

Council Re-Elects Officers, Directors

Good Market Predicted At Vegetable Meet

Vegetable Council Officers

These three Hereford men were re-elected to head the West Texas Vegetable Growers & Shippers Council during the West Texas Vegetable Conference held yesterday at the Bull Barn. Pictured from left are Bill Reinauer, vice president, Ray Frye, secretary-treasurer and

Charles Schlabs, president. Re-elected as directors were Preston Walker of Plainview, Wes Fisher and Albert Maxwell of Hereford and Jerry Allen of Hart. Approximately 100 area agriculturalists attended the Tuesday conference. (Photo By Jim Steiert)

BY JIM STEIERT
Brand Farm Editor

Members of the West Texas Vegetable Growers and Shippers Council re-elected a slate of officers and directors and heard a prediction for a "reasonably good" market in 1977 for their potatoes and onions during the West Texas Vegetable Conference at the Bull Barn Tuesday.

CHARLES SCHLABS OF Hereford was named to another term as the council's president while Bill Reinauer was re-elected vice president and Ray Frye was chosen to serve another term as secretary-treasurer. Both Reinauer and Frye are also from Hereford.

Among directors who were re-elected were Preston Walker of Plainview, Wes Fisher and Albert Maxwell of Hereford, and Jerry Allen of Hart.

After a poor market year for potatoes and onions in 1976, local growers were given some encouragement by Dr. Gordon Powell, state fruit and vegetable marketing specialist with the Texas Agricultural Extension Service at College Station.

"Anyone who claims he's going to forecast what's coming up in the marketplace is either stupid or a lot braver than I am, but I'm going to stick my neck out and say onion prices will be very good this year and that the potato market shouldn't be too bad either," said Powell.

THE SPECIALIST explained that adverse weather conditions in the Rio Grande Valley have made the onion production outlook in the local area much better, explaining that the south Texas onion crop volume will not be high and quality will not be what it has been in the past.

Powell warned growers not to expect processors to "come begging for potatoes", because they buy when the stocks are large and the prices are low.

He explained that the potato storage situation reflects an eight per cent increase in potatoes over this time last year.

"I expect the net farm income for 1977 to remain about the same as in 1976. There should be a modest rise in income and a slower rise in production costs. Overall, the outlook for 1977

is reasonably good for both the producer and the consumer," he concluded.

KEYNOTE SPEAKER Dr. Clark Livingston, plant pathologist from Colorado State University, warned local vegetable growers that they are often "making multi-million dollar decisions on erroneous judgements."

He told the growers that they must make decisions to fit their own situations, stating, "You can't afford to look in a book and make decisions, you need a more extensive understanding of the principles of vegetable growing for your particular area."

Livingston spoke on various diseases attacking potato plants, and reminded growers that diseases are prevented and not cured.

Dr. John Abernathy, assistant professor of weed science with the TAES at Lubbock reported on a number of weeds which are emerging as new problems for farmers.

"WE'RE BEGINNING to see some weeds that display resistance to pre-plant incorporation herbicides," he said. Abernathy cited rough blackfoot, a woody weed native to the Pecos area, cocklebur, lanceleaf sage and morning glory as examples of the new weed problem.

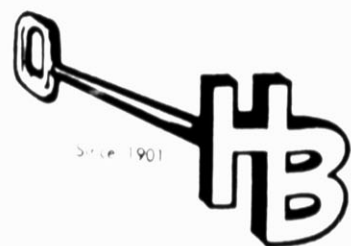

"Many of these weeds can pose a difficult problem, particularly at harvest, and I recommend a program utilizing a combination of preplant and pre-emergence herbicides to deal with such weeds," said Abernathy.

Chuck Rivera of Harlingen, executive vice president of the Texas Citrus and Vegetable Growers and Shippers Council also addressed the conference.

HE TOLD THOSE in attendance that the various vegetable councils should be opened up to include more growers, rather than centering exclusively on shippers.

Rivera addressed the problem of transporting fresh produce, stating: "Unfortunately, the railroads have all but abandoned the vegetable grower, particularly in view of an 85

Local Retail Sales Dip A Bit In 1976 From Previous Year

Deaf Smith County recorded gross sales of \$98,134,081 for the third quarter of 1976 according to State Comptroller Bob Bullock's office. This represents about an 18.2 decrease from the same period in 1975 when a total of \$119,994,819 in gross sales were recorded.

Surrounding counties were split in gains or losses as Oldham county had 07 per cent increase in sales and Parmer

County had a 24.1 per cent decrease. These reflect material compiled by the state, which collects data in its efforts to compute amount of sales taxes due the respective counties.

Statewide the gross retail sales in Texas jumped to \$34.5 billion for the third quarter of 1976, a 13 per cent increase over the same period the previous year. While the figures for the individual counties relate an approximate picture of the sales, they only reflect the amount of

sales as turned in by particular outlets.

Figures for Deaf Smith show that sales in the third quarter for 1975 were \$119,994,819. Whether it was just the time of the year or other factors, 1975 was shown as better in sales than 1976.

This county had \$23,106,852 in gross taxable sales with \$10,584,871 subject to sales taxes. Use tax purchases amounted to \$687,481 in the third quarter of 1976. The figures are based on 376 outlets reporting.

Oldham county had 79 reporting outlets while Parmer County had 207 outlet reporting.

Bullock released computer analyses breaking down the retail sales totals for the three-month period (July, August and September) by counties and by Standard Metropolitan Statistical Area (SMSA).

The County Code Analysis reflects total gross sales in each of the 254 Texas counties and the total for the state. It also provides a breakdown of sales by in-state and out-of-state firms.

Harris, the state's most populous county, led all others in gross retail sales with a total of \$8.6 billion, a 13 per cent increase. Dallas County was second with \$5.4 billion, up 18 per cent, followed by Tarrant County with gross sales of just over \$2 billion, up 12 per cent.

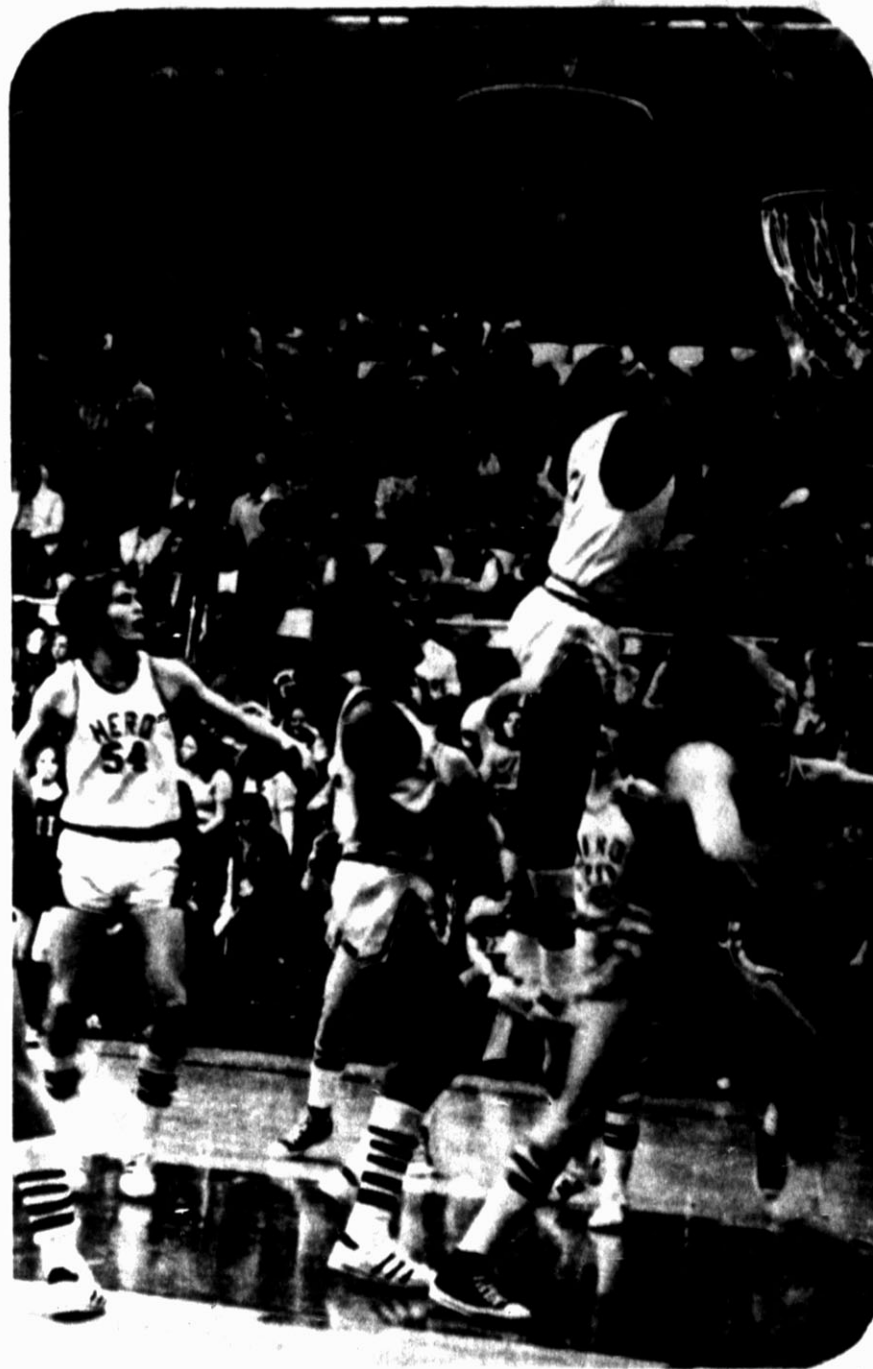

Bexar County's gross retail sales also were up 12 per cent for a total of \$1.5 billion for the quarter.

In-state firms accounted for \$32.2 billion of the sales, while out-of-state firms chalked up \$2.3 billion in sales in Texas during the period, according to the analysis.

The SMSA analysis breaks down gross sales for the state's 25 metropolitan areas.

Gross sales in the Amarillo SMSA were up 30.7 per cent over the previous year, the largest gain by any metropolitan area, according to Bullock.

Retail sales in the Bryan-College Station SMSA were up 20 per cent and the Sherman-Division and Killeen-Temple SMSA's each registered increases of over 18 per cent.

Getting High

Herd cager Kenneth Mercer does his 'Eagle' act as he soars above the crowd in an attempt to block a Monterey shot. Hereford players watching the action include David Schumacher (54), James Mays (just behind Mercer), and Kelly Kitchens (30). The Herd went on to win the contest 64-58 and register their first district win of the season. See story on page seven. (Photo by Bob Nigh).

