POTATOES GALORE is the happy experience of R. L. Simpson, who is harvesting 300 bags of No. 1 Pontiacs to the acre on his place in the Ford Community. Mr. and Mrs. Simpson are seen inspecting the potatoes in the above photo and the insert shows how close together the sacks appear along the line.

## Around Town

Maybe it's the weather, maybe not—but quite a few Hereford business firms are getting their faces lifted. Elton Malone really started the ball rolling a few weeks back when he installed a fancy new awning across the front of Hereford Creamery. Since then, one thing seems to lead to another. Nell Cooper is just completing a new, modern walk-in refrigerator box at his store. Hub Homer and the folks at Hereford Shoe Store are strutting around on new linoleum tile in pastel green.

Bess Moore has also spruced up The Vogue with a new tweed carpet in a multi-mixture of colors. Rose dominates, possibly on a green background. Pretty swanky, it is, too.

A singing convention will be held at the Grace Gospel Church at 2:30 o'clock Sunday afternoon with Rev. H. V. Fields, pastor, in charge. These singings will be held each third Sunday and the public is invited to attend, said Rev. Fields.

Nadine Hulse, office secretary at the Hereford Farm Bureau, returned Thursday night from Texas A&M, where she attended a six-day short course in "Farm Bureau Philosophy." She flew there and back on Pioneer Airlines.

The big noise you heard Monday morning was a caravan from Muleshoe advertising the 7th annual Non-Professional (NPRA) Rodeo, August 12, 13, 14. Quite a card of attractions. The big parade is set for 4:30 this afternoon.

Barbara Roos, granddaughter of Mr. and Mrs. George Parker of Dawn, was recently selected as "Miss Oklahoma." Miss Roos won a \$500 wardrobe and a \$2,000 scholarship to any college in Oklahoma. She has visited in this vicinity many times and is well known here.

A Highway 51 Association meeting will be held at Brownfield Friday to complete plans for the International Parks Highway bus tour beginning August 30. The group will also discuss additional plans for formal dedication of the (Continued on Page 2)

## "Lost Crop" Is Bringing Simpson \$975 Per Acre

A bumper potato yield, once considered a total loss, was being harvested this week to the tune of \$975 an acre. The crop belongs to Mr. and Mrs. R. L. Simpson, who live south of town near the old P.O.W. Camp, but was grown on their place in the Ford Community. Due to heavy spring rains, Mr. Simpson was unable to get into the field to cultivate the potatoes on schedule. When he did get into the field, the potato vines were unusually large. What worried Simpson, though, was the fact that they "threw off" the first set. He started watering—and kept at it every three days. A complete new set developed and produced the current yield: 300 bags of No. 1 Pontiacs to the acre.

### 'KNOTS ON HIS HEAD'

## Yarborough Plane Lost In Flight Here Tuesday

Ralph W. Yarborough, candidate for governor, and other occupants of a bouncing plane literally got "knots on their heads" as the result of an attempt to fulfill a speaking engagement in Hereford Tuesday afternoon, according to L. H. Woodford, local chairman. The meeting, scheduled for 5 o'clock in Hereford, was postponed until 6 o'clock, and then called off when sponsors found that it would be impossible for Yarborough to appear, due to poor flying conditions. Yarborough did finally land at Friona around 6:30 o'clock—but only following an episode which

## Camp Fire Girls To Leave Luggage At Hut Sunday

All Camp Fire girls who are planning to attend the Inlow Youth Camp are asked to bring their belongings and luggage to the Camp Fire Hut Sunday afternoon between 3 o'clock and 5 o'clock, according to Mrs. H. E. Caraway, president of the leaders association. "Also if there are any girls who have not turned in health certificates from their mothers and the doctor, they are asked to do so at this time," Mrs. Caraway said. Inlow Youth Camp is located 23 miles west and seven miles south of Mountainair, N. M.

## Ralph Yarborough To Be Here Friday

Ralph Yarborough has rescheduled his appearance in Hereford for Friday afternoon, August 13, according to a telegram this morning from his state headquarters. The time has been set for 5 o'clock and Yarborough will deliver his talk on the south side of the courthouse lawn, sponsors said.

# County Buys Grader, Files For Aid On Home For Nurses

The Commissioners' Court had a busy day Monday, possibly an expensive one, too, in view of the purchase of a new \$15,610 motor grader and adoption of preliminary steps toward construction of a nurse's home in connection with Deaf Smith County Hospital. The group also appointed Dr. R. R. Willis as County Health Officer for a period of two years, approved routine bills, heard reports from county agents and received notification from the State Highway Department that the Deaf Smith Lateral Roads account has been credited with \$26,551.85

### New Road Grader

The new motor grader, a Caterpillar diesel No. 12, was purchased on the motion of C. G. Richardson, seconded by J. T. Guinn, and was passed unanimously. The machine cost \$15,610, less a trade-in allowance of \$5,110 for an old machine, leaving a net cost of \$10,500.

The new equipment will be used in Precinct 4 and Mr. Richardson, commissioner for that precinct, pointed out that the new machine is badly needed and that it replaces a 1944 model, which he said had outlived its period of usefulness. The minutes also provided a form for issuing warrants to cover the purchase.

### \$15,000 Nurse's Home

The commissioners also took preliminary steps toward securing

a new nurse's home at the hospital, acting on recommendations of T. E. Seigler Jr., manager, when they filed a letter with the State Health Department, Austin, seeking assistance under the Hill-Burton Act.

The assistance, if granted, will cover one-half of the cost of the proposed home, according to the letter, which follows: "State Health Officer, Austin, Texas: 'Gentlemen: 'We should like to apply to you for aid in construction of a new nurse's home at the Deaf Smith County Hospital under terms of the Hill-Burton act.

"The estimated cost of construction of our proposed home is \$15,000. It will be concrete block

construction with concrete floor and composition roof. It will be located on property owned by Deaf Smith County immediately adjacent to the hospital.

"Our present home is unsafe. It was purchased some few years ago from the United States Government after having been used at the Hereford Prisoner of War Camp during World War II. It is of wood construction and is coming apart at the joints as a result of age and having been moved to its present location. Our nurses refuse to live in it because it is unsafe and the shortage of apartments and houses in Hereford makes it necessary that we furnish living space. Estimates of repairs to the existing home are as high as new construction.

"One-half of the cost of the proposed home can be paid out of existing funds in the hospital maintenance account."

The letter was signed by all four commissioners.

### Later: Road Money

The Court also took immediate and unanimous steps to collect the \$26,551.85, which will be credited to the County on August 31 and, according to the Highway Department division, "represents this

county's share of the surplus" through the Board of County and District Road Indebtedness.

The Commissioners asked that the funds be transferred to the Deaf Smith County Treasurer as of August 31, the available date. Like the notice from the State of Texas, the county order also specified that the money will be used for construction and improvement of County Lateral Roads.

## Board Winds Up School Details

School opening problems, combined with equipment purchases for the new high school building, kept School Board members busy during the continuous four-hour regular meeting in the high school offices here Tuesday night.

### To Use Churches

Despite crowded conditions arising from the fact that the new high school will not be opened until around Thanksgiving, plans for the opening of school on Monday, August 30, appeared well in hand. Eight sections of the Fifth Grade, approximately 230 students, will begin school in the churches. Geo. Graham, superintendent, said that the basement of the First Baptist Church had been made available; also that the First Methodist Church had made available such room as the board desired. He estimated that six sections will attend school in the Baptist Church and two sections in the Methodist Church. The entire Sixth Grade, including some 200 students divided into seven sections, will begin school in the Vocational Agriculture building.

"Chief problem with the Sixth graders will be crowding seven classes into six rooms," said Mr. Graham. Shifting into normal procedure upon opening of the new high school will follow the schedule previously announced.

### Buy New Seats

In connection with the present school term, the board also approved purchase of 150 new chair and desk combinations at approximately \$12.75 per unit. The new seats will be used at Dawn, probably in the temporary church classes, and are all designed for use in lower grades. They are similar to the desk-chair units at Shirley School.

"We are two teachers short at the present time," Graham reported. He said some applications were on file, however, and estimated that the posts could be filled by the time school opens. The two teachers needed are "one first grade teacher and a Junior High math instructor."

The board approved a bid from the Borden Company and Ed Skypala, local distributor, for the purchase of half-pints of cafeteria milk at a cost of 11.6 percent below the prevailing wholesale price of such containers of milk. Three sealed bids were opened, but the Borden bid was selected as the lowest.

The group also moved to accept sealed bids, not later than August 20, on gasoline to be used in the (Continued on Page 2)

## Dr. Tolliver To Help With Props

Board members Tuesday night employed Dr. Crannell Tolliver, head of the speech department at West Texas State College, Canyon, as consultant in the purchase of curtains, scenery and mechanical equipment for the stage in Hereford's new high school.

Dr. Tolliver submitted a 15-page report on specifications for stage props as a courtesy to the Board, following general confusion which resulted from a July meeting, when salesmen had Board members "going in circles" with technical terms. The board later voted unanimously to employ Dr. Tolliver on the basis of three present and draw recommendations regarding the stage. The complete stage props, including motor runners, elevators and other necessary equipment was estimated in the neighborhood of \$9,000.

