

## Ike Eisenhower Elected President By Landslide

General Dwight D. Eisenhower jumped into an early lead over Governor Adlai E. Stevenson of Illinois in Tuesday's voting and rapidly gained momentum as tabulations rolled in during the night, winning by a landslide vote for the Republicans. It was another decisive victory for the General and an embarrassing defeat for Governor Stevenson as the General won the Illinois vote by a very heavy majority. Stevenson conceded the election to the General shortly after midnight and wired Eisenhower his congratulations to that effect.

The General took a lot of people by surprise in his run-away victory over Stevenson. Ike took the votes from a lot of states that the Democrats were counting on in their victory. Illinois and Missouri both went out for Ike along with other states that surprised a lot of people, like Oklahoma, Pennsylvania and New York.

Eisenhower swan in grand style and Governor Stevenson took defeat in the same manner.

The Hereford area, along with the High Plains area, voted heavily for Eisenhower. In Hereford's Precinct 1, 2 and 3 boxes a total of 2168 votes were cast with the General leading Stevenson with a 1548 to 598 count or more than 2 to 1 margin . . . and this was the case in most of the other boxes reported in Deaf Smith County.

152 absentee ballot were received here with 120 of them for General Ike and 29 for Stevenson.

Total votes cast in the county was 3484 with Eisenhower receiving 2482 of the total and Stevenson receiving 974.

Eisenhower's victory put an end to the 20-year era of Democratic political reign. His splitting of the Southland vote brought him the victory in a convincing manner. He led in the Texas vote which was indicated strongly by straw polls held in newspapers throughout the state. The Shivers' element no doubt helped put the General over the top in this state. Political campaigning in Texas has been heavy.

LARGEST PRECINCT VOTE IN THE COUNTY was taken Tuesday at Precinct 2 box with a record balloting of 1380. Of this vote General Dwight D. Eisenhower led over Stevenson by a 995 to 376 count. Shown in the picture above are extreme left: Mrs. Worth Covington, Mrs. Charlie Jowell, Mrs. Walter Seed, Milton Gregory, Mr. and Mrs. W. R. Scheihagen and Mrs. R. G. Blue, seated on right. Others who were crowded into the room to vote are shown but unidentified. Staff Photo.

### SIGHTS, FACES SEEN

## Around Town

V. F. W. Auxiliary will sell poppies on Saturday, November 8 in commemoration of Armistice Day, November 11.

Anyone losing a picture of the 3rd platoon, Co. D of the 128th Ordinance Division can pick it up at The Brand office. This picture was found near Central School Tuesday and brought into The Brand office.

Bill Patton is all smiles this week, since his wife presented him with an 8 pound boy Tuesday morning. The new boy, Patton's third arrived at 10:17.

The Jumbo H. D. will hold a Thanksgiving dinner Thursday, November 20 for the benefit of heating and recreation for the community house.

Fire Tuesday night at the Dan-Dee cafe on the highway was believed to have been caused by a gas flame on a table. Damage was small. The alarm came at 3:35 a.m.

Talk around town is that there is already a shortage of rabbits seen running across the road when driving through the country. They say that the rabbits have all left Texas and crossed the Rio Grande into Mexico.

Wednesday morning Alex Thompson was sporting a "I Like Ike" button. Alex says that if you can't beat them, you might as well join up with them.

### Funeral Service Held Here For Billingsley Child

Funeral services for Delbert Wayne Billingsley, one day old, who died Nov. 1 at 9 p.m. at the N. W. Texas Hospital in Amarillo, was held Monday, Nov. 2 at 2:30 p.m. from the Assembly of God Church, Hereford, with the pastor, Walter E. Lane officiating. The child was born Oct. 31 at the Friona Hospital in Friona and was the infant son of Mr. and Mrs. Bill Billingsley. Interment was in the West Park Cemetery. Surviving besides the mother and father are two brothers and three sisters. Gilliland Funeral Home was in charge of the services.

## Lettuce Crop Passes 2600 Cars As Harvesting Ends

Shipments of the 1952 Deaf Smith County lettuce crop had passed the 2600 carload mark here by Tuesday noon with the harvest expected to continue for a few days with the weather permitting. Sheds this week were running full blast to take care of the prime of the crop before bad weather set in.

Santa Fe Railroad reported that by Tuesday noon they had shipped some 1312 carloads out of Hereford and that half of this year's crop was leaving Deaf Smith by rail, while the other half was leaving by truck. Last year, Santa Fe shipped some 600 carloads but harvest was cut short by an early freeze in October. If weather conditions remain good for an harvest, around 300 more carloads are expected to leave here by rail . . . or an increase of some 500 carloads or more moved last year for railroad shipments. This would jump the total figure for the 1952 crop well over the 3200 carload mark. Lettuce was bringing \$5 a crate here Tuesday, which is the best price of the season. First lettuce in this year brought only \$4 to \$4.50 a crate and dropped to \$3 in some cases to \$2.75 a crate. The lettuce coming in now is some of the best of this year's crop.

### P-TA Hears Summary Of School Situation At Meeting Monday Night

The P-TA meeting held at Shirley School Monday night was attended by 160 parents and teachers with Mrs. Elmer Patterson in charge of the program on education of family living. The audience in the "buzz session" was given an opportunity to discuss the advisability of developing study groups. They reported that it was agreed that study groups would be beneficial when planned to meet the needs of the parents interest. Following this discussion, Wayne Evans, as a member of the Hereford Citizens School Committee, gave a summary of the present school situation. He said he believed the present time is the best time to enter into a building program. Then another "buzz session" followed and the group discussed "what can I do to promote the passage of the Bond Election November 22". The summary of their reports was that each person should become informed on the school situation and should take a stand based on this investigation and should vote . . . also help get others to vote. Evans pointed out that there were a hundred more high school students enrolled this year than had been anticipated; therefore, developing a greater need for the building for 600 students, which is the size considered in the coming bond election. Evans also reported that the School Board has assured the people they will consider the new building methods and materials before entering into a building contract.

### Straw Vote At High School Favored Ike

390 students at Hereford High participated in a straw voting sponsored by the advanced civics class at the school Tuesday and in that voting the General had almost a 2 to 1 victory over Stevenson. All students did not participate in the voting. From the 390 votes cast, General Eisenhower received 246 and Governor Stevenson received 144.

Precinct 7 reported 88 votes, 69 for Eisenhower, 19 for Stevenson. Total in county, 3484 votes, 2482 Eisenhower, 974 for Stevenson.

### Chamber Of Commerce Merchants Committee Discusses Christmas Program, Closing Hours

The merchants committee of the Hereford Chamber of Commerce met at the Jim Hill Hotel Tuesday morning in discussion of the approaching Christmas season and closing hours for their stores during the holiday season.

Another meeting is to be held in the near future when representatives from each type of business in town will meet and decide upon closing hours for the different business houses. Christmas programs of different types, were discussed but none were decided upon definitely.

