Dedication Services Sunday at St. Thomas

The newly completed St. Thomas Episcopal Church will be the scene of dedication services at 8 p.m. Sunday.

Around Town

Word around town this week is that Continental Grain Company, with headquarters in Fort Worth, has leased the Fraser elevators.

Mr. and Mrs. H. J. Lemley of Lubbock are putting in the dry goods and home furnishings store at the south end of Main Street in the building built by Dwight Stubbiefield of Amarillo.

The "smitty's" have got to go. City police warn this week that they are going to start clamping down on traffic violators and on drivers of cars whose accessories may defy Hereford's anti-noise ordinance.

Groundbreaking Set September 9 By First Christian

The First Christian Church, now housed in one of the oldest church structures in town, will soon start construction of a modern church plant, thus culminating plans that have been underway for more than a year.

Contract on the building will be let Aug. 30 and construction is slated to begin shortly thereafter.

Mrs. Harris Is New Meter Maid

Hereford's new meter maid is expected to begin her duties on Monday, according to Duane Bayne, city manager.

Mrs. Melvina Harris was named this week from a field of seven applicants. Married, and the mother of a married daughter, Mrs. Harris will work from 9 a.m. until 5:30 p.m. Monday through Friday and from 9 a.m. until 5 p.m. on Saturday.

Her duties are to check parking meters and ticket cars on expired meters. She will carry change for drivers who need parking meter coins and will supply information to tourists, newcomers, etc.

Her tailor-made uniform, ordered from Amarillo, will not be delivered until next week. Patterned after the uniforms of airline stewardesses, her suit will be in shades of tan.

The overcast cap is of matching material. Her shoes are not regulation but she may wear any comfortable walking shoe.

Police Investigate Trautman's Theft

The Hereford Police Department is investigating a reported theft on Tuesday afternoon of over \$200 in cash at the Trautman Bros. packing shed, east of the city.

"FANTASTIC UNITED STATES"

Colombians Pioneer Overland Route Between The Americas

When Carlos Londono meshed the gears of his 1920-model White truck on May 9, 1953 and drove north from Bogota, Colombia—the northernmost country of South America — his destination was Cleveland, Ohio.

With him were his wife, Emma, then 22, their sons Carlos Jr., 5, and Danilo, 2. They had passports and visas that would carry them through the countries of Panama, Costa Rica, Nicaragua, Honduras, San Salvador, Guatemala and Mexico.

Monday, at last on the final leg of their 9,000 mile journey over high mountains, trackless jungles, oozing swamps, hot and dusty roads and treacherous highways, they rolled into Hereford. In 15 or 20 days, they expect to be in Cleveland.

First Truck Through And Carlos Londono, now 26 and the first man to drive a truck from South America to the United States, still carried with him a dream of "Estados Unidos. Your United States. A country of industry and opportunity. The place where I would raise my children so that they might know that opportunity."

Humble but strong, thin but counting himself very fortunate, Carlos found his long trip — during which his union with Emma has been enriched by the birth of two daughters — a means of strengthening his belief in the significance of the United States.

"While taking so much time to get here, we had to stop and work, and for the births of our children. We had time to observe the customs and laws, the government and ways of the people of the nations of Central America. The United States is the greatest," he solemnly declares. His statement is made as solemnly as an affirmation of faith.

"We Were Lucky" Of the long journey, the young Colombian shrugs-off mentions of adversity. "We were lucky. The children grew strong and healthy. We had no trouble with Indians, or revolutionaries."

But as you talk longer with Carlos, you hear of the highlights of the trip from Bogota to Hereford and you wonder what this young man and his family would consider hardships!

With Emma, in 1952, he began preparing his truck — purchased in 1949 for about \$300 — for the migration. They worked a year, building the box-like living-quarters on the high truck bed. Completed, it contained ice box and stove, beds, and storage space. A bit primitive to North Americans, perhaps, but not fashioned without pride.

Tribe Highlights The day they left Bogota for the United States, the Colombian capital's leading newspaper gave them and their work and their goal much space in its columns. The pictures on the now yellowed sheets show a handsome, well-dressed young couple and their two youngsters. There was no disguising the

age of the truck, but shining with a new paint job and carrying neatly-painted signs explaining their journey, it was at least as noble a vehicle as the Prairie Schooners in which many of our own ancestors came West.

In Panama, two events occurred that the Londonos will long recall. One was the birth of Betty Patricia, now 3; the first daughter. Born in the clinic of the Central Fire Station, Panama City, Canal Zone, she has as godfathers, 54 firemen.

The second: While parked one night in the jungle, Emma was awakened by a strange noise. Carlos awakened, discerned two red eyes staring down from the window above them; "a tiger" he explains, "attracted by the smell of meat in our icebox which we had left open after our ice had melted."

Takes A Trophy He fired from his bed. The cat screamed and fell to the ground. Today, its spotted skin decorates the wall beside the window through which it peered briefly.

A less vulnerable enemy threatened when the "Bogota Bus" rolled into Costa Rica: Revolution, and with it the threat of being fired-upon by either government troops or the revolutionaries.

"I obtained flags of both sides to show we were mad at nobody as we made our way through the country," Carlos laughs.

Dense Jungle The threat of gunfire was, however, to the jungle of primitive Central American country. Londono recalls one stretch of the trip where they had to literally hack their way through the trees. "We drove just 14 kilometers — less than nine miles — in six days."

But when at last they came to the northern border of Costa Rica, the Londonos weren't yet "out of the woods." Their awkward truck was driven onto a primitive barge for a short trip across an estuary on the nation's coast.

Beneath The Pacific "The barge rocked too much, and chug! There was our truck with 272.5 tons we owned, beneath the waters of the Pacific Ocean," laments Carlos.

"It was horrible," nods Emma. Her knowledge of English is limited, but not without moments of eloquence.

Thirty-six hours later, with the aid of 14 Costa Rican soldiers and a Caterpillar tractor — loaned by a contractor for the Pan American Highway which will soon link the two Americas for unlimited travel — the water-soaked truck was hauled back onto the beach. Two weeks later, after countless washings with fresh water and careful work to minimize the affects that salt water would have on the truck, Carlos rolled northward again.

Counting The Loss "Our clothes, our beds, everything had been soaked with the sea water and had to be cleaned — though many things were ruined," sorrowfully recalls his wife. That 36 hours beneath the sea

still gets credit for the "condition" of the truck. "It nearly ruined everything," says Carlos.

Moving ever northward, stopping occasionally to paint signs or work as a mechanic, the family at last reached Quetzaltenango, Guatemala. And they stopped there to await the birth of their third child.

At Quetzaltenango Quietzaltita Sabina, named for the place of her birth, was born just a year ago in the clinic in Quetzaltenango.

"Central American clinics are very poor. Very crude. But you

HIGH BIDS STYMIE HOSPITAL WING

Soil Bank Land Now Opened To Grazing

Drouth disaster designation was granted Tuesday to Deaf Smith County on the request of the Agricultural Stabilization and Conservation committee. The designation opens some soil bank land for grazing.

Rep. Walter Rogers made the announcement of action taken by Secretary of Agriculture Ezra Taft Benson in adding Deaf Smith to a list of over 75 counties already designated drouth disaster areas.

This county had been included on the drouth list through June 30, but a request to extend the program through July was turned-down by the State Drouth Committee.

Feed Program Re-Instated Faust Collier of the Hereford ASC office has been notified that the drouth emergency feed program will also be reinstated here.

The feed program provides owners of basic livestock breeding herds a one cent per pound reduction in cost of price — supported grains needed to maintain the herd.

ASC committeemen and other observers as well as livestock growers in this area have noted that dryland pastures have been so hard-hit by drouth that many herds have had to be fed through the summer. Some further decrease in the county's cattle population was regarded as inevitable in the face of continued drouth.

Opening the soil bank acreage reserve land to grazing may be of some benefit to the county's wheat growers. A total acreage of \$8,041 was "banked" during June and July by the county's farmers. All but 137 acres was wheat land.

Soil bank payments on the 1956 crops will total \$407,222, according to the final ASC report on acreage reserve agreements.

Can't Lease Soil Bank Land Collier emphasized that while farmers will not be permitted to pasture livestock on soil bank acres, the provision applies only to the operator's own herd. "No lease-

Reject Offers; \$123,286 Is Low Estimate on Job

Plans for the new \$100,000 addition to Deaf Smith County Hospital were roughly upset at the bid opening Wednesday morning. Of nine bids presented on the construction job, the lowest was for a basic cost of \$123,286.

The 25 contractor - representatives who had attended the bid opening were ushered out of the county courtroom after the formal bid opening. The Commissioners Court and Hospital Board then spent an hour and 30 minutes in consultation with architect William Townes of Amarillo, designer of the building.

At high noon, County Judge Homer Henslee reported, "The bids are over our head. We just can't do anything about it right now. Another meeting will be held next Tuesday."

Commenting on the proposed cost of \$100,000 and the bids on construction, the new pediatrics wing which ranged from \$123,286 upward to \$133,600, one contractor noted that "missing a cost estimate by 20 percent should make an architect's face quite red."

The reaction of Deaf Smith County citizens is yet to be seen. The new wing as proposed resulted from a \$50,000 grant from the Jim Hill Estate. The grant has several strings attached. First, that no bond money could be used for the building. Second, that their grant must be matched by individual donations. An Aug. 17 deadline was established for beginning the project.

To Add 25 Beds As proposed and presented to prospective donors, the building would give the county hospital facility a pediatrics wing which would add 25 beds to the building's present 36 bed and 10 bassinets capacity.

Earlier work in building the hospital to its present \$300,000 valuation has been financed through bond issues.

A member of the hospital board noted that the costs of the new wing may have to be shaved by decreasing its size. He said he felt that the Jim Hill Estate representatives will be very reasonable in granting time to adjust the size of the building to that of funds available.