### Buy Shop Equipment

The School Board also approved the purchase of Delta heavy duty power equipment for the school shops following recommendations of a committee headed by Don Zimmerman. The equipment, somewhat lower than other bids, was considered ample to handle requirements of the department for years to come. Estimated total on the purchase, including motors and small hand tools, was around \$2,800.

## Work Begins On Surfacing Of Two Farm-To-Market Roads In This Area

W. V. York, senior resident engineer of the Texas Highway Department, and seven other members of the county residency moved back into Hereford July 28 to begin work on a \$174,637.30 project, which includes construction of 13.597 miles on two farm-to-market roads. Following completion of this work they will carry out any future jobs that the Highway Department plans to do in this county.

The crew has already begun working on Farm to Market road

1412, which consists of five and five-tenths miles due south toward Friona, according to Calvin Merchant, chief inspector of the resident.

Work will include grading, structures, flexible base and asphalt surface treatment.

Work should begin the first of next week on Farm to Market road 1258, which is an eight mile stretch of road going southeast toward Happy.

This same crew of men was here from March of 1949 until about Oc-

tober, 1953, when they worked on the Harrison Highway, Farm to Market roads, 1412, 1259, 850 and 1062. Their stay in Hereford this time is indefinite but they plan to be here for over a year, Merchant said. The office is located upstairs in the trucker building.

## First '54 Polio Case Is Reported

Hereford's first 1954 polio case developed Wednesday when Larry Frazier, four-year-old son of Mr. and Mrs. G. B. Frazier, 211 Kibbe was sent to West Texas Polio Center in Plainview for treatment.

The case occurred three days ago and was definitely diagnosed as polio by local physicians. The youngster's left leg was reported as effected seriously. He will be isolated in the Plainview ward for a period of 10 days in compliance with health laws governing polio.

Gamma globulin shots were recommended for all persons who have been recently in direct contact with the little boy, but physicians said others need not have the shots.

## Thirteen From Hereford Will Get Degrees From West Texas Aug. 20

Thirteen persons from Hereford are among the 249 candidates for degrees who expect to participate in summer commencement exercises at West Texas State College on August 20. Two-thirds, or 160, of those expecting to complete degree requirements are seeking the masters degree.

Candidate for the Master of Arts degree is Leta Stoner Kaul, and seeking the Master of Education degrees are Mary Broadwell Carter, Rubye Key Crawford, Dalton L. Criswell, Betty Love Hendrick, Regs Aldene Hudson, Eleanor Rudspeth, Mary Gladys Legg, and Isaac Louis Whitfield.

Seeking the Bachelor of Science degree are Willie Hazel Bruner, Alice Waldrop Chrisman, Joel Clinton Reese and Lottie Lucille Wertenberger.

Dr. Henry H. Hill, president of George Peabody College for Teachers, Nashville, Tenn., will be the commencement speaker, according to Dr. James P. Cornette, president of WTSC. Graduation activities for candidates begin August 18 at 8 o'clock in the evening, when Dr. and Mrs. Cornette honor students at a reception at their home. Graduation exercises will be held August 20 at 8 o'clock in the evening in the main auditorium.

## Walcott Classes To Start Aug. 30

Walcott School will open on Monday, August 30, it was announced today through the office of Horace L. Schloss, ex-officio County School Superintendent. Approximately 50 students are expected to enroll in the school this year in addition to some 15 high school students who will transfer to Hereford.

Thomas L. Collins, superintendent, has been employed for the coming season and Mrs. Collins will also teach in the Walcott School. He comes from Kingman, Kan. The board is considering employment of two additional teachers before the school term opens. This will be one more teacher than the school had last year.

Walcott, Common School District No. 6, teaches students through the eighth grade. High school students last year transferred to Rosedale, but will come to Hereford in 1954-55.

E. F. Baker, superintendent last year, is this year associated with El Paso Schools and Lillian Fisher, primary teacher, is with the Bovina School system.

the commencement speaker, according to Dr. James P. Cornette, president of WTSC. Graduation activities for candidates begin August 18 at 8 o'clock in the evening, when Dr. and Mrs. Cornette honor students at a reception at their home. Graduation exercises will be held August 20 at 8 o'clock in the evening in the main auditorium.

## Truck-Car Crash Fatal To One Man In Dawn Accident

L. L. Sherrill, Rt. 1, Box 17, Arnett, Okla., was killed instantly when the 1951 Kaiser automobile which he was driving collided with a huge refrigerator van 2 of one mile west of Dawn Monday night at 8:45 o'clock. No charges had been filed on Clarence E. Lavene, driver of the truck, Wednesday morning, according to Ed Lyons, County Attorney, who said the case is still being investigated.

The Kaiser was traveling west and the truck was headed east when the impact occurred. Lavene said he was blinded by the lights. The Kaiser, demolished by the crash, was headed back east following the accident, and the huge semi-trailer was overturned on the highway. Traffic was blocked off the road for more than 30 minutes while wreckers and winch trucks attempted to right the empty van which was overturned on its side. The truck was a 1950 White with refrigerated semi-trailer and was returning to Oklahoma City following a trip into Dimmitt and Hereford. It was owned by Fox-Smyth Transportation Company of Oklahoma.

Deputy Nell Young and Highway Patrolman Joe Culp investigated the accident and reported that the Kaiser travelled 24 feet and five inches after the collision. The truck was reported to have travelled 240 feet east before it overturned.

To Visit Here Mr. Sherrill was reported to (Continued on Page 2)

## Youth Undergoes Three Operations

Houston Ewing, 12 year old son of Mr. and Mrs. W. B. Ewing, 210 Avenue I, returned from the Texas Scottish Rite Hospital for Crippled Children in Dallas this week. Mr. and Mrs. Ewing drove to Dallas Monday to bring the boy home.

Houston is returning home after having undergone a third operation on his wrist, which was injured when he fell on a broken bottle March 22, 1953.

He entered the hospital for the first time in November, 1953, when he had the first operation on his wrist. He entered the hospital again June 2 of this year for two more operations. One of these was in June and the other was the latter part of July.

He is expected to return to the hospital for a fourth operation October 6, according to Mrs. Ewing. Doctors did say, however, that this operation would possibly be the boy's last.

## DWI Guilty Plea Gets 10 Days, \$75

Rubino Garza, charged with DWI, pleaded guilty in County Court here Tuesday, and was assessed "10 days in jail and a fine of \$75" when he appeared before Judge Horace L. Schloss. Garza was given credit for time spent in jail since his arrest August 6, and was required to surrender his driver's license for a period "not to exceed one year."

Garza, apparently unable to understand English very well, was arrested by J. R. Kirkwood, highway patrolman, last Friday. Deputy Charles A. Skelton was asked to interpret for him in court. Garza was stopped out of Dawn by the Patrolman, due to driving irregularities and an investigation resulted in finding of beer in the Garza truck.

The "money situation" was reported by Fred Baird as being in good shape.

"We finished the fiscal year (July 31) with the biggest cash balance in history," said Mr. Baird. He estimated a working balance of around \$50,000 in the operating fund.

Following the meeting, board members toured the present high school building which has been decorated and improved throughout. New wainscoting has been placed in all corridors and several rooms have been repainted. The blackboards have also been refreshed, this time in a green slate color. Venetian blinds have

been added in lower floor rooms, old desk tops sanded and a new roof placed on the building. New arm-chair desk units have also been placed in several of the rooms.

Board members attending the meeting were Howard Gault, president; Ira Scott, Don Zimmerman, H. E. Miller, Lyle Woodford, and Robert Wagoner. Mrs. Earl Plank, the other board member, was unable to attend having undergone a recent operation.

## Social Security Expert Will Be Here August 18

A representative from the Social Security office in Amarillo will be in Hereford on Wednesday morning, August 18, according to J. R. Sanderson, District Manager. This representative can provide any service or information available in the Amarillo office. He can be contacted at the Commissioners Court Room in the Courthouse at 9:30 a.m.

Sanderson points out that some people are still losing social security payments to which they are entitled because of failure to apply for such payments. He says that any person who was 65 years of age before July 1, 1954; who has worked at least 6 quarter-years in employment or self-employment covered by Social Security; and who is not now working for social security covered wages of more than \$75 per month or in covered self-employment for more than \$800 per year is entitled to be receiving monthly payments.

A reminder was given, also, that self-employed persons in covered employment who meet the other requirements above but who are making more than \$800 a year in net profits are entitled to one or more month's payments per year if their net profits are not more than \$1725 per year. Such persons are urged to meet this representative, bringing with them their income tax returns for 1953.

Jim Lady is spending two weeks at the band camp at Canyon. He is expected back Saturday.

## News Expert Will Speak Here Friday

George Blomgren Dewey, foreign correspondent for Americanism Bulletin and several other news services, will speak on "Communism" at the Assembly of God Church, corner of Grand and Avenue G, at 8 o'clock Friday night.

Mr. Dewey's work has taken him 22 times into most countries of the world, including several times behind the Iron Curtain. His principal assignments have been to interview the top political leaders of the world. It has been said that he has met and interviewed more kings, queens, dictators, presidents and leaders than most men on the lecture platform today, according to Rev. Walter Lane, pastor of the church.

The public is invited to attend this lecture.