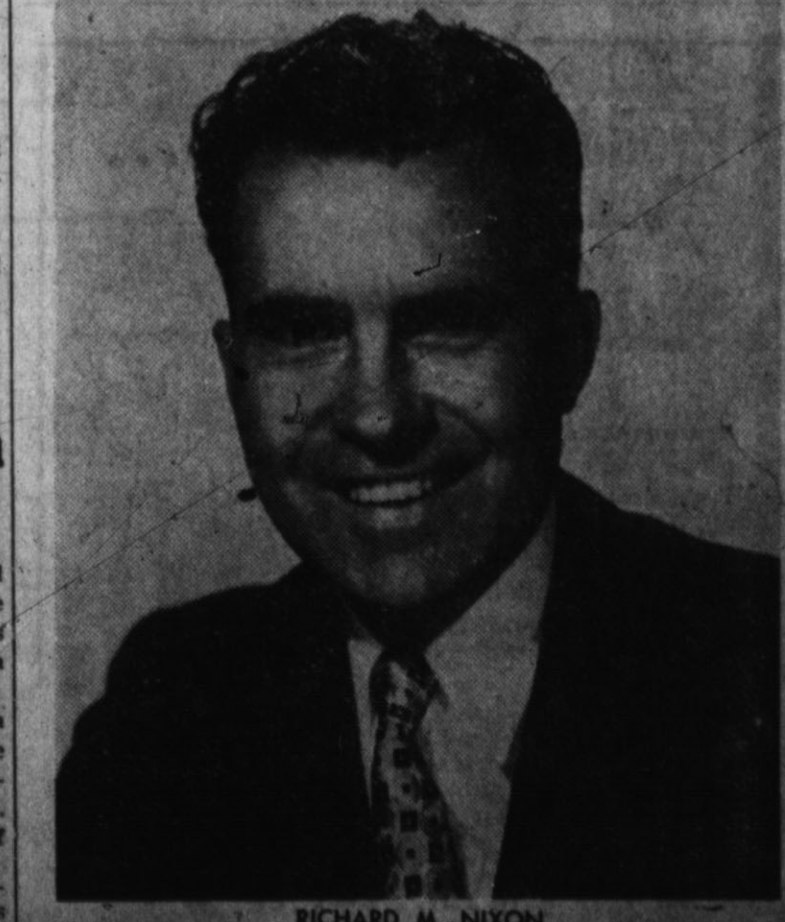

Mr. Newman of Miller and Miller Motor Freight Lines was present and heard some of the complaints presented by attending merchants as to freight delivery in Hereford. Mr. Newman told the group that Hereford should start receiving much better freight service since his lines have re-scheduled deliveries for Hereford.

### Maize Roundup Shows 130 Million Bushels In Now

Survey Wednesday of local grain elevators showed that some 130 million bushels of maize has been brought into town by area farmers thus far in the season. The maize crop this year is a little short of last year and the 1952 harvest is almost over, local grain elevator owners stated. The grain in the new crop is of excellent grade however. Storage space has been a problem and a couple of elevators have maize piled on the ground in two-story heights.

## Election.....

(Continued from page One)  
Voting here in Hereford was heavy... from the very time that the polls opened at 8 o'clock. People stood in line for the biggest part of the day waiting to cast their ballots. Two polling places were available at the County Court House, Precinct 1 and 2 boxes and Precinct 3 at the Central School building. Precinct 2 turned in the largest number of votes with 1380 ballots cast. In this count the General led by more than 2 to 1 margin... almost 3 to 1.

Republican control in Congress seemed doubtful with some races very close. In the House of Representatives the Republicans might get control but in the Senate the contests like Wednesday were still too close to determine if they would or not.

Q. How should eyeshadow be correctly used?

A. Like rouge, it must be applied almost imperceptibly to make you more beautiful. Apply it in a fan-like line just over the lashes, extending about one-eighth of an inch from lash line toward brow line. This gives the lashes a delightful sooty frame when they are lowered, and gives the eyes a color when they are raised.

Q. What is the correct way to brush my hair?

A. Start from nape of neck and brush upward with short vigorous strokes. It's even better for scalp (and complexion) if you drop forward, rag-doll fashion, while brushing, thus letting additional nourishing blood to flow to scalp and face. Continue brushing until the head has been completely encircled. Then pick up small sections of hair and brush from roots out to the ends with a strong pulling stroke.

Hamburger Pot Luck  
A McCall's Magazine Fall-Proof Recipe

1 cup cooked or canned lima beans 2 teaspoons salt  
1 can condensed tomato soup 1/2 teaspoon oregano  
1/2 cup vinegar 1/4 cup chopped onion  
1 1/2 tablespoons prepared mustard 3 tablespoons meat drippings  
2 teaspoons Worcestershire sauce 1 1/2 lb. ground beef chuck

Set oven at 350°F or moderate. Mix lima beans, tomato soup, vinegar, mustard, Worcestershire sauce, salt and oregano. (If you can't find this good Italian herb in your markets, substitute some sage or marjoram). Cook onion in meat drippings until it is light yellow. Remove onion from pan and brown beef in drippings. Combine meat, onion and sauce mixture. Pour into greased casserole and bake 45 minutes. This makes a nice dish for 6.

### Junior Livestock, Poultry Auction Sales Total \$166,052.17 For Club Members

Junior Livestock and poultry auction sales at the 1952 State Fair of Texas brought a total of \$166,052.17 for 781 4-H Club boys and girls and Future Farmers in 175 counties of Texas.

It was the biggest and most successful sale ever held at the fair. Livestock manager Ray W. Wilson said. The 1,120 head of steers, lambs and pigs put up for sale in the junior livestock auction sale by 620 boys and girls brought a total of \$154,220.32, exceeding by \$22,778.30 the amount paid for 879 head last year. This broke all state fair records both for the number of animals and the amount paid for them, Wilson said.

A total of \$9,629.35 was paid for 775 turkeys sold by 80 youngsters and \$2,192.50 was paid for 810 broilers sold by 81 kids, Wilson said.

There were 109 individual buyers in the junior livestock auction sale and 15 quantity buyers.

Nineteen purchasers participated in the junior market broiler sale and 64 in the junior market turkey auction sale.

Prices paid for all animals and poultry was substantially higher than current market prices Wilson said. The \$3 a pound paid to Ann White of Big Spring by Hotel Adolphus for her grand champion steer was one of the best prices ever brought by a junior steer at the fair. The 975-pound animal sold for \$2,925.

Record prices for a fair auction were paid by Lucas B&B Cafe for the grand champion lamb owned by Thomas Pace of Fredericksburg and by the Southland Life Insurance Company for the grand champion barrow sold by Kenny McEarchern of Plainview. The price paid by Swift & Co. to Raphael Brown of Cuero for the grand champion barrow in the Junior Negro Pig Show was a record in the nation, Wilson said. The 74-pound lamb went for \$5.30 a pound, a total of \$1,139.25. The 184-pound grand champion in the Negro show sold for \$4.25 a pound, a total of \$782.

Not including the grand champions, average prices per pound included: 120 prime steers, 46.3 cents; 110 choice steers, 39.2 cents; 24 cull steers, 33.1 cents; 229 lambs, 36.5 cents; 79 top pigs, 37.1 cents; 510 group lot pigs, 23 cents. Average for 810 broilers was 75 cents a pound and for 509 turkeys, 62 cents.

Prize money paid by the fair in the Junior Livestock Show was \$12,751.72, bringing the total of prize money and auction sale proceeds to \$178,803.89.

### SNOOPY IN THE BULL PEN

Hi, have you survived from Hallowe'en yet? There certainly a lot of mean things going on around town. There were twigs and limbs from trees in the middle of the streets. Barrels all over the place even some on top of the parking meters. But nothing was serious at least that I know of.

Oh, I guess you know all the kids in "dear ole' H. H. S." will be rooted out of house and home since the owner is selling the school. Or maybe you didn't read the cute sign that read "For Sale - by owner." HA.

