**CONVENTION HIGHLIGHTS** — Among scenes during the first half of the District 2T-1 District Convention of Lions International, which concludes here today, were these above. From left in top row are Hereford Lion Earnest Langley as he M.C.'d the opening night western barbecue; district governor candidate W. L. Edelman of Friona; and current governor J. W. Robinson of

Hereford. In photo at middle right is recording star Claude King and below, Lion Wayne Thomas at an early-bird breakfast. Photos at right show the 850 persons on hand for the barbecue, and the Jr. Perales Orchestra of Hereford.

## 900 Lions Finish Meet Here Today

### Coronation, Balloting On Tap

Some 900 Texas Panhandle Lions Club members climax their three-day meeting here today as Hereford's first all-out convention-hosting effort concludes on a note of success.

The three-day meeting which got underway Friday moved through its varied paces "with no hitches whatsoever," convention officials said late Saturday.

Balloting for a new district governor, coronation of a Queen for District 2T-1 of Lions International, and selection of a host city for next year's Lions' gathering will put the finishing touches on activities this afternoon.

Selection of convention city and election of district officers here this afternoon will climax three days of Lions convention activities.

Dumas and Pampa are vying for next year's District 2T-1 convention.

Queen candidates from the district are in the contest for district queen and W. L. Edelman from Friona is a candidate for District Governor.

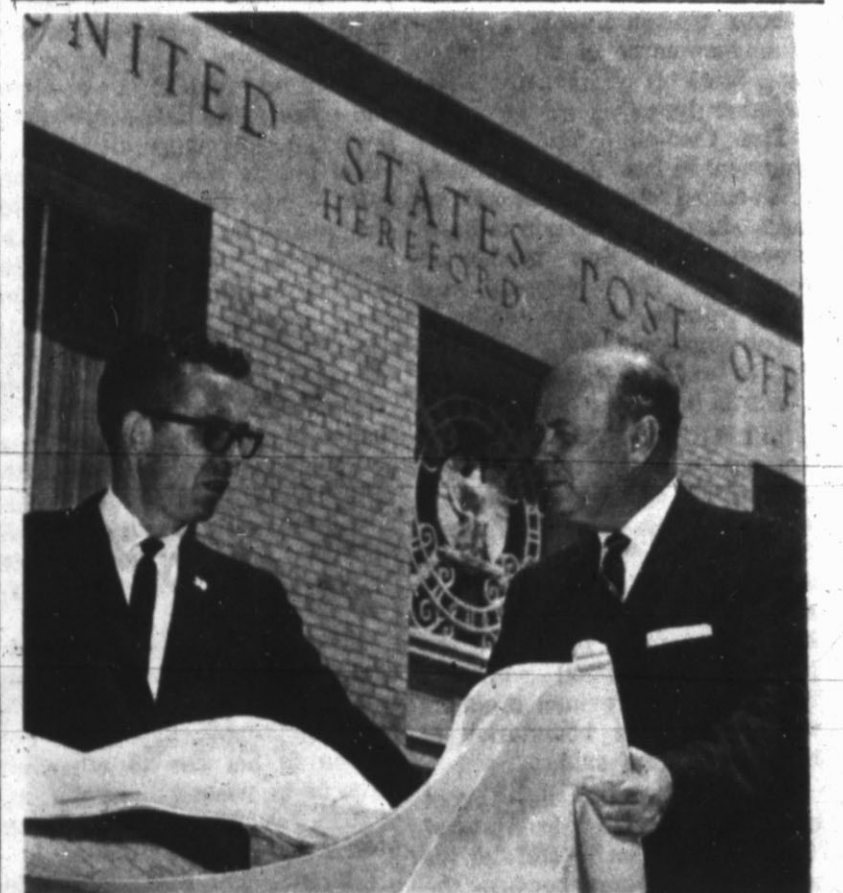

**THE LIONS** International District 2T-1 annual convention moved into Hereford early Friday for an action-packed slate ranging from sports events to serious business. All sessions have been interspersed with live entertainment sponsored by various clubs.

Music to accent business will continue through today as the last of months of planning is put into materialization, presiding over the convention was J. W. Robinson Jr., District Governor, of Hereford.

**REGISTRATION** began Friday at Hotel Jim Hill in downtown Hereford. Golf and bowling events continued throughout the day. Highlight of the day was the western style barbecue sponsored by the Clarendon Lions.

Over 850 at Flip Breedlove's barbecue and heard Junior Perales and Claude King's music. **THE EARLY-BIRD** coffee produced pictures of visiting Lions and a good turnout for the western breakfast sponsored by the Hereford Lions Saturday morning. Western song phrases and cowboys decorated the speakers table.

Night-shirt clad Wayne Thomas, See 900 Page 2

**VIEW PLANS** — Hereford Postmaster Nolan Grady and U. S. Representative Walter Rogers discuss plans for a major addition and remodeling of the Hereford Post Office. Bids for the project will be opened Tuesday by the General Services Administration. Planning for the expansion began some five years ago, with Rogers playing a key role in bringing about approval for the work. When completed, the improvements are expected to facilitate postal service here for some 20 years. (Staff Photo)

### LAWYERS, LEGION, BANDS

## Calendar Reveals Busy Week Soon

Fresh on the heels of the Lions Club convention, the week-end of April 28-May 1 sees lots of activity on tap for Hereford. Thousands of high school

bandmen throughout the region will compete in University Inter-scholastic League Concert and Sightreading contests, beginning Thursday and continuing through Saturday.

### Schools Give TB Tests Here

April 25-26 has been designated by school officials as the days to administer tuberculosis patch tests to students and school personnel in all local public and parochial schools.

A note explaining the test and giving information concerning the simple and safe testing process is being sent parents of all students.

**TUBERCULOSIS** tests are now See SCHOOL Page 2

**MEANWHILE**, the District American Legion Convention will be underway in the Jim Hill Hotel.

More than 300 persons from throughout the 18th District of Texas are expected to be on hand for the Saturday and Sunday meeting.

In addition, some 200 lawyers, bankers, and loan officers, and county clerks are scheduled to attend a Mid-Plains Legal Institute short course on the Uniform Commercial Code.

**THIS WILL** be a one-day session on April 30, with headquarters See CALENDAR Page 2

## CofC Project Seeks 'Sparkle'

MORE THAN \$500,000

### Holly Pays 450 Farmers; Cites Need For Acreage

Additional beet payments of over one-half million dollars were made to some 450 Hereford factory area sugar beet

farmers on Friday, Holly Sugar Corporation announced Friday. The additional beet payment represents Holly's second payment on the \$58,846 tons of sugar beets harvested in the Hereford area in 1965.

"**THIS VERY** substantial additional payment reflects what we believe to be the stabilized market for sugar under the terms of the 1965 Sugar Act," stated Dennis O'Rourke, Holly's president and chief executive officer.

Last November, Holly's initial beet payment to Texas-New Mexico beet growers amounted to nearly 6 1/2 million dollars for the corporation's second beet crop grown on the high plains. Final 1965-crop beet payment will be made not later than Oct. 31, 1966.

"**ON THE BASIS** of the very good yields from the first two years' Texas crops, we are optimistic about the crop again this year," said O'Rourke. But he went on to point out that, with encouragement from Washington government officials, the Hereford plant had been designed and built at a very high cost to handle a much larger acreage than government controls have yet made available.

"The Hereford sugar factory very badly needs, and growers in the area are ready, willing and anxious to grow, several thousand more acres of beets," the Holly president said.

Dexter Lillie, Holly's manager for the Hereford district, said that planting and the first irrigation of the new crop has been completed, and that beets were up to a good stand and many farmers are beginning to cultivate.

**OPERATION SPARKLE** is a broad two-year program of community improvement, aimed at attracting visitors and influencing them to stop and visit in local communities and stay longer while they are there.

**IT IS DESIGNED** to make communities "Sparkle" by 1968, when Texas is expecting its greatest inflow of visitors in history for the Hemis Fair in San Antonio, the Olympics in Mexico City, and a number of national and international conventions and meetings being scheduled throughout the state for that year.

Hereford has already made many strides on its own to make the city sparkle during recent years, the local chamber board pointed out, but participation in this program is designed to promote such improvements even further.

**THE PROJECT** officially began Jan. 1 and will continue through Dec. 1, 1967. Communities who enter will plan and participate in hundreds

of projects. **Palmer Norton**, local businessman and rancher and member of a Hereford pioneer family, was elected president of the organization.

**OTHER OFFICERS** elected were Mrs. Jack Renfro, first vice president; Mrs. George Turrentine, second vice president; Mrs. Henry Sears, secretary;

and Gene Fooks, treasurer. In other action, the board agreed that work should begin at once towards obtaining items for display in the museum.

A committee for obtaining and cataloguing items will be appointed during the coming week.

**IN THE MEANTIME**, however, anyone who has items which would be displayed in the facility is asked to contact one of the board members.

Members of the board, in addition to the officers named above are Lindy Daniels and Frank Ball.

**IT WAS ALSO** pointed out that persons wishing to become charter members of the Deaf Smith County Historical Society—formed last week for the expressed purpose of establishing a local museum—have until July 4 to do so.

Annual membership dues are \$2.50.

**NEXT MEETING** for the society is scheduled for 8 p.m. Tuesday, May 10, in the museum building, located at Fourth and Sampson.

Charter memberships will be available at that meeting, or by contacting any member of the Society board.

The society organized Tuesday night in a meeting at the Bull Barn, after being called by the Deaf Smith County Historical Society.

See HISTORY Page 2

### Highway Work Starts Tuesday On North 385

The Texas Highway Department has announced a new construction project on US Hwy 385. The location of this project is from two miles north of Hereford to 8.9 miles north.

**CONSTRUCTION** will consist of re-surfacing the existing roadway with hot mix asphaltic concrete pavement.

The Texas Highway Department and the contractor, Gilvinterrill, Amarillo, stated that work would begin Tuesday and is expected to be completed by June 1.

William V. York, Supervising Engineer for the Texas Highway Department, explained that traffic will be routed thru the project, with construction operations using one lane and traffic the other lane and shoulder. In this type of construction, truck traffic is extremely heavy and hazardous conditions will exist. Motorist are urged to please obey all signs, barricades and flagmen, the Highway Department said.

### Local Employment Office Joins Push For Job Corps Applicants

The Hereford office of the Texas Employment Commission has announced that it is joining with other offices throughout the nation in attempting to supply applicants for the federal Job Corps.

Additional part-time help has been hired by the local TEC office to devote efforts towards recruiting young men between the ages of 16 and 21 years and nine months old to apply for the federal training program.

**THE LOCAL** effort to learn of young men suited for the Job Corps is said to be part of a national movement to enlist 200,000 Job Corps trainees.

A representative of the local office is now available to interview persons interested in learning more about the Job Corps. Appointments may be set up day or night.

It was pointed out that recent changes in processing procedure for Job Corps applicants makes

it possible for trainees to be on their way to one of the Job Corps training centers located throughout the nation within a maximum of five days after enlisting.

AJ Dziuk, interviewer for Job Corps applicants here, said that anyone wishing to learn more about the Job Corps program could do so by contacting the local TEC office.

**THIS IS** the first time the local office has "pushed" Job Corps enlistment, Dziuk said, although six area youths have already entered the Job Corps training program.

"Every person who qualifies for the Job Corps can now be assured of immediate acceptance," he said, pointing out that the current Job Corps enlistment total is far less than the 200,000 hoped for by Washington officials.

The local TEC office would See LOCAL Page 2

REP. ROGERS REPORTS

Congressman Describes Pending Congress Action

Congressman Walter Rogers will preside as the House Subcommittee on Communications and Power holds a hearing April 19 on a bill Congressman Rogers introduced to free State governments from a restriction of the Connally "Hot Oil" Act.

"The Connally Act as it stands handicaps States as they seek to dispose of illegally-produced oil acquired by them in enforcing their laws and regulations," Congressman Rogers said.

"AT THE TIME the Connally Act was enacted, there were a substantial number of markets within a State where oil could be sold for strictly intrastate distribution," Congressman Rogers said.

Thousands of barrels of "hot oil" confiscated by the State of Texas have been in storage for a number of years because the State has not been able to make a legal disposal of it, the Congressman pointed out.

Easter marks the turning point in a Session of Congress when the initial work of the Session is complete and some Members begin to look down the weeks ahead toward final adjournment.

AT THIS DATE it appears that the final adjournment of the 89th Congress cannot come before autumn. Two major factors are involved: Number One, the menace of Communism that continually challenges free men by creating explosive situations all over the world, as in Vietnam; and, Number Two, the controversial legislative matters still pending in the Congress.

You've been reading and hearing about many of the pending proposals before the Congress—the controversial highway safety legislation, the bill to establish a new cabinet-rank Department of Transportation, possible new tax legislation, bills to appropriate money for Government activities in the coming fiscal year, a proposal to expand shipments of U. S. food commodities abroad, firearms control legislation, the proposed Constitutional amendment to lengthen terms of Members of the House to four years. These are just a few.

A VERY LONG list of issues awaits action before the 89th Congress comes to an end. While some items of legislation may appear to be of greater importance than others, the fact is that all bills before Congress are of vital importance to some individual or group in our country and most of the bills are of vital importance to every citizen.

I'm hoping there will be time before this Congress ends to straighten out the matter of admission fees charged visitors to Federally administered recreation areas. Over my opposition, Congress two years ago passed the "Land and Water Conservation Fund Act," which established a system of admission and use fees at Federal recreation areas with the proceeds to be collected apart from the Treasury general fund and used for adding new facilities to the recreation system.

On April 1, the 1966 "Federal Recreation Permit" went on sale across the country for \$7, entitling the purchaser and everyone in his car to enter as often as he wishes this year any of the 7,000 Federal recreation areas.

I do not feel that visitors to Federal recreation areas should have to pay for the ordinary recreation uses of public lakes, including the use of such basic facilities as picnic sites. These projects have been built through

loans of grants of taxpayers' money and are owned by the people. I am strongly opposed to the idea that a man taking his family for a Sunday drive should have to pay merely to enter an area set aside for all the people under public ownership.

LEGISLATION has been proposed which will partially correct the fee system. I had hoped that this matter could be adjusted and corrected without further legislation. However, it does not appear that this will be done at the Secretarial level. Hence, I expect to push for passage of the present legislation and to amend the same to include such projects as the Canadian River Project and other projects of similar nature. I shall introduce legislation to bring about this result.

In opposing the fee charges when the original legislation was before us, I felt that many Members of the House did not understand the public's feeling in the matter. I'm now hopeful the Congress can take the proper steps to restore access by the people to the property they own.

Walter Rogers Member of Congress 18th District of Texas

900 ...

(Continued from Page 1) as was master of ceremonies. Mid-morning, the convention moved to the High school auditorium where Don Zimmer, man past district governor, officially opened the convention.

Delegates and visitors were welcomed to Hereford by Mayor Ray Cowser.

W. L. (Preach) Edelman gave the response and suggested that since Hereford had opened all doors in an all-out effort to show hospitality, that at the conclusion of the convention, a drawing would be held and the winning towns would move the Holly Sugar plant and the Bravo factory to their communities.

DISTRICT EFFORTS in the fund-raising drive for the international convention in Dallas in 1968 were mentioned during the business meeting. Evidence of work already done is seen on delegates in the shape of white enameled "Texas" pins, funds tabbed for the promote Texas fund.

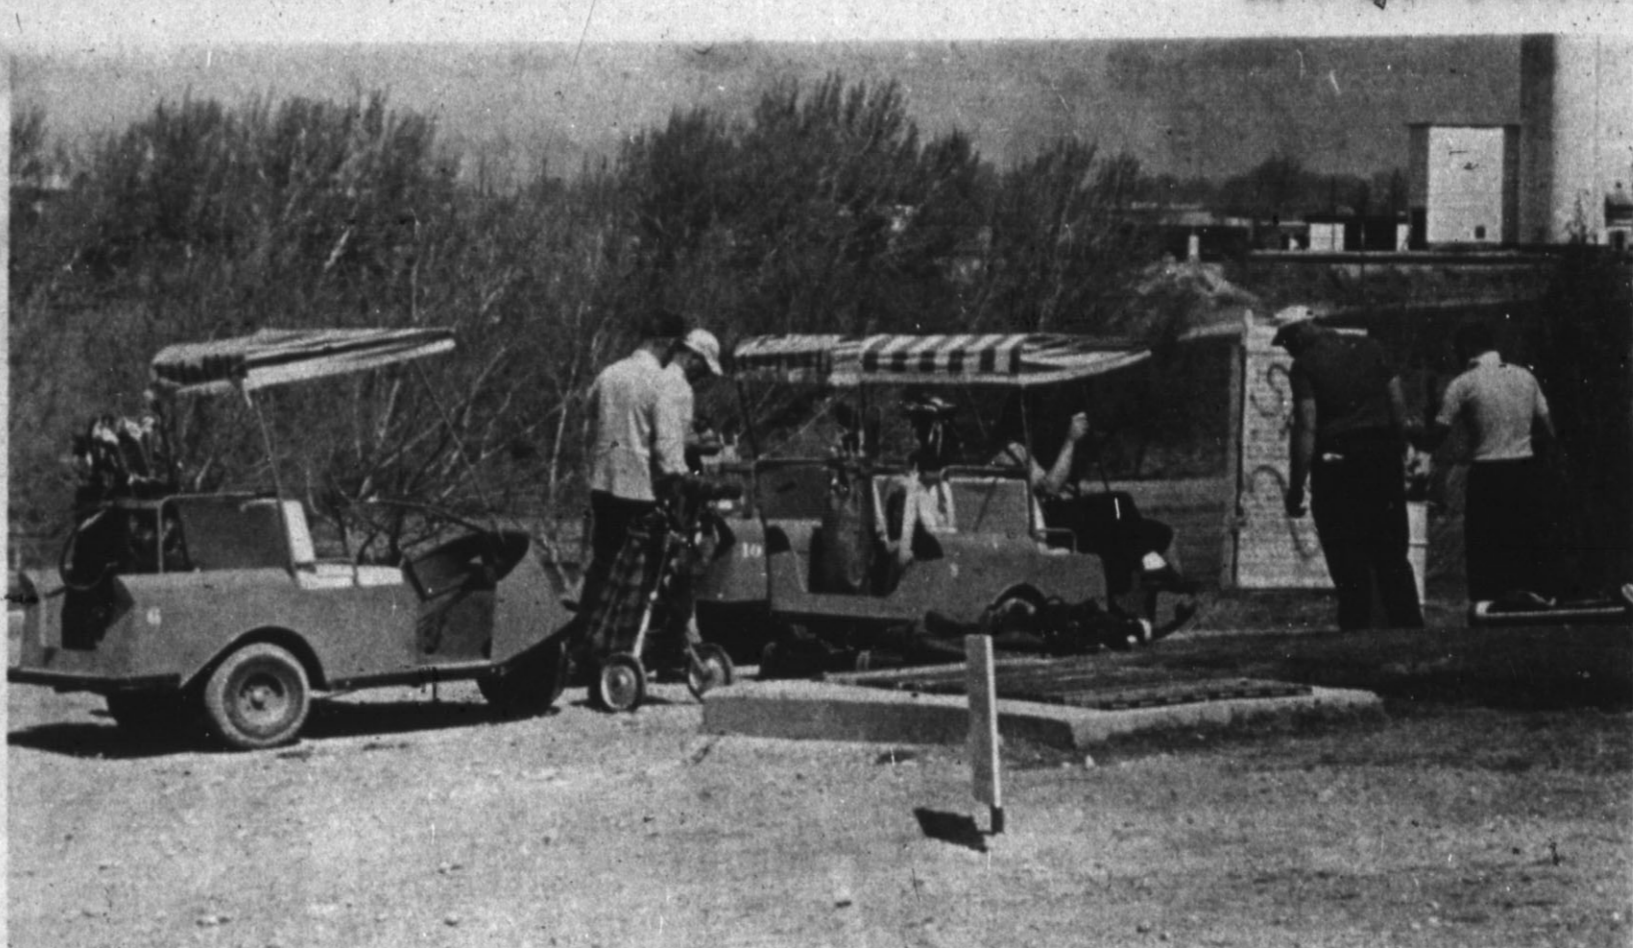

Dumas Lions hosted the Saturday noon luncheon at the Bull Barn. Ken Duke, Dumas, was introduced by O. Z. Golden, Hereford Boss Lion.

Invocation was given by Archie McDonald, president of the Dumas Noon club.

Jerry Tucker, vocalist and Patsy Kempson, Dumas sweetheart, continued the sound of music. Patsy also stepped through a twirling routine.

FEATURED speaker of the day was Dr. Morris Kaplan, president-elect of the Eye Bank Association of America. (see story this section).

Robinson called the afternoon business to order. During nominations, James Wheeler's name was placed in nomination for the Crippled Children's program.

CONVENTION SIDELIGHT — More than 60 Lions Club Municipal Golf Course in conjunction with the District members participated in a golf tourney at John Pitman 27-1 convention. (Staff Photo)

GREET GUESTS — Mrs. O. Z. Golden and Mrs. Don Zimmerman, from left, greet Mrs. M. W. Robinson Jr. of Hereford. Mrs. New Harwell of Houston visiting Lions Club members' wives at a tea held in their honor Saturday afternoon in conjunction with the district convention underway here. (Staff Photo)

Wheeler lives in Amarillo.