## Hereford Woman Celebrates 92nd Birthday Monday

Mrs. Margaret Zipper, mother of Mrs. Edd Jesko and Mrs. William Ohlig, celebrated her 92nd birthday Monday in the home of Mrs. Jesko, with whom she resides.

Friends and relatives called during the day and showered her with cards and telegrams which she said made her extremely happy.

Mrs. Zipper is the mother of four children, Joe Zipper of Dallas, K. M. Zipper of Muenster, Mrs. William Ohlig of Hereford and Mrs. Edd Jesko of Hereford. She has 15 grandchildren and 23 great-grandchildren.

## Slight Damage In Street Collision

Approximately \$25 damage was done to a 1953 Oldsmobile owned by Benny Womble, Route 1, about 7 o'clock Saturday night when it was involved in a collision with a Ford driven by Anastacio Cordero. No damage was done to the Ford.

The Oldsmobile was angle parked on Main Street about 25 feet north of Third Street and the Ford was angle parked to the left of the Oldsmobile. The Ford was backing out from the curb when it collided with the left rear fender of the Oldsmobile. Cordero left the scene of the collision and was apprehended at another location, according to police reports.

Cordero was charged with leaving the scene of an accident and failure to report an accident.

## Postal Receipts Up \$446 In Past Month

Postal receipts for July of this year had a \$446.90 jump over July of last year, according to Jim Lipscomb, postmaster. In July of 1953, the total for the month was \$5,727.48 compared to \$6,174.38 this July.

The first seven months of this year showed a small gain with \$36,576.85 total; the first seven months of last year had a total of \$36,405.25.

## Personals

The Intermediate One and Two classes and the Young People's group of the First Baptist Church, combined Tuesday night and had a swimming party. After that, they all went to Jimmie Allred's house for a watermelon feast.

Approximately 60 attended the party. Sponsors were Mr. and Mrs. J. B. Harlan, Mr. and Mrs. Jimmie Allred, Mr. and Mrs. Raylan Evans, Jerry Rayburn, Gerald Wilson and Mrs. Howard E. Scott.

MRS. FORBUS RELEASED Mrs. Bill Forbus, who entered a hospital in Denver, Colo., August 4 for an appendectomy, was to have been released from the hospital Monday, according to a report from Mrs. J. C. McCracken. She will remain in Denver for about a week and then the couple are expected to return to Hereford.

Mrs. McCracken said that Mrs. Forbus was reported to be progressing satisfactorily. Dr. and Mrs. Wiltshire and Mr. and Mrs. J. C. McCracken and Jack returned from Denver Saturday after visiting Mrs. Forbus.

Mr. and Mrs. Lowell Sharp and Mr. and Mrs. Lloyd Sharp are vacationing in Pagosa Springs, Colo.

ATTEND FUNERAL Mr. and Mrs. John Robinson and son Billy, were in Happy Tuesday to attend funeral services held there for their relative, George Porter Tuesday afternoon. They were accompanied by Mrs. O. H. Culpepper and Mrs. M. T. Rutler.

Mrs. Waymon Featherston of Tulsa was in Hereford Monday for a brief visit with her parents, Mr. and Mrs. H. D. Culpepper. She reports that her husband who suffered a hand injury here two weeks ago while working on his car, is in the Tulsa hospital recovering from infection.

Mr. and Mrs. D. C. Martin and Carroll, 109 Avenue J, and Mr. and Mrs. D. C. Bryant and John David, 313 Norton, are vacationing in Santa Fe, N. M., and other points this week.

Rev. and Mrs. Noel Bryant and children of Dallas left Tuesday following a week's stay with his parents, Mr. and Mrs. D. H. Bryant. Rev. Bryant, who is pastor of the Oakfield Methodist Church in Dallas, filled the pulpit at the First Methodist Church here Sunday morning. Other guests in the Bryant home were their son-in-law and daughter, Dr. and Mrs. Orien Carter of Big Spring. They were accompanied by their granddaughter, two-year-old Cynthia Carter.

Rev. and Mrs. Don Root are vacationing in Creed, Colo.

Bob Mathis is home from Colorado.

Mrs. H. H. Betzner from Maryland, daughter of Mr. and Mrs. W. J. Hacker, left last week for her home after a seven week's visit here with her parents.

Patsy Jackson received a letter recently that said Purris Williams, who moved from here a few weeks ago, has had a heart attack. Any one wishing to send "Get Well" cards may address them to 2718 Louisville, El Paso.

## Timely Tips for Better Foods

Here's a new kind of ice-cream sundae. Peel, halve and core a fresh pear; fill each pear cavity with a small scoop of vanilla ice cream and top with chocolate sauce.

Want a pretty garnish for a molded salad? Soften a three-ounce package of cream cheese and beat it with a quarter cup of mayonnaise until smooth. Spoon the cream-cheese mixture into a decorating tube and use for outlining any desired design. The garnish will taste good with either a fruit or vegetable gelatin salad.

Serving ice cream to a crowd? A cup will make 25 one-third cup (No. 12 dipper) servings.

Making chicken gravy for a chicken loaf? Add a little monosodium glutamate for extra flavor.

Give your chicken salad a party air: add slivered toasted almonds just before serving. If you want to do some of your preparation ahead, you may cook the chicken the day before your party, cut it up and mix it with French dressing. Refrigerate the marinated chicken at once. Then mix with the other ingredients for the salad just before serving.

Don't over-bake chocolate brownies if you want a fudgelike cookie. The brownies should look uncooked when you take them from the oven.

Tip for new cooks: when a recipe directs you to simmer (not boil) a ham or a smoked tongue remember to keep the heat adjusted so that bubbles form slowly and collapse below the surface of the cooking liquid.

Ever wonder what the difference is between compressed and active dry yeast? Compressed yeast is a moist mixture of yeast and starch, and the yeast is in an active state; because the yeast is moist, it is perishable. Active dry

yeast is similar to compressed yeast except that the mixture has been dried and comes packaged in granular form.

Whenever possible, thaw frozen fish in the refrigerator because this is a safer method than thawing at room temperature.

If your custards "weep" or curdle, there's one thing you can be sure of: you have over-cooked them.

Use 1 1/2 to 3 tablespoons of quick cooking tapioca for thickening fruit filling for an eight-to-nine inch pie. If you are using the tapioca to thicken a soup, you will need 1 1/2 to 3 tablespoons for quart of liquid.

When a recipe calls for blanching a fruit or vegetable it means that the food should be preheated in boiling water or steam. Blanching is helpful in removing skins from tomatoes and peaches.

Light cream is sometimes called coffee or table cream. It is cream that usually contains about 20 percent milk fat.

Adding a quarter cup of confectioners' sugar to a cup of cream that is to be whipped, gives it a generally liked. And adding a dash of salt will point up the sweetness.

A cup of yellow or white corn meal usually yields about 10 cups after cooking. The same measurements apply to rice before and after cooking.

Egg salad may be packed in small containers, chilled and then unmolded on salad greens at serving time. Garnish with extra mayonnaise and capers, paprika, minced parsley.

Rocks Pay Off SIDNEY, Neb. (AP)—During 44 years the Hatcher family fought to keep their 40 acres of land through drought and other misfortunes. Mrs. Effie Hatcher said "this country must have something more in it than rocks and rattlesnakes."

She was right. Now she can look out over the wheat fields and see three producing oil wells in their midst.

**Beauty at Home**

By Lynn Carter

Q. What type of cosmetics should the middle-aged woman use?  
A. She should take care not to use rouge or lipstick that is too blue or purple. She should use soft pinks and pastels, or ripe red. Brown eyebrow pencil is best, as black is too harsh. Actually, brown eyebrow pencil creates a much more natural appearance than any.  
Q. How can I take special care of the skin on my arms and elbows?  
A. Use a brush, while bathing,

to keep arms and elbows soft and clean. After drying, massage well with cream or lotion. Go after elbows that are rough, stained or callused with a cuticle-softening preparation and then rub with pumice stone. Bleach elbows with cream or lemon juice, and keep them lubricated with hand cream or lotion.  
Q. How do light and dark nail polishes affect one's hands?  
A. Light polish makes the hands appear longer, while dark polish makes them appear shorter.

Q. How can I exercise to help reduce very large buttocks?  
A. Here is a very good one: Sit on floor with legs straight and lifted from the floor until your body weight falls directly over the largest part of your hips. Now roll onto the right hip and catch yourself with your hands. Keep rolling, and keep legs off the floor throughout the exercise.  
Q. What can I do about dry-skin particles from a fading suntan?  
A. Massage skin with a mixture of cold cream and table salt, blended to paste consistency. Then an oil massage to soften the skin.  
Q. What hairstyle is recommended for the round-faced girl?  
A. Hair high on top and close to the sides of the face. Never use a center part with this face-type.  
Q. What is a good facial mask to combat freckles?

