

out of Bobbie's Notebook ...

Sunday being Mother's Day, I arranged for the second, third and fifth grades at Rising Star Elementary to write a paper entitled "What Mother's Day Means to Me".

They were all very good and all of us mothers should be quite happy this Sunday.

Debra Haney, second grader, says "I love my mother because she is special. She is good to me and I want to make her happy on this special day. I will wash the dishes and clean the house. We get her a present on this special day."

Jess Hamer, a second grade student, says "I like to surprise my mother because it makes her happy. When I make her happy she smiles."

Mike Cogburn, also a second grader, says "Mother's Day means a very special day. You should always mind your mother. Here are some things that my mother does for me. She kisses me good night, she always cares for me, she loves me and I love her. She will always love me."

Teresa Underwood, a third grader, says "I like Mother's Day because I like to give her presents and go on a picnic. Sometimes we go to the lake. I like Mother's Day."

Shannon Childers, third grader, writes "It means happiness to your mother and presents. Last Mother's Day I got my mother a bicycle. And that was a Mother's Day."

Mike Fraley, another third grader, says "Mother's Day means presents and happiness and fun. It also means to honor thy mother. I always give my mother a gift on Mother's Day."

Mark Wilson, fifth grader, writes "I think Mother's Day is a special day when you ought to make up for what you have done. She gets on to me sometimes, but that don't matter. She does that because she loves me. She is very sweet, as sweet as a rose. She cooks dinner for me. She mows the yard, and works in the yard for hours. She helps me with my lessons. That Mother of mine, I think I will keep her."

Deann Alford, another fifth grader, says "Mother's Day is a very special day. I am very thankful to God for my mother. She does something for me every day every year. I wouldn't take a million dollars for her. I love her very, very much."

Karen Perkins, fifth grade student, writes "Mothers Day to me is a special day. It is when you show appreciation and love. You show that you really care for her and want her to know that you never want her to go away. Best of all is that she's mine. All mine."

I certainly wish we could have gotten all the notes in the paper for you mothers to enjoy, but since we can't for lack of space, let me say each note was appreciated very much and no name must be left out. These students want to wish their mothers a very "Happy Mother's Day". They are: Linda Larkin, Regina White, Thad Chambers, Jonni Hubbard, Rae Jean Jarvis, Terry Dean Walker, Angela Clay, Vickie Stoker, Merlinda Munguia, Billy Nall, and Edward Anderson, all second graders.

Michael Alford, Jo Anne Carpenter, Freddy Harris, Donnet Nall, Bill Owen, Ruth Ellen Jarvis, Connie Jo Harris, Kim Bailey, Melissa Winchester, Richard Watson, Mickie Bush, Charlene Thomas, Tina, David, Gwynn, and Marc Kizer, third grade students.

Fifth graders wanting to wish their mothers' a special day are: J.T. Kelley, Katrina Linney, Laurie Hill, Deana Chapman, Terry Byrd, Kimberly Harris, Jerry Williamson, Janetta Lawrence, Sharon Cannistraci, Sharon McGinnis, Denise Chambers, Vicki Rhea Elliott, Belinda Switzer, John David Lee, and Joe Martin.

Upper Leon Awards Program

More than 800 essays were written by students from eleven schools participating in the Upper Leon Conservation District's 1972 Awards program. The subject was "Conservation - The Key to Survival". Much originality and many references were used by students and instructors in preparing these essays.

References were school libraries, Soil Conservation Service employees, County Agriculture Agents and individual district directors.

A similar program has been sponsored by the district each year for more than 20 years; however, the program this year was one of the most successful from the standpoint of participation. Practically every school entered.

A committee of local citizens from each community selected the two best essays from each school. Cash prizes of \$10 and \$5 was awarded these winners in each school.

An essay by Karen Reynolds of the Carbon School was judged to be the first place winning essay in the district. This essay was awarded an additional \$15 from the directors, and was entered in the Texas Conservation Awards Program where region and state winners will be

determined. The three best essays in region competition will receive trophies and the state winner will receive a trophy and \$200.

Awards are being presented to winners in each school by the local district director.

Names of winners and schools they attend in 1972 are:

Zone 1 - Gene Gilbreath, Director

RISING STAR HIGH SCHOOL BAND ??

Will Rising Star have a band next year?

This is a question many people are hoping can be answered "yes". Sixty six of these are the current members of the Rising Star Band. These students have been told that due to lack of funds, our school will be without a band next year.

But, did this stop our young people? No, it did not! Throughout the school year, these band students have worked at numerous projects to earn money for a trip to Six Flags Over Texas.