Some poor unfortunate kids didn't march with the band at Portales Saturday since their Band suits got lost in the shipment. But some didn't mind it at all. The rest of the shipment has come in and there will be a complete band present at the Floydada game Friday night.

There were a number of Hereford people at Portales other than the Band. It was quite an enjoyable day. There were a number of good bands. Among a few of the bands present were: Hereford, Andrews, Jal. N. M., Portales High School, E. N. M. U., Grady, Ft. Sumner and Farwell.

Say have you noticed all the girls driving the boys around and paying the way to the show? Well naturally the past week has been TWIRP week. By the way, for some of the more bashful girls that are just putting off asking a boy for a date, TWIRP week ends Saturday night, so you better hurry and get in the act or it may be too late.

The date has been set for the Pep Club banquet. The date is December 5. All you boys that don't have a date yet, just wait and give the girls time. You'll have a date before it's over.

Here's a few of the kids last seen together. Bill B. and Sharon M.; Wanda K. and Kenneth C.; Coelia S. and Joel N.; Georgia L. and Jackie S.; Eugenia K. and E. W. S.; Janice C. and Douglas B.; Don Ray and Barbara R.; Billy Gene and Martha B.

There were several Hallowe'en parties observed last Friday. Don Ray Parsons and Rosay Young both had parties. There was also a M. Y. F. party at the Club House. A number of the H. H. S. kids were seen at the midnight preview.

It seems as though Ike had a number of friends in H. H. S. Since he won the school election

the Economics class sponsored. But I know a number of kids who were most certainly for Stevenson. Especially a number in the English 4 classes. Sorry all you Stuart Hamblen fans, especially those in hand, you'll have to wait four more years and maybe he'll be of age HA.

Have you been hearing the Chorus the third period? Well, it seems they are jumping the gun practicing X-mas music so soon. "The Night Before Christmas", at that. It sure sounds good, though.

What's this about Marilyn Lew-Floydada Friday night. We sure want to be there backing those Whitefaces.

The couple of the week is Rosay Young and Jackie Allman. (Be

careful next time Jackie, you may cut the whole hand off.) So long, Snoopy P. S. BEAT FLOYDADA ! ! !

## DDT Spray For Rugs Suggested By Entomologist

A simple spray treatment with a 5 per cent DDT solution will protect your rugs and carpets from damage by moths and carpet beetles.

Since wool rugs and carpets attract clothes moths and carpet beetles throughout the year, it is well to realize that these insects recognize no season in a well-heated home. J. C. Gaines, entomologist for the

Texas Agricultural Extension Service say experiments with the treatment at the United States Department of Agriculture laboratory at Savannah, Georgia, have proved successful. Results, the specialists says, show that the 5 per cent DDT solution spray will damage by moths and carpet beetles for more than a year.

To protect your rugs, the specialist says, apply a 5 per cent DDT oil spray uniformly over top and bottom surfaces, sufficient to moisten the fibers. You can buy a common household spray under a variety of trade names but check the label describing the ingredients for the 5 per cent DDT oil contents.

Mr. Gaines says a hand sprayer does a good job of applying the spray to the rugs and carpets. "Be sure to moisten them uniformly on the top and bottom. Get longer lasting effects of the 5 per cent DDT oil spray", he adds.

### SNOOPIN AROUND

By The Rambler

Well about all the shouting and the crying is over and after all a bald-headed man did win the election so a certain Court House figure can pick up the marbles on that score but I wonder if he don't want to trade that Adlai button he has been sporting in on something more substantial. Like an Ike button.

Boy, these kids, sure learn fast now days. Seems grandma was making pies as the little fellow starts to school one morning recently, and when he came home that evening she was still at it.

### Stop Taking Harsh Drugs for Constipation

End Chronic Dosage! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing. When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Money back if not satisfied. Half bottle to test 28¢, N.Y. 18, N.Y.

### DR. CALDWELL'S SENNA LAXATIVE

Contained in pleasant-tasting Syrup Pepsin

Making the batch for the next day, Gee, grandma, he said, are you still making pies? Yes, she replied. Well, why didn't you tell me, I could have told the teacher I had to go to a funeral, and I could have stayed home and helped you.

No, definitely not, Salt Lake City is not the place where morons settled.

Looks like the like I will have to promote some kind of a drive, campaign or project. A certain minister in town simply don't show up as formerly. Maybe I should check where he is spending his time.

Maybe some have heard about the Hereford doctor that went duck hunting recently, came back, ate some duck and took deathly sick. S'matter Doc.

Then there is also another sportsman who went rushing duck hunting last Sunday afternoon, but I notice he hasn't even cracked about it. Anyway it was a nice day.

Probably by the first of the year we'll all have forgotten the many promises the candidate made during the campaign, then he'll take office and forget them also.

No use worrying about it now. Alexander Graham nearly went crazy inventing the bell as you remember, so plug along with Ike and maybe we will all go.

Believe me, a wife with horse sense never becomes a nag. I'll be seeing you.

Nellie Baskin Odle of Oklahoma City, accompanied by her grandchildren, Albert Lake and wife of Albuquerque, spent some time recently in Hereford. These people are related to L. Baskin, Mrs. Odle being his sister. Mr. Baskin accompanied them to Oklahoma City for a stay of a few days.

Suede Jacket

Try cleaning the suede jacket by rubbing thoroughly with a mixture of equal parts of fuller's earth and alum. Then brush the jacket off. This often proves very effective.

#### Several Names, Only One Pay Check For Soldier

FORT HOOD — At Fort Devens, Mass., last year Nickolas Guadalupe Gonzales entered the U. S. Army.

Somehow his name was entered as Nickolas Gonzales Frebes. The new soldier protested to no avail. Finally he revamped his signature. "I couldn't collect my pay unless I signed my new name," he recalls.

But the brass was investigating. They sent off a request for his birth certificate. It came back with this name: Nickolas Guadalupe. That's all -- as if Guadalupe were his last name.

With three versions of his name chasing each other through channels, it was inevitable that variations should crop up on the record. They include Nickolas Ferb-Gonzales.

"All my brothers are Gonzales, my father's name was Gonzales, my social security card and draft board list me as Gonzales, and all I want to do is be a Gonzales, too," explains the Puerto Rican private first class.

And with all those names, he still gets just one pay check.

#### District Committee Of Boy Scouts Meets At Jim Hill Tuesday

Deaf Smith District committee of the Boy Scouts of America met at the Jim Hill Tuesday noon with Wayne Edwards, vice-chairman, presiding.

It was decided to have a training meeting for Boy Scout Leaders December 12 at a place to be announced later.

The organization committee reported that membership in the district was 248 boys (Cubs, Boy Scouts, and Explorers).

J. C. Reese reported that 48 boys participated in the get-out-and-vote campaign and will receive a token for the part they played in the program.

The district committee voted to send flowers to Mayor W. E. Dameron. Institutional committees made reports on units. Coy Patton gave the report on the Hallow'e'n party held at the Jim Hill last week.

Frank Spring and H. K. Kendrick are organizing a new troop at Friona, sponsored by the Lions Club.

A conservation camp at Camp Don Herrington will be held November 28-29 for Explorer Scouts

and Junior Leaders. Plans are being made for the National Scout Jamboree, July 17-23, 1953 near Santa Anna California and some 50,000 scouts are expected to attend.