A. Mix an egg white with the juice of a lemon, and blend with enough almond meal to make a thin paste. Spread on face, and leave at least 20 minutes. Then rinse off with warm water.  
Q. How can I shampoo hair that is excessively sticky and oily?  
A. Try applying the beaten white of two eggs to the hair and scalp with a toothbrush, and let dry. Then brush it out with a stiff-bristled brush. Your hair should then be clean, fluffy, and glossy.  
Q. How can I treat oiliness and enlarged pores in my skin?  
A. After cleansing well, cover face with a piece of absorbent cotton wrung out of hot water, to open the pores, patting it gently over the contours of the face. Remove when cool, and replace it with another piece of cotton saturated with good witch hazel. Take an ice cube in a piece of gauze and

rub it gently over the cotton mask with a circular movement.  
Q. Is there a quick way I can camouflage circles under my eyes?  
A. A slight rouging of these circles will help hide them.  
**Personals**  
Mr. and Mrs. Ralph Smith returned Sunday night from a week's vacation in Colorado.  
Mrs. Ralph Stork of Tucumcari visited her daughter and sister and husband, Mr. and Mrs. J. D. Burkett. From here she went to Friona to see her parents, Mr. and Mrs. L. Taylor.  
Mr. and Mrs. Lyle Blanton went to South Dakota by plane for a 10 day's vacation and to look after

the Blanton Farms at Belle Fourche.  
**Out of State Visitors**  
Visitors in the John Albracht home the past week were Mr. and Mrs. Killian Otis of Platte Center, Neb., Mr. and Mrs. Leonard Otis and children of Columbus, Neb., Mrs. Pauline Huseman of Happy, Miss Marian Berend of Ft. Worth, Ark. Sister Thomas is the granddaughter of Mr. and Mrs. John Albracht.

# Elmer Larsen Loses Match -- Also Beard

Elmer Larsen of British Columbia can no longer be called "Bearded Elmer Larsen." After the main event at the Bull Barn Saturday night, when he was defeated by Glenn Detton of Salt Lake City, Utah, Larsen was forced to have his beard shaved off by Mutt Wheeler, local barber, as the result of a pre-match wager with Detton.

Larsen got off to a good start in the first fall of the two out of three falls, one hour time limit event, by winning over Detton in eight minutes with a body jackknife.

Detton, however, came back to win the second fall in 16 minutes with a body jackknife and then took the third fall in just eight minutes with the same hold.

Following the match, Larsen

was held in a chair in the center of the ring while Wheeler disposed of his beard.

**LaRock-Murdoch Tie**

In the first two out of three fall one hour time limit event, Jim LaRock of Ithaca, N. Y., met Frankie Hill Murdoch of Waxahachie.

LaRock won the first fall in 24 minutes with a rolling short arm sissors.

Murdoch won the second fall in 29 minutes with a leg lock.

This event came to a draw when time ran out during the rest period.

Mrs. B. F. Cain attended an all-high school reunion at Shamrock Friday and Saturday. All classes since 1913 were represented. Mr. and Mrs. Cain are both graduates of Shamrock High School.

**Long Memory**

BURLINGTON, Mich. (AP) — Abe Lepper, 21, stopped his car alongside another to ask directions—then did a double take.

"Why you're the same—that hit me in 1945," Lepper roared. Ernest Lux, 50, rolled up his window and zoomed away but Lepper gave chase and rammed into Lux's fender.

Justice Court received Lepper's \$1.50 fine on charges of assault and battery.

**MUD WHERE WATER SHOULD BE** - The drought proved too much for even this deep stock pond on the Calvin Kruger farm near Austin, Tex. The drought, which is creeping and intensifying in many parts of the South-

west, has left only mud and weeds in the pond. Standing deep in the reservoir is Travis County (Austin) Commissioner N. L. Gault. (AP Photo).

### At The Movies

**"Glenn Miller Story"**  
Showing Friday, Saturday, Sunday, Monday and Tuesday.  
Starring James Stewart, June Allyson, and many famous musicians and singers.

The real life story of a celebrated musician. It is a love story that maintains an intimate mood while it builds a broad scope through Glenn's tough years and good years and the exciting years of World War II that eventually took his life at the peak of his fabulous success.

James Stewart is remarkable in his portrayal of Glenn Miller, amazing in likeness even to the rimless glasses he wears and the trombone he handles with a sure touch. June Allyson adds another laurel to her list of motion picture honors with the "Modern Screen Magazine" popularity award of 1953.

**"It Came From Outer Space"**  
Friday the 13th preview.  
Starring Richard Carlson, Barbara Rush, Charles Drake, Russell Johnson, Kathleen Hughes and Joe Sawyer.

This was the night the earth will never forget—when the desert silence was shattered by the exploding crash of a space ship and from it crept the pulsating things we now call Xenomorphs, living horrors that took human form and walked among us as wives, brothers, sweethearts, until too late, we recognized them for what they were!

As a young scientist who battles these unearthly "visitors" in an effort to drive them from the earth Carlson gives one of the finest performances of his highly successful acting career. As his feminine co-star, Barbara Rush offers an exciting portrayal of the young school teacher who aids Carlson in his courageous battle with the space world.

### Artificial Light Discussed By Hart At Rotary Monday

Artificial illumination from the time of prehistoric man was the subject discussed by Tom Hart of Amarillo, sales representative for the Southwestern Public Service Company, when he spoke to members of the Hereford Rotary Club and their guests at their regular luncheon meeting Monday.

Hart said that more than 5000 years B. C. cavemen first used the campfire for light. Next came the torch, still many years before Christ. Later, approximately 1000 B. C., the pottery lamp, which burned olive oil and whale oil as fuel, was used. According to Hart, by the year 1800 A. D., man's quest for knowledge led him to the discovery of candlelight, giving more light than he had ever known. Before many years passed the open flame gas burner came into use.

From there, Hart carried his listeners through the years of the "coal oil" lamps, the early stages of the electric light and up to the modern day light, both incandescent and fluorescent. Also covered by Hart during his brief talk was the infra-red, heat lamps and sun lamps.

## These Tested Cool Drink Recipes Will Fit All Occasions; Pocketbooks, Too

MRS. HARTLAND CARAWAY

Party refreshments in the summer usually include some sort of a cool drink and a mixture of fruit juices, made up into a punch, offers so many possibilities in different combinations that the hostess should be able to find one to fit every occasion and pocketbook.

Mrs. Hartland Caraway, an active worker with study clubs, civic organizations, Campfire Girls and Home Demonstration has given her an opportunity to make a collection of popular recipes for punch passes on a few of the more popular ones for the readers who do not have a favorite of their own or would like variety.

### Golden Reception Punch

(The first is a year round recipe that may be served either hot or cold.)

6 cups orange juice  
6 cups pineapple juice  
1 cup lemon juice  
Strain and add:  
1 1/2 cups sugar  
7 cups water  
2 teaspoons vanilla  
1 teaspoon almond

Chill and serve. If served hot add flavoring after it is heated.

### Tutti Frutti Punch

Mix together:  
1/2 cup lime juice  
1 cup pineapple juice  
1/2 cup maraschino cherry juice  
2-6 ounce cans of frozen orange juice  
Four over a block of ice in a punch bowl and just before serving add two quarts of chilled ginger ale.

### Lavender Punch

Combine and bring to a boil:  
1 cup water  
2 cinnamon sticks  
1/2 teaspoon whole cloves  
Let stand five minutes. Strain and chill and add:  
3 cups frozen grapefruit juice  
1/2 cup lime juice (frozen juice may be used).  
Pour over a block of ice in a punch bowl and add 2 quarts of ginger ale just before serving time. For a decorative touch Mrs. Car-

way arranges a few white seedless grapes on top of the ice.

### Saint Patrick's Day Punch

A very economical punch that can be made on short order is called a Saint Patrick's day Punch but it is good any time. All the ingredients needed for this drink are a package of Lime Koolade, a number two can of pineapple juice and a pint of ginger ale, chill and serve.

### Serves 50 People

Another punch recipe that has been used a good many times for serving large reception crowds or as a cocktail is submitted by Argen Draper, CHDA.

Make a syrup of:  
8 cups of sugar  
1 quart water  
To the cooled syrup add:  
3 oz. vanilla  
3 oz. almond  
2 teaspoons citric acid  
1 large can pineapple juice  
12 lemons  
6 oranges  
2 gallons water

This amount will serve about 50 people if the full amount is used. One of the advantages of this recipe is that a smaller amount may be used proportioning the mixture 1 part syrup to 1 and 1/2 parts of the fruit juice mixture.

Judging of the 4-H dresses will be done Friday 13 all day. Anytime from 9:30 until 5:00 someone will be in the County Court Room to score the dress on the girl. Construction of dresses and record books will be scored Friday and Saturday. The Dress Revue will be held at the same time as the Family Party.

The Workshop of Home Grounds Improvement in co-operation with the Golden Spread Agricultural Council will be September 10. This will be held at Pan-Tech Farms. There will be programs on Pest

Control, Shrub Identification, Pruning Shrubs, Roses, and Trashburners. The program is planned to appeal to most every group. The landscape demonstrators of the home demonstration clubs should make plans to attend as the program is ideal for their club work.

The delegates to the State Convention of the Texas Home Demonstration Association will be in Dallas when the paper is published. The voting delegates are Mrs. A. E. Hodges, Mrs. R. J. Coleman, and Mrs. C. A. Saulcy. Visitors are Miss Roberta Campbell, Mrs. Edgar Telchuk, and Mrs. Art Lewis. One agent from the district attends and it is Miss Helen Dunlap from Grey County.

