5th Year — No. 18

Hereford, Texas, Thursday, May 3, 1936

Around Town

Hereford got a real plug at the estate meeting of volunteer firemen in Amarillo Tuesday night, according to Chief Earl Phillips and Assistant Chief Glenn Witheron.

The menu, in big bold letters, had "Hereford Baked Potatoes" as the entree, and was viewed by approximately 300 delegates from Texas, Oklahoma, New Mexico, Arkansas and Louisiana.

"The only trouble we had," said Phillips, "was in trying to explain those guys how we produced potatoes in all of this dust."

Deaf Smith County milk producers stand to make about \$45 per year from the recent milk boost announced Tuesday by Earl L. Holt, assistant secretary of agriculture.

The increase will be 46 cents per hundredweight (approximately 46 1/2 cents) which will bring the price of Grade A milk sold during May 1 to June to \$5.65 per hundredweight. This will mean an average of about \$3 more per day each of the approximately 15 commercial milk producers in the county.

Prices as established by the federal milk order had dropped from 90 in February to \$5.19, but an emergency hearing on April 24 in Austin was conducted by producers in marketing areas of the South and Southwest and led to the increase.

Members of the Palmetto Polo team will go to San Angelo Saturday and Sunday to participate in the first tournament of the season. Hereford, one of 10 towns competing, will play San Angelo at 5 Saturday for the third event. Participating in the elimination.

(Continued On Page 2)

New Enrollment Process Underway at High School

New enrollment process in Hereford High School will begin this week, according to V. C. Overprincipal. For the first time, pre-registration program is being offered to students in high school, enabling them to enroll in classes before next September.

Choice cards will be distributed to senior, sophomore, freshmen and eighth graders, so that they may list the subjects they wish to take next year in high school. During the summer, school officials make out tentative schedules in the choice cards.

School officials believe this procedure will eliminate most of the confusion that takes place during enrollment time in September every year. It is also planned in order to balance the classes and increase classroom facilities.

English IV will not be required next year, and speech or journalism will take its place. However, students are strongly urged to take English IV course if they plan to attend college. Two years of mathematics are required to graduate, one of which must be Algebra.

American History and Advanced Civics are the main requirements on social studies, which will be 2 1/2 credits. Eight and one-half credits will be required on sciences, two of which may be in physics, P.E., or journalism.

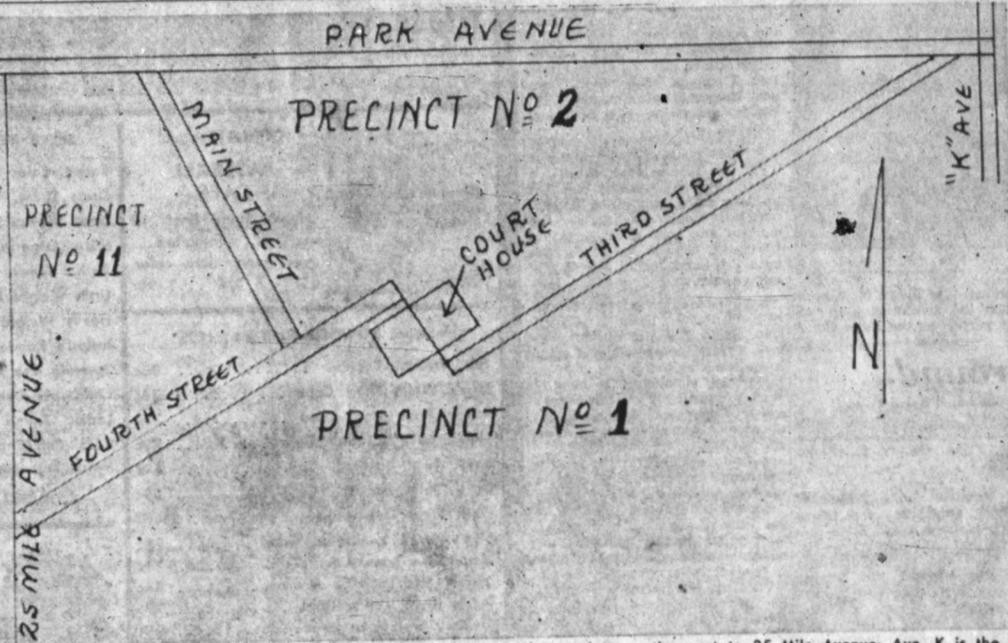

Republican Groups Schedule Precinct Meets

Office of precinct conventions for five Republican groups has been officially filed, according to the county clerk, Monday.

All of the meetings will occur at 3 p.m. Saturday, May 5, and will be held in the following places:

- Precinct 1 — home of Ray P. ...
- Precinct 2 — home of ...
- Precinct 3 — home of ...
- Precinct 4 — home of ...
- Precinct 5 — home of ...
- Precinct 6 — home of ...
- Precinct 7 — home of ...
- Precinct 8 — home of ...
- Precinct 9 — home of ...
- Precinct 10 — home of ...
- Precinct 11 — home of ...

Selected delegates from precinct conventions will attend county conventions on May 8.

WHERE'S YOUR PRECINCT? The above sketch, prepared by County Surveyor A. O. Thompson, attempts to locate the three voting precincts within the city limits of Hereford. Precinct 1 covers from Highway 51 everything south of Fourth Street to a line through the courthouse, then everything south of Third Street to conform with the large map below. Precinct 2 is bounded by Third Street between Ave. K and the center of the courthouse, west along Fourth to Main, which bounds the precinct on the west to 25 Mile Avenue; Ave. K is the dividing line between No. 1 and 2, as shown on the large map. Precinct 11 has Fourth Street and Main Street as southern and eastern boundaries, taking in part of Park Avenue and generally extending west from 25 Mile Avenue as shown on the map below. The center of all streets used as boundaries are official division lines between the precincts.

COUNTY PRECINCT, DIVISION—Outlined in the map above the present time. are voting precincts of Deaf Smith County as they stand at

Record Breaking Attendance At Precinct Meets Predicted

Predictions for record breaking attendance at all Democratic precinct conventions in Deaf Smith County next Saturday were made this week as courthouse officials answered a sudden deluge of questions — and the average man for the first time learned how the machinery of his political party actually functioned.

The precinct conventions, among other things, face a possibility of heavy emphasis on credentials. Such at least, is indicated through the information sought at the courthouse as leaders on both sides in the "Shivers-Johnson feud" made extensive efforts to locate the correct "precinct residence" of numerous voters. The object, it appears, will be to ascertain that all residents of Precinct 2, for instance, appear in Precinct 2 and not in some other precinct.

Poll Tax Lists Challenged

Poll tax lists, used in the past to determine credentials, have been under challenge all week, according to Lowell Sharp, Sheriff-Tax Assessor. Sharp estimated that there are possibly 100 erroneous designations on the list, due to possible errors and chiefly to residents having moved from one precinct to another after they paid their poll tax.

"You vote in the precinct in which you reside at the time of the election," said County Attorney ...

Democratic Precinct Meeting Places

Democratic precinct conventions Saturday will be held at the following places and times, according to Henry Sears, county Democratic chairman:

- Precinct 1 meets in district courtroom, Hereford, 11 a.m. to select 11 delegates.
- Precinct 2—District courtroom, 10 a.m. to select 19 delegates.
- Precinct 3—R. W. Mitchell residence, 3 p.m. to select one delegate.
- Precinct 4—Simms School, 3 p.m. to select one delegate.
- Precinct 5—Daniel School, 3 p.m. to select one delegate.
- Precinct 6—Ford School, 3 p.m. to select one delegate.
- Precinct 7—Dawn School, 3 p.m. to select two delegates.
- Precinct 8—Carida School, 3 p.m. to select one delegate.
- Precinct 9—Bippus School, 3 p.m. to select one delegate.
- Precinct 11—Central School, 10:30 a.m. to select 10 delegates.

HIGHWAY BIDS ON 51-CALL FOR U - Pass, 4 Lanes Through Hereford

Texas Highway Commissioners yesterday authorized the additional overruns in funds necessary for financing the proposed widening of Highway 51, through Hereford and thus cleared the way for letting of bids on the project May 15 and 16.

Announcement of the authorization was made at the same time they proclaimed a \$7 million state highway expansion project for the entire Panhandle, part of which represents a portion of the revenue derived from new federal aid highway act.

Underpass Costs Authorized

According to Charles W. Smith, assistant district engineer from Amarillo, the preliminary estimated cost on the project for construction of an underpass and the widening of Highway 51 for 2.44 miles, was less than the actual cost when changes were made in specifications for the underpass. So this week, commissioners authorized the additional funds.

This road widening project will start just north of the Tierra Blanca Creek Bridge on Highway 51 and will be 66 feet wide up to the intersection of the Highway 60, because of the underpass for the railroad track.

Through town the four lane highway on 51 will be 60 feet wide from the intersection to Moreman Avenue. From Moreman Avenue it will be 40 feet wide to the end of the widening project which is 2000 feet north of the city limits.

In Randall County

Major funds for this project, were voted prior to the recent federal aid highway act, and thus is not affected by it. However, neighboring Randall County received a \$990,000 appropriation for grading structures and surfacing of our lanes on US 87 from Canyon to Swisher and an additional appropriation of \$1,041,000 for grading structures and surfacing on four lanes on US 60 from US 87 in Canyon to the Deaf Smith County line.

Smith pointed out that the stretch of Highway 60 will be four lane highway, and that over all plans call for the four lane extension to run from Canyon to Hereford. However, because of the heavier traffic count in Randall County, that portion of the project will be completed first.

Diagnostic Clinic Scheduled For Handicapped Children

A diagnostic clinic for physically and mentally handicapped children will be conducted at the Hereford Clinic Saturday, May 19, sponsored by the Scottish Rite organization.

According to Dr. L. B. Barnett, president, children from Farmer, Castro, Oldham and Deaf Smith Counties, who are under 19 years of age are eligible to attend. There is no charge.

Pre-Registration Desired

Parents interested in having handicapped children examined at this time are asked to pre-register, and blanks for these applications may be obtained from any member of the organization or from the registration desk at the Hereford Clinic. However, although pre-registration is desirable, it is not essential.

Assisting in this first clinic will be Drs. R. R. Wills, Barnett, Millard Nobles, Roy Grubbs, A. T. Mims, W. D. Lawrence, J. W. Barnett, H. H. Cavness and Milton Adams, all of Hereford, Drs. Paul Spring and Lee Spring, Friona and Spence, Dimmitt.

Specialists to be Present

In addition to doctors from this area, corp of specialists will also be on hand, including Dr. Tom Nash, neurosurgeon, and Dr. Louis Adin, eye, ear, nose and throat specialist, both of Dallas, and Dr. James E. Lovelass, orthopedic surgeon from Lubbock.

Officials in charge emphasize that this is not a treatment clinic but is a diagnostic clinic. Complete examinations will be made and case histories taken, beginning at 9 a.m. Children from birth through 18 years of age may participate free of charge.

Horace Lee Altman Killed in Accident

Funeral services for Horace Lee Altman, 33, of Las Vegas, Nev., will be held this afternoon, May 3, at 2 p.m. at the Assembly of God Church with the Rev. V. W. Marcottell and Rev. Howard Scott officiating. Interment will be in West Park Cemetery.

Mr. Altman was born Jan. 21, 1923 at Lubbock. He was killed in a pickup-car collision April 30 in Las Vegas, Nev., where he was employed by a construction company.

Pallbearers will be Fred West, Preston West, Bartley Dowell, Johnny J. Morton, Grady Wendell Morton and G. B. Hagar.

Survivors include his mother, Mrs. Ocie Altman of Hereford; two sisters, Mrs. Eleanor Brown of San Diego and Mrs. Jeanette Poff of Levelland; one niece and one nephew.

Gilliland Funeral Home is in charge of arrangements.

Group Discusses Setting Up United Fund Drive Here

Possibility of organizing a United Fund drive in Hereford to eliminate the long list of drives now conducted here annually was discussed at a meeting of the Civic Affairs committee of the Chamber of Commerce Tuesday morning, when the group met at 7 a.m. in Hotel Jim Hill.

"A full investigation of the possibilities was approved," said Ben Childers, chairman. "As soon as we have more facts and material we will call some joint meetings with other groups, and will attempt to outline the complete proposal before clubs and interested organizations."

The group, in attendance, Mr. Childers, is composed of Kenneth Coker, Harry Caylor and Flek Harman.

Basically, a United Chest drive would collect budgets from various organizations which conduct the drives here, including Red Cross, polo, cancer, heart, Boy Scouts, Camp Fire and others, and from this list of needs would compile an overall county budget. The United drive would attempt to take care of all fund campaigns in one big, area-wide effort, according to the committee.

"We feel that it has some merit," Childers said. "We would like to know what some of the other people in the community think and will, of course, be guided by the majority." Persons interested in the drive were invited to call the committee members, to contact them on the streets, to write them individually or in care of the Chamber of Commerce.

The Civic Affairs committee also discussed a need for public rest rooms in Damon Park. They definitely felt that some steps should be taken toward erection of such rest rooms, going on record to ward pursuing the problem further toward definite action.

