

Hanging behind the soda fountain, or coffee bar, at a Cisco Pharmacy is a clock that runs backwards.

Instead of going from left to right as a law-abiding clock should do, the hour numerals go from right to left and the hands—even the sweep hand—follow them.

Perhaps it is a gesture in recapturing all those hours we lost getting up during daylight saving. But it does afford a vague sort of snook, as if one were told how really unstable and reversible are the so-called inviolable laws which govern our existence.

Time and gravity are the two supreme catalytic realities which, unchanging, control the changing conditions and patterns of our material universe.

Seeing a clock trying to run time backwards suggests a feeling such as one might have if gravity, all of a sudden, should turn loose and folks and things go floating upwards.

Doggone that clock!

One thing which has become about as unchanging as the laws of the ancient Medes and Persians were said to be is inflation.

But in some part at least inflation is due to a more healthful condition. When you consider the expanded standard of living that now pertains as compared with what the dollar had to buy in the days when it was worth one hundred cents, you can appreciate why wages and income must be stretched to cover more costs.

At the turn of the century there were no automobiles, no airplane travel, no radios or televisions, very little electricity, or central heating, no air conditioning and only the very wealthy had luxurious homes with carpets and all the other amenities of gracious living so commonly shared nowadays.

The needs of most people were simple and most could be supplied at home.

Today however, a mans wages must cover car payments and operation, color television sets, more and better clothing, home appliances of great variety and comfort, as well as the mortgage payments on a home that a century ago would have been luxury undreamed of.

And the prices he pays for the goods and services he uses must be large enough to cover the costs of these things to the people with whom he deals.

But even so, without excessive spending of non-productive government funds exacted of the people and funded in the prices they pay, this normal inflation would be healthful, related to improved living conditions, and not an oppressive burden upon the economy.

Mr. and Mrs. A. O. Winter of Austin were guests of Mr. and Mrs. O. R. Shults, Stanford and Lowery Horton, the first of the week.

CYNTHIA HOUNSEL

SCOTT MILLER

Rising Star Girl, Morton Valley Youth, 4-H Gold Star Winners

Cynthia Hounsel of Rising Star and Scott Miller of Morton Valley were named the Gold Star girl and boy Saturday night, Oct. 24 at the county annual awards banquet in the Cisco Gymnasium.

Cynthia, the daughter of Mr. and Mrs. L. C. Hounsel of Rising Star, is an eight year member of 4-H. One of her more recent accomplishments was being named one of 12 twelve finalists in the State Dress Review.

Scott Miller is a seven-year member of 4-H and has been active in livestock projects. He has had swine, sheep, beef, and horse projects along with many others.

Mr. and Mrs. J. D. Hutton of Cross Plains have announced the birth of their child, a daughter, born Oct. 15.

Mr. and Mrs. George Webb of Beverly Hills, Calif., visited their son, Bob Cohen, who makes his home with Mrs. Cohen's parents, Mr. and Mrs. George Webb.

Larry Cohens Visit Son At Geo. Webb Home

Mr. and Mrs. George Webb entertained about 50 friends of their grandson, Bob Cohen, on Thursday evening honoring his 14 birthday.

BIRTHDAY PARTY

Mr. and Mrs. George Webb entertained about 50 friends of their grandson, Bob Cohen, on Thursday evening honoring his 14 birthday.

Assisting in entertainment were Mrs. Jerry Winfrey, Mr. and Mrs. Jack, and Mr. and Mrs. Carl Smith.

Funeral services for John Calvin Hodnett, 73, were held in Higginbotham Chapel at 2:30 p.m., Monday, Nov. 2, with the Rev. Vic Allen officiating.

John Hodnett Buried at Blake In Monday Rites

Mr. Hodnett died in Brownwood Community Hospital at 5 a.m., Nov. 1, following a short illness.

Survivors include his wife of twilight Acres Nursing Home in Rising Star; one brother, J. T. Hodnett Jr., and four sisters.

FIRST CHILD

Mr. and Mrs. J. D. Hutton of Cross Plains have announced the birth of their child, a daughter, born Oct. 15.

Charges To Be Filed In Rising Star Burglaries

A 20-year old man, identified as an ex-convict, of Bangs, in Brown county, was being held in Mills County jail at Goldthwaite this week.