You hear so much these days about the problems teenagers are causing. The band members have certainly proved this untrue. They have donated the

money in their band fun, \$800 toward the hiring of a part - time band instructor for next year. This is a wonderful beginning, but these students need the help of the businesses and citizens of Rising Star in order to make this possible.

The Band Booster Club has asked this newspaper to announce that a fund has been started with the band's \$800 and all donations toward this would be greatly appreciated. These donations can be made to Mr. A.D. Jenkins, President of the Band Booster Club.

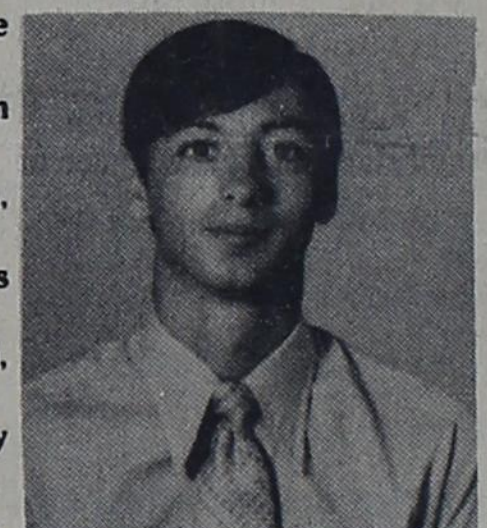

"The town of Rising Star would be losing a great deal if we are without a band," said Mr. Jenkins. "Not only would it be a loss in terms of money invested in band uniforms, band instruments, valued at approximately \$5,000, but also a great loss of talent and effort spent," he also said.

Let's keep our band!! preservation will be demonstrated.

"Creative Conservation" is the theme of this year's Soil Stewardship Week which will be observed in Eastland County as well as across the Nation May 7 - 14.
The week emphasizes man's obligation to God as Stewards of the soil, water and other resources. It is sponsored annually by Soil and Water

on Rush Creek in Comanche County. The District Supervisors distributed Soil Stewardship information packets to 30 churches in Eastland and Comanche Counties. If you would like more information on the observance of this week contact your local Soil Conservation Service.

Conservation Districts throughout the country. With the present - day emphasis and attention given to ecology and protection of the environment, it is especially fitting to reflect on the quality of our lives and the natural resources that sustain us. Conservation is the spirit of all

This might be a good time to discuss food prices. A lot is being said about high food prices, but few explanations are being offered. Consumer demands and tastes have increased drastically in recent years. Higher quality foods are demanded and more convenience items are requested.

Today more than ever before, high priorities are being placed on pleasant home and community surroundings, conservation of natural resources, and a peaceful landscape. Many people are giving fresh thought to improving the quality of the world in which we live.

Non - food items are also getting a larger share of every dollar spent at the supermarket. Recent studies indicate that about 28 cents of each dollar spent at food outlets goes for non - food items. For example more total money is being spent at supermarkets for paper products and foil than for eggs according to Dr. William Vastine, Food Distribution Specialists at Texas A&M.

We urge everyone in Eastland County to become more "conservation - minded" and to join with others in supporting efforts and activities that are aimed at improving our quality of life. A good start would be to become involved in promoting and supporting Soil Stewardship Week.
The Upper Leon Soil and Water Conservation District will begin observance of the special week with a Soil Stewardship breakfast May 8

Granted, food prices have increased, some three percent last year, and are expected to increase four to four and one half percent in 1972. But not all food items have gone up in price. Consider poultry and dairy products and pork. All these have experienced price declines in recent months, according to information from the U.S. Department of Agriculture.
Beef prices have increased to the peak level they were in 1952. On the other hand, can you list

Nutgrass in your peanuts? Time to use Vernam.

You control nutgrass and other tough weeds for sure when you mix Vernam herbicide in the soil before peanut planting. Yes, you stop nutgrass, seeding Johnsongrass, crabgrass, pigweeds, lambsquarters and many others that foul your fields and reduce yields.

Many peanut growers use Vernam plus Treflan* tank-mix when Texas panicum or Colorado-grass and light nutgrass infestations are a problem. But where nutgrass is bad, your sure control is Vernam alone. Vernam controls 27 other grass and broadleaf weeds in addition to giving outstanding control of tough nutgrass. Vernam saves much cultivation and hoeing and so reduces disease and mechanical injury. And biodegradable Vernam avoids soil residue problems for your next crop. For bigger peanut profits, see your authorized Stauffer dealer now for Vernam. HOME HINTS

From
Higginbothams

When we moved into the house I was wishing there was a window above the kitchen sink. Instead there was a pegboard. But it did not take me long to come to really enjoy that pegboard. It is both decorative and useful with trivets, cheeseboard, measuring cups, and electric can opener hanging on it. Without the pegboard the wall above the sink would be wasted space.