Taylor and Sons Purchase Thomas Grocery Store

Taylor and Sons, recent purchasers of Thomas Food Store in Hereford, will open for business here Thursday, May 3, according to the announcement of Wilford Taylor, who said that formal opening of the store will be temporarily delayed. He also said that Jack Nunley, formerly of Canyon, has been named as manager of the Hereford store.

"We had hoped to be able to hold our formal opening this week," said Mr. Taylor, "but we are restocking the store completely and do not feel that we can do justice to the opening without additional time." He said, however, that the store will be completely stocked in all departments this week.

Nunley, new Hereford manager, has been with Taylor and Sons for the past 10 years, having joined the firm while he was still attending high school in Canyon. The Nunleys have two children, Annie Lee, age five, and Gerald, age three. They are members of the Methodist Church, and Mr. Nunley is a member of the Masonic lodge.

"They plan to move to Hereford as soon as they can dispose of their property in Canyon and locate a home here."

The Taylors are already well known in this area, having operated a store in Umlinger from 1928 to 1933, at which time they went to Canyon and opened their "Country Store" on the Amarillo highway. Present owners of the organization include Wilford Taylor, Wilford Taylor Jr., Jack Taylor and Lindsey Taylor.

Rites Pending For Mrs. Ben Lueb

Rosary services for Mrs. Ben Lueb, 56, were held Wednesday evening and will also be held this evening at 8 p.m. in the Rose Chapel at Gilliland Funeral Home. Funeral arrangements are pending. Mrs. Lueb died Wednesday morning at the Deaf Smith County Hospital.

She was born Amelia Elizabeth Coffman, April 18, 1900 at Redbud, Ill. She married Ben Lueb, Nov. 22, 1927 at Durant, Okla., and they came to Hereford in April of 1931 from Durant, Okla. The family home was at 126 Ave. G. She was a member of St. Anthony's Catholic Church where last rites will be conducted.

Mrs. Lueb is survived by her husband; two sons, Raymond and Robert; one daughter, Alice Marie; two sisters, Kate Lueb of Tahomango, Okla., and Elizabeth Ellis of Chickasha, Okla.; two brothers, John Coffman of Chickasha, Okla., and Henry Coffman of Denison; and several nieces and nephews here in Hereford.

Gilliland Funeral Home is in charge of arrangements.

Saturday It's Straw Hats

Throw away that felt hat. Saturday is Straw Hat day in these parts, and Hereford merchants are displaying some of the fanciest headgear this side of Hedda Hopper.

Stylozoid, it's a big year for dark straws, especially charcoal gray, and Western types, as usual, are expected to be a big seller. Prices range from \$2.98 right on up.

Tired of that old band? Snap it off and snap on a new one. Change it to match your tie, your shirt, or your suit.

Yes, there is a lot that's new in straw hat styles this year, and you can see them on display at the merchants participating in the Straw Hat day event. They include the Popular Store, J. C. Penney, Harman's, Rutherford and Co., Dub's Man's Shop and Ben Franklin.

Page 2
WINS FOURTH IN LUBBOCK

To State Meet At And M Livestock Judging Teams

It's on to College Station Friday for the FFA livestock judging team.

Hereford Future Farmers of America chapter placed fourth in livestock judging Saturday at the area meet in Lubbock, competing with 118 schools from as far south as Llano.

And racking up personal honors was Wayne Couch, son of Mr. and Mrs. Lee Couch, and a member of the livestock judging team. Wayne accumulated enough points to become third high man in the entire contest in which some 1500 boys participated.

Other members of the winner team were Bill Johnson and David Brumley, who competed with the schools throughout the entire West Texas area to become fourth in contest and third in the area.

Sponsor Jess Robinson pointed out that most of the top teams were from Area one, in the livestock judging contest.

For example, area winners were Monterey High School, Lubbock, Silverton and Hereford, whereas contest winners (including area one, area two and parts of three and four) were Monterey High School, Odessa, second, Silverton,

third and Hereford, fourth. The Hereford boys scored over 1300 points in judging sheep, swine, beef cattle and commercial grade beef. There were 485 boys entered in this division from 118 schools.

Other Hereford teams who entered, but did not place among the top 10 were the dairy cattle team, competing with 101 teams; land judging team, competing with 38 other schools and the poultry judging team, with 60 teams in its ranks. On these teams were Kenneth Clearman, Reed Green, Edwin Axe, Wayne Johnson, Pete Plank, Joe Reinauer, Jody Bezner, Terry Price, George Heard, and John Beasley.

Only the livestock judging team will compete in the state show scheduled Saturday at College Station, under the auspices of Texas A&M. There will be about 100 teams in this event, as each of 10 districts is allowed to send 10 teams, if they desire, Robinson said.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our friends in sharing our sorrow; for the consoling words, the beautiful flowers and many, many other acts of kindness.

May God's blessings be with each of you.

Mr. and Mrs. G. W. Guthrie Jr. Mrs. Ocie Altman and family Mr. and Mrs. Bill Morton and family Henry Perry

Record...

(Continued From Page 1)

Smith said. Precincts without designated chairmen will organize with temporary leaders and, following establishment of credentials as qualified precinct voters, will select permanent chairmen to serve the meetings — and to be filed later with the county clerk.

To Establish Eligibility
Poll tax receipts, along with utility receipts or other valid information concerning place of residence would, of course, eliminate any doubt as to location or eligibility of any individual.

The concern over precinct conventions in Deaf Smith County, like all other areas of Texas, is centered around controversy between Gov. Allan Shivers and Sen. Lyndon Johnson over which of the two men will lead Texas Democrats at the national convention in Chicago. Both leaders have strong organizations across the state, and an effort to control the precinct conventions of Deaf Smith County, along with the other 253 counties in the state.

The challenge is more or less to be made Saturday by the Johnson forces, since most of the Texas precincts have previously been dominated by Shivers forces, successful in controlling the Democratic party in the 1954 conventions.

Conservatism vs. Liberalism
Basic to the "Shivers-Johnson" controversy, of course, are the factors of "Conservatism" vs. "Liberalism" and the farm program as seen under the Republican administration.

The party which is successful in naming precinct delegates to the county convention will, in turn, name delegates from the county to the state convention, where they will vote toward selection of delegates and leaders to the national convention in Chicago, Aug. 13.

Texas law provides that all members of the party who are qualified voters are eligible to attend the precinct conventions. Any qualified voter who attends the convention thus declares himself to be a member of the party and eligible to attend the party's precinct

tournament will be Ozona, Barnhart, Sterling City, Lamesa, Eldorado, Fisher County, Miles and Lubbock.

Dr. Emmett Smith, head of laboratory experience for future teachers at West Texas State College, Canyon, was speaker at the Lions Club meeting Wednesday.

Dr. Smith stressed the importance of understanding and cooperation between laymen and the schools for a better school operation. He also stressed the coming citizen's advisory clinics, May 10, as an important step toward improved schooling.

The Chamber of Commerce directors met Wednesday morning and reviewed plans for cooperation in the June 1-2 Rodeo, good-will trips and sponsorship of Pioneer Visitation Day in the hotel ballroom in connection with the affair. The directors also recognized the efforts of R. G. Peeler in his

Marian Jo Wilson, daughter of Mr. and Mrs. Bob Wilson of Hereford, was one of 16 Texas Tech coeds tapped for membership in Forum, Friday in surprise ceremonies on the campus of the college.

A home economics major, Marian Jo was the only student from the entire Panhandle in the elite organization. Other new members represent Carthage, Brownfield, Vernon, Kilgore, Spur, Coleman, Fort Worth, Plainview, Littlefield and Lubbock.

At the sound of "The Matador Song" on Tech's tower chimes, a line of Forum members, dressed in black skirts and white blouses, marched single file across the campus and into classrooms, interrupting classes to bestow the most cherished honors a Tech girl can receive.

Each new member was secretly elected on a basis of scholarship, leadership and campus service. Forum members spend many hours checking the grades of every junior girl, contacting the head of each scholastically qualified girl's major department and members of campus organizations to which she belongs.

are first revealed in the tapping ceremony. A hush falls over a classroom when the line of Forum members enters and marches to the back of a girl to be honored. A member of the line taps the honoree on the shoulder and places a black collar around her neck. Then the new member joins the line as it heads for another classroom. Miss Wilson was the first girl tapped this year.

The installation ceremony will be held Sunday morning at a breakfast in the Caprock Hotel, after which the group will attend the First Methodist Church services.

Forum is the Tech equivalent of Mortar Board, national honor society, and membership is considered the highest honor that can be given women students, according to Forum Vice President Marilyn Sneath.

The girls will wear the symbolic black color, black skirt, and white blouse to all their Saturday classes.

Pins will be given to each new member at the AWS Women's Day banquet Tuesday.

fight to secure higher supports on grain sorghum in the area. Reports of various committees were also reviewed and approved.

LYNDON JOHNSON

Favors Fair Legislation for the Farmers!

Attend Your

PRECINCT CONVENTION

Saturday, May 5th

So That You May Express Your Opinion for Better Government

Due to heavy defense spending the farmer's cost of production is higher than the world market. INDUSTRY IS PRICE PROPPED FOR NATIONAL DEFENSE... AGRICULTURE MUST BE SIMILARLY PRICE PROPPED FOR NATIONAL DEFENSE.

Lyndon Johnson has always, and is now, for the farmer getting a FAIR SHARE of the Legislation. Let's get out and support him Saturday, May 5th, at your precinct convention.

ATTEND YOUR PRECINCT CONVENTION - SUPPORT

LYNDON JOHNSON

(Pol. Adv.—Paid for by Deaf Smith County supporters of Lyndon Johnson)

By Jimmie Gillentine

The average home is in a tall-spin this week as the topic of conversation jumps back and forth between three topics. Conversation usually starts out with the coming Precinct conventions then, for some reason, shifts to the annual senior trip to Ruidosa. This goes on until the small fry burst in the front door — and the entire family usually winds up talking about the Little League. A lot of the men folks say it is even worse than trying to reach a harmonious decision as to which channel the family will watch on television.

Downtown, the big talk has focused on the precinct meetings. Until the last year or two, practically no one bothered about these precinct gatherings, but the "Shivers-Johnson feud" has changed all of that. For instance, we incorrectly listed Hank Williams as chairman of Precinct 2 — and we have had more than 50 telephone calls. County Clerk Ralph Smith reports that more than 80 people have visited his office to check information filed concerning the conventions. Sheriff Lowell Sharo says that the tax office has likewise been faced with a deluge of calls regarding poll tax lists and precinct designations.

The trend of these requests seems to indicate that both sides may challenge the "precinct residence" of persons attending the conventions. Some of the chairmen, they say, have even moved into other voting precincts, thus adding more confusion to the situation. All in all, there could easily be a lot of fireworks. I still say, if people are going to take an interest

think he hankers for any more of the same. Anyway, I have to hand it to him. Anyone who would take on the job has plenty of nerve, especially after taking a mere-look at the condition of Big Train Clements.

Earl Phillips, I hear, has purchased the Roger Corbett cleaning business. Roger, in fact, is already on the job at Los Alamos, where he recently purchased a cleaning plant. The deal will be formally announced soon, probably Sunday. This will also be a big day for Mark Benefield, who plans to announce the opening of his new tourist court, located on Highway 60 — and just about ready to go.

Between 250 and 300 boys turned out Monday afternoon for the in-

tial meeting of the Little League. Those who viewed the crowd agree that the new league has plenty of interest among the small fry. In fact, baseball is all you can hear these days on the Central and Shirley School grounds. This is one of the best things that has ever happened to Hereford. It deserves all of the support possible.

Look Who's New!

Mr. and Mrs. Andrew Luna are the parents of a new son, born May 1. He weighed nine pounds and three and one-half ounces.

Danny Paul, born April 29, is the new son of Mr. and Mrs. Wayne Lee of Springlake. He weighed eight pounds and one and one-half ounces. Paternal grand-

Mrs. Thompson Injured in Fall

The condition of Mrs. Alex O. Thompson was reported as satisfactory Wednesday morning, and she was resting comfortably after surgery performed Monday morning to repair a broken hip.

Mrs. Thompson was injured Saturday morning while working in the yard at her home. Yardmen were moving a table and she was going in front of them, clearing a path when she stopped to kick a

tin can aside. It stuck in the earth and threw her off balance causing her to fall. Her hip was broken at the socket.

She was taken to Deaf Smith County Hospital for emergency treatment but removed to Northwest Texas Hospital for surgery. Her family plan to bring her back to Hereford sometime this weekend where she will be hospitalized until she is able to be in a wheel-chair Mr. Thompson said.

Soap'n water will clean up your feet—but they won't clear up **ATHLETE'S FOOT!** Make this easy test. Get instant-drying T-4-L at any drug store. This powerful fungicide will give relief IN ONE HOUR or your 40c back. Today at Roger's Drug.

10 NOTICE

ANNOUNCING
 The Arrival of
TAYLOR and SONS
 In Hereford

It is with pleasure that we announce to the people of Hereford and trade territory, the opening of our Newest and Most Modern GROCERY STORE, located at the intersection of Harrison Highway and Highway 51 in Hereford. We have recently purchased this business from Mr. J. W. Thomas, who has told us a great deal about the fine folks of this area. Some of you, of course, we have known for years, and we're looking forward to serving you here. We know that our association with you will be pleasant.