## Leathercraft Is New Hobby Of Westway 4-H

Mrs. Bobby Jones, who lives at 309 Avenue K, has been teaching members of the Sadie Lee Oliver 4-H Girls Club leather tooling this summer in special interest classes at the Westway Community House.

Not many years ago it was almost impossible to break through the wall of secrecy guarding the tricks of the interesting craft of leather tooling, says Mrs. Jones, who adds:

"Thanks to the co-operation of a few professionals who have been willing to teach amateurs the methods used for generations by the leather workers of Mexico and the Southwest, the pleasures of stamping and carving leather may now be enjoyed by craftsmen all over the country."

**True Western Style**  
Years of apprenticeship are no longer necessary as research and instruction by old-time saddle carvers have made it possible for the amateur, with a little help and experience, to produce a piece of carved leather in the true Western style.

Mrs. Jones, whose class is made up of six girls and their leaders,

to use the brining methods for pickles and work out the proportions.

has already given the members instruction in selecting suitable leather, designs, preparation of leather and general procedure for tooling belts and billfolds.

Some of the girls have already completed their belts and others are still working on the first project.

**Leaders Make Billfolds**  
Mrs. George Turrentine and Mrs. Elvin Wilson, leaders for the group

are now tooling billfolds and coin purses. A very attractive coin purse in white leather is being made by Mrs. Turrentine for a gift.

Girls taking the instruction in leather work are Nancy Green, Gayle and Ann Wagoner, Florene McIntosh, Sandra Townsend, Mary Lynn Morrison and Lila Gayle Rickman.

## Texas HD Delegates Off To State Meet In Dallas

Mrs. A. E. Hodges, County THDA chairman elect, Mrs. C. A. Saulcy from the Westway Home Demonstration Club, Mrs. Ruth Coleman from the Messenger H. D. Club and Roberta Campbell retiring THDA chairman were among more than 50 delegates who left Amarillo for the State THDA Meeting in Dallas on Tuesday morning.

The women will travel by chartered busses and will return Friday night.

Mrs. B. M. Harris of Plainview,

president, will preside at the meeting which opens on Wednesday morning.

Other members of the State Board who will attend from this district are Mrs. V. H. Poncet, vice president of District one, and Mrs. Melton McGehee of Wayville who will be installed to replace Mrs. Poncet on Thursday evening.

Headquarters for the meeting will be in the Adolphus Hotel and a thousand women are expected to attend.

### FOIBLES FANCY AND PLAIN

The sports section of the blot to the northeast is at it again, blithely. Sunday last, they outs with a 7 column head stating, "Notre Dame tops first AP grid survey," with an appended sub-head of, "Vols, Alabama follow Irish in pre-season." Now you could conjecture that the article dealt with, either, the first of the '54 precasts, or, with the number one of all time, both of which, 'dealt not, the AP having vended some gross of precasts and surveys in its tenure. Natural, the newspapers had it right, probably having gone to the trouble of reading the release before scribing the head. Actually the article concerned the overall won and lost records of the leading college footballers over the last 25 years. Notre Dame leads, followed by Tennessee, Alabama, Army, Michigan State, Duke, Michigan, Oklahoma, Ohio State and USC in sequence, to comprise the first 10. The SWC was represented by a pair of schools in the first 25, Texas U, at 13th and TCU in 25th place. While we are in the vicinity of the precasts, Stanley Woodward has hit the newstands with his '54 guessure, which of course is obtainable for a fixed fee, or for free, if you can offshelt the thing and dodge the proprietor, as is done more than somewhat. He is impartial, in that he picks them willy-nilly, such as: teams, all Americans, all sectional and what have you. He must delve through reams of material, or have minions to do such, in order to shuck out such a periodical. He picks 100 teams and "how I rate them," but let's run thru his top 10 and dig from there. For '54 and prior to any firing he selects, in this order: Oklahoma, Notre Dame, California, Texas, Maryland, Alabama, Georgia Tech, Baylor, Iowa and Army. Oklahoma and Cal tangle on September 18 and Texas invades South Bend on September 25, so an early shuffle of the first 4 is in immediate prospect. To refresh a bit, leave us peer at his '53 hazarding. For the top 10 teams, he opined, as follows: UCLA, Oklahoma, Notre Dame, Michigan State, Florida, Georgia Tech, Ohio State, USC, Alabama and Rice. After the regular season, AP rated the top 10 as: Maryland, Notre Dame, Michigan State, Oklahoma, UCLA, Rice, Illinois, Georgia Tech, Iowa and West Virginia. UP had this sequence: Maryland, Notre Dame, Michigan State, UCLA, Oklahoma, Rice, Illinois, Texas, Georgia Tech and Iowa. The two press polls had an identical first 3, nine of the 10 teams were the same, AP had West Virginia, but UP substituted Texas for the Mountaineers and the sequence was a bit awry. Mr. Woodward missed badly with 4 of his hap-hazards, Florida, Ohio State, USC and Alabama. The happenings on January one, last, had quite a

### Food Sense — Not Nonsense

#### 'E's Following In E's Tracks

A trail more baffling than any followed by expert hunters continues to puzzle nutrition research workers who follow the elusive tracks left by vitamin E. The trail started in the laboratory as it has with other vitamins. To date, experimental facts learned from the study of the effect of vitamin E on laboratory animals have not led to the solution of human ills. Scientists have found that on diets deficient in this vitamin, rats become sterile but human sterility fails to respond to treatment with vitamin E. Deficiency of this vitamin also produces muscular dystrophy in certain experimental animals but the course of muscular dystrophy in humans is unaltered by massive doses of vitamin E. It may be that man, unlike certain animals, has no requirement for vitamin E. A more likely reason for the failure to demonstrate human vitamin E deficiency is that the vitamin is so widely distributed in foods that it is almost impossible for man to omit it from his diet. Vitamin E is concentrated in vegetable oils—including the hydrogenated vegetable oils used as shortenings—cooking fats and table spreads. There are substantial quantities of it in meat, eggs, green and leafy vegetables and to a lesser extent in whole grains. The margarine spread on whole wheat bread contributes more vitamin E than that furnished by the bread. Therefore, the loss of vitamin E during the milling of white flour has no practical significance in the nutritional value of the diet. Several years ago, interest in the usefulness of vitamin E to man was renewed when a report suggested that this vitamin might be effective in the treatment of certain forms of heart disease. Later careful investigations revealed that vitamin E is without merit in the treatment of heart disease in man.

### Detton Brothers Headlined In Tag Match Saturday

Two of the fabulous Detton Brothers, Glen and Gene, team together Saturday night in a tag match featuring the wrestling card at Hereford's Bull Barn. Their opponents are two rough and ready men who go in for rough stuff, Bob Geigel of Des Moines, Ia., and Joe Miller of St. Louis. It will be Miller's first appearance in this section as a wrestler, although he has served as referee in a few prior matches, including one at Amarillo. Not to be construed with the author of a famous joke book, this Joe Miller appears to have no sense of humor at all. He's strictly business, and most of it, so far as his wrestling is concerned, is anything but funny. He should be a fitting partner for the cruel Bob Geigel. Glen and Gene Detton, young-

est of five wrestling brothers in a Mormon family of nine sons and two daughters, will be paired for the first time in this territory. Two brothers came "in between" Glen and Gene (the latter is the youngest of the family) but they, Melvin and Karl, did not follow the wrestling profession. Topping the list are Reed and Dean, both internationally famous heavyweights, followed by Dory, former world's light heavyweight champ, now promoter at Amarillo and supervisor of the Southwest States territory. Dory continues to wrestle occasionally in cities other than Amarillo, and is still considered one of the best in the business. Saturday night's supporting card at the Hereford Bull Barn brings the four men into individual matches. Gene Detton goes after Joe Miller in the opener, and Glen Detton fights Bob Geigel in the semi-final. Each match is slated for one fall or 15 minutes, and each is expected to be jammed with action and interest.

City Junior Golf Tournament will be held over Saturday and Sunday. . . Any boy residing in Hereford, Dimmitt or Friona who is 18 years of age or under is eligible to compete in the tournament. No entrance fee will be charged. Four players will be placed in each flight. Championship flight will play 18-hole matches while all other flights will be played off over 9 holes. All matches will be finished Saturday except the championship match which will be played off Sunday. Charles Seed, 19, is favored to take the title closely pushed by Keith Hodges, Jeff Minton and Dale Taylor. Qualifying scores must be turned

in by Friday night at 8:00 o'clock. Dr. J. H. Channer took top honors in last week's putting tournament by defeating Frank Cogdell in an extra hole playoff after both men had tied with 8 under par 64's. Dr. Channer received two balls for his efforts and Cogdell one ball. Other winners were Al Yeager, 65, one ball; J. A. Pitman, 66, one ball; and J. M. Posey, 67, one ball. Posey won the last ball after defeating Walter Seed and John McCleskey in an extra hole playoff. The Ladies' division was won by Rowena Posey with a 5 under par 67 for one ball. Helen Ann McWhorter took second with a 71 for one ball and Marie Cogdell took third with a 72 for one ball. Jeff Minton took first with a 9 under par 63. Donald Bridges was second with a 70 in the boys' division.

bearing on subsequent picks of January 2, 1954, wherein consensus and research selections looked some different than the post regular season press lineups. Oklahoma danked Maryland in the Orange Bowl and Texas Tech inundated Auburn in the Gator Sauer, Michigan State evicted UCLA out of the prime 10 and Georgia Tech accommodated West Virginia, likewise, said happenings bringing about such realignments as these, Dick Dunkel: Notre Dame, Oklahoma, Maryland, Texas Tech, Rice, Michigan State, Iowa, Wisconsin, Georgia Tech and Illinois; Deke Houlgate: N. Incidentally, the Cotton Bowlers don't want a repeat of last January one, too.

