## Busy Monday At Commissioners Court

A number of items related to roads, law enforcement and emergency response were discussed at the County Commissioners Court Monday.

Desdemona Fire Chief Bob Johnson told the Court that fire calls do not come to Desdemona, as they should.

They said that the telephone number listed is that of the De Leon Fire Department.

During the discussion a call was placed with the Dispatcher of the Eastland County Cooperative Dispatch. This check showed that a 911 fire call from Desdemona is first relayed to Gorman, then back to Wisdom, Johnson or Larry Majors.

"You're causing friction if you call Gorman first," Roy Johnson said.

He reminded the Commissioners that last September the Court voted to pay De Leon for a ruined fire truck tire. De Leon stated by letter that the tire was blown out while De Leon firemen fought a fire that Desdemona failed to respond to.

The \$178.00 for the tire was subtracted from Desdemona's subsidy from the county.

"We don't feel good

having the money taken from our budget," Johnson said. "I think we should have the \$178.00 back. We haven't been treated fairly."

Johnson also said that the Desdemona Fire Department "Had \$100 taken off us and given to Ranger."

Conrad Buchanan, the new owner of Jedco Designs Inc. of Clyde, told of his concerns on the 911 addressing in the Desdemona area. (De Leon exchange).

"De Leon is listed to call for fire in the current phone book," he said.

A lengthy discussion followed on what to do about the mapping and addressing done by the former owner of Jedco Designs. Buchanan explained that he was trying to finish the work the county hired Jedco to do.

"I need to see what's in the system - set up an overall plan," he said. "We're dealing with different telephone companies."

"I feel like Jedco has gotten a black eye in Eastland County. I want to change that."

He told Commissioners that for a "reasonable amount of money" he

could clear up things in twelve months.

The Commissioners voted to pay him \$500 a month plus "reasonable expenses" for the next twelve months.

On another matter, the Commissioners heard a request from Chief Probation officer Randall Logan and P.A.Y. Volunteer Coordinator Meg Kennedy to pass a Resolution approving and supporting a Teen Court in Eastland County.

Randall Logan explained that Teen Courts has been established in cities before, but this would probably be the first Teen Court established for a whole county.

The Commissioners passed the Resolution 3-1, with Comm. of Pct. 2 Calvin Ainsworth voting "no".

Court will be held in the County Courtroom, with Assistant District Attorney Bill Dowell serving as Judge.

The Commissioners also passed a Resolution that will allow jurors to waive their \$6 per day payment. This money will go on the funding of Teen Court.

There was a lot of discussion on a request by the Probation Department to move its offices from the Courthouse to the fifth floor of the Eastland Drug Building.

Randall Logan said rent would be \$750 per month, and this would include utilities. He estimated that the telephone system would cost \$2-3,000, and more furniture would cost \$2,000.

The Commissioners

seemed concerned about possible increases on rent in the Eastland Drug Building. The Court tried to contact the building owner but was unable to reach him.

County Judge Scott Bailey said that no money was budgeted for this move, so an emergency would have to be declared before it could be considered.

He said the County has the money, but taxpayers might be upset about the proposed cost.

The Commissioners also heard a request by T.H. Hennington to maintain a road leading to 40 acres he is buying in the Flatwood Community. It is marked as CR 395, but Hennington said a fence and gate cuts part of it off and a plum thicket has grown over it.

District Attorney Leslie Vance said that first it must be determined if the road has been abandoned. He said he would have an opinion at the next meeting.

On another road matter, the Court heard an update on acquiring right-of-ways to widen FM 570 about 2 and a half miles.

Texas Department of Transportation engineers Bryan Neaves of Eastland and John Dawson of Brownwood discussed the problem areas. Neaves said that out of 20 or more land parcels six or seven had title problems.

He had consulted with District Attorney Leslie Vance on the matter, and Vance had assured him that all titles would be ready by mid-December.

## Higginbotham Building to Be Restored for Community Use

Higginbotham Brothers & Company of Comanche has deeded the Higginbotham department store building in Rising Star to the Rising Star Foundation, announced a spokesman for the foundation. Approximately one half acre of land immediately behind the store building and almost 1.2 acres of land across the street east were included in the transaction.

The building will be converted to a civic center for the people of Rising Star and the communities in this area.

Proposed plans include a large banquet room, several smaller meeting rooms of different sizes, a historical museum, kitchen and concession facilities and offices for both the Rising Star Foundation and the Rising Star Chamber of Commerce & Agriculture.

Actual work on cleaning and restoration of the facility began last week. This will be a long-term project. However parts of the building can be used while other areas are being remodeled. It is hoped that this year's Hometown Christmas can be held in this facility.

