AROUND TOWN SIGHTS, FACES SEEN

Interesting note on front page picture last Thursday of the grand champion of the Junior Steer Show at the State Fair is that several fellows around Hereford have calves, bulls or heifers that are close kin to the 1,170 pound winner. The 4-H club boys, Duwane Walker, John Dale Kelly and Bill Kelly have calves, Horace Baird has a bull, Colby Conkright has three bulls and Colby, Jimmie Conkright and Hugh Clearman has nine heifers. All of these are out of the same herd and some are half brothers and half sisters.

For ex-servicemen sweating out Insurance Dividends: The last three numbers in your serial number is said to be the key to how soon you'll get that insurance check. When they start flowing in January those with a number ending in three zeros will be among the first; those with one ending in 0-0-1 will be next; About 20,000 checks will be issued daily, and there will be a total of 16 million.

Farm Bureau members are urged to attend a meeting in the Court House tonight for the purpose of selecting delegates to the State Convention, according to Clarence Morrison, president of Deaf Smith Farm Bureau. The meeting is called for 8 o'clock.

Rumor is that some woman came into City Hall to pay taxes and, after paying, asked if they gave green stamps.

Vern Witherspoon said he not only has been taking the Brand since it started but, also, before it started. First Hereford Brand was published March 1, 1902. Before that, Hereford Reporter started publication February 23, 1901 and ended with the advent of the Brand in 1902.

Oldtimer W. J. (Bill) Smith, wife and daughter, Mrs. Howard Turner of Roswell, are visiting the Ralph Smiths here this week.

Hugh Clearman has just about decided to keep his car as far away as possible from any animal bigger than a cat. He didn't even have his fender painted over yet from where the bull playfully dented it a week or so ago when a horse caved in the turtle back on his trunk this week.

Landrum Hardware and Furniture company will be the new name for the Barclay Hardware, where the face lifting job is being performed this week. Mr. W. E. Landrum purchased the store from former owner Sid Barclay. Bill Phipps will remain with the firm.

Lillyan Bonoles, from Avon, Connecticut, who is visiting her sister-in-law, Mrs. Elizabeth Bonoles for the winter, is a new Brand employee.

County Treasurer Mrs. Velma Hodges, County Judge Leonard Foster and County Clerk Robert Thompson spent Wednesday signing their names. Each had to sign his name 500 times to county bonds voted in recent road bond election.

Mrs. Argen Draper, County Home Demonstration Agent, has gone to Wellington for a few days to be with her father. He suffered a serious heart attack this week.

Plasterers Start Working On Hotel As Other Parts Are Near Schedule

Progressing still deeper toward completion, four plasterers began work on Jim Hill Hotel Monday with four more expected to join them before the week end. Workman Plastering Company of Lubbock is doing the inside floor every 10 days when we get started. If bad weather doesn't hit and the other work goes on schedule we will be able to maintain that pace until we're through with the plastering," George Wortman said Monday.

He said that, although the roof and sides were set up, bad weather could

seriously hamper mixing of the plaster which has to be done on the outside.

Contractor A. R. Rathiff said temporary heating units had been set up to heat the floors on the inside in case of bad weather. He said that his crews could follow the plasterers up and complete each floor and go upward. First floor will be the last.

Rathiff said that delay of Hotel owners on deciding the type of plumbing to be installed had held up, somewhat, the work on the ground floor. Work in this direction can't be completed until directors make up their mind.

Brick layers have finished all partitions on all floors. Roof is on and most of the windows are installed. For all workers except the plaster mixers this is weather insurance. Rathiff said he has had no union or labor trouble, recently, although good common labor is still hard to get and keep.

PMA Committee Nominees Chosen

Nominations for county Production and Marketing Administration Committees for 1950 were announced today by the county PMA office.

Candidates were chosen by nominating committees of farmers appointed last week by the present county PMA committee. The nominating committee consisted of Fred S. Barrett, Chairman; Herbert Bippus and Charley Shipley.

Farmers who are participating in one of the national farm programs administered through the county and community PMA committees, will vote on the candidates in an election November 23.

Nominees are as follows:

Chairman—N. E. Gass and T. E. Seliger, Jr.

Vice-Chairman—Paul S. Mathers and Sylvester Slagle.

Member—Edgar L. Adams and Mack Jackson.

First Alternate—H. H. Caraway and Robert Veigel.

Second Alternate—C. P. Norton and J. B. Noland.

"Although every effort has been made by the nominating committees to choose the men they believe to be best fitted for the task of representing their neighbors in the local administration of such Federal farm programs as Agricultural Conservation, price supports, acreage allotments, marketing quotas, the sugar program and Federal Crop Insurance, voters will have the privilege of 'writing-in' the names of other eligible farmers if they wish to do so," N. E. Gass, present county committee chairman points out.

To be elected are a three-man committee and two alternate committees. Committeemen serve for one year unless re-elected.

Cotton Crop Still Coming In At Gin

Thursday night 580 bales of cotton, worth on the average of twenty-seven cents, had been baled by Hereford Cotton Gin John McClesky, Manager said. Bales were running around \$135.

Texas farmers received slightly higher prices for their cottonseed at the gin last week. Average price for Texas was up to \$43.50. Oklahoma farmers got \$45.50 for theirs during the same time.

Trading in spot cotton moved at a fairly brisk pace last week in Oklahoma and Texas, according to the Production and Marketing Administration, U. S. Department of Agriculture.

However, sales at the primary markets dropped a fourth to a third below those of the preceding week. All ten of the country's spot markets sold 367,000 bales of cotton last week compared with 497,000 the week before and 342,000 during the same week last year.

Cotton prices edged forward 25 to 75 cents per bale, comparing Monday's close with Friday's at Houston, Galveston and Dallas. At this time last season, cotton was \$7.50 to \$9.25 per bale higher at these markets.

Junior and senior classmen will sell sandwiches (20c) and Cokes (10c) to fans on the train. Tickets will be on sale at the field in Phillips for everyone. There will be plenty of room, according to Graham.

QUESTION of the WEEK

What thought does Armistice Day bring to your mind?