And he indicated that attempting to raise the additional funds needed for the complete building "looks hopeless. Just about every bush was shaken to raise the

Voters Cut Ballot Capers At Election

Deaf Smith County voters had a gay time cutting ballot capers in last Saturday's Democratic Primary election.

Apparently many voters thought that other candidates should have been running for offices in last Saturday's Democratic Primary elections. Thirty - three different names appeared on the ballot sheets as write-in candidates.

Jay Boston received one write-in vote for State Representative, 96th Legislative District. Notching two votes for Sheriff was N. E. Milburn.

Other write-ins were for chairman positions in various precincts. For precinct two chairman, the following were write-in candidates and received nominations although some didn't even live in the precinct: R. R. Wills, 2; Doc Carter, 1; Henry Sears, 2; Leo Forrest, 3; Robert Veigel, 2; Troy Moore, 1; T. W. Alderson, 1; Ray Cowser, 2; R. L. Thompson, 1; C. C. Acker, 1.

Charles Seed, 3; Earnest Lanelev, 1; John Pittman, 4; John D. Alkin, 2; Wayne Thomas, 2; B. H. Kirby, 3; Harold Banks, 2; Joe Evans, 2; Lyle Blanton, 1; James W. Wilberforce, 1; Frank Beizer, 2, and Ed Pfeil, 1.

Troy Moore gained one write-in vote for chairman of precinct one while H. W. Emble got two on absentee ballots for the same post. Hasty Benson, Bill Hromas, Wayne Thomas, James White, S. N. Thwait, Jim Clark and Antonio Brown were the other write-in candidates for precinct chairman positions.

HARVEST GUARD—When their onions and potatoes "are in the sack," many farmers in this area have found the risk too great to leave their valuable crops unprotected. The Sheriff's department has had some reports of thefts from fields, and recognizes the rights of individuals to guard their property. Lawrence Kendall was photographed on guard in his onion field just south of town. (Staff Photo)

Colombians... Around.....

(Continued From Page 1)

have to go somewhere," shrugs Carlos. "In the United States, hospitals and your doctors are much better."

In Mexico City, where they arrived in May, 1955, the Londonos were royally feted. Their triumph over the trackless jungles far to the south made them heroic figures. But Carlos worked again to earn more money to take them further toward Cleveland, Ohio.

Job Waiting
"Occasionally, along the way, he has corresponded with 'Mr. Robert Black of Cleveland, Ohio.' Black, he explains is the president of the White Motor Co. And Black has from time to time indicated that if Carlos 'makes the trip' he will be hired as a mechanic."

In Hereford, truck drivers who talked with Londono figured he probably knows more about 1920-model White trucks than any man alive. As for "guts," several observed that no one they know has ever shown quite so many.

"His family," they noted after observing Emma's loving care of the four youngsters - their behavior and conversation, "is just a wonder to behold. And that largest boy, Carlos Jr., is as smart as a whip. Speaks good English. And you should have seen him helping his dad repair a wheel! Just eight-years-old and never had to be told twice... anything."

"We can use more people like these in this country," ran the truckers' comments.

Letter to Ike
"But the United States might not have ever seen the Londono family. When they arrived at the International Bridge separating Juarez from El Paso, customs officials told Carlos their passports and visas were in order. But the visa they noted was only good for a six-months visa."

"That was not good," said Carlos. "We came not to visit but to live."

"So, we turned back to Juarez and where I wrote a letter to President Eisenhower. In Spanish, I wrote of our trip from Bogota and of our desire to live and work in his country. We would make no trouble, we would ask for nothing except freedom to work and learn the way of life in the United States. We would be able to work and make our own way."

Permanent Visa
He turned then for over three months to his old trades, sign-painting and mechanics. He says he did not doubt that the President "Ike" would attend to the matter. At last, a permanent visa to enter the U.S. arrived.

Carlos, Emma, Carlos Jr., Dango, Nelly Patricia and Quetzalita Sabina in their 36-year-old truck sailed across the bridge into El Paso and their new land.

A man who puts first things first, Carlos purchased a Spanish-English dictionary and vocabulary guide as his first act upon entering this country.

Practice English

Today, he apologizes and expresses "frustration because my English phrasing and understanding are not perfect. But each evening, we practice our English. We do not stay much with Latin Americans because their talk and ways are foreign. Instead, we talk and much like to visit with people like you because we would better know your country."

Carlos has worked five months now since entering the United States. His last two months were spent with a neon sign firm at Roswell, N. M. There he earned the money that he hopes will take the family in its wheezing truck all the way to Cleveland.

"His Roswell employee told Carlos he would welcome him back if things 'didn't work out in Cleveland."

But the road may not be too smooth. George (Bud) Allen, trucker and Democratic nominee for sheriff in Lincoln County, Okla., noticed a broken wheel rim on the truck when it pulled into Hereford. Then Allen and his friends "adopted" the Londonos until they could get the "Bogota Bus" rolling in better shape.

Trucker's Viewpoint
Allen turned down a trip to make sure things were rolling smoothly when the Colombians again rolled east Tuesday afternoon.

"When you see people like this Londono family, people who have struggled so hard to get to our country, you want to make sure they will continue to be proud to live here," said Allen, a man who speaks bluntly, but with much feeling.

White parked in Hereford, the adult Londonos could not help but turn and stare each time a train roared by on the tracks across Highway 60.

"Fantastic!" breathed Carlos. "Fantastic!" echoed Emma. "Everything in your country is fantastic. The United States is the greatest," said Carlos J. Londono Sr., an American Pioneer.

Mr. and Mrs. S. A. Potts and children, and Mr. and Mrs. Howard Potts of Amarillo were in Amarillo Friday to visit their aunt and uncle, Mr. and Mrs. E. Ramsey.

in August, 1954, when 35 babies were delivered at the hospital.

REBEKAH'S INSTITUTE LOCKNEY ORDER

Twelve members of the Hereford Rebekah Lodge were in Lockney Friday night where they assisted in instituting a Rebekah Order.

Included were Mesdames Lydia Hopson, Aline Lomenick, Earline Manning, Orpha Nickerson, Irene Merritt, Roberta Combs, Lovita Fitzgerald, Glessie Shelton, Anna Conklin, noble grand, and C. D. Fitzgerald, Wallace Shelton and Ben Conklin.

Ground...

(Continued From Page 1)

planned with the assistance of utility company, home economists to assure convenience and safety in serving large groups.

Actual construction of the church plant will culminate years of planning and months of intensive effort on the part of church members.

Biggest in Town

The present structure was built about the time of World War I. At the time it was the largest building in the town and was planned to be used as a city auditorium,

also. The dome, which for years identified Hereford's skyline, was the only one in town, and was designed and built by a local craftsman.

The church does not plan to keep their present building after constructing their new plant.

In addition to Mr. Scott's building campaign committee the major part of the work on the building was delegated to two other groups, the building plans committee headed by Tray Moore, and the church board of which Robert Veigel is chairman.

There are 618,422 members of Parent Teacher societies in Illinois.

Hospital Notes

Patients in the Hospital

Difference Between Good Cooks, Ordinary Cooks Is Imagination

Oftentimes the secret between
being an ordinary cook and being
a good cook is the secret of a pinch
of seasoning or a dash of imagi-
nation — of being able to do unusu-
al things with usual food.
This week's suggested recipes,
compiled by Cecily Brownstone,
of the Associated Press, makes use
of just such tricks.
For instance, she suggests lav-
ish use of fruits in summertime
menus. For dessert she employs
blueberries and mandarin oran-
ges. Hereford homemakers will
find frozen blueberries and cans
of the delicious orange segments
at their local grocers, although the
fresh foods may be a bit hard to
come by.
Again, she uses eggs with broil-
ed mushrooms, another product
that's difficult to buy fresh, but
easy to find in cans.
She takes frozen shrimp soup
and a dash of curry powder and
adds it to a dish that's really out of
the ordinary.
But here are her menus for the
week, in their entirety.