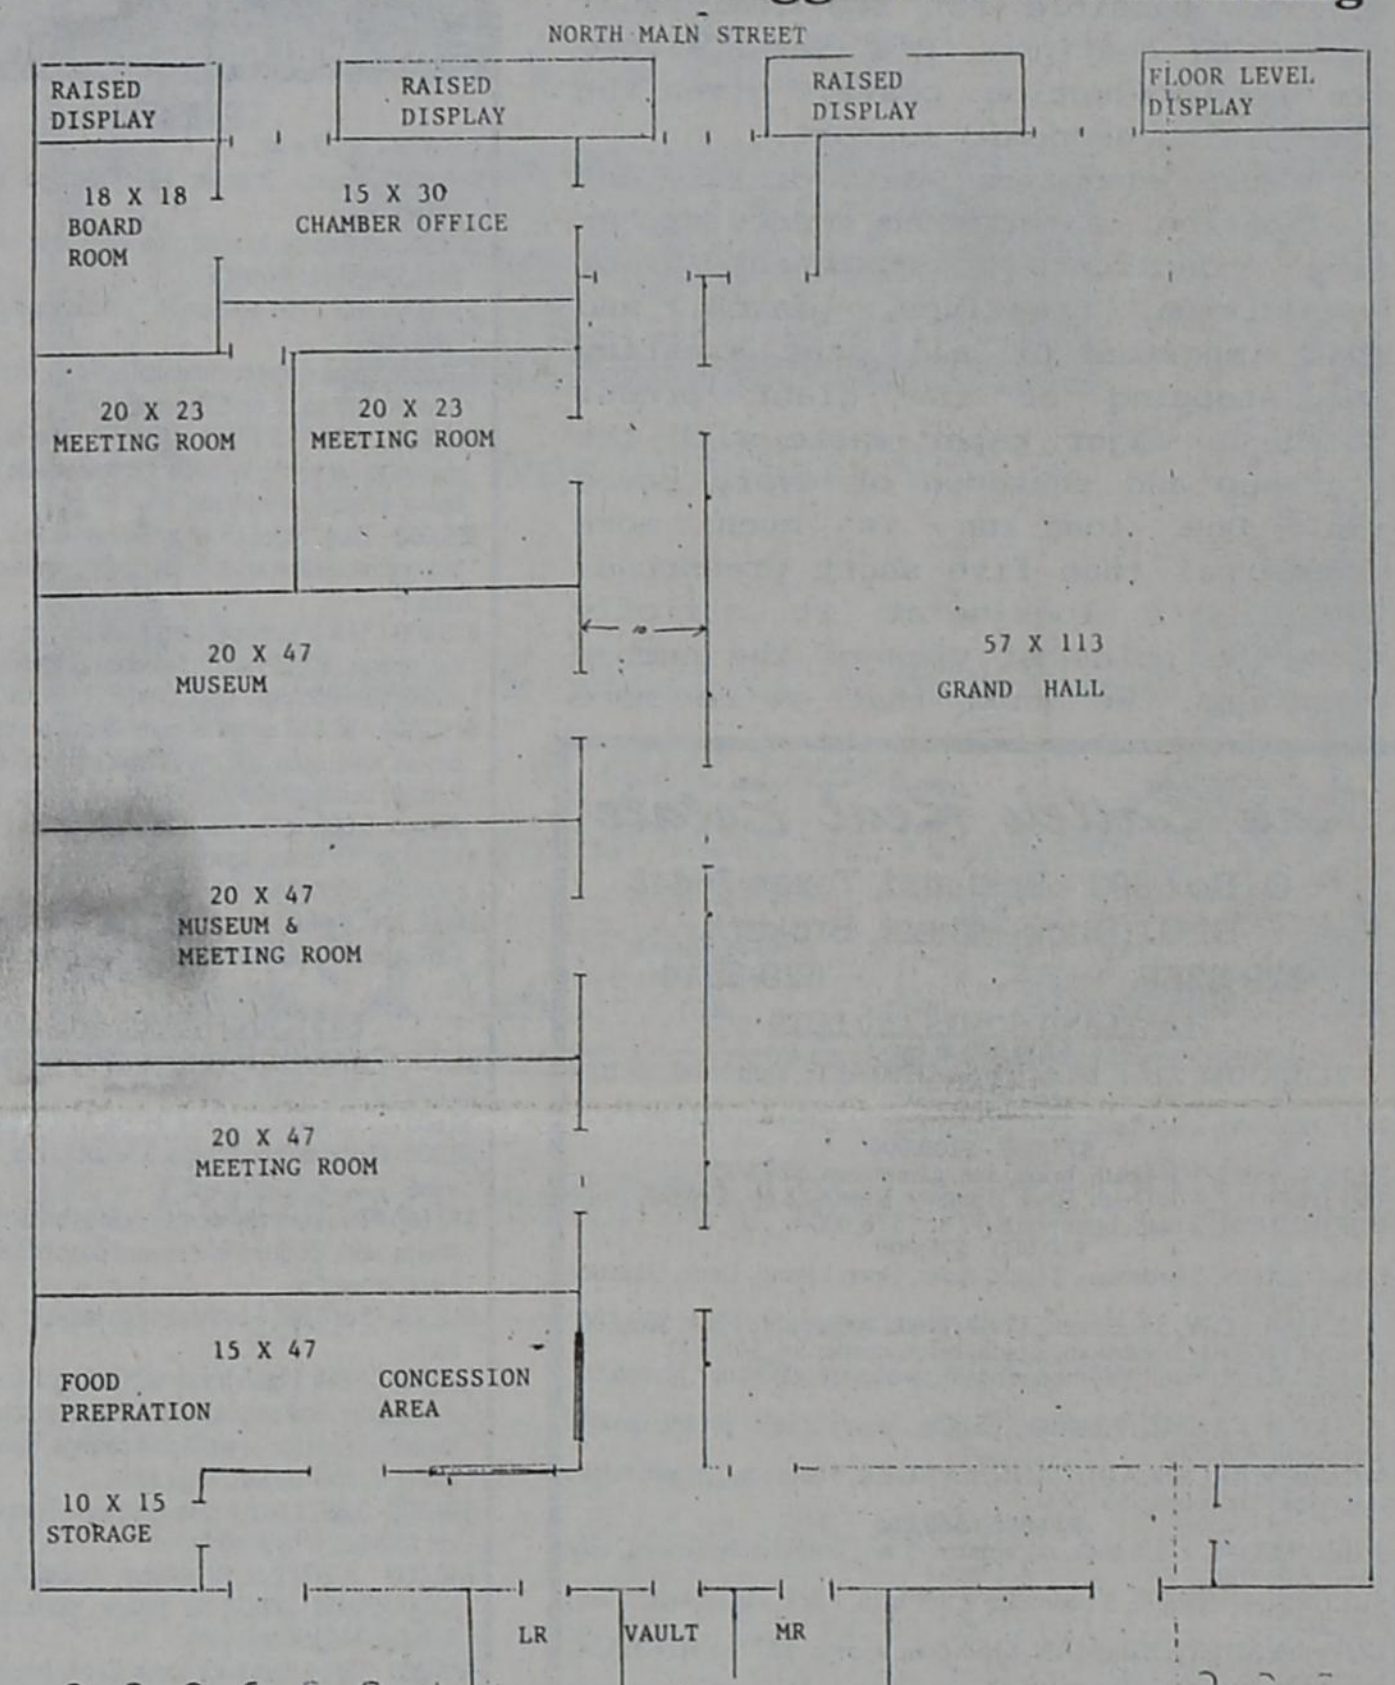

The tentative plan is to have an auction at the building to sell some of the things which were left by Higginbotham Bros. & Co. in the building as well as some items which have been donated to the foundation. Several antique items will be included in this sale.

More information about the sale will be in next week's paper. Anyone wishing to contribute a sale item may do so by contacting Danny Koonce, sale coordinator, or any director of the foundation.

The directors are Robin Reeves, Gene Moore, Wilburn Caudle, Bill Medley, Weldon Hill, Mack Elliott, Robert Bostick, Gene Lyon and James Ramsay. Officers of the foundation are James Ramsay, presi-

## Senior Citizens Center Raises \$971.00 for EMS

The Senior Citizen Center served rooms full of hungry people last Friday at the annual Chili and Stew Luncheon. This popular luncheon is to benefit the Rising Star Emergency Medical Service. As usual, the event was a big success and this year \$971.00 was raised for the EMS general fund. The ambulance service is manned by volunteers and

operated on donations. The chili, stew and a variety of cobblers had to have been prepared by some of the best cooks in town. Everything was absolutely delicious. The members of the EMS thanks you all for your thoughtfulness and effort put into the planning and preparation of this annual event. You are all very much appreciated.

## Rising Star EMS Says Thank You for New Radios

Members of the Rising Star Emergency Medical Service wish to thank all those who helped in obtaining funds for their badly needed radios.

EMS' share of the circus ticket sales totaled \$642.00. Those participating in the sell of these tickets and donating a lot of time and energy to the success of the project were Star Grocery, Buddy's Plumbing & Appliance Service, City Hall, May General Store in May and Neal Drug in Cross Plains. The Cross Plains newspaper was very instrumental in getting the news of the circus in their area, as the local paper did here. Several sizable donations for the radio fund came from businesses such as The Rainbow Cafe, Winfrey Feed & Peanut Co. Inc., Rising Star Branch of Peoples State Bank, Quick Stop, Rising Star Lumber and True Value Hardware, along with many others including individuals who donated tickets to many children over age 12 who wanted

to attend. Thanks go to the Rising Star, May and Cross Plains elementary school personnel for allowing the kindergarten through 6th grade students a little time off from their studies to talk with the clowns and see their act.

Of course, the circus crew had to have a place to put their tent, their animals, several trailers, etc., so a very special thank you goes to the owners of the extra large lot behind the market building for their permission to use the area for this performance.

Last but not least, of course, to all of you who bought tickets and attended. Sorry about not being able to have the big cat show, but the cats seem to get nervous in thunder and lightning type weather. They assured us that next time in Rising Star they would have a new tent—for all of you who attended the second show, you know what they meant!

## Holiday Open House Has Been Announced at Peoples State Bank

Peoples State Bank, Rising Star Branch has announced a Gala Holiday Open House to be held on Thursday, December 3.

This is our way of thank-

ing our many customers for allowing us to serve them during 1992, said manager James Ramsay. Everyone is invited to come. Watch next week's paper for more details.

## 4-H Club to Meet on Monday at 4

The Stars of the Future 4-H Club will be holding a meeting on Monday, November 30 at the 4-H hut in the park at 4:00 p.m.

COULD IT be that we've been working at cross purposes with ourselves for these many years? On the one hand, as a small newspaper group, we've always felt that there was an obligation to continue to provide a purely local newspaper for each community we serve. We've based that idea primarily on the theory that each community deserved to maintain its own identity, and would be better served by having its "own paper." It certainly wasn't our intention, but in so doing, did we foster a "separatist" attitude and climate?

Yet on the other hand, we've always advocated in every way possible the joining of forces, and the strength that could come from cooperation between the communities for the betterment of all.

Are these two positions at cross purposes? Providing separate newspapers has not always been the most economically feasible thing to do, but we've been bullheaded in believing that each town wanted and deserved its own paper. Sometimes, we must confess, we wonder if that is in fact true. The central printing facility has made it possible for the individual papers to continue. Few could afford its own production costs, given the diminishing economic support.

Pure economics would dictate one publication in order to reduce expensive duplicated components of composition, negatives, plates, and stopping of the giant press. There is major paper waste with the start-up and shutdown of every press run. One long run is much more economical than five short pressruns. But that's looking at it strictly from the point of view of the number crunchers. We know that we're more

people and area oriented.

What do our faithful customers want? What would serve all the people of this entire area best? What would help this area grow and achieve its greatest potential? That's what we're looking to find out.

As with all business, the economy of a publishing concern is a great dictator, whether we like it or not. If one link isn't paying its expense, then the prudent business person would curtail or modify its existence. Times have changed; maybe we haven't kept up with them. Very few things today are what they were a year ago, five years ago, and virtually every business, every family and every individual has had to make modifications in operations, planning and personal lifestyles.

For us to make publishing changes, there are many factors to be considered: schedules, rates, distribution, postal permits and hundreds of other not insignificant details; but the most important of all, is the question of how our advertisers and readers can be benefitted by changes? If there's to be change, it must be change for the better for all.

Whether we liked it or not, the railroads changed their patterns years ago when they realized that they could no longer operate in the fashion that had been fact for years.

As for the newspapers, where one lives obviously has bearing on the opinions of what changes would be welcomed or unwelcomed. All customers could gain additional coverage with a regional concept, and some present subscribers could receive additional issues. None would want fewer.

Would we as an area be stronger with a single, more powerful local publication, with a cohesive voice, representing all that combined, makes us great and second to none?

Your honest opinion is needed. Naturally, your immediate response is: what kind of change is being considered? Answer: while nothing is engraved in stone, the initial thinking is along the lines of an all-new county-wide newspaper issued twice weekly, to accurately and fairly cover all the towns in the county. Local offices would be maintained to continue to provide the service for which your local newspaper is known. We're more alike than different and good highways make good neighbors. Please speak out: In writing; to

your local office; Cisco Press, Eastland Telegram, Rising Star and Ranger Times. Signatures carry weight.

## Ken Willis Gets Hole In One At Lone Cedar

Lone Cedar Country Club would like to announce that Ken Willis of Eastland made a Hole-In-One on the 130 yard, Par 3, No. 3 hole at the Country Club.

HIGHLIGHTS

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

**AUSTIN** — Speaker Gib Lewis says he might be eating Thanksgiving dinner on the Capitol grounds if the House can't muster 100 votes to pass a constitutional amendment on school finance reform. Lewis adjourned the House last Friday morning stating "We have some more work to do."

Seeking to comply with a court-imposed June 1 deadline, Gov. Ann Richards urged House members to stick with her "Fair Share Plan," which by week's end still needed 14 votes for approval.

Any constitutional amendment must be approved by two-thirds vote in both the House and Senate; the Senate easily approved the issue several days earlier.

But the plan, endorsed by Richards, Lt. Gov. Bob Bullock and Lewis, has stalled in the House where 58 Republicans control more than one-third of the votes and are joined by scattered conservative Democrats.

Republican House members appear to be stalling until the regular session, when Republicans, for the first time in more than 100 years, will control over one-third of the Senate votes.

**Governor's Payroll Grows**  
Meanwhile, Gov. Richards drew criticism after reports that despite her frequent calls for government to tighten its belt, she has nearly doubled the size of her office staff.

The *Houston Post* looked at the governor's office and found that the number of staff members had grown from 185 when Gov. Bill Clements stepped down to 337, according to figures released by the state comptroller.

Responding to the *Post* article, Richards said she had instructed her staff to begin making cuts. She said some of the additional employees are justified because "this has been a far more activist office than probably in a long time."

Richards also said the federal government and the Legislature have given the governor's office more responsibilities. "When they give you a job to do, you have got to have the people to do it," she said.

However, she said, she does not believe all the personnel growth is justified.

**Republican Barbs**  
Rep. Tom Craddick, R-Midland, chairman of the House Republican Caucus, said the increase in Richard's staff was outrageous. "She's going to have to look at home before she talks about other people trying to cut. She needs to get rid of some of her staff and get down to where the rest of us are."

Clements' appointments secretary James Huffines said: "If her own bureaucracy has almost doubled in two years, what kind of message does it send to other state agencies?"

Other agency records: Attorney General Dan Morales' staff grew by 32 percent; State Treasurer Kay Bailey Hutchison's by 16 percent; and Comptroller John Sharp's by 14 percent.