### John C. Fulfer Jr. Now Serving In Korean Waters On USSA Chara

By Mrs. C. J. Mapes  
John C. Fulfer Jr., 3rd class Petty Officer aboard ship in Korean waters on USSA Chara. Fulfer is the son of Mr. and Mrs. John C. Fulfer Sr. and has served in the Korean theater since his completion at the School of Mines in El Paso, as sheet metal smith, in 1951. He received his boat training at San Diego. Mr. and Mrs. Frank C. Woodburn, Colton, Calif., have returned to their home after disposing of their real estate holdings here. Mrs. Woodburn's mother, Mrs. Fannie Burnam, returned with them to make her home. Relatives visiting in the Mayor and Mrs. E. B. Wright's home recently were: Mrs. Tom May and daughter, Mrs. Ballard, and Mr. and Mrs. Downing, all of Brownfield.

Mrs. Downing is a sister of Mrs. Wright, Mrs. May a sister-in-law, and Mrs. Ballard a niece.

According to Mrs. Jim Elder, Worthy Matron of the Order of Eastern Star, chapter 819, Dimmitt, the programs of the 5 day "Good Shepherd" sessions held in Amarillo, was a decided success.

Dimmitt was well represented for each day and night program. The highlight plan outlining the four-point welfare program, and raising additional funds, was the "Voice of the People" for the high cause of "Texas victims of Polio."

## WHITEFACES OPEN CONFERENCE PLAY AT FLOYDADA

Hereford's Whitefaces will be the slight underdogs when they take on the Floydada eleven at Floydada Friday night. Both teams have had a two week's rest up and a good chance to get in shape for this important game.

There isn't much of a comparison to the two teams since neither have played the same teams. Floydada hasn't played the tough teams that the Whitefaces have been up against this season, so pre-game dope may be all wrong in spotting the Floydada club as favorites to win. Should the Herd manage to take this game Friday night they would certainly be favorites to beat the other two teams remaining in the conference for the title.

Canyon dropped one Friday night to Dumas by the lop-sided score of 53-0 and the Herd should be a favorite when they play Canyon November 14 here, since the Dumas club only beat Hereford by a score of 38-7.

It's about a 90 mile trip or so to Floydada but the local following to the game will more than likely be pretty good. The band and pep club will make the trip and will certainly add moral support for the game. It ought to be a good game and a close one and the Whitefaces might win it.

## DUCK SEASON OPEN

Duck season got underway last Friday but as yet we haven't been able to spot much of a place to hunt . . . or many birds to shoot.

## FOIBLES

## Fancy and Plain

Hereford at Floydada — Looks to me like our chance for a successful 1952 conference season frontfaces us Friday next in Floydada.

Texas Tech over North Texas — The solution is simple, mere win this next outing.

Hardin-Simmons at Texas Western — We just as well harness all our horses and settle into the collar, cause it can be did.

TCU over Wake Forest — Floydada has an immaculate season's record but a blotch on it won't hurt we uns any.

Trinity over Sul Ross — The opposition they have thundered over, is in no guise, as tough as the clubs we have encountered.

SMU over Texas Aggies — Our girl tad may disown me on that one.

Arkansas over Rice — On account of the terrain, the pressure and the opposition.

Texas over Baylor — Back to

the local option, and it is our option, we can win it. They can just field 11 players simultaneous, and we are allowed a like count.

West Texas over Midwestern — Our experiences from the preponderant loser's angle may aid us in locating their blind spot, which is omnipresent in all ballclubs, especial highschooler's.

Mississippi over Houston — Do you recall the cold, snowy night whereupon we encountered them last year. Their behavior didn't make us glow, either.

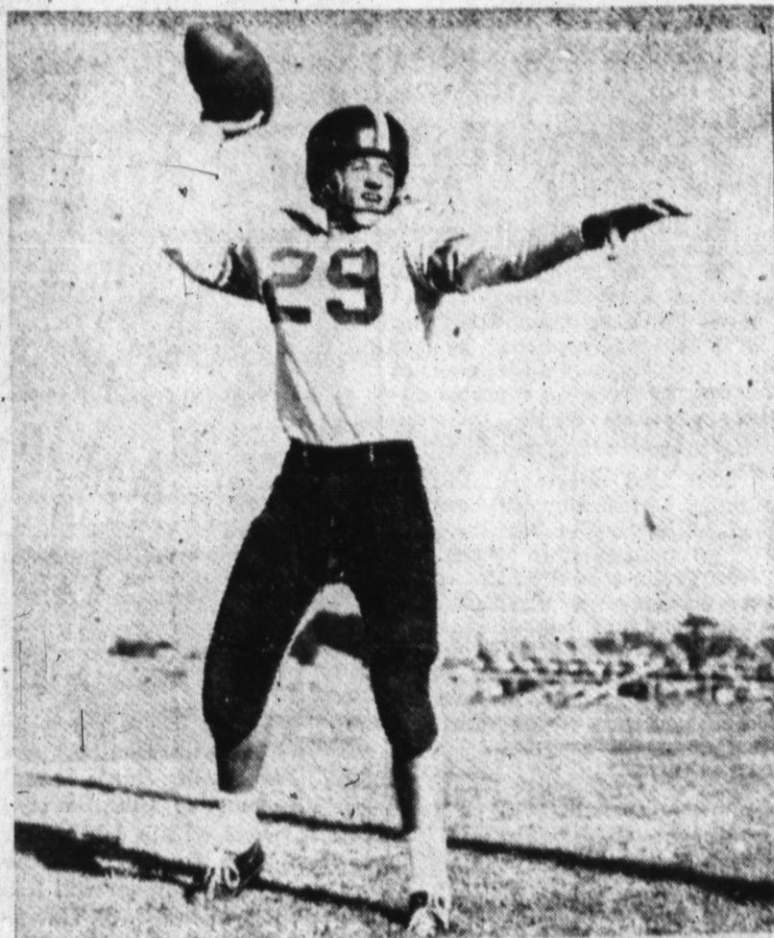

Oklahoma over Notre Dame — In spite of South Bend, November and the aforesaid pressure, Them Okies is bowlbound, particular if n they emerge by a out-size margin.

USC over Stanford — However after all, there's mere letter arrangement between the words upset and setup.

Tulsa over Villanova — On account of the terrain, the pressure and the opposition.

### Ivan Kalmikoff Dumped By James In Main Event At Barn Saturday

Ivan Kalmikoff, the rough-neck from Rostov, Russia, had his ears pinned back by Jesse James of Houston, Texas in a best two-out-of-three falls main event at the Bull Barn Saturday night before a nice crowd.

James dumped the Russian in the first fall in 25 minutes, only to have the Russian come back taking the second. James pounced on Ivan as he was leaving the ring after the second fall and drug him back into the squared circle to finish up the fight in short order, pinning the bearded Kalmikoff after a series of drop kicks.

Bill Weidner of Amarillo took a one fall, 20 minute time limit curtain raiser from Alex Peres in 17 minutes, using a full nelson

to get the decision. George Overalls and Jack O'Reilly's semi-final event of two out of three falls with a 45 minute time limit came to a draw as time ran out during the second rest period with each having won one fall each.

O'Reilly won the first fall over Overallis with a log jack knife and reverse face lock in 23 minutes. Overallis came back in the second, taking it in 21 minutes with a flying full nelson. Referee Alex Peres called the fight a draw as time ran out in the second rest period.

Special attraction in the first bout of the evening was Guy Lawrence who subbed in and refereed the match.