TO ARGENTINA

Mrs. Ronnie Alford and children will make their home here with her parents Mr. and Mrs. Pete Stark before joining her husband in Oran, Argentina.

Mr. and Mrs. F. B. Joyce and Mr. and Mrs. John W. Joyce of Fort Worth visited Mr. and Mrs. Frank Alford at Ingleside last week.

Rising Star Voters Heavily Favor 1 Percent City Sales Tax

Voters of Rising Star city overwhelmingly approved a municipal sales tax of one per cent in an election held Tuesday coincident with the general election.

The vote was 234 for and 85 against. The balloting was done at the city hall where F. J. Maynard was judge.

The result means that beginning with the next quarter on January 1, 1971, all taxable sales in Rising Star will bear an additional one per cent levy to be collected by the State of Texas and the proceeds remitted quarterly to the city by the state treasurer.

It has been estimated that the yield will approximate the revenue from present ad valorem taxes and give effective relief to the city budget, which has been sorely oppressed by inflationary conditions.

The city, in calling the election, indicated that the first proceeds from the tax would be applied to the modernization of the city's fire-fighting equipment.

In the general election in the Rising Star box Tuesday—an election in which there was only one locally contested race—the voters of Precinct 3 in Eastland county gave heavy majorities to all democratic candidates on the ballot.

In the single contested race—the only contest in the county, as a matter of fact—democratic nominee B. A. Butler, local newspaperman, defeated his republican challenger James Frizzell, for justice of the peace, Precinct 3, by 366 to 149.

For governor — Smith, 395; Eggers, 132; For U. S. Senator — Bentzen, 382; Bush, 140; For Lt. Gov. — Barnes 399; Fullerton, 121; For Atty. Gen. — Martin 416; Yturri, 81; Continued on page TWO

Buck Collins Doing Well After Surgery

County Commissioner L. J. (Buck) Collins was at his home in Rising Star this week following surgery at Scott and White Hospital in Temple Wednesday of last week.

Money Management Seminar Set For Two Evenings At Rising Star

A seminar on Money Management will be held at Rising Star on Monday November 9 and Monday November 16, at the American Legion Hall it was announced this week by DeMarquis Gordon, county agent, at Eastland.

The discussion will point ways in which investments may be made and estates developed with distinct tax advantages for self-employed and others.

Mr. Galbraith is an officer of Schneider, Bernet & Hickman, Inc., member of both the New York and American stock exchanges, and is himself an allied member of those exchanges. He is a native of Abilene.

Deer Hunting With Bow And Arrow Most Sportsmanlike Says Ciscoan

Richard Clemmer, who presides over the meat department of the Cisco JRB Supermarket, can understand why the Indians usually went hungry in the winter months.

He made 5 trips and spent long hours in a tree stand in the Nimrod area before he was able to bag a buck whitetail with a bow and arrow.

In the 12 years that he has been hunting with the primitive type equipment the Indians used before the white man brought them guns, he has gotten very few bucks.

ARCHER'S BAG—Richard Clemmer of Cisco poses with six-point buck he shot in Robin Hood fashion with bow and arrow near Nimrod last week.

Cats Swamp Blanket 38-0 In District Clash

The Rising Star Wildcats, in their second conference game defeated the Blanket Tigers at Blanket last Friday night by an impressive 38-0 score.

The Cats kicked off to Blanket and the Tigers drove for three successive first downs before the Cat defense tightened and took possession on downs.

Money Management Seminar Set For Two Evenings At Rising Star

A seminar on Money Management will be held at Rising Star on Monday November 9 and Monday November 16, at the American Legion Hall it was announced this week by DeMarquis Gordon, county agent, at Eastland.

The discussion will point ways in which investments may be made and estates developed with distinct tax advantages for self-employed and others.

Finally the deer moved from behind the females and Clemmer prepared to shoot his steel-tipped 34-inch arrow. The stirring sent the buck into a sort of lunge but Clemmer's bolt found him, lung and heart, and he dropped five feet from where the arrow struck him.

On previous trips to the blind Clemmer found plenty of does, who approached well within arrow range. But never a buck. "But I knew that sooner or later a buck would appear with the females," he said, Saturday the conditions were right, the slight wind blowing away and the light just at the right intensity.