Making staff reductions were Agriculture Commissioner Rick Perry, 10 percent; and Land Commissioner Garry Mauro, four percent.

**Phone Inquiry Dropped**  
Travis County District Attorney Ronnie Earle said he will not prosecute Mauro for allegedly making political calls with state telephones.

Earle, a Democrat, who heads the Public Integrity Unit which investigates wrongdoing by state officials, said, "It is the opinion of this office that the evidence does not warrant further investigation

and criminal prosecution." Mauro, who was President-elect Bill Clinton's state campaign manager, apologized publicly after an audit showed 1,440 calls were made to political offices by Mauro and his staff.

Earle said a review of records showed Mauro has consistently reimbursed the state at a minimum of \$25 per month since 1984 to cover any incidental phone use. Records failed to show a conscious pattern of misuse of state property for political or personal purposes.

**Aggies, Black Lawmaker**  
State Rep. Ron Wilson, D-Houston, a veteran black lawmaker who wants to ban an Aggie fraternity for throwing a party with a racist theme, found himself in a war of words with the Texas A&M student newspaper.

Wilson said an editorial cartoon satirizing him was racist; it depicts Wilson as a small black dog barking at an Aggie's senior boot with a caption: "State Rep. Ron Wilson throws his weight around at Texas A&M."

An accompanying editorial stated Wilson should tend to his district

and leave university administration to administrators, and save his hot air for those who deserve it."

Wilson called the school president into the fight, and made public an anonymous letter connected to the cartoon: "If you want a war, we'll give you one you won't believe," the letter stated.

**Other Highlights**  
■ A bill filed last week by Rep. Bill Carter, R-Richland Hills, would allow people 21 or older to carry concealed weapons once they passed a mandatory training program and received a state license. Speaker Lewis said, "allowing Texans to carry guns for self-defense would probably decrease crime."

■ Attorney General Morales said his office's child support enforcement program set records in fiscal year 1992. The program collected \$301.7 million for the children of divorced parents, an increase of 28 percent over 1991.

■ Texas school districts, which now spend 23 percent on administration, should cut the figure to 20 percent and put the savings into instruction, said a study adopted by the Educational Economic Policy Center Committee.

Money Matters

By Bruce Redfield

We have a new president! Whether or not you agree with the selection we must view investments from a Clinton perspective now. How should one be positioned to best prosper from this change?

First you must place yourself in one of two camps. Either you are bullish, one who sees our economy poised to make a move upwards and to respond positively to Clinton proposals, or you are bearish, one who sees our

economy on the brink of disaster, headed for a long hard rocky slide downward. The experts are predicting both.

How strongly you feel in either direction will predicate what percentages your portfolio should be invested in which areas. Areas a bear would be interested in would be gold, gold stocks, natural resource funds, short term government securities, fixed annuities, money markets, utilities laddered treasuries, and investment grade bonds.

If you are bullish, you would consider small and medium capitalized companies, OTC stocks, environmental issues, infrastructure stocks, global bonds, global stocks and higher yielding bonds.

If you find yourself like many others who are unsure about the future, perhaps a careful balance between the two is in order. Either way it will also be necessary to keep a careful eye on tax increases and use prudent methods to bypass as much taxation as possible.

Please send your inquiries to Bruce Redfield, 424 W. Main Street, Ranger, TX 76470.

May the Lord richly bless you.

WTRC Meets High Standard Of Performance

By meeting "high standards of performance," West Texas Rehabilitation Center has earned a three-year accreditation by the Commission on Accreditation of Rehabilitation Facilities (CARF).

The Rehab Center's certification by this nationally recognized reviewing authority was granted for out-patient rehabilitation, infant and early childhood development program and work hardening.

"This significant achievement is a further indication of this organization's dedication and commitment to improve the quality of lives of disabled people," commented CARF Executive Director, Alan Toppel.

In 1968 WTRC became one of the first out-patient

Rehab facilities to be accredited by CARF and currently is the only out-patient facility in Abilene, San Angelo and surrounding areas accredited in these areas.

Adherence to established standards of quality is measured through periodic, on-site visits by CARF's team of medical, educational and administrative reviewers.

"Through this voluntary process of accountability, WTRC patients and their families can be assured that Rehab programs and services have met national standards of quality," added West Texas Rehab Center President,

Bill Snowden. "We value this recognition, and with the help of staff and supporters, pledge to continue to earn the trust and confidence of our peers and those we serve."

To My Patients and My Friends

I have had the good fortune to be what I most wanted to be — a physician. My profession is more than just a job, it's my life. Over the course of my practice, first in Arkansas and here in Texas, I've treated more than 10,000 patients.

I opened my practice in Brownwood in 1989 and began settling in this community. In 1992 I was named Doctor of the Year by the Brownwood Regional Hospital. That honor is worth more to me than any of the other numerous citations and certificates I've received over the years. Because that honor was from my colleagues and patients who believe in me and trust me.

That belief and trust has been tested recently, due to allegations on *48 Hours*, a CBS news program. I am gratified that you have stood beside me during these trying times.

Everyone who dies has usually been under the care of a qualified physician. Like most other doctors, I've had the personal experience of a patient dying while in my care. It happened in Arkansas. Let me assure you that there was no malpractice claim or lawsuit ever filed over that case, nor did I settle the case for \$180,000 as *48 Hours* claimed.

Two separate times the Arkansas State Court of Law ordered the lawyer who appeared on *48 Hours* to cease efforts to discipline me. The Court found that the Arkansas Medical Board illegally reviewed my practice. But that lawyer has continued to disregard the law and misrepresent facts about me.

Although I moved my practice to Texas, I have continued to appear when needed to refute allegations by the Arkansas Medical Board. I have not vanished — they know where I am.

When I wanted to open a practice in Brownwood, I was upfront with the Brownwood Regional Hospital and the Texas Medical Board. Both institutions, who used other ear, nose and throat doctors in their investigations, were thorough and fair. Both gave me their approval before I opened my practice here.

My family and I have been blessed by your love, loyalty and devotion. Although it can never be repaid, perhaps knowing the truth -- the rest of the story -- will help.

## Letter To The Editor

Letter To The Editor:  
Lately there have been numerous TV programs, magazine discussions, and other media, addressing the subject of our unruly, rebellious young people.

Typically, a recent Oprey Winfrey show in which she was visiting with three young girls, who had participated in murder, drug use and other violent acts. Oprey ask each, more than a few times, "What caused you to do these things?" The response was without hesitation in each case "I didn't want to listen to my parents; I wanted to do what I wanted to do". In no case was the "real" or

correct answer mentioned. Oprey probably didn't know the answer — at least she didn't say so.

Last evening, Nov. 19, on PRIMETIME LIVE, the "real answer" was photographed in several classrooms of several different schools. It was a disgusting scene watching kids fight, throw objects, ignore the orders of the teacher, while said "poor teacher" sat helpless. The show also had teachers, and one principal, throw up their hands and say "I quit, we can do nothing about it". One teacher, whose students appeared to be teenagers, indicated that not one

could look at a clock and give you the time of day. Rather pathetic and frightening.

Again, the PRIMETIME lady asked what is wrong; what causes these kids to act this way, and again, no one gave the "real answer".

There is a terminal reluctance of most any person to give the answer. Maybe they do not know the answer. WELL, I do!!!!, and here goes despite the flack that I will get for "telling it like it is".

The "Spare the rod, spoil the child" was installed by legislation by well meaning congressmen that removed the authority of the teacher in our schools by disallowing the punishing of a disobedient and/or disrespectful child, which resulted in

that child not being taught respect for authority, chaos in classrooms, drugs in school, even guns brought into schools; teachers being injured and killed by students.

The authority is now resting in the students, rather than the school officials. Further resulting in street gangs with no respect for the law enforcement people. WE are rearing a generation of bandits, or, better yet demons, who appear to care less for their country, ready to destroy any values held precious by God fearing, normal, caring law abiding citizens who love our country and respect the rights of all others.

The average parent, or teacher is afraid of these little imps, however I am NOT. I am more inclined to loosen a few molars with a sharp backhand, or raise some stinging welts on their rear extremity with shillelagh.

The remedy is obvious. Restore the "ole fashion rear-end kicking" to the teachers and to the parents, who are likewise reluctant to give a sharp belt across the chops of an unruly child, which such child will be far better off because of it, rather than to grow up to be assigned a number across their chest or worse the deadly needle which I removes them from society.

How about it? Are you fed up with the children running our schools, rioting, street gangs, drugs, killing and other things, rather than learning the three R's so as to mature into law abiding tax payers; and, who knows, it may be a good start to rid-

ding ourselves of deficit spending, reducing the welfare rolls; getting this great nation back on track!!

I strongly feel, we as a civilization cannot abide being taken over by hordes of ill advised, unschooled numbskulls. Are they really being protected from abuse or given a free hand to become abusers themselves (of adults) whom I had the impression were charged with running this country. We have a new administration (you noticed) in Washington, who may give an ear to restoring order, discipline and respect in the class rooms of all our schools. Until we do, dangerous felons will continue to be paroled from the prisons to make room for more of these emetics we are rearing now. Write the new president; your congressman or senator. They may be ready to "take our country back", the slogan of recent campaign. They simply didn't realize whom we must take it back from!!

To be sure, there are millions of kids with inherent character, who know an education is the key to success, and, who do try to make the best of the classroom chaos. I wish them well and God-speed.

In addition to the venom and sarcasm I heaped on these young people, we must let them know, now, we still love them and want them to get their act together and when they do in fact again become young ladies and gentlemen, we will extend all the love, kindness and respect we are asking of them now, support their wishes to succeed in all ways, returning with them to the real world, likewise as adult ladies and gentlemen.

### MEDICAL RESEARCH SUPPORTS CHIROPRACTIC

The *British Medical Journal* reports that Chiropractic treatment of low back pain, which affects 75 million Americans, is superior to the standard regimen administered by medical doctors.

The study, published in the summer of 1990, indicated that chiropractic manipulation can relieve severe back pain quicker and at lower cost than medical treatment. Chiropractic patients experienced less pain and disability and missed fewer days work.