After the ladies left the general meeting for their tea at the Community Center (see story this section); Elbert Reeves, Matador, reported on the work being done at the Children's camp at Kerrville and urged all Lions to visit the camp if at all possible.

FACE OF THE convention quickened with tours, the Governor's Banquet and all, along with the Queen's Ball, topping Saturday's activities.

Today's events are of a more serious nature and will include breakfast sponsored by Friona Lions, a non-sectarian church service, and luncheon at the Bull Barn sponsored by Pampa Lions.

Elections and the Queen's contest will be finalized by a reception for the Governor Elect and Queen in the High School Cafeteria. Music will be by Gerald Martin and Paul Bryan.

The Los Angeles Blades of the Western Hockey League are under the guidance of Lynn Patrick.

Calendar ...

(Continued from Page 1) ters at the Hereford Country Club.

The meeting is sponsored by the Bar Associations of the 64th, 69th, and 154th Judicial Districts, along with nine area banks.

Discussed will be the Uniform Commercial Code, which becomes effective in Texas on July 1, 1966.

FACULTY will include three distinguished personnel: William E. Hogan, Professor of Law at Cornell Law School; Millard H. Rudd, professor of law at the University of Texas Law School; and William J. Rochelle Jr., Dallas attorney.

Chairman for the legal institute is Hereford attorney Earnest Langley.

At the American Legion meet, some 47 district posts will be

represented, according to District Commander Grant Hanna of Hereford.

Headlining speakers at the meeting will be Department of Texas Commander Clayton Manns of Wichita Falls.

Highlighting business will be election of officers.

Hanna is completing a two-year term as district commander.

The band contest here will see competition in AA and AAA brackets from schools throughout the Panhandle.

Local ...

(Continued from Page 1) like to know names of prospective candidates for the program, Dziuk said, in order that they may be contacted and offered the opportunity to enlist.

C of C ...

(Continued from Page 1) of local programs of their own choice designed to make cities more attractive and appealing, the WTCC said.

The related All-West Texas Cities Contest will be among participating cities in four population categories: over 50,000, from 15,000 to 50,000, from 5,000 to 15,000 and under 5,000.

AWARDS WILL be made to winners in each category.

Operation Sparkle is being sponsored by the WTCC's Tourist Development Committee.

Items to be considered in judging for the contest are not limited to local chamber of commerce-sponsored projects, it was emphasized.

Judging will be based on community improvement action as a whole. Virtually any public or private project would be considered.

SHOWS ON VIDEO TAPE

NEW YORK KQOA company called Closing Night Inc. has been formed to make video-tape recordings of Broadway and off-Broadway productions at the end of runs.

Fred F. Finklehoffe, formerly an active White Way producer, organized the enterprise. Copies of the taped shows would be shod for regional network exhibit and for use in homes equipped with television tape recorders. Finklehoffe estimates that within two years about a half million American homes will have such equipment.

FINALLY A PLAY

LONDON-First a novel, then a movie, "Saturday Night and Sunday Morning" is now a play with music.

Alan Sillitoe, author of the original, collaborated on the stage version with David Brett. tion was presented there before transfer to the West Endm Ape appearing in the lead role, in which Albert Finney made his screen debut, is Tom Bell.

School ...

(Continued from Page 1) required by the state, under a recently adopted policy.

The tests, administered in a matter of a few seconds, will be given by school nurses under supervision of a public health nurse.

In the test, an instrument pricks the skin and injects a small amount of liquid.

TWO OR THREE days later, nurses will examine the place where the test was applied. If the skin patch should show certain changes, the test would indicate that the student either has the disease or has been exposed to some person who does have the disease.

Students with positive tests would then be advised to undergo further testing through a chest X-ray, which would disclose whether the student has the disease, or has merely been in contact with someone who has tuberculosis.

In the latter case, an attempt would be made to trace the source of the exposure to the student.

Historical ...

(Continued from Page 1) Survey Committee.

The newly-formed historical society is not related to the previously-existing historical survey committee, which is affiliated with a statewide organization promoted by the Texas legislature.

UNTIL MEANS become available for a more suitable building, the historical society will use a county-owned former school building located north of the Courthouse to house collections.

Palmer Norton is the grandson of the late R. H. Norton, who brought his family to Deaf Smith County before there was a Hereford—in 1896. Ezra Norton, Palmer's father, was ten years old at the time.

Palmer and his father remain active in ranching and other business in the Hereford area.

AT MEET — Johnny Clark Jr., Hereford schools superintendent, is one of a panel of three area educators who will discuss "Schools and the News" at the 37th annual convention of the Panhandle Press Association, to be held April 22-23 at the Coronado Inn in Amarillo. Representatives of most Panhandle area newspapers will be on hand for the annual meeting, headlining speeches by Lt. Col. John C. Hughes, Viet Nam veteran, and Paul Haney, voice of the astronauts for NASA's manned spacecraft center in Houston.

FORMER HEREFORD GIRL

Student Becomes Mission Trainee

Kathryn McClain, native of Deaf Smith County, has been invited to enter training as a Southern Baptist missionary journeyman. After an eight-week training period, beginning June 18, she expects to serve as a nurse in the Baptist Tuberculosis Hospital, Mbeya, Tanzania, for two years.

She is among 49 young men and women approved by the Southern Baptist Foreign Mission Board on April 13 for Journeyman service, contingent upon their completion of training. Journeyman are single college graduates with talents and training needed for specific jobs in overseas mission work.

Miss McClain expects to receive the bachelor of science degree from Baylor University School of Nursing,

Waco, in June she is currently in training in Dallas).

DAUGHTER of Mrs. John T. McClain, of Wildorado, and the late Mr. McClain, she graduated from Hereford High School in 1962 as salutatorian of her class. She was a member of National Honor Society, Tri-Hi-Y, and a club for future nurses.

As a Baylor student she has been active in Baptist Student Union she is currently devotional chairman, the Texas Nursing Students' Association, and student government. She worked in Louisiana under the Southern Baptist Home Mission Board last summer.

Miss McClain says she finds nursing a challenge, through actual contact with nursing has shattered some stereotypes she formerly had. "The further I have gone in nursing, the more assured I have become that the Lord indeed directed me into this field," she declares.

Journeyman training this summer will be held on the campus of Virginia Interment College, Bristol. Curriculum will include Christian doctrine, Bible, missions, evangelism, area studies and world affairs, language study training for special skills, health and personal development, and physical education.

The Foreign Mission Board's Missionary Journeyman Program is designed for young men and women who have dedicated their talents and vocations to Christ and want to serve overseas for two years, though at this point they are not committed to career missionary service. Under the direction and supervision of

ONE MINUTE, PLEASE

THE CHURCH I LOVE DESIRES TO LIVE PEACEABLE WITH ALL MEN. (24th in a series).

GENETOOKS

We are instructed, "If possible, so far as it depends upon you, live peaceably with all." (Rom. 12:18). "Let the peace of Christ rule in your hearts..." (Colossians 3:15). "Be at peace among yourselves." (1 Thessalonians 5:13). "Strive for peace with all men, and for the holiness without which no one will see the Lord." (Hebrews 12:14). "Maintain the unity of the Spirit in the bond of peace." (Ephesians 4:3).

Christ, who is our peace (Ephesians 2:14), said, "Peace I leave with you; my peace I give to you." (John 14:27). "I have said this to you, that in me you may have peace. In the world you have tribulation; but be of good cheer, I have overcome the world." (John 16:33).

When men become followers of Christ and abide in His word the son of the heavenly host will come to pass, "Glory to God in the highest, and on earth peace among men with whom He is pleased!" (Luke 2:14).

Remember, "Blessed are the peacemakers, for they shall be called sons of God." (Matthew 5:9). "And the harvest of righteousness is sown in peace by those who make peace." (James 3:18). "Let us then pursue what makes for peace, and for mutual upbuilding." (Romans 14:19).

IMPRESSED BY JOINT SERVICES

RIPON, England (AP) — Dr. John Moorman, Bishop of Ripon, who was an official Anglican observer at the Vatican Council, hopes to start joint Anglican and Roman Catholic services in his northern diocese early next year.

"I was most impressed with the service for Catholics and non-Catholics, attended by the Pope and 50 Cardinals, to mark the end of the Council," said the Bishop on his return from Rome. "I see no reason why we should not be able to hold similar services in Ripon Diocese."

WHAT'S IN A NAME?

CORAL GABLES, Fla. (AP) — Mrs. John Flowers of Gainesville lives up to her name. She won a tri-color award at the Florida State Flower show here with an arrangement of white gladioli.

career missionaries, they share their Christian faith and perform specific jobs, thus freeing the missionaries for other responsibilities. The first 46 journeyman were sent out last year.

The new journeyman trainees bring the overseas staff of the Foreign Mission Board to more than 2,100.

FRONTIER DEFENSE — Texas history is revived at old Fort Davis, key post in the defense system of West Texas from 1854 to 1891. Today the remains of Fort Davis are more extensive and impressive than those of any Southwestern fort. Visitors can inspect many officers' residences, troop barracks, warehouses, and the hospital. WEST TEXAN OF MONTH

Abilene Meat-Packing Executive Is Honored

Pete Gooch, Abilene meat-packing executive who built a depression-born business into a multi-million dollar concern, has been named West Texas of the Month for April by the West Texas Chamber of Commerce.

Gooch's success story is told in the April issue of "West Texas Today," monthly magazine of the WTCC.

Gooch's name is really Bert D. Gooch. Everyone knows him as Pete, the man in the well-worn Western hat, the man you're likely to find working back in the meat plant at Gooch Packing Co. in Abilene. He's something of a legend in the Abilene area, and yet he's only 53 years old.

Gooch is president and general manager of Gooch Packing Co. and is currently president of the Texas and Southwestern Meat Packers Association.

HE WAS BORN at Celeste, Tex. in 1912, son of a farmer and grandson of an Irish immigrant. But he moved to Abilene in 1916 and graduated from Abilene High School in 1929.

This year his meat packing plant will do more than \$11 million worth of business, processing 39,000 head of cattle and 67,600 head of hogs a year. Gooch distributes its products over a wide area of Central and West Texas, largely to the wholesale trade. But the firm even exports 3 per cent of its output, mainly specialty meat items to Europe.

From a \$100 investment in a pickup truck in 1938, Gooch has built his business into one that employs 180 persons and has an annual payroll of more than \$750,000. One of his two sons serves as vice president of the firm. Another is in the Navy, and Gooch has one daughter.

HE IS A FIERCE advocate of the free enterprise system. Gooch was the youngest of 11 children and started working part-time to help support the family when he was 7, first as a newsboy and later as a Western Union messenger. He began learning the butcher's trade as a lad, working in a meat market after school, and long before he graduated from high school he had learned much about butchering, the slaughtering of cattle and meat processing. After he graduated, he began slaughtering cattle for whole

salers and by 1932, in the depth of the Great Depression, he was making \$100 a week, a fabulous amount in those days.

In 1934 he started buying a few cattle on his own, butchering and selling them. In 1938 he bought a pickup and from that point on began his own business. Gooch Packing was officially established in 1939. The firm has expanded steadily since its inception.

Gooch is a strong supporter of the Future Farmers of America and was named an honorary member of the Texas Vocational Agriculture Teachers Association in 1954.

He is an avid outdoorsman and has hunted and fished in many areas of the United States, in Canada, Mexico and made one trip to Africa on a big game hunt.

HE STILL works in the plant, tagging his own beef, and works closely with his buyers. Though the years Gooch has demanded quality in his business. He has installed a profits-sharing plan in his business and has a number of fringe benefits for employees.

Gooch uses West Texas livestock wherever possible and is a strong advocate of the cattle feeding operations now under way in the area. West Texas badly needs hog feeding operations, he says. "We're still having to buy out-of-state hogs. That needs to be corrected," he said. "Why should Texans have to buy pork produced in the Corn Belt when there is so much grain sorghum available for feeding right here in West Texas?" he asked. Lack of proper available financing has been the major deterrent to increased hog feeding operations, he said.

Gooch said West Texas faces a great future if its people are willing to recognize its potential and work to make it grow. He believes strongly in the necessity of the various business and economic segments in West Texas working together as a united front.

STUDENT HEALTH INTERVIEWS — David Arney and Leslie Allen were two of the first pre-schoolers to be interviewed during the Hereford schools health interviews which began Thursday. Mrs. Homer Rudd, public school nurse, is one of the interviewers who will be working till the end of school with the children. During the interviews the nurse talks with the child as well as the mothers. (Staff Photo)

SWPS Schedules 'Cook's Tour' Exhibit Here

A modern-day "Cook's Tour", featuring the latest in electric commercial cooking equipment, will roll into Hereford on April 21 to be seen by local food service operators, architects, contractors, dieticians and school and hospital board members.

Southwestern Public Service Company sponsors the "Cook's Tour", a large trailer in which the electric commercial cooking equipment is installed in operating condition.

The trailer will be located at Hereford State Bank parking lot while on display in Hereford. It will be open from 9 a.m. to 4 p.m. for visits by local food service operators.

"The 'Cook's Tour' gives all of the food service operators of the area an opportunity to see electric commercial cooking equipment in actual operation. The equipment is designed for the largest, as well as the smallest, eating establishments, and the display gives the operators an opportunity to see how it would fit into their place of business," Melvin Jayroe, manager for the Southwestern Public Service Company, said.

Toastmasters See Highlights Of Recent Trips

Hereford Toastmasters Club traveled to Illinois and Maine via slides and narration furnished by Virgil Dodson at the group's regular weekly meeting. And Dr. M. C. Adams described his recent trip through Old Mexico, also illustrating his talk with pictures.

Next Thursday, Bill Lamm leads a panel discussion on Hereford and Deaf Smith County water problems and stream pollution.

Panel members will be Willie Weaver, Stan Knox, Ken Rudd, Ray Flores, and Curtis Traweck. Table topics will be handled by Ernie Neff.

WON'T LEAP TO 'STARDOM' WITHOUT LOOKING

NEW YORK (AP)—When someone says to me "You must become a star" I just get perverse," says Joan Hackett, an actress who resists films, is resigned to TV and yens the stage.

Mis Hackett recently made a movie, "The Group," a chance that he got unexpectedly after previous "horrendous" screen experience. That happened two years ago after she won acclaim in an off-Broadway drama, "Call Me by My Rightful Name." Hollywood summoned and she sat around for months. "If you become subservient,"

she says, "you lose the value which makes you unique, "I can't imitate a Judy Holiday or Marilyn Monroe."

Very choosy about stage part she has passed up three Broadway bids. TV parts are her bread-and-butter while she awaits just what she wants. "It's a malignant medium," declares the actress. "Of course you look at roles there differently than on stage or screen, but one thing about it-it teaches you to learn fast."

DAVID MAY

KENNETH MAY

**News About Area Men On Duty**

Two Hereford brothers visited their parents and another brother while home on leave last week.

Electronic Technician Radar Third Call and Mrs. Kenneth May of San Diego, Calif., and Fireman Apprentice David May of Little Creek, Va., visited their parents, Mr. and Mrs. Robert H. Trowbridge and sister, Teena May, all of Hereford.

Also visiting in the home was Muri May of Amarillo, a 1965 graduate of the Texas School for the Deaf, and employed by a printing company in Amarillo.

Kenneth is serving on a tug, the USS Sioux, which recently returned from a six months tour of duty in the western Pacific.

David is on an LST, the USS Waukiakum Count, at Little Creek, Va.

This was the first time in three and a half years that all the brothers have been together. A dinner in their honor was given in Amarillo, with many relatives present.

**'THIS IS THE WAY'** — Instruction and practice in first aid has occupied members of La Madre Mia Study Club in meetings since the first of this year. Members are working for certificates in the standard Red Cross course, with John Gilliland as instructor. In the top picture he is showing Mrs. Dean Herring how to adjust a bandage on wrist and arm, using Mrs. John Smith as the "victim". Mrs. Gerald Martin, club president, with textbook in hand points out to Mrs. Harvey Penner the pressure point on a neck artery to check bleeding, as Mrs. Bobby Owen poses as the patient in the bottom picture. Mrs. Smith was hostess to the club in the Commission Room at Hereford City Hall Thursday evening. The final lesson in the first aid course is scheduled there April 28.

## FOR FARM BUREAU Hereford Farmer On Study Group

A Hereford farmer has been named one of a committee of 18 farmers and ranchers from throughout the state to study what type of farm organization will adequately serve the needs of Texas agriculture a decade from now.

Denzil Pulliam of Hereford has been appointed to the group by Texas Farm Bureau President C. H. DeVaney.

Pulliam will head one of six subcommittees set up to study the Farm Bureau philosophy, services, and expansion needs during the next ten years.

HE WILL HEAD the public information and research subcommittee of the Farm Bureau's 18 member "Growth Committee."

This and the five other subcommittees will prepare a re-

well as the state organization in serving its members.

It could result in a broader concept of the county functions, particularly in view of findings of last year's Institute on Wheels study of Farm Bureau operations in several midwest states.

Chairman of the 18-member statewide group is W. E. Thurman of Plainview.

Subcommittees in addition to Pulliam's group are for Policy Development and Policy Execution; Marketing; In-Service Programs and Safety; Membership and Economic Services; and Structural, Legal Document, and Personnel.

L. A. Paris of Wellington is the only other man from the region servicing on the statewide committee, appointed to the marketing subcommittee.

FARM BUREAU president DeVaney said that the committee will examine the proper role of the county Farm Bureau, as

By MELVIN YOUNG

The hunt for temporary quarters for the post office while the present building is being renovated, is giving Postmaster Nolan Grady a few sleepless nights. To top it off, Nolan is faced daily with a deluge of questions from both the curious and the concerned. "Where is the post office going," is the question on the lips of about everyone in Hereford.

Nolan has however, come up with an answer that seems to satisfy most folks, and gets a chuckle from all.

He has taken a 3x5 file card and imprinted the following message across the face:

"I'll be darned if I know. Do you have any suggestions?"

Each time he's asked about the location of the office, he pulls out his little card and lets the person read it.

The card keeps Nolan out of trouble; however, it doesn't solve the riddle of the post-office's temporary location. To date, no suitable building has been found that can be leased for the 12 to 18 months necessary. You may think this is no problem, since we do have some empty buildings in Hereford, but you've got another think coming. Just try finding one for a specific purpose, fitting specifications, and it becomes as hard as finding the proverbial "needle in a haystack."

We're sure postal officials will come up with an answer, but until they do, Nolan plans to rely on his little card to take the pressure off.

We would also like to compliment Postmaster Grady for the sign now on the post office lawn. "Mr. Zip welcomes the Lions" the sign reads.

We appreciate his interest in civic affairs. However, Hereford has long been blessed with better than average post-masters.

And speaking of signs, we're rather curious about the one adorning the window at McDowell Drug.

"Lions welcomed here!" the sign proclaims.

Well now, how about us Rotarians, the Kiwanians and other minority groups?

We'll have to have a talk with this boy. Maybe even a demonstration.

If Texas highways look a little overgrown, it's not because the Texas Highway Department is falling down on its maintenance operations, according to a release recently received by this office.

The Department restricts mowing operations each year until the more than 500 varieties of wild flowers along the rights of way have gone to seed. This assures motorists a wild panorama of color as they travel Texas highways.

The Senior Class is now selling tickets for a show scheduled for Thursday, April 21 at the Tower Drive In. It's a big double feature with Clifton Webb starring in "Scoutmaster," and Burt Lancaster in "Apache." Proceeds from the ticket sales will go to defray expense of the Senior Class gift to Hereford High School.

What's happening to the farm surpluses?

Wheat stocks of 1.4 billion bushels at the beginning of this decade, have been curtailed to 800 million bushels today. Corn — as well as other feed grains — is barely adequate for six months' consumption in the United States alone.

The Department of Agriculture through various programs down through the years have idled some 500 million acres of land. Most of it could rapidly become croplands again, if the need for additional production arises, but it is interesting to note that most of the "surplus" problem of 15 years ago has diminished.

It is entirely conceivable also, that all grain sorghum pro-

duced in this area will eventually be used in this area for an expanded cattle-feeding industry.

Things are rapidly changing on the agricultural front, and it will be interesting to see what happens in the next five years. To be sure, many acres now idled by the current layout program could be quickly returned to production.

But is this the wisest thing to do?

Some authorities on the subject feel that the layout program, from the conservation as well as production standpoint, is one of the best things every to happen to this particular area. It has given farmers an opportunity to "clean-up" Johnson Grass infested lands, and many feel that more grain sorghum is now being produced on the acres left in production than could be produced if farmers were planting "fence-to-fence."

It's a simple matter of good farming practices. You just naturally grow bigger and better crops on clean land, using less water, than on land infested with Johnson Grass.

As we said before, it will be real interesting to see what happens in the next five years.