The best time for deer hunting of the sort is early in the morning or at dusk. Clemmer went to his blind, in which he can face either east or west, at 4:30 a.m. Saturday and got his buck about 6:30. Previously, and sometimes in the rain, he had spent upwards of eight hours in the perch.

There are very few archery hunters in the area. So far as is known, the bag Saturday morning was the first in the Cisco section this season. The open season for archery hunting of deer begins October 1 and closes before the gun season begins on November 1.

"It wouldn't do for an archer to go hunting deer in his camouflaged suit during the gun season," said Clemmer. "Indians might be able to arrow kill a deer by creeping up on them, but it takes a hiding suit and a lot of sitting for a white man."

Money Management Seminar Set For Two Evenings At Rising Star

A seminar on Money Management will be held at Rising Star on Monday November 9 and Monday November 16, at the American Legion Hall it was announced this week by DeMarquis Gordon, county agent, at Eastland.

The discussion will point ways in which investments may be made and estates developed with distinct tax advantages for self-employed and others.

Clemmer got his deer, a six-point buck that field dressed around 175 pounds, early Saturday morning on a ranch about six miles south of Nimrod. The sun was just peeping over the horizon when the magnificent animal approached within 50 yards of the tree blind where Clemmer sat in his camouflaged "jungle suit." The buck was accompanied by two does and for a while the does stood between the hunter and the hunted.

Finally the deer moved from behind the females and Clemmer prepared to shoot his steel-tipped 34-inch arrow. The stirring sent the buck into a sort of lunge but Clemmer's bolt found him, lung and heart, and he dropped five feet from where the arrow struck him.

On previous trips to the blind Clemmer found plenty of does, who approached well within arrow range. But never a buck. "But I knew that sooner or later a buck would appear with the females," he said, Saturday the conditions were right, the slight wind blowing away and the light just at the right intensity.

The best time for deer hunting of the sort is early in the morning or at dusk. Clemmer went to his blind, in which he can face either east or west, at 4:30 a.m. Saturday and got his buck about 6:30. Previously, and sometimes in the rain, he had spent upwards of eight hours in the perch.

There are very few archery hunters in the area. So far as is known, the bag Saturday morning was the first in the Cisco section this season. The open season for archery hunting of deer begins October 1 and closes before the gun season begins on November 1.

Money Management Seminar Set For Two Evenings At Rising Star

A seminar on Money Management will be held at Rising Star on Monday November 9 and Monday November 16, at the American Legion Hall it was announced this week by DeMarquis Gordon, county agent, at Eastland.

The discussion will point ways in which investments may be made and estates developed with distinct tax advantages for self-employed and others.

Cats Meet Santa Anna Here Friday

The Rising Star Wildcats, fresh from an impressive victory over Blanket last week at Blanket will entertain the Santa Anna Mountaineers here Friday night in guest of further victory in the race for district title honors. The Cats are handicapped in the standings by a loss to Richland Springs two weeks ago and the Santa Anna team is regarded as one of the strong ones in the district.

The Mountaineers defeated Eden last week by a heavy score and the Cats figure to have their hands full Friday night. The game will be called at 7:30. After the Santa Anna game one more contest remains on the Rising Star schedule. They will play Eden here the following week to complete their series of regularly scheduled games.

North Star Club Achievement Day Winners Told

The North Star Club held their annual Achievement Day on October 16 and 17.

A large flower tree served as a centerpiece. Crafts were exhibited including ceramics, several kinds of decorative pillows, crocheted and knitted garments, handmade flowers, etc.

A large display of canned foods, fresh fruits and vegetables, peanuts, melons and pecans.

Mrs. G. C. Groce won the quilt, A. P. Smith the pillow and Mrs. Yondene Willett the Teddy Bear. A bake sale was held on Saturday, 17.

All proceeds from these sales will be used for worthy causes. The club is now working on laprobes for the residents of Twilight Acres Nursing Home.

Also aprons and Tote Bags for the Abilene State School.

Our thanks go to each person who helped in any way to make our day a success. Mrs. Jess O. Perry.

Kittens Defeat Gorman Juniors By 24-0 Score

The game between Rising Star Kittens and Gorman started out in the first quarter to be a defensive battle last Tuesday, but the tide turned when Wesley Killion ran twenty five yards for a Rising Star touchdown, the first of three which the Kittens scored in a 24-0 victory.