Of course, at Taylor and Sons, you will expect and get quality merchandise at the lowest prices. WE DON'T EXPECT YOU TO TAKE OUR WORD FOR THIS . . . come in and see for yourself . . . and while you're here, get acquainted with our manager, Mr. Jack Nunley. Mr. Nunley has been with us for a number of years. We know you're going to like him.

We Will Be Open For Business Thursday
 Morning at 8 a. m.

New Mechanical Planter Is In Use At Coffin Farm

"Cabbages and Kings" O'Henry used as a title for a short story; but "Cabbage is King" makes a better caption for activities at the Leon Coffin Farm since the purchase of a Holland Mechanical Planter this season.

Six years ago a hail storm put the Coffins into the cabbage business on a commercial basis. But resetting the plants, which they grew from seed was a tedious procedure done by crews of about 50 people doing the job by hand.

How It All Started

With their crops wiped out in mid-summer, the Coffins decided to try cabbage as a late crop. However, it was late that first year before they got the plants big enough for resetting. Only about 12 acres was mature enough for cutting when fall came. The price, however, was good. Mrs. Coffin recalls, and "we were able to pull ourselves out of the bog with the banker," she says.

Acresage has been increased since that time but getting the crop into the ground has followed the same method year after year. But this spring, the mechanical planter was first used to set cabbage. It was

the first time it has been used in the county.

In fact, the one now in operation on the Coffin farm is the only one for setting cabbage, sweet potatoes and tomatoes in use in this locality so far as Mr. Coffin knows.

Instead of planting seed and growing the plants for early setting, the Coffins have found it a better deal to buy the plants down at Big Wells, and truck them up for resetting.

Actual Operation

The actual operation of the planter requires a crew of eight riding at the back to take the plants from the hoppers in front of them and place them in the sockets on the planting wheels.

Four planting wheels equipped with tension springs release the plants into four rows at a time. Press wheel on each side cover the plants to the right depth to make them stand upright in the rows. A man follows on foot to set any plants that should be dropped.

The cabbages are spaced about 12 inches apart with two rows to the bed. When one side of the bed is planted the machine returns

down the rows to set the other side.

Then They Are Watered

As soon as the four rows are finished, the water is turned down the furrows, to water the young plants and prevent wilting.

However in hot weather the tractor that pulls the machine is equipped with two barrels to water the plants as they are set.

Mrs. Coffin says the cool weather lately has not necessitated the use of the barrels as yet but they will likely be used when a later planting is made in July for fall cutting.

The Coffins plan to grow their own plants for the July setting.

A Good Investment

The time element involved in getting the crop into the ground and also the saving in the number of men required to do the job is the thing that makes the mechanical planter a good investment. With a crew of only 10 men, five acres can be set in a day. Thus the 40 acres can be set to cabbage in just about one week. Two crews of 100 workers have been required to do the job in other years.

And Next, Tomatoes

As soon as the cabbage patch is finished Mrs. Coffin will have the two acres of tomatoes she grows each season set with the planter instead of by hand. She grows her own plants which are now ready to reset.

Unlike other vegetable crops grown in the vicinity, these cabbages have never failed to find a market. All of them have gone to Texas markets in Dallas, Fort Worth, San Antonio and Houston by truck, except those sold locally by the head or by the pound.

The price has been pretty low some years but last year was an exceptionally good season with a full month of high prices on the ton weights, said Mr. Coffin.

For Sauerkraut

Heads that are cracked go at a reduced rate to local people for making kraut and other table uses if they prefer a bargain.

At the farm Mrs. Coffin uses cabbage in every way possible—boiled, fried, in slaw and as kraut.

They store some for use all winter by making a bed of straw, corn stalks or other litter and placing the heads down on this. Then another layer of straw to keep dirt

A MECHANICAL PLANTER, only one of its kind in use in the area, is resetting cabbage in a forty acre field on the Leon Coffin farm north of Hereford. The machine is replacing crews of one hundred used in other years to

set the plants by hand. Only nine are required to operate the machine which can set five acres a day. An extra man follows the planter to set any plants dropped by the planter. (Staff Photo)

NOT FUEL TANKS for the tractor but equipment to provide water for young cabbage plants being set with a mechanical planter this year on the Leon Coffin farm about five miles north of town. The weather has been so cool so far that tanks have not had to be used in resetting the cabbage. (Staff Photo)

A CLOSE UP of the planting wheel and the hoppers which hold the plants to be reset. The cabbage plants are placed by the men in the groves worked by tension springs around the wheel as they rotate and set the cabbage into the rows about twelve inches apart. Press wheels pack the dirt around the plants. (Staff Photo)

AT FOUR-H CLUBS

Breakfast Main Dishes, Cookies Are Studied

Breakfast main dishes and refrigerator cookies have been the demonstrations given to the 4-H girls at recent meetings.

Clubs reporting are: **WALCOTT GIRLS 4-H** The Walcott 4-H Club met April 13 at the Walcott School with Mrs. Glen Burrus as leader.

Two teams from the club practiced on Safety Demonstrations to be given at the county elimination on Saturday.

Royce Lee and Merry Kay Fruit gave a demonstration on water purification and Cecelia Burrus and Genelle Weaver demonstrated remedies for snake and insect bites.

Members present were: Merry Kay and Royce Lee Fruit, Cecelia Burrus, Genelle Weaver, Edna Stewart, Betty Lockhart, Connie Darwin, Kathryn Burrus and Mrs. Glen Burrus.

Refreshments were served by Genelle Weaver.

SADIE LEE OLIVER The Sadie Lee Oliver 4-H Club met with Jane Auten April 13 when Mrs. Dorothea Prowell gave a demonstration on refrigerator cookies. Several different variations were cooked and served to the members attending.

Delores Price was welcomed as a new member. Others present were: Sandra and Nancy Green, Mary Lynn Morrison, Diedra Thomas, Sandra Campbell, Mrs. T.B. Thomas, Deborah Thomas, Judith Morrison, Mrs. Prowell, Mrs. Auten and Beverly and the hostess.

The next meeting will be with Sandra Campbell for a program on a Breakfast Main Dish.

ARGEN DRAPER 4-H The Argen Draper 4-H Club met April 11 with Betty Tucker. The meeting was called to order by Gail Miller, president. Lee Ann Bell led the 4-H Club song and Betty Tucker led the 4-H ritual.

Waltine Beavers, clothing demonstrator, reported on what she had done and asked for a report from each member. Other demonstrators reporting were Elva Leen Martin, foods demonstrator, and Betty Hagar, poultry demonstrator.

Plans were discussed for a skating party sometime next month. Mrs. Dorothea Prowell gave a demonstration on making plain and decorated refrigerator cookies.

Those present were Mrs. Prowell, Mrs. Tucker, Pat, Buddy and Buster and the following members: Betty Hagar, Linda Tooley, Audni Miller, Gail Miller, Elva Leen Martin, Barbara Martin, Lee Ann Bell, Lucy Beth Miller, Waltine Beavers, Dorothea Stewart and the hostess, Betty Alice Tucker.

HAPPY HOMES The Happy Home 4-H Club met at the home of Pat Dawson on April 13.

The hostess, who is president, called the meeting to order. Minutes were read for approval. A demonstration was given on scrapple as a breakfast main dish.

Refreshments were served to: Martha Logan, Carolyn Williams, Louise Axe, Glenna Gandy, Jane Heard, Linda Hewitt, Eneida Williams, Mrs. Ira Ott, Mrs. George Heard and Leslie and the hostess.

WALCOTT The Walcott School cafeteria was the meeting place for the Walcott 4-H Club April 20.

Mrs. Floyd Brown gave a demonstration on icebox cookies. Those attending were Mrs. Floyd Brown and Mrs. Ernest Brown, Barbara and Wayne Brown and the following members: Genelle Weaver, Cecelia Burrus, May Darwin, Kathryn Burrus, Connie Darwin, Betty Lockhart, Merry Kay

Meet Your

Neighbors

Hereford, Texas, Thursday, May 3, 1956

Section Two

H D Chatter

By Argen Draper

Career Day at the high school idently was quite a success. Theidents were complimentary at the session, being helpful to and made some good suggestions about improvements for Career Days in the future; one suggestion was to begin the programs in the Freshman year. Thanks to Carolyn Virden, Marie Legg and Irene Galley for a generous introduction they gave me for the programs. There were three sessions. These girls had all the poise and dignity of experienced speakers. Short, all selected remarks and remarks to the point. They all knew the name of the speaker. Smart girls, those three. Rhoda Williams was one of the girls who visited one of the sessions. A Sophomore class was in room for the period before. When Rhoda went home for which she told her mother almost for word the advantages and opportunities for women in the

field of Home Economics. Rhoda is the daughter of Mrs. Mary Williams. Mrs. Williams is a member of the West Hereford Home Demonstration Club.

The 4-H girls and Home Demonstration women are trying to get organized on a money making project and will give all you an opportunity to help in this worthy cause as well as to get a bargain for yourself.

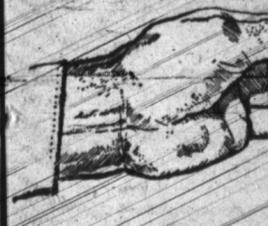

This is the eleventh Annual National Home Demonstration Week. Theme is "Today's Home Builds Tomorrow's World."

Now's the time to set out roses. There are still a good selection of patented roses and roses that have had the patent removed. This is the ideal time to put them out and we can hope the last freeze is past; however, Saturday night was cold but not cold enough to hurt the new tender growth of the roses.

Program material has been sent Continued On Page 2

NITROGEN MAKES A DIFFERENCE!

FOR HEALTHIER HIGHER YIELDS USE PHILLIPS 66 AGRICULTURAL AMMONIA

When soil lacks Nitrogen, crops are disappointing. That's why you need Phillips 66 Agricultural Ammonia. This 32% Nitrogen fertilizer produces rapid early growth for better grazing, larger crop production! Apply it directly to soil with tractor equipment, or meter it into irrigation water. See us for full information on Phillips 66 Agricultural Ammonia.

Farm Surpluses Traded For Strategic Materials

COLLEGE STATION, May 2 — Since March 1950, surplus United States farm commodities worth over \$400 million have traded, with no exchange of currency, for needed foreign materials under the Commodity Credit Corporation's barter program reports John G. McHaney, extension economist. Contracts now outstanding will bring these barter exports to over a half-billion dollars.

The agricultural products exported under this program, according to McHaney, have included most of those held by the Government in large quantities — wheat, corn, grain, sorghums, barley, flaxseed, oats, rye, tobacco, cottonseed oil, peanuts, dried skim milk, linseed oil, cottonseed meal, soybeans, rice, and cotton. Wheat has ac-

counted for more than half the total on a value basis.

Materials acquired by the United States through these barter transactions are both strategic and nonstrategic. Strategic materials include antimony metal, beryllium, cadmium, industrial diamonds, high carbon ferrochrome, ferromanganese, fluorspar, crude iodine, manganese ore, and palladium. The nonstrategic materials include the things such as fertilizer and cotton yarn.

Barter transactions are carried out through regular commercial trade channels by private United States firms. Materials have been exported to 29 friendly countries.

HD Clubs Study Floor Coverings And Snake Bites

Floor coverings for living rooms has been the program topic for Home Demonstration Clubs studying Living Room Improvement recently.

Clubs reporting are:

NORTH HEREFORD
Mrs. C. L. Whitehead, introduced Mrs. Frank Brinkman, who gave the program on Living Room Improvement for members of the North Hereford H. D. Club at the home of Mrs. Fred Barrett on April 19.

Mrs. Brinkman showed samples of floor coverings and pointed out the advantages and disadvantages of each. Things considered in evaluating the samples were wearing qualities, price etc.

Mrs. E. E. Bishop presided at the business meeting in the absence of Roberta Campbell, president.

Members voted to make a cash donation to the Council treasury instead of helping with a bake sale. Mrs. Paul Hoff gave the council report.

Bea Barrett was a visitor and members present were Mesdames R. A. Fullwood, Frank Brinkman, A. E. Hodges, W. H. Russell, Paul Hoff, R. E. Barrett, E. E. Bishop, C. L. Whitehead and the hostess.

The next meeting will be a luncheon with Mrs. A. E. Hodges May 4.

MESSINGER
Snakes and Snake Bites was the program discussed by Mrs. Elmer Northcutt for members of the Messenger H. D. Club who met with Mrs. W. D. Howard April 27.

Members were interested in a pattern demonstration to be given in Canyon soon and six of the women plan to attend the meeting.

Two quilts were packed for mailing to Gristown. They were pieced and quilted by the club members.

Mrs. Johnny Northcutt received a gift from her secret pal. Refreshments were served to:

CANDIDATE—Miss Jo Hall, daughter of Mr. and Mrs. Tom Hall of Hereford is one of four nominees for Rodeo Queen of West Texas State College. The winner will be announced at the Intercollegiate Rodeo, to be sponsored in Amarillo May 11 and 12 by the T-Anchor Rodeo Club. A freshman student at WT, Miss Hall is a 1955 graduate of Hereford High School.