COMPANY SUPPER
Simple but delicious compe-
ment making use of fresh and handy
canned fruit.
Curried Chicken with Rice and
Green Peas Hot Biscuits
Salad Bowl Beverage
Mandarin Berry Bowl Beverage
MANDARIN BERRY BOWL
Ingredients: 1 cup cultivated
blueberries (washed and drained),
1 can (11 ounces) mandarin oran-
ges, 1/4 teaspoon vanilla.
Method: Have blueberries and
orange segments in glass serving
dish. Stir orange syrup and vanilla
together; pour over fruit. Makes
4 servings. Recipe may be doubled.
FAMILY SUPPER
California Pork Chops
Baked Canned Sweet Potatoes
Broccoli Salad
Bread Tray
Fruit Betty Beverage
CALIFORNIA PORK CHOPS
Ingredients: 4 thick pork chops
(about 1 1/2 pounds), 1 1/2 teaspoons
kitchen bouquet, 1/3 cup orange
juice, 1 teaspoon salt, 1/2 teaspoon
powdered ginger, 1 lemon (thinly
sliced and unpeeled).
Method: Remove excess fat from
around chops. Melt a small piece
of the fat in a heavy skillet so it
is covered with a film; remove
fat. Brush chops on both sides
with kitchen bouquet. Brown chops
lightly over moderate heat in skil-
let; remove to small shallow bak-
ing pan. Mix orange juice, salt and
ginger; pour over chops; top the
chops with lemon slices. Bake in
moderate (350 degrees) oven until
tender — about 1 hour. Makes 4
servings.
FAMILY LUNCH
A main course that tastes good
and looks tempting.
Eggs in the Cradle
Sliced Tomatoes and Cucumbers
Bread Tray Beverage
Cookies
EGGS IN THE CRADLE
Ingredients: 4 cups seasoned po-
tatoes, mashed, 1 can (3 ounces)
sliced broiled mushrooms, milk, 4
tablespoons butter or margarine, 4
tablespoons flour, 1/2 teaspoon salt,
1/8 teaspoon pepper, 6 hard-cooked
eggs (shelled and halved) 2 table-
spoons finely diced green pepper,
grated Parmesan cheese, paprika.
Method: Line 4 individual casser-
oles with seasoned mashed pota-
toes, Drain mushrooms; add en-
ough milk to mushroom liquid to
make 2 cups. Melt butter in a
saucepan over low heat; stir in the
flour, salt and pepper. Add milk-
mushroom mixture; cook and stir
constantly until thickened and bub-
bling. Add mushrooms and green pep-
per; reheat. Place 3 egg halves in
each casserole. Cover with
sauce and sprinkle cheese over
top; sprinkle paprika along ed-
ges. Bake in hot (400 degrees) oven
10 minutes or until potatoes are
hot. Serve at once. Makes 4 ser-
vings.
THE BRIDE COOK'S SUPPER
Good idea to serve a hot soup
with a cold main course.
Savory Shrimp Soup
Cold Boiled Lobster Cole Slaw
Hot Biscuits Beverage
Cantaloupe
SAVORY SHRIMP SOUP
Ingredients: 1 can (10 ounces)
condensed frozen cream shrimp
soup, 2 tablespoons tomato paste,
1/4 teaspoon sugar, 1/4 teaspoon of
curry powder, minced chives or
parsley (if desired).
Method: Place unopened can of
soup in hot water for 2 to 3 min-
utes before opening for easy re-
moval. Turn soup into a saucepan;
add soup can with water and add
Heat slowly, stirring often, until
melted. Bring to a boil. Add to-
mato paste, sugar and curry pow-
der. Stir well and allow to stand
over low heat a few minutes.
Serve sprinkled with chives or par-
sley if desired. Makes 2 servings.
SATURDAY SUPPER
Easy eat-now vegetable relish.
Cold Roast Beef
Mashed Potatoes
Tomato Relish
Bread Tray
Frosted Layer Cake
Beverage
TOMATO RELISH
Ingredients: 2 1/2 pound tomatoes,

1/2 cup finely diced celery, 1 small
onion (peeled and minced), 1/3
cup drained finely chopped sweet
pickles, 1 1/2 teaspoons salt, 1/8 tea-
spoon pepper, 1 tablespoon sugar,
2 tablespoons vinegar from pickles.
Method: Peel tomatoes; remove
stem ends; chop. Add celery, on-
ion, pickles, salt, pepper, sugar
and pickle vinegar. Refrigerate for
several hours. Drain well.
SUNDAY DINNER
Such a delicious peach dessert!
Roast Chicken and Gravy
Steamed Rice Creamed Spinach
Salad Bread Tray
Fresh Peach Pudding Beverage
FRESH PEACH PUDDING
Ingredients: 1/2 cup flour, 1/2 cup
firmly packed light brown sugar,
salt, 1/3 cup butter or margarine,
2 pounds (about 5 medium-sized)
freestone peaches, 1 teaspoon of
grated lemon rind.
Method: Stir flour, brown sugar
and a dash of salt together in a
mixing bowl. Work in butter with
pastry blender or fingers until par-
ticles can't be seen. Peel, pit and
halve peaches; arrange, cavity-
sides up, in heat-resistant glass
pie dish (8 inches across top and
about 2 inches deep). Sprinkle the
peaches with lemon rind. Sprinkle
flour mixture over top of peaches
carefully. Bake in slow (325 de-
grees) oven about 1 hour or until
peaches are cooked through and
topping is lightly browned. Some
of flour mixture will probably trick-
le down and mix with peach juice
to form a small amount of deli-
cious sauce. Serve warm with
cream. Makes 5 servings.

By VERN SANFORD
Texas Press Association
AUSTIN — Texas' critical teach-
er shortage and some reasons for
it are spotlighted in two reports
just released.
With school bells due to ring in
a month, an estimated 7,615 teach-
ing positions still are vacant in
Texas, according to the Texas
State Teachers Association. To fill
these jobs only 1,310 teachers are
known to be available.
This means six openings for each
teacher wanting a job, said TSTA
Executive Secretary Charles Ten-
nyson. Almost 4,000 teachers left
the profession last year.
Apparently explanation for this
wholesale snubbing of classroom
posts came in statistics reported
by Dr. Hob Gray of the University
of Texas Teacher Placement Bu-
reau.
This year's education graduates
will average \$346 per month for
nine months, said Dr. Gray. But
the engineering - science graduate
can expect \$431 per month all
year.
Teachers with master's degrees
do a little better, averaging \$358
monthly. But a master's degree
in engineering or science com-
mands an average salary of \$557.
Almost all University graduates
go to schools paying more than
state minimum requirements, said
Dr. Gray. Highest school salaries
in the state are at the West Texas
institute of Snyder. There the be-
ginning teacher salary is \$4,000 for
nine months, or \$445 monthly.
Less affluent districts have to
scramble. University graduates
can be quite choosy since de-
mands for their services are ex-
ceptionally high. Ratio of jobs to
graduates is 10 to one in all po-
sitions, 100 to one in mathematics
and science.
COERT UPHOLDS UNION SHOP
Texas' controversial right-to-
work law has lost another round
in the courts. But champions of
the law say the issue is far from
being finally settled.
By a 6-to-3 decision the State
Supreme Court said a closed
shop contract between unions and
Santa Fe Railway Co.
Texas law prohibits compulsory
union membership, but a 1951 act
of Congress authorized closed shop
in the railway industry.
Atty. Gen. John Ben Sheppard,
who had intervened on behalf of
Texas law, predicted a motion for
rehearing after the court reso-
lves Oct. 3. "The full question of
compulsory union membership is
yet to be determined," said Shep-
pard. "Nor do I think the major-
ity decision abrogates our right-
to-work law."
Their decision, majority judges
noted, paralleled a U.S. Supreme
Court ruling in a similar case from
Nebraska. Union shop contracts,
said the Texas ruling, do not
"compel full union membership,
but only payment of union dues
and assessments."
Dissenting judges spoke out a-
gainst "Compulsory financial sup-
port of a private organization by

those who do not subscribe to its
program" as "the chief evil to be
forever prohibited."
1957 ROAD PROGRAM AN-
NOUNCED — Plans to spend \$29-
000,000 on building new roads in
1957 have been outlined by the Tex-
as Highway Department.
In addition, \$35 million will be
spent on maintenance. Through
the federal aid bill, Uncle Sam will
absorb \$117,000,000 of the \$264,000-
000 total tab.
Motorists can look forward to
smooth sailing on the roads plan-
ned under the new federal-state
building program. Some 3,000
miles of modern expressways with
out cross traffic or railroad cross-
ings are due in the near future,
said State Highway Engineer De-
Witt Greer. Many will be divided
highways. Two-lane roads will be
built so two more lanes can be
added.
In anticipation of this flood of
highway spending, road contract-
ors are trying to get enough engi-
neers and skilled laborers to do the
work. Texas Highway Branch, As-
sociated General Contractors, is
considering two plans.
One is to grant scholarships at
engineering colleges. Another is to
set up a training school on opera-
tion of machinery and heavy equip-
ment at some university.
MORE INTEGRATION PRE-
DICTIONED — More integration in
Texas public schools next year is
predicted by the Texas Commis-
sion on Race Relations.
Austin headquarters of the anti-
segregation commission said last
week that 300,000 students in 71
districts attended wholly or par-
tially integrated schools last year.
This meant that one in five of
the state's 1 1/2 million students and
one in 26 school districts were af-
fected. None of these was located
in the eastern quarter of the state
nor in the major cities of Houston
Waco, Dallas and Fort Worth.
Ninety Negroes are expected to
enroll with some 18,000 white stu-
dents at the University of Texas
this fall. Thirty will be freshmen
who passed admissions tests; 19
transfers from other colleges and
about 40 returning graduate stu-
dents.
This will be the first time for Ne-
groes to attend the University's
undergraduate schools.
VACCINE SUPPLY OVER-
FLOWING — In April, Texas had too
little polio vaccine for too many
people. Today the problem is re-
versed.
Despite the State Health De-
partment's continuing campaign
for wider use, Texas turned back
90 percent of its most recent vac-
cine allocation. Lack of demand
was given as the reason.
In Austin the county polio chap-
ter chairman suggested Salk shots
be made compulsory for school en-
trance, just as smallpox and dip-
theria vaccines. School Board mem-
bers promised to consider it at
their meeting Aug. 13.
SHORT SNORTS — Manufacturers
will be asked to discontinue
production of insecticides contain-
ing thallium sulphate, a State
Health Department official re-
ports. At least three children have
died and dozens more have been
hospitalized from thallium poison-
ing, said the announcement.
Texas will be asked to provide 687
men in September draft call, said
State Selective Service Headquar-
ters. At the same time draft
boards will be asked for 1,140 men
to take pre-induction physical and
mental examinations. Lower
Rio Grande Valley farmers have
ginned 149,073 bales of cotton so
far this year, compared with 138-
915 for the same period in 1955,
said the State Agriculture Depart-
ment. Texas has won two more
contracts for recovery of veter-
ans land funds. An Austin district
court has just awarded the state
judgments totaling \$97,611.00.

Redbirds And Yankees Notch Victories

Cards Smash Giants, 11-5 With Power Hitting Spree

Exhibiting a well-balanced hitting attack and adept play on the field, the high-flying Cardinals breezed to a convincing 11-5 victory over the fading Giants on Monday night. The Redbirds collected 10 base hits off the efforts of two Giant hurlers.