Mrs. R. A. Freeman: Armistice Day reminds me of a holiday like Thanksgiving. I feel so thankful that it is a day of ending of wars. My youngest son didn't have to go to combat because of injuries received in training. I had nephews and a grand son in WWII. I hope there will never be another war.

Mrs. Burl Elliston: It was a pretty happy time. I think we're always glad when we can celebrate the end of something bad like war. I had a son in service during the second World War. He had been in combat in the Guam area for many months. When the war ended he was, I know, very happy. My husband didn't go to the first war. I was glad for everyone the day the end of World War I was announced.

Mrs. T. L. Cronce: Armistice Day makes me feel sad but relieved. I had three nephews and a stepson who were very dear to me and who were in combat. My stepson was permanently wounded but my nephews were discharged with no physical injuries. I am just glad that all the war is finished when I hear of Armistice Day.

Mrs. O. M. Dickey: Reminds me of my boy friend (I married him) and I in 1918. He was in Oklahoma City just getting ready to ship out to a training center when the end of the war was announced. When word came out he got to come home and we, together, helped the town to celebrate. It was a double celebration. All the towns celebrated when the end of WWI was announced.

Mr. A. M. Duncan: I would say that it reminds me to be thankful that the United States is an independent country. It reminds me of a day of rest for soldiers in the armed services. Certainly, I was glad when the war was over. I had many friends in the service.

Mrs. Weldon B. Dye: Flags and celebrations of something that should never be forgotten, and that should have a lot of thought directed to Don't remember much about the end of the first war but my husband was in the second one. I had many friends from Tulsa that died in the last war. Had some uncles that were wounded in first World War.

Mrs. C. L. Brownlow: Reminds of the end of the first war. My father was stationed in Ft. Worth and, had it not been for the end of the war he would have probably had to go overseas. I was thankful for the end of the war.

Mrs. John M. Calhoun: Armistice Day reminds me of men coming home from the first war. It is hard to put the meaning into words, but I am very thankful for the end of war.

Tough Hombre Watching New Year Rodeo

Watching a New Year rodeo show is four-year-old Peter Verbeck, one of the hardest riding cowboys left east of the Mississippi. When folks see Peter whip out that six-gun of his they generally duck for cover. Come on, Pete, we'll head 'em off at the gulch!

Fertilized Maize Yields 982 Pounds An Acre More

Results from a fertilizer test with Martin Maize on the V. P. Walker place about 5 miles southeast of Hereford were reported this week.

Unfertilized grain made 3,796 pounds per acre while the fertilized made 4,778 pounds per acre or a gain of 982 pounds per acre was made with 250 pounds of 16-20-0 fertilizer, according to County Agriculture Agent Hugh Clearman.

The fertilized area was watered one time, said Clearman. He said it was fertilized before planting. He said they had listed, fertilized on beds, harrowed, busted the bed and planted.

QUESTION of the WEEK

What thought does Armistice Day bring to your mind?

Mrs. R. A. Freeman: Armistice Day reminds me of a holiday like Thanksgiving. I feel so thankful that it is a day of ending of wars. My youngest son didn't have to go to combat because of injuries received in training. I had nephews and a grand son in WWII. I hope there will never be another war.

Mrs. Burl Elliston: It was a pretty happy time. I think we're always glad when we can celebrate the end of something bad like war. I had a son in service during the second World War. He had been in combat in the Guam area for many months. When the war ended he was, I know, very happy. My husband didn't go to the first war. I was glad for everyone the day the end of World War I was announced.

Mrs. T. L. Cronce: Armistice Day makes me feel sad but relieved. I had three nephews and a stepson who were very dear to me and who were in combat. My stepson was permanently wounded but my nephews were discharged with no physical injuries. I am just glad that all the war is finished when I hear of Armistice Day.

Mrs. O. M. Dickey: Reminds me of my boy friend (I married him) and I in 1918. He was in Oklahoma City just getting ready to ship out to a training center when the end of the war was announced. When word came out he got to come home and we, together, helped the town to celebrate. It was a double celebration. All the towns celebrated when the end of WWI was announced.

Mr. A. M. Duncan: I would say that it reminds me to be thankful that the United States is an independent country. It reminds me of a day of rest for soldiers in the armed services. Certainly, I was glad when the war was over. I had many friends in the service.

Mrs. Weldon B. Dye: Flags and celebrations of something that should never be forgotten, and that should have a lot of thought directed to Don't remember much about the end of the first war but my husband was in the second one. I had many friends from Tulsa that died in the last war. Had some uncles that were wounded in first World War.

Mrs. C. L. Brownlow: Reminds of the end of the first war. My father was stationed in Ft. Worth and, had it not been for the end of the war he would have probably had to go overseas. I was thankful for the end of the war.

Mrs. John M. Calhoun: Armistice Day reminds me of men coming home from the first war. It is hard to put the meaning into words, but I am very thankful for the end of war.

TOUGH HOMBRE — Watching a New Year rodeo show is four-year-old Peter Verbeck, one of the hardest riding cowboys left east of the Mississippi. When folks see Peter whip out that six-gun of his they generally duck for cover. Come on, Pete, we'll head 'em off at the gulch!

Texans in Washington

By **TEX EASLEY**
Washington (AP) — An attractive, dark-haired Texas woman is one of the top faculty members at nearby University of Maryland.

seven years dean of women on the College Park, Md., campus.
Although Miss Leslie calls Eastland home, she plans to settle in Fort Stockton in the distant date when she retires. She taught in public schools there for several years and thinks there is no place like that part of Texas.
She was born in Colorado City and attended school there. At one time she was girls counselor at Highland

Park Junior High School, Dallas.
Her father was the late Judge W. P. Leslie, Chief Justice of the Court of Civil Appeals in Eastland until his death in 1945.
Her mother spent the winter in Austin, with a son who graduated from the University of Texas law school in June. He is Charles Robert Leslie.

The University of Maryland has girl students from all parts of the nation. There are two principal reasons for this.
The first reason, Miss Leslie explains, is the fact that many are daughters of men who hold government jobs in Washington.
The other principal reason bringing out-of-state girls to M. U. is a romantic one. Some co-eds are there because they have boy friends among the midshipmen in the U. S. Naval Academy at Annapolis, Md. The two schools are close enough to make week-end dates convenient.