At Barry Chiropractic Clinic

we are committed to not only getting you free of back pain but treating those conditions which cause your pain. Don't delay treatment when help is readily available.

**HOLIDAY FUN**-The Texas Chute Out parachute drop at Six Flags Over Texas becomes a huge, lighted Christmas tree for the entertainment center's annual Holiday In The Park celebration. The Judge Roy Scream roller coaster, also reflected by the waters of Six Flags' entry lake, is one of the many rides running during the event.

### Six Flags Holiday Event Features Four New Shows

Arlington, Texas - Six Flags Over Texas will begin its eighth annual Holiday In The Park celebration the day after Thanksgiving.

The event will feature four new shows including a fireworks spectacular with brilliant aerial displays in holiday colors.

"A Magical Musical Christmas" is a full-scale musical revue presented in the Southern Palace Music Hall. The new show features a cast of twelve performing in a Victorian setting.

Las Vegas producer Dick Foster has created a new show for the Music Mill Amphitheater, called "Bugs Bunny Christmas On Ice." Foster has produced shows for such stars as Dorothy Hamill and Peggy Fleming.

The sound of country music in a Christmas vein is featured in the new Crazy Horse Saloon, musical, "A Country Christmas."

Most of the park's rides will be running, with the exception of water rides, the Texas Giant, the Oil Derrick and the Texas Chute Out.

A 40-foot-tall fir tree is the centerpiece of Six Flags' elaborate holiday decorations.

Carolers and strolling musicians will bring the

sounds of the season to the streets of the park.

Restaurants will serve holiday foods, and the park's shops will be filled with gift ideas.

Another Holiday In The Park tradition, a real snow hill for sledding, will be featured across from the Good Times Theater, where Bugs Bunny and his Looney Tunes cartoon pals will perform in "A Merrie Holiday Revue."

Holiday In The Park will begin the Friday after Thanksgiving and will then be presented Saturdays and Sundays through December 13.

Daily operation will begin December 18, and will extend through January 3. The park will be closed Christmas Eve, Christmas Day and New Year's Day.

Operating hours each day will be 2 p.m. until 11:00 p.m. The fireworks show is scheduled for 10:30 each night.

Admission is \$13.95. Children under 48 inches tall and senior citizens age 55 and over will be admitted for \$10.95.

Six Flags Over Texas is one of seven Six Flags theme parks. Six Flags Theme Parks, Inc. is the country's largest regional theme park company. An estimated 85% of all Americans live within

### Regional Heart Center At Memorial Hospital Southwest

HOUSTON-Physician's at the Regional Heart Center at Memorial Hospital Southwest are using tiny springs to hold open clogged leg arteries, often saving patients from an amputation. The springs, termed peripheral vascular stents, have just been approved by the Food and Drug Administration for use in the main arteries in the legs.

"This is a significant breakthrough in peripheral

vascular disease treatment," says Ronald Mahoney, M. D., chief of the Regional Heart Center at Memorial Hospital Southwest. "The stents offer an alternative to invasive surgery of the leg which decreases the risk of complications and significantly shortens recovery time from weeks to days."

Nearly one in four patients with heart blockages also have diseased leg arteries, according to Mahoney. He adds that a disturbing number of people are forced to have amputations because their peripheral vascular disease was not diagnosed and treated early enough. "These people can't shop, walk or take trips like normal people because their legs will only take them a short dis-

tance. They are also in a great deal of pain. This type of arterial disease greatly impacts quality of life," Mahoney says.

To put the stent in place, a small tube-like catheter with the stent attached is threaded through the main artery of the leg in the groin area. Once the catheter is at the area of the blockage, the stent is put into place.

Mahoney adds that the stent technique is more effective than the traditional treatment of bal-

loon angioplasty, where a tiny balloon is inserted at the point of the blockage and inflated, pushing down the fatty plaque and creating an opening.

"Within six months to a year, 40 percent of all arteries treated with balloon angioplasty will become closed again," Mahoney says. "The leg arteries treated with the stent can remain open in more than 90 percent of patients."

The key to saving a leg affected by artery disease

is early detection and treatment, according to Mahoney. Mahoney recommends seeing your doctor as soon as possible if you have any of the following symptoms:

- \* Weakness and fatigue.
- \* Stiffness in one or both legs.

- \* An aching in one or both legs that develops with exercise and disappears when legs are rested. These aches can be in the calf, thigh, and occasionally in the buttock area.

# Tribute Was Paid to Minnie Mayfield on Her 100th Birthday

# Letter to the Editor

Editor's Note: Minnie Mayfield died March 13, 1984 at the age of 104 (seven weeks before her 105th birthday).

The article was written by Elizabeth Chamberlain and was published in The Rising Star April 26, 1979.

Rising Star, Texas is only a small town, hardly discernible on the map, claiming few more than 1,000 residents. Nevertheless, our city is experiencing a happy happening this week. It should draw attention to Rising Star from far and near, bringing joy and excitement to the heart of each member of our community. One of our very own will attain a milestone few of us can hope to reach: Mrs. Minnie Mayfield, a local resident for 57 years, will celebrate birthday number 100 on Saturday, April 28.

At this time, we pause for just a few moments to salute her and wish her God's richest blessings—to say a hearty thank you for the warm glow of Christian love and friendship she has so freely contributed to the folks of our town. It would be presumptuous of this writer to endeavor to cover the life story of a centenarian. An extremely large book, calling for months of constant research and work, would not be sufficient to contain the whole. Hence it is the expectation of this effort to touch on those events she now considers to have been the most important of her rewarding life.

It would, likewise, be a presumption on the part of this writer to try to make any personal comments, whatsoever, concerning the following events. Be that as it may, there will, nevertheless, be found a few of this scribe's commented efforts contained herein, unworthy though they may be.

When Minnie was born, her parents, Mr. and Mrs. Warren Allard, lived in a small farm house at Naruna near Lampasas. From this humble beginning she has not greatly digressed; for the most part, her years have been lived in such surroundings. But, in the terms of instruction found in Holy Writ, she has attained greatness, for hers has been a lifetime of ministering to others.

In the words of Jesus, found in the gospel of Matthew, chapter 20, verses 26 and 27, "Whoever will be great among

you, let him be your minister; and whosoever will be chief among you, let him be your servant." Many, many people have felt the warmth of the touch of Mrs. L.W. Mayfield upon their lives.

She lived her childhood when the words "horse power" were used literally, as the wagon and buggy were the customary means of transportation. Farm land was cultivated with the use of instruments which were powered by horses or mules. Milk was obtained from a cow rather than a waxed carton and the idea of man's air flight was just a fanciful dream. Many changes have occurred in her lifetime, so many, in fact, the world today would appear to be an entirely different one from the one she started with.

Mrs. Mayfield says she thinks those changes have made everything easier for the youth of today. "But," she said, "just think of all the decisions kids have to make now. So many temptations they encounter every day. It wasn't that way when I was young." She recalls they went to neighborhood parties, where they played "ring games and Snap."

When she was a very young girl of fourteen years, she went forward in an old-time brush arbor meeting at Naruna and took Jesus as her Savior. Yes, she was indeed young to have what she still considers to have the most important decision of her life. From that long ago day, her entire life has been in His hands. Her every decision was first taken to God in prayer before any action was made. She contends that people would always find it easier to meet and take care of their problems if they first talked them over with God.

She met L.W. Mayfield at a party at Heidelberg. Five years later they became man and wife. The date of their nuptials was December 21, 1902, on a Sunday afternoon. Their first home was at Lampasas, but they moved to this area in the early 1920s, bringing with them the five children born into their home. They had one more child after moving here. Each of their children is still living; two of them reside in Rising Star. She has nine grandchildren and thirteen great-grandchildren.

Mrs. Minnie, as she is affectionately known, pondered only a moment when she was asked what

she considers the most important thing in this world. She spoke with assurance in her soft voice, as she replied, "To be a Christian is the greatest thing in the world! Jesus Christ is the answer to everything—every need today, just as He was so long ago.

"And, prayer really changes things. Prayer has been my mainstay all my life. I have prayed and then seen the answer come immediately. And, other times, He didn't give me what I asked for, when I asked for it. But, I learned to know that was an answer too. Maybe it would be months, even years, later, I would realize it was best I did not get all I asked for. But, He always knows best."

In the Bible, in the 31st chapter of Proverbs, there is a description of a woman and it fits Mrs. Minnie Mayfield quite well. The question is asked, "Who can find a virtuous woman? For her price is far above rubies. The heart of her husband doth safely trust in her. She will do him good and not evil all the days of her life. She seeketh wool and flax and worketh willingly with her hands, she riseth up also while it is yet night and giveth meat to her household. She layeth her hand to the spindle and her hands hold the distaff. She stretcheth out her hand to the poor; yea, she reacheth forth her hands to the needy. Strength and honor are her clothing and she shall rejoice in time to come. She openeth her mouth with wisdom and in her tongue is the law of kindness. Her children arise up and call her blessed, her husband also, and he praiseth her. Favor is deceitful and beauty is vain, but a woman that feareth the Lord, she shall be praised."

Yes, Mrs. Mayfield has seen many changes in her extended lifetime, but the description of a good Christian woman remains the same. All these qualities are found in this lovely woman, Minnie Mayfield. She has said she has never felt the need to become a "liberated woman." For when she came to Christ, long ago, she became free, indeed. To be womanly is a privilege, to live the life of a Christian woman is a high honor!

She tells of sometimes even now, praying at night and thinking, "How could He, in all His power, all His greatness—Oh! How could he be concerned with such a small matter? But,

even as I ask, the answer is with me—for, "He knows and cares even when the sparrow falls." She is serious when she says, "Do I feel old? No, I never have felt old. If the doctor had been able to fix this broken hip, I think I would still be going."

These things she said as she pointed to her wheelchair, her way of getting about in the nursing home. But, she does not dwell on her own misfortunes, rather, she says, "Sometimes, I ask what is God's reason for keeping me here so long? And, I do know He has a reason and it's not for me to question." She laughed, as she added, "My son says the reason must be to make him and the others behave themselves to keep them in line!"

Then, in reflection, she said, "God must have some very special thought for me, to keep me here so long."