Senate Sends House Legal Bingo Bill

AUSTIN (AP) - The Senate approved and sent to the House today a constitutional amendment that would legalize bingo and raffles by non-profit, charitable organizations.

The 21-7 vote achieved the two-thirds majority required for final passage on proposed constitutional amendments.

A two-thirds vote by the House on the proposal, sponsored by Sen. Frank Lombardino, D-San Antonio, will put it on the November 1978 ballot - along with the governor's race and other voter-attractive contests.

Tuesday, Lombardino won a 22-9 tentative approval of the amendment.

"This is just a bill to let the people of Texas decide whether they want bingo games," Lombardino argued. "It will let them decide whether these games can be used to raise money for religious organizations, for the VFW and the American Legion, for the Little League, and for cerebral palsy."

"This measure would let the Mafia come down here from Chicago or New York and organize a non-profit organization to gather in millions of dollars and only pay out a few dollars to charities," said Sen. Don Adams.

★ Correction ★

Due to a mistake in the compiled list of bids from the Hereford Young Farmers Junior Livestock Show Auction, The Brand incorrectly stated in the Tuesday edition that Jerry Shipman of Hereford added 40 cents per pound to the purchase price of the Grand Champion Steer, owned by Jackie Anthony of Dimmitt.

Shipman actually added the 40 cent per pound premium to the purchase price of the four-county Reserve Grand Champion and County Grand Champion Barrow, which was owned by Max Middleton of Hereford.

A complete list of winning bids from the annual stock show auction will appear in the farm section of the Thursday Brand.

Mondale Briefs Carter

WASHINGTON (AP) - Vice President Walter F. Mondale, home from his round-the-world trip, is telling President Carter how foreign leaders are likely to react when they meet the peanut farmer who is "an entirely new international leader for them."

Carter summoned Mondale to the White House today to get a personal report on his visit to Brussels, Bonn, Rome, Paris, London, Tokyo and Iceland. The vice president called a news conference after the Oval Office session to report to the American people.

College Merger Ordered

NASHVILLE, Tenn. (AP) - A federal court's order that two state universities in Tennessee must merge to end segregation may lead to the first U.S. Supreme Court ruling dealing with integration on the college level, lawyers in the case say.

U.S. District Court Judge Frank Gray, Jr. has given the University of Tennessee's Nashville unit three years to merge with Tennessee State University.

The issue was not segregation of students enforced by law but the continued predominance of black students at Tennessee State.

Odds On Groundhog Shadow

PUNXSUTAWNEY, Pa. (AP) - Jimmy the Greek said the odds were good that Phil, the groundhog, would see his shadow today and forecast an additional six weeks of winter.

"I'm going to lay 2-1 odds that he'll see his shadow," the other well-known prognosticator said Tuesday in a telephone interview from Las Vegas, Nev., where the temperature was 55 degrees.

Pay Raise Called 'Ripoff'

WASHINGTON (AP) - The Senate is getting a chance to approve or turn down hefty pay raises for members of Congress and other government executives. One lawmaker says the raises would be "a terrific ripoff of the American taxpayers."

It was Sen. James B. Allen, D-Ala., who used the term "ripoff" for the congressional raises of close to 30 per cent. Allen paved the way for a possible vote on the raises at today's session by tacking an amendment to a measure restructuring the Senate's committee system.

weather

West Texas: Considerable cloudiness through Thursday. Turning cooler north portion tonight and most sections Thursday. Light rain spreading over most sections, changing to snow Panhandle and South Plains tonight and ending around noon Thursday. Travel advisories may be required for Panhandle and South Plains tonight. Ann Landers Repeats VD Quiz

New Club Organized By Dancers

DEAR ANN LANDERS: Thank God you have enough courage (and clout) to print information in your column that most writers wouldn't (or couldn't) get past an editor. I refer to educating readers about VD. Please, Ann, rerun that VD quiz—along with the answers—Mc and Millions of Others.

DEAR YOU: In a free society, knowledge is the one weapon that can eradicate VD. We must acknowledge the following: Over three million people in the U.S. become infected every year. VD doesn't care who has it. Some very "respectable" people get it and pass it on. VD can be prevented. Silence, fear and guilt are no longer warranted. Anyone who suspects he has VD can go to the city or county health department for a free test and free treatment. Parents of minors will NOT be notified.

Here's the test. The answers can be found at the end.

(1) VD is transmitted by: (a) Sexual relations with an infected person. (b) Toilet seats. (c) Kissing.

(2) If not treated, gonorrhea may turn into syphilis. (a) True. (b) False.

(3) The largest number of reported cases of communicable diseases in the United States last year was from (a) Measles. (b) Chicken Pox. (c) Gonorrhea. (d) Syphilis.

(4) A person with VD will have: (a) Symptoms all of the time. (b) Symptoms part of the time. (c) No symptoms ever. (d) If you get syphilis and see

a doctor he (or she) can: (a) Help you some but not cure you. (b) Cure you some of the time. (c) Cure you all of the time.

(5) The symptoms of syphilis and gonorrhea are: (1) Usually painful. (b) Almost always noticeable. (c) Often hidden. (d) Almost always hidden.

(7) If a man and woman both get gonorrhea: (a) The man will notice symptoms first. (b) The woman will notice the symptoms first. (c) They will both notice symptoms at the same time.

(8) The symptoms of gonorrhea may be: (a) A sore on the sex parts. (b) Discharge from the sex parts. (c) A rash on the body.

(9) The symptoms of syphilis may be: (a) A sore on the sex parts. (b) A rash on the body. (c) Sore Throat. (d) All of the above.

(10) Once you have had syphilis or gonorrhea you can catch it again: (a) Yes. (b) No. (c) Only gonorrhea. (d) Only syphilis.

(11) If a pregnant woman has syphilis and it is not treated, her baby: (a) Will always be born with syphilis. (b) May be born with syphilis. (c) Will never be born with syphilis.

(12) Venereal disease can be a serious problem: (a) Only to people who are careless. (b) Only to people who don't behave properly. (c) Only to teenagers and young adults. (d) To anybody and everybody.

(13) It is correct to say: (a) A "negative" blood test always means you don't have syphilis. (b) A "positive" blood test

always means you do have syphilis. (c) If you have syphilis, sooner or later your blood test will be "Positive."

(14) VD education in the schools will: (a) Make young people curious and lead them to experiment with sex. (b) Teach them that the disease can be cured and make them less careful about protecting themselves against it. (c) Provide them with accurate information so they will know how to avoid the disease and emphasize the necessity of seeing a doctor if they should become infected.

The correct answers are as follows: 1. (a), 2. (b), 3. (c), 4. (b), 5. (c), 6. (c), 7. (a), 8. (b), 9. (d), 10. (a), 11. (b), 12. (d), 13. (c), 14. (c).

A club for round dancers was organized, yet remains without an official title, during a meeting last week at the Community Center.

Officers elected to serve the new club in its first year include Mr. and Mrs. Sonny Evers, chairman; Mr. and Mrs. Ed Line, secretary-treasurer; and Mr. and Mrs. John Kuper, social chairman. The club will meet at 8 p.m. each Tuesday at the Community Center.

Les Grumke will cue the dancers on the first and third Tuesdays. Al Harris will preside on the second Tuesday and Ed McCreary will call on the fourth and fifth Tuesdays.

McCreary cued the dancers at last week's meeting.

Selecting Queen

Three out-of-town women were special guests at the Beta Sigma Phi Preferential Tea Sunday, when the trio judged which sorority girl here will be named Valentine Queen. Their decision will be made public during the BSP Valentine Ball Saturday, Feb. 12. From left are the three judges, including Joy Lacy of Amarillo, Roberta Vendrick of Lake Tanglewood and Marie Hendricks of Amarillo.

Donations Given By Women's Forum

A donation to a kitchen fund at the local library was approved by members of Deaf Smith County Women's Forum during a luncheon meeting Monday at the Community Center. Ruth Long presided.

In other business, Mrs. Long

urged the 35 women in attendance to write letters to the Federal Communications Commission in opposition to a petition currently being circulated by the noted atheist, Medaline O'Hare. The petition demands that religious services be banned from broadcast on television and radio.

An entertaining program incorporating music and the biography of Gypsy Rose Lee was presented by Jane Gulley and Meredith Wilcox. Mrs. Gulley performed hit tunes from

the Broadway musical, "Gypsy." and Mrs. Wilcox reviewed the life of the famed striptease artist.

Hostess clubs for Monday's luncheon were Pioneer Study Club, Hereford Newcomers, Summerfield Study Club and Bud to Blossom Garden Club. The latter club created miniature cottages of styrofoam for centerpieces.

The next forum meeting will be held April 25 in the Community Center with hostess clubs being Music Study Club, Ceramic Art Club and Hereford Garden Club.

Postal Official To Be Honored

MRS. R.A. Frye
...retires as Dawn postmaster

Acquaintances of Mrs. R.A. Frye, who recently retired as postmaster at Dawn community, are invited to a reception honoring her from 3-5 p.m. Sunday in Dawn Community Center.

Mrs. Frye contributed 20 years of her life as executive official at Dawn's Post Office. She retired from that position in December.

She has standing in the professional organization, National Association of Postmasters. Mrs. Frye has two sons, Fred, who lives in Louisiana, and Richard of Port Aransas, and seven grandchildren.

Born at Fort Worth, Mary Alice Griffiths came to Dawn from Canyon in 1928 as a teacher. She was employed by Dawn School for three years and then married R.A. Frye in 1932. She has been a widow since 1972.

Since her retirement, Mrs. Frye has ample time for her favorite activity--handweaving on a loom. The Dawn resident creates rugs and other original items on her loom. She stated that she was looking forward to receiving a handmade spinning wheel to be sculpted by her brother, a woodcarver.

CAMPFIRE GIRLS

Dickie's Restaurant was the meeting place for Wakan Ki Lo Discovery Club sponsored by Mr. and Mrs. Virgil Marsh. Cooking is the Torch Bearer that the group will be working on for the next six weeks.

Mrs. Bill Thompson presented the program and related how her husband became interested in the restaurant business. She led them on a tour of the restaurant and kitchen and explained how each person has his own job and all must work together. The group saw cooking on a commercial level.

Bill Thompson was given a Camp Fire pin as a token of appreciation.

Members present were Deanna Pool, Ramona Rhodes, Cindy Gamez, Brenda Parson, Lori Parker, Rhonda Hollowell, Jill Paschel, Paula Graves, Mohica George and Cristi Crawford.