## 'Texas' Cast Applicants In Auditions Soon

The director for the production "TEXAS" which will play in the Pioneer Amphitheatre in the Palo Duro Canyon State Park this summer, 1966, William A. Moore, has announced that 85 applications for places in the company have already been received.

They have come from most of the principal schools in Texas and in nearby states, and from North Carolina on the Eastern Coast and from California on the west. Some of these applicants have sent tapes to be considered at the tryouts and some are planning to make a trip here for the occasion.

THE TRYOUTS will be held in the Fine Arts Building at West Texas State University on Saturday April 23 and Saturday April 30 for speech and singing roles. Registration will take place from 10-12 and applicants should plan to stay until they have been heard. Dance tryouts will be held in the same place on Sunday, April 24 at 3 p. m.

The company will assemble for rehearsal on June first and those who apply will be expected to remain throughout the season, until after September 5. The schedule will be arranged so that part-time employment or schooling will be possible, if timed to fit around the schedule for the production.

Information and application blanks are available at the office of the Texas Panhandle Heritage Foundation, O.L. 5-4272. Write Box 288, Canyon, Texas or call at 415 16th street.

MONAHANS SANDHILLS STATE PARK — Both children and adults enjoy the cool, clean sand at Monahans State Park, a 15-square-mile area of wind sculptured sandhills in West Texas.

## County Ranks Third In Wheat Planted Acres

Of 79 counties reporting seed wheat acreage in the state to the Texas Crop and Livestock Reporting Service, Deaf Smith County ranked third with a total of 189,000 acres planted to the crop this year.

Ochiltree County was first with 218,778 acres of wheat, and Hansford County second with 200,374.

THE REPORT also said that irrigated wheat on the High Plains is joining and in some instances being watered again. Some dryland wheat around the Silverton area is being plowed under as crop prospects are hopeless.

The report, issued by the Texas Employment Commission Wheat Harvest Control Office, Amarillo, also listed acreage of other small grains.

For Deaf Smith County, 2,000 acres of oats, 1,200 acres of barley, and 500 acres of rye were listed to give a total of 172,700 acres of small grain crops.

★ CAPABLE  
★ DEDICATED  
★ SUCCESSFUL

Let's Elect...

FOR A 2ND FULL TERM

a man who is

★ CAPABLE

Judge Williams is capable of handling the problems of the office of County Judge, and particularly in the juvenile field. He has demonstrated his ability to handle juvenile court cases with fairness to all concerned. He feels that this is probably the most important function of the County Judge's office.

★ DEDICATED

Judge H. C. Williams is dedicated to the task of aiding delinquent youngsters, regardless of race, color or creed. His council is available at any time, day or night, in an effort to help any youngster. He is deeply interested in this field of endeavor. He is however, interested also in furthering good governmental practices as pertaining to Deaf Smith County.

★ SUCCESSFUL

Judge Williams is not only successful in the performance of the duties of the office of County Judge; he is also a successful farmer and business man. His interest in the post of Deaf Smith County Judge comes from a genuine desire to help fight the juvenile delinquency problems, and to serve the citizens of a county that has been kind to him.

# Herd Downs Nazareth In Twin Bill

## Mims, Diaz Lead Team To 8-0 11-0 Victories

By DAVID BUTLER  
Sports Editor

Friday was one of those days when one wants to do anything but stay inside... a good day for a picnic and that is just what the Hereford Whitefaces had — at the expense of the Nazareth baseball squad.

The Whitefaces traveled to the nearby town for a twin bill and took both games by lopsided margins. The herd took the first by an 8-0 score and the second with a 11-0 tally.

Ed Mims and Alex Diaz took advantage of the beautiful day as they did an excellent job of pitching. Mims fanned out in 14 in the first seven inning game and Diaz laid out 12 in the second five inning game.

Both pitchers allowed only two runs in each of the games. Steve Hodges took over catching duties for the locals on his second time out since betting back into action after surgery on his right elbow.

Hodges had some bone chips removed from his right elbow following a basketball injury.

On his first time out he cracked three for three for a perfect day. Friday he did almost as well hitting two of three times at the plate.

Hereford tallied their share of home runs as Bob Wagner and Alex Diaz scored two homers back to back in the fourth inning of the first game.

WAGNER'S homer brought in Ray Martinez who had doubled on the play before.

Martinez came back in the second game to score a homer for himself.

Hereford's hitting was fast and furious in the first inning of the second game as they scored eight runs off dazzled Marvin Hoelting of Nazareth.

Although there were three homers in the game, they were not easily earned. The right field fence on the Nazareth field is some 316 feet from the batter's box, left field fence is approximately 320 feet from the plate and center field fence is about 360 feet from the plate.

THE FIELD'S measurements are about 20 feet farther out in center field, six feet shorter in right field and left field is two feet deeper.

Hereford scored a number of runs when the Nazareth outfielders were unable to catch Whiteface flies which were hit deep into the outfield.

One of these occasions netted Johnson a double when he hit a high fly into left field. The other came later in the same game when Bill Watts hit a high ball into center field and the fielder was unable to catch it.

HEREFORD will go into action Tuesday when they travel to Silverton.

### Dogies Set For Final Track Meet

Seventh and eighth grade thinclds will travel to Plainview Thursday for their final meet of the season.

This will be the second meet for the group after a three week rest.

The locals hosted the Hereford Triangular Saturday in Whiteface Stadium.

Junior High Coaches are Ray Don King, Don Taylor and Pat Privett.

**PART OF THE ACTIVITY** — This is just a part of the activity which took place at the Hereford Triangular Track Meet Friday afternoon at Whiteface Stadium. Seventh, eighth and ninth graders from Hereford and Muleshoe participated in the meet. Hereford won the meet in all three divisions. Some 150 boys participated in the running and field events. (Staff Photo)

## Local Golfers Win District Crown In Final Tourney

Hereford Golfers walked off with the district title Saturday in Perryton after taking first place in the final meet of the season and won a trip to Odessa this weekend for the regional meet.

WHITEFACE duffer Jimmy Young took district medalist honors with an overall score of 466. Sam Johnson of Muleshoe was close behind with a 470.

Hereford held a 48-stroke lead

going into the meet and increased the lead to 64 strokes in the final match.

All of the scores from the six district tournaments were added together to determine the title winner.

HEREFORD'S final score was 1,918 and Muleshoe was the only close contender taking second place with 1,984 points.

Dumas took third place with 2,082 points, Perryton won fifth

place with 2,095 and Tulia won sixth place with 2,110.

Canyon failed to have enough players Saturday to enter the competition so their team was dropped from the list.

Hereford players scored 319 points Saturday for the low score of the day.

MULESHOE WAS not far behind with a 337, Perryton gained a number of strokes when they scored a 342, Dumas scored

a 347, Tulia scored a 366 and the Hereford B-team accumulated 353 strokes.

In the individual scoring Andy Channer lead the Hereford group with a six-over-par 76.

Jimmy Young scored a 77, Roger Owen scored an 81 and Steve Hendon scored an 85. Mike Horton tallied an 86, but his score was not counted.

ONLY THE TOP four scores are tabulated for the final score in the tournament.

Hereford took an early lead in the season, but came close to losing it to Muleshoe. During two weeks Hereford lead by only five and eight strokes.

The locals took advantage of a home tournament to take a 48-stroke lead.

Local golfers will travel to Odessa this weekend to compete in the regional golf meet.

For the 1965 season the Kansas City Athletics drew 528,264 fans, lowest of any team in the major leagues.

Except for vultures and parrots, wild geese live longer than any other birds.

## Hereford Makes Clean Sweep In Local Meet

Friday turned out to be a beautiful day for a track meet and the Hereford thinclds took advantage of it. Seventh, Eighth and ninth graders all won their divisions in the Hereford Triangular Meet.

FRESHMAN thinclds accumulated some 222 points to take the title in their division over Muleshoe who tallied some 182 points.

Hereford eighth graders racked up 229 points to take their first top honors of the season. The group placed second in every meet until this one. Muleshoe scored 215 points in the eighth grade division.

Dogie seventh graders chalked up 230 points in the event for their third win of the season. Muleshoe thinclds manage to accumulate only 121 points.

JUNIOR HIGH school thinclds wind up their season Thursday in Plainview and the Freshmen will finish out a successful season Friday in Plainview.

Those winning first places in the freshman competition from Hereford are: Steve McAndrews, 100-yard dash; Bill Russell, 220-yard dash; Neil Kelly, 880-yard dash; Allen Clark, 70-yard high hurdles;

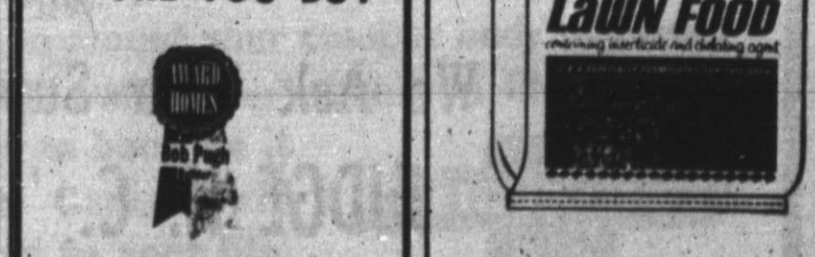

Allen Clark, 120-yard low hurdles; Donnie Fangma, shot put, and Ollie Williams, high jump.

THOSE WINNING first places in the eighth grade competition were:

John Martin, 75-yard dash; Marsh Pitman, 440-yard dash; James Head, John Martin, Ronald Matthews and Jackie Meredith, 440-yard relay; Marsh Pitman, 70-yard high hurdles, and John Martin, shot put.

Those placing first in seventh grade competition were:

**Whitefaces Place Third In 1-AAA District Meet**

District 1-AAA thinclds battled 35 mph and above winds in Perryton Saturday for competition in the conference track meet.

Hereford placed third in the competition with 90 points under Muleshoe who scored second with 130 points and Dumas who mounted up some 146 points.

The Whitefaces wound up a successful season at the meet after taking a second place in the Wayland College track and field meet and a first in the Hereford Invitational track meet only last week.

Perryton placed fourth with 62 points. Canyon and Tulia were separated by only three points for the bottom two places.

The Eagles scored 34 points in the meet and the Hornets tallied 31.

Regional track competition will be held this weekend at Odessa.

Representatives from a number of the teams will attend the meet to represent district 1-AAA.

Coach Joe Brooks is the head of the 1966 version of the Whiteface cinder team.

## Hereford Three Games From District Play

Only three more games to go for the Hereford Whiteface baseball team until they go into conference action with Canyon Apr. 28.

**TUESDAY** THE locals will travel to Silverton where they will be matched with the Silverton nine.

Friday the Herd will be on the road again when they travel to Farwell for the final away-from-home non conference game.

The final non-conference game will be played on Whiteface territory Apr. 26 against Silverton at 4 p.m.

All conference games will be played 30 minutes earlier, beginning at 3:30 p.m.

**HEREFORD** will begin their district with two games with the Canyon Eagles. The first being the Apr. 28 opener. The second game will be at Canyon on May 3.

This will be the debut for Canyon into the District 1-AA baseball circuit.

Until this year only Dumas and Hereford sported baseball teams.

**HEREFORD'S** first encounter with the Dumas Demons will come May 5 here at 3:30 p.m.

The Demons have an almost perfect win loss record this season. Only the Amarillo Sandies have managed to put a blemish on it.

## Buying Office For Vegetables To Open Here

The Subsistence Regional Headquarters, Fort Worth, Defense Personnel Support Center announces the opening of a Seasonal Purchasing Office in Hereford, Texas on or about 1 July 1966.

The purpose of the office will be to buy fresh vegetables for distribution to the military services. The Subsistence Regional Headquarters is located in Fort Worth, Texas and is a Defense Supply Agency activity.

**THE OFFICE**, to be located at 116 25 Mile Avenue, Hereford, Texas, will be staffed by a Procurement Agent, Jerry Aills, and one procurement clerk. The Seasonal Purchasing Office will be open 1 July thru 28 October 1966. During the 1965 season approximately 1½ million pounds of produce were purchased in the area.

Applicants interested in the Procurement Clerk position are asked to send their application on a Standard Form 57 to: Commander, Subsistence Regional HQ, Fort Worth, Defense Personnel Support Center, Attn.: Administrative Assistant, P. O. Box 6838, Fort Worth, Texas 76115.

Forms are available at the local Post Office.

## IN CEREMONY HERE MONDAY

# Four CAP Cadets Qualify For Billy Mitchell Honor

Four Hereford Civil Air Patrol Cadets have qualified for one of the higher awards bestowed members of the organization — to climax more than two years of study — and are scheduled to receive the honor in a ceremony Monday night at the Bull Barn.

Presenting the General Billy Mitchell award to local cadets will be Col. Charles B. Lingamfelter, Amarillo Air Force Base Center Operations Officer.

**THE PRESENTATION** will be made in a ceremony beginning at 8 p. m. The general public is invited to attend.

Qualifying for the awards are CAP Cadets Ray Oglesby, Galan Evans, Dale Minor, and Chuck Schneider.

Minor and Schneider are students at North Texas State University and whether or not they will be present for the ceremony had not been determined Saturday.

**THE MITCHELL** Award, the highest honor presented to a Hereford CAP Cadet, is the key to many exceptional CAP opportunities open only to holders

COL. LINGAMFELTER presents awards

ceremony. **IN CHARGE** will be Col. Lingamfelter, a past commander of James Connally AFB, Texas.

A veteran of more than 26 years of military service, he served in the South Pacific during World War II and logged 30 combat missions in Martin B-26 medium bombers.

He received the Purple Heart and the Air Medal for combat actions.

He is a command pilot with over 5,000 hours in jet and conventional aircraft. He wears 12 decorations in addition to the two mentioned above, including two from the National Republic of China. He holds a BA degree from the University of Maryland.

**TEA HOSTESS** — Mrs. Earnest Langley was one of the wives Hereford Lions who were hostesses for the tea for feminine visitors, only convention activity solely for the women. She is serving punch at the table decorated with flags and flowers.

## Visiting Lionesses Entertained At Tea

One special event for wives of District 21-1 Lions here for the weekend club convention was a tea in Community Center ballroom Saturday afternoon. Most of the program was arranged for a correlation of women's activities with the general convention sessions.

Exchange students presented the afternoon program, wearing costumes of the countries from which they come. Mr. and Mrs. Wayne Thomas were in charge of the afternoon's entertainment, which ended with a bus tour of the city.

**WIVES OF** Hereford Lions were hostesses for the tea. At the door were Mrs. O. Z. Golden Mrs. Don Zimmerman, Mrs. Thomas and Mrs. A. T. Mims, co-chairman of arrangements, Miss Suzanne Langley, who was a student in Austria a term, her mother, Mrs. Earnest Langley, and sister, Camille, all dressed in Austrian peasant costumes, served refreshments. Flags of several nations stood with white stock and pale yellow

mums in the centerpiece. The tablecloth was of matching yellow net; milk glass service was used. Vari-colored balloons with blue and gold streamers covered the ceiling.

Thomas introduced Jon David Miller, who has been an American Field Service summer student in Denmark, as master of ceremonies for the student program.

Folk songs of their countries were sung by Kaarine Timonen of Finland, Riina Lagus of Sweden, Cema Yalinpale and Ahmet Yilmaz of Turkey, who added a native dance. Marisa Nead talked of schools in Germany and Kasimiers Wierzbicki of those in New Zealand.

Sharon Esgate of Australia played a group of piano solos and the finale was a couple of Hawaiian dances by Teresita Parba, resident of another Pacific Island group, the Philippines, and a student in Hereford High School this year.

## Freshmen To Travel To Plainview Meet

Hereford freshmen cindermen will close out their track season Friday when they travel to Plainview.

The meet will climax a six meet season for the local thin-clads.

Fresh runners took part in the Hereford Triangular meet Saturday in Whiteface Stadium. Clyde Coleman is the freshman coach.

#### NOTICE OF APPLICATION FOR PERMIT WITH THE TEXAS WATER POLLUTION CONTROL BOARD

Notice is hereby given that the Hereford Feed Yards, Inc. P. O. Box 151, Hereford, Texas, has filed an application with the Texas Water Pollution Control Board, 1100 West 49th Street, Austin, Texas, pursuant to the State Water Pollution Control Act Article 7621d of (Vernon's Civil Statutes), for a permit to build and construct earth dams and dykes to prevent water runoff from the Hereford Feed Yards from entering the Tierra Blanca Creek. Water runoff from the feed yards occurs only during the rainy season and these dams and dykes are so constructed to handle our own water shed under normal conditions. Only under extreme flood conditions resulting from unusually heavy rains will there be any water allowed to drain off of the Hereford Feed Yards into Tierra Blanca Creek. The Hereford Feed Yards are located about 2 miles East of the City of Hereford, on the south side of Highway 60 in Section 38, Block K-3, Deaf Smith County, Texas.

Kelley, deceased; the spouses of each and all of the parties hereinabove named the unknown spouses of each and all of the parties hereinabove named and the unknown heirs and legal representatives of each and all of the deceased spouses of each and all of the parties hereinabove named, both specifically and as unknown, Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiffs' Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 30 day of May, 1966, at or before ten o'clock A. M. before the Honorable District Court of Deaf Smith County, Texas, at the courthouse of said County in Hereford, Texas.

Said Plaintiffs Petition was filed in said Court on the 14 day of April A. D. 1966, in this cause, numbered 5101 on the docket of said court, and styled, Marquerite Brown Ridgway, et al. Plaintiffs, vs. Willie C. Sorenson, et al. Defendants.

The names of the parties to the cause are as follows: Marquerite Brown Ridgway, joined by her husband, Drew Ridgway, both of Kansas City, Missouri; Charlene Brown Clements, a feme sole, of Roswell, New Mexico; Blanchard W. Brown of Grants, New Mexico; and Marquerite Brown Ridgway, Administratrix of the Estate of J. W. Brown, Deceased, are Plaintiffs and Willie C. Sorenson, the unknown heirs and legal representatives of Willie C. Sorenson, deceased; Mads Sorenson, the unknown heirs and legal representatives of Mads Sorenson, deceased; Clara J. Sorenson, the unknown heirs and legal representatives of Clara J. Sorenson, deceased; J. A. Wear, and the unknown heirs and legal representatives of J. A. Wear, deceased; Sarah J. Wear, and the unknown heirs and legal representatives of Sarah J. Wear, deceased; Jennie M. Wolfe and the unknown heirs and legal representatives of Jennie M. Wolfe, deceased; Bertha Wear, and the unknown heirs and legal representatives of Bertha Wear, deceased; Lula B. Kelley, the unknown heirs and legal representatives of Lula B. Kelley, deceased; Jefferson W. Kelley and the unknown heirs and legal representatives of Jefferson W. Kelley, deceased; the spouses of each and all of the parties hereinabove named, the unknown spouses of each and all of the parties hereinabove named, and the unknown heirs and legal representatives of each and all of the deceased spouses of each and all of the parties hereinabove named, both specifically and as unknown, are Defendants.

A brief statement of the nature of this suit is as follows, to-wit: For the title to and possession of all of Block No. 19, and all of the North 1/4 of Block No. 18, all of Mabry Addition to the Town of Hereford, Deaf Smith County, Texas, located in Deaf Smith County, Texas; and for judgment for the fee simple title to said land based upon the ten-year adverse possession and limitation statutes of the State of Texas, and for judgment divesting the title from said Defendants, each and all of them, and fully investing the same in Plaintiffs, and to remove any claims of the Defendants, each or either of them, as clouds on Plaintiffs' fee simple title to said land, and for general relief, as is more fully shown by Plaintiffs Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this the 14 day of April, A. D. 1966.

ATTEST:  
Lucille Posey, Clerk  
District Court, Deaf Smith County, Texas.

### WE WEAR WELL.

NASHVILLE, Tenn. (AP) — A Nashville hotel has been congratulated on the "excellent" lines it uses. The words of gratitude came from a woman who should know — she's been using one of the pillow slips for 31 years.

"Thirty-one years ago my husband and I spent our wedding night in your hotel," she wrote anonymously from Memphis. "When we checked out, we inadvertently mixed one of your pillow slips with our luggage.

The pillowcase has lasted, she said, though "three children and four grandchildren," but now is wearing out.

"If the lady had given her name and address I would have sent her a replacement," said manager Leon Wombie.

Antarctica's 5,300,000 frozen square miles form a remarkable world laboratory where scientists from many countries work in harmony.

#### NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS No. 2437

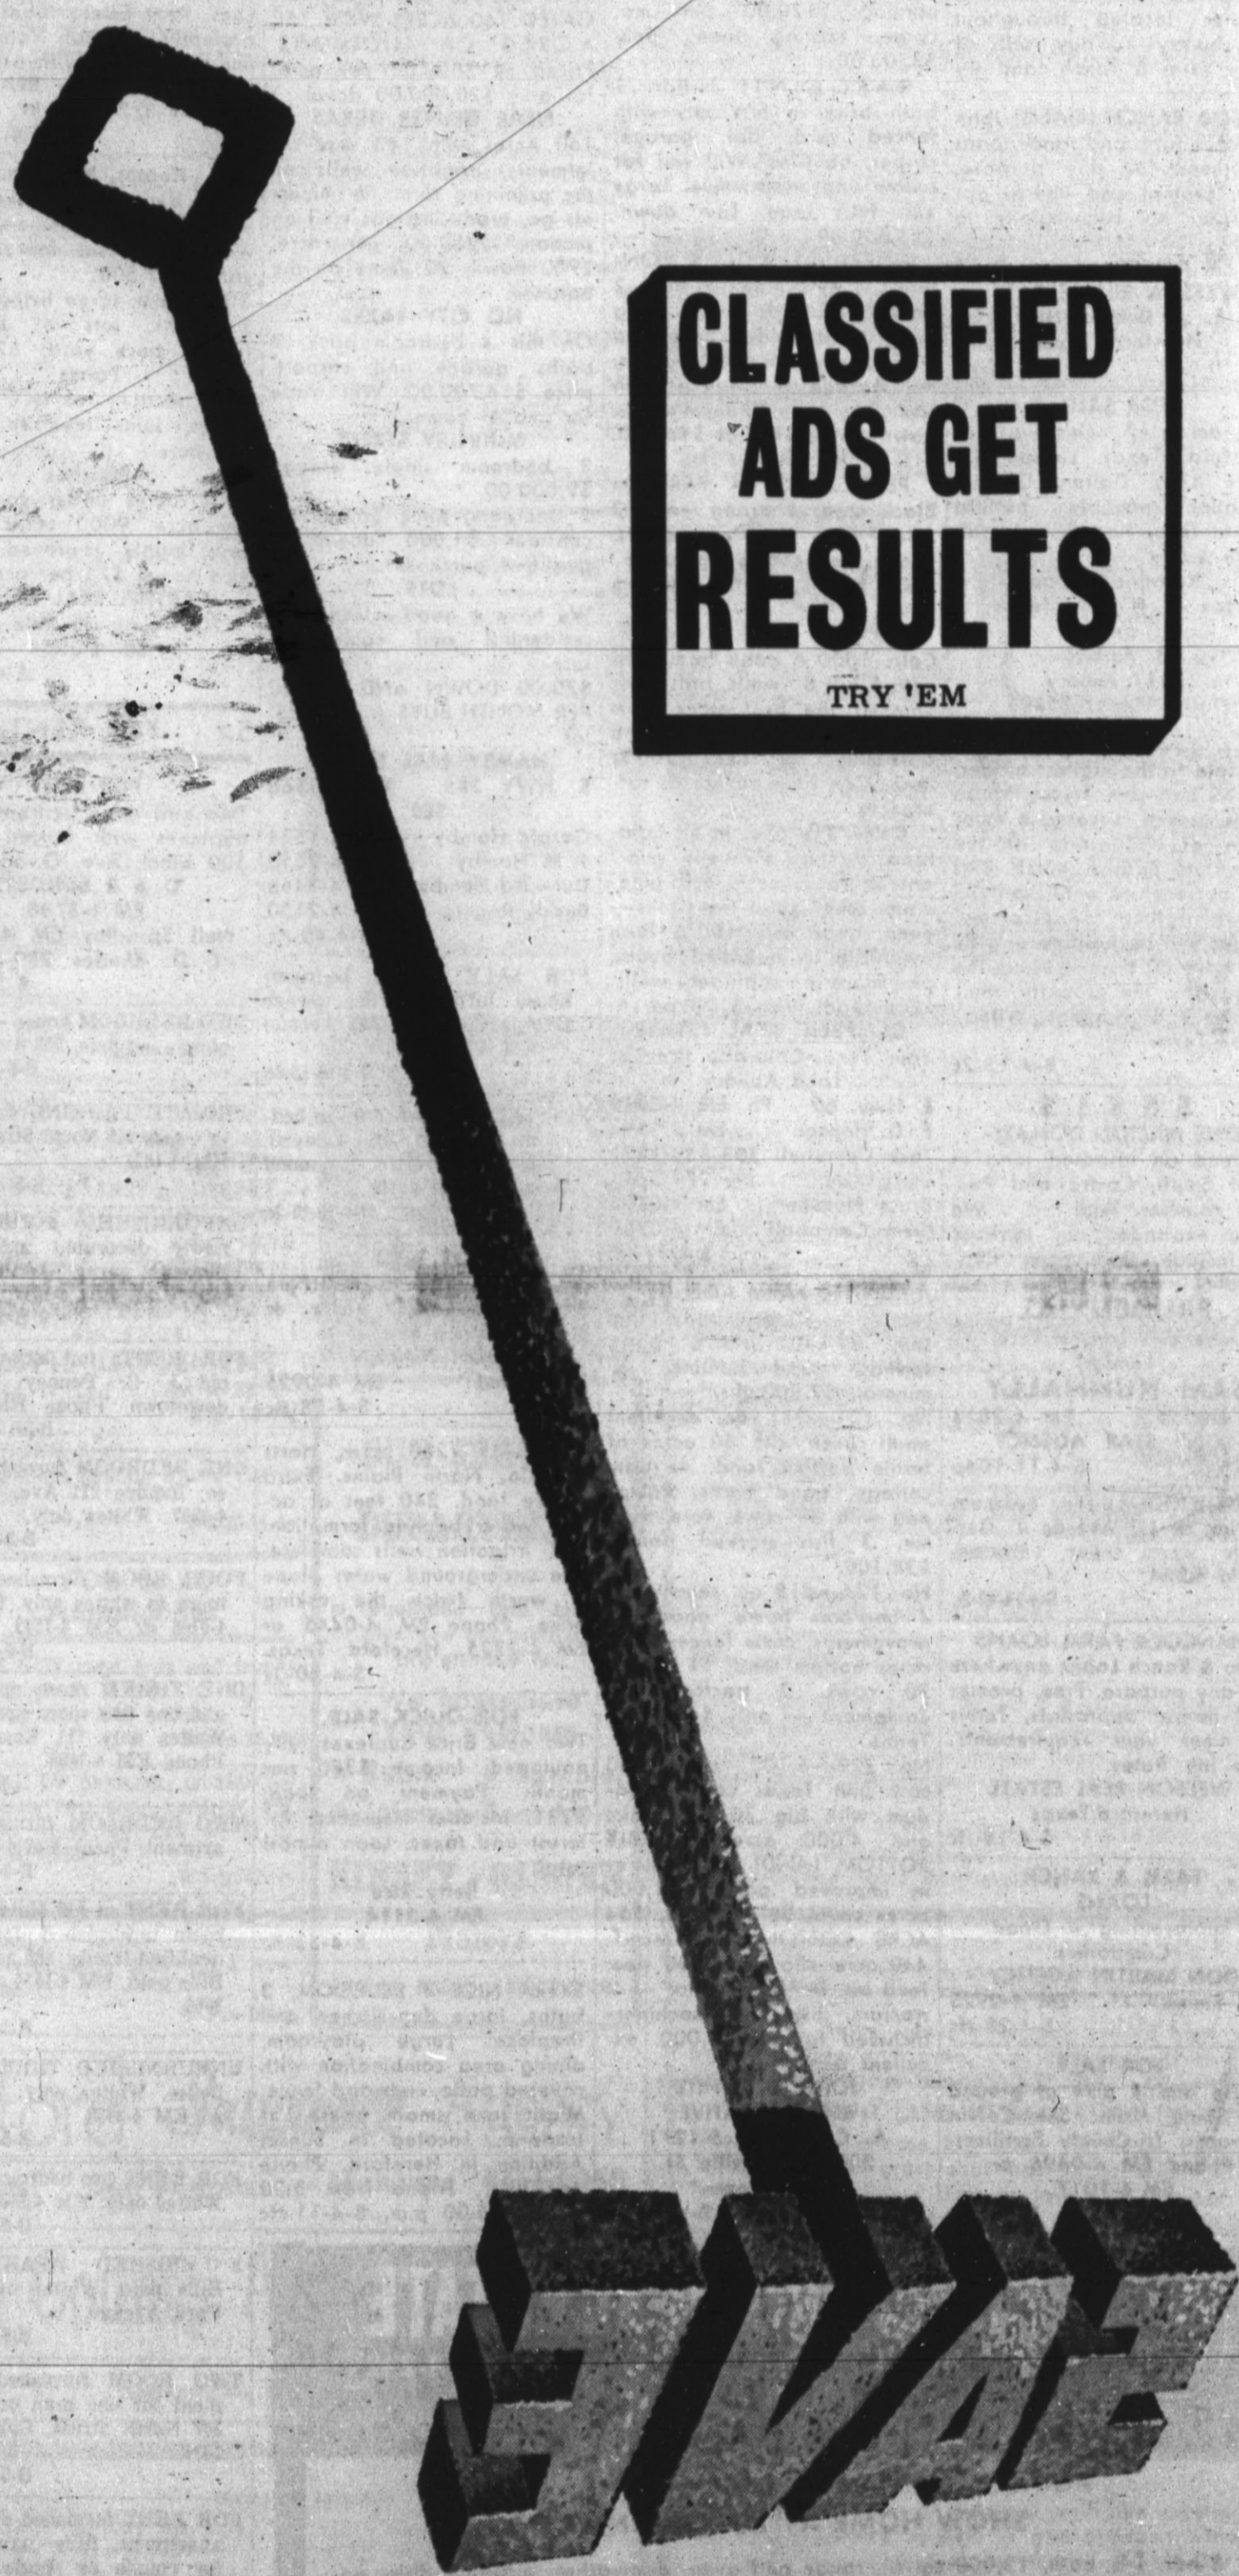

Notice is hereby given to whom concerned that the application of R. C. GODWIN AND L. B. GODWIN, the post-office address of whom is Box 1026, Hereford, Texas, was received on the 5th day of November, 1965, in the office of the Texas Water Rights Commission. Applicant seeks a permit to construct a 650 acre-foot capacity reservoir on an unnamed stream, tributary of a playa lake, and to divert therefrom 650-acre-feet per annum for the irrigation of 650 acres out of a 2240 acre tract located in the Capital Land Survey League No. 408 1/2 Abstract No. 518, Deaf Smith County, Texas. The applicant also seeks authorization to use the impounded waters for recreational purposes.

The centerline of the proposed dam will be located at a point N 79 degrees 58' 30" W. 2855.13 feet from the southeast corner of Capital Lands Survey, League No. 408-1/2, Abstract No. 518, Deaf Smith County, Texas.

Said application was accepted for filing by the Texas Water Rights Commission on the 5th day of April, 1966, as Application No. 2437 and a hearing thereon will be held by the Texas Water Rights Commission, in the office of the Commission at Austin, Texas, on Tuesday, May 17, 1966, beginning at two o'clock p. m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Commission and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Commission Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Texas Water Rights Commission may deem right, equitable, and proper.

Given under and by virtue of an order of the Texas Water Rights Commission, at the office of the said Commission at Austin, Texas, this the 5th day of April, 1966.

Joe D. Carter, Chairman  
TEXAS WATER RIGHTS COMMISSION  
Attest:  
Audrey Strandman, Secretary

Successful experiments with corneal transplants give a brighter future for the blind of the world, Dr. Morris Kaplan, Denver ophthalmologist, told District Lions Saturday.

Speaking at the noon luncheon sponsored by the Dumas Lions, Kaplan told of an experiment in El Salvador which demonstrated that frozen corneas can be successfully transplanted. Lions throughout the nation

**DPS Report Shows Nine Rural Mishaps**

The Texas Highway Patrol investigated 9 accidents on rural highways in Deaf Smith County during the month of March, according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in seven persons injured and an estimated property damage \$8,815.00.

**THE RURAL** traffic accident summary for this county during the first three months of 1966 shows a total of 21 accidents resulting in 1 persons killed, 10 persons injured, and an estimated property damage of \$27,350.00.

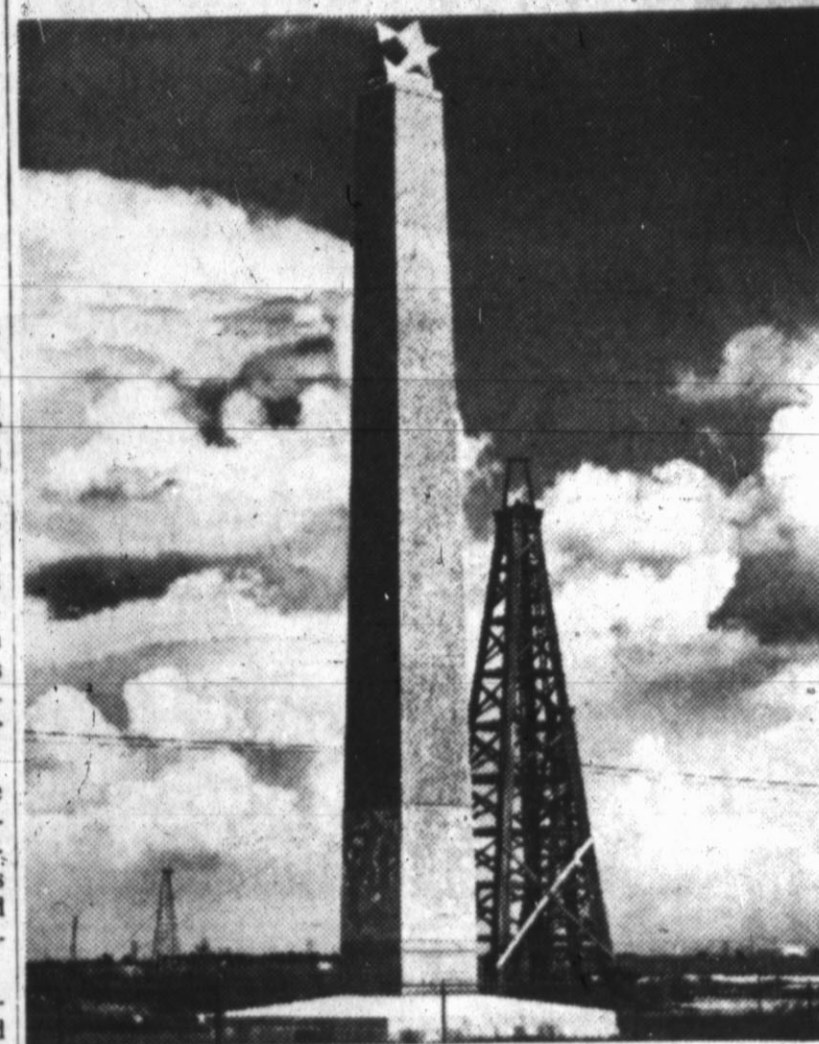

Career employment in the uniform services of the Texas Department of Public Safety is now being offered young men between the ages of 21 and 35. "More than 100 of these positions of trust and public service are open for qualified men," the sergeant stated.

"They include opportunities for advanced education, excellent physical conditioning and a permanent career of serving mankind."

Applications and full information can be obtained by contacting any Department of Public Safety patrolman or station. Jun 6 is the deadline for accepting applications for the examination to qualify men for the August 9 training school.

E. V. Harrelson of Ellinwood, Kan., dropped in a trotline baited with a toad at Kanopolis Reservoir Oct. 1 and pulled out a 29-pound, 14-ounce buffalo fish. The Kansas Forestry, Fish and Game Commission certified the catch as a species record — exceeding by one pound, 14-ounces the previous record catch made by James Webster of Topeka.

# Younger Set On Stage In Veleda Club Revue

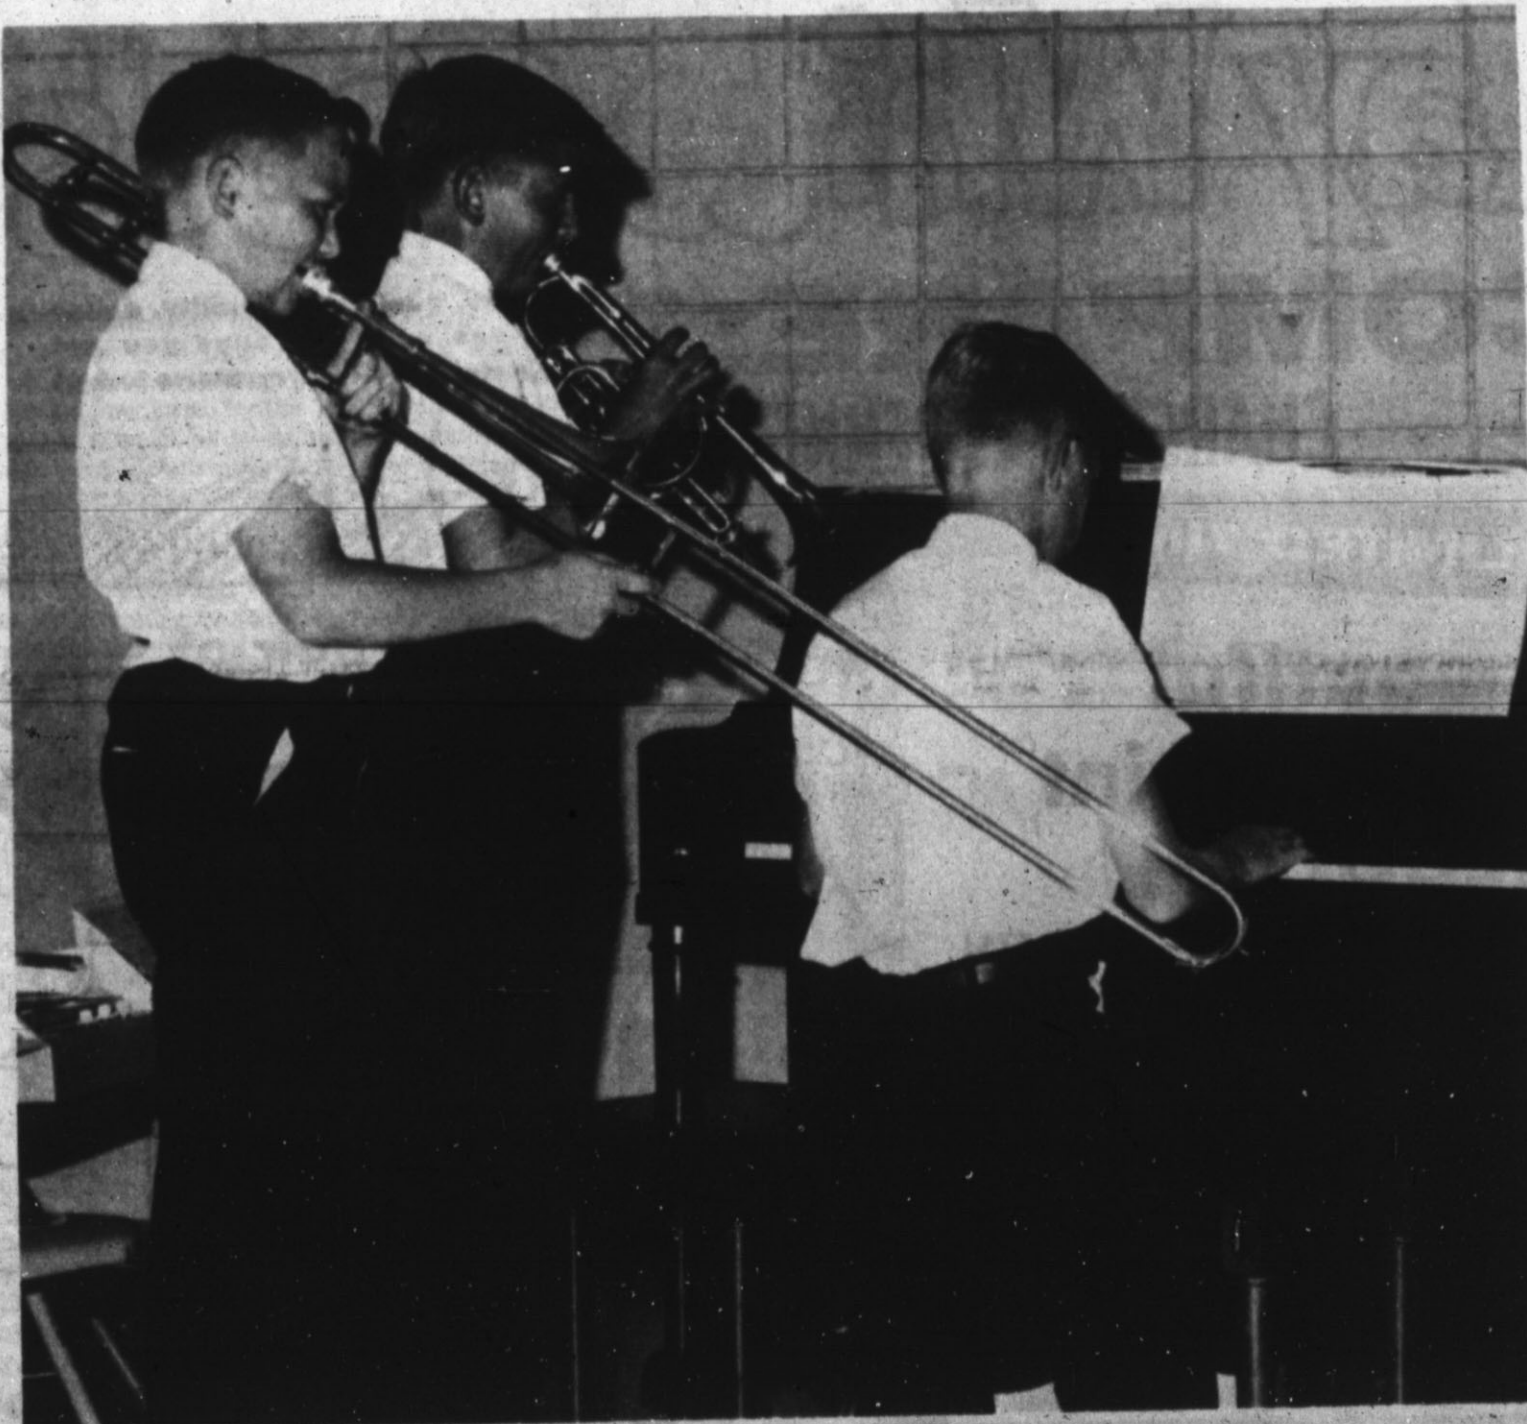

"WE PROUDLY PRESENT" — Master of Ceremonies Steve Olson introduces a trio of costumed performers as Veleda Study Club and guests enjoy a program by members'

children at Community Center. Clown Terry Scott grins broadly at ballerina Lynette Clearman as twirler Joy Clark lifts her baton to step into her routine.