Hereford's Whitefaces go to Floydada Friday night for one of their most important games of the 1952 season . . . their first conference game with probably the toughest team in the conference. The Whitefaces will leave here by bus about 1:30 Friday

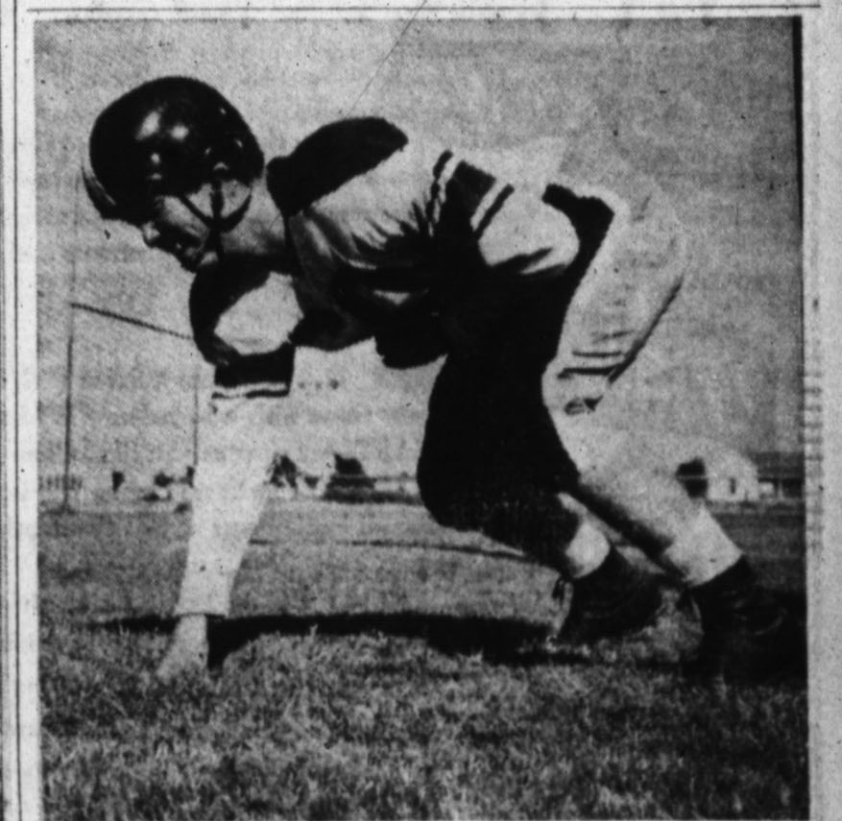

afternoon for the some 90 mile trip to Floydada. The local club is expected to have a good following to the game.

Hereford enjoyed a rest over the past week-end and spent all last week and will spend a good part of this one in preparation for this important game with Floydada. Floydada also had an open date before this game so both clubs should be in good physical condition for a top-notch game.

The only other conference team to play this past week was Canyon and the Dumas team dumped them 53-0. The Dumas club was favored to win by a big score, however.

Coach Russell reports that his team is in good condition for the game and that all the boys will be suited out for the game, provided they meet with no injuries during this week's practice. Marshall Wilson, along with two other members of the club, will be in the game with a special plastic face protector to cover up a broken nose. Wilson has been one of the chief ground gainers for the local club during the last few games and will see a lot of action Friday night at Floydada.

Coach Russell reports that the Floydada club has a good ball team and will be the big one in the conference circuit.

TUNNY WILSON, Whiteface tackle is another sophomore with Coach Russell's eleven. Tunny weighs 172 pounds, wears 65 jersey and is an up and coming Whiteface player. Photo by W. H. Patton.

## Like your travel with a JOYOUS THRILL?

WE have news for a lot of folks who want more fun from driving than they get from their present cars. There's a trim bundle of eager high-powered energy that's just the ticket for you—a spirited automobile that can give you thrill after joyous thrill, for mile after fleeting mile. Why not come in and try the Buick we have in mind? The excitement starts with your first look at it, your first sitting in it, your first fingering of its slender wheel. But wait till Dynaflo Drive\* begins working its magic — and its

constant and complete smoothness fills you with never-ending wonder. Wait till you feel the bubbling exuberance of taking your first hill with a high-compression Fireball 8 Engine doing the honors. That's when you get a man-sized sampling of the tremendously able and instantly responsive power you command here. Wait till you feel the serene satisfaction of skimming over rough roads, cobbles or ridged crossings. That's when you know, better than words can tell, what a million dollars' worth of ride engineering can do in the way of magnificent comfort.

Wait till you jockey into a real tight parking space and note the fun and ease that Power Steering\*\* brings to a once-tough job. But—why wait? There's a Buick that can do all this —and more, far more—all ready for you to try it. And listen: If you can afford a new car, you can afford a Buick. How about coming in this week for a real sampling of this joyous travel? Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series. \*\*Optional at extra cost on Roadmaster and Super only.

### Red Raiders To Try North Texas State Eagles At Denton Saturday

LUBBOCK, November 3 — Still seeking their second win of the season, Texas Tech's Red Raiders meet North Texas State in the Eagle's Homecoming at Denton, Saturday afternoon.

Tech's losing streak was extended to five games Saturday as the University of Houston Cougars spoiled the Raider's Homecoming 20-7. At the same time North Texas State was running over Trinity University 34-7.

North Texas has a 4-3 record, wins being over Texas Western, North Dakota, Memphis State, and Trinity, and losses being to Dayton, Mississippi State, and Hardin-Simmons.

Texas Western, which fell to the Eagles 27-14, later downed Tech 20-14. Such a comparison gives North Texas a 19 point edge. Hardin-Simmons defeated NTSU by a 28-13 count, and the Raiders must face the cowboys at a Hardin-Simmons Homecoming in Abilene Nov. 15.

Tech doesn't play at home again until Nov. 29, when the University of Tulsa invades Jones stadium. The Raiders play the University of Arizona in Tucson,

Nov. 22. Houston's rock-ribbed defense, eighth best in the nation, was too much for the Raiders who also presented a defense that ordinarily would have been sufficient. Six pass interceptions by the alert Cougars and three losses of the ball by Tech on fumbles undid the efforts of the Tech defensive platoon.

Tech held most of the first quarter, but Bobby Clatterback hit fleet Sammy McWhirter on a 40-yard pass play to loosen the gates. Trailing 14-0 in the third, Tech scored on a wild play. A Houston defense man, after intercepting a Raider pass, lateraled into the arms of end Dean White of Lubbock, who ran 18 yards to score.

#### Invisible Ink

To make an invisible ink use one teaspoon of white sugar dissolved in 1/2 cup of boiling water, or use sweet milk. Write with this in the ordinary manner. Holding to the fire will turn the ink brown so that it may be read, the heat affecting the saccharine matter.

### Letter To The Editor

To Editor and Staff:  
A presidential campaign year is hard on a lot of people and probably nobody gets as much pressure from both sides as the newspapers.  
We want to thank you now for the grand job you've done all during the campaign. Your accurate reporting and editorial fairness in presenting profiles of each candidate has stirred up more interest in good, clean government than any other election year in Texas history.  
Thanks for using our press releases, our pictures, and our cartoons, and for every thing you've done to help our cause and our candidates.  
Sincerely,  
Ben Guill

**Texas Tuberculosis Association Directors Initiate Study Of Patient Care In State**

Texas Tuberculosis Association directors have initiated a new study of patient care in state-operated TB hospitals and commended efforts of Texas officials to find suitable temporary facilities for the 900 tuberculosis patients facing evacuation from Weaver H. Baker sanatorium.