When she was asked when were the happiest years of her life, she replied, "Well, I think the years we were at Hodnet Grove were the happiest because my husband, all the children and I went to church together. We first went in the wagon and we always stopped for a neighbor lady and her children and took them with us to church. When we finally got our first car, she said she would not go with us anymore because there would not be room for all of us. But, we continued to get her and her kids each Sunday. She rode inside with us and all the kids lined up on the running boards."

Her witness to others about Jesus Christ has been a lifetime work of love; the joy with which she has served Him in His church has been no less inspiring. She has been a seven-day Christian, not just a Sunday worshiper. Her faith has been her constant way of life, never wavering. For 86 years

she has been a Christian and a Baptist. Many of those years have been spent in teaching Bible in Sunday School. She taught one women's class in Rising Star First Baptist Church for about 18 years—the same class she addressed, stamped and mailed 5,000 envelopes for, each containing a tract explaining the plan of salvation. Those went out to many who had never before learned about Christ.

Mrs. Mayfield has lived her life as she has felt her Lord would have wanted her to. Her children and her countless friends have risen up to call her blessed. But, she says she does not wish to stay here

much longer. She feels she has so many dear ones waiting for her "on the other shore." Her parents, all her brothers and sisters, her husband, all await her there. So, she waits too, for his call, but does not remain useless as she waits. She is quick to tell anyone who comes about the "good life" in Christ. She still reads her Bible and she says she still finds new and exciting things in it, though she has studied that precious book for so many years.

Truly, to spend a few moments visiting with Mrs. Minnie Mayfield is an exciting, rewarding experience and anyone is richer by far after such a visit, than before!

I read the letter to the editor in the Fort Worth Star Telegram titled "Baptist Hypocrisy." The writer criticized Bill Clinton for being pro-abortion and for accepting the life style of homosexuals and then attending church on Sunday morning trying to make like he was a good Baptist.

I didn't vote for Clinton, I am not for abortion nor the homosexual life style and I am not a Baptist, but I resent the writer (and there are many like him) who thinks we, as Christians, go to worship services because we think we are good. Most of us go because we need all the help we can get to resist the devil. Sure, there are hypocrites in the church, but what better place to better themselves than in the church where the word of God is taught and can

make a difference in our lives!

Thanks for listening.

Neaves said. On other agenda items, the Commissioners voted to allow the Department of Public Safety to lease a Xerox Copy Machine for \$42.16 per month.

They named Jim Hall of Ranger and Greg Goode of Gorman to serve on the Eastland County Child Protective Services Board.

Comm. of Pct. 3 L.T. Owen accepted a bid by Aire Master Godsey of Abilene for a big track loader. The equipment will cost \$67,450 after a \$26,500 trade-in.

There was some good news on the County Jail population. Pct. 4 Comm. Reggie Pittman reported that 23 prisoners were in the county jail, which is considerably down from the 35 reported two weeks ago.

Of the current prisoners, 19 are awaiting trial.

### PUBLIC NOTICE

Contel of Texas, Inc. has filed an amendment to its application with the Public Utility Commission of Texas for approval of its Universal Emergency Number Service 9-1-1 tariff. The proposed tariff establishes rules, regulations and rates including the provisioning the B9-1, C9-1-1, and E9-1-1 services; optional services, such as Selective Routing and Data Base Administration; additional services, such as Forced Disconnect, Called Party Hold, Emergency Ringback; Switched Access System; and Public Safety Answering Point Equipment.

Customers affected are either 9-1-1 districts or councils of government with 9-1-1 responsibilities. The application does not propose changes to emergency fees charged to end-user customers.

Twenty-three customers would be affected by the Universal Emergency Number 9-1-1 tariff, which would increase annual revenues by \$10,107.12, a 2.92% increase in the revenues generated by the contract rates of the current customers. Customers will have the option, however, of continuing the rates under their contract for up to one 12-month renewal term.

The deadline to intervene in this proceeding is December 24, 1992. Correspondence or any other communication regarding this matter should reference Docket No. 10929.

Persons who wish to intervene or otherwise participate in this proceeding should notify the Commission. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0246 or (512) 458-0221, teletypewriter for the deaf.

USDA TO TELEVISION FARM OUTLOOK CONFERENCE IN DECEMBER

Key sessions of the 69th annual farm outlook conference will be televised via satellite by the U. S. Department of Agriculture in December.

The "Agriculture Outlook" conference will take place on December 1-3 at USDA headquarters. Nearly 100 speakers will

talk about the outlook for farmers and consumers in 1993 and discuss long-term prospects for U. S. agriculture.  
USDA plans three televised transmissions of the conference on December 1, December 3, and December 10. Satellite viewers may tune into Channel 9 of the Galaxy 6 satellite (C-Band). A test and tone will precede each broadcast.  
The opening session of the conference will air from 8 a.m. until 12:45 p.m. CST on December 1. Secretary of Agriculture Edward Madigan will speak and hold a live news conference at 9:30 a.m.  
USDA will focus on the latest advice on nutrition during the closing conference session from 7:30 a.m. until 11 a.m. on December 3. Speakers will discuss USDA's new food guide pyramid and how it is being used, as well as new government and industry programs to inform consumers about diet and health.  
On Thursday, December 10, USDA will transmit a special broadcast highlighting the detailed forecasts for major farm commodities presented at the conference. The program will run from 2 to 3 p.m.  
Further information is available by contact USDA representatives, telephone (202) 720-3050.

## Eastland County Pecan Bake Show Announced

The Eastland Chamber of Commerce and the Extension Homemakers Clubs will sponsor the 1992 Pecan Bake Show on Thursday, December 3rd at the Eastland County Courthouse Lobby.

Mr. James Wright, Manager of the Eastland Chamber of Commerce, has announced that the Chamber will award \$100 cash to the Grand Champion winner in the Adult Pecan Bake Show division.

The Eastland Chamber of Commerce is sponsoring ribbons and cash awards for the winning entries in the six (6) divisions for both the ADULT and YOUTH divisions.

The Eastland County Extension Homemakers Council will sponsor engraved silver trays for the youth and adult Pecan Bake Show Grand Champion winners.

The divisions are: PIE, CAKE, CANDY, COOKIES, NUT BREAD AND PECAN SNACKS.

All baked products must contain pecans. Recipes should accompany all bake show entries. No refrigerated items and no food products made with mixes will be accepted.

Mrs. Janet Thomas, Eastland County Extension Agent-Home Economics, states that the

## Christmas Village Main Street Set in Cross Plains

Santa Claus is coming to Cross Plains. members of Project Pride, Kiwanis Club, Chamber of Commerce, businesses and individuals have all been alerted and are busy making preparations for his arrival. Home and business decorations are scheduled to be in place by the evening of December 3.

Christmas Village Main Street will be open this year from 6:00 to 9:00 p.m. each evening on December 4, 5, 11 and 12. Each year more and more people work together to make it bigger and better.

The first evening begins with the Kiwanis Tree Lighting followed by singing and drawing for prizes. Then ushered by live "Bears," "Soldiers" and "Santa Elves," you may move north up Main Street to the Village.

Higginbotham's windows will be stages for various "Craftsmen" busy with quilting, stained glass, stitchery and painting. Young and old alike will want to spend time at the windows of Santa, Mrs. Claus and the "Talking

Christmas Tree." The Senior Center will be serving a delicious meal on December 4 and 5 for the small price of only \$3.00.

Hay rides will originate at the parking lot on the corner of East Ninth and Main Streets. These are courtesy of the Chamber. Just across the street will be the "Live Nativity" featuring a different group each evening. Caroling groups will be heard throughout the village.

Collector's and Hobbies' exhibits will be housed in the Library. There will be something to interest both the young, old and in between. The building next door is being turned into a "Winter Wonderland."

Village Square will be offering arts, crafts and baked goods. The wonderland will make you dream of Christmases past and of Christmas present (s). Refreshments of spiced tea and cookies will be served at this point.

Admission to all buildings is absolutely free. Plan now to attend one or all evenings.

# Wildcat Tales

Rising Star High School Journalism Class

## Stuteville's Stats

by Emily Stuteville

The first game of the season was a real test for both Lady Cat teams. They traveled to Cross Plains last Friday, November 20.

Both Cross Plains teams were strong, but the Lady Cats were within reach the whole game, never giving in.

The score of the junior varsity game was 24-21, in favor of the Lady Buffs. This close score is evidence that the junior varsity gave their all and

were able to play with a good team.

The final score of the varsity was 51-39, with Cross Plains taking the victory. The Lady Cats played defense well and kept the Buffs' offense under control.

Both Rising Star teams did an excellent job in their first games and hope to keep improving. They will take a break over the holidays and return to the court at the Santa Anna Tournament, Dec. 3-5.

## Wid's Wide World of Wildcats

by Wid Keeling

Another exciting year of Wildcat basketball has begun. The team is made up of Senior Terry Ware; Juniors Jarod Horton, Wid Keeling, Chris DeLong, Michael Sizemore, Josh Adams; Sophomore Mackey Elliott; and Freshmen Michael Perales and Gary Stone.

The Cats played their first game against Cross Plains. The final score was 77-42 in Cross Plains' favor. Although

the Cats did not win this game, they got in some valuable playing time. This will help them greatly in their upcoming season.

The Cats' next game will be in the Santa Anna tournament, December 3, 4 and 5. Times will be announced.

Points scored: Jarod Horton, 21; Wid Keeling, 9; Michael Perales, 4; Gary Stone, 4; Josh Adams, 3; Chris DeLong, 1.

## Miscellaneous Musings

by Adela Chavez

The Rising Star High school Gifted and Talented program took a field trip to Abilene last Wednesday, November 18.

The G/T attended a WINGS workshop. When the students arrived they were divided into two different classrooms: 9th and 10th were put into one classroom and 11th and 12th were put into another classroom.

The purpose of this workshop was to help the students become aware of all the good qualities they each possess individually. The students seemed to respond well with the results that they ended up with after it was over. Freshman Tianay Chambers said, "That was the best workshop I've attended since I first got into G/T!"

We hope that all of the G/T kids learned something in this

trip and discovered that there is something good in everyone including themselves!