SEVEN LITTLE BUNNIES — Their story was told in verse and song by this group, displaying toy bunnies and wearing "rabbit ears". From left standing are Alan Ray, Craig

and David Baugous, Mike Oglesby and Brad Clark, while Cynthia and Mike Clark stand in front.

STAR STREET STARS — This neighborhood trio named itself for its home street, and played two lively selections on the Veleda Club program Tuesday evening.

The trombonist is David Watts; Truett Bradly plays cornet and Richard Brownd the piano.

BEST PART OF PARTY — Refreshments are served after the program to young performers and other guests. Carole Scott, who contributed a piano solo to the parade of budding talent, pours punch for Jeanine

Bradly, Lana Clark and Melinda Watts. Jeanine and Melinda sang solos and Lana was among the girls and boys in Easter parades.

## The Sunday Brand

SECTION TWO

HEREFORD, TEXAS 79045, SUNDAY, APRIL 17, 1966

TEEN-AGERS TOO — Musical numbers by some older performers were applauded by the large group of club members and guests present. Susanne Oglesby was accompanied in a vocal solo by her mother, Mrs.

J. R. Oglesby, club president, Richard Brownd and Donna Olson played piano solos and Donna was accompanist for some of the smaller children's numbers.

**PRODUCTION EXPANDS** — Equipment in Hereford's Bravo Smokes factory continues to turn out the product at a rapid pace as marketing area for the nicotine-free smoke reaches the Dallas-Fort Worth region.

## Showers Honor May Bride-Elect

Prelude to her May 15 wedding, parties honoring Miss Caroline Brumley began this week when friends entertained with a tea-shower in the home of Mrs. W. H. Gentry and a lingerie shower in First National Bank Community room.

She is the fiancée of Conrad Rountree of Ballinger. Springtime colors of yellow and white, chosen by Miss Brumley for her wedding at First Methodist Church here, appeared in decorations for both parties. The table at the Gentry home Thursday afternoon was centered with an arrangement of white stock and gold-throated Dutch iris.

Punch and cake were served by Misses Donna Nelson, Jo Ella Hamilton, Dawn Hopson and Jana Brumley, using crystal service set on a hand-crocheted lace cloth over white linen. Mrs. David Brumley registered callers.

Miss Brumley was assisted in receiving by her grandmother, Mrs. G. W. Brumley, and a cousin, Miss Randy Hopson, who will be a bridesmaid at the wedding.

The dark-haired honoree wore a shirtwaist frock of blue whipped-cream crepe with white accessories and yellow mum corsage.

Hostesses included Meses. Jess Robinson, S. S. Dodson, Richard Barnard, Pat Robinson, Mike Justice, A. B. Higgins, Earl Plank, Gariand Solomon, Richard Winget, Jim McAndrews, Ira Scott, Claude McDougal, Elmer Patterson, Ed Warren, G. W. Newsom, Glen Snyder, An-

sel McDowell and Gentry. Intimate friends of the bride-to-be were guests at the shower Monday evening, when Mrs. Jackie McNeese, Mrs. Robert Duggan and Miss Jana Brumley entertained in the bank's party room.

After gifts packages were presented and opened, punch, coffee and cookies were served from a table featuring white and yellow decor in a bouquet of spring flowers.

Mrs. Clint Formby is youth chairman. School representatives working with the program are Meses. Harold Morton, Frank Childress, Dale Henson, Charles Hoover, Robert Strain, Justin McBride, Tony Hoffman, J. V. Perrin and Jim McAndrews.

Student enrollment for the year totaled 5,064 and enrollment funds amounted to \$560.

## Annual Reports Show Extensive Volunteer Work In Red Cross

Hundreds of hours of volunteer work as well as material gifts by adults and youth through the Deaf Smith Chapter of the American Red Cross, were reported in the annual summaries of work given at a chapter meeting this week.

An outstanding program by Red Cross Youth organizations in the schools included contributions of money and other gifts to the American Field Service Fund, patients in the VA Hospital and AF Base Hospital at Amarillo, to veterans' families, to residents of King's Manor and Westgate.

Members at Stanton Junior High, with county 4-H Club members, made and filled 77 friendship kits for Vietnamese children.

Elementary school pupils gave \$25 toward purchase of a suit for a boy at Cal Farley's Boys Ranch at Christmas, made scrapbooks and puzzle books for AFB Hospital patients and an album for exchange with a foreign school.

Mrs. C. A. Saulcy and Mrs. Art Lews are co-chairmen for this group. Nursing services for the year included completion of the first successful class for adults in Mother-Baby Care. Mrs. Earl Springer, instructor, presented certificates to seven couples and four individuals.

Mrs. Springer taught the same course for a class of 18 boys in Hereford High School, and Mrs. J. A. Durham taught Home Nursing courses to 49 girls in the homemaking department.

## School Nurses Begin Health Conferences

School nurses at Hereford's five elementary schools began this week with the pre school health conferences.

IN THE conferences the nurses will interview all children who will be starting to school next fall.

The nurses will also interview the mother of the child to provide her with background health information and other helpful information for the nurse.

After the interview the child then tours the school and gets a look at the school he may be attending next fall.

NAMES OF the children are obtained from the census and parents who feel that their children's names are not on the census record are asked to contact one of the elementary schools.

Parents will be getting a letter from the nurses giving them the time and place of the interview and if the appointment poses any inconveniences these parents should contact the school.

During the interview the nurse will also explain the school health policy for the children and tries to make the children feel at home in the school.

School nurses are Mrs. Homer Rudd and Mrs. Henry Solomon.

**REORGANIZED BOARD** — Hereford Independent School District Board of Directors officers of the board elected Tuesday night are, seated from the left, Labry Ballard, president; Hugh Clearman, vice president; and O. W. Parris, secretary. Also shown are, standing, Superintendent Johnny Clark Jr., board members Dr. A. T. Mims, Bill Gentry, Raymond White, L. B. Russell, and business manager Dillie Kelley. (Staff Photo)

## College News About Students From This Area

DALLAS — Dianne Schmucker, daughter of Mr. and Mrs. Alvin C. Schmucker, 227 Ave. E, is one of 18 students in the St. Paul Hospital School of Nursing named to the honor roll for scholastic achievement for the first semester.

Miss Schmucker, a senior at the Dallas school and a Hereford High Graduate, earned the honor roll credit with an average of at least 3.0.

### DIG WE MUST

LEAVENWORTH, Kan. (AP) — Twenty-eight inmates of the U.S. Penitentiary here have formed a chapter of the Kansas Anthropological Association — a group concerned with digging for relics of the past.

None of the new group has disclosed any plans for digging.

## Frio News

By MRS. OWEN ANDREWS  
Brand Correspondent

Quite a number of visitors attended church at Frio Sunday morning, while they were here for the weekend visiting relatives. Among them were Mr. and Mrs. Raymond Mobley, Kirk and Karla, of Cortez, Colo., Mr. and Mrs. Carl Miller of Denton, Mr. and Mrs. Ronnie Caster and son of Lubbock, Mr. and Mrs. G. L. Autry, Clara, Dennis and Kathy of Tahoka, Keith Stone of Lubbock, Mr. and Mrs. L. E. Massengale and Gene of Ft. Worth. The Casters are former members of the church now living in Lubbock where he attends school.

The Mobleys visited his relatives, her mother, Mrs. R. V. McMahon, and others at Dimmitt. The entire Mobley family, with the exception of Kent, old-

est son of the Raymond Mobleys, gathered at the Floyd Cole home Sunday. Present were the Raymond Mobleys; Mr. and Mrs. Don Mobley, Craig, Stan and Curtis, Mr. and Mrs. D. C. Miller, Austin Mobley, Mrs. Dorothy Johnson and Mrs. H. M. Mrs. Carl Miller and Earl Cole.

Mr. and Mrs. Carl Miller were spending the holidays with his parents, the D. C. Millers.

Mr. and Mrs. Autry and children and a grandson, Keith Stone, spent the weekend with their son, Joe and family.

The Massengales were visitors in the home of her brother, the Rev. Sam Ogan and family.

Mrs. Dorothy Johnson spent Saturday night with her mother, Mrs. H. M. Mobley, and also visited others in the area.

Mr. and Mrs. E. H. Little and Becky of Texline, visited church Sunday evening, after spending the day with the Robbins and other relatives in the area.

The choir presented a cantata "Hallelujah What A Saviour" at the Sunday evening service. Weldon Stephan directed and Mrs.

Jack Rogers was pianist. Lewis Block was reader and others participating were Mmes. Earl Harkins, Weldon Stephan, Lewis Block, Davis Yandell and Frank Robbins; Misses Nancy Axe, Jana Cole and Debbie Ogan; Mr. and Mrs. Earnest Harder, Mr. and Mrs. Clark Andrews, Jack Rogers; Lonny Coker, J. D. Harder, Billy Warrick, Jody Rogers, James Dobbs and Homer West.

The Rev. Sam Ogan left Sunday afternoon to spend eight days preaching in a revival at Electra. The pastor there is the Rev. J. I. Herndon.

Visiting the Ogans Friday, were Mr. and Mrs. H. J. Stephens and Myrna from Borger.

Mr. and Mrs. W. H. Andrews left Thursday for a vacation trip, planning to spend a few days at Hot Springs, N. M.

Arthur Blackburn and his father-in-law, Mr. Sargent, left Thursday for Hot Springs, N. M. where Blackburn expected to get treatment for a severe rheumatic condition.

## County History Is Club Topic

Localizing their year's study on The Great Southwest, members of Calliopian Club heard a discussion of Historical Hereford at their meeting Thursday afternoon by Mrs. Elmer Patterson, chairman of Deaf Smith County Historical Survey Committee.

Pioneer personalities of the

county were sketched by Mrs. Patterson as she told of the impact of some strong leaders on early growth of this area.

Among the interesting early settlers she mentioned was the horse-and-buggy doctor, G. F. Lee Grand, who came in 1903 and traveled over the sparsely-populated area on calls to patients.

Mrs. Patterson told of the work of historical survey committees in Texas, in preserving and marking historical spots such as the McKenzie Trail crossing which was recently marked in this county on Highway 385.

Another program guest was Dr. Bruce Beene, who spoke briefly on Danger Signals of Cancer, stressing the value of annual physical examinations to detect cancer in early stages.

Mrs. Cameron Gault was hostess to the club at Hereford Country Club. Mrs. C. J. Crump conducted the business session and appointed a nominating committee to select a slate of officers for the annual election at the next meeting.

It will be on April 8 in the home of Mrs. Clyde Cave. Officers elected then will be installed at the final meeting of this season, May 12. Mrs. Hazen Woods was welcomed as a new member.

Other members present were Mmes. Irving Alexander, B. F. Cain, E. W. Dettman, Alton Fraser, J. T. Gubbreath Jr., Sue James, Ansel McDowell, D. C. McWhorter, Emmett Milburn, W. B. Owen and George Warner.

### MARRIAGE LICENSE

**ENGAGED** — Mr. and Mrs. George Frerich, 616 Ave. K, announce the approaching marriage of their daughter, Margaret Ann, to Joe Hershey, son of Mr. and Mrs. Harold L. Hershey, 309 Ave. B. Wedding vows will be pledged at 5:30 p.m. May 12 in the sanctuary of St. Anthony's Catholic Church. Miss Frerich, a 1963 graduate of Hereford High School, is a graduate of St. Paul's School of Radiologic Technology at Dallas. Hershey holds a BS degree from Arlington State College with majors in business and economics. His fraternity is Pi Sigma Epsilon. The couple plans to live in Philadelphia. (Bradly photo)

### H.D. CHATTER

## Lots Of Help Averts Panic

By Mrs. Argen Draper  
Home Demonstration Agent

Congratulations to the Lion's Club. What a good time everyone seems to be having! The Convention has brought the local people a lot of pleasure and we hope people remember Hereford kindly and will want to return to visit.

**AREN'T PEOPLE NICE?** When the panic button was pushed, a number of people have come to the rescue. It seemed for awhile that a four hour program was simply out of the question. However, it has been planned and given during the Food Show at Canyon (Saturday).

There are a lot of folks behind the scenes who have cooperated but these are center stage front. Jane Witkowski and Janice Turrentine assisted all day to play the piano when needed. They had prepared music, but filled in anytime.

Mrs. Edd McElroy and daughters, Marilyn and Judy, lead group singing and games. Nancy Smith and Sylvia Phipps sandwiched in some time to come to Canyon between an out-of-town appearance and a Saturday afternoon program.

Mrs. Edward Paetzold and Mrs. John Warren volunteered to get the Farmers' Quartet plus about ten to give their share-the-fun skit. Also, Ronnie Burk of Castro County and Karen Hobbs of Oldham cooperated with Ronnie's impersonation of Liberace and Karen did Mary Poppins. These were separate skits and both good.

Jean Beene gave a book review to the delight of the group of persons of all ages. You can understand why I think people are so nice!

The district convention of the Home Demonstration Club Women conflicts with the Westway HD Club. Mrs. J. C. Morrison as Clothing Leader was chosen to give the program for April 28. Some who have been trained to help are Anne Kershen, Nita Rudd, Beverly Jesko, Lola Landers and Bess Werner.

Mrs. Morrison was asked to be program leader and give the part on rayon. She will give characteristics, uses and care, plus some common tradenames.

**RAYON WAS** the first man-made fiber and is the largest in volume of production of all man-made fibers. Many improvements have been made since its first introduction to the consumer market. The current fabric does not resemble the shiny, slick material that was first manufactured.

Many lovely fabrics of all rayon blends are in our apparel today. Blending is the combining of different fibers before spinning. It has some definite care points — usually dry clean, but it can be laundered, if care is used as it is weak when wet. Also, it tends to shrink.

**THERE ARE MANY** fabrics that make the apparel market

so exciting and alluring. An Extension leaflet — Clothing Action!!! Fabrics, L-652, gives a thumb nail sketch of natural and the man-made fibers. The purse-size references give what can be expected from fiber families or generic groups of fibers.

For satisfaction in clothing, read, study, keep and follow the information label. When you see people shopping with this little book in one hand and a pencil in the other, remember that the market is loaded with interesting fabrics and these persons are wanting to know what to expect from the fibers and the care that will give the longest good looks to the garments.

**FROM THE CALENDAR**, next week is not the week when things slow down at the office. Some of the activities will be County Program Building Committee, seven home demonstration clubs and clothing consumer day at Bovina. Candidates Appreciation Meeting at Walcott Friday night.

The Clothing Consumer Day at Bovina on Thursday, April 21, will be interesting and all persons are invited. The program is Clues To New Fabrics. It will be in the Baptist Fellowship Hall beginning at 2 p. m.

## Special H.D. Events Slated For Next Week

A Clothing Consumer program is scheduled at Bovina Thursday, sponsored by the Home Demonstration Club Clothing Committee, announces Mrs. Argen Draper, Deaf Smith H. D. Agent.

This workshop is designed to give consumers information about new fabric treatments, including perma-press and bonded fabrics which are lately available in ready-to-wear and piece goods, Mrs. Draper said. All interested persons are invited to attend at the Baptist fellowship hall in Bovina at 2 p. m.

Another meeting of interest to many H. D. Club members as well as others in this county is that of Deaf Smith County Program Building Committee, at 8 p. m. Monday in the Boy Scout room at Community Center.

Two special meetings are set for H. D. Clubs next week. Progressive Club members will tour King's Manor at 2:30 p. m. Tuesday, then go to the Calson House for refreshments. Messenger Club will sponsor a political rally at Walcott School at 7:30 p. m. Friday.

North Hereford Club has changed its meeting time to 9:30 a. m. Thursday, to avoid conflict with the program in Bovina. Mrs. R. E. Barrett will be hostess. Ford Club will meet at 2:30 p. m. Wednesday in Ford Community Building, and Cultural Club at the same hour Friday in the home of Mrs. S. D. Love.

### Mrs. Cline Heads New Officers Named By Eastern Star Chapter

Mrs. Marple Cline was advanced to the office of worthy matron in the Hereford Chapter, Order of Eastern Star, and John Patton to the worthy patron's post in the annual election Tuesday evening in the Masonic Temple.

They will succeed Mr. and Mrs. Marvin Coffey when new officers are installed June 4. Others elected were Mrs. R. B. Hutson and Bernard Roberson, associate matron and patron; Mrs. Charlie Noland, secretary; Mrs. Mack Noland, treasurer; Mrs. Art Lewis conductress and Mrs. J. B. Noland associate.

Appointive officers named are Mrs. B. E. Roberson, chaplain; Mrs. Norman Moore, organist; Mrs. Larry Summers, marshal; Mrs. H. E. Owens, Adah; Mrs. Roy Bayer, Ruth; Mrs. Orpha Click, Esther; Mrs. David Yandell, Martha; Mrs. Olin Parris, Electa; Mrs. John Patton, warden and Mrs. C. A. Saucy, sentinel.

Plans were made for a Friend-

ship Night program at 7 p. m. April 26.

A social hour followed the election, with Mrs. L. H. Lookingbill Sr., L. H. Lookingbill Jr., Summers and Boyer as hostesses. Mrs. H. L. Hershey and Mrs. Moore formed a committee to decorate the hall with blooming plants and the refreshment table with a springtime arrangement of tulips.

### Calendar Of Events

**MONDAY**  
Hereford Jaycee-Ettes at Community Center, board at 7 p. m. general meeting at 7:30 p. m.  
Business and Professional Women's Club at Community Center, 7:30 p. m.  
Rainbow Girls at Masonic Temple, Advisory Board at 8:30 p. m., regular meeting at 7:15 p. m.  
Great Books Group at Deaf Smith County Electric Co-op building, 8 p. m.

**TUESDAY**  
Women's Golf Association luncheon, Hereford Country Club, 12:30 p. m.  
Mon Ams Club in home of Mrs. J. D. Greason, 232 Star, 2:30 p. m.  
First National Community Room La Alflatus Estudio Club, 3 p. m.

Veleda Club, called meeting in home of Mrs. Armon Lauderback, 8 p. m.  
Beta Sigma Phi, both chapters at Community Center, 8 p. m.  
La Plata Study Club in Mrs. Kenneth Rogers' home, 218 Centre, 8 p. m.  
Young Homemakers Chapter at high school homemaking room 8 p. m.  
American Legion Auxiliary at Legion Hall to work on convention decorations, 7 p. m.

L'Allegria Study Club will meet with Mrs. Jim Conkright, 2:30 p. m.  
Red Cross Gray Ladies, luncheon at Red Rooster Cafe, 12 noon.  
Hereford Study Club members will go to Canyon for WTSU presentation of musical, Cdrousel.  
North Hereford H. D. Club in home of Mrs. R. E. Barrett, 210 W. Fifth, at 9:30 a. m.  
Mothers Needle Club, all-day quilting in home of Mrs. L. J. Jones.  
Wyche H. D. Club, Mrs. Leroy Bodkin hostess, 2:30 p. m.  
Hereford Duplicate Bridge Club at Community Center, 7:30 p. m.

**FRIDAY**  
Hereford Garden Club at home of Mrs. R. E. Lance Jr., 343 Stadium Drive, 3 p. m.  
Cultural H. D. Club, home of

Mrs. J. D. Love, 417 Star, 2:30 p. m.  
Messenger H. D. Club will sponsor political rally at Walcott School, 7:30 p. m.

**GREEK ROCKETS**  
ATHENS, Greece — Greece will enter the rocket field on May 10, firing nine arkas and centaur type rockets to photograph an eclipse of the sun. The rockets, expected to reach a height of 140 kilometers will be fired either from the island of Karystos or from a ship lying off the island.

### Future Nurses Feted

Community Center this afternoon. Mothers of the students will also be guests.

Pins will be presented in a brief program to girls in the club who have completed requirements.