Liberty county at the age of 4, living there until 1941 when she went to Austin to assume her present position. Miss Sapp is a graduate of Texas Technological College of Lubbock.

Around the Capital:
A veteran Agricultural Department employee who graduated from Texas A&M College in 1908 has been awarded a certificate of commendation by Secretary Charles Brannan.
He is Charles A. Burnmeister, a native of McMullen County. An agricultural economist, he joined the department 37 years ago. He plans to retire next year.
A Texas woman made one of the most forceful statements before the House Ways and Means Committee during its hearing on legislation to expand the Social Security Act.
Mrs. B. B. Sapp of Austin, director of the Teachers Retirement System of Texas, said she spoke for 68,000 members of the system who oppose broadening of the act to cover public school teachers.
She testified Texas teachers already maintain a successful retirement program which entitles them to more benefits than proposed under the federal set-up.
While here Mrs. Sapp visited with her daughter, Miss Eugenia Sapp, a secretary in the office of Rep. J. M. Combs of Beaumont. The mother was born in Hill County, but moved to

It's Your PMA COMMITTEE

BE SURE THE MEMBERS ARE YOUR CHOICE

YOU & YOUR PMA FARMER COMMITTEE

Your County and Community PMA Committees have some big jobs ahead of them in 1950. Changing conditions will require many adjustments in established patterns of farm production and the marketing of farm products. Working through your committees you are better prepared to apply cooperative action in licking these problems of adjustment.

AGRICULTURAL CONSERVATION
Agricultural Conservation Committee members determine local conservation needs, and recommend the soil and water conservation practices for which Federal assistance should be offered if these needs are to be met. It is up to them to see that Federal funds allocated to the county are used to secure a maximum of conservation for each dollar expended. Deaf Smith County was assigned \$160,200.00 for conservation payments in 1949.

PRICE SUPPORTS
Committees determine eligibility and are directly responsible for the local administration of many Commodity Credit Corporation price-support programs including cooperators' loans, purchase agreements and direct purchases.

ACREAGE ALLOTMENTS
Committeemen gather acreage, production and other data on which acreage allotments are based. They are responsible for equitable distribution of the County's share of the National allotment among growers, and determine compliance with individual farm allotments. (This may be adjusted to call attention to commodities important locally.)

MARKETING QUOTAS
When marketing quotas are in effect for one or more crops grown in the County, committees determine individual farm marketing quotas, issue marketing cards to eligible growers and advise non-cooperators of legal methods of disposition of farm marketing excess.

FEDERAL CROP INSURANCE
Committeemen handle all local activities except loss adjustment. They gather actuarial data, determine coverage areas and premium rates, and supervise sales. They are also responsible for the preparation of acreage reports and the collection of premiums, and accept reports of losses to be relayed to the Corporation for adjustment.

THE ELECTION SCHEDULE

ELECTION IN THE PMA OFFICE
COUNTY COURTHOUSE
HEREFORD
WEDNESDAY, NOVEMBER 23
8 A. M. til 5 P. M.

Nominees are as follows:
Chairman — N. E. Gass and T. E. Seigler, Jr.
Vice-Chairman — Paul S. Mathers and Sylvester Slagle
Member — Edgar L. Adams and Mack Jackson
First Alternate — H. H. Caraway and Robert Veigel
Second Alternate — C. P. Norton and J. B. Noland

"Although every effort has been made by the nominating committees to choose the men they believe to be best fitted for the task of representing their neighbors in the local administration of such Federal farm programs as Agricultural Conservation, price supports, acreage allotments, marketing quotas, the sugar program and Federal Crop Insurance, voters will have the privilege of 'writing-in' the names of other eligible farmers if they wish to do so." N. E. Gass, present county committee chairman points out.

To be elected are a three-man committee and two alternate committeemen. Committeemen serve for one year unless re-elected.

Hereford Bull

By JIMMIE GILLENLINE

Bill Smith dropped in for a visit Monday afternoon. Sure was glad to see him. Bill says he is now at Roswell. Still the same jolly, enthusiastic Bill; and no matter where he roams, Bill will always have Hereford in his heart. I guess he was about the first man I met in Hereford when I came here in 1937. Remember that John Roberts was second and John Olson was third. John Roberts is now in Ft. Morgan, Colo., and Olson is in Waco. Don't know if I deserve the credit for their leaving town—but do know a bunch of guys who would be happy if I left.

Speaking of old timers, did you read Homer Fox's article about duck hunting last Sunday? If not, be sure and dig up the Sunday paper and give it a good reading. No question but what Homer has done a lot of duck hunting. Tommy Wyrick was setting the Fox column on the Linotype machine and we all heard him muttering, "Amen." After three of four amens, we went back to find out what was the matter—and it so happened that Tommy is new here from Nebraska and has been doing some duck hunting. He says things haven't changed a bit. He went through the same experiences this week that Homer described in his column Sunday. When Homer comes up with a column like that one Sunday, I am always convinced that he would have been another Will Rogers if the break had come just right.

Football prediction: Believe the Whitefaces will take Phillips by 12 points this week end. Maybe the boys got to watching the papers a little too close before the Canyon game, but I believe they have a good team and I feel like they are going to take Phillips. Might be wrong, but I know they have the stuff and I believe they will go into the game with just the right psychology. I never will forget the tackles Engman and Jansen hung onto that Dalhart fullback. If the boys tackle like that they are almost a cinch to win.

Texas City Governments Are Unhappy About State Government Infringements

By DAVE CHEAVENS Associate Press Staff City governments in Texas are very unhappy about the state government, and especially the legislature.

The feeling that was somewhat softened during the 51st regular session—while the cities were begging a little financial relief—flared out in black type in a recent issue of the "Texas Municipalities," official publication of the League of Texas Municipalities.

In an article, headed "Cities Suffered at this Term of Legislature," Mayor George D. Barber of Mineral Wells let fly with this opening statement: "The rights of home rule cities were encroached upon still further by the recent session of the Legislature. Especially note-worthy was the encroachment by the firemen and policemen's minimum wage bill passed by both houses and signed by the governor."