## Davitorials

by David Fisher

Thanksgiving is finally here. Unfortunately there is the day after Thanksgiving. Is there any reason for us to start shopping and decorating for an event that is 29 days away? Why is there a tradition of putting up the Christmas tree 29 days early? This is ridiculous. Why should we do this? Why do stores start having Christmas sales when we haven't gotten our Christmas bonuses yet. I say let the Christmas rage start about 14 days before the holiday. Have a great Thanksgiving!

Last Saturday, November 21, the Jr. Ladycats participated in the May Junior High Tournament. They were defeated by May in the first game, 36-16, but the Ladies topped Blanket 352-15 in their second game to capture third place.

Scoring against May were Kristie Collins, 7; Melissa Johnson, 7; and Monica Rodriguez, 2.

Scoring against Blanket: Kristie Collins, 12; Lisa Bush, 2; Holly Butler, 6; Traci Clark, 4; Melissa Johnson, 6; Courtney Ezzell, 2.

Monday, November 23, the Ladies traveled to Priddy. Although they put up a good fight, Priddy came out ahead, 28-13.

Scoring for the Jr. Ladycats were Melissa Johnson, 7; Judy Ware, 2; Kristie Collins, 2; and Traci Clark, 2.

The girls' next game will be on Monday, November 30 when they host Zephyr with the game starting at 6:00 p.m.

## Nonnie's News

by Tianay Chambers

The Jr. Cats played in the May Junior High Tournament last Saturday. They played their first game against May.

The final score was 36-24. Johnny Salazar made 13 points, Michael Fox 2, Jeff Harris 2, Chris Calhoun 1, Brandon Cook 4, Kobey Morris 4 and Korey Morris 10.

The second game was played for first place against Sidney. The guys lost by three points with a final score of 26-29. In this game Salazar had 5 points, Fox 5, Cook 6 and Korey Morris 10. The guys ended up with second place in their first tournament. GREAT JOB!!

Monday night the Jr. Cats played Priddy there. The Cats played another great game. They came out on top 34-24. Salazar had 11 points, Fox 2, Cook 6, Kobey Morris 8, Korey Morris 6 and Harris had 1. The guys thought they did a good job.

## Our Eccentric Elementary

by Inga Williams

Thanksgiving is bringing out the friendship in our elementary students. This week most of the elementary classes are doing something special for the holiday season. Each of the classes has set up Wednesday for a "Feast Day."

The second and third grade classes are enjoying what is called a Friendship Feast. This is where every student will bring an item of food to put in a stew that they will make together in class.

Mrs. Bailey and Mrs. Agnew are the teachers who are helping to organize this feast. They are very excited about how the students will react and how well they can pull this off.

The other classes in elementary are also doing something for Thanksgiving. Most of them are having a dinner together or a party; I hope it goes well and that they have a really nice time.

Have a happy Thanksgiving and travel safely.

## In Service

Navy Petty Officer 3rd Class Jimmy W. Davis, son of Alan W. Davis of Rising Star, recently returned aboard the amphibious assault ship USS Tarawa, homeported in San Diego from a six-month deployment to the Western Pacific, Persian Gulf and Indian Ocean.

USS Tarawa participated in several exercises including Eager Mace, and a joint exercise with Kuwaiti armed forces. The ship also was dispatched to Somalia in support of the United Nations Pakistani troop transport.

After safely delivering the Pakistani forces, the ship headed to Australia for Exercise Valiant Usher, a combined U.S. Australian maritime exercise with units of the Royal Australian Navy and Army.

The exercise was followed by a weeklong visit to Fremantle, Australia, where crewmembers raised \$15,000 in charity donations to help send a young American girl living in Australia to New York for vitally needed medical treatment.

Davis also visited Okinawa, Singapore, Hong Kong, Bahrain, Kuwait

City and Dubai, United Arab Emirates.

The ship's mission is to embark, deploy and land elements of a Marine landing force by helicopter assault, landing craft and amphibious vehicles. The Navy and Marine Corps "sea-air-land" team is capable of a full range of action—from port visits and humanitarian relief to major offensive operations.

The 1984 graduate of Cisco High School joined the Navy in August 1984.

### GFWC Saturday Club

The regular meeting of the Saturday Club was held Wednesday, Nov. 18, at the Rising Star Library and Club Building.

Everyone was in a holiday mood with all the beautiful black and red decorations, lovely gift ideas and delicious food. Recipes and wrappings were presented by Linda Caton of Abilene West Texas Utilities and the local utility office. This great showing has become one of the really exciting programs to kick-off the holiday season.

President Connie Hightower called the meeting to order at 2:00 p.m. with 24 members and 12 guests present. Those visiting were Vi Williams, Betty Gray, Amy Davis, Margaret Wilson, Doris Cox, Artie Jagers,

Thursday, Nov. 19, was a beautiful rainy day. The rain was great on the yards and the farmers' grain. Some peanuts are not thrashed, but the majority of acres are thrashed.

Everyone is busy today at the center, making preparations for the benefit luncheon for our ambulance service fund.

Bob and Betty Biggs of Seminole are visiting the Marion and Oliver West families.

Wanda West Brown of Carrollton called her parents last night. She and her mother made a few plans for the approaching

holidays.

Our people at the center were sorry to hear about the passing away of Ione White. Our sympathy goes out to the family.

Calvin Evans of Houston spent the weekend with his mom, Betty Raybon.

We had 39 at the luncheon today. Four were visitors, Bob Busbee, Joe Campbell, Lee Campbell and a grandson of Lenell Henry.

Joyce Geye has returned home from Houston after visiting her daughter. We missed her while she was away.

Have a good week!

## Sipe Springs News

The Thanksgiving supper Thursday night was well attended. Out of town people from Rising Star, Sidney, Comanche and Gorman were with us and it was enjoyed by all.

Game night had a good attendance and an enjoyable evening was spent by all.

Several from here attended the Thanksgiving supper and musical at Sidney Saturday night.

Mr. and Mrs. Shelton Breatigam have moved to Comanche; they will be missed in our community. We wish them happiness in their new home.

Mrs. Irene McKeehan is home after spending a short stay in De Leon hospital; we hope for her

a speedy recovery.

Mrs. Joyce McKeehan spent Sunday with her son and family, Marvin McKeehan, in Comanche.

Mrs. Winnie Anderson of Rising Star spent the weekend with Mary Anderson and mother, Mrs. Duncan. Mr. and Mrs. Larry Anderson of Snyder also visited them on Saturday.

Mr. and Mrs. Jimmy Monsey of Levelland were here last weekend.

Mr. and Mrs. Hines of Delta, Colo. visited her sister, Elayne Millwee, and family Saturday.

Mr. and Mrs. T.A. Weaver had as their visitors this past weekend Dale Cagle of Stag Creek and Covie Weaver, Todd and David Weaver of Garland.

Little Megan Anderson is home from Brownwood hospital after having a tonsillectomy; we hope for her a speedy recovery.

Mrs. and Mrs. Charles Gardner of San Antonio and Gayle Leonard of Fort Worth visited Mae Leonard on Tuesday.

Janet Thomas, County Agent

Turkey is traditionally the favorite entree for the Thanksgiving holiday meal.

Some frequent questions I receive are: How big a turkey to buy?

Allow 1 pound per person What kind of turkey should I buy?

There are hens and toms...pre-basted or unbasted...

First, remember that USDA Grade A is the highest quality grade for poultry. Age, not gender, is the determining factor for tenderness. All turkeys in the market are young, usually 4-6 months old. A hen generally weighs less than 16 pounds and a tom is usually over 16 pounds. How long will it take to defrost a turkey?

The rule of thumb is 24 hours of defrost time for every 5 pounds of turkey. It is best to defrost your turkey in the refrigerator, never leave a turkey out on the kitchen cabinet to defrost.

To speed up, it is safe to submerge the bird in cold water. Change water every 30 minutes to make sure water remains cold. Allow 30 minutes per pound to defrost this way. How long do I cook a turkey?

Have your oven preheated to 325 degrees F. Internal temperature should reach 180 degrees F in the inner thigh. Roast the bird 15-18 minutes per pound for an unstuffed bird, 18-24 minutes per pound for a stuffed bird. Still, cooking times do vary! A meat thermometer is recommended.

If you need additional information, remember USDA's Meat & Poultry Hotline... 1-800-535-4555. They will even be open from 8 a.m. to 2 p.m. (Eastern Time) on Thanksgiving Day.

## PUBLIC NOTICE

GTE Southwest Incorporated (GTSW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications or large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year is \$1,080,567. The estimated annual effect on Contel's revenues in the first year are \$42,383.

### DS1 Service

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

DS1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DS1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL), between a Serving Wire Center (SWC) and a CDL, between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

### DS1 Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate between any SWC and CDL covered by the OPP, at any time during the term of that OPP.

### DS1 Transport

This rate element is for the mileage sensitive charges for transporting a DS1 signal between Serving Wire Centers. Transport occurs only when the two CDLs being connected are served by two different SWCs.

### DS1 Transport Termination

This rate element is for the equipment to terminate DS1 Transport at the SWCs. This charge applies only when DS1 Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the DS1 Transport.

Proposed Rates and Charges for DS1 Service are as follows:

	Nonrecurring Charge	Monthly Rates
<b>DS1 Local Loop</b>		
Month-to-Month		
First System	\$ 1,000.00	\$ 298.00
12-month term

### Digital Data Service

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9.6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

DDS Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DDS Service is available on a point-to-point intraLATA basis between two CDLs or between a CDL and a point of connection with another service provider.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

### DDS Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer may establish and disconnect DDS Local Loops without penalty other than the minimum service interval of one month's service, as his/her needs demand.

### DDS Transport

This rate element is for the mileage sensitive charges for transporting a DDS signal between SWCs. Transport occurs only when the two CDLs being connected are served by two different SWCs.

### DDS Transport Termination

This rate element is for the equipment to terminate DDS Transport at the SWCs. This charge applies only when DDS Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the service.

