printed in full in order that growers may be getting their material ready for exhibition. The schedule:

On Cotton's last visit here he took part in the Goodall Invitational Round-Robin at Wykagyl in New Rochelle. He likes this sort of match competition and will return for next year's Goodall.

Although Herman Barron of White Plains won the unique test last May, Cotton, though finishing seventh in a field of 16, took the measure of such stars as Barron, Hogan, Mangrum, Jimmy Demaret and Claude Harmon, 1948 Masters winner.

Cotton, who has a pro-job in England and another at Monte Carlo where he recently spent three weeks and shot a five under par 62 received quite a kick out of it when Fred Corcoran mentioned his victory in the 1937 British Open at Carnoustie.

"Walter Hagen often wonders why you used a blaster on that hole that meant so much," said Corcoran, who is arranging matches for Cotton.

"I didn't," was Cotton's rapid reply. "I used an ordinary thinned iron. I saw the out of bounds sign. It was on the other side of the green so I kept the ball good but short for two putts."

## Officials Urged To Begin Plans Now For Fire Prevention Week

AUSTIN—Texans may be on vacation, but fire isn't said Marvin Hall, State Fire Insurance Commissioner, in an appeal to town and city officials to begin plans for Fire Prevention Week.

National observance of fire prevention has been set aside for the week of October 3-9.

"Since the date falls so near the end of the vacation period, it will be necessary to make early plans for a successful Fire Prevention Week," Hall stated.

Last year insured fire losses reached the highest point in the history of Texas and in the United States. Texas losses were \$21 million or nearly \$58 thousand every day during 1947, while U. S. losses reached nearly \$639 million.

Fire deaths totaled 557, or nearly one-and-a-half deaths from fire each day in Texas last year. "Anyone who has experienced serious burns or has witnessed a death by fire knows that one of the most heinous

ways 'o die is by burning," Hall stated.

Adding that, 1947 losses did not include the Texas City disaster, Hall said through June of this year losses have reached a total of 130 deaths and nearly \$9 million. However, he warned, we still have to go through three of our most hazardous months—October, November and December.

"It is imperative in the face of these high and needless losses that we all pull together to lessen death, injuries, and money losses," the Commissioner said. He suggested that each town and city put committees to work immediately on programs for participation in Fire Prevention Week. He commented: "a number of our towns and cities have already begun planning activities for the Week through their standing or special fire prevention committees, and they are doing splendid work."

"Programs during Fire Prevention last year were very good and it will take much effort and thought to beat that record," he added.

### Major Bell Attending Air Command School

Major Charles A. Bell of Hereford, has arrived at Maxwell Air Force Base, Alabama, to attend the Air Command and Staff School of the Air University.

The new class of the Air Command and Staff School, which will run for five and one-half months, started Monday, July 19. It is the second highest school of the Air University and is for officers who have six to eleven years commissioned service.

Major Bell came to the Air University from Hamilton AF Base, Calif. where he was assigned with Headquarters Fourth Air Force. Major Bell commanded the 26th Fighter Command of the 6th Air Force during the last war.

Maj. Gen. Robert W. Harper is commanding general of the Air University. The commandant of the Air Command and Staff School is Maj. Gen. Earl W. Barnes.

**TAKES JAIL "HOLIDAY"**  
 BERLIN. (AP)—The Soviet-controlled press here tells the story about a German convict who took a holiday from prison to commit a murder. The newspaper "Der Morgen" said the incident occurred at Dessau, in Russian-occupied Saxony. There the convict slipped away from the local jail one night, robbed and murdered a jeweler's widow. With his loot he traveled to Leipzig, about thirty-five miles away. He converted part of the jewelry into food and other luxuries for a night "on the town." The remainder he buried in a park. Then he voluntarily returned to Dessau and prison.

**Panhandle South Plains Fair To Open Monday**

LUBBOCK—Gates will swing open next Monday morning in Lubbock on the 31st annual Panhandle South Plains Fair, which officials believe, will be the greatest ever held in the Southwest. If expenditures of money and effort can make a Fair great, then the one in Lubbock will be a dandy. Cash premiums total nearly \$10,000, as compared with approximately \$6,000 a year ago. As to entertainment, never before has so much been offered in one place within so short a time in the Southwest. The Foraythe & Dows carnivals will be operating on the midway day and night every day of the Fair. This is the best and biggest carnival touring the Southwest this year. It features rides rather than tent shows. The equipment is new and safe. Prices will be reasonable—half-prices prevailing on Children's Days, Thursday and Friday, ranging down to a nickel for kid rides and 6 cents for the merry-go-round. The "Queen for a day" broadcast, one of the most popular of all radio shows, will be the grandstand attraction Monday, Tuesday and Wednesday. The program each day will begin at noon. A pre-broadcast program will last one hour. Then the show will go on the air from 1:00 until 1:30 p. m., with an estimated 25,000,000 persons listening in. The Queen each day will be chosen from among ladies in the audience. She will receive gifts worth hundreds of dollars. The grandstand attraction will be the "Water Follies of 1948", the biggest show of its kind ever to go on tour. It will include many acts of big time vaudeville—singing, dancing, acrobatics, etc.—in addition to swimming and diving exhibitions by world champions and

**Former Hereford Resident To Have Two Plays Published**

Paul Barnett, son of Mr. and Mrs. Paul Barnett of Wichita Falls, former residents of Hereford, has achieved the goal of most newspapermen, dreams, that of writing and having a play published.

Barnett, now in Germany as a United States military government official, has signed a contract with Verlag Kurt Desck for the publication of two of his plays.

He is on leave from his job with the New York Tribune, and is chief of the analysis of the Intelligence Division of the Military Government in Munich.

Titles of the two plays are "The Eternal Husband" and "Elective Affinities." The first drafts were written in New York before Barnett left for Germany and the final drafts were completed in Germany recently.

Translations into German will be made for the publisher by Dr. Irene Weniger, writer and former lecturer on English literature at the University of Jena.

Contracts with the leading publishing house of Germany gives the publisher the rights to produce both plays in Germany,

Austria and Switzerland.

In August Barnett signed a contract with Sara B. Donna of the writers Literary Agency in New York to sell the plays to New York producers.

Barnett was born in Hereford and both he and his parents are well known here. His grandmother, Mrs. J. M. Boone of East Fifth Street came as an early resident with her husband and family, to the community.

Barnett moved with his family when he was in his early youth to South Texas but they returned to Wichita Falls where the family has lived for the last 30 years. He attended school there where he was active in dramatics, writing and scholarship. He attended the Universities of Texas and Oklahoma and later moved to Hollywood and New York. In New York he continued serious writing in addition to his newspaper editorial work.

He is married to the former Adrienne Aye of Santa Monica, Calif., who is studying operatic singing in Germany and Milan, Italy.

**Editorial:** Out of Tune. The most unfortunate man we know is the fellow who is out of tune with his surroundings. Oh, yes you know him, he is the one who that does not go to church because the stewards, or deacons have a certain policy with which he can not agree. He does not contribute to worthy causes because their national policy of handling the funds are wrong, etc . . .