Could pegboard be your answer to some wasted space? Instead of thinking about square floor space only think about wall space too! Pegboard can be ordered in a wood grain or burlap finish or the regular "pegboard" can be painted or antiqued easily, so you may find that it fits in beautifully with nearly any room in your home.

Barbara Williams

Just to spark your imagination, Higginbothams suggests these ideas for using pegboard.

Try it near the sewing machine for a complete sewing center that really keeps the loose ends together.

Put it on the back of a closet door for hanging a variety of items. Or how about the inside surface of a kitchen cabinet door, with right fixtures and some shelves, pegboard a pantry for you. Or it could make a useful interesting wall in the kitchen.

"Head 'em off at the peg board!" A pegboard near the back door is a neat and easy way to keep rain wraps and muddy boots in one convenient area. Stop the house trackers before they start.

Pegboard in baby's room? Sure! With shelves to put everything at mom's fingertips. Pegboard in Ann's room? Sure! There too! Teens have lots of memories to display. And of course, you'll want some in Dad's special spot for organizing that unsightly pile of tools.

Here's one you hadn't thought of: use pegboard as a room divider - plant holder that adds a new sparkle to what would otherwise be a blank wall!

From the basement to the attic you'll spot a dozen more places where pegboard can add extra convenience and vitality to your room.

IN THE FISHBOWL
Two of our freshmen boys received honors in Ag. activities last Tuesday. Guy Stewart received a ten dollar check as a first prize for an essay contest on Conservation. Micki Stanley received a first place plaque for land judging. We were proud of them. The awards were given by John Lee, representative of Upper Leon Soil District.

Since we are studying about the human body in Biology, we watched Mr. Gray dissect the heart of a cow; then we compared it to the human heart. We had a short course on baby sitting in Home Ec. with a test that followed. In English we are studying direct and indirect quotations. (S.T., don't look at M.P. like that!) Study halls have been rather smelly lately. Whew!

Guess what? Kenton ate a real 2 1/2 inch fishing worm! (There were witnesses). For this courageous (?) feat, he received \$1.50. (I saw it and it was terrible!)
I guess that about wraps it up. See ya!
Sharon

"TOWARD NEW HORIZONS"

Hi! Ya people! This news will be short because the horizon is coming to an end, and we have only the classes now. F.H.A. has closed the doors for another year. Soon we will elect officers for next year's meetings.

In the classes Hm. Ec. I is studying child development and care; they will begin their review over all they have learned which includes sewing, cooking, bedroom plans, and other important facts. They have a lot to study, but yet they remember well, right, D.W.?! Hm. Ec. II is in the midst of housing projects; they have "fought" another "battle" through Hm. Ec. and have Hm. Ec. III to go before they say "we made it!" In Hm. Ec. III, we are studying home furnishings; it is really going to be fun, picking the kind of things we want for our home. We Senior girls will surely miss all three years of homemaking as well as our fellow classmates and the Juniors - Lissa, Yvonne, and Sharon. Right Avelon, Debbie, and Wanda!?
Sheila

"WITH THE FARMHANDS"

This week Guy Stewart received ten dollars, and Dale Wolf received five dollars as finalists in the Upper Leon Soil Conservation District's Essay Contest; also, Micki Stanley received a plaque for his showing at the recent land judging contest.

The Poultry Team placed about as expected, 45th from 90 teams participating in the State Contest.

The Ag. I boys are welding, learning how to run beads and how to blow up the oxy-acetylene rig at the same time.

The Ag. II boys are also welding, but they already know all about everything, so they are making some jigs for forming letters.

The Ag. III boys are working with wood, building all sorts of incomprehensible pens for animals.

Your reporter,
Stony Smith

"DO - RE - MI"

Six Flags is finally settled after many changes and additions. The fifth, sixth, and seventh grade band members are invited to go with the high school band, which consists of eighth grade through twelfth grade. The total number going stands at thirty, and the date

decided on is Saturday, May 13, 1972. The band funds will not be used to pay individual admission fees into Six Flags. Members will pay their own way. The money in the band fund will go towards the hiring of a part time band instructor for next year. If any of you would like to make a donation toward this, anything would be appreciated.

As for our intelligent band members, Kenton's cast will be off soon and Marion has been home from the hospital for a week, very much better. The concert collected quite a bit of money for us and thanks for coming. The band awarded a tie clasp and tie clasp holder to Mr. Gillum at the concert for his effort to help the band.