Later on in the first quarter with about two minutes left, Teca Manguiua ran forty yards for another Rising Star touchdown. The second quarter was more of a defensive battle. Then with two minutes gone in the second quarter, J. B. Jarvis on a three yard plunge scored another touchdown for Rising Star. All of the extra points were successful and the score at half time was 24-0 with Rising Star on top.

The second half was a defensive battle and nobody scored, making the final score 24-0.

Food Distribution Dates Are Announced

The following dates for the distribution of USDA surplus foods to eligible persons in Eastland county during November were announced as follows by Leo Clinton, administrator of the program in the county:

Monday, Nov. 9—Eastland, Olden and Ranger; Tuesday, Nov. 10—Rising Star, Pioneer, Gorman, Carbon, Okra and Deadendona; Wednesday, Nov. 11—Cisco, Scranton and Nimrod. The distribution takes place at the food center, 301 S. Mulberry St., in Eastland.

NOTICE—Bring your meat animals. We proceed for lockers and freezers. Meat for sale by quarter or half. Good sausage. Cisco Locker Plant.

 All advertising orders are accepted on this basis only.

**Post Office Suggests Dates For  
 Sending Christmas Mailings**

Postmaster Cliffogene Witt urged residents of Rising Star "to try to remember" that recommended mailing dates for civilian domestic Christmas mails start the first of December.

The national Christmas "mail early" theme this year, she explained, is based on the familiar musical tune "Try to Remember"—and is featured

in public service radio and TV announcements. "The idea," she said, "is to have our customers remember recommended mailing dates. This will insure fast and efficient delivery of parcels and cards and prevent disappointments for friends and family members. Of course, it will also be a big help to your post office."

She suggested latest dates by which Christmas mail

should be deposited are as follows, but the postmaster urged customers to mail earlier wherever possible.

Domestic Mails (Except Alaska and Hawaii):

a. Distant States—Parcels, December 1; greeting cards, Dec. 10;

b. Local and nearby areas—Parcels, December 11; greeting cards, December 15;

Alaska and Hawaii:

a. Surface mail—Parcels, Nov. 10; greeting cards, Dec. 4;

b. Airmail—Parcels, Nov. 30; greeting cards, December 14.

In addition, Postmaster Witt noted several key dates applying for civilian international mail as follows:

To Canada and Mexico—Surface Parcels, Dec. 4; Greeting Cards, Dec. 9; and Air Parcels, Dec. 16.

To South and Central America—Surface Parcels, Nov. 13; Greeting Cards, Nov. 18; and Air Parcels, Dec. 14.

These same dates apply for the various types of mail for Europe.

Dates for international mails to other parts of the world are usually posted in post office lobbies, but, in case of questions, consult the local post office.

Earlier, Postmaster Witt announced deadlines required on military mail going overseas, as follows—Nov. 6 for surface parcels, Nov. 20 for "SAM" (space available parcels), and Nov. 27 for "PAL" (parcel airlift service).

Further details on these basic parcel services for the military, as well as dates applying for other mailings to servicemen are also available at the post office.

**CARD OF THANKS**

Our sincere thanks to the many dear friends who stood by in the illness and death of Chester, our beloved husband and father. Your prayers, cards, letters, telephone calls, flowers and lovely food. Thanks to each of you. We are so grateful to Dr. Carpenter for his faithful service, he was always here when we needed him. May the Lord bless and keep all of you.

Sula and Earl Robert Harris

**STRAYED**—from the H. E. (Red) Murdock home. A small tan dog with white chest and feet, small top on tail. Answers to the name of TSP. If located please notify H. E. Murdock, 643-2894 Rising Star, REWARD.

**CARD OF THANKS**

It is my sincere gratitude that extended to my friends and relatives for their kindness to me while I was a patient in Eastland Memorial Hospital. Your loving kindness to me in sending flowers, cards, letters, gifts and your prayers has meant everything to me. May God bless in a special way each of you.

Mrs. R. C. Long

**Flower Talk**

BY  
**LUCILLE HUDDLESTON**  
**CATNIP—**  
**A FLOWER?**

The catnip plant has a beautiful cluster of flowers that are whitish and tinged in delicate pink. It was given the name catnip because cats like to roll and play in the leaves. They will eat them, too.