Last year the sanatorium committee of the association conducted an extensive survey of treatment facilities and methods in the three state tuberculosis institutions and many of their recommendations were incorporated by the Board for Texas State Hospitals and Special Schools in its widely discussed 14-point program for improving patient care.

The committee members were directed today to arrange with hospital officials new visits to the sanatoriums to view at first hand progress of the improvement program. Dr. David McCullough of Kerrville, TTA president, said, "Members of the committee are Dr. Daniel E. Jenkins of Houston, chairman; Dr. Henry R. Hoskins, San Antonio; Dr. John W. Middleton, Galveston; Mrs. Vernon B. Hill, Mission, and Mrs. Sam Grayson Jr., San Angelo.

The association which has endorsed the 14-point plan and enlisted aid of its 9 affiliated local TB associations in supporting it, feels obligated to report to these community associations and the public which supports them through its purchase of Christmas Seals actual achievements under the program," Dr. McCullough said.

Numbered among TTA directors representing the 99 county organizations are top-ranking and lay experts on tuberculosis control, he commented.

"The information obtained by such ground-level exploration will aid the associations in re-evaluating present needs and determining future relationships with the hospital board," the TTA resolution set forth.

On the patient crisis precipitated by the reactivation of Moore Field at Mission as an air force base, thus requiring evacuation of Weaver Baker hospital there by July, 1953, the association voiced its "deep concern" but took the

**Seasonal Food Savings Listed**

Are you stocking the family freezer with home-grown products to cut down on the grocery bill? A small garden is a big help. But there is another method you can use. The housewife can save on foods purchased and stored at the time of year they are most plentiful and selling at the lowest price. Buying at the wrong time sends much of your savings down the drain.

Seasonal commodities, such as early-maturing fruits and some vegetables, usually aren't any bargain when they first appear on the grocery shelves. But a short wait to buy will result in an abundant supply at an economical price for storage.

There are 18 plentiful foods the housewife can take advantage of in November. Some of them can be bought in quantity to put in the freezer or on the pantry shelf for future use.

These products are: honey, carrots, filberts, table grapes, domestic dried figs, dry baby lima beans, pork, lard walnuts, almonds, frozen fish, canned tuna, salad oils, buttermilk, table fats, cottage cheese vegetable shortening, nonfat dry milk solids.

Weather conditions and other factors effect the supply and price of course.

**Top O' Texas Scholarship Is Established**

Frank M. Carter, well-known Hereford Breeder and civic leader of Pampa, Texas, has announced the establishment of a Top of Texas Agriculture Scholarship to be awarded annually to an outstanding Future Farmer of Area I, who is a senior in high school and who has participated in the Top of Texas FFA Livestock Judging Contest. The Scholarship award will be \$300 to be used by the boy selected to further his education in the field of Agriculture at either: Texas Technological College, Lubbock; or Texas A & M College, College Station.

This contest is held in Pampa in connection with the Top of Texas Hereford Breeder's Show and Sale and the Junior Livestock Show and Sale, which is scheduled for February 16 and 17, 1953. The announcement of the scholarship winner will be made Monday, February 16, at a banquet honoring the FFA Livestock Jud-

ging teams.

Mr. Carter, who has served as president of the Top of Texas Hereford Breeder's Ass'n., has been sponsor and furnished the awards for the Top of Texas Livestock Judging Contest since 1945, when this contest was first established. This is another example of Mr. Carter's continuing interest in the welfare of young men in the Texas Panhandle.

Each FFA Chapter in Area I will be entitled to submit one application to be selected by local school officials. A committee of three, selected by the management of the Top of Texas Livestock Judging Contest, will make the final selection.

Copies of rules and application blanks are being forwarded to each of the 87 chapters in Area I, comprising 38 Texas Panhandle Counties.

### 200 High Grade Pigs To Leave Lubbock By Plane On CROP Program

Two hundred pigs, bred and raised on West Texas farms, will be loaded aboard a huge transport plane at Lubbock Municipal Airport Nov. 17 and then flown to Central America in the first "Pig Lift" from the South Plains. Agricultural and civic leaders from 10 South Plains counties are working with representatives of the Texas Interfaith Committee and the Christian Rural Overseas Program (CROP) to provide the small farmers of Costa Rica and El Salvador with high grade pigs which will improve the farms of the two Central American nations. The "Pig Lift" is aimed at bettering the understanding between the farmers of the United States and the two countries to the south. As Martin Strate, representative of one of the Interfaith organizations, said here recently, "The program endeavors to help the little guy in his struggle for a better life. That will do much toward changing his thinking in favor of the Christian and democratic ideas we in the United States have to offer."

The pigs are being gathered from Hale, Crosby, Terry, Lynn, Cochran, Lamb, Hockley Bailey and Lubbock counties and taken to the Texas Tech farm where they will be graded inspected and inoculated on Nov. 6, 7, and 8. The animals will remain at the farm until time to load the plane Nov. 17.

A special program for the public will be presented at Lubbock Municipal Airport before the first pigs are loaded into the transport plane. Among the distinguished guests to take part will be representatives of the government of El Salvador.

Each of the pigs to be shipped will weigh between 45 and 60 pounds. Only high grade animals will be sent. A tag bearing the name of the person or organization giving the pig or the money necessary to purchase the animal, will accompany the pig.

County agents, vocational agriculture teachers, Farm Bureau representatives, civic club members and church leaders in all of the counties have been assisting in the drive to obtain the animals.

Hardy Benson Jr., came up from Dallas Friday to visit his parents Mr. and Mrs. Hardy Benson. He and Robert Elliston went to Lubbock Saturday to attend the Houston-Tech game. Hardy returned to Dallas Sunday. Robert returned to El Paso Sunday after spending a couple of days with his parents.

72 of each 100,000 Texans died of tuberculosis in 1933. In 1951 the death rate had been reduced to 24.8 per 100,000.

### WHAT A CAST OF HEAVIES!

### Recent 'Cold Snaps' Forerunners Of More Severe Weather To Come

The recent "cold-snaps" are the forerunners of more severe weather to come. It is just good management, says W. S. Allen, agricultural engineer for the Texas Agricultural Extension Service, to do now the maintenance and repair jobs around the farm and farmstead that will make for more comfort and safer living this winter.

Check the floor furnace burners, controls and plumbing before lighting it, says Allen, to make sure there is no escaping gas, to cause an explosion. Do the same for gas heaters and vent them if possible. Vents will eliminate the problem of moisture condensing on the walls and furniture. Check the fireplace and chimney for loose mortar or cracks and if repairs are needed, make them before the first fire is started.

Insulation will make the house warmer this winter, cooler next summer and will cut down the winter heating bill, says Allen. The gutters and drain spouts should be checked to make sure that leaves, trash and dirt are not blocking them. If they are clogged, damages can result from water spilling over or from seepage on both the inside and outside of the house. If the roof of the home or other farm buildings needs repairing, the job should be done now. Allen points out that nails in metal roofs will become loose in hot weather and may even come out and he suggests a careful check be made on this item. A coat of asphalt roofing cement will usually take care of the leaks in the roof that have resulted from cracks or small holes.

### Tank Care Is Urged For Now

The Assistant Chief Aquatic Biologist of the Game and Fish Commission suggested that Texans utilize the drought to improve tanks, ponds or lakes that have dried up.

He said that the tanks and ponds could be deepened and enlarged and silt removed from the bottom since, contrary to popular belief, silt is harmful rather than beneficial to water bodies.