Mesdames Ernest Brown, J. E. Rouse, Floyd Brown, E. M. Jack, Bob Howard, N. A. Brown, R. J. Coleman, Bruce Coleman, Elmer Northcutt, Johnny Northcutt and the hostess.

The next meeting will be with Mrs. E. M. Jack May 11.

RANCE
April 26 the Rance H. D. Club was hostess to the Flagg H. D. Club at the home of Mrs. L. J. Counselman.

The program was one of recreation and games directed by Mrs. E. J. Hodges and Mrs. Jack Streun. Those attending from the Flagg Club were: Mesdames Ed Wilson, Rex Wooten, Rayford Smithson, Clyde Ray Davis, Alvin Frazier, Jess Birchfield, Arthur Wilcox, Cecil Ginn, James Bradford and Wayman Birchfield.

Members from the Rance Club were Mesdames George DeLozier, Clarence Behrends, H. G. Behrends, E. J. Hodges, Jack Streun and Mrs. Counselman.

DANIEL NEWS

Painting Interior of New Palo Duro Church Occupies Women of Area

By MRS. W. R. MOORE

The women of this community worked in the new Palo Duro Church Tuesday and Friday; painting and finishing up work.

The wheat is looking pretty good and a lot of it is heading out.

A great number of farmers of this community have put their irrigation wells on natural gas and also put natural gas in their homes.

Mrs. Zelma Axe and niece, Francis Sullenger, visited in the home of Mr. and Mrs. W. H. Killebrew in Claude Sunday.

Mr. and Mrs. Charlie Cogdell called on Mr. and Mrs. Boyd Knox in Friona.

Visitors in the W. R. Moore home over the weekend were Mrs. H.T. Pattie, Mrs. M. G. Ballou, Miss Roberta Trumbo from Amarillo, Mrs. Jim Hudgins and Mrs. Woosener from Olton.

Mr. and Mrs. Richard Goldon visited in the home of Mr. and Mrs. J. M. Carthel in Lockney Sunday.

Attend Party
Those present for a Stanley Party, in the home of Mrs. Richard Goldon, Thursday were Mesdames George Isham, Tim Wilson, Billy Moore, W. T. Higgins, Joe Gill and H. D. Fowler, and Mrs. Bettie Hunter from Canyon, the Stanley demonstrator and Mrs. Bee Tomlinson from Canyon and Mrs. Bill Carthel from Hereford.

Mr. and Mrs. Ray Jones from Vega were visitors in the home of Mr. and Mrs. Charlie Cogdell on Sunday.

Mrs. Lawton Hill made a business trip to Canyon Saturday.

Mrs. W. R. Moore and Mrs. Billy Moore visited Mrs. A. J. Ramsey who was ill in St. Anthony's Hospital Saturday. Mrs. Ramsey had an eye operation last Thursday.

County Federation Committee Meets

Mrs. Alice Cox presided over the executive committee meeting of the county Federation held in the county court room April 28.

Announcement was made of the Federated Tea to be held in the Education Building of the First Baptist Church May 5 at 4 o'clock when the Hereford Music Club will give the program.

Mrs. Cox told the group that the State Federated meeting will be held in Dallas May 7-10 with headquarters at the Baker Hotel.

Mrs. Phil Radovich gave the treasurer's report and Mrs. Burl France read expressions of appreciation from Home Demonstration Club women for the THDA Tea given following the district meeting in April.

Westway H. D. Club, Pioneer, and Bay View were represented 100 percent and 12 clubs were represented by one member.

GIRLS DISCUSS CAMP

The Dakonya Camp Fire group met at the Hut Monday afternoon. The group made Mother's Day gifts and talked about camp.

Becky Jackson served the refreshments to Ann Gentry, Sandra Hoover, Sheri Damron, Joyce Linderer, Jo Ann Thomas, Sandra

Vaught, Connie Kent, Jenny Holt, Kathy Knox, Ruby Carthel, Sally Whiteside and Caroline Brunley. Many sailors believe that a cat aboard a vessel will bring a lucky trip.

Quality worth taking... worth buying. Macado Photo Shop All Orders Only O. Box 695, Lubbock, Texas

Mr. and Mrs. Ernest Frank returned Saturday from a three week's vacation to Washington D. C., Virginia, Kansas and other eastern cities.

Shirley Gainer visited in Shamrock last weekend with her husband, Jack. Shirley has been staying in the E. K. Pinnell home since Jack moved to Shamrock about three weeks ago to take over the management of a service station there. She will move to Shamrock to join him as soon as she completes this school year at Adrian High School.

Attend Ball Game Attending the annual Badger's basketball banquet at Amarillo Colleges Saturday evening were: Mr. and Mrs. Billy Don Brown, Moran Pounds and Peggy Leslie.

Visiting Sunday in the Ernest Frank home were Mr. and Mrs. Wesley Story and daughter of Amarillo and Mrs. Eva Story of Woodward, Okla. Mrs. Story Sr., has been visiting in Amarillo recently with her grandson, Wesley. Mary Jean Jackson visited last weekend in Amarillo with her mother, Mrs. A. S. Dickerson.

Mary Gruhkey was home from West Texas State College in Canyon last weekend.

Mr. and Mrs. Billy Johnson and children of Canyon visited last weekend with his parents, Mr. and Mrs. P. H. Johnson and family.

Dinner Guests Dinner guests in the R. L. Pinnell home Sunday were Mrs. Irene Brown and sons.

Mrs. H. D. Tomlinson and Judy Nell and Erma Lou Jordan visited in Stamford last weekend with Mrs. Tomlinson's sister, Mrs. W. M. Brown and husband. Mrs. Brown returned home with her sister for a week's stay.

New Steps Installed Anyone who has had to walk up the creaky steps leading to the auditorium stage in Adrian High School recently, should appreciate the new steps which are being built back into the stage. Construction of the steps began Monday.

Mrs. Bob Caldwell returned Sunday from the Northwest Texas Hospital in Amarillo, where she has been recovering from a recent major operation. She was in the hospital about 10 days.

Mrs. J. R. Caldwell, Bob's mother, of Bovina came Sunday to stay for a few days.

Mrs. Elenola Beauchamp of Oklahoma City visited in the home of her sister and family, Mr. and Mrs. A. N. McWright.

WORKOUTS START—Little League workouts got underway in a big way Monday afternoon at Dameron Park. At left proof is given that size makes no difference. The subjects: David Scott, age 12, weight 140 pounds; David Ruland, age 6, weight 60 pounds dripping wet. Center Bill Lenderman, Joe Smith, and Joel Hodges talk over things. At right a group of boys limber up by playing catch. (Staff Photo)

Gangway Everybody! Here Comes The Little Leaguers In Full Force!

About 200 energetic youngsters opened Hereford's first Little League campaign with a rousing turnout Monday afternoon in Dameron Park.

Under the supervision of the four appointed managers, the youngsters, ranging from six to 12 years of age, went through light drills and will continue workouts through

this week and next until players are selected for the four major league teams and the four minor league teams.

After two weeks of drills, the players will be "purchased" by the managers and a separate file will be kept on each Little League baseball player. Purchasing price of each player will not be revealed

to anyone except the managers and the player's agent.

Each team will be allocated \$35,000 (play money) with which to build their ball club. The four teams and their managers are: Yankees (Joe Smith); Dodgers (Ray Laeb); Cardinals (Don Morgan); Giants (Blue Turpin). After selection of teams each club will

workout for two weeks together before the season starts.

League secretary Joel Hodges revealed this week that the uniforms and equipment have arrived. Work on the new ball park west of Shirley School has also begun. Each major league player will be completely out-

fitted with a uniform. The player is required to buy only his shoes and glove.

A major league team is limited to a roster of 15 players. Of these 15, not more than five may be 12 years old and not more than five may be 11 years old. A team must

have at least five players who are 10 years old or younger.

Games will be held in the new grassed park four nights a week, Monday, Tuesday, Thursday and Friday. Minor league teams will play the first game and major league teams the last game each night.

Each major league club will "own" a minor league team. Players not picked for the major league team will be divided four ways to form the minor league clubs. A player may be moved up from minor league status to the majors at any time if the manager of the major league

teams sees fit. Players may be traded and sold any time. The selling of players will be the team's only source of income. The player's agent, Harry Cayler, will keep records of all transactions. Batting averages will be kept for each major league player.

Grid Drills Near Climax

Spring football training went into the home stretch this week with one casualty thus far. An intrasquad game will close the workouts in the near future, athletic director L. B. Russell said.

By Interscholastic League rules, a team is allowed only 21 consecutive days to work out. Only AAA and AAAA schools are allowed spring training by the league rules. This is the first time in about three years that the Hereford Whitefaces have had spring drills.

Buddy Jowell, 155-pound guard, was disabled for the rest of the spring training when several ligaments were torn loose in his knee. Jowell's knee was placed in a cast. Doctors and coaches said, however, his knee would be ready for football when the season starts next year.

Russell continued basically to stress fundamental in the workouts with a short scrimmage session at the end of each. The Hereford mentor experimented with several combinations in both the line and the backfield but didn't seem to come up with any definite

decision.

"I don't know how things will be next year," Russell stated. "It might be the same as it is now or it might not."

Hereford's Whitefaces experienced one of the finest seasons in years last year when they won eight and lost two. Only losses were to mighty Phillips and the underdog Perryton Rangers. The Herd finished in a tie for second with Dumas by producing a very strong finish.

Phillips wiped out the Whitefaces by 73-27, but Dumas tied the Hawks, 20-20, and Hereford easily stamped past the Demons, 33-13. Phillips won the district without a loss and one tie and advanced to bi-district where Otton's Mustangs won no match.

Then the Hawks fell by the wayside. Stamford's ferocious Bulldogs, who later won the state championship, defeated the Hawks more than the 13-0 score may indicate. Stamford went on to defeat Breckenridge, New London and finally Hillsborough for the state championship.

Spain Helps Texas Stock Game Birds

AUSTIN — The multi-pronged wildlife restoration program of the Game and Fish Commission again has turned to foreign lands for material.

This came in the distribution of one hundred twenty-three Spanish red-legged partridges on two Panhandle ranches, under direction of the Assistant Director of Wildlife Restoration for the Commission.

The brown-marked game birds withstood a rugged experience in attaining liberty on Texas soil since they endured two months in quarantine in Spain where they were inoculated against poultry disease, and then three weeks of confinement in New York after arrival by air.

Once the shipment got into motion on the last day, however, action was pronounced. They departed from New York at 10 p.m. one night and were en route to the Panhandle by 9 a.m. next day and were turned loose before night fall.

The Assistant Director said 61 of the latest shipment were assigned to the Wells ranch in Cottle County where the entire consignment of 163 partridges were turned loose one year ago. The remaining 50 in the last shipment were released on the Tubbs ranch in Lipscomb County.

Technicians said less than a dozen of the original consignment had been reported on the Wells ranch but considered that far from final because of the difficulty in locating the newly transplanted game birds.

The Assistant Director said the red-legged partridges were being tried out in Texas since they originated in a semi-arid climate, require little water and can withstand extreme temperatures. He said they feed on weed seed, grain, insects and leaves.

He described the fleet game bird as about twice the size of a bobwhite quail and as being distinctively marked. The basic color is a deep brown, blended with lighter hues around the neck. The head is marked with a mixture of brown and tan.

Unlike the pheasant, the red-legged partridges are not conspicuously marked as regards male and female. The males are identified from comparatively large bumps on each leg. The birds have bare red legs.

Cost of the new partridges averaged about \$7.50 per bird. They were obtained through the joint cooperation of the United States Fish and Wildlife Service and the American Wildlife Institute.

Mr. and Mrs. George Cameron and daughters of Dimmitt, Mrs. J. B. Harlin and Mrs. Jack Robertson visited relatives in Wellington and Wichita Falls over the weekend. Also in Duncan, Okla., Oklahoma City and Shawnee, Okla.

Mr. and Mrs. L. Grigsby and children of Lovington, N. M., visited Mrs. Reber Howton while en route to Dodge City, Kans. Mrs. Reber Howton is the aunt of Mrs. Grigsby.

The Hereford Brand

KNOX'S KNOTHINGS
By BILL KNOX

We've come to the conclusion that we have underestimated San Angelo's Billy Hollis immensely.

No, Hollis didn't beat Smith Saturday, but indirectly he could have been the cause of it. Hollis was third in the 100 and didn't run in the 220.

Previously we had come up with the idea that since McLellan had been running against Hollis all year he always had to un-reel his peak performance to beat him; and since 9.7 was his best time all year Smith should win because he had not run against as keen of competition as McLellan had and still had a 9.7.

This all went down the drain with Saturday's happenings, but we've got something else to carry a screaming banner about. G. C. Merritt stunned fans of Tech's new \$54,000 cinder track by racing to first place in the 180-yard low hurdles after failing to place in the 120-yard high hurdles.

Merritt's victory came over a top field of contenders, but Canyon's highly heralded Charles Neblett was absent. Neblett suffered a knee injury while placing fourth in the 120-yard high hurdles. He didn't run in the low hurdles.