Lefty Warren Sparks won the starting assignment on the Card pitching mound, giving up three safe hits and allowing four runs before being relieved by Jackie Nichols in the fifth with one away. Sparks walked seven Giant batsmen.

The Giants loaded the bases in the first inning but failed to score. After Ronnie Duncan and Larry Hair both walked, Mike Kelly slapped a sharp single into right field to fill the sacks. Then Eugene Jennings struck out, followed by Ken Loerwald who hit a slow in-field bouncer, forcing Duncan out at home plate. With two away and the islands full, Hair was nipped at the plate on an attempted steal from third base.

Leading off for the Cards in the bottom of the first, John Willoughby grounded out to first base. Jimmy Bridges followed with a base on balls. Crashing a stand-up double, Joe Mack Hale scored Bridges with the first Redbird tally.

Tommy Coffman fled out to right field for the second Card out. Then Card catcher Royce Turner banged a one-bagger, sending Hale to the payoff post with the second Redbird run. Turner tallied the third run on a Giant over-throw. Ronnie Welty bounced out second to first to retire the Card side.

Card hurler Sparks got tougher in the second, walking two and sending three Giant batsmen down via the strikeout route. After striking out Ernest Castaneda, Sparks issued a free trip to Giant right fielder Paul Moreno. Don Sheppard was out on a called third strike and then David Dowell walked to place Giant runners on first and third. Sparks blazed a third called strike by Ronnie Duncan to end the Giant half of the second.

Tallying a single run in the bottom of the second, the Redbirds sent seven batsmen to the plate. With one away, Bill Nelson doubled into left field and scored when Sparks followed with a one-base slash to right. Willoughby and Bridges received free passes to first to jam the Card sacks. Hitting a sizzling infield grounder, Joe Mack Hale forced out Sparks at the plate. With the bases still filled, Giant starting pitcher David Dowell whiffed Coffman to put an end to the Card scoring episode.

In the top of the third inning,

BOX SCORE

Cardinals		Giants

		Sheppard, c	2 0 0
		D. Dowell, p	2 0 0

Willoughby, Cain, Coffman, Nichols

The Giants went down one-two-three on a trio of sparkling fielding plays by the Cardinals. Larry Hair and Mike Kelly bounced out second to first, followed by Jennings who bounced an infield roller to third base. Jimmy Bridges fielding the ball perfectly and throwing to first to terminate the Giant half of the third.

The Cards chalked up a lone marker in the lower half of the third frame. With one away, Welty singled and later scored on a series of miscues by the Giant infield. Bill Nelson lined out to Giant first

AGAINST HOOKER

Poloists Win Fifth Straight

Hereford's Palmetto Polo team continued on the unbeaten trail by defeating a well-mounted Hooker, Okla., aggregation, 11-4, Saturday night at Dalhart. The victory was Hereford's fifth straight against no losses.

The Hereford riders were expecting a tough contest with the Hooker team which is an ex-regulation polo squad. Romping to an early lead, the Hereford poloists were never in serious danger as they rode to a convincing triumph. With their win against Hooker, the Hereford team has now defeated every team in the district including Fritch, Dalhart and Hooker. Saturday night's affair was the first time Hereford had ever encountered Hooker.

Next district play for the undefeated Hereford riders will be against Dalhart, last year's district champion. The game will be played in Dalhart under the lights on Saturday night.

Hereford defeated the Dalhart riders in an early season district game by a score of 15-5.

baseman Larry Hair for the third Card out.

Chopping at the Cardinal lead, the Giants came up with two runs in the top of the fourth. Ken Loerwald led off with a one-bagger, followed by Castaneda who walked. Bouncing infield skidder to first, Paul Moreno was safe on a Card error while Loerwald raced home with the first Giant run. Castaneda registered the second tally on another Redbird fielding mishap. With two away, Duncan rolled out second to first to end the Giant

Four Top Performers Will Battle In Tag Team Match

Wrestling "know-how", aplenty will be on display when four top performers, Farmer Jones, Hans Schnabel, Frankie Murdock and Shoulders Newman, invade the Hereford open-air wrestling arena at Whiteface Stadium on Saturday night.

Two newcomers, Hans Schnabel and Shoulders Newman, will be making their first appearances in Hereford.

Wrestlers don't come much tougher than Shoulders Newman who is slated to tangle with Frankie Murdock in the first event of the night.

In the second event of the evening, Hans Schnabel will take on Farmer Jones in what promises to be one of the top matches of the year. Schnabel has been on a "rip and tear" spree in Amarillo for the past few weeks.

A week ago Schnabel wrestled an opponent in the Amarillo arena for 57 minutes without a fall. During the match an outsider jumped in the ring and Schnabel promptly booted the over-zealous fan back out on his nose.

Finally a fan tossed blockbuster Schnabel a chair. Schnabel went to work and knocked everybody out of the ring including the referee—the match was one of the bloodiest ever witnessed in Amarillo.

The main event will be a tag team-match. Farmer Jones and his brother Frankie Murdock will pair together to grapple with Hans Schnabel and Shoulders Newman.

Bombers Nip Dodgers, 5-1 To Cop Fifth Straight Win

Moving like a heavy bulldozer, the Yankees mashed under the skidding Dodgers, 5-1, on Tuesday night to gain their fifth straight victory. The Bombers had to work mightily for the triumph as the bottling Bums pushed the league-leaders to the final putout.

Yankee hurler Drew Kershner went all the way on the Bomber hill, pitching himself in and out of jams for five innings. The Dodgers used a trio of pitchers in trying to stymie the bombarding Bombers. Before the contest was over, David Gray, Jimmy Haney and Lynton Allred all marched to the Dodger mound.

Dodger catcher Barry Gabbert led off for the Bums in the initial frame, hitting a towering ball to deep center field for a stand-up double. Jerry Curtsinger fled out to right field, followed by Charles Callagway who watched a third strike go by. Beating out an infield hit, Lynton Allred reached first to place runners on first and third. Judon Fambrough rolled out pitcher to first to end the Dodger threat.

The Yankees scored one run in their half of the first stanza. After John Buck and S. D. Baize both fanned, Danny McDowell was safe at first on a Bomber fielding miscue. Bill Overall stepped up and lashed a one-bagger, scoring McDowell. Striking out, Butch Hoff left Overall stranded on base.

Recording two hits in the top of the second, the Dodgers' daring base-running failed to pay off as Jimmy Haney and Dennis Rickman were both put out while trying to steal second base after each had singled. Jackie Lee registered the other Bum out, going down swinging.

In the bottom of the second, the Bombers tallied their second run when Van Smith came home on a passed ball after reaching base on a walk. With two away and Yankee runners on first and third, S. D. Baize grounded out to Dodger first baseman Jerry Curtsinger to end the Yankee half of the second.

The Dodgers went hitless and scoreless in the third and fourth innings, as Yankee tosser Drew Kershner faced only six Bum batsmen in the two frames. Kershner allowed the Dodgers one walk while striking out two in the third and fourth.

BOX SCORE

SPEAKING OF SPORTS

By GIL CARLYLE

The stage has been set for a battle royal at Little League park tonight. Battling for survival, the Cardinals will engage the Yankees in what promises to be a real thriller.

The Yankees have suffered only one setback this season; bowing to the Redbirds in the opening game of second half play. Sweeping to first place honors in the Little League first half of play, the mighty Yankees went through eight straight games undefeated.

If the Yankees down the Cards in tonight's contest, the Bombers should have little trouble maintaining first place in the second half. Then on the other hand, if the Cardinals can mow down the Bombers, they would have a good chance to take the second half honors. Tonight's affair will be the last meeting between the two top teams in Little League play this season.

The Yankees will field a half game edge over the Redbirds going into battle tonight. This is due to the fact that a game between the Cards and Dodgers was rained out two weeks ago. The Yankees have a 5-1 record while the Redbirds own a 4-1 slate.

The contest should be a real struggle to the final out.

The Hereford Softball League will close its regular season with two vital games this week, one tonight pitting Piggly Wiggly against Rocky's and the other tomorrow night between the Knights of Columbus and Junior Odd Fellows.

According to Wendell Burdine, president of the Softball League, the league playoffs are scheduled to begin on Sunday afternoon, August 12th. A double header will be played, one game between the first and fourth place teams and the other between the second and third standing clubs.

The first series will be a two-out-of-three games for the league championship.

CAREER WOMEN

- Catalog Store Manager
- Credit Manager
- Sales Personnel

Age to 35

MONTGOMERY WARD is seeking well-qualified career type women, possessing good backgrounds in retail sales, supervisory, credit and collections, and retail selling, to be trained for positions in our new Hereford Catalog Store.

Applicants must be high school graduates and able to meet the public well. Excellent starting salaries with opportunity for increased earnings based on sales. Outstanding employee benefits, such as group hospitalization, merchandise discounts and paid vacations.

Interviews will be conducted in Hereford.

Reply by letter furnishing resume of experience and telephone number. Replies held confidential. Write Mr. Walker, Box 673, Hereford, Texas.

The Hereford Brand, Hereford, Texas, Thursday, August 2, 1956

By Jimmie Gillentine. Some are glad and some are sad, but everyone agrees that the first primary has come and gone.

Precincts 1 and 3 in this county likewise present difficult races to figure. It's two incumbents versus two newcomers.

The Hub Homers are just back from a vacation trip to California, where they saw Disney Land, smog and returned by Hoover Dam.

I was talking with a wholesale produce salesman this week and he reports that "Wahoo" is taking Amarillo by storm.

Ray Cowsert, Joel Hodges, Harry Caylor and other big brass of the Hereford Little League were hosts Tuesday night to a delegation from Canyon.

Just in case you are interested, the Lions Club made between \$1,900 and \$2,000 on their recent

carnival. This is the second highest amount they ever made. The proceeds this year will be paid on their \$5,000 pledge to help build the children's wing on the hospital.