Proposed rates and charges for DDS are as follows:

	Nonrecurring Charge	Monthly Rates
<b>DDS Local Loop</b>		
2.4, 4.8, 9.6, & 19.2 Kbps	\$ 85.00	\$ 85.00
56 Kbps	\$ 85.00	\$ 95.00
<b>DDS Transport</b>

2.4, 4.8, 9.6 & 19.2 Kbps	-0-	\$ 1.60
56 Kbps	-0-	\$ 3.20
<b>DDS Transport Termination</b>

# Renew A Family Tradition

"All trees are similar to people. There are no two alike and known are perfect." The Christmas Holiday is upon us and one of the most important objects we have in our home is a Christmas Tree. A fresh cut Virginia Pine or Eldrica tree is one of the many trees that can be found at any of the Texas Christmas Tree Farms.

Start or renew a family tradition with a family outing to a Christmas tree farm. Families can come out and view acres full of Christmas Trees and pick their family's tree. Enjoy a picnic on the grounds, hayrides and at some farms a petting zoo with farm animals. It's a real treat for kids of all sizes and the young at heart.

Many myths about fresh trees say that they are a fire hazard. A fresh cut tree in water is no more of a fire hazard than a wet leaf. Always keep water in the tree stands. After a fresh tree has been cut it will drink up to one gallon of water. A real tree does not give off toxic fumes, it will provide oxygen for up to 18 people in an acre.

They are also environmentally safe. With all trees there are certain rules we must never forget. Keep all trees away from heat, or open flames. Do not decorate a tree with candles. And don't leave home without unplugging the

lights. When shopping for your tree, know the size you will need, know exactly where you will be putting your tree, as you view the acres full of trees you might find more than one you like so bring some extra clothing to mark

your trees. Customers have been known to begin undressing and marking the trees they like. A saw is provided for the customer, and tree ruler marks are also provided. Once you find your tree and cut it off, the old pine needles can be shaken off, the tree can also be trimmed or shaped. If you would like your tree to be flocked come with a few hours time to allow the tree to dry. It is convenient to bring your tree stand with you, so that it can be placed on the tree

and will be ready to put up when you get home. Evergreen Acres Christmas Tree Farm owned and operated by Gerry and Kathy Enzerink is located in De Leon. Once in De Leon turn North on McKinney, and follow the signs for approximately 5 miles. Come out and visit them after Thanksgiving Dinner and pick out the Christmas tree of your choice.

Tree prices are \$4 per foot and 12 to 20 ft trees are available on special order basis. The price for flocking a tree is also \$4 per ft. They will be open daily Thanksgiving 'til Christmas. On weekdays the hours are 12 until dark, on weekends 10 a.m. until dark. Hayrides on weekends.

# Moran News

Mrs. Nell Nichols of San Angelo spent a few days with her mother, Mrs. Delpha Cook and visited with her brothers, James and Gaylon Johnson and families.

Funeral for Mrs. Bob Branham, 70, was held at the First Baptist Church at 2 p.m. Wednesday. Burial was in Greenwood Cemetery in Midland on Thursday.

Mrs. Branham passed away Monday at her home in Moran, after an illness.

She is survived by her husband, Bob Branham of Moran; three sons, Johnnie of Moran, Jerry "Pete" of Breckenridge and Joe of Gustine; two sisters of Jacksboro and eight grandchildren.

Funeral for T.W. "Pete" Wood of San Angelo was held at Melton Funeral Home in Breckenridge Thursday with burial in the Moran Cemetery. Mr. Wood passed away Tuesday in a San Angelo Hospital.

He is a former resident of Moran and a member of the Masonic Lodge of Odessa.

Mrs. Susie Whitten and W.B. Howard of Weatherford visited with their

brother, Jim Howard, and Mrs. Howard Wednesday.

Mrs. Arra Lee Nelson, Deputy Grand Matron of District 3, Section 4, Order of the Eastern Star, Grand Chapter of Texas and a member of Dublin Chapter No. 910, made her official visit to Moran Chapter No. 591 O.E.S. last Monday night. She brought greetings and instructions from the Worthy Grand Matron, Mrs. Virginia Lynn Green, and Worthy Grand Patron, Garland Ratton. Mrs. Marvin Kays, Worthy Matron and Marvin Kays, Worthy Patron, of Moran Chapter No. 591, presided over the meeting.

Guests were present from Clyde, Eastland, Dublin, Hillsboro and Albany.

A salad supper was enjoyed at the Moran Community Center preceding the meeting.

The Moran Bulldogs lost a regional game to Christoval in a hard fought football game last Friday when the game was played in Winters. The final score was Christoval 46 and Moran 48. The boys played a good game, and they are to be

commended for a good game, and a good record in this year's games.

Funeral for Mrs. Robbie Lee Bynum, 80, was held at 2 p.m. Saturday with graveside rites in the Moran Cemetery, with Rev. James Edwards officiating, and directed by Godfrey-Neese Funeral Home of Albany.

She was preceded in death by her husband, Clyde.

She is survived by a brother-in-law, and nieces and nephews.

Jack Pettut of Midland and Hal Hervey of Richardson visited with Mr. and Mrs. Bryant Edwards and other relatives in Moran last week.

Mr. and Mrs. Frank Hestand and children of Tucson, Arizona, are visiting her mother, Mrs. Ezra Weir, Mr. Weir, and other relatives in Moran this week.

Visiting with Mrs. Gertrude White Sunday and helping her celebrate her birthday were Mr. and Mrs. Jerry Hitch, Mrs. Connie Martin, Katie and Bo, Mrs. Bonnie McClymond, Luke and Jock, all of Breckenridge, Mrs. Delores Hamilton and Robert of Albany and Mr. and Mrs. Sammy Simmons and Kody and Kyle Gilmore of Moran.

Mrs. Evelyn Price of Roswell, N.M., and Mrs. Pauline French of Amarillo spent the weekend with their aunt, Mrs. Ellen Dennington, and with Mr. and Mrs. I.G. Redden, and family.

Visiting with Elma May Huskey Saturday were her nephews and wives, Mr. and Mrs. E.L. Smith of Allen, Mr. and Mrs. Bill Dunaway, Mr. and Mrs. Foy Dunaway and Mr. and Mrs. Billy Dunaway and son and Chris Jenek of Burleson, and Mr. and Mrs. James R. Dunaway of Fort Worth. They came to help Mrs. Huskey celebrate her 80th birthday.

Mrs. Elma May Huskey was given a surprise birthday party Saturday at the American Legion Hall in Moran, hosted by the American Legion Auxiliary members and the Legionnaires.

Approximately 75 registered from Cisco, Albany, Allen, Burleson, Fort Worth, Gordon, Eula, Clyde, Big Spring, San Angelo, Austin and Moran. Mrs. Huskey wishes to thank everyone who had any part in

## RRC Assesses \$61,000 In Well Plugging And Pollution Penalties

The Railroad Commission assessed a total of \$61,000 in administrative penalties this week to nine oil and gas operators for violations under Commission well plugging and

pollution rules.

making the party a big success, for the cards, gifts, phone calls and your presence.

The people of Moran awoke Sunday morning to find the ground covered with snow. About an inch fell. Sure was pretty, not too cold either. The snow came in a fast moving cold front. Some roads were closed and driving was hazardous. No accidents were reported, but motorists had to drive carefully to avoid an accident. Very little moisture was with the snow, but more moisture is needed. Do be careful when driving for the weather can change in a very short time.

Hope all have a very nice Thanksgiving.

Yellow Mound Oil Company of Cisco was ordered to pay a total of \$19,000 for nine inactive and unplugged wells: two on the Irvin lease and four on the Joe Bond lease in Eastland County, plus two on the Frazier lease and one on the State Frazier lease in Brown County; Stephenville Operating Co. of Stephenville was assessed \$3,000 for one well on the Spindor lease in Erath County; and, Pin Oak Petroleum, Inc. of Dallas was penalized \$10,000 for five wells on the Pickens-Coffield lease in Zapata County.

In addition, Runnels County SWD of Winters was ordered to pay \$7,000 for failure to drain and backfill 3 open pits resulting in oil and saltwater discharges on the W. J. Poe lease in Brown County; Terco Energy, Inc. of Abilene was assessed a total of \$18,500 for the following violations: for having unpermitted pits and for failing to dewater and backfill

pits on the Greta Ellis "D" lease in Shackelford County, discharging oil and gas wastes on the F. B. Cloud Est. lease in Shackelford County, for having unpermitted pits and for discharging oil and gas wastes on the Manly-Neas Tennehill Unit in Jones County, and for having unpermitted pits and failing to dewater and backfill same on the Wedding lease in Jones County; and, P. D. S. Operating of Gainesville was penalized \$1,000 for failure to backfill a plugging pit and for failing to cut the casing 3 feet below the surface on a plugged well on the Sealy lease in Coleman County.

Three operators agreed to pay penalties without admitting any violation of Commission rules. Pringle Petroleum, Inc. of Austin was ordered to pay \$500 for one inactive and unplugged well on the White lease in Harris County; Offset Oil and Gas Company of Big Spring was assessed \$1,500 for failing to back-

fill a pit, and for failing to plug and/or file extension forms involving one well on the L. T. Clark "C" lease in Sterling County; and, Flico of Houston was penalized \$500 for one inactive and unplugged well on the Brown Estate lease in Coleman County.

To date in 1992, the Railroad Commission has assessed \$1,370,716 in well plugging and pollution penalties, compared to \$668,400 in such penalties levied during the same period last year.

With visions of exotic ports in paradise, the Martin Harvey family, including (L to R) Katherine (Mary Kay Place), Martin (Martin Short), Benjamin (Benjamin Salisbury) and Caroline (Meadow Sisto), cast off for uncharted comedy and adventure aboard their newly-inherited boat, The Wanderer, in Touchstone Pictures new movie "Captain Ron." The film is executive produced by Ralph Winter and Buena Vista Pictures distributes. It will show at the Majestic Theatre this weekend.

## Captain Ron Brings Comedy And Adventure

Floundering in a sea of stress, corporate executive Martin Harvey (Martin Short) goes overboard when he learns that his

favorite Uncle has died and left him a fabulous boat. With visions of adventures in Paradise, Martin casts off to the

Caribbean with his family (Mary Kay Place, Meadow Sisto, Benjamin Salisbury) determined to cruise to the good life.