Catnip was once used to make a valuable home tonic and a remedy for babies' colic. It has also been used as a seasoning for food.

It has become a common roadside weed in North America and Europe.

Some of the old stand-bys are still the favorites. For instance, there is nothing that says more to the mother of a new baby than a dozen red roses. Dad, send them to mother. Just call.

## COMMUNICATION, UNITY, AND UNDERSTANDING

Today as I look out upon our country and states, I see many problems arising that have never appeared before; hippies, drugs, and addicts are increasing rapidly. The majority of these problems tend to involve teenagers; yet if one would stop to think, he would realize that adults with keen minds had to discover and create some of the most powerful drugs. Most of these addicts were once happy, contented people; but as teenagers they realize that there was something missing in the home-understanding. If parents discover that their children do something wrong, they immediately correct them, and then forget the incident.

These teenagers should be corrected; but if their parents would try to understand, the problem would not seem so wrong.

With all these problems arising, we should see that problems are created when there is progress. Today's world is progressing rapidly and communication is becoming easier. Communication should start in the home, yet does it? When communication is left out at home, members of the family try to find it outside with others. All too often young people try communicating with the wrong kind and this ends tragically. This is the way in the schools of today; teachers are becoming not only intellectually involved but also emotionally involved; thus, this new way of communication helps to strengthen parents and children ties. Teachers, students, and parents are uniting to fight the evils of society-trying to keep our American nation of communication, unity, and understanding.

VICKIE STEWART

## THERE'S ROOM AT THE TOP

We seniors are very pleased with the outcome of our Hallowe'en carnival. We hope that everyone had as much fun as we did.

In English IV we are studying Charles Dickens, an English author. Chemistry is becoming more difficult since we have started studying chemical equations and how to balance them. In Bookkeeping we are learning how to plan work sheets. In Algebra II we are learning about polynomials.

We seniors are still selling light bulbs. We are planning on many other projects which will help make money toward our senior trip.

V.S. and H.H.; you are the best spooks ever. V. B. and J. B. can you tell us what will be in our future? Until next week.

PAT

## WILLING TO LEARN

Hi! I hope everyone had a very exciting Hallowe'en; but now that it is over, we can begin thinking about Thanksgiving.

In the Algebra II class we are studying "Polynomials and factoring"; while in Typing, we are learning to center lines horizontally and vertically; very complicated at first but gets easier as we move along. In English III we are studying the unit "The American Short Story." In the American History class we began a new chapter, "The Testing of National Unity."

We are expecting our candy "Polliwogs" any day now so be ready as no one can refuse a Polliwog!

The Juniors are going to have a luscious cake to sell at our last home game; think of a home made cake for 25c. We will have the concession stand for the first half which means our time to furnish the cup cakes and sandwiches.

Be with us on Nov. 6—Wildcat Stadium.

MARY JANE

## NOT FINISHED—JUST BEGUN

The second six weeks is almost over. It hardly seems possible that we will be taking tests next week. Time has really been flying by—here at R.S.H.S.

In English II we have completed the study of "Julius Caesar" and starting a new unit in our books. In World History we are studying the Dark Ages. In Homemaking II we are still sewing. I want to remind all you sophomore girls to be working on your Home Experience. We have to have forty-five hours of work done by the end of this semester.

I am going to brag a little bit on the work the sophomore girls did in selling Tupperware for F.H.A. The award for selling the most Tupperware went to our class!

That is about all that has been happening lately. Remember to study hard on those tests!

See you next week

DEBBIE

## IN THE FISH BOWL

Hi! I am back again with all the exciting news from the Freshman class.

In Home Ec. I we are doing an experiment with white mice. The mice will be on certain diets. Two will be on good diets, two on poor diets, and one on a smack diet. We will be running this experiment for five weeks. We get to take care of the mice and have named them some very weird names.

In Algebra I we are studying sign numbers. In Related Math the Fish are studying geometry. In English I we will be reading stories and plays.

Till next week

MARY LEE

## LIBRARY NEWS

Our library is improving! Under the guidance of Mrs. Rawson, the county librarian, over one hundred and fifty old books have been rebound, re-catalogued, and the names engraved on the new outside covers. We greatly appreciate Mrs. Rawson's deep concern for making our library one of the best.