L. B. Russell says that temporary bleachers will be erected on Whiteface Field this year to handle the additional 1956 crowds. All seats, as previously announced, will be reserved.

About the only prediction L. B. will make is that he will have more boys out this year than last season.

Have you noticed the increasing interest in use of fertilizers? This is to be expected in the irrigation belt, but is also spreading over the area below the Caprock.

All in all, it is another step in the transition to scientific farming. It creates another fixed cost and, generally speaking, adds to the complication of running the modern day farm.

Legal Notice

NOTICE to all persons interested in the property located at 303 Avenue I, being the S 30' of E 100' of lot 7 and N 30' of E 100' of lot 8, Block 2/25, Evans Addition to the Town of Hereford, Deaf Smith County, Texas.

Cards...

fourth stanza. The Card powder keg blew sky high in the bottom of the fourth as six big Redbird runs exploded across the plate.

Cardinal relief hurling was needed in the top of the fifth as the Giants surged to life, scoring three runs before Jackie Nichols relieved Warren Sparks on the Redbird tossing platter.

Parts of the Bible have been translated into 1,092 languages under sponsorship of the American Bible Society.

Bombers...

two away, he whizzed a third called strike by Ronnie Duncan. Sending only four hitters to the plate in the bottom of the fifth, the Cardinals went down runless.

Fighting to comeback, the Dodgers got runners on second and third in the top of the sixth but failed to score. With two away, Jackie Lee grounded out second to first to end the game.

The population of the world is about 2,700,000,000.

High Bids.....

present fund. The overall cost might be cut by eliminating some "alternate" features from the wing.

A contractor noted that with an estimated \$37,000 worth of mechanical equipment specified and needed for the hospital wing, figuring the expected cost of construction is more difficult than for other types of construction.

The seven alternate features, if all eliminated, could cut the cost on the two lowest bids from \$123,286 to \$106,006 for Timmons' Construction Co. of Amarillo, and from \$123,297 to \$106,411 for Tri-State Construction Co. of Amarillo.

Westway Club Has Annual Picnic

Westway Home Demonstration Club held its annual summer picnic at Veteran's Memorial Park Sunday. A basket lunch was spread together at the noon hour.

Those attending were Messrs. and Mesdames Harold Rudd, Merlin Kaul, Paul Rudd, Kenneth Rudd, R. L. Wilson, C. A. Sauley, Clifford Moreland, Charles Owen and Dee Johnson. Also Ann Waggoner, Delma Moll, Mary Lynn Morrison, Walter Kaul, Nathan Wilson, Homer Rudd, Larry Kaul and Debra Pierce.

Mrs. C. A. Sauley is the club president.

COURTHOUSE FACE-LIFTING — Forty feet above the courthouse lawn, Ramon Aragon recently was removing crumbled cornices and resurfacing with plain concrete the spots they had decorated since about 1911. The work, ordered by the Commissioners Court after the decorations had been deemed hazardous, was contracted by H. E. Wester. Stuart and Lynn Jones are the ground crew aiding Aragon in the task of removing the cornices. Several of the ornate decorations had toppled from their high perch before the work was begun.

FARM SCENE OF THE WEEK—Concrete irrigation pipe, soon to go underground on Deaf Smith County farms, has been laid at a record rate here since wheat harvest. Farmers like the way it simplifies their watering, cultivation and labor problems. One dealer reported he has laid nearly twice as much pipe during the past 30 days as during the same period of previous years.

WATER SYSTEM IMPROVEMENTS—Laying new lines for Hereford's expanded city water system calls for use of some novel implements. ABOVE—A trench digger moves into place beside the railroad tracks to cut a ditch that will carry a main toward the two new million gallon reservoirs. Panhandle Construction Co. of Lubbock had the contract for the tunneling job which brought a 12-inch line under both the tracks and Highway 60. The endless chain digger easily bites a 10-foot deep channel for pipelines. RIGHT—The narrow shaft of this tunneling machine pushes a 20-inch bit

under the Santa Fe tracks near the intersection of Park Ave. and Highway 60. FAR RIGHT—Helping line-up the ditching machines on the job Onias Carroll, city water department supervisor, finds frequent use for this electronic machine—a pipe locator. Similar in operation to a wartime mine detector, the pipe locator will even give the depth at which a pipe lies buried. The water system expansion is expected to be completed in October. It will give Hereford one of the best city systems located "anywhere," according to Dudley Beyne, city manager. (All Staff Photos)

ELECTION NIGHT—Watching returns posted in front of The Brand office last Saturday night were scores of Deaf Smith County citizens. After they took over a parking place that was vacant, they had elbow room to turn to neigh-

bors and discuss the trends that became apparent as precinct after precinct reported complete totals. The crowd began to thin at 11, but a few men stayed on until final county totals came in at 3 a.m.

Candidates, Neighbors Keep Judges Supplied With Treats

By MRS. S. N. THWEATT

The election was held in Garcia Community House Saturday with a big turnout. There were 78 who voted. S. N. and Mrs. Thweatt, Eldred Brown and Bob Wyly were the ones who held the election.

Candidates were very thoughtful; they kept us well supplied with pop, chewing gum, candy and cigars. Not only they thought of us, but Donna Sue Guseman brought over coffee; Maxine Brown froze ice cream and brought it to us.

Now we four wish to thank each and every one who were so very thoughtful. We enjoyed the treats very much; it was a long day and would have been even longer if people had not been so nice.

Irlbecks Have Guests
Sister Michael of Jonesboro, Ark. and Mr. and Mrs. Joe Lange of Happy were guests of Mr. and Mrs. Henry Irlbeck this last week. The Eldred and Floyd Brown families attended a wiener roast at the home of Mrs. C. W. King in Rosedale Thursday night where all the King family had a get-together.

Mr. and Mrs. S. N. Thweatt were in Amarillo Monday attending to business.

Mrs. Ruth Coleman has returned home from her visit in Elk City, Okla. Her grandsons, David and Ronnie Coleman are visiting here from Amarillo.

Mrs. J. L. Smith was taken on Wednesday to the hospital in Muleshoe where she is being treated for a run down condition. She was reported to be improving Saturday afternoon, but would have to spend a few more days in the hospital.

Mrs. Brown Undergoes Surgery
Mrs. Eldred Brown entered the Osteopathic Hospital in Amarillo Sunday afternoon and underwent surgery Monday morning.

W. L. and Wayne Cicel McCullan were visitors of Mr. and Mrs. S. N. Thweatt Sunday. They brought James McCullan back to work.

S. N.'s sister and family, Mr. and Mrs. Junior Cloud and daughter, Reada, and Spain Thweatt,

SKIN ITCH HOW TO RELIEVE IT IN JUST 15 MINUTES.

If not pleased, your 40c back at any drug store. Instant - drying ITCH-ME-NOT deadens itch and burning; kills germs ON CONTACT. Use day or night for eczema, insect bites, foot itch, other surface rashes. Now at Rodger's Drug!

visited the Thweatts Sunday. Spain will spend a week or so with his brother, Jack.

N. A. Brown's brother, Earnest Brown and wife visited the Browns over the weekend. They were from Electra.

Mrs. J. T. Guinn visited in the home of Mrs. S. N. Thweatt Sunday on her way from church. Mrs. Guinn says she is improved quite a bit from her rheumatism.

Mr. and Mrs. Bobby Northcutt were in Amarillo Saturday. They made it back in time to vote.

Collins Drive School Bus
The Tom Collins spent some two weeks visiting in different places where they had taught and picked up the new school bus for Walcott School at Durant, Okla., on their way home. They returned home the last of last week.

Earl Monroe's family have moved back into our community, and we are very proud to have them with us again. They used to work for Cecil Guseman and moved to Melrose, N. M. Some three or four years ago. Now they are working for Reinauer and living on the ranch south of Roy Pruitts.

Mr. and Mrs. Frances Decker of Bellview, N. M. were visitors of Mr. and Mrs. Floyd Brown Sunday.

Howards Have Guests
Mr. and Mrs. W. D. Howard's daughter and family, Mr. and Mrs. Don Kennedy and children of Clovis spent a week with the Howards recently.

Sunday guests of Earnest Brown were Mr. and Mrs. Clyde Shadix of Rosedale.

Lewis Smith visited his mother in the hospital in Muleshoe Friday. The rain was scattered on Sunday. N. A. Brown received 1 1/2 inches, while Bootleg only had a few drops. Two miles east of Walcott had .3 inches.

The feed is beginning to suffer; we really need a lot of rain. The pastures are burned up.

Mr. and Mrs. Virgil Borman and Mrs. Tommie Monroe attended the funeral of Mrs. Earl Monroe's father in Fort Sumner, N. M. on Saturday.

New York City had 1,052,000 people over 65 years old compared to \$76,230 in 1920.

For an Englishman, an auto trunk is a boot.

PET PARADE—Blue Boy, Mark Clark's young Siamese tom, had a mean "eye on the birdie" as the brand camera clicked. The three-month-old kitten lives with Mark and his parents, Mr. and Mrs. Roy M. Clark, 121 Ave. G.

Long Time Ago

45 Years Ago

Three new farmer telephone lines having 20 subscribers have just been connected with the Hereford exchange of the Southwestern Telegraph and Telephone Co. The lines extend about 18 miles out 25 Mile Avenue and furnishes service to the following well-known people: A. G. Bell, C. I. Powelson, G. T. Higgins, W. R. Higgins, R. G. Guffy, Sherman Williams, E. Wood, J. D. Thompson, Leslie Moreman, John Burch, Al McInosh, H. G. Conkright, Chas. Hodges, I. E. Hopkins, W. C. Russell, Ben Hodges, Mrs. W. M. Cavanaugh, D. L. McDonald and D. P. Vaughn. These lines are now in constant use, by subscribers' telephone communication with each other and through the Southwestern exchange with telephone users in Hereford.