Leaders are Mrs. Floyd Eubanks and Mrs. Bill Thompson.

The Wa Ke Ta Discovery Group met at the Community Center Monday.

The girls worked on their

table decorations for the Father-Daughter Banquet and Paula Eubanks assisted them in completing their collars. Members present were Carol Smalts, Debra Pool, Lauri Orand, Becky Guerro, Kellie Howell, Cindy Streun, Marcia Crowley, Cindy Smith, Hope

Arellano, Connie Weatherford and Melodi Moore. Leaders are Mrs. Bud Kelly and Barbara Weatherford.

When you were 20, you couldn't wait for the first sign of spring; after 40, you know it's the time when your flu becomes hay fever.

Glue Fabric To Walls For Unusual Interior

EDITOR'S NOTE: This is the fourth of a five-part series concerned with covering walls with fabric.

COLLEGE STATION— In applying fabric to home interior walls, use glue, if the fabric is to be permanently attached, says Jane Berry, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

When working with fabric, glue is applied directly to the wall surface.

The glue, of cellulose or wheatpaste, must be mixed to the right consistency for the fabric chosen. Heavy fabrics require glue the consistency of cream. Light fabrics such as broadcloth and muslin, require glue the consistency of milk.

Use Brush To Apply Glue Apply glue with a brush for one width at a time, going one inch past the measured width. Usually glue applications are more successful if done during dry weather-- and in a well-ventilated room.

Cut fabrics three inches longer than the ceiling height. It's a good idea to match and cut sufficient fabric widths to completely cover a wall at a time.

Start With Corner Install the first strip of fabric so that it goes around a corner. Use a plumb line to start since it is better for the material to be straight even in the ceiling is uneven.

The second width of fabric should overlap the first by at least two inches, or as needed

for repeat match.

Smooth strips with a flat brush until fabric lies evenly. Let the fabric dry at least one hour before proceeding.

How To Butt Seams Overlapped fabric will not adhere well to itself, so seams must be butted and selvages removed.

Using a metal straight edge as a guide-- and a razor blade for cutting-- start cutting one inch from edge of fabric at overlapped area.

Be sure the razor blade moves exactly parallel to the metal straight edge-- rather than a slight angle. (Cutting at even the slightest angle will cause the underlayer to be cut narrower-- or wider-- than the top layer, and then the two layers will not butt.)

Cut through both layers of fabric so that the strip from the top layer falls to the floor and the strip from the underlayer can be pulled away easily.

If necessary, apply more glue, then press edges of fabric together and smooth with brush.

Use a metal straight edge and razor to trim excess fabric from bottom and top if necessary. To prevent fabric from puckering during cutting, run the razor lightly several times over about a 12-inch length until fabric is cut through and can be pulled away easily.

To cover raw edges at top or bottom when there is no molding, attach an attractive gimp or flat braid that either matches or contrasts with the wall fabric.

Fine Arts Festival Slated March 26-27

Mrs. Herschel Black, fine arts chairman, outlined plans for the local Fine Arts Festival for fellow members of the executive committee, Chamber of Commerce Women's Division. The board members convened Tuesday for lunch and business at the Country Club.

Introduced by Women's Division president, Donna VanderZee, Mrs. Black announced that the festival will be staged March 26-27 in the community Center. She stressed that individual participation is encouraged.

Marlene Watson was appointed to serve as the Women's Division blood bank chairman, a position recently vacated by Mrs. Bill Albright, who has moved to Big Spring. Also, the board members welcomed Margaret Formby as new vice president and chairman of the animal action committee, a newly-organized task force.

Mrs. VanderZee announced that all committee units in the Women's Division have been organized for the 1977 year.

Lists of these committees were distributed to members of the executive board.

It was reported that membership now totals 195 women.

Others present at Tuesday's meeting were Georgia Sparks, Sharon Davis, Carrell Ann Simmons and Toni McMorries.

Heart attack strikes any time, any place. Too often, victims wait for hours before seeking help. Don't delay -- half of all heart attack victims who die do so before they reach the hospital. Know the warning signals and act promptly when they occur. It could save your life. Ask your Heart Association.

Teams Compete in Whacky Assembly

Almost Anything Goes

Ronnie Wood stuffs his mouth in the first annual Anything Goes Contest.

FTA Goes To Convention

FTA (Future Teachers of America) will attend a state convention at San Antonio on Feb. 25 and 26. Eighteen members of the Hereford Chapters and their advisors plan to attend the meeting. FTA members have earned the right to travel to the convention by attendance of chapter meetings

and participation in the activities. Two candy sales have made possible the expense of travel and the hotel expenses. Members going are expected to pay for their own meals and personal shopping. In addition to business sessions, FTA'ers will attend workshops and "Fun

Night" program. A highlight of the convention will be the Mr. and Mrs. FTA speech contest. Sightseeing of many of the interesting places in San Antonio will complement the convention agenda. Future Teachers hold meetings each month on the third Monday night with programs intended to inform them about aspects of teaching and preparation for their chosen roles as teachers.

Programs this year have featured experienced teachers sharing their views, care of children who become ill in the classroom and the importance of making and keeping friends. A special event of the FTA year is the "Apple-For the Teacher Banquet" to which each member invites a favorite

Girls Get Their Chance

Twirp Week, a time when the roles are reversed when the man is the chaser and the women are the chasers.

The week is the time when women of HHS ask the boys out and pay for all the expenses for the date.

The main event during the week is the Twirp assembly. In

this assembly the Twirp King for the year is officially announced. The Twirp king is elected by all of the young ladies at HHS.

Twirp Week this year is the week of Feb. 7-11.

Last years Twirp King was Billy Word.

College Talks To HHS Sr.'s

On Thursday, Jan. 20, Jan McKinsey from West Texas State University presented a program to the upcoming graduating class of 1976-77. Miss McKinsey talked to students about WTSU and other Colleges.

To enter College a student must take the ACT or SAT test. Some colleges require either test, while others insist on a specific test. A student must also submit an application for admission to the college of their choice, and may apply to as many colleges as they prefer. To obtain an application, the graduating senior can check

teacher. This special occasion is set for April. Advisors of the chapter are Mrs. Bell and Mrs. Mercer.

Rolling people around in inner tubes, people pushing grocery carts blind-folded, wrapping people up in toilet paper? Has dear old Hereford High finally flipped. Not really its a new craze to hit called "Almost Anything Goes".

Last Wed. Jan. 26, at 10:15 in the gym teams competed in the assembly. All of the contestants were decked out in either Red, Blue, Green, Yellow or White tops, depicting the team, and blue jeans.

Yellow led after the first round by winning the Doughnut Race. This race was when 3 blind-folded people ran to the other side and they put the innertubes on the "Hole" and rolled to the other end. However Red took the lead by winning the Grocery Cart Race. That is a person riding in the cart directing a blindfolded contestant pushing the cart through an obstitial course.

The White won the Hoppity Hop Race, a race for the kids at heart. But the Red still led the contest.

Later in life the husband will sometimes get up late to go to work, so for training there was

the Breakfast Race in which the "Husband" runs to the table in the middle of the gym where he eats a hearty breakfast then kisses his "wife" and runs to the other side of the gym. White won and led the contest.

We got a kick out of Blind-folded football. Blue won this one but White still led. In this contest a director directs a blind-folded contestant to the ball where he kicks the football across the gym.

During the fifth race everyone was getting wrapped up in the contest. Especially in the Toilet Paper Mummy Race where the teams wrapped 2 people completely in the paper, when this was done they broke through and ran to the other end. Yellow won with White still in the lead.

The contestants took this next race setting down. This was because everyone sat down behind each other and some how scooted down the gym. Blue won and closed within 4 of the whites lead.

Thus the contest came to the last race called Super Basketball. This is where the contestant carries the ball down

to the free throw line between their legs and then shot the ball then ran back to the other end after making the basket. After everybody on all teams had finished the Blue team won and

took the lead away from White to win the over all contest.

Blue came in first, White second, Yellow just beat out Red for third and Green made a good showing.

Ann Bradley Wins Honors

Ann Bradley attended the Young Homemaker of Texas State Convention in Fort Worth Jan. 28 and 29. The convention was held in the Sheraton Hotel. Ann was chosen for State Little Sister.

Ann was chosen as Y.H.T. Little Sister in the Spring of 1976. She composed an application which consisted of contributions to the community, school and F.H.A. The application also consisted of her goals in life and what she thought the role of a homemaker is.

Ann's application was sent to the area advisor where it was judged for Area Little Sister. In September, Ann was named Area I Little Sister of Young Homemakers. She received a \$200.00 scholarship from Pion-

eer Natural Gas Company.

While at the convention Ann and nine other Area Little Sisters put on a style show for the young homemakers. Each girl had to model their favorite outfit and also an outfit which is chosen by the young homemakers. Ann wore a pantsuit and also a dress which was made entirely of newspaper. There was also a matching hat and purse for the dress.

At a luncheon held Friday in honor of the Young Homemakers the awards were presented. Ann, State Little Sister will receive a scholarship to the college of her choice.

Also going to the convention with Ann were Janice Kelley, Shirley Carlson, Marly Culpepper and Mrs. M.T. Burlesmith as sponsor.

Twirlers Add Life To Halftime Breaks

What goes up must come down. Right? Not always. The HHS Twirlers spirit during half-time at the basketball games keeps going higher and

higher. The seven ladies have performed in front of the band for halftime activities at football games and now are adding an extra to half-time at the Basketball games.

D'Ann Caison who has been a HHS twirler for three years is also a member of Symphonic Band and Leo Club. Her hobbies are playing the piano and organ.

Stacy Lea, who has also been a twirler for three years is in Concert Band and Leo Club. She likes to spend her spare time with animals.

Sophomore, Teresa Lambert is twirling for her first-time at HHS and is active in Concert Band and FCA.

Jana Green, also a sophomore, plays basketball and is in band and a member of the Leo Club and FCA. She is also active in the HHS Student Council.

Kim Oswald has twirler for HHS this year as a sophomore and is in Leo Club and Concert Band.

Lynn Mitts, another sophomore, likes to be involved in sports, reading, and playing the piano during her spare time. She is a member of Leo Club, Rainbows, and Concert Band.

with his counselor or write directly to the college he prefers.

Information needed can be acquired to the college registration administrator.

Any school will want three things:

(1) test scores (2) applications (3) transcript before they accept you and all freshmen are

required to live on Campus at most universities.

If a student can not financial difficulties he may be eligible for a college grant. If the students qualifies, the government will pay for part, if not all, of his college education. This is not a loan from the government, and the student is not required to pay it back.