"If this type of legislation continues, it is the opinion of many of us that eventually the state will take over the jurisdictional rights of municipalities and one of these days city officials will only be rubber stamps for the centralized government in Austin."

Texas city officials, through their organization, came before the last legislature, with several propositions aimed at increasing their revenues. The legislature listened politely, but that's all.

Barber, vice-president of the legislature, in their wild scramble to tell municipalities what they can and can not do, provide the necessary revenue to meet requirements of some of these unnecessary, unjust and discriminatory enactments? The answer is no. The boys who supported the firemen's and policemen's minimum wage bill do not care where the money comes from."

Barber said much of the blame rests with the cities themselves. "Far too many municipal officials assumed the 'Let George do it' attitude and failed to register opposition with their representatives in the legislature, and with the governor. It is high time municipal officials throughout Texas combine their ef-

Fire Dept. Answers Two Calls Tuesday

Fire Chief Earl Phillips said two fires Tuesday morning were put out by firemen before damage could result.

Tuesday morning, in the west part of town, an old shed burnt down but it had not been in use. Phillips said the shed was between Norton and Kibbe, one block outside the City Limits.

The other fire, Tuesday afternoon, was a pile of used lumber in back of Shirley Grocery Store. Lumber was stacked quite a ways in back of the store, toward the alley. Phillips said firemen extinguished the blaze before much of the lumber was destroyed.

All firemen answered both calls. When the Liberty Bell cracked in 1835 it was tolling for the death of John Marshall.

Grain Harvest Half Finished

Fraser elevators are the only ones in Hereford taking grain for storage this week. All others have run out of storage space and one has quit taking grain altogether because they have no space.

Farmers with grain-laden trucks lined up all down the highway waiting to put their grain in Frasers. New elevator has just been cut in to and space for 900,000 bushels of grain still remains.

In two or three weeks, Pitman's new elevators, now under construction, will open the way for 450,000 bushels more of grain. Pitmans said by that time their new tanks open the storage problem would be partially settled. Additional storage space would be available in nearby sections, spokesmen said.

Farmers have been cutting their grain and putting it on the ground because of the storage shortage. Most of the crops have dried out to the extent that they are ready for storage. Lack of space has made this year's crop a double job for farmers. They must cut, store on farm, and then

perform another operation when the storage space opens up.

This is said to be a factor that will set peak harvest back. All grain companies previously reported this week to be the peak. Better than half of the grain is cut for this area. It is not known how much has reached town or how much is on the way.

All reported recent weather perfect. The recent wet spell threatened the crops in every area.

Rev. S. E. Eldridge went to Denton Wednesday to conduct funeral services for a former friend.

Mr. and Mrs. James G. Martin of 119 Lake Street left for Fayetteville

Arkansas and a week's visit with friends, Mr. and Mrs. Ike Tuck, Wednesday. Mrs. Tuck and Mrs. Martin are former schoolmates.

Miss Ella M. Ajkman, teacher at Central, has been moved to Baylor Hospital in Dallas from Deaf Smith Hospital.

STATE HAS A QUESTION Was There A Lake Of Oil Floating In The Gulf Just Off Sabine Pass

By MARTHA COLE
Associated Press Staff
Austin, Texas, (AP)—Once upon a time—did a lake of oil float serenely on the slate blue waters of the Gulf just off Sabine Pass?

The Attorney general's department wants to know. No legends, no tales, no story about what my grandpappy said. They want proof.

And why they want to know isn't official. But it's a fact that they're leaving no drop of oil unturned to build up Texas' case for ownership of the tidelands.

This lake of oil—it last came to the surface in the Southwest Historical Quarterly of July, 1946. In that issue, Boyce House, Amarillo newspaper columnist and a Texas historian, quoted a statement he said was signed in 1901 by six shipmasters and the harbor master of Sabine Pass.

These men said the oil pool was about a mile and half in width and four miles in length and had existed "from time immemorial."

The pool vanished in 1902, House wrote.

Now, if it was there in the first place, what made it vanish in the second place, the attorney general's department asks. And why in 1902?

The Spindletop oil field, just a whoop and a holler away on the land side of the Sabine Pass, was brought in in 1901. "Is there any connection?" Assistant attorney general C. C. McMillan asked. No answer.

Four centuries and six years ago

Hernando de DeSoto and his wandering crew were wandering along in the Gulf of Mexico.

On July 18, 1643, historians say, he left the Louisiana coast and ran into stormy weather. The winds and the waves grew worse and he beached his ship and proceeded to repair its hull with a tarry substance found on the beach. Historians say that was about 3 1/2 miles west of Sabine Pass.

That's the first mention of oil in Texas.

Then there's the account of the pioneer women whose husband and children had been killed by the Indians. When the redskins came back after her, she threw a bucketful of heated oil at the first one. They all yelped and ran.

There are other early day reports of oil. But this lake of oil—the state government is interested in you.

Letters To The Editor

Whom It May Concern:
Last Saturday my husband brought home a cake from the Presbyterian Ladies' Bake sale. It was a lovely cake—big and square and white. When I cut into it, I was foolishly and momentarily disappointed, because it was a loaf of course, instead of a layer cake. I am still childish though, at my age, to like layers with lots of frosting between 'em. There's no fool like an old fool.
But this cake turned out to be the grandest cake I ever tasted—firm and solid and fine-textured, with a lovely brown crust and the perfect white icing to protect that delicious crust from the too-drying air and yet not a moist thing that would make it soggy and sodden. A true artist made that cake.
It was too good to keep all to oneself, so I passed a hunk along to a friend of mine, who agreed that it was super.
I have no idea who made it, but if she reads these columns, I want her to know how very, very much we all enjoyed her cake.

Mrs. Eunice Petersen, registrar of local selective service board number 18, reported 14 registrants for the month of November. Three are from Hereford.

Mrs. Petersen said a number of the registrants had moved and could be declared delinquent if this happened. FBI would be called in to locate them. Two cases have been declared delinquent this year. Both were located by the FBI. Last one was found in Terrell Wells, Texas, October 13 by FBI. She urged all registrants to keep her informed of any change in address.