Last Rites Held For John Gehres

Funeral services were conducted Wednesday morning at Rose Chapel of Gilliland Funeral Home for John Gehres, 62, who died on Saturday night in Albuquerque.

Mr. Gehres was injured about 3 p.m. Tuesday in Carrizozo, N. M., when a drill truck backed into a power line. Driver of an nuger truck at the Air Force Base near Carrizozo, he was at work inspecting the runways when the truck hit the power line.

He was immediately taken to the hospital and emergency surgery was performed but his burns were extensive. He passed away about 9-15 p.m. Saturday.

Mr. Gehres had been a pioneer resident of this area and had farmed in the Earth and Springlake area before moving to Albuquerque about 15 years ago. Several members of his family and many friends live near Hereford, although Mr. Gehres himself had never made his home here.

The Rev. Grady Allison, pastor of the Avenue Baptist Church, and Claude Northcutt, pastor of the Nazarene Church, officiated at the last rites. Interment was in West Park Cemetery.

Survivors include his wife, Winnie; one daughter, Mrs. Thelma O'Neal of Albuquerque; a son, Frank Melvin, of California; four grandchildren; three sisters, Mrs. C. T. Troxell and Mrs. Harry Danforth, both of Hereford; Mrs. Nora O'Neal, of Los Angeles, Calif.; and Ray of Kansas City, Kans.

Half of U.S. spending units (families and single people) had incomes of more than \$4,000 each in 1955.

25 Years Ago

All the Plains Country has received a copious down pour of rain during the past week, and Deaf Smith County residents feel that they got their share. According to the rain gauge measurements, 2.3 inches fell slowly from Saturday afternoon until on Monday afternoon.

Row crops in general over the country have been looking and doing fine. Rain was beginning to be needed and the first showers indicated rains only in scattered portions of the country.

Very little wheat remains to be cut, and that piled on the ground will be wet but a few inches on top until the piles are in such position that water will run under them.

Mr., Mrs. E. Ramey Attend Convention

Mr. and Mrs. E. Ramey have returned from Galveston where they attended the 52nd Annual State Convention of the Texas Rural Letter Carriers Association. Headquarters were in the Buena Vista Hotel.

The Rameys were delegates from Hereford with Mrs. Ramey serving on the resolutions committee for the Ladies Auxiliary. They were joined by other delegates of this area, Mr. and Mrs. Grover Forbes of Claude and Nelson C. Smith of Farwell, for the trip.

A joint meeting of the Carriers and the Auxiliary was held with Mayor G. R. Clough and postmaster, Raymond A. Stewart of Galveston giving the welcome to the visitors.

The main speaker for the Association was Jesse W. Wakefield, assistant director Rural Service Division, Bureau of Operations, and the Auxiliary main speaker was Mrs. Wm. Ivins, national Auxiliary officer.

En route home the Rameys visited relatives and friends in Bonham, Ector, Denison, Quanah and Terrell. At Terrell they saw Mr. and Mrs. A. V. Isbel, formerly of

Hereford when he was principal of Hereford High School. Isbel has recently accepted the presidency of Southwestern Christian College at Terrell.

The Shanghai metropolitan area has 6,200,000 people.

NEIGHBORS

Today there are more modern homes that have septic tanks than ever before in the history of our nation. There has been no consideration given to the public for the treatment and care of septic tanks and grease traps.

We are all concerned with where the dangerous polio virus might be existing. According to medical science and bacteriologists, as long as we have proper bacteria reactions in our everyday life, plants and treatment of sewage, healthy and sanitary conditions will be maintained.

Anaerobicul produced by the Capital Sanitation Company of Austin, Texas is new on the market and available to the public and cities for the treatment of sewage disposal. Capital Sanitation laboratories have been serving cities throughout the United States with this product, and their technicians are ever searching for a condition that our product could not handle. Today we can say that we have been able to take care of most of the problems of the treatment of septic tanks, city sewage lines and disposal plants for seventeen years.

The septic tank is a device utilizing the theory of anaerobic digestion just as our large municipal sewage treatment plants practice, however the septic tank is more subject to upsets due to the fact that the waste is from one household or establishment and not a mixture of wastes that may tend to counteract each other, becoming balanced by the time it reaches the city plant. In the septic tank an extra amount of bleaching material, strong acids, or alkalis may kill off certain strains of bacteria, and promote the growth of others, causing the contents to become out of balance and they cannot do their job (decompose the organic matter).

Grease (fats) are more difficult to break down than the bulk of waste entering the septic tank, the fat splitting bacteria get behind with their work, and the result is an accumulation of the grease floating in the top and reducing the digestion capacity of the tank, this grease will work out into the drain field and clog the pipe and soil, this is usually when you have your tank pumped out. Of course, pumping is not the answer, for all you have done is to remove the already established micro-organisms. You have failed to correct the grease problem in the drain field and as soon as the tank becomes full or shortly thereafter, you will experience the same problem.

ANAEROBICUL is a mixture of cultured organisms developed for the express purpose of speeding up anaerobic decomposition of organic matter, and includes a fat splitting bacteria which aids in breaking down the grease to bring the septic tank back into proper balance.

ANAEROBICUL will hasten the seeding of new septic tanks by establishing action much sooner than will occur by natural purposes.

If your septic tank is overloaded ANAEROBICUL, by speeding action, will prolong the need for placing a new tank in operation. The culture would have to be introduced into the tank periodically, about every three months.

If your digestive system, septic tank or cesspool is working properly, not causing odors, draining good—you do not need ANAEROBICUL or any other product sold for the aid of digestion.

This is important! WHEN SOMEONE CALLS AT YOUR HOME WITH A TRUCK AND TELLS YOU THAT YOUR TANK IS ALMOST FULL, THAT IS CORRECT. IT HAS TO BE FULL TO BE FILTERING PROPERLY AND THE MOST HARMFUL THING YOU COULD DO WOULD BE TO HAVE IT PUMPED, FOR PUMPING DESTROYS THE MOST VALUABLE PART OF YOUR TANK. PUMPING DOESN'T CLEAN YOUR LINES OR ELIMINATE ODORS AND YOU PAY AN ENORMOUS PRICE FOR THE HARM DONE.

The most harmful substance you can put in your lines to open them are highly caustic chemicals which can be found on the market ranging in price from 10 to 35 cents a can under trade names which most people are familiar with. Proper bacteria reactions open lines and eliminate odors, also keep TANK FILTERING properly.

The Hallmark

of Circulation Value

In the same way that STERLING on silver signifies a standard of known value, so is the A.B.C. emblem a symbol of integrity for the circulation of newspapers and periodicals. It means that circulation so identified is measured according to the rules and standards of the AUDIT BUREAU OF CIRCULATIONS.

The A.B.C. is a cooperative and non-profit association of 3,450 publishers, advertisers and advertising agencies. Organized in 1914, these buyers and sellers of advertising brought order out of advertising chaos by setting up standards for paid circulation and establishing rules and methods for measuring, auditing and reporting circulations.

Therefore, the work of the A.B.C., of which this newspaper is proud to

be a member, provides you with a direct and valuable service. You can buy advertising as you would make any other sound business investment — on the basis of well known standards, known values.

At regular intervals one of the Bureau's large staff of experienced circulation auditors makes a thorough audit of our circulation records. The results of this exacting audit show: How much circulation we have; where our circulation goes; how it was obtained; and many other facts that

you need in order to know just what you get for your advertising dollars. This audited information is published by the Bureau in easy-to-read A.B.C. reports which are available to our advertisers on request. Ask for a copy of our latest A.B.C. report.

A.B.C. REPORTS — FACTS AS A BASIC MEASURE OF ADVERTISING VALUE

Mrs. Ira Ott To Be Installed As District President Of Auxilary

Mrs. Ira Ott will be installed Sunday as president of the Fifth district of the Legionnaire Auxilary when the group holds its concluding service at the annual state convention in Dallas beginning on Friday.

Mrs. Ott, who also serves on the resolutions committee for the state convention, will make the trip to Dallas accompanied by friends from Amarillo who serve as delegates from Amarillo chapters.

She is the only delegate from the local auxilary and this year, for the first time in several years, there are no delegates from the legion who will attend the state

meeting.

Opens With Parade

The convention will open with a mammoth parade in downtown Dallas Friday morning at 10:30 a.m. A joint session of the convention, composed of The American Legion, The American Legion Auxilary, the 40 Hommes et 8 Chevaux and the 8 and 40, affiliated organizations of The American Legion, will assemble for a joint session at 1:30 p.m. at the Statler Hilton Hotel of Dallas where they will hear Hon. Alvin M. Owsley, Past National Commander of The American Legion, make the principal address.

Others on the program will be Hon. Vernon Smith, Mayor Pro-Tem of Dallas; Culp Krueger of El Campo, Tex., and Mel Kingcaid of Houston. The convention at this time will also hear greetings from the Veterans of Foreign Wars I. W. Cole of Abilene, Commander; Disabled American Veterans Joe F. Ramsey of Houston, Commander.

The Friday evening meeting will be held in Fair Park Picnic Grounds where the Musical Organizations and Color Guard Contest of The American Legion will be held.

Saturday, the delegates will get down to business with a Child Welfare Breakfast in the Baker Hotel. The convention will open at 9:30 a.m. when they will hear the reports of the convention committees.

Following the election all state officers will be installed by outgoing Commander C. L. Downey of Pleasanton.

The Convention will adjourn sine die at noon Sunday.

BOTULISM CAN BE FATAL Hot Weather Increases Possibility Of Food Poisoning, Warns Doctor

Hot weather means an increasing possibility of food poisoning if foods aren't handled carefully, according to Dr. R. R. Wills, county health officer.