This leaves some doubt as to whether Merritt would have won the low hurdles had Neblett been running. There is no doubt in our mind whatsoever. All the facts point toward Merritt and say he would have defeated Neblett anyway.

For instance, Merritt qualified for the finals with the second best time, 20.0. His time was second only to a Sweetwater lad's 19.9 which set a new record. Neblett was fourth in the same heat with about a 21.5.

The Sweetwater player's win over Merritt in the qualifying rounds was a squeaker (1/10th of a second), and Merritt returned the compliment in the finals. The first three places in the finals were separated by about three tenths of a second. Merritt's winning time was 20.1.

This was an excellent time, considering the hurricane-proportion wind whipping about in tubbock. Canyon's Neblett has recorded a better time than Merritt's 20.0 in the preliminary of his 20.1 in the finals against a terrific wind.

Weather was perfect for preliminaries Saturday morning, but everything broke loose in the afternoon. Which brings us back to Smith.

The three top sprint men at the meet Saturday were McLellan, Smith, and Billy Hollis. But one speedy athlete was overlooked. He goes by the name of David Littlefield from Sweetwater. McLellan, Smith, and Hollis were seeded and placed in three different heats in qualifying rounds.

Littlefield was in the same heat with Smith. Smith put out all he had in the qualifying rounds to beat Littlefield; thus, the 9.7. McLellan had nobody capable of shinning his shoes in his heat; thus, he ran only fast enough to win his heat and no more. The same with Billy Hollis.

This offers one good reason for Smith's losses Saturday. McLellan had more left in him than did Smith.

They say that experience is the best teacher. We use this as a basis when we say that if everything goes according to Hoyle (weather conditions, etc.) Mike McLellan won't beat Wayne Smith again. At least he better not.

Underdog Merritt Wins Top Honors In Hurdles

Little G. C. Merritt surprised everybody by winning the 180-yard low hurdles, while Stamford's Mike McLellan pulled a quick finish out of his hip pocket in the last five yards to nip Wayne Smith at the Red Raider Relays Saturday in Lubbock.

Merritt, after failing to place in the 120-yard high hurdles, upset Sweetwater's James Harvey in the finals. Harvey had qualified with a 19.9, just better than Merritt's 20.0. With the afternoon came strong winds and Merritt's winning time was a fine 20.1 anyway.

Smith streaked the century in 9.7 in the preliminaries to set a new Red Raider Relays record. However, McLellan nipped Smith in the finals with a 16.6. Billy Hollis of San Angelo was third. Smith was third to McLellan and Dale Littlefield of Sweetwater in the 220-yard dash.

Hereford's 440-yard relay team failed to place. However, the Whitefaces cruised along in first place in the team standings until the very last event. Going into the last event which was the mile relay, Hereford had 24 points, Stamford 20, and Colorado City 25. Stamford took third in the mile relay to give them 26 points and first place. Hereford took second.

After losing in the 100-yard dash, Smith complained of an old football injury in his knee.

Coach John Poindexter said the workouts this week would be strenuous before leaving for the state meet Wednesday afternoon. He said that Smith's knee would be treated each day to remove the tightness from it.

Canyon's Charles Neblett took only fourth place in the 120-yard high hurdles and also hurt his knee in the process. Neblett didn't run in the low hurdle but qualified with only a 21.5, fourth best in his heat.

Based on past performances, the state meet will see Charley Bode of Brady favored to win the 120-yard high hurdles. Bode has recorded a 14.6. Smith and McLellan will be rated even in the 100, both having recorded 9.7's. Sid Garton of New Boston has run a 9.5.

Charley Richers of Bay City will be topseded in the 440-yard dash, and Dave Robles will be favored to win the 150-yard low hurdles with Hereford's G. C. Merritt close behind. Robles' best time is a 19.8, while Merritt has run a 20.0.

Andrews will be given the nod in the 440-yard relay, with Hereford and Ballinger running close behind. Billy Dantford of West Columbia is favored in the 880-yard run. McLellan, Smith and Garton will be rated in a three-way toss-up in the 200-yard dash. Dale Byrd of Coleman is picked for the mile, with Stamford's fine Bulldogs tops in the mile relay.

Stamford, Hereford and Andrews are doped to fight it out for the team championship.

ALMOST FIRST—Hereford's track team came close to copying first place in Class A of the Red Raider Relays Saturday. Coach John Poindexter is shown holding the second place trophy. Hereford led until the last event when Stamford nosed the Whitefaces out, 26-24. (Staff Photo)

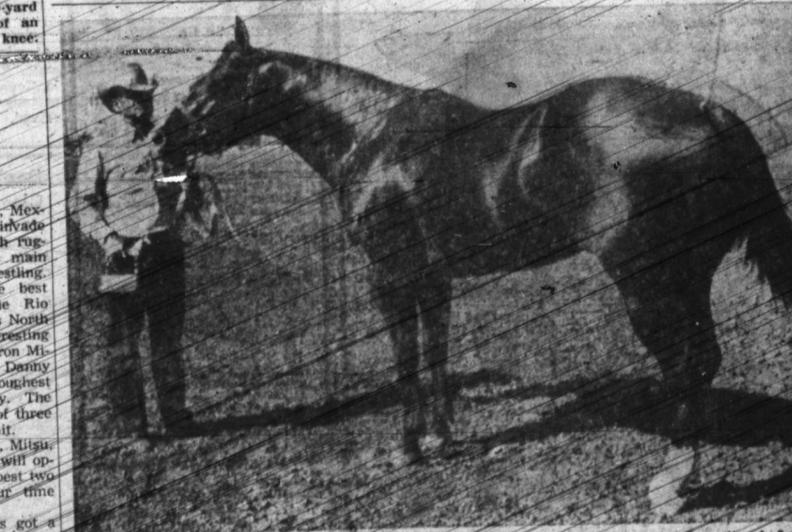

Guerrero To Wrestle Here Saturday Night

Salvador "Gory" Guerrero, Mexican wrestling favorite, will invade Hereford mats to clash with rugged Danny Savich in the main event of Saturday night wrestling.

Guerrero, tagged as the best rhapsody ever to cross the Rio Grande, hopes to climax his North American campaign by wrestling the 200 pound title from Baron Michele Leone. His opponent, Danny Savich, is one of the roughest wrestlers in this territory. The match is for the best two of three falls or one hour time limit.

In the preliminary match, Missu Japanese wrestling expert, will oppose Andre Trapp for the best two of three falls or one hour time limit.

Last Saturday night fans got a treat when Terree Ray Clements was worked over by grapplers and made to return "Slim" Wester took over chores and proceeded as before.

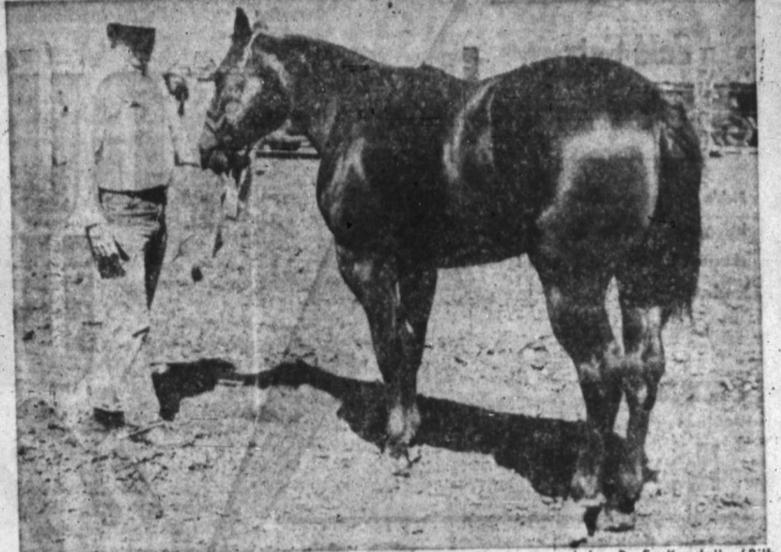

GRAND CHAMPION STALLION—Tom Baker, grand champion stallion of the Hereford Riders Club Quarterhorse Show, is shown above. He is owned by Wilson Cornell of Snyder. (Staff Photo)

LUCKY WINNERS—Shown above are the grand champion and reserve champion mares. Lady Allegro won grand champion and Pale Jan took reserve champion. Both horses are owned by Jack and Elmo Caudle of Hale Center.

CHAMPIONS—Solic, owned by Bill Cogdell of Vigo Park took first place in the senior reigning class, and Spanish Gal, owned by Mrs. Rall Jones of Tatum, N. M., took top honors in the junior reigning class. The two horses are shown above. (Bill Patton Photo)

RESERVE STALLION—The only Hereford horse above. He is owned by B. E. Kendall. (Bill Patton Photo)

Third Annual Quarterhorse Show Is Success

Jack and Elmo Caudle of Hale Center showed the grand champion mare and Wilson Connell of Snyder the grand champion stallion at the third annual Hereford Riders Club Quarterhorse show held last weekend.

Spot Oiling Used for Control Of Johnson Grass

Deaf Smith County cotton farmers using the spot-oiling method for controlling Johnson grass became part of the 104 Texas counties where it was in use.

According to County Agent Hugh Clearman, it is particularly adapted to cotton because the young plant has a protective coating on the stalk which makes it relatively safe to use.

The control method was first recommended last year and its popularity and value have already been well established, Clearman said. "When compared with other commonly used control practices, spot-oiling requires less hand-labor, the oils used are readily available and comparatively cheap in price and the gravity-flow hand sprayer used for making the applications is inexpensive."

Clearman explained that a mixture of half naphtha and diesel oil is cheapest for crown-oiling in cotton and corn. A squirt applied to each crown before the Johnson-grass plant are six inches tall and followed by from four to six additional applications should give 98 percent control. Cost per acre will vary depending upon the amount of Johnson grass infestation. Few crop plants are killed by the mixture.

Both naphtha and diesel oil may be purchased from bulk oil dealers here, says Clearman. Plans for the gravity-flow hand sprayer may be obtained from the local county agent or the Agricultural Information Office at College Station.

Clearman can supply information on where a ready-to-use sprayer may be purchased. He can also supply additional information on the practice and on other practices which involve chemicals for weed control on the farm. Ask him for a copy of B-808, Spot-Oiling Johnson grass and L-174, Control of Johnson grass.

legro and Tom Baker won grand champion stallion honors.

The show, approved by the American Quarterhorse Association, was rated highly successful by its sponsors. Judges for the show were Wilson Johnson and Novice Rogers of Snyder in the cutting horse contest and Jess Shurbert of Floydada in the halter class. Show chairmen were Faust Collier for the quarterhorse contest and J.D. Neill for the cutting horse contest. Mrs. Woodrow Ireland was show secretary.

Hereford Fans Scarce
Very few Hereford fans attended the show, however. Wind and

dust made conditions abominable, but the contestants and horses braved the wind to go on with the show.

Members of the Hereford Riders Club manned a concession stand which sold home made sandwiches and pie, coffee and cold drinks. The show was the largest in the history of Hereford.

Biggest Contest Ever
Seventy-one horses were entered in the halter class, nine in the reigning class, and 23 in the cutting horse contest. This was the largest cutting horse contest ever held in these parts according to officials and value of participat-

ing horses was estimated to be over \$30,000.

Grand Champion gelding was Little Tom B. Trawler owned by Pete Cargal of Blair, Okla. Solic, owned by Bill Cogdell of Vigo Park was winner in the senior reigning class. Spanish Gal, owned by Mrs. Rall Jones of Tatum, N. M., was winner in the junior reigning class.

Reserve champion mare was Pale Face Jan owned by Jack and Elmo Caudle of Hale Center. Reserve champion stallion was Albi Hill owned by Bill Kendall of Hereford.

Complete Results
PRODUCE OF DAM — Snyder

Loceat, Jack and Elmo Caudle of Hale Center, first; Sally Goodin, J. R. Lawrence, Amarillo, second; Stormy May, W. A. Reeder, Plainview, third; Clementine, Vernon Bradley, Clovis, fourth.

GET OF SIRE—Bill Cody, Glen Casey, Amarillo, first; Cuero, Heber Stewart, Clovis, second.

GELDING — Little Tom B. Trawler; Pete Cargal, Blair, Okla. grand champion; Easter Lad, J.R. Lawrence, Amarillo, reserve champion.

JUNIOR REIGNING CLASS — Spanish Gal, Mrs. Rall Jones, Tatum, N. M., first; Quo Vadis, Jimmy Randall, Montoya, N. M., second; Peppy's Dolly, Bill Stockstill, Pampa, third.

SENIOR REIGNING CLASS — Solic, Bill Cogdell, Vigo Park, first; Tom Baker, Wilson Connell, Snyder, second; Rancho King, Roy Lee, Amarillo, third; Lady James, Mrs. William Wingsfield, fourth.

Cutting Horse Contest
The cutting horse contest was won by Chickasha Ike, owned by J. T. Fisher of Midland. Second was Four Star owned by Clint Croft of Roy, N. M. Bob Biel's Smoky C was third and Cross L and Tom Baker split for fourth.

Plans Underway For 51 Meeting

Plans are being formulated for the Texas Highway 51 Association meeting, scheduled in Hereford on Tuesday, May 15, according to Jimmie Allred, C-G highway committee chairman.