Local draft board covers Deaf Smith, Castro, Parmer and Randall counties. Offices for registration have been opened in Farwell, Bovina, Dimmitt, Friona and Canyon for convenience of registrants since the Hereford office is closed half a day, every day.

Mr. and Mrs. E. J. Duncan of Pampa were week end visitors in the home of her sister, Mrs. Robert Boyd. Other relatives present for dinner on Sunday in the Boyd home were Mr. and Mrs. P. H. Luck, Mr. and Mrs. Roy Boyd and Royda, and Mr. and Mrs. Bernice Luck, all of Hereford. Mr. and Mrs. Roy Lee Wilson are beginning the building of a new home on their farm this week. It will be located about one-half mile west of the house in which they are now living and on the south side of the road. The Wilsons sold the farm where they are now living. The Westway store was moved back from the road last week preparatory to the paving of Harrison Highway. In rebuilding and remodeling the store, Elmer Combs, the owner, plans to enlarge the store to almost half its former size. The Welchses were en route from Fresno, California to Dallas where they will make their home. Miss Ruby Welch of Portales, New Mexico has been visiting the past two weeks in the home of her sister, Mrs. B. B. Northcutt. Little Deedy Thomas celebrated her fourth birthday last Friday afternoon with a party at the home of her grandmother, Mrs. J. C. Morrison. Her guests included Beverly and Jerry Williams, Paul Drager, J. Lynn and Mavery Wilson, Michael and Darlene Wilson, Joyce Cooper, Jackie Lynn Nunley, and Stanley Rutherford. Foster Lett of Winters was a guest recently in the Johnnie Townsend home. He is a former school chum of Johnnie. Paul Rudd is again home, after spending several days in the hospital, after having lost a finger and severely injuring two more in a combine. Paul suffered a broken foot about four weeks ago when a binder fell on his foot. "Looks like Paul might as well make up his mind to take life easy this winter and let the other fellow do the work."

Herd Rates Tie For Third With Phillips

Hereford ranks in a third place tie with Phillips Blackhawks in Frank Goble's weekly Panhandle Class A ratings this week. He rated them as follows:

1. Dalhart
 2. Lefors
 3. (Tie) Hereford and Phillips
 4. Littlefield
 5. Sudan
 6. Canyon
 7. Spur
 8. Floydada
 9. Levelland
 10. Lockney
- Dumas rated at tie in 15th place.

Whitefaces Play Phillips For Second Place And Possibly District Championship Friday

Strange as it may be, Hereford meets Phillips Friday night in a somewhat anticlimactic atmosphere. With both teams practically out of the picture as a title contender, the situation will be that Phillips, preseason favorite to grab I-A honors, and the club that apparently has lost their real punch, will be out to regain prestige with a victory over

the Whitefaces. If the Hereford squad needs anything to help them rebound from the sorrowful defeat last week, a glance at the last year's score when Phillips romped and stomped to the tune of 33-6 on Whiteface Field should provide the spark. Plus the remote possibility that league leading Dalhart and Canyon will trip somewhere.

Phillips will be stimulated as much or more than Hereford by the latter fact however.

Not At Full Strength

Minus halfback Bill Kelly and in all probability center Dale Doak, the Herd will lack a little of the punch, both offensively and defensively that tied Dalhart. Kelly, still suffering

from a bad ankle he got out of the game with the Wolf Pack, was hospitalized Monday for a check and so was Doak with an arm injury out of the Canyon fracas. The Herd is probably at their lowest physicalebb of the season this week, but of course most class A teams in the state are in somewhat the same predicament this late in the schedule.

Both squads operate from the T formation and all indications point towards an eventful game for those faithful followers who ride the Special or get there some other way.

Impressive Record

The Blackhawks opened the season against Panhandle, running up 44 points, to 6, they followed that with

an impressive victory over the Wellington Rockets 33-14. They bounced McLean around 47-0, and raced to an easy 41-18 win over Shamrock. Their 26-20 win over AA Childress completed the pre-conference picture.

Dalhart climbed to spectacular heights and turned the Blackhawks back 39-20 in their first conference tilt. In the two games since, with Canyon and Dumas, the Blackhawks have resembled a bird without a beak (no bite) winning 14-7 and 12-6. Both games were close. They beat Canyon in the final three minutes of play, although they outgained the Eagles 301 to 141 yards in the rushing department. Passing gave a slight edge to Canyon 23 to 52. At Dumas Phillips snuffed a Demoh drive on their own one-yard line late in the fourth quarter after scoring once in the first half on a reverse over tackle from the 13 and again in the third quarter from the 11.

103 Victories. The Blackhawks will be trying for their 104th victory in the past 10 seasons and eight games against the Whitefaces.

Phillips will field a good big line and some very fast and tricky backs that can go all the way on any play from any place on the field. Halfbacks Tommy Moore, and Arthur Cahntrell and Fullback Melvin Eldridge rate high in the list of Panhandle scorers, with Eldridge near the top.

The Hawks passing attack hasn't shown very much this fall, although they went 63 yards on a pass against Childress to help win that one. They had an offensive minded team until after the Dalhart game. Up to there they simply outscored opponents in the two games since, they have scored 26 points, about par for one game earlier in the season.

Hereford will give weight in the line and about match the Hawks backs pound for pound.

Phillips starting lineup: Ends—Duane, Fisher, 150; Donald Smith, 145.

Tackles—Bud Moulton, 197; Paul Ferrell, 203.

Guards—Jimmy Bickers, 154; John Sellers, 168.

Center—Jim Riely, 164. Backs—Melvin Eldridge, fullback, 125; Tommy Moore, right half, 143; Arthur Cahntrell, left half, 157; Wilard Beaver, quarterback, 134.

Underdog Calves Face Phillips B

Phillips B Squad will be at least a five or six touchdown favorite when they come to Whiteface Field this afternoon to brand the Hereford B Squad Calves. Phillips knocked off Dalhart B by 40 points and overwhelmed Dumas and Canyon. They employ the T weapon.

Hereford, an up and down team this season, will field pretty much the same team that beat Canyon Thursday.

Weakness, which has plagued the Calves all season, showed up again against Canyon Thursday. Lack of scoring ability and letting down in line work and charging.

Phillips, who take their B football seriously, shelved Dalhart B from start to finish. At the end of the game, Phillips was close to another touchdown.