V.O.E. Members Working Hard

The H.H.S. has an organization of local chapters whose members are enrolled in a Vocational Office Education (VOE) Program. The purpose of the Association is to further the welfare of the members of the Association in the following ways:

- To encourage the development of occupational skills, knowledges, and abilities to a high level of proficiency.
- To develop leadership in the field of office education.
- To develop a sense of individual responsibility.
- To encourage use of ethical practices in business.
- To allow opportunity to appreciate and implement the unenforceable obligations of citizenship.
- To provide for mental and physical health through satisfac-

tory social and recreational activities.

h. To develop a healthy respect for education.

h. To develop a healthy respect for education.

i. To create and nurture an understanding of our free, competitive enterprise system.

j. To develop an appreciation of civic and social obligations of those engaged in office occupations.

k. To recognize that the focus of attention is on the present and future of youth.

Everyone enrolled in Vocational Office Education Pre-Lab classes are eligible for the Office Education Association Club. This year's members include: Sally Amaro, Norma Arroyos, Wanda Bartels, Debra Coffey, Tommie Cherry, Denise DeHart, Margie DeLaCruz, Irma Garcia, Alice Hill, Karen Linderman, Lisa Marquez,

Martina Ortiz, Viola Padilla, Esmeralda Perales, Elizabeth Rodriguez, Nan Rodriguez, Paula Sperland, Jana Turpen, and Tammy Ward.

Office Education Association events for the year are:

- Fund Raising Activities
- Helping needy families
- Helping with Muscular Dystrophy
- Parties

The Office Education Association special event for this year will be crowning of the O.E.A. Sweetheart. Any member which wishes to be a Sweetheart candidate is eligible to compete for the title. The sweetheart will be chosen from the three highest point earners.

The members earn point by attending meetings, helping with community activities, outside activities, helping on committees and fund raising activities.

News Briefs

HHS Burglarized

Burglary a crime that has claimed an estimate 3,500,000 victims in the year of 76 alone has claimed another victim in the Hereford High Schools Math Department.

Six Calculators valued at an estimate of over \$180 were taken last Wednesday Jan. 19.

The calculators were Texas Instruments #30. They were recently purchased about months earlier.

Any information leading to confiscation of the calculators would be appreciated. No questions will be asked.

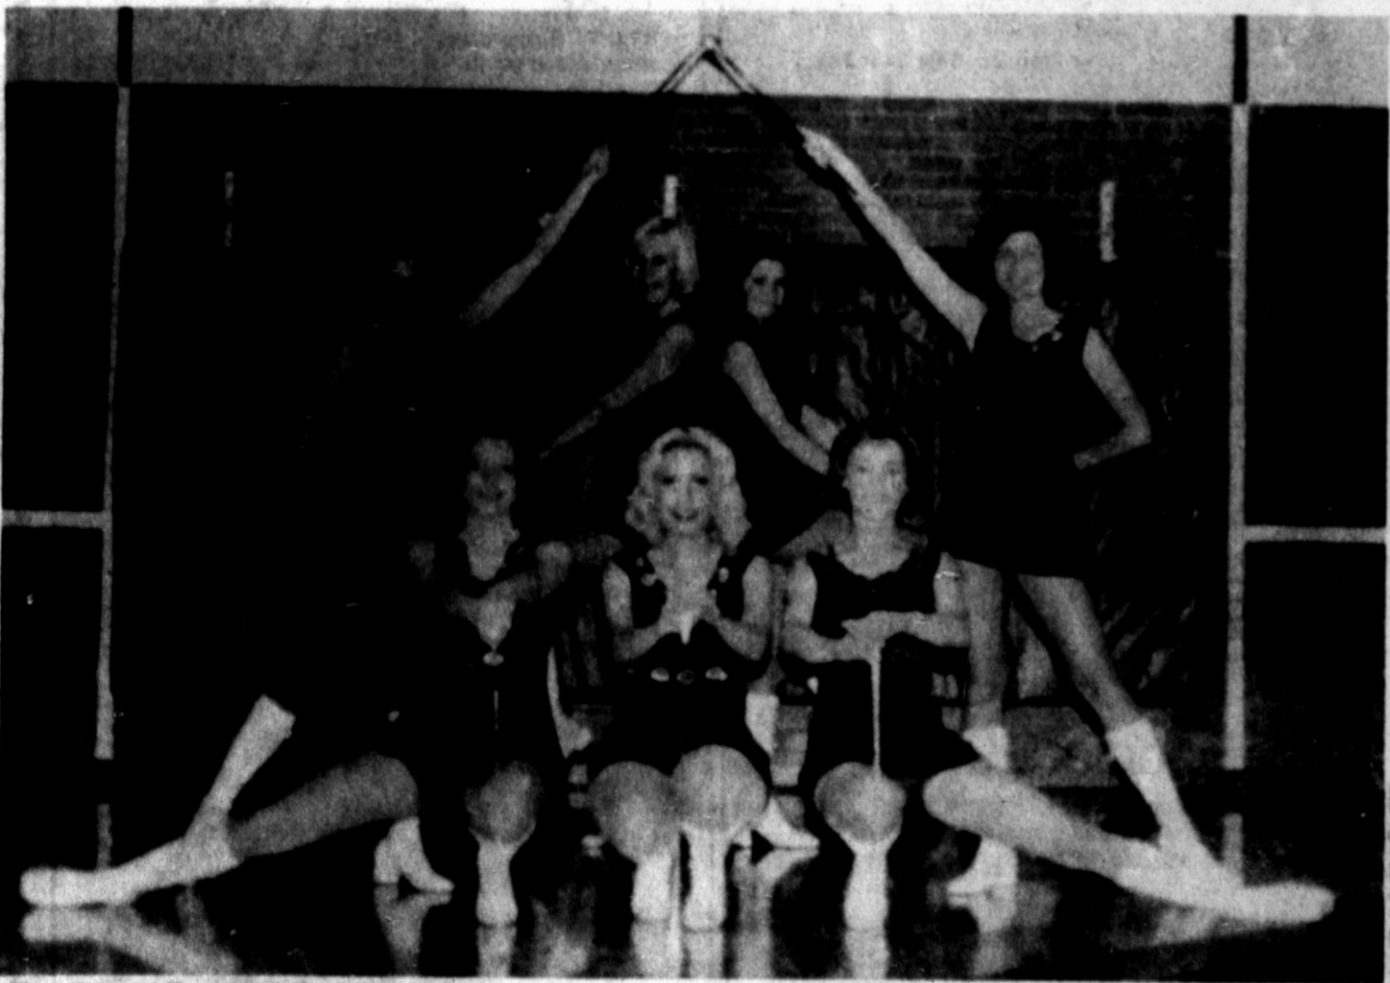

Vice-Principal

Attends Conf.

Eugene Barkowsky, Hereford High School Vice-principal attended the annual Assistant Principals conference in Austin.

The conference was two days long, the 24 and the 25 of January.

Mr. Barkowsky stated that he enjoyed the conference and the many new and fresh ideas that the conference was able to bring out.

Twirlers In Action

Hereford High School Twirlers are standing [L-R] Teresa Lambert, Jana Green, Sabra Macker, Lyn

Mitts, Knelling; [L-R] Kim Oswald, Dee Anne Caison, Stacy Lea.

Students in Aerospace to Take Tests

Some 39 students from Hereford High School Aerospace classes will be trying to pass the private pilot-airplane test, February 12.

The test is essential to receive a pilots license.

Mr. Claypool expressed the feeling that he believed as an average of 10 per cent of his

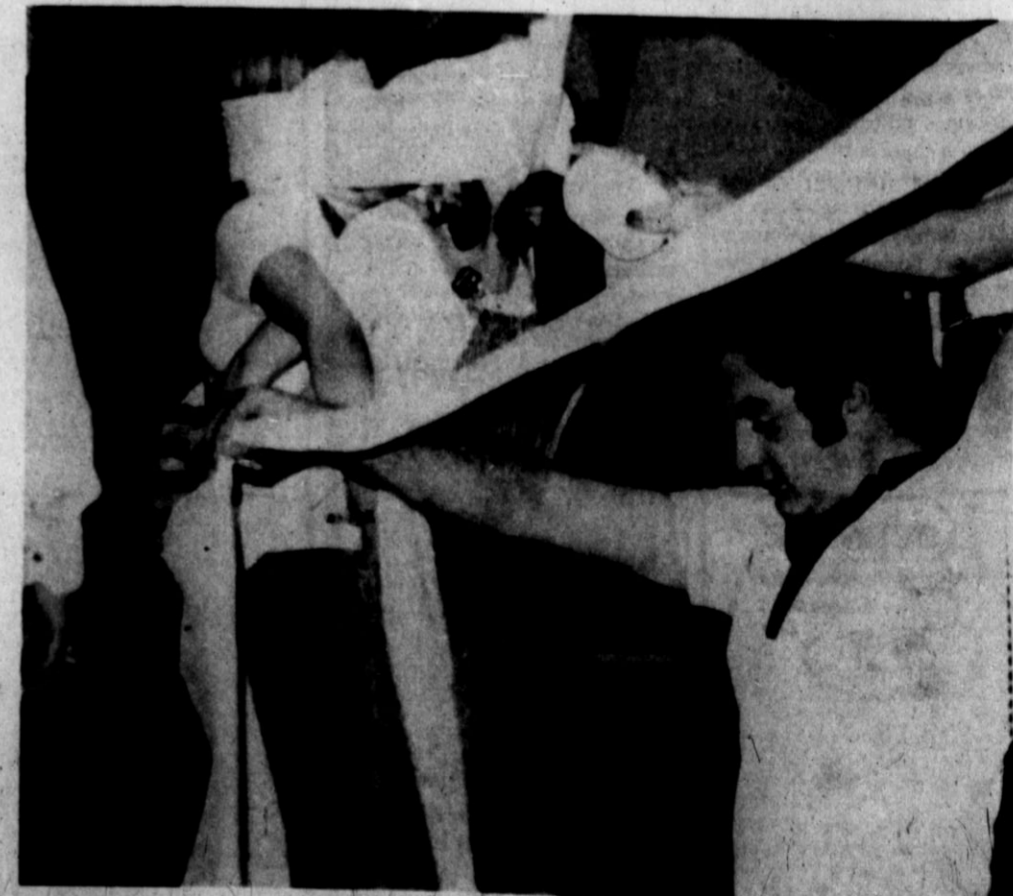

students that take the test would pass the test.

The highest score over recorded by an HHS Student was 96, by Nelda Valdez. Passing is a score of 70.