Cheerleading tryouts were last Tuesday; the band played as one group went on the court and another group went off. The girls really appreciated it. All for now.

Tootles,
Evonne

"TODAY - NOT TOMORROW"

This is one of the last times I will be writing the news for the Seniors of '72'. The school year is quickly coming to a close.

Looking back on these four years, we Seniors can see many changes that have taken place. There were twenty-six members in our class as Freshmen. We were all very uncertain where to go and what to do. We looked at our schedules for days to see which class came next, and some of us would still forget and go to the wrong class!

We have all changed during these last four years. In the past years, graduation was a far-away dream; now it is a reality.

The seventeen Seniors of '72' want to thank everyone who has helped us to reach graduation. We want to thank all the teachers who counseled, drilled, and helped us to understand not only our lessons but also ourselves. We thank every person who supported us on class projects. We give our special thanks to our sponsors, Mrs. Claborn and Mr. Nunnally. May 19 will soon be here, and then the Sober Seniors of '72' will graduate, so from each Senior - "Thank you!"
Paula

A YEARBOOK NEVER FORGETS

Our annuals are finally here. We hope that everyone was pleased with them. The annual staff surely was. I will have more to say about them next week.

Last Monday night the 1971-72 annual staff had supper together at Star Drive - In. We all had a wonderful time. A few just couldn't quite get it into their heads that it was Dutch treat! We especially thank Clovis and Emily McCary for hosting it for us. The food was exceptionally good. We really appreciate it.

'Til next week,
James

"NOT FINISHED - JUST BEGUN"

Hi!
Just one more week to go! It is hardly believable.

We finally found out who our cheerleaders are - all Juniors - Bobbie Callaway - Head, Sara Butler - Asst. head, Debbie Nunnally - Sec'y., treasurer, and Sharon Clarke - Reporter. Congratulations!

We are getting ready for our finals. Good luck to everyone on those. They are not by any means easy!

Did everyone in Homemaking III get the Home Experience in?

Our class trips were last Friday. I am sure everyone enjoyed that; we always do.

STRONGER BECAUSE UNITED

Hello! Everyone. Things around R.S.H.S. are really moving along. Last week the All-Sports Banquet went off just great. Tryouts are over and our new cheerleaders for the 1972-73 school term are: President - Bobbie Callaway; Vice President - Sara Butler; Secretary - Treasurer - Debbie Nunnally; Reporter - Sharon Clarke.

Last week we had a Sophomore receive a special award. Dale Wolf won second in the Upper Leon Soil Conservation District; he received five dollars.

We have only seven days of school left; two of them are for finals.

Classes are really hectic these days trying to pile all our work in to just a few days of review. We are also trying to finish notebooks and textbooks.

Friday was the day of class trips. It was fun; we went to Cisco and spent the afternoon. Everyone really enjoyed the day.

Annuals are in; the student body is so proud of them; they are very good this year.

Guess that's about all for now.
C - 'ya,
Judi

A tip of the "top Hat" to older Eastland County citizens! This is your month. May is National Senior Citizen's Month which is being observed throughout the nation. If there's someone in your family who's 65 or older, why not be extra nice to them this month? They'll appreciate it...And you'll feel better too!

I wish to thank the people of Precinct No. 3 for the good vote given me for County Commissioner in the May 6th Primary and sincerely solicit your vote in the June 3rd runoff.
Curt Smith

THANK YOU!
I want to thank my friends and supporters for their wonderful help and support in my campaign for District Judge.
Bill B. Hart
Attorney

I would like to take this small way to thank each and every one who came out and voted for me Saturday, May 6 election for Constable of Precinct 3. As you probably know by now, there will be a runoff between me, Arley Bibby, and Mr. Kornegay. I would appreciate very much for you to come back to the polls and vote for me in this run off election. As you all know, you have to believe in any product to sell it. I believe I can make you a good Constable for Precinct 3. If you think I can, be sure you vote for me in this run off election. I would like to clear up one thing that has been asked among yourselves and to me, if my health would permit me to do the job if I was elected. I made sure by my doctor before I put my name on this ballot, that I was physically able to do the job. I think the job of constable is a necessary and important one, but not one I would ask you voters of Precinct 3 for if my health would not permit me to this job. I would like to thank each and every one who voted for me and helped me in any way. I would like to thank Mr. Teague and Mr. Kornegay for a good, clean campaign. I would like very much to be come back and vote for me in this runoff election on June 3, 1972. Thanking you in advance,
Arley Bibby.