Game time is 2:30 at Whiteface Field. Starting lineup is listed below.

Ends — Ray Graham and Jerry Reese.

Tackles — Burl Fish and Paul Rettman.

Guards — Tim Corbett and Ray DeMent.

Center — Ray London.

Quarterback — Randolph Thomas.

Fullback — Johnny Fields.

Halfback — Dale Winget.

Halfback — Bill Rose.

Tom Howard won first in the four-club tournament Sunday with Homer Lee Owens second. Participation in the event wasn't so good, according to Pro Jim Terry who said most of the golfers preferred to play with all their clubs and shoot at lower scores.

One match still remains to be played in the City Tournament. Bill Davis and Bill Walfrep haven't played off their consolation first flight match. The rest of the tournament was finished during the week with Dick Lucas winning the Third Flight championship from Bruce Wooddell 2 and 1. T. J. Clay won the Tinnin by the same margin of 2 and 1.

Golf picked up over the week end with good weather once more helping things along. 29, played Saturday and 55 Sunday.

The popular Ball Sweepstakes will be resumed this week end. More interest has been displayed in this type of weekly competition than any other and if the weather is favorable, a good entry list is expected Sunday.

Geoffrey Chaucer was the first poet laureate of England.

'Grey Mask' Wrestles Overhuls Saturday Night In Bull Barn

Another full night of wrestling is on tap for fans Saturday with an extra touch of mystery added by the initial appearance here of the "Grey Mask".

The "Grey Mask" meets George Overhuls, ex-Amarillo Sandie grid star, in the second main event for the best two of three falls. The "Grey Mask" won't strip the mask off until he has been beaten in the ring, and he's gone three weeks in this vicinity without unmasking, according to Guy Lawrence, Lions Club committeeman.

First main event this week will pit Salvador Flores, from Mexico City with Dory Dettion in a best two of three fall, 1-hour time limit.

Lobo Brown of Clovis will referee the events.

A capacity crowd was on hand last week for a rip-snorting night of wrestling which ended in a tag team match that had the place in an uproar.

Al Getz and Charley Carr started things off by wrestling to a draw and then George Overhuls and Alex Kasaboski followed up with another draw.

But when Overhuls and Carr got into the ring with Getz and Kasaboski for a tag team match for flew; Getz pinned Carr in about 28 minutes with a Boston Crab for the first fall.

The bouts start at 8:15 in the Bull Barn.

Second Guessing

By JERRY STOLTZ

Looks like Dalhart and Canyon will be playing for the District I-A championship in Buffalo Stadium Nov. 18, the final week of district play. This will be the third "crucial tilt" of the season for the Wolves. The schedule makers really fixed them up this year.

Choosing between the two now might be silly, as much as the way things have been going anybody might get beat this Friday, but if the injury list isn't too long against the Wolves they should end up on the long end of the score against the Eagles.

The Canyon victory over Hereford could probably be partially credited to Sunderman's Wolf Pack passing attack and the inadequate Whiteface defense against it here the week before the Canyon game. The Eagles

Nelson for the second to even up the match. Overhuls roughed it up a little on that second fall.

Kasaboski and Getz got even in a hurry when they got Overhuls in their corner and gave him a going over that left him unconscious. If Kasaboski hadn't ended up by hitting the referee they would have won the match, the way it turned out they lost because of it.

The bouts start at 8:15 in the Bull Barn.

CALVES IN AN OFF HOUR—Hereford's B squad, with a 2 won, 2 lost record for the season, take time out in the picture above, to accept Tommy Tomberlin generous offer of free milk shakes at the Hereford News Stand. The Calves challenge Phillips' high riding crew of "B" squad Blackhawks this afternoon at Whiteface Memorial Stadium.

only capitalized on it to the tune of completing 9 out of 16 passes.

There's nothing like really being wrong if you can't be right—that's the answer to critics of last week's prediction. This week, if the Special Train is full and a good crowd will give the Herd some lusty backing, they ought to beat Phillips. The Blackhawks apparently lack the passing attack Dalhart and Canyon mustered, and without it they aren't apt to beat the Whitefaces.

Incidentally, if Phillips does have passing attack they will probably be using it. Three Phillips' Scouts were in Buffalo Stadium pressbox Friday night.

Football really creates the problems—such as what team will represent the Big Ten in the Rose Bowl?

A couple of weeks ago the president of the Big Ten club in Los Angeles figured on seeing in action the team that would be out there on New Year's Day. So he dropped in the Minnesota-Michigan game just in time to see the roof fall in on the Golden Gopher's dreams of a trip to Pasadena. The next week he went back and asked Tug Wilson, commissioner of the Big Ten, which game to see, so Wilson sent him to Illinois, the day the Illini lost to Michigan. When the president showed up the following week for advice, Wilson said, "I just looked at him and advised—go home."

Army had five tries at an extra point in the Fordham game Saturday. The kicker made the first one but Army was penalized 15 yards, he made the next one and they were penalized another 15, he missed the

next one but Fordham was penalized. The same thing happened again and finally he made the fifth try with the ball being centered from about the eleven yard line.

Perryton plays Canyon at home Friday while Dalhart moves on up to Dumas for a game. If either Canyon or Dalhart loses this week the Whitefaces will have an outside chance of tying or winning the title. However, if the both win that lets the local eleven out entirely. District I-A standings follow, all teams have played three games and have two to go.

Twenty-Two Percent Of Students Haven't Ridden On A Train

By JOHN SOUTHWALL
The trip to Phillips for the football game by train is the first such expedition in Hereford History. The Santa Fe Special will leave Hereford at 4:15 and will arrive in Phillips only two blocks from the gridiron nearly an hour before game time. It will arrive back in Hereford at 1:30 p. m. Saturday morning. Tickets are on sale at Fox Man's shop for \$6.45 per adult and half price for children. The School Board and Chamber of Commerce have appropriated the money to defray almost all of the cost of transporting the band and pep club on this train. This trip will not only be a means of getting to the ball game but also an experience to some of the students since a survey indicated that

22 per cent of the students have never ridden a train.