Their spirits sink with the discovery that this newly-acquired craft is little more than a floating barnacle in need of an overhaul.

A family of fish out of water, the Harveys'

chances for a spontaneous adventure surface once more when they reel in Captain Ron (Kurt Russell), a bedraggled happy-go-lucky professional seafarer with dubious nautical skills.

"What's interesting about casting Martin Short and Kurt Russell in their two roles is that, as actors they're exchanging roles," observes Producer Paige Simpson. "I think it's more interesting than putting Martin Short in another wild and crazy role. Martin is someone who, as we found out, really wants to play the normal guy, the Dick Van Dyke."

"Captain Ron is something else entirely. He's a guy who shows up out of no where. He's a free spirit and becomes a catalyst for a change in Martin Harvey."

"Captain Ron's" shooting began February 4, 1992, in Chicago. After two days in the cold mid-western winter the company moved to San Juan, Puerto Rico. The rest of the filming was done around a handful of islands in the Caribbean. There are bright colors, clear blue skies and plenty of sunlight.

Boat interiors were shot in Puerto Rico, in a cold storage house which was

## TDT Joins Forces To Reduce Teenage Deaths

The Texas Department of Transportation has joined forces with Liberty Mutual to reduce teenage deaths in car crashes by distributing an interactive education kit for teens and their parents and/or teachers.

Developed by Liberty Mutual Insurance Group in cooperation with Students Against Drunk Driving and the National Safety Council, the education kit, "Avoiding Collisions: How to survive the Teenage Driving Years," is intended to provide a non-threatening atmosphere for teens to talk openly with adults about their driving habits.

The number one cause of death among teenagers

turned into a sound stage by the production.

This rollicking comedy will provide some Holiday entertainment at the Majestic Theatre in Eastland this weekend. It will open Friday, November 27 at 7:30 p.m., and show at the same time nightly through Monday, Nov. 30. Admission will be \$3.50 at the box office. This movie is rated PG-13.

is traffic accidents. In 1991 in Texas, 362 teenagers ages 15-19 were killed. The goal of this program is to reduce the number of teens killed or seriously injured by establishing good driving habits early in their driving years.

"The program challenges teens to reevaluate their driving habits by examining four areas of concern that are key to survival in these high-risk driving years—speeding, night driving, safety belt use and drinking and driving," says Liberty Mutual spokesperson, John Connors, executive vice president and manager of personal markets. "We want teenagers to realize that a license to drive is a privilege that carries responsibility."

Arnold Oliver, executive director of TxDOT said he agrees with Connors. "Too many of our young people are killed needlessly, with so much of life ahead of them. We are encouraged, though, that programs like 'avoiding collisions' are making a difference."

The education kit consists of a 16-minute video and brochure, a follow-along discussion guide, and student activity suggestions. It is now available for loan through any one of TxDOT's 24 district offices, or through Liberty Mutual Sales Offices. Educators may contact Modem, a distribution service company, at 1-800-243-6877, or their local TxDOT office.

## Pharmacy Topics

By Bob Mueller

Take a walk! Even strolling seems to increase high density lipoproteins and lower heart disease risk, a study at the Cooper Institute for Aerobics Research in Dallas found. Participants walked three miles a day, three to four times a week.

Cancer probe developed at Los Alamos National Laboratory in New Mexico can analyze suspicious tissue in seconds. It emits a burst of light covering the whole spectrum then "reads" how it is absorbed.

Cardiologist at the University of California at San Francisco has devised an ultrasound guide to let doctors "see" how much plaque has accumulated on artery walls. It would be mounted on the tiny drill that actually shaves away the plaque in surgery.

Want to cut out heartburn? Lie on the left side, not the right, when you snooze after dinner. Scientists at Thomas Jefferson University Hospital in Philadelphia say it really lessens stomach acid reflux. Even better: take a walk after dinner.

Bellyache? Get quick relief with the tummy tamers always on hand at Walmart Pharmacy Hwy 80 East, Eastland, 629-3347. We're your pharmaceutical headquarters. Happy Thanksgiving!

On behalf of everyone involved in Teen Court - thank you for your efforts and we'll see you in court in January!

**RESOLUTION**

WHEREAS, The Commissioners' Court of Eastland County, Texas recognizes that:

1. An investment in the youth of this county will bring benefits now and in the future;
2. A "Teen Court" provides an opportunity for young people to better understand our system of justice by responsible participation;
3. A "Teen Court" offers young offenders an opportunity to make restitution for their offenses through community service;
4. "Teen Courts" in many other communities, have shown to be successful by having benefited the judicial system and the community at large;
5. The Positive Action for Youth Coalition of Eastland County, Meg Kennedy and Eastland County Sheriff, Ronnie White, have investigated and coordinated the establishment of a Teen Court here in Eastland County;
6. The Youth of Eastland County have also expressed an interest in the establishment of a "Teen Court";

THEREFORE, be it

RESOLVED that we, the Commissioners' Court of Eastland County, Texas, do hereby approve and support the establishment of a "Teen Court" for the Youth of our County.

**19th Annual Christmas Madrigal Dinner To Be Held Dec. 4-5**

The 19th annual Christmas Madrigal Dinner will be presented Friday and Saturday, Dec. 4-5, at the Hilton Dinner Theatre by the Fine Arts Department of Cisco Junior College.

As in years past, the program will feature an English meal of roast beef and Yorkshire pudding, highlighted by a wassail bowl (hot punch) and a flaming pudding. There will be trumpet fanfares and singing to introduce each course of the meal, which will begin promptly at 7 p.m.

The Madrigal Singers, directed by Wyley Peebles, will be attired in colorful 16th century costumes, which have been provided by Carol Brown, CJC's drama instructor. The procession of the boar's head is always a matter of interest at these dinners. The tradition began at Oxford hundreds of years ago.

In addition to the trumpet fanfares by members of the Wrangler Band, there will be selections for flute and harpsichord, presented by Mary Solis of Cisco and Steven Zell, instructor of music.

The choral part of the

program this year will feature madrigals that are not often heard. The polyphony of 16th century music is often difficult for modern students to perform. Each of the parts is usually a melody in itself, and they are often sung in imitation like a round. Christmas music is always included in the madrigal dinners, but this year the Christmas carols on the program are either too new or too old to be well known.

Tickets for the prime rib dinner and ceremonial dinner are \$10 each and may be purchased at the door. However, reservations are required, and these may be obtained by calling the college switchboard at 817/442-2567.

Wyley Peebles, director of the madrigal singers, said, "This group has more talent and potential than some of the singers we have had in past years, and they should present a fine performance."

## DeVerl and Etna Goode to Have 50th Anniversary

DeVerl Goode and Etna Zimmerman met at school in 1937 and were married five years later on December 5, 1942, with O.H. Tabor, the Church of Christ preacher at Lamesa, performing the ceremony.

DeVerl served in the South Pacific in World War II, from 1944 to 1946. The couple farmed and ranched in the Lamesa area 27 years, until 1969 when they moved to Cross Plains, where they continue to farm and ranch.

DeVerl and Etna have three sons. Ronnie and his wife, Jane, live in Pampa

with sons David and Shay. Zandy and his wife, Carol, live in Lorena with sons Clint and Tony and daughter Jessica. Gregg and his wife, Cathy, live at Gorman with three daughters, Jenny, Samantha and Tana.

The children and grandchildren of DeVerl and Etna are honoring the couple with a reception from 2:00 to 4:30 p.m. on Saturday, December 5 at the Church of Christ activity center on State Highway 36E in Cross Plains.

Friends and family are invited to honor the couple with their presence.

## Dick and Ruby Goldston to Have 50th Anniversary

Dick and Ruby Goldston of Rising Star will be honored with a reception

for their 50th wedding anniversary. It is set for December 5 from 2:00 to 5:00 p.m. at the home of Dick D. and Brenda Goldston at 2606 Marlboro in Lubbock.

The former Ruby Liverett married Dick Goldston November 28, 1942 in Abilene.

The reception is being hosted by the couple's sons, Dick D. Goldston of Lubbock and Randy Goldston of Rising Star, and they invite friends and relatives to attend.

## Star Pride Planning Downtown Christmas

Star Pride members met last Tuesday evening with the directors of the Chamber of Commerce & Agriculture.

Plans for Rising Star's Hometown Christmas were discussed. The scheduled date is Monday, December 14, and is tentatively sited in the Higginbotham Center downtown.

for final details.

## Correction and Apology

In the rush of reporting the results of the recent Nov. 3 general election, this newspaper failed to include Precinct 3 incumbent Constable Howard "Gene" Hicks' vote totals in the tabulated chart.

Unopposed for re-election, Constable Hicks garnered 579 votes (76.58%) in Eastland County's south precinct, which includes Rising Star, Carbon and Gorman.

## Lakewood News

Ladies Day last Friday involved a lot of hard work. A general clean up, door repair, ceiling painting and serving table improvements were on the agenda. Thanks go out to the members that showed up and spent most of the day working instead of playing golf.

Our Christmas party will be December 5, with a social hour at 5:30 p.m. and dinner at 6:30. Everyone is asked to bring a vegetable and dessert, or a meat and vegetable. Remember to bring your gag gifts for fun and games after the dinner.

### KEEPING THE GREENS IN SHAPE

We now have some excellent golf greens and we want to keep them that way. We have fought the weather, fungus, worms, armadillos and weeds to keep the greens in the best shape that they have been in years. Now we have one more enemy to eliminate and that's the golfer that thinks he is too good (or too lazy) to repair his ball mark on the green. Please

repair all ball marks and divots:

A fresh ball mark repaired by a player takes only 5 seconds.

A freshly repaired ball mark will heal completely in 24 hours.

A fresh ball mark left unrepaired for one hour takes 15 days before the ugly scar has satisfactorily healed.

Take notice and let's all work together to have a better golf course.

We're Thankful To Have You As Our Customer

Banking has certainly come a long way from that simple but historic transaction that took place between two groups of neighbors so long ago.

But one message that remains unchanged, is that by helping each other we can all reap the bounty that cooperation brings.

We're proud to be a part of this fine community and are thankful to have such good neighbors like you.

Have A Happy And Healthy Thanksgiving Holiday!