Patty Roach is president of the Future Nurses, composed of high school girls who plan to make a career of nursing. Mrs. Earl Springer, school nurse, is faculty sponsor.

Mrs. A.T. Mims is the representative from the Medical Auxiliary who works with the student organization. The Auxiliary, of which Mrs. Joe Whitley is

president this year, entertains the Future Nurses each spring.

**SPECIAL DELIVERY**  
IOLA, Kan. — Firemen had a blaze delivered to their doorstep. Eddie Rogers pulled up at the fire station with the back seat of his car in flames. The fire was quickly put out.

**HAPPY BIRTHDAY—**  
ARTESIA, N.M. — Talk about birthday presents. On March 8, Mrs. Isaura O. Gonzales gave birth to a boy. It also was her 25th birthday. On March 5, 1961, she gave birth to a girl. That was her husband's birthday.

### Dear Friends of Deaf Smith County:

The duties of my office keep me from seeing each of you personally as this office has grown from gross paid to the County in 1955 of less than \$9,000.00 to fines and costs paid to the County in 1965 of more than \$46,000.00. So I take this means as a solicitation for your vote. I am running on my past record — no promises. I have tried to be fair, honest, impartial and courteous, and I have tried to enforce the law of this state and the United States as I swore to do when I took office. The experience of the last 10 years makes me qualified, so on May 7, 1966, I hope that you will cast your vote for me as your Justice of the Peace of Deaf Smith County.

YOUR SUPPORT GREATLY APPRECIATED  
THERE IS NO SUBSTITUTE FOR EXPERIENCE

RE-ELECT  
**C. B. (Berry) Miles**

JUSTICE OF THE PEACE  
For Deaf Smith County

**AUTOMATIC FIRE EXTINGUISHER**

Passes the Federal Labeling Law For Home Fire Extinguishers.

Contains Freon 1301, developed by Dupont

No Costly water damage  
Non-conductor of electricity  
Used at a National Level

Guards against fires, even when you're not there!

DR. ROBERTO PEDRAZA ... speaks here today

### El Paso School Prexy Speaks Here Today

President of Lydia Patterson Institute, Dr. Roberto Pedraza of El Paso, will be the speaker at the morning worship hour in the First Methodist Church today and will speak this afternoon at the Wesley Methodist Church.

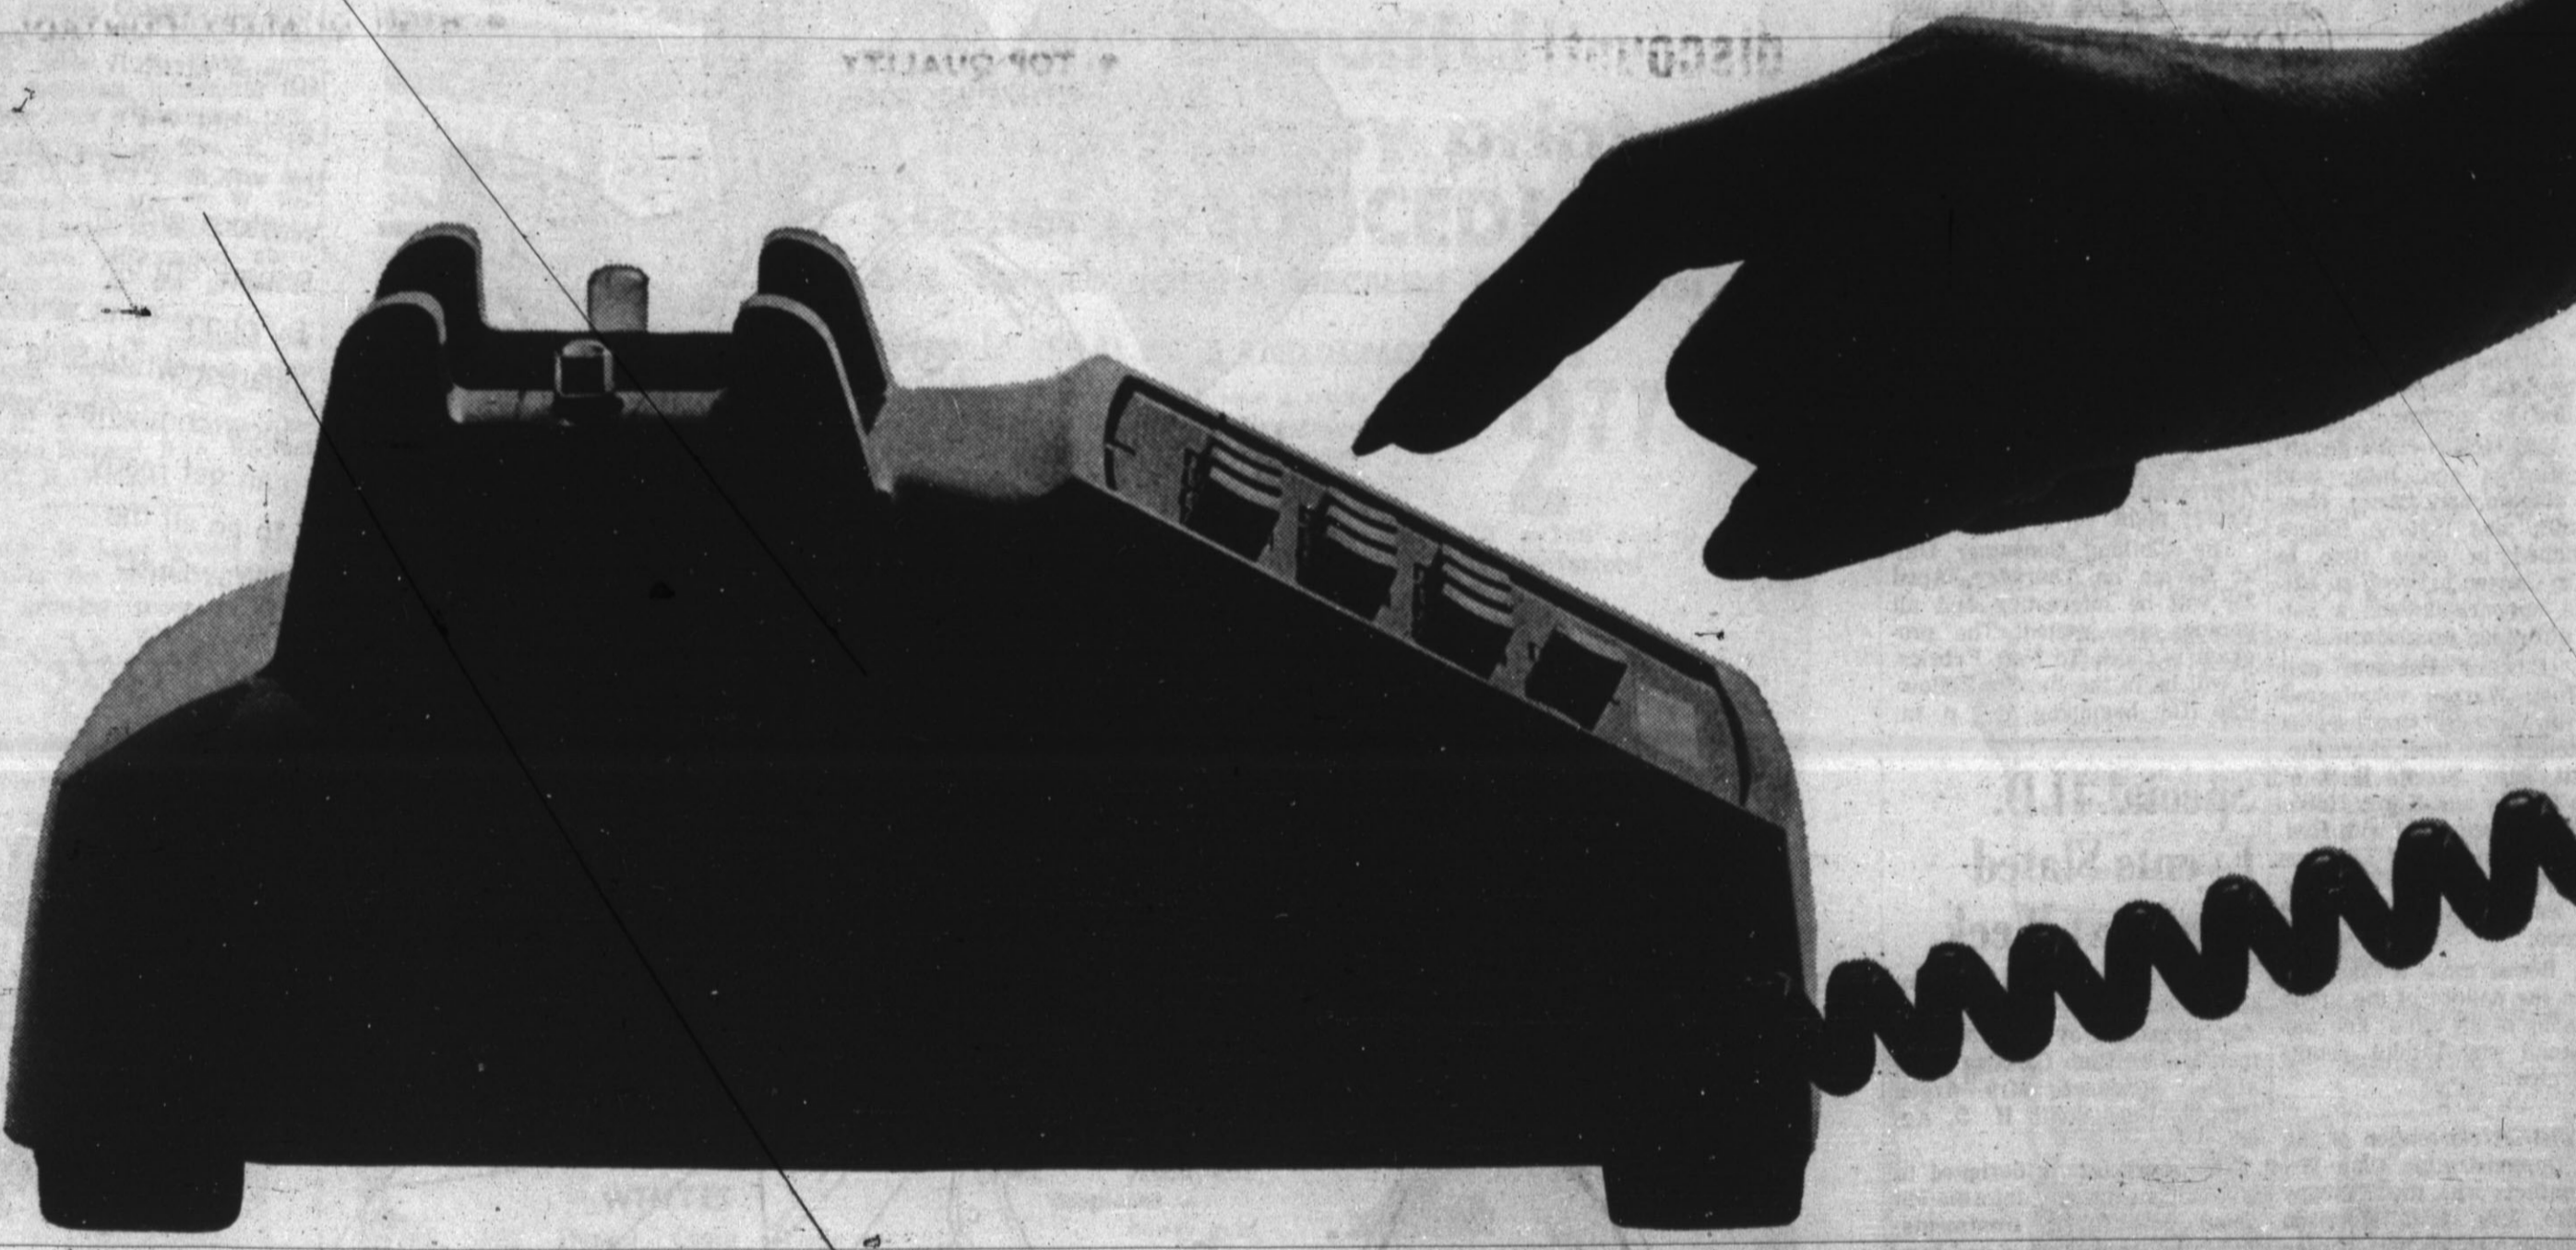

Dr. Pedraza, a colorful and dynamic speaker, earned his B. A. in economics from the University of Texas; his M. A. in social science at the University of Denver; the Th. M. from Illiff Seminary, and a doctorate in education from the University of Denver.

He is now the president of Lydia Patterson Institute, a Latin American Methodist School, serving more than 750 students from the U. S., Mexico, Central and South America. He is one of the founders of the Goodwill Industries in Mexico.

Dr. Pedraza will also speak at Wesley Methodist at 3 p. m., at the First Methodist in Canyon at 3 p. m., and at the San Jacinto Methodist in Amarillo tonight.

COMING MONDAY, MAY 23 — THE FIRST IN TEXAS!

# Get ready, get set for Push-Button Phoning

The remarkable phone of tomorrow — the all-new TOUCH-TONE® telephone — comes to Hereford on Monday, May 23. Hereford is the first city in Texas to be offered this years-ahead telephone.

Your first glimpse of the Touch-Tone phone will surprise you. There's no dial. In its place you'll find ten easy-to-use push buttons.

To make a call, you just tap out the number on the buttons. You'll hear the musical electronic tones which speed your call on its way.

You'll want Touch-Tone telephones for your home and office. They're available in a choice of styles and colors as modern as the phone itself. Pick from desk phones, wall sets or Princess® phones. The cost is only slightly more than for conventional dial telephones.

Be among the first to have Touch-Tone phones. For information, call the telephone business office, EM 4-1000, or ask any telephone service man. Be ready to "touch and talk" on May 23.

You can see and try Touch-Tone phones at the telephone company business office. Stop by and treat yourself to a demonstration of the most modern telephone available.

### Jobs for the Jobless

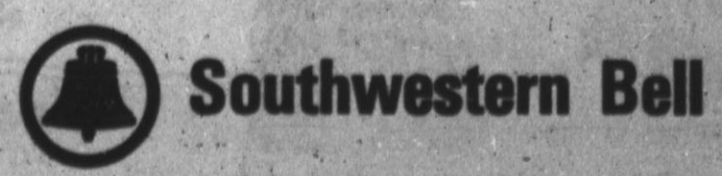

with Rural Electricity

Although fewer than one-third of this nation's population lives in rural areas, more than half the nation's poor lives there.

Consumer-owned rural electric systems such as ours have helped to create new industries across the country which have already resulted in more than 125,000 new jobs for rural people.

Volunteering in the war on poverty, we hope to do more in the months and years to come to help develop this community.

# A SPECIAL OFFER TO HELP US CELEBRATE OUR...

## 20<sup>TH</sup> ANNIVERSARY

★ Time is running out . . . . come in soon and take advantage of our Special Offer on the Aprilaire Humidifier. This offer definitely ends on April 30th . . . . So stop by Walker Refrigeration soon!

**SPECIAL OFF-SEASON OFFER ON DAY & NIGHT WHOLE-HOME AIR CONDITIONING!**

A...Special discount!

**NOW...**

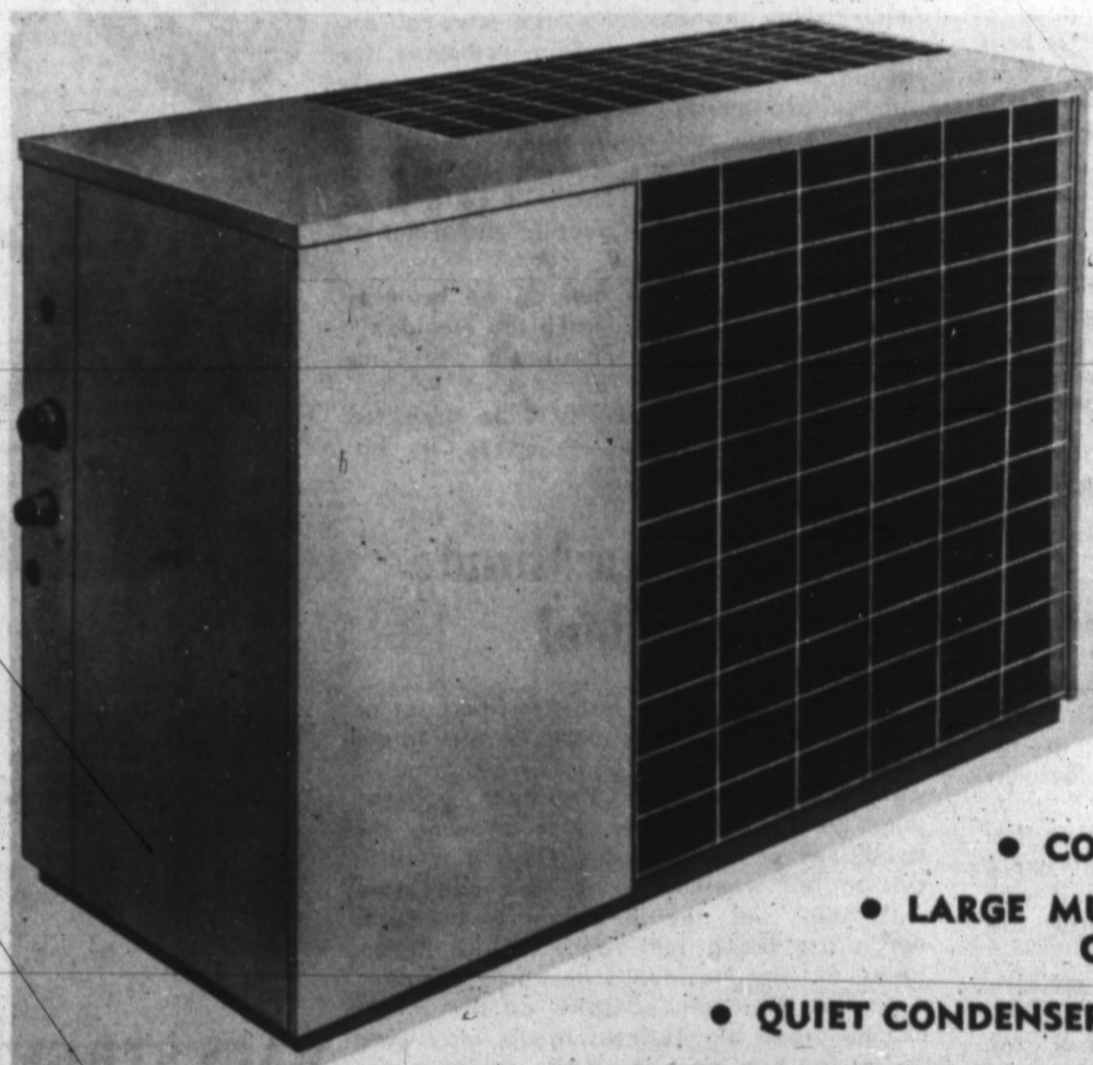

**SAME LOCATION FOR 20 YEARS**

**FREE! FREE! FREE! APRILAIRE HUMIDIFIER!**

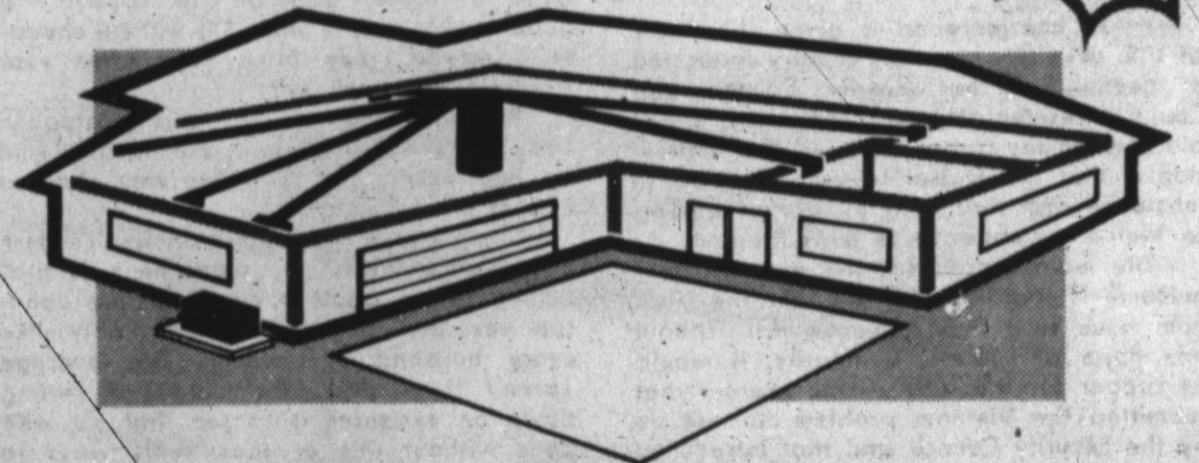

Walker Refrigeration has been serving the home-owners and businessmen in Hereford and the surrounding area for the past twenty years . . . and from the same location where the doors opened for business in 1946. Mr. Walker has enjoyed the relationship and association of his many friends and customers over the years, and now as in the past, he is offering a special anniversary offer to show his appreciation to all who come in and see the large display of heating and cooling equipment. Free souvenirs will be given to all, children who come with parents included, who come by during the month of April. Also during April, each installation or "add-on to a home's present central heating system (any make) the home-owner will receive an Aprilaire Humidifier free of charge.