These students will take the test: Gedon Berryman, Aurelio Carrasco, Eddie Echevarria, Richard Hoelscher, Mark Mo-

ten, Janie Rodriguez, Jeffery Smith, Jimmy Moreno, Jack Manning, Jean Rudd, Randy Stevens, Mark Walton, Trent Brisendine, Eddie Castaneda, Bobby Griego, Jack Latham, Bill Roberson, Devin Sanders, Paul Torres, Karl King, Layne Martin, Gilbert Salas, Tammy Stringer, Ricky Mendiaz, Victor

Cardenas, Warren Cornelius, Sandra Harkins, Randy R. Marrs, Ira Robinson, Scott Shaw, Ricky Trevino, Jerome Koenig, Greg Pagett, Richard Simms and Gus Tijerina. And these four students will take the test for a second time: Loyd Bridges, Gary Gallagher, Jeff Murry, and Herman Lopez.

Mummies Appear

Carol Tucker wraps mummies with toilet paper as one of the activities in Almost Anything Goes.

FCC Cracks Down On CB Radio Users

WASHINGTON (AP)—The Federal Communications Commission says it plans to crack down on citizens band radio operators who transmit on single sidebands on frequencies not assigned to CBs.

Sideband, which requires a specially equipped radio, uses only one side of a channel, which is legal when CB channels are used.

But some CBers, the FCC said Tuesday, are using equipment intended for amateur radio and using false call signs.

Some signals by single sideband CBers are in the 27.40 to 28.00 megahertz range and above, which the FCC and international treaty allocate to the public safety and industrial

services, the federal government and the amateur radio services, the commission notice said.

In addition, the FCC said, many of these operators cause interference to television and other home entertainment equipment.

The commission said it gives major enforcement priority to out-of-band operations. Violations are punishable to a fine up to \$10,000, up to one year of imprisonment or both.

John Mercer Langston, elected clerk in 1855 of Brownhelm township, Lorain County, Ohio, was the first Negro to win elective office in the United States.

Lung Association Gives Doctors Fellowships

The American Lung Association (ALA) has awarded five Christmas Seal fellowships totaling \$50,000 (\$10,000 each) to train pulmonary specialists in Texas during 1977-78, reports Mrs. Cora McNair, Chairman of the Top of Texas Area Advisory Council of the American Lung Association of Texas.

In Hereford, Mrs. Jewel Smith and Mrs. June Rudd, R.N. represent the Top of Texas Area of the American Lung Association of Texas as Advisory Council Members.

Doctors who have completed their internships and residencies are eligible for the two years of advanced study required to become specialists in lung disease.

The shortage of chest specialist in Texas is alleviated by contributions given by the public to the annual Christmas Seal Campaign, conducted by the American Lung Association of Texas. Such contributions by Texans help make possible the annual awards for post-graduate training of doctors interested in researching of teaching the prevention and control of lung disease in Texas.

Of the five ALA fellowships, two are second-year renewals. These were awarded to Joseph E. Burks, MD and Junji (Jay) Higuchi, MD. Dr. Burks, in training at the UT Medical Branch at Galveston, is sponsored by W.J. DeGroot, MD, professor of medicine, pulmonary division. Dr. Higuchi, in training at the UT Health Science Center at San

Antonio is sponsored by W.G. Johanson Jr., MD, associate professor of medicine.

Five-year ALA fellowships were awarded to Michael S. Haynes, MD, who will train at the UT Health Science Center at Dallas, under the sponsorship of Alan K. Pierce, MD, professor of medicine; and Stewart K. Olivey, MD, sponsored by Paul M. Stevens, MD, pulmonary disease section, Baylor College of Medicine, Houston.

In addition, an ALA Institutional Training Grant has been awarded the UT Health Science

Air Force Training Completed

Airman Melissa Lucas, daughter of Mr. and Mrs. Joe Henry of 1400 16th St., Hereford has graduated at Sheppard AFB, Tex., from the U.S. Air Force technical training course for carpentry specialists.

Airman Lucas, who was trained to construct and maintain buildings and assemble prefabricated structures, is being assigned to Randolph AFB, Tex., for duty with a unit of the Air Training Command. Completion of the course enables the airman to receive academic credits through the Community College of the Air Force.

The airman is a 1975 graduate of Hereford High School.

Conference

per cent hike in rail rates within the state. Vegetable growers have been forced to turn exclusively to trucking to move their produce, and we can't afford to let this happen."

Rivera explained that railroads must establish service once again and provide a reliable means of shipping vegetables, so that growers can feel sure that their produce reaches its destination on a steady basis.

"The rail carriers are realizing that they are losing their traffic, and they might come around once more," he commented.

STEVE GREEN, commodity futures analyst with E.F. Hutton Co. of New York also addressed the crowd of almost 100 vegetable growers concerning commodity futures for potatoes.

He explained that the commodity futures market is another tool at the disposal of the grower, and that under the right circumstances, hedging could help to insure a profit.

"It's a lot like riding a train," Green commented. "You have to know when to stay on for the ride and when to admit you made a mistake and get off."

Center at Houston. Warren C. Miller, MD, director, pulmonary division, will supervise selection of a fellow and the development of training program. This award is renewable for a maximum of three years. The first year of pulmonary fellowship provides the clinical training necessary to be both a consultant in respiratory diseases and a teacher of medical students, house staff, practicing physicians, and paramedical personnel. The first year is primarily involved with clinical

training and mastering the principles and equipment in a pulmonary function laboratory. Each fellow is required to plan, reform, and complete a clinical or basic research project, working under the supervision of a faculty member assisting with the project. During the second year of training, teaching and research are emphasized in conjunction with individual responsibilities. In addition, fellows are expected to carry their research projects to completion.

Welcome To HHS

Let's give a great big welcome to two new students. You may not have noticed them yet unless you have them for a class, but many a guy sure has noticed them.

Their names are Karen and Kelly McClarty. Karen the oldest of the two is a senior and is 17 years old. Her hobbies include tennis. Karen used to play tennis for Tascosa but is not participating at HHS. When asked what she thought of Hereford she replied "This is the first town that I've really felt welcomed, in that everyone is so friendly. All of the people I have met have made me feel at home."

Kelly the youngest sister is a Sophomore and is 16 years old. Her hobbies include different kinds of writing and she also

likes to do some running which is probably the reason why she is participating for the HHS track team. When asked what she thought of Hereford she commented, "It's a real nice town and all the people seem to be nice and friendly."

The two McClarty girls reside at 145 Pecan. They came here from Amarillo, Texas where they attended Tascosa High School. When asked how HHS compared to their former school Karen said, "It's about the same except the people at HHS are friendlier. The same question was asked to Kelly and she replied, "Hereford High is smaller but a lot friendlier. The reason for moving to Hereford was because Dr. McClarty, a dentist, decided to go into private practice. Dr. McClarty took over the practice of Dr. Zimmerman, a former Hereford dentist.

If you happen to see any of the two girls walking down the hall give them a big hello and a smile and show them just how friendly HHS is.

Another new student at HHS is Elizabeth Stetham. Elizabeth is a Jr. and is 16 years of age. She originally came from Ohio where she attended Clinton Massie High School. She resides at Summerfield. Her hobbies include swimming and horseback riding. When asked what she liked about HHS she said, "Hereford High is a lot bigger than my old school. She also likes the idea that you can leave for lunch. They didn't get to leave in Ohio.

Students Roughing It In The Wild

Biology is taking another field trip. This is a longer more interesting trip. The trip will be to the Wichita Mountain Wildlife Refuge, which is 59,020 acres.

The class will be gone from April 2-7. Mr. Wood and Mr. Rossen, sponsors the trip, will be taking 10 Chemistry students and 20 Biology students. The students were chosen from their interest in and out of class. The Refuge to where they are going to is near Lawton, Okla.

The class will study the environment, taking in both the living and the non-living aspects of life, not to forget the plant

and aquatic life. While there, the group will be sleeping in tents, in sleeping bags, and cooking over an open fire.

The area in which they will be staying is the Environmental Study Area. An Eko hut will be provided by the Refuge for environmental study. The main purpose of the trip is to show the students how important the environment is and why they should try to take care of it.

The place where the group will be staying is called an Island Refuge in a Prairie Sea, which is a vastland of rolling hills, rocky surfaces, and bare mountains. They will be studying long horn cattle, bob white quail, eagles, and all the other plant and animal life in the area.

The Refuge today is managed for two reasons, to keep a natural environment with a natural wildlife population, and

for the public, so they can enjoy, study and observe wildlife in this natural setting.

They will also observe rocks which were formed millions of years ago by the cooling of hot lava forced to the surface.

Some of the places the group will be observing are the Stony Rocklands, Prairie Grasslands, Woodlands and lakes around the Island.

15% LESS State Farm offers most Texas drivers rates that are 15% less than rates set by the State. And Homeowners rates that currently average 20% less than Standard Texas Homeowners rates.

New Snow Storm On Tap Here

By The Associated Press Winter-weary Texans learned another wet norther was on the way today while traces of a weekend snow storm still lingered in the north part of the state.

Official forecasters looked for a new cold front from the Pacific to thrust into the Panhandle-Plains sector by early evening and snow to spread into that part of the state from New Mexico. A depth of 2 inches was

expected by Thursday morning. Drizzle or fog already covered much of Central and South Texas this morning. Skies were overcast nearly everywhere else in the state.

Temperatures remained relatively mild, ranging upward near dawn from 27 at Marfa in the West Texas mountains and 32 degrees at Dalhart in the Panhandle and Texarkana in Northeast Texas. The warmest spot at 53 was Brownsville in the

extreme south. Tuesday's high marks were topped by 73 at Presidio in far West Texas.

Light rain was expected to persist in much of South Texas through Thursday and to develop in the Panhandle and extreme West Texas late today, spreading eastward behind the new front. Forecasts called for the rainfall to change into snow during the night in the Panhandle and South Plains.

Toastmasters Club Locally To Organize

All men interested in forming a Toastmasters Club in Hereford are invited to call Bob Wear, pastor of the Central Church of Christ.

A preliminary meeting will be held at noon, Feb. 4th (Friday) at The Caison House. If you can attend, please call 364-1606 or 364-0594.

THE HEREFORD BRAND Comics & Television Schedules

A mother and family tackle the airwaves

PBS is airing a pilot for a proposed new series, *Mother's Little Network* on Tuesday, Feb. 8 (9-9:30 p.m., EST). Posing as an up-and-coming family-owned broadcasting company, MLN hits the air with its own brand of video humor. An example of its home-grown humor is found in the review of the show written in *Mother's* hometown newspaper, "The Bugle," by the local television critic, Ollie Murchison. It was such a stupendously silly review that we've decided to print it in its entirety.