Our book classifying center has already this year placed upon the shelves over \$500.00 worth of new books. The students at R.S.H.S. have shown a great interest in these books; since their circulation very few have not been checked out over one night.

To the history students, Mrs. Nunnally has received many very informative history collections including the Golden Books series and the Life series. These are presently in the library waiting use.

Remember R.S.H.S., book reports will be needed and we have many good books from which you may choose.

Till next time,

DONALD MARTIN

## TOWARD NEW HORIZONS

Hi! ya people! There will not be much news from that far out horizon. Our Tupperware party turned out fairly well. Plans are coming along for writing letters to boys overseas.

A reminder — F.H.A. girls start making or gathering old toys to be repaired to make Christmas gifts for orphans and crippled children. If any of you people out there reading this news want to help us make rag dolls or collect old toys for the needy, please contact Pres. Judy Benson or any one of the F.H.A. members. Your helping us would be appreciated.

All the Hm. Lc. classes are coming along just fine — no complaints so far. Every one is busy doing what she can.

SHEILA

## L.C.'s GOALFLINGERS

Hi, sports fans! There is not much news this week, but I'll try.

We are in great demand. Cisco called last week and asked us for a game. Santa Anna called two weeks ago, and we played them this week. It is nice to feel popular! I hope they do not want us because they think they can beat us. If that is what they think, they are learning differently.

Due to a lot more practice, those balls are going through the net. SWISH!!! Our guards are doing a fine job of blocking their opponents out, too. Everyone is doing much better playing.

Until next week,

BILLIE JEAN

P.S. Who is wearing blue bloomers out on the court? Know anything about it, Hufee???

## FRANK'S WILDCATS

Friday night the Wildcats will be playing Santa Anna. The game will be played at Wildcat Stadium at 7:30. This is the Cat's third district game and leaves one more regularly scheduled game in their season.

The last game will be played at Eden, November 10, at 7:30.

Come on Cats; Let's go!!!!

DAVID MIDDLETON

# Orloffs Combine Two Specialities In Jewelry Service To Customers

CRYSTAL — Mr. Orloff points to a display of the lovely crystal ware in the Orloff store.

BROWNWOOD JEWELERS — Bernice and Bernard Orloff stand before a display of the fine china which they offer in the Brownwood store they have operated since 1948.

## MONTGOMERY WARD

Brownwood, Texas

301 MAIN

646-6505

often delicate and time consuming, but it is very satisfying both from the customer's point of view, since the result is a unique and personal design, and from the view of the jeweler who thus helps to create something distinctive and artistic.

Between these two areas of emphasis, the Orloffs maintain a wide range of services in the jewelry and gift fields.

Their large, well-stocked store at 410 Center Avenue displays large and exciting selections of tableware of all kinds, crystal, silver plate personal jewelry such as watches, rings, pins and many other items.

In watches the store features the Bulova among a wide choice of brands. Mr. Orloff points to the many superb details of the Bulova line, and particularly to the great advance in watchmaking represented by the Bulova Accutron which operates on the "tuning fork" principle of sound vibration—a great technical improvement which dispenses with a mainspring, balance wheel and other conventional details of watch design.

In dinnerware the store takes pride in its Lennox china, an American made fine ceramic ware used in the White House and in American embassies abroad. Its quality, they point out, is well demonstrated in this fact.

Bernice and Bernard Orloff combine two specialities very happily in the ownership and the operation of the jewelry business which they established in Brownwood in 1948.

Mrs. Orloff, a native of Iowa, devotes her time and talent primarily to the selection, buying and merchandising of fine china and pottery. She has made quite a study in coordinating gift patterns for brides and this feature of the service offered by Orloff Jewelers is one of the chief reasons for the popularity of the Brownwood store.

Her husband, who, by the way, is a native of Connecticut, specializes in diamond setting and custom jewelry design and execution. His talent and skill serve to place the jeweler's art on a more intimate, personal basis, accommodated to the taste and the personality of his customer. He will help design a setting of a piece of jewelry to the customer's wishes and then make it to the specifications required.

Customers often bring old jewelry and treasured gems for resetting in rings and other pieces. It isn't mass production by any means, Mr. Orloff pointed out, but most terms by International and

other makers. In these areas and in other divisions of the jewelry and fine gift field, Orloff Jewelers have been able to provide a very gratifying and varied service. They invite you to visit them, discuss your problems and your wishes, and give them opportunity to help you with their knowledge, their skills and the fine and varied stock of essential merchandise which they offer.