The Assistant Chief also pointed out that the enlargement will increase the surface and thus benefit fish life since most fish foags are produced in the upper one foot of water.

Future food facilities also may be improved he said, by planting legumes in the dried-up bottom area. Farmers and ranchers also were advised to capitalize on the opportunity by planning to restock their tanks and ponds with de-down the rough fish which prey on the game fish.

The Game and Fish Commission cooperates with persons with tank or pond or small lakes since they provide increased facilities for the fishing public and since private waters oftentimes supply such as brood bass for state hatcheries.

The Assistant Chief reminded persons who have ordered fish from state hatcheries to notify the nearest hatchery if their tanks or ponds have dried up or are about to. Such persons, he said, will be given priority when wet weather returns and deliveries are resumed.

Q. How can I wash leather gloves?  
A. Use a soft brush and soap suds, with cool water. Rinse in clear water. Pull the fingers into shape and blow open the fingers and glove. If no glove form is used, stuff with tissue paper and hang up to dry in room temperature. When half dry, put the gloves on the hands to shape.

Q. How can I rid my self of face pimples?  
A. Be sure to keep the skin scrupulously clean, and by leaving thick coats of soap suds on until they dry, then rinse off. Calamine lotion is very good for drying up pimples. Drink lots of water, avoid sweets, eat fresh foods, and add extra doses of fresh air and exercise.

A coat of asphalt roofing cement will usually take care of the leaks in the roof that have resulted from cracks or small holes.

Drainage hasn't treated much of a problem in most sections of the state for many months, but the specialist says he sure that water drains away from, instead of under farm buildings. Freezing can cause the foundations to heave or crack and this means a big repair job later.

Plows and other implements that will not be used until spring should be given a good cleaning and a coat of rust preventive, says Allen. Machinery, if it must be left standing out during the winter, should be winterproofed. Tractors and other motors should be given special care. Drain the radiators, remove the batteries and place covers over exhaust pipes and other openings that can catch moisture.

### Jana Sue Brumley Hallow'een Dinner

A costume-dinner party on Hallow'een honored Jana Sue Brumley Friday night when her mother, Mrs. Roger Brumley, entertained at their home. A guessing contest naming guests gave diversion before the dinner and later games were played.

The table was decorated in traditional Hallow'een suggestions with jack o'lanterns, black cats and goblins predominating. Children attending were: Lu Ann Higgins, Linda Sue Witherspoon, Sallie Whiteside, Carolyn Brumley, Lynn Crowe, Nina Mae Gragg, Mary Lou Coker, Carol Don Martin, Virginia Patton, Patsy McGuire, James Holmes, Cheri Baker, Johnny Whiteside, Wanda Gragg, Marjorie Sue Brumley, Lildon Womble, Barbara Tiefert, Sandra Brumley and the honoree.

### Wakita Group Hallow'een Party

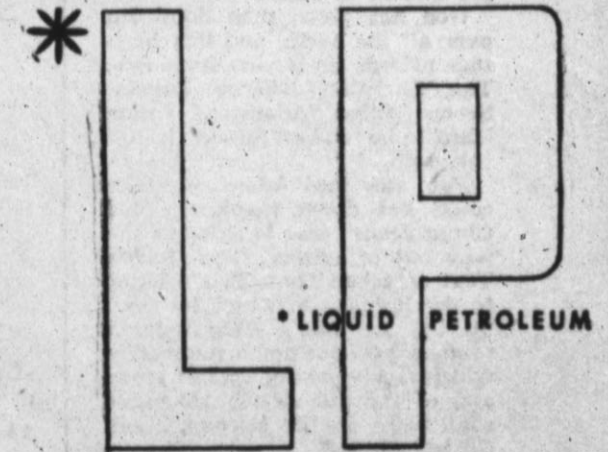

Wakita Camp Fire Girls enjoyed a Hallow'een scavenger hunt Tuesday night. They met at the Camp Fire Hut and divided into four groups with mothers of the girls serving as chaffeurs. They included Mesdames J. E. Kirby, Glenn Witherspoon, Gaylord Newell and J. W. Witherspoon.

Prizes were won by Virginia Witherspoon, Donna Witherspoon, Dee Buck, Mary Lynn Morrison, and Linda Hair. Refreshments were served after the scavenger hunt to; Eugenia Alexander, Jane Bookout, Jo Ann Cuppell, Linda Hair, Melba Gay Lawrence, Mary Lynn Morrison, Carol Ann Newell, Linda Kay Noland, Betty Paetzold, Dolly Paetzold, Nona Marie Strange, Donna Witherspoon, Dolly Prowell, Ann Caraway, Suzanne Renfro, Leoda King, Karolyn Kirby, Sharon Arrington, Dee Buck, and sponsors, Mrs. F. L. Alexander and Mrs. H. B. Caraway.

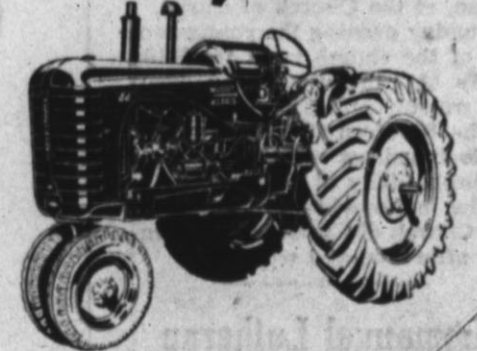

Q. How can I restore raveled yarn?  
A. Raveled yarn can be revived and made to look like new by wrapping it in a towel and placing it for a short time in a colander, or steamer over a vessel of hot water. The steam makes it fluffy again, and the yarn is in the same condition as when new.

### Good Fences Are Essential In Livestock Production According To A & M Specialist

Good fences properly located are a must on the stock farm or ranch. Maximum returns from grazing crop residues such as stalk fields, stubble or drouth stunted crops, cannot be obtained unless the fields are fenced. C. H. Bates, farm management specialist for the Texas Agricultural Extension Service, also points out that efficient use of pastures and supplementary grazing crops often depend upon the fencing arrangements.

Good management of grazing herds is made easier; time and labor are saved in transferring the stock and greater safety is provided for the attendants when properly located and strong fences are used.

Bates offers these suggestions to those who may be planning new fences for the farm. The outside or boundary fences, he says, should be placed on lines established by a licensed surveyor. This practice will eliminate disputes between property owners over the location of property lines. These fences should be strong and well-kept for they add to the attractiveness of the farm as well as to its actual value.

The cost of constructing new fences, says Bates, is classified by the Bureau of Internal Revenue as a capital investment and may be depreciated for tax purposes. Repairs made on established fences may be treated as farm operating expenses in tax reporting. Cross-fences, says the specialist, may be of lighter construction and in many cases, the electric fence may prove most practical for this purpose. The electric fence is easy to construct and has proved effective for holding most types of livestock.

The division fences should be planned to permit maximum use of the central lanes for easy moving and transfer of livestock. It is important to layout the field plots or divisions on the farm with as long rows as is possible to eliminate turning with the tractor when plowing and seeding.

Another important item in fence building is posts and the advantage of using treated or steel posts or those made from long lasting wood should not be overlooked, says Bates. Compared to 1940 prices, wire and posts are now, relatively expensive, but labor usually accounts for about half of the total fencing costs. If posts are used which will last for 20 or more years, labor costs will amount to only a third as much as when posts are used that must be replaced in six or seven years.