Hold the English
Funnier than Washington *Funnier than Washington* in Review, shorter than NOVA, gutsier than Evening at Symphony, *MOTHER'S LITTLE NETWORK* offers something unique. A public television program with no English host! Not unlike the yam, it is born, bred, and rooted in America, with lots of jokes the whole family can laugh at. This reviewer sucked in a lot of fresh air, I can tell you.

Grampa's Heap
It was a great pleasure to see Grampa Floyd on the new show, looking back at us from the tube instead of our bedroom windows! Gramps showed us how to grow a compost heap in your own pocket. Other *MOTHER'S LITTLE NETWORK* special guests included the popular Osley Siamese Twins from Pensacola, Florida, and Winnebago, Long Island, with their unforgettable rendition of "Let's Call the Whole Thing Off!"

Old Balls, New Tricks
We also enjoyed *Mother's* many cultural events, including Sing Along with Symphony and a visit to the Hollywood Home for Retired Bouncing Balls, for their touching performance of Row, Row, Row Your Boat. But what really had us in our seats were the sports competitions! This reviewer took particular notes on the Speed Meditation Competition at the Astro Track of the famous Seek 'N Find Spiritual Complex. And the National Pettifogging Finals in Bemworth, Nebraska, with color reporting by Mother herself, gave us all food for thought.

Everything Causes Cancer

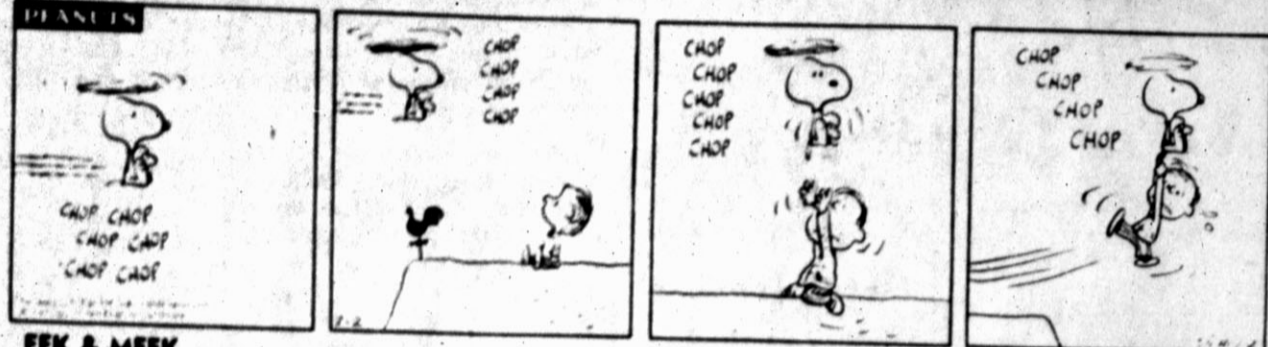

Mother's Little Network also featured profoundly topical matter, such as reports on the recent outbreak of feathers in Elizabeth, New Jersey, consumer studies on the reliability of bullet-proof underwear, and science updates on the recent discovery that everything causes cancer in white mice. Undented by the fact that she doesn't yet have any sponsors, Mother went ahead and made her

own commercials. I for one was impressed by the Slice-o-Magic Mince-Master ("makes real french fries, just like downtown!") illustrated by host "Fingers" Julienne.

Makes You Wonder
With its many, many features and guest celebrities (hold your hats, folks, Mother says she has some real biggies on the line!) this is a show that will really make you wonder.

For the record, Mother had a lot of help on this one from *Mother's Little Regulars* Tony Kahn, Arnie Reisman, Dick Bartlett, Ernie Foss, and Nancy Spiller. All of them have written and performed for PBS before in such shows as *The Great American Dream Machine*, *ZOOM*, *Sesame Street*, *The Electric Company*, and *The Life of Leonardo da Vinci*. Boston's WGBH-TV brought them all together.

A TV First
But it wasn't until the naked couple appeared with the chocolate sauce and the French Poo- (cont. p. 86)

Herd Scrambles By Plainsmen, 64-58

Tandem Offense

It's hard to tell who's on offense in this instance as Hereford's Kenneth Mercer. [34] and Monterey's Tony Hamby [20] both go up. Actually, Mercer was defending here and was just a bit late to block Hamby's shot. The action took place in the Herd's 64-58 win over the Plainsmen Tuesday night. (Photo by Bob Nigh.)

BY BOB NIGH
Brand Sports Editor

The Hereford Whitefaces overcame a six-point deficit early in the fourth period Tuesday night and went on to post their first District 4-4A win, a 64-58 decision over the Monterey Plainsmen.

Finding themselves behind 46-40 with 6:33 left, the Herd scrambled to a 20-12 advantage the rest of the way to reap the win.

A pair of free tosses by David Schumacher and a bucket by Kelly Kitchens narrowed the gap to two before Tony Hamby upped the margin to four again with a 10-footer.

The course of the game changed at that point as the Whitefaces got layups from James Mays and Schumacher to knot the score at 48-48 with 4:42 left, the Kitchens then gave the Herd a four-point margin with two jumpers from the free throw line.

Leading 54-50 with 2:04 remaining Herd coach Barry Arnwine sent his team into their four-corner offense.

The ploy nearly backfired, however, as Kitchens did an almost unheard of thing by missing a layup at the 1:25 mark and Kenneth Mercer fouled Monterey big man Mike

Buckner.

Buckner's two charity tosses made it 54-52 and Schumacher, Buckner, and Mays hit successive baskets as the Herd moved ahead 58-54.

Jerry Fewell missed a 20-footer with 50 ticks left, and Mike O'Rand virtually wrapped it up four seconds later as he hit both ends of a one-and-one to make it a six-point affair.

David Davidson hit a layup with two seconds left to make it 62-58 and the Plainsmen called a quick timeout, which left one tick on the clock.

Schumacher eluded the Monterey press to take a floor-length

inbounds pass from Kitchens following the timeout, and the 6-3 junior laid the ball in the bucket as the buzzer sounded for the final tally.

Coach Arnwine was in near ecstasy following the big victory as his face mirrored the relief of the pressure-releasing win in the wake of successive two-point losses in district action.

"If we were 0-20 I couldn't be any prouder of these kids," he said. "They give it everything they've got and never give up."

"We played well, and got some of our confidence back as we look to the new season beginning in a few days," he added pointing to the second half of district action.

Senior scoring machine Mays led all scorers in the contest with 24 points, nine of which came in the initial stanza.

stands at 17.0 per game.

O'Rand also hit in double figures with 10 points to his credit as he kept his district average at the 10.0 mark.

Buckner led the Monterey charge with 18 points, and the Plainsmen got a very balanced attack enroute to the loss.

Larry Eggenberger added 10 points to the Plainsmen tally, and Fewell, Stan Edger, and Hamby each added eight points.

Monterey held the advantage in buckets from the field 27-24, but it was a 16-4 margin at the line that gave the Herd the win.

The Plainsmen shot 49 per cent from the field, 27-55, while Hereford saw 24 of 50 shots true for 48 per cent. At the line the Herd hit 16 of 20 tosses for 80 per cent, while Monterey hit four of eight free tosses for 50 per cent.

With the win Hereford upped its season mark to 16-10 while Monterey fell to 15-11 with the loss. The Herd travels to Lubbock Friday to meet the Lubbock High Westerners, while the Plainsmen take on the Coronado Mustangs the same night.

Mays Tops Scorers Through Non-District

BY BOB NIGH
Brand Sports Editor

Senior James Mays had the hottest hand scoring-wise during the Hereford Whitefaces' 23-game non-district schedule this season.

Excluding a contest at Clovis on February 8, the Whitefaces concluded the non-district phase January 22 at home against Clovis.

Mays boasted an 18.3 scoring average in non-district play according to a stat sheet released by Herd coach Barry Arnwine this week.

Junior guard Kelly Kitchens was the only other Herd player to score in double figures, with his average at 16.8, while senior Kenneth Mercer just missed that plateau with a 9.9 average.

Reading down the roster the rest of the averages by player were: Mike O'Rand, 7.7; David Schumacher, 7.5; Jim Lawson, 6.9; Blake Autry, 4.4; David Arney, 2.1; and Larry Ritter, 1.8.

Mays also posted the best field goal percentage in the 23 games with a 54.8 mark after hitting 138 of 252 attempts.

Mercer was the second-sharpest shooter with a 53.8 per

cent mark on 99 of 184 tries, and Schumacher was the only other player over 50 per cent with a 65-123 mark, or 52.9 per cent.

Kitchens topped a list of three Whitefaces who hit more than 70 per cent from the charity stripe, with his 76.5 percentage the best on the squad.

Kitchens hit 101 of 132 free throws, while Lawson connected on 55 of 76 tries for 72.4 per cent. Arney was the other Whiteface over 70 per cent with a 23-32 performance, or 71.9 per cent.

Mercer, Mays, and Schumacher snagged the majority of the rebounds for the Herd, with Mercer's 210 leading the pack.

Mays hauled down 177 caroms, while Schumacher picked off 112.

Average-wise Mercer was ahead with a 9.1 per-game standard. Mays was next with an 8.9 mark, while Schumacher was third at 5.1.

In the assists department Kitchens was far above the rest of the team with 110 'helps' to his credit. Mays and Mercer, with 47 and 46 respectively, rated second and third.

Other Whitefaces and their total assists are O'Rand, 39;

Lawson, 38; Autry, 32; Arney, 24; Schumacher, 15; and Ritter, 2.

Team-wise the Herd hit 48 per cent of their shots from the field in non-district action, with 642 of 1,336 shots finding their mark.

In comparison, Hereford opponents hit on 583 of 1,273 tries for 45.8 per cent.

Hereford also held a slight edge in free throw percentage with a 66.2 mark as a team as compared to 65.1 per cent by their foes.

The Herd connected on 381 of 576 free tosses, while their foes hit 319 of 490.

The Herd also was superior in team scoring average along the way, with a 72.4 average through the 23 games. Hereford opponents were some eight points under that figure, averaging 64.6 points per game.

PITTSBURGH (AP) - Duquesne University says freshman guard Baron "BB" Flenory will not play basketball again this season.

Flenory remains hospitalized in satisfactory condition after suffering his second concussion this season.

With Mays leading the way the Whitefaces wiped out a seven-point Monterey lead as they erupted to 11 straight points in a two-minute span over the final minute of the first period and the early moments of the second.