# IT HAS BEEN

By Vada Arnold

For a time Rising Star had no hospital. Everyone depended on local general practitioners for cures from all ills. These faithful dedicated doctors had served this area well for many years. They visited patients in the early days, on horseback and in open buggies, they answered calls any time day or night in all kinds of weather.

The time had come when they were in their declining years and could not reach their patients as they once did.

Citizens of Rising Star felt the need of a hospital and special care in the town. The need became so acute that a meeting was called and a committee formed, plans started and a hospital board was organized with the late W. E. Tyler as president of the board.

Interest spread throughout the area and work began in earnest.

Donations came from many different sources, shares were sold. At a meeting of the board on Jan. 11, 1946 announcement was made that The First State Bank and Hig-

ginbothams had each made voluntary donations of \$1,000 to the building fund. These were the largest donations by the two firms to a local enterprise, ever to be made in Rising Star. At the same time Robert Butler was elected a director, to take the place of his late brother, Tom Butler, O. B. Cargile was elected as a member of the board. Mmes. E. B. McCollum, C. H. Joyce and Mrs. Lewis Jackson were appointed as ladies advisory committee. This committee worked with the board in carrying on membership drives and other details to get the hospital started.

The Rising Star City Council voted at their February meeting to furnish the hospital with free gas for the first two years of its operation.

An oyster supper was held at the Burkhead Cafe on Feb. 12, celebrating the signing of five hundred members.

When the board of directors of the Rising Star Co-Operative Hospital met in March it was decided to start construction of the hospital building at once.

The board voted to use concrete tile for the building

with stucco finish on the outside. The building was to be a one-story built for 20 beds. A committee made up of Cecil Shults, G. A. Dunn, Fred Siekman and George Steel looked after the purchase of sand and gravel to be placed on the lot for a foundation.

A Ground Breaking ceremony was held on April 24, with a basket lunch picnic at noon. All families from over the area were invited to the affair.

Prominent speakers were here for the program. All men were requested to bring shovels, hoes, picks and other implements for digging and preparing trenches for the foundation.

Jay Koonce chairman of the closing committee announced that all business places would be closed from 11 a.m. to 4 p.m.

Early in May the late Roy Rutledge was appointed by the board of directors as construction superintendent.

Plans were completed to hold a corner stone laying Sept. 2. All business houses

closed until 4 p.m. The entire citizenship of the area were invited. Eugene Butler, editor of the Progressive Farmer Magazine was principal speaker. An interesting program was carried out in the afternoon.

At last the hospital was completed, a doctor signed up and patients received.

Dr. Ben H. Bradley was the first doctor and operated the hospital successfully for a number of years. When Dr. Bradley left Rising Star for other fields, Dr. Allen Dean Schmitt took over and also operated the hospital successfully. After Dr. Schmitt came Dr. Wright.

By this time equipment was wearing out, and restrictions were so binding the Rising Star Hospital closed its doors for the simple reason no doctors were available.

Later Dr. Billy T. Carpenter, now Rising Star's doctor, decided to locate here and he was offered and uses the office area in the hospital for his clinic.

quarter.

Rising Star received the kick-off after the safety and Coach Gray put his B team back to work. Schaefer passed to Joyce for 20 and Poke carried for ten but fumbled and Blanket recovered. The remainder of the game saw the Rising Star B team playing well. Coach Gray used the A team on defense only until the fourth quarter when the B team also took over that department.

Only twice in the second half did Blanket pass the 50-yard line into Wildcat territory, and once was on a major penalty after extra activity erupted and the Cats were assessed 15 yards. However the Cats quickly got that back plus ten yards when they threw Blanket successively for losses.

The final play of the game saw Dick Clarke intercept a Blanket pass on the Rising Star 35 and return it to the Blanket 25 as time ran out.

The final score was 38-0, Rising Star.