Dan McDowell wop first in the kid's division for the third straight week with a 3 over par 75 closely followed by Troy Dan Moore with a 78. There will be no putting tournament this Friday night because of the All Star football game being shown on television. There will be a director's meeting at 8 o'clock tonight at Frank Cogdell's office. The meeting is for the purpose of planning our Invitational Tournament, which will be held September 16, 17, 18 and 19. August 3 in the Ladies' Day events, Claudia Blythe won the Handicap Tournament with a low net of 27 for one ball. ## Water Cited As America's Greatest National Problem By Walter Rogers

A new Special Sub-committee of the Interior Committee has been appointed to study the nation's water resources. I was honored to be included as one of the members of this Special Committee. I have long argued that too little attention was being paid to our water problems. In other words, it became the custom in this country to take water for granted, simply because we thought we had plentiful supplies. There was always quite a bit of talk about creating water reserves, but very little was done about it on a national scale. Great reservoirs were created in the 17 western reclamation states, and it seemed to be the opinion of everyone that that would settle the problem.

The people in the Middle West and the eastern section of the United States apparently did not feel that there was any need for them to be disturbed about possible water shortages. However, the water inventories in recent years have disclosed some very disturbing situations in all the 48 states. This, no doubt, had much to do with the appointment by President Eisenhower of a Cabinet-level group to work with the Hoover Commission and the Committee on Government Operations concerning the problems. However, until the appointment of the new Special Committee by Chairman Miller, of the Interior and Insular Affairs Committee, of the House of Representatives, there was no legislative committee in position to act legislatively on any recommendations made by the other groups. This new committee will work in close co-operation and co-ordination with the other groups in putting into legislative form the recommendations of the other groups and thereby formulating a national water policy, in keeping with President Eisenhower's program. Chairman Miller, in appointing the committee, called our attention to the old saying, which is quite appropriate at this time, to wit, "No one misses the water until the well runs dry." This reminds me of a story that was told to me when I was a little boy about the Indian who was asked what he considered the greatest benefit that had been developed by the white man's civilization. The Indian chief, without hesitancy, pointed to the water hydrant and said, "Running water."

It would astound some of the city folks to know just what a meager reserve they have in their water supplies. The problem is certainly a number one defense problem, because saboteurs would have little difficulty in creating absolute chaos in many of our large cities by contamination of the water facilities.

### ADJOURNMENT

As most of you know, we have been adjourning for the last 30 days. To date, we have not closed shop and probably won't be closed when you receive this letter. However, I hope that the House will be able to go home by the 15th or 20th, at the latest. If we don't hurry up and get out, there is going to be some questionable legislation on the books. The closing days of the session are always, to me, the most dangerous, insofar as the possibility of unwanted legislation is concerned. This leaves very little time for debate on the measures that are brought forward. This means that very little opportunity is afforded the Members to study and understand just what the particular bill will do. In fact, sometimes the author of the bill, who is, no doubt, very sincere in what he is trying to do, fails to anticipate something occasioned by his bill that he did not intend. I would much prefer to shut off the session for a month or two and afford the opportunity of studying these bills before they are passed.

Today we have been considering a bill relating to labeling of packages containing foreign-produced trout sold in the United States, and requiring certain information to appear on the menus of public eating places serving such trout. It seems that a fish war has developed between the domestic trout producers and foreign trout. The battle seems to be taking place in the restaurants. The domestic trout producers complain that foreign trout is imported into this country and listed on menus as Rocky Mountain trout, eastern brook trout, Rocky Mountain rainbow trout, and various other descriptive names. They claim that this practice is unfair to the domestic producer and the consumer, and that the bill should be passed, requiring foreign trout to be labeled as such on the menus in the eating places throughout this country. They also claim that, unless this act is passed, it will mean the bankruptcy of many of the trout farms in this country and the resulting loss of a source of supply for the streams and lakes of this country and trout-fishing will soon be a thing of the past.

It would seem to me that this is a matter that should be handled primarily by the several states. Federal legislation of this type is a continuing trend toward centralized government. The present administration has repeatedly stated that it opposes centralized government and desires that the trend be toward a preservation of the rights privileges, powers and immunities in the several states. I find some difficulty in understanding what appears to be good talk and bad practice. Talk is not going to return any rights to the states so long as legislation is daily brought before the Congress that tends to continue to centralize this government.

## Long Time Ago

### 45 Years Ago

The Rock Island steel gang drove the first spike at the blooming young city of Adrian last Tuesday morning and the steel was laid to the junction of the C.H.&G. grade by noon, when the screaming whistle of the engine awoke the natives and scared the antelopes from Adrian Heights, where they were accustomed to grazing peacefully during the day.

A number of new business houses are being erected and several new merchants are going in. One from Clovis is moving his entire stock of goods to Adrian.

The hottest day of the year was registered by the local observer at Hereford, Saturday, August 7th, when the mercury column stood at 99. This followed a number of days with the thermometer at 97 and 98. The heat wave was followed by showers in many parts of the Panhandle. At Hereford, also south and west, good showers fell. On the 9th another light shower came. In the west part of the county a good rain fell on Sunday the 8th. Threatening clouds have continued all the week. While the 99 mark is high for Hereford, it was never uncomfortable in the shade. A light breeze and low humidity relieved the conditions. There were no prostrations.

### Train Serves Food

ROYAL OAK, Mich. (AP)—On Detroit's northern outskirts, is a little restaurant which serves food delivered by a miniature train and gives customers their change in a model dump truck. Owner William Brooks is chief cook, waiter and bottle washer.

Sight-seers definitely aren't welcome.

When Brooks started the business in 1938 his first menu mentioned "five cent Cokes for 10 cents and mediocre pie for a quarter."

Coach Tommy McCoilum says a fairly good representation of this year's squad are reporting for practice this week. Starting next Monday he expects to have between thirty-five and forty men out regularly.

The following men are reporting for practice this week: Ralph Clennin, Bernard Seed, Charles Jovell, Newt Gilliland, Melvin Harbreath, Jack Russell, George Mitchell, Russell Whitehead, Elbert Rowen and Marvin Knox.

The combination of Brooks, the food and the unique fixtures brought him a rash of sight-seers. In 1944 they crowded out the regular customers by talking more than eating. Brooks connected entrances with an electrical opening and locking system, refused entry to some patrons and got a club license.

Much of the club's railroad atmosphere is the work of some well-to-do patrons who helped devise the time-saving gadgets. Hamburgers and cups of coffee travel from kitchen to customer via model train.

Brooks has no railroad career in his background. He spent 18 years writing and editing advertising copy and factory magazines before the restaurant business beckoned.

## HOUSE JOINT RESOLUTION NO. 10

proposing an amendment to the Constitution of the State of Texas by repealing Section 2a of Article VI and by amending Sections 1 and 2 of Article VI so as to confer the privilege to vote upon members of the regular establishment of the United States Army, Navy, Marine Corps, or Air Force, or component branches thereof who are otherwise qualified electors, and so as to limit voting by persons in the military service of the United States to the county in which the voter resided at the time of entering such service; providing for submission of the proposed amendment to the qualified electors; providing for proclamation and publication by the Governor.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2a of Article VI of the Constitution of the State of Texas be repealed and that Sections 1 and 2 of Article VI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 1. The following classes of persons shall not be allowed to vote in this State, to wit:

"First: Persons under twenty-one (21) years of age.

"Second: Idiots and lunatics.

"Third: All paupers supported by any county.

"Fourth: All persons convicted of any felony, subject to such exceptions as the Legislature may make.

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the clerk of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation. Any member of the Armed Forces of the United States, or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces."

Sec. 2. The foregoing Constitutional amendments shall be submitted to a vote of the qualified electors of this State at the General Election to be held on the first Tuesday after the first Monday in November, A. D. 1954, at which all ballots shall have printed thereon the following:

"FOR the amendment of Sections 1 and 2 of Article VI of the Constitution of Texas so as to confer the privilege to vote upon members of the regular establishment of the United States Army, Navy, Marine Corps, or Air Force, or component branches thereof, who are otherwise qualified electors; and so as to limit voting by persons in the military service of the United States to the county in which the voter resided at the time of entering such service; and for the repeal of Section 2a of Article VI of the Constitution, which now permits qualified electors in military service to vote without payment of a poll tax in time of war."

"AGAINST the amendment of Sections 1 and 2 of Article VI of the Constitution of Texas so as to confer the privilege to vote upon members of the regular establishment of the United States Army, Navy, Marine Corps, or Air Force, or component branches thereof, who are otherwise qualified electors; and so as to limit voting by persons in the military service of the United States to the county in which the voter resided at the time of entering such service; and for the repeal of Section 2a of Article VI of the Constitution, which now permits qualified electors in military service to vote without payment of a poll tax in time of war."