Buckner hit a three-point play to push his team ahead 15-7 at the 1:13 mark of the first stanza before a Mays free toss started the Herd rally with just 54 ticks left.

Kitchens hit a short jumper with 28 seconds left to make it 15-11, and Mays added a tip in with just 11 ticks left to make it a two-point game.

As the second stanza began Mays hit two more charity tosses to knot the score, and O'Rand got two easy layups after the pressing Herd defense stole the ball twice to put the Herd ahead 19-15.

The tempo of the game was see-saw from then on until the Plainsmen took the six-point bulge as the final period began.

Mays now has scored at a 21.0 clip in three district games.

Kitchens followed up Mays' performance with 14 points, including eight crucial tallies in the final period as the Herd rallied. His district average

Hereford- 13 15 10 26-64
Monterey- 15 14 11 18-58

Hereford- Mays, 9-6-24;
Kitchens 7-0-14; O'Rand, 3-4-10; Schumacher, 3-2-8; Mercer, 1-2-4; Lawson, 1-0-2; Autry, 0-2-2. Totals- 24-16-64.

Monterey- Buckner, 7-4-18; Eggenberger, 5-0-10; Hamby, 4-0-8; Fewell, 4-0-8; Edger, 4-0-8; Davidson, 2-0-4; White, 1-0-2. Totals- 24-4-58.

Cougars Get Revenge; Owls Shock Baylor

BY DENNE H. FREEMAN
AP Sports Writer

Houston inflicted its revenge on Texas Tech Tuesday night in a Southwest Conference basketball game that resembled a cross between the Golden Gloves and a rugby scrum.

The victory kept Houston hot on the trail of league-leading Arkansas which must travel to The Summit Saturday night. Texas Tech will testify there are calmer places to spend an evening.

Arkansas hosts Southern Methodist tonight and a victory would make the 14th ranked Razorbacks 10-0 with a two game lead over the Cougars.

But back to the Bayou City where mysterious things were happening Tuesday night, including Rice's shocking 73-60 upset of the suddenly demoralized Baylor Bears.

Houston followed Otis Birdsong's 31 points to a 94-87 victory and sweet retribution for an overtime loss in Lubbock to Tech last week. However, the game was marred by a fist fight between Tech's Mike Edwards and Houston's Kenneth Williams that got ugly with both benches charging each other like the Light Brigade.

Edwards claimed Williams "came up behind me when I was about to shoot a free throw and flicked my ear with his finger... so I said something to him. And he said something to me."

"I hit him a couple of times and then he tackled me and that's when Mike Schultz came in."

Houston's Schultz joined the punch out which emptied both benches into a giant pile at midcourt. Referees Paul Galvan and Dan Watson quickly went to work eventually evicting Edwards and Williams.

"Everybody is always yelling at the officials but give them credit for tonight... they did a good job of getting everybody under control," praised Tech Coach Gerald Myers.

Williams claimed the fight started because of a wild Edwards elbow.

Frank Thomas and Elbert Darden scored 22 and 20 points respectively as Rice won its second SWC game of the year.

In other action, the Texas Aggies extended their league record to 6-4 with a 76-69 victory

over winless Texas Christian and Texas bounced Centenary 105-81 in a bizarre non-conference game.

Texas made a S-E-V-E-N point play in the second half as Centenary Coach Riley Wallace was ejected after receiving three technical fouls. Texas made seven of eight free throws resulting from the technicals and a personal foul for a 61-34 lead.

A&M Coach Shelby Metcalf said the SMU-Arkansas game tonight was critical because "if Arkansas beats SMU it gives us a chance to pass them." In fact, the Aggies jumped into a tie for third place when Tech lost.

And down in Austin, Texas Coach Abe Lemons was proud of Hank Bauerschlag's 15 point performance.

"He just kinda of rose up from the dead," said Lemons of the Texas reserve.

It was that kind of night.

DENVER (AP) - The Colorado Rockies, in a move to beef up their attack, have purchased the rights to veteran left wing Danny Gruen, the National Hockey League club announced on Tuesday.

Rockies General Manager Ray Miron said rights to Gruen, who has played with two World Hockey League clubs this season, were purchased from the Detroit Red Wings.

Gruen, 24, scored 10 goals for the Minnesota Fighting Saints before the WHA club suspended operations late last month.

IF YOU ARE UNHAPPY in your current job and wish to proceed at a faster pace, we'd like to talk with you. We are looking for mature responsible and honest individuals over 21 who have been on the same job at least three years and are not making \$200 a week. We do not sell insurance and require no investment. For details and a personal interview contact K. F. Lavender at 364-0540 after 6 p.m. January 31, through February 2 only. Thanks for your interest

NOTE: The age requirement is due to a bonding procedure.

NBC Gets Olympic Television Rights

MOSCOW (AP) - The National Broadcasting Co., culminating lengthy negotiations which went down to the final hours, has won the United States television rights for the 1980 Summer Olympics.

The network purchased the rights for an estimated \$80 million-a figure which includes \$35 million for the rights and the rest for technical facilities.

The contract was signed Tuesday and approved by the

International Olympic Committee.

"We are delighted to have been successful in arranging to bring to American audiences the 1980 Olympics in Moscow and the American participation in this international event of the first magnitude," said NBC President Herb Schlosser in a statement issued in New York.

Jim Kubacki of Harvard averaged 212.6 yards per game in 1975.

Supervision Lacking For Half Of Released Prisoners

AUSTIN (AP) - About half the inmates released from Texas prisons do not get any parole supervision "and these are the ones who need it." Pardons and Paroles Board member Paul F. Cromwell Jr., said Tuesday. Cromwell appeared before

the Senate Nominations Committee which later unanimously recommended that his appointment be approved by the full Senate.

The committee also approved without opposition Ed Harlee as a member of the Texas

Alcoholic Beverage Commission and Sidney E. McKinney as a member of the Industrial Accident Board.

A scheduled hearing on the appointment of Sam E. Carter to the State Banking Board was postponed.

Cromwell said the greatest need of the Texas parole system was to increase the supervision of those on parole. He said there are 108 parole officers in the field, "about 53 less than the national average yet Texas has the greatest parole population of any state."

Cromwell said, in answering questions that he favors mandatory supervision of inmates released from prison but he also advised that the parole system be allowed to release a parolee from supervision when they think he no longer needs supervision.

Cromwell was asked by Sen. Betty Andujar, R-Fort Worth, why parole officers do not carry guns.

"It is not a matter of compassion but of practicality," he said. "I do not know of a time in the history of the system when it was necessary to carry a gun...if you can't deal with an individual without a gun on your hip, we don't need you as a parole officer."

Harlee said in answering questions that he certainly did not favor abolishing state liquor tax collectors at border points. "We have 141 of these men now and the whole thing is beginning to level out," he said. "The taxes collected this year exceeded by about \$1,500 the cost of the inspectors."

Today In History

By The Associated Press

Today is Wednesday, Feb. 2, the 33rd day of 1977. There are 332 days left in the year.

Today's highlight in history: On this date in 1848, Mexico ceded a vast area to the United States for \$15 million, including what is now Texas, New Mexico, Arizona and California.

On this date: in 1535, the Argentine city of Buenos Aires was founded.

In 1635, New Amsterdam - now New York City - was incorporated by the Dutch.

In 1870, doctors revealed that the so-called Cardiff Giant, discovered on a farm near Cardiff, N.Y., was not a petrified human being but a hoax.

In 1876, eight baseball teams banded together to organize the National League.

In 1961, the hijacked

Portuguese liner, Santa Maria, put at Recife, Brazil and landed 600 passengers.

In 1975, Ethiopia's government ordered air and ground forces into action against guerrillas in Eritrea Province.

Ten years ago: President Lyndon B. Johnson said the United States would be prepared to stop bombing North Vietnam if leaders in Hanoi would take any step to justify such action.

Five years ago: Rioters in Ireland destroyed the British embassy in Dublin.

One year ago: The chief American delegate to the United Nations, Daniel Moynihan, resigned.

Today's birthday: Violinist Jascha Heifetz is 76.

Thought for today: Great talkers are little doers. - Benjamin Franklin, 1706-1790.

Rich Kids Leave Police Puzzled

WACO, Tex. (AP) - Waco police Tuesday found themselves with a \$486,000 question and two South Texas juveniles in a brand new Thunderbird with conflicting stories on where it all came from.

The youths were picked up Monday night after running a stop light in the car they had just bought off the show room of a Dallas dealer after paying more than \$8,000 in cash for it.

Inside the car, police said, officers found the \$486,000, a bag of marijuana and a pistol.

Then they were faced with a series of conflicting stories on where the money came from. The only thing that appeared definite was the cash was for real. The money was in one, 20 and 100-dollar bills. It took police officers three hours to count it.

Police officer Edwin Byford said he stopped the car after it ran through a red light. He said the boys, aged 16 and 15, were nervous when they were stopped and at first declined to talk, but later one of them told police he had taken the money from a cache in his father's backyard in Alice, in South Texas.

Officers said the car was bought from a Dallas dealer by a man who apparently received \$2,000 to buy the car for the youths.

The dealer said the man just came in, negotiated the price and paid cash. He added the company merely checked to make sure the money was not counterfeit.

"The car was in the showroom," he said.

Waco investigators said they were still trying to find the source of the money.

In Alice, police said there was a boy known there by the name of one the youths gave.

Alice Police Chief Juan Rodriguez said his department was checking some of the information passed on by the Waco investigators, but said he would have no immediate comment.

Firm Specializes In Moving Industry Across United States

By DAVID TREADWELL
AP Urban Affairs Writer
CHICAGO (AP) - For more than half a century, Fantus Co. has been moving industry across the face of the nation like pins on a map.

The firm has shifted industries worth billions of dollars from urban areas to suburbs, the sunbelt states and small-town America.

Sometimes the moves are made to avoid labor problems. Other changes in site location bring an industry closer to energy sources. The climate might be a reason. Occasionally, it's merely fashionable to follow a competitor.

Fantus, which has engineered moves for more than 4,000 companies ranging in size from 200 to 35,000 employees, says it is asked to study new locations because it can steer a business around the pitfalls of settling into a new community.

The movement and expansion of businesses into new areas has brought growth to much of the South and Southwest, but has been at the heart of the financial problems of such traditional manufacturing areas as Detroit.

In the 55 years since its founding, Fantus has stressed moves away from the Northeast and Great Lakes regions. Now, says Maurice Fulton, Fantus chairman, that trend may be slowing.

"The big cities are beginning to fight back," Fulton says, noting that Detroit and New York have asked Fantus to prepare industrial marketing strategies to try to recover some

of the factory jobs they have lost in recent years.