TO GIRLS--

For Winter Beauty

By JOYCE MCGEE
These are a few tips from Good Housekeeping magazine. These will help keep you at your best when cold weather strikes.
Jack Frost is a very fickle artist. On some winter days you'll look radiant and then on others your skin will be terribly chapped. It just depends on you.
You really shouldn't huddle down into your coat just because of the wind. It isn't very flattering to your figure nor your posture. Just wear a hat that will stay on; then hold your head up high and walk proudly.
Another good point is that you shouldn't wear rouge outside. There is no use adding red to red—because your rouge probably wouldn't match the cold weather red already on your cheeks.
When you go out be sure to dress warmly. When one looks more attractive when they are not blue and shivering. Just bundle up, and look as if you love the cold winds.
If you choose an oily lipstick, it will keep your lips from cracking. Above all, don't lick your lips for it will surely cause chapping.
You should eat wisely and exercise enough to keep your figure trim. Eating wisely will help prevent colds, too.
Most of us can enjoy the cold weather if we will prepare for it. We certainly look forward to such things as sleigh rides and snow-ball fights which all of us enjoy. These just seem to go with cold weather.

F. F. A. Is A National Organization For Vocational Agriculture Study

By **CHLOE FORTENBERRY**
 Future Farmers of America "F.F.A." as it is commonly known, is the national organization of, by and for boys studying vocational agriculture in public secondary schools under the provisions of the National Vocational Education Act.

The Future Farmers of America was organized in November 1928. The foundation upon which the F.F.A. organization is built includes leadership, character development, sportsmanship, co-operation, service, thrift scholarship, improved agriculture, organized recreation, citizenship and patriotism.

The National headquarters of the F.F.A. is located in the Agriculture Education Service, United States office of Education, Federal Security Agency. National conventions are held annually in Kansas City, Missouri, at the time of the American Royal Livestock Show.

There are four degrees of membership in the F.F.A. they are: Greenhand, which is the first degree, chapter of Farmer Degree, State Farmer Degree and American Farmer Degree.

The Agriculture I boys of the Vocational Agriculture classes in Hereford High School were initiated as Greenhands, Thursday, October 27.

The officers in the Hereford F.F.A. chapter are:

President, Joe Hershey; Vice president, Johnny McBroom; 2nd Vice president, A. L. Williams; 3rd Vice president, Virgil McGee; Secretary, James Alston; Reporter, Raymond Cummings; Treasurer, Richard Pickens; Sentinel, J. D. Kelly; Parliamentarian, Leonard Waterscheid; Historian, Dick Axe; Advisor, Mr. William J. Stanford.

The F.F.A. colors are National blue and corn gold. The motto is: Learn-

"BUZZ BOX"

Lo! Pals,
 Hip, hip, hooray; and we're off for a good time. Speaking of good times the F.F.A. really had a bang-up of a time on their hay ride. Everybody and his dog (date too) came.

Mona Faye Shirley's new name is pistol packin' mama. Wonder why?

Snoopy peeked across the aisle and saw Mollie Bettis very interested in a long note she was writing. Maybe it's her loved one.

Whoopee! Did you see those darling pictures of the football boys in the Times? I know they are sorry they left Pat Corbett's picture out.

Seems that Don Hooper keeps Pat Dunlap's front side walk worn again.

Who is the secret that Joyce Shirley has been going with on Friday nights?

It's a common thing to see that cute couple of Pat Frye and Dick Alston talking to each other.

Han has found Elma Rae Hamby quite "interesting" lately.

Speedy Kelly stepped out this week, too.

Their seems to be a rumor going around about Emmarie Turner having some kind of ceremony December 1, but I'm sorry to say their was never anything to it.

Bobbie Jean Drury confessed that it has been a while since her last romance, but she is not a man hater, yet.

Chloe Fortenberry has a new prospect I hear he is okay. Could it be that George Hamilton has found the girl of his dreams? Of course we know who she is.

Jimmie Wilkins was supposed to have a special date this week. I wonder how it came out?

There's some fortunate person that has been eating lunch with Nellie Jo Simpson.

Doris Stanfield was in blush when asked who she had been going with. He must be special.

Tommy Mathies appears to have a crush on that sweet "Fish" Sexton.

Have you heard, Betty Carnoy finally got her man to go steady with her.

Three cheers for the football team—we're yellin' for ya.

Couple of the week—Gayle Foster and Bill Engman.

Bye,

"What 'Cha Thinkin' About"

By **EMMARIE TURNER**
 Suppose you sit down, relax, close your eyes, and let your mind wonder. What is your first thought? Is it centered on yourself or someone else? The most relaxing of all is to have nice, happy thoughts.

Now put that fist against your jaw and meditate a moment. Do you like the way that God has painted this day? Well think about it a while, you might even tell him you do.

Maybe you get your feelings hurt and you mean to take revenge. What would you have done in that other person's place? Give more thought than ever to anger—for anger is not your friend. Thoughts that may harm you or our friends should not be thought.

Did you ever think that your mind could stand a good mopping? Let's not let it get cluttered with useless trash.

Since the beginning of time man has found it impossible not to think, therefore, make your meditations amount to something. Happy and pleasant thoughts make a happy person.

Remember, too, that when we concentrate on others problems our own will not seem so heavy. But that doesn't mean to make everyone's private problems your personal business.

Good sound thinking can make a man strong and kind; it can make and build a prosperous universe also. Let's have more of it.

Home Economics As A Good Career

By **JOYCE MCGEE**
 For many centuries all instruction in home making was informal; it was just given in the home by a girl's mother. Home economics was first recognized as a subject of college instruction in the Middle West.

The ideal of the home economist is to increase the beauty and the value of home life. It has been said that home economics stands for the ideal home life of today not bothered by the tradition of the past.

Did you ever think that your mind could stand a good mopping? Let's not let it get cluttered with useless trash.

Since the beginning of time man has found it impossible not to think, therefore, make your meditations amount to something. Happy and pleasant thoughts make a happy person.

Remember, too, that when we concentrate on others problems our own will not seem so heavy. But that doesn't mean to make everyone's private problems your personal business.

Good sound thinking can make a man strong and kind; it can make and build a prosperous universe also. Let's have more of it.