Judge Charles E. Lawrence of Seminole, president of the organization, reported this week that the session will open at noon Tuesday, May 15, in Hotel Jim Hill

TORNADO SAFETY RULES

TO KNOW WHAT TO DO WHEN A WARNING IS RECEIVED, OR A TORNADO IS OBSERVED, MAY MEAN THE DIFFERENCE BETWEEN LIFE AND DEATH!!

I There is no universal protection against tornadoes except caves or underground excavations. When time permits, go to a tornado cellar, cave, or underground excavation which should have an air outlet to help equalize the air pressure. It should be kept fit for use, free from water, gas, or debris, and preferably equipped with pick and shovel.

II If you are in open country :

1. Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour.
2. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

III If in a city or town :

1. Seek inside shelter, preferably in a strongly reinforced building. **STAY AWAY FROM WINDOWS!**
2. In homes: The southwest corner of the basement usually offers greatest safety, particularly in frame houses. People in houses without basements should find other shelter, preferably in a storm cellar, although a depression, such as a ditch or ravine, can offer some protection. If time permits, electricity and fuel lines should be shut off. Doors and windows on the north and east sides of the house may be opened to help reduce damage to the building.
3. Standing against the inside wall on a lower floor of an office building offers some protection.

IV If in schools :

1. In city areas: If school building is of strongly reinforced construction, stay inside, away from windows, remain near an inside wall on the lower floors when possible. **AVOID AUDITORIUMS AND GYMNASIUMS** with large, poorly-supported roofs!
2. In rural schools that do not have strongly reinforced construction, remove children and teachers to a ravine or ditch if storm shelter is not available.

V If in factories and industrial plants :

On receiving a tornado warning, a lookout should be posted to keep safety officials advised of the tornado's approach. Advance preparation should be made for shutting off electrical circuits and fuel lines if the tornado approaches the plant. Workers should be moved to sections of the plant offering the greatest protection.

VI Keep calm! It will not help to get excited. People have been killed by running out into streets and by turning back into the path of a tornado. Even though a warning is issued, chances of a tornado striking one's home or location are very slight. Tornadoes cover such a small zone, as a rule, that relatively only a few places in a warned area are directly affected. You should know about tornadoes though, "just in case."

VII Keep tuned to your radio or television station for latest tornado advisory information. Do not call the Weather Bureau, except to report a tornado, as your individual request may tie up telephone lines urgently needed to receive special reports or to relay advisories to radio and television stations for dissemination to thousands in the critical area.

TORNADO INFORMATION

WHERE TORNADOES CAN OCCUR:

Any place in the United States at any time of the year. They happen most frequently in the midwestern, southern and central states from March through September.

HOW OFTEN DO THEY OCCUR:

The records show that the average number of days with tornadoes varies from about 12 per year in parts of the Mid-West to less than one per year in the Northeastern and far Western states.

HOW TO RECOGNIZE A TORNADO:

Usually observed as a funnel-shaped cloud, spinning rapidly, and extending toward the earth from the base of a thundercloud. When close by, it sounds like the roar of hundreds of airplanes.

TORNADO "WEATHER":

Hot, sticky days with southerly winds and a threatening, ominous sky. However, many such days occur without tornadoes.

CLOUDS:

Familiar thunderstorm clouds are present. An hour or two before a tornado, topsy-turvy clouds appear sometimes bulging down instead of up. The clouds often have a greenish-black color.

PRECIPITATION:

Rain, frequently hail, preceding the tornado, with a heavy downpour after it has passed.

TIME OF DAY:

Mostly between 3 and 7 P.M. but they have occurred at all hours.

DIRECTION OF TRAVEL:

In most cases they move from a westerly direction, usually from the southwest.

LENGTH OF PATH:

Usually 10 to 40 miles (the average length is 16 miles), but they may move forward for 300 miles.

WIDTH OF PATH:

The average width is about 400 yards, but they have cut swaths over a mile in width.

SPEED OF TRAVEL:

25 to 40 miles per hour average, but they have varied from 5 to 139 miles per hour.

WIND SPEED:

Estimated as high as 500 miles per hour within the tornado.

CAUSES OF DESTRUCTION:

- (1) Violent winds which uproot trees, destroy buildings, and which create a serious hazard from objects blown through the air.
- (2) Differences in air pressure which can lift automobiles and can cause buildings to collapse.

Springtime Is Also Tornado Time

Texas Organizes Superior Storm Warning System Using Radar

STILL SAFER THAN TRAFFIC

Tornadoes On Increase; 690 Reported Last Year

Strangely enough, in the Southwest the number of tornadoes has jumped from 90 reported in 1916 to 690 reported in 1955, according to the US weather bureau. The number of tornado days grew from 36 to 177, and damage shot up from \$2,264,500, to an all-time high of \$224,345,900 in 1955.

In 1951 there were only 34 deaths from tornadoes, lowest in the 40 year history of the destructive storms. However, two years later 516 people were killed, with 116 of them dying in one huge storm. An average of 179 people lose their lives to such storms each year.

However, the weather bureau points out that over a 40 year period, the total number of tornado deaths was less than one-fourth the number of fatalities reported by the National Safety Council as the result of automobile accidents in a single year. For instance, up to 1953, 8776 people had been killed in tornadoes, as compared with 38,300 who died in 1953 alone, from traffic accidents.

Destructive Effect Terrifying

Destructive effects of the tornado are terrifying. Strong buildings are torn apart and scattered about like kindling wood; large trees are uprooted and the bark stripped off; people and farm animals are whirled through the air and then dashed to earth; bridges are also wrenched from their foundations. The terrific force of the whirling winds within the storm is demonstrated by the shearing off of large tree limbs by sailing pieces of tin roof; by straws and slivers of wood that are driven deep into boards and posts; by the penetration of large pieces of wood.

It is not uncommon for towns to experience more than one tornado, but it is unusual when a town is struck twice during the same weather situation. Baldwin, Miss., was struck twice by tornadoes within 25 minutes on March 16, 1942, resulting in 65 casualties and about one million dollars damage.

Irving, Kans., was visited by two tornadoes within 45 minutes which left one-third of the town in ruins on May 30, 1879. Austin, Tex., had two tornadoes within a short interval on May 4, 1922, with 12 deaths and one-half million dollars damage. Codell, Kans., was struck three times in three successive years, 1916, 1917 and 1918. Each tornado at Codell occurred on the same day of the year—May the 20th.

Vary in Length

Tornado paths have varied in length from a few feet to nearly 300 miles. The width of the paths has ranged from nine feet to over a mile.

At least seven tornadoes have occurred with paths over 200 miles long. The longest officially recorded tornado traveled 293 miles in Illinois and Indiana on May 26, 1917 and lasted for seven hours and 20 minutes. The forward speed of this tornado was 40 miles an hour, which is about average. Forward speeds have been known to range from almost stationary to as much as 68 miles an hour.

The surface wind in connection with the development of the tornadoes is usually from the southwest. Nearly two-thirds of all tor-

ASSAILS CRAZY DRIVERS

UNIVERSITY PARK, Pa. (AP)—Psychiatric tests could do much to curtail America's traffic accidents, says Amos E. Neyhart, the director of the Institute for Public Safety at Pennsylvania State University. Emotionally unstable people are bad traffic risks, he says. And bad attitudes are important factor in many crashes.

He says that psychiatric checks on stability and attitudes could be an important addition to driver training as a means of reducing accidents.

He is an expert on driver training, having conducted the first course in driver training here in 1934. He says a poorly trained driver is twice as likely to have accidents as is a well-trained driver.

WRONG NUMBER

GRAND RAPIDS, Mich. (AP)—The Albert Heemstra family had their telephone number changed when phones were converted to the dialing system in nearby Cascade.

The new number was exactly the same as the old number at the State Police Rockford post. Heemstra said the phone started jingling the minute the new system went into effect and continued steadily for a day. "They mostly wanted to know the road conditions," he said.

nadoes move from that direction. Seven-eighths of the tornadoes move from some westerly direction, that is, either from the southwest, west, or northwest. However, tornadoes have been known to come from almost any direction, even stopping their forward movement, turning, and looping their paths.

A 1942 tornado in Buchanan County, Iowa caused wide-spread destruction in a crescent-shaped path, moving from southeast and through west and north to northeast. A Michigan tornado in 1946 made a circuitous path from Windsor, Ontario to Detroit, Mich. It frequently happens that several tornadoes occur on the same day and move in nearly parallel lines.

Lowest Air Pressure

The lowest officially recorded air pressure in a tornado occurred during the May, 1896 tornado that struck St. Louis, Mo. An aneroid barometer was located near the point where the center of the tornado, at its most destructive stage, passed through Lafayette Park. When the storm struck, the pressure was 26.94 inches mean sea level. This reading was 2.42 inches lower than the pressure recorded at the Weather Bureau office seven blocks away.

Tornado time again.

The spring months in the Panhandle are the worst time for tornadoes, and because they have been so destructive throughout Texas, the weather bureau, in conjunction with Texas Highway Patrol officers and members of the Sheriff's department, is organizing one of the most complete tornado warning systems in effect anywhere in the world.

Also cooperating with these groups are members of the Ground Observer Corps, which is responsible for turning in severe weather warnings by special telephone to government offices in other areas.

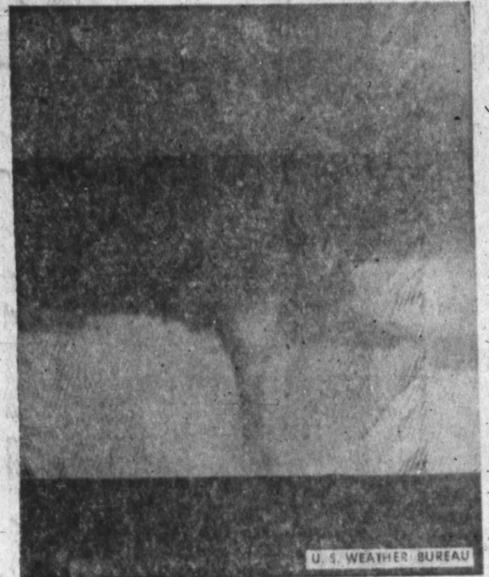

Warns 26 Counties

According to H. C. Winburn, meteorologist in charge of the United States Weather Bureau in Amarillo, their office is directly responsible for the issuance of warning of severe storms over the top 26 counties in the Texas Panhandle.

Tornado forecasts are issued wherever there is a possibility of severe weather developing at any point within this 26 county area. Plans have recently been completed whereby each city and town can be reached for on-the-spot reports of weather and whereby information can be relayed at once when the weather has actually developed.

Relayed by Police Officials

"Tornado warnings are issued after severe weather had developed and there is actual danger to life and property," said Mr. Win-

U. S. WEATHER BUREAU

TORNADOES . . . they cost 179 lives per year

burn. "These warnings are to be issued over all radio and television stations in the area and relayed by Texas Highway Patrol and Sheriff's department radios. These warnings will be confined to the immediate area of danger and can be followed by radar observations taken in our office."

The Amarillo office radar set has recently been modified to cov-

er a range of 200 miles from Amarillo.

"We can do nothing to prevent such storms," Mr. Winburn pointed out, "but a few minutes' warning may be able to save lives in your community."

Fewer persons own land in Louisiana in American countries than in the United States and Canada.

Sure starts a lot of Torque -

Buick Six - 6-Passenger 2-Door Riviera, Model 564

even before you Switch the Pitch

Torque is for take-off—and there's plenty of it here. You just apply a puny bit of pressure on the pedal—and you're off and away. Never has such quick acceleration been so smooth.

It's the newest step-up in Variable Pitch Dynaflo*—and it gives a double-barreled thrill.

First, it delivers a record amount of torque to turn those rear wheels—even before you switch the pitch. You splurge a bit while saving on gas.

The second is for real zoom service. Just put your foot down—and there you have it. You switch the pitch and Dynaflo serves up a dazzling burst of extra power to cut seconds off your passing—and add new safety to it.

But there's a lot more than torque to talk about.

There's Buick styling. Its flair and sweep alone have started many a conversation. On lines that are daring, but not reckless. On colors and interiors that are gay and stunning, but never garish.

And there's the Buick ride. Unlike any other. Softer, yet steadier. Cradling you in rubber-bubble comfort—leveling with you on every twist and turn.

A whole group of unseen marvels screen you from the harsh realities of the road. Including a new front-end geometry—new deep-oil-cushioned shock absorbers—new deep-coil springs on all four wheels. And there are new stabilizers and a new torque tube, to snub out any swing or sway.

In short, there's so much excitement from stern to stern—in any Buick you can buy—that Buick owners have a whole of a lot to talk about.

So why not take a Buick out on the road yourself, so you'll know what all the talk's about? Don't say you can't afford it until you hear us talk price. We're ready whenever you are.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Legal Notice

THE STATE OF TEXAS TO ANY SHERIFF OR ANY CONSTABLE WITHIN THE STATE OF TEXAS—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Deaf Smith County, Texas, the accompanying citation, of which the hereinbelow following is a true copy.