"We're familiar with the needs of industry," Fulton says. "We have a wealth of information on what particular industries want. We know the real reasons they move, not the phony baloney reasons they sometimes give out."

Fantus began by selling its services to industry. But more recently states and localities are contracting Fantus to find out what types of industries are best suited to their areas.

Objectivity, as a chamber of commerce official in Ohio put it, is Fantus' strong card. Plant site studies are designed to assure that the community and the business are right for each other.

Back in the 1950s, for example, Hartmann Luggage Co. of Racine, Wis., sought Fantus' help.

"Labor had gotten so terrible there," Hartmann vice president Dorothy Tenix says. "The union had gotten so strong and wages had gotten so high, we decided to move out."

Fantus found them a spot in Lebanon, Tenn. Ten years later the company blocked a Teamsters Union organization drive "despite a very sticky time that lasted 27 months," Miss Tenix says.

Fantus puts prospective sites under close scrutiny. Fulton recalls poring over old newspapers in one locality to find out if the area had ever been flooded because he did not want to rely on the memory of local inhabitants.

"No one is quite like Fantus," says Larry Cohick, head of the American Industrial Development Council, citing the company's pioneer work in plant site location.

Objectivity, as a chamber of commerce official in Ohio put it, is Fantus' strong card. Plant site studies are designed to assure that the community and the business are right for each other.

Back in the 1950s, for example, Hartmann Luggage Co. of Racine, Wis., sought Fantus' help.

"Labor had gotten so terrible there," Hartmann vice president Dorothy Tenix says. "The union had gotten so strong and wages had gotten so high, we decided to move out."

York City, joined the firm and urged the change.

In the 1930s, Felix Fantus also helped the state of Mississippi fashion the nation's first industrial bond, which permits an industry to rent a site built by a state or city using its tax exempt borrowing power.

THE WORLD ALMANAC'S Q&A

1. What western hemisphere nation was named by its European discoverers for Venice, Italy?
2. The national anthem of the United States of America was written by a lawyer. True-False
3. A heifer is to a cow, as a is to a rooster.

ANSWERS:
1. Venezuela (Little Venice)
2. True
3. A hen

Friday Night Fights Return

BY ED SCHUYLER JR.
AP Sports Writer

NEW YORK (AP)—Hank Schwartz, who has had a taste of the fight game on the "big money" level of Muhammad Ali, and Don Elbaum, a promoter who on three occasions has fought on his own cards because boxers failed to show, are bringing back Friday night fights with a familiar sound and some twists.

The familiar sound when a series of 25 Friday night fights, to be called the World Television Championships, begin in Philadelphia March 11 will be Don Dunphy, who has broadcast thousands of fights.

The twists will be the disclosure of the scoring after each round to the television audience and to the live crowds where commissions allow, fights in a super heavyweight division and an extra round if a fight is a draw. The latter idea also could run into trouble in some areas.

"It's Don's idea," Schwartz said. "Don brought me a concept and I shaped it into what I feel is a good television concept. It's up to Don to make it a good boxing concept."

Elbaum will serve as match-maker while Schwartz, a key man in the closed-circuit telecasts of several Ali fights, will promote as president of World Television Champions, Inc.

"The major hook we have with boxing is to develop new talent who can test their mettle against veterans," said Schwartz.

The 25-week series, which will be a tournament in five weight divisions, will originate from various cities and will be

Rebels Survive

"Bradley played us off our feet," Nevada-Las Vegas Coach Jerry Tarkanian noted. But the Rebels managed to land right side up against the upset-minded Braves.

Fourth-ranked Nevada-Las Vegas survived the scare by Bradley and recorded a 107-106 victory at Peoria, Ill. in the top college basketball game in the nation Tuesday night. The victory was the Rebels' 17th against one loss.

"Bradley played a great game," Tarkanian added, after Robert Smith's two free throws with five seconds left offset a 46-point output by Bradley's Roger Phegley. "We got nine up and I thought we were going to blow them out, but they came back."

"We had nobody who could guard Phegley. I didn't believe he could do that to us." The Rebels were led by Eddie Owens' 31 points, while the 7-12 Braves also got 26 points from Bobby Humbles.

In other games involving Top 20 teams, No. 11 Tennessee ripped Georgia 106-82 and remained undefeated in Southeastern Conference play. 15th-ranked Providence beat St. Bonaventure 82-75, and Clemson squeaked past North Carolina State 60-59 after losing star center Wayne "Tree" Rollins because of a leg injury. Elsewhere, Notre Dame

televised in at least 31 cities at the start, including New York, Chicago, Los Angeles and Boston. Schwartz said the shows will begin at 10:30 p.m. and will be showed live by some stations and on a delayed basis by others.

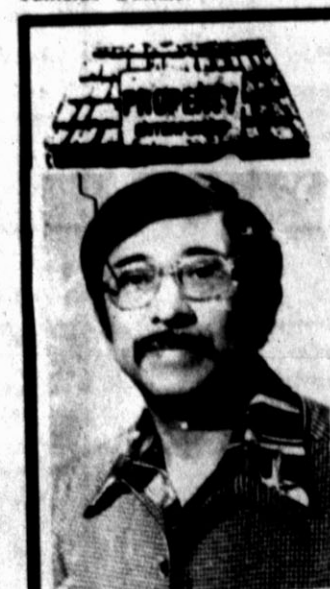

A total of 40 fighters will start the tournament and, Schwartz said, "so long as they win, they will be locked into the tournament. If they win titles, we have promotional rights to World Television defenses."

He also said World Television Championships would have options to promote bouts outside the series for its champions but would not stand in the way of them fighting for world titles. At the end of the series, title fights will be held throughout the year and next year a new 25-week series will be held to develop challengers, he added.

Schwartz also said he is working on contracts with British and Japanese challengers and that next year the series will involve foreign fighters and foreign telecasts.

The March 11 show from the Philadelphia Arena will feature two 10-round bouts. Middleweight Vito Anutofermo of New York, a former European champion, will meet Eugene "Cyclone" Hart of Philadelphia and light heavyweight Eddie Gregory of New York goes against Matt Donovan of Philadelphia.

Besides the middleweight, 160-pound limit, and the light heavyweight, 175, the other divisions in the tournament will be welterweight, 147; heavy weight, 200, and super heavyweight, above 200.

Local Riders Win Trophies

Five riders from Hereford walked away with six of 13 trophies awarded in an observed trials sponsored by the Explorer Scouts in Amarillo Sunday.

The trials were held at Camp Don Herrington.

Winners from Hereford included Greg Palmer, first in the 12-Under Class; Chad Maupin, second in the 12-Under Class; Carolyn Maupin, second in Powder Puff Class; Ken

Hicks, first in Enduro B Class; Pat Maupin, second in Enduro B Class; and Hicks, second in Trial B Class.

Competitors drove a pre-arranged course, 15 feet wide, with four judges at each obstacle to observe their performance.

Riders from Hereford, Amarillo, Borger, and Clovis participated in the trials.

Volleyball Heads Olympics Action

Volleyball, foul shooting, and shuffleboard competition held the attention in the YMCA Inter-Service Club Olympics Tuesday night.

In volleyball action the Simms Lions made their way into the finals of the double-elimination tourney by defeating the Easter Lions (15-2, 15-2) and the Hereford Lions (15-12, 15-5).

The local Lions went into the semifinals by downing the Hereford Kiwanis Club (12-15, 15-10, 15-6) after the latter had beaten the Hereford Rotarians (2-15, 15-13, 15-8).

The second round of volleyball action will take place Thursday night with the Rotarians facing the Easter Lions, and the Lions and Kiwanians in a rematch.

The Rotary Club won the foul shooting competition as Dwight

Turner and Roland Saul hit 16 and 15 of 25 tries respectively for a 31 total.

Kiwanians Bill Allen and Earl Yocum took second with a 14-15-29 score.

Doug Bartlett and John Thames gave the Hereford Lions a victory in shuffleboard as they downed the Kiwanis team of R.C. Hoelscher and Bud Eades.

Basketball is on tap tonight with the semifinals while volleyball is the sole activity scheduled for Thursday.

In other developments Y director Claude Huard has announced that paddle tennis, badminton, and archery have been canceled.

Huard was reluctant to specify the reason for the cancellation.

Astros Sign Four Players

HOUSTON (AP)—The Houston Astros have reduced their unsigned list to 10 players but a couple of big names remain outside the fold—catcher Joe Ferguson and pitcher J.R. Richard.

Astros President and General Manager Tal Smith announced the signing Tuesday of four more players, pitchers Gilbert Rondon and Mike Cogrove, catcher Ed Herrmann and second baseman Larry Milburne.

Smith also says there aren't

any serious contract disputes with any of the unsigned Astros.

"We started sooner than many of the other clubs so we are farther ahead than they are," Smith said. "We're talked to Joe's agent and we're made progress. But when you're talking about a multi-year contract, it takes longer to work out the details."

Ferguson came to the Astros during an off-season trade that sent veteran Astro pitcher Larry Dierker to the St. Louis Cardinals.

Everything you always wanted to know about everything.

Volume 1, only 49¢.

Introducing Funk & Wagnalls New Encyclopedia.

The best way to get information is to go to the source.

And that's exactly what Funk & Wagnalls has been doing since 1876, when they began publishing reference books.

Their sources for this new Centennial Edition include hundreds and hundreds of prominent people, each a recognized authority in his, or her, field of knowledge. Many with Nobel and Pulitzer prizes to their credit. And while they're too numerous to list here, you'll find they're all listed in Volume 1.

The result is a comprehensive, accurate home reference center with over 193,000 indexed

subjects. (That's as many subjects as encyclopedias costing hundreds of dollars more contain.)

And each article is written in clear, simple English that gets to the heart of the subject without going over your head.

That's why the experts recommend Funk & Wagnalls.

To introduce you to Funk & Wagnalls New Encyclopedia, we sell Volume 1 at the remarkable introductory price of only 49¢.

So instead of going through a salesman's sales pitch, you just go through Volume 1 and let it convince you to buy the rest of the set a volume or two a week.

That way, you find out if it's the right encyclopedia for your family before you pay for the whole set. And you save two ways. First, because Funk & Wagnalls sells their encyclopedias through supermarkets instead of through salesmen there's no commission to pay. Second, because supermarkets can sell in great volume, Funk & Wagnalls can afford to charge you less per volume.

So stop by the Funk & Wagnalls display in any of our supermarkets and pick up Volume 1. It's one of the smartest purchases you can make these days.

*The Reference and Subscription Books Review Committee of the American Library Association. Booklist, January 15, 1975.