She can start her training by taking home economics in grade school and high school. More advanced training is offered by vocational schools of home economics. Apprenticeship training, in which students earn their living while learning the business may be obtained in certain restaurants, and in cafeterias of Y.W.C.A.

High school teachers of home economics subjects receive salaries of from \$1,300 to \$3,000 per year. A trained institution manager is paid from \$800 to \$6,000.

Men who hold positions in the home economics field are seldom trained in such courses. They generally work up to administrative positions through many years of experience.

Pre-Dalhart Game Spirit Was Tops

By **JOYCE MCGEE**
 I guess we saw nearly all of the HHS student body downtown last Thursday night. The traditional bonfire was held on the empty lot beside the Shirley School. The band and Pep Club met in front of the First Christian Church along with some of the other students at 7:30. A parade was made down main street and the cheer leaders led the yell.

The group then marched from town to Shirley School yelling all the way. If you were anywhere around you probably heard us yelling, "Beat Dalhart" "Yea Whitefaces" and many of the fight songs.

We "burned" Dalhart in one of the biggest bon-fires I've ever seen here. The band played football fight songs and the pep club yelled.

While we were still there our "B" team came home from Dalhart. They played an afternoon game. The score was 13-6—Dalhart's favor. Better luck next time. Say, did you see them beat Canyon's "B" team Friday? Pretty good wasn't it?

General Lee's sword was returned to him by General Grant after Lee's surrender at Appomattox.

Locker Room . . .

The stars didn't shine for Hereford last Friday night because Canyon had a star who couldn't be blotted out. Butler, the Eagle quarterback, was throwing what seemed to be blue covered balls—because Canyon couldn't miss their passes. On the other hand Hereford was plagued with fumbledoes, there were three touchdown passes missed for no reason but over-egerness.

The Whitefaces outplayed them in every department but passing and scoring. It seemed the Herd had malaria because they were hot for a while and then they would turn cold again. Hard luck but—that's football.

Captains for the week—Dale Doak played his heart out on defense, was seen in the Eagle backfield several times. Alex Schroeter didn't let them go outside him but once or twice, caught a good pass for the touchdown.

Players of the week—Jack Reynolds, kept trying for the striped line but just couldn't quite make it, was knocked out twice but always got up for more. Darrell Janesen—they couldn't get around him, once he threw Butler for a 20 yard loss.

Calves Win Close Game With Canyon

By **JOE KERR**
 The Hereford Calves defeated the Canyon Eagles 14 to 12 Thursday afternoon at Whiteface Memorial Stadium. Stanley Slagle scored first from the Canyon four yard line. Harold Morton converted the extra point. A Canyon fumble led to the locals TD.

John Miller scored Canyon's first TD from the five yard line. The extra point by running failed. Slagle scored the second TD in the fourth quarter on a pass from Thomas. Harold Morton kicked the extra point.

Rathiff scored Canyon's second TD on an eighty yard run. The extra point try by running failed.

The captains for Hereford were Ray London and Raymond Dement. Next week the Calves will play the Phillips "B" team here.

Beat Phillips!

The statistics for the game are:

Hereford	Statistics	Canyon
8	First downs	9
142	Yards rushing	193
29	Yards lost rushing	12
20	Yards passing	35
162	Total yards gained	228
3-7	Passes completed	2-6
2	Fumbles	3
3-95 yds.	Punts	2-55 yds.
2	Opp. fumbles recovered	0

First Hereford Armistice Day Was A Day For Speeches And Celebration

(Hereford Brand, Oct. 17, 1918)
 October 11, 1918, the first International Armistice day, was observed all over the nation, but nowhere more hilariously or more earnestly than in Hereford.

Actual signing of the Armistice seemed to lift a great weight from the spirits of the people and everything was set aside for the moment and the afternoon devoted exclusively to celebrating the beginning of the end of the world's greatest tragedy.

All stores closed at 2 p. m. and the people began to congregate in droves on the streets and around the Court House. The Liberty Girls and the Rainbow Girls, in automobiles, drove up and down the streets singing patriotic songs and leading the noise making. Girls equipped themselves with tin pans and other noise-making devices and made the welkin ring. At irregular intervals the booming of anvils absorbed all other noises. Shotguns and revolvers galore were fired all during the day and night. It was a miracle that no one was hurt by the promiscuous firing.

A program was held on the north steps of the courthouse. Mayor Knight, W. E. Dameron, Rev. W. M. Baker, Rev. J. M. Asbell, Rev. J. E. McClurkin, D. L. McDonald and Carl Gilliland made addresses. Liberty girls sang. Cheers were given with a will for the ending of the war and the lifting of its burdens.

All talks were short. The Mayor, designated orator of the day, made the longest one. It was a good talk and, upon being congratulated on his effort, Knight said that it was a poor citizen who could not make a pretty good talk under the circumstances, and, especially, considering the crowd who was listening.

"You know," Knight added, "the longer I live among these people, the more I am beginning to appreciate what good folks they are."

Unique feature of the day was the execution of Kaiser Bill by a firing squad selected from the Home Guards. Sheriff Charles Purcell, Orville Newell and others fixed up a life sized imitation of his ex-Majesty that was a credit to their workmanship. Captain Whitehead of the Guards pinned a piece of white paper over the heart and ordered his squad to fire. Most of the boys seemed to have taken the head as the mark, judging from its shattered condition. Following the execution all that remained of the High and Mighty was ignominiously dragged around on the end of a rope by the Liberty Girl's car.

Anvils sounded far into the night and streets were crowded until a late hour by tired but happy throngs. It was a great day and one to be remembered.

Boys Ranch Farm Adds Blooded Stock To Herd

A "newcomer" has been added to the bovine population of the Boys Ranch farm, located near Springlake. It is a registered Polled Hereford heifer.

The little thoroughbred was given to the ranch by Lester Carter, prominent Jackboro Polled Hereford breeder.

The animal will be bred to a registered Polled Hereford bull and then added to the fine registered herd started at the farm two years ago by a group of organizations and citizens of towns in the area surrounding the farm.

The registered herd of Herefords at the farm now numbers about sixty head and is growing every year. The herd is cared for by Ranch boys who live at the farm.