CITATION BY PUBLICATION THE STATE OF TEXAS.

TO: The unknown stockholders of the Hereford National Bank, a corporation, and the unknown heirs and legal representatives of such unknown stockholders, if deceased, and to all persons claiming any title or interest in land under deed heretofore given to John E. Ferguson, President of the Hereford National Bank; and his successors, in trust for the stockholders in said bank, of Deaf Smith County, Texas, as grantee, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court, 69th Judicial District, of Deaf Smith County, Texas, at the Courthouse thereof, in the city of Hereford, by filing a written answer at or before 10:00 a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of May, 1956, to Plaintiff's petition filed in said court, on the 13th day of April, 1956, in this cause, numbered 3873 on the docket of said court and styled WAYNE WALLACE, Plaintiff, vs. THE UNKNOWN STOCKHOLDERS OF THE HEREFORD NATIONAL BANK, A CORPORATION, and the unknown heirs and legal representatives of such unknown stockholders, if deceased, and all persons claiming any title or interest in land under deed heretofore given to John E. Ferguson, President of the Hereford National Bank, and his successors, in trust for the stockholders in said bank, of Deaf Smith County, Texas, as grantee, Defendants, Greeting:

A brief statement of the nature of this suit is as follows, to-wit: A trespass to try title suit in which plaintiff, for cause of action, alleges that on or about the 1st day of April, 1956, he was lawfully seized and possessed of the following described land and premises situated in Deaf Smith County, Texas, holding and claiming the same in fee simple, to-wit, the West 80 feet of Lot No. 2 in Block No. 18 of the Original Town of Hereford, Deaf Smith County, Texas, being the same land described in a deed from the Western Union Land Company to John E. Ferguson, President of the Hereford National Bank and his successors, in trust for the stockholders in said bank, dated Dec. 20, 1900, and recorded in Volume 6 at Page 342 of the Deed Records of Deaf Smith County, Texas, and also being the same property described in a deed from Western Union Land Company to F. L. Vanderburgh, dated March 17, 1902, and recorded in Volume 8 at Page 151 of the Deed Records of said Deaf Smith County, Texas. That Defendants unlawfully entered upon said premises and ejected Plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of \$1000.00. Plaintiff prays for judgment for title and possession of said land, claiming title by virtue of the Statutes of Limitation of five, ten, and twenty-five years, and other and further relief to which he is entitled, as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law and the mandates thereof and hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Hereford, Texas, this 13th day of April, 1956.

Lucille Posey, Clerk of the District Court, 69th Judicial District, Deaf Smith County, Texas. (SEAL) T-16-4c

Lawnmowers SHARPENED

You'll save time and effort when your mower is sharpened on our File-A-Pole Mower Sharpener. All work guaranteed.

J. L. ROGERS 306 Lawton Phone 144-J

Long Time Ago

45 Years Ago
The cotton crop for 1910 in the United States was 10,609,688 bales and according to the manufacturer's record, the northern mills exported 6,332,677 bales. Two-thirds of the crop of America went to England for manufacturing and 99 percent of the Texas crop left the state in search of a factory. Friday afternoon between 4 p.m. and 6:30 p.m. the business section of Hereford presented quite a deserted appearance, word having passed down the line that one of the Santa Fe's monster locomotive engines was to pass the city between 4 and 5 p.m. The big crowd at the depot was almost as restless and excited as a crowd of small children just before a circus parade. Owing to several

ties between 25-Mile and A Avenues and Tenth and Eleventh Streets. A north and south alley has been dedicated.

LOSS COST BOWL BID
BLACKSBURG, Va. (AP) Satterfield, an assistant football coach at Virginia Tech, says his greatest thrill as a player came during his sophomore year at Vanderbilt in 1941. Alabama, then coached by Mr. Frank Thomas, visited Vanderbilt. Satterfield recalls, The Crimson Tide was unbeaten and beat J for the Rose Bowl. "Yandy had only a fair team but we took a 7-0 lead and succeeded in stopping several Alabama drives." All remembers. The touchdown stood up. Vanderbilt won, and Alabama was denied the New Year's Day visit to Pasadena.

Armed, the 14-year-old Calumet Farm gelding who earned \$817.75 still runs around his paddock.

KIRKSEY "66" SERVICE

Intersection Highways 51 and Harris on Phone 266

Guaranteed

RIGHT FOR ALL WEATHER

Trop-Artic Motor Oil gives the protection your car's engine needs at every season of the year. It won't get too thick in cold weather. It won't get too thin in a hot engine. We're so sure you'll be delighted with the performance of Trop-Artic Motor Oil that we make this guarantee:

Use a crankcase-full of Trop-Artic Motor Oil for ten days or up to 1,000 miles. If you aren't completely satisfied that it lives up to all the claims made for it, your Phillips 66 Dealer will replace it with any other available oil you prefer—at no expense to you.

Could anything be fairer? Change to Trop-Artic All-Weather Motor Oil at your Phillips 66 Dealer's.

Be Weather-Wise! Change Today!

You'll benefit from easier starting... up to 45% less oil consumption and 40% less engine wear... longer gasoline mileage. And Trop-Artic keeps engines cleaner. Compared to old-fashioned motor oils it can even double engine life!

HEARS VERDICT—Charles John Butler, 52, sinks his head on the shoulder of his daughter, Mrs. Gertrude Macho, of Houston, as a Dallas jury renders a verdict of guilty in the December 10 slaying of his wife, Jean, and set the punishment at death. (AP Wirephoto)

FRIDAY FETE Luncheon for United Church Women Is Part of National Observance

When members of the United Council of Church Women meet for their annual May Fellowship luncheon Friday, they will be joining in the nationwide observance of the day.

In Hereford, women's organizations in five local churches are affiliated with the council. They include First Methodist, First Presbyterian, First Christian, St. Thomas Episcopal and Wesley Methodist.

Mrs. Alton Fraser, speaker for the day, will also keynote the purpose of the organization, as she speaks on "The Ecumenical Church," emphasizing the fact that the ecumenical movement is interdenominational, interracial, international, and that the purpose of the United Council is "not to weld all churches together at the seams but to plumb the depths to heal the differences."

The luncheon, slated for 12:30 p.m. at the First Christian Church, will be conducted by Mrs. Harold Beauchamp, program chairman.

GARCIA NEWS Residents of Community Attend Singing at Bippus Sunday Afternoon

By MRS. S. N. THWEATT

There was quite a singing at Bippus Sunday. Singing began at about 11 a.m. and continued until 4:30 p.m.

At noon, dinner was spread and everyone enjoyed a big, nice plate dinner and visited with each other. There were around 30 people present for dinner.

After the noon hour, house was called to order. There was a small amount of business, electing Mr. Head of Rosedale, N. M., for president and Mrs. Melvin Henderson of Bippus, secretary.

There were lots of good singers present; singers from Hereford, Adrian, Dalhart and Paducah.

Those attending from Garcia were Mr. and Mrs. N. A. Brown, Barbara, Mr. and Mrs. Floyd Brown, Earl, Rodger, and Mr. and Mrs. S. N. Thweatt.

Mr. and Mrs. Chas. Hoover and daughter, Mr. and Mrs. Shelton, Mr. and Mrs. Charley Hoover, Francis Shiek and Miss Wood were from Walcott.

There will be another singing the fifth Sunday in July. I will assure you an enjoyable day if you love good singing.

Cotton Farmers Plant

The cotton farmers around Friona, Muleshoe and Littlefield have begun planting. It looked dry to me and the wind and sand was still rolling when we came home from Levelland Saturday afternoon.

Mrs. Elmer Northcutt honored her daughter, Wanda, on her birthday with a party. She was 12 years old. Eight girls spent the night. Barbara Rierson, Jo Ann Miller, Donna Kay Osborn, Sharon Tompkins, Jeanette Duncan, Latatia Harrison, Georgina Lambert and Dean Baldrige, all of Belview, N. Mex.

Mr. and Mrs. Elmer Northcutt, Jerry and Wanda visited with Mr. and Mrs. Chris Clark of Dimmitt last week.

Mr. and Mrs. Bruce Coleman, Cinda, Gary and Mrs. Ruth Coleman were visitors of Mrs. D. E. Coldiron of Amarillo last Tuesday.

Attend Wedding

The Brown families attended the wedding of Mrs. N. A. Brown's niece, Miss Carolyn Potts, to Don Owens of Bovina, April 22, at 8 a.m. in the Central Baptist Church in Clovis.

After the wedding they attended the wedding reception at the bride's mother's, Mrs. Juanita Johnson.

Mr. and Mrs. Floyd Brown, Tommy, Mr. and Mrs. Eldred Brown, Earl and Rodger took dinner with Mr. and Mrs. Jim Cleveland of Clovis Sunday after attending the wedding of the Brown's boys-cousin, Miss Carolyn Potts.

Guest From Arizona

Mr. and Mrs. Eldred Brown and Tommy visited Mrs. W. C. King Sunday. She is Mrs. Brown's mother. Mrs. King's sister from Arizona was visiting Mrs. King, so the Brown family enjoyed visiting with her.

Mrs. W. D. Howard was hostess of the Mesenger H. D. Club Friday. Ten members were present. Mrs. Elmer Northcutt gave the program on "snake bite."

Candidates for State Meet were discussed. Members present were Mesdames R. J. Coleman, Bruce Coleman, W. D. Howard, Bob Howard, E. M. Jack, J. M. Rouse, Elmer Northcutt, N. A. Brown, Ernest Brown and Floyd Brown.

Next meeting will be May 11 with Mrs. E. M. Jack.

Mr. and Mrs. W. D. Howard attended Mrs. J. W. Hodge's funeral at Ft. Sumner Sunday.

Make Business Trip

Mr. and Mrs. Bob Howard made a business trip to Clayton, N. M., Friday.

Mr. and Mrs. S. N. Thweatt made a business trip to Levelland Thursday. They visited Mrs. Thweatt's father and sister during their stay in Levelland.

Mr. and Mrs. Wallace McGehee of Kansas City, Mo., spent last Monday and Tuesday here with his parents, Mr. and Mrs. William McGehee.

CFWC To Hold Final Tea Friday

The Deaf Smith County Federation of Women's Clubs will hold its final quarterly session of the club year in the form of a tea Friday afternoon at 4 p.m. on the second floor of the educational building of the First Baptist Church. Hostess club will be L. A. E., Bay View, El Nino, Garden Beautiful Study Clubs, and Westway and Progressive Home

Demonstration Clubs

New officers were installed and the program for the afternoon will be presented by the Music Study Club with Mrs. C. W. Parker as director.

The Hereford Art Guild will feature a showing of paintings recently completed in a series of lessons under the direction of Miss Label Robinson, head of the art department at West Texas State College.

VISIT IN HEREFORD

Miss Irene Crawford and Miss

Alma Hall, both former teachers in Hereford High School, now teaching in Amarillo, spent the past weekend in Hereford with old time friends, Mrs. Bonny Kelley, Miss Sadye Rigler and Miss Ona Hammer.

Mrs. George Cameron and daughter of Dimmitt visited in the home of her mother, Mrs. J. B. Harlin.

Ervin Elliston from Tucuman visited in the home of relatives over the weekend.

New Dusts Help Control Insects On Beans, Tomatoes

Home gardeners in Deaf Smith County may profit by research work on controlling certain insects on beans, tomatoes and peas just prior to harvest.

Experimental work at the Westlaco substation of the Texas Agricultural Experiment station reveals that dust forms of toxaphene and heptachlor may be safely used on black-eyed peas within 10 days of harvest and on snap beans within 10 days of harvest if the beans are thoroughly washed before shipping.

He also reports that toxaphene dust is now recommended for use on tomatoes within seven days of harvest for controlling the stink bug.

This information will also allow gardeners to more effectively control the cowpea curculion on beans and peas the troublesome stink bug on tomatoes without danger of excessive residues. Food and Drug Administration inspectors working in the Valley have been in close contact with the research work done and have approved the above recommendations.

Farmers are warned, however, that these insecticides should be used only in the dust form and that they should continue to consult the Vegetable Guide, L-255, for information on the Guide are available from the offices of local county agents or from the Agricultural Information Office, College Station, Texas.

Wednesday prayer service will be held at 8:30 p.m.
The teachers and officers meeting will begin at 8 p.m. Wednesday.

Loss and Gain

The older man is saying, "I have worked hard to make this farm pay. But I wonder if that is enough. What is ahead... how much loss and how much gain? He has asked this minister to explain it all. *What does it profit a man if he gains the whole world and loses his own soul?* Things do not satisfy. Man is a spiritual creature. He cannot be content with food and shelter. He was made for fellowship with God and his soul will always be hungry until he knows that he is a son of God and learns to walk with the Eternal Spirit. *He must go forward with Christ. He must go to church and live in daily consciousness of the favor and blessing of his God.* As he sharpens his tools to lose or gain, so must he sharpen his mind and his heart for God. *Any business will pay when God is the senior partner.*

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions and influence for a better citizenship and a making religious character. In the church the ministerial are the affairs of state in these perilous times. Let us with our children should go to the church at our choice on Sunday. "You in the Church and the Church in you" - GOES and a daily BIBLE READER.