"FOR the amendment of Sections 1 and 2 of Article VI of the Constitution of Texas so as to confer the privilege to vote upon members of the regular establishment of the United States Army, Navy, Marine Corps, or Air Force, or component branches thereof, who are otherwise qualified electors; and so as to limit voting by persons in the military service of the United States to the county in which the voter resided at the time of entering such service; and for the repeal of Section 2a of Article VI of the Constitution, which now permits qualified electors in military service to vote without payment of a poll tax in time of war."

"AGAINST the amendment of Sections 1 and 2 of Article VI of the Constitution of Texas so as to confer the privilege to vote upon members of the regular establishment of the United States Army, Navy, Marine Corps, or Air Force, or component branches thereof, who are otherwise qualified electors; and so as to limit voting by persons in the military service of the United States to the county in which the voter resided at the time of entering such service; and for the repeal of Section 2a of Article VI of the Constitution, which now permits qualified electors in military service to vote without payment of a poll tax in time of war."

"FOR the amendment of Sections 1 and 2 of Article VI of the Constitution of Texas so as to confer the privilege to vote upon members of the regular establishment of the United States Army, Navy, Marine Corps, or Air Force, or component branches thereof, who are otherwise qualified electors; and so as to limit voting by persons in the military service of the United States to the county in which the voter resided at the time of entering such service; and for the repeal of Section 2a of Article VI of the Constitution, which now permits qualified electors in military service to vote without payment of a poll tax in time of war."

"AGAINST the amendment of Sections 1 and 2 of Article VI of the Constitution of Texas so as to confer the privilege to vote upon members of the regular establishment of the United States Army, Navy, Marine Corps, or Air Force, or component branches thereof, who are otherwise qualified electors; and so as to limit voting by persons in the military service of the United States to the county in which the voter resided at the time of entering such service; and for the repeal of Section 2a of Article VI of the Constitution, which now permits qualified electors in military service to vote without payment of a poll tax in time of war."

"FOR the amendment of Sections 1 and 2 of Article VI of the Constitution of Texas so as to confer the privilege to vote upon members of the regular establishment of the United States Army, Navy, Marine Corps, or Air Force, or component branches thereof, who are otherwise qualified electors; and so as to limit voting by persons in the military service of the United States to the county in which the voter resided at the time of entering such service; and for the repeal of Section 2a of Article VI of the Constitution, which now permits qualified electors in military service to vote without payment of a poll tax in time of war."

proposing an Amendment to Section 19 of Article XVI of the Constitution of the State of Texas to provide that the qualifications for service on grand and petit juries shall not be denied or abridged by reason of sex; providing for an election and the issuance of a proclamation therefor.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 19 of Article XVI of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 19. The Legislature shall prescribe by law the qualifications of grand and petit jurors; provided that neither the right nor the duty to serve on grand and petit juries shall be denied or abridged by reason of sex. Whenever in the Constitution the term 'men' is used in reference to grand or petit juries, such term shall include persons of the female as well as the male sex."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1954, at which election all ballots shall have written or printed thereon, or in counties using voting machines, such machines shall provide for the following:

"FOR the Constitutional Amendment to require women to serve on juries."

"AGAINST the Constitutional Amendment to require women to serve on juries."

Each voter shall cast his vote for or against such Constitutional Amendment either by marking out one of said clauses on the ballot and leaving the one expressing his vote, on the proposed Amendment, or by placing an "x" in an appropriate blank by the side of the clause on the ballot expressing his vote; this latter method to be used in all instances where voting machines are used; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of Texas shall issue the necessary proclamation for said election and shall have notice of same published in the manner and for the length of time as required by the Constitution and Laws of this State.

proposing an amendment to the Constitution of the State of Texas permitting the Legislature to fix the salary of the Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office and Secretary of State; providing that such salary shall not be fixed in an amount less than that provided in the Constitution on January 1, 1953; fixing the per diem of the members of the Legislature at \$25.00 per day for 120 days only; providing for the submission of this Resolution to a vote of the people; and directing the Governor to issue the necessary proclamation.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 5. The Governor shall, at stated times, receive as compensation for his services an annual salary in an amount to be fixed by the Legislature, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture."

Sec. 2. That Section 22 of Article 4 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 22. The Attorney General shall hold office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."

Sec. 3. That Section 23 of Article 4 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 23. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office shall each hold office for the term of two years and until his successor is qualified; receive an annual salary in an amount to be fixed by the Legislature; reside at the Capital of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this section or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. That Section 21 of Article 4 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws, and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."

Sec. 5. That Article 3 of the Constitution of the State of Texas be

amended by adding a new section thereto which shall read as follows:

"Section 61. The Legislature shall not fix the salary of the Governor, Attorney General, Comptroller of Public Accounts, the Treasurer, Commissioner of the General Land Office or Secretary of State at a sum less than that fixed for such officials in the Constitution on January 1, 1953."

Sec. 6. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 24. Members of the Legislature shall receive from the public Treasury a per diem of not exceeding Twenty-five (\$25.00) Dollars per day for the first 120 days only of each session of the legislature."

"In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller, to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session."

Sec. 7. Said proposed Constitutional Amendments shall be submitted to a vote of the qualified electors of this State on the first Tuesday after the first Monday in November, 1954, at which election all voters favoring such proposed amendments shall write or have printed on their ballots the words:

"FOR THE AMENDMENTS TO THE STATE CONSTITUTION PROVIDING THAT THE SALARIES OF THE GOVERNOR, THE ATTORNEY GENERAL, THE COMPTROLLER OF PUBLIC ACCOUNTS, THE STATE TREASURER, THE COMMISSIONER OF THE GENERAL LAND OFFICE, AND THE SECRETARY OF STATE, BE FIXED BY THE LEGISLATURE, AND THAT THE PER DIEM OF THE MEMBERS OF THE LEGISLATURE BE FIXED AT TWENTY-FIVE (\$25.00) DOLLARS PER DAY FOR 120 DAYS ONLY."

And those voters opposing said proposed Amendments shall write or have printed on their ballots the words:

"AGAINST THE AMENDMENTS TO THE STATE CONSTITUTION PROVIDING THAT THE SALARIES OF THE GOVERNOR, THE ATTORNEY GENERAL, THE COMPTROLLER OF PUBLIC ACCOUNTS, THE STATE TREASURER, THE COMMISSIONER OF THE GENERAL LAND OFFICE, AND THE SECRETARY OF STATE, BE FIXED BY THE LEGISLATURE, AND THAT THE PER DIEM OF THE MEMBERS OF THE LEGISLATURE BE FIXED AT TWENTY-FIVE (\$25.00) DOLLARS PER DAY FOR 120 DAYS ONLY."

If it appears from the returns of said election that a majority of the votes cast are in favor of said amendments, the same shall become a part of the State Constitution.

Sec. 8. The Governor of the State of Texas is hereby directed to issue the necessary Proclamation for said election, and to have same published as required by the Constitution and laws of this State.

## SENATE JOINT RESOLUTION NO. 10

proposing an amendment to the Constitution of the State of Texas creating the State Building Commission and determining the membership thereof; creating the State Building Fund; providing for the surplus in the Confederate Pension Fund to be transferred annually to the State Building Fund; providing for the expenditure of such fund under the direction of the Legislature; providing for the expenditure of a limited amount of the building fund for the erection of memorials under certain conditions and limitations; providing for an election thereon, and the form of ballot.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article III of the Constitution of the State of Texas shall be hereby amended by adding thereto a new section to be known as Section 51-b and reading as follows:

"Section 51-b. (a) The State Building Commission is hereby created. Its membership shall consist of the Governor, the Attorney General and the Chairman of the Board of Control. The Legislature may provide by law for some other State official to be a member of this Commission in lieu of the Chairman of the Board of Control, and in the event said State official has not already been confirmed by the Senate as such State official he shall be so confirmed as a member of the State Building Commission in the same manner as other State officials are confirmed."

(b) The State Building Fund is hereby created. On or before the first day of January following the adoption of this amendment, and each year thereafter, the Comptroller of Public Accounts shall certify to the State Treasurer the amount of money necessary to pay Confederate pensions for the ensuing calendar year as provided by the constitution and laws of this State. Thereupon each year the State Treasurer shall transfer forthwith from the Confederate Pension Fund to the State Building Fund all money except that needed to pay the Confederate pensions as certified by the Comptroller. This provision is self-emacting. The State Building Fund shall be expended by the Commission upon appropriation by the Legislature for the uses and purposes set forth in subdivision (c) hereof.

(c) Under such terms and conditions as are now or may be hereafter provided by law, the Commission may acquire necessary real and personal property, salvage and dispose of property unsuitable for State purposes, modernize, remodel, build and equip buildings for State purposes, and negotiate and make contracts necessary to carry out and effectuate the purposes herein mentioned.

The first major structure erected from the State Building Fund shall be known and designated as a memorial to the Texans who served in the Armed Forces of the Confederate States of America, and shall be devoted to the use and occupancy of the Supreme Court and such other courts and State agencies as may be provided by law. The second major structure erected from the State Building Fund shall be a State office building and shall be used by whatever State agencies as may be provided by law.