Dick Walker and Kenneth Gott, co-owners of Walker Refrigeration, are both certified members of the Refrigeration Service Engineers Society.

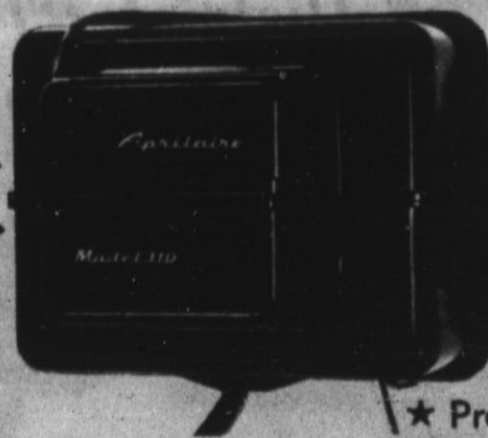

Model 30 DNR-06A shown is typical of the compact design. All are equipped with high quality, fully hermetic compressors.

- COMPACT DESIGN
- LARGE MULTI-ROW CONDENSER COILS
- QUIET CONDENSER AIR FAN

## Time And Politics In Tax Increase Talk

The determination of fiscal policy is not, perhaps unfortunately, an exact science, and you just can't feed all the factors into a computer and get a Yes or No, Now or Tomorrow (or Never) answer. So we understand the picture of the President and his advisers, sitting there watching the economic situation from day to day. But watching also, we would guess, the political situation, too. A decision on taxes — up or down — is by its very nature a decision involving politics all the way. It is an inevitable truth of government, no matter which party may be in power.

This is by no means intended as a criticism of the President's present attitude of watchful waiting. Many economists have reached the conclusion that a tax increase is essential now. Others lean toward the wait-a-while school of thought. But the decision, once made, will be made, and should the timing prove wrong, it could tilt the whole economic apparatus.

Thus timing is of the utmost importance. And timing is a delicate art. Obviously, the conditions on which January predictions — in the state-of-the-Union message and the economic report — were based have changed. Unemployment has dropped more

rapidly than anticipated. Inflation has become a much more serious threat and the behavior of the wholesale price index is not pleasant. On the other hand, a tax measure has been approved by this Congress and although it was limited in nature, involving chiefly a graduated withholding schedule and cancellation of certain excise tax reductions, it is far too soon to predict the effect of that change. It may be enough; it may not be.

But as yet, the evidence is by no means complete and action by Congress now, it seems to us, would be precipitous. In a sense, this situation does play into the administration's hands. For as the days roll on, it seems likely that certain pressures for action will build and build. And not only among economists. Among legislators, too, although they no doubt will ride off in every direction on the type of tax increases that may be needed. This will be a problem, once indecision moves to the point of decision, if it does.

The public debate can do no harm to the nation, and it may make the President's moment of truth more bearable. For since fiscal policy is such an inexact science, every bit of evidence needs to be submitted and considered. —Kansas City Star

## 'Matsui Report' on UNSC

United Nations Security Council debate on the Vietnam war was virtually concluded with the so-called "Matsui Report," presented in the form of a letter from Akira Matsui to U.N. Secretary-General U Thant. Mr. Matsui, Japan's ambassador to the U.N., its outgoing president of the Security Council.

The Matsui report summarily states that the views of Security Council members were divided on the problem of whether it was appropriate for the UNSC to debate the Vietnam problem at this time.

Yet, intense interest and grave concern over the continued war in that part of Asia is mounting. Therefore, Mr. Matsui, as President of the Security Council, strongly requested continued efforts both within the U.N. organization and independently for the peaceful settlement of the Vietnam problem.

When consideration is given the flurry of U.S. activity when that country requested a meeting of the Security Council and Council President Matsui's continued, strenuous behind-the-scenes efforts, the impression is that the Matsui report is lacking in substance and that such an abrupt ending to Vietnam discussions is disheartening.

The main reason for the unsatisfactory outcome is that the U.S. brought the Vietnam issue to the Security Council without any hope of success. Ordinarily, it would be proper for the U.S. — the country that submitted the Vietnam problem for debate by the Security Council and that introduced the resolution — to make the greatest possible effort to work for adoption of its own resolution by seeking a thorough debate of the issue.

At the latest Security Council meeting, however, the United States made no strong request for substantial deliberation. Also, it apparently failed to work enthusiastically for adoption of its own resolution. The fact that the United States assumed the attitude that no effective result could be expected from the U.N. deliberations despite of its having submitted the problem for study seems inconsistent. —Asahi (Japan) Evening News

## Now, Just a Minute, Lyndon!

If Lady Bird really had her heart set on adding on a couple of rooms at their place down in Texas this year, the change in plans announced by President Johnson wins her our sympathy. Not knowing the conditions around Johnson City, it is difficult to tell whether or not this one move will help still the inflationary pressure which are being felt down on the Peder notes. But the President's desire to postpone a capital improvement down on the ranch like he urged big business to do, may wind up costing him more if all the evidence accumulated since World War II has any validity.

There are probably some still waiting to build a house, add on, or construct a building, for a time when "it will be cheaper." Instead, they have year after year watched costs inch up.

President Johnson not only postponed Lady Bird's building plans, but he also said he had asked her to try to buy cheaper cuts of meat.

Citing these examples of his concern about price levels and what he was proposing to do about them, President Johnson revealed himself as remarkably like every husband everywhere. The average (aren't they all?) one's idea of cutting down on expenses is to see that his wife does without this or that, finds ways to serve meals that are just as good but cost less, or postpones a household improvement.

Lady Bird is too nice to say anything in public. But we fervently hope that after the President revealed what "he" was going to do about their personal economics, she shook her finger at him and then began the household dialogue some like this: "All right, Loudmouth, we'll postpone the remodeling and make-do with the old drapes but why don't you cut just a little bit from that \$113 billion budget of yours before you make me cook hamburger for every meal?" —Norfolk (Neb.) Daily News

At the auto service business, we read, auto diagnostic clinics, or trouble-shooting centers, are being established throughout the country with the backing of several of the largest oil and motor companies.

The way they work is this. A motorist who is having any kind of trouble with his car takes it to the clinic where trained personnel using reliable electronic equipment can find out what the trouble is. Then, having paid a reasonable fee for that service, the motorist can take his car to any repairman he pleases to have the trouble corrected.

The advantage of the clinic plan, of course, is that the mechanics who diagnose what is wrong with the car aren't necessarily going to be the ones who will correct it. So they have no financial incentive to prescribe parts or repairs which may not really be needed.

Besides, the clinics concentrating on diagnosis can afford the costly electronic equipment needed to analyze a car's troubles most efficiently and at the lowest cost to the motorist. —Toledo Blade

A friend has decided against moving from his present house into a new one in the better part of town. The reason, he says, is that most people try to keep up with the Joneses, and where he lives now, he's Jones. —Sparta (Wis.) Herald

In switching to a decimal monetary system, the chief consideration should be functional; which means the convenience of the ordinary citizen. —London Observer

## To All 2 T-1 Lions

## Panhandle Paragraphs

It was a dirty April Fool's Day trick, literally! April Fool's Day, Friday, dawned bright and cheerful, promising Denver Citizens another one of those beautiful spring days.

But at around 7 a.m., a cool front blasted into the city from the east-northeast, kicking up sand and dust and cutting visibility, for a brief period, to only about a block.

Winds pounding through the area broke neon sign tubing at Foodway Store, but damage was not reported as extensive.

The sandstorm began to subside shortly before noon and by mid-afternoon, the weather was "back to normal" for a comfortable spring afternoon. —Denver City Press

Trying to get a word in edgewise with some people is like trying to thread a sewing machine with the motor running. —Andrews County News

Blustery, unsettled weather conditions failed to keep visitors away from Lake Meredith over the weekend. An actual count of 20,160 persons was reported by the National Park Service for the two-day period, largest attendance for a 1966 weekend.

According to Park Superintendent M. J. Becker, fishing was "fair" Saturday and "fair to good" Sunday. —Borger News-Herald

We were about to get in the market for a new shaving brush. The one we have now was bought in 1945, while we were in Germany, and despite daily use in the past 21 years it is still in moderately good condition. This is a good brush, however, a genuine badger hair brush that cost quite a bit even then. We have asked in several stores, and haven't found a badger hair shaving brush. In fact, lots of clerks think we are putting them on. They seem to think that a man can shave with any sort of brush, as long as it lathers and holds water, but there is a lot of difference in a shaving brush. We can't stand these instant foamy lathers, and we don't like an electric shaver, what we like is a badger hair shaving brush and we are going to either get a new one or keep using the one we have until it gets right down on the nub. —The Sunday Herald Perryton

While browsing through a book that is being used to teach college writing, the following paragraph drew our attention.

"The size of a person's vocabulary is in proportion to his need for one. Some require many words. An understanding of words is a measure of a person's ideas, of his ability to seek new ideas, and of his ability to communicate these ideas to others." —Hondo Anvil Herald

Accidents are now the fourth largest killer in the country, the American Medical Association reports. Only cancer, heart disease and stroke kill more. Also, accidents comprise the largest single cause of death among children, teen-agers and young adults. Up to age 34, accidents consistently cause more deaths than cancer. About 10 million persons are accidentally disabled each year, and this represents by far the largest single use of hospital facilities. —Denver City Press

Two hoboes slipped into the hayloft of a farmer's barn one night and went to sleep. During the night a terrible storm came up. Upon awakening in the morning, one bum said in surprise, "How come the hay's so wet?" "The roof leaks," the other told him. "Did it rain last night?" asked the first. "Boy it sure did!" declared the second. "And I never did see such lightning and thunder." "Golly, why didn't you wake me?" cried the other. "Don't you know I never can sleep when it thunders!" —Levelland Sun-News

## THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm seems to be trying to defend himself, his letter this week indicates. It's a job we'd never undertake.

Dear editor: From time to time some people around Hereford have implied, implied thunder, have come right out and said that I'm lazy.

"Ole J. A., whoever he is, must be the laziest man in this part of Texas," I heard one man tell another in town one day while he was looking over a copy of The Brand. "You ever heard of anybody as far behind in his work as he seems to be?"

I now wish to state that some people just don't know the difference between an economist and a bum.

According to a front-page article I read in a copy of a newspaper last night, the leading economists of this country have advised President Johnson to ask big business to slow down and even postpone some plant expansion; in order to head off inflation. They have studied the economic index and the cost of living and spiraling prices and decided that too fast expansion at this time would be inflationary, and many industrialists have agreed.

I am pleased to announce that I was years ahead of the economists.

Some people thought the reason I didn't build a new fence around this bindweed farm was that I was too lazy, whereas actually all the time I was fighting inflation.

I didn't have to wait for the economists to tell me that plunging into the job of putting a new roof on my house would be inflationary. In this modern, complex world, a man has got to know when to put the brakes on. You'd think the big industrialists would know this without having to be told.

Declining to jump on my tractor and plow up some un-used ground isn't laziness, it's anti-inflationary. You're not going to catch me sending the inflationary spiral off the top of the chart and bringing economic collapse to the entire nation.

The next time you hear somebody say I'm lazy, ask him to get in touch with President Johnson.

Yours faithfully,  
J. A.

## MAIN STREET, USA

## Congress 'Safety Kick' Seeks Accident Decline

By BERT MILLS

Washington, D. C. — Congress is in an automotive safety kick and is speeding a number of drastic bills toward expedited passage later this year. Every motorist will be affected before long.

President Johnson has called traffic safety our second most serious problem, next to Viet-

nam. He has proposed a comprehensive program to deal with "carnage on our highways." He has urged spending \$775 million over a six-year period, with state and local governments expected to pay a far higher bill.

UNTIL RECENTLY, the White House has lagged behind Congress on auto safety. For several years, agitation has been growing on Capitol Hill to "do

something" to reduce the accident toll. The car makers have become favorite whipping boys, under attack from a number of Senators and Representatives.

Detroit pours millions of dollars into the cause of greater safety every year, but Congressional critics say it is not enough and that much more must be done. The manufacturers are adding new safety equipment to their models each year but still the staggering toll continues.

MOTOR VEHICLE accidents killed 49,000 Americans last year, and the forecast for 1966 is 50,000. Injuries disabled 1.8 million and a similar number suffered non-disabling injuries in 1966. Economic costs of auto accidents have been estimated at \$8.5 billion last year.

5 Committees at Work Various aspects of the highway safety program are receiving active consideration by five Congressional committees. Everybody on Capitol Hill, it seems wants to get into the act. It is difficult to keep track of what is going on and where.

ONE KEY BILL, which originated long before LBJ submitted his package, is already halfway to the statute books. The Senate passed a tire safety and standards measure recently by a rare unanimous vote 79-0.

This was a far-reaching proposal. For the first time, a manufacturer of product would be forced to meet grading standards set by the government. If human lives were not at stake, Congress would hesitate to enact such a stringent law because it is an extreme act to tell a manufacturer how he must make the product he sells to the public.

The Secretary of Commerce would set minimum safety standards for tires — such things as the maximum permissible load for each size. Manufacturers would be required to label their tires with safety information relating to size, load-carrying capacity, and proper inflation pressure.

When enacted, this bill should drive the cheapest tires off the market. Several studies indicate that about 10 percent of all the accidents on turnpikes are due See MAIN STREET Page 7

## TEN YEARS AGO

## District PT-A Meeting Brings 220 To Hereford

A convention of the Eighth District, Texas Congress of Parents and Teachers, was in session with some 220 delegates and visitors in Hereford.

Black Community was announced as first-place winner in the rural neighborhood improvement contest sponsored by Farmer-Stockman Magazine and the Texas Extension Service.

The City Commission ordered an election for May 26 on increasing membership of the City Commission from three to five, and providing for appointment of a Corporation Court judge.

School trustees temporarily shelved a program to expand Hereford High School's football bleachers to conform with 1-AAA Conference requirements, until suggestions for relocating the grid field were investigated.

Combined deposits in the two Hereford banks totaled \$10,185,853, up from the previous Dec. 31 figure of \$9,895,921 but lower than the total for April, 1955, which reached \$11,010,559.

Jimmy Lee Jarman, 14-year-old son of Mr. and Mrs. Joe Jarman, was killed instantly when his bicycle was struck by a car on West Highway 60, as the youth was returning from a drive-in movie about 10:15 p.m.

Plans for Western Week, May 28-June 2, to be climaxed with Pioneer Day and a two-day rodeo, were growing as the Chamber of Commerce Merchants Committee headed by Kenneth Cowan planned for give-aways of merchandise. Booster trips to nearby towns were being arranged.

The drive to expand Deaf Smith County Hospital through addition of a children's wing was speeded with announcement from the Jim Hill Estate trustees that \$50,000 was being made available to the fund provided it was matched by local donations.

The Rev. Lester L. Jones was elected president of the Optimist Club, with Marvin Coffey and Dale Martin as vice-presidents.

**ATTEND LUBBOCK FESTIVAL** — The First Methodist Church Bell Choir, top, and the crusader, bottom, are attending a music festival in Lubbock over the weekend. Bob Wert, music and educational director for the church will direct the choirs during their performances. The choir will sing at the Oakwood Methodist Church and the Agape Methodist Church and then will sing in the American Guild of Organist and Choir Masters Junior Choir Festival today. (Angel Photos)

**ARM CHAIR TRAVELS**

Often there comes a time when one yearns to travel. This is not always possible as a reality, so a good way to accomplish this is through books. If this be escapism then we are for it!

The books may be fiction or non-fiction. Our first named includes one entitled "The Greenstone" by Sylvia Ashton Warner, with a New Zealand background. The story is of a poor family of English descent and also deals with the native Maoris. A peculiar sort of story, made so by the background and people, but with a Cinderella ending.

"The House of Elrig" by Gavin Maxwell is non-fiction and has an isolated setting in Scotland. We also recommend what we consider his better book "The Ring of Bright Water." In the last named he lives on a lonely, lonely coast of Scotland while writing a book, with some others for companions.

**IN THE MYSTERY** class one of our favorite writers of strange lands and people is Arthur W. Upfield. He writes of Australia. The settlers, the natives, the terrain, animals and birds are strange to us, and so are many of the words and expressions of the people.

"The Children of Allah" by Mrs. Agnes Newton Keith, tells of nine years which she and her husband lived in Libya, the Arab State. It is non-fiction, extremely interesting and well written. Libya is fast coming out of the past way of life because of the new oil explorations and development of the country. Mrs. Keith, will be remembered by many for her earlier books, "Three Came Home," "White

**TUESDAY** — Country fried steak, gravy, mashed potatoes, peas and pimientos, hot biscuits, butter, milk, Jello with fruit, icebox cookies.

**WEDNESDAY** — Baked bean-weenies in tomato sauce, seasoned greens, mixed vegetables, cornbread, butter, milk, grapefruit, lazy-daisy cake.

**THURSDAY** — Beef stew with vegetables, cole slaw, sliced bread, butter, milk, raisin pie.

**FRIDAY** — Tuna-noodle casserole, black-eye peas, buttered carrots, rolls, butter, milk, orange juice, applesauce cake.

**ST. ANTHONY'S SCHOOL**

**MONDAY** — Spaghetti with meat sauce, buttered-corn, cabbage-green pepper salad, peanut butter bars, whole-wheat rolls, butter, milk.

**TUESDAY** — Corn dogs, navy beans, seasoned spinach, fruit salad, rolls, butter, milk.

Man Returns" and "Bare Feet in the Palace." These books also tell of other countries in which they lived.

**FITTING WELL** into this class are other books which have been reviewed for you earlier; "The New People," which tells of the Canadian Eskimo; "The Warriors of Manta," which deals with the people of Ecuador; Hank Ketchum's humor-travel book, "I Wanna Go Home," a tour of parts of Europe and Asia. Some other favorites in this last category are Cornelia Otis Skinner's many travel books, all with an humorous slant.

Of magazine-writers on travel, our favorite is Horace Sutton, who writes for the Saturday Review. He travels and writes articles on the spot.

With spring most of us get "itchy feet" so now is a good time to get a book and do some arm-chair travel. Librarians Newman and London will help you locate these and other books under this classification.

—Corinne J. Neely

**Auto Salesman Awarded Trip**

W. E. Miller, a salesman with Dishman Hale Chrysler-Plymouth, Hereford, has been awarded a five-day trip to Las Vegas, April 21-25, by the Chrysler-Plymouth All Star Medallion Salesman's Club.

He is one of the club's 60 contest winners who sold the

most Plymouths, Chryslers and Imperials last year. More than 12,000 salesmen competed in the club's annual contest.

To promote baseball attendance in 1966, the Kansas City Athletics offered fans a book of \$55 worth of scrip for \$50, to be used at any time in exchange for tickets.

Continued from Page 6

to tire failure. Often what happens is that a motorist economizes by buying cut-rate tires and then abuses them by driving at higher speeds and for longer periods than the tires can endure.

**Laws Not the Whole Answer**  
No amount of legislation will end the highway safety problem. Safer cars can be built, required by law if necessary. Safer roads can be built. But laws can do little about drivers. Motorist cause more accidents than either cars or roads. A drunk can kill himself and others while driving the safest car on the safest road. It happens many times a day.

The President's program would do little to improve driving habits, although it calls for more money to be spent on finding the cause of accidents and

refers in passing to increased expenditures for "driver education." This applies to school programs for teaching young people to drive. Records prove that those who are properly taught are safer drivers.

President Johnson told Congress that the highway death toll calls for a "vigorous and effective expression of concern for our millions of car-owning families. For unless we avert this slaughter, one out of every two Americans will one day be killed or seriously injured on our highways."

Those one-out-of-two odds are not very attractive. It behooves drivers to mend their ways if only for selfish reasons.

The Cincinnati Reds, who led the National League in slugging in 1965 with a lofty .439, received the greatest number of bases on balls — 538. The Chicago Cubs were next with 532 walks.

**News About Area Men On Duty**

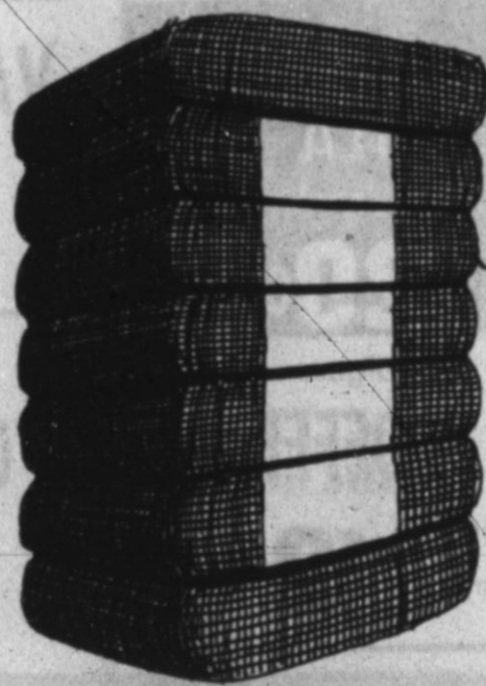

Airman Second Class James R. Faulkner, son of Mr. and Mrs. James E. Faulkner of 706 W. Andrews, Dimmitt, has been awarded the U. S. Air Force Commendation Medal Clark AB, Philippines.