Good fences, concludes Bates, are profit makers when used to get the maximum returns from the areas devoted to pasture and forage production. If livestock production is to be expanded into a major farm enterprise, good planning of fence arrangements and well-built properly maintained fences are a must.

### REAL ESTATE BOARD REPORT

Rumor has it that Harry and Mrs. Caylor just bought Judge Rolloson's house up by the High School. The Caylor's have been living out northeast of town on an acreage and we just imagine Harry got a little tired of feeding those horses every day . . . that right . . . Harry?

Driving around in our neighboring towns we notice that W. A. Pulliam is building a new brick home up at Vega. They have lots of nice paved streets up there to build on. We also note that Friona has made some great strides in changing the appearance of their town with all the paved streets and new homes going up. The Brand has run pictures of several of these new homes in their "Hi Neighbor" series.

Marcus Latham has just finished remodeling his home up at 232 Star Street. Made it just about twice as big as it was. Have you ever noticed how many of the west front homes on Star Street have their living rooms on the back side of the house? Sure makes a nice arrangement.

John Key just sold his beautiful quarter section 9 1/2 miles north of town to P. T. Hamilton. Mr. Hamilton probably knew it when he bought the farm but he has one of the choice quarters in our area. George Hunt was the renter there this year and we understand he hit the jackpot on his late lettuce.

Leonard Clark just bought a nice quarter section 7 1/2 miles south of Black from a Mr. Southward who works for a gas company around Dumas. I should imagine Leonard will be putting down an irrigation well pretty quick.

We notice in the Real Estate Ad section of The Brand that the Friona Real Estate Agents are using The Brand every week to advertise their listings. Just 3 years ago Mr. Crum was the only active agent in Friona and now there are several. C. L. Lillard and his father-in-law, Mr. Scott, have a nice office there. Roy Smith has built a new office on the Highway and Joe B. Douglas has a neat office right across the street from Roy. We would like to point out to these fellow agents that The Brand classified ads really bring results.

Edwin Skypala just bought a new home in town. Edwin bought his home from J. D. Poarch and it is up on K street. The Skypalas have been living out west of Hereford for the past several years.

### Make This Hunting Season A Safe One, Wildlife Specialist States

Most hunting accidents could be prevented if hunters would observe the simple rules of safety with firearms. "Trigger happy" and careless hunters, says R. E. Callender, wildlife conservation specialist for the Texas Agricultural Extension Service, not only endanger the lives of every other hunter in the woods but also cause much damage to wildlife.

Practicing safety with guns in the fields or woods then, says the specialist, is just a good conservation practice and applies to both humans and wildlife. It is also very important at this time that hunters be especially careful with fire. A wildfire can easily wipe out not only the wildlife of an area but destroy vegetation that is so badly needed at this time for livestock, says Callender.

He says records kept of hunting accidents shows that two-thirds of them are caused by humans in the line of fire; mistaking humans for game and hunting with the safety catch off the rifle.

He points out that good sportsmanship is just using good manners while on the hunt. It includes using the right gun for the right game, hunting only in season and not taking more game than can be used even though the limit may permit a larger take. Bird hunters, he says, should use a trained dog to retrieve crippled birds. The rights of others are always respected and permission

is always secured before going onto another's property.

Here are Callender's suggestions for making the hunt a safe one. Treat every gun as if it were loaded; never carry a loaded gun in the automobile; carry the gun so that the hunter always has control of the muzzle, even if he should stumble; never pull the trigger until sure of the target and never point a gun at anything you do not intend to shoot.

Loaded guns, says Callender, should never be left unattended and hunters should always unload guns before climbing over a fence or into a tree. And he adds, bullets fired at flat, hard surfaces, or at objects on the surface of water may ricochet and hit objects not thought to be in the line of fire. Last but not least, he says gunpowder and alcohol should never be mixed for the results can be disastrous.

And finally, believes Callender, the intelligent hunter is always thinking about how he can aid in conserving and even building up the wildlife resources of his favorite hunting area. By being careful, preventing accidents and fires and by always being the good sportsman, wildlife resources can be conserved and improved and relations between the landowners and hunter can be given a big boost in the right direction, says Callender.

**Woolen Materials**  
Woolen materials should be pressed on the wrong side. Use a damp cloth between the iron and material. The iron should be moderately hot and should be applied until the cloth is dry.

**Candle Grease**  
To remove candle grease from black suede shoes, take a piece of brown paper and cover the grease with this. Then hold a warm iron over the paper. The spot will soon be absorbed.

DAWN NEWS

Dawn Community Busy Past Week Entertaining Out-Of-Town Guests

Mr. and Mrs. Carl Wimberley and family visited for several days last week with relatives at Sweetwater.

Mr. and Mrs. P. J. Boyd of LeFors were guests Thursday in the home of Mr. and Mrs. J. W. Dart. The Rev. and Mrs. Paul McClung and Kenneth returned Wednesday from a ten day trip to Ft. Worth and other Texas towns.

Mrs. William Wimberley substituted as teacher of the third and fourth grades for Mrs. L. L. Chisum last Wednesday and Thursday. The community wishes to extend sympathy to Mrs. Chisum upon the death of her brother-in-law at Plainview last Tuesday.

Carroll Miller of Fort Bliss spent the week-end at home. The carnival at the Dawn school on Halloween night proved successful and profitable. The proceeds go toward the physical needs of the school.

Mrs. George S. Parker entertained with a demonstration party last Tuesday afternoon, with Mrs. Tom Parker as demonstrator. Those present were Mmes. Noble Willier, Clinton Jackson, Muri Parker, Jack Willier, R. A. Frye, J. B. Caraway, Ezra Garrison, Zed Stewart, W. N. Adams, Charles Corder, Tom Parker Miss Bertha Frye and the hostess.

Mr. and Mrs. Enlow of Canyon were guests of Mr. and Mrs. H. V. McCabe Saturday evening. Mr. and Mrs. J. W. Dart spent the week-end visiting his father, W. H. Dart at Park Springs.

Work was completed this past week on the remodeling and re-decorating of two homes in Dawn. They are the George S. Parker and J. W. Dart homes.

Mike Parker, 12-year-old son of Mr. and Mrs. Tom Parker underwent an appendectomy at the Neblett Hospital in Canyon last Wednesday and was able to return home Sunday.

Charles Gaylor of the Amarillo Air Force Base spent the week-end in the home of his brother-in-law and sister, Mr. and Mrs. Melvin Gill.

Mr. and Mrs. Wesley Cox attended homecoming at Abilene college over the week-end.

Mr. and Mrs. H. M. Garrett and children of Duncan, Okla., visited for several days last week with her sister, Mr. and Mrs. Walter Beavers.

The Carl Wimberley family enroute from Sweetwater, visited Miss Donna Alhart at Wayland College, Plainview, Sunday.

Mr. and Mrs. Glenn Caraway returned home Sunday night after a week's visit at Dublin and Hico.

Q. How can I clean furs?  
A. Clean them by first brushing the wrong way; then sift over the fur some hot, cornmeal or bran. Rub this into the fur and allow to stand before brushing it out. Take the fur outdoors and brush (with the nap) with a stiff whisk broom, after which saturate a clean cloth with cleaning fluid and rub the fur well, using a whiskbroom to restore the nap; then hang in the sun to dry. Rub with the nap when cleaning, and never use water on furs, as it shrivels the hide.

Neuralgia  
The eating of a good quantity of celery is often an effective remedy for neuralgia.