Under such terms and conditions as are now or may hereafter be provided by law, the State Building Commission may expend not exceeding five (5%) percent of the moneys available to it in any one year, for the purpose of erecting memorials to the Texans who served in the Armed Forces of the Confederate States of America. Said memorials may be upon battlefields or other suitable places within or without the boundaries of this State. The authorization for expenditures for memorials herein mentioned shall cease as of December 31, 1965.

Under such terms and conditions as are now or may hereafter be permitted by law, the State Building Commission may expend not exceeding Thirty Thousand (\$30,000.00) Dollars in the aggregate for the purpose of erecting memorials to the Texans who served in the Armed Forces of the Republic in the Texas War for Independence. Said memorials may be erected upon battlefields, in cemeteries, or other suitable places within or without the boundaries of this State. The authorization for expenditures for memorials herein mentioned shall cease as of December 31, 1965.

(d) The State ad valorem tax on property of Two (2) Cents on the One Hundred (\$100.00) Dollars valuation now levied under Section 51 of Article III of the Constitution as amended by Section 17, of Article VII (adopted in 1947) is hereby specifically levied for the purposes of continuing the payment of Confederate pensions as provided under Article III, Section 51, and for the establishment and continued maintenance of the State Building Fund hereby created.

(e) Should the 53rd Legislature enact a law or laws in anticipation of the adoption of this amendment, such shall not be invalid by reason of their anticipatory character.

Sec. 2. The foregoing amendment shall be submitted to a vote of the qualified electors of Texas as the general election to be held throughout the State on the first Tuesday after the first Monday in November, 1954, at which election those favoring such amendment shall have printed or written on their ballot the following:

"FOR the amendment transferring that portion of the Confederate Pension Fund not needed for the payment of Confederate pensions to the State Building Fund to be used for State building purposes as may be provided by law, and also permitting not more than six (6%) percent of such fund to be used for memorials for Texans who served in the Texas Revolution and in the armed forces of the Confederate States."

Those opposing such amendment shall have printed or written on their ballot the following:

"AGAINST the amendment transferring that portion of the Confederate Pension Fund not needed for the payment of Confederate pensions to the State Building Fund to be used for State building purposes as may be provided by law, and also permitting not more than six (6%) percent of such fund to be used for memorials for Texans who served in the Texas Revolution and in the armed forces of the Confederate States."

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the amendment published as required by the Constitution and laws of the

proposing an amendment to Article III of the Constitution of the State of Texas by adding thereto a new section, to be known as Section 52-b, prohibiting the Legislature from ever lending the credit of the State, or granting any public money, or assuming or otherwise discharging any indebtedness of any individual, person, firm, partnership, association, corporation, public agency or political subdivision of the State, now authorized, or which may hereafter be authorized to construct, maintain, or operate toll roads, or turnpikes within this State; and providing for the submission of the amendment to the voters of this State.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new section, to be known as Section 52-b, which shall read as follows:

"Section 52-b. The Legislature shall have no power or authority to in any manner lend the credit of the State or grant any public money, to or assume any indebtedness, present or future, bonded or otherwise, of any individual, person, firm, partnership, association, corporation, public agency, or political subdivision of the State, or anyone else, which is now or hereafter authorized to construct, maintain or operate toll roads and turnpikes within this State."

Section 2. The foregoing amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on November 2, 1954, at which all ballots shall have printed thereon, or in counties using voting machines such machines shall provide for the following:

"FOR the Constitutional Amendment prohibiting the Legislature from lending the credit of the State or granting public money, to or assuming any indebtedness of, any one authorized to construct, maintain, or operate toll roads or turnpikes in this State."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

## HOUSE JOINT RESOLUTION NO. 8

proposing an amendment to the Constitution of the State of Texas by adding Section 16a to Article VIII to provide that in counties of less than ten thousand (10,000) inhabitants, as determined by the last preceding census of the United States, elections may be held to provide for an Assessor - Collector of Taxes; providing for submission of this Amendment to the voters of Texas; and providing the time, means and manner thereof.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 16a shall be added to Article VIII of the Constitution of Texas so as to read as follows:

"Section 16a. In any county having a population of less than ten thousand (10,000) inhabitants, as determined by the last preceding census of the United States, the Commissioners Court may submit to the qualified property taxpayers voters of such county at an election the question of adding an Assessor - Collector of Taxes to the list of authorized county officials. If a majority of such voters voting in such election shall approve of adding an Assessor - Collector of Taxes to such list, then such official shall be elected at the next General Election for such Constitutional term of office as is provided for other Tax Assessor-Collectors in this State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at the General Election to be held throughout the State on the first Tuesday after the first Monday in November, 1954, at which election all ballots shall have written or printed thereon the following:

"FOR the Constitutional Amendment permitting elections in counties of less than ten thousand (10,000) inhabitants to provide for an Assessor - Collector of Taxes, and

to provide a four year term of office for elective district, county and precinct offices; staggered in the terms of such offices by electing certain holders of such offices to be elected for terms of varying length in the November, 1954, general election; and providing for necessary proclamation and election.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"Section 9. There shall be a Clerk for the District Court of each county, who shall be elected by the qualified voters for stated county offices, and who shall hold his office for four years, subject to removal by information or by indictment of a grand jury, and a vacancy in the office of the District Court shall have the power to appoint a Clerk, who shall hold the office until the office can be filled by election."

Sec. 2. That Section 15 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"Section 15. There shall be established in each county in this State a County Clerk, who shall be a court of record; and he shall be elected in each county by the qualified voters, a County Judge, who shall be well informed in the law of the State; shall be a conservator of the peace and shall hold his office for five years, and until his successor is elected and qualified. He shall receive as compensation for services, such fees and perquisites as may be prescribed by law."

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby amended by adding thereto another section, to be designated as Section 4, which shall read as follows:

"Section 4. The Legislature may by law authorize the creation of county-wide Hospital Districts in counties having a population in excess of 190,000 and in Galveston County, with power to issue bonds for the purchase, acquisition, construction, maintenance and operation of any county owned hospital, or where the hospital system is jointly operated by a county and city within the county, and to provide for the transfer to the county-wide Hospital District of the title to any land, building or equipment, jointly or separately owned, and for the assumption by the district of any outstanding bonded indebtedness theretofore issued by any county or city for the establishment of hospitals or hospital facilities; to levy a tax not to exceed seventy-five (75) cents on the One Hundred (\$100.00) Dollars valuation of all taxable property within such district, provided, however, that such district shall be approved at an election held for that purpose, and that only qualified, property taxpayers voters in such county shall vote therein; provided further, that such Hospital District shall assume full responsibility for providing medical and hospital care to needy inhabitants of the county, and thereafter such county and cities therein shall not levy any other tax for hospital purposes; and provided further that should such Hospital District construct, maintain and support a hospital or hospital system, that the same shall never become a charge against the State of Texas, nor shall any direct appropriation ever be made by the Legislature for the construction, maintenance or improvement of the said hospital or hospitals. Should the Legislature enact laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified property taxpayers voters of this State at the General Election to be held on the first Tuesday after the first Monday in November, 1954, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment granting power to the Legislature to pass laws authorizing the creation of county-wide Hospital Districts in any county having a population in excess of 190,000 and in Galveston County, and to levy a hospital tax; and

"AGAINST the Constitutional Amendment granting power to the Legislature to authorize the creation of county-wide Hospital Districts in any county having a population in excess of 190,000 and in Galveston County, and to levy a hospital tax."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

# Town Farmer Grows Corn 14 Feet High

George Funk, a town farmer—not the kind that drives out to the country to farm from an automobile but one who actually has his crop growing right in the middle of town, is creating a good deal of interest with corn that almost requires a step ladder to gather.

The corn some of which now measures 14 feet is the Funk Hybrid variety—no pun is intended as the seed came from Funk Seed Growers up North—but the men are relatives and Funk jokingly tells visitors he taught them how to grow it before he left Iowa.

The corn which is at the J. A. Buckner residence, 401 E. Fourth, was planted in April and is now supplying roasting ears for family use and for friends.

Some of the stalks have as many as seven ears which is 'some corn' in any variety.

Here's the typical performance record of GMC Hydra-Matic\* trucks as being reported from all parts of the country

If you'd like an idea of what Hydra-Matic GMC's could do in bettering YOUR trucking operation, take a look at an actual case history.

In this instance, a wholesale baker, who supplies his entire state, put Hydra-Matic GMC's on his longest routes. In racking stop-and-go-work, they're averaging 58 delivery stops per day, 28,000 miles per year.

Here's what their carefully kept records show:

The Hydra-Matic GMC's are getting 12.2 miles to the gallon—50% more than their standard trucks.

In use now up to 34,400 miles, not a

nickel has been spent on repairs for any one of them.

Brake linings, usually replaced at 25 or 30 thousand miles, are still in good shape.

Clutch replacement, usually necessary at about 16,000 miles, is completely eliminated.

And the drivers of these Hydra-Matic GMC's are the happiest, most job-contented men you'd want to employ!

Now, how about you? From Pickup to heavy-duty hauler, there's a Hydra-Matic GMC to better any trucking operation. Come in and let's see about yours.