Immanuel Lutheran

Park Avenue at B Street
Rev. Gene Oesch, Vacancy Pastor
Divine Worship service at 8 a.m.
Sunday School and Bible Class for all ages at 9 a.m.

Commencement Is Busy Time For Wayland Students

Plainview, May 2, (Spl.) — Norma Jean Glass and Billie Martin, both of Hereford, students at Wayland College, are in the midst of a flood of springtime activities as the college year rapidly approaches the Commencement season.

Commencement will be May 21 with honorary degrees going to three outstanding Baptist leaders, Mrs. H. G. Stinnett, Jr., Austin, vice president of the National Congress of Parents and Teachers; George L. Shearin, Dallas, endowment secretary of the Baptist General Convention of Texas; and Rev. Harlan Harris, pastor of First Baptist Church, Plainview, and bachelor's degrees to 42 seniors.

The Gypsy Trail Banquet, April 26, at which the 1956-57 officers for the Student Government Association were installed and to which all students were invited was one of the gayest affairs of the spring. Everyone including President and Mrs. A. Hope Owen came dressed in gypsy costumes. On May 10, the Baptist Student Union officers will be installed at a banquet followed by the Spring Music Festival in the Wayland Chapel.

Norma Jean, daughter of Mr. and Mrs. Brice Glass, is working toward the B. A. degree with a major in education and a minor in art. Her art work was displayed in the student art exhibit shown last semester. She was one of the art students assisting with the decorations for the Gypsy Trail Banquet. She is a member of the Wonder Band, Wayland's colorful International Choir and serves as advertisement chairman for Future Teachers of America.

Billie, a science major, is the daughter of Mrs. Myrtle Martin. She was one of the students assisting with the First Annual Debate Tournament at Wayland held in March. Billie is a member of the Volunteer Mission Band. Alless Parten, Director of Public Relations, Wayland College, Plainview.

at 7 p.m. and preaching service at 8 p.m.
Wednesday, prayer meeting is held at 8 p.m.

Avenue Baptist

123 N. 25-Mile Avenue
Rev. G. N. Allison, Pastor
Sunday School is held at 9:45 a.m. and worship service at 11 a.m.

Training Union is held each Sunday at 6:15 p.m.

Evening worship services are at 7:30 p.m. Sundays.

Mid-week prayer services are on Wednesday at 7:30 p.m. At 8:45 p.m. there will be choir practice.

THE WINNERS of the best decorated bicycles in the boys' and girls' divisions were announced at the Kiddy Park Saturday morning. Presenting Anna Martin, daughter of Mr. and Mrs. A. G. Martin, with her \$10 prize is D. C. Martin, one of the judges. Mrs. D. W. Maddox, another judge, watches Douglas Watson, son of Mr. and Mrs. Frank Watson, as he is given the \$10 in the boys' division by Dan Trew. (Staff Photo)

VA Regional Office in Lubbock To Process Death Claims of Veterans

Death claims of Deaf Smith County veterans will now be processed in the Veterans Administration Regional Office in Lubbock.

As of Tuesday, this office will assume the responsibility for such claims for veterans whose death occurs in the 79 county area served by the Lubbock office, Robert W. Sisson, Manager of the Lubbock VA office, has announced. This represents localization of a function which prior to Jan. 1, was performed in the Denver office for veterans residing throughout, the entire Southwest, Rocky Mountain and Pacific Coast states.

On Jan. 1, 1956, the Dallas, Texas Regional Office assumed this responsibility for all veterans residing in the state of Texas. Recently the Administrator of Veterans Affairs further decentralized this function to the five regional offices in Texas.

In the future death claims will be processed by the Veterans Administration Regional Office serving the territory in which the veteran's death occurs. After the transition period is over it is felt this complete decentralization will result in more expeditious service to beneficiaries.

The Lubbock Regional Office will handle all activities connected with death claims including payment of National Service Life Insurance policies, pensions, and statutory burial allowances.

Notices have already been sent to all funeral directors located within the area served by the Lubbock office. To expedite the processing of these cases after the veterans' death beneficiaries should contact the Lubbock Regional Office, any VA Office within the regional office territory, veterans or

Hospital Board Review Architects Plans for Wing

Members of the Deaf Smith County Hospital Board met Monday night at the hospital for a called meeting to review preliminary sketches of the new children's wing, as presented by architect Bill Townes of Amarillo.

Looking over the proposed sketches, members suggested certain changes which they felt would make it more convenient for the young people who will use the rooms.

Suggestions regarding the solarium, isolation rooms and wards, special facilities for sterilizing the equipment, location of patient rooms in reference to the solarium and chapel and location of the isolation room in reference to the patient were proposed.

Members will meet again next Monday to see the revisions they have suggested.

Wayne Thomas, chairman, presided. Others attending were Bill Davis Sr., Ansel McDowell, Tom Roberson, Dr. A. T. Mims and T. E. Seigler, administrator.

VA Regional Office in Lubbock To Process Death Claims of Veterans

Death claims of Deaf Smith County veterans will now be processed in the Veterans Administration Regional Office in Lubbock.

As of Tuesday, this office will assume the responsibility for such claims for veterans whose death occurs in the 79 county area served by the Lubbock office, Robert W. Sisson, Manager of the Lubbock VA office, has announced. This represents localization of a function which prior to Jan. 1, was performed in the Denver office for veterans residing throughout, the entire Southwest, Rocky Mountain and Pacific Coast states.

On Jan. 1, 1956, the Dallas, Texas Regional Office assumed this responsibility for all veterans residing in the state of Texas. Recently the Administrator of Veterans Affairs further decentralized this function to the five regional offices in Texas.

In the future death claims will be processed by the Veterans Administration Regional Office serving the territory in which the veteran's death occurs. After the transition period is over it is felt this complete decentralization will result in more expeditious service to beneficiaries.

The Lubbock Regional Office will handle all activities connected with death claims including payment of National Service Life Insurance policies, pensions, and statutory burial allowances.

Notices have already been sent to all funeral directors located within the area served by the Lubbock office. To expedite the processing of these cases after the veterans' death beneficiaries should contact the Lubbock Regional Office, any VA Office within the regional office territory, veterans or

CHARGED WITH ROBBERY—James S. Parks, 33, left, San Antonio boxing promoter and Dan Cook, 29, right, San Antonio sports writer, were charged with two counts of robbery by firearms after Houston automobile dealers reported being beaten and robbed of \$3,055. Cook said his intention was to solve a \$200,000 robbery and write a big story. (AP Wirephoto)

WESTWAY NEWS

HD and Four-H Clubs Meet For Lessons on Breakfasts, Carpeting

By MRS. T. B. THOMAS

The Westway H. D. Club met Thursday with Mrs. R. L. Wilson. Mrs. Argen Draper gave a very interesting program on wool carpets. Refreshments of cookies and tea were served to 11 members and one guest Mrs. Gerald McCathern. The next meeting will be May 10, with Mrs. Phillip Miller. The Sadie Lee Oliver 4-H Club met Friday afternoon with Sandra Green as hostess. Mrs. T. B. Thomas gave the program on Breakfast Main Dish. Refreshments were served to four members, the leader and Mrs. Buck Green. The next meeting will be May 11 with Mary Lynn Morrison.

Honored at Supper T. B. Thomas was honored on Thursday night with a pot-luck supper in the home of Mr. and Mrs. J. C. Morrison and children, others attending were Mr. and Mrs. Merlin Kaul and Walter, Mrs. T. B. Thomas and children. Mrs. Elmer Combs attended a Rebekah meeting in Dimmitt on Thursday night.

Several students have been out of school this week with colds and flu. Among those ill were Eugene and Bill Combs, Mary Lynn Morrison and Ann Wagoner. Mrs. W. B. Nunley and Jackie, Mrs. T. B. Thomas and Diedra and Patricia Ranspot attended a meeting at the Camp Fire Hut on Wednesday. The purpose of this meeting was to inform the next year's Camp Fire girls what they would be doing. They discussed this summer's plans for camp to New Mexico.

Soil Sunday Planned The Young People of the Westway Church will conduct a meeting on Soil Sunday, the first Sunday in May. Everyone is urged to attend.

Bill Williams of Clovis and Dave Lurry of New Orleans were Saturday morning guests of Mr. and Mrs. Jack Renfro. Jim and Jimmy Dale Auten were in Lubbock Saturday attending the Engineering school.

Attend Class Party Reed Green and Glenn Cash were among the freshman class attending their class party on Friday night in the park. Reed Green and Kenneth Clearman of Summerfield attended an oil judging contest in Lubbock Saturday.

Mr. and Mrs. Elmer Combs and boys were in Plainview Sunday to help Bert O'Connor, father of Mrs. Combs, celebrate his birthday.

Visit in Lubbock Mrs. T. B. Thomas, Diedra, Dan and Deborah went to Lubbock Sunday to visit Mr. and Mrs. Wayne Thomas and children. The Svan celebrated her birthday with a family picnic in McKonzie Park, those attending were Mr. and Mrs. Wagner Johnson and Johnny, Mrs. Tol Thomas, Mr. and Mrs. Dew Davis and Calvin and Mr. and Mrs. Charlie Davis and children all of Post. Mr. and Mrs. Bob Hunt and Evelyn of Canyon were here for church Sunday. Mr. Hunt had

missed the fourth Sunday so came on the fifth Sunday to fill the Methodist pulpit.

Mrs. Elmer Combs and Mrs. L. E. (Bud) Taylor, members of the Hereford Chapter of the Rebekahs attended a meeting in Pampa Saturday with the local drill team.

Mr. and Mrs. Jack Renfro, accompanied by Mrs. G. C. Merritt, Charlotte Moore and Almona Ritchie attended the track meet in Lubbock Saturday. Participating in the meet was G. C. Merritt Jr., of this community.

Mr. and Mrs. C. A. Sauley, Ann and Gayle Wagoner spent the week end in Roaring Springs visiting with Mr. and Mrs. L. A. Mullins and family and Harley and Teddy Alsip.

Receive Prizes This community was well represented at the Annual REA and the RTA on Saturday in Hereford. Among those receiving door prizes were Mr. and Mrs. Abraham Pra-Pat Ranspot, Mrs. Bess Werner and Mrs. J. F. Cheatham.

Robert Boyd had two of his grandchildren at Sunday School this week, Kay and Jay, children of Mr. and Mrs. Clayton Brown of Big Spring are visiting in Hereford with their grandparents.

Picnic 'Blown Out' Mr. and Mrs. Bud Taylor and children started for a picnic Sunday at Buffalo Lake but the sand and wind got so bad they didn't stay long.

Mr. and Mrs. Edwin Morrison and Eddie of Hereford were Friday night visitors in the J. C. Morrison home, others visiting in the home were Mr. and Mrs. T. B. Thomas and children and Mr. and Mrs. Merlin Kaul.

Mr. and Mrs. Vernon Wilson and boys were Sunday guests of Mr. and Mrs. R. L. Wilson and Nathan. Mary Lynn Morrison visited on Friday afternoon at Summerfield with Carolyn Lee who had been ill with the virus.

Visits Parents Florene McIntosh of Amarillo visited with her parents, Mr. and Mrs. Everett McIntosh over the weekend. She is making final arrangements for her forthcoming marriage to Don Salmon.

Becky and Franklin Earl, the small children of Mr. and Mrs. Troy Smith, have been ill with the measles.

Jackie Cozille of Altus, Okla., visited Sunday with Mr. and Mrs. Jack Renfro.

Prosper On Vegetables Several mornings this week we have had frost. All the vegetable farmers aren't wanting that kind of weather. The potatoes that have been watered weren't hurt too much but the dry ones were frost bitten to a small extent. Mrs. Jimmy O'Dell accompanied her husband to Dalhart over the weekend and returned to the C. A. Sauley home Sunday. Mr. and Mrs. Marvin Tadale and children had as their guests over the weekend the Mack Fitzgeralds of Melrose, N. M. Mr. and Mrs. Jerry Morris and baby

High School Boy Makes Iron Brain

LOUISVILLE, Ky. (AP)—Glen F. Chestnut Jr., built a thinking machine. It won him an honorable mention in a nationwide scholarship competition.

Chestnut, a high school senior who plans to be a scientist, made it out of electric coils from a pinball machine.

"The idea already had been thought of," he says. "I built it after I read an article about it. Chestnut gave this illustration of how the machine works.

"You take a simple problem like 'all mice are rodents and all rodents are animals.' Then, using a simple code system, you throw a number of switches on the control board. One of several lights will flash on to indicate that 'all mice are animals.'"

He designed the code used to present the problems. The letter S could represent mice, P rodents and X animals.

To put the problem of "if all mice are rodents and all rodents are animals, what are mice?" to the machine, the youth could just punch the following code on the switches:

IL a m S (mice) is P (rodents) and all P (rodents) is X (animals) what is S (mice)?

"A system of lights on the machine's panel would indicate that S is equivalent to X, or that all mice are animals."

The relays are wired so the machine won't give an answer to a false syllogism like:

"All dogs have four legs. John has four legs. What is John?"

In 1940 each 1000 U.S. married women 20-24 years of age had borne 975 children, but in 1952 each 1000 married women 20-24 years of age had borne 1190 children.