Airman Faulkner received the medal for meritorious service at Clark. He is a member of the Pacific Air Forces which provides offensive-defensive support for the U. S. and its allies in the Pacific, Far East and Southeast Asia.

The airman is a graduate of Dimmitt High School.

# Small Talk

By SUE COLEMAN  
Women's Editor

It's been several weeks since we'd had any report on the progress of Kandy, the dog which found herself a fabulous home with a fourth-grade class at Northwest Elementary School. Late tidings indicate that she's doing quite well, thank you.

**THREE BOYS**, Carl and Jack Kirkland and Jeff Davenport, spent part of their Easter holiday building her a new doghouse. "Started Saturday and finished Monday," says their note. Her pups are growing nicely and will soon be big enough to go to the homes already arranged for them.

Kandy herself will probably spend the summer in the home of Mrs. Johnnie Morris, teacher of the class, the boys say. But they didn't know whether she will be promoted to the fifth grade when school closes.

**AT BUFFETT MEALS** of various sorts, I've noticed just lately that nearly every man who helps himself from a wide choice of food, will pass up the pretty fancy salads which women love, but heap up a helping of green salad. Not too many years ago men nearly all turned up their noses at lettuce and similar "rabbit food." Another point for sociologists to analyze.

**THIS AFTERNOON** the L. Z. Oldhams will be greeting friends at a golden wedding anniversary open house in the Cawthon Bryant home, 312 Star. They hope all their friends in Hereford will come by between 3 and 5 p. m. to help them celebrate the occasion, although they have not sent formal invitations.

### Card Of Thanks

I wish to take this means of expressing appreciation to Drs. Hicks, Mims and Johnson for their care during my stay in the hospital after an accident. Also I wish to thank all nurses and hospital staff members. To each one who prayed for me, called, sent cards or telephoned, my sincere appreciation.  
Mrs. C. E. Williams.

Mrs. Oldham said, then kept thinking of others whom they wanted to see, and adding to the list, and realizing that they were going to overlook some.

So they threw the list away and are issuing the invitation in the old-fashioned West Texas way — everybody come to the party and tell everybody else to come.

**A THOUGHT IN** passing: Our lawmaking bodies are accepting more and more the theory that "It is better for a hundred guilty men to go free than for one innocent man to suffer unjustly" and are passing laws that lean over backward to give the accused person all the odds in criminal procedure.

But how about the hundred persons, or maybe more, who are likely to suffer — unjustly — from the actions of those hundred guilty men who go free?

**WITH LILACS** in full bloom all through the older sections of town, people who are beginning to landscape new homes should study the effect of some of the old lilac hedges before deciding that they want faster-growing or quicker-blooming shrubs. Lilacs are definitely worth waiting for!

### Card Of Thanks

We, the family of Freddie Elmore wish to extend our thanks sympathy and understanding at the loss of our loved one. The kindnesses shown by the beautiful flowers, cards and food which were sent and those who served it.

Also to Bro. Davis, Bro. Davidson and Bro. Fields for their help and prayers in our grief. To the girls who sang so beautifully and the pall bearers and to Marlin and his assistants for the many courtesies extended us. To everyone who helped lighten the burden, we say, "God Bless You."

Mr. and Mrs. Leonard Click

# Advice On Gardening Given From Experience

By SUE COLEMAN  
Women's Editor

Thirty-six years of gardening in the Panhandle have given Mrs. Ralph McCullough definite ideas of what to do, and not do, to make an attractive yard. Grounds of the McCullough home, 139 Texas, supply an endorsement of her ideas.

Planted for continuous bloom, the backyard is dominated just now by the burst of rose-pink blossoms on a Hopi crabapple tree, although the tulip and grape hyacinth borders offer modest lines of color.

LILACS ARE JUST opening peony buds are swelling and iris are putting up bloom stems with promise of a succession of flowers leading to the roses of May.

Backed by a row of Arizona cypress and spaced around a bright green lawn, the flowers offer a beautiful picture from windows of the home, as well as viewed on a stroll about the yard.

Such a picture is the goal of landscape design, Mrs. McCullough says. Asked for advice to owners of new homes who are just beginning work on yards, her first point was, "Organize the various elements into an arrangement which will be pleasing to those who see it and those who live with it."

THAT WORD, organize, is a key one with the energetic Mrs. McCullough, who gardens for her own pleasure and works with civic beautification projects as a club member, now that she has retired as an active business-woman.

To fill any possible spare time she has other hobbies, chiefly painting in oils and on china. One of her interests for

years has been work in First Baptist Church.

A member of Hereford Garden Club since shortly after its organization in 1937, she has served it twice as president and was second vice president of Texas Garden Clubs Inc. for two years in the early 1950's. Now she is chairman of the Memorial Rose Garden, one of the club's two Civic Beautification committees.

A related duty, as co-chairman of Community Improvement Parks is hers in Pioneer Study Club, of which she has also been president. She has been on the district board of Federated Women's Clubs several years, and will act as awards chairman in the Top of Texas District next term.

NEBRASKA IS Mrs. McCullough's home state and she went to Sentinel, Okla. after her marriage, then lived at Lawton before moving to Texas. During seven years of residence in Amarillo she was a Garden Club member and her leadership of a project to improve Thompson Park won that club a prize from Better Homes and Gardens Magazine.

Mrs. McCullough had taught commercial subjects in Oklahoma schools, and began a private business school in her home here while her children were small. During the dust bowl and depression years of the 1930's, when most graduates of Hereford schools like those over the nation found college attendance impossible and jobs difficult to find, she gave training in secretarial and book-keeping skills to scores.

"Many of them were not able to pay even a low fee, so I traded out tuition for whatever

they or their families could supply — butter, baby sitting, house work, crocheted pieces," she laughs.

"WE WERE ALL in the same boat then, short of money but ready to do with what we had. And I have the satisfaction of knowing dozens of persons who found jobs and then went on to better jobs through what they learned in my classes, while I was able to be at home caring for my children."

Her children are Mrs. James Killian of Clovis, who also became a teacher, and Pat McCullough of Dallas, an industrial production engineer for Hughes Tool Co.

To the many Hereford residents who are in new homes with bare yards, Mrs. McCullough offers a warning from her years of experience, "Plan before you plant," with an encouraging note, "If you desire beauty, you will have a beautiful yard. Just work in your garden and be happy."

MOST COMMON MISTAKE in beginning a garden, she says, is overplanting; shrubs and trees which look small now may be overplanting; shrubs and trees which look small now may be five times as large in three or four years.

"Foundation planting serves to tie the house in with the surroundings, not hide it," is her admonition. "Use proper proportioning and use your imagination in creating a beautiful picture. A touch of originality will make your garden far more pleasant than all the expensive plants you might buy."

Balance, color and shape are to be considered, she adds, and planning is to make a small sketch, blocking in the planting

areas. After the general plan is made, details may be filled in. Several plans may be necessary before one is pleasing, but plans are easily changed on paper.

TO SELECT PLANTS, Mrs. McCullough advises considering first which will grow in this area, then whether they are to be placed in sun or shade, whether they require much or little water, the blooming periods, growing habits and color.

"In landscape plans the lawn is perhaps the most important part," she says. "Why not create a beautiful new lawn or maintain a better old one. For the former, soil should be worked into a soft, loamy, granular texture by use of a rotary tiller and addition of humus. After proper soil preparation, level so no low spots are left, then sow evenly with the best quality grass seeds.

Old lawns are usually tramped into tight soil and need aerating, then low areas filled with good soil, being careful not to cover the grass!

SHE RECOMMENDS Kentucky bluegrass, perhaps mixed with clover, as adapted to this climate. It demands much moisture and nitrogen, and makes a green turf through all seasons. The McCullough lawn is beautifully carpeted in this mixture.

Merion, a type of bluegrass, requires less water but is a slow grower. Many like native buffalo grass, though its season is short. Bermuda has a habit of spreading into unwanted areas and has a short season, but is used extensively here; African Bermuda is a preferred type.

Trees she suggests for this area are honey locust, morain locust and other new locusts, American elm, walnut, pecan, maple, willows, fruit trees and the ornamental flowering peach, plum and crab.

GOOD EVERGREENS to choose are blue spruce, Arizona cypress, Austrian pine, juniper and Norway spruce.

Recommended shrubs include smoke tree, sumac, mock orange, barberry, mahonia, Oregon holly, pyracantha, nandina, photinia,

pastime, abelia, spirea, cotoneaster, euonymus, forsythia, althea, crepe myrtle, lilac, snowball, bush honeysuckle, flowering quince, Scotch broom, blue mist, pussy willow and buddleia (butterfly bush).

"Don't neglect the north side of your house," Mrs. McCullough adds, listing as plants which do well on the side protected from hot sun and strong winds, snowball, high bush cranberry, crepe myrtle, honeysuckle, mahonia, hydrangea, snowberry, candy-tuft, lily-of-the-valley, violets, bleeding heart, tuberous begonias, caladiums, coleus, columbines, ranunculus, large-flowering clematis and all kinds of flowering begonias.

CAREFUL SOIL preparation is necessary on the north side, she says, with more humus and oddly enough, plants grown in shade need more water.

Roses grow wherever gardening is practical; bushes should be planted where there is good drainage, where they will receive at least six hours of sunshine a day during the growing season, and where the ground is not filled with roots from a nearby tree or hedge.

Peonies, says Mrs. McCullough, are excellent for the gardener with limited time, as they resent being moved and if left alone will grow more beautiful every year if they are located where they receive plenty of sunshine.

Planting time for them is in late August or early September.

The world's first cities were built about 5,500 years ago in Mesopotamia.

Dr. Milton C. Adams  
OPTOMETRIST

OFFICE HOURS

Mon. - Fri. 8:30-5:00

Saturday 8:30 - 1:00

335 Miles EM 4-2255

INVITING SPOT — Planning for an attractive lawn includes provision for shady areas where conversation may be enjoyed on a warm day, like this in the backyard of the Ralph McCullough home. In full bloom this week, the Hopi crab tree here is a mass of bright pink blossoms, the focal point of the early spring picture which the lawn presents.

PICTURE DETAIL — Colorful accents in a corner of the yard planned by Mrs. Ralph McCullough to present a beautiful picture from windows of her home, are provided just now by flowering jonquils and tulips bordering the bluegrass lawn, and backed by Arizona cypress trees.

## Fuller Family Holds Reunion At Dawn During Easter Weekend

Mr. and Mrs. H. S. Fuller of Dawn were hosts for a family gathering on the Easter weekend at Dawn Community Center, with Mrs. Millie Fuller of Amarillo, seven of her nine children and their families present.

Entertainment Saturday afternoon and evening included volleyball, table tennis, 42, card games, dancing to recorded music and visiting. Bed rolls were spread throughout the building for the night and breakfast cook-

ed for the entire group Sunday morning. Children enjoyed an egg hunt after lunch.

Those present included Mr. and Mrs. Frank Fuller, Machelle and Cindy of San Fernando, Calif.; Mr. and Mrs. A. C. Mara, Mr. and Mrs. A. C. Moore Jr. and Twain of Fort Worth; Mr. and Mrs. Ray Fuller, Sharon and Freddie of Salado; Mr. and Mrs. Bill Mara and Sandra of Floydada;

Also Mr. and Mrs. Leroy Bardwell, Sherlan and Carol of Lub-

bock; Miss Ruby Daniel of Colorado Springs, Mr. and Mrs. Glen Fuller of Hereford, Mr. and Mrs. H. S. Fuller Jr. of Canyon.

From Amarillo were Messrs. and Mrs. M. W. Fuller, R. N. Daniel, Marvin Fuller, Don Fuller, Roy Frisbie, Dan Fuller, Kenneth Fuller and their families, Joe Williams and Miss Marsha Misner.

Jim Pagliaroni's 17 home-runs in 1965 was the best one-season total by a catcher in the long history of the Pittsburgh club. The previous high was 15, hit by Bill Salkeld in 1945.

### HPRF Research Shows Cotton Practice Result

Two year research results from the High Plains Research Foundation show that placing nitrogen and phosphate fertilizers in contact with cotton seed at planting reduced plant stand, but increased plant size.

Felipe Gonzales Anguiano, Jr. and Anita Leal Rodriguez, 4-11

boil size, and lint yield, according to Howard Malstrom, Associate Soil Scientist.

Data from many research centers have long indicated that the greatest need for nutrients is in the plant's first three weeks of growth. The major problem in using a starter fertilizer lies in placing it close enough to the seed in sufficient quantities for early uptake, and yet avoid the "burning" effect which reduces germination.

RESEARCH has pointed to nitrate-nitrogen as being less toxic than ammonium-nitrogen in inhibiting germination. Howard Malstrom reported that two materials were applied in the 1965 test, 100 pounds per acre each of 20-20-0 nitric-phosphate and 18-20-0 ammonium-phosphate, metered in with the seed in order to compare the two nitrogen sources. A month after planting, all plots, including the

check, received 70 pounds per acre of nitrogen from anhydrous ammonia.

Agronomic data such as plant stand, plant height, and boll counts were taken throughout the growing season. Little difference was observed between the nitric-phosphate and ammonium-phosphate, although they both varied significantly from the check in many aspects. Germination was reduced, compared to the check, in the case of both fertilizers, but the fertilized plants were larger all season, carried more bolls, and surpassed the check in yield, although not significantly.

Malstrom stated that this technique shows great promise and will be studied in more detail in 1966 at the Foundation. The effect on other crops, including grain sorghum, soybeans, and castors will be determined. Fertilizers will include the minor

elements, zinc and iron, as well as nitrogen and phosphorus, and will be applied about one inch from the seed in an attempt to overcome reduced germination. Results of this trial can be observed in more detail in Report Number 181, of the 1965 Annual Research Report of the High Plains Research Foundation.

### Filing System Suggested For Clothing Care

Mrs. Jack Fortenberry was hostess to Bippus Home Demonstration Club in her home Wednesday afternoon, when Mrs. Argen Draper, County Agent, discussed fabric identification as a factor in the selection and

care of clothing. Since labels on garments and yard-goods show the generic name of fibers, they should be filed for reference in order to know how to clean the garment, she stressed; name of the fiber with a scrap of the material which is bought for home sewing.

Mrs. Elmo Hall, vice president, was in charge of business in the absence of Mrs. C. F. Burk, who is recovering from injuries after an automobile accident. Mrs. John Hill reported on the latest County H. D. Council session.

Mrs. Nannie Fortenberry and Mrs. Kenneth Cole were guests. Other members present were Mrs. C. F. Homfeld, Inman Larsen and Jimmie D. Bradley. Mrs. Hall will be the next hostess, Apr. 27.

REVEALS EXPANSION PLANS

# Bravo's Dallas Press Meet Introduces Product There

Editor's Note: Bravo Smokes, Inc., conducted a press conference in Dallas Thursday to introduce the product to the Dallas-Fort Worth area. Several Hereford persons attended the session in the Statler-Hilton. Following is a summary of announcements coming from the conference.)

Bravo Smokes, the Panhandle-produced "safer smoking product" were introduced in the Dallas-Fort Worth area today, three months ahead of schedule — thanks to enthusiastic public acceptance and the acumen of business leaders in New York, Hereford and Uvalde, Texas.

On sale in 1,000 retail outlets in the Big D area, Bravos are out to match or beat the sales record attained in Amarillo, where they have captured more than two per cent of the smoking market since November. Puzant C. Torigian, Bravo President and inventor of the smoke made from cured lettuce leaves,

estimated the Texas market for tobacco cigarettes at \$360-million per year.

ORIGINALLY, Bravo's marketing schedule called for introduction in this area in late June. But thanks to ahead of schedule production at the Hereford plant and the high sale volume, funds became available for the earlier introduction in Texas' largest market.

The company turned an operating profit within three months after first production in November last year. "While we still have long-term indebtedness for building our plants and distribution network, our company showed an operating profit of 7,900 last month," he said, after being formed in Hereford with the aid of local investors.

IN ADDITION, other communities have expressed interest in, becoming associated with this new product. In Uvalde, for example, we were recently invited to establish a permanent installation for processing

and curing lettuce leaves from that area, which has longer growing season than we enjoy in the Panhandle.

"The directors of our new firm there Bravo Uvalde Inc., include Pete Knowles, a leading steel distributor, and grower-shipper Curtis Cargill who is also working with Bravo in development of new lettuce varieties growing methods.

The Bravo president also revealed that Hydroponics, Inc. of Indianapolis is building a model hydroponic lettuce processing plant which will eventually be used in overseas areas where Bravo expects to expand.

"THE PLANT is being designed to produce 25,000 pounds of lettuce per day in countries which do not have an extended lettuce growing season. The vegetable will be grown from seed to mature heads in 15-20 days in an electronically controlled, continuous production line type operation," Torigian said. The president of Hydroponics flew

to Dallas for the press conference.

Torigian, a New Yorker, who moved his family to Hereford last year, also said that Bravo presently employs 102 people in its plants at Hereford and Uvalde. A 3,600-square foot addition is being built on the modern 7,800 square foot plant in Hereford, which houses Bravo production equipment purchased from sources in three different nations.

"OUR CHALLENGE is not in selling Bravos," Torigian explained. "It is in orderly expansion of production to meet the demand."

He also announced that research on the comparative cardiovascular effects of smoking nicotine-free lettuce smokes and tobacco cigarettes is underway at Hahnemann Medical College and Hospital here, through a grant from Bravo Smokes, Inc.

THE TESTS include measurements and comparisons of pulse rates, blood pressures, vaso-

constriction effects, coagulating studies, and activity of the adrenal gland.

The Hahnemann study is a continuation of previous research made by another leading Philadelphia hospital on the effects of smoking tobacco cigarettes and smoking product made from processed and cured lettuce leaves. This initial research in this field has been submitted to a leading medical journal for publication.

LOUISIANA will become the second major U. S. marketing area for Bravo Torigian said.

Torigian said a new corporation, Bravo Distributors of Louisiana, will be formed by Harvey Cox of Lafayette, La., to market the new nicotine-free cigarette throughout the state.

Marketing will begin with 240,000 packs of Bravos, a part of the initial order for \$380,000.

THE HEREFORD firm's first international market expansion gets under way with the shipment of 120,000 packs of Bravo's to Tokyo, Osaka, and other principal Japanese cities.

Torigian said the first Japanese order for \$225,000 will result in increasing the size and production capacity of the present Bravo plant in Hereford.

Plans are also in the development stage for the construction of a second plant in Salinas, California area, one of the nation's leading lettuce producing

## Organist Will Present Concert

A Sunday afternoon organ concert by Miss Margaret Heiny of Amarillo, open to the public, will be presented at 4 p. m. Apr. 24 by the Music Study Club. The program, with no admission charge, will be given in the Presbyterian Church.

A reception will follow the concert, with arrangements in charge of the club's hospitality committee. Mrs. Bill Dameron is committee chairman and other members are Mmes. Jesse Stanford, Lowell Sharp, Steve Clements and W. E. Dameron.

Plans for the organist's appearance here were discussed in the business session of the recent Music Study Club meeting

in the home of Mrs. J. R. Allison. Mrs. Stanford was co-hostess.

A program on The Oratorio, with music from famous oratorios, was directed by Mrs. Frances Parker, who said this music form is a dramatic poem without scenery, costumes or action, sung by soloists and chorus with orchestra accompaniment.

Generally with a religious theme, oratorios are usually based on Biblical stories or incidents in the lives of saints, she said. Handel is perhaps the best known composer of oratorios and The Messiah is his most famous work of this type.

From that work, the air titled He Shall Feed His Flock was played by Mrs. B. Y. Crosthwait, organist. From other composers, Mrs. Parker and Mrs. Dale Young, with Mrs. Paul Lyons accompanying, presented How Lovely Are the Messengers from Mendelssohn's oratorio, St. Paul; Mrs. Parker sang Sun of My Soul, a selection from Ten Virgils (Gaul).

For a lighter touch to end the program, Mrs. Allison played an organ medley from the current-popular production, Sound of Music.

### Card Of Thanks

We wish to express our sincere gratitude for all the expressions of sympathy during our time of sorrow.

C. T. Wester and Charles Ray  
Donald Lee, Clough, Frank Mr. and Mrs. H. E. Wester

### DELAYED FIND

TURON, Kan. (P) — Roy Webber was installing a sewer line in 1955 when he lost his billfold. In early 1966, Joe Pennel was cleaning the sewer and found the billfold. Webber's identification cards were still intact so Pennel looked him up and returned the wallet.

### SCOUTS GROW UP

LONDON (P) — The Boy Scouts of Britain are growing up. Instead of the traditional knee-length khaki shorts, some troops in the 11 to 15 age group are wearing long trousers. Senior scouts have been wearing them since 1961.