Bacteria grow more readily when the weather is warm and this presents the danger of food poisoning. Modern refrigeration and sanitary handling can eliminate part of the danger, but food poisoning still occurs, largely because of carelessness.

Sickness from food poisoning usually strikes quickly and violently. Usually in one to four hours after eating contaminated food, victims feel ill. If it is a mild case of poisoning, recovery usually begins in eight to 12 hours, but victims may feel the ill effects for several days.

Usual symptoms of food poisoning are diarrhea, nausea, vomiting, abdominal cramps and weakness. The effects of food poisoning may be mild, causing only slight weakness and discomfort, or they may be severe enough to result in death. Unfortunately, you can't always tell if food is safe by its appearance, smell or taste. A physician should be called when any of the symptoms of food poisoning are felt, he pointed out.

The staphylococcus organism grows best in foods which are quite fatty, such as ham, pork, salads or sandwiches with rich dressings, cream pies, cream puffs or any food with custard fillings. When you prepare a picnic lunch,

ADRIAN NEWS

John Henry Gruhkey Injured When Kicked in Leg by Horse

By JUDY GRETCHEN PINNELL
John Henry Gruhkey was kicked in the leg by a horse, Sunday afternoon, while he, Edd and Pop Corn Pinnell were trying to round some horses up on the R. L. Pinnell place west of town.

He was taken to the Northwest Texas Hospital immediately. After examination it was found that the skin was torn away from the bone. The cut about an inch long, mid-way down the front of his leg required four stitches to close the cut.

He will remain in the hospital for medication and observation for a few days.

At 11:40 a.m. Sunday, two miles west of town, two cars were involved in a wreck. A group of cars were traveling from the west. One car pulled out to pass another and the car approaching from the east collided, head on into the front door of the other car. As they both headed for the ditch the green Pontiac and black Chrysler were bent up.

Oldham County Sheriff, Day Thompson, investigated the accident. The Vega Ambulance Service carried two women to Amarillo. One woman died and the other, along with four other persons, remained in the hospital.

Mrs. Homfeld's Mother Ill
Mr. and Mrs. Clint Homfeld and family left for St. Louis, Mo., on Monday. Mrs. Homfeld's mother, Mrs. Ledia Hunke is not expected to live.

Those home this week end from school at West Texas State College, were Barbara Pinnell, Mary Gruhkey, Mr. and Mrs. Jimmy Brown and Mr. and Mrs. Roger Gruhkey.

Mrs. Billy Brown was in Northwest Texas Hospital from Thursday through Saturday. She is improving daily.

Darla Betts is home from the hospital and improving from her appendicitis, rapidly.

Visiting with Mr. and Mrs. E. L. Kincaid was their son and his family, Mr. and Mrs. Fay Kincaid and children of California.

Sunday Dinner Guests
Having Sunday dinner in the R. L. Pinnell home were Ninnette Pounds, Gayle Brown, Linda Gruhkey, Alma Mosteller and John Henry Gruhkey.

Mr. and Mrs. John Horton and children returned from their vacation in Colorado Monday.

Rebha Pinnell spent Sunday with Soap'n water will clean up your feet—but they won't clear up **ATHLETE'S FOOT!** Make this easy test. Get instant-drying T-L-L at any drug store. This powerful fungicide will give relief IN ONE HOUR or your doctor back. Today at Roger's Drug.

or a lunch to take to work, it is best not to include these foods in it unless they can be kept chilled until eaten.

Possibly the worst feature of staphylococcus infection is the ease and speed with which it is transmitted to large numbers of persons. It can easily start from a small cut or sore on the hands or body of a careless foodhandler.

Botulism, which is about the most dangerous kind of food poisoning, may be found in home canned vegetables that have not been preserved properly. Home canned string beans seem to be one of the chief foods carrying this poison. Commercially canned food is safe.

Canned food of any kind that appears foamy and smells bad must be thrown away. Never taste food which is suspected of being spoiled. A very small amount of botulism poison may be fatal. Home canned food that is spoiled should be kept away from small children and buried, where animals cannot find it.

DEGREE BY DEGREES
TOLEDO, Ohio. — Philip John Mazzotti isn't a slow learner, despite the fact he required 24 full semesters and one summer school to win his bachelor of science degree in mechanical engineering.

He had almost a straight-A average during the 15½ years since he enrolled.

Except for one semester in 1941 and a three-year tour of active duty with the Army Air Force during World War II, Mazzotti has been in class every semester. He has held a job, moving from draftsman to chief engineer while a student in one or two courses per semester in night school.

Martha and Ricky Gruhkey accompanied their uncle and aunt, Mr. and Mrs. Buster Mosteller home for a few days' visit.

Earl Brown returned from the Cheyenne Rodeo this week.

Banks Have Daughter
Congratulations to Mr. and Mrs. Charles Banks on the arrival of a baby daughter, born Friday at the Neblett Hospital in Canyon.

Mrs. Louise Huguen from Oklahoma City, was here visiting with her father and family, Mr. and Mrs. H. A. Gudgell and Bill.

A group of boys went to Hereford Sunday to swim and picnic, for the celebration of the 13th birthday of Bill Gudgell. In the group were Oscar Bronniman, Sandy Furgerson, Calvin Peters, Hubert Bronniman, Jerry Whitten, David Whitten, Mr. and Mrs. Elbert Whitten, Mrs. H. A. Gudgell and Mrs. Zona Kelley.

Here for a two months visit from her home in Yuma, Ariz., is Mrs. Zona Kelly, sister of Mrs. H. A. Gudgell.

An Associate Lay Leader of Amarillo District of Methodist Church, Wilson Arden, delivered the sermon at the Methodist Church on Sunday. Mr. Arden is a nephew of Norman Jacobson. He and his son, Tom, had dinner with the Jacobsons. Other dinner guests were Mrs. Anna Witt and two grandsons, Robin and Randy, and Mr. and Mrs. Edd Jacobson, and granddaughter, Kathy.

Last Sunday night at the Methodist Church the young people in the Primary, Junior and Senior Departments had charge of the program. Paula Creitz and Marlene Williams sang a duet, "With-in-My Heart," and Glenda Fuhrman closed the meeting with a devotional.

Through His Eyes

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are moulding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

© Williams Newspaper Features
Box 231
Fort Worth, Texas

This is a day of reckoning. This is a day of exactness. This is a day when every man must stand up and be counted. Whether you are a watchmaker or a grinder of high-powered lenses... you've got to be good. *God demands our best.* He is not satisfied with average products. To be out of measurement means the whole of what you are doing is useless. Precision grinding is expected of you if you are to be trusted with the operation of this highly efficient machine. *Spiritual Precision is necessary if you are to walk with God.*

We also are to work in the field of sensitive minds, hearts, nerves and spirits. This is the realm of spiritual and eternal values. Flesh and blood persons are to be dealt with. Am I as careful in moulding the life of a child as in creating a watch, or a lens, or a pilotless plane? There is no better place to learn of the fundamental workings of God than at the little Church on the corner. Here, you will hear the Master Workman, as he says, *"Inasmuch as you did it unto one of the least of these, you did it unto me."*

Local Women Buy 3250 Patterns Per Month In Hereford Stores

Local seamstresses, who buy an estimated 3,250 patterns per month from Hereford stores, will likely greet with joy the new terms for women's dresses.

The shape of American women changed considerably in the 20 years and at last, home dress patterns have caught up with the change.

Smith County women are becoming conscious.

The local stores carry dress patterns. They include J. C. Penney, H. H. Mans, Rutherford and Company, C. R. Anthony and Company, Perry Brothers and McLal-Ben Franklin Store. These stores sell about 750 patterns per month, or a whopping 39,000 per year.

According to Dorothy Roe, Assistant Press Women's Editor, the grip of home seamstress for many years has been the lack of measurements of patterns, which require much time-consuming alterations and often result in uncertain fit.

Now, however, the measuring standard committee of the pattern industry has agreed on a standard sizing for all patterns, conforming more nearly to

dress sizes in the ready-to-wear field. Time was when the standard of womanly beauty was a "perfect 36", with other proportions in accordance, but today every woman works for the ideal 34 bust, 24 waist, 34 hip measurement.

The modern figure has changed since grandmother's day. Today, the bustline is higher, the waist and hips smaller. And now all patterns sold in department stores and local sewing centers have been changed to fit the new national figure more accurately.

All new pattern catalogs have insert sheets showing the new measurements. However, the change-over is not yet complete on the pattern envelopes, though the pattern inside is cut to the new sizing. The trick is to select the pattern size from the chart in the catalog and ignore the measurements printed on the envelope. New pattern envelopes have the new measurements, but older ones may not. The patterns themselves have all been changed and it is practically impossible now to find a pattern with the old measurements.

Here are some tips from local sewing center experts on picking the right size pattern according to the new measurements: Today's size 12 misses' pattern is scaled to 32-25-34, as opposed to the old measurements of 30-25-33. All the pattern companies have adopted the new measurements, and the only difference between individual patterns now is the amount of ease allowed through the bustline. This varies from 4 to 6 inches. If your bust is 33 inches, you have a choice of the size 12 or the size 14 pattern and in most cases the size 12 would be right.

The exception to this rule will be in the case of a garment that requires considerable ease, such as a sports outfit.

Buy your patterns by your actual bust measurement, and do not worry about allowing ease. That's all taken care of. The patterns are still slightly different from ready-to-wear sizes, but the alterations required will be fewer and less complicated than before.

Extra Ease Built-In
When buying a suit or coat pattern, buy the same size you require for a dress or blouse. The extra ease, again, has been provided for in the pattern. For a pair of slacks or skirts, buy your pattern by the waist measurement, unless your hip measurement is larger than that shown for the size. In that case, buy by hip measurement. Remember that it usually is easier to take a pattern in than to let it out.