Score by quarters:  
Rising Star 8 12 18 0-38  
Blanket 0 0 0 0-0

## THE GORDON SPOT

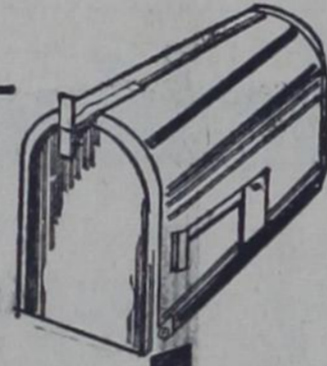

By County Agent DEE GORDON

Plans are being made for the 1970 Eastland County pecan show to be held in December in Eastland. As you harvest your pecans be sure to pick out a show sample and put away in an open container. If you put green pecans in a closed container they will mold. Pick out at least 40 large uniform pecans of each variety. If you have scales that will weigh small quantities you can do a good job of selecting the heaviest pecans.

I would like to encourage home owners who have yard trees to select entries for the pecan show. Many times the best pecans in the show are produced in yards where the trees have had good care.

There will also be a bake-show and pecan center-piece contest. The center piece must contain pecans or parts of pecan trees.

Frost and freezing weather will soon be with us and with it will come changes in plant growth. When the growth of all members of the Sorghum family, including Johnson grass, sudan, milo, forage sorghums, and all hybrids, is stopped by frost, they sometimes develop a high prussic acid content and a hazard to grazing livestock.

Certain chemical changes occur in the frost-wilted plants and responsible for the prussic acid development. The poison acts quickly and can kill an animal within a very short time after the damage plant is eaten. Whether a poisoned animal can be saved usually depends upon how soon a veterinarian can get to it.

Frosted Johnson grass or sorghum should not be grazed until the damaged plants are as dry as good quality hay or for at least a week after the frost. If the crop was ready to cut for hay before the frost, it may be cut immediately provided adequate curing time is allowed. Silage made from frosted plants is safe as soon as the ensiling process is complete.

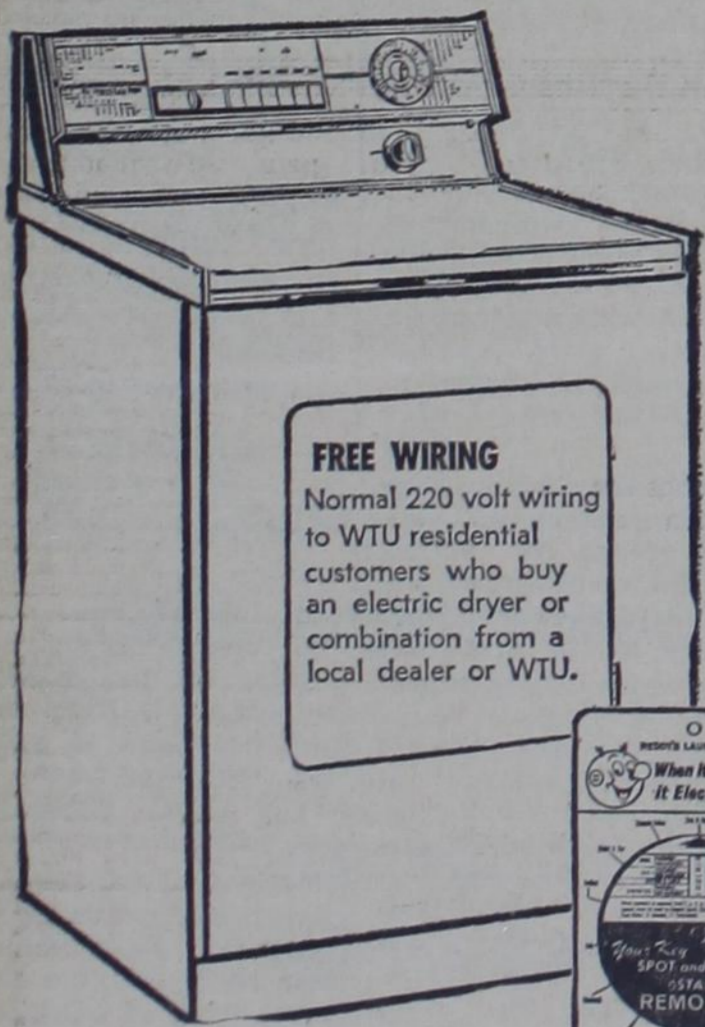

Young plants or second growth suckers are more likely to cause trouble than older plants nearing maturity. Too, the more luxuriant the growth, the more likely the plants will be dangerous if their growth is interrupted.

Additional information is available from local veteri-