If you are taller or shorter than average, you need not let that affect your pattern size. Both lengthening and shortening are easy adjustments to make.

The change in sizing follows through the entire range for women, misses', half-sizes, juniors, and teens.

Go Ahead and Measure
When you go to buy your new patterns, get the salesgirl to take your measurements if you are in doubt as to your correct pattern size, and let her advise you. You'll find your fitting problems

much easier if you get a complete measurement, including the width across the back of the shoulders, the distance from shoulder to the neckline and other trouble spots. Use a tape measure to check the pattern size, and make alterations on the pattern before cutting into your fabric.

After you have discovered the minor alterations necessary with the new sizes, the same alterations will be good in patterns from all companies.

One final tip: be sure to do all your fitting over the foundation garment you plan to wear with the new garment.

Junior Confirmation Class from 4 p.m. to 5:30 p.m. Friday.
Adult Confirmation Class at 8:30 p.m. Friday.

Everyone is invited to attend these services.

Mrs. Rex Webster Entertained By Rotary Wives

Wives of Rotary Club officers entertained Mrs. Rex Webster, the wife of the district governor, when she accompanied her husband to Hereford Monday as he made his first official visit to the local unit.

Mrs. Webster, who has lived in Lubbock 30 years, had never visited Hereford before, so in the afternoon, Mrs. O. M. Dickey took her on a sight-seeing trip in and around the town, pointing out the schools, churches, parks, etc. They visited vegetable processing sheds and neighboring farms, also.

Mrs. Webster and Mrs. Henry Benson were also Mrs. Dickey's guests for supper that evening.

Monday morning, Mrs. Benson, wife of the president of Rotary, entertained with an informal coffee honoring Mrs. Webster. Wives of club officials were invited. Mrs. Benson was assisted by Mrs. Bruce Rose and Mrs. Claude McDougal.

A color scheme of yellow and brown was carried out in table decorations. The centerpiece was of yellow dahlias in graduated shades of yellow ranging from palest pastel to a golden hue. Small mauve chrysanthemums formed the accent and rolled canna leaves and cocunut palm provided the greenery.

Guests present were Mesdames Gerald McCaskill, Earl Phillips, Melvin Young, Clinton Massie and the honoree.

Frio Homemakers Study Fabric Care

Members of the Frio Homemakers Club met recently with Mrs. James Dobbs for a program on care of fabrics.

Mrs. Jeff Terrell explained "Intelligent Care of Fabrics" and Mrs. Weldon Stephan talked on washing materials.

Present for the meeting were Mesdames Owen Andrews, Jeff Terrell, Weldon Stephan, Woodrow Jones, Frank Robbins, O. W. Paris, Glenn Roberts, Clark and Henry Dobbs. Visitors included Mrs. S. B. McLallen and Mrs. Danny McLallen.

The next meeting will be with Mrs. Glenn Gripp Aug. 14.

SCHOOL GIFT

OSCEOLA, Neb. (AP)—Last September Dr. Charles W. Jeffrey, of Rawlins, Wyo., physician and a native of Osceola, bought \$200,000 worth of bonds sold to finance a new school here. When Dr. Jeffrey returned to attend a high school alumni banquet he announced he will cancel the last 14 years of the bond issue, a move that amounts to a \$140,000 gift to the school district.

der the direction of Kay Caillet and Bennie Zermeno, was given and the church services were turned over to Rev. E. L. Naugle.

Those enjoying the evening fellowship were Kay Caillet, and Bennie Zermeno of Hereford, Billy Dufur, Ross Joe Landers, Nathan Wilson, Delmon Moll, Gayle and Ann Wagoner, Linda Shafer, Wanda Moll, Larry and Walter Kaul, Dieder, Danny and Deborah Thomas. Adults attending were Mrs. R. L. Wilson, Mr. and Mrs. T. B. Thomas, Mrs. Merlin Kaul, Mrs. Joe Landers, Mrs. G. C. Merritt, Mr. and Mrs. C. A. Sauley and Rev. Naugle.

To Have Picnic
The Westway H. D. Club is planning a picnic for Sunday to be held in Palo Duro. Persons interested in going will meet at the Westway community house and leave from there.

Bud Taylor was in Texline on business Sunday. Despite the daily showers spud and onion harvest is continuing. The workers do not get to put in many hours but it is steady work. Some lettuce is being planted, feed is being irrigated, water furrowed and cotton is being hoed and cared for.

In the movie, "The Last Hunt" the black horse that Robert Taylor rides was bought from Grady Wilson of Faith, S. D.

By Argen Draper

FROZEN FOODS - In freezing vegetables remember to cool vegetables in ice water as long as they were blanched in boiling water. Always seal in containers or wrap in moisture-vapor-proof material. Corn on the cob is one of the vegetables that is recommended to be used within three months. In using frozen eggs, this is the table for correct measurement:
1 tablespoon yolk is equal to 1 egg yolk
2 tablespoons whites are equal to 1 egg white
3 tablespoons yolks and white are equal to 1 whole egg.

PICKLES - Shriveled pickles are caused by too strong solution of vinegar or sugar or by using salt other than pure salt. In making sweet pickles small cucumbers may be left whole if they are no larger than 1/4 inches in diameter and not longer than 2 1/2 inches.

HONEY DEW - on melons is caused by the damage of aphids or plant lice. When the honey dew is evident the damage is being done or has been done. The control of lice is not easy. The safest control is nicotine sulphate but it is difficult to get complete control with it. Malathion and Lindane are recommended; but it is unsafe to use lindane less than 30 days before harvest and malathion 10 days before harvest. Sprays are more effective than dusts in this area because of the wind.

DRESSMAKING - The 7 women who have been taking the Sewing course have finished and

will model their dresses in the 4-H Dress Revue. This is one of the best classes I have ever had. The group has shown very much interest and initiative. They have been industrious and have read reference material and have really gotten a lot out of the course.
How many of you would be interested in a program on making shirts? I know some women who are skilled at shirtmaking and I might be able to arrange a program if there is enough interest.

I have been asked to help at the Day Center with a group of ladies who are interested in club work. Last week when I went out to meet with them they were all interested in sewing. So, this week we begin a course in sewing. Most of them will make dresses for their children. We are going to name the club and get some officers.

DRESS REVUE - Don't forget the 4-H Dress Revue Aug. 6 at 2:30 at the High School Auditorium - this is a very pleasant way to show your appreciation for the 4-H girls, their leaders and parents who have worked so hard on their dresses.

FOUR-H PROGRAMS FOR AUGUST - Mrs. Dorothy Prowell will give demonstrations to the 4-H clubs on upholstering vanity stools, dining room chairs or kitchen chairs. I am going to meet with the Argen H. Draper 4-H Club on Friday. Mrs. Prowell will be in Dimmitt that day judging the dresses for Castro County Dress Revue.

Willing Workers Study Club Record

Members of the Willing Workers Club studied the correct way to keep records when they met recently with Helen Davis. Mrs. Earl Plank gave the program, explaining the importance of accuracy and neatness in keeping records that would be effective.

Later the girls studied correct hair-dos from illustrations in a book showing types of hair styles for various face shapes. Attending the meeting were Ann Gentry, Linda Lemons, Lu Anne Higgins, Helen Davis, Janis Higgins, Dorothy Reznik, and Carolyn Brumley.

CALLING ALL CARS
BISMARCK, N. D. - In this city, Policeman Eddie Hayes shot a squirrel that had undertaken to remodel an elm tree and littered a yard with gnawed-off limbs. Other officers rounded up cattle that were gallivanting over lawns in another part of town. Their owner said someone cut a fence. And a man and his wife were charged with throwing stones in a neighborhood fuss.

There were 643 people killed in New York City traffic accidents in 1955.

MOVIE NEWS

'Animal World' Portrays Earth's Two Billion Years of Development

THE ANIMAL WORLD

Promising startling entertainment, "The Animal World" tells a story that began two billion years ago and is still unfolding. It was written, produced and directed by Irwin Allen and he reveals that it took well over three million feet of color film, shot by naturalists the world over, to bring to completion one of the most ambitious undertakings in the career of the young producer.

This film took three years to produce, and the tremendous dinosaurs animated in it can be seen looking for mates, searching for food, and fighting with one another.

This movie, which has no human beings in it, promises to be one you will remember. Small children will be fascinated and adults will find themselves deeply engrossed in the story. "The Animal World," showing Friday and Saturday at the Star Theatre.

REBEL WITHOUT A CAUSE

This picture probably doesn't

need a review for those of you who saw it when it was showing at the Star Theatre, as it was rated as "very good" by most of the public critics. James Dean and Natalie Woods star in this picture which displays the trials, sorrow, and happiness of modern teenagers. "Rebel Without a Cause," shows at the Tower Drive In Thursday and Friday.

DRUMBEAT

Alan Ladd stars in his first Cinema Scope thriller, "Drumbeat," which will show Saturday at the Tower Drive In. This is the story of the Modoc Indian war of 1869 in Northern California, and is personalized mainly through two characters, Johnny MacKay, a frontier scout, and Captain Jack, eccentric and wily leader of the Modoc Indians who liked to dress in stolen uniforms and affect a military title. Captain Jack is played by Charles Bronson. A peace treaty is needed with the Modoc Indians and Alan Ladd is the man for the job. He is lured into ambush by Captain

Jack, and is almost killed but recovers to capture the Modoc band man and conclude the treaty. This movie is considered to have a rating as high as that of "Broken Arrow," and it will be enjoyed by Western movie fans.

GRAVE CONSEQUENCES

SERGEANT, KY. - A 15-year-old boy came home from a date with a broken leg. His family explained that he and his girl friend were sitting on a 400-pound tombstone in a cemetery when it toppled over on him.
